Yes No

If “Yes” is marked, indicate below the file number assigned to the registrant in connection with Rule 12g-32(b):82-_____

Novo Nordisk receives Complete Response Letter in the US for faster-acting insulin aspart

Bagsværd, Denmark 7 October 2016 - Novo Nordisk today announced that it has received a Complete Response Letter from the US Food and Drug Administration (FDA) regarding the New Drug Application for faster-acting insulin aspart.

In the letter, the FDA requests additional information related to the assay for the immunogenicity and clinical pharmacology data before the review of the New Drug Application can be completed. Novo Nordisk is evaluating the content of the Complete Response Letter and will work closely with the FDA to resolve the outstanding issues.

“We believe faster-acting insulin aspart can address an unmet medical need for people requiring improved blood glucose control around meals, and our ambitions for this innovative drug are unchanged”, says Mads Krogsgaard Thomsen, executive vice president and chief science officer of Novo Nordisk. “We acknowledge the request for

information from FDA and will work closely with the agency to determine the best path forward to complete the review.”

The New Drug Application for faster-acting insulin aspart was submitted to the FDA in December 2015. Faster-acting insulin aspart is currently also under review in the EU, Switzerland, Canada, Brazil, South Africa and Argentina.

Novo Nordisk is a global healthcare company with more than 90 years of innovation and leadership in diabetes care. This heritage has given us experience and capabilities that also enable us to help people defeat other serious chronic conditions: haemophilia, growth disorders and obesity. Headquartered in Denmark, Novo Nordisk employs approximately 42,300 people in 75 countries and markets its products in more than 180 countries. Novo Nordisk's B shares are listed on Nasdaq Copenhagen (Novo-B). Its ADRs are listed on the New York Stock Exchange (NVO).
