Item 2.02 Results of Operations and Financial Condition\*

On November 9, 2007, Hungarian Telephone and Cable Corp. issued a press release announcing its financial results for the quarter ended September 30, 2007. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year

On November 8, 2007, the Board of Directors of Hungarian Telephone and Cable Corp. ("HTCC") amended HTCC's bylaws in order to meet a new American Stock Exchange listing standard by the January 1, 2008 required deadline. The American Stock Exchange requires all listed securities to be eligible for the Direct Registration System ("DRS") by January 1, 2008.

DRS is an initiative by the SEC and the securities industry to reduce the number of transactions in securities for which settlement is effected by the physical delivery of securities certificates, thereby reducing the costs, risks and delays associated with physical settlement. Ownership positions in DRS are recorded in book-entry form on the transfer agent's books and investors receive an account statement from the transfer agent instead of receiving a physical certificate. While the listing standards require HTCC's securities to be eligible for DRS, they do not require investors to participate in DRS. Furthermore, the listing standards do not prohibit investors from obtaining physical certificates, or require investors to return their physical certificates.

In order to make HTCC's listed securities eligible for DRS, HTCC needed to amend its bylaws to permit the issuance of book-entry shares. A copy of the amendment to the bylaws is attached hereto as Exhibit 99.2 and is incorporated herein by reference.
