Item 7.01. Regulation FD Disclosure

On June 9, 2011, our fiscal intermediary subsidiary, Molina Medicaid Solutions, received a Notice of Intent to Award from the Louisiana Office of State Purchasing. The Notice states that the State intends to award the contract for a replacement Medicaid Management Information System, or MMIS, to the firm of Client Network Services Inc., or CNSI. Molina Medicaid Solutions has fourteen days from the date of receipt of the Notice to submit a protest.

The revenue under the Louisiana MMIS contract of Molina Medicaid Solutions from May 1, 2010, the date of its acquisition by the Company, through December 31, 2010, was approximately \$32 million. Until the replacement MMIS is designed, developed, and implemented by the vendor that ultimately enters into a contract with the State, Molina Medicaid Solutions will continue to perform under its existing MMIS contract.

Cautionary Statement: This report contains "forward-looking statements" regarding the Louisiana MMIS contract of Molina Medicaid Solutions and the award of a contract for the design, development, and implementation of a replacement MMIS in Louisiana. Actual results may differ materially as a result of the successful protest of the Notice of Intent to Award, risks related to the design, development, and implementation of a replacement MMIS, and risks related to the continued performance of Molina Medicaid Solutions under the existing MMIS contract. Additional information regarding the risk factors that could cause actual results to differ materially is contained in the Company's Form 10-K Annual Report filed with the Securities and Exchange Commission, or SEC, on March 8, 2011, and in the Company's other reports and filings with the SEC and available for viewing on its website at www.sec.gov.

The furnishing of the information in this Item is not intended to, and does not, constitute a determination or admission by the Company that the information furnished is material or complete, or that investors should consider this furnished information before making an investment decision with respect to any security of the Company.
