PROXY STATEMENT FOR 2005 ANNUAL MEETING OF STOCKHOLDERS

PROCEDURAL MATTERS

General

The Board of Directors of salesforce.com, inc., a Delaware corporation (salesforce.com or the Company) is soliciting this Proxy Statement and the enclosed proxy card for use at our 2005 Annual Meeting of Stockholders (Annual Meeting), to be held on Thursday, July 14, 2005 at 2:00 p.m., local time, and for any adjournment or postponement of the meeting. Our Annual Meeting will be held at The Fairmont Hotel, 950 Mason Street, San Francisco, California 94108. You will need to bring the enclosed Admission Ticket or proof of ownership of salesforce.com stock to enter the meeting. Our Annual Report for the fiscal year ended January 31, 2005, or fiscal 2005, including our financial statements for fiscal 2005 is also enclosed. These proxy materials are first being mailed to stockholders on or about May 25, 2005.

Stockholders Entitled to Vote; Record Date

As of the close of business on May 17, 2005, the record date for determination of stockholders entitled to vote at the Annual Meeting, there were outstanding 106,046,074 shares of common stock of the Company, all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting. Each stockholder of record is entitled to one vote for each share of common stock held by such stockholder. No shares of preferred stock of the Company were outstanding as of May 17, 2005.

All valid proxies received before the Annual Meeting will be exercised. Stockholders entitled to vote at the Annual Meeting may vote by completing, signing and dating the enclosed proxy card and returning it in the enclosed postage-prepaid envelope.

Quorum; Abstentions; Broker Non-Votes

The Company's Bylaws provide that a majority of all shares entitled to vote, whether present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting.

Under the General Corporation Law of the State of Delaware, shares that are voted *abstain* or *withheld* and broker *non-votes* are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the Annual Meeting; however, broker *non-votes* are not deemed to be *votes cast*. As a result, unlike abstentions or withheld votes, broker *non-votes* are not included in the tabulation of the voting results on proposals requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition of such proposals. A broker *non-vote* occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Voting; Revocability of Proxies

Voting by attending the meeting. A stockholder may vote his or her shares in person at the Annual Meeting. A stockholder planning to attend the Annual Meeting should bring the enclosed Admission Ticket and proof of identity for entrance to the Annual Meeting. If a stockholder attends the Annual Meeting, he or she may also submit his or her vote in person, and any previous votes that were submitted by the stockholder will be superseded by the vote that such stockholder casts at the Annual Meeting. Your attendance at the Annual Meeting in and of itself will not revoke any prior votes you may have cast.

Voting by proxy card; Discretionary Voting. All shares entitled to vote and represented by properly executed proxy cards received prior to the Annual Meeting, and not revoked, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxy cards. If no instructions are indicated on a properly executed proxy card, the shares represented by that proxy card will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in the enclosed proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting.

Revocability of proxy. You may revoke your proxy by (1) filing with the Secretary of the Company, at or before the taking of the vote at the Annual Meeting, a written notice of revocation or a duly executed proxy card, in either case dated later than the prior proxy card relating to the same shares, or (2) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself revoke a proxy). Any written notice of revocation or subsequent proxy card must be received by the Secretary of the Company prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to the Secretary of the Company or should be sent to the Company's principal executive offices, salesforce.com, inc., The Landmark @ One Market, Suite 300, San Francisco, California 94105, Attention: Corporate Secretary.

If a broker, bank or other nominee holds your shares, you must contact them in order to find out how to change your vote.

Expenses of Solicitation

The Company will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the proxy and any additional solicitation materials furnished to stockholders. In addition, the Company may arrange with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the stock held of record by such persons, and the Company will reimburse them for their reasonable, out-of-pocket expenses. The Company may use the services of the Company's directors, officers and others to solicit proxies, personally or by telephone, without additional compensation. The Company has retained Georgeson Shareholder Communication Services, Inc., a proxy solicitation firm, for assistance in connection with the Annual Meeting at a cost of approximately \$1,500 plus reasonable out-of-pocket expenses.

Procedure for Submitting Stockholder Proposals

Proposals of stockholders intended to be presented at the next annual meeting of stockholders of the Company must satisfy the requirements set forth in the advance notice provision under the Company's Bylaws. Such provision states that in order for stockholder business to be properly brought before a meeting by a stockholder, such stockholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, a stockholder proposal must be received at the Company's principal executive offices not less than one hundred twenty (120) calendar days in advance of the one year anniversary of the date the Company's proxy statement was released to stockholders in connection with the previous year's annual meeting; except that if no annual meeting was held in the previous year or if the date of the annual meeting is more than thirty (30) calendar days earlier than the date contemplated at the time of the previous year's proxy statement, then notice must be received not later than the close of business on the tenth day following the day on which notice of the date of the annual meeting was publicly announced. Stockholder proposals to be presented at the next annual meeting of stockholders must be received by the Secretary of the Company at the Company's principal executive offices not later than January 25, 2006. Any such proposals which are also intended to be included in the Company's proxy statement for the next annual meeting of stockholders of the Company must also satisfy the conditions established by the Securities and Exchange Commission for that meeting, including the requirement that such proposals be received by a date not later than January 25, 2006.

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Board of Directors currently consists of six directors and is divided into three classes, with the nominees for one class to be elected at each annual meeting of stockholders, to hold office for a three-year term and until successors of such class have been elected and qualified, subject to earlier resignation or removal.

The terms of the Class I directors will expire on the date of the upcoming Annual Meeting. The names and certain information about the continuing directors in each of the three classes of the Board of Directors are set forth below. There are no family relationships among any of our directors or executive officers.

It is intended that the proxy in the form enclosed will be voted, unless otherwise indicated, for the election of the nominees for election as Class I directors to the Board of Directors. Resigning Director

We wish to acknowledge with gratitude the service of Ms. Magdalena Yesil who resigned from the Board of Directors in December 2004.

Board Independence

The Board of Directors has determined that, except for Mr. Benioff as Chief Executive Officer, each of the directors of the Company has no material relationship with the Company and is independent within the meaning of the standards established by the New York Stock Exchange, or NYSE, and the director independence standards of the Securities and Exchange Commission, or SEC, as currently in effect. In making that determination, the Board of Directors considered all relevant facts and circumstances, including the director's commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships. The Board of Directors also adopted and applied the following standards, which provide that a director will not be considered independent if he or she:

is currently an employee of the Company or has an immediate family member who is an executive officer of the Company;

has been an employee of the Company within the past three years or has an immediate family member who has been an executive officer of the Company within the past three years;

has, or has an immediate family member who has, received within the past three years more than \$100,000 during any twelve month period in direct compensation from the Company (other than fees for directors' services);

is, or has an immediate family member who is, a current partner of a firm that is the Company's internal or external auditor; is a current employee of such firm, or has an immediate family member who is a current employee of such firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice, or; has, or has an immediate family member who has, within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time;

has, or has an immediate family member who has, been employed as an executive officer of another company where any of the Company's present executives serve on the other company's compensation committee during the past three years; or

has been employed as an executive officer or employee, or has an immediate family member who has been employed as an executive officer of, another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of (a) \$1 million or (b) 2% of such other company's consolidated gross revenues.

Board Meetings and Director Communications

During fiscal 2005, the Board of Directors held seven (7) meetings. During fiscal 2005, each director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings held by any of the committees of the Board of Directors on which such director served except for Mr. Ramsey who attended approximately 70% of the aggregate of all meetings of the Board of Directors and the meetings of the committees on which he served. Directors are also expected to attend annual meetings of the stockholders of the Company absent an unavoidable and irreconcilable conflict.

The non-management members of the Board of Directors also meet in regularly scheduled executive sessions without management present. At these sessions, the chair of the Nominating and Corporate Governance Committee acts as Presiding Director. In the absence of the chair of the Nominating and Corporate Governance Committee at any such executive session, the chair of the Audit Committee will serve as Presiding Director. Stockholders and other interested parties may communicate with the Presiding Director, or with any and all other members of the Board of Directors, by mail to the Company's principal executive offices addressed to the intended recipient and care of our Corporate Secretary or by email to CorporateSecretary@salesforce.com. The Corporate Secretary will maintain a log of such communications and transmit them

Edgar Filing: SALESFORCE COM INC - Form DEF 14A

promptly to the identified recipient, unless there are safety or security concerns that mitigate against further transmission. The intended recipient shall be advised of any communication withheld for safety or security reasons as soon as practicable.

Corporate Governance and Board Committees

Salesforce.com and its Board of Directors regularly review and evaluate the Company's corporate governance practices. The Board of Directors has adopted corporate governance principles that address the composition of and policies applicable to the Board of Directors as well as a Corporate Code of Conduct applicable to all directors, officers and employees of the Company, including our Chief Executive Officer and Chief Financial Officer. The Company's corporate governance principles, set forth as Corporate Governance Guidelines, and its Corporate Code of Conduct are available in the Corporate Governance section of the Company's website at <http://www.salesforce.com/company/corporate-governance.jsp>, or in print by contacting Investor Relations at our principal executive offices. Any substantive amendments to or waivers of the Corporate Code of Conduct relating to the executive officers or directors of the Company will be disclosed promptly on our website.

The Board of Directors has also adopted a written charter for each of the three standing committees of the Board of Directors: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Each committee charter is available in the Corporate Governance section of the Company's website at <http://www.salesforce.com/company/corporate-governance.jsp>, or in print by contacting Investor Relations at our principal executive offices. The charter of the Audit Committee is also included in this Proxy Statement as Appendix A.

Audit Committee. The Audit Committee oversees our corporate accounting and financial reporting process. Among other matters, the Audit Committee: evaluates the independent registered public accountants' qualifications, independence and performance; determines the engagement of the independent accountants; approves the retention of the independent accountants to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent accountants on the salesforce.com engagement team as required by law; reviews our consolidated financial statements; reviews our critical accounting policies and estimates; oversees our internal audit function; annually reviews the audit committee charter and the committee's performance; reviews and approves the scope of the annual audit and the audit fee; and discusses with management and the independent accountants the results of the annual audit and the review of our quarterly financial statements. The Audit Committee held nine (9) meetings in fiscal 2005. The report of the Audit Committee is included in this Proxy Statement.

The current members of the Audit Committee are Messrs. Tomlinson, who is the committee chair, Hassenfeld and Robertson. The Board of Directors has determined that all members of our Audit Committee meet the applicable tests for independence and the requirements for financial literacy under applicable rules and regulations of the NYSE and the SEC. The Board of Directors has further determined that Mr. Tomlinson is the Company's audit committee financial expert as defined by the SEC.

Compensation Committee. The Compensation Committee reviews and recommends policies relating to compensation and benefits of our officers and employees, including: reviewing and approving corporate goals and objectives relevant to compensation of the Chief Executive Officer and other senior officers; evaluating the performance of these officers in light of those goals and objectives; and setting compensation of these officers based on such evaluations. The Compensation Committee also administers the issuance of stock options and other awards under our stock plans. The Compensation Committee also reviews and evaluates the performance of the Compensation Committee and its members, including compliance of the Compensation Committee with its charter, and prepares any report required under SEC rules. The Compensation Committee held six (6) meetings in fiscal 2005. The report of the Compensation Committee is included in this Proxy Statement.

The current members of the Compensation Committee are Messrs. Ramsey, who is the committee chair, and Sclavos. The Board of Directors has determined that all members of the Compensation Committee meet the applicable tests for independence under the applicable rules and regulations of the SEC, the NYSE and the Internal Revenue Service.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is responsible for: identifying individuals qualified to become members of the Board of Directors; recommending to the Board of Directors director nominees for each election of directors; developing and recommending to the Board of Directors criteria for selecting qualified director candidates; considering committee member qualifications, appointment and removal; recommending corporate governance principles applicable to the Company; and providing oversight in the evaluation of the Board of Directors and each committee. The Nominating and Corporate Governance Committee held three (3) meetings in fiscal 2005.

The current members of the Nominating and Corporate Governance Committee are Messrs. Robertson, who is the committee chair, Hassenfeld and Tomlinson. The Board of Directors has determined that all members of the Nominating and Corporate Governance Committee meet the applicable tests for independence under the applicable rules and regulations of the SEC and the NYSE.

The Nominating and Corporate Governance Committee uses a variety of methods for identifying and evaluating director nominees. The Nominating and Corporate Governance Committee regularly assesses the appropriate size, composition and needs of the Board of Directors and its respective committees and the qualifications of candidates in light of these needs. Candidates may come to the attention of the Nominating and Corporate Governance Committee through directors or management. If the Nominating and Corporate Governance Committee believes that the Board of Directors requires additional candidates for nomination, the Nominating and Corporate Governance Committee may engage, as appropriate, a third party search firm to assist in identifying qualified candidates. The evaluation of these candidates may be based solely upon information provided to the Nominating and Corporate Governance Committee or may also include discussions with persons familiar with the candidate, an interview of the candidate or other actions the Nominating and Corporate Governance Committee deems appropriate, including the use of third parties to review candidates.

The Nominating and Corporate Governance Committee will evaluate and recommend candidates for membership on the Board of Directors consistent with criteria established by the committee. Directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of our stockholders. They must have an inquisitive and objective perspective and mature judgment. They must also have experience in positions with a high degree of responsibility and be leaders in the companies or institutions with which they are affiliated. Director candidates must have sufficient time available in the judgment of the Nominating and Corporate Governance Committee to perform all Board of Directors and committee responsibilities. Members of the Board of Directors are expected to prepare for, attend, and participate in all Board of Directors and applicable committee meetings. Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Corporate Governance Committee may also consider such other factors as it may deem, from time to time, to be in the best interests of the Company and its stockholders. The Nominating and Corporate Governance Committee will also seek appropriate input from the Chief Executive Officer from time to time in assessing the needs of the Board of Directors for relevant background, experience and skills of its members.

In addition, stockholders may nominate directors for election at an annual meeting, provided the advance notice requirements set forth in the Company's Bylaws have been met, as set forth above in Procedure for Submitting Stockholder Proposals. The Nominating and Corporate Governance Committee will evaluate any candidates recommended by stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of candidates proposed by directors or management.

Compensation of Directors

The members of our Board of Directors who are not our employees are reimbursed for travel, lodging and other reasonable expenses incurred in connection with attending board and committee meetings. Members do not receive cash compensation for attending board and committee meetings. New non-employee directors receive an initial option to purchase shares of our common stock under the Company's 2004 Outside Directors Stock Plan

upon appointment or election. This initial option grant vests over four years, with 25% vesting after one year and the balance vesting monthly over the remaining period. Under our 2004 Outside Directors Stock Plan, our non-employee directors who have fully vested in their initial option grant receive quarterly stock awards of 3,750 shares of our common stock for service during the preceding quarter. This basic award is increased by 1,250 shares for each committee of the Board of Directors on which the participant served for the entire preceding fiscal quarter and by an additional 1,250 shares for each such committee for which the participant served as chairperson for the entire preceding fiscal quarter. The shares of our common stock subject to these automatic quarterly awards are fully vested upon grant. Currently, Mr. Selavos is the only director eligible for these quarterly stock awards.

PROPOSAL 2**RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

On the recommendation of the Audit Committee, the Board of Directors has appointed Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2006. The Board of Directors recommends that stockholders vote for ratification of such appointment. In the event of a negative vote on such ratification, the Board of Directors will reconsider its selection.

Pre-Approval of Audit and Non-Audit Services

All audit and non-audit services provided by Ernst & Young LLP to the Company must be pre-approved by the Audit Committee. The Audit Committee utilizes the following procedures in pre-approving all audit and non-audit services provided by Ernst & Young LLP. At or before the first meeting of the Audit Committee each year, the Audit Committee is presented with a detailed listing of the individual audit and non-audit services and fees (separately describing audit-related services, tax services and other services) expected to be provided by Ernst & Young LLP during the year. Quarterly, the Audit Committee is presented with an update of any new audit and non-audit services to be provided by Ernst &

Young LLP. The Audit Committee reviews the Company's update and approves the services outlined therein if such services are acceptable to the Audit Committee.

To ensure prompt handling of unexpected matters, the Audit Committee delegates to the chair of the Audit Committee the authority to amend or modify the list of audit and non-audit services and fees; provided, however, that such additional or amended services may not affect Ernst & Young LLP's independence under applicable SEC rules. The chair of the Audit Committee reports any such action taken to the Audit Committee at the next Audit Committee meeting.

All Ernst & Young LLP services and fees in fiscal 2005 were pre-approved by the Audit Committee.

- (1) Options granted pursuant to our 1999 Stock Option Plan are immediately exercisable. However, the Company has the right to repurchase any unvested common stock upon the termination of employment at the original exercise price which lapses at the rate of the vesting schedules. Options granted pursuant to our 2004 Equity Incentive Plan generally do not provide for the immediate exercise of options.
- (2) The fiscal year-end values are based upon the difference between the closing price of our common stock on the NYSE on January 31, 2005 (\$13.70 per share) and the exercise price of the option, multiplied by the number of shares issued upon the exercise of, or subject to, the option, without taking into account any taxes that may be payable in connection with the transaction.

Employment Contracts and Certain Transactions

Executive Officer Offer Letters and Agreements. Each of our named executive officers has signed offer letters which provide that the officer is an at-will employee. The offer letters provide for salary, in some instances an initial annual bonus that is based upon our financial performance and the successful completion of specified performance objectives, stock options, and participation in our company-wide employee benefit plans. The terms of the offer letters regarding initial annual bonuses are no longer in effect.

Ms. Sultz served as our President of Technology, Marketing and Systems from February 2004 to December 2004 and our President, Global Operations from December 2004 to May 2005. Pursuant to her offer letter, her annual base salary was \$400,000 and she was eligible to receive a quarterly bonus of up to \$50,000, based upon achievement of a mix of company and individual performance objectives. During the first twelve months of her employment, her bonus was guaranteed. Ms. Sultz was granted options to acquire 650,000 shares of common stock at an exercise price of \$8.00, with one-quarter of the shares vesting on the first anniversary of the start date of her employment and the balance vesting in ratable portions each month for 36 months thereafter. We had also agreed that if Ms. Sultz was terminated without cause during the first twelve months of her employment, she would have received six months of base salary and accelerated vesting of six months of her original stock option grant or monthly vesting through her termination date, whichever is greater.

On May 17, 2005, Ms. Sultz and the Company entered into a severance and confidentiality agreement and general and special release (the Agreement). Under the terms of the Agreement and provided Ms. Sultz does not revoke her acceptance of the terms of the Agreement on or prior to May 24, 2005, Ms. Sultz will resign from the Company effective May 31, 2005 and receive a lump sum severance payment of \$650,000, less applicable withholdings. In addition, under the Agreement, Ms. Sultz has agreed to a release of any claims she has or may have against the Company and its past and present directors, officers and employees and to customary restrictions on her use of the Company's proprietary information following her resignation.

Mr. Kenneth Juster joined us as Executive Vice President, Legal Affairs and Corporate Development in January 2005. His annual base salary is \$400,000 and he is eligible to receive a quarterly bonus of up to \$50,000, based upon achievement of a mix of company and individual performance objectives. During the first twelve months of his employment, his bonus is guaranteed. Mr. Juster has been granted options to acquire 300,000 shares of common stock at an exercise price of \$13.73, with one-quarter of the shares vesting on the first anniversary of the start date of his employment and the balance vesting in ratable portions each month for 36 months thereafter. We have also agreed that if Mr. Juster is terminated without cause during the first twelve months of his employment, he will receive six months of base salary and accelerated vesting of six months of his original stock option grant or monthly vesting through his termination date, whichever is greater. We will also reimburse up to \$130,000 of Mr. Juster's relocation and temporary living expenses.

Change-in-Control. In December 2003, the Board of Directors approved a change in control provision that would affect the compensation of certain of our executive officers. Specifically, if we experience a change in control, and the employment of Mr. Cakebread, Mr. Juster, Mr. Steele or Ms. Sultz is terminated without cause, or if such officer terminates his or her employment for certain reasons including changes in job responsibilities, geographic relocation or a change in reporting status during the 12-month period following the change in control, then the vesting of the unvested stock options held by such officer automatically accelerates by six months from the date of the change in control.

Transactions with Management and Others. There were no transactions during fiscal 2005 in which the Company has been a party, the amount involved in the transaction exceeds \$60,000 and in which any director, director nominee, executive officer, holder of more than 5% of our capital stock, or immediate family member of any of the foregoing individuals had or will have a direct or indirect material interest other than arrangements that are otherwise described herein.

Edgar Filing: SALESFORCE COM INC - Form DEF 14A

The Company has entered into an indemnification agreement with each of our directors and officers. The indemnification agreements and our certificate of incorporation and bylaws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

In January 1999, the salesforce.com/foundation, commonly referred to as the Foundation, a non-profit public charity, was chartered to build philanthropic programs that are particularly focused on youth and technology. The Company's chairman is the chairman of the Foundation. He, one of the Company's executive officers and one of the Company's board members hold three of the Foundation's eight board seats. The Company is not the primary beneficiary of the Foundation's activities, and accordingly, the Company does not consolidate the Foundation's statement of activities with its financial results.

Since the Foundation's inception, the Company has provided at no charge certain resources to Foundation employees such as office space. The value of these items totals approximately \$30,000 per quarter. In addition to the resource sharing with the Foundation, the Company issued the Foundation warrants in August 2002 to purchase 500,000 shares of common stock and has donated subscriptions to the Company's service to qualified non-profit organizations. The fair value of these donated subscriptions is currently approximately \$300,000 per month. The Company plans to continue providing free subscriptions to qualified nonprofit organizations.

Compensation Committee Interlocks and Insider Participation

During fiscal 2005, none of our executive officers served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

10b5-1 Trading Plans

The following executive officers and directors currently have 10b5-1 trading plans in place: Marc Benioff, Steve Cakebread, Jim Cavalieri, Parker Harris, David Moellenhoff, Jim Steele, Patricia Sultz and Larry Tomlinson. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act) requires the Company's officers and directors and persons who beneficially own more than 10% of the Company's common stock (collectively, Reporting Persons) to file reports of beneficial ownership and changes in beneficial ownership with the SEC. Reporting Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on our review of such reports received or written representations from certain Reporting Persons during fiscal year ended January 31, 2005, the Company believes that all Reporting Persons complied with all applicable reporting requirements, except that David Schellhase filed one late report covering one transaction.

COMMITTEE REPORTS

The following reports by our Compensation Committee and Audit Committee shall not be deemed to be (i) soliciting material, (ii) filed with the SEC, (iii) subject to Regulations 14A or 14C of the Exchange Act, or (iv) subject to the liabilities of Section 18 of the Exchange Act. The reports shall not be deemed incorporated by reference into any of our other filings under the Exchange Act or the Securities Act of 1933, as amended, except to the extent the Company specifically incorporates it by reference into such filing.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is comprised of members of the Company's Board of Directors that the Board of Directors has determined are independent, as such term is defined under the NYSE listing standards, the rules and regulations of the SEC and the standards for independence adopted by the Board of Directors. The current members of the Compensation Committee are Messrs. Ramsey and Slavos. Mr. Ramsey serves as chair of the Compensation Committee. Mr. Slavos was appointed to the Compensation Committee in December 2004 following the resignation of Ms. Magdalena Yesil from the Board of Directors.

The Company's compensation programs, including compensation arrangements and equity plans, are administered by the Compensation Committee. Our role is detailed in the Compensation Committee Charter, which was adopted by the Board in April 2004. Specifically, we:

Determine and approve all compensation for the Chief Executive Officer and all other executive officers of the Company, including salary and incentive-based and equity-based compensation, as appropriate;

Review and approve annual performance objectives and goals relevant to compensation for the Chief Executive Officer and evaluate the performance of the Chief Executive Officer in light of these goals and objectives;

Consider, in determining the long-term incentive component of compensation for the Chief Executive Officer, the Company's performance and relative shareholder return, the value of similar incentive awards to chief executive officers at comparable companies, and the awards given to the Company's Chief Executive Officer in past years; and

Develop, or review and approve, and administer incentive-based or equity-based compensation plans in which the Company's executive officers participate, including the delegation of authority, as appropriate, to members of the Company's management team with respect to incentive-based or equity-based compensation for all non-executive officer employees of the Company.

Compensation Philosophy

We believe that the Company's executive compensation programs should support the Company's objective of creating value for its stockholders. Accordingly, we believe that executive officers and other key employees should have a significant stake in the Company's stock performance and that compensation programs should link executive compensation to stockholder value. For this reason, we strive to ensure that the Company's executive officer compensation programs are designed to enable the Company to attract, retain, motivate and reward highly qualified executive officers while maintaining strong and direct links between executive pay, individual performance, the Company's financial performance and stockholder returns. One of the ways we have sought to accomplish this is by making a significant portion of individual compensation directly dependent on the Company's achievement of financial goals, and by providing significant rewards for exceeding those goals. We believe that strong financial performance, on a sustained basis, is an effective means of enhancing long-term stockholder return.

We consider three major elements in our compensation program: (i) base salary; (ii) annual incentives; and (iii) long-term equity incentives. We believe that offering the executive team a total compensation package with a strong at-risk, pay-for-performance component helps to achieve the Company's objective of creating value for its stockholders. Each of the three major elements in our compensation program is discussed in detail below, but in general this means:

Base salaries are competitive with comparable public technology companies relative to similar positions.

Annual incentive opportunities are based principally on the Company's overall corporate performance and the executive's attainment of individual goals. We believe the structure of our annual incentive opportunities fosters a performance-driven culture.

Long term incentives, such as equity compensation awards, are structured to encourage our executive team to manage from the perspective of owners in the Company and to reward executives and other key employees for maximizing long-term stockholder value.

We believe that the compensation practices of many different companies within the technology industry are relevant to establishing the Company's compensation programs and executive compensation for each year. Specifically, we strive to ensure that the Company's compensation programs and executive compensation are competitive, taking into account pay practices at other companies considered by us to be comparable and with whom we compete for executive talent each year, based on industry, revenues and other factors. The Compensation Committee met periodically throughout the year to review, discuss and analyze data provided by management and by outside compensation consultants retained by management to assist us in evaluating the Company's relative market position and to assist in designing compensation programs. In addition, in March 2005, we retained an independent executive compensation consultant for the purpose of providing us information on the competitiveness of the Company's compensation programs and advising us on executive compensation.

We have from time to time also evaluated the potential costs to the Company in the event of a change in control under the change in control arrangements with Mr. Cakebread, Mr. Juster, Mr. Steele and Ms. Sueltz. Based on this review, we find the potential value of the acceleration of options in a change in control scenario in the aggregate to be reasonable and not excessive.

Salary

We believe that executive officers' base salaries must be sufficiently competitive to attract and retain key executives. Accordingly, base pay and annual increases are determined through an analysis of each individual's salary and total target compensation relative to salaries for similar positions at comparable companies and, to a lesser extent, through a subjective analysis of each individual's experience and past and anticipated contributions to the Company's success.

We review and set the Company's executive officers' base salaries, including those of the named executive officers, on an annual basis. This review occurred in January 2004 to confirm appropriate base salaries for fiscal 2005. Based on our review, we found the compensation of our named executive officers to be reasonable and not excessive. No changes were made to the base salaries of the named executive officers. As new executive officers were hired during fiscal 2005, we reviewed and approved base salaries in connection with their hire.

Annual Incentive Bonus

The Company promotes outstanding performance by rewarding executive officers for achieving specific performance objectives with an annual cash bonus paid through the Company's bonus program. All of the Company's executive officers and employees are eligible for annual bonus awards, excluding the Chief Executive Officer and sales and professional services employees.

At the start of the fiscal year, we establish specific corporate revenue and earnings objectives for the Company (the Company Objectives). These Company Objectives serve as a guideline for establishing a bonus pool to be divided among all executives and employees. However, even if the guideline criteria are met, we or management may decide not to establish a bonus pool. If a bonus pool is established, bonuses to executive officers are discretionary based on the Company's attainment of Company Objectives and on each executive officer's individual performance. Key performance criteria for evaluating executive officers include business and financial objectives, and management and organizational goals, as well as other relevant factors as determined by us with input from the Company's senior management. We review these criteria annually.

If the Company fails to fully meet the Company Objectives or the executive officer fails to fully meet the individual's objectives, the award may be significantly reduced or even eliminated. Conversely, if the objectives are overachieved, awards may be significantly increased above target thresholds.

At the end of the fiscal year, we review a performance report that summarizes management's view regarding whether, and to what extent, the Company Objectives were met for the prior fiscal year. We verify the Company's actual revenues and earnings for each performance period, review management's recommendation for the resulting aggregate bonus awards and approve an aggregate award amount. We also review and approve the individual bonus recommendations for the Company's executive officers. The Company's Chief Executive Officer also approves the bonus recommendations for the executive officers.

Based on the Company's performance in fiscal 2005 and individual performance, incentive bonuses pursuant to the Company's bonus program were paid to the named executive officers as follows:

Marc Benioff	\$
Jim Steele	\$ 438,000
Pat Sultz	\$ 118,790
Steve Cakebread	\$ 182,500
Jim Cavalieri	\$ 169,250
David Moellenhoff	\$ 169,250

At his request, our Chief Executive Officer was not paid a bonus in fiscal 2005. In addition and in accordance with the terms of their letters of employment, during fiscal 2005 Mr. Cakebread was also paid a bonus of \$25,000 and Ms. Sultz was paid a bonus of \$150,000.

Equity Compensation

The third component of the Company's executive compensation program consists of stock option grants. We continue to believe that stock option grants are important for motivating executive officers and other employees to increase stockholder value over the long term. We granted stock options to certain of our executive officers in fiscal 2005. Each stock option grant to an executive officer is designed to be competitive with those offered by comparable companies for the executive's job level, to reflect the Company's assessment of the executive's ongoing contributions to the Company, to create an incentive to remain with the Company and to provide a long-term incentive to help the Company achieve its financial and strategic objectives.

In determining the amount of stock options granted to an individual executive, the Compensation Committee considers such factors as (i) awards previously granted to an individual; (ii) an individual's outstanding awards; (iii) the vesting schedule of the individual's outstanding awards; (iv) the aggregate total of all outstanding options and awards; and (v) the relative quantities of awards offered by comparable companies to executives in comparable positions. Special additional stock options may be granted or approved from time to time to executive officers in connection with promotions, assumption of additional responsibilities and other factors.

Under the Company's existing stock option plans, we grant stock options with an exercise price per share equal to the market price of our common stock on the date of grant. All options are subject to vesting provisions to encourage officers to remain employed with the Company.

Compensation of Chief Executive Officer

The Compensation Committee uses the procedures described above in setting the annual salary, bonus and stock option awards for Marc Benioff, the Company's Chairman of the Board of Directors and Chief Executive Officer. At his request, during fiscal 2005 we paid Mr. Benioff

Edgar Filing: SALESFORCE COM INC - Form DEF 14A

a base salary of \$10 per year for the services he performs as the Company's Chief Executive Officer, did not award him a bonus and did not grant him any stock options. Also at his request, Mr. Benioff receives no additional material compensation or benefits not provided to all executives and receives no additional compensation for serving as Chairman of the Board of Directors.

Section 162(m) of the Internal Revenue Code

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, and regulations adopted thereunder by the Internal Revenue Service, publicly held companies may be precluded from deducting certain compensation paid to certain executive officers in excess of \$1.0 million in a year. The regulations exclude from this limit performance-based compensation and stock options provided certain requirements, such as stockholder approval within a specified period of time after we became a public company, are satisfied. Exceptions to this deductibility limit may be made for various forms of performance-based compensation. The Company believes that stock options awarded under the Company's stock option plans and bonuses awarded under the Company's bonus program can be excluded from calculating the \$1.0 million limit. As a result and based on fiscal 2005 compensation levels, no such limits on the deductibility of compensation were applicable for any officer. We have not adopted a policy specifically prohibiting compensation at a level that would limit deductions. While we cannot predict how the deductibility limit may impact the Company's compensation program in future years, we intend to maintain an approach to executive compensation that strongly links pay to performance.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Role of the Audit Committee

The Audit Committee operates under a written charter adopted by the Board of Directors in April 2004 which provides that its functions include the oversight of the quality of the Company's financial reports and other financial information and its compliance with legal and regulatory requirements, the appointment, compensation and oversight of the Company's independent registered public accounting firm, Ernst & Young LLP, including reviewing their independence, reviewing and approving the planned scope of the Company's annual audit, reviewing and pre-approving any non-audit services that may be performed by them, the oversight of the Company's internal audit function, reviewing with management and the Company's independent registered public accounting firm the adequacy of internal financial controls, and reviewing the Company's critical accounting policies and estimates, and the application of U.S. generally accepted accounting principles.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management is responsible for the Company's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. Ernst & Young LLP is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). The Audit Committee's responsibility is to monitor and oversee this process. Ernst & Young LLP was not engaged to audit management's assessment of internal controls over financial reporting or audit the Company's internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) for fiscal 2005.

Review of Audited Financial Statements for Fiscal Year ended January 31, 2005

Edgar Filing: SALESFORCE COM INC - Form DEF 14A

The Audit Committee reviewed and discussed our audited financial statements for the fiscal year ended January 31, 2005 with management. The Audit Committee discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Audit Committee also received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and the Audit Committee has discussed the independence of Ernst & Young with that firm.

The Audit Committee considered the fees paid to Ernst & Young LLP for the provision of non-audit related services and does not believe that these fees compromise Ernst & Young LLP's independence in performing the audit.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our annual report on Form 10-K for the fiscal year ended January 31, 2005 for filing with the Securities and Exchange Commission.

In addition, the Audit Committee reviewed the Company's efforts and programs aimed at strengthening the effectiveness of the Company's internal and disclosure control structure. As part of this process, the Audit Committee continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and controls.

Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditor. Accordingly, the Audit Committee oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of our financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States), that the consolidated financial statements are presented in accordance with U.S. generally accepted accounting principles or that Ernst & Young LLP is in fact independent.

In addition, at least one member shall be a financial expert as defined by applicable SEC regulations. Edgar Filing: SALESFORCE COM INC - Form DEF 14A

The members of the Committee shall be initially appointed by the Board and subsequently appointed by the Board on the recommendation of the Nominating and Corporate Governance Committee and shall serve until their successors are duly elected and qualified or their earlier resignation or removal. The Committee will also record summaries of its recommendations to the Board in written form, which will be incorporated as part of the minutes of the Board meeting at which those recommendations are presented.

IV. COMMITTEE AUTHORITY AND RESPONSIBILITIES

To fulfill its responsibilities and duties, the Committee shall:

A. Oversight of the Company's Independent Auditor

1. Be directly and solely responsible for the appointment, compensation, retention and oversight of any independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) engaged by the Company for the purpose of preparing or issuing an audit report or related work, with each such auditor reporting directly to the Committee.

2. Periodically review and discuss with the independent auditor (i) the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, and (ii) any formal written statements received from the independent auditor consistent with and in satisfaction of Independence Standards Board Standard No. 1, as amended, including without limitation, descriptions of (x) all relationships between the independent auditor and the Company, (y) any disclosed relationships or services that may impact the independent auditor's objectivity and independence and (z) whether any of the Company's senior finance personnel were recently employed by the independent auditor.

4. Evaluate annually the qualifications, performance and independence of the independent auditor, including a review of whether the independent auditor's quality-control procedures are adequate and a review and evaluation of the lead partner of the independent auditor, taking into account the opinions of management and the Company's internal auditors, and report to the Board on its conclusions, together with any recommendations for additional action.

5. Consult with the independent auditor to assure the rotation of the lead audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit every five years, consider issues related to the timing of such rotation and the transition to new lead and reviewing partners, and consider whether, in order to assure continuing auditor independence, there should be regular rotation of the audit firm, and report to the Board on its conclusions.

6. Approve in advance the engagement of the independent auditor for all audit services and non-audit services, based on independence, qualifications and, if applicable, performance, and approve the fees and other terms of any such engagement; provided, however, that (i) the Committee may establish pre-approval policies and procedures for any engagement to render such services, provided that such policies and procedures (x) are detailed as to particular services, (y) do not involve delegation to management of the Committee's responsibilities hereunder and (z) provide that, at its next scheduled meeting, the Committee is informed as to each such service for which the independent auditor is

Edgar Filing: SALESFORCE COM INC - Form DEF 14A

engaged pursuant to such policies and procedures, and (ii) the Committee may delegate to one or more members of the Committee the authority to grant pre-approvals for such services, provided that (a) the decisions of such member(s) to grant any such pre-approval shall be presented to the Committee at its next scheduled meeting and (b) the Committee has

10. Regularly review with the independent auditor any significant difficulties encountered during the course of the audit, any restrictions on the scope of work or access to required information and any significant disagreement among management and the independent auditor in connection with the preparation of the financial statements. Review with the independent auditor any accounting adjustments that were noted or proposed by the independent auditor but that were passed (as immaterial or otherwise), any communications between the audit team and the independent auditor's national office respecting auditing or accounting issues presented by the engagement, any management or internal control letter or schedule of unadjusted differences issued, or proposed to be issued, by the independent auditor to the Company, or any other material written communication provided by the independent auditor to the Company's management.

11. Review with the independent auditor the critical accounting policies and practices used by the Company, all alternative treatments of financial information within generally accepted accounting principles (GAAP) that the independent auditor has discussed with management, the ramifications of the use of such alternative disclosures and treatments and the treatment preferred by the independent auditor.

B. Review of Financial Reporting, Policies and Processes

1.
