Further announcement regarding the proposed merger (proposed merger) between Harmony and Gold Fields Limited (Gold Fields)

1. Introduction

Further to the announcement released on SENS on 18 October 2004 (proposed merger announcement), Harmony announces that the offer document (offer document) to Gold Fields shareholders setting out the detailed information in relation to the proposed merger and the manner in which it will be implemented has been posted to Gold Fields shareholders today, 20 October 2004.

In addition, a circular (circular) to Harmony shareholders setting out the detailed information in relation to the proposed merger and a notice of general meeting (Harmony general meeting) at which the resolutions required to approve and implement the proposed merger (Harmony resolutions) will be proposed, has been posted to Harmony shareholders today, 20 October 2004.

2. Structure of the proposed merger

As stated in the proposed merger announcement, Harmony has irrevocably committed to offer to acquire the entire issued share capital of Gold Fields in the following manner:

early settlement offer: an initial offer to acquire up to 34.9% of the entire issued share capital of Gold Fields on the basis set out below, not subject to the tender of any minimum number of shares (early settlement offer); and

subsequent offer: an immediate follow-on offer on the same terms as the early settlement offer for the balance of the entire issued share capital of Gold Fields not already acquired by Harmony under the early settlement offer (subsequent offer). The subsequent offer will be subject to certain conditions precedent as set out in the offer document, including *inter alia*, the approval of the proposed

merger by the Competition Authorities and the proposed transaction between Gold Fields and IAMGold Corporation Inc. (proposed IAMGold transaction) not being implemented.

Gold Fields largest shareholder, JSC MMC Norilsk Nickel (Norilsk), has irrevocably committed to accept the subsequent offer and to vote against the proposed IAMGold transaction.

3. The early settlement offer

Harmony will settle unconditionally valid acceptances received by no later than 12h00 (South African time) on Friday, 26 November 2004, in respect of up to a maximum of 34.9% of the entire issued share capital of Gold Fields. Gold Fields shareholders will be entitled to tender for acceptance up to their entire holdings of Gold Fields shares.

Harmony intends to vote those Gold Fields shares that it acquires pursuant to the early settlement offer against any resolutions to be proposed to implement the proposed IAMGold transaction.

3.1 Basis of settlement of the early settlement offer

In the event that valid acceptances in excess of 34.9% of Gold Fields' entire issued share capital are received by no later than 12h00 (South African time) on Friday, 26 November 2004 (early settlement closing date), Harmony will settle that number of Gold Fields shares which equates to 34.9% of the entire issued share capital of Gold Fields, on a *pro rata* basis, with the Gold Fields shares tendered by accepting Gold Fields shareholders scaled back accordingly.

Norilsk has irrevocably committed not to accept the early settlement offer in respect of its entire holding of approximately 20.03% of the entire issued share capital of Gold Fields. As a consequence, other Gold Fields shareholders will be able to maximise their opportunity to participate in the early settlement offer and will be able to realise a minimum of approximately 44% of their Gold Fields holdings under the early settlement offer. To the extent that any further Gold Fields shareholders do not take advantage of the early settlement offer, Gold Fields shareholders could receive settlement for a greater percentage of their Gold Fields holdings, up to 100%.

To the extent that shares tendered by Gold Fields shareholders for valid acceptance under the early settlement offer are not settled as a result of Harmony having received valid acceptances in excess of 34.9% of Gold Fields' entire issued share capital, such Gold Fields shareholders can elect to either:

have those Gold Fields shares which have not been settled under the early settlement offer returned to them; or

tender those Gold Fields shares which have not been settled under the early settlement offer for acceptance under the subsequent offer.

If Gold Fields shareholders make no such election, shareholders will be deemed to have elected to tender those Gold Fields shares which have not been settled under the early settlement offer for acceptance under the subsequent offer.

3.2 Entitlement to any increase in consideration

To the extent that Harmony increases the consideration offered under the proposed merger after the early settlement closing date, those Gold Fields shareholders who have already accepted the early settlement offer and have received the consideration due to them under the early settlement offer will remain entitled to receive the full benefit of any increased consideration due under any increased offer by Harmony, regardless of whether they had subsequently disposed of their new Harmony shares.

3.3 Conditions precedent to the early settlement offer

The early settlement offer is subject only to the passing of the Harmony resolutions and the registration statement on Form F-4 (registration statement) with respect to the Harmony consideration shares being declared effective by the United States Securities Exchange Commission (SEC).
