Item 2.02 Results of Operation and Financial Condition

On April 6, 2005, Imagistics International Inc. issued a Press Release disclosing the discontinuance of its remanufactured copier product line, the shutdown of the Milford, Connecticut remanufacturing center and the related charges taken in the first quarter 2005, disclosed in Item 2.05 of this Current Report of Form 8-K, as well as severance charges associated with additional staff reductions, the early adoption of stock option expensing effective January 1, 2005, updated revenue trends in its facsimile and copier/MFP product lines and updating its previously issued guidance regarding anticipated earnings for the 2005 fiscal year to adjust for the charges and option expensing. A copy of this Press Release is furnished with this report as Exhibit 99.1.

Item 2.05. Costs Associated With Exit or Disposal Activities

On March 31, 2005, Imagistics International Inc. (the Company) determined to close its centralized National Remanufacturing Center in Milford, Connecticut and to discontinue its remanufactured copier product line. This decision was based upon a marked decrease in customer demand for remanufactured product resulting from the industry shift to connected digital technology and the Company's analysis of the marketplace that confirms that the decline in demand for remanufactured copier products is expected to continue. This action will result in a restructuring charge of approximately \$1.8 million, including employee termination benefits of approximately \$0.2 million, inventory disposition, fixed asset write-off and related shutdown charges of approximately \$1.1 million and long-lived fixed asset impairment charges of approximately \$0.6 million. Of these amounts, future cash expenditures are expected to amount to approximately \$0.5 million. Affected employees were notified on March 31, 2005 and the shutdown of operations at the Milford, CT location is scheduled to be completed by April 29, 2005. The Company expects to continue refurbishing copiers at its local distribution operations and to market this refurbished product.
