PROXY STATEMENT

Annual Meeting of Shareholders

to be held May 4, 2004

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Camden National Corporation, a Maine corporation (the Company), for use at the 2004 Annual Meeting of Shareholders of the Company to be held on Tuesday, May 4, 2004 at 3:00 p.m., local time, at the Camden National Corporation Service Center, Fox Ridge Office Park, Route One, Rockport, Maine 04856 and any adjournments or postponements thereof (the Annual Meeting). Only shareholders of record as of March 15, 2004 (the Record Date) will be entitled to notice of, and to vote at, the Annual Meeting. Each share is entitled to cast one vote for each of the two nominees to the Company's Board of Directors and to cast one vote on each of the other matters to be voted on at the Annual Meeting. Cumulative voting is not permitted. As of the Record Date, 7,737,023 shares of the Company's common stock, no par value (Common Stock), were outstanding and entitled to vote at the Annual Meeting.

The Company will bear the cost of soliciting proxies. In addition to use of the mails, proxies may be solicited personally or by telephone or telegraph by the Company's directors and officers who will not be specially compensated for such solicitation. The Company has engaged American Stock Transfer and Trust Company (AST&T), its transfer agent, to solicit proxies held by brokers and nominees for a fee of \$300 plus reimbursement for reasonable out-of-pocket expenses in the solicitation of proxies. Brokerage firms and other custodians, nominees and fiduciaries will be requested to forward these soliciting materials to their principals and the Company will, upon request, reimburse them for their reasonable expenses of doing so. AST&T's transfer books will remain open between the Record Date and the date of the Annual Meeting.

The Notice of Annual Meeting, Proxy Statement and Proxy Card were first mailed to the Company's shareholders on or about April 1, 2004 to solicit proxies for the Annual Meeting. Any shareholder giving a proxy has the right to revoke it at any time before it is exercised; therefore, the delivery of an executed Proxy Card will not in any way affect a shareholder's right to attend the Annual Meeting and vote in person. Revocation may be made prior to the Annual Meeting by written revocation or duly executed Proxy Card bearing a later date sent to the Company, Attention: Arthur E. Strout, Secretary, Two Elm Street, Camden, Maine 04843; or a proxy may be revoked personally at the Annual Meeting by written notice to the Secretary at the Annual Meeting prior to the voting of the proxy. In the absence of specific instructions to the contrary, shares represented by properly executed proxies received by the Company, including unmarked proxies, will be voted to (a) elect the nominees to the Company's Board of Directors described herein, (b) ratify the selection of Berry, Dunn, McNeil and Parker as the Company's independent public accountant for 2004 and (c) consider and act upon such other business, matters or proposals as may properly come before the Annual Meeting.

The holders of one third of the total number of outstanding shares of Common Stock, present in person or by proxy, are required for a quorum at the Annual Meeting. There were 7,737,023 shares of Common Stock outstanding as of the Record Date. If a quorum is present at the Annual Meeting, a simple majority of shares voted is required to elect each of the two directors and to ratify the selection of Berry, Dunn, McNeil and Parker as the Company's independent public accountant for 2004. The inspector of election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but not for purposes of voting with respect to determining the approval of any matter submitted to the shareholders for a vote. If a broker indicates on the Proxy Card that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will be considered as present for purposes of determining a quorum but not for purposes of voting with respect to that matter.

PRINCIPAL SHAREHOLDERS

As of the Record Date, there were 7,737,023 shares of Common Stock outstanding, held of record by approximately 989 shareholders. Only shareholders of record as of the Record Date shall be entitled to vote at the Annual Meeting and each share is entitled to one vote.

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities (collectively, Section 16 Persons) to file initial reports of ownership and reports of changes of ownership with the Securities Exchange Commission (Commission) and the American Stock Exchange. Section 16 Persons are required by Commission regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on a review of copies of such reports and written representations, all other filings required to be made by the Section 16 Persons during the fiscal year ended December 31, 2003, were made on a timely basis.

Board of Directors and its Committees

Board of Directors. During the major portion of 2003, the Company was managed by a 10-member board, a majority of whom meet the independence standards established by the American Stock Exchange. The Board of Directors of the Company held 12 regular meetings, and one annual meeting during 2003. Each of the directors attended at least 75% of the total number of meetings of the Company's Board and meetings of the committees of the Company Board that he or she was eligible to attend. It is our policy that all members of the Board of Directors attend the Annual Meeting of Shareholders in person, although we recognize that directors occasionally may be unable to attend for personal or professional reasons. We generally hold a meeting of the Board on the same date as the annual stockholder meeting. In 2003, all of directors attended the annual stockholder meeting in person with the exception of Robert J. Campbell, who was unable to attend.

The Company's Board of Directors has standing audit, retirement plan administration, compensation, capital planning, and governance committees.

Audit Committee. The members of the Company's Audit Committee consisted of Richard N. Simoneau, CPA, Chairman, Robert J. Campbell, and John W. Holmes. This committee met nine times during 2003. The Company's Audit Committee receives and reviews reports on examinations and accounting audits of the Company, and works to ensure the adequacy of operating practices, procedures and controls. The Company's Board of Directors has adopted a written charter for the Company's Audit Committee, which has been included as Exhibit A to this Proxy Statement.

Retirement Plan Administration Committee. The members of the Company's Retirement Plan Administration Committee consisted of John W. Holmes, Chairman, Robert W. Daigle, Ward I. Graffam, Theodore C. Johanson and Winfield F. Robinson. This committee reviews all matters relating to the retirement plans offered to the employees of the Company and each of its subsidiaries.

Compensation Committee. The Company's Compensation Committee, which met five times during 2003, consisted of Ward I. Graffam, Chairman, John W. Holmes, Rendle A. Jones, Winfield F. Robinson and Richard N. Simoneau, CPA. None of the members of this committee served on a similar committee for any other company besides subsidiaries of the Company. The function of this committee is to oversee and review personnel relations, salary administration, training programs, officer selection, management succession and fringe benefits. The Compensation Committee operates under a written charter, a copy of which is available on the Company's websites at www.camdennational.com and www.unitedkingfield.com.

Capital Planning. The Company's Capital Planning Committee consisted of Robert J. Campbell, Chairman, Robert W. Daigle and Rendle A. Jones. This committee oversees capital adequacy for the Company and its affiliates and coordinates capital generation and deployment activities.

Governance Committee. The Governance Committee is responsible for making recommendations to the Board of Directors of persons to serve as directors of the Company and as chairmen and members of committees of the Board of Directors. The Governance Committee is also responsible for certain corporate governance practices, including the development of ethical conduct standards for our directors, officers and employees and an annual evaluation to determine whether the Board of Directors and its committees are functioning effectively. The Governance Committee operates under a written charter, a copy of which is available on the Company's websites at www.camdennational.com and www.unitedkingfield.com.

The members of the Governance Committee are Rendle A. Jones, Chairman, Ward I. Graffam, Theodore C. Johanson and Arthur E. Strout, each of whom the Board of Directors has determined to be independent under the new listing standards adopted by the American Stock Exchange.

The Governance Committee held four meetings during 2003.

The Governance Committee expects to identify nominees to serve as directors of the Company primarily by accepting and considering the suggestions and nominee recommendations made by directors, management and stockholders. To date, our Governance Committee has not engaged any third parties to assist it in identifying candidates for the Board of Directors. The Governance Committee has not established specific minimum qualifications for recommended nominees. However, as a matter of practice, the Governance Committee evaluates recommended nominees for directors based on their integrity, judgment, independence, financial and business acumen, relevant experience, and their ability to represent and act on behalf of all stockholders, as well as the needs of the Board of Directors. In general, the Governance Committee would expect to re-nominate incumbent directors who express an interest in continuing to serve on the Board.

- (2) The value of an option was determined by multiplying the number of shares of Common Stock that may be purchased under the option by the difference between the market price of \$30.36 per share, which was the closing price of a share of Common Stock as reported on the American Stock Exchange on December 31, 2003, and the applicable exercise price.

Retirement Plans

The Company has a 401(k) plan whereby substantially all employees participate in the plan. Employees may contribute up to 15% of their compensation subject to certain limits based on federal tax laws. The Company makes matching contributions of up to 4% of their compensation and may make additional contributions subject to the discretion of the Board of Directors.

The Company also maintains a nonqualified, noncontributory, defined-benefit, supplemental executive retirement program (the SERP) for certain highly compensated employees. After September 1, 1999, participants in the SERP receive upon retirement a life annuity based on years of service (up to 25 years) times 65% of that participant's average salary and bonus for the 36 months of employment by the Company during which the participant's compensation was highest, reduced by the following amounts: (a) 50% of the participant's projected primary Social Security benefits; (b) the portion of the participant's benefits under the 401(k) plan arising from employer contributions; and (c) the participant's benefits under any other incentive or retirement plan that may be instituted by the Company or its subsidiaries, excluding stock options and the incentive bonus plan. As of January 1, 2004 the years of service in the benefit calculation is unlimited with a total retirement benefit cap of 75%.

The SERP table on the following page illustrates annual retirement benefits payable from the SERP for life, assuming retirement in 2003 at age 65, for various levels of Final Average Compensation and Years of Service with the Company.

The SERP provides that in the event that (a) the Company is merged with another company, (b) the other company survives the merger, (c) the covered officer is not made an officer of the surviving company and (d) the surviving company does not assume the Company's obligations under the SERP, then, the Company's Board of Directors may authorize a payment to the covered officer in an amount to be determined in the discretion of the Company's Board of Directors.

Director Compensation

Directors of the Company received a \$500 monthly retainer, \$400 for attendance at each regular meeting of the Board of Directors, and \$200 for attendance at each meeting of a committee of the Board of Directors during 2003. In addition, the Chairman of the Company's Board of Directors received an annual retainer of \$5,000. No additional fees were paid for membership on or attendance at meetings of the Board of Directors or any committees of the Board of Directors. As of January 1, 2004 the fee schedule was increased with the Directors of the Company now receiving a \$625 monthly retainer (audit committee chairman \$775), \$600 for attendance at each regular meeting of the Board of Directors, and \$325 for attendance at each meeting of a committee (audit committee \$500) of the Board of Directors. In addition, the Chairman of the Company's Board of Directors receives an annual retainer of \$7,500.

Edgar Filing: CAMDEN NATIONAL CORP - Form DEF 14A

Director compensation is paid monthly to those directors who do not defer their compensation. Any director of the Company may defer up to 100% of his or her fees and retainer in any calendar year. If a director elects to defer his or her compensation, the Company automatically credits the deferred amounts to an account designated for such purposes for that director. Quarterly, the value of the deferred accounts are adjusted based on the current market value of the Company's stock for those directors electing this option. Deferred director's fees are paid to participants in a deferral plan, or their designated beneficiaries, upon their termination as a director.

Employment and Change of Control Agreements

Mr. Daigle. The Company and Camden National Bank have entered into an employment agreement with Mr. Daigle (the executive) for an initial term of five years, commencing May 4, 1999. At the expiration thereof, including any renewals, the employment agreement is extended automatically for additional five-year periods unless, within a specified time, any party to the employment agreement gives written notice to the other of such party's election not to so extend the term of the employment agreement. Mr. Daigle signed a waiver of automatic renewal on February 3, 2004 and amicable discussions have been initiated regarding modification of some of the terms of his employment agreement.

The employment agreement provides, among other things, for (i) an annual base salary of \$235,000, (ii) insurance and other benefits, and (iii) in the event of (A) termination by the executive for any reason after a change in control of the Company or Camden National Bank, or (B) termination of the executive by the Company or Camden National Bank without cause, aggregate payments (made according to the Company's and Camden National Bank's regular payroll schedule) equal to twice the executive's annual salary then in effect, as well as continued insurance and benefits (except profit sharing) during such two-year period. Normal annual salary increases have resulted in a \$300,000 base salary for Mr. Daigle in 2003.

The employment agreement includes a provision for termination of the executive for cause, whereupon payments and benefits cease. The employment agreement also includes certain non-solicitation and non-competition provisions, which extend for four years following the executive's termination of employment.

Mr. Dufour. If within the first three years of Mr. Dufour's employment with the Company, a change of ownership occurs whereby an outside party acquires majority stock control which results in his termination, the Company will pay, as it falls due, his salary for a period of one year from said date of termination.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consisted of Ward I. Graffam, Chairman, John W. Holmes, Rendle A. Jones, Winfield F. Robinson and Richard N. Simoneau, CPA. There were no compensation committee interlocks and no insider participation in compensation decisions during the year-ended December 31, 2003 that are required to be reported under the rules and regulations of the Securities Exchange Act of 1934. Members of the Company's Compensation Committee and their affiliates and families are borrowers from the Company's subsidiaries. All loans and credit commitments to such persons were made in the ordinary course of business and were on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with unaffiliated persons, and did not involve more than the normal risk of collectibility or present other unfavorable features to the Company's subsidiaries.

COMPENSATION COMMITTEE REPORT

The performance of the Company has a direct bearing on executive compensation for any given year. When the performance of the Company meets or exceeds its budgetary expectations, compensation is expected to be more generous than in years when the budgetary expectations have not been met. The Company's Compensation Committee is aware that compensation must be set at a level that will enhance the Company's competitiveness in its market areas. In addition, levels of compensation are also guided in large part by the Company's need to attract and retain capable executives who can make a major contribution to the Company's success. The Company's Compensation Committee regularly reviews compensation surveys comparing the Company's subsidiaries with comparable institutions in the State of Maine and with other institutions nationally in the Company's subsidiary size performance characteristics grouping.

Compensation Program Components

Compensation is based on two primary components: (a) base salary and benefits, and (b) an executive incentive compensation program. Base salary and benefits (such as retirement and insurance programs) are intended to adequately reward officers and employees for capable performance within their respective job descriptions, consistent with keeping the Company competitive within its industry and market areas. Starting in 2002, the Company's executive officers participated in a non-qualified executive incentive program that rewards these individuals based on the achievement of financial objectives, as determined by the compensation committee of the Board of Directors. Under this program, executive officers are eligible to receive payments ranging from 4% to 80% of annual salary, based upon achievement by the Company and its operating subsidiaries of specified financial goals. The following executive officers participate in the Company's 401(k) compensation plan: Ms. Bouchard, Ms. Campbell, Mr. Daigle, Mr. Dufour, Mr. McAvoy, and Ms. Westfall. The following executive officers also participated in the Company's non-qualified deferred compensation plan that allows for the deferral of up to 50% of the executive's base salary and 30% of the executive's incentive compensation: Ms. Campbell, Mr. Daigle, Mr. McAvoy and Ms. Westfall. The Company's Compensation Committee considers the levels of executive compensation both reasonable and necessary for the Company to remain competitive in its industry and market areas.

Performance Measures

There are several performance measures used in evaluating the compensation of the Company's executive officers. In addition to using state and national banking surveys, the Company considers specific performance of the executive officer. Each executive officer has an annual performance evaluation conducted by an individual in the next level of management, and the Company's Compensation Committee reviews the performance of the Company's Chief Executive Officer. The performance of the Company as a whole and the financial plan for the ensuing year in particular are guiding factors in establishing appropriate levels of executive officer compensation; however, other general factors such as the business climate and the evaluation of the executive officer, are also taken into consideration in determining appropriate levels of executive officer compensation. It is a central aim of the Company's Compensation Committee to ensure that each of the Company's executive officers is appropriately compensated for his or her contribution to the Company, knowing that the contribution directly affects the Company and its shareholders.

Stock Option Plan

An additional component of compensation for key Company employees is the award of options to purchase shares of Common Stock at fixed prices. The Company's 1993 Stock Option Plan, as amended, which expired during 2003, is based on performance in that the options only have value if the market value of Common Stock increases. The Company awarded 6,000 options under this plan during 2003 to its employees (none at whom are considered named executive officers). The Company's 2003 Stock Option and Incentive Plan, which expires in 2013, is based on performance in that the options only have value if the market value of Common Stock increases. The Company awarded 10,000 options under this plan during 2003 that have a five-year vesting schedule.

Compensation of the Chief Executive Officer

The Company's Compensation Committee annually reviews the Chief Executive Officer's existing compensation arrangements, the performance of the Company and the Chief Executive Officer, and the compensation of chief executive officers in other similar companies of comparable size and performance characteristics.

Edgar Filing: CAMDEN NATIONAL CORP - Form DEF 14A

The compensation for the Company's Chief Executive Officer is divided into three basic categories: (a) salary and benefits, (b) executive incentive compensation, and (c) director's fees.

In past years the salary of the Company's Chief Executive Officer has been increased based upon performance of the Company in those previous years. The salary level selected must be within the salary range for chief executive officers in other similar companies of comparable size and performance characteristics. The Company's personnel department conducts a study of the salary ranges of chief executive officers in other similar companies of comparable size as shown by published compensation surveys, and provides its results to

the Company's Compensation Committee along with supporting data and a suggested salary range for the year. The base salary for the Company's Chief Executive Officer for 2003 was level with 2002, based on the Company's net profits for the 2002 fiscal year.

The second part of the compensation program for the Company's Chief Executive Officer is based upon the executive incentive compensation program, which applies to all executive officers. The 2003 executive incentive compensation program resulted in a 61% increase of additional compensation for the Company's Chief Executive Officer based on the achievement of financial objectives, as determined by the Compensation Committee of the Board of Directors at the beginning of 2003.

The third portion of the compensation program for the Company's Chief Executive Officer is director's fees, which fees are the same for all directors, excluding the Chairman. Starting in 2004, inside directors will not receive compensation for their role as a director.

The total compensation package for the Company's Chief Executive Officer is competitive with the compensation programs provided by other similar companies of comparable size and performance characteristics. Moreover, the Company's Compensation Committee believes that it has set compensation at levels that reflect the contributions the Company's Chief Executive Officer has made toward the Company's success and achievement of objectives.

Edgar Filing: CAMDEN NATIONAL CORP - Form DEF 14A

Each of the members of the Company's Audit Committee is independent, as such term is defined under the listing standards of the American Stock Exchange as of December 31, 2003.

The Board of Directors has determined that the Company has at least one audit committee financial expert serving on its Audit Committee. Mr. Richard N. Simoneau, CPA, the Chairman of the Audit Committee, meets the criteria for an audit committee financial expert and is independent within the meaning of the rules adopted by the American Stock Exchange pursuant to the Sarbanes-Oxley Act of 2002.

During the year ended December 31, 2003, the Company paid the following fees to Berry, Dunn, McNeil and Parker, the Company's independent public accountant:

Audit Fees: The aggregate fees billed for professional services rendered by the principal accountant, Berry, Dunn, McNeil & Parker (BDMP), for the audit of the Company's annual financial statements and review of financial statements included in the Company's Form 10-Q for the years ended December 31, 2003 and 2002 were \$89,052 and \$78,088, respectively.

The nature of the services comprising the fees disclosed under this category are preparation of federal and state tax returns, assistance with IRS audit, review of estimated tax payments and review of compliance with information reporting requirements.

All Other Fees: The aggregate fees billed for services provided by BDMP, other than the services reported in the paragraphs above, for the years ended December 31, 2003 and 2002 were \$4,055 and \$308, respectively. These services related to a branch sale.

No services were rendered for financial information systems design and implementation or internal audit.

The Company's Audit Committee has considered the compatibility of the non-audit services furnished by the Company's auditing firm with the firm's need to be independent.

The Audit Committee shall consist of at least three (3) members of the Board, each of whom shall satisfy the independence requirements established by the American Stock Exchange Company Guide for listing on the exchange. Each member of the Audit Committee shall be financially literate (or shall become financially literate within a reasonable period of time after his or her appointment to the Audit Committee), as such qualification is interpreted by the Board in its business judgment. One or more members of the Audit Committee must either be financially sophisticated (determined in accordance with the guidelines published by the American Stock Exchange) or an audit committee financial expert (as such term is defined under the rules promulgated by the SEC).

The members of the Audit Committee shall be appointed annually by the Board and may be replaced or removed by the Board with or without cause. Resignation or removal of a Director from the Board, for whatever reason, shall automatically and without any further action constitute resignation or removal, as applicable, from the Audit Committee. Any vacancy on the Audit Committee, occurring for whatever reason, may be filled only by the Board. The Board shall designate one member of the Audit Committee to be Chairman of the committee.

No member of the Audit Committee may simultaneously serve on the audit committee of more than three (3) issuers having securities registered under Section 12 of the Securities Exchange Act of 1934, as amended (the Exchange Act), unless the Board determines that such simultaneous service would not impair the ability of such member to effectively serve on the Audit Committee.

III. Compensation

A member of the Audit Committee may not, other than in his or her capacity as a member of the Audit Committee, the Board or any other committee established by the Board, receive directly or indirectly any consulting, advisory or other compensatory fee from the Company. A

IV. Meetings

The Audit Committee shall meet as often as it determines is appropriate to carry out its responsibilities under this charter, but not less frequently than quarterly. A majority of the members of the Audit Committee shall constitute a quorum for purposes of holding a meeting and the Audit Committee may act by a vote of a majority of the members present at such meeting. The Chairman of the Audit Committee, in consultation with the other committee members, may determine the frequency and length of the committee meetings and may set meeting agendas consistent with this Charter.

Periodically, the Audit Committee shall also meet separately with management, with internal auditors (or other personnel responsible for the internal audit function) and with the independent auditors.

V. Responsibilities and Authority

A. Review of Charter

The Audit Committee shall review and reassess the adequacy of this Charter annually and recommend to the Board any amendments or modifications to the Charter that the Audit Committee deems appropriate.

B. Annual Performance Evaluation of the Audit Committee

At least annually, the Audit Committee shall evaluate its own performance and report the results of such evaluation to the Board.

C. Matters Relating to Selection, Performance and Independence of Independent Auditor

The Audit Committee shall be directly responsible for the appointment, retention and termination of the Company's independent auditor, and determining compensation for the independent auditor, engaged for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company. The Audit Committee may consult with management in fulfilling these duties, but may not delegate these responsibilities to management.

The Audit Committee shall be directly responsible for oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) engaged for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company.

The Audit Committee shall instruct the independent auditor that the independent auditor shall report directly to the Audit Committee.

The Audit Committee shall pre-approve all auditing services and the terms thereof (which may include providing comfort letters in connection with securities underwritings) and non-audit services (other than non-audit services prohibited under Section 10A(g) of the Exchange Act or the applicable rules of the SEC or the Public Company Accounting Oversight Board) to be provided to the Company by the independent auditor; provided, however, the pre-approval requirement is waived with respect to the provision of non-audit services for the Company if the de minimus provisions of Section 10A(i)(1)(B) of the Exchange Act are satisfied. This authority to pre-approve non-audit services may be delegated to one or

more members of the Audit Committee, who shall present all decisions to pre-approve an activity to the full Audit Committee at its first meeting following such decision.

A - 2

The Audit Committee may review and approve the scope and staffing of the independent auditors' annual audit plan(s).

The Audit Committee shall request that the independent auditor provide the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1, as modified or supplemented, require that the independent auditor submit to the Audit Committee on a periodic basis a formal written statement delineating all relationships between the independent auditor and the Company, discuss with the independent auditor any disclosed relationships or services that may impact the objectivity and independence of the independent auditor, and based on such disclosures, statement and discussion take or recommend that the Board take appropriate action in response to the independent auditor's report to satisfy itself of the independent auditor's independence.

The Audit Committee shall evaluate the independent auditors' qualifications, performance and independence, and shall present its conclusions with respect to the independent auditors to the full Board. As part of such evaluation, at least annually, the Audit Committee shall:

obtain and review a report or reports from the independent auditor describing (1) the auditor's internal quality-control procedures, (2) any material issues raised by the most recent internal quality-control review or peer review of the auditors or by any inquiry or investigation by government or professional authorities, within the preceding five years, regarding one or more independent audits carried out by the auditors, and any steps taken to address any such issues, and (3) to assess the auditor's independence, all relationships between the independent auditor and the Company;

review and evaluate the performance of the independent auditor and the lead partner (and the Audit Committee may review and evaluate the performance of other members of the independent auditor's audit staff); and

assure the regular rotation of the audit partners (including, without limitation, the lead and concurring partners) as required under the Exchange Act and Regulation S-X.

In this regard, the Audit Committee shall also (1) seek the opinion of management and the internal auditors of the independent auditors performance and (2) consider whether, in order to assure continuing auditor independence, there should be regular rotation of the audit firm.

The Audit Committee shall set clear policies with respect to the potential hiring of current or former employees of the independent auditor.

D. Audited Financial Statements and Annual Audit

The Audit Committee shall review the overall audit plan (both internal and external) with the independent auditor and the members of management who are responsible for preparing the Company's financial statements, including the Company's Chief Financial Officer and/or principal accounting officer or principal financial officer (the Chief Financial Officer and such other officer or officers are referred to herein collectively as the Senior Accounting Executive).

The Audit Committee shall review and discuss with management (including the Company's Senior Accounting Executive) and with the independent auditor the Company's annual audited financial statements, including (a) all critical accounting policies and practices used or to be used by the Company, (b) the Company's disclosures under Management's Discussion and Analysis of Financial Conditions and Results of Operations, prior to the filing of the Company's Annual Report on Form 10-K, and (c) any significant financial reporting issues that have arisen in connection with the preparation of such audited financial statements.

The Audit Committee must review:

- (i) any analyses prepared by management, the internal auditors and/or the independent auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements. The Audit Committee may consider the ramifications of the use of such alternative disclosures and treatments on the financial statements, and the treatment preferred by the independent auditor. The Audit Committee may also consider other material written communications between the registered public accounting firm and management, such as any management letter or schedule of unadjusted differences;
- (ii) major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies;
- (iii) major issues regarding accounting principles and procedures and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles; and
- (iv) the effect of regulatory and accounting initiatives, as well as off-balance sheet transactions and structures, on the financial statements of the Company.

The Audit Committee shall review and discuss with the independent auditor (outside of the presence of management) how the independent auditor plans to handle its responsibilities under the Private Securities Litigation Reform Act of 1995, and request assurance from the auditor that Section 10A of the Private Securities Litigation Reform Act of 1995 has not been implicated.

The Audit Committee shall review and discuss with the independent auditor any audit problems or difficulties and management's response thereto. This review shall include (1) any difficulties encountered by the auditor in the course of performing its audit work, including any restrictions on the scope of its activities or its access to information, (2) any significant disagreements with management and (3) a discussion of the responsibilities, budget and staffing of the Company's internal audit function. This review may also include:

- (i) any accounting adjustments that were noted or proposed by the auditors but were passed (as immaterial or otherwise);
- (ii) any communications between the audit team and the audit firm's national office, if applicable, regarding auditing or accounting issues presented by the engagement; and
- (iii) any management or internal control letter issued, or proposed to be issued, by the auditors.

The Audit Committee shall discuss with the independent auditors those matters brought to the attention of the Audit Committee by the auditors pursuant to Statement on Auditing Standards No. 61 (SAS 61).

The Audit Committee shall also review and discuss with the independent auditors the report required to be delivered by such auditors pursuant to Section 10A(k) of the Exchange Act.

If brought to the attention of the Audit Committee, the Audit Committee shall discuss with the CEO and CFO of the Company (1) all significant deficiencies and material weaknesses in the design or operation of internal controls and procedures for financial reporting which could adversely affect the Company's ability to record, process, summarize and report financial information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act, within the time periods specified in the SEC's rules and forms, and (2) any fraud involving management or other employees who have a significant role in the Company's internal controls and procedures for financial reporting.

Based on the Audit Committee's review and discussions (1) with management of the audited financial statements, (2) with the independent auditor of the matters required to be discussed by SAS 61, and (3) with the independent auditor concerning the independent auditor's independence, the Audit Committee shall make a recommendation to the Board as to whether the Company's audited financial statements should be included in the Company's Annual Report on Form 10-K for the last fiscal year.

The Audit Committee shall prepare the Audit Committee report required by Item 306 of Regulation S-K of the Exchange Act (or any successor provision) to be included in the Company's annual proxy statement.

E. Internal Auditors

At least annually, the Audit Committee shall evaluate the performance, responsibilities, budget and staffing of the Company's internal audit function and review the internal audit plan. Such evaluation may include a review of the responsibilities, budget and staffing of the Company's internal audit function with the independent auditors.

In connection with the Audit Committee's evaluation of the Company's internal audit function, the Audit Committee may evaluate the performance of the senior officer or officers responsible for the internal audit function.

F. Unaudited Quarterly Financial Statements

The Audit Committee shall discuss with management and the independent auditor, prior to the filing of the Company's Quarterly Reports on Form 10-Q, (1) the Company's quarterly financial statements and the Company's related disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" and (2) such issues as may be brought to the Audit Committee's attention by the independent auditor pursuant to Statement on Auditing Standards No. 71, and (3) any significant financial reporting issues that have arisen in connection with the preparation of such financial statements.

G. Earnings Press Releases

The Audit Committee shall discuss the Company's earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies, including, in general, the types of information to be disclosed and the types of presentation to be made (paying particular attention to the use of "pro forma" or "adjusted" non-GAAP information).

H. Risk Assessment and Management

The Audit Committee shall discuss the guidelines and policies that govern the process by which the Company's exposure to risk is assessed and managed by management.

In connection with the Audit Committee's discussion of the Company's risk assessment and management guidelines, the Audit Committee may discuss or consider the Company's major financial risk exposures and the steps that the Company's management has taken to monitor and control such exposures.

I. Procedures for Addressing Complaints and Concerns

The Audit Committee shall establish procedures for (1) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters and (2) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

The Audit Committee may review and reassess the adequacy of these procedures periodically and adopt any changes to such procedures that the Audit Committee deems necessary or appropriate.

J. Regular Reports to the Board

The Audit Committee shall regularly report to and review with the Board any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the independent auditors, the performance of the internal audit function and any other matters that the Audit Committee deems appropriate or is requested to review for the benefit of the Board.

K. Legal and Regulatory Compliance

The Audit Committee shall discuss with management and the independent auditor and review with the Board the legal and regulatory requirements applicable to the Company and its subsidiaries and the Company's compliance with such requirements. After these discussions, the Audit Committee may, if it determines it to be appropriate, make recommendations to the Board with respect to the Company's policies and procedures regarding compliance with applicable laws and regulations.

The Audit Committee shall discuss with management legal matters (including pending or threatened litigation) that may have a material effect on the Company's financial statements or its compliance policies and procedures.

VI. Additional Authority

The Audit Committee is authorized, on behalf of the Board, to do any of the following:

A. Engagement of Advisors

The Audit Committee may engage independent counsel and such other advisors it deems necessary to carry out its responsibilities and powers, and, if such counsel or other advisors are engaged, shall determine the compensation or fees payable to such counsel or other advisors.

B. General

The Audit Committee may form and delegate authority to subcommittees consisting of one or more of its members as the Audit Committee deems appropriate to carry out its responsibilities and exercise its powers.

A - 6

The Audit Committee may perform such other oversight functions outside of its stated purpose as may be requested by the Board from time to time.

In performing its oversight function, the Audit Committee shall be entitled to rely upon advice and information that it receives in its discussions and communications with management, the independent auditor and such experts, advisors and professionals as may be consulted with by the Audit Committee.

The Audit Committee is authorized to request that any officer or employee of the Company, the Company's outside legal counsel, the Company's independent auditor or any other professional retained by the Company to render advice to the Company attend a meeting of the Audit Committee or meet with any members of or advisors to the Audit Committee.

Notwithstanding the responsibilities and powers of the Audit Committee set forth in this Charter, the Audit Committee does not have the responsibility of planning or conducting audits of the Company's financial statements or determining whether the Company's financial statements are complete, accurate and in accordance with GAAP. Such responsibilities are the duty of management and, to the extent of the independent auditor's audit responsibilities, the independent auditor.
