PART III — NARRATIVE

On May 28, 2010, the Registrant completed a transaction with StoneGate Holdings, Inc. the result of which was that the Registrant acquired the assets of the entities formerly known as Vision Systems Group, Inc. and Resource Mine. Subsequently, in July 2010, the Registrant completed the acquisition of ISS and completed the integration of these assets into the Registrant’s operations. Accounting and sale treatment of these assets requires the proper characterization of the transactions which has required significant efforts. The Registrant has worked with its independent accountants to properly characterize these transactions as this is the first annual report under Form 10-K reflecting the acquisition of these assets as well as the first annual report under Form 10-K under new management, each as more fully-described in current reports under Forms 8-K previously filed.

As a result of these events, the Company was not able, without unreasonable effort or expense, to conclude all of the processes and procedures necessary for it to complete the preparation of its consolidated financial statements (including those related to the controlled subsidiaries and businesses acquired as described above) and to file its Annual Report on Form 10-K for the year ended December 31, 2010 within the period prescribed for the filing of such report. The Company anticipates that it will complete such processes within the fifteen day period prescribed by Rule 12b-25.
