REEL STAFF, INC.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2002

(UNAUDITED)

NOTE 1 - NATURE OF OPERATIONS

Reel Staff, Inc. (the "Company") provides production and post-production staffing services to film, video, and television production companies. The Company was incorporated in the state of Nevada on May 21, 2001 and is headquartered in Los Angeles, California.

Edgar Filing: REEL STAFF INC - Form 10QSB

NOTE 2 - BASIS OF PRESENTATION

The unaudited financial statements included herein have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Item 310(b) of Regulation S-B. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three and six months ended June 30, 2002 and for the period from May 21, 2001 (inception) through June 30, 2001 are not necessarily indicative of the results that may be expected for the years ended December 31, 2002 and 2001. For further information, these financial statements and the related notes should be read in conjunction with the Company's audited financial statements for the period ended December 31, 2001 included in the Company's annual report on Form 10-KSB.

NOTE 3 - COMMON STOCK

On May 22, 2001, the Company issued 3,900,000 shares of its common stock to its officers and founders for consulting services and 1,600,000 shares of its common stock to various individuals for legal services rendered in connection with the initial organization costs incurred. Since there was no readily available market value at the time the services were rendered, par value of \$0.001 per share was considered as a reasonable estimate of fair value by all parties.

On May 28, 2001, the Company issued 10,000 shares of its common stock to an individual for consulting and design services. Since the Company had prepared a Private Placement Memorandum Offering (as described in the following paragraph), the Company utilized the value of its common stock associated with that offering of \$0.02 per share. This amount was considered a reasonable estimate of fair value between the Company and the individual.

On June 30, 2001, the Company completed a "best efforts" offering of its common stock pursuant to the provisions of Section 4(2) of the Securities Act of 1933 and Rule 506 of Regulation D promulgated by the Securities and Exchange Commission. In accordance with the Private Placement Memorandum Offering, which was initiated on May 25, 2001, the Company issued 603,750 shares of its common stock at \$0.02 per share for a total of \$12,075 from June 13th - June 30th 2001.

NOTE 4 - RELATED PARTY TRANSACTIONS

On May 22, 2001, the Company issued 3,900,000 shares of its common stock to its current officers for services as described in Note 3.

Edgar Filing: REEL STAFF INC - Form 10QSB

(UNAUDITED)

NOTE 5 - NOTE PAYABLE

The Company has a note payable to a third party in the amount of \$25,000. Per the terms of the promissory note, the principal is due and payable on December 31, 2002 plus interest at the rate of 8% per annum.

NOTE 6 - SUBSEQUENT EVENTS

Merger and Acquisition -- On June 24, 2002, as amended and restated on July 15, 2002, the Company entered into a Share Exchange Agreement to acquire 100% of the issued and outstanding shares of Flight Safety Technologies, Inc. in exchange for 8,505,857 shares of the Company's common stock. The acquisition is pending the approval of the Company's board of directors; the board of directors of Flight Safety Technologies, Inc.; and, the fulfillment of certain other conditions prior to closing. For more detail of the Share Exchange Agreement, refer to our current report filed on Form 8-K on July 18, 2002.

Stock Split -- On July 18, 2002, the Company's board of directors declared a three and twenty-two hundredths to one (3.22:1) forward stock split to the stockholders of record as of July 29, 2002. The stock dividend was paid on July 30, 2002 and resulted in an increase of the Company's issued and outstanding common stock to 18,269,476 shares.

Corporate Name -- On July 31, 2002, the Company's board of directors approved a change of the corporate name to "Flight Safety Technologies, Inc.". Pursuant to the preliminary information statement filed on Schedule 14C on July 31, 2002, the name change will become effective upon the closing of the Share Exchange Agreement as referred to above, or August 20, 2002, whichever is later.

Item 2. Plan of Operation

This following information specifies certain forward-looking statements of management of the company. Forward-looking statements are statements that estimate the happening of future events and are not based on historical fact. Forward-looking statements may be identified by the use of forward-looking terminology, such as "may", "shall", "will", "could", "expect", "estimate", "anticipate", "predict", "probable", "possible", "should", "continue", or similar terms, variations of those terms or the negative of those terms. The forward-looking statements specified in the following information have been compiled by our management on the basis of assumptions made by management and considered by management to be reasonable. Our future operating results, however, are impossible to predict and no representation, guaranty, or warranty is to be inferred from those forward-looking statements.

Edgar Filing: REEL STAFF INC - Form 10QSB

The assumptions used for purposes of the forward-looking statements specified in the following information represent estimates of future events and are subject to uncertainty as to possible changes in economic, legislative, industry, and other circumstances. As a result, the identification and interpretation of data and other information and their use in developing and selecting assumptions from and among reasonable alternatives require the exercise of judgment. To the extent that the assumed events do not occur, the outcome may vary substantially from anticipated or projected results, and, accordingly, no opinion is expressed on the achievability of those forward-looking statements. We cannot guaranty that any of the assumptions relating to the forward-looking statements specified in the following information are accurate, and we assume no obligation to update any such forward-looking statements.

Our current business is to provide staffing services to film, video and television production companies. Our staffing services consist of production services but we intend to expand those services to include postproduction work as well as talent and casting services. The services, skills and labor offered by us will generally include production assistants, as well as film and video crews, such as back line technicians, carpenters, lighting designers, lighting technicians, riggers, sound designers, stage and scenery designers and other skilled laborers.

To date, we have not been successful in fully implementing our business plan due to lack of funds. Accordingly, we have been researching potential acquisitions or other suitable business partners which will assist us in realizing our business objectives. In that regard, on June 24, 2002, we entered into a Share Exchange Agreement ("Agreement") with Flight Safety Technologies, Inc., a Delaware corporation ("Flight Safety"), and certain of its shareholders, to acquire 100% of the issued and outstanding shares of Flight Safety (the "Acquisition"). In consideration for acquiring all of Flight Safety's issued and outstanding shares, we have agreed to issue 8,505,857 shares of our common stock.

Completion of the Acquisition is subject to approval by our board of directors and board of directors and the shareholders of Flight Safety. The Acquisition is also subject to various closing conditions and conditions precedent, including the completion of satisfactory due diligence reviews by both parties.

Flight Safety is developing advanced systems to enhance aviation safety and reduce airport delays. Using its patented opto-acoustic technology, it is currently developing a cost-effective system to monitor air disturbances known as "wake vortex turbulence," created by departing and arriving aircraft in the vicinity of airports. Flight Safety believes that its patented wake-vortex detection system, in consort with NASA-developed, vortex-track prediction technology, will improve airport traffic safety, streamline the landing/takeoff process, reduce passenger delays, and generate substantial cost savings for airports and the airline industry.

Liquidity and Capital Resources. We had cash of \$663 as of June 30, 2002. Our total assets were also \$663 as of June 30, 2002. On March 20, 2002, we entered into a promissory note in the amount of \$25,000 with an unrelated party. The note matures on March 20, 2003, and carries an interest rate of 8% due at maturity. Our total liabilities were approximately \$56,833 as of June 30, 2002, which were represented by \$31,833 for accounts payable and accrued expenses, and \$25,000 for that note payable.

Edgar Filing: REEL STAFF INC - Form 10QSB

Results of Operations.

Revenue. For the six months ended June 30, 2002, we realized revenues of approximately \$1,293 from providing production staffing services. If we are not able to complete the Acquisition described above, we will attempt to generate more revenues by expanding our customer base for our film services business.

Operating Expenses. For the six months ended June 30, 2002, our total operating expenses were approximately \$54,755. The majority of those expenses were represented by legal and professional fees of \$53,238. We also had \$1,000 in occupancy expenses and \$517 in office supplies and expenses. For the six months ended June 30, 2002, we experienced a net loss of approximately \$53,911. In connection with the Acquisition described above, we anticipate that we will continue to incur significant general and administrative expenses.

Our Plan of Operation for the Next Twelve Months. During the next month, we hope to complete the Acquisition described above. We cannot guaranty that we will acquire or merge with Flight Safety or any other third party, or that in the event we acquire or merge Flight Safety, or another third party, such acquisition or merger will increase the value of our common stock.

We had cash of \$663 as of June 30, 2002. In the opinion of management, available funds will satisfy our working capital requirements through October 2002. Our forecast for the period for which our financial resources will be adequate to support our operations involves risks and uncertainties and actual results could fail as a result of a number of factors. If we are not able to complete the Acquisition, we anticipate that we may need to raise additional capital to continue operations. Such additional capital may be raised through public or private financing as well as borrowings and other sources. We cannot guaranty that additional funding will be available on favorable terms, if at all. If adequate funds are not available, then our ability to expand our operations may be adversely affected. If adequate funds are not available, we hope that our officers and directors will contribute funds to pay for our expenses, although we cannot that guaranty that our officers will pay those expenses.

We are not currently conducting any research and development activities and do not anticipate conducting such activities in the near future. We do not anticipate hiring additional employees or independent contractors unless we are able to expand our current operations. We are focusing our efforts on completing the Acquisition of Flight Safety. We do not anticipate that we will purchase or sell any significant equipment.
