INFORMATION ABOUT THE BOARD OF DIRECTORS

INDEPENDENCE AND MEETINGS

During the fiscal year ended December 31, 2018, the Board met or acted by unanimous written consent on four occasions. The Board does not have a formal policy with respect to Board members’ attendance at annual shareholder meetings, though it encourages directors to attend such meetings. No director attended the Company’s 2018 Annual Meeting of Shareholders.

The Board of Directors reviewed the independence of each of the Company's directors on the basis of the standards adopted by NASDAQ. During this review, the Board considered transactions and relationships between the Company, on the one hand, and each director, members of his or her immediate family, and other entities with which he or she is affiliated, on the other hand. The purpose of this review was to determine which of such transactions or relationships were inconsistent with a determination that the director is independent under the NASDAQ rules. As a result of this review, the Board of Directors affirmatively determined that each of the Company's directors, other than Mr. Haim Tsuff, are “independent directors” within the meaning of the NASDAQ rules.

BOARD LEADERSHIP STRUCTURE

Mr. Tsuff has served as Chairman, Co-Chief Executive Officer, and President of the Company since 1996. The Board of Directors believes that its current leadership structure, in which the positions of Chairman and Co-Chief Executive Officer are held by Mr. Tsuff, is appropriate at this time and provides the most efficient and effective leadership for Isramco. Combining the Chairman and Co-Chief Executive Officer roles fosters clear accountability, effective

decision-making and alignment on corporate strategy. The Company believes that any risks inherent in that structure are balanced by the oversight of our Board of Directors, a majority of which is comprised by independent directors, including the Company's Lead Independent Director, Max Pridgeon. Given Mr. Tsuff's past performance in the roles of Chairman and Co-Chief Executive Officer, at this time the Board believes that combining these positions will continue to provide the appropriate and most effective leadership structure for the Company and does not impair the Board's ability to continue to practice good corporate governance.

As noted above, the Board has appointed Max Pridgeon as its Lead Independent Director. The Lead Independent Director chairs the executive sessions of the Board and is the principle liaison between the independent directors and Co-Chief Executive Officers. The Lead Independent Director is also responsible for and required to participate in the timing of meetings of, and agendas for, Board and Committee meetings, requesting information for and providing information to the independent directors, receiving reports from the Nominating and Governance Committee, and evaluating, along with the Compensation Committee and the Board, the performance of the Co-Chief Executive Officers.

As a result, the Company believes that the Lead Independent Director, along with the other independent directors of the Board, provides significant and appropriate oversight to all activities of the Company and the Board. Further, the Board believes that Mr. Tsuff's significant holdings in the Company is sufficient motivation to minimize excessive risk taking and aligns his interest in the best interest of the shareholders. Additionally, the Conflict Committee, which is comprised solely of independent directors, was specifically created to review all transactions among the Company and all related parties, including any affiliates of Mr. Tsuff.

The Board recognizes that no single leadership model is right for all companies and at all times and that, depending on the circumstances, other leadership models, such as a separate independent chairperson of the board, might be appropriate. As a result, the Board reviews the Company's Board leadership structure annually.

GOVERNANCE, BOARD OF DIRECTORS AND BOARD COMMITTEE CHANGES

In 2018, the Board of Directors had four standing committees: the Audit Committee; the Compensation Committee; the Conflict Committee; and the Nominating and Corporate Governance Committee. The Board may also establish additional committees from time to time as necessary.

BOARD OF DIRECTORS

The Board of Directors has established guidelines requiring a majority of directors to be independent, as determined in accordance with the bylaws of the Company and applicable rules of the NASDAQ. Under such standards, the Board has determined that five of the six directors of the Company (Messrs. From, Pridgeon, Hasson, Sluiter and Yarkoni) are independent directors. Each of these five directors has also certified their belief that they meet such independence standards and all of the Company's directors have certified that they will annually attend at least one Board meeting in person unless specifically excused by the Company's Chairman. Directors may only serve on a maximum of two other boards of directors of public companies. During 2018, all of the directors attended at least 75% of the meetings of the Board and on any committee on which such director served.

THE LEAD INDEPENDENT DIRECTOR

In 2012, the Board first elected a "Lead Independent Director," as such term is defined in the Company's bylaws and Nominating and Corporate Governance Committee Charter. In 2018, Max Pridgeon was elected to this position. The Lead Independent Director chairs the executive sessions of the Board and is the principle liaison between the independent directors and Co-Chief Executive Officers. The Lead Independent Director also is responsible for or required to participate in the timing of meetings of, and agenda for, Board and Committee meetings, requesting information for and providing information to the independent directors, receiving reports from the Nominating and Governance Committee and evaluating, along with the Compensation Committee and the Board, the performance of the Co-Chief Executive Officers.

AUDIT COMMITTEE

The members of the Audit Committee are Max Pridgeon, Frans Sluiter, Asaf Yarkoni, and Nir Hasson, all of whom are independent directors of the Company. The Board of Directors has determined that Mr. Pridgeon, Mr. Sluiter, Mr. Hasson and Mr. Yarkoni met the independence criteria set out in Rule 5605(a)(2) of the NASDAQ Marketplace Rules. The Board determined that Mr. Yarkoni qualifies as an "audit committee financial expert" under the rules of the

SEC. The Audit Committee met or acting by unanimous consent six times in 2018. The Audit Committee has a charter.

In 2012, the Board adopted a new charter governing the duties and responsibilities of the Audit Committee, a copy of which is available at our corporate governance webpage at <http://www.isramcousa.com/corporate>. The Audit Committee's primary duties and responsibilities are to:

- Monitor and review the accuracy and fairness of the Corporation's financial reports and monitor and ensure the adequacy of the Corporation's systems of internal controls regarding finance, accounting, and legal compliance;
- Monitor the independence and performance of the Corporation's independent auditors; and
- Provide an avenue of communication between the independent auditors, management, accountants, and the Board of Directors.

The Audit Committee has the authority to conduct or authorize investigations into any matter within the scope of its responsibilities and has direct access to the independent auditors as well as the Company's employees. The Audit Committee also has the ability to retain, at the Company's expense, special legal, accounting, or other consultants or advisors it deems necessary in the performance of its duties or to assist in the conduct of any investigation.

THE NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

The current members of the Nominating and Corporate Governance Committee are Max Pridgeon, Joseph From, and Haim Tsuff. The Nominating and Corporate Governance Committee met twice in 2018. The Nominating and Corporate Governance Committee has a charter, a copy of which is available at our corporate governance webpage at <http://www.isramcousa.com/corporate>. By reason of Mr. Tsuff's service on the Nominating Committee, all of the members of the Nominating Committee were not independent directors within the meaning of the NASDAQ Marketplace Rules. However, Rule 5615 of the NASDAQ Marketplace Rules allows a "Controlled Company" to have a nominating committee that does not consist solely of independent directors. The Company believes that it was a "Controlled Company" in 2018 and continues to be a "Controlled Company" within the meaning of the NASDAQ Marketplace Rules, since, at all times during 2018, a majority of the Company's shares are controlled by Haim Tsuff, the Company's Chairman, Co-Chief Executive Officer and President. As a result, the Company maintains its Nominating and Corporate Governance Committee, which does not consist solely of independent directors, in reliance upon NASDAQ Marketplace Rule 5615.

The Nominating and Corporate Governance Committee considers many factors when evaluating candidates for the nomination to the Board, with the goal of fostering a Board of Directors comprised of directors with a variety of experience and backgrounds. Important factors considered as part of the Nominating and Corporate Governance Committee's evaluation include (without limitation): (i) roles and contributions valuable to the business community, (ii) personal qualities of leadership, character and judgment, and whether the candidate possesses and maintains a reputation in the community at large of integrity, trust, respect, competence, and adherence to high ethical standards, (iii) relevant knowledge and diversity of Board members' background and experience, (iv) whether the candidate has the time required for preparation, participation, and attendance at meetings, and (v) requirements relating to Board and Board committee composition under applicable law and NASDAQ listing standards. Depending upon the Company's then-current needs, certain factors may be weighed more or less heavily than others. In considering candidates for the Board, the Nominating and Corporate Governance Committee will consider the entirety of each candidate's credentials, and does not have any specific minimum qualifications that must be met. However, the Nominating and Corporate Governance Committee does believe that all members of the Board should have the highest character and integrity and sufficient time to devote to Company matters.

In addition to considering candidates proposed by officers or other directors of the Company as candidates for nomination as a director, the Nominating and Corporate Governance Committee considers persons recommended by shareholders. In evaluating candidates proposed by shareholders, the Nominating Committee uses the same selection criteria as it uses to evaluate other potential nominees. Recommendations should be submitted by shareholders to the Secretary of the Company. Each recommendation should include a personal biography of the suggested candidate, an indication of the background or experience that qualifies such person for consideration, and a statement that such person has agreed to serve if nominated and elected. Shareholders who wish to nominate a person for election to the Board themselves, rather than recommending a candidate to the Nominating and Corporate Governance Committee for potential nomination by the Board of Directors, must comply with applicable law. For additional information, see "Shareholder Proposals" below.

While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, the Board and the Nominating and Corporate Governance believe that it is essential that Board members represent diverse business backgrounds and experience. A background in or experience with the oil & gas industry is desirable, but not a precondition to nomination. In considering candidates for the Board, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials in the context of these standards. We believe that the backgrounds and qualifications of our directors, considered as a group, should and do provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

In addition, the Nominating and Governance Committee reviews the advisability of a director's continued service on the Board when the director's principal occupation or business association changes, or when circumstances arise which may raise questions about the director's continuing qualifications in relation to the Board membership criteria referred to above. In addition, the Nominating and Corporate Governance Committee: (i) reviews the resignation of any director, (ii) reviews the Board's committee structure and recommends to the Board the appointment of committee members and chairs, (iii) defines and articulates the Company's overall corporate governance structures, including the development and recommendation to the Board of the Company's Corporate Governance Guidelines, (iv) reviews the Company's Corporate Governance Guidelines periodically, and recommends changes as necessary to reflect sound governance practices, and (v) reviews the Company's positions and practices on significant issues of corporate public responsibility, such as protection of the environment and philanthropic contributions.

Table of Contents

CONFLICT COMMITTEE

The Conflict Committee consists of Asaf Yarkoni and Max Pridgeon, two independent directors. Although the Conflict Committee does not have a written charter, its duties are identified and reflected in Company's bylaws. Before any transaction between the Company and any officer or director of the Company, or between the Company and any entity controlled by or affiliated with an officer or director, may be approved and entered into by the Company, such transaction must first be submitted for approval by the Conflict Committee. The Conflict Committee has, except as may be otherwise specified by the Board by unanimous written consent, all the power and authority of the Board of Directors in connection with approving and authorizing proposed transactions between the Company and any officer or director or entity controlled by or affiliated with any officer or director. In that role, the Conflict Committee has reviewed and approved sales of Company Common Stock to related parties, as well as all affiliated financing arrangements with related parties (see Item 13 below). The Conflict Committee met or acted by unanimous twice in 2018 and there have been no related party transactions in 2018 which were not reviewed by the Conflict Committee.

The Company has written guidelines through which the Conflict Committee reviews related party transactions. Under our guidelines, a related person is a director, executive officer, director nominee, or beneficial owner of more than 5% of the Company's Common Stock or any immediate family member of one of the foregoing persons. A related party transaction is any financial transaction, arrangement, or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements, or relationships in which the Company (and/or any of its subsidiaries) is a party and in which the related person has or will have a direct or indirect material interest. In determining whether a direct or indirect interest is material, the significance of the information to the Company and its investors in light of all circumstances is considered. The importance of the interest to the person having the interest, the relationship of the parties to the transaction with each other, and the amount involved are among the factors considered in determining the significance of the information to investors

COMPENSATION COMMITTEE

The current members of the Compensation Committee are Frans Sluiter, Nir Hasson, and Asaf Yarkoni, all of whom are independent directors. The Compensation Committee is responsible for reviewing the compensation arrangements in effect for the Company's executive officers, including the Company's Named Executed Officers. The Compensation Committee met once in 2018. The Compensation Committee has a charter, a copy of which is available at our corporate governance webpage at <http://www.isramcousa.com/corporate>.

The Compensation Committee sets compensation policy and administers the Company's compensation programs for the purpose of attracting and retaining skilled executives who will promote the Company's business goals and build shareholder value. The Compensation Committee is also responsible for reviewing and making recommendations to the Board regarding all forms of compensation to be provided to the Company's Named Executive Officers, including

stock compensation and bonuses.

The Compensation Committee also reviews and recommends to the Board for approval compensation arrangements for the Company's other executive officers, key employees and non-employee directors. The Compensation Committee recommends all compensation awards (including incentive compensation awards), which are then subject to Board review and approval. Mr. Tsuff, the Co-Chief Executive Officer and President, recommends to the Compensation Committee the goals, objectives and compensation for all executive officers (including the Named Executive Officers) and key employees, except himself, and responds to requests for information from the Compensation Committee. Our Co-Chief Executive Officers have no role in approving their own compensation. The Compensation Committee periodically reviews and recommends the compensation of non-employee directors. The Compensation Committee does not delegate its authority and has the sole responsibility of retaining outside counsel or other consultants for the purpose of executing its mandate.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis is intended to provide you with a detailed description of the Company's executive compensation philosophy and objectives, the compensation decisions that the Company's Compensation Committee has made pursuant to those objectives and the factors considered in making those decisions. The Company's compensation program for senior executives is governed by the Compensation Committee, which determines the compensation of all of the Company's executive officers. We note that the Compensation Committee does not tie compensation to any performance metric targets of the Company and, accordingly, sets compensation through a discretionary approach based on factors that are discussed herein below. This discussion and analysis focuses on the Company's named executive officers – the Company's (i) Chairman, Co-Chief Executive Officer and President, (ii) Co-Chief Executive Officer (formerly Senior Vice President) and Chief Financial Officer, (iii) Chief Accounting Officer, and (iv) General Counsel and Secretary.

Table of Contents

Compensation Philosophy and Objectives

The primary objectives of our market based compensation program for Haim Tsuff, Chairman of the Board, Co-Chief Executive Officer and President; Edy Francis, Co-Chief Executive Officer and Chief Financial Officer; Zeev Koltovskoy, Chief Accounting Officer; and Anthony James, General Counsel and Secretary (collectively the “**Named Executive Officers**”) were and are to attract and retain qualified and experienced executive talent, provide appropriate incentives for the Named Executive Officers to apply their efforts in such a way that supports our financial performance objectives and business strategy, and to align their incentives with enhancement of shareholder value. In particular, our compensation program for Named Executive Officers is designed to reward superior job performance and individual initiative to help increase the Company's oil and gas reserves, production rates, earnings per share and to manage operating costs. Approximately 97% of the shares of Common Stock present at the Company's 2017 annual meeting of Shareholders voted in favor of the Company's executive compensation. The Company believes that its compensation philosophy and objectives align with the latest shareholder advisory vote on compensation by incorporating the sentiment of the shareholder advisory vote into decision making regarding the objectives and goals of the Company's compensation program. This consideration of the shareholder sentiment was utilized in determining discretionary cash bonuses and setting salaries for Named Executive Officers.

The Compensation Committee is developing metrics by which executive cash incentives and stock-related incentives will be awarded through the Company's incentive plans. In that effort, the Compensation Committee seeks to compensate the Company's Named Executive Officers so that their aggregate cash and equity compensation is adequate to attract and retain qualified and experienced executive talent, provide appropriate incentives for the Named Executive Officers to apply their efforts in such a way that supports our financial performance objectives and business strategy, and to align their incentives with enhancement of shareholder value. To date, the Company has not issued any stock-related incentives to its Named Executive Officers, and instead relies solely upon cash compensation with respect to its Named Executive Officers.

Role of the Compensation Committee, its Consultants and Management

The Company's Board has entrusted the Compensation Committee to carry out the Board's overall responsibility relating to the compensation of our Named Executive Officers. Our Co-Chief Executive Officer and President also play an important role in the executive compensation process, in overseeing the performance and dynamics of the executive team and generally keeping the Compensation Committee informed of business objectives and the performance of the Named Executive Officers other than the Co-Chief Executive Officer and President. All final approvals regarding the Named Executive Officers' compensation remain with the Compensation Committee. Finally, the Company or the Compensation Committee may retain an independent consulting firm and/or legal counsel experienced in executive and overall compensation practices and policies to assist the Compensation Committee in calibrating the form and amount of executive compensation. No such consulting firms or legal counsel were engaged by the Company or the Compensation Committee in 2018.

The Compensation Committee, together with the assistance and recommendation of our Co-Chief Executive Officer and President, and other advisors deemed appropriate by the Compensation Committee, typically reviews and discusses each particular executive compensation component presented and approves the compensation of the other Named Executive Officers. In the case of our Co-Chief Executive Officer and President, the Compensation Committee, together with the full Board and the Lead Independent Director (Max Pridgeon), reviews and discusses each compensation component (together with compensation consultants and any counsel, other advisors or members of management deemed appropriate by the Compensation Committee). Following this review, the Compensation Committee sets the salary and other compensation of our Co-Chief Executive Officer and President.

Market Analysis

When making compensation decisions, the Compensation Committee considers comparative compensation information of select peer and industry companies as a reference in its review and approval of compensation for the Named Executive Officers. This review is done with respect to both the structure of our executive compensation program as well as the targeted amount of compensation. The Company has selected the following companies as peers for such review:

VANGUARD NATURAL RESOURCES

MEMORIAL PRODUCTION PARTNERS LP

EXCO RESOURCES INC.

CALLON PETROLEUM COMPANY

APPROACH RESOURCES

CONTANGO OIL & GAS COMPANY

PETROQUEST ENERGY INC.

GASTAR EXPLORATION LIMITED (USA)

MID-CON ENERGY PARTNERS LP

TRANSATLANTIC PETROLEUM

SANCHEZ PRODUCTION PARTNERS LLC

ABRAXAS PETROLEUM CORP

STONE ENERGY CORP.

PRIMEENERGY CORPORATION

Because the comparative compensation information is just one of the several analytic tools that are used in setting executive compensation, the Compensation Committee has discretion in determining the nature and extent of its use of any or all of the compensation information of the comparative companies. When exercising its discretion, the Compensation Committee may consider factors such as the nature of officer's duties and responsibilities as compared to the corresponding position in the peer companies, the experience and value the officer brings to the role, the officer's performance results, demonstrated success in meeting key financial and other business objectives and the

amount of the officer's pay relative to the pay of his or her peers within our company.

Elements of Executive Compensation

Setting Executive Compensation in 2018

Base Salary. The base salary of each Named Executive Officer is reviewed annually by the Compensation Committee. The Company's Chairman, Co-Chief Executive Officer and President recommends salary increases for the other Named Executive Officers (but does not provide any recommendation with respect to his own compensation), which are reviewed and approved by the Compensation Committee.

For 2018, the primary factor in determining the amount of increase in base salary was the Compensation Committee's subjective assessment of individual performance of each of our Named Executive Officers. The Compensation Committee also reviewed the comparative compensation data discussed above to assess the reasonableness of the base salary amounts in light of the officer's duties and responsibilities as compared to similarly situated officers in the peer group. The following table reflects annualized base salary amounts for the Named Executive Officers for 2018, 2017 and 2016:

Name	2018 Base Salary	2017 Base Salary	2016 Base Salary
Haim Tsuff	\$ 360,000	\$ 360,000	\$ 360,000
Edy Francis	110,000	110,000	110,000
Zeev Koltovskoy	80,000	80,000	80,000
Anthony James	175,000	175,000	175,000

Annual Cash Incentive Compensation.

In connection with its review of the performance of each of the Named Executive Officers, the Compensation Committee specifically considered each executive's leadership in the performance of his duties and within the Company as a whole. While no specific performance goals or metrics were set out for any Named Executive Officer with regard to annual cash incentive compensation, the Compensation Committee also considered the difficulty of each Named Executive Officer's duties in light of the challenging and competitive nature the Company's operations and the overall economy. The following is a discussion of the material factors the Compensation Committee considered in assessing each Named Executive Officer's contribution and achievement in the performance of his or her individual duties:

Haim Tsuff: In assessing Mr. Tsuff's performance, the Compensation Committee, together with the Lead Independent Director, considered the leadership and strategic vision that Mr. Tsuff provides for the continued growth of the Company as Co-Chief Executive Officer and President. As a result of his significant ownership position in the Company, the Company believes that Mr. Tsuff's objectives are closely aligned with those of our shareholders.

Edy Francis: In assessing Mr. Francis' performance, the Compensation Committee, together with the Lead Independent Director, considered his role as Co-Chief Executive Officer and Chief Financial Officer, including his management of financial restructuring and accounting management that impacted the Company's business.

Zeev Koltovskoy: In assessing Mr. Koltovskoy' performance, the Compensation Committee considered his role as Chief Accounting Officer, including his familiarity with Sarbanes-Oxley compliance procedures and accounting management that impacted the Company's business.

Anthony James: In assessing Mr. James's performance, the Compensation Committee considered his role as in-house counsel, and his roles in Land and Human Resources, including his management of issues that impacted the Company's business.

The following chart presents information about the awards earned by each of the Named Executive Officers as a result of the Compensation Committee's review of the performance of each of the Named Executive Officers:

CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) and applicable SEC rules, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of our Co-Chief Executive Officers.

For fiscal year 2018, the median of the annual total compensation of all of our employees (other than our Co-Chief Executive Officers) was \$43,000. The 2018 annual total compensation of Haim Tsuff, the Company's Chairman of the Board, Co-Chief Executive Officer and President, as reported in the Summary Compensation Table, was \$360,000. The 2018 annual total compensation of Edy Francis, the Company's Co-Chief Executive Officer and Chief Financial Officer, as reported in the Summary Compensation Table, was \$337,275. Based on this information, each of our Co-Chief Executive Officer's 2018 annual total compensation was approximately 8 times that of the median of the 2018 annual total compensation of all of our employees (other than our Co-Chief Executive Officers).

We selected December 31, 2018 as the date used to identify our "median employee" whose annual total compensation was the median of the annual total compensation of all our employees (other than our Co-Chief Executive Officers) for 2018. To identify our median employee, we compared the total wage compensation for all full-time, part-time, temporary and seasonal employees, excluding our Co-Chief Executive Officers, as reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 as of December 31, 2018. Wages and salaries were then annualized for full-time employees that were not employed by us for the entire fiscal year. Other than the foregoing, we did not make any assumptions, adjustments, or estimates with respect to our employees' total wage, and used this consistently applied compensation measure to identify our median employee.

We believe that the foregoing pay ratio is a reasonable estimate calculated in a manner consistent with the SEC's pay ratio disclosure rules. The SEC's pay ratio disclosure rules permit the use of estimates, assumptions, and adjustments, and the SEC has acknowledged that pay ratio disclosures may involve a degree of imprecision. The SEC rules do not specify a single methodology for identification of the median employee or calculation of the CEO pay ratio, and other companies may use assumptions and methodologies that are different from those used by us in calculating their CEO pay ratio. Accordingly, the CEO pay ratio disclosed by other companies may not be comparable to our CEO pay ratio as disclosed above.

Loans:

Deutsche Bank Facility

On May 18, 2015, Tamar Royalties LLC (“Tamar Royalties”), a newly formed, wholly-owned, special purpose subsidiary of the Company, entered into a term loan credit agreement (the “DB Facility”) with Deutsche Bank Trust Company Americas (“Deutsche Bank”), as facility agent for the lenders and as collateral agent for the secured parties, and with the lenders party thereto. The DB Facility provides for borrowings in the amount of \$120,000,000 on a committed basis and is secured by, among other things, an overriding royalty interest in the Tamar Field, a natural gas field in the Mediterranean Sea, equal to 1.5375%, but is subject to increase to 2.7375% upon the Tamar project payout (the “Royalty Interest”). In connection with the DB Facility, and pursuant to a royalties sale and contribution agreement, the Company contributed the Royalty Interest to Tamar Royalties in exchange for all of the ownership units of Tamar Royalties. Pursuant to the terms of its governing documents, Tamar Royalties will be managed by N.M.A. Energy Resources Ltd., a related party of the Company, and an independent manager, Donald J. Puglisi. As consideration for its management of Tamar Royalties LLC, the Company pays twenty thousand dollars (\$20,000) per month to N.M.A. Energy Resources Ltd. As noted herein, the Company owns all of the ownership interests in Tamar Royalties, subject to its management by the aforementioned parties. All overriding royalty payments received in Tamar Royalties LLC are paid by Isramco Negev 2, Limited Partnership, a company affiliated by common ownership.

On June 27, 2015, the Company used a portion of the proceeds secured from the DB Facility to repay the then-outstanding principal and interest balances of the related party debt discussed below. The final payment totaled \$101,022,000, which included loan principal payments totaling \$93,395,000, and interest payments totaling \$7,267,000. The remaining portion of the payment equal to \$360,000 repaid related party payables. As result, all such related party debt was repaid.

As noted in the Company’s 10-K filed on March 18, 2018, with regard to the payout of the Tamar Field, a disagreement between Tamar Royalties and Isramco Negev 2 Limited Partnership has emerged as to whether certain items may be included in the calculation of payout. The disagreement largely stems from the fact that the agreements governing the creation of the Tamar Royalty were formulated in the 1980s and do not have a clear and unequivocal definition as to what costs should be included in the payout calculation. The Company currently believes that the total scope of the disagreement is approximately forty five million dollars (\$45,000,000). Under the terms of the agreements creating the Tamar Royalty, the dispute is subject to arbitration in Israel. The Company expects that the matter will be resolved through this arbitration process. However, the Company cannot be assured of a favorable result resulting from this arbitration process. Accordingly, the Company continues to receive royalty payments at the lower rates as if the Investment Repayment Date has not occurred.

Therefore, as a result of the dispute with the Isramco Negev 2, Tamar Royalties had a shortfall in its Royalties Receivables for the period (or part of the period) between 1st April 2018 and 1st April 2019. As a result, the Company believed Tamar Royalties required an additional \$15,600,000 USD to cover payments under the amortization schedule of the DB Facility (the “Shortfall”), and the Company believed that curing the Shortfall was in the best interest of both Isramco Inc. and Tamar Royalties. Therefore, Isramco Inc. contributed the expected amount of the Shortfall, being \$15,600,000 USD, to Tamar Royalties as an additional capital contribution and such contribution was made pursuant to the terms and conditions of that certain Consent and Agreement dated February 27, 2018, between and among Tamar Royalties, as Borrower, Deutsche Bank Trust Company Americas, as Facility Agent and Collateral Agent, and the Lenders party thereto. As a result of the aforementioned contribution, together with the terms and conditions of the aforementioned consent and assignment, Tamar Royalties remains in compliance with all covenants of the DB Facility.

Reimbursements Related to Litigation Involving Officers, Directors and Affiliates

On or about September 21, 2011, the Company's former Vice President and General Counsel, Dennis Holifield resigned. Mr. Holifield had been hired in March 2011. On or about October 12, 2011, Mr. Holifield submitted a "Summary Report" to the SEC (the "Summary Report"), in which Mr. Holifield made numerous factual allegations regarding Haim Tsuff, the Company's Chairman, Co-Chief Executive Officer, and President; Edy Francis, the Company's Chief Financial Officer; Amir Sanker, the Company's Asset Manager; and other Company personnel. In the Summary Report, Mr. Holifield characterized the alleged conduct as illegal or criminal. On November 3, 2011, the Company's Board of Directors constituted a committee of independent directors consisting of Max Pridgeon and Asaf Yarkoni, referred to as the Special Investigative Committee of the Board of Directors ("SIC") which was directed to investigate all of the Holifield allegations and report back to the full board and make any recommendations, if any, for corrective action. On January 7, 2013, SIC made their final report to the Board of Directors of the conclusions and results of the fourteen-month investigation into the allegations made by Mr. Holifield. The SIC determined that Mr. Holifield's allegations were not supported by any available documentary evidence or by any statements made by former or current Isramco, Inc., directors, management, or employees interviewed by the SIC or its counsel. The SIC also determined that the Company had not engaged in wrongdoing of any sort including any unlawful or unethical business practices, any lapses in financial controls, or any governance issues that require redress or reform.

On September 10, 2013, the Company filed suit against Mr. Holifield in Cause No. 201352927 of the 270th Judicial District Court of Harris County, Texas, to collect damages estimated in the amount of \$1,000,000.00 owing to the Company by virtue of Mr. Holifield's actions, which are alleged in the suit to include, but are not limited to, negligence, negligence per se, gross negligence, and breach of fiduciary duty owed to the Company. In response, in December 2013, Mr. Holifield filed a pro se answer which included counterclaims and a summary judgment motion. In his counterclaims, Mr. Holifield sought to recover from the Company the following damages, inter alia: (i) over \$2,000,000 for loss of income and failure to secure gainful employment arising from his constructive discharge or termination by the Company; (ii) over \$2,000,000 for loss of earnings due to his alleged inability to obtain gainful employment by virtue of the damage caused to his professional reputation by alleged willful and deliberate acts of Haim Tsuff, Edy Francis, and Amir Sanker, (iii) over \$2,000,000 due to the intentional infliction of emotional distress to Mr. Holifield; (iv) an amount estimated at \$5,000,000 arising from Mr. Holifield's claim that the Company violated the Racketeer Influenced Corrupt Organizations Act, by engaging in racketeering and conspiracy; (v) over \$5,000,000 arising from the Company's alleged fraudulent misrepresentation regarding Isramco's purpose in hiring Mr. Holifield and (vi) other relief. The Company believes Mr. Holifield's counter claims have no merit.

Pursuant to a settlement between the Company and Mr. Holifield, the parties agreed to release and dismiss all claims against the other in the above litigation, and to file a Joint Notice of Nonsuit with Prejudice with the Court (the “Joint Notice”). On October 30, 2017, in response to the Joint Notice, the Court entered an order dismissing all claims between the parties with prejudice. Accordingly, the lawsuit between Isramco and its former general counsel, Dennis Holifield, has settled. After Mr. Holifield reviewed the evidence, he came to the conclusion that there is no basis for his accusations against Isramco, its directors, its officers, and its employees. Mr. Holifield regrets any harm caused to Isramco, Haim Tsuff, Edy Francis, and Amir Sanker.

Review, Approval or Ratification of Transaction with Related Persons

On January 11, 2012, the Board of Directors established a Conflict Committee consisting of two independent directors to review and approve all related party transactions. The Conflict Committee has the authority to exercise, except as may be otherwise specified by the Board of Directors by unanimous written consent or otherwise, all the power and authority of the Board of Directors in connection with approving and authorizing proposed transactions between the Company and any director or officer of the Company (or any entity controlled by any director or officer of the Company) (each, a “**Conflict Transaction**”). With respect to any Conflict Transaction that is required to be submitted to the stockholders of the Company for approval, the Conflict Committee shall have the authority to propose to the entire board of directors, for its consideration, what action, if any, should be taken by the Company with respect to such Conflict Transaction.

Director Independence

The Board of Directors has determined that each of the Company's directors other than Mr. Haim Tsuff are "independent directors" within the meaning of the NASDAQ rules.
