Item 1.01. Entry into a Material Definitive Agreement.

On January 17, 2006, Cardium Therapeutics, Inc., a Delaware corporation (Cardium or the Registrant), completed a merger with its parent corporation, Aries Ventures Inc., a Nevada corporation (Aries), whereby Aries was merged with and into Cardium, with Cardium as the surviving entity and the successor issuer of Aries. The merger was effected pursuant to the terms of an Agreement and Plan of Merger dated January 17, 2006, by and between Aries and Cardium.

Following the merger and pursuant to the terms of the Agreement and Plan of Merger, (i) the separate existence of Aries ceased; (ii) Cardium acquired all of the assets and assumed all of the liabilities of Aries and will continue the business of Aries and operate its business as a Delaware corporation under the name, Cardium Therapeutics, Inc.; (iii) the Certificate of Incorporation and Bylaws of Cardium as in effect at the time of the merger became the Certificate of Incorporation and Bylaws of the Registrant following the merger; (iv) the directors and executive officers of Aries in office at the effective time of the merger became the directors and executive officers, respectively, of Cardium; (v) each share of Aries common stock, \$0.01 par value per share, issued and outstanding immediately before the merger was automatically converted into and became one share of common stock, \$0.0001 par value per share, of Cardium; (vi) each option to acquire shares of Aries common stock outstanding immediately before the merger was converted into and became an equivalent option to acquire, upon the same terms and conditions, the number of shares of Cardium s common stock equal to the number of shares of Aries common stock that the optionee would have received had the optionee exercised such option in full immediately before the merger (whether or not such option was then exercisable), and the exercise price per share under each of said options is equal to the exercise price per share thereunder immediately before the merger, unless otherwise provided in the instrument granting such option; (vii) each warrant to acquire shares of Aries common stock outstanding immediately before the merger was converted into and became a warrant to acquire, upon the same terms and conditions, the number of shares of Cardium s common stock equal to the number of shares of Aries common stock that the warrant holder would have received had the warrant holder exercised such warrant in full immediately before the merger (whether or not such warrant was then exercisable), and the exercise price per share under each of said warrants is equal to the exercise price per share thereunder immediately before the merger, unless otherwise provided in the instrument granting such warrant; (viii) each share of Cardium s common stock issued and outstanding immediately before the merger and held by Aries was canceled without any consideration being issued or paid therefore; and (ix) each employee benefit plan, incentive compensation plan and other similar plans and each employment agreement to which Aries was a party at the time of the merger was assumed by, and continue as, the plans and agreements of Cardium.

The merger did not result in any change in the business, management, fiscal year, assets, liabilities or location of the principal offices of the Registrant.

The Board of Directors and the stockholders of each of Cardium and Aries approved the merger. Further details are contained in the Definitive Proxy Statement of the Registrant filed with the United States Securities and Exchange Commission on January 6, 2006 (Proxy Statement).

Item 3.03 Material Modification to Rights of Security Holders.

Concurrent with the merger, the Second Amended and Restated Certificate of Incorporation and the Amended and Restated Bylaws of Cardium became the new Certificate of Incorporation and Bylaws of the Registrant. The adoption of the Second Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws of Cardium effectively resulted in (i) an increase in the authorized capital stock of the Registrant from 60,000,000 (50,000,000 of common stock and 10,000,000 of preferred stock) to 240,000,000 (200,000,000 of common stock and 40,000,000 of preferred stock); (ii) a change of the par value of the Registrant s capital stock from \$0.01 per share to \$0.0001 per share; (iii) a change from a variable range Board of Directors of from three to seven members to a fixed-size Board of Directors of no less than three members and as otherwise determined from time to time by the Board of Directors; (iv) a change in the required vote for proposals with prior Board approval from 50% of the outstanding shares to 50% of the outstanding shares voting thereon; (v) the addition of a provision that directors may only be removed for cause

and with stockholder approval; (vi) the addition of an anti-greenmail provision that limits the Registrant's ability to make any stock repurchase from an interested stockholder; and (vii) a requirement that stockholder action be effected at a meeting.

Additional information about the differences between the Articles of Incorporation and Bylaws of Aries as in effect before the merger and the Second Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws of the Registrant as in effect after the merger is set forth in the Proxy Statement.

Item 5.02 Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers.

On January 17, 2006, the Registrant's Board of Directors appointed Randall W. Moreadith, M.D., Ph.D. to the positions of Executive Vice President and Chief Medical Officer.
