Amyris, Inc.

Attachment 1 to Form 12b-25

The Company's aggregate revenues for the year ended December 31, 2012 were \$73.7 million versus \$147.0 million in the prior year. The decline in revenue was due to the Company's planned transition out of the ethanol and ethanol-blended gasoline business, which was completed in the third quarter of 2012. Renewable product sales were \$10.8 million for the year compared to \$0.8 million for the prior year.

Total research & development and sales, general & administrative expenses declined 10.7% to \$152.3 million from \$170.5 million in 2011, primarily due to reductions in personnel related costs and overall lower spending. The 2012 GAAP net loss attributable to common stockholders was \$205.1 million (\$3.62 per share) compared to a loss of \$178.9 million (\$3.99 per share) in the prior year.

The Company's balance of cash, cash equivalents and marketable securities at the end of the fourth quarter was \$30.7 million. In December 2012, the Company sold 14,177,849 shares of common stock in a private placement to existing Amyris investors. The transaction included \$37.2 million in cash proceeds (\$22.2 million was received in December 2012; \$15.0 million was received in January 2013), and the cancellation by Total Gas & Power USA, SAS of \$5.0 million from an outstanding senior unsecured convertible promissory note.
