Item 1.01 Entry into a Material Definitive Agreement

The Coast Distribution System (Coast) has entered into the Sole Sales and Service Agreement (the Agreement), made effective as of April 13, 2006, with Wuxi Kipor Power Co., Ltd. (Kipor), which is the largest manufacturer in China of inverter generators for export. The Agreement appoints Coast as the sole distributor of Kipor s products in the North America, which is defined in the Agreement to include the Continental United States, Canada and Mexico. The Kipor products covered by the Agreement include gasoline inverter generators; diesel generators, including Kipor s diesel Super-Silent generators; converter generators; diesel and gasoline engines; and water pumps. Under the Agreement, Coast (i) is responsible for marketing, and is obligated to use its best efforts to maximize sales of, Kipor products in North America, and (ii) is responsible for providing, or arranging for the provision, of warranty and repair services for Kipor products sold in North America.

The Agreement is to continue in effect until twelve (12) months after either party gives its written notice of an intention to terminate the Agreement to the other party. However, Kipor will have the right to terminate the Agreement on 90 days prior written notice to Coast, if Coast fails to fulfill any of its responsibilities or obligations under the Agreement, including the achievement of any minimum sales objectives that may be established by mutual agreement of the parties, subject, however, to Coast s right to cure such failure within that 90 day notice period. If Coast succeeds in curing such a failure within that 90-day period, then, the Agreement will not terminate and, instead, will continue in full force and effect.

The foregoing is a summary of the material terms of the Agreement and is qualified in its entirety by reference to the Agreement, itself, a copy of which is attached as Exhibit 10.1 to this Current Report on Form 8-K.
