FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 21, 2002

Edgar Filing: CONCERO INC - Form DEF 14A

General

The enclosed proxy is solicited on behalf of the Board of Directors of Concerro Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on May 21, 2002. The Annual Meeting will be held at 9:00 a.m. Central Time at our facilities, 6300 Bridgepoint Parkway, Building 3, Second Floor, Suite 100, Austin, Texas. The proxy solicitation materials were mailed on or about April 19, 2002, to all stockholders entitled to vote at our Annual Meeting.

Voting

The specific proposals to be considered and acted upon at our Annual Meeting are summarized in the accompanying notice and are described in more detail in this proxy statement. On March 29, 2002, the record date for determination of stockholders entitled to notice of, and to vote at, the Annual Meeting, we had outstanding 10,225,090 shares of our common stock. Each stockholder is entitled to one vote for each share of common stock held by such stockholder on March 29, 2002. Stockholders may not cumulate votes in the election of directors.

All votes will be tabulated by the inspector of election appointed for the meeting who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on proposals presented to the stockholders and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved.

Proxies

If the enclosed form of proxy is properly signed and returned, the share represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If you sign and return your proxy without specifying how the shares represented thereby are to be voted, the proxy will be voted FOR the election of the directors proposed by our board unless the authority to vote for the election of such directors is withheld and, if no contrary instructions are given, the proxy will be voted FOR the approval of Proposal 2 described in the accompanying notice and this proxy statement. You may revoke or change your proxy at any time before the Annual Meeting by filing with our Corporate Secretary at our executive offices at 6300 Bridgepoint Parkway, Building 1, Suite 500, Austin, Texas, a notice of revocation or another signed proxy with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person.

Solicitation

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional solicitation material furnished to stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in the names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for their costs in forwarding the solicitation material to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, telegram or other means by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services. We do not presently intend to solicit proxies other than by mail.

PROPOSAL 1

ELECTION OF DIRECTORS

General

At this Annual Meeting, we will be electing six directors to hold office until their term expires at the 2003 Annual Meeting or until their successors are duly elected and qualified. Our board currently consists of seven directors. Thomas Herring, one of our current directors, has informed the board that he will, regretfully, be unable to stand for re-election. We have begun a search for a qualified candidate to serve as our seventh director. Each of the nominees listed below is a current director.

The nominees for election have agreed to serve if elected, and management has no reason to believe that the nominees will be unavailable to serve. In the event a nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who may be designated by our present board of directors to fill the vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the nominees named below.

Personal Computing Division. Dr. King serves on the boards of directors of several companies, including Natural Microsystems, Inc., Eon Communications, Inc. and Perficient Inc. Dr. King earned a doctorate in electrical engineering from Princeton University, a master's degree in electrical engineering from Stanford University, and a bachelor's degree in electrical engineering from the University of Florida.

Mr. Kurtzman has served on our board of directors since December 1996. He is presently the Chief Financial Officer of Pencom, a position he has held since July 1997. Prior to that, Mr. Kurtzman had been with Margolin, Winer & Evens LLP, a certified public accounting firm, since 1972 and was a Partner and a member of its executive committee and an Audit and Business Advisory Partner. Mr. Kurtzman is a former officer and director of CPA Associates International. Mr. Kurtzman received a bachelor's degree in accounting from Queens College of the City University of New York.

Mr. Maples has served on our board of directors since December 1996. Mr. Maples holds a master's degree from Oklahoma City University and a bachelor's degree in

Edgar Filing: CONCERO INC - Form DEF 14A

electrical engineering from the University of Oklahoma.

Board Meetings and Committees

In 2001, our board of directors met 13 times and acted a number of times by written consent. Each of the incumbent directors attended at least 75% of the aggregate of (i) the total meetings of the board and (ii) the total number of meetings held by all committees of the board on which they served.

Compensation Committee

The members of the compensation committee are Messrs. Saadi, Ateyeh and Dr. King. The compensation committee of the board of directors provides recommendations for the salaries and incentive compensation of our officers, employees and consultants. The compensation committee also administers various incentive compensation, stock and benefit plans. The compensation committee had no meetings in 2001 but acted a number of times by written consent.

Audit Committee

The audit committee currently consists of three non-employee directors, Messrs. Herring, Kurtzman and Maples. Mr. Herring has informed the board of directors that he will not stand for re-election and, consequently, will step down from the audit committee upon the election of directors at the Annual Meeting. Dr. King has agreed to serve as a member of the audit committee upon Mr. Herring's departure. The audit committee reviews, acts on and reports to the board of directors with respect to various auditing and accounting matters, including the selection of our independent accountants, the scope of the annual audits, fees paid to the independent accountants, the performance of our independent accountants and our accounting practices, and engages in such other functions outlined in its written charter approved by our board of directors. During 2001, the audit committee held four meetings.

The board has determined that Messrs. Herring, Maples and Dr. King are independent as that term is defined in Rule 4200 of the listing standards of the National Association of Securities Dealers (the NASD). The board has been unable to affirmatively determine that Mr. Kurtzman is independent as that term is defined in Rule 4200. Mr. Kurtzman is currently the Chief Financial Officer of Pencom Systems Incorporated, a privately held corporation. Prior to October 1996, we conducted our business and operations as the software division of Pencom. In October 1996, Pencom distributed all of the capital stock of Concero to Pencom's stockholders at that time. As a result of this transaction, the three largest stockholders of Pencom, Edward C. Ateyeh, Jr., Wade E. Saadi and Edgar G. Saadi, received shares of our common stock and, as of March 29, 2002, collectively owned approximately 49% of the outstanding shares of our common stock. In addition, Messrs. Ateyeh and Wade Saadi serve as directors. Due to the significant stock ownership of Messrs. Ateyeh, Saadi and Saadi in both Pencom and Concero and the service

of Messrs. Ateyeh and Wade Saadi as directors of Concero, the NASD may find that Pencom and Concero are under the common control of Messrs. Ateyeh, Saadi and Saadi and, as a result, may deem that Pencom and Concero are affiliates. If such determination were made, Mr. Kurtzman's position as Chief Financial Officer of Pencom would preclude him from being considered independent under the NASD rules.

Although Mr. Kurtzman may not qualify as independent under the NASD listing standards, the board has determined that the best interests of Concero and its

Edgar Filing: CONCERO INC - Form DEF 14A

stockholders require Mr. Kurtzman's membership on the audit committee. Mr. Kurtzman has significant experience with financial statements and financial reporting matters. In addition to his experience as the Chief Financial Officer of Pencom from July 1997 to the present, Mr. Kurtzman was a partner with Margolin, Winer & Evans LLP, a certified public accounting firm, which he joined in 1972 as well as a member of its Executive Committee. Mr. Kurtzman is also a former officer and director of CPA Associates International. Mr. Kurtzman has an in-depth knowledge of our financial reporting matters due to his involvement with our audit committee since October 1996. Consequently, the board has determined that Mr. Kurtzman shall serve on the audit committee pursuant to the exception provided in Rule 4350(d)(2)(B) of the NASD listing standards.

We do not have a standing nominating committee or any other committee performing similar functions. Such matters are considered at meetings of the full board of directors.

Director Compensation and Indemnification Agreements

We pay each of our non-employee directors \$3,750 per calendar quarter, which may be in the form of cash or, at the discretion of each eligible director, may be applied to the acquisition of an option to purchase common stock pursuant to the Director Fee Option Grant Program in effect under our 1996 Stock Option/Stock Issuance Plan (the "1996 Plan"). Under the Automatic Option Grant Program of the option plan, eligible non-employee board members receive a series of option grants over their period of board service. Each non-employee board member will, at the time of his or her initial election or appointment to the board, receive an option to purchase 20,000 shares of common stock, provided such individual has not previously been in our employ. On the date of the first annual stockholders meeting following the fourth anniversary of the date on which a non-employee board member joined our board and following each four-year period of board service thereafter, he or she will receive an option to purchase 20,000 shares of common stock, provided he or she will continue to serve as a non-employee board member. In addition, on the date of each annual stockholders meeting, each individual who is to continue to serve as a non-employee board member will automatically be granted an option to purchase 4,000 shares of common stock, provided he or she has served as a non-employee board member for at least six months. Each automatic grant will have an exercise price per share equal to the fair market value per share of common stock on the grant date and will have a maximum term of 10 years, subject to earlier termination following the optionee's cessation of board service. Each automatic option will be immediately exercisable for all of the option shares; however, any unvested shares purchased under such option will be subject to our repurchase, at the exercise price paid per share, should the optionee cease board service prior to vesting in those shares. The shares subject to each initial 20,000-share automatic option grant and each subsequent 20,000-share automatic grant will vest in a series of four successive equal annual installments upon the optionee's completion of each year of board service over the four-year period measured from the grant date. The shares subject to each annual 4,000-share automatic grant will vest upon the optionee's completion of one-year of board service measured from the grant date. However, the shares subject to each outstanding automatic option grant will immediately vest in full upon certain changes in control or ownership of Concerco or upon the optionee's death or disability while a board member. Following the optionee's cessation of board service for any reason, each option will remain exercisable for a 12-month period and may be exercised during that time for any or all shares in which the optionee is vested at the time of such cessation of board service.

On May 23, 2001, Messrs. Saadi, Ateyeh, Herring, Kurtzman, Maples and Dr. King each received an option to purchase 20,000 shares of our common stock and an option to purchase 4,000 shares. All options had an exercise price of \$1.46, the fair market value per share of our common stock on such date. Following this Annual Meeting, each of Messrs. Saadi, Ateyeh, Kurtzman, Maples and Dr. King

Edgar Filing: CONCERO INC - Form DEF 14A

will receive an option to purchase 4,000 shares of our common stock at an exercise price equal to the fair market value per share (closing selling price) of our common stock on the date of the Annual Meeting.

5

Our certificate of incorporation limits the liability of our directors to us and our stockholders for breaches of the directors' fiduciary duties to the fullest extent permitted by Delaware law. In addition, our certificate of incorporation and bylaws provide for mandatory indemnification of directors and officers to the fullest extent permitted by Delaware law. We also maintain directors' and officers' liability insurance and enter into indemnification agreements with all of our directors and executive officers.

Recommendation of the Board of Directors: The board of directors unanimously recommends that the stockholders vote FOR the election of all of the nominees listed above.

PROPOSAL 2

RATIFICATION OF INDEPENDENT AUDITORS

Our board of directors appointed the firm of Ernst & Young LLP, as independent auditors for the year ended December 31, 2001 and has appointed Ernst & Young LLP to serve in the same capacity for the year ended December 31, 2002. The board is asking the stockholders to ratify this appointment. The affirmative vote of a majority of the outstanding shares represented and entitled to vote at the Annual Meeting is required to ratify the selection of Ernst & Young LLP.

In the event that the stockholders fail to ratify the appointment, the board of directors will reconsider its selection. Even if the selection is ratified, the board of directors, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the board of directors believes that such change would be in Concerco's and the stockholders' best interests.

Fees billed to Company by Ernst & Young LLP during the year ended December 31, 2001

Audit Fees: During the year ended December 31, 2001, Ernst & Young LLP billed us \$73,000 for the audit of our annual financial statements and for review of the financial statements included in our quarterly reports on Form 10-Q and other SEC filings.

Financial Information Systems Design and Implementation Fees: We did not engage Ernst & Young LLP to provide us with advice regarding financial information systems design and implementation during the year ended December 31, 2001.

All Other Fees: During the year ended December 31, 2001, Ernst & Young billed us \$58,975 for other non-audit, primarily tax related, services rendered to us.

The audit committee, as stated in its audit committee report included elsewhere in this proxy statement, has considered whether the provision of the services described in the preceding paragraphs is compatible with maintaining the independence of Ernst & Young LLP.

A representative of Ernst & Young will be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

Edgar Filing: CONCERO INC - Form DEF 14A

Recommendation of the Board of Directors: The board of directors unanimously recommends that the stockholders vote FOR the ratification and approval of the selection of Ernst & Young LLP as our independent auditors.

(1) The option will become exercisable in four successive equal annual installments upon the optionee's completion of each year of service measured from the grant date. The option will become exercisable on an accelerated basis upon a liquidation or dissolution of Concero or a merger or consolidation in which there is a change in ownership of securities possessing more than 50% of the total combined voting power of our outstanding securities, unless the option is assumed by the surviving entity, and will become fully exercisable following such events upon termination of employment under certain circumstances. In addition, the compensation committee of the board of directors may accelerate the vesting of the option in the event (i) there is a change in the composition of the board of directors over a period of two years or less such that those individuals serving as directors at the beginning of the period cease to represent a majority of the board or (ii) change of ownership of securities possessing more than 50% of the total combined voting power of our

outstanding securities pursuant to a hostile tender offer.

- (2) This option was granted pursuant to the option exchange program. This option has a vesting schedule pursuant to which 25% will vest and become exercisable in a series of three annual installments upon the optionee's completion of each year of service over the three-year period measured from the grant date of the tendered option. The remaining 25% will vest and become exercisable upon the optionee's completion of the six months of service following that three-year period. In addition, the option will become exercisable on an accelerated

10

basis upon a liquidation or dissolution of Concerco or a merger or consolidation in which there is a change in ownership of securities possessing more than 50% of the total combined voting power of Concerco's outstanding securities, unless the option is assumed by the surviving entity, and will become exercisable following such events upon termination of employment under certain circumstances. In addition, the compensation committee may accelerate the vesting of the option in the event (i) there is a change in the composition of the board of directors over a period of two years or less such that those individuals serving as directors at the beginning of the period cease to represent a majority of the board or (ii) change of ownership of securities possessing more than 50% of the total combined voting power of Concerco's outstanding securities to a hostile tender offer.

- (3) Based on options to purchase an aggregate of 1,681,656 shares of common stock that were granted to employees in 2001, including options granted to the Named Executive Officers.
- (4) The exercise price may be paid in cash or in shares of common stock valued at fair market value on the exercise date. Alternately, the option may be exercised through a cashless exercise procedure pursuant to which the optionee provides irrevocable instructions to a brokerage firm to sell the purchased shares and to remit to us, out of the sales proceeds, an amount equal to the exercise price plus all applicable withholding taxes. The compensation committee may also assist an optionee in the exercise of an option by authorizing a loan from us in a principal amount not to exceed the aggregate exercise price plus any tax liability incurred in connection with the exercise.
- (5) Amounts represent hypothetical gains that could be achieved for the respective options at the end of the 10-year option term. The assumed 5% and 10% rates of stock appreciation are mandated by rules of the Securities and Exchange Commission and do not represent our estimate of the future market price of our common stock. These amounts were calculated based on the fair market value on the date of grant and do not take into account any other appreciation, or decline in the price of the common stock from the date of grant to the current date.

None of the Named Executive Officers exercised options in 2001. The following table sets forth for each of the Named Executive Officers certain information concerning the value of unexercised options at the end of 2001. No Named Executive Officer held any stock appreciation rights at the end of 2001.

(1) Value is determined by subtracting the aggregate exercise price from the market value of our common stock at December 31, 2001 (\$0.38 per share based upon the closing price of our common stock on the Nasdaq National Market on such date) and multiplying by the number of shares underlying the options.

Employment Contracts and Change of Control Arrangements

We have entered into an employment agreement with Timothy D. Webb dated August 28, 1998. Pursuant to the agreement, we agreed to pay Mr. Webb an annual base salary of \$325,000 with an annual increase of four percent. In addition, we issued to Mr. Webb options to purchase an aggregate of 500,000 shares of common stock at \$3.50 per share. The options vest over six (6) years with 100,000 vesting upon Mr. Webb's completion of six months of employment, an additional 100,000 vesting upon the completion of two years of employment, an additional 100,000 vesting upon the completion of three years of employment, an additional 25,000 vesting upon the completion of four years of employment, an additional 75,000 vesting upon the completion of five years of employment, and the final 100,000 vesting upon the completion of six years of service. The options were to be incentive stock options to the maximum extent permitted by law. Accordingly, options to purchase 199,997 shares were classified as incentive stock options. On July 31, 2001, the agreement was modified and we agreed to grant

11

Mr. Webb an option to purchase an additional 100,000 shares of common stock at \$0.47 per share, which was the fair market value of the common stock on such date, plus the payment of a cash bonus for \$50,000 on March 31, 2002. We may terminate the employment relationship in our sole discretion without cause, effective immediately, upon payment of three months salary and health and welfare benefits, and the immediate vesting of the next scheduled vesting of the unvested options issued in connection with the agreement or immediately for cause upon written notice. The agreement terminates August 28, 2004.

We have entered into an employment agreement with John M. Velasquez dated January 25, 1999. Pursuant to the agreement, we agreed to pay Mr. Velasquez an annual base salary of \$225,000, a transition bonus of \$30,000 and a guaranteed bonus of \$72,140 for the calendar year 1999. In addition, we agreed to grant Mr. Velasquez an option to purchase 150,000 shares of common stock. The option was granted on January 25, 1999 and has an exercise price of \$3.06 per share, which was the fair market value on the date of grant. The option vests in a series of four equal annual installments, with the first installment having vested July 25, 1999 and the successive three installments vesting annually on that date thereafter. Pursuant to the terms of the agreement, either party may terminate the employment relationship without cause. We may terminate the employment relationship in our sole discretion without cause, effective immediately, upon payment of three months salary and the immediate vesting of one-third of any unvested options issued in connection with the agreement or immediately for cause upon written notice.

We have also entered into employment agreements with each of Messrs. Thatcher,

Edgar Filing: CONCERO INC - Form DEF 14A

Mock and Ms. Hetzel dated, June 13, 1996, December 13, 1991 and February 15, 2000, respectively. In connection with Ms. Hetzel's employment agreement we agreed to pay a guaranteed bonus of \$40,000 for the calendar year 2000 and grant stock options to purchase 50,000 shares of common stock at \$36.00 per share, which was the fair market value of the common stock on such date. Either party may terminate the employment relationship without cause upon two weeks' prior written notice to the other party. We may terminate the employment relationship in our sole discretion without cause, effective immediately, upon payment of two weeks' salary to the employee or immediately for cause upon written notice.

The agreements provide for customary fringe benefits and contain provisions which, among others, prohibit the employee from disclosing or otherwise using certain confidential information, assign inventions or ideas conceived by the employee during his employment to us, prohibit solicitation by the employee of our clients and other employees and prohibit the employee from accepting any opportunity (whether by contract or full-time employment) with our clients. Salaries paid pursuant to these agreements are reviewed and adjusted annually by the compensation committee. Accordingly, the annual base salaries authorized for Messrs. Thatcher, Mock and Ms. Hetzel are currently \$175,000, \$170,000 and \$210,000, respectively.

We have entered into written agreements with our officers whereby in the event of the officer's involuntary termination within 18 months following an acquisition of Concerco or change in control of Concerco either through a change of control of our Board of Directors or a tender offer made directly to our shareholders, any unvested options assumed or replaced in connection with the acquisition or otherwise outstanding will automatically accelerate so that the option shall become immediately exercisable.

The compensation committee, as plan administrator of the 1996 Plan, has the authority to provide for the accelerated vesting of outstanding options held by the Chief Executive Officer and any other executive officer or the shares of common stock subject to direct issuances held by such individual, in connection with certain changes in control of Concerco or the subsequent termination of the officer's employment following the change in control event.

Key-Person Life Insurance

We do not maintain key-person life insurance policies on the lives of any of our executive officers.

2001 Option Exchange Program

In February 2001, the compensation committee authorized the implementation of an option exchange program that would give certain employees, including non-director executives, the opportunity to exchange their outstanding options to purchase shares of our common stock for new stock options to be granted to them at a later date. The compensation

committee implemented the program because competition for key employees in our industry is intense, and the use of significant stock options for retention and motivation of such personnel is pervasive in our industry. The compensation committee believes that stock options are a critical component of the compensation package we offer to our employees in order to promote long-term retention, motivate high levels of performance and reward their contributions to our success.

Edgar Filing: CONCERO INC - Form DEF 14A

By implementing an option exchange program in which the outstanding options under our 1996 Plan and 2000 Non-Officer Stock Option/Stock Issuance Plan (the "2000 Plan") could be exchanged for new options that will be granted at a later date with an exercise price equal to the fair market value of our common stock on that grant date, the compensation committee intended to provide our employees with the opportunity to acquire new options that over time may have a greater potential to increase in value, and thereby create better incentives for our employees to remain with us and contribute to the attainment of our business and financial objectives and the creation of value for all of our stockholders.

As a result of the option exchange program authorized by the compensation committee, certain employees on February 1, 2001, including non-director executive officers, were given the opportunity to exchange their outstanding stock options under our 1996 Plan and 2000 Plan, if those options had exercise prices of \$2.25 per share or more, for new replacement options to be granted under our 1996 Plan and 2000 Plan on the second day following the six month anniversary of the date the tendered options were cancelled. Options for approximately 1,986,355 shares of common stock were eligible for participation in the option exchange program. Of this total, options for 666,024 shares were held by our non-director executive officers.

At the conclusion of the option exchange program, we granted replacement options to purchase 173,525 shares of common stock in exchange for those cancelled options, which represented 8.74% of the total number of shares covered by the options subject to the option exchange program. No replacement options were granted to any employee whose options were cancelled pursuant to the option exchange program, if that individual ceased to be in our employ through the grant date of the replacement option.

Each replacement option covers the same number of shares subject to the cancelled option to which it relates. Each replacement option has a vesting schedule pursuant to which 25% will vest and become exercisable in a series of three annual installments upon the optionee's completion of each year of service over the three-year period measured from the grant date of the tendered option. The remaining 25% will vest and become exercisable upon the optionee's completion of the next six months of service following that three-year period. The exercise price of each replacement option is equal to the closing price per share of our common stock on the grant date, as that price is reported on the Nasdaq National Market. Each replacement option is a non-statutory option with a maximum term of ten years from the grant date, subject to earlier termination upon the optionee's cessation of employment with us.

The table below provides certain information regarding any re-pricing, or cancellation/re-grant programs for options effected since we became a public company. Except for the February 2001 option exchange program and a re-pricing completed in September 1998, we have not implemented any other option re-pricing or option cancellation/re-grant programs since becoming a public company.

Of the executives listed in the above table only Cathy S. Hetzel, Wayne E. Mock and Keith D. Thatcher are still employed by the Company. Other than options held by these three employees, the options listed in the above table are no longer outstanding.

Compensation Committee Interlocks and Insider Participation

The compensation committee of the board of directors consists of three non-employee directors: Messrs. Saadi, Ateyeh and Dr. King. None of these individuals was an officer or employee of Concerco at any time during the 2001 fiscal year or at any other time except for Dr. King. During 2001, no current executive officer of Concerco served as a member of the board of directors or compensation committee of any other entity that has or has had one or more executive officers serving as a member of our board of directors or compensation committee.

Report on Executive Compensation

It is the duty of the compensation committee to review and provide recommendations for the salaries and incentive compensation, including long-term incentives like stock option grants, of our executives, including the President and Chief Executive Officer, employees and consultants. The board then approves the compensation committee recommendations.

The compensation committee believes that the compensation programs for our executive officers should reflect our performance and the value created for our stockholders. In addition, the compensation programs should support our short-term and long-term strategic goals and values and should reward individual contribution to our success. The market for system integration and software development services is very competitive, and our success depends upon its ability to attract and retain qualified executives through the competitive compensation packages we offer to such individuals.

General Compensation Policy. The compensation committee's policy is to provide our executive officers with compensation opportunities which are based upon their personal performance, our financial performance and their contribution to that performance and which are competitive enough to attract and retain highly skilled individuals. Each executive officer's compensation package is comprised of three elements: (1) base salary that is competitive with the market and reflects individual performance, (2) annual variable performance awards payable in cash or stock options and tied to our achievement of annual financial performance goals and (3) long-term stock based incentive awards designed to strengthen the mutuality of interests between the executive officers and our stockholders. As an officer's level of responsibility increases, a greater proportion of his or her total compensation will be dependent upon our financial performance and stock price appreciation rather than base salary.

Base Salary. The base salary for each executive officer reflects the salary levels for comparable positions in similar companies, such as systems integrators and software companies, as well as the individual's personal performance and internal alignment considerations. The relative weight given to each factor varies with each individual in the sole discretion of the compensation committee. Each executive officer's base salary is subject to minimums set forth in their respective employment agreements and is adjusted each year on the basis of (1) the compensation committee's evaluation of the officer's personal performance for the year and (2) the competitive marketplace for persons in comparable positions. Our performance and profitability may also be a factor in determining the base salaries of executive officers.

Annual Incentives. We generally maintain a cash incentive to reward executive officers and employees for attaining defined performance targets. For most executive officers and employees, bonuses are based primarily on company-wide

Edgar Filing: CONCERO INC - Form DEF 14A

performance targets. Upon achievement of a performance target, an employee is entitled to a cash payment.

In setting performance targets for 2001, we considered our historical performance and underlying business model, and external as well as internal expectations related to 2001 revenue and operating profits. The financial factors were derived directly from our operating plan for 2001.

Long Term Incentives. Generally, the compensation committee reviews stock option grants for our executive officers annually. Each grant is designed to maintain a significant unvested position to provide incentives to create

15

stockholder value and allows the officer to acquire shares of our common stock at a fixed price per share (the fair value on the grant date) over a specified period of time (up to ten years). Certain option grants are immediately exercisable, but option shares that are purchased subject to vesting restrictions are re-purchasable by us at the exercise price, if the officer's employment is terminated prior to the vesting date.

The size of the option grant to each executive officer, including the Chief Executive Officer, is set by the compensation committee at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position with us, the individual's personal performance in recent periods and his or her potential for future responsibility and promotion over the option term. The relevant weight given to each of these factors varies from individual to individual. The compensation committee has established certain guidelines with respect to the option grants made to the executive officers, but has the flexibility to make adjustments to those guidelines at its discretion.

CEO Compensation. The total compensation payable to Mr. Webb, our President and Chief Executive Officer, for 2001 and continuing until August 27, 2004, is governed by the terms of his employment agreement dated August 28, 1998. The agreement currently provides for an annual base salary of \$365,580. Mr. Webb agreed to participate in a ten percent (10%) pay reduction effective April 1, 2001 to March 31, 2002, as part of our cost reduction measures. On July 31, 2001, the agreement was modified and we agreed to grant Mr. Webb an option to purchase an additional 100,000 shares of common stock at \$0.47 per share, which was the fair market value of the common stock on such date, plus the payment of a cash bonus for \$50,000 on March 31, 2002.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code provides that a publicly traded corporation cannot deduct compensation paid to certain of its executives, to the extent that the executive's compensation exceeds \$1 million per year. The compensation paid to our executives who were subject to Section 162(m) in 2001 did not exceed the \$1 million limitation. The income that our executives recognize because of the operation of our 1996 Plan is taken into account for purposes of the Section 162(m) limitation, unless their stock option grants qualify as "performance-based compensation." The grants of stock options that were made in 2001 will not qualify as performance-based compensation. Although the compensation committee intends on structuring compensation packages so that any compensation in excess of the \$1 million limitation will qualify as performance-based compensation, it retains the flexibility to design compensation arrangements that do not so qualify.

It is the opinion of the compensation committee and the board that the executive compensation policies and plans provide the necessary total remuneration program

Edgar Filing: CONCERO INC - Form DEF 14A

to properly align our performance and the interests of our stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long term.

Audit Committee Report

The following is the report of the audit committee with respect to our audited financial statements for the year ended December 31, 2001, included in our Annual Report on Form 10-K for that year. The audit committee has reviewed and discussed these audited financial statements with management of Concerco. The audit committee has discussed with Concerco's independent auditors, Ernst & Young LLP, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Section 380) as amended, which includes, among other

16

items, matters related to the conduct of the audit of the financial statements. The audit committee has received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) as amended, and has discussed with Ernst & Young LLP the independence of Ernst & Young LLP from Concerco. The audit committee has also considered whether the provision of services by Ernst & Young LLP to Concerco as described under the caption Proposal to Ratify Independent Accountants is compatible with maintaining the independence of Ernst & Young LLP.

Based on the review and discussions referred to above in this report, the audit committee recommended to the board of directors that the audited financial statements be included in Concerco's Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission.
