PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies for the Annual Meeting of Stockholders on October 27, 2003, and any adjournment thereof. Carpenter's 2003 Annual Report is being mailed along with this Notice and Proxy Statement, but is not incorporated as part of the Proxy Statement and is not to be considered part of the proxy solicitation material. These materials are being sent to stockholders on or about September 23, 2003.

Why Proxies are Being Solicited

Carpenter's Board of Directors is soliciting proxies so that every stockholder will have an opportunity to vote at the meeting, whether or not the stockholder attends the meeting in person. You are being asked to vote on two proposals:

The election of three directors to three-year terms, which will expire in 2006; and

Approval of the appointment of PricewaterhouseCoopers LLP as Carpenter's independent auditors for the fiscal year ending June 30, 2004.

Cost of Solicitation

Carpenter will pay the cost of preparing, assembling, and mailing the Notice of Annual Meeting, Proxy Statement and proxy card. Directors, officers, and regular employees of Carpenter may solicit proxies in person or by telephone without additional compensation. Carpenter will reimburse brokerage houses and other nominees for their expenses in forwarding proxy material to beneficial owners of Carpenter stock.

Who Can Vote

Stockholders who were record owners of Carpenter stock at the close of business on August 29, 2003, may vote at the meeting. On August 29, 2003, there were 22,382,492 shares of Carpenter common stock issued and outstanding and entitled to vote. Each share of common stock is

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

entitled to one vote. There were also 349.85 shares of Carpenter's series A convertible preferred stock held by the trustee of the Carpenter Employee Stock Ownership Plan (ESOP). Under the ESOP, each share of preferred stock is convertible into at least 2,000 shares of common stock, with the equivalent of 1.3 votes for each share of common stock, subject to anti-dilution adjustments and to limitations under applicable securities laws and stock exchange regulations. The preferred stock and the common stock vote together as a single class on all matters submitted to holders of common stock.

Each participant in the ESOP, the Savings Plan of Carpenter Technology Corporation (Savings Plan) and subsidiary benefit plans which offer Carpenter stock as an investment may direct the trustee of each plan how to vote the shares credited to the participant's account. The trustee will vote any shares for which no direction is received, or shares in the ESOP that have not yet been allocated to participating employees' accounts, in the same proportion and manner as the directed shares.

How to Vote

You may vote in one of four ways:

Vote Over the Internet

If your shares are held in the name of a broker, bank or other nominee: Vote your Carpenter shares over the Internet by accessing the website given on the proxy card you received from such broker, bank, or other nominee. You will need the control number that appears on your proxy card when you access the web page.

If your shares are registered in your name: Vote your Carpenter shares over the Internet by accessing American Stock Transfer & Trust Company's Proxy Vote Online website at www.voteproxy.com and following the on-screen instructions. You will need the control number that appears on your proxy card when you access the web page.

Vote By Telephone (Touch-Tone Phone Only)

If your shares are held in the name of a broker, bank, or other nominee: Vote your Carpenter shares over the telephone by following the telephone voting instructions, if any, provided on the proxy card you received from such broker, bank or other nominee.

If your shares are registered in your name: Vote your Carpenter shares over the telephone by accessing the telephone voting system toll-free at 1-800-PROXIES and following the telephone voting instructions. The telephone instructions will lead you through the voting process. You will need the control number that appears on your proxy card when you call.

Internet and telephone voting will provide proxies the same authority to vote your shares as if you returned your proxy card.

Vote by Returning Your Proxy Card

You may vote by signing and returning your proxy card. The proxy holders will vote your shares according to your directions. If you sign and return your proxy card without specifying choices, your shares will be voted as recommended by the Board of Directors. If you wish to give a proxy to someone other than those designated on the proxy card, you may do so by crossing out the names of the designated proxies and inserting the name of another person. The person representing you should then present your signed proxy card at the meeting.

Vote by Ballot at the Meeting

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

You may also attend the meeting and vote by a ballot that you will receive at the meeting. Your admission ticket to the meeting is attached to your proxy card.

If You Change Your Mind After Voting

You can revoke your proxy at any time before it is voted. Proxies are voted at the Annual Meeting. You can write to the Corporate Secretary stating that you wish to revoke your proxy and that you need another proxy card. More simply, you can vote again, either over the Internet or by telephone. Your last vote is the vote that will be counted. If you attend the meeting, you may vote by ballot, which will cancel your previous proxy vote.

Table of Contents

Required Vote

Holders of a majority of the outstanding shares must attend or be represented by proxy at the Annual Meeting to constitute a quorum so that business may be conducted. Carpenter's By-Laws and Delaware law govern the vote needed to approve the proposals. Directors are elected by a plurality of the total votes cast. A majority of the votes cast must approve the appointment of independent auditors.

Abstentions and votes withheld for directors are counted towards the quorum, but are not included in the vote count for election of the directors or approval of the independent auditors. In the absence of instruction from the customers who are the beneficial owners, brokers who hold shares in street name for customers have discretionary authority to vote on certain routine matters, such as the election of directors and approval of independent auditors. A broker non-vote occurs when brokers do not have such discretionary voting authority under the rules of the New York Stock Exchange. Because brokers will have discretionary authority to elect directors and to approve the appointment of PricewaterhouseCoopers, there will be no broker non-votes at the meeting.

Stockholder Nominations to the Board of Directors

The Corporate Governance Committee will consider sound and meritorious nomination suggestions from stockholders. Under Carpenter's By-Laws, all letters of recommendation for nomination at the 2004 Annual Meeting of Stockholders must be received by the Corporate Secretary at Carpenter's headquarters between July 29, 2004 and August 28, 2004. Your notice to the Corporate Secretary should contain your name, address, and number of shares of Carpenter stock you own, in addition to the following information:

For each person you propose to nominate for election or re-election as a director specify:

- (i) name, age, business address, and residence address;
- (ii) principal occupation or employment;
- (iii) number of shares of Carpenter stock beneficially owned by the person; and
- (iv) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to Schedule 14A under the proxy rules.

A signed statement from the person recommended for nomination indicating that he or she consents to be considered as a nominee.

Carpenter may require any proposed nominee to furnish other information reasonably necessary to determine the person's eligibility to serve as a director of Carpenter. Only individuals nominated in accordance with Carpenter's By-Laws and applicable Delaware law are eligible for election as a director.

2004 Stockholder Proposals

If you wish to include a proposal in the Proxy Statement for the 2004 Annual Meeting of Stockholders, your written proposal must be received by Carpenter no later than May 25, 2004. The proposal should be mailed by certified mail, return receipt requested, and must comply in all respects with applicable rules and regulations of the Securities and Exchange Commission, the laws of the State of Delaware, and Carpenter's By-Laws. Stockholder proposals may be mailed to the Corporate Secretary, Carpenter Technology Corporation, P.O. Box 14662, Reading, PA 19612-4662.

Under Carpenter's By-Laws, stockholder proposals that are not included in the proxy materials may be presented at the 2004 Annual Meeting of Stockholders only if they meet the above requirements and

Table of Contents

the Corporate Secretary is notified in writing of the proposals between July 29, 2004 and August 28, 2004. For each matter that you wish to bring before the meeting, provide the following information:

- (i) a brief description of the business and the reason for bringing it to the meeting;
- (ii) your name and record address;
- (iii) the number of shares of Carpenter stock which you own; and
- (iv) any material interest (such as financial or personal interest) that you have in the matter.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

Listed below are the only individuals and entities known by Carpenter to own more than 5% of the common stock as of August 29, 2003:

<u>Name and Address of Beneficial Owner</u>	<u>Number of Shares</u> <u>Beneficially Owned</u>	<u>Percent⁽¹⁾</u> <u>of Class</u>
Ada E. Rossin and Estate of Peter C. Rossin 1500 Oliver Building Pittsburgh, PA 15222	2,278,420 ⁽²⁾	9.9%
Dimensional Fund Advisors Inc. 1299 Ocean Avenue, 11th Floor Santa Monica, CA 90401	1,671,000 ⁽³⁾	7.2%
T. Rowe Price Associates 100 East Pratt Street Baltimore, MD 21289-9010	1,181,000 ⁽⁴⁾	5.1%

⁽¹⁾ The percentages are calculated on the basis of the common stock outstanding plus the common stock that would be outstanding if the shares of convertible preferred stock in the ESOP were converted, using the conversion ratio of one preferred share equal to 2,000 shares of common stock.

⁽²⁾ These shares are subject to a standstill agreement among Carpenter, Mrs. Rossin and the Estate of Mr. Peter C. Rossin (Rossin Estate). This agreement was entered into when Carpenter purchased Dynamet Incorporated in 1997. The standstill agreement provides certain limitations on the ability of Mrs. Rossin and the Rossin Estate to buy or sell the common stock, solicit proxies, participate in a tender offer, business combination, or restructuring of voting securities affecting Carpenter and on the ability of Mrs. Rossin and the Rossin Estate to seek control of or influence Carpenter s Board or Management. In addition, the standstill agreement provides that the Board will recommend the election, as a director of Carpenter, of a person that Mrs. Rossin, the Rossin Estate and the other former Dynamet

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

shareholders designate, if the person is reasonably acceptable to the Board. The standstill agreement expires in 2007, unless terminated earlier because of a change in control of Carpenter or a reduction below 5% of the voting power of the former Dynamet shareholders. Such number does not include 5,922 director stock units held by Mr. Peter C. Rossin (deceased), the value of which is to be paid to Mrs. Rossin in cash.

- ⁽³⁾ This information as of June 30, 2003, was supplied to Carpenter by Dimensional Fund Advisors Inc. (Dimensional). Dimensional is an investment advisor registered under the Federal Investment Advisors Act. It furnishes investment advice to four investment companies and serves as investment manager to certain other investment vehicles, including commingled group trusts. In its role as investment advisor and investment manager, Dimensional possesses sole voting power and investment power over all of these shares of Carpenter stock. The investment companies and investment vehicles own all these shares of Carpenter stock. Dimensional disclaims beneficial ownership of these shares.

The Board of Directors held ten meetings during fiscal year 2003. In addition, there were nine Committee meetings. The average attendance for Carpenter's directors at these meetings was over 90%. Each director attended at least 75% of the total number of meetings of the Board and the Committees on which the director served during fiscal 2003.

Committees of the Board

The Board of Directors has three standing Committees: Audit/Finance, Corporate Governance and Human Resources. No member of any Committee may be an employee or former employee of Carpenter. The Board of Directors has determined that all of the directors, with the exception of Mr. Torcolini, are independent. On August 21, 2003, the Charters for the following Committees were revised and the amended Charter for the Audit/Finance Committee is attached as an appendix to this Proxy Statement. All of the revised Charters have been posted on Carpenter's website at www.carttech.com.

Director Compensation Program

No director who is an employee of Carpenter is compensated as a member of the Board. Compensation for non-employee directors consists of an annual retainer of \$40,000, plus travel expenses, where appropriate, for attending all Board of Directors and Committee meetings. Each Committee Chairperson receives an additional annual retainer of \$3,000. At least 50% of the \$40,000 annual retainer for Board service is paid in stock units that convert to an equivalent number of shares of common stock following retirement or termination of service due to disability. The value of these stock units will vary depending on the fair market value of the shares of Carpenter's common stock. At the director's election, the remaining 50% of the retainer is paid in cash or deferred and paid in either cash or shares of stock at the time of distribution.

Each non-employee director who joins the Board is granted an option to purchase 2,000 shares of common stock. In addition, following each annual meeting, each non-employee director is granted an option to purchase 4,000 shares of common stock. These options permit the director, after one year of service following the grant, to purchase shares of common stock at the stock's fair market value on the date of grant. The options expire ten years from the date of grant.

AUDIT/FINANCE COMMITTEE REPORT

The Board of Directors has charged the Audit/Finance Committee with a number of responsibilities, including review of the adequacy of Carpenter's financial reporting and accounting systems and controls. The Committee has a direct line of communication with Carpenter's independent auditors and the Director-Internal Audit. The Committee is composed entirely of independent directors as defined by the listing standards of the New York Stock Exchange and the rules of the Securities and Exchange Commission (the "SEC"). The Board has adopted a revised Audit/Finance Committee Charter. A copy of the Charter, as amended on August 21, 2003, is included as an appendix to this Proxy Statement and has been posted on Carpenter's website at www.cartech.com.

In the discharge of its responsibilities, the Audit/Finance Committee has reviewed and discussed with management and the independent auditors Carpenter's audited financial statements for fiscal 2003. In addition, the Committee has discussed with the independent auditors matters such as the quality (in addition to acceptability), clarity, consistency, and completeness of Carpenter's financial reporting, as required by U.S. Auditing Standards Section AU380, Communication with Audit Committees.

The Audit/Finance Committee has considered the compatibility of the provision of non-audit services with the independent auditors' maintenance of independence and has received from PricewaterhouseCoopers LLP written disclosures and a letter concerning the independent auditors' independence from Carpenter, as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. These disclosures have been reviewed by the Committee and discussed with PricewaterhouseCoopers.

Based on these reviews and discussions, the Committee has recommended to the Board that the audited financial statements be included in Carpenter's 2003 Annual Report on Form 10-K, for filing with the SEC.

HUMAN RESOURCES COMMITTEE REPORT

The Human Resources Committee of the Board of Directors is composed entirely of nonmanagement directors. The Committee is responsible for the establishment and oversight of Carpenter's executive compensation programs.

Compensation Philosophy

Carpenter's executive compensation programs are designed to fulfill the following objectives:

Attract, retain, and motivate highly effective executives;

Link executive reward with enhanced stockholder value and profitability;

Reward sustained corporate, functional, and/or individual performance with an appropriate base salary and incentive opportunity;

Link pay to Carpenter's financial performance and the achievement of Carpenter's strategic business objectives; and

Stimulate and sustain significant management ownership in Carpenter.

This philosophy remains unchanged in 2003 and continues to serve as the foundation for executive compensation policy and program application.

Carpenter targets pay at market competitive (median) levels for achievement of expected levels of performance. During fiscal 2003, the Committee worked with a nationally recognized, independent consulting firm to review the competitiveness of the executive compensation program. This review is done on an annual basis. The analysis compares Carpenter's pay levels to the pay levels of a group of general industrial and basic materials companies of similar size. These companies reflect the labor pool for executive talent generally rather than the labor pool specifically available to Carpenter's competitors.

On an overall basis, Carpenter's executive compensation is well below competitive levels of pay. The competitive shortfall is primarily driven by no increases to base salaries, actual bonuses being zero for 2001, 2002, and 2003, and the long-term incentive grants being below competitive levels. The nature and magnitude of pay varies for each Named Executive Officer.

Base Salary

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

In general, base salaries are targeted at market 50th percentile levels and are normally adjusted by the Committee to recognize each individual's responsibility, experience, and value to the organization. However, due to company performance in fiscal year 2003, no base salary increases were given.

Annual Incentives

The Executive Annual Compensation Plan (EACP) provides short-term variable compensation for the Named Executive Officers and other eligible executives with payments based on combinations of corporate and business unit financial performance. For fiscal year 2003, the Committee established, and the full Board approved, earnings per share (EPS), excluding the net pension credit, free cash flow (net cash provided before financing activities less dividends paid), and economic profit (net operating profit less a charge for cost of capital) as the key corporate measures for the EACP. In addition, business unit Return On Net Assets (RONA) was established as an additional component for Mr. Shor. Given Carpenter's fiscal year 2003 performance, there were no bonus payouts under the EACP.

Table of Contents

For fiscal year 2004, the Committee recommended, and the full Board approved EPS and RONA as the key corporate measures for the EACP.

Long-Term Incentives

Carpenter continues to deliver a significant portion of an executive's total pay opportunity in the form of long-term incentive compensation. Long-term incentives are viewed to be a key program element, given the Committee's desire to reinforce connections between sustainable financial performance, shareholder value creation and executive pay. Long-term incentive awards are grants of non-qualified stock options.

The 2003 stock option awards were issued with exercise prices equal to the fair market value of the underlying shares. The magnitude of stock option grants is reviewed annually. Based on a review conducted by an outside consulting firm, new long-term incentive grant guidelines were approved in June 2003. While competitive practices influence long-term incentive grant guidelines, actual grants can be increased or decreased based on the Committee's assessment of Carpenter's performance, individual contribution, and other relevant factors.

Stock Ownership Guidelines

Carpenter introduced stock ownership guidelines in 1997 to further its objective of increasing management's ownership stake. Over time, executives are expected to achieve and maintain ownership of certain amounts of common stock. The Chief Executive Officer and Chief Operating Officer are expected to own 3 times their base salary in Carpenter stock. Senior Vice Presidents and Vice Presidents are expected to own 1.5 times their base salary in Carpenter stock and other covered executives are expected to own Carpenter stock in the amount of their base salary. The primary intent of these guidelines is to significantly increase the extent to which each executive's personal wealth is directly linked to the performance of Carpenter's common stock. During 2003, beneficial share ownership of the Named Executive Officers increased 2% over 2002 ownership levels.

Policy with Respect to the \$1 Million Deduction Limit

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction for compensation paid to certain individuals, including the Named Executive Officers, to \$1 million, unless certain requirements are met. Carpenter's long-term incentive arrangements have been generally structured to conform with Internal Revenue Code guidelines for performance-based compensation and, as such, should preserve the deductibility of these amounts. The Committee will continue to monitor the potential deductibility of other components of Carpenter's pay package.

Table of Contents

CEO Compensation

For fiscal year 2003, the Committee recommended and the full Board of Directors set the salary of the CEO, as well as the salaries of other Named Executive Officers. There were no salary merit increases granted for the CEO or any of the other Named Executive Officers for fiscal year 2003. Also, there are no planned merit increases for the Named Executive Officers for fiscal year 2004. At the end of fiscal year 2003, Mr. Draeger retired as Chairman and CEO. The Board elected Mr. Torcolini to succeed him as Chairman, President and Chief Executive Officer.

The Board has adopted a revised charter for the Human Resources Committee. A copy of the Charter, as amended on August 21, 2003, has been posted on Carpenter's website at www.cartech.com. The revisions, in part, delegate sole authority to the Human Resources Committee to establish the salary and other elements of compensation for the CEO and other executive officers.

Annual Base Salary

Mr. Draeger did not receive a salary increase during fiscal year 2003 and his salary remained at \$500,000.

Mr. Torcolini's base salary was increased to \$360,000 upon his promotion to President and Chief Operating Officer, effective July 1, 2002 (fiscal year 2003). However, upon his promotion to CEO effective July 1, 2003, Mr. Torcolini requested that his base salary not be increased, and the Board concurred. For fiscal year 2004, Mr. Torcolini's base salary will remain at \$360,000.

Annual Incentives

There were no bonus payments made to either Mr. Draeger or Mr. Torcolini for fiscal year 2003.

Long-Term Incentives

There were no non-qualified stock option grants to Mr. Draeger during fiscal year 2003. The Committee approved a grant to Mr. Torcolini of 150,000 non-qualified stock options in accordance with competitive standings and to link his compensation with shareholder interests.

(1) The column for Other Annual Compensation has been omitted. The value of above-market interest payments accrued upon deferred compensation for the Named Executive Officers has been included in the All Other Compensation column. For fiscal year 2003, the value of the above-market portion of the interest paid on deferred compensation was as follows: Mr. Draeger - \$308; Mr. Torcolini - \$133; Mr. Shor - \$42; Mr. Geremski - \$524; Mr. Lodge - \$28; and Mr. Welty - \$30. No above-market interest payments are included for fiscal years 2002 or 2001, because the amounts were nominal.

(2) Messrs. Draeger, Torcolini, Shor, Geremski, Lodge and Welty were awarded restricted stock in fiscal 2002. The vesting schedules for the 2002 restricted stock awards to Messrs. Draeger, Torcolini, Shor, Geremski and Welty are 50% annually over a two-year period or 100% at retirement, whichever comes first.

Table of Contents

Mr. Lodge received two separate awards in fiscal 2002, one with a vesting schedule of 50% annually over a two-year period or 100% at retirement, whichever comes first, and the other with a vesting schedule of 100% at the end of fiscal 2004. Messrs. Draeger, Torcolini, Shor, and Geremski were awarded restricted stock in fiscal 2001. The restricted stock awarded to Messrs. Torcolini and Shor in 2001 have vesting schedules of one-third annually over a three-year period. The restricted stock awarded to Mr. Draeger in 2001 had a vesting schedule of one-fourth annually over a four-year period, or 100% at retirement, whichever comes first. The restricted stock awarded to Mr. Geremski in 2001 will vest in 2006. The value of restricted stock reported in the table is based on the closing price of the stock on the date that the stock was granted. At the end of the fiscal year, the total restricted stock granted to Messrs. Draeger, Torcolini, Shor, Geremski, Lodge and Welty was valued at \$0, \$177,840, \$124,800, \$108,420, \$135,720 and \$0, respectively, based on the June 30, 2003 closing price of \$15.60. All outstanding restricted stock granted to Messrs. Draeger and Welty were fully vested upon their retirements, effective June 30, 2003, and February 28, 2003, respectively. Carpenter does pay dividend equivalents on these shares of restricted stock.

- (3) Amounts include contributions by Carpenter for fiscal years 2003, 2002, and 2001 for the Named Executive Officers under the Savings Plan, the Deferred Compensation Plan for Officers and Key Employees and the ESOP (ESOP units contributed because of dividend equivalents on the ESOP account balance are not included). Due to the timing of contributions on a fiscal year basis, some of the amounts contributed under the Savings Plan exceed the IRS calendar year limit. For fiscal 2003, these contributions were as follows:

Savings Plan:					
Draeger	\$6,000	Shor	\$6,061	Lodge	\$6,000
Torcolini	\$6,600	Geremski	\$6,141	Welty	\$3,588
Deferred Compensation Plan:					
Draeger	\$9,001	Shor	\$2,786	Lodge	\$360
Torcolini	\$4,150	Geremski	\$2,706	Welty	\$600

ESOP: 12.41 units (exclusive of amounts for dividend equivalents) of preferred stock were allocated on December 31, 2002 to each of the accounts of Messrs. Draeger, Torcolini, Shor, Geremski, Lodge and Welty. At that time, each unit was valued at \$32.50, the minimum value under the ESOP.

- (4) Amounts include premiums paid by Carpenter on term life insurance policies for the Named Executive Officers. For fiscal 2003, these premiums were as follows: Mr. Draeger - \$1,200; Mr. Torcolini - \$864; Mr. Shor - \$708; Mr. Geremski - \$708; Mr. Lodge - \$509; and Mr. Welty - \$528.
- (5) Amounts include \$139,174 paid by Carpenter for expenses, including relocation and temporary living expenses, incurred by Mr. Torcolini in connection with his move from Washington, PA to Reading, PA.
- (6) The base salaries of Messrs. Shor and Geremski did not increase in fiscal year 2003. The difference between fiscal years 2002 and 2003 is the result of a full year's annualization of base salary increases Messrs. Shor and Geremski received in February 2002 (fiscal year 2002).
- (7) Amounts include \$14,432, \$61,130 and \$26,402 for fiscal years 2003, 2002 and 2001, respectively, paid by Carpenter for expenses, including relocation and temporary living expenses, incurred by Mr. Geremski in connection with his commencement of employment on January 29, 2001.
- (8) Mr. Lodge requested that no stock options be granted to him in fiscal year 2003.
- (9) Mr. Welty retired effective February 28, 2003. Amounts include \$270,000 in compensation and consulting payments related to Mr. Welty's retirement.

Table of Contents**Stock Options**

The following table shows certain information concerning stock options granted to the Named Executive Officers in fiscal year 2003. While Carpenter's stock-based incentive plan permits the granting of stock appreciation rights, there were no stock appreciation rights granted in fiscal year 2003 and there are none outstanding at this time.

⁽¹⁾ In fiscal year 2003, the stock options were granted at the market value on the date of grant, are exercisable over a 3-year period, with one-third being exercisable each year, and will expire no more than ten years after the date of grant.

⁽²⁾ Based on the Black-Scholes option-pricing model adapted for use in valuing officer stock options. The actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised, so that there is no assurance that the value realized by an executive will be at or near the value estimated by the Black-Scholes model. The estimated values under this model are based on certain assumptions for stock price volatility, risk-free interest rates, and future dividend yield. Specifically, the Black-Scholes valuation employed the following factors: risk-free rate of return of 2.32% based upon the five-year Treasury rates as of grant date, a dividend yield of 2.05% based upon the annualized value of the quarterly dividend preceding the option grant date, exercise term of five years, stock price volatility of 30.1% based upon the variance in daily stock price changes for the five years preceding the option grant date, and that no adjustments have been made for transferability or risk of option forfeiture.

⁽³⁾ Mr. Lodge requested that no stock options be granted to him in fiscal year 2003.

Special Severance Agreements

During fiscal year 2001, Carpenter amended and restated its Special Severance Agreements with its Executive Officers. Under these agreements, if the officer's employment is terminated following a change in control of Carpenter, the officer will receive his full salary and all bonuses, pension and other benefits through the termination date. In addition, if the termination is by Carpenter, other than for cause, or by the officer for good reason, the officer will receive (1) a lump sum payment equal to three years salary and full annual bonus (computed without regard to actual attainment of relevant performance goals), (2) an enhanced pension benefit either paid as a lump sum from general assets or under the SERP, and (3) the vesting of all restricted stock, and the ability to exercise all other grants. In addition, under similar circumstances, the agreements provide continuation of all other active benefits for three years, tax and financial planning for three years, outplacement services, company payment of any federal excise tax created by the agreement and reimbursement of any legal fees for enforcing or defending the agreement. Messrs. Torcolini, Geremski, Lodge and Shor all have entered into Special Severance Agreements in the form described above. The amended and restated Special Severance Agreements are currently in effect and automatically renew for three-year periods on an evergreen basis.

Savings Plan of Carpenter Technology Corporation

The Savings Plan is a profit sharing and employee stock ownership plan established pursuant to Sections 401(a), 401(k) and 4975(e) of the Internal Revenue Code. Carpenter contributes 3% of the base pay of each eligible employee (including officers) to the Plan. Carpenter's contribution is invested, as the employee selects, into one or more pre-established investment funds. If Carpenter's contribution for an employee under the Savings Plan is limited by the Internal Revenue Code, the employee will receive these lost Savings Plan contributions under the Deferred Compensation Plan for Officers and Key Employees. In addition, an employee may authorize Carpenter to make contributions, including salary deferrals, limited to 35% of total pay. Amounts in the Summary Compensation Table include amounts deferred.

Employee Stock Ownership Plan

Edgar Filing: CARPENTER TECHNOLOGY CORP - Form DEF 14A

The Carpenter Technology Corporation Employee Stock Ownership Plan (ESOP) was established in 1991. The trustee of the ESOP, State Street Bank and Trust Company, purchased 461.5384615 shares of series A convertible preferred stock from Carpenter at a price of \$65,000 per share, or an aggregate purchase price of approximately \$30 million, for a 15-year note issued by the trustee to Carpenter and a small amount of cash.

Table of Contents

Each share of preferred stock is convertible, at the trustee's option, into at least 2,000 shares of common stock at a conversion price of \$32.50 per share of common stock. The preferred shares are divided into 2,000 equal units. Each eligible employee was allocated one unit on the effective date of the ESOP, September 6, 1991. Additional units are allocated to employees as the loan is repaid. Generally, only those employees actively employed on the last day of the plan year, December 31, will receive an allocation for that year. The funds used by the ESOP to repay the loan come from contributions by Carpenter and dividends on the ESOP shares.

Retirement Benefits

The General Retirement Plan for Employees of Carpenter Technology Corporation provides retirement benefits to employees, including the Named Executive Officers, at age 65 (with five years of service), or as early as age 55 (with ten years of service); or at any age with 30 years of service. Such benefits are based on either: (1) a fixed monthly rate for each year of service; or (2) the product of 1.3% times each of the first 20 years of service, plus 1.4% times each year of service over 20, multiplied by the individual's highest average earnings. This average is calculated from the highest five annual periods (during the last ten years of service) that end on the individual's retirement anniversary. For pension purposes, earnings include all salaries, bonuses, and extra compensation.

Carpenter has two plans for those participants in the General Retirement Plan whose benefits are reduced by limitations of the Internal Revenue Code, the Benefit Equalization Plan and the Earnings Adjustment Plan. These two plans will restore amounts lost under the General Retirement Plan because of Code limitations. In general, benefits under these plans are subject to the same administrative rules as the General Retirement Plan.

Certain executives, including the Named Executive Officers, have been designated by the Board of Directors as participants under the Supplemental Retirement Plan for Executives (SERP). This supplemental benefit is payable for a fixed term of 15 years or as an actuarially equivalent life annuity, commencing in the month following retirement (unless a disabled participant elects a later date). The total benefits a participant will receive from these retirement plans, plus primary Social Security and pension benefits from any prior employment, will be approximately 60% of the participant's average earnings (as calculated under the General Retirement Plan) when retirement occurs with 30 years of service. Bonuses voluntarily waived by executive officers for fiscal 2002 will be included for purposes of determining average earnings under the SERP. The benefits for Messrs. Draeger, Geremski and Lodge are to be calculated without regard to pension benefits from prior employment. In addition, Mr. Draeger will receive a minimum benefit equal to 50% of his average earnings and Mr. Geremski will receive a similar minimum 50% benefit upon completion of five years of service.

The Officers' Supplemental Retirement Plan provides supplemental pension benefits to participants who have benefits reduced under the General Retirement Plan because of amounts deferred under the Deferred Compensation Plan. The Officers' Supplemental Retirement Plan restores reductions that occur under the General Retirement Plan as a result of these deferrals, without regard to any limitations of the Internal Revenue Code. Benefits under this Plan are subject to the same administrative rules as the General Retirement Plan.

The following table illustrates the total annual retirement benefits payable under the retirement plans described in this section. A participant may receive less than the maximum benefit dependent upon age and the date granted SERP participation.

Table of Contents**Stock Performance Graph**

The graphs below show for a five-year period the cumulative total stockholder return on Carpenter's common stock compared to the cumulative total return of the Russell 2000 Index and two peer groups of companies. The Russell 2000 is a broad-based index that includes smaller market capitalization stocks, including Carpenter's stock. Carpenter is revising the peer group it used in last year's stock performance graph for the reasons described below. For comparison purposes, graphs using both the prior peer group and the revised peer group are shown separately below.

The Peer Group Index for the prior peer group is comprised of the following companies: Allegheny Technologies, Inc., A.M. Castle & Co., Slater Steel Incorporated, The Timken Company and Special Metals Corporation. These are publicly traded companies involved currently, or for a part of the period shown in the table, in the distribution or manufacture of specialty metal products in the United States. Special Metals Corporation filed for reorganization under Chapter 11 of the federal bankruptcy laws on March 27, 2002. On June 2, 2003, Slater Steel Incorporated and certain of its subsidiaries filed for creditor protection under the Companies Creditors Arrangement Act in Canada and under the U.S. Bankruptcy Code.

Table of Contents

Because two members of the prior peer group have filed for and remain in bankruptcy proceedings, Carpenter has determined that it is appropriate to revise the peer group with which Carpenter's total stockholder return is compared. The revised Peer Group Index is comprised of the following companies: Allegheny Technologies, Inc., A.M. Castle & Co., Quanex Corp., RTI International Metals, Inc., Ryerson Tull, Inc. and The Timken Company. These are publicly traded companies involved in the distribution or manufacture of products or components made from specialty metals and related materials.

The Audit/Finance Committee (the Committee) is a standing committee of the Board of Directors established pursuant to Section 3.1 of the Company's Bylaws. The audit duties focus on (1) the integrity of the financial statements of the Company; (2) the qualifications and independence of the External Auditor (as defined in Article II), (3) the performance of the Company's internal audit function and External Auditor; and (4) the Company's compliance with legal, regulatory, ethical and business conduct requirements. The finance duties of the Committee entail review of certain actions and recommendations to the Board of Directors relating to the Company's capital structure, pension and asset management, and dividend policy.

II. Membership

The Committee shall consist of only non-management directors who at all times shall meet the independence and experience requirements of the New York Stock Exchange (NYSE) and the Securities and Exchange Commission (SEC), as well as other applicable legal requirements and other criteria as may be established by the Board of Directors. A non-management director is a director who is neither a current nor a former employee of the Company or its affiliates. Each Committee member shall be, or shall become within a reasonable period of time after appointment to the Committee, financially literate, as determined by the Board of Directors in its business judgment. A Director may be re-appointed to the Committee after a lapse of membership on the Committee for a period of at least one year. The terms of the Committee members shall be staggered so that at least one new member is appointed to the Committee at each Annual Meeting of the Board. The Committee shall meet at least four times annually with additional meetings held upon the call of the Committee Chairperson or any two members of the Committee. The Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Corporate Controller, Manager-Internal Audit, the Treasurer, General Counsel and Secretary, and a representative from the External Auditor may attend each Committee meeting. The Committee shall also maintain a direct and separate line of communication between itself and the Manager-Internal Audit and the External Auditor.

B. To accomplish its purposes, the Committee shall:

1. The preapproval requirement set forth above, shall not be applicable with respect to the provision of Permissible Services, if:

The decisions of any member to whom authority is delegated to preapprove a Permissible Service under this subsection shall be presented to the full Committee at its next scheduled meeting.

For purposes of this Section, the External Auditor shall not be permitted to provide to the Company, contemporaneously with the audit, any of the following non-audit services, which shall not constitute Permissible Services:
