REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Administrator of Kulicke and Soffa Industries, Inc. Incentive Savings Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Kulicke and Soffa Industries, Inc. Incentive Savings Plan (the Plan) at December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subject to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

KULICKE AND SOFFA INDUSTRIES, INC. INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2001 AND 2002

1. DESCRIPTION OF THE PLAN

The following description of the Kulicke & Soffa Industries, Inc. (the Company) Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan s provisions.

General

The plan is a defined contribution plan established on January 1, 1987 and most recently amended on October 1, 2001. Employees become eligible to participate upon attaining the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute an amount up to 14% of their compensation, on a before-tax or after-tax basis, for the contribution period subject to IRS limitations. Effective January 1, 2001, the Company began making a matching contribution, on participant before-tax contributions up to 6% of compensation, in an amount equal to 50% for employees with less than fifteen years of service and 100% for employees with fifteen or more years of service. Prior to January 1, 2001, the Company made matching contributions on participant before-tax contributions of up to 6% of compensation, in an amount equal to 30% for employees with less than five years of service, 50% for employees with at least five years of service but less than fifteen and 100% for employees with fifteen or more years of service. Grandfathered matching contributions are additional matching contributions made to participants who had attained the age of 40 on or before December 31, 1995. The additional matching percentage allocated is 25% for participants ages 40-44, 50% for participants ages 45-54 and 75% for participants ages 55 or older. Also, upon beginning participation in the Plan, prior to October 2, 2001, the Company made a one time \$500 initial (Jump Start) contribution for participants. This Jump-Start contribution was discontinued for employees who first became a participant in the plan on or after October 2, 2001.

Participant Accounts

Each participant s account is credited with the participant s contribution and allocation of the Company s contribution and Plan earnings. Earnings are allocated by fund based on the ratio of a participant s account invested in a particular fund to all participants investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant s account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The balance of vesting in the participants accounts is based on years of service. A participant becomes 33 1/3% vested after 2 years of service, 66 2/3% vested after 3 years of service, 100% vested after 4 years of service. However, if an active participant dies prior to attaining the normal retirement age, the participant's account becomes 100% vested.

Payment of Benefits

On termination of service, a participant will receive a lump-sum amount equal to the vested value of his or her account. Distributions are subject to the applicable provisions of the Plan agreement.

Change of Trustee and Recordkeeping Responsibilities

The Company replaced Morgan Stanley Dean Witter Trust FSB as the Plan Trustee effective September 30, 2001 with Fidelity Management Trust Company as the Plan Trustee effective October 1, 2001. The recordkeeping responsibilities were changed effective October 1, 2001 to Fidelity Investments Institutional Operations Company, Inc.
