Dear Stockholders:

We cordially invite you to attend a special meeting (the **Special Meeting**) of the stockholders of News Corporation (the **Company**), which will be held on April 3, 2007 at 10:00 a.m. (Local Time) at the Hudson Theatre, 145 W. 44th Street, New York, NY 10012.

At the Special Meeting, holders of shares of the Company's Class B Common Stock will be asked to consider and vote upon a proposal to approve the exchange of all shares of the Company's Class A Common Stock and Class B Common Stock indirectly held by Liberty Media Corporation (Liberty) for all of the issued and outstanding shares of Greenlady Corp., a wholly-owned subsidiary of the Company (Splitco) (the Exchange). Prior to the Exchange, the Company will transfer to Splitco (i) all of the shares of common stock of The DIRECTV Group, Inc. indirectly held by the Company as of such date, (ii) all ownership interests in each of three regional sports networks: Fox Sports Net Rocky Mountain, LLC, Fox Sports Net Pittsburgh, LLC, and Fox Sports Net Northwest, LLC (the RSN Subsidiaries) and (iii) cash in an amount equal to \$587.5 million, subject to adjustment based on the working capital of the RSN Subsidiaries. Upon the consummation of the Exchange, Splitco will become a wholly-owned subsidiary of Liberty and the shares of the Company's Class A and Class B Common Stock currently held by Liberty will cease to be outstanding.

The Company's obligation to consummate the Exchange will be conditioned on approval of the Exchange by the affirmative vote of a majority of the votes cast, in person or by proxy, by holders of shares of the Company's Class B Common Stock as of February 27, 2007, other than Liberty, its subsidiaries or their respective Associates (as defined under the Australian Securities Exchange Listing Rules) and each of Mr. K. Rupert Murdoch, the Murdoch Family Trust, Cruden Financial Services, LLC and any of their successors and transferees.

After careful consideration, the Company's board of directors has unanimously approved the Share Exchange Agreement and has determined that the Share Exchange Agreement and the transactions contemplated thereby, including the Exchange, are fair to and in the best interests of the Company and its stockholders. **Accordingly, the board of directors recommends that the Company's stockholders vote FOR the approval of the proposal.** The accompanying proxy statement provides you with detailed information about the proposal. We encourage you to read the entire proxy statement carefully.

It is important that your shares be represented and voted at the Special Meeting. If you are the registered holder of the Company's Class B Common Stock, you can vote your shares by completing and returning the enclosed proxy card, or by voting by telephone or the Internet, even if you plan to attend the Special Meeting. Please review the instructions on the proxy card or the information forwarded by your broker, bank or other nominee regarding the voting instructions. You may vote your shares of Class B Common Stock in person even if you previously submitted a proxy. Please note, however, that if your shares of Class B Common Stock are held of record by a broker, bank or other nominee and you wish to vote in person at the Special Meeting, you must obtain a proxy issued in your name from such broker, bank or other nominee.

Thank you for your continued support.

Sincerely,
K. Rupert Murdoch
Chairman of the Board of Directors

This proxy statement is dated February 28, 2007 and is first being mailed to stockholders on or about March 1, 2007.

NOTICE OF SPECIAL MEETING OF STOCKHOLDERS

To Be Held on April 3, 2007

To our Stockholders:

A special meeting of the stockholders (the **Special Meeting**) of News Corporation (the **Company**) will be held on April 3, 2007 at 10:00 a.m. (Local Time) at the Hudson Theatre, 145 W. 44th Street, New York, NY 10012.

At the Special Meeting, the Company's Class B stockholders will be asked to:

- (1) consider and vote upon a proposal to approve the exchange of 324,637,067 shares of the Company's Class A Common Stock and 188,000,000 shares of the Company's Class B Common Stock, in each case, indirectly held by Liberty Media Corporation (**Liberty**) through certain of its wholly-owned subsidiaries for all of the issued and outstanding shares of Greenlady Corp., a Delaware corporation and a wholly-owned subsidiary of the Company (**Splitco**) pursuant to the Share Exchange Agreement, dated as of December 22, 2006, by and between the Company and Liberty (the **Share Exchange Agreement**) and subject to the terms and conditions contained therein (the **Exchange**). A copy of the Share Exchange Agreement is attached as Annex A to the accompanying proxy statement. Prior to the Exchange, the Company will transfer to Splitco (i) all of the shares of common stock of The DIRECTV Group, Inc. held by the Company and its subsidiaries as of such date, (ii) all ownership interests in each of three regional sports networks: Fox Sports Net Rocky Mountain, LLC, Fox Sports Net Pittsburgh, LLC, and Fox Sports Net Northwest, LLC (the **RSN Subsidiaries**), and (iii) cash in an amount equal to \$587.5 million, subject to adjustment based on the working capital of the RSN Subsidiaries. Upon the consummation of the Exchange, Splitco will become a wholly-owned subsidiary of Liberty and the shares of the Company's Class A and Class B Common Stock currently held by Liberty will cease to be outstanding; and
- (2) approve the adjournment or postponement of the Special Meeting, if necessary or appropriate, to solicit additional proxies for approval of the Exchange if there are insufficient votes at the time of the Special Meeting to approve the Exchange.

The foregoing items of business are more fully described in the accompanying proxy statement. **While all of the Company's stockholders and all holders of CHESSE Depositary Instruments exchangeable for shares of the Company are invited to attend the Special Meeting, only holders of the Company's Class B Common Stock at the close of business on February 27, 2007 are entitled to notice of, and to vote at, the Special Meeting and any adjournment or postponement thereof. Holders of the Company's Class A Common Stock are not entitled to vote on the matters to be presented at the Special Meeting.**

Pursuant to the Share Exchange Agreement, the Company's obligation to consummate the Exchange will be conditioned on approval of the Exchange by the affirmative vote of a majority of the votes cast, in person or by proxy, by holders of shares of the Company's Class B Common Stock as of February 27, 2007, other than Liberty and its Associates (as defined under the Australian Securities Exchange Listing Rules), and each of Mr. K. Rupert Murdoch, the Murdoch Family Trust, Cruden Financial Services, LLC and any of their respective successors and transferees (collectively, the **Murdoch Interests).**

As required under the Australian Securities Exchange Listing Rules (the **ASX Rules**), to which the Company is subject because shares of its Class A and Class B Common Stock are listed on the Australian Securities Exchange, the Company has engaged an independent expert, Grant Samuel & Associates Pty Limited, to consider the Exchange and to issue a report, which is attached as Annex D to this proxy statement, as to whether the Exchange is fair and reasonable to the holders of the Company's Class B Common Stock other than

Table of Contents

Liberty and its Associates (as defined under the ASX Rules) including the Murdoch Interests (such holders, the non associated stockholders). The independent expert has concluded that, in its opinion, the Exchange is fair and reasonable to the non associated stockholders of News Corporation for the purposes of ASX Listing Rule 10.1.

It is important that your shares of the Company's Class B Common Stock be represented and voted at the Special Meeting. If you are the registered holder of the Company's Class B Common Stock, you can vote your shares by completing and returning the enclosed proxy card, or by voting by telephone or the Internet, even if you plan to attend the Special Meeting. Please review the instructions on the proxy card or the information forwarded by your broker, bank or other nominee regarding the voting instructions. You may vote your shares of Class B Common Stock in person even if you previously submitted a proxy. Please note, however, that if your shares of Class B Common Stock are held of record by a broker, bank or other nominee and you wish to vote in person at the Special Meeting, you must obtain a proxy issued in your name from such broker, bank or other nominee. **Whether or not you plan to attend the Special Meeting, we urge you to vote your shares by completing and returning the enclosed proxy card as promptly as possible in the postage-paid envelope or to submit your proxy by telephone or the Internet prior to the Special Meeting to ensure that your shares will be represented at the Special Meeting if you are unable to attend.**

If you are planning to attend the Special Meeting in person, you will be asked to register before entering the Special Meeting. **All attendees will be required to present government-issued photo identification** (e.g., driver's license or passport) to enter the Special Meeting. If you are a stockholder of record your ownership of the Company's common stock will be verified against the list of stockholders of record as of February 27, 2007 prior to being admitted to the Special Meeting or you must present a properly executed proxy card. **If you are not a stockholder of record and hold your shares of Class B Common Stock in street name, i.e., your shares of Class B Common Stock are held in a brokerage account or by a bank or other nominee, you must also provide proof of beneficial ownership as of February 27, 2007, such as your most recent account statement prior to February 27, 2007, and a copy of the voting instruction card provided by your broker, bank or nominee, or similar evidence of ownership.**

Prior to entering the Special Meeting, all bags will be subject to search and all persons may be subject to a metal detector and/or hand wand search. Cameras, recording devices and other electronic devices will not be permitted at the Special Meeting. The security procedures may require additional time, so please plan accordingly. **If you do not provide government-issued photo identification or do not comply with the other registration and security procedures described above, you will not be admitted to the Special Meeting.**

The Special Meeting will be audiocast live on the Internet at www.newscorp.com.

SUMMARY

This summary highlights selected information from this proxy statement and may not contain all of the information that is important to you. Accordingly, you should carefully read this entire proxy statement, including the annexes, and the documents to which we have referred you. A copy of the Share Exchange Agreement, dated as of December 22, 2006, by and between News Corporation and Liberty Media Corporation (the Share Exchange Agreement) is attached as Annex A to this proxy statement. We encourage you to read the Share Exchange Agreement because it is the legal document that governs the parties' agreement pursuant to which the parties will consummate the Exchange (as defined below). In addition, we incorporate by reference into this proxy statement important business and financial information about the Company. You may obtain a copy of the documents to which we have referred you without charge by following the instructions in the section entitled "Incorporation of Certain Documents by Reference."

Unless we otherwise indicate or unless the context requires otherwise, all references in this document to the Company, we, our, and us refer to News Corporation and its subsidiaries, taken together, all references to Liberty refer to Liberty Media Corporation and its subsidiaries, including the Liberty Stockholders, (which are wholly-owned subsidiaries of Liberty that hold the shares of Company common stock that are the subject of the Exchange), taken together, all references to DIRECTV refer to The DIRECTV Group, Inc., all references to Splitco refer to Greenlady Corp., and all references to Share Exchange Agreement refer to the Share Exchange Agreement, dated as of December 22, 2006, by and between News Corporation and Liberty Media Corporation, as it may be amended from time to time.

The Parties to the Exchange

(See "The Parties to the Exchange" on page 21) News Corporation, a Delaware corporation, is a diversified entertainment company with operations in eight industry segments, including (i) Filmed Entertainment, (ii) Television, (iii) Cable Network Programming, (iv) Direct Broadcast Satellite Television, (v) Magazines and Inserts, (vi) Newspapers, (vii) Book Publishing and (viii) Other. The activities of News Corporation are conducted principally in the United States, the United Kingdom, Continental Europe, Australia, Asia and the Pacific Basin.

Liberty Media Corporation, a Delaware corporation, is a holding company which, through its ownership of interests in subsidiaries and other companies, is primarily engaged in the electronic retailing, media, communications and entertainment industries. Through its subsidiaries, it operates in the United States, Europe and Asia. Its principal assets include interests in QVC, Inc., Starz Entertainment Group LLC, IAC/InterActiveCorp, Expedia, Inc. and the Company.

The Exchange

(See "The Share Exchange Agreement" on page 28 and Annex A) The Share Exchange Agreement provides for, among other things, the exchange of (i) 324,637,067 shares of the Company's Class A Common Stock and 188,000,000 shares of the Company's Class B Common Stock, in each case, held by the Liberty Stockholders for (ii) all of the issued and outstanding shares of Greenlady Corp., a

Table of Contents

Delaware corporation and a wholly-owned subsidiary of the Company (Splitco) (the Exchange).

The Company has agreed that, prior to the consummation of the Exchange and subject to the terms and conditions contained in the Share Exchange Agreement, the Company will transfer to Splitco (i) all of the shares of common stock of DIRECTV held by the Company and its subsidiaries as of such date (the DIRECTV Shares), (ii) all ownership interests in each of three regional sports networks: Fox Sports Net Rocky Mountain, LLC, Fox Sports Net Pittsburgh, LLC, and Fox Sports Net Northwest, LLC, (collectively, the RSN Subsidiaries) and (iii) cash in an amount equal to \$587.5 million, subject to adjustment based on the working capital of the RSN Subsidiaries (collectively, the Company Restructuring). We refer to the regional sports programming network business conducted by the RSN Subsidiaries as the Transferred Business.

Benefits of the Exchange

(See Reasons for the Exchange on page 35) The Exchange is intended to achieve important business objectives of the Company, including: (i) enabling the Company's management to focus greater attention on core operating assets; (ii) eliminating the distraction and uncertainty of having Liberty as a stockholder of the Company; and (iii) increasing the value of the Company's stock. See Reasons for the Exchange on page 35 for a more detailed discussion of the benefits to the Company of consummating the Exchange.

In addition, the Company believes that, as the Exchange presents an opportunity to dispose of the DIRECTV Shares in a tax-free manner at an attractive valuation and simultaneously redeem a substantial number of the Company's shares without the premium customary in substantial stock redemption transactions, consummation of the Exchange will provide a significant economic benefit to the Company.

The Special Meeting of Stockholders

(See Information About the Special Meeting page 23) **Place, Date and Time.** The Special Meeting will be held at 10:00 a.m. (Local Time), on Tuesday, April 3, 2007 at the Hudson Theatre, 145 W. 44th Street, New York, NY 10012.

Quorum

In order for the Company to conduct the Special Meeting, a majority of the holders of Class B Common Stock outstanding as of February 27, 2007, must be present in person or represented by proxy at the Special Meeting. Abstentions and broker non-votes will be

Table of Contents

counted for purposes of establishing a quorum at the Special Meeting. A broker non-vote occurs when you do not give your broker or nominee instructions on how to vote your shares of Class B Common Stock. You are urged to vote by proxy even if you plan to attend the Special Meeting so that the Company will know as soon as possible that enough votes will be present for the Special Meeting to be held. Although, as discussed below, the Company shares owned by each of the Murdoch Interests (as defined below) and Liberty and its Associates will not be counted in determining whether the ASX Stockholder Approval (as defined below) has been obtained, such shares, if present, will be counted for quorum purposes at the Special Meeting.

Vote Required for Approval of the Exchange

Pursuant to the Share Exchange Agreement, the Company's obligation to consummate the Exchange is conditioned upon approval of the Exchange by the affirmative vote of a majority of the votes cast, in person or by proxy, by holders of shares of the Company's Class B Common Stock as of February 27, 2007, other than Liberty or its Associates (as defined under the Australian Securities Exchange (ASX) Listing Rules (the ASX Rules)) and each of Mr. K. Rupert Murdoch, the Murdoch Family Trust, Cruden Financial Services, LLC and any of their successors and transferees (collectively, the Murdoch Interests) (the Disinterested Stockholder Approval). In addition, pursuant to Chapter 10.1 of the ASX Rules, the Exchange must be approved by the affirmative vote of a majority of the votes cast, in person or by proxy, by holders of shares of the Company's Class B Common Stock as of February 27, 2007, other than Liberty, the Liberty Stockholders or their respective Associates (the ASX Stockholder Approval).

Since the Murdoch Interests have, subject to certain limited termination rights, given Liberty their Irrevocable Proxy (as defined below) to vote in favor of the Exchange, the Murdoch Interests are deemed to be Associates of Liberty under the ASX Rules and, as such, their shares will not be counted in determining whether the ASX Stockholder Approval has been obtained. As a result, the ASX Stockholder Approval and the Disinterested Stockholder Approval will each be determined by the outcome of the vote at the Special Meeting of the holders of shares of the Company's Class B Common Stock as of February 27, 2007, other than Liberty, the Liberty Stockholders, their respective Associates and the Murdoch Interests.

Required Disclosure for the Purpose of the ASX Listing Rules

Voting Exclusion Statement

In accordance with the ASX Rules, the following voting exclusions will be observed: the Company will disregard any votes cast in respect to Proposal 1 by Liberty or any Associate of Liberty,

Table of Contents

which will include the Murdoch Interests by virtue of a proxy given to Liberty; provided, however that the Company will not disregard (i) votes cast by any person as a proxy for any other person who is entitled to vote with respect to the approval of the Exchange and whose votes will not be disregarded under the ASX Rules, which votes are cast in accordance with the directions on the relevant proxy form; and (ii) votes cast by any person chairing the Special Meeting as a proxy for any other person who is entitled to vote with respect to the approval of the Exchange and whose votes will not be disregarded under the ASX Rules, which votes are cast in accordance with the direction on the relevant proxy form as the proxy decides.

Vote Required for Adjournment of the Special Meeting

Whether or not a quorum exists, holders of a majority of the shares of the Company's Class B Common Stock present in person or represented by proxy, and entitled to vote, at the Special Meeting may adjourn the Special Meeting.

Who Can Vote at the Special Meeting

Only stockholders of record of the Company's Class B Common Stock at the close of business on February 27, 2007 are entitled to notice of, and to vote at, the Special Meeting and any adjournment or postponement thereof. **Holders of Class A Common Stock are not entitled to vote on the matters to be presented at the Special Meeting.** If you are the holder of record of your shares of the Company's Class B Common Stock you may vote your shares in person at the Special Meeting or by completing, properly signing and returning a proxy card to the Company or through telephone and internet voting, each as described below. Please note, however, that if your shares of Class B Common Stock are held of record by a broker, bank or other nominee and you wish to vote in person at the Special Meeting, you must obtain a proxy issued in your name from such broker, bank or other nominee. As of the close of business on February 27, 2007, there were 986,520,953 shares of the Company's Class B Common Stock outstanding held by approximately 1,642 holders of record.

Procedure for Voting

If you are a holder of record and you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. Properly executed proxies that do not contain voting instructions will be voted FOR Proposals 1 and 2.

(CHESSE), the legal holder of the CDIs, on how it should vote with respect to the proposals described in this proxy statement. Holders of Class B CDIs must provide their duly executed directions, via an enclosed voting instructions card, to CHESSE by 5:00 p.m. (Australian Eastern Time) on March 30, 2007.

If you need assistance in submitting your proxy or voting your shares or need additional copies of this proxy statement or the enclosed proxy card, you should contact our proxy solicitation agent, Georgeson Inc., at 17 State Street, 10th floor, NY, NY 10004. by attending the Special Meeting and voting in person (your attendance at the meeting will not, by itself, revoke your proxy; you must vote in person at the meeting);

by submitting a later-dated proxy card;

if you voted by telephone or the Internet, by voting a second time by telephone or Internet; or

Edgar Filing: NEWS CORP - Form DEF 14A

if you have instructed a broker, bank or other nominee to vote your shares, by following the directions received from your broker, bank or other nominee to change those instructions.

Timing and Likelihood of Closing

(See The Share Exchange Agreement on page 58) Assuming the satisfaction or waiver of all of the conditions to the Exchange, we expect that the Exchange will be consummated in the second half of calendar 2007. However, because the Exchange is subject to certain conditions, including those relating to the receipt of certain regulatory approvals and certain rulings from the United States Internal Revenue Service (the IRS) (see The Share Exchange Agreement Conditions to the Exchange beginning on page 65), the exact timing of the completion of the Exchange and the likelihood of the consummation thereof cannot be predicted. If any of the conditions in the Share Exchange Agreement are not satisfied or waived, including the conditions described below under The Share Exchange Agreement Conditions to the Exchange, the Share Exchange Agreement may terminate as a result.

Board Recommendation

(See Recommendation on page 39)

After careful consideration, the board of directors of the Company, by unanimous vote:

has determined that the Share Exchange Agreement and the transactions contemplated thereby, including the Exchange, are advisable, fair to and in the best interests of the Company and its stockholders;

has approved the Share Exchange Agreement, the Exchange and the other transactions contemplated thereby; and

recommends that the holders of the Company's Class B Common Stock vote FOR the approval of the Exchange.

Chase Carey, a director of the Company, is the President and Chief Executive Officer of DIRECTV. Mr. Carey did not participate in the discussions of the board of directors of the Company involving the Exchange, and he did not vote on the Exchange.

Goldman Sachs' opinion is not a recommendation as to how any holder of the Company's Class B Common Stock should vote with respect to the Exchange.

At the meeting of the board of directors of the Company on December 21, 2006, JPMorgan rendered its written opinion to the board of directors of the Company that, as of such date and based upon and subject to the factors and assumptions set forth in its opinion, the consideration to be received by the Company in exchange for the assets of Splitco in the Exchange was fair, from a financial point of view, to the Company. The full text of JPMorgan's opinion dated December 21, 2006, which sets forth the assumptions made, matters considered and limits on the review undertaken, is attached as Annex C to this proxy statement and is incorporated herein by reference.

JPMorgan's opinion is not a recommendation as to how any holder of the Company's Class B Common Stock should vote with respect to the Exchange.

Independent Expert's Report

(See Independent Expert's Report on page 57)As required under Section 10.1 of the ASX Rules, the Company has engaged an independent expert, Grant Samuel & Associates Pty Limited (Grant Samuel), to consider the Exchange and to issue a report, the full text of which is attached as Annex D to this proxy statement and is incorporated herein by reference, as to whether the Exchange is fair and reasonable to the holders of the Company's Class B Common Stock other than Liberty and its Associates (as defined under the ASX Rules) including the Murdoch Interests (such holders, the non associated stockholders). Grant Samuel has concluded that, in its opinion, the Exchange is fair and reasonable to the non associated stockholders for the purposes of ASX Listing Rule 10.1.

Shares Held by Directors and Executive Officers

(See Shares Held by Directors and Executive Officers on page 84) As of February 27, 2007, the directors and executive officers of the Company beneficially owned, in the aggregate, approximately 31.2% of the shares of the Company's Class B Common Stock entitled to vote at the Special Meeting; however, as described above, the shares held by the Murdoch Interests will be disregarded for purposes of determining whether each of the Disinterested Stockholder Approval and the ASX Stockholder Approval has been obtained.

Certain U.S. Federal Income Tax Consequences

(See Certain U.S. Federal Income Tax Consequences on page 71) Our stockholders, other than the Liberty Stockholders, generally will not be subject to any U.S. federal income tax as a result of the Company Restructuring and the Exchange. The Exchange is conditioned upon the receipt of private letter rulings from the IRS and opinions of the Company's and Liberty's tax counsel regarding such tax-free treatment.

Pursuant to the Share Exchange Agreement, the Company has agreed, from December 22, 2006 until the consummation of the Exchange or the earlier termination of the Share Exchange Agreement, not to, and not to authorize or permit any of its subsidiaries or any of its or their respective representatives and affiliates to solicit, or enter into any discussions regarding, any third party proposal to acquire the DIRECTV Shares or any of the RSN Subsidiaries. Liberty has agreed to corresponding obligations with respect to its Company shares.

Third Party Acquisition Proposals for DIRECTV

(Page 65)

Pursuant to the Share Exchange Agreement, the Company has agreed, in its capacity as a stockholder of DIRECTV, to take reasonable actions to cause DIRECTV not to solicit or enter into any discussions with any third party regarding a business combination or sale of all or a substantial portion of DIRECTV's assets. In addition, the Share Exchange Agreement provides that from December 22, 2006 until the consummation of the Exchange, the Company will (i) vote its DIRECTV Shares against any proposed business combinations between DIRECTV and a third party, (ii) not solicit proxies in favor of such a transaction and (iii) not tender its DIRECTV Shares in any third party tender offer for DIRECTV. In the event the Share Exchange Agreement is terminated by the Company or Liberty due to the failure of the Company to obtain the ASX Stockholder Approval or the Disinterested Stockholder Approval or by Liberty, due to a Change in Recommendation, the obligations of the Company described in the preceding sentence shall continue until the date that is six (6) months from the date of such termination, and, solely with respect to any transaction in respect of at least a majority of DIRECTV's outstanding shares or all or substantially all of DIRECTV's assets with respect to which a bona fide written proposal was publicly announced and not withdrawn prior to such termination, until the date that is twelve (12) months from the date of such termination

Standstill Arrangements

(Page 64)

The Share Exchange Agreement provides that until December 22, 2016, Liberty will not acquire any securities or assets of the Company or participate in any proxy contest involving the Company. These obligations will automatically terminate upon either the consummation of a change of control transaction involving the Company or the termination of the Share Exchange Agreement. The Share Exchange Agreement provides for corresponding

obligations of the Company with respect to the securities or assets of Liberty and DIRECTV, which shall terminate with respect to each of Liberty or DIRECTV on the consummation of a change of control of the corresponding entity, and with respect to both Liberty and DIRECTV, on the termination of the Share Exchange Agreement. In addition, the obligations of the Company with respect to DIRECTV described above shall terminate upon such date as Liberty disposes of 50% or more of the DIRECTV Shares that it will acquire upon consummation of the Exchange. Concurrently with the execution of the Share Exchange Agreement, each of Dr. John C. Malone, chairman of the board of directors of Liberty, and Mr. K. Rupert Murdoch, chairman of the board of directors and Chief Executive Officer of the Company, has agreed, in separate side letters, to corresponding standstill obligations, subject to their fiduciary obligations, binding on themselves and their affiliates.

Other Arrangements

(Page 74)

The Company and Liberty and certain of their wholly-owned subsidiaries have agreed to certain affiliation, transition services, technical services and other operational arrangements between the RSN Subsidiaries and certain Fox Entertainment Group, Inc. (Fox Entertainment) subsidiaries following the consummation of the Exchange. In addition, the Company will enter into the DIRECTV Non-Competition Agreement (as defined below) with DIRECTV and the RSN Non-Competition Agreement (as defined below) with each of the RSN Subsidiaries and Splitco, in each case, restricting its right to compete with DIRECTV and the RSN Subsidiaries in the respective regions in which such entities operate for a period of four (4) years following the consummation of the Exchange, subject to certain exceptions, and its ability to solicit and hire executive officers or members of senior management of DIRECTV or the RSN Subsidiaries for a period of two (2) years following the consummation of the Exchange.

Termination of the Share Exchange Agreement

(Page 67)

The Share Exchange Agreement may be terminated and the Exchange and the other transactions contemplated thereby abandoned at any time prior to the consummation of such transactions and before or after approval of the Exchange by the Company's stockholders:

by mutual written consent of the Company and Liberty;

by either the Company or Liberty:

if the Closing has not occurred on or before December 22, 2007, with such date to be automatically extended to March 22, 2008 under certain circumstances;

if the ASX Stockholder Approval is not obtained at the Special Meeting;

if the Disinterested Stockholder Approval is not obtained at the Special Meeting; provided that Liberty may only terminate on this basis if the Company has not waived the condition relating to the Disinterested Stockholder Approval within ten (10) business days following the Special Meeting; or

if there is in effect a final, non-appealable order of a governmental authority, permanently enjoining the Exchange;

by the Company, if there has been a breach by Liberty of any representation, warranty, covenant or agreement contained in the Share Exchange Agreement or the Tax Matters Agreement, which would result in a failure of a condition to the Exchange which either cannot be cured prior to December 22, 2007, or is not cured within forty-five (45) days after Liberty's receipt of notice of such

breach;

by Liberty, if there has been a breach by the Company or Splitco of any representation, warranty, covenant or agreement contained in the Share Exchange Agreement or the Tax Matters Agreement,

which would result in a failure of a condition to the Exchange which either cannot be cured prior to December 22, 2007, or is not cured within forty-five (45) days after the Company's receipt of notice of such breach;

by Liberty, if there shall have occurred a Material Adverse Effect on Splitco which has not been cured within thirty (30) days after the Company's receipt of notice thereof; or

by Liberty, upon a Change in Recommendation, but only during the 10 business day period following public disclosure of such Change in Recommendation.

Termination Fees

(Page 68)

Pursuant to the Share Exchange Agreement, the Company must pay to Liberty a termination fee of \$100 million in cash if the Share Exchange Agreement is terminated by either the Company or Liberty due to the failure by the Company to obtain the ASX Stockholder Approval or the Disinterested Stockholder Approval, provided that the Company does not make a Change in Recommendation. The Company must pay to Liberty a termination fee of \$300 million in circumstances in which the Share Exchange Agreement is terminated by Liberty following a Change in Recommendation. Please refer to the section entitled "The Share Exchange Agreement Termination Fees" beginning on page 68 for a more detailed discussion of the termination fees described above and the circumstances under which they would become payable.

Tax Matters Agreement

(Page 72)

The Company and Liberty have entered into the Tax Matters Agreement which will govern the parties' respective rights, responsibilities and obligations with respect to tax liabilities and benefits, the preparation and filing of tax returns, the control of audits and other tax matters.

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING AND THE EXCHANGE

The following questions and answers address briefly some commonly asked questions you may have regarding the Special Meeting and the Exchange. These questions and answers may not address all questions that may be important to you as a stockholder of the Company. Please refer to the more detailed information contained elsewhere in this proxy statement, the annexes to this proxy statement and the documents referred to or incorporated by reference in this proxy statement. You may obtain a copy of the documents to which we have referred you without charge by following the instructions in the section entitled "Incorporation of Certain Documents by Reference." See also "Where You Can Find Additional Information" beginning on page 19.

Q: Why am I receiving this proxy statement?

A: The Company is furnishing this proxy statement in connection with the solicitation by the board of directors of the Company of proxies for use at the Special Meeting to be held on April 3, 2007 or at any adjournment thereof, at which holders of the Company's Class B Common Stock are entitled to vote. The holders of the Company's Class A Common Stock are receiving this proxy statement for informational purposes only.

Q: When and where is the Special Meeting?

A: The Special Meeting will be held at 10:00 a.m. (Local Time), on Tuesday, April 3, 2007 at the Hudson Theatre, 145 W. 44th Street, New York, NY 10012.

Q: What are holders of the Company's Class B Common Stock being asked to vote on?

A: You are being asked to vote on the following matters:

(1) the approval of the Exchange; and

(2) the adjournment or postponement of the meeting, if necessary or appropriate, to solicit additional proxies for approval of the Exchange if there are insufficient votes at the time of the Special Meeting to approve the Exchange.

The Exchange is the exchange of 324,637,067 shares of the Company's Class A Common Stock and 188,000,000 shares of the Company's Class B Common Stock, in each case, owned by the Liberty Stockholders for all of the issued and outstanding shares of Splitco pursuant to the Share Exchange Agreement and subject to the terms and conditions contained therein. Prior to the Exchange, the Company will transfer to Splitco (i) all of the shares of common stock of DIRECTV held by the Company and its subsidiaries as of such date, (ii) all ownership interests in the RSN Subsidiaries, and (iii) cash in an amount equal to \$587.5 million, subject to adjustment based on the working capital of the RSN Subsidiaries. Upon the consummation of the Exchange, Splitco will become a wholly-owned subsidiary of Liberty.

Q: What are the benefits of the Exchange?

A: The Exchange is intended to achieve important business objectives of the Company, including: (i) enabling the Company's management to focus greater attention on core operating assets; (ii) eliminating the distraction and uncertainty of having Liberty as a stockholder of the Company; and (iii) increasing the value of the Company's stock so that the Company's stock may be used for acquisition purposes and to

Edgar Filing: NEWS CORP - Form DEF 14A

more efficiently and effectively compensate certain of its employees. See "Reasons for the Exchange" beginning on page 35 for a more detailed discussion of the benefits to the Company of consummating the Exchange.

In addition, the Company believes that, as the Exchange presents an opportunity to dispose of the DIRECTV Shares in a tax-free manner at an attractive valuation and simultaneously redeem a substantial number of the Company's shares without the premium customary in substantial stock redemption transactions, consummation of the Exchange will provide a significant economic benefit to the Company.

Table of Contents

Q: What are the effects of the Exchange on the Company?

A: If the Exchange is consummated, all of the shares of the Company owned by Liberty will cease to be outstanding. As a result, the voting percentage of existing holders of the Company's Class B Common Stock, including the Murdoch Interests, will increase proportionately. Also, as a result of the Exchange, among other things, the Company will cease to own the DIRECTV Shares and the RSN Subsidiaries. In addition, if the Exchange is consummated, the Company intends to redeem the rights issued under the Company's Amended and Restated Stockholder Rights Plan and the board of directors of the Company will consider eliminating the Company's classified board structure. See Background and Recommendation Effects of the Exchange beginning on page 39.

Q: How does the Company's board of directors recommend that I vote on the proposals?

A: Our board of directors unanimously recommends that you vote:

- (1) FOR the proposal to approve Exchange; and
- (2) FOR the adjournment or postponement of the meeting, if necessary or appropriate, to solicit additional proxies for approval of the Exchange.

Q: Why are we asking for stockholder approval?

A: The ASX Rules, to which we are subject because shares of our Class A and Class B Common Stock are listed on the Australian Securities Exchange, require us to obtain approval from our stockholders for the Exchange. In addition, the Company negotiated to include the Disinterested Stockholder Approval as a condition to the consummation of the Exchange to ensure that the Company's stockholders, other than the Murdoch Interests and Liberty, will have the opportunity to express, separately and independently, their determination with respect to the Exchange.

Q: What vote of the stockholders is required to approve the Exchange?

A: Pursuant to the Share Exchange Agreement, the Company's obligation to consummate the Exchange is conditioned upon approval of the Exchange by the affirmative vote of a majority of the votes cast, in person or by proxy, by holders of shares of the Company's Class B Common Stock as of February 27, 2007, other than Liberty, the Liberty Stockholders or their respective Associates (as defined under the ASX Rules) and the Murdoch Interests (the Disinterested Stockholder Approval).

In addition, pursuant to the ASX Rules, the Exchange must be approved by the affirmative vote of a majority of the votes cast in person or by proxy, by holders of shares of the Company's Class B Common Stock as of February 27, 2007, other than Liberty, the Liberty Stockholders or their respective Associates (as defined under the ASX Rules).

Since the Murdoch Interests have given Liberty their Irrevocable Proxy to vote in favor of the Exchange, the Murdoch Interests are deemed to be Associates of Liberty under the ASX Rules and, as such, their shares will not be counted in determining whether the ASX Stockholder Approval has been obtained. As a result, the ASX Stockholder Approval and the Disinterested Stockholder Approval will each be determined by the outcome of the vote at the Special Meeting of the holders of shares of the Company's Class B Common Stock as of February 27, 2007, other than Liberty, the Liberty Stockholders, their respective Associates and the Murdoch Interests.

Q: What vote of the stockholders is required to adjourn or postpone the Special Meeting?

A: Whether or not a quorum exists, holders of a majority of the shares of the Company's Class B Common Stock present in person or represented by proxy at the Special Meeting and entitled to vote thereat may adjourn or postpone the Special Meeting.

Table of Contents

Q: Who is entitled to vote?

A: Only stockholders of record of the Company's Class B Common Stock at the close of business on February 27, 2007 are entitled to vote at the Special Meeting and any adjournment or postponement thereof. **Holders of the Company's Class A Common Stock are not entitled to vote on the matters to be presented at the Special Meeting.** If you are the holder of record of your shares of the Company's Class B Common Stock you may vote your shares in person at the Special Meeting or by completing, properly signing and returning a proxy card to the Company or through telephone and internet voting, each as described below. Please note, however, that if your shares of Class B Common Stock are held of record by a broker, bank or other nominee and you wish to vote in person at the Special Meeting, you must obtain a proxy issued in your name from such broker, bank or other nominee. As of the close of business on February 27, 2007 there were 986,520,953 shares of the Company's Class B Common Stock outstanding held by approximately 1,642 holders of record.

Q: If I am a holder of record, what do I need to do in order to vote on the proposals?

A: If you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. Properly executed proxies that do not contain voting instructions will be voted FOR the Exchange and FOR the adjournment or postponement of the Special Meeting, if necessary to solicit additional proxies for approval of the Exchange.

Telephone and Internet voting is also available 24 hours a day through 1:00 a.m. (Central Time) on April 3, 2007. If you are located in the United States or Canada, you can vote your shares by calling toll-free 1-800-652-VOTE (8683). You can also vote your shares by Internet at <http://www.investorvote.com>. Both the telephone and Internet voting systems have easy to follow instructions on how you may vote your shares and allow you to confirm that the system has properly recorded your vote. If you vote by telephone or Internet, you do not need to return your proxy card to the Company.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: Your broker will not be able to vote your shares without specific instructions from you. You should instruct your broker, bank or nominee to vote your shares following the procedure provided by your broker, bank or nominee. Please check your proxy card or contact your broker, bank or nominee to determine whether you will be able to vote by telephone or Internet. A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that offers Internet and telephone voting options.

Q: How do I vote if I hold CHESSE Depository Instruments?

A: If you hold CHESSE Depository Instruments as of February 27, 2007 you should complete and return the enclosed voting instructions card to CHESSE, by 5:00 p.m. (Australian Eastern Time) on March 30, 2007.

Q: How can I revoke or change my vote?

A: If you are a holder of the Company's Class B Common Stock entitled to vote at the Special Meeting, you have the right to change or revoke your proxy at any time before the vote taken at the Special Meeting:

if you hold your shares in your name as a stockholder of record, by notifying our Corporate Secretary, Laura A. O'Leary, at 1211 Avenue of the Americas, New York, NY 10036;

Edgar Filing: NEWS CORP - Form DEF 14A

by attending the Special Meeting and voting in person (your attendance at the Special Meeting will not, by itself, revoke your proxy; you must vote in person at the Special Meeting);

by submitting a later-dated proxy card;

if you voted by telephone or the Internet, by voting a second time by telephone or Internet; or

Table of Contents

if you have instructed a broker, bank or other nominee to vote your shares, by following the directions received from your broker, bank or other nominee to change those instructions.

CDI holders may change or revoke prior voting instructions by submitting a later-dated CDI voting instruction form before 5:00 p.m. (Australian Eastern Time) on March 30, 2007.

Q: Who will bear the cost of this solicitation?

A: The expenses of preparing, printing and mailing this proxy statement and the proxies solicited hereby will be borne by the Company. Additional solicitation may be made by telephone, facsimile or other contact by certain directors, officers, employees or agents of the Company, none of whom will receive additional compensation therefor. In addition, the Company has engaged Georgeson Inc. (Georgeson) to assist in the solicitation of proxies for the Special Meeting. The Company will, upon request, reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses for forwarding material to the beneficial owners of shares held of record by others.

Q: Will a proxy solicitor be used?

A: Yes. The Company has engaged Georgeson to assist in the solicitation of proxies for the Special Meeting and the Company estimates that it will pay Georgeson a fee of approximately \$40,000. The Company has also agreed to reimburse Georgeson for reasonable administrative and out-of-pocket expenses incurred in connection with the proxy solicitation and indemnify Georgeson against certain losses, costs and expenses.

Q: Do I have appraisal rights if I oppose the Exchange?

A: No. Under Delaware law, stockholders do not have the right to an appraisal of the value of their shares in connection with the Exchange.

Q: What will happen if the Exchange is not approved?

A: The Company will not be able to complete the Exchange. If the Exchange is not approved by the stockholders of the Company or if the Exchange is not completed for any other reason, the Company will retain (i) all of the shares of common stock of DIRECTV held by the Company and its subsidiaries, (ii) all ownership interests in the RSN Subsidiaries, and (iii) the cash that would otherwise have been contributed to Splitco. Also, Liberty will retain all of the shares of the Company's Class A and Class B Common Stock currently held by it. In addition, under specified circumstances, the Company will be required to pay Liberty certain termination fees as described under the caption "The Share Exchange Agreement Termination Fees." Furthermore, the Company will be subject to certain restrictions on its actions in connection with third party acquisition proposals for DIRECTV for a period of time following the termination of the Share Exchange Agreement. In addition, the standstill obligations of each of Liberty and the Company under the Share Exchange Agreement, and Mr. Murdoch and Dr. Malone under their respective side letters, will cease to be in effect. Furthermore, the rights issued under the Company's stockholder rights plan will not be redeemed by the Company, and the stockholder rights plan will remain in place, subject to the terms of the settlement of the stockholder litigation relating to the stockholder rights plan (for a more detailed description of the Company's stockholder rights plan or the litigation relating thereto, see "Background and Recommendation" below).

Q: What are the expected tax consequences of the Exchange?

A:

The Special Meeting will be held at 10:00 a.m. (Local Time), on Tuesday, April 3, 2007 at the Hudson Theatre, 145 W. 44th Street, New York, NY 10012. The notice of the Special Meeting and a voting card accompany this proxy statement.

Brokers, dealers, banks, voting trustees, other custodians and their nominees are asked to forward this notice and proxy statement and the voting card to the beneficial owners of the Company's Class B Common Stock held of record by them. Upon request, the Company will reimburse them for their reasonable expenses in completing the mailing of the materials to beneficial owners of our Class B Common Stock.

While all of the Company's stockholders and all holders of the Company's CDIs are invited to attend the Special Meeting, only stockholders of record of the Company's Class B Common Stock at the close of business on February 27, 2007 are entitled to vote at the Special Meeting and any adjournment or postponement thereof. **Holders of the Company's Class A Common Stock are receiving this proxy statement for informational purposes only and are not entitled to vote on the matters to be presented at the Special Meeting.** If you are the holder of record of your shares of the Company's Class B Common Stock you may vote your shares in person at the Special Meeting or by completing, properly signing and returning a proxy card to the Company or through telephone and Internet voting, each as described below. Please note, however, that if your shares of Class B Common Stock are held of record by a broker, bank or other nominee and you wish to vote in person at the Special Meeting, you must obtain a proxy issued in your name from such broker, bank or other nominee. As of the close of business on February 27, 2007 there were 986,520,953 shares of the Company's Class B Common Stock outstanding held by approximately 1,642 holders of record. A list of the stockholders of record of the Company's Class B Common Stock as of close of business on February 27, 2007 will be available at the Special Meeting and at the Company's principal executive offices during the ten (10) days prior to the Special Meeting.

At the Special Meeting, stockholders will consider and vote upon (i) the approval of the Exchange; and (ii) the adjournment or postponement of the meeting, if necessary or appropriate, to solicit additional proxies for approval of the Exchange if there are insufficient votes at the time of the Special Meeting to approve the Exchange. These matters have been proposed by our board of directors. No other matters will be presented or voted on at the Special Meeting.

Table of Contents**VOTING**

Quorum. In order for the Company to conduct the Special Meeting, a majority of the holders of Class B Common Stock outstanding as of February 27, 2007, must be present in person or represented by proxy at the Special Meeting. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the Special Meeting. A broker non-vote occurs when you do not give your broker or nominee instructions on how to vote your shares of Class B Common Stock. Although the shares owned by the Murdoch Interests, Liberty and other Associates of Liberty will not be counted in determining whether the ASX Stockholder Approval has been obtained, such shares, if present, will be counted for quorum purposes at the Special Meeting. The Irrevocable Proxy will automatically terminate if Liberty should fail to appear in person at the Special Meeting and vote such shares.

Tabulation of Votes. Each holder of the Company's Class B Common Stock may cast one vote for each share held by such stockholder on February 27, 2007 on all matters to be voted on at the Special Meeting. The percentage of shares required to be voted for a proposal depends on the proposal. Pursuant to the Share Exchange Agreement, the consummation of the Exchange is conditioned upon the Disinterested Stockholder Approval and the ASX Stockholder Approval. Whether or not a quorum exists, holders of a majority of the shares of the Company's Class B Common Stock present in person or represented by proxy at the Special Meeting and entitled to vote thereat may adjourn the Special Meeting. The percentage of shares that have been affirmatively voted for a proposal is determined by dividing the affirmative votes by the total number of votes cast, in person or by proxy, for such proposal by holders of Class B Common Stock outstanding as of February 27, 2007. The ASX Stockholder Approval and the Disinterested Stockholder Approval will each be determined by the outcome of the vote at the Special Meeting of the holders of shares of the Company's Class B Common Stock as of February 27, 2007, other than Liberty, the Liberty Stockholders, their respective Associates and the Murdoch Interests.

Required Disclosure for the Purpose of the ASX Listing Rules

Voting Exclusion Statement. In accordance with the ASX Rules, the following voting exclusions will be observed:

The Company will disregard any votes cast in respect to Proposal 1 by Liberty or any Associate of Liberty, which will include the Murdoch Interests by virtue of a proxy given to Liberty; provided, however that the Company will not disregard (i) votes cast by any person as a proxy for any other person who is entitled to vote with respect to the approval of the Exchange and whose votes will not be disregarded under the ASX Rules, which votes are cast in accordance with the directions on the relevant proxy form; and (ii) votes cast by any person chairing the Special Meeting as a proxy for any other person who is entitled to vote with respect to the approval of the Exchange and whose votes will not be disregarded under the ASX Rules, which votes are cast in accordance with the direction on the relevant proxy form as the proxy decides.

How Stockholders Vote. If you are a holder of record and you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. Properly executed proxies that do not contain voting instructions will be voted FOR the approval of the Exchange and postponement of adjournment of the Special Meeting. Telephone and Internet voting is also available 24 hours a day through 1:00 a.m. (Central Time) on April 3, 2007. If you are located in the United States or Canada, you can vote your shares by calling toll-free 1-800-652-VOTE (8683). You can also vote your shares by Internet at www.investorvote.com. If you vote by telephone or Internet, you do not need to return your proxy card to the Company.

If you hold shares of the Company's Class B Common Stock in street name through a broker, bank or other nominee, under the rules of the NYSE your broker, bank or other nominee may not vote on the proposals to be voted on at the Special Meeting without your specific instructions because the proposals are not considered to be routine matters. Without your voting instructions on these items, a broker non-vote will occur. The

Company counts broker non-votes for quorum purposes, but does not count broker non-votes (or abstentions) as votes FOR or AGAINST any proposal or as a vote cast on any such proposal.

Georgeson may solicit proxies from individuals, banks, brokers, custodians, nominees, other institutional holders and other fiduciaries. The Company has agreed to reimburse Georgeson for its reasonable administrative and out-of-pocket expenses, to indemnify it against certain losses, costs and expenses, and to pay its customary fees in connection with the proxy solicitation.

BACKGROUND AND RECOMMENDATION

Background; Rationale for the Exchange

On December 22, 2003, the Company acquired 470,420,752 shares of DIRECTV common stock, representing approximately 34% of DIRECTV's then outstanding common stock. Upon the closing of such acquisition, Messrs. K. R. Murdoch, Carey, DeVoe and Chernin, each a member of the board of directors of the Company, became members of the board of directors of DIRECTV, with Mr. Carey being appointed President and Chief Executive Officer of DIRECTV. At such time, the board of directors of DIRECTV consisted of 11 members.

In early 2004, News Holdings Limited (formerly known as The News Corporation Limited) (TNCL), a South Australian company publicly traded on the Australian Securities Exchange, determined to establish the Company, a new publicly traded Delaware holding company, as its parent, in a reincorporation transaction, with TNCL becoming a wholly-owned subsidiary of the Company. Such reincorporation transaction was implemented on November 12, 2004. The Company's common stock is traded on the NYSE, the ASX and the London Stock Exchange.

On November 3, 2004, following the approval of the reincorporation by TNCL stockholders but prior to its implementation, Liberty disclosed that it had entered into an arrangement with a third party allowing it to acquire an additional 8% of the Company's voting stock, thereby increasing its ownership to more than 17% of the Company's voting stock. This action was taken without any discussion with, or prior notice to, the Company. In response to Liberty's accumulation, on November 8, 2004, the Company adopted a stockholder rights plan to prevent Liberty from acquiring additional shares of the Company's stock without the approval of the Company's board of directors.

Beginning in the winter of 2004 and continuing intermittently through the summer of 2006, representatives of the Company and representatives of Liberty engaged in discussions regarding possible transactions between the Company and Liberty involving the exchange of the shares of the Company held by Liberty for various assets held by the Company. Throughout this time, representatives of the Company believed that the full intrinsic value of the Company's shares was not reflected in the Company's market trading price and, therefore, that the repurchase of the Company shares held by Liberty, given agreeable terms, would be an attractive investment for the Company. In addition, representatives of the Company believed that Liberty's ownership of a substantial portion of the Company's voting stock and the uncertainty surrounding its plans with respect to such stock represented a substantial source of distraction for Company management and the board of directors of the Company. For example, Dr. Malone, chairman of the board of directors of Liberty, had publicly indicated that Liberty had accumulated shares of the Company's voting stock, in part, as a possible source of leverage in negotiations with the Company.

On August 9, 2005, after it had become apparent to the Company that it would not be able to come to an agreement with Liberty with respect to the repurchase of its Company shares on acceptable terms prior to the initial expiration of the stockholder rights agreement on November 8, 2005, and on the basis of the Company's belief that Liberty would likely seek to acquire additional shares of the Company's voting stock when and if the stockholder rights agreement expired, the board of directors of the Company extended the expiration date of the stockholder rights plan for an additional two-year period to November 2007 without first obtaining stockholder approval, as contemplated by its then existing board policy. In response to the extension of the stockholder rights plan, certain institutional stockholders of the Company brought suit against the Company for failing to follow the board policy calling for stockholder approval for an extension of a stockholder rights plan beyond a one year term. Although the board of directors of the Company was confident that it would prevail in such litigation, it also determined that it was in the best interests of the Company and its stockholders to avoid the uncertainty, distraction and expense that would ensue from such litigation. Therefore, the board of directors of the Company unanimously approved the terms of a settlement of the litigation whereby the Company would submit an Amended and Restated Stockholder Rights Plan to stockholders for approval at the Annual Meeting of the

Table of Contents

Company's stockholders held on October 20, 2006. At such Annual Meeting, the Company's stockholders approved the extension of the Amended and Restated Stockholder Rights Plan to October 2008, with the Company having the right to extend the rights plan for a year if the situation with Liberty has not, in the judgment of the board of directors of the Company, been resolved, and the litigation was dismissed, with prejudice.

In addition to agreeing to submit the Amended and Restated Stockholder Rights Plan to the Company's stockholders for their approval, the Company also agreed in the settlement of the litigation that upon any expiration of the Amended and Restated Stockholder Rights Plan, the Company may not adopt another stockholder rights plan for a period of nine months (the Interim Period). Thereafter, the Company will have the right to adopt new stockholder rights plans, without stockholder approval, with a duration of up to one year. The expiration of any such stockholder rights plans shall be followed by another Interim Period, during which such stockholder rights plan shall not be rolled over or extended, and no new stockholder rights plan shall be adopted without stockholder approval. Notwithstanding the foregoing, the Company shall have the right to adopt a new stockholder rights plan (or extend an existing stockholder rights plan), with a duration of one year, during any Interim Period, under certain circumstances relating to third party acquisitions of the Company's shares described more fully in the Definitive Proxy Statement on Schedule 14A, filed with the SEC on September 7, 2006.

Beginning in early 2006, Company management began to explore internally various strategic alternatives with respect to the Company's investment in DIRECTV, in light of Company management's belief that the DIRECTV business faced several strategic, competitive and technological challenges. Also during this time period, representatives of the Company consulted with representatives of Goldman Sachs, the Company's financial advisor, regarding the financial terms of a possible transaction involving the repurchase of the Company shares owned by Liberty.

Beginning in late June 2006 and continuing for the next few months, there occurred sporadic discussions among representatives of the Company and of Goldman Sachs, on the one hand, and representatives of Liberty and of Bear, Stearns & Co. Inc. (Bear Stearns), Liberty's financial advisor, on the other hand, regarding the possibility of a transaction in which Liberty would exchange its Company shares for certain assets of the Company, including, possibly, the Company's investment in DIRECTV. Representatives of the Company believed that by including the DIRECTV Shares in a possible transaction with Liberty, the Company could potentially dispose of its investment in DIRECTV in a tax-free manner at an attractive valuation, thereby enabling the Company's management to focus greater attention on core operating assets and simultaneously redeem a substantial number of the Company's shares without the premium customary in substantial stock redemption transactions.

Also during this time, representatives of Company management informed Mr. Carey of the possibility of a transaction between the Company and Liberty involving the Company's investment in DIRECTV.

Throughout 2006, the board of directors of the Company received updates from Company management regarding the status of the ongoing discussions with Liberty regarding a possible transaction. It was noted to the board of directors of the Company on many of these occasions that Mr. Arthur Siskind and Mr. David DeVoe, both directors of the Company, serve as directors of Cruden Financial Services LLC, the corporate trustee of the Murdoch Family Trust; that Mr. Lachlan Murdoch, a director of the Company, is one of the potential beneficiaries of certain of the Murdoch family's trusts; that Mr. Carey, a director of the Company, serves as a director and Chief Executive Officer of DIRECTV; and that Messrs. K. R. Murdoch, DeVoe and Chernin each serve on the boards of directors of both the Company and DIRECTV.

In order to facilitate Liberty's due diligence review, in August 2006, DIRECTV entered into a confidentiality agreement with Liberty and thereafter began providing Liberty and its representatives with access to confidential, non-public information regarding DIRECTV's business and operations, including business plans prepared by DIRECTV management for internal planning purposes.

On August 28, 2006, representatives of the Company, Liberty, DIRECTV and Goldman Sachs met in Denver, Colorado for a preliminary due diligence meeting.

On September 5, 2006, the Company entered into a confidentiality agreement with Liberty and thereafter began providing Liberty and its representatives with access to confidential, non-public information relating to the business and operations of various assets held by the Company and under consideration for inclusion as part of a possible transaction.

On September 13, 2006, representatives of the Company provided to representatives of Liberty a term sheet outlining proposed material terms for a possible transaction between the Company and Liberty. The term sheet proposed, among other things, that the Company would exchange its entire investment in DIRECTV, along with certain other assets owned by the Company and an amount in cash to be negotiated, for the shares of the Company held by Liberty. The term sheet proposed that the relative values to be allocated to each of the DIRECTV and Company shares for purposes of the proposed transaction be fixed. The term sheet also indicated that, in addition to the stockholder approval required under the ASX Listing Rules, the proposed transaction would be conditioned upon the transaction being approved by the affirmative vote of a majority of the shares held by the Company's stockholders other than Liberty and the Murdoch Interests (the Disinterested Stockholder Approval Condition).

On September 14, 2006, press reports appeared containing speculation regarding the possibility of a transaction between the Company and Liberty involving the DIRECTV Shares.

Throughout the months of September, October and November, 2006, Liberty continued with its due diligence investigation of DIRECTV and representatives of Goldman Sachs, acting on behalf of the Company, continued their discussions with representatives of Liberty and representatives of Bear Stearns, acting on behalf of Liberty, regarding the material financial terms of a possible transaction, including the identity of the specific assets owned by the Company, other than the DIRECTV Shares, to be included in the possible transaction.

During the course of these discussions, in early October 2006, representatives of Liberty made clear their preference that the Company's regional sports programming networks be included in the assets to be exchanged for Liberty's shares of the Company in any possible transaction. In response to this development, the Company, after consultation with Goldman Sachs, prepared and provided to representatives of Liberty, on October 12, 2006, a confidential information memorandum containing confidential, non-public information regarding various regional sports programming networks owned by the Company.

Also in early October 2006, Liberty delivered a written response to the Company's September 13 term sheet which indicated Liberty's position with respect to the Company's proposals, including, among other things, Liberty's proposal that it be entitled to a \$1 billion termination fee under certain circumstances, including in the event that the proposed transaction was not consummated due to the failure to obtain the required approvals of the Company's stockholders.

On October 24, 2006, representatives of Liberty attended preliminary management presentations regarding the regional sports programming networks conducted by certain executive officers of Fox Cable, a subsidiary of Fox Entertainment, and representatives of Company management.

On November 9, 2006, Mr. David DeVoe, the Company's Chief Financial Officer, and Mr. Gregory B. Maffei, Liberty's Chief Executive Officer and President, met to discuss the relative values to be allocated to the DIRECTV Shares and the shares of the Company held by Liberty in a possible transaction. No agreement was reached on such relative values at this meeting, but it was agreed to continue with discussions regarding a possible transaction.

During the final weeks in November 2006, representatives of Liberty and representatives of the Company reached tentative agreement regarding certain bases upon which they would proceed with the consideration of a

possible transaction, including the fact that the relative values of DIRECTV and Company shares for purposes of the possible transaction would be fixed (although such relative values were not agreed to at such time) and the fact that the RSN Subsidiaries would be the regional sports programming networks included in the possible transaction.

During late November 2006, the Company engaged JPMorgan to act as an additional financial advisor in connection with the possible transaction.

On December 5, 2006, the board of directors of the Company held a regularly scheduled meeting. Representatives of Goldman Sachs, JPMorgan and Skadden, Arps, Slate, Meagher & Flom LLP, the Company's special legal counsel (Skadden, Arps), also attended this meeting. At this meeting, and during all subsequent meetings of the board of directors of the Company relating to the possible transaction, Mr. Carey recused himself from all discussions of the possible transaction during the duration of negotiations and, at the December 21, 2006 meeting, abstained from voting on the proposed transaction. During this meeting, representatives of Company management reviewed with the board of directors of the Company strategic and financial considerations in connection with the possible transaction under discussion with Liberty in which the Company would dispose of its investment in DIRECTV, the RSN Subsidiaries and an amount in cash in exchange for the shares of the Company held by Liberty, and provided the board of directors of the Company with an update regarding the status of discussions with Liberty. In addition, representatives of Goldman Sachs and JPMorgan reviewed with the board of directors of the Company various financial considerations in connection with the possible transaction with Liberty. Representatives of Skadden, Arps then reviewed with the members of the board of directors of the Company their fiduciary duties in connection with considering a possible transaction with Liberty, including in light of the effects of both the transaction on the voting power of the Murdoch Interests and the Company's proposed Disinterested Stockholder Approval Condition. After a thorough discussion and consideration of the presentations from Company management and the Company's financial advisors and legal counsel, the board of directors of the Company authorized Company management to continue discussions with Liberty regarding a possible transaction.

On December 6, 2006, representatives of Liberty and the Company reached tentative agreement on certain financial terms of a possible transaction, including the relative values to be allocated to the DIRECTV Shares and shares of Company common stock owned by Liberty in such a transaction, the value to be allocated to the RSN Subsidiaries in such a transaction and the \$550 million cash amount to be provided by the Company in such a transaction.

Also on December 6, 2006, Skadden, Arps delivered to representatives of Liberty drafts of the Share Exchange Agreement and Tax Matters Agreement to be entered into in connection with the proposed transaction, which reflected the material terms upon which the respective representatives of the Company and Liberty had reached tentative agreement, as well as other terms and conditions for the proposed transaction.

On December 7, 2006, an article appeared in *The New York Times* speculating that a transaction involving the Company, Liberty and the Company's investment in DIRECTV was imminent.

On December 8, 2006, representatives of Baker Botts L.L.P., Liberty's special legal counsel (Baker Botts), and Nelson Mullins Riley & Scarborough LLP, Liberty's special counsel for regulatory matters, began their legal due diligence investigation of the RSN Subsidiaries at the New York offices of Skadden, Arps.

On December 9, 2006, Baker Botts provided Liberty's initial comments on the draft Share Exchange Agreement and Tax Matters Agreement. The Company requested a meeting with representatives of Liberty and Baker Botts to negotiate the terms of the draft Share Exchange Agreement and Tax Matters Agreement.

On December 10, 2006, representatives of Skadden, Arps, Baker Botts and Hogan & Hartson LLP, special counsel to the Company with respect to certain aspects of the transaction (Hogan & Hartson) met telephonically to negotiate the terms of the draft Tax Matters Agreement.

On December 11, 2006, representatives of the Company, Liberty, Skadden, Arps, Baker Botts, Hogan & Hartson and Goldman Sachs met in-person at Skadden, Arps New York offices and telephonically to negotiate the terms of the Share Exchange Agreement and the Tax Matters Agreement. The discussion at the meeting focused on various changes proposed by Liberty to the December 6 draft agreements provided by Skadden, Arps which were unacceptable to the Company, including those relating to proposed representations and warranties by the Company relating to DIRECTV and corresponding indemnification provisions, a proposed condition and termination provision allowing for termination of the Share Exchange Agreement in the event of a Material Adverse Effect on any individual RSN Subsidiary, a proposed \$350 million termination fee payable by the Company in the event that the Share Exchange Agreement were to be terminated due to the failure to obtain either the ASX Stockholder Approval or the Disinterested Stockholder Approval, regardless of whether the board of directors of the Company had withdrawn its recommendation in favor of the proposed transaction or whether a third party proposal involving DIRECTV had been received and proposed provisions prohibiting the Company from voting in favor of, or tendering its shares in, third party acquisition proposals for DIRECTV for an unspecified period following termination of the Share Exchange Agreement for any reason. In addition, the parties and their representatives also discussed whether or not the Disinterested Stockholder Approval Condition would be maintained as part of the transaction and the scope, if any, of the Company's non-competition and non-solicitation obligations with respect to each of DIRECTV and the RSN Subsidiaries.

During the next ten (10) days, the parties and their respective legal counsel continued negotiation of the draft Share Exchange and Tax Matters Agreements, both through the exchange of revised draft documents and through telephonic discussions. The issues regarding the terms of the Share Exchange Agreement discussed at the December 11 meeting, other than those relating to the termination fee provisions, were ultimately resolved as follows: (i) Liberty withdrew its request with respect to the representations, warranties and indemnification provisions relating to DIRECTV which the Company had found unacceptable; (ii) the parties agreed that the condition and termination provisions allowing Liberty to terminate the Share Exchange Agreement as a result of a Material Adverse Effect on any individual RSN Subsidiary would be replaced with provisions granting such right (under certain circumstances) to Liberty upon a Material Adverse Effect on Splitco; (iii) the parties agreed that the proposed provisions prohibiting the Company from voting in favor of, or tendering its shares in, third party acquisition proposals for DIRECTV would generally remain in place for six (6) months following termination of the Share Exchange Agreement, and, with respect to transactions for which a proposal was made public prior to such termination, for twelve (12) months following such termination; (iv) the parties agreed that the Disinterested Stockholder Approval Condition would be included in the Share Exchange Agreement; and (v) the parties agreed that the Company would enter into the RSN Subsidiary Non-Competition Agreement and the DIRECTV Non-Competition Agreement prior to the closing of the proposed transaction.

On December 13, 2006, representatives of the Company, Liberty, Goldman Sachs and Bear Stearns attended a follow-up due diligence session in Denver, Colorado, during which they met with executive officers of the RSN Subsidiaries and executive officers of DIRECTV.

During the late afternoon of December 14, 2006, the board of directors of the Company held a telephonic special meeting to discuss the proposed transaction. Representatives of Goldman Sachs, JPMorgan and Skadden, Arps also attended this meeting. During this meeting, representatives of Company management provided the board of directors of the Company with an update regarding the status of the discussions with Liberty and the material issues with respect to the proposed transaction that had not yet been agreed to by the parties. Following the update provided by management, representatives of Goldman Sachs and JPMorgan discussed financial considerations in connection with the proposed transaction, including financial analyses of the Company's interest in DIRECTV and the recent trading price activity of shares of DIRECTV and shares of the Company. The discussion at the meeting included discussion of the potential for the Company to dispose of the DIRECTV Shares on a tax-free basis and focus on its core businesses through the proposed transaction, whether the proposed transaction would be accretive to the Company on an earnings per share basis, the alternative transactions that may be available to the Company with respect to its investment in DIRECTV and whether the proposed transaction represented a repurchase of Company common stock with or without a premium. addition, representatives of Company management and representatives of Goldman Sachs and JPMorgan reviewed with the board of directors of the Company the strategic considerations in connection with disposing of the Company's investment in DIRECTV. Following this discussion, the members of the board of directors of the Company who are members of Company management, the representatives of Goldman Sachs and JPMorgan and Mr. Lachlan Murdoch left the meeting. With members of the Company's in-house legal department the only representatives of Company management in attendance, representatives of Skadden, Arps then reviewed with the Company's independent directors their fiduciary duties in connection with considering a possible transaction with Liberty, including the considerations in connection with the arrangements proposed by Liberty with respect to termination fees (including the size of the fees proposed and the triggering events) and the Company's actions with respect to third party acquisition proposals involving DIRECTV following termination of the Share Exchange Agreement. The members of the Company's in-house legal department in attendance then left the meeting, after which the representatives of Skadden, Arps further discussed with the Company's independent directors the legal considerations in connection with the possible transaction, including with respect to Liberty's proposed termination fee arrangements and Liberty's proposals with respect to third party proposals involving DIRECTV and responded to various questions from the Company's independent directors. After the management members of the board of directors of the Company, the other members of Company management and representatives of Goldman Sachs and JPMorgan rejoined the meeting, and following a thorough discussion and consideration of the presentations from Company management and the Company's financial advisors and legal counsel, the board of directors of the Company authorized Company management to continue discussions with Liberty toward finalizing the terms of the proposed transaction.

On December 14, 2006, representatives of Skadden, Arps, Baker Botts and Hogan & Hartson met telephonically to negotiate the terms of the draft Tax Matters Agreement.

On December 15, 2006, representatives of the Company, Liberty, Skadden, Arps and Baker Botts met telephonically to negotiate the draft Share Exchange and representatives of Skadden, Arps, Hogan & Hartson and Baker Botts met telephonically to negotiate the draft Tax Matters Agreement. On or about December 16, 2006, Skadden, Arps delivered revised drafts of the Share Exchange Agreement and the Tax Matters Agreement reflecting such negotiations to Liberty and its advisors.

Numerous discussions occurred over the next few days among representatives of the Company and Liberty, including financial advisors and counsel, in an attempt to resolve the remaining unresolved issues. These issues included the size and triggering events for termination fees, certain valuation issues relating to certain of the RSN Subsidiaries, the scope of representations and warranties and indemnification under the Share Exchange Agreement, the scope of RSN Subsidiary non-competition obligations, Liberty's proposed condition on third party consents and the scope of the limitations on the Company's actions with respect to third party acquisition proposals for DIRECTV following termination of the Share Exchange Agreement.

During the evening of December 20, 2006, Baker Botts delivered to the Company and its advisors a revised draft of the Share Exchange Agreement. The December 20 Baker Botts draft indicated that Liberty had revised its proposal relating to the termination fee arrangements and now proposed a \$300 million termination fee payable if the Share Exchange Agreement were terminated due to a failure to obtain the ASX Stockholder Approval or a failure to obtain the Disinterested Stockholder Approval and such failure to obtain the Disinterested Stockholder Approval was preceded by a change of recommendation by the board of directors of the Company and a \$100 million termination fee in circumstances where the Share Exchange Agreement was terminated as a result of the failure to obtain the Disinterested Stockholder Approval but there was no change in recommendation.

On December 21, 2006, representatives of Liberty indicated that their latest proposals regarding termination fees were, in Liberty's view, non-negotiable.

During the late afternoon of December 21, 2006, the board of directors of the Company held a telephonic special meeting to receive an update on the status of the proposed transaction and to consider, and if appropriate,

act on the proposed transaction. Representatives of Goldman Sachs, JPMorgan and Skadden, Arps also attended this meeting. Prior to this meeting, the board of directors of the Company was provided with materials related to the proposed transaction, including a draft Share Exchange Agreement, a draft Tax Matters Agreement, summaries of such agreements prepared by Skadden, Arps and financial presentations prepared by each of Goldman Sachs and JPMorgan. During the meeting, representatives of Skadden, Arps and Company management reviewed with the board of directors of the Company the developments in the negotiations with Liberty and reviewed in detail the terms of the proposed Share Exchange and Tax Matters Agreements as well as the other ancillary agreements to be entered into in connection with the proposed transaction. During this review, members of Company management also indicated that representatives of Liberty had proposed in discussions prior to the meeting that the Murdoch Interests enter into a voting arrangement whereby they would commit to vote the shares of Company stock owned by them in favor of the Exchange. The representatives of Skadden, Arps then reviewed with the board of directors of the Company its fiduciary duties in connection with considering the proposed transaction, including in light of Liberty's proposed terms relating to termination fees, both with respect to the size of such fees and the circumstances under which such fees were proposed to become payable, Liberty's proposal with respect to the voting arrangements required to be entered into by the Murdoch Interests and Liberty's proposal with respect to the limitations on the Company's actions with respect to third party acquisition proposals for DIRECTV following the termination of the Share Exchange Agreement. Representatives of Goldman Sachs then made a financial presentation to the board of directors of the Company and rendered to the board of directors of the Company the oral opinion of Goldman Sachs, which was subsequently confirmed by delivery of a written opinion dated December 22, 2006, to the effect that, as of that date and based upon and subject to the factors and assumptions set forth in such written opinion, the Exchange was fair from a financial point of view to the Company. Representatives of JPMorgan then made a financial presentation to the board of directors of the Company and rendered to the board of directors of the Company the written opinion of JPMorgan, to the effect that, as of the date thereof and based upon and subject to the factors and assumptions set forth in such written opinion, the consideration to be received by the Company in exchange for the assets of Splitco in the Exchange was fair, from a financial point of view, to the Company. Following the presentations by Goldman Sachs and JPMorgan, the members of Company management, the representatives of Goldman Sachs and JPMorgan and Mr. Lachlan Murdoch left the meeting, and the representatives of Skadden, Arps further discussed with the Company's independent directors the legal considerations in connection with the possible transaction, including with respect to Liberty's proposed termination fee arrangements and Liberty's proposals with respect to third party proposals involving DIRECTV, and responded to various questions. Following a careful consideration of the terms, and after extensive discussion, including discussions with its financial and legal advisors, the board of directors of the Company, by unanimous vote, determined that the Share Exchange Agreement and the transactions contemplated thereby, including the Exchange, were advisable, fair to and in the best interests of the Company and its stockholders, approved the Share Exchange Agreement, the Exchange and the other transactions contemplated thereby and recommended that the holders of the Company's Class B Common Stock vote FOR the approval of the Exchange.

Following the December 21 meeting of the board of directors of the Company, throughout the evening of December 21, and through the early morning of December 22, 2006, representatives of the Company, Liberty, Skadden, Arps, Hogan & Hartson, Baker Botts, Goldman Sachs and Bear Stearns negotiated and finalized the Share Exchange Agreement, Tax Matters Agreement and related documents, resolving the remaining issues relating to, among other things, termination fees, voting arrangements and the valuation of the RSN Subsidiaries.

The Share Exchange Agreement and the Tax Matters Agreement were executed by the parties on December 22, 2006.

Prior to the opening of trading on the NYSE on December 22, 2006, each of the Company and Liberty issued press releases announcing the Exchange.

As provided for in the Share Exchange Agreement, on January 3, 2007, the Murdoch Interests granted the Irrevocable Proxy to Liberty.

Table of Contents

On January 3, 2007, the Company amended the Amended and Restated Stockholder Rights Plan to provide that the status of Liberty and its affiliates as Exempt Persons (as defined in the Amended and Restated Stockholder Rights Plan) will not be affected by the grant of the Irrevocable Proxy by the Murdoch Interests.

On February 22, 2007, the Company and Liberty agreed to increase the amount of cash to be provided by the Company in the Exchange as a result of certain arrangements entered into by FSN Northwest and the Seattle Mariners (MLB) in connection with an extension of FSN Northwest's telecast rights. This cash amount is subject to adjustment based on the working capital of the RSN Subsidiaries.

Reasons for the Exchange

After careful consideration, the board of directors of the Company, by unanimous vote, has determined that the Share Exchange Agreement and the transactions contemplated thereby, including the Exchange, are advisable, fair to and in the best interests of the Company and its stockholders, has approved the Share Exchange Agreement, the Exchange and the other transactions contemplated thereby and recommends that the holders of the Company's Class B Common Stock vote FOR the approval of the Exchange.

In arriving at its decision to approve the Share Exchange Agreement and the transactions contemplated thereby, including the Exchange, the board of directors of the Company consulted with the Company's senior management and the Company's financial advisors and legal counsel, and considered in reaching its decision a number of factors. The board of directors of the Company viewed the following factors as being generally positive or favorable in making its determination and recommendation:

the strategic benefits of the Exchange, including:

the ability of the Company to focus management attention and resources on operating assets that are faster growing and of more strategic value to the Company than DIRECTV;

the ability of the Company to avoid the significant investment of management attention and resources necessary to maximize the long term value of DIRECTV;

Company management's belief that, because DIRECTV, and the satellite industry in the United States in general, are not able to, through their existing infrastructure, provide high-speed broadband Internet access at a reasonable price, cable operators and Regional Bell Operating Companies offering high quality, bundled services (two-way interactivity, video on demand, voice and Internet) are well-positioned to compete with DIRECTV;

the Company's assessment that most of the synergies originally envisioned between DIRECTV and the Company's other businesses when the Company acquired its DIRECTV investment have already been realized or are no longer significant; and

the ability to eliminate the distraction and uncertainty resulting from Liberty's ownership of a substantial position in the Company's stock and to enable the board of directors of the Company and Company management to focus greater attention on the Company's operations and growth opportunities;

the financial benefits of, and considerations in connection with, the Exchange, including:

the fact that the ratio implied by relative values allocated to the DIRECTV Shares and Liberty's shares of Company stock in the Exchange is near the high for such value implied by market trading prices over the past two (2) calendar years;

Edgar Filing: NEWS CORP - Form DEF 14A

the fact that the implied per share value of the DIRECTV Shares in the Exchange lies within the valuation ranges implied by the discounted cash flow, leveraged buyout and alternative transaction analyses performed by Goldman Sachs and by the discounted cash flow and alternative transaction analyses performed by JPMorgan;

the fact that the presentations of the Company's financial advisors indicated that the Exchange would be 8-10% accretive on an earnings per share basis in the Company's fiscal year ending June 30, 2008 (subject to the assumptions and qualifications set forth in Fairness Opinions

Table of Contents

beginning on page 41), thereby potentially increasing the value of the Company's stock so that the Company's stock may be used for acquisition purposes and to more efficiently and effectively compensate certain of its employees;

the attractive value allocated to the assets to be contributed to Splitco in the Exchange, taken as a whole;

the written opinions received by the board of directors of the Company from (i) Goldman Sachs, to the effect that, as of the date of such opinion and based upon and subject to the factors and assumptions set forth in such opinion, the Exchange was fair, from a financial point of view, to the Company and (ii) JPMorgan, to the effect that, as of the date of such opinion and based upon and subject to the factors and assumptions set forth in such opinion, the consideration to be received by the Company in exchange for the assets of Splitco in the Exchange was fair, from a financial point of view, to the Company;

the opportunity which the transaction presents for the Company to realize an approximately 50% return on its DIRECTV investment on a tax-free basis;

the opportunity which the transaction presents to repurchase approximately 16% of its outstanding common stock without the premium to the Company's current trading price that would be customary in substantial stock redemption transactions and, in Company management's view, below the per share intrinsic value of the Company's common stock;

the assessment of Company management, after consultation with its financial advisors, of the relative value provided by the Exchange in comparison to alternative disposition transactions involving the Company's investment in DIRECTV reasonably available to the Company in the foreseeable future;

Company management's expectation, after consultation with its financial advisors, that consummation of the Exchange will alleviate downward pressure on the trading price of the Company's common stock arising out of the expectation of some in the investment community that, given the recent extension of the Company's stockholder rights plan until 2008, Liberty might soon seek to diminish its investment in the Company's common stock through open market dispositions; and

the fact that the Company has previously announced that, in the event that a resolution was reached with Liberty with respect to its ownership stake, the Company would eliminate its stockholder rights plan, an action which the board of directors of the Company believed would be viewed as highly favorable by many of the Company's stockholders and would render the Company a more attractive investment to certain potential investors, and the recognition by the board of directors that agreeing to terms with Liberty on the Exchange was a necessary precondition to achieving this desirable outcome;

the following terms contained in the Share Exchange Agreement:

the Disinterested Stockholder Approval Condition (as discussed more fully below);

the absence of representations and warranties by the Company relating to the business operations and financial condition of DIRECTV and corresponding indemnification obligations;

the provisions allowing the board of directors of the Company to choose to make a Change in Recommendation under certain circumstances;

the provisions limiting Liberty's right to terminate the Share Exchange Agreement due to a Change in Recommendation to a ten (10) business day period following such Change in Recommendation;

the conditions to each of the Company's and Liberty's obligations relating to the receipt of the IRS rulings and tax opinions;

Table of Contents

the standstill provisions prohibiting Liberty from acquiring the Company's capital stock or participating in proxy solicitations involving the Company for up to ten (10) years following the date of the Share Exchange Agreement;

the letter agreement entered into by Dr. Malone imposing similar standstill obligations on Dr. Malone and his affiliates;

the provisions limiting the Company's potential liability for indemnification in connection with breaches of the Company's representations and warranties to damages in excess of a \$12 million deductible amount and to less than \$75 million in aggregate damages, subject to certain limitations, and the fact that the term "damages" is defined in an acceptable manner in the Share Exchange Agreement;

the provisions requiring Liberty to use its reasonable best efforts, including by agreeing to certain settlements, to obtain the required regulatory approvals; and

the fact that the Murdoch Interests have agreed to deliver the Irrevocable Proxy to Liberty in connection with the Share Exchange Agreement, thereby substantially minimizing the likelihood that the \$300 million termination fee would be payable by the Company upon the termination of the Share Exchange Agreement in circumstances where there has not been a Change in Recommendation prior to such termination.

Among other factors, in arriving at its decision to approve the Share Exchange Agreement and the transactions contemplated thereby, the board of directors of the Company viewed the Disinterested Stockholder Approval Condition to be a particularly favorable aspect of the terms of the Exchange because it allowed for the Company's stockholders, other than Liberty and the Murdoch Interests, to independently assess the merits of the Exchange and reflect such assessment through a separate and independent vote. In addition, the board of directors of the Company also viewed as favorable the fact that the termination fee payable to Liberty under the Share Exchange Agreement in the event that the Disinterested Stockholder Approval was not obtained and there had been no Change in Recommendation would be only \$100 million, a relatively minimal sum in comparison to the overall value of the Exchange and smaller still in relation to the equity value of the Company.

The board of directors of the Company considered the following factors to be generally negative or unfavorable in making its determination and recommendation:

the strategic, financial and business risks in connection with the Exchange, including:

the financial risks associated with disposing of the Company's investment in DIRECTV at the current time, in light of the possibility that, despite Company management's belief after consultation with the Company's financial advisors that such a possibility is unlikely to develop, more attractive terms for such disposition could be offered to the Company in the future;

the fact that the value allocated to the DIRECTV Shares in the Exchange was below the market price of DIRECTV Shares as of the date that the Exchange was publicly announced, although Company management believed, based on its consultation with the Company's financial advisors, that such market trading price was likely influenced by market speculation regarding potential transactions involving DIRECTV and may not have reflected the fundamental value of DIRECTV Shares;

the financial and strategic risks associated with the possibility that the future performance of the respective businesses of DIRECTV and/or the RSN Subsidiaries could exceed Company management's current expectations or the possibility that the businesses of the Company's remaining regional sports networks or other cable networks could be negatively impacted as a result of the transfer of ownership of the RSN Subsidiaries in the Exchange;

Edgar Filing: NEWS CORP - Form DEF 14A

the strategic risks associated with agreeing to forego certain opportunities to compete in the business of direct-to-home delivery of video services by satellite in the territories served by DIRECTV and in the regional sports programming business in the territories served by the RSN Subsidiaries; and

Table of Contents

the possibility that the Exchange may not be consummated or may only be consummated after the imposition by governmental entities of restrictive conditions on the Company's business operations following the Exchange;

the following terms contained in the Share Exchange Agreement:

the termination fee provisions which require the Company to pay to Liberty a termination fee of \$300 million in circumstances in which the Share Exchange Agreement is terminated following a Change in Recommendation;

the fact that the votes associated with shares of the Company's Class B Common Stock owned by the Murdoch Interests will be disregarded in connection with determining whether or not the ASX Stockholder Approval has been obtained, and, therefore, the \$300 million termination fee under the Share Exchange Agreement will not become payable absent a Change in Recommendation;

the provisions restricting the Company's actions in connection with third party acquisition proposals for DIRECTV following the termination of the Share Exchange Agreement;

the provisions requiring the Company to agree to certain settlements with potentially adverse impacts on the Company's business operations in connection with obtaining the required regulatory approvals; and

the provisions requiring the Company to hold the Special Meeting and submit the Exchange to the approval of the Company's stockholders, even following a Company Change in Recommendation, unless the Share Exchange Agreement is terminated by Liberty.

Impact on Stockholder Constituencies

As a general matter, the board of directors of the Company noted that the Exchange would result in the elimination of Liberty as a stockholder of the Company, an increase in the aggregate voting power represented by the shares held by the Murdoch Interests from approximately 31% of the Company's aggregate voting power prior to the Exchange to approximately 38% following the Exchange, subject to further increase to approximately 41% if the Company completes its previously announced stock repurchase program, and an increase in the aggregate voting power of the Company's public stockholders from approximately 49% to approximately 62% after giving effect to the Exchange, subject to a reduction to 59% if the Company completes the stock repurchase program.

With respect to Liberty, the board of directors of the Company identified several positive aspects of the impact of the Exchange. First, by eliminating the stock ownership of Liberty in its entirety, the Exchange would end the distraction and uncertainty which Company management and the board of directors of the Company had identified as a product of Liberty's substantial stock ownership. Also, by eliminating Liberty's stock ownership, the Exchange would have the further positive effect of reducing the possibility of Liberty forming a group with the Murdoch Interests or other substantial stockholders in an effort to exercise control of the Company without providing a control premium to the public stockholders. Despite these positive aspects of the Exchange, the board of directors of the Company also recognized that eliminating Liberty as a potential voting counterweight to the Murdoch Interests in the event that the Murdoch Interests attempted to pursue a course contrary to the interests of the Company's public stockholders could be viewed as a negative aspect of the Exchange. However, the board of directors of the Company found this potentially negative aspect of the Exchange to be substantially mitigated by the fact that the Murdoch Interests have pursued stockholder value enhancing strategies throughout the Company's history and have been the primary source of the strategic vision which has made the Company's success up to this point possible and also by the increase in the aggregate voting power of the Company's public stockholders which would result from the Exchange.

With respect to the Murdoch Interests, the board of directors of the Company noted that there were both positive and negative aspects to the increase in the Murdoch Interests' aggregate voting power as a result of the Exchange. As discussed above, the board of directors of the Company recognized that the Murdoch Interests

Table of Contents

have historically supported sound strategic decision-making at the Company and have sought to enhance value for all of its stockholders. Thus, the board of directors of the Company concluded that, assuming the Murdoch Interests were to follow a similar course with respect to the Company in the future, increasing their ability to pursue their vision through augmenting their voting power could be viewed as a positive aspect of the Exchange. However, the board of directors of the Company recognized that such enhanced voting power could also have negative consequences in the event that the Murdoch Interests were to pursue their own interests to the detriment of the Company's other stockholders, including, for example, by blocking the acquisition of the Company's shares by a third party pursuant to an acquisition proposal that they do not find attractive even if other Company stockholders or the board of directors of the Company have determined it to be in the best interests of the Company's stockholders, as a whole. In addition, following termination of the Amended and Restated Stockholder Rights Plan after consummation of the Exchange (see discussion under Effects of the Exchange beginning on page 39), there will be no limitation on the ability of the Murdoch Interests to acquire additional shares of Company voting stock, as the Murdoch Interests are not subject to any contractual restrictions with respect to their acquisition of Company stock. The effect of this enhanced voting power could become even greater in the event that the Company were to eliminate its classified board structure following termination of the Amended and Restated Stockholder Rights Plan. The board of directors ultimately concluded that the impact of the Exchange on the Murdoch Interests was likely, at worst, a neutral factor, in light of the history of the Murdoch Interests' relationship with the Company and the increase in the aggregate ownership of the Company's public stockholders as a result of the Exchange.

Finally, with respect to the Company's public stockholders, the board of directors concluded that the fact that the Exchange would increase the public stockholders' aggregate voting power to well over a majority of the Company's total voting power was a substantial positive aspect of the Exchange. In this regard, the board of directors of the Company noted that the Exchange would enable the public stockholders, by virtue of their collective majority voting power, both in the context of electing directors at Annual Meetings of the Company and in voting upon the approval of specific transactions submitted to stockholders, to function as a potential voting counterweight to future actions by large stockholders, including the Murdoch Interests, which might be harmful to the Company and its other stockholders. The board of directors of the Company further noted, with respect to the Murdoch Interests, that the Murdoch Interests possessed no contractual or other right to appoint or elect directors to the board of directors of the Company other than rights arising from their ownership of the Company's Class B Common Stock which were identical on a per share basis to the rights of the other holders of the Company's Class B Common Stock.

Recommendation

After careful consideration, the board of directors of the Company, by unanimous vote:

has determined that the Share Exchange Agreement and the transactions contemplated thereby, including the Exchange, are advisable, fair to and in the best interests of the Company and its stockholders;

has approved the Share Exchange Agreement, the Exchange and the other transactions contemplated thereby; and

recommends that the holders of the Company's Class B Common Stock vote FOR the approval of the Exchange.

Effects of the Exchange*Effects if the Exchange is Consummated*

If the Exchange is consummated in accordance with the terms of the Share Exchange Agreement, Splitco will become a wholly-owned subsidiary of Liberty and the 324,637,067 shares of the Company's Class A Common Stock and 188,000,000 shares of the Company's Class B Common Stock, in each case, owned by the

Table of Contents

Liberty Stockholders will cease to be outstanding. As a result, the voting percentage of existing holders of the Company's Class B Common Stock, including the Murdoch Interests, will increase proportionately. In addition, as a result of the Exchange, the Company will cease to own the following assets, which will be transferred to Splitco in the Company Restructuring: (i) all of the shares of common stock of DIRECTV held by the Company and its subsidiaries, (ii) all ownership interests in the RSN Subsidiaries, and (iii) cash in an amount equal to \$587.5 million, subject to adjustment based on the working capital of the RSN Subsidiaries.

In connection with the solicitation of proxies from Company stockholders for approval of the Amended and Restated Stockholder Rights Plan at the Company's 2006 Annual Meeting, the Company stated that it would eliminate the plan if a favorable resolution were to be reached with Liberty regarding its ownership of the Company's shares. The Company's willingness to take such action was based on the fact that the Company's initial rationale for the adoption of a stockholder rights plan was the threat posed by Liberty's ownership of a substantial block of the Company's shares. Accordingly, in the event that the Exchange is consummated, the Company intends to redeem the rights issued under the Amended and Restated Stockholder Rights Plan. However, pursuant to the terms of the settlement of stockholder litigation relating to the Amended and Restated Stockholder Rights Plan, upon any expiration of the Amended and Restated Stockholder Rights Plan, the Company may adopt subsequent stockholder rights plans after an Interim Period. Following the Interim Period, the Company will have the right to adopt new stockholder rights plans, without stockholder approval, with a duration of up to one year. The expiration of any such stockholder rights plans shall be followed by another Interim Period, during which such stockholder rights plan shall not be rolled over or extended, and no new stockholder rights plan shall be adopted without stockholder approval. Notwithstanding the foregoing, the Company shall have the right to adopt a new stockholder rights plan (or extend an existing stockholder rights plan), with a duration of one year, during any Interim Period, under certain circumstances relating to third party acquisitions of the Company's shares described more fully in the Definitive Proxy Statement on Schedule 14A, filed with the SEC on September 7, 2006.

In addition, the Company has also previously announced that it would consider eliminating its classified board structure if a resolution with Liberty were reached. In the event that, following consummation of the Exchange, the board of directors of the Company determines to eliminate the Company's classified board structure, the ability of stockholders to influence the composition of the board of directors and, thereby, the policies and management of the Company will be enhanced. For instance, as all directors will stand for re-election each year, stockholders of the Company will be able to replace a majority of the board of directors, by means of a proxy contest or otherwise, at each Annual Meeting. Such ability could facilitate an attempt by a third party to gain control of the Company in connection with a transaction supported by the holders of a majority of the Company's voting power, even if such transaction were opposed by the board of directors of the Company, including Mr. K. R. Murdoch. In addition, the Company's stockholders will have the ability to hold directors accountable by registering their views, on a yearly basis, as to each director's performance as well as their assessment of the board of directors of the Company, as a whole.

Effects if the Exchange is Not Consummated

If the Exchange is not consummated in accordance with the terms of the Share Exchange Agreement, the Company Restructuring will not occur and the Company will retain (i) all of the shares of common stock of DIRECTV held by the Company and its subsidiaries, (ii) all ownership interests in the RSN Subsidiaries, and (iii) the cash that would have otherwise been contributed to Splitco. Also, Liberty will retain all of the shares of the Company's Class A and Class B Common Stock currently held by it. In addition, under specified circumstances, the Company may be required to pay Liberty certain termination fees as described under the caption "The Share Exchange Agreement Termination Fees." Furthermore, the Company will be subject to certain restrictions on its actions in connection with third party acquisition proposals for DIRECTV for a period of time following the termination of the Share Exchange Agreement. In addition, the standstill obligations of each of Liberty and the Company under the Share Exchange Agreement, and Mr. K. R. Murdoch and Dr. Malone under their respective side letters, will cease to be in effect.

Table of Contents

In addition, the rights issued under the Company's Amended and Restated Stockholder Rights Plan will not be redeemed by the Company, and the rights plan will remain in place until its expiration in 2008, subject to the right of the board of directors of the Company to extend such expiration until 2009, if the situation with Liberty has not, in the judgment of the board of directors of the Company, been resolved. As in the circumstance in which the Exchange is consummated, under the litigation settlement described above, the Company will have the opportunity to adopt subsequent stockholder rights plans with a duration of one year without stockholder approval following an Interim Period as more fully described above under "Effects if the Exchange is Consummated."

Fairness Opinions

Goldman Sachs rendered its opinion to the board of directors of the Company that, as of December 22, 2006 and based upon and subject to the factors and assumptions set forth therein, the Exchange was fair from a financial point of view to the Company.

The full text of the written opinion of Goldman Sachs, dated December 22, 2006, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as Annex B to this proxy statement and is incorporated herein by reference. Table of Contents

Goldman Sachs relied upon the accuracy and completeness of all of the financial, accounting, legal, tax and other information discussed with or reviewed by it and assumed such accuracy and completeness for purposes of rendering the opinion described above. Goldman Sachs' opinion stated that, as instructed by the board of directors of the Company, Goldman Sachs' review of the future financial performance of the Company was limited to a review of certain publicly available research analyst estimates of the future financial performance of the Company and discussions with the senior management of the Company regarding such estimates, including certain estimates for the Company that the board of directors of the Company instructed Goldman Sachs to adjust and use, as so adjusted, for purposes of rendering its opinion. Goldman Sachs' opinion also stated that, as instructed by the board of directors of the Company, Goldman Sachs also discussed (i) with the senior management of DIRECTV certain research analyst estimates of the future financial performance of DIRECTV and (ii) with the senior management of the Company certain research analyst estimates of the future financial performance of DIRECTV, including certain estimates for DIRECTV which the board of directors of the Company instructed Goldman Sachs to adjust and use, as so adjusted, for purposes of rendering its opinion. In addition, Goldman Sachs did not make an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or off-balance-sheet assets and liabilities) of the Company, DIRECTV or any of their respective affiliates, including the RSN Subsidiaries, nor was any such evaluation or appraisal furnished to Goldman Sachs. Goldman Sachs also assumed that all governmental, regulatory, tax opinions and rulings and other consents and approvals necessary for the consummation of the Exchange would be obtained without any adverse effect on the Company, DIRECTV or the RSN Subsidiaries or on the expected benefits of the Exchange in any way meaningful to its analysis.

Goldman Sachs' opinion did not address the underlying business decision of the Company to engage in the Exchange, nor did Goldman Sachs express any opinion as to the prices at which shares of the Company's Class A Common Stock or Class B Common Stock or of DIRECTV Common Stock would trade at any time. Goldman Sachs' opinion addressed only the fairness of the Exchange from a financial point of view and Goldman Sachs did not therein opine on any aspect of any other contractual arrangement the Company, DIRECTV or any of their respective affiliates may enter into in connection with the Exchange, including any indemnification, working capital adjustment, non-competition or standstill undertakings in the Share Exchange Agreement or any of the ancillary agreements contemplated by the Share Exchange Agreement. Goldman Sachs' opinion was necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to Goldman Sachs as of, December 20, 2006.

The following is a summary of the material financial analyses delivered by Goldman Sachs to the board of directors of the Company in connection with rendering the opinion described above. The following summary, however, does not purport to be a complete description of the financial analyses performed by Goldman Sachs, nor does the order of analyses described represent the relative importance or weight given to those analyses by Goldman Sachs. Some of the summaries of the financial analyses include information presented in tabular format. The tables must be read together with the full text of each summary and are alone not a complete description of Goldman Sachs' financial analyses. Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data as it existed on or before December 20, 2006 and is not necessarily indicative of current market conditions.

Discounted Cash Flow Analysis

DIRECTV. Goldman Sachs reviewed certain estimates of future financial performance for fiscal years 2007 and 2008 contained in the DIRECTV 2006 Management Plan. As stated in Goldman Sachs' opinion, the management of the Company instructed Goldman Sachs to make certain adjustments to the DIRECTV 2006 Management Plan (as adjusted, the Company Adjusted DIRECTV Estimates) and to use the Company Adjusted DIRECTV Estimates, along with certain publicly available research analyst projections for fiscal years

Table of Contents

2009 and 2010, to perform a discounted cash flow analysis on DIRECTV. Goldman Sachs calculated indications of net present value of the unlevered free cash flow for DIRECTV for fiscal years 2007 through 2010 using discount rates ranging from 9.5% to 13.5%. The analysis was based on terminal value EBITDA multiples ranging from 5.5x to 7.5x estimated 2010 EBITDA. The analysis resulted in illustrative per share value indications ranging from \$17.11 to \$25.41 per share of DIRECTV Common Stock.

The Company. Goldman Sachs performed a discounted cash flow analysis on the Company using certain publicly available research analyst projections for the Company that, as stated in Goldman Sachs' opinion, the management of the Company instructed Goldman Sachs to adjust and use, as so adjusted (the Company Approved Projections). Goldman Sachs calculated indications of net present value of the unlevered free cash flow for the Company for fiscal years 2007 through 2010 using discount rates ranging from 9.0% to 11.0%. The analysis was based on terminal value EBITDA multiples ranging from 7.5x to 11.5x estimated 2010 EBITDA. The analysis resulted in illustrative per share value indications ranging from \$19.80 to \$27.56 per share of the Company's Class A Common Stock and Class B Common Stock.

Pro Forma Analysis. Goldman Sachs prepared illustrative pro forma analyses of the potential financial impact of the Exchange on the Company using the Company Approved Projections and the Company Adjusted DIRECTV Estimates, and certain financial projections for the RSN Subsidiaries for fiscal years 2007 and 2008 provided to Goldman Sachs by the management of Fox Entertainment and reviewed and approved for use in connection with Goldman Sachs' opinion by the management of the Company. For each of fiscal years 2007 and 2008, Goldman Sachs compared the projected earnings per share and free cash flow per share of the Company's Class A Common Stock and Class B Common Stock before the Exchange, to the projected earnings per share and free cash flow per share of the Company's Class A Common Stock and Class B Common Stock after the consummation of the Exchange. Based on such analyses, the proposed Exchange would be accretive to the Company's stockholders on both earnings per share and free cash flow per share bases in fiscal years 2007 and 2008.

Pro Forma Hypothetical Merger Analysis. Goldman Sachs prepared illustrative pro forma analyses of the potential financial impact on a publicly traded telecommunications company of a hypothetical all-stock or 50%-cash-and-50%-stock merger of this company with DIRECTV, using the Company Adjusted DIRECTV Estimates and certain publicly available research analyst estimates of the financial performance of the telecommunications company for fiscal year 2007. Goldman Sachs assumed that the merger would occur on January 1, 2007. For fiscal year 2007, Goldman Sachs compared the projected earnings per share and free cash flow per share of the telecommunications company's common stock, on a standalone basis, to the projected earnings per share and free cash flow per share of the common stock of the combined company. Goldman Sachs performed this analysis based on the market price of the telecommunications company's common stock and DIRECTV Common Stock as of December 20, 2006. Based on such analyses, both the hypothetical all-stock and cash-and-stock mergers, in the absence of synergies, would be dilutive to the telecommunications company's stockholders on earnings per share and free cash flow per share bases in the above scenarios in fiscal year 2007. Furthermore, based on such analyses and using market prices as of December 20, 2006, if \$500 million of net synergies were immediately realized, these hypothetical mergers would cease to be dilutive to the telecommunications company's stockholders on earnings per share basis in fiscal year 2007 if the market value of the merger consideration (on a pre-tax basis) were \$21.46 per share of DIRECTV Common Stock in the case of the hypothetical all-stock merger, and \$25.68 per share of DIRECTV Common Stock in the case of the hypothetical cash-stock merger.

Leveraged Buyout Analysis. Goldman Sachs performed an illustrative leveraged buyout analysis on DIRECTV using the Company Adjusted DIRECTV Estimates. Goldman Sachs performed a sensitivity analysis on the illustrative leveraged buyout analysis assuming an exit year of 2010 and base leverage of 5.5x estimated 2006 EBITDA. Goldman Sachs assumed, for purposes of this analysis, a purchase price ranging from a discount of 5.0% to a premium of 10.0% over the market price of DIRECTV Common Stock as of December 20, 2006 and a range of estimated exit last 12-month EBITDA multiples of 6.0x to 7.5x for the assumed exit year of 2010, which reflect illustrative implied prices at which a hypothetical financial buyer might sell DIRECTV. This analysis resulted in illustrative equity returns to a hypothetical financial buyer ranging from negative 4.8% to positive 12.9%.

Table of Contents

Goldman Sachs also performed a sensitivity analysis on the illustrative leveraged buyout analysis assuming an exit year of 2010 and an exit last 12-month EBITDA multiple of 6.5x. Goldman Sachs assumed, for purposes of this analysis, a purchase price ranging from a discount of 5.0% to a premium of 10.0% over the market price of DIRECTV Common Stock as of December 20, 2006 and a range of base leverage levels of 4.5x to 6.0x based on estimated 2006 EBITDA for the assumed exit year of 2010. This analysis resulted in illustrative equity returns to a hypothetical financial buyer ranging from 2.8% to 10.0%.

Sum-of-the-Parts Analysis. Goldman Sachs prepared an illustrative sum-of-the-parts analysis using the Company Approved Projections. For each of the Company's consolidated operations, public unconsolidated investments and private unconsolidated assets before and after the consummation of the Exchange, Goldman Sachs calculated low, mid and high implied valuations based on, in the case of the consolidated operations, the Company Approved Projections, in the case of the private unconsolidated assets, certain publicly available research analyst estimates, and in the case of the public unconsolidated assets, the 90-day average share price for each asset as of December 20, 2006. Total implied value was calculated by adding the implied valuations of the consolidated operations, the public unconsolidated assets and the private unconsolidated assets and subtracting net debt. Goldman Sachs then derived low, mid and high implied values per share before and after the consummation of the Exchange and compared the pre-Exchange and post-Exchange implied values per share to the weighted average share price of the Company's Class A Common Stock and Class B Common Stock as of December 20, 2006. This analysis assumed the valuation of the Company's assets as a going concern and without tax leakage.

The following table presents the results of this analysis:

	Before Exchange			After Exchange		
	Low	Mid	High	Low	Mid	High
Premium to Weighted Average Share Price as of December 20, 2006	5.0%	15.4%	25.7%	6.3%	18.6%	30.8%
Premium to Total Implied Value per Share before Exchange				1.2%	2.8%	4.1%

RSN Subsidiaries. Goldman Sachs performed a discounted cash flow analysis on the RSN Subsidiaries using certain internal financial analyses and forecasts for the RSN Subsidiaries prepared by the management of Fox Entertainment, as reviewed and approved for use in connection with Goldman Sachs' opinion by the management of the Company. Goldman Sachs calculated indications of net present value of the unlevered free cash flow for the RSN Subsidiaries for the years 2007 through 2013 using discount rates ranging from 12.0% to 16.0%. The analysis was based on terminal value EBITDA multiples ranging from 8.0x to 16.0x estimated 2013 EBITDA. The analysis resulted in illustrative value indications for the RSN Subsidiaries ranging from \$479.5 million to \$1,008.2 million before tax and from \$293.0 million to \$616.0 million after tax, assuming a tax rate of 38.9% provided by the management of the Company. Goldman Sachs also performed this analysis using an alternative set of forecasts for the RSN Subsidiaries prepared by the management of Fox Entertainment, as reviewed and approved in connection with Goldman Sachs' opinion by the management of the Company. This alternative discounted cash flow analysis resulted in illustrative value indications for the RSN Subsidiaries ranging from \$630.3 million to \$1,337.6 million before tax and from \$385.1 million to \$817.3 million after tax, assuming a tax rate of 38.9% provided by the management of the Company. For purposes of performing its other analyses and rendering its opinion, Goldman Sachs assumed that the value for the RSN Subsidiaries was \$552 million, as provided by the management of the Company.

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Goldman Sachs' opinion. In arriving at its fairness determination, Goldman Sachs considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis considered by it. Rather, Goldman

Table of Contents

Sachs made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses. No company or transaction used in the above analyses as a comparison is directly comparable to the Company or DIRECTV or the contemplated Exchange.

Goldman Sachs prepared these analyses for purposes of Goldman Sachs providing its opinion to the board of directors of the Company as to the fairness from a financial point of view to the Company of the Exchange. These analyses do not purport to be appraisals nor do they necessarily reflect the prices at which businesses or securities actually may be sold. Analyses based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by these analyses. Because these analyses are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of the parties or their respective advisors, none of the Company, DIRECTV, Goldman Sachs or any other person assumes responsibility if future results are materially different from those forecast.

The terms of the Exchange were determined through arms-length negotiations between the Company and Liberty and were approved by the board of directors of the Company. Goldman Sachs provided advice to the Company during these negotiations. Goldman Sachs did not, however, recommend any specific terms of the Exchange to the Company or its board of directors or that any specific set of terms constituted the only appropriate set of terms for the Exchange.

As described above, Goldman Sachs opinion to the board of directors of the Company was one of many factors taken into consideration by the board of directors of the Company in making its determination to approve the Share Exchange Agreement. The foregoing summary does not purport to be a complete description of the analyses performed by Goldman Sachs in connection with the fairness opinion and is qualified in its entirety by reference to the written opinion of Goldman Sachs attached as Annex B to this proxy statement.

Goldman Sachs is a full service securities firm engaged, either directly or through its affiliates, in securities trading, investment management, financial planning and benefits counseling, risk management, hedging, financing and brokerage activities for both companies and individuals. In the ordinary course of these activities, Goldman Sachs and its affiliates may provide such services to the Company, Liberty, DIRECTV and their respective affiliates, may actively trade the debt and equity securities (or related derivative securities) of the Company, Liberty, DIRECTV and their respective affiliates for their own account and for the accounts of their customers and may at any time hold long and short positions of such securities.

The board of directors of the Company selected Goldman Sachs as its financial advisor because it is an internationally recognized investment banking firm that has substantial experience in transactions similar to the Exchange. Pursuant to a letter agreement dated June 8, 2006, the Company engaged Goldman Sachs to act as its financial advisor in connection with the contemplated Exchange. Pursuant to the terms of this engagement letter, the Company has agreed to pay Goldman Sachs a transaction fee of \$20 million, a principal portion of which is payable upon consummation of the Exchange. In addition, the Company has agreed to reimburse Goldman Sachs for its expenses, including attorneys' fees and disbursements, and to indemnify Goldman Sachs and related persons against various liabilities, including certain liabilities under the federal securities laws.

Opinion of JPMorgan

Pursuant to an engagement letter dated December 20, 2006, the Company retained JPMorgan to act as its financial advisor and to deliver a fairness opinion in connection with the Exchange. At the meeting of the board of directors of the Company on December 21, 2006, JPMorgan rendered its written opinion to the board of directors of the Company that, as of such date and based upon and subject to the factors and assumptions set forth in its opinion, the consideration to be received by the Company in exchange for the assets of Splitco in the Exchange was fair, from a financial point of view, to the Company. No limitations were imposed by the board of directors of the Company upon JPMorgan with respect to the investigations made or procedures followed by it in rendering its opinion.

The full text of JPMorgan's opinion dated December 21, 2006, which sets forth the assumptions made, matters considered and limits on the review undertaken, is attached as Annex C to this proxy statement and is incorporated herein by reference. The Company's stockholders are urged to read the opinion in its entirety. JPMorgan's opinion is addressed to the board of directors of the Company, is directed only to the consideration to be received by the Company in exchange for the assets of Splitco in the Exchange and does not constitute a recommendation to any holder of the Company's Class B Common Stock as to how such holder should vote with respect to the Exchange or any other matter. The summary of the opinion of JPMorgan set forth in this proxy statement is qualified in its entirety by reference to the full text of such opinion.

In arriving at its opinion, JPMorgan, among other things:

reviewed a draft dated December 16, 2006 of the Share Exchange Agreement;

reviewed certain publicly available business and financial information concerning the Company, DIRECTV, and the RSN Subsidiaries and the industries in which they operate;

compared the financial and operating performance of the Company, DIRECTV and the RSN Subsidiaries with publicly available information concerning certain other companies JPMorgan deemed relevant and reviewed the current and historical market prices of the Company's Class A Common Stock, the Company's Class B Common Stock and DIRECTV Common Stock and certain publicly traded securities of such other companies;

reviewed certain internal financial analyses and estimates for the RSN Subsidiaries prepared by the management of the Company, and certain estimates of future financial performance contained in the DIRECTV 2006 Management Plan;

at the Company's direction, reviewed and discussed with members of management of the Company, certain publicly available research analysts' estimates of the future financial performance of the

Company and DIRECTV, as well as certain estimates of future financial performance contained in the DIRECTV 2006 Management Plan, and, also at the Company's direction, applied certain adjustments to such estimates for purposes of JPMorgan's use in connection with preparing this opinion (as so adjusted, the Company Approved Estimates); and

performed such other financial studies and analyses and considered such other information as it deemed appropriate for the purposes of its opinion.

JPMorgan held discussions with certain members of the management of the Company and DIRECTV with respect to certain aspects of the Exchange, and the past and current business operations of the Company, DIRECTV and the RSN Subsidiaries, the financial condition and future prospects and operations of the Company, DIRECTV and the RSN Subsidiaries, the effects of the Exchange on the financial condition and future prospects of the Company, DIRECTV and the RSN Subsidiaries, and certain other matters that JPMorgan believed necessary or appropriate to its inquiry.

JPMorgan relied upon and assumed, without assuming responsibility or liability for independent verification, the accuracy and completeness of all information that was publicly available or was furnished to or discussed with JPMorgan by the Company and DIRECTV or otherwise reviewed by or for JPMorgan. JPMorgan did not conduct and was not provided with any valuation or appraisal of any assets or liabilities, nor did JPMorgan evaluate the solvency of the Company, DIRECTV or any of their respective affiliates, including the RSN Subsidiaries, under any state or federal laws relating to bankruptcy, insolvency or similar matters. In relying on the Company Approved Estimates and the other financial analyses and estimates provided to JPMorgan with respect to the RSN Subsidiaries and DIRECTV, JPMorgan assumed that they were reasonable based on assumptions reflecting the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of the Company, the RSN Subsidiaries and DIRECTV to which such Company Approved Estimates or other analyses or estimates relate. JPMorgan expressed no view as to such Company Approved Estimates or other analyses or estimates or the assumptions on which they were based. JPMorgan also assumed that the Exchange would qualify as a tax-free exchange for United States federal income tax purposes, and that the definitive Share Exchange Agreement would not differ in any material respects from the draft thereof furnished to JPMorgan. JPMorgan also assumed that the representations and warranties made by the Company and Liberty in the Share Exchange Agreement and the related agreements were and would be true and correct in all ways material to JPMorgan's analysis, that the Company would have no exposure under any indemnification obligations contained within the Share Exchange Agreement or the related agreements in any amount material to JPMorgan's analysis and that the cash amount included in the assets of Splitco would not be adjusted in any way that would be material to JPMorgan's analysis. JPMorgan is not a legal, regulatory or tax expert and relied on the assessments made by advisors to the Company with respect to such issues. JPMorgan further assumed that all material governmental, regulatory or other consents and approvals necessary for the consummation of the Exchange would be obtained without any adverse effect on the Company, DIRECTV or the RSN Subsidiaries or on the contemplated benefits of the Exchange.

JPMorgan's opinion stated that the internal financial analyses and estimates furnished to JPMorgan for the RSN Subsidiaries and the DIRECTV 2006 Management Plan were prepared by the managements of the Company and DIRECTV, respectively, and the Company Approved Estimates were adjusted by JPMorgan at the direction of the Company. Neither the Company nor DIRECTV publicly discloses internal analyses, estimates or business plans of the type provided to JPMorgan in connection with JPMorgan's analysis of the Exchange, and such materials were not prepared with a view toward public disclosure. These analyses, estimates and business plans were based on numerous variables and assumptions that are inherently uncertain and may be beyond the control of management, including, without limitation, factors related to general economic and competitive conditions and prevailing interest rates. Accordingly, actual results could vary significantly from those set forth in such materials.

JPMorgan's opinion was necessarily based on economic, market and other conditions as in effect on, and the information made available to JPMorgan as of, the date of its opinion. Subsequent developments may affect the opinion and JPMorgan does not have any obligation to update, revise, or reaffirm the opinion. JPMorgan's

Table of Contents

opinion was limited to the fairness, from a financial point of view, of the consideration to be received by the Company in exchange for the assets of Splitco in the Exchange, and JPMorgan has expressed no opinion as to the fairness of the Exchange to the holders of any class of securities, creditors or other constituencies of the Company or as to the underlying decision by the Company to engage in the Exchange, nor has JPMorgan expressed any opinion as to any aspect of any other contractual arrangement the Company, DIRECTV or any of their respective affiliates may enter into in connection with the Exchange, including any non-competition or standstill undertakings in the Share Exchange Agreement or any of the ancillary agreements contemplated by the Share Exchange Agreement. JPMorgan expressed no opinion as to the price at which the Company's Class A Common Stock, the Company's Class B Common Stock or DIRECTV Common Stock would trade at any future time, whether before or after the closing of the Exchange.

JPMorgan was not authorized to and did not solicit any expressions of interest from any other parties with respect to the sale of all or any part of Splitco or any of its assets, any other repurchase of the shares of Company's Class A Common Stock and Class B Common Stock or any other alternative transaction.

In accordance with customary investment banking practice, JPMorgan employed generally accepted valuation methods in reaching its opinion. The following is a summary of the material financial analyses utilized by JPMorgan in connection with providing its opinion.

Intrinsic-Value Analysis

JPMorgan compared the value of the consideration to be received by the Company (i.e. the shares of the Company's Class A Common Stock and the Company's Class B Common Stock) and the value of the assets of Splitco exchanged with Liberty (i.e. the shares of DIRECTV Common Stock, the RSN Subsidiaries and cash). In completing this analysis, JPMorgan used the methodologies described below to determine the per share equity reference ranges for Company Class A Common Stock and Class B Common Stock and DIRECTV Common Stock, and assumed a \$550 million value for the RSN Subsidiaries and \$550 million in cash. A table comparing the consideration to be received by the Company and the value of the assets of Splitco is detailed below. JPMorgan noted the net benefit accruing to the Company based on its intrinsic value analysis was \$854 million to \$2,645 million.

JPMorgan Intrinsic-Value Analysis

Based on publicly available information, the Company Approved Estimates and market data as of December 20, 2006, JPMorgan performed multiples-based and discounted cash flow-based analyses for the purpose of determining per share equity reference ranges for the Company and DIRECTV.

Multiples Analysis

JPMorgan conducted an analysis based on multiples derived from publicly available information on the subscriber base and EBITDA of EchoStar, a publicly traded company engaged in a business that JPMorgan judged to be analogous to DIRECTV's business. Based on the number of EchoStar's subscribers and the total market value of EchoStar's outstanding shares as of December 20, 2006, plus the book value of debt and minority interests, less cash and cash equivalents, JPMorgan derived multiples of \$1,670 per EchoStar subscriber as of December 20, 2006, and \$1,542 per EchoStar subscriber based on publicly available 2007 estimates by research analysts, and applied these multiples to the corresponding numbers of DIRECTV U.S. subscribers to calculate the value of DIRECTV U.S. Based on this analysis, JPMorgan derived implied equity values per share of DIRECTV Common Stock of between \$22.07 and \$22.61. JPMorgan also calculated multiples of 8.9x for EchoStar's estimated EBITDA in 2006 and 7.2x for EchoStar's estimated EBITDA in 2007 based on publicly available research analyst reports, and applied these multiples to the corresponding 2006 and 2007 EBITDA estimates for DIRECTV U.S. to calculate the value of DIRECTV U.S. Based on this analysis, JPMorgan derived implied equity values per share of DIRECTV Common Stock of between \$22.72 and \$23.68. On this basis, JPMorgan used a reference range for its multiples-based analysis of \$22.00 to \$24.00 per share of DIRECTV Common Stock.

For the Company, JPMorgan reviewed the publicly available financial data for selected publicly held companies in businesses similar to the Company's following asset categories: Newspapers, Magazines and Inserts, Television Broadcasting, Cable, Filmed Entertainment, Publishing, Internet and European Direct Broadcast Satellite (DBS). The companies selected by JPMorgan for the purpose of this analysis are listed in the table below.

Among other things, JPMorgan reviewed enterprise values, calculated as fully diluted equity value, plus the book value of debt and minority interests, less cash and cash equivalents, as a multiple of calendar year 2007 estimated EBITDA. JPMorgan then used a reference range based on the 2007 estimated EBITDA multiple for the selected companies to derive low and high implied valuations of each of the asset categories except Sky Italia, for which JPMorgan used the 2008 estimated EBITDA multiple. In addition, the implied valuation of Fox Interactive Media was calculated using the 2007 revenue multiple, and News Out of Home BV was valued using an estimate based on the Company's recent 25% acquisition. JPMorgan used market prices as of December 20, 2006 to value the Company's public investments, except that the Company's investment in DIRECTV was valued using the range derived from JPMorgan's multiples analysis for DIRECTV. Research analyst estimates were used to value the Company's private investments. JPMorgan then summed the resulting valuations, subtracted the book value of the Company's net debt as of September 30, 2006 (adjusted for NDS and Fairfax) and derived a range of implied equity values per share of Company stock from a low of \$24.32 to a high of \$28.86. Based on this analysis, JPMorgan used a reference range for its multiples-based analysis of \$24.00 to \$29.00 per share of Company stock.

Discounted Cash Flow Analysis

JPMorgan conducted a discounted cash flow analysis for DIRECTV and each of the Company's asset categories. JPMorgan calculated the unlevered free cash flows expected to be generated during fiscal years 2007 through 2017 using the Company Approved Estimates through fiscal year 2010 and extrapolated by JPMorgan through fiscal year 2017. JPMorgan also calculated a range of terminal asset values at the end of the 10-year period ending 2017 by applying a terminal growth rate to the final year of the 10-year period. The unlevered free cash flows and the range of terminal asset values were then discounted to present values using a range of discount rates, which were chosen by JPMorgan based upon an analysis of the weighted average cost of capital of each of the Company and DIRECTV.

For DIRECTV, JPMorgan applied a terminal growth rate ranging from 1% to 3% of the unlevered free cash flows and used a range of discount rates from 8.0% to 8.5%. The present value of the unlevered free cash flows and the range of terminal asset values were then adjusted for DIRECTV's cash and total debt as of September 30, 2006 and divided by the full diluted share count on a treasury method basis. The discounted cash flow analysis indicated a range of equity values of between \$21.30 and \$28.04 per share of DIRECTV Common Stock. Based on this analysis, JPMorgan used a reference range for its discounted cash flow analysis of \$21.00 to \$28.00 per share of DIRECTV Common Stock.

For the Company, JPMorgan applied terminal growth rates ranging from 1.0% to 4.0% depending on the asset, and a range of discount rates from 7.5% to 9.0% depending on the asset. Fox Interactive Media, News Out of Home BV and the Company's public and private investments were valued in the same manner as described under the Multiples Analysis. JPMorgan then summed the resulting valuations, subtracted the book value of the Company's net debt as of September 30, 2006 (adjusted for NDS and Fairfax) and derived a range of implied equity values per share of Company stock from a low of \$24.53 to a high of \$32.67. Based on this analysis, JPMorgan used a reference range for its discounted cash flow analysis of \$25.00 to \$33.00 per share of Company stock.

Pro Forma Impact Analysis

JPMorgan prepared a pro forma analysis of the potential financial impact of the Exchange on the Company based on the Company Approved Estimates. For the fiscal year 2008, JPMorgan compared the estimated earnings per share and free cash flow per share of Company stock before the Exchange, to the estimated earnings per share and free cash flow per share of Company stock after the consummation of the Exchange. Based on this analysis, the proposed Exchange would be accretive to the Company's stockholders on earnings per share and free cash flow per share basis in the fiscal year 2008 by 8.4% and 17.6%, respectively.

Table of Contents*Market-Based Analysis*

In addition to the analyses above, JPMorgan compared the value of the consideration to be received by the Company (i.e. the shares of Company's Class A Common Stock and Class B Common Stock) and the value of the assets of Splitco exchanged with Liberty (i.e. the shares of DIRECTV Common Stock, the RSN Subsidiaries and cash) based on market prices for Company stock and DIRECTV Common Stock, and assumed a \$550 million value for the RSN Subsidiaries and \$550 million in cash. JPMorgan noted that given the recent volatility in the price of DIRECTV Common Stock, an outlook period including 12-month averages was appropriate for this analysis. A table comparing the consideration to be received by the Company and the value of the assets of Splitco is detailed below.

RSN Subsidiaries. Using the 2006, 2007 and 2008 EBITDA estimates for the RSN Subsidiaries and the assumed value of the RSN Subsidiaries, both furnished to JPMorgan by the management of the Company, JPMorgan calculated that the implied EBITDA multiple for the RSN Subsidiaries was 19.5x for 2006, 15.8x for 2007 and 13.3x for 2008. JPMorgan then compared these implied EBITDA multiples for the RSN Subsidiaries to the range of 10x to 14x 2007 EBITDA multiples at which Discovery and Viacom trade. For purposes of performing its analyses and rendering its opinion, JPMorgan assumed that the value of the RSN Subsidiaries was \$550 million, as provided by the management of the Company.

The foregoing summary of certain material financial analyses does not purport to be a complete description of the analyses or data presented by JPMorgan. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. JPMorgan believes that the foregoing summary and its analyses must be considered as a whole and that selecting portions of the foregoing summary and these analyses, without considering all of its analyses as a whole, could create an incomplete view of the processes underlying the analyses and its opinion. In arriving at its opinion, JPMorgan did not attribute any particular weight to any analyses or factors considered by it and did not form an opinion as to whether any individual analysis or factor (positive or negative), considered in isolation, supported or failed to support its opinion. Rather, JPMorgan considered the totality of the factors and analyses performed in determining its opinion. Analyses based upon forecasts of future results are inherently uncertain, as they are subject to numerous factors or events beyond the control of the parties and their advisors. Accordingly, forecasts and analyses used or made by JPMorgan are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by those analyses. Moreover, JPMorgan's analyses are not and do not purport to be appraisals or otherwise reflective of the prices at which businesses actually could be bought or sold. EchoStar is not identical to DIRECTV, but it was chosen because it is a publicly traded company with operations and businesses that, for purposes of JPMorgan's analysis, may be considered similar to those of DIRECTV. In addition, Discovery Holding Co. (Discovery) and Viacom Inc. (Viacom) are not identical to the RSN Subsidiaries, but they were chosen because they are publicly traded companies with operations and businesses

that, for purposes of JPMorgan's analysis, may be considered similar to those of the RSN Subsidiaries. The analyses necessarily involve complex considerations and judgments concerning differences in financial and operational characteristics of EchoStar and DIRECTV, and of Discovery and Viacom and the RSN Subsidiaries, and other factors that could affect these companies.

As a part of its investment banking business, JPMorgan and its affiliates are continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, investments for passive and control purposes, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements, and valuations for estate, corporate and other purposes. JPMorgan was selected to advise the Company and to deliver an opinion to the board of directors of the Company with respect to the Exchange on the basis of such experience and its familiarity with the Company.

JPMorgan has acted as financial advisor to the Company with respect to the proposed Exchange and will receive a transaction fee of \$5 million from the Company for its services if the proposed Exchange is consummated. In addition, the Company has agreed to indemnify JPMorgan for certain liabilities arising out of its engagement. In the past, JPMorgan and its affiliates have performed a variety of investment banking and commercial banking services for each of the Company, DIRECTV and Liberty and their respective affiliates, all for customary compensation. Specifically, such services for the Company and its subsidiaries have included acting as financial advisor to the Company in connection with its exchange offer for the 17.9% publicly-held interest in Fox Entertainment in January 2005, acting as financial advisor to the Company in connection with its acquisition of Intermix Media in July 2005, and acting as joint bookrunner for a bond offering for the Company's affiliate, British Sky Broadcasting plc, in September 2005. Such services for DIRECTV and its affiliates have included acting as lead arranger and bookrunner for a credit facility for DIRECTV's then subsidiary, Hughes Network Systems, in May 2005, acting as syndication agent and co-lead arranger for a secured credit facility for DIRECTV in April 2005, and acting as a co-manager of an offering of Common Stock of DIRECTV in February 2005. Such services for Liberty and its affiliates have included acting as agent bank in connection with certain unsecured credit facilities of Liberty's subsidiary, QVC, in March 2006. In addition, JPMorgan and its affiliates have performed a variety of investment banking and commercial banking services for Liberty Global, Inc. (LGI), a separate publicly-traded company of which Dr. John Malone, chairman of the board of directors and significant stockholder of Liberty, is the chairman of the board of directors and significant stockholder. Such services for LGI and its affiliates have included acting as joint bookrunner in connection with the initial public offering of common equity of Telenet in October 2005, acting as financial advisor and financing arranger for LGI, in connection with its acquisition of Cablecom Holdings AG in September, 2005, acting as financial advisor to LGI in connection with the sale of its 22% stake in SBS Broadcasting in August 2005, and acting as joint bookrunner on a eurobond offering by LGI's affiliate, UPC Holding, in July 2005. JPMorgan also acted as financial advisor to the Company in connection with its acquisition of its stake in DIRECTV in 2003. In addition, Sir Rod Eddington, a Managing Director and Non-Executive Chairman of one of JPMorgan's affiliates, is a director of the Company.

JPMorgan and its affiliates maintain banking and other business relationships with the Company and its affiliates, for which they receive customary fees. In the ordinary course of their businesses, JPMorgan and its affiliates may actively trade the debt and equity securities of the Company, DIRECTV or Liberty for their own accounts or for the accounts of customers and, accordingly, they may at any time hold long or short positions in such securities.

DIRECTV 2006 Management Plan; Company Adjusted DIRECTV Business Plans

In connection with their due diligence investigation of DIRECTV, Liberty and its financial advisors requested, and were provided with, certain non-public information regarding DIRECTV, including a DIRECTV internal financial plan for 2006 (and, assuming realization of such 2006 plan, the resulting internal estimates for 2007 and 2008), which was prepared in the ordinary course by DIRECTV management solely for internal planning purposes and previously provided to DIRECTV's Board of Directors in April 2006 (DIRECTV 2006

Table of Contents

Management Plan). The DIRECTV 2006 Management Plan was provided, on a confidential basis, to Liberty and its financial advisors, and to the Company's financial advisors, in late August 2006. DIRECTV did not update the DIRECTV 2006 Management Plan prior to providing it to such third parties, and the DIRECTV 2006 Management Plan does not take into account any circumstances or events occurring after the date such plan was prepared. In providing the DIRECTV 2006 Management Plan, DIRECTV management did not intend that the information included in such plan would be made publicly available, nor did DIRECTV management intend for the information in such plan to be considered by any party, including Liberty and the Company, with regard to an investment decision concerning DIRECTV. At the time, DIRECTV management indicated that neither Liberty and its advisors, nor the Company and its advisors, should rely on such information, since actual results for periods in 2006 were available when the DIRECTV 2006 Management Plan was provided and such results were, in some respects, different than the anticipated results reflected in the DIRECTV 2006 Management Plan. Such differences in actual results, as well as many other factors, would necessarily affect anticipated future results. DIRECTV management also indicated, both to Liberty and its financial advisors and to the Company and its financial advisors, that each of the parties should consider any publicly-available information, including public equity research and other industry analyses, as well as their respective management experience in media and pay-television businesses in considering the information provided by DIRECTV.

We have included the information from the DIRECTV 2006 Management Plan set forth below to give our stockholders access to certain nonpublic, forward-looking financial information which was provided to, and may or may not have been considered by, Liberty and its financial advisors, and by the Company and its financial advisors, prior to the public announcement of the Exchange. At the time it was provided, the DIRECTV 2006 Management Plan included non-public, forward-looking information. Considering that the Special Meeting will be held approximately one year after the date the DIRECTV 2006 Management Plan was prepared, as well as the uncertainties inherent in any budgeted or forecasted information, the readers of this proxy statement are cautioned not to place any undue reliance on any of the information set forth below. The information set forth below is subject to the qualifications and cautionary notes regarding such information which are set forth below.

The approximate amounts shown in the DIRECTV 2006 Management Plan for each of 2006, 2007 and 2008 for revenues, operating profit before depreciation and amortization (OPBDA) and net income of DIRECTV were as follows:

	2006	2007 (in billions)	2008
Revenues	\$ 14.96	\$ 16.81	\$ 18.46
OPBDA	3.13	4.24	5.14
Net Income	1.19	1.45	1.77

DIRECTV has now publicly announced its unaudited financial results for fiscal year 2006, including the following approximate amounts: revenues \$14.76 billion; OPBDA \$3.39 billion; and net income \$1.42 billion. DIRECTV has also publicly issued guidance for 2007, but such guidance does not include information regarding anticipated revenues, OPBDA or net income of DIRECTV for 2007 or any other year. Certain of the assumptions regarding the 2006 fiscal year for DIRECTV U.S. operations used by DIRECTV management in preparing the DIRECTV 2006 Management Plan were as follows: net subscriber additions slightly under 1.2 million; average monthly churn approximately 1.5%; increase in average monthly revenue per subscriber (ARPU) from 2005 slightly higher than 5.0%; subscriber acquisition costs (SAC) stable with 2005; and upgrade and retention costs slightly higher in the aggregate than 2005. DIRECTV management has advised the Company that actual results for 2006 were consistent, in all material respects, with the plan assumptions, except that net subscriber additions totaled 820,000 and average monthly churn was 1.60%, while ARPU for 2006 increased by 5.9% as compared with ARPU in 2005 and SAC in 2006 was slightly reduced from 2005. The DIRECTV 2006 Management Plan also included certain metrics, or targets, for 2007 and 2008, which were premised on performance in 2006 in accordance with the plan and which DIRECTV management notified Liberty and its advisors, and the Company and its advisors, should not necessarily be relied upon in evaluating

DIRECTV and that each should develop its own assumptions regarding future performance. Certain of such metrics for DIRECTV U.S. for 2007 and 2008, as originally included in the DIRECTV 2006 Management Plan and without adjustment to reflect actual results in 2006, were as follows: ARPU continued increase of approximately 5% per year; net subscriber additions slightly below 900,000 in 2007 and 700,000 in 2008; churn continued reduction in monthly churn from 2006 by approximately .05% per year; SAC (on a cash basis) slightly increasing from 2006 to not more than \$700; upgrade and retention (on a cash basis) approximately equal to 2006 on an absolute basis, excluding one-time conversion costs to MPEG-4 technology for certain existing subscribers. You should review DIRECTV's current report on Form 8-K filed February 7, 2007 to obtain DIRECTV's press release regarding its unaudited fourth quarter and full year 2006 financial results, as well as certain guidance for 2007 results for the U.S. operations of DIRECTV, and DIRECTV's annual report on Form 10-K filed for the fiscal year ended December 31, 2006 which contains DIRECTV's audited financial statements for the fiscal year ended December 31, 2006.

The Company discussed the DIRECTV 2006 Management Plan with members of DIRECTV management and separately with the Company's financial advisors during its consideration of the Exchange in November and December, 2006. Based on these discussions, DIRECTV's year to date performance in 2006 as of that date and Company management's review of performance trends in DIRECTV's industry and publicly available research analyst reports, the Company instructed its financial advisors to adjust the DIRECTV 2006 Management Plan (such business plan, as adjusted, together with certain publicly available research analyst projections for fiscal years 2009 and 2010, the Company Adjusted DIRECTV Business Plans), and such adjustments were not reviewed with DIRECTV management. The Company Adjusted DIRECTV Business Plans reflect, among other things, Company management's expectations relating to a slight increase in subscriber churn in 2007 and 2008 and reduced ARPU in 2008. We have included the information from the Company Adjusted DIRECTV Business Plans set forth below to give our stockholders access to certain nonpublic, forward-looking financial information which was used in preparing the financial analyses presented by the Company's financial advisors to the board of directors of the Company in connection with its consideration of the Exchange. Set forth below is certain information contained in the Company Adjusted DIRECTV Business Plans. As noted elsewhere, the Company instructed its financial advisors to use the Company Adjusted DIRECTV Business Plans, and not the DIRECTV 2006 Management Plan, in the preparation of their financial analyses of DIRECTV.

The approximate amounts shown in the Company Adjusted DIRECTV Business Plans for each of 2007, 2008, 2009 and 2010 for revenues, operating profit before depreciation and amortization (OPBDA) and net income of DIRECTV were as follows:

	2007	2008	2009	2010
	(in billions)			
Revenues	\$ 16.41	\$ 17.76	\$ 19.07	\$ 20.16
OPBDA	4.08	4.74	4.97	5.26
Net Income	1.35	1.52	1.73	1.88

Neither the Company nor DIRECTV as a matter of course makes public any forecasts or business plans as to future performance, earnings or other financial metrics with respect to DIRECTV, and the information from the DIRECTV 2006 Management Plan and the Company Adjusted DIRECTV Business Plans set forth above is included in this proxy statement only in light of the considerations described above. The DIRECTV 2006 Management Plan and the Company Adjusted DIRECTV Business Plans reflect numerous assumptions made with respect to industry performance, general business, economic, market and financial conditions and other matters, all of which are subject to inherent uncertainties and are difficult to predict, many of which are beyond DIRECTV's control. Accordingly, there can be no assurance that the assumptions made in preparing the DIRECTV 2006 Management Plan or the Company Adjusted DIRECTV Business Plans will prove accurate. It is expected that there may be differences between actual and projected results, and actual results may be materially different than those contained in either the DIRECTV 2006 Management Plan or the Company Adjusted DIRECTV Business Plans, including, in the case of the DIRECTV 2006 Management Plan, in light of DIRECTV's actual performance in 2006 as described above. Also, the DIRECTV Management Business Plan and the Company Adjusted DIRECTV Business Plans each represent evaluations of DIRECTV's future financial performance on a stand-alone basis, and without reference to Exchange-related costs or benefits. In addition, since the DIRECTV 2006 Management Plan and the Company Adjusted DIRECTV Business Plans cover multiple years, the information contained therein by its nature becomes less reliable with each successive year.

The inclusion of the information from the DIRECTV 2006 Management Plan and the Company Adjusted DIRECTV Business Plans contained herein should not be regarded as an indication that any of the Company, Liberty or DIRECTV or their respective affiliates, representatives or advisors considered or consider this information to be a reliable prediction of future events, and this information should not be relied upon as such. The Company and its management did not participate in preparing, and does not express any view on, the DIRECTV 2006 Management Plan, or the assumptions underlying such information, and DIRECTV and its management did not participate in preparing, and does not express any view on, the Company Adjusted DIRECTV Business Plans, or the assumptions underlying such information. INDEPENDENT EXPERT'S REPORT

As required under Section 10.1 of the ASX Rules, the Company has engaged an independent expert, Grant Samuel, to consider the Exchange and to issue a report, the full text of which is attached as Annex D to this proxy statement and is incorporated herein by reference, as to whether the Exchange is fair and reasonable to the non associated stockholders. Grant Samuel has concluded that, in its opinion, the Exchange is fair and reasonable to the non associated stockholders for the purposes of ASX Listing Rule 10.1.

The Company engaged Grant Samuel, and its report has been delivered and included in this proxy statement, solely for the purpose of complying with the ASX Rules applicable to the Exchange. There is no requirement for an independent expert's report under United States law. Grant Samuel's report has been prepared under applicable Australian laws and has been prepared in accordance with prevailing Australian requirements and standards. These requirements and standards may be materially different than those prevailing in the United States. The Grant Samuel report does not purport to meet any requirements of any United States law or regulation.

The Grant Samuel report is not intended as a recommendation as to how any holder of the Company's Class B Common Stock should vote with respect to the Exchange.

Table of Contents**THE SHARE EXCHANGE AGREEMENT**

This section of the proxy statement describes the material provisions of the Share Exchange Agreement but does not purport to describe all of the terms of the Share Exchange Agreement. The following summary is qualified in its entirety by reference to the complete text of the Share Exchange Agreement, which is attached as Annex A to this proxy statement and incorporated into this proxy statement by reference. We urge you to read the full text of the Share Exchange Agreement because it is the legal document that governs the Exchange. This section is not intended to provide you with any other factual information about us. Such information can be found elsewhere in this proxy statement and in the public filings we make with the SEC, as described in the section entitled "Where You Can Find Additional Information" beginning on page 19. Capitalized terms used, and not otherwise defined, in this summary will have the meanings given to them in the Share Exchange Agreement.

The Exchange

On December 22, 2006, the Company and Liberty entered into the Share Exchange Agreement which provides for, among other things, the exchange of (i) 324,637,067 shares of the Company's Class A Common Stock and 188,000,000 shares of the Company's Class B Common Stock, in each case, owned by the Liberty Stockholders for (ii) all of the issued and outstanding shares of Splitco. We refer to this transaction as the "Exchange" in this proxy statement. Upon the terms and subject to the conditions set forth in the Share Exchange Agreement, the Company has agreed that, prior to the consummation of the Exchange and subject to the terms and conditions contained in the Share Exchange Agreement, the Company will effect the Company Restructuring, as discussed below. The consummation of the Exchange and the other transactions contemplated pursuant to the Share Exchange Agreement will take place on the third business day following the date on which the last of the unsatisfied or unwaived conditions specified in the Share Exchange Agreement have been satisfied or waived (other than those conditions contemplated to be satisfied simultaneously with, or only capable of being satisfied simultaneously with, the consummation of the Exchange, but subject to the satisfaction or waiver of those conditions), or at such other time and place as agreed in writing by the parties. We refer to the date of such consummation of the Exchange and the other transactions contemplated pursuant to the Share Exchange Agreement as the "Closing Date."

The Company agreed, pursuant to the Share Exchange Agreement that, prior to the consummation of the Exchange and subject to the terms and conditions contained in the Share Exchange Agreement, the Company would transfer to Splitco (i) all of the shares of common stock of DIRECTV held by the Company and its subsidiaries as of such date, (ii) all ownership interests in each of the RSN Subsidiaries and (iii) cash in an amount equal to \$550 million, subject to adjustment based on the working capital of the RSN Subsidiaries. The Company and Liberty subsequently agreed, on February 27, 2007, to increase to \$587.5 million the amount of cash to be transferred by the Company to Splitco prior to the consummation of the Exchange as a result of certain arrangements entered into by FSN Northwest and the Seattle Mariners (MLB) in connection with an extension of FSN Northwest's telecast rights.

After the consummation of the Exchange and the other transactions contemplated in the Share Exchange Agreement, Splitco will become a wholly-owned subsidiary of Liberty and the shares of the Company's Class A and Class B Common Stock currently held by Liberty will cease to be outstanding.

Working Capital Adjustment

The Share Exchange Agreement contains a working capital adjustment mechanism which adjusts the amount of cash to be contributed to Splitco in connection with the Exchange on the basis of the assumption that the net working capital of the RSN Subsidiaries, on a consolidated basis (as calculated pursuant to the Share Exchange Agreement), will be equal to zero at the time of the consummation of the Exchange. The \$587.5 million cash amount to be contributed to Splitco by the Company in connection with the Exchange shall be increased or decreased, on a dollar-for-dollar basis by any amounts by which the net working capital of the RSN Subsidiaries, on a consolidated basis, at the time of the consummation of the Exchange, is less than or exceeds, respectively, zero.

Representations and Warranties

The Share Exchange Agreement contains representations and warranties of the parties thereto made to and solely for the benefit of each other. The assertions embodied in those representations and warranties are qualified

by information in a confidential disclosure letter that the parties have exchanged in connection with signing the Share Exchange Agreement and that modifies, qualifies and creates exceptions to the representations and warranties contained in the Share Exchange Agreement. Accordingly, you should not rely on the representations and warranties as characterizations of the actual state of facts because (1) in certain cases, they were made only as of the date of the Share Exchange Agreement or a prior specified date, (2) in some cases they are subject to qualifications with respect to materiality, Material Adverse Effect, and knowledge and (3) they are modified in part by the underlying disclosure letter. The disclosure letter contains information that has been included in the Company's prior public disclosures, as well as non-public information. Moreover, information concerning the subject matter of the representations and warranties may have changed since the date of the Share Exchange Agreement, which subsequent information may not be fully reflected in the Company's public disclosures.

The Share Exchange Agreement contains various representations and warranties made by the Company relating to, among other things:

effect, event, occurrence, development, condition or circumstance that, individually or in the aggregate with all other adverse changes, effects, events, occurrences, developments, conditions or circumstances, is, or is reasonably likely to be, materially adverse to the business, operations, results of operations, assets, liabilities, or condition (financial or otherwise) of such entity and its subsidiaries, taken as a whole, or the Transferred Business, taken as a whole, as the case may be, or on the ability of such entity to consummate the Exchange and other transactions contemplated by the Share Exchange Agreement, other than any change, effect, event, occurrence, development, condition or circumstance resulting from, or relating to:

the United States economy in general;

the industry in which the Company or the Transferred Business operates in general, and not having a materially disproportionate effect (relative to the effect on other persons operating in such industry) on the Company or the Transferred Business.

In addition, for the purposes of any determination as to the existence of a Material Adverse Effect with respect to Splitco, Splitco's assets shall be deemed to consist of the following as of the time of such determination (i) all issued and outstanding equity interests of each RSN Subsidiary and (ii) the DIRECTV Shares; provided that any determination as to the existence of a Material Adverse Effect with respect to Splitco shall be made after taking into account (without duplication) any amounts actually recovered, under any insurance policy maintained by the Company or any of its affiliates or DIRECTV, and/or by the Company, any affiliate of the Company or DIRECTV from any other third party, and, in each case, after giving effect to the application of any such amounts for the benefit of Splitco, the RSN Subsidiaries or DIRECTV.

The Share Exchange Agreement provides that no change, effect, event or occurrence arising or resulting from any of the following, either alone or in combination, shall constitute or be taken into account in determining whether there has been, a Material Adverse Effect:

the announcement or performance of the Share Exchange Agreement and the transactions contemplated thereby (including compliance with the covenants set forth therein, or any action taken or omitted to be taken by the Company, any RSN Subsidiary, Splitco or DIRECTV at the request or with the prior written consent of Liberty), including, to the extent arising therefrom, any termination of, reduction in or similar negative impact on relationships, contractual or otherwise, with any customers, suppliers, distributors, partners or employees of the Transferred Business or DIRECTV;

Certain Covenants and Agreements

Stockholder Vote

The Company has agreed, subsequent to December 22, 2006 and unless the Share Exchange Agreement has been earlier terminated, to, acting through its board of directors, establish a record date for, duly call, give notice of, convene and hold a meeting of the holders of the Company's Class B Common Stock for the purpose of voting upon the approval of the Exchange. In connection with such vote, the Company will use its reasonable best efforts to obtain both the requisite quorum and the requisite approval, including by soliciting from its stockholders proxies in favor of the approval of the Exchange.

Change in Recommendation

Pursuant to the Share Exchange Agreement, at anytime prior to the approval of the Exchange by the stockholders of the Company, the board of directors of the Company may, in the exercise of its fiduciary duties, fail to make, withdraw, modify or change in a manner adverse to Liberty its recommendation that the Company stockholders vote in favor of the Share Exchange Agreement (a "Change in Recommendation"). In such event, and after such date, the Company shall have no obligation to solicit from its stockholders proxies in favor of the approval of the Exchange. However, the Company will still be obligated to convene and hold the Special Meeting, unless the Share Exchange Agreement is terminated in accordance with its terms.

Appropriate Action; Consents; Filings

Edgar Filing: NEWS CORP - Form DEF 14A

The parties have further agreed to use their respective reasonable best efforts to resolve any objections or challenges of any governmental authorities to the Share Exchange Agreement or the transactions contemplated thereby, including the Exchange. Specifically, the Share Exchange Agreement provides that Liberty and the Company shall be required to (and, to the extent required by any governmental authority, shall cause their respective current and future subsidiaries to), propose, negotiate, commit to and enter into one or more settlements, undertakings, conditions, consent decrees, stipulations and other agreements with or to one or more governmental authorities in connection with the Exchange and the other transactions contemplated by the Share Exchange Agreement (including obtaining the requisite consent of such governmental authorities). Such settlements may require Liberty or the Company to restructure the operations of, or sell or otherwise divest or dispose of, assets and/or the assets of their respective current and future subsidiaries.

However, neither Liberty nor any of its subsidiaries shall be required to take (or commit to take) any such action:

if any such actions would reasonably be expected to have a material adverse effect on the business or operations of Liberty and its subsidiaries or any of their cable, television (including video or electronic home shopping) or satellite businesses, or

if the board of directors of Liberty determines, in good faith, that the taking of such actions would be reasonably likely to have a Material Adverse Effect on Splitco.

Neither the Company, nor any of its subsidiaries shall be required to take (or commit to take) any such action:

if the board of directors of the Company determines, in good faith, that the taking of such actions would be reasonably expected to have a Material Adverse Effect on Splitco, without the prior written consent of Liberty, or

if any such actions would reasonably be expected to have a Material Adverse Effect on the business or operations of the Company and its subsidiaries or any of their cable programming or television businesses.

Conduct of the Business by Liberty

Under the Share Exchange Agreement, Liberty has agreed that, subject to certain exceptions, between December 22, 2006 and the Closing Date, neither it nor any of its subsidiaries will make any acquisition of any interest in an organization that holds an FCC license if such acquisition would be reasonably expected to prevent or materially delay the receipt of the FCC Consent.

Standstill Arrangements

The Share Exchange Agreement provides that for ten (10) years following the date thereof, neither Liberty nor any of its affiliates will acquire any securities or assets of the Company, participate in any proxy contest involving the Company or take certain related actions, except for the acquisition of third parties that hold such securities, provided that such holdings are promptly sold down to 2% or less of the total outstanding shares of the applicable class of equity securities. These obligations will automatically terminate prior to the end of such ten (10) year period upon the occurrence of any of the following:

the termination of the Share Exchange Agreement;

the sale of all or substantially all of the Company's assets; or

consummation of a change of control transaction involving the Company.

In addition, the Share Exchange Agreement provides that for ten (10) years following the date thereof, neither the Company nor any of its affiliates will acquire any securities or assets of Liberty, DIRECTV or their respective affiliates, participate in any proxy contest involving Liberty, DIRECTV or their respective affiliates or take certain related actions, except for the acquisition of third parties that hold such securities, provided that such holdings are promptly sold down to 2% or less of the total outstanding shares of the applicable class of equity securities. Third Party Acquisition Proposals for DIRECTV

Under the Share Exchange Agreement, the Company has further agreed, in its capacity as a stockholder of DIRECTV, to take reasonable actions to cause DIRECTV not to solicit or enter into any discussions with any third party regarding a business combination or sale of all or a substantial portion of DIRECTV's assets. This covenant does not prohibit any DIRECTV director from exercising his or her fiduciary duties under applicable law.

In addition, under the Share Exchange Agreement, the Company has agreed that from December 22, 2006 until the consummation of the Exchange, it will (i) vote its DIRECTV Shares against any proposed business combinations between DIRECTV and a third party, (ii) not solicit proxies in favor of such a transaction and (iii) not tender its DIRECTV Shares in any third party tender offer for DIRECTV. In the event the Share Exchange Agreement is terminated by the Company or Liberty due to the failure of the Company to obtain the ASX Stockholder Approval or the Disinterested Stockholder Approval or by Liberty, due to a Change in Recommendation by the Company, the obligations of the Company described in the preceding sentence shall continue until the date that is six (6) months from the date of such termination, and, solely with respect to any transaction in respect of at least a majority of DIRECTV's outstanding shares or all or substantially all of DIRECTV's assets with respect to which a bona fide written proposal was publicly announced and not withdrawn prior to such termination, until the date that is twelve (12) months from the date of such termination.

DIRECTV Charter Restrictions

The parties have agreed, from December 22, 2006 until the consummation of the Exchange, not to, and to cause their respective affiliates not to, propose to the board of directors of DIRECTV, nor enter into any discussion with the board of directors of DIRECTV regarding, any amendment to the DIRECTV certificate of incorporation or bylaws. To the extent any such amendment is proposed between December 22, 2006 and the consummation of the Exchange, the Company has agreed to publicly state its intention to vote against such proposal and to cause all of its DIRECTV Shares to vote against such proposal, unless Liberty has consented to the Company voting in favor of such proposal.

Conditions to the Exchange

Conditions to Each Party's Obligations

performance in all material respects by the Company of its obligations under the Share Exchange Agreement and the Tax Matters Agreement;

Indemnification

Indemnification by the Company

Subject to certain limitations set forth in the Share Exchange Agreement, following the consummation of the Exchange, the Company will indemnify Liberty, its affiliates and their respective stockholders, members, partners, officers, directors, employees and representatives against damages arising out of or resulting from:

any breach of a representation or warranty made by the Company in the Share Exchange Agreement; and

any breach or failure by the Company to perform any covenant or agreement made by the Company in the Share Exchange Agreement.

However, the Share Exchange Agreement provides that, subject to the exceptions described below, the aggregate liability of the Company for indemnification with respect to damages arising out of or resulting from breaches of representations and warranties shall not exceed \$75 million. In addition, the Company will not be liable for indemnification with respect to damages arising out of or resulting from breaches of representations and warranties unless and until the aggregate amount of such damages exceeds \$12 million, and then only for the amount by which such damages exceed \$12 million. The foregoing limitations do not apply to any breach or failure to be true of any of the Company's representations and warranties regarding the organization and good standing of the Company and the RSN Subsidiaries, capitalization of Splitco, the corporate power and authority of the Company, certain related entities and Splitco to consummate the transactions contemplated by the Share Exchange Agreement, the required votes of the Company's stockholders, title to the DIRECTV Shares, brokers and finders and the scope of Liberty's representations and warranties.

Indemnification by Liberty

Subject to certain limitations set forth in the Share Exchange Agreement, following the consummation of the Exchange, Liberty will indemnify the Company, its affiliates, and their respective stockholders (other than Liberty and any of its affiliates), members, partners, officers, directors, employees and representatives against damages arising out of or resulting from:

any breach of a representation or warranty made by Liberty in the Share Exchange Agreement;

any breach or failure by Liberty to perform any covenant or agreement made by Liberty in the Share Exchange Agreement. However, the Share Exchange Agreement provides that, subject to the exceptions described below, the aggregate liability of Liberty for indemnification with respect to damages arising out of or resulting from breaches of representations and warranties shall not exceed \$75 million. In addition, Liberty will not be liable for indemnification with respect to damages arising out of or resulting from breaches of representations and warranties unless and until the aggregate amount of such damages exceeds \$12 million, and then only for the amount by which such damages exceed \$12 million. The foregoing limitations do apply to any breach or failure to be true of any of Liberty's representations and warranties regarding the organization and good standing of Liberty and the Liberty Stockholders, the corporate power and authority of Liberty and the Liberty Stockholders to consummate the transactions contemplated by the Share Exchange Agreement, the lack of any required votes of Liberty's stockholders, the shares of the Company owned by Liberty and the Liberty Stockholders, brokers and finders and the scope of the Company's representations and warranties.

Employee Matters

Pursuant to the Share Exchange Agreement, Liberty agreed that, effective as of the Closing Date, each transferred employee, including any such employee on approved leave of absence (whether family leave, workers' maternity or parental leave, workers' compensation, short-term and long-term disability, medical leave or otherwise) shall be employed in a substantially comparable position to the position in which such transferred employee was employed immediately prior to Closing Date. As of and for no less than one year following the consummation of the Exchange, Liberty shall, and shall cause its affiliates to, provide the transferred employees who remain employed with Liberty and its affiliates with the same rate of base salary and wages and commissions and with employee benefit and compensation plans, programs and arrangements that are substantially equivalent in the aggregate to those provided to similarly situated employees of Liberty and its affiliates.

In addition, any transferred employee who became entitled to short-term or long-term disability benefits under certain employee benefit plans prior to the consummation of the Exchange shall be entitled to continue to receive such benefits under the terms of such plans until his or her return to active employment, so long as such benefits are payable pursuant to third-party insurance coverage. Pursuant to the Share Exchange Agreement, the Company agreed to use commercially reasonable efforts to cause the insurance policies underlying such plans to provide for such payments.

Notwithstanding anything to the contrary contained in the Share Exchange Agreement, Liberty and its affiliates shall have no obligation to keep any transferred employee employed for any period of time following the consummation of the Exchange, provided that if the employment of any transferred employee is terminated by Liberty or its affiliates during the 12-month period beginning on the Closing Date, Liberty or its affiliates shall pay to such terminated employee severance payments that are no less favorable than those provided under the employee benefit plans of the Company immediately prior to the Closing Date.

Pursuant to the Share Exchange Agreement, the Company and its affiliates are required to cause the applicable employment agreements and, to the extent necessary, certain talent contracts, to be assigned to the appropriate RSN Subsidiary prior to the consummation of the Exchange. Liberty shall assume and honor and/or

Table of Contents

shall cause its affiliates to assume and to honor in accordance with their terms all employment agreements of the transferred employees, and take all actions necessary to update such employment agreements to reflect such assumption, and the Company shall have no further obligations under such employment agreements as of the Closing Date. The Company agreed to, and to cause its affiliates to, take all action necessary such that Liberty and its affiliates will not have any liability with respect to any employee benefit plans maintained by the Company or its affiliates other than those employee benefit plans under which benefits are provided solely to the transferred employees and any applicable employment agreements. Liberty agreed to treat the prior service of each transferred employee with the Company or certain of its subsidiaries as service rendered to Liberty for purposes of eligibility and vesting for all purposes and levels of benefits for purposes of severance and vacation, except to the extent such treatment would result in the duplication of benefits with respect to the same period of service.

Liberty and its affiliates further agreed to (i) cause any pre-existing conditions, limitations and eligibility waiting periods under any group health plans of Liberty or its affiliates to be waived with respect to the transferred employees and their eligible dependents to the extent such condition would have been covered, or limitation or waiting period would not have applied, with respect to such transferred employee (or dependent) under the terms of the employee benefit plan in which such transferred employee was a participant immediately prior to the consummation of the Exchange and (ii) give each transferred employee credit for the plan year in which the consummation of the Exchange (or the transition from the Company's plans to Liberty's plans) occurs towards applicable deductibles and annual out-of-pocket limits for expenses incurred prior to the consummation of the Exchange (or such later transition date).

The Company and its affiliates shall cause each transferred employee to be fully vested in his or her accrued benefit under the savings plan in which such transferred employee participates immediately prior to consummation of the Exchange.

Amendment

The Share Exchange Agreement may not be amended except by an instrument in writing signed on behalf of each of the Company and Liberty.

Waiver

Any of the terms or conditions of the Share Exchange Agreement may be waived at any time by the Company or Liberty, but only by a writing signed by the party waiving such terms or conditions.

Specific Performance

Pursuant to the Share Exchange Agreement, the Company and Liberty have agreed that irreparable damage would occur in the event any of the provisions of the Share Exchange Agreement were not performed in accordance with the terms thereof and that the parties shall be entitled to specific performance of the terms thereof in addition to any other remedies.

Table of Contents

CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

The following summarizes certain U.S. federal income tax consequences to the Company and its affiliates and the Liberty Stockholders with respect to the Company Restructuring and the Exchange. The U.S. federal income tax consequences summarized below do not address our stockholders, other than the Liberty Stockholders, who generally will not be subject to any U.S. federal income tax as a result of the Company Restructuring and the Exchange. This summary is based on the Internal Revenue Code of 1986, as amended (the Code), the Treasury Regulations promulgated under the Code, and interpretations of the Code and the Treasury Regulations by the courts and the IRS, all as they exist as of the date hereof and all of which are subject to change, possibly with retroactive effect.

The Exchange is conditioned upon (i) the Company's receipt of private letter rulings from the IRS substantially to the effect that, for U.S. federal income tax purposes, no gain or loss will be recognized by the Company or any of its affiliates on the Company Restructuring or the Exchange pursuant to Section 355 and related provisions of the Code and (ii) Liberty's receipt of private letter rulings from the IRS substantially to the effect that, for U.S. federal income tax purposes, no gain or loss will be recognized by the Liberty Stockholders on the Exchange pursuant to Section 355 and related provisions of the Code. Although private letter rulings from the IRS generally are binding on the IRS, if the factual representations or assumptions made in the letter ruling request are untrue or incomplete in any material respect, then the Company and Liberty will not be able to rely on the rulings. Furthermore, the IRS will not rule on whether a distribution satisfies certain requirements necessary to obtain tax-free treatment under Section 355 of the Code. Rather, the private letter rulings will be based upon representations by the Company and Liberty that these conditions have been satisfied, and any inaccuracy in the representations could prevent the Company and Liberty from relying on the rulings.

The Exchange is also conditioned upon (i) the receipt by the Company of the opinion of its tax counsel substantially to the effect that, for U.S. federal income tax purposes, no gain or loss will be recognized by the Company or any of its affiliates on the Company Restructuring or the Exchange pursuant to Section 355 and related provisions of the Code and (ii) the receipt by Liberty of the opinion of its tax counsel substantially to the effect that, for U.S. federal income tax purposes, no gain or loss will be recognized by the Liberty Stockholders on the Exchange pursuant to Section 355 and related provisions of the Code. The opinions will rely on the IRS letter rulings as to matters covered by the rulings. The opinions will be based on, among other things, certain assumptions and representations as to factual matters made by the Company and Liberty which, if incorrect or inaccurate in any material respect, would jeopardize the conclusions reached by the Company's tax counsel and Liberty's tax counsel in their respective opinions. The opinions will not be binding on the IRS or the courts, and the IRS or the courts may not agree with the opinions.

Notwithstanding receipt of the private letter rulings and the opinions of counsel, the IRS could assert that the Company Restructuring and/or the Exchange do not qualify for tax-free treatment for U.S. federal income tax purposes. If the IRS were successful in taking this position, the Company and its affiliates and the Liberty Stockholders could be subject to significant U.S. federal income tax liability. In general, the Company and its affiliates could be subject to tax as if they had sold the stock of Splitco in a taxable sale for its fair market value, and the Liberty Stockholders would be subject to tax as if their Company stock had been redeemed in a taxable transaction for the stock of Splitco. In addition, even if the Company Restructuring and the Exchange otherwise were to qualify under Section 355 of the Code, they would become taxable to the Company and its affiliates (but not to the Liberty Stockholders) under Section 355(e) of the Code if 50% or more of the shares of either Company stock or Splitco stock were acquired, directly or indirectly, as part of a plan or series of related transactions that included the Company Restructuring and the Exchange. If the IRS were to determine that acquisitions of Company stock or Splitco stock, either before or after the Exchange, were part of a plan or series of related transactions that included the Company Restructuring and the Exchange, this determination could result in the recognition of gain by the Company and its affiliates under Section 355(e).

Although certain of the taxes described above would be imposed on the Liberty Stockholders as opposed to the Company and its affiliates, we have agreed in the Tax Matters Agreement to indemnify Liberty against all

Table of Contents

tax-related liabilities caused by the failure of the Company Restructuring or the Exchange to qualify as tax-free for U.S. federal income tax purposes to the extent that these liabilities result from any of the representations and warranties made by us in the Tax Matters Agreement not being true and correct when made, any breach or nonperformance of any covenant or agreement made or to be performed by us in the Tax Matters Agreement, or any other action by us or any of our affiliates (including, prior to the Closing Date, Splitco and each of the RSN Subsidiaries). For a summary of the material terms of the Tax Matters Agreement, see [Tax Matters Agreement](#) below.

Tax Matters Agreement

The Company and Liberty have entered into the Tax Matters Agreement which will govern the parties' respective rights, responsibilities and obligations with respect to tax liabilities and benefits, the preparation and filing of tax returns, the control of audits and other tax matters. The following summary of the terms and provisions of the Tax Matters Agreement is qualified in its entirety by reference to the Tax Matters Agreement, a copy of which has been filed on the Form 8-K filed by the Company on December 26, 2006. You should read the Tax Matters Agreement carefully for more details regarding the provisions described below and for other provisions that may be important to you.

Representations/Warranties:

Each of the parties represents and warrants to the other that, among other things:

The representations and warranties provided by or relating to such party in connection with the tax opinions and the private letter rulings are true, correct and complete; and

Such party has not taken any action, has not failed to take any action and does not have knowledge of any fact that is reasonably likely to jeopardize receipt of the tax opinions or the private letter rulings or adversely affect the tax-free status of the Company Restructuring or the Exchange.

In addition, the Company represents and warrants to Liberty that, among other things:

The aggregate tax basis in the DIRECTV Shares for U.S. federal income tax purposes is \$6.8 billion.

Covenants

Each of the parties covenants to the other that, among other things, it will use reasonable best efforts to take all actions necessary to obtain the tax opinions and the private letter rulings; and it will comply and otherwise act in a manner consistent with the representations, warranties and covenants provided by or relating to such party in connection with the tax opinions and the private letter rulings.

Indemnification for Breaches of Representations, Warranties and Covenants

Each party will indemnify the other for breaches of such party's representations, warranties and covenants. Representations and warranties shall survive the consummation of the Exchange for sixty (60) days following the expiration of the applicable statute of limitations and covenants shall survive the consummation of the Exchange indefinitely.

Pre-Closing/Post-Closing Taxes

With respect to any taxes of the RSN Subsidiaries or Splitco or that otherwise relate to the businesses of the RSN Subsidiaries or ownership of the DIRECTV Shares, the Company will generally indemnify Liberty for any such taxes for periods prior to the consummation of the Exchange and Liberty will generally indemnify the Company for any such taxes for periods following the consummation of the Exchange.

Table of Contents

Exchange Taxes

Each of the parties will generally be responsible for, and will indemnify the other against, any taxes resulting from the Exchange or the Company Restructuring (Exchange Taxes) to the extent imposed on it. However, each of the parties will indemnify the other for such portion of any Exchange Taxes imposed on the other party due to a breach by the Company or Liberty, as the case may be, of its representations, warranties, covenants or other agreements under the Tax Matters Agreement or as a result of certain actions taken by such party or its affiliates which affect the tax-free treatment of the Exchange or the Company Restructuring.

Termination

The Tax Matters Agreement will automatically terminate upon termination of the Share Exchange Agreement.

OTHER ARRANGEMENTS

The Company and Liberty and certain of their wholly-owned subsidiaries have agreed to certain ancillary agreements providing for certain affiliation, transition services, technical services and other operational arrangements between the RSN Subsidiaries and certain Fox subsidiaries following the consummation of the Exchange.

In addition, the Company has agreed to the terms of an agreement with Splitco and each of the RSN Subsidiaries (the RSN Subsidiary Non-Competition Agreement) pursuant to which the Company and its affiliates will not for a period of four (4) years engage in the Transferred Business in the territories in which the RSN Subsidiaries are operating on the date the Exchange is consummated, subject to certain exceptions. The RSN Subsidiary Non-Competition Agreement will contain certain prohibitions on the ability of the Company and its affiliates to solicit or hire executive officers and senior management of the RSN Subsidiaries for a period of two (2) years following the date on which the Exchange is consummated.

The Company has also agreed to the terms of an agreement with DIRECTV (the DIRECTV Non-Competition Agreement) pursuant to which the Company and its affiliates will not for a period of four (4) years engage in the business of providing direct-to-home delivery of video services by satellite in the territories in North America or South America where DIRECTV is operating on the date the Exchange is consummated. The DIRECTV Non-Competition Agreement contains certain prohibitions on the ability of the Company and its affiliates to solicit or hire executive officers and senior management of DIRECTV for a period of two (2) years following the date on which the Exchange is consummated.

THE IRREVOCABLE PROXY

In connection with the Share Exchange Agreement, on January 3, 2007, the Murdoch Interests executed an Irrevocable Proxy (the Irrevocable Proxy) granting Liberty certain voting rights with respect to all of the shares of the Company s Class B Common Stock which the Murdoch Interests have the right to vote at the Special Meeting. At the time of execution of the Irrevocable Proxy, the Murdoch Interests in the aggregate owned shares of the Company s Class B Common Stock representing 31.2% of the outstanding shares of the Company s Class B Common Stock as of such date.

Voting. Pursuant to the Irrevocable Proxy, the Murdoch Interests irrevocably appointed Liberty as the sole and exclusive attorney-in-fact and proxy to attend the Special Meeting and to vote all of the shares of the Company s Class B Common Stock which the Murdoch Interests have the right to vote at the Special Meeting in favor of the Exchange.

Termination. The Irrevocable Proxy will automatically terminate upon the earlier to occur of:

the termination of the Share Exchange Agreement in accordance with its terms;

the conclusion of the Special Meeting, or any adjournment thereof; or

Liberty s failure to appear in person at the Special Meeting and vote the shares of the Company s Class B Common Stock that are subject to the Irrevocable Proxy.

Effect of Irrevocable Proxy. Since the Murdoch Interests have given Liberty their Irrevocable Proxy to vote in favor of the Exchange, the Murdoch Interests are deemed to be Associates (as defined under the ASX Rules) of Liberty and, as such, their shares will not be counted in determining whether the ASX Stockholder Approval has been obtained. Such shares, if present, will be counted for quorum purposes at the Special Meeting.

- (f) Reflects the receipt of 324,637,067 shares of the Company's Class A Common Stock and 188,000,000 shares of the Company's Class B Common Stock as well as the impact of the pro forma adjustments.

The Company's Class A Common Stock carry rights to a greater dividend than the Company's Class B Common Stock through fiscal 2007. As such, income available to the Company's stockholders is allocated between the Company's Class A Common Stock and Class B Common Stock based upon the two-class method. Subsequent to the final fiscal 2007 dividend payment, shares of the Company's Class A Common Stock will cease to carry any rights to a greater dividend than shares of the Company's Class B Common Stock. Income from continuing operations per share based on the total weighted average shares outstanding (the Company's Class A Common Stock and Class B Common Stock combined) are as follows:

	For the year ended		For the six months ended	
	June 30, 2006		December 31, 2006	
	As reported	Pro forma	As reported	Pro forma
Diluted income from continuing operations per share	\$ 0.87	\$ 0.96	\$ 0.52	\$ 0.56

The above information does not reflect the recognition of gains on sales that had been previously deferred, which would be recognized as a result of the Exchange. In February 2006, the Company sold its investment in Innova, a Mexican direct-to-home satellite television platform, to DIRECTV. In August 2006, the Company sold its investment in Sky Brasil, a Brazilian direct-to-home satellite television platform, to DIRECTV. The Company had deferred a portion of these gains due to its indirect retained interest through the Company's ownership of DIRECTV.

- (g) Reflects the historical financial position of News Corporation.

Edgar Filing: NEWS CORP - Form DEF 14A

- (h) Represent the pro forma adjustment for the cash consideration given in the Exchange.
- (i) Represents the pro forma adjustment to record the deconsolidation of the RSN Subsidiaries.
- (j) Represents the pro forma adjustment to eliminate the Company's book value of its investment in DIRECTV.
- (k) Represents the pro forma adjustment primarily related to a contract termination fee and deferred taxes associated with the Exchange.
- (l) Represents the pro forma adjustment to reflect the receipt of 324,637,067 shares of the Company's Class A Common Stock and 188,000,000 shares of the Company's Class B Common Stock which will be retired by the Company. Partially offsetting this amount is the nonrecurring pre-tax gain on the Exchange of approximately \$3.4 billion which has been reflected in the pro forma condensed consolidated balance sheet. The value of the consideration received will fluctuate with changes in the market until the closing of the transaction and accordingly the nonrecurring pre-tax gain on the Exchange will also fluctuate, and these changes could be material.

REGULATORY MATTERS

Under the HSR Act, transactions such as the Exchange can not be consummated until notifications have been filed and certain information has been furnished to the Federal Trade Commission (the "FTC") and the Antitrust Division of the Department of Justice (the "Antitrust Division") and the applicable waiting periods have expired or been terminated. The Company and Liberty filed their respective Notification and Report Forms with respect to Liberty's acquisition of the RSN Subsidiaries from News with the FTC and Antitrust Division on January 17, 2007. DIRECTV and Liberty filed their respective Notification and Report Forms with respect to Liberty's acquisition of the DIRECTV Shares with the FTC and Antitrust Division on January 17, 2007. Liberty refiled its Notification and Report Form with respect to its acquisition of the DIRECTV Shares with the FTC and Antitrust Division on February 16, 2007, and refiled its Notification and Report Form with respect to its acquisition of the RSN Subsidiaries from News with the FTC and the Antitrust Division on February 20, 2006.

At any time before or after the consummation of the Exchange, the FTC or the Antitrust Division or any state could take such action under the antitrust laws as it deems necessary or desirable in the public interest, including seeking to enjoin the consummation of the Exchange, to rescind the Exchange or to seek divestiture of particular assets of the parties. Private parties also may seek to take legal action under the antitrust laws under certain circumstances. A challenge to the Exchange on antitrust grounds may be made, and if such a challenge is made, it is possible that the Company or Liberty will not prevail.

Under the Communications Act of 1934, as amended, the Company and Liberty may not consummate the Exchange unless they have first obtained the approval of the FCC to transfer control of DIRECTV and any FCC licenses held by Splitco to Liberty. FCC approval is sought through the filing of applications with the FCC, which are subject to public comment and objections from third parties. The timing or outcome of the FCC approval process cannot be predicted. The Company, Liberty and DIRECTV submitted a joint application with the FCC on January 29, 2007.

The FCC approval process is anticipated to extend beyond the date of the Special Meeting. In connection with the approval process, the FCC may request that any or all of the Company, Liberty or DIRECTV make certain concessions or agree to certain conditions or arrangements. The Share Exchange Agreement contains limitations on the obligations of each of the Company and Liberty to agree to such concessions, conditions or arrangements and DIRECTV is under no obligation to agree to any such concessions, conditions or arrangements. However, each of the board of directors of the Company and the board of directors of Liberty remains free to waive such limitations, whether prior to or after the Special Meeting. Consequently, it is impossible to predict the extent of any concessions, conditions or arrangements that may be agreed to by the Company, Liberty and DIRECTV in connection with the FCC approval process. In the event that the board of directors of the Company agrees to any such concessions, conditions or arrangements following the Special Meeting, no additional approval of the holders of the Company's Class B Common Stock will be solicited.

DIRECTV provides communications services in certain foreign countries. In many of these countries, DIRECTV subsidiaries have received government licenses or other authorizations to provide such services. In some of the countries, the Exchange may require either government approval or notification of the change in control over the relevant licenses or authorizations. Consummation of the Exchange is not conditional upon receipt of such approval or the making of such notifications.

INTERESTS OF CERTAIN PERSONS

OTHER MATTERS

Delivery of this Proxy Statement. The SEC has adopted rules that permit companies and intermediaries (such as brokers) to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, known as "householding," potentially means extra convenience for stockholders and cost savings for companies. This year, a number of brokers with customers who are our stockholders will be "householding" our proxy materials unless contrary instructions have been received from the customers. We will promptly deliver, upon oral or written request, a separate copy of the proxy statement to any stockholder sharing an address to which only one copy was mailed. Requests for additional copies should be directed to our proxy solicitation agent, Georgeson Inc., at 17 State Street, 10th floor, New York, NY 10004. Banks and brokerage firms, please call collect (212) 440-9800. All other shareholders, please call toll-free (800) 506-7412.

Once a stockholder has received notice from his or her broker that the broker will be "householding" communications to the stockholder's address, "householding" will continue until the stockholder is notified otherwise or until the stockholder revokes his or her consent. If, at any time, a stockholder no longer wishes to participate in "householding" and would prefer to receive separate copies of the proxy statement, the stockholder should so notify his or her broker. Any stockholder who currently receives multiple copies of the proxy statement at his or her address and would like to request "householding" of communications should contact his or her broker or, if shares are registered in the stockholder's name, our Investor Relations Department, at News Corporation, 1211 Avenue of the Americas, New York, NY 10036, Attention: Investor Relations (telephone number (212) 852-7059).

- 3.8.1 For the purpose of determining the Cash Amount, two (2) Business Days prior to the Closing Date, Parent shall cause to be prepared and delivered to LMC a statement setting forth a good faith estimate of the Net Working Capital (the Estimated Net Working Capital) and the components thereof as of the Closing Date, together with a certificate from the principal financial officer of Parent stating that the Estimated Net Working Capital has been calculated in accordance with GAAP (excluding footnotes and normal year-end adjustments) and in accordance with the methods, principles and classifications used in preparing the Interim Balance Sheet included in the Financial Statements.
- 3.8.2 If the Estimated Net Working Capital is a positive amount (the Estimated Net Working Capital Excess Amount), the Cash Amount shall be decreased by the Estimated Net Working Capital Excess Amount. If the Estimated Net Working Capital is a negative amount (the Estimated Net Working Capital Deficiency Amount), the Cash Amount shall be increased by the Estimated Net Working Capital Deficiency Amount. Section 3.9. *Final Net Working Capital Adjustment.*

- 3.9.1 Within forty-five (45) calendar days after the Closing Date, LMC shall cause to be prepared and delivered to Parent a statement (the Net Working Capital Statement) setting forth the Net Working Capital and the components thereof as of the Closing Date, together with a certificate from the principal financial officer of LMC stating that the Estimated Net Working Capital has been calculated in accordance with GAAP (excluding footnotes and normal year-end adjustments) and in accordance with the methods, principles and classifications used in preparing the Interim Balance Sheet included in the Financial Statements. For purposes of preparing such Net Working Capital Statement, no effect shall be given to any new accounting pronouncements that may be issued following the delivery of the statement pursuant to Section 3.8.1. Following the delivery of such Net Working Capital Statement, LMC shall provide Parent and any of Parent s Representatives (as defined below) with access during normal business hours to (and to examine and make copies of) all documents, records, work papers (including those of accountants), facilities and personnel of the Transferred Subsidiaries as is reasonably necessary for purposes of reviewing the Net Working Capital Statement.
- 3.9.2 After receipt of the Net Working Capital Statement, Parent will have thirty (30) calendar days to review the Net Working Capital Statement. Unless Parent delivers written notice to LMC setting forth the specific items disputed by Parent on or prior to the thirtieth (30th) day after Parent s receipt of the Net Working Capital Statement, Parent will be deemed to have accepted and agreed to the Net Working Capital Statement and such statement (and the calculations contained therein) will be final, binding and conclusive. If Parent notifies LMC of its objections to the Net Working Capital Statement (or specific calculations contained therein) within such thirty (30) day period, Parent and LMC shall, within thirty (30) days following delivery of such notice by Parent to LMC (the Resolution Period), attempt in good faith to resolve their differences with respect to the disputed items (or calculations) specified in the notice (the

Table of Contents

Disputed Items), and all other items (and all calculations relating thereto) will be final, binding and conclusive. Any resolution by Parent and LMC during the Resolution Period as to any Disputed Item shall be set forth in writing and will be final, binding and conclusive.

- 3.9.3 If Parent and LMC do not resolve all Disputed Items by the end of the Resolution Period, then all Disputed Items remaining in dispute will be submitted to an independent accounting firm not retained by Parent or LMC or such other United States national independent accounting firm, in each case, mutually acceptable to Parent and LMC (the Neutral Arbitrator). The Neutral Arbitrator, acting as an expert and not as an arbitrator, shall determine only those Disputed Items remaining in dispute, consistent with this Section 3.9.3, and shall request a statement from Parent and LMC regarding such Disputed Items. In resolving each Disputed Item, the Neutral Arbitrator (i) may not assign a value to any Disputed Item greater than the greatest value for such Disputed Item claimed by any party or less than the lowest value for such Disputed Item claimed by any party and (ii) shall make its determination in accordance with the methods, principles and classifications used in preparing the Interim Balance Sheet included in the Financial Statements and in accordance with GAAP (excluding footnotes and normal year-end adjustments). All fees and expenses relating to the work, if any, to be performed by the Neutral Arbitrator will be allocated between Parent and LMC based upon the percentage which the portion of the contested amount not awarded to each party hereto bears to the amount actually contested by such party hereto. In addition, Parent and LMC shall give the Neutral Arbitrator access to all documents, records, work papers, facilities and personnel of such party and its Subsidiaries as reasonably necessary to perform its function as arbitrator. The Neutral Arbitrator will deliver to Parent and LMC a written determination (such determination to include a work sheet setting forth all material calculations used in arriving at such determination and to be based solely on information provided to the Neutral Arbitrator by Parent and LMC) of the Disputed Items submitted to the Neutral Arbitrator within thirty (30) days of receipt of such Disputed Items, which determination will be final, binding and conclusive. The final, binding and conclusive Net Working Capital Statement based either upon agreement or deemed agreement by Parent and LMC or the written determination delivered by the Neutral Arbitrator in accordance with this Section 3.9.3, will be the Conclusive Net Working Capital Statement. If any party fails to submit a statement regarding any Disputed Item submitted to the Neutral Arbitrator within the time determined by the Neutral Arbitrator or otherwise fails to give the Neutral Arbitrator access as reasonably requested, then the Neutral Arbitrator shall render a decision based solely on the evidence timely submitted and the access afforded to the Neutral Arbitrator by Parent and LMC.
- 3.9.4 If the amount of Net Working Capital on the Conclusive Net Working Capital Statement is less than the Estimated Net Working Capital (the Final Net Working Capital Deficiency Amount), Parent shall pay to Splitco an amount in cash equal to the Final Net Working Capital Deficiency Amount. If the amount of Net Working Capital on the Conclusive Net Working Capital Statement is greater than the Estimated Net Working Capital (the Final Net Working Capital Excess Amount), Splitco shall pay to Parent an amount in cash equal to the Final Net Working Capital Excess Amount. If the amount of Net Working Capital on the Conclusive Net Working Capital Statement is equal to the Estimated Net Working Capital, no payment shall be required.
- 3.9.5 All payments to be made pursuant to this Section 3.9 will (i) be made by wire transfer of immediately available funds on the second (2nd) Business Day following the date on which Parent and LMC agree or are deemed to have agreed to, or the Neutral Arbitrator delivers, the Conclusive Net Working Capital Statement, and (ii) will bear interest from the Closing Date through the date of payment at the prime rate of Citibank, N.A. in effect on the date such payment was required to be made.

When signed, each of the Ancillary Agreements (other than the Tax Matters Agreement which is the subject of the preceding sentence) and the other agreements, documents, certificates (including the Parent Tax Opinion Representations) and instruments to be executed and delivered by Parent, Splitco and each Subsidiary of Parent in connection with this Agreement and the Transactions shall have been duly executed and delivered by Parent, Splitco and the other Subsidiaries of Parent party thereto and shall constitute the legal, valid and binding obligations of Parent, Splitco and such other Subsidiaries of Parent, enforceable against each such Person in accordance with their respective terms, except as may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws now or hereafter in effect relating to or affecting creditors' rights generally, including the effect of statutory and other Laws regarding fraudulent conveyances and preferential transfers and subject to the limitations imposed by general equitable principles (regardless of whether such enforceability is considered in a proceeding at Law or in equity).

Section 4.4. *Shareholder Votes Required.* At the Parent Stockholders' Meeting (as defined in Section 6.5), the affirmative vote of a majority of the votes cast in person or by proxy by holders of Parent Class B Shares other than LMC, the Stockholders and any of their respective Associates (the *Parent Stockholder Approval*), in accordance with Chapter 10.1 of the ASX Listing Rules is the only vote of the holders of any class or series of capital stock of Parent or any of its Subsidiaries required by any applicable Law to approve the Exchange. Other than the Parent Stockholder Approval, no vote or other action of the stockholders of Parent is required by Law, the organizational documents of Parent, the ASX Listing Rules, the rules and regulations of the New York Stock Exchange or otherwise in order for Parent to consummate the Transactions. Section 5.1. *Organization and Standing.* LMC and each Stockholder is (a) a corporation, limited liability company or other legal entity duly organized, validly existing and duly qualified or licensed and in good standing under the Laws of the state or jurisdiction of its organization with full corporate or other power and authority to own, lease, use and operate its properties and to conduct its business, and (b) duly qualified or licensed to do business and in good standing in any other jurisdiction in which the nature of the business conducted by it or the property it owns, leases or operates requires it to so qualify, be licensed or be in good standing, except where the failures to be so qualified, licensed or in good standing have not had a Material Adverse Effect on LMC or any of the Stockholders, as the case may be.

Section 5.2. *Corporate Power and Authority.* LMC and each Stockholder has all requisite corporate or other power and authority to execute and deliver this Agreement and to consummate the Transactions. LMC and each Stockholder has all requisite corporate or other power and authority to execute and deliver the Ancillary Agreements and the other agreements, documents and instruments to be executed and delivered by it in connection with this Agreement, including the LMC Tax Opinion Representations, the Closing Certificates required by Sections 7.3.1 and 7.3.2, or the Ancillary Agreements and to consummate the Transactions. The execution, delivery and performance of this Agreement by LMC and each Stockholder and the consummation by LMC and each Stockholder of the Transactions, including the exchange and delivery by the Stockholders to Parent of the LMC Parent Shares, and the execution, delivery and performance of the Ancillary Agreements and the other agreements, documents, certificates and instruments to be executed and delivered in connection with this Agreement or the Ancillary Agreements by LMC and each Stockholder and the consummation of the Transactions, have been duly authorized by all necessary action on the part of LMC and each Stockholder. Each

of this Agreement and the Tax Matters Agreement has been duly executed and delivered by LMC and constitutes the legal, valid and binding obligation of LMC, enforceable against LMC in accordance with its terms, except as may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws now or hereafter in effect relating to or affecting creditors' rights generally, including the effect of statutory and other Laws regarding fraudulent conveyances and preferential transfers and subject to the limitations imposed by general equitable principles (regardless of whether such enforceability is considered in a proceeding at Law or in equity). When signed, the Ancillary Agreements (other than the Tax Matters Agreement which is the subject of the preceding sentence) and the other agreements, documents, certificates (including the LMC Tax Opinion Representations) and instruments to be executed and delivered by LMC and each Stockholder in connection with this Agreement or the Transactions shall have been duly executed and delivered by LMC and each Stockholder and shall constitute the legal, valid and binding obligations of LMC and each Stockholder, enforceable against LMC and each Stockholder in accordance with their respective terms, except as may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or other similar Laws now or hereafter in effect relating to or affecting creditors' rights generally, including the effect of statutory and other Laws regarding fraudulent conveyances and preferential transfers and subject to the limitations imposed by general equitable principles (regardless of whether such enforceability is considered in a proceeding at Law or in equity).

Section 5.3. *No Vote Required.* No vote or other action of the shareholders of LMC or any Stockholder is required by Law, the organizational documents of LMC or any Stockholder otherwise in order for LMC and/or the Stockholders to consummate the Exchange and the transactions contemplated hereby. The Board of Directors of LMC, by vote at a meeting duly called and held, has approved the Exchange.

Section 5.4. *Conflicts; Consents and Approvals.* Except as set forth in Section 5.4 of the LMC Disclosure Letter, neither the execution and delivery by LMC and each Stockholder of this Agreement, the Ancillary Agreements and the other agreements, documents and instruments to be executed and delivered by LMC and each Stockholder in connection with this Agreement and the Ancillary Agreements, nor the consummation of the Transactions, will:

- 5.4.1 conflict with, or result in a breach of any provision of, the organizational documents of LMC or any Stockholder;
- 5.4.2 violate, or conflict with, or result in a breach of any provision of, or constitute a default (or an event that, with the giving of notice, the passage of time or otherwise, would constitute a default) under, or entitle any Person (with the giving of notice, the passage of time or otherwise) to terminate, accelerate, modify or call a default under, or give rise to any obligation to make a payment under, or to any increased, additional or guaranteed rights of any Person under, or result in the creation of any Encumbrance upon any of the LMC Parent Shares or any of the other properties or assets of LMC or any Stockholder under any of the terms, conditions or provisions of any Contract to which LMC or any Stockholder is a party or pursuant to which any of its properties or assets are bound, except for any such conflicts, violations, breaches, defaults or occurrences which would not prevent or materially delay the performance of this Agreement by LMC or a Stockholder;
- 5.4.3 assuming the approvals required under Section 5.4.4 are obtained, violate any order, writ, or injunction, or any material decree, or material Law applicable to LMC or any Stockholder or any of their properties or assets except as would not have a Material Adverse Effect on LMC's or the Stockholders' ability to consummate the Exchange and the transactions contemplated hereby; or
- 5.4.4 require any consent, approval, authorization or permit of, or filing with or notification to, any Governmental Authority, except for (i) (A) applicable requirements of the Exchange Act, the Securities Act, and state securities or "blue sky" Laws, (B) the pre-merger notification requirements of the HSR Act, and (C) approval of the transactions contemplated by this Agreement under the Communications Act or (ii) where the failure to obtain such consents,

approvals, authorizations or permits, or to make such filings or notifications would not prevent or materially delay the performance of this Agreement by LMC.

Section 5.5. *LMC Parent Shares.* The LMC Parent Shares constitute all shares of Parent Class A Common Stock and all shares of Parent Class B Common Stock beneficially owned by the Stockholders and/or LMC. Except as set forth on Section 5.5 of the LMC Disclosure Letter, each Stockholder has good and valid title to the LMC Parent Shares owned by it, free and clear of any and all Securities Encumbrances. Upon delivery to Parent of the certificates representing the LMC Parent Shares at the Closing, or evidence of a book-entry transfer of the LMC Parent Shares to an account of Parent, Parent will acquire good and valid title to such shares, free and clear of any and all Securities Encumbrances.

Section 5.6. *Litigation.* As of the execution of this Agreement, there is no Action pending or, to LMC's Knowledge, threatened against LMC that seeks, or would reasonably be expected, to prohibit or restrain the ability of LMC to enter into this Agreement or any Ancillary Agreement to which it is a party or to timely consummate any of the Transactions.

Section 5.7. *Governmental Actions.* As of the execution of this Agreement, there are no material judgments, decrees, written agreements, memoranda of understanding or orders of any Governmental Authority outstanding against LMC which would reasonably be expected to prevent, prohibit, materially delay or enjoin the consummation of the Transactions.

Section 5.8. *FCC Matters.* LMC is legally and financially qualified under the Communications Act to hold the Business FCC Licenses and the DTV Shares. To LMC's Knowledge, there are no facts or circumstances pertaining to LMC or any of its Subsidiaries which, under the Communications Act, would reasonably be expected to result in the FCC's refusal to grant the FCC Consent or which would require waiver of, or exemption from, any provision of the Communications Act necessary to obtain the FCC Consent.

Section 5.9. *Investment Purpose and Experience.* The Stockholders are receiving the Splitco Shares, and indirectly the DTV Shares, for their own account and not with a view towards, or for resale in connection with, the public sale or distribution thereof, except pursuant to sales registered or exempted under the Securities Act. Each Stockholder is an accredited investor, as that term is defined in Regulation D promulgated under the Securities Act. LMC acknowledges that each Stockholder can bear the economic risk and complete loss of its investment in the Splitco Shares, and has such knowledge and experience in financial or business matters that it is capable of evaluating the merits and risks of the investment contemplated hereby.

Section 5.10. *Investigation; Reliance.*

- 5.10.1 Notwithstanding anything to the contrary set forth herein, the express representations and warranties set forth in this Agreement, the LMC Tax Opinion Representations and the Tax Matters Agreement are the only representations and warranties concerning LMC and the LMC Parent Shares made to Parent by LMC. Such representations and warranties are made expressly in lieu of all other warranties and representations, express or implied.
- 5.10.2 LMC hereby acknowledges and agrees that Parent makes no representations or warranties to LMC, express or implied, other than those representations and warranties set forth in this Agreement, the Parent Tax Opinion Representations, the Tax Matters Agreement and the Ancillary Agreements. LMC hereby expressly acknowledges and agrees that it is not relying on, is not entitled to rely on and, except in the case of fraud or willful breach, neither Parent nor any Person will have or be subject to any liability to LMC or any other Person resulting from, any statements or communications by Parent, any Transferred Subsidiary, DTV or any of their respective Affiliates or Representatives with respect to any matter in connection with its investigation or evaluation of the Transferred Business, the Transferred Subsidiaries, Splitco or DTV (including any of the assets or liabilities of the Transferred Business, the Transferred

Subsidiaries, Splitco or DTV), including any information, document or material made available in any offering memorandum, in any data room, in any management presentations or in any other form, except for the representations and warranties expressly set forth in this Agreement, the Parent Tax Opinion Representations, the Tax Matters Agreement and the Ancillary Agreements

Section 5.11. *Brokers and Finders*. Except as set forth in Section 5.11 of the LMC Disclosure Letter, no Broker is or will be entitled to any Broker Fees based upon arrangements made by or on behalf of LMC or any of its Affiliates.

ARTICLE VI.

COVENANTS AND AGREEMENTS

Section 6.1. *Access and Information*. During the period from the date of this Agreement to the Closing, except to the extent prohibited by applicable Law or the terms of any Contract entered into prior to the date hereof for which Parent has been unable, despite use of its reasonable best efforts, to obtain a consent or waiver from the other parties thereto (other than any Affiliate of Parent) to enable disclosure to LMC, or as would reasonably be expected to violate or result in a loss or impairment of any attorney-client or work product privilege (it being understood that the parties shall use reasonable best efforts to cause such information to be provided in a manner that does not result in such violation, loss or impairment), and subject to the obligations of LMC under the Confidentiality Agreement with respect thereto, Parent will permit (and will cause the Transferred Subsidiaries to permit) Representatives of LMC to have reasonable access during normal business hours and upon reasonable notice to all premises, properties, personnel, books, records, Contracts, commitments, reports of examination, and documents of or pertaining to the Transferred Business, and reasonable opportunity upon prior notice and consultation with Parent to communicate with employees of the Transferred Business (*provided* that Parent and the Transferred Subsidiaries shall have the right to be present by representative for all such contacts between LMC and any employee of the Transferred Business, whether in person, telephonic or otherwise), except with respect to DTV, as may be necessary to permit LMC to, at its sole expense, make, or cause to be made, such investigations thereof as are reasonably necessary in connection with the consummation of the Transactions, and Parent shall (and shall cause the Transferred Subsidiaries to) reasonably cooperate with any such investigations; *provided* that Parent's designees on the Board of Directors of DTV, subject to their fiduciary duties to DTV and its stockholders, shall take no action to interfere with the investigation of DTV by LMC. No information or knowledge obtained in any investigation pursuant to this Section 6.1 or otherwise shall affect or be deemed to modify any representation or warranty contained herein or delivered pursuant hereto or to modify the conditions to the obligations of the parties hereto to consummate the Transactions.

Section 6.2. *Conduct of Business by Parent*. Except (i) as contemplated or permitted by this Agreement and the Ancillary Agreements, (ii) as required by applicable Law, (iii) as described in Section 6.2 of the Parent Disclosure Letter or (iv) with the prior written consent of LMC (not to be unreasonably withheld or delayed), during the period from the date hereof to the Closing Date, Parent shall, and shall cause each of the Transferred Subsidiaries to, conduct the Transferred Business only in the ordinary course of business consistent with past practice and use reasonable best efforts to preserve intact current business organizations of the Transferred Business and relationships with third parties and keep available the service of the current officers and employees of the Transferred Business. From the date hereof until the earlier of the Closing or the termination of this Agreement, Parent will vote or cause its Affiliates to vote all shares of DTV over which it has the power to vote or cause to be voted against any action by DTV or any of its Subsidiaries, which is outside its ordinary course of business (including amendments to DTV's Charter) that is presented or proposed for consideration by DTV stockholders at any time after the date of this Agreement and prior to the Closing or termination of this Agreement, subject to Parent's obligations under Section 6.13.3 of this Agreement. Without limiting the generality of the foregoing, except (i) as contemplated or permitted by this Agreement and the Ancillary Agreements, (ii) as required by applicable Law, (iii) as described in Section 6.2 of the Parent Disclosure Letter or

(iv) with the prior written consent of LMC, prior to the Closing Date, Parent shall not take any action that would violate the terms of the RSN Non-Competition Agreement (assuming that the period referred to therein is effective beginning as of the date hereof) and Parent shall cause each of the Transferred Subsidiaries not to:

- 6.2.1 make any change in or amendments to the charter, bylaws, partnership agreement, membership agreement or other organizational documents applicable to any Transferred Subsidiary;
- 6.2.2 issue, grant, sell or deliver any shares of capital stock or other equity interests or securities of any Transferred Subsidiary, or any securities convertible into, or options, warrants or rights of any kind to subscribe for or acquire, any shares of capital stock or other equity interests or securities of any Transferred Subsidiary, or any phantom shares, phantom equity interests or stock or equity appreciation rights of any Transferred Subsidiary, or enter into any Contract, commitment or arrangement with respect to any of the foregoing;
- 6.2.3 split, combine or reclassify the outstanding shares of capital stock or other equity interests or securities of any Transferred Subsidiary or issue any capital stock or other equity interests or securities of any Transferred Subsidiary in exchange for any such shares or interests;

- 6.2.7 make any change in any method of financial accounting or financial accounting principles, practice or policy employed by or applicable to a Transferred Subsidiary, except for any such change required by reason of a concurrent change in GAAP;
- 6.2.8 except to the extent sold or otherwise disposed of in the ordinary course of business consistent with past practices, sell, lease (as lessor), mortgage, pledge or otherwise dispose of any material asset of a Transferred Subsidiary to any Person;
- 6.2.9 except (A) in accordance with Parent's cash management system or (B) for dividends and distributions permitted under clause (6.2.10) below, make any loans or advances to, investments in, or guarantees for the benefit of, any Person, except for travel and similar advances made to employees, officers or directors, in the ordinary course of business, or engage in or amend, or modify, or extend any Contract, arrangement, commitment or transaction with any Affiliate of Parent which will continue in full force and effect following the Closing;
- 6.2.10 declare or pay any dividend or make any other distribution to its stockholders whether or not upon or in respect of any shares of its capital stock or equity interest; *provided, however*, that LMC acknowledges and agrees that (A) the Transferred Subsidiaries do not maintain cash balances and, at the time of the Closing, Parent will withdraw any cash balances of the Transferred Subsidiaries (other than the material proceeds from an insurance claim) and (B) from the date hereof until the Closing, dividends and distributions of cash may continue to be made by the Transferred Subsidiaries to

- 6.2.12 pay, discharge or satisfy Liabilities, other than (i) the payment, discharge or satisfaction of Liabilities reflected or reserved against in the Interim Balance Sheet or incurred since the Interim Balance Sheet Date in the ordinary course of business consistent with past practices and (ii) scheduled repayments of indebtedness reflected on any Interim Balance Sheet;
- 6.2.13 cancel any Indebtedness or waive or assign any claims or rights (tangible and intangible), except in the ordinary course of business and consistent with past practices;
- 6.2.14 (i) incur or assume or become obligated with respect to any Indebtedness or guarantee any such Indebtedness of another Person, issue or sell any debt securities or warrants or other rights to acquire any debt securities, or guarantee any debt securities of another Person, except, in each case, in the ordinary course of business consistent with past practices, (ii) secure any of its outstanding unsecured Indebtedness or provide additional security for any of its outstanding secured Indebtedness or (iii) except in the ordinary course of business consistent with past practices, incur, impose or permit to exist any Encumbrance on any asset;
- 6.2.15 (i) other than in the ordinary course of business, enter into any Contract of a character required to be disclosed in Section 4.13 of the Parent Disclosure Letter or terminate, renew, modify or amend any of the Material Contracts; *provided* that, for the avoidance of doubt, the expiration in accordance with its terms of any Material Contract shall not constitute termination, renewal or amendment of such Material Contracts; or (ii) cancel or terminate, or permit to be cancelled or terminated, any material insurance relating to the Transferred Business or any related assets;
- 6.2.16 (i) acquire any business or significant assets and properties of any Person (whether by merger, consolidation or otherwise); (ii) make any capital contribution or investment (or agree to make any capital contribution or investment) in or acquire any securities or debt or equity interests in any other Person; or (iii) except as necessary in the ordinary course of business consistent with past practices, dispose of, grant, or obtain, or permit to lapse any rights to, any material Owned or Licensed Intellectual Property;
- 6.2.17 settle any Actions in a manner in which the settlement of such Action would materially adversely affect the conduct of the Transferred Business following the Closing Date, except where any such material adverse effect on the conduct of the Transferred Business resulting from the settlement of any such Action is not disproportionate to the adverse effect of such settlement on the conduct of the business of the regional sports programming cable networks operated by Parent and its Subsidiaries (other than the RSN Subsidiaries); or
- 6.2.18 enter into an agreement to do any of the foregoing.

Section 6.3. *Conduct of Business by LMC.* Except as described in Schedule 6.3, during the period from the date hereof to the Closing Date, or the date, if any, on which this Agreement is earlier terminated in accordance with Article IX, neither LMC nor any of its Subsidiaries shall acquire or make any investment in any corporation, partnership, limited liability company, other business organization or any division thereof that holds, or has an

attributable interest in, any license, authorization, permit or approval issued by the FCC if such acquisition or investment would reasonably be expected to prevent or materially delay or impede receipt of the FCC Consent.

Section 6.4. *Proxy Statement.*

- 6.4.1 Within forty-five (45) days of the signing of this Agreement, Parent shall prepare and shall cause to be filed with each of the SEC and the ASX a proxy statement in preliminary form (together with any amendments thereof or supplements thereto, the Proxy Statement) relating to the Parent Stockholders Meeting. Parent shall include in the Proxy Statement the recommendation of the Board of Directors of Parent that the Parent stockholders approve the Exchange (the Parent Recommendation); *provided* that prior to the approval of the Exchange by Parent s stockholders in accordance with this Agreement the Board of Directors of Parent may fail to make or withdraw, modify or change in a manner adverse to LMC its recommendation that the stockholders vote in favor of this Agreement (a Parent Change in Recommendation), if, and only if, the Board of Directors of Parent has determined, in its good faith judgment and after consultation with outside legal counsel, that the failure to effect such action could reasonably be expected to be inconsistent with the fulfillment of its fiduciary duties to Parent s stockholders under applicable Law; *provided* that a Parent Change in Recommendation shall not relieve Parent of its obligations pursuant to Section 6.5 hereof. Parent shall use its reasonable best efforts to respond as promptly as practicable to any comments of the SEC and the ASX with respect to the Proxy Statement. Parent shall promptly notify LMC upon the receipt of any comments (written or oral) from the SEC or the ASX or their respective staff or any request from the SEC or the ASX or their respective staff for amendments or supplements to the Proxy Statement, shall consult with LMC prior to responding to any such comments or request or filing any amendment or supplement to the Proxy Statement, and shall provide LMC with copies of all correspondence between Parent and its Representatives, on the one hand, and the SEC and the ASX and their respective staff, on the other hand. In addition to the Parent Stockholder Approval required by Law, the parties have agreed as a matter of contract that the affirmative vote of a majority of the votes cast in person or by proxy by holders of Parent Class B Shares other than LMC, the Stockholders and any of their respective Associates, and the Murdoch Interests (the Disinterested Stockholder Approval and, together with the Parent Stockholder Approval, the Requisite Parent Stockholder Approval) is required to approve the Exchange. Parent represents and warrants that (i) none of the information with respect to Parent or its Subsidiaries to be included in the Proxy Statement or incorporated by reference therein will, at the time of the mailing of the Proxy Statement or any amendments or supplements thereto, and at the time of the Parent Stockholders Meeting, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading; and (ii) the Proxy Statement will comply as to form in all material respects with the provisions of the Exchange Act and the rules and regulations promulgated thereunder and any applicable rules and regulations promulgated by the ASX, except for any such failures to comply as to form which result from any actions or omissions of LMC or any person authorized to act on its behalf, and will include, or be accompanied by, a report from Grant Samuel & Associates as to the fairness and reasonableness of the Exchange, which is qualified as an independent expert for these purposes under the ASX Listing Rules and applicable Law (the Independent Expert Report). Parent will provide LMC with drafts of the Independent Expert Report received by Parent to the extent permitted by applicable Law and to the extent that Australian counsel to Parent has advised Parent that such action will not compromise the independence of such expert. LMC represents and warrants that none of the information with respect to LMC or its Subsidiaries supplied by LMC or any person authorized to act on its behalf for inclusion in the Proxy Statement or incorporated by reference therein will, at the time of the mailing of the Proxy

Statement or any amendments or supplements thereto, and at the time of the Parent Stockholders Meeting, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

6.4.2 Parent and LMC shall cooperate and consult with each other in preparation of the Proxy Statement and any other documents or reports to be disseminated to holders of Parent Class B Common Stock primarily in connection with such holders consideration of the Exchange (other than, except, to the extent permitted by applicable Law, any factual matters contained in such report, the Independent Expert Report). Without limiting the generality of the foregoing, LMC will use reasonable best efforts to furnish to Parent the information relating to it required by the Exchange Act and the rules and regulations promulgated thereunder or any applicable rules and regulations promulgated by the ASX to be set forth or incorporated by reference in the Proxy Statement. Notwithstanding anything to the contrary stated above, prior to filing and mailing the Proxy Statement (or any amendment or supplement thereto) or responding to any comments of the SEC or the ASX with respect thereto, Parent shall provide LMC an opportunity to review and comment on such document or response.

6.4.3 As promptly as reasonably practicable after the Proxy Statement has been cleared by the SEC and the ASX, Parent shall mail the Proxy Statement to the holders of Parent Class B Common Stock as of the record date established for the Parent Stockholders Meeting. If at any time prior to the Parent Stockholders Meeting any event, occurrence or circumstance relating to the Parent, LMC or any of their respective Subsidiaries, or their respective officers or directors, should be discovered by Parent or LMC, respectively, which, pursuant to the Securities Act or Exchange Act or any applicable rule or regulation promulgated by the ASX, should be set forth in an amendment or a supplement to the Proxy Statement, such party shall promptly inform the other parties hereto. Each of LMC and Parent agrees to correct any information provided by it for use or incorporated by reference in the Proxy Statement which shall have become false or misleading. Parent will be solely responsible for all filing fees, costs and expenses relating to the preparation of the Proxy Statement and matters related to the Parent Stockholder Meeting.

Section 6.5. *Parent Stockholders Meeting.* Unless this Agreement has been earlier terminated in accordance with Article VIII, Parent shall, acting through its Board of Directors, as promptly as reasonably practicable following the date of this Agreement, establish a record date for, duly call, give notice of, convene and hold a meeting of the holders of Parent Class B Common Stock in accordance with the Listing Rules of the ASX and any other applicable Laws, for the purpose of voting upon the approval of the Exchange (the Parent Stockholders Meeting). Except as required by any Governmental Authority, and for matters to which LMC shall have provided its prior written consent (which consent shall not be unreasonably withheld or delayed), the only matters Parent shall propose to be acted on by the holders of Parent Class B Common Stock at the Parent Stockholders Meeting shall be the approval of the Exchange. In connection with the Parent Stockholders Meeting, Parent will use reasonable best efforts to obtain the requisite quorum at the Parent Stockholders Meeting and to obtain the Requisite Parent Stockholder Approval, including by soliciting from its stockholders proxies in favor of the approval of the Exchange, *provided* that Parent shall have no obligation to solicit from its stockholders proxies in favor of the approval of the Exchange from and after the date upon which there shall have been a Parent Change in Recommendation in accordance with Section 6.4.1; provided, however, Parent shall continue to be obligated to convene and hold the Parent Stockholders Meeting in accordance with the terms of this Agreement.

Section 6.6. *Appropriate Action; Consents; Filings.*

6.6.1 The parties hereto will use their respective reasonable best efforts to consummate and make effective the Transactions and to cause the conditions to the Closing set forth in Article VII to be satisfied, including (i) the obtaining of all necessary actions or nonactions, consents and approvals from Governmental Authorities or other Persons necessary in connection with the

consummation of the Transactions, and the making of all necessary registrations and filings (including filings with Governmental Authorities if any) and the taking of all reasonable steps as may be necessary to obtain an approval from, or to avoid an Action by, any Governmental Authority or other Persons necessary in connection with the consummation of the Transactions; and (ii) the defending of any lawsuits or other Actions, whether judicial or administrative, challenging this Agreement or the consummation of the transactions performed or consummated by such party in accordance with the terms of this Agreement, including the Exchange, including seeking to have any stay or temporary restraining order entered by any court or other Governmental Authority vacated or reversed.

- 6.6.2 Each of the parties hereto shall promptly (in no event later than twenty (20) Business Days following the date that this Agreement is executed) make its respective filings, and thereafter make any other required submissions under the HSR Act with respect to the Transactions.
- 6.6.3 LMC and Parent shall cooperate to prepare such applications as may be necessary for submission to the FCC in order to obtain the FCC Consent (the FCC Applications). LMC and Parent shall promptly (in no event later than twenty (20) Business Days following the date that this Agreement is executed) file the FCC Applications with the FCC, and the parties shall diligently take, or cooperate in the taking of, all necessary, desirable and proper actions, and provide any additional information, reasonably required or requested by the FCC. Each of LMC and Parent agrees not to, and shall not permit any of its respective Subsidiaries to, take any action that would reasonably be expected to prevent or materially delay or impede receipt of the FCC Consent.
- 6.6.4 Each of LMC and Parent shall give (or shall cause its respective Subsidiaries to give) any notices to third parties, and each of LMC and Parent shall use, and cause each of its Subsidiaries to use, its reasonable best efforts to obtain any third party consents not covered by Sections 6.6.1, 6.6.2 and 6.6.3 above, necessary, proper or advisable to consummate Transactions. Each of the parties hereto will furnish to the other such necessary information and reasonable assistance as the other may request in connection with the preparation of any required governmental filings or submissions and will cooperate in responding to any inquiry from a Governmental Authority, including promptly informing the other party of such inquiry, consulting in advance before making any presentations or submissions to a Governmental Authority, and supplying each other with copies of all correspondence, filings or communications between either party and any Governmental Authority with respect to this Agreement. No party hereto shall independently participate in any formal meeting with any Governmental Authority in respect of any such filings, submissions, investigation, or other inquiry without giving the other parties hereto prior notice of the meeting and, to the extent permitted by such Governmental Authority, the opportunity to attend and/or participate.
- 6.6.5 If any objections are asserted with respect to the Transactions under any Antitrust Law or any Communications Regulation or if any suit is instituted by any Governmental Authority or any private party challenging any of the Transactions as violative of any Antitrust Law or Communications Regulation, the parties shall use their reasonable best efforts to resolve any such objections or challenge as such Governmental Authority or private party may have to such transactions under such law so as to permit consummation of the Transactions. In furtherance of the parties' obligations under this Section 6.6, LMC and Parent shall be required to (and, to the extent required by any Governmental Authority, shall cause their respective current and future Subsidiaries to), propose, negotiate, commit to and enter into one or more settlements, undertakings, conditions, consent decrees, stipulations and other agreements with or to one or more Governmental Authorities (each, a Settlement) in connection with the Transactions (including obtaining the requisite consent of such Governmental Authorities), including one or more Settlements that require LMC or Parent to restructure the operations of, or sell or otherwise divest or dispose of, its assets and/or the assets of its current and future Subsidiaries;

provided, however, that (i) neither LMC nor any of its Subsidiaries shall be required to take (or commit to take) any of the foregoing actions, or any other action contemplated by this Section 6.6, (A) if any such actions would reasonably be expected to have a material adverse effect on the business or operations of LMC and its Subsidiaries or any of their cable, television (including video or electronic home shopping) or satellite businesses, or (B) if the Board of Directors of LMC determines, in good faith, that the taking of such actions would be reasonably likely to have a Material Adverse Effect on Splitco (without giving effect, for purposes of this Section 6.6.5, to the exception contained in clause (i) of the second sentence of the definition of Material Adverse Effect relating to the performance of this Agreement), (ii) neither Parent nor any of its Subsidiaries shall be required to take (or commit to take) any of the foregoing actions or any other action contemplated by this Section 6.6, if the Board of Directors of Parent determines, in good faith, that the taking of such actions would be reasonably expected to have a Material Adverse Effect on Splitco (without giving effect, for purposes of this Section 6.6.5, to the exception contained in clause (i) of the second sentence of the definition of Material Adverse Effect relating to the performance of this Agreement), without the prior written consent of LMC, and (iii) neither Parent nor any of its Subsidiaries shall be required to take (or commit to take) any of the foregoing actions, or any other action contemplated by this Section 6.6, if any such actions would reasonably be expected to have a material adverse effect on the business or operations of Parent and its Subsidiaries or any of their cable programming or television businesses.

Section 6.7. *Further Assurances.*

- 6.7.1 Each of the parties shall use its reasonable best efforts to take, or cause to be taken, all appropriate action, do or cause to be done all things necessary, proper or advisable under applicable Law, and execute and deliver such documents and other papers, as may be reasonably required to consummate the Transactions.

Section 6.8. *Standstill Agreements.*

Except as provided on Section 6.8 of the LMC Disclosure Letter, from the date hereof until the Closing Date or the date upon which this Agreement is earlier terminated in accordance with Article IX, LMC shall not, and shall cause its respective Affiliates not to, without Parent's prior written consent, (i) offer for sale, sell (including short sales), transfer, tender, pledge, encumber, assign or otherwise dispose of (including by gift) (collectively, a "Transfer"), or enter into any contract, option, derivative,

- 6.8.2 Parent agrees that, during the period commencing on the date hereof and ending on the earliest of (w) the valid termination of this Agreement in accordance with Article IX hereof, (x) the 10th anniversary of the date hereof, (y) solely with respect to the securities of LMC or DTV, as applicable, the consummation of the sale of all or substantially all of the assets of LMC and its Subsidiaries or DTV and its Subsidiaries, as applicable, to any Person and (z) solely with respect to the securities of LMC or DTV, as applicable, the effective time of any merger, consolidation or business combination of LMC or DTV, as applicable, with or into any other Person, other than a merger, consolidation or business combination in which the holders of LMC or DTV, as applicable, immediately prior to such consummation hold immediately following the consummation of such merger, consolidation or other business combination shares of the surviving entity constituting at least a majority of the outstanding voting power of such surviving entity, it shall not, and shall not authorize or permit any of its Affiliates or their respective Representatives to do or agree to do any of the following, without the prior written consent of LMC: (a) effect or seek, offer or propose (whether publicly or otherwise) to effect, or announce any intention to effect or cause or participate in or in any way assist, facilitate or encourage any other Person to effect or seek, offer or propose (whether publicly or otherwise) to effect or participate in, (i) any acquisition of any equity securities (or beneficial ownership thereof), or rights or options to acquire any equity securities (or beneficial ownership thereof), Convertible Securities or any assets, indebtedness or businesses of LMC, DTV or any of their respective Affiliates, (ii) any tender or exchange offer, consolidation, business combination, acquisition, merger, joint venture or other business combination involving LMC, DTV or any of their respective Affiliates or any of the assets of LMC, DTV or their respective Affiliates, (iii) any recapitalization, restructuring, liquidation, dissolution or other extraordinary transaction with respect to LMC, DTV or any of their respective Affiliates, or (iv) any solicitation of proxies (as such terms are used in the proxy rules of the SEC) to vote any voting securities of LMC, DTV or any of their respective Affiliates or consents to any action from any holder of any voting securities of LMC or DTV or seek to advise or influence any Person with respect to the voting of or the granting of any consent with respect to any voting securities of LMC or DTV; (b) form, join or in any way participate in a group (as defined under the Exchange Act) in connection with the voting securities of LMC or DTV or otherwise act in concert with any Person in respect of any such securities; (c) otherwise act, alone or in concert with others, to seek representation on or to control or influence the management, Board of Directors or policies of LMC or DTV or to obtain representation on the Board of Directors of LMC or DTV; (d) enter into any discussions or arrangements with any third party with respect to any of the foregoing; (e) request that LMC or any of its Representatives amend or waive any provision of this paragraph, or make any public announcement with respect to the restrictions of this paragraph, or take any action which would reasonably be expected to require LMC make a public announcement regarding the possibility of a business combination or merger; or (f) advise, assist or encourage, or direct any Person to advise, assist or encourage any other Persons, in connection with any of the foregoing; *provided, however*, that, notwithstanding anything contained herein, (1) any acquisition (or proposed acquisition) of an indirect interest in equity securities of LMC, DTV or any of their respective Affiliates arising out of an acquisition by Parent or any of its Affiliates of an interest in another Person (which Person, immediately following such acquisition, would be an Affiliate of Parent) that beneficially owns equity

securities or Convertible Securities of LMC, DTV or any of their respective Affiliates will not constitute a breach or violation of Parent's obligations under this Section 6.8.2 and, for all purposes of this Section 6.8.2, Parent will not be deemed to have acquired beneficial ownership of, and following such acquisition will not be deemed to have beneficial ownership of, any such equity securities or Convertible Securities of LMC, DTV or any of their respective Affiliates, so long as such equity securities or Convertible Securities beneficially owned by such Person do not constitute, in the aggregate on an as-converted basis, more than two percent (2%) of any class of LMC's or DTV's or any of their respective Affiliates' equity securities, as applicable, immediately prior to the execution in full of a binding purchase or similar agreement relating to such acquisition (but after giving effect to any sale or other disposition of equity securities or Convertible Securities of LMC, DTV or any of their respective Affiliates by such Person to occur on a reasonably prompt basis after the closing of such acquisition pursuant to a binding agreement entered into by such acquired Person prior to or in connection with the closing of such acquisition to sell or dispose of such Person's shares of equity securities or Convertible Securities of LMC, DTV or any of their respective Affiliates, subject to such disposition closing; provided that prior to such disposition, Parent shall vote, and shall cause its Affiliates to vote, any such equity securities or Convertible Securities at any specified or annual meeting of the shareholders of LMC or DTV or any of their Affiliates, as applicable, in proportion to the votes cast by shareholders of LMC, DTV or their Affiliates, as applicable, other than Parent and its Affiliates, at such meeting), and (2) for all purposes of this Section 6.8.2, Parent will not be deemed to have acquired beneficial ownership of, and following such acquisition will not be deemed to have beneficial ownership of, any equity securities or Convertible Securities of LMC, DTV or any of their respective Affiliates to the extent that such equity securities or Convertible Securities are received by Parent or its Affiliates as a result of any dividend or other distribution made, or similar action taken (including the receipt by Parent or any of its Affiliates of any rights, warrants or other securities granting to the holder the right to acquire equity securities or Convertible Securities of LMC, DTV or their respective Affiliates, and any acquisition of equity securities or Convertible Securities of LMC, DTV or their respective Affiliates upon the exercise thereof), by LMC, DTV, any of their respective Affiliates or any other Person which is not Parent or an Affiliate of Parent. Notwithstanding anything to the contrary in this Section 6.8.2, neither Parent nor any Affiliate of Parent nor any of their respective Representatives shall be bound by any of the restrictions set forth in this Section 6.8.2 with respect to DTV or the equity securities or Convertible Securities of DTV from and after the date upon which LMC and its Affiliates (including any LMC Related Party) shall have disposed of, in the aggregate, in any transaction or series of transactions, 50% or more (by number, with appropriate adjustment for any subdivision, share split, consolidation, share dividend, combination, reclassification or similar event occurring following the Closing) of the DTV Shares (or an equivalent amount of securities (based on voting power) of any successor to DTV, whether by consolidation, business combination, acquisition, or merger, or any entity which shall acquire a majority of DTV's voting power, whether by tender or exchange offer or otherwise, or any entity to which DTV shall sell, lease or otherwise transfer all or substantially all of its assets).

Section 6.9. *Confidentiality; Access to Records after Closing.*

- 6.9.1 LMC acknowledges that the information being provided to it in connection with the Exchange and the consummation of the other transactions contemplated hereby, or by any of the Ancillary Agreements, is subject to the terms of the Confidentiality Agreement, the terms of which are incorporated herein by reference. Effective upon, and only upon, the Closing, the Confidentiality Agreement shall terminate with respect to information relating to the Transferred Business; *provided, however*, that LMC acknowledges that any and all other information provided to it by Parent or its Representatives concerning Parent or any of its

Affiliates (other than information relating to the Transferred Business) shall remain subject to the terms and conditions of the Confidentiality Agreement after the Closing. Parent agrees to hold all Proprietary Information (as defined in the Confidentiality Agreement) in its possession as of the Closing Date confidential and to refrain from using such Proprietary Information for a period of two (2) years following the Closing Date; *provided*, that, notwithstanding anything to the contrary herein, Parent may use such Proprietary Information to the extent reasonably necessary for purposes of preparing and filing Tax Returns, corresponding with tax authorities, preparing accounting records, and in connection with any litigation, including, without limitation, litigation arising out of, relating to or resulting from the Transactions or the subject matter of such Proprietary Information.

- 6.9.2 LMC acknowledges and agrees that Parent may from time to time, subsequent to the consummation of the Transactions require access to or copies of the business records of Splitco or Transferred Subsidiaries to the extent relating to the operations of the Transferred Business prior to the Closing and LMC agrees that upon reasonable prior notice from Parent it will, during normal business hours, provide or cause to be provided to Parent, at Parent's option, access to or copies of such records. Parent hereby agrees to hold any Proprietary Information so provided in confidence; *provided*, that, notwithstanding anything to the contrary herein, Parent may use such Proprietary Information to the extent reasonably necessary for purposes of preparing and filing Tax Returns, corresponding with tax authorities, preparing accounting records, and in connection with any litigation, including, without limitation, litigation arising out of, relating to or resulting from the Transactions or the subject matter of such Proprietary Information.
- 6.9.3 Parent recognizes that, after the Closing, it may have documents, books, records, work papers and information, whether in written, magnetic, electronic or optical form (collectively, "Records") which relate to the Transferred Business with respect to the period or matters arising prior to the Closing, including Records pertaining to the assets and Liabilities related to the Transferred Business and Splitco's or the Transferred Subsidiaries' respective employees, assets and liabilities (the "Business Records") or other Records relating to the Transferred Business. Parent recognizes that LMC, the Stockholders or their respective Affiliates may need access to such Business Records and other Records after the Closing. Upon LMC's, a Stockholder's or Splitco's reasonable request Parent shall provide LMC, the Stockholders or Splitco and their respective Representatives access to, and the right to photocopy (at LMC's, the Stockholders' or Splitco's expense), during normal business hours on reasonable advance notice, such reasonably requested Records. For a period of five (5) years following the Closing, Parent shall use reasonable best efforts to maintain all such Records or, at Parent's discretion or at LMC's, the Stockholders' or Splitco's reasonable request (at LMC's, the Stockholders' or Splitco's expense), transfer any such Records to LMC, the Stockholders or Splitco.
- 6.9.4 Notwithstanding any provision herein to the contrary, from and after the Closing, Records pertaining to Taxes shall be governed solely by the Tax Matters Agreement.

Section 6.10. *Employee Matters.*

- 6.10.1 Section 1.1 of the Parent Disclosure Letter sets forth the name of each Transferred Employee, along with such employee's job title and reporting position, current salary and incentive bonus opportunities, and years of service, and designating such employee's status as exempt or non-exempt under the FLSA, whether such employee is full-time or part-time. Prior to the Closing, Parent shall update Section 1.1 of the Parent Disclosure Letter.
- 6.10.2 LMC acknowledges and agrees that, effective as of the Closing Date, each Transferred Employee, including any such employee on approved leave of absence (whether family leave, workers' maternity or parental leave, workers' compensation, short-term and long-term disability, medical leave or otherwise) shall be employed in a substantially comparable position

to the position in which such Transferred Employee was employed immediately prior to Closing Date. As of and for no less than one year following the Closing, LMC shall, and shall cause its Affiliates to, provide the Transferred Employees who remain employed with LMC and its Affiliates with the same rate of base salary and wages and commissions and with employee benefit and compensation plans, programs and arrangements that are substantially equivalent in the aggregate to those provided to similarly situated employees of LMC and its Affiliates. Any Transferred Employee who became entitled to short-term or long-term disability benefits under the applicable Employee Benefit Plans (the Seller Disability Plans) prior to Closing shall be entitled to continue to receive such benefits under the terms of the Seller Disability Plans until his or her return to active employment, so long as such benefits are payable pursuant to third-party insurance coverage. Parent agrees to use commercially reasonable efforts to cause the insurance policies underlying the Seller Disability Plans to provide for such payments. Notwithstanding anything to the contrary contained herein, LMC and its Affiliates shall have no obligation to keep any Transferred Employee employed for any period of time following the Closing, *provided* that if the employment of any Transferred Employee is terminated by LMC or its Affiliates during the 12-month period beginning on the Closing Date, LMC or its Affiliates shall pay to such terminated employee severance payments that are no less favorable than those provided under the Employee Benefit Plans immediately prior to the Closing Date. Parent and its Affiliates shall cause the Employment Agreements and, to the extent necessary, any talent Contract identified on Sections 4.13(c) of the Parent Disclosure Letter, to be assigned to the appropriate Transferred Subsidiary prior to the Closing. Notwithstanding the provisions of the employment agreement between Mark Shuken (Shuken) and Fox Cable Networks Services, LLC, dated as of July 16, 2006 (the Shuken Agreement), during the period between the date of this Agreement and Closing, Parent agrees to allow (and to cause its Affiliates to allow) Shuken to discuss terms of potential employment with LMC and its Affiliates, and to waive (and cause its Affiliates to waive) any restrictions in the Employment Agreement or any other agreement that would prevent Shuken from accepting employment with LMC or its Affiliates as of the Closing. Following the Closing, LMC shall assume and honor and/or shall cause its Affiliates to assume and to honor in accordance with their terms all Employment Agreements, and take all actions necessary to update such Employment Agreements to reflect such assumption, and Parent and Parent Group shall cease to have any further obligations under the Employment Agreements as of the Closing Date. Parent shall take all actions necessary such that following the Closing, the LMC Indemnitees, as applicable, shall have no liabilities with respect to any Employee Benefit Plans or any other employee benefit plans, arrangements or agreements sponsored or contributed to by Parent Group other than the Subsidiary Employee Benefit Plans and the Employment Agreements. For purposes of all plans, programs or arrangements maintained, sponsored or contributed to by LMC or its Affiliates in which the Transferred Employees shall be eligible to participate, LMC shall cause each such plan, program or arrangement to treat the prior service of each Transferred Employee with Parent, the Parent Entities or any of their Subsidiaries as service rendered to LMC for purposes of eligibility and vesting for all purposes and levels of benefits for purposes of severance and vacation, except to the extent such treatment would result in the duplication of benefits with respect to the same period of service. From and after the Closing, LMC and its Affiliates shall (i) cause any pre-existing conditions, limitations and eligibility waiting periods under any group health plans of LMC or its Affiliates to be waived with respect to the Transferred Employees and their eligible dependents to the extent such condition would have been covered, or limitation or waiting period would not have applied, with respect to such Transferred Employee (or dependent) under the terms of the Employee Benefit Plan in which such Transferred Employee was a participant immediately prior to the Closing and (ii) give each Transferred Employee credit for the plan year in which the Closing (or the transition from Parent's plans to LMC's plans) occurs towards applicable deductibles and annual out-of-pocket limits for expenses incurred prior to the Closing (or such later transition date). LMC or its Affiliates shall

not provide financial incentive to any Transferred Employee to elect continued group health plan coverage under Section 601 et seq. of ERISA and Section 4980B of the Code (or any similar state Law) with respect to plans maintained by Parent and its Affiliates, except to the extent LMC or its Affiliates directly or indirectly pay for such continued group health plan coverage for all Transferred Employees, whether pursuant to the Transitional Services Agreement or otherwise.

- 6.10.3 Effective as of the Closing, Parent and its Affiliates shall cause each Transferred Employee to be fully vested in his or her accrued benefit under the savings plan in which such Transferred Employee participates immediately prior to Closing.

- 6.10.4 Notwithstanding the foregoing, nothing contained herein, whether express or implied, shall be treated as an amendment or other modification of any Subsidiary Employee Benefit Plan, or shall limit the right of LMC, Splitco, the Transferred Subsidiaries or any of their Subsidiaries to amend, terminate or otherwise modify any Subsidiary Employee Benefit Plan following the Closing Date. In the event that (i) a party other than Parent makes a claim or takes other action to enforce any provision in this Agreement as an amendment to any Subsidiary Employee Benefit Plan, and (ii) such provision is deemed to be an amendment to such Subsidiary Employee Benefit Plan even though not explicitly designated as such in this Agreement, then such provision shall lapse retroactively and shall have no amendatory effect. Parent acknowledges and agrees that all provisions contained in this Section 6.10 with respect to the Transferred Employees are included for the sole benefit of Parent, and that nothing in this Agreement, whether express or implied, shall create any third party beneficiary or other rights (i) in any other Person, including, without limitation, any employees, former employees, any participant in any Subsidiary Employee Benefit Plan, or any dependent or beneficiary thereof, or (ii) to continued employment with LMC, Splitco, the Transferred Subsidiaries or any of their respective Affiliates.

Section 6.11. *Intercompany Services and Accounts.* Except for the Ancillary Agreements, and except as set forth in Section 6.11 of the Parent Disclosure Letter, all Contracts pursuant to which any goods, services, materials or supplies have at any time been provided (i) by any RSN Subsidiary, on the one hand, to Parent or any of its Affiliates (other than the RSN Subsidiaries), on the other hand, or (ii) by Parent or any of its Affiliates (other than the RSN Subsidiaries), on the one hand, to any RSN Subsidiary, on the other hand, will be terminated as of the Closing. Parent shall use commercially reasonable efforts to obtain at or before the Closing the written release and waiver from all appropriate Persons of any Encumbrances arising therefrom. Without derogating from the Parent's rights to withdraw cash from the RSN Subsidiaries pursuant to Section 6.2.10, prior to the Closing, all intercompany receivables or payables and loans then existing between Parent and its Affiliates (other than the RSN Subsidiaries), on the one hand, and the RSN Subsidiaries, on the other hand, shall be settled by way of capital contribution, dividend or otherwise and all intercompany arrangements shall be terminated, except for those arrangements contemplated by the Ancillary Agreements or as expressly set forth in Section 6.11 of the Parent Disclosure Letter.

Section 6.12. *Cooperation with Respect to Financial Reporting.* Until the third anniversary of the Closing Date, each of Parent, on the one hand, and LMC, on the other hand, shall, and shall cause each of their respective Affiliates to, reasonably cooperate with the other (at the other's expense) in connection with the other's preparation of historical financial statements of, or including, the Transferred Business as required for the other's filings under the Exchange Act following the Closing. Until the third anniversary of the Closing Date, LMC shall, and shall cause Splitco to, (i) reasonably cooperate with Parent (at Parent's expense) in connection with Parent's preparation of pro forma and historical financial statements of the Transferred Business as may be required for Parent's filings under the Exchange Act following the Closing and (ii) use its reasonable best efforts to cause DTV to reasonably cooperate with Parent (at Parent's expense) in connection with Parent's preparation of Parent's financial statements as may be required for Parent's filings under the Exchange Act following the Closing.

Table of ContentsSection 6.13. *No Solicitation.*

- 6.13.1 Parent and its Affiliates have ceased all, and, from the date of this Agreement until the Closing or the earlier termination of this Agreement, Parent shall not, nor shall it authorize or permit any of its Affiliates nor any of its or their respective officers, directors, employees, representatives, consultants, advisors, accountants or agents (*Representatives*) to, (A) directly or indirectly, initiate, solicit or knowingly encourage or facilitate (including, in each case, by way of furnishing information) any inquiries or the making of any proposal or offer with respect to, or any indication of interest in, any acquisition by any third party of all or a substantial portion of the assets of any Transferred Subsidiary, any acquisition by any third party of any securities or other ownership interests of any of the Transferred Subsidiaries or any acquisition of all or a portion of the DTV Shares (any such proposal, offer or indication of interest, a *Parent Acquisition Proposal*), (B) directly or indirectly, engage in any negotiations or discussions concerning a Parent Acquisition Proposal, or provide access to its properties, books and records or any non-public information or data to, any third party that has made, or to Parent's Knowledge, is considering making a Parent Acquisition Proposal or any Representatives thereof, (C) approve or recommend, or propose to approve or recommend, or execute or enter into any letter of intent, agreement in principle, option agreement, acquisition agreement or other agreement relating to a Parent Acquisition Proposal or (D) propose publicly or agree to any of the foregoing relating to a Parent Acquisition Proposal.
- 6.13.2 Parent will, and will take such lawful action solely in its capacity as a stockholder of DTV as may be reasonable to cause DTV and each of its Affiliates to, cease any ongoing, and not initiate any new, activities, directly or indirectly, through any Representative or otherwise, to solicit, initiate or encourage inquiries or submission of proposals or offers from any Person relating to (A) any sale or other disposition of all or any substantial portion of the assets of DTV or its Affiliates or all or any substantial portion of the equity interests in DTV or its Affiliates or (B) any business combination involving DTV or any of its Affiliates, whether by merger, consolidation, tender offer or otherwise (any of the foregoing, an *Extraordinary Transaction*) or to participate in any negotiation regarding, or furnishing to any other Person any information with respect to, or otherwise cooperate in any way with or assist in, facilitate or encourage, any effort or attempt by any other Person to do or seek to do any of the foregoing; *provided, however*, that nothing in this Section 6.13.2 shall prohibit (or require Parent to prohibit) any director of DTV from exercising (solely in his or her capacity as a director of DTV) fiduciary duties to DTV or its shareholders (other than Parent) under applicable Law;
- 6.13.3 From the date hereof until the earlier of the Closing or the termination of this Agreement, Parent will (A) vote all voting shares of DTV or of any other Person held by Parent and any Affiliate of Parent against any Extraordinary Transaction that is presented or proposed to them at any time after the date of this Agreement and prior to the Closing or termination of this Agreement, (B) not solicit proxies or become a participant in a solicitation with respect to the shares of capital stock of DTV (as such terms are defined in Regulation 14A under the Exchange Act) in opposition to or in competition with the consummation of the Exchange or otherwise encourage or assist any party in taking or planning any action which would compete with or materially impede, interfere with, adversely effect or tend to discourage or inhibit the timely consummation of the Exchange and (C) in the event of a tender offer for all or a portion of the outstanding shares of capital stock of DTV, not tender any DTV Shares in such tender offer and publicly announce, within 5 days of the announcement of such tender offer, Parent's intention not to tender any DTV Shares in such tender offer; *provided, however* that, in the event this Agreement is terminated by Parent or LMC pursuant to Section 9.1.6 or 9.1.7 or by LMC pursuant to Section 9.1.9, Parent's obligations under clauses (A), (B) and (C) of this sentence shall continue until the date that is six (6) months from the date of such termination, and, solely with respect to any transaction in respect of at least a majority of DTV's outstanding

shares or all or substantially all of DTV's assets with respect to which a bona fide written proposal was publicly announced and not withdrawn prior to such termination, until the date that is twelve (12) months from the date of such termination. Parent will notify LMC promptly if any inquiries or proposals are received by, any information is requested from, or any negotiations or discussions are sought to be initiated or continued with, Parent or, to the knowledge of Parent, DTV or any of its Affiliates, in each case in connection with any Extraordinary Transaction.

- 6.13.4 LMC and its Affiliates have ceased all, and from the date hereof until the Closing or the earlier termination of this Agreement, LMC shall not, nor shall it authorize or permit any of its Affiliates nor any of its Representatives to, (A) directly or indirectly, initiate, solicit or knowingly encourage or facilitate (including, in each case, by way of furnishing information) any inquiries or the making of any proposal or offer with respect to, or any indication of interest in, any acquisition by any third party of all or a portion of the LMC Parent Shares (any such proposal, offer or indication of interest, a L Acquisition Proposal), (B) directly or indirectly, engage in any negotiations or discussions concerning an L Acquisition Proposal, or provide access to its properties, books and records or any non-public information or data to, any third party that has made, or to LMC's Knowledge, is considering making an L Acquisition Proposal or any Representatives thereof, (C) approve or recommend, or propose to approve or recommend, or execute or enter into any letter of intent, agreement in principle, option agreement, acquisition agreement or other agreement relating to an L Acquisition Proposal or (D) propose publicly or agree to any of the foregoing relating to an L Acquisition Proposal.

Section 6.14. *DTV Charter Restrictions.* From the date of this Agreement to the Closing, neither LMC nor Parent shall, and each shall cause its respective Affiliates not to, propose to the Board of Directors of DTV, nor enter into any discussion with the Board of Directors of DTV regarding, any amendment to the DTV certificate of incorporation or bylaws. From the date of this Agreement until the earlier of the termination of this Agreement or the Closing, notwithstanding the foregoing, to the extent that any amendment to DTV's certificate of incorporation is proposed by DTV for approval of DTV's stockholders, Parent will publicly state its intention to vote against, and cause all DTV Shares beneficially owned by Parent to be voted against any such amendment, unless LMC has consented to Parent voting in favor of such amendment.

Section 6.15. *Certain Tax Matters.* Notwithstanding anything to the contrary in this Agreement, except as expressly provided in the Tax Matters Agreement, as set forth in Sections 4.20, 7.2.4, 7.2.5, 7.3.5, 7.3.6 or this 6.15, or as set forth in Sections 4.12 or 6.10 (including any indemnities related to Sections 4.12 or 6.10), the parties' sole and exclusive representations, warranties, agreements or other obligations (including indemnities) with respect to Tax matters (interpreted in its broadest sense), including the Tax consequences of the Transactions, shall be as set forth in the Tax Matters Agreement, and in the event of any conflict or inconsistency between any provision of this Agreement and any provision of the Tax Matters Agreement, the applicable provision of the Tax Matters Agreement shall govern.

Section 6.16. *Ancillary Agreements.* Each of Parent and LMC shall, and shall cause each of its respective Affiliates to, at or prior to the Closing, duly execute and deliver each of the Ancillary Agreements (other than the Tax Matters Agreement which shall be executed and delivered concurrently with this Agreement) to which it is to become a party pursuant to the terms of this Agreement.

ARTICLE VIII.

INDEMNIFICATION

Section 8.1. *Survival of Representations, Warranties and Covenants*

8.1.1 The representations and warranties contained in this Agreement shall survive the Closing as follows: (i) the representations and warranties contained in Sections 4.1 (Organization and Standing), 4.2 (Capitalization), 4.3 (Corporate Power and Authority), 4.4 (Shareholder Votes Required), 4.19 (Title to DTV Shares), 4.22 (Brokers and Agents), 4.23 (Investigation; Reliance), 5.1 (Organization and Standing), 5.2 (Corporate Power and Authority), 5.3 (No Vote Required), 5.5 (LMC Parent Shares), 5.10 (Investigation and Reliance) and 5.11 (Brokers and Agents) shall survive indefinitely; (ii) the representations and warranties contained in Sections 4.12 (Employee Benefit Plans) shall survive until the date that is 60 calendar days following the expiration of the statute of limitations applicable to actions with respect thereto; (iii) the representations and warranties contained in Sections 4.20.6, 4.20.10 and 4.20.11 (relating to Certain Tax Matters) shall survive, but solely for purposes of the Tax Matters Agreement as provided therein; and (iv) all other representations and warranties contained in this Agreement (other than the representations and warranties contained in Sections 4.20.1 4.20.5 and Sections 4.20.7 4.20.9 (Certain Tax Matters), which shall not survive the Closing) shall survive until the date that is 18 months following the Closing Date.

8.1.2 The covenants and agreements made by each party in this Agreement shall survive the Closing, unless specified to the contrary herein. Notwithstanding Section 8.1.1, any breach of representation, warranty, covenant or agreement in respect of which indemnity may be sought under this Agreement shall survive the time at which it would otherwise terminate pursuant to Section 8.1.1 or 8.1.2 if notice of the inaccuracy or breach thereof giving rise to such right of indemnity shall have been given to the party against whom such indemnity may be sought prior to such time.

Section 8.2. *Indemnification.*

8.2.1 Provided that the Closing shall have occurred, subject to Sections 8.1 and 8.2.2, Parent hereby agrees to indemnify each LMC Indemnitee against and agrees to hold each of them harmless (without duplication) from any and all Damages incurred or suffered by any LMC Indemnitee arising out of or resulting from (i) any representation or warranty of Parent contained in this Agreement (other than the representations and warranties contained in Section 4.20) not being true and correct (which representations and warranties (except those made as of a specified

- date) shall be deemed to have been made again as of the Closing Date for purposes of this Section 8.2.1) or (ii) any breach or nonperformance of any covenant or agreement made or to be performed by Parent.
- 8.2.2 No indemnification by Parent shall be due and payable under Section 8.2.1 in respect of any Parent Basket Breach unless and until the cumulative amount of all Damages arising out of or resulting from all such Parent Basket Breaches exceeds the Parent Basket Amount, whereupon Parent will be obligated to indemnify the LMC Indemnitees for the cumulative amount of Damages incurred or suffered by the LMC Indemnitees in excess of the Parent Basket Amount, and only to the extent of such excess. Parent shall not be obligated to indemnify the LMC Indemnitees for Damages arising out of or resulting from all Parent Basket Breaches under this Agreement in an aggregate amount in excess of the Maximum Amount; *provided* that the limitation on Parent's obligations set forth in this sentence shall not apply to breaches of the representations and warranties contained in Section 4.12. The limitations on indemnification set forth in this Section 8.2.2 shall not be applicable to (x) any Parent Basket Exception Breach (and the LMC Indemnitees will be entitled to indemnification with respect to any Parent Basket Exception Breach without regard to any Parent Basket Amount or any Maximum Amount) and (y) any claim based upon fraud or knowing misrepresentation. For purposes of determining the amount of Damages arising from any Parent Basket Breach (but not for purposes of determining whether any such Parent Basket Breach has occurred), the representations and warranties shall be read without giving effect to any limitations or qualifications as to materiality (including the words material or materially) or Material Adverse Effect set forth therein.
- 8.2.3 Provided that the Closing shall have occurred, subject to Sections 8.1 and 8.2.4, LMC hereby agrees to indemnify each Parent Indemnitee against and agrees to hold each of them harmless (without duplication) from any and all Damages incurred or suffered by any Parent Indemnitee arising out of or resulting from (i) any representation or warranty of LMC contained in this Agreement not being true and correct (which representations and warranties (except those made as of a specified date) shall be deemed to have been made again as of the Closing Date for purposes of this Section 8.2.3) or (ii) any breach or nonperformance of any covenant or agreement made or to be performed by LMC pursuant to this Agreement.
- 8.2.4 No indemnification by LMC shall be due and payable under Section 8.2.3(i) in respect of any Liberty Basket Breach unless and until the cumulative amount of all Damages arising out of or resulting from all such Liberty Basket Breaches exceeds the Liberty Basket Amount, whereupon LMC will be obligated to indemnify the Parent Indemnitees for the cumulative amount of Damages incurred or suffered by the Parent Indemnitees in excess of the Liberty Basket Amount, and only to the extent of such excess. LMC shall not be obligated to indemnify the Parent Indemnitees for Damages arising out of or resulting from all Liberty Basket Breaches under this Agreement in an aggregate amount in excess of the Maximum Amount. The limitations on indemnification set forth in this Section 8.2.4 shall not be applicable to (x) any Liberty Basket Exception Breach (and the Parent Indemnitees will be entitled to indemnification with respect to any Liberty Basket Exception Breach without regard to any Liberty Basket Amount or any Maximum Amount) and (y) any claim based upon fraud or knowing misrepresentation. For purposes of determining the amount of Damages arising from any Liberty Basket Breach (but not for purposes of determining whether any such Liberty Basket Breach has occurred), the representations and warranties shall be read without giving effect to any limitations or qualifications as to materiality (including the words material and materially) or Material Adverse Effect set forth therein.

Table of ContentsSection 8.3. *Procedures.*

- 8.3.1 The party or parties seeking indemnification under Section 8.2 (the Indemnified Party) agrees to give prompt notice to the party or parties against whom indemnity is sought (the Indemnifying Party) of the assertion of any claim, or the commencement of any suit, action or proceeding in respect of which indemnity may be sought under such Section and will provide the Indemnifying Party such information with respect thereto in its possession that the Indemnifying Party may reasonably request; *provided, however*, that failure to give such notification shall not affect the indemnification provided hereunder except to the extent the Indemnifying Party shall have been actually materially prejudiced as a result of such failure.
- 8.3.2 In the case of a third party claim, the Indemnified Party shall be entitled to exercise full control of the defense, compromise or settlement of any third party claim, investigation, action, suit or proceeding unless the Indemnifying Party within a reasonable time after the giving of notice of such indemnity claim by the Indemnified Party shall: (i) deliver a written confirmation to such Indemnified Party that the indemnification provisions of Section 8.2 are applicable to such claim, investigation, action, suit or proceeding and that the Indemnifying Party will indemnify such Indemnified Party in respect of such claim, action or proceeding pursuant to the terms of Section 8.2, (ii) notify such Indemnified Party in writing of the Indemnifying Party's intention to assume the defense thereof and (iii) retain legal counsel reasonably satisfactory to such Indemnified Party to conduct the defense of such claim, investigation, action, suit or proceeding.
- 8.3.3 If the Indemnifying Party so assumes the defense of any such claim, investigation, action, suit or proceeding in accordance herewith, then such Indemnified Party shall cooperate with the Indemnifying Party in any manner that the Indemnifying Party reasonably may request in connection with the defense, compromise or settlement thereof. If the Indemnifying Party so assumes the defense of any such claim, investigation, action, suit or proceeding, the Indemnified Party shall have the right to employ separate counsel and to participate in (but not control) the defense, compromise or settlement thereof, but the fees and expenses of such counsel shall be the expense of such Indemnified Party unless (i) the Indemnifying Party has agreed to pay such fees and expenses, (ii) any relief other than the payment of money damages is sought against the Indemnified Party or (iii) such Indemnified Party shall have been advised by its regular outside counsel that there may be one or more legal defenses available to it that are different from or additional to those available to the Indemnifying Party or that a conflict of interest between the Indemnifying Party and the Indemnified Party in the conduct of the defense of such action would reasonably be expected (in which case the Indemnifying Party shall not have the right to control the defense, compromise or settlement of such action on behalf of the Indemnified Party), and in any such case described in clauses (i), (ii) or (iii) the reasonable fees and expenses of one such separate counsel, and one local counsel, if necessary, shall be borne by the Indemnifying Party. No Indemnified Party shall settle or compromise or consent to entry of any judgment with respect to any such action for which it is entitled to indemnification hereunder without the prior consent of the Indemnifying Party, which consent shall not be unreasonably withheld or delayed, unless the Indemnifying Party shall have failed, after reasonable notice thereof, to undertake control of such action in the manner provided above in this Section 8.3 to the extent the Indemnifying Party was entitled to do so pursuant to this Section 8.3. The Indemnifying Party shall not, without the consent of such Indemnified Party, settle or compromise or consent to entry of any judgment with respect to any such claim, investigation, action, suit or proceeding (x) in which any relief other than the payment of money damages is or may be sought against such Indemnified Party or (y) that does not include as an unconditional term thereof the giving by the claimant, party conducting such investigation, plaintiff or petitioner to such Indemnified Party of a release from all liability with respect to such claim, action, suit or proceeding.

public offering of 55,000,000 shares of DTV Common Stock in February 2005. We also may provide investment banking services to the Company, LMC and DTV and their respective affiliates in the future. In connection with the above-described investment banking services we have received, and may receive, compensation. In addition, John L. Thornton, a Senior Advisor to Goldman, Sachs & Co., is a director of the Company.

Goldman, Sachs & Co. is a full service securities firm engaged, either directly or through its affiliates, in securities trading, investment management, financial planning and benefits counseling, risk management, hedging, financing and brokerage activities for both companies and individuals. In the ordinary course of these activities, Goldman, Sachs & Co. and its affiliates may provide such services to the Company, LMC, DTV and their respective affiliates, may actively trade the debt and equity securities (or related derivative securities) of the Company, LMC, DTV and their respective affiliates for their own account and for the accounts of their customers and may at any time hold long and short positions of such securities.

In connection with this opinion, we have reviewed, among other things, the Agreement; annual reports to stockholders and Annual Reports on Forms 10-K and 20-F of the Company for the five fiscal years ended June 30, 2006; annual reports to stockholders and Annual Reports on Form 10-K of DTV for the five fiscal years ended December 31, 2005; certain interim reports to stockholders and Quarterly Reports on Form 10-Q of the Company and DTV; certain other communications from the Company and DTV to their respective stockholders; certain internal financial analyses and forecasts for DTV prepared by its management; certain historical financial data and internal financial analyses and forecasts for the RSNs prepared by the management of Fox Entertainment, as reviewed and approved for use in connection with this opinion by the management of the Company; and certain publicly available research analyst estimates of the future financial performance of the Company and DTV. We also have held discussions with members of the senior management of the Company regarding their assessment of the strategic rationale for, and the potential benefits of, the Transaction and with members of the senior managements of the Company, DTV and Fox Entertainment regarding their assessment of the past and current business operations, financial condition and future prospects of the Company, DTV and the RSNs. In addition, we have reviewed the reported price and trading activity for the shares of News Class A Stock, News Class B Stock and DTV Common Stock, compared certain financial and stock market information for the Company and DTV with similar information for certain other companies the securities of which are publicly traded and performed such other studies and analyses, and considered such other factors, as we considered appropriate.

We have relied upon the accuracy and completeness of all of the financial, accounting, legal, tax and other information discussed with or reviewed by us and have assumed such accuracy and completeness for purposes of rendering this opinion. As instructed by you, our review of the future financial performance of the Company was limited to a review of certain publicly available research analyst estimates of the future financial performance of the Company and discussions with the senior management of the Company regarding such estimates, including certain estimates for the Company that you instructed us to adjust and use, as so adjusted, for purposes of rendering this opinion. As instructed by you, we also have discussed (i) with the senior management of DTV certain research analyst estimates of the future financial performance of DTV and (ii) with the senior management of the Company certain research analyst estimates of the future financial performance of DTV, including certain estimates for DTV that you instructed us to adjust and use, as so adjusted, for purposes of rendering this opinion. In addition, we have not made an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or off-balance-sheet assets and liabilities) of the Company, DTV or any of their respective affiliates, including the RSNs, and we have not been furnished with any such evaluation or appraisal. We also have assumed that all governmental, regulatory, tax opinions and rulings and other consents and approvals necessary for the consummation of the Transaction will be obtained without any adverse effect on the Company, DTV or the RSNs or on the expected benefits of the Transaction in any way meaningful to our analysis.

The Board of Directors

News Corporation

1211 Avenue of the Americas

New York, NY 10036

Members of the Board of Directors:

You have requested our opinion as to the fairness from a financial point of view to News Corporation (the Company) of the Consideration (as defined below) to be received by it in exchange for the Transfer Assets (as defined below) in the transaction described below (the Transaction) with Liberty Media Corporation (LMC). Pursuant to the Share Exchange Agreement (the Agreement), between the Company and LMC, the Company will sell to LMC all of the Company's ownership interest in its wholly owned subsidiary (Splitco), which will beneficially hold 470,420,752 shares of Common Stock, par value \$0.01 per share (the DTV Common Stock), of The DirecTV Group, Inc. (DTV), all the outstanding equity interests in Fox Sports Net Rocky Mountain, LLC, Fox Sports Net Pittsburgh, LLC and Fox Sports Net Northwest, LLC (collectively, the RSNs), plus \$550,000,000 in cash, subject to adjustment as provided in the Agreement (collectively, the Transfer Assets), in exchange for consideration consisting of 324,637,067 shares of Class A common stock, par value \$0.01 per share (the News Class A Stock), and 188,000,000 shares of Class B common stock, par value \$0.01 per share (the News Class B Stock), of the Company (collectively, the Consideration).

In arriving at our opinion, we have (i) reviewed a draft dated December 16, 2006 of the Agreement; (ii) reviewed certain publicly available business and financial information concerning the Company, DTV, and the RSNs and the industries in which they operate; (iii) compared the financial and operating performance of the Company, DTV and the RSNs with publicly available information concerning certain other companies we deemed relevant and reviewed the current and historical market prices of News Class A Stock, News Class B Stock and DTV Common Stock and certain publicly traded securities of such other companies; (iv) reviewed certain internal financial analyses and forecasts for the RSNs prepared by the management of the Company, and for DTV prepared by the management of DTV; (v) at the Company's direction, reviewed and discussed with members of management of the Company certain publicly available research analysts' estimates of the future financial performance of the Company and DTV, and also at the Company's direction, applied certain adjustments to such estimates provided by Company management for purposes of our use in connection with preparing this opinion (as so adjusted, the Company Approved Estimates); and (vi) performed such other financial studies and analyses and considered such other information as we deemed appropriate for the purposes of this opinion.

In addition, we have held discussions with certain members of the management of the Company and DTV with respect to certain aspects of the Transaction, and the past and current business operations of the Company, DTV and the RSNs, the financial condition and future prospects and operations of the Company, DTV and the RSNs, the effects of the Transaction on the financial condition and future prospects of the Company, DTV and the RSNs, and certain other matters we believed necessary or appropriate to our inquiry.

In giving our opinion, we have relied upon and assumed, without assuming responsibility or liability for independent verification, the accuracy and completeness of all information that was publicly available or was furnished to or discussed with us by the Company and DTV or otherwise reviewed by or for us. We have not conducted or been provided with any valuation or appraisal of any assets or liabilities, nor have we evaluated the solvency of the Company, DTV or any of their respective affiliates, including the RSNs, under any state or

federal laws relating to bankruptcy, insolvency or similar matters. In relying on the Company Approved Estimates and the other financial analyses and forecasts provided to us with respect to the RSNs and DTV, we have assumed that they are reasonable based on assumptions reflecting the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of the Company, the RSNs and DTV to which such Company Approved Estimates or other analyses or forecasts relate. We express no view as to such Company Approved Estimates or other analyses or forecasts or the assumptions on which they were based. We have also assumed that the Transaction will qualify as a tax-free exchange for United States federal income tax purposes, and that the definitive Agreement will not differ in any material respects from the draft thereof furnished to us. We have also assumed that the representations and warranties made by the Company and LMC in the Agreement and the related agreements are and will be true and correct in all ways material to our analysis, that the Company will have no exposure under any indemnification obligations contained within the Agreement or the related agreements in any amount material to our analysis and that the cash amount included in the Transfer Assets will not be adjusted in any way that is material to our analysis. We are not legal, regulatory or tax experts and have relied on the assessments made by advisors to the Company with respect to such issues. We have further assumed that all material governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction will be obtained without any adverse effect on the Company, DTV or the RSNs or on the contemplated benefits of the Transaction.

Our opinion is necessarily based on economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. It should be understood that subsequent developments may affect this opinion and that we do not have any obligation to update, revise, or reaffirm this opinion. Our opinion is limited to the fairness, from a financial point of view, of the Consideration to be received by the Company in exchange for the Transfer Assets in the Transaction, and we express no opinion as to the fairness of the Transaction to the holders of any class of securities, creditors or other constituencies of the Company or as to the underlying decision by the Company to engage in the Transaction, nor are we expressing any opinion as to any aspect of any other contractual arrangement the Company, DTV or any of their respective affiliates may enter into in connection with the Transaction, including any non-competition or standstill undertakings in the Agreement or any of the ancillary agreements contemplated by the Agreement. We are expressing no opinion herein as to the price at which the News Class A Stock, News Class B Stock or DTV Common Stock will trade at any future time.

We note that we were not authorized to and did not solicit any expressions of interest from any other parties with respect to the sale of all or any part of Splitco or any of the Transfer Assets, any other repurchase of the Consideration or any other alternative transaction.

We have acted as financial advisor to the Company with respect to the proposed Transaction and will receive a fee from the Company for our services if the proposed Transaction is consummated. In addition, the Company has agreed to indemnify us for certain liabilities arising out of our engagement. In the past, we and our affiliates have performed a variety of investment banking and commercial banking services for each of the Company, DTV and LMC and their respective affiliates, all for customary compensation. Specifically, such services for the Company and its subsidiaries have included acting as financial advisor to the Company in connection with its exchange offer for the 17.9% publicly-held interest in Fox Entertainment Group in January 2005, acting as financial advisor to the Company in connection with its acquisition of Intermix Media in July 2005, and acting as joint bookrunner for a bond offering for the Company's subsidiary, British Sky Broadcasting plc, in September 2005. Such services for DTV and its affiliates have included acting as lead arranger and bookrunner for a credit facility for DTV's subsidiary, Hughes Network Systems, in May 2005, acting as syndication agent and co-lead arranger for a secured credit facility for DTV in April 2005, and acting as a co-manager of an offering of common stock of DTV in February 2005. Such services for LMC and its affiliates have included acting as agent bank in connection with certain unsecured credit facilities of LMC's subsidiary, QVC, in March 2006, acting as joint bookrunner in connection with the initial public offering of common equity of LMC's affiliate, Telenet, in October 2005, acting as financial advisor and financing arranger for LMC's subsidiary, Liberty Global, Inc. (LGI), in connection with its acquisition of Cablecom Holdings AG in

September, 2005, acting as financial advisor to LGI in connection with the sale of its 22% stake in SBS Broadcasting in August 2005, and acting as joint bookrunner on a eurobond offering by LGI's affiliate, UPC Holding, in July 2005. We also acted as financial advisor to the Company in connection with its acquisition of its stake in DTV in 2003. In addition, Sir Rod Eddington, a Managing Director and Non-Executive Chairman of one of our affiliates, is a director of the Company. In the ordinary course of our businesses, we and our affiliates may actively trade the debt and equity securities of the Company, LMC, DTV and their respective affiliates for our own account or for the accounts of customers and, accordingly, we may at any time hold long or short positions in such securities.

On the basis of and subject to the foregoing, it is our opinion as of the date hereof that the Consideration to be received by the Company in exchange for the Transfer Assets in the Transaction is fair, from a financial point of view, to the Company.

This letter is provided to the Board of Directors of the Company in connection with and for the purposes of its evaluation of the Transaction. This opinion does not constitute a recommendation to any holder of News Class B Stock as to how such holder should vote with respect to the Transaction or any other matter. This opinion may not be disclosed, referred to, or communicated (in whole or in part) to any third party for any purpose whatsoever except with our prior written approval. This opinion may be reproduced in full in any proxy or information statement mailed to shareholders of the Company but may not otherwise be disclosed publicly in any manner without our prior written approval.

Dear Directors

Proposed Exchange

1 Introduction

On 22 December 2006, News Corporation (News Corp) announced that it had signed an agreement with Liberty Media Corporation (Liberty) under which Liberty will exchange its 16.2% economic interest in News Corp (324.6 million shares of Class A common stock (Class A shares) and 188.0 million shares of Class B common stock (Class B shares), held through certain of its wholly owned subsidiaries) for 100% of a wholly owned subsidiary of News Corp which will hold:

News Corp s approximate 38% interest (470.4 million shares) in The DIRECTV Group, Inc. (DIRECTV). DIRECTV is listed on the New York Stock Exchange (NYSE) and is the largest provider of direct-to-home satellite television services in the United States and, through its subsidiaries and affiliated companies, provides digital television services in a number of countries throughout Latin America and the Caribbean;

three of News Corp s wholly owned regional sports networks (RSNs), Fox Sports Net Northwest, LLC (FSN Northwest), Fox Sports Net Pittsburgh, LLC and Fox Sports Net Rocky Mountain, LLC (collectively referred to as the RSN Subsidiaries); and

US\$587.5 million in cash¹, subject to adjustment based on the net working capital of the RSN Subsidiaries.

Other features of the transaction (the Proposed Exchange) are:

the Proposed Exchange is subject to conditions including:

Edgar Filing: NEWS CORP - Form DEF 14A

passing of certain resolutions by News Corp's Class B shareholders;

receipt of various tax rulings and opinions from tax counsel;

approval of the United States Federal Communications Commission; and

no material adverse change affecting DIRECTV and the RSN Subsidiaries taken as a whole.

News Corp has agreed to standstill arrangements with Liberty (for a period of 10 years from December 2006) in relation to Liberty and DIRECTV. Liberty has entered similar arrangements in relation to News Corp;

¹ On announcement, the cash component of the Proposed Exchange was US\$550 million. On 22 February 2007, News Corp and Liberty agreed to increase the cash component to US\$587.5 million as a result of certain arrangements entered into by FSN Northwest and the *Seattle Mariners* baseball team in relation to an extension of FSN Northwest's telecast rights.

Table of Contents

News Corp has agreed that for a period of four years from implementation of the Proposed Exchange, it will not compete with:

the RSN Subsidiaries in their territories; or

DIRECTV in its territories;

ongoing services will be provided (on an arm's length basis) by News Corp to the RSN Subsidiaries following implementation of the Proposed Exchange;

termination fees are payable to Liberty in certain circumstances; and

if the Proposed Exchange is implemented, News Corp intends to terminate the Amended and Restated Shareholder Rights Plan (shareholder rights plan) and will consider eliminating its classified board structure.

News Corp has a primary listing on the NYSE but it also has a full foreign listing on the Australian Securities Exchange (ASX). ASX Listing Rule 10.1 prohibits an entity from disposing of an asset worth more than 5% of its net assets to a related party without the approval of non associated shareholders. Liberty is a related party of News Corp. In accordance with this rule, News Corp has engaged Grant Samuel & Associates Pty Limited (Grant Samuel) to prepare an independent expert's report, stating whether, in its opinion, the Proposed Exchange is fair and reasonable to the holders of News Corp's Class B common stock other than Liberty and its associates including interests associated with Rupert Murdoch (the Murdoch Interests) (the non associated shareholders). The Murdoch Interests are considered to be associated shareholders because they have given Liberty their irrevocable proxy in favour of the Proposed Exchange. The report will accompany the Notice of Special Meeting and Proxy Statement to be sent to News Corp shareholders. This report is required only under Australian law and has been prepared in accordance with prevailing Australian requirements and standards. These requirements and standards may be materially different to those in the United States and Grant Samuel does not purport that its opinion meets any such United States requirement or standard.

2 Opinion

In Grant Samuel's opinion, the Proposed Exchange is fair and reasonable to the non associated shareholders of News Corp for the purposes of ASX Listing Rule 10.1.

3 Summary of Conclusions

The Proposed Exchange resolves two issues for News Corp in an expeditious and tax effective manner that can be expected to result in net benefits for News Corp shareholders. Those issues are:

Liberty's 16.2% shareholding in News Corp including its 19.1% holding of Class B (voting) shares. The acquisition by Liberty of an additional 8% of News Corp's Class B shares in November 2004 resulted in the adoption by News Corp of the shareholder rights plan and created uncertainty for investors about Liberty's future intentions and market concerns about the potential overhang of stock; and

News Corp management's belief that the DIRECTV business faces long term strategic, technological and competitive challenges.

These two issues have the potential to become significant over time.

The net effect of the Proposed Exchange is that News Corp shareholders are trading their underlying DIRECTV interest for an increase (of approximately 20%) in their interest in News Corp's other businesses. Management believes these businesses have better growth prospects than those of DIRECTV over the longer term.

Page 2

Table of Contents

Based on recent market prices of News Corp shares and DIRECTV shares (and using the midpoint of the estimated value of the RSN Subsidiaries), the value exchange has slightly favoured Liberty (depending on the period utilised), although based on closing share prices on 23 February 2007, there is a net gain to News Corp. However, market prices give an incomplete picture of the transaction and a number of other considerations bear upon the overall judgement as to whether the Proposed Exchange is in the interests of shareholders:

there are factors that suggest News Corp shares have been trading at below intrinsic value (and the transaction may remove impediments to them reaching that value). In contrast, the DIRECTV share price appears to incorporate an element of expectation about future corporate transactions or other developments. Having regard to the market rating of News Corp relative to its peers, analyst community views and other factors, Grant Samuel believes it is reasonable to argue that the intrinsic values of News Corp and DIRECTV are such that there is a net value benefit to News Corp shareholders;

realisation of News Corp's DIRECTV interest was otherwise a possibility at some stage over the next two to three years. Any alternative method of realisation would almost certainly involve payment of tax, substantially reducing the net proceeds. Based on the volume weighted average price of News Corp's shares for the month to 23 February 2007, the implied sale price for the DIRECTV stake is US\$23.58 per share (i.e. slightly below DIRECTV's market price over the same period of US\$24.24). However, this price is equivalent to a sale price for the DIRECTV interest of approximately US\$29.40 to any other party when allowance is made for the tax that would be payable by News Corp;

a repurchase of a large volume of stock (such as Liberty's 16.2% interest in News Corp) usually requires a premium above prevailing market prices. If the DIRECTV share price of US\$24.24 is used as the benchmark, the implied (blended¹) price for repurchasing the News Corp shares is US\$24.42, a premium of less than 3% to the actual blended share price; and

there are a number of other benefits for News Corp and its shareholders:

increased exposure for all remaining shareholders to the core News Corp businesses;

increased voting power for non associated shareholders (to approximately 60%);

accretion in earnings per share of approximately 8-10%;

increased free cash flow (in absolute terms) and a higher proportion of free cash flow;

a reduction in the extent of partly owned assets (i.e. a higher proportion of consolidated businesses);

freeing up of substantial cash resources to pursue acquisitions or further stock repurchases;

elimination of the shareholder rights plan and possible removal of the classified board structure;

removal of any perceived overhang in News Corp shares caused by Liberty's ownership interest; and

elimination of management time spent on DIRECTV related issues.

Edgar Filing: NEWS CORP - Form DEF 14A

There are some disadvantages and risks. These primarily relate to the increase in the percentage of the Class B (voting) shares held by the Murdoch Interests (from 31.2% to 38.6%). The consequences include a possible reduction in the prospects of receiving a takeover offer from Liberty or any other party and an increase in the

² Based on Liberty's mix of Class A and Class B shares.

Table of Contents

relative voting power of the Murdoch Interests as News Corp's largest shareholder. However, the practical impact of these issues is relatively minor and does not outweigh the benefits.

Accordingly, it is Grant Samuel's judgement that News Corp shareholders are likely to be better off if the Proposed Exchange proceeds than if it does not. On this basis, the Proposed Exchange is fair and reasonable.

4 Other Matters

This report is general financial product advice only and has been prepared without taking into account the objectives, financial situation or needs of individual News Corp shareholders. Accordingly, before acting in relation to their investment, shareholders should consider the appropriateness of the advice having regard to their own objectives, financial situation or needs. Shareholders should read the Proxy Statement issued by News Corp in relation to the Proposed Exchange.

1 Details of the Proposed Exchange

On 22 December 2006, News Corporation (News Corp) announced that it had signed an agreement with Liberty Media Corporation (Liberty) under which Liberty will exchange its 16.2% economic interest in News Corp (made up of 324.6 million shares of Class A common stock (Class A shares) and 188.0 million shares of Class B common stock (Class B shares), held through certain of its wholly owned subsidiaries) for 100% of Greenlady Corp. (Splitco), a wholly owned subsidiary of News Corp (the Proposed Exchange). Splitco will own:

News Corp s approximate 38% interest (470.4 million shares) in The DIRECTV Group, Inc. (DIRECTV);

three of News Corp s Regional Sports Networks (RSNs), Fox Sports Net Northwest, LLC (FSN Northwest), Fox Sports Net Pittsburgh, LLC (FSN Pittsburgh) and Fox Sports Net Rocky Mountain, LLC (FSN Rocky Mountain) (collectively referred to as the RSN Subsidiaries); and

\$550 million³ in cash, subject to adjustment based on the net working capital of the RSN Subsidiaries. On 22 February 2007, News Corp and Liberty agreed to increase the cash component of the Proposed Exchange to \$587.5 million as a result of certain arrangements entered into by FSN Northwest and the *Seattle Mariners* baseball team in relation to an extension of FSN Northwest s telecast rights.

Approximately 5.5 million shares of News Corp Class A shares owned by Liberty Global, Inc., a publicly listed entity which may be deemed an affiliate of Liberty under the Australian Securities Exchange Listing Rules (ASX Listing Rules), are not part of the Proposed Exchange.

If the Proposed Exchange is implemented, Splitco will become a wholly owned subsidiary of Liberty and the News Corp shares owned by Liberty will be cancelled. News Corp has also stated that if the Proposed Exchange is implemented, it intends to redeem the rights issued under the Amended and Restated Shareholder Rights Plan (the shareholder rights plan) and will consider eliminating its classified board structure.

The Proposed Exchange is subject to a number of conditions, including:

News Corp Class B shareholders (other than Liberty and its associates and Mr K. Rupert Murdoch, the Murdoch Family Trust, Cruden Financial Services, LLC and any of their successors and transferees (the Murdoch Interests)) pass all of the resolutions necessary to implement the Proposed Exchange at a Special Meeting of the shareholders of News Corp. This includes the approvals required under the agreement and under the ASX Listing Rules;

receipt of private letter rulings by both News Corp and Liberty from the Internal Revenue Service of the United States (IRS) and opinions from the tax counsel of each of News Corp and Liberty regarding the tax free treatment of the Proposed Exchange;

regulatory approval for the Proposed Exchange from the United States Federal Communications Commission (FCC);

the expiry or termination of any waiting period applicable to the Proposed Exchange under the United States Hart-Scott-Rodino Antitrust Improvements Act of 1976;

Edgar Filing: NEWS CORP - Form DEF 14A

no United States Government authority enacts or issues any statute, rule, judgement or order to prohibit the Proposed Exchange; and

Table of Contents

no material adverse change occurs in the business, operations, results of operations, assets, liabilities or condition of DIRECTV and the RSN Subsidiaries taken as a whole.

News Corp has given certain warranties and representations in relation to the Proposed Exchange, primarily relating to title to shares, environmental matters, litigation, material contracts and financial information for the RSN Subsidiaries, tax matters and title to the DIRECTV shares.

In addition, as part of the Proposed Exchange, News Corp has agreed:

not to acquire any securities or assets of Liberty or DIRECTV for a period of ten years from December 2006, although this obligation terminates on termination of the agreement, the sale of substantially all of Liberty's or DIRECTV's assets, completion of a change of control transaction involving Liberty or DIRECTV or, in respect of the obligations relating to DIRECTV, Liberty's disposal of 50% or more of the DIRECTV shares acquired by it as part of the Proposed Exchange. Liberty has entered into a similar standstill arrangement in relation to the acquisition of the securities or assets of News Corp;

not to solicit or enter into any discussion in relation to any third party proposal to acquire its DIRECTV shares or any of the RSN Subsidiaries. Liberty has agreed to a corresponding obligation in relation to its News Corp shares;

to take reasonable actions to cause DIRECTV not to enter into any discussions with any third party in relation to a business combination or sale of DIRECTV's assets;

not to engage in the business of:

regional sports network programming in the territories in which the RSN Subsidiaries operate; and

providing direct-to-home delivery of video services by satellite in the territories in North America and South America where DIRECTV operates,

for a period of four years from implementation of the Proposed Exchange; and

to certain affiliation, transition services and other operational arrangements between the RSN Subsidiaries and certain Fox subsidiaries following completion of the Proposed Exchange.

If the agreement to implement the Proposed Exchange is terminated, News Corp is required to pay a termination fee to Liberty of:

\$100 million if the agreement is terminated as a result of not gaining the necessary approval of News Corp Class B shareholders (other than Liberty and its associates and the Murdoch Interests); and

Edgar Filing: NEWS CORP - Form DEF 14A

\$300 million if the agreement is terminated as a result of not gaining the necessary approval of News Corp Class B shareholders (other than Liberty and its associates and the Murdoch Interests) and prior to the Special Meeting the Board of Directors of News Corp has changed its recommendation in relation to the Proposed Exchange or not gaining the necessary approval of News Corp Class B shareholders (other than Liberty and its associates) (i.e. if the votes associated with the shares held by the Murdoch Interests are not disregarded for the purposes of determining whether the necessary approval has been obtained).

2 Scope of the Report

2.1 Purpose of the Report

Subsequent to its reincorporation in the United States in November 2004 (the "Reorganisation"), News Corp's primary listing is on the New York Stock Exchange ("NYSE") where it is subject to Delaware corporate law, NYSE listing rules and regulation by the United States Securities & Exchange Commission ("SEC"). However, News Corp also has a full foreign listing in Australia (where its shares are traded on the Australian Securities Exchange ("ASX")) in the form of CHESS Depository Interests ("CDIs") and it is therefore subject to ASX Listing Rules. The Proposed Exchange is subject to the approval of News Corp shareholders in accordance with ASX Listing Rule 10.

ASX Listing Rule 10.1 prohibits an entity from disposing of an asset worth more than 5% of its net assets to a related party without the approval of non associated shareholders. Under the Proposed Exchange, the transfer of assets and cash to Liberty in return for the cancellation of Liberty's shares in News Corp amounts to a disposal of greater than 5% of News Corp's net assets. Therefore, the approval of holders of News Corp's Class B common stock other than Liberty and its associates, including the Murdoch Interests (the "non associated shareholders") is required. The Murdoch Interests are deemed to be associates of Liberty because they have given Liberty their irrevocable proxy to vote in favour of the Proposed Exchange. Listing Rule 10.10 requires the notice of meeting at which such approval is sought to include an independent expert's report on whether the transaction is fair and reasonable to the non associated shareholders.

News Corp has engaged Grant Samuel & Associates Pty Limited ("Grant Samuel") to prepare an independent expert's report for the purposes of Listing Rule 10.1 stating whether, in Grant Samuel's opinion, the Proposed Exchange is fair and reasonable to the non associated shareholders.

The sole purpose of this report is an expression of Grant Samuel's opinion as to whether the Proposed Exchange is fair and reasonable having regard to the interests of the non associated shareholders. This report should not be used for any other purpose or by any other party. A copy of this report is to accompany the Notice of Special Meeting and Proxy Statement ("the Proxy Statement") to be sent to shareholders by News Corp.

This report is required under Australian law only. There is no requirement for an independent expert's report under United States law. This report has been prepared under applicable Australian laws and has been prepared in accordance with prevailing Australian requirements and standards. These requirements and standards may be materially different to those in the United States. The report does not purport to meet any requirements of any United States law or regulation.

This report is general financial product advice only and has been prepared without taking into account the objectives, financial situation or needs of individual News Corp shareholders. Accordingly, before acting in relation to their investment, shareholders should consider the appropriateness of the advice having regard to their own objectives, financial situation or needs. Shareholders should read the Proxy Statement issued by News Corp in relation to the Proposed Exchange.

Approval or rejection of the Proposed Exchange is a matter for individual shareholders based on their own views as to value, their expectations about future market conditions and their particular circumstances including risk profile, liquidity preference, investment strategy, portfolio structure and tax position. Shareholders who are in doubt as to the action they should take in relation to the Proposed Exchange should consult their own professional adviser.

2.2 Basis of Evaluation

The term "fair and reasonable" has no legal definition although over time a commonly accepted interpretation has evolved. However, "fair and reasonable" has different meanings for different regulatory purposes.

Table of Contents

Policy Statement 74 issued by the Australian Securities and Investments Commission (ASIC) provides that the assessment of whether a Section 623 (the predecessor to Item 7 of Section 611) proposal is fair and reasonable should involve a comparison of the likely advantages and disadvantages for non associated shareholders if the proposed transaction is implemented with the advantages and disadvantages to those shareholders if it is not. ASIC Policy Statement 74 implies that fair and reasonable is a single concept to be judged in all the circumstances of the transaction. In essence the proposal will be fair and reasonable if the non associated shareholders are better off if the proposal is implemented. They will be better off if the expected benefits to the non associated shareholders outweigh the disadvantages that might result. This treatment is in contrast to ASIC Policy Statement 75 relating to the assessment of takeover offers where ASIC draws a distinction between the terms fair and reasonable rather than treating fair and reasonable as a single concept.

In Grant Samuel s opinion, the most appropriate basis on which to evaluate the Proposed Exchange is to assess its overall impact on News Corp shareholders and to form a judgement as to whether the expected benefits to the non associated shareholders outweigh any disadvantages that might result.

In forming its opinion as to whether the Proposed Exchange is fair and reasonable having regard to the interests of the non associated shareholders, Grant Samuel has considered the following:

the purpose of the Proposed Exchange;

the value of the assets being transferred under the Proposed Exchange;

the terms of the Proposed Exchange and its impact on shareholders;

the impact on ownership and control of News Corp; and

any other benefits or disadvantages of the Proposed Exchange.

2.3 Sources of the Information

The following information was utilised and relied upon, without independent verification, in preparing this report:

the internal financial plan for DIRECTV for the years ending 31 December 2006 to 2008 (in which the internal financial estimates for 2007 and 2008 assume realisation of the 2006 plan) prepared by DIRECTV management solely for internal planning purposes (the DIRECTV Management Plan); and

other confidential documents, presentations and working papers.

In preparing this report, representatives of Grant Samuel held discussions with, and obtained information from, senior management of News Corp and DIRECTV and held discussions with News Corp s advisers.

2.4 Limitations and Reliance on Information

Grant Samuel believes that its opinion must be considered as a whole and that selecting portions of the analysis or factors considered by it, without considering all factors and analyses together, could create a misleading view of the process underlying the opinion. The preparation of an opinion is a complex process and is not necessarily susceptible to partial analysis or summary.

Grant Samuel s opinion is based on economic, sharemarket, business trading, financial and other conditions and expectations prevailing at the date of this report. These conditions can change significantly over relatively short periods of time. If they did change materially, subsequent to the date of this report, the opinion could be different in these changed circumstances. However, Grant Samuel has no obligation or undertaking to advise any person of any change in circumstances which has come to its attention after the date of this report or to review, revise or update its report or opinion.

This report is also based upon financial and other information provided by News Corp and DIRECTV. Grant Samuel has considered and relied upon this information. News Corp has represented in writing to Grant Samuel that to its knowledge the information provided by it regarding News Corp was complete and not incorrect or misleading in any material aspect. Grant Samuel has no reason to believe that any material facts have been withheld.

The information provided to Grant Samuel has been evaluated through analysis, inquiry and review to the extent that it considers necessary or appropriate for the purposes of forming an opinion as to whether the Proposed Exchange is fair and reasonable having regard to the interests of the non associated shareholders of News Corp. However, Grant Samuel does not warrant that its inquiries have identified or verified all of the matters that an audit, extensive examination or due diligence investigation might disclose. While Grant Samuel has made what it considers to be appropriate inquiries for the purposes of forming its opinion, due diligence of the type undertaken by companies and their advisers in relation to, for example, prospectuses or profit forecasts, is beyond the scope of an independent expert.

Accordingly, this report and the opinions expressed in it should be considered more in the nature of an overall review of the anticipated commercial and financial implications rather than a comprehensive audit or investigation of detailed matters.

An important part of the information used in forming an opinion of the kind expressed in this report is comprised of the opinions and judgement of management. This type of information was also evaluated through analysis, inquiry and review to the extent practical. However, such information is often not capable of external verification or validation.

Table of Contents

Preparation of this report does not imply that Grant Samuel has audited in any way the management accounts or other records of News Corp, DIRECTV or the RSN Subsidiaries. It is assumed that the accounting information that was provided was prepared in accordance with appropriate accounting principles and in a manner consistent with the method of accounting in previous years (except where noted).

The non public forecast financial information (collectively referred to as forward looking information) provided to Grant Samuel included:

the RSN Subsidiaries Projections;

the DIRECTV Management Plan; and

verbal commentary from News Corp management in relation to variations to publicly available forecasts for News Corp and DIRECTV (Company Approved Projections).

This forward looking information was utilised by Grant Samuel in its analysis but was not directly relied on for the purposes of forming its opinion as to whether the Proposed Exchange is fair and reasonable to the non associated shareholders of News Corp.

The achievability of the forward looking information is not warranted or guaranteed by Grant Samuel. Future profits and cash flows are inherently uncertain. They are predictions by management of future events that cannot be assured and are necessarily based on assumptions, many of which are beyond the control of News Corp, DIRECTV or their respective management. Actual results may be significantly more or less favourable.

The RSN Subsidiaries Projections have not been disclosed in this report at the request of News Corp.

In forming its opinion, Grant Samuel has also assumed that:

matters such as title, compliance with laws and regulations and contracts in place are in good standing and will remain so and that there are no material legal proceedings, other than as publicly disclosed;

the information set out in the Proxy Statement sent by News Corp to its shareholders is complete, accurate and fairly presented in all material respects;

the publicly available information relied on by Grant Samuel in its analysis was accurate and not misleading;

the Proposed Exchange will be implemented in accordance with its terms; and

the legal mechanisms to implement the Proposed Exchange are correct and will be effective.

To the extent that there are legal issues relating to assets, properties, or business interests or issues relating to compliance with applicable laws, regulations, and policies, Grant Samuel assumes no responsibility and offers no legal opinion or interpretation on any issue.

⁴ News Corp's financial performance for the years ended 30 June 2003, 2004 and 2005 has been presented as if the two-for-one share exchange that was undertaken as part of the Reorganisation occurred on 1 July 2002.

⁵ EBITDA is earnings before net interest, tax, depreciation, amortisation and other items. EBITDA is a non-US GAAP measure provided for reference purposes and is sometimes referred to as operating profit before depreciation and amortisation. Refer to News Corp's SEC filings for reconciliations to the corresponding US GAAP measures.

⁶ EBIT is earnings before net interest, tax, and other items. EBIT is equivalent to operating profit under US GAAP.

⁸ Interest cover is EBIT divided by net interest.

Table of Contents

News Corp has achieved strong growth in revenue, EBITDA and EBIT over the last four years. Average annual growth over this period has been 13.4% for revenue and 17.6% for EBITDA. However, this growth has not been consistent across News Corp's businesses:

the filmed entertainment and television businesses together have been the largest contributors to News Corp's earnings since 2003 and collectively represented approximately 49% of EBITDA in the year ended 30 June 2006 (down from 58% in the year ended 30 June 2003). However, the contribution of the filmed entertainment business has grown at a higher rate than the television business, reflecting higher growth in revenue and increasing margins;

the cable network programming business was the third largest contributor to performance in the year ended 30 June 2006 (a position historically held by the newspapers business) and has been News Corp's highest growth business over the last four years (with average annual growth in EBITDA of 29%). Growth has been achieved through a combination of organic growth and acquisitions/reorganisations;

the performance of the newspapers business in the year ended 30 June 2006 was affected by the strengthening of the US\$ during the year (as operations are primarily located in Australia and the United Kingdom), weakness in the United Kingdom advertising market and a \$109 million redundancy provision in relation to the new printing plants for News Corp's newspaper business in the United Kingdom; and

direct broadcast satellite television has shown the highest growth in revenue over the last four and a half years, which is also reflected in its first positive contribution to EBITDA (of \$211 million) in the year ended 30 June 2006. This improvement in performance reflects the cumulative impact of the merger of Stream and Telepiu in 2002/03, their relaunch as SKY Italia in 2003/04 and News Corp acquiring full ownership of SKY Italia in 2004/05.

The most significant contributors to equity earnings from affiliates are BSKYB and DIRECTV, which together represented approximately 70% of the total contribution from equity affiliates in the year ended 30 June 2006. DIRECTV became profitable during the year ended 31 December 2005 (and made its first positive contribution in News Corp's results in the year ended 30 June 2006).

3.3 Outlook

Management of News Corp has provided guidance to the market of 14-16% growth in operating income (EBIT) for the year ending 30 June 2007 (i.e. \$4.4-4.5 billion), excluding the property sale in the United Kingdom (which is estimated to result in a gain of \$140 million). This is above the growth achieved in the year ended 30 June 2006 of 8.5% (or 11.6% before newspapers business redundancy costs). The main contributors to growth in the year ending 30 June 2007 and subsequent years include:

SKY Italia, which is a high growth business. Management of News Corp has provided guidance that it expects SKY Italia to contribute approximately \$200 million more in EBIT in the year ending 30 June 2007 than it did in the year ended 30 June 2006 (i.e. EBIT of \$239 million). Pay television is still in the very early stages of development in Italy, with penetration of only approximately 18% (compared to over 40% in the United Kingdom and over 75% in the United States);

the impact of cost savings expected to be generated in the newspapers business from the move to new printing facilities in the United Kingdom in the year ending 30 June 2008;

the impact of the renegotiation of cable network programming affiliate fees, in particular, Fox News Channel. Many of News Corp's cable programs achieve higher ratings and generate lower affiliate fees than their peers. It is therefore expected that there

Edgar Filing: NEWS CORP - Form DEF 14A

will be the opportunity to increase affiliate fees over the next 3-4 years as these agreements come up for renewal.

Page 18

Table of Contents

Renegotiation of Fox News Channel affiliation agreements alone is expected to generate substantial incremental revenue by the year ending 30 June 2010. News Corp also plans to launch a new business channel in the second half of 2007 which 30 million subscribers have already committed to;

growth in the television business, in particular STAR, which is expected to be one of the key growth drivers, reflecting growth in the Indian market (STAR's primary business) as well as the ramp up of Tata SKY; and

FIM, a high growth business where management has provided guidance of \$500 million in revenue for the year ending 30 June 2007. The \$900 million Google deal will also start contributing from the year ending 30 June 2007.

3.5 Capital Structure and Ownership

As at 31 January 2007, News Corp had 2,183.7 million Class A shares and 986.5 million Class B shares (in both cases, net of treasury shares) on issue.

In November 2004, following Liberty's acquisition of an additional 8% of News Corp's Class B shares, the News Corp Board adopted a shareholder rights plan under which each shareholder received one right for each Class A share and each Class B share held. These rights only become exercisable if a party acquires or announces an offer that would result in the acquisition of 15% or more of News Corp's Class B shares, at which time each right would enable the holder to buy an additional Class A share or Class B share (as applicable) at half price. The shareholder rights plan grandfathered the existing shareholdings of the Murdoch Interests and Liberty, but any additional acquisitions (subject to a 1% cushion) by either party would trigger the rights. The current shareholder rights plan expires on 20 October 2008.

In June 2005, News Corp announced a \$3.0 billion stock repurchase program in relation to its Class A and Class B shares. In May 2006, the Board authorised an increase in the buy back to \$6.0 billion. As at 16 August 2006, News Corp had purchased 100.8 million Class A shares and 58.3 million Class B shares for a total consideration of \$2.6 billion. News Corp recommenced purchasing shares on 8 February 2007 and as at 23 February 2007, had acquired an additional 16.2 million Class A shares for a total consideration of \$381.1 million.

no voting rights except in limited circumstances; and

Since the Reorganisation was completed in November 2004, the differential between News Corp's non voting and voting share prices has closed considerably. The removal of the discount was partly the result of inclusion of News Corp's Class A shares in the S&P 500 Index from the close of trade on 17 December 2004, which resulted in index funds buying into News Corp Class A shares.

Table of Contents

News Corp's share prices have generally followed an upward trend since the Reorganisation on the back of double digit growth in operating revenue and earnings and the strategic move into digital media. The exception to this upward trend is the period from August to October 2005, when News Corp's share prices declined following the August 2005 announcement of the extension of the expiration date of the shareholder rights plan for an additional two year period to November 2007 and the lawsuit that followed. The jump in the share prices in April 2006 was probably in response to the settlement of the lawsuit. News Corp's share prices have also been supported by the share repurchase program that commenced in July 2005.

News Corp shares also increased subsequent to the announcement of the Proposed Exchange on 22 December 2006. News Corp shares are currently trading at around all time highs, with Class A and Class B shares reaching all time highs of \$24.10 (on 21 February 2007) and \$25.78 (on 12 February 2007), respectively.

The relative performance of News Corp Class A and Class B shares, the S&P 500 Index and the S&P 500 Media Index since January 2003 is summarised in the graph below:

Source: Bloomberg

News Corp Class A and Class B shares (after adjusting for the impact of the Reorganisation in 2004) performed largely in line with the S&P 500 Index and have outperformed the S&P 500 Media Index since 2003. However, since late 2005, following News Corp's announcement of double digit growth in revenue and operating earnings for the first quarter of the year ended 30 June 2006, News Corp has significantly outperformed both indices.

4 Profile of DIRECTV

4.1 Overview

DIRECTV is a leading provider of digital television entertainment in the United States (DIRECTV US) and Latin America (DIRECTV Latin America). Since February 2004, DIRECTV has focused on its direct-to-home satellite business, divesting its interests in other non strategic businesses, investments and assets, including its 80% interest in PamAmSat Corporation, its 55% interest in Hughes Software Systems and Hughes Network Systems, Inc. (DIRECTV's VSAT and set top receiver manufacturing business).

A brief description of each of DIRECTV's businesses is set out below:

DIRECTV US

DIRECTV US is the largest provider of direct-to-home digital satellite television services and the second largest multi-channel video programming distributor in the United States. DIRECTV US competes directly with one other direct-to-home satellite broadcaster (EchoStar Communications Corporation (EchoStar)), cable network operators and pay television services provided by telephony companies through their new fibre to the home networks.

DIRECTV distributes approximately 1,650 digital video and audio channels, including premium professional and collegiate sports programming such as the NFL Sunday Ticket package. DIRECTV believes that its quality programming is a key competitive advantage. As at 31 December 2006, DIRECTV US had 15.95 million subscribers and during the fourth quarter of 2006 it achieved an Average Revenue Per User (ARPU) of \$80.70 per month.

DIRECTV expanded its high definition programming in 2005 and by December 2006 offered high definition broadcasts of local channels in 49 United States markets. Its high definition offering includes ten national high definition channels and network high definition programming in certain local markets.

Programs are transmitted directly to customer's homes or businesses via a fleet of nine geosynchronous satellites. DIRECTV US has three additional satellites under construction, two of which are expected to be launched in 2007, enabling delivery of high definition programming to increase significantly and providing capacity for new interactive and enhanced services and standard definition programming.

DIRECTV US distributes programming through its proprietary distribution channels, national retailers and Regional Bell Operating Companies.

DIRECTV has had, since early 2004, a marketing alliance with BellSouth Corporation (BellSouth) to offer BellSouth customers in residential homes DIRECTV digital satellite television services bundled with BellSouth's voice and data offerings. However, the future of this agreement is uncertain following AT&T Inc's (AT&T) acquisition of BellSouth in December 2006, given that AT&T has an existing relationship with EchoStar. DIRECTV also has marketing alliances with Verizon Communications, Inc (Verizon) and Qwest Communications, Inc. (Qwest).

Recent initiatives have included agreements with Intel and Microsoft to enable remote access to DIRECTV programs with personal computers and handheld devices and an agreement with YES Network and MLB.com to offer the interactive television content for Major League Baseball.

Page 24

Table of Contents**DIRECTV Latin America**

DIRECTV Latin America is a leading provider of direct-to-home television services throughout Latin America and the Caribbean. As at 31 December 2006, DIRECTV Latin America had approximately 2.7 million subscribers in 28 countries and territories. Brazil, Venezuela, Argentina and Puerto Rico account for about 85% of customers. SKY Mexico, which is 41% owned by DIRECTV, had 1.4 million subscribers at 31 December 2006.

In October 2004, DIRECTV Latin America entered into a number of transactions with News Corp, Grupo Televisa S.A., Globo Comunicações e Participações S.A. and Liberty to combine the direct-to-home platforms in certain major territories in Latin America into a single platform in the region. In addition, these transactions enabled DIRECTV Latin America's local operating company in Brazil to merge with SKY Brazil and DIRECTV Latin America's local operating company in Mexico to sell its subscriber list to SKY Mexico and acquire an equity interest in SKY Mexico. In January 2007, DIRECTV acquired Darlene Investments LLC's 14.1% interest in DIRECTV Latin America for \$325 million (giving it 100% ownership). As a result of these transactions, DIRECTV Latin America owns approximately 74% of the merged business in Brazil, 41% of SKY Mexico and 100% of PanAmericana (which covers most of the remaining countries in the region).

Table of Contents

Analysis of DIRECTV's performance over the last four years is difficult given the changes that have occurred in the business over this period, including:

DIRECTV Latin America filing for reorganisation under Chapter 11 of the United States Bankruptcy Code in March 2003 and emerging from bankruptcy in February 2004, as a result of which it had reduced programming costs in the years ended 31 December 2004 and 2005;

DIRECTV's separation from General Motors Corporation in December 2003;

changes in accounting methods e.g. in January 2004, DIRECTV US changed its method of accounting for subscriber acquisition, upgrade and retention costs so that these costs were expensed as incurred. Previously, these costs had been deferred and amortised over the contract period;

the February 2004 announcement that DIRECTV would restructure the company to focus on its direct-to-home satellite business. This resulted in the sale of DIRECTV US's non strategic businesses during the years ended 31 December 2004 and 2005 and a reorganisation of DIRECTV Latin America in October 2004; and

changes in the way that the business is operated e.g. in March 2006, DIRECTV US introduced a set top receiver lease program for new and existing subscribers which has resulted in the capitalisation and depreciation of leased set top boxes over a period of approximately three years (rather than this cost being expensed immediately on activation).

Of greater relevance is the performance of DIRECTV's continuing businesses, DIRECTV US and DIRECTV Latin America:

DIRECTV US has reported strong growth over the last four years, with average annual growth in revenue and EBITDA of 21.3% and 49.9% respectively. This has been achieved through continued growth in subscribers and ARPU as a result of an expanded product offering (i.e. more markets with local channels, high definition programming, new content), an improved distribution network, an increase in the number of set top boxes per customer, the acquisition of the assets of Pegasus Satellite Television, Inc (in late 2004), stabilised subscriber acquisition costs (from 2005) and controlled subscriber retention and upgrade costs (from 2005). EBITDA

in the year ended 31 December 2006 was also assisted by the capitalisation of set top boxes under the new lease program. Over the last two years there has also been an emphasis on adding higher quality subscribers who purchase more advanced products and services (reflected in higher churn in the year ended 31 December 2005 due to involuntary churn from customers with low credit scores); and

DIRECTV Latin America has also reported strong growth over the last four years, with average annual growth in revenue of 19.2%. EBITDA has increased from a loss of \$86 million to a profit of \$244 million. Performance in the year ended 31 December 2003 was affected by poor economic conditions and political instability in several countries and the bankruptcy filing. The business turned around over the following two years, assisted by more stable economic conditions, a lower post bankruptcy cost structure and the restructuring of the business in October 2004. Performance in the years ended 31 December 2005 and 2006 was also assisted by gains from the SKY Mexico transaction (\$70 million in 2005 and \$57 million in 2006) and the completion of the SKY Brazil merger (\$61 million in 2006). DIRECTV Latin America consolidates SKY Brazil but SKY Mexico is treated as an equity affiliate.

No dividends have been paid by DIRECTV over the last four years.

4.3 Outlook

DIRECTV has not provided any forecasts of future earnings to the market, although it has indicated that the outlook is for significant cash flow growth. EBITDA growth of 15-20% for the year ending 31 December 2007 was suggested by management at the time of the release of the results for the year ended 31 December 2006. The launch of two additional satellites in late 2007, which will provide it with the ability to deliver a broader range of high definition programming and new interactive and enhanced services, will give DIRECTV US an advantage over its competitors in the medium term. In addition, DIRECTV Latin America has significant upside potential with the reorganisation of the business now complete.

The majority (approximately 68%) of DIRECTV's funds employed are goodwill and intangible assets. Intangible assets includes orbital slots, orbital licences, subscriber related intangibles, DIRECTV's dealer network and distribution rights. Subscriber related intangibles (from DIRECTV US's acquisitions in June 2004) represent over half of the intangible assets balance.

Gearing is relatively low at 14.2%, despite \$3.0 billion of cash being used to acquire shares under the stock repurchase program.

4.5 Capital Structure and Ownership

At 31 January 2007, DIRECTV had 1,228.1 million shares of common stock on issue.

Edgar Filing: NEWS CORP - Form DEF 14A

In February 2006, DIRECTV announced a \$3.0 billion stock repurchase program. This stock repurchase program was completed in February 2007. On 27 February 2007, DIRECTV announced that its Board had approved the repurchase of up to a further \$1.0 billion of its common stock (with no fixed termination date).

Source: Bloomberg

DIRECTV's share price fell in January 2003, following the announcement that DIRECTV Latin America had initiated discussions with programmers, suppliers and lenders to resolve issues that had affected its financial performance. DIRECTV reached its lowest share price over the last four years of \$9.40 on 12 March 2003, a few days before it announced that the DIRECTV Latin America business would file for bankruptcy protection. Over the next 12 months, DIRECTV's share price steadily increased as a result of a number of positive announcements including:

DIRECTV's distributor, National Rural Telecommunications Cooperative, agreeing to settle its four year litigation against DIRECTV on 12 August 2003;

an announcement by DIRECTV on 9 January 2004 that it had added a record 3 million gross and 1.2 million net new owned and operated subscribers during 2003; and

the May 2004 sale of its Hughes Network Systems set-top box manufacturing assets for \$250 million and up to \$400 million based on certain incentives.

DIRECTV's share price started to weaken in October 2004, following the announcement of increasing losses, and continued to fall until mid 2005 when the turnaround in the business became apparent following the release of DIRECTV's second quarter results for 2005. The share price increased to a high of \$17.01 in August 2005 before again retreating back to below \$14.00.

The share price began a recovery from February 2006, around the time of the release of DIRECTV's results for the year ended 31 December 2005 which coincided with its announcement of a \$3 billion share repurchase program. Since then, DIRECTV's share price has continued to rise, reaching a high of \$25.57 on 15 December 2006. The rise in the share price over this period is likely to be attributable to both improving fundamentals and the potential for corporate transactions. Notable events during this period include:

the May 2006 announcement of first quarter results for 2006 including a 14% increase in revenue to \$3.2 billion and EBITDA more than doubling to \$545 million;

Table of Contents

rumours in July 2006 of a merger between DIRECTV and EchoStar;

the August 2006 announcement of second quarter results for 2006 including a 10% increase in revenue to \$3.5 billion and a tripling of profits compared to 2005. DIRECTV also announced the acquisition of a 59.7% interest in SKY Brazil in August 2006;

rumours of a possible transaction involving the sale of News Corp's interest in DIRECTV to Liberty on 14 September 2006;

the November 2006 announcement of third quarter results for 2006 including a 13% increase in revenue. It was also announced in November 2006 that DIRECTV would be added to the S&P 500 Index from 1 December 2006, which resulted in heavy demand for DIRECTV shares as fund managers reweighted their portfolios (over 120 million shares were traded that day);

an article in the *New York Times* on 7 December 2006 speculating about the terms of a transaction between News Corp and Liberty involving News Corp's investment in DIRECTV; and

the announcement of the Proposed Exchange on 22 December 2006.

The DIRECTV share price retreated to around \$24.00 subsequent to the announcement of the Proposed Exchange, bounced back to over \$25.00 (and as high as \$26.09) following the release of the results for the year ended 31 December 2006 and then fell again, to below \$23.00.

The following graph illustrates the performance of DIRECTV shares since 1 January 2003 relative to the S&P Supercomposite Broadcasting & Cable Television Index and the S&P 500 Media Index:

Source: Bloomberg

DIRECTV's share price has outperformed both the S&P Supercomposite Broadcasting & Cable Television Index and S&P 500 Media Index over the last four years. This in part reflects a combination of DIRECTV's position as market leader in the direct broadcast satellite segment and the turnaround in its performance over this period. Over the last six months, the DIRECTV share price has deviated further from both indices, probably on the back of record results announcements over this period as well as market speculation of a transaction involving News Corp's interest in DIRECTV.

5 Profile of the RSN Subsidiaries

5.1 Overview

News Corp owns 15 RSNs and a national sports network and is affiliated with a further six RSNs. These networks are collectively referred to as Fox Sports Net and are part of News Corp's cable network programming business. Fox Sports Net is the largest RSN programmer in the United States, collectively reaching approximately 85 million United States households and telecasting games for 64 of the 82 United States professional sports teams in Major League Baseball (MLB), the National Basketball Association (NBA) and the National Hockey League (NHL) as well as various collegiate and high school events.

The RSNs have long term rights agreements with 21 MLB teams, 23 NBA teams and 20 NHL teams, as well as the Big 12, Atlantic Coast Conference (ACC) and Pac Ten collegiate conferences. Each RSN has contracts with teams within its broadcast area. In addition to regional programming, each RSN telecasts a national programming line-up provided by Fox Sports Net including live events, studio shows and original programming. Each RSN pays a per subscriber fee for national programming.

Cable and satellite broadcasters affiliated with the RSNs include Comcast Corporation (Comcast), DIRECTV, EchoStar, Time Warner Inc. (Time Warner), Charter Communications, Inc. (Charter) and Cable One, Inc. (Cable One). Affiliation rates per subscriber are negotiated with each broadcaster by the RSNs, although these rates are influenced to some extent by the broader distribution negotiations with other Fox Sports Net programming.

The RSNs that will be transferred to Liberty as part of the Proposed Exchange are FSN Northwest, FSN Pittsburgh and FSN Rocky Mountain. At 31 December 2006, the RSN Subsidiaries collectively reached approximately 7.8 million subscribers. An overview of the RSN Subsidiaries is set out below:

Note: numbers may not add due to rounding

The RSN Subsidiaries generate the majority of their revenue from fees paid by affiliates and the largest operating expense is programming rights payments, which represents the majority of total operating costs.

While the operating performance of the RSN Subsidiaries shows a decline in EBITDA in the year ended 30 June 2006, this results from the combination of a number of events that impacted operating performance in the year ended 30 June 2005, in particular:

the cancellation of the 2004/05 NHL season for all teams, including the *Pittsburgh Penguins* ice hockey team as a result of an unresolved labour dispute, which resulted in a loss of advertising revenue and a substantial decline in programming rights payments and production costs in the year ended 30 June 2005 (but with a relatively minimal impact on affiliate revenue);

FSN Rocky Mountain lost the rights to televise the games of the *Colorado Avalanche* ice hockey team and the *Denver Nuggets* basketball team from the year ended 30 June 2005 when the owners of these teams established their own programming channel. This resulted in a loss of affiliate and advertising revenue but this was more than offset by a decline in programming rights payments and production costs; and

FSN Northwest entering into a long term programming rights agreement with the *Seattle Supersonics* basketball team from the beginning of the 2005 season and also acquiring the rights

Table of Contents

to carry the *Portland Trailblazers* basketball team following the shutdown of the team's own RSN in the 2003 season. These agreements increased programming rights payments and production costs from the year ended 30 June 2005 onwards, although affiliate revenue also increased.

As a result of these events, affiliate revenue was relatively flat in the year ended 30 June 2005 and advertising revenue declined in the years ended 30 June 2005 and 2006, although this was more than offset by a decline in programming rights payments and production costs in the year ended 30 June 2005. The operating performance in the year ended 30 June 2006 is more indicative of the underlying performance of the RSN Subsidiaries.

The figures shown above reflect the operation of the RSN Subsidiaries as part of the larger Fox Sports Net group. A number of services are provided to the RSN Subsidiaries at the group level, including marketing, advertising and sales (national sales are through a national sales office and local sales have been conducted through an agreement with the local FOX television affiliate), technical services (e.g. uplink, engineering, master control, content library), satellite transponders and corporate services. The cost of providing these services is allocated to the RSN Subsidiaries (or in the case of advertising and sales, a commission is charged) and this is reflected in the above figures, except for corporate services (e.g. executive management, website management and development, sales, human resources, information technology, financial reporting, legal services, treasury and billings and collections), which have been excluded from these figures. Corporate services charges have been estimated by management of News Corp at \$2.0-2.5 million per year for each network (i.e. a total of \$6.0-7.5 million for the RSN Subsidiaries).

5.3 Outlook

The demographics and economic outlook for the RSN Subsidiaries vary. Strong growth is expected in Colorado and Utah, the major states covered by FSN Rocky Mountain, although it is a relatively small market. Above average growth is forecast in Washington and Oregon in the northwest. In contrast, the outlook is relatively weak in Pennsylvania, where the population of Pittsburgh is falling and has unfavourable socio economic characteristics (higher median age and lower median income). However, the Pennsylvania market shows a strong interest in sports programming.

In addition, each of the RSNs faces different competitive environments. FSN Northwest and FSN Pittsburgh have no affiliated (i.e. FOX) television station, which limits cross promotion and packaging opportunities. The market in Pittsburgh is also extremely competitive as local free to air television stations focus heavily on sport. FSN Rocky Mountain only broadcasts the games of the *Colorado Rockies* baseball team and the *Utah Jazz* basketball team. It faces a direct broadcast competitor which holds the rights to the *Denver Nuggets* basketball team and the *Colorado Avalanche* ice hockey team.

However, offset against the demographics and competitive environments is the opportunity to materially increase affiliation income on renewal of affiliate contracts over the next 4-5 years. Renegotiations that have taken place to date have shown increases in per subscriber fees, which in part reflect the popularity of individual sports teams. These renegotiations should support earnings growth over the next few years.

Note: numbers may not add due to rounding

The funds employed by the RSN Subsidiaries primarily represent investment in working capital and sports rights.

Working capital includes advertising sales and affiliate fees receivable and inventories of and accruals for sports rights and production costs. Working capital is subject to large swings month to month as the RSN Subsidiaries are paid by the affiliates 60 days in arrears.

Sports rights represent up front payments made to sports teams which are capitalised and amortised over the terms of the agreements. These up front payments are negotiated as part of the overall agreement with the teams and are in addition to the annual payments received.

The RSN Subsidiaries have a very minimal investment in property, plant and equipment.

The cash, intercompany balances and notes receivable will be cleared and distributed out of the RSN Subsidiaries as part of the Proposed Exchange.

6 Valuation of the RSN Subsidiaries

6.1 Summary

For the purposes of this report, the RSN Subsidiaries have been valued at \$480-580 million. This valuation range represents an overall judgement having regard to:

multiples of historical and forecast EBITDA. The valuation implies multiples of 17-21 times EBITDA for the year ended 30 June 2006, although the implied multiples of forecast EBITDA are considerably lower;

value per subscriber. The value represents approximately \$61-74 per subscriber as at 31 December 2006; and

a discounted cash flow analysis based on cash flow projections up to the year ending 30 June 2014.

The multiples of EBITDA and value per subscriber are relatively high compared to those in precedent transactions involving other regional sports networks. While the businesses of the RSN Subsidiaries each face challenges in terms of demographics or the certainty/extent of programming rights contracts, they also have features that warrant higher multiples, in particular, the anticipated growth in earnings over coming years as affiliate agreements are renegotiated. On balance the multiples are considered reasonable.

The cash flows in the discounted cash flow analysis are based on the RSN Subsidiaries Projections. These projections reflect existing contractual arrangements until expiry and then make specific allowance for potential increases in affiliate fees and professional rights fees (assuming the RSN Subsidiaries were stand alone businesses not owned by News Corp). The ungeared cash flows were discounted at weighted average cost of capital (WACC) of 10.0-10.5% and assuming a terminal value at 30 June 2014 based on the perpetuity formula and a nominal terminal growth rate of 3%. However, it should be noted that the cash flow projections do not take account of any of the specific risks facing the businesses.

The RSN Subsidiaries are being sold on a tax-free basis. The value of \$480-580 million would be equivalent to realising a value of more than \$785 million in any alternative transaction where tax was payable.

It should be noted that the RSN Subsidiaries represent a relatively small proportion of the overall value of the transaction (around 5%) and any variation in value would not have a material impact on the assessment of the Proposed Exchange.

6.2 Methodology

6.2.1 Overview

The most reliable evidence as to the value of a business is the price at which the business or a comparable business has been bought and sold in an arm's length transaction. In the absence of direct market evidence of value, estimates of value are made using methodologies that infer value from other available evidence. There are four primary valuation methodologies that are commonly used for valuing businesses:

capitalisation of earnings or cash flows;

discounting of projected cash flows;

Page 36

Table of Contents

industry rules of thumb; and

estimation of the aggregate proceeds from an orderly realisation of assets.

Each of these valuation methodologies has application in different circumstances. The primary criterion for determining which methodology is appropriate is the actual practice adopted by purchasers of the type of business involved.

In determining a value for the RSN Subsidiaries, Grant Samuel has placed emphasis on the comparison of the EBITDA multiples implied by the valuation range to the EBITDA multiples calculated from an analysis of transactions involving comparable businesses. Grant Samuel has also calculated net present values by discounting expected future cash flows. This methodology is able to explicitly capture the impact of the renegotiation of affiliate agreements and programming rights agreements. However, the discounted cash flow valuation is extremely sensitive to the assumptions adopted. Relatively small changes in variables can cause significant changes in net present values, particularly where cash flows are discounted over a short period of time. As a consequence, the range of values that can be attributed can be very wide using assumptions which are individually quite reasonable. It is necessary to overlay commercial judgement.

6.2.2 Capitalisation of Earnings or Cash Flows

Capitalisation of earnings or cash flows is the most commonly used method for valuation of industrial businesses. This methodology is most appropriate for industrial businesses with a substantial operating history and a consistent earnings trend that is sufficiently stable to be indicative of ongoing earnings potential. This methodology is not particularly suitable for start-up businesses, businesses with an erratic earnings pattern or businesses that have unusual capital expenditure requirements. This methodology involves capitalising the earnings or cash flows of a business at a multiple that reflects the risks of the business and the stream of income that it generates. These multiples can be applied to a number of different earnings or cash flow measures including EBITDA, EBIT or net profit after tax. These are referred to respectively as EBITDA multiples, EBIT multiples and price earnings multiples. Price earnings multiples are commonly used in the context of the sharemarket. EBITDA and EBIT multiples are more commonly used in valuing whole businesses for acquisition purposes where gearing is in the control of the acquirer.

Where an ongoing business with relatively stable and predictable cash flows is being valued, Grant Samuel uses capitalised earnings or operating cash flows as a primary reference point.

Application of this valuation methodology involves:

estimation of earnings or cash flow levels that a purchaser would utilise for valuation purposes having regard to historical and forecast operating results, non-recurring items of income and expenditure and known factors likely to impact on operating performance; and

consideration of an appropriate capitalisation multiple having regard to the market rating of comparable businesses, the extent and nature of competition, the time period of earnings used, the quality of earnings, growth prospects and relative business risk.

The choice between EBITDA and EBIT is usually not critical and should give a similar result. All are commonly used in the valuation of industrial businesses. EBITDA can be preferable if depreciation or non-cash charges distort earnings or make comparisons between companies

difficult.

Table of Contents

Determination of the appropriate earnings multiple is usually the most judgemental element of a valuation. Definitive or even indicative offers for a particular asset or business can provide the most reliable support for selection of an appropriate earnings multiple. In the absence of meaningful offers it is necessary to infer the appropriate multiple from other evidence.

The usual approach is to determine the multiple that other buyers have been prepared to pay for similar businesses in the recent past. However, each transaction will be the product of a unique combination of factors, including:

economic factors (eg. economic growth, inflation, interest rates) affecting the markets in which the company operates;

strategic attractions of the business its particular strengths and weaknesses, market position of the business, strength of competition and barriers to entry;

rationalisation or synergy benefits available to the acquirer;

the structural and regulatory framework;

investment and sharemarket conditions at the time; and

the number of competing buyers for a business.

A pattern may emerge from transactions involving similar businesses with sales typically taking place at prices corresponding to earnings multiples within a particular range. This range will generally reflect the growth prospects and risks of those businesses. Mature, low growth businesses will, in the absence of other factors, attract lower multiples than those businesses with potential for significant growth in earnings.

6.2.3 Discounted Cash Flow

Discounting of projected cash flows has a strong theoretical basis. It is the most commonly used method for valuation in a number of industries and for the valuation of start-up projects where earnings during the first few years can be negative. Discounted cash flow valuations involve calculating the net present value of expected future cash flows. This methodology is able to explicitly capture the effect of a turnaround in the business or significant changes expected in capital expenditure patterns. The cash flows are discounted using a discount rate which reflects the risk associated with the cash flow stream.

Considerable judgement is required in estimating future cash flows and it is generally necessary to place great reliance on medium to long term projections prepared by management. The discount rate is also not an observable number and must be inferred from other data (usually only historical). None of this data is particularly reliable so estimates of the discount rate necessarily involve a substantial element of judgement. In addition, even where cash flow forecasts are available, the terminal or continuing value is usually a high proportion of value. Accordingly, the multiple used in assessing this terminal value becomes the critical determinant in the valuation (i.e. it is a *de facto* cash flow capitalisation valuation). The net present value is typically extremely sensitive to relatively small changes in underlying assumptions, few of which are capable of being predicted with accuracy, particularly beyond the first two or three years. The arbitrary assumptions that need to be made and the width of any value range mean the results are often not meaningful or reliable. Notwithstanding these limitations, discounted cash flow valuations are

Edgar Filing: NEWS CORP - Form DEF 14A

commonly used in valuing industrial companies and can at least play a role in providing a check on alternative methodologies, not least because explicit and relatively detailed assumptions as to expected future performance need to be made.

Page 38

Table of Contents**6.2.4 Industry Rules of Thumb**

Industry rules of thumb are used in some industries. These are generally used by a valuer as a cross check of the result determined by a capitalised earnings valuation or by discounting cash flows. While they are only used as a cross check in most cases, industry rules of thumb can be the primary basis on which buyers determine prices in some industries. Value per subscriber is commonly used in the subscription television industry as an indicator of value. However, it should be recognised that rules of thumb are usually relatively crude and prone to misinterpretation.

6.3 Earnings Multiples Analysis**Summary**

The valuation of the RSN Subsidiaries of \$480-580 million implies the following multiples:

RSN Subsidiaries Implied Multiples

	Parameter (\$ millions)	Implied Multiple	
		Low (times)	High (times)
Multiple of EBITDA			
Year ended 30 June 2006	28.2	17.0	20.6
Multiple of EBITDA (adjusted¹⁵)			
Year ended 30 June 2006	21.5	22.4	27.0

Grant Samuel has also considered the implied multiples of EBITDA for the RSN Subsidiaries for the year ending 30 June 2007.

Market Evidence and Commentary

The detailed market evidence is set out in Appendix 2. There have been a number of acquisitions of regional sports networks over the last decade, although reliable information on these transactions is difficult to source as many of them have been part of a larger transaction or the financial terms of the transactions have not been disclosed. Most of the available information is based on estimates by market commentators. However, in the absence of any more transparent data, this information does provide some guidance.

The transaction evidence shows that forecast EBITDA multiples have been in excess of 10 times and most have been in the range 15-20 times. The corresponding historical EBITDA multiples would be higher. The valuation of the RSN Subsidiaries implies relatively high multiples of historical EBITDA (particularly after allowing for corporate costs) compared to precedent transactions involving other regional sports networks. The implied multiples of forecast EBITDA are more consistent with the transaction evidence, although also at the high end (particularly after allowing for corporate costs).

The RSN Subsidiaries have features that warrant attractive multiples:

sports programming is a key property for distributors; and

management anticipates strong growth in earnings over the coming years as affiliate contracts are renewed (while professional rights contracts remain on existing terms for longer periods).

¹⁵ The adjusted EBITDA multiple includes an allowance for corporate costs that is not reflected in the operating performance of the RSN Subsidiaries.

Table of Contents

On the other hand each of these regions faces its own challenges:

FSN Pittsburgh faces a declining population and a soft local economy (albeit one where there is solid demand for sports programming) as well as strong competition from local broadcast television networks;

FSN Northwest faces some uncertainty over the future of the programming rights agreement with the *Seattle SuperSonics* due to the possible relocation of the team to another city; and

FSN Rocky Mountain has exclusive rights only for the *Colorado Rockies* baseball team and the *Utah Jazz* basketball team. It faces a direct broadcast competitor holding rights to the *Colorado Avalanche* ice hockey team and the *Denver Nuggets* basketball team.

Taking all of these factors into account, the multiples implied by the value attributed to the RSN Subsidiaries are considered reasonable.

6.4 Discounted Cash Flow Analysis

Grant Samuel has prepared a high level discounted cash flow analysis of the RSN Subsidiaries using the RSN Subsidiaries Projections. It should be noted that the RSN Subsidiaries Projections have been prepared on the basis that the RSN Subsidiaries are a stand alone business (i.e. not part of the larger Fox Cable group). This has particular implications for the assumptions made in relation to the renewal rates achieved on renegotiation of the affiliate agreements. As part of Fox Sports Net, the affiliate agreements of the RSN Subsidiaries are renegotiated to achieve the best outcome for the whole Fox Cable group. On a stand alone basis, this overriding group objective would not apply and the owner would be able to negotiate on the basis of achieving the best outcome for the RSN Subsidiaries.

The main features of the model include the following:

annual growth in affiliate fees per subscriber as provided for in the individual affiliate agreements. Renewal of the affiliate agreements is due to take place over the period from 2008 to 2012. The assumed increase in affiliate rates on renewal varies from distributor to distributor;

average growth in subscribers in line with population growth forecasts for the relevant regions;

advertising revenue is based on the number of games televised with the rate per game increasing annually;

professional programming rights fees are based on the contractual arrangements in place, with increases in rights fees assumed on renewal of the programming rights of key teams during the period of the model. Specific allowance has been made for the arrangements entered into by FSN Northwest and the *Seattle Mariners* baseball team in relation to the extension of FSN Northwest's telecast rights (to the extent that these differed from what had been assumed in the RSN Subsidiaries Projections);

Fox Sports Net programming fees are based on an inflation adjusted rate per subscriber;

Edgar Filing: NEWS CORP - Form DEF 14A

most other expenses grow by 4% per annum, with some additional costs allowed for extra high definition telecasts;

working capital of \$300,000 per annum, growing in line with growth in revenue;

capital expenditure of \$600,000 per annum, growing at 4% per annum;

a corporate tax rate of 38.9%;

a discount rate of 10.0-10.5% is applied to ungeared after tax nominal cash flows. The discount rate is a WACC that has been calculated assuming:

Table of Contents

a cost of equity of 10.9-11.4% calculated utilising the Capital Asset Pricing Model (CAPM). The variables selected were a risk free rate of 4.8%, a market risk premium of 5.5% and a beta factor of 1.1-1.2;

a pre tax cost of debt of 5.8%; and

a debt to value ratio of 10%; and

the model runs from 1 January 2007 to 30 June 2014 with a terminal value. The terminal value at 30 June 2014 is based on the perpetuity formula and a nominal terminal growth rate of 3%.

The output of the discounted cash flow model is substantially above the \$480-580 million value attributed to the RSN Subsidiaries. However, the increases in affiliate fees incorporated into the model have not been tested (although management has indicated that renewals of certain RSN affiliate agreements have been accompanied by roughly comparably increases in fees). Realistically, a purchaser of the businesses would not pay this amount to acquire the RSN Subsidiaries as the purchaser would have to do all of the work to negotiate these increases and achieving them is far from certain.

The value attributed to the RSN Subsidiaries is also restrained by:

the implied multiples of current earnings which, even at \$480-580 million are high compared to precedent transactions; and

the specific risks associated with the RSN Subsidiaries that are not captured in the projected cash flows, including the permanent or temporary loss of teams through relocation, moving to an alternative network or cancellation of a season. The RSN Subsidiaries have experienced these events in the past (albeit, rarely), and their impact on the earnings and value of the RSN Subsidiaries is very substantial. Theoretically, these specific risks should be captured by utilising a number of different scenarios that modelled these possibilities (and assigned probabilities). However, these were not available. An alternative would be to utilise a materially higher discount rate.

To generate Grant Samuel's estimated value of the RSN Subsidiaries, an average step up in assumed affiliate fees per subscriber at the time of renewal of approximately 20% is required. This is above the annual growth in affiliate fees per subscriber that is generally built into affiliate agreements during their terms, but is conservative relative to what could potentially be achieved by the RSN Subsidiaries at expiration.

6.5 Value per Subscriber

The valuation of the RSN Subsidiaries of \$480-580 million implies a value per subscriber at 31 December 2006 of \$61.44-74.24.

The detailed market evidence is set out in Appendix 2. The transaction evidence shows that value per subscriber has been in a very wide range from as low as \$17 to well above \$100. Higher values per subscriber have been paid for businesses in large, attractive markets (e.g. the Madison Square Garden Network) and for strategically important acquisitions (e.g. the June 1997 acquisition of a 40% interest in Rainbow Media Holdings, Inc. which was used to launch a national cable sports network and programming and advertising partnership). Much lower values per subscriber are paid for networks that do not televise live sport (e.g. Classic Sports Network) or do not have a major team as a drawcard (e.g. CSTV).

The RSN Subsidiaries operate in reasonably small markets that each face challenges, but they also have some very attractive features (which are outlined in Section 6.3). While they would not expect to achieve values per subscriber at the top end of the range, they are clearly more attractive businesses than some of the comparable transactions. On this basis, the implied value per subscriber of \$61.44-74.24 is considered reasonable.

7 Evaluation of the Proposed Exchange

7.1 Summary

The Proposed Exchange resolves two issues for News Corp in an expeditious and tax effective manner that can be expected to result in net benefits for News Corp shareholders. Those issues are:

Liberty's 16.2% shareholding in News Corp including its 19.1% holding of Class B (voting) shares. The acquisition by Liberty of an additional 8% of News Corp's Class B shares in November 2004 resulted in the adoption by News Corp of the shareholder rights plan and created uncertainty for investors about Liberty's future intentions and market concerns about the potential overhang of stock; and

News Corp management's belief that the DIRECTV business faces long term strategic, technological and competitive challenges.

These two issues have the potential to become significant over time.

The net effect of the Proposed Exchange is that News Corp shareholders are trading their underlying DIRECTV interest for an increase (of approximately 20%) in their interest in News Corp's other businesses. Management believes these businesses have better growth prospects than those of DIRECTV over the longer term.

Based on recent market prices of News Corp shares and DIRECTV shares (and using the midpoint of the estimated value of the RSN Subsidiaries), the value exchange has slightly favoured Liberty (depending on the period utilised), although based on closing share prices on 23 February 2007, there is a net gain to News Corp. However, market prices give an incomplete picture of the transaction and a number of other considerations bear upon the overall judgement as to whether the Proposed Exchange is in the interests of shareholders:

there are factors that suggest News Corp shares have been trading at below intrinsic value (and the transaction may remove impediments to them reaching that value). In contrast, the DIRECTV share price appears to incorporate an element of expectation about future corporate transactions or other developments. Having regard to the market rating of News Corp relative to its peers, analyst community views and other factors, Grant Samuel believes it is reasonable to argue that the intrinsic values of News Corp and DIRECTV are such that there is a net value benefit to News Corp shareholders;

realisation of News Corp's DIRECTV interest was otherwise a possibility at some stage over the next two to three years. Any alternative method of realisation would almost certainly involve payment of tax, substantially reducing the net proceeds. Based on the volume weighted average price of News Corp's shares for the month to 23 February 2007, the implied sale price for the DIRECTV stake is \$23.58 per share (i.e. slightly below DIRECTV's market price over the same period of \$24.24). However, this price is equivalent to a sale price for the DIRECTV interest of approximately \$29.40 to any other party when allowance is made for the tax that would be payable by News Corp;

a repurchase of a large volume of stock (such as Liberty's 16.2% interest in News Corp) usually requires a premium above prevailing market prices. If the DIRECTV share price of \$24.24 is used as the benchmark, the implied (blended¹⁶) price for repurchasing the News Corp shares is \$24.42, a premium of less than 3% to the actual blended share price; and

¹⁶ Based on Liberty's mix of Class A and Class B shares.

Page 42

Table of Contents

there are a number of other benefits for News Corp and its shareholders:

increased exposure for all remaining shareholders to the core News Corp businesses;

increased voting power for non associated shareholders (to approximately 60%);

accretion in earnings per share of approximately 8-10%;

increased free cash flow (in absolute terms) and a higher proportion of free cash flow;

a reduction in the extent of partly owned assets (i.e. a higher proportion of consolidated businesses);

freeing up of substantial cash resources to pursue acquisitions or further stock repurchases;

elimination of the shareholder rights plan and possible removal of the classified board structure;

removal of any perceived overhang in News Corp shares caused by Liberty's ownership interest; and

elimination of management time spent on DIRECTV related issues.

There are some disadvantages and risks. These primarily relate to the increase in the percentage of the Class B (voting) shares held by the Murdoch Interests (from 31.2% to 38.6%). The consequences include a possible reduction in the prospects of receiving a takeover offer from Liberty or any other party and an increase in relative voting power of the Murdoch Interests as News Corp's largest shareholder. However, the practical impact of these issues is relatively minor and does not outweigh the benefits.

Accordingly, it is Grant Samuel's judgement that News Corp shareholders are likely to be better off if the Proposed Exchange proceeds than if it does not. On this basis, the Proposed Exchange is fair and reasonable.

7.2 Background

The rationale for the Proposed Exchange has its genesis in two separate issues, the future of Liberty's interest in News Corp and the long term prospects for DIRECTV, both of which have the potential to become more significant over time.

Liberty Shareholding

Edgar Filing: NEWS CORP - Form DEF 14A

Liberty has held a stake in News Corp for some years but in November 2004 it took advantage of a window of opportunity to increase its holding of Class B (voting) shares and convert some of its holding of Class A (non voting) shares to Class B (voting) shares, giving it a 19% interest in News Corp's Class B shares. This action was not discussed with News Corp in advance. In response, News Corp adopted its shareholder rights plan. In October 2006, News Corp shareholders approved an extension of the shareholder rights plan to October 2008.

While Grant Samuel has no specific knowledge of Liberty's intentions or plans, it is reasonable to assume that this shareholding situation would not remain unchanged indefinitely given that:

Liberty has publicly stated an objective of becoming more of an operating company rather than an investment company;

Table of Contents

Liberty's shareholding in News Corp has a market value of approximately \$12 billion compared to its own market capitalisation of around \$29 billion. The investment is Liberty's largest single asset but it has no representation on the News Corp board;

the interest represents 19% of the voting stock of News Corp but the Murdoch Interests hold over 30% and Mr Murdoch is the Chairman and Chief Executive Officer of News Corp;

Liberty arguably does not have the financial capacity to launch a takeover bid on its own for News Corp. While it could join with others to do so, the development of such a transaction would face significant challenges; and,

News Corp's shareholder rights plan effectively prevents Liberty from acquiring any additional shares.

It is therefore likely that Liberty would seek to exit its News Corp investment at some stage although there is no particular pressure on Liberty to do so. Any number of alternative exits may have been possible but, in the light of the Murdoch Interests' 31.2% shareholding, it was most probably going to take the form of:

sale of its interest to a third party;

sale of its interest through the stock market; or

News Corp repurchasing the shares, for cash or in exchange for assets (or some combination thereof).

Some public comments indicate the latter was of specific interest to Liberty and there have been discussions between Liberty and News Corp around these possibilities since 2004. However, in the absence of agreement on a transaction with News Corp, a sale through the market would have been a distinct possibility (a sale to a third party being a relatively remote prospect). Although such a sale would have had its own drawbacks for Liberty (e.g. the ability to execute a trade of this order of magnitude and adverse tax consequences), it may nevertheless have become the only practical option. A sale of the interest through the market would put considerable downward pressure on the News Corp stock price and could have material adverse consequence for News Corp shareholders (particularly those seeking to sell in the short term). Accordingly, some form of agreed repurchase transaction offered a means of avoiding this outcome.

In recent years, News Corp has been actively repurchasing stock which it considered to be beneficial to remaining shareholders. A repurchase of Liberty's interest offered the opportunity to execute a substantial repurchase in a single transaction.

An asset deal rather than a cash repurchase was also attractive because it would preserve News Corp's cash resources for pursuing acquisitions and other growth opportunities (or even additional repurchases).

DIRECTV

Edgar Filing: NEWS CORP - Form DEF 14A

News Corp acquired its interest in DIRECTV in December 2003 after a prolonged period of engagement. The acquisition complemented its satellite broadcasting interests in other regions of the world and DIRECTV was perceived to be a potentially valuable ally in launching new cable channels.

Since News Corp acquired its interest, DIRECTV has performed well:

subscriber numbers have continued to grow and at 31 December 2006 totalled approximately 18.7 million (excluding DIRECTV's share of SKY Mexico subscribers);

Page 44

Table of Contents

profitability and cash flow have improved substantially; and

the Latin American business has been successfully restructured.

The business remains very well positioned in terms of its core video product which is regarded as one of the premier offerings in the United States. DIRECTV is in the process of expanding its high definition digital offering. By the end of 2007 it anticipates being able to offer 150 national and 1,500 local high definition channels.

However, there have been a number of developments in the market since December 2003 which have implications for the business:

broadband penetration in the United States has escalated rapidly from less than 15% of households in 2002 to more than 40% of total households today (and almost 70% of internet households). This trend is expected to continue as high bandwidth applications continue to evolve;

cable television operators have been investing heavily to upgrade analogue services to digital so that they can provide triple play services (television, broadband and telephony) in a bundled package. Typically, these bundled offerings offer a significantly lower total cost to the consumer. Bundled packages have been growing rapidly as a proportion of the market in recent years and there is some evidence that they have contributed to a reversal of the decline in subscribers for some cable operators that had been occurring for some years; and

telephony companies are investing heavily in upgrading their networks to provide broadband services using fibre to the home (such as the FiOS service offered by Verizon). These fibre networks are able to provide high quality digital video as well as broadband and telephony enabling them to also provide a triple play service (and even a quadruple play with mobile telephony). This business is growing rapidly, albeit from a very low base.

DIRECTV's existing technology (while very efficient at one way delivery of quality video) is not able to provide interactive broadband (or telephony services). Advanced services such as true video on demand also pose significant technical difficulties (although there are some halfway solutions). Accordingly, DIRECTV currently has no triple play offering (although it does have a bundled video/telephony package through alliances with BellSouth, Verizon and Qwest).

These developments create a significant strategic challenge for DIRECTV, if not immediately then certainly within the next few years. There are reasons why DIRECTV may successfully meet this challenge:

notwithstanding the attractions of bundling, it is arguable that many consumers (particularly the more affluent) will want best of breed providers of the three services and certainly will not want to sacrifice the quality of their television service for the sake of a cheaper bundled broadband or telephone service. DIRECTV's position as arguably the premier multichannel video distributor will provide important protections in this regard. Bundled offerings are still a relatively small proportion of the market;

cable operators face substantial expenditure requirements and other hurdles if they are to provide the quantity of high definition services to match DIRECTV's planned capacity at the end of 2007;

Edgar Filing: NEWS CORP - Form DEF 14A

it will be many years (and maybe never, given that they operate in designated regions) before telephony companies can provide a nationwide television service. Verizon's FiOS service is expected to be concentrated only on selected markets for at least the next five years;

Table of Contents

a bundled triple play package could be provided through marketing partnerships with telephony companies; and

there are opportunities to develop an equivalent triple play service using emerging wireless technologies such as WiMax or other new technologies (which could leapfrog existing wireline capabilities) to provide broadband services. A wireless solution such as WiMax offers the possibility of rolling out a virtual national broadband network on a cost effective basis. DIRECTV continues to actively examine its options for broadband wireless technologies.

However, over the last 18 months, News Corp has become increasingly focused on the competitive positioning of DIRECTV and its long term prospects. Its main concerns include:

the apparent success and rapid growth of bundling. While it may not be having a major impact on subscriber or ARPU growth yet, it is likely to do so;

the limitations of marketing partnerships which are vulnerable to changing circumstances and priorities. For example, DIRECTV's current partner BellSouth has recently been acquired by AT&T which has an existing relationship with EchoStar and Verizon has developed its own video capabilities;

WiMax is an unproven technology and there is no certainty of finding an effective investment opportunity on acceptable terms; and

DIRECTV is vulnerable to one of the major telephony companies acquiring EchoStar.

In addition, the benefits to News Corp from the relationship in terms of rolling out new channels have largely been realised and are not expected to be substantial going forward.

In the light of these issues and risks, News Corp has been considering the future of its investment in DIRECTV and, while no decision had been made, realisation of the investment in some manner was a realistic possibility within the foreseeable future.

In this context, DIRECTV needs to be clearly distinguished from BSkyB and SKY Italia. While both of these are also direct-to-home satellite television distribution businesses, their markets have very different structures. In both cases, major telephony operators must provide access to their networks to other service providers (for a fee). Accordingly, BSkyB and SKY Italia have the capacity to provide their own triple play services.

7.3 Value Analysis

Market prices provide a fundamental base for assessing the value implications of the Proposed Exchange. Both News Corp and DIRECTV are large listed companies that are followed by a wide range of analysts and are extensively traded on the NYSE. News Corp has a market capitalisation of \$78 billion while DIRECTV is capitalised at approximately \$28 billion. It is reasonable to work from a starting point that market prices reflect the fully informed consensus view of the fair market value of the securities at any point in time.

Edgar Filing: NEWS CORP - Form DEF 14A

The following table shows the relative value exchanges based on market prices at various dates and over various periods (and assuming that the RSN Subsidiaries have a value equal to the mid point of Grant Samuel's value range). At one level, the latest prices are the most relevant as the market is now fully informed about the terms of the transaction and both companies have recently released results for periods up to 31 December 2006. However, it can also be argued that pre transaction prices are important benchmarks. Unfortunately, the prices of both companies have been affected by speculation about the Proposed Exchange for a considerable period of time (since mid 2006). Grant Samuel has therefore examined prices in periods immediately prior to:

Table of Contents

17 July 2006, the date of press speculation about a potential merger between DIRECTV and EchoStar;

14 September 2006, the date rumours appeared concerning the possible inclusion of DIRECTV in any transaction with News Corp;

7 December 2006, the date of a detailed report in the *New York Times* speculating about the terms of the transaction; and

22 December 2006, the date of the announcement of the Proposed Exchange (although as most of the details were already public, the prices are not pre speculation prices).

The net value implications for News Corp shareholders based on these prices are shown below:

The analysis shows a range of outcomes from a net gain for News Corp to a net deficit depending on the time period examined. Based on current prices, the net gain is approximately \$450 million. However, the net position will continue to fluctuate daily and the evidence indicates that for most periods there is a net deficit in market value terms for News Corp shareholders.

While the market prices are a useful starting point for value analysis, there are a number of other issues that need to be taken into account. Grant Samuel has considered whether News Corp and DIRECTV may be trading at prices that do not reflect intrinsic value. Prima facie, the market price should represent the market's consensus view of the intrinsic value. However, there can be circumstances

which cause the two to diverge. This may be because the market does not have access to the internal forecasts of a company and may (collectively) have a different view about future cash flows (higher or lower). Sometimes there may be other factors at play such as speculation about major corporate events or unusual market trading conditions.

In this case, there are some matters which suggest that:

News Corp shares have been trading at less than their intrinsic value; and

DIRECTV shares may be trading at (or possibly above) their intrinsic value.

News Corp

There are a number of factors that suggest News Corp's intrinsic value exceeds its market price:

News Corp is rated at broadly similar multiples to other large diversified media groups (see Appendix 1 for more details):

News Corp Earnings Multiples²⁰ vs Peer Group

Company	Year ending 31 December 2007		
	EBITDA (times)	EBIT (times)	Net Profit (times)

Disney	9.6	11.6	19.6
Viacom	10.4	11.6	18.1
CBS	9.4	11.2	18.5

Source: Grant Samuel analysis

However, its superior track record of growth and its prospects would support a premium for News Corp relative to its peers. Analysts forecasts vary significantly but are generally in the range of 11-13% per annum EBITDA growth (between 2006 and 2009) compared to 7-10% for Time Warner, The Walt Disney Company (Disney) and Viacom, Inc. (Viacom) (and less for CBS Corporation, Inc. (CBS)). Similarly, earnings per share growth for News Corp over the same period generally exceeds 20% per annum compared to around 15% for Time Warner, Disney and Viacom (and less than 10% for CBS).

Some analysts attribute the News Corp rating, at least in part, to its complexity and the high proportion of unconsolidated businesses (which will be reduced as a result of the Proposed Exchange). Other analysts attribute the rating to different factors such as News Corp's historical propensity to undertake large (and higher risk) transactions. In Grant Samuel's opinion, there is a potential over time for News Corp to be re-rated relative to its peers (some re-rating has occurred over the past year);

Edgar Filing: NEWS CORP - Form DEF 14A

analyst target prices for News Corp's shares are still above trading prices. A review of eleven of the most recent reports following the release of News Corp's results for the six months ended 31 December 2006 shows target prices for News Corp's Class A shares in the range of \$24.00 to \$30.00 with a median of \$27.00, compared to the volume weighted average price of Class A shares for the month to 23 February 2007 of \$23.37. In determining these targets, analysts have generally used a combination of discounted cash flow analysis and earnings multiple analysis for

valuing the operating businesses (sometimes division by division). Most have used a sum of the parts approach to include News Corp's partly owned associates (both listed companies such as BSKyB and private investments). While such targets are necessarily imprecise (and confidence levels and time frames may vary between analysts) they are at least indicative of a fairly consistent and generally positive view on the company and its prospects. In addition, virtually all of the analyst reports examined had positive ratings for News Corp with the stock being rated outperform, overweight or buy;

certain of the analyses undertaken by News Corp's financial advisers (and set out in the Proxy Statement) show illustrative values for News Corp, depending on the methodology utilised (discounted cash flow, sum of the parts or earnings multiples), ranging from approximately \$20 to \$33 per share but with significant overlap in the range \$24 to \$28 per share. For the purposes of performing these analyses, the advisers relied on the Company Approved Projections²²;

Grant Samuel's own high level value analysis suggests intrinsic values (on a pre transaction basis) in the range \$26.01 to \$27.59. This range reflected a judgement having regard to a discounted cash flow analysis and an earnings multiple based sum of the parts valuation.

The discounted cash flow analysis used the following assumptions:

the ungeared after tax nominal cash flow forecasts for News Corp's consolidated business operations for the period from 1 January 2007 to 30 June 2010 were based on the Company Approved Projections;

the cash flows were extended for a further seven years assuming a nominal growth rate of 10.0% per annum for the two years ending 30 June 2012, 7.5% per annum for the three years ending 30 June 2015 and 5.0% for the two years ending 30 June 2017;

the ungeared after tax nominal cash flows were discounted using a WACC of 9.5-10.0%. The WACC was calculated assuming:

- a cost of equity of 10.3-10.9% calculated utilising the CAPM. The variables selected were a risk free rate of 4.8%, a market risk premium of 5.5% and a beta factor of 1.0-1.1;
- a pre tax cost of debt of 5.5%; and
- a debt to value ratio of 10%; and

a terminal value was calculated assuming a nominal perpetual growth rate of 3.5%, which implies terminal value EBITDA multiples (in the year ending 30 June 2017) of 8.3-8.9 times.

The net present value outcomes were in the range \$68.5-74.5 billion.

²² These analyses are subject to certain assumptions, limitations and disclaimers which are set out in the Proxy Statement and in their respective opinion letters. The Proxy Statement indicates, subject to the assumptions, limitations and disclaimers, that (i) the range of illustrative values implied by the discounted cash flow analysis performed by Goldman Sachs was \$19.80 to \$27.56, (ii) the range of illustrative values implied by the sum of the parts analysis performed by Goldman Sachs using earnings multiples was \$22.96 to \$27.48,

Edgar Filing: NEWS CORP - Form DEF 14A

(iii) the range of illustrative values implied by the discounted cash flow analysis performed by JPMorgan was \$24.53 to \$32.67 and (iv) the range of illustrative values implied by the earnings multiples analysis performed by JPMorgan was \$24.32 to \$28.86. This summary has been prepared by Grant Samuel on the basis of information contained in the Proxy Statement. Goldman Sachs and JPMorgan disclaim any responsibility for its accuracy or completeness and do not concur with this approach of highlighting certain aspects of their financial analyses in isolation.

The earnings based sum of the parts valuation was based on EBITDA by business operation with varying multiples applied to each business reflecting their respective growth profiles and with separate values attributed to FIM, News Out of Home and NDS. The outcome of this analysis was a value for News Corp's operating businesses of \$61.6-69.0 billion.

Having regard to these ranges, a value range for News Corp's business operations of \$67.5-72.5 billion was selected.

To arrive at an enterprise value for News Corp, Grant Samuel has added to the discounted cash flow of the consolidated business operations its major investments in publicly listed companies, which have been valued using closing market prices on 23 February 2007 and other investments, which were assumed to have values equal to book value at 31 December 2006 (which, except for other equity accounted investments, is equal to market value).

To arrive at a value for News Corp's equity, Grant Samuel has subtracted from the enterprise value:

News Corp's net borrowings at 31 December 2006 of \$6.0 billion;

pension liabilities at 31 December 2006 of \$0.3 billion; and

minority interests in consolidated business operations of \$0.9 billion, which has been based on the book value of minority interests at 31 December 2006, adjusted to reflect the market value of the 26% minority interest in NDS.

The output is summarised below:

The value of the operating business represents the following overall multiples of broker consensus forecasts:

Period	News Corp Implied EBITDA Multiples

	Low (times)	High (times)
Year ending 30 June 2007	12.4	13.3
Year ending 30 June 2008	10.8	11.6

Grant Samuel considers these overall multiples to be reasonable in view of News Corp's business profile and growth prospects and allowing for businesses such as FIM which do not yet make any contribution to earnings. Implicitly, the value reflects higher multiples for businesses such as cable network programming and SKY Italia and lower multiples for businesses such as newspaper publishing and magazines and inserts; and

News Corp is expected to be included in key Australian market indices (S&P/ASX 50, S&P/ASX 200) from July 2007. While the details of the basis of its inclusion (weighting, etc) have not been announced, this inclusion is likely to result in significant buying from Australian investors which, other things being equal, should have a positive impact on the News Corp share price. The 2004 reincorporation transaction, which resulted in News Corp being removed from all S&P/ASX indices resulted in substantial selling by Australian investors.

DIRECTV

In contrast, there are different questions about the DIRECTV share price. The price has risen by over 50% since mid 2006 and by almost 100% from the low point in early 2006 (although it has fallen back in recent weeks). It has also risen at a much greater rate than News Corp or, until very recently, its direct competitor, EchoStar:

Source: Bloomberg

At the same time, DIRECTV's market rating has expanded from approximately 5.2 times 2007 EBITDA in July 2006 to approximately 7.8 times (on higher earnings) in February 2007. It is currently rated at the same EBITDA multiple as EchoStar, having previously been rated lower:

Table of Contents**DIRECTV Movements in Market Ratings**

	Multiple of 2007 EBITDA	
	July 2006	February 2007
DIRECTV	5.2	7.8
EchoStar	6.3	7.8

There are legitimate reasons why the rising price and the higher market rating reflect a substantial increase in fundamental value, for example:

the successful restructuring of DIRECTV Latin America;

the signs of some reduction in churn now that the subscriber base has been shifted towards higher quality subscribers;

continued strong growth in net subscribers (relative to competitors) and ARPU; and

increase in confidence about future cash flow growth as performance continues to be delivered.

In addition, it should be noted that:

DIRECTV was included in the S&P500 Index on 1 December 2006. Inclusion in this index usually results in some positive effect on the demand for shares and the share price; and

DIRECTV does not appear to be excessively rated compared to its peers:

Nevertheless, the extent of the rise without any dramatic shift in the business, its competitive landscape or expectations about short term profit could suggest that the market price has got ahead of fundamental value. A number of factors could support this conclusion:

there has been considerable speculation and commentary in both the media and in analyst reports about the impact of Liberty acquiring the News Corp interest in DIRECTV. Possibilities that have been mentioned include:

releveraging the business with a more efficient capital structure;

Liberty's greater propensity to aggressively pursue other corporate transactions such as a merger with EchoStar or a tie up with a telephony company; and

Liberty increasing its interest in DIRECTV beyond approximately 38%.

These have been commented on since the possibility of DIRECTV being part of a Liberty/News Corp transaction was first reported in the press in September 2006.

A review of DIRECTV's share price performance indicates price rises following significant rumours or announcements affecting DIRECTV;

a review of ten of the most recent analyst reports following the release of DIRECTV's results for the year ended 31 December 2006 shows a range of target prices from \$21.00 to \$30.00, with a median of \$25.00, approximately equal to the volume weighted average price of DIRECTV shares for the month to 23 February 2007 of \$24.24. In other words, approximately 50% of analysts that follow DIRECTV have target prices at or below the current price. Moreover, with one exception, all the analysts rated DIRECTV as neutral, hold or equal weight at best with some at reduce or underweight. A review of the reports suggests that while they were generally positive about the results for the fourth quarter (and the year ended 31 December 2006) and the prospects for the forthcoming year, there were significant concerns about the longer term including:

the impact of triple play offerings from cable, and ultimately telephony companies, on market share, subscriber growth, subscriber acquisition costs and retention costs. Most saw subscriber growth slowing, particularly in percentage terms; and

the potential loss of telephony marketing partners which they believe have been an important contributor to subscriber growth in the past couple of years; and

certain of the analyses undertaken by News Corp's financial advisers (and set out in the Proxy Statement) show illustrative values, depending on the methodology, in the range \$17 to \$28 per share but with significant overlap in the range \$21 to \$24 per share²⁶.

²⁶ Grant Samuel analysis based on data obtained from Bloomberg, IRESS, company announcements and, in the absence of company published financial forecasts, brokers' reports. Where company financial forecasts are not available, the median of the financial forecasts prepared by a range of brokers has generally been used to derive relevant forecast value parameters. The source, date and number of broker reports utilised for each company depends on analyst coverage, availability and recent corporate activity.

The Proxy Statement indicates, subject to the assumptions, limitations and disclaimers, that (i) the range of illustrative values implied by the discounted cash flow analysis performed by Goldman Sachs was \$17.11 to \$25.41, (ii) the range of illustrative values implied by the discounted cash flow analysis performed by JPMorgan was \$21.30 to \$28.04 and (iii) the range of illustrative values implied by the earnings multiples analysis performed by JPMorgan was \$22.72 to \$23.68. This summary has been prepared by Grant Samuel on the basis of information contained in the Proxy Statement. Goldman Sachs and JPMorgan disclaim any responsibility for its accuracy or completeness and do not concur with this approach of highlighting certain aspects of their financial analyses in isolation.

In conclusion, it would appear that the DIRECTV share price has incorporated some element of expectation about further transactions that could arise following the Proposed Exchange. While these may occur and drive the price further there is no certainty that they will occur and, in any event, may not have occurred in the absence of the Proposed Exchange.

Compared to the market value analysis, there would be a net value gain to News Corp shareholders if either of the following (or some combination thereof) occurs:

the intrinsic value of News Corp shares exceeds \$24.60 and \$23.37 (being the volume weighted average prices of the Class B and Class A shares respectively for the month to 23 February 2007) by approximately 2.5%; or

the intrinsic value of DIRECTV shares is less than \$24.24 (being the volume weighted average share price for the month to 23 February 2007) by approximately 2.7%.

This outcome was the case based on closing share prices on 23 February 2007, when News Corp Class B and Class A shares closed at \$24.84 and \$23.61 respectively and DIRECTV shares closed at \$22.88.

The following table sets out the net value implications for News Corp shareholders at various assumed intrinsic values for News Corp and DIRECTV:

		Net Value Benefit/(Deficit) to News Corp Shareholders							
		News Corp Intrinsic Value (blended value per share)							
		\$23	\$24	\$25	\$26	\$27	\$28	\$29	\$30
DIRECTV Intrinsic Value	\$23	(146.5)	366.1	878.7	1,391.4	1,904.0	2,416.7	2,929.3	3,441.9
	\$24	(616.9)	(104.3)	408.3	921.0	1,433.6	1,946.2	2,458.9	2,971.5
	\$25	(1,087.4)	(574.7)	(62.1)	450.5	963.2	1,475.8	1,988.5	2,501.1
	\$26	(1,557.8)	(1,045.1)	(532.5)	(19.9)	492.8	1,005.4	1,518.0	2,030.7
	\$27	(2,028.2)	(1,515.6)	(1,002.9)	(490.3)	22.3	535.0	1,047.6	1,560.3
	\$28	(2,498.6)	(1,986.0)	(1,473.4)	(960.7)	(448.1)	64.6	577.2	1,089.8

Based on the analysis set out above, Grant Samuel believes it is reasonable to form the view on the valuation of News Corp and DIRECTV that the outcome of the value exchange is a net positive for News Corp shareholders. In general terms, Grant Samuel believes the balance of probabilities would suggest that the value outcome is more likely to be towards the upper right of the table rather than the lower left.

7.4 Alternatives

A realisation by News Corp of its DIRECTV interest was a possibility in due course and potential alternative transactions were examined by the directors of News Corp in making their decision about the Proposed Exchange. DIRECTV is a major media business that could be attractive to some industry participants who could extract synergies. With an approximate 38% interest, News Corp may have been able to extract a strategic premium for its investment in a sale transaction. However, there are two significant issues:

Edgar Filing: NEWS CORP - Form DEF 14A

the scope for alternative transactions is relatively limited. Given its size and operations, the trade buyers of DIRECTV (other than Liberty) who could deliver a strategic premium to News Corp are probably limited to EchoStar, AT&T and Verizon. A merger with EchoStar would face very substantial regulatory hurdles particularly following the control of Congress moving to the Democratic Party. A proposed merger between these two companies in 2002 was stopped by the federal regulators on competition grounds. Following rumours of a reactivation of a possible merger proposal in July 2006, the FCC indicated that, while the presence of telephony companies

Page 54

Table of Contents

in the video market is increasing, it is not yet at the point that it would overcome the FCC's competition concerns.

A merger with one of the major telephony companies is possible (as they clearly have a need for a quality television product) but:

there is no certainty that an acceptable transaction could be agreed. Transactions with telephony companies are hindered by their inability to provide a national landline service (i.e. the footprints do not match DIRECTV which is a national operator); and

even if a transaction could be agreed, any transaction with AT&T or Verizon would face its own regulatory issues and would probably involve a period of at least 12-18 months before there was any certainty of a transaction proceeding.

In short, there were no easy alternatives and the Proposed Exchange provides a certain outcome within a relatively short time frame; and

any sale of the DIRECTV interest to a party other than Liberty would almost certainly attract tax on the profit, substantially reducing the net proceeds. News Corp has a cost base for its shares of approximately \$6.8 billion and has estimated it would pay 38.9% tax on any gain resulting from a theoretical taxable sale of the DIRECTV shares. Based on News Corp's volume weighted average blended share price for the month to 23 February 2007 of \$23.82, the implied sale price of the DIRECTV shares is equivalent to a sale to any third party of approximately \$29.40 per share. While always possible, it would seem relatively unlikely that value at this level could be realised from a third party within the near future. A price of \$29.40 per share represents:

the following multiples of earnings:

DIRECTV	Earnings Multiples at \$29.40 per share	
	Year ended 31 December 2006	Year ending 31 December 2007 ²⁸
EBITDA multiple	11.3	9.3
EBITDA multiple (DIRECTV US) ²⁹	11.6	9.5
EBITA multiple	16.6	14.5
PE multiple	27.2	25.0

the following premiums over market prices:

DIRECTV	Implied Premiums at \$29.40 per share	
	Date/Period	Premium (%)
	Closing price 23 February 2007	28.5%
	1 month VWAP to 23 February 2007	21.3%
	3 month VWAP to 23 February 2007	23.1%
	6 month VWAP to 23 February 2007	30.3%

Edgar Filing: NEWS CORP - Form DEF 14A

Even if a price greater than \$29.40 was a possibility, the certainty of the Proposed Exchange would still make it more attractive.

Table of Contents**7.5 Implied Buy Back Price**

Looked at in another way, the Proposed Exchange involves a very substantial repurchase at a modest premium to the market price. If the one month volume weighted average DIRECTV share price to 23 February 2007 of \$24.24 is used as the benchmark of value (despite the questions about the share price noted above), the implied blended price for the repurchase of Liberty's News Corp shares is \$24.42³⁰ compared to the prevailing (blended) market price for News Corp shares of \$23.82. This represents an implicit premium in the order of 2.5%. The implied premiums over longer periods of time are summarised below:

DIRECTV Implied Premiums for Repurchase (at DIRECTV share price)

Date/Period	DIRECTV Share Price (\$)	Implied News Corp Repurchase Price (\$)	Actual News Corp Share Price (\$)	Implied Repurchase Premium (%)
1 month VWAP to 23 February 2007	24.24	24.42	23.82	2.5
3 month VWAP to 23 February 2007	23.88	24.09	22.74	6.0
6 month VWAP to 23 February 2007	22.56	22.88	21.65	5.7

The News Corp shares to be repurchased from Liberty represent:

approximately 19.1% of the Class B shares; and

approximately 16.2% of the total issued capital.

An analysis of off market repurchases for over 10% of a company's issued capital in the United States over the past two years is set out in Appendix 2. Most of these repurchases were Dutch auction/tender processes rather than privately negotiated transactions but they are nevertheless indicative of the premiums paid to repurchase large blocks of stock. The premiums varied between (16)% and 26% but the average was 8% (for an average buy back of 22% of outstanding stock). The weighted average premium was 9%. The following chart summarises the data:

³⁰ The mid point of the value range for the RSN Subsidiaries is used to calculate the implied News Corp share price.

Table of Contents

Source: Bloomberg, Grant Samuel analysis.

Similarly, a study³¹ of 737 privately negotiated share repurchases over the 1984-2001 period found that the overall average premium was 2% (including insider transactions which are normally agreed at minimal premiums). Of the 238 repurchases at a premium, the average percentage bought back in these transactions was 13.8% and the average premium was 18.9% (this sample excluded greenmail transactions which separately showed an average 18.1% premium).

Alternatively, any repurchase of this order of magnitude (i.e. 16% of issued capital) conducted through on market purchases would be likely to push the share price up by at least 5%.

Accordingly, Grant Samuel considers the premium of up to 6% (depending on the time frame analysed) for the repurchase of News Corp shares implied by the Proposed Exchange to be within the bounds of (if not below) reasonable premiums to be paid for acquiring such a large volume of shares.

To the extent that the repurchase of News Corp shares takes place at a discount to the blended News Corp share price (as it does based on closing share prices on 23 February 2007) the benefits to News Corp shareholders are further enhanced.

7.6 Other Benefits

There are a number of potential benefits for News Corp shareholders which are not captured in any analysis of the value of the assets swapped and these should form part of the overall evaluation for shareholders:

shareholders will have an increased exposure of approximately 20% to the core businesses of News Corp. In effect, shareholders are trading their underlying interest in DIRECTV for additional shares in all of News Corp's other businesses. There is a widespread view that News Corp's mix of businesses, its strong presence in content production, its rapidly expanding internet

Table of Contents

interests and its lack of dependence on any one technology platform for delivery give it greater diversity and better long term growth prospects than DIRECTV (which is a single technology platform);

non associated shareholders will have increased voting power. The general body of shareholders (institutions and individuals) other than the Murdoch Interests will, in aggregate, control over 60% of the vote compared to around 50% previously. While shareholders do not act as a single body (and not all shareholders vote) this does represent a meaningful increase in their collective voting power. In addition, if News Corp does eliminate its classified board, the general body of shareholders will have a significantly enhanced ability to change membership of the board if they are dissatisfied with performance;

there should be an increase in News Corp's attributable earnings per share. DIRECTV contributed a relatively low level of earnings to News Corp reported results as it is an unconsolidated associate company. In the year ended 30 June 2006, DIRECTV contributed an after tax profit of \$246 million to News Corp. The loss of this contribution is more than compensated for by the decrease in the number of shares on issue even after also allowing for the lost earnings from the RSN Subsidiaries and the cash payment. On a pro forma basis, earnings per share would have been approximately 10% higher in the year ended 30 June 2006 and are expected to be approximately 8-10%³² higher in the year ending 30 June 2008. This increase may have a positive effect on News Corp's share price (although analysts tend to focus on other measures of financial performance);

free cash flow will increase in absolute terms as the dividends saved on the repurchased shares exceed the cash flows from the RSN Subsidiaries and interest foregone on the cash component. Moreover, operating cash flow becomes a greater proportion of the business. Looked at another way, the reduction in associates will increase the extent to which News Corp comprises wholly owned consolidated operating businesses. This shift is likely to be greeted favourably by the stock market;

News Corp has substantial cash reserves on hand (over \$5 billion at 31 December 2006). Over the last 1-2 years cash (and debt capacity) has been preserved for, amongst other reasons, the potential to utilise it in any transaction with Liberty. If the Proposed Exchange is implemented, News Corp will be free to use its cash and funding capacity to pursue acquisitions and/or to resume substantial on market repurchases of stock (which it has commenced from 8 February 2007). A reactivation of the previously approved repurchase program (which has the capacity to acquire up to an additional \$3.0 billion of stock) is likely to be well regarded by the stock market;

to the extent that the shareholder rights plan was an impediment for some investors (because of concern about its potential consequences), its elimination may encourage some investors to acquire shares in News Corp. Similarly, elimination of the classified board structure, which News Corp has stated it will consider when the shareholder rights plan is eliminated, may also enhance investor interest;

the market price of News Corp shares may have reflected some concern of an overhang of stock if Liberty was not able to reach a satisfactory agreement with News Corp and its shareholding was eventually sold through the market. This concern will now be removed; and

management believes the investment in DIRECTV has required considerable attention from News Corp's senior management and that this would increase if the market dynamic evolved as News Corp expects. The Proposed Exchange will enable management and the board to increase the focus on the remaining businesses.

³² Subject to certain assumptions and qualifications as set out in the Proxy Statement.

Table of Contents**7.7 Impact on Control**

As a result of the Proposed Exchange, the Murdoch Interests' shareholdings in News Corp will increase as follows:

Murdoch Interests' Shareholdings as at 31 January 2007

	Before the Proposed Exchange		After the Proposed Exchange	
	Number of shares (million)	%	Number of shares (million)	%
Class A (non voting)	46.7	2.1	46.7	2.5
Class B (voting)	307.9	31.2	307.9	38.6
Total economic interest	354.7	11.2	354.7	13.3

In addition:

Liberty will no longer have a shareholding and as part of the Proposed Exchange has agreed to a standstill arrangement under which it will not acquire any News Corp shares or participate in any proxy contest for a period of ten years; and

rights issued under the shareholder rights plan will be redeemed.

The consequences of these factors for News Corp shareholders are that:

there is no prospect of Liberty making an offer for the company. To the extent this was ever a realistic possibility, shareholders will forgo the opportunity to obtain a premium for control through such a transaction;

it would be extremely difficult for any third party to successfully make an offer for News Corp except with the consent and support of the Murdoch Interests;

the Murdoch Interests, which were also prevented from increasing their interests by the shareholder rights plan, will be able to acquire more Class B shares. Under Delaware law and News Corp's Charter, they could potentially increase this holding to a position of actual or hard control (i.e. over 50%) without making an offer to all shareholders (thus avoiding the need to pay a premium for control). From 38.6% (and potentially up to 41% after the completion of the previously announced stock repurchase program), the Murdoch Interests would face a materially lower hurdle to reach 50% than they do from their current 31.2% interest; and

Liberty's shareholding meant that it had the potential to use its influence (as a single large block) if the Murdoch Interests sought to undertake any actions detrimental to the interests of shareholders as a whole. The Proposed Exchange eliminates this counterbalancing force.

Edgar Filing: NEWS CORP - Form DEF 14A

While these consequences are adverse for shareholders:

it does not change any of the aspects of day to day control of the business. Mr Murdoch is the Chairman and Chief Executive Officer of News Corp and has a long standing and substantive involvement in the management and strategic direction of the company;

Mr Murdoch has been a powerful influence on the company for over 50 years. It appears that most investors who invest in News Corp do so because they are backing Mr Murdoch's management and vision for the company and seem comfortable with his level of control;

³³ Excluding options and restricted stock units

Table of Contents

the market indicates that investors do not place any substantial weight on being able to vote. The Class A shares (of which there are more than twice as many as the Class B shares) trade at a minimal discount to the Class B shares (generally less than 5%);

there are other mechanisms that are available to shareholders to ensure that actions detrimental to shareholders are not caused by the Murdoch Interests; and

shareholders other than the Murdoch Interests will, collectively, control approximately 60% of News Corp's voting shares, compared to the 38.6% (or 41%) held by the Murdoch Interests.

7.8 Other Consequences

Other consequences of the Proposed Exchange include:

the sale of the RSN Subsidiaries was not something News Corp was actively contemplating and would probably not have occurred in the ordinary course. However:

News Corp is receiving a fair price for the sale of the assets and will not incur any tax on the disposal; and

the businesses will remain as part of the broader Fox Sports Net business (e.g. through national sales and the provision of technical and other services) and management does not believe there is any adverse impact on the network as a whole;

there is a possibility of regulators imposing restrictive conditions on News Corp's business activities in conjunction with their approval of the Proposed Exchange; and

as with any asset sale there is always the risk that the assets or businesses that are sold (DIRECTV and the RSN Subsidiaries) outperform current expectations as to future performance. However, value can only be judged as at today (not with certainty as to the future).

Grant Samuel does not believe that these consequences are material in the context of the overall transaction.

7.9 Shareholder Decision

The decision of News Corp shareholders as to whether to vote in favour of the Proposed Exchange is a matter for individual shareholders based on each shareholder's views as to value and future market conditions, risk profile, liquidity preference, investment strategy, portfolio structure and tax position. In particular, taxation consequences may vary from shareholder to shareholder. If in any doubt, shareholders should consult an independent professional adviser.

⁴⁰ Grant Samuel analysis based on data obtained from Bloomberg, IRESS, company announcements and, in the absence of company published financial forecasts, brokers' reports. Where company financial forecasts are not available, the median of the financial forecasts prepared by a range of brokers has generally been used to derive relevant forecast value parameters. The source, date and number of broker reports utilised for each company depends on analyst coverage, availability and recent corporate activity.

Table of Contents

The multiples shown above are based on sharemarket prices as at 9 February 2007 and do not reflect a premium for control.

All of the companies have a 31 December year end with the exception of News Corp, British Sky Broadcasting Group plc (BSKyB) and SKY Network Television Limited (SKY NZ) which have a 30 June year end, Shaw Communications Inc (Shaw) which has a 31 August year end and The Walt Disney Company (Disney) which has a 30 September year end.

The data analysed for each company included the last two years annual historical results plus the subsequent three forecast years. However, the data presented above represents an alignment of the financial data to allow comparison of the sharemarket ratings on a calendar year basis. Under this alignment:

the earnings of the 30 June year end companies (News Corp, BSKyB and SKY NZ) have been calendarised to a 31 December year end based on half yearly company announcements and broker forecasts;

the earnings of Shaw (a 31 August year end) have been adjusted to a 30 November year end based on quarterly company announcements and broker forecasts and then treated as equivalent to earnings for the year ended 31 December 2006; and

the earnings of Disney for the year end 30 September 2006 have been treated as equivalent to earnings for the year ended 31 December 2006.

A brief description of each company (except News Corp and DIRECTV) is set out below:

Time Warner, Inc.

Time Warner, Inc. (Time Warner), is a media and entertainment company which operates five main businesses, America Online, Inc. (AOL), Time Warner Cable, Inc. (TWC), Filmed Entertainment, Networks and Publishing. AOL is an internet service provider with over 25 million subscribers in the United States and Europe. TWC is the second-largest United States cable operator managing over 13.5 million basic cable subscribers, 7 million high speed internet subscribers and 2 million telephone subscribers. The Filmed Entertainment unit includes Warner Bros. Entertainment Group and New Line Cinema which produce and distribute theatrical motion pictures, television shows, animation and other programming as well as distributing home video product and licensing rights to the company's feature films, television programming and characters. Time Warner's Network unit includes Turner Broadcasting System (advertiser-supported basic cable television channels), Home Box Office (premium cable television channels) and 50 % of The CW (a broadcast television network). The publishing segment is involved in magazine and book publishing. In July 2006 TWC completed the acquisition of certain cable systems from Adelphia Communications Corporation (in bankruptcy) (Adelphia) and exchanged certain cable systems with Comcast Corporation (Comcast) and Comcast's interests in TWC and one of its subsidiaries were redeemed. This transaction and a number of other sales and acquisitions during 2006 reduce the comparability of Time Warner's price earnings multiple for 2006. As a consequence of the Adelphia transactions 15.96% of TWC is to be listed in March 2007. TWC shares have been trading on an as issued basis since January 2007.

The Walt Disney Company

Edgar Filing: NEWS CORP - Form DEF 14A

Businesses and brands of the Cable Networks division include MTV Networks, BET Networks, VH1, Nickelodeon, Nick at Nite, Comedy Central, CMT, Country Music Television, Spike TV and more than 130 other channels worldwide. The Entertainment division includes Paramount Pictures, Dreamworks (acquired January 2006) and Famous Music. In the nine months to 30 November 2006, Cable Networks represented approximately 65% of revenue and 95% of operating profit.

CBS Corporation

CBS Corporation (*CBS*) is a television and advertising company, engaged in the operation of broadcast television networks and stations, cable networks and radio stations, outdoor advertising and consumer book publishing. In the nine months to 30 November 2006, approximately 70% of revenue and 60% of EBITDA (before corporate costs) was derived from television operations.

Comcast Corporation

Comcast is the largest cable television provider in the United States and offers a wide variety of consumer entertainment and communication products and services. Comcast serves more than 24 million basic video subscribers, 11 million high-speed internet subscribers and 2 million phone subscribers. The company also owns or has interests in six national cable networks (E! Entertainment Television, Style Network, The Golf Channel, OLN, G4 and AZN Television) and Comcast Spectacor, which owns the *Philadelphia Flyers*, the *Philadelphia 76ers* and two large multipurpose arenas in Philadelphia, and manages other facilities for sporting events, concerts and other events. The cable division which develops, manages and operates broadband cable systems (video, high-speed internet and phone services) generates 95% of revenue. The multiples for 2006 are high as a consequence of the acquisition of Susquehanna Communications and the Adelphia/Time Warner transactions during the year. On a proforma basis the 2006 EBITDA and EBIT multiples would be 9.9 times and 21 times respectively.

Time Warner Cable, Inc.

TWC is the second largest cable operator in the United States with over 13.5 million basic subscribers. Time Warner has an 85.6% economic interest in TWC via an 84.04% direct shareholding and an indirect interest in a TWC subsidiary. 15.96% of TWC is to be listed on the New York Stock Exchange in March 2007 but these shares have been traded on an *as issued* basis since 17 January 2007. TWC's historical multiples are high reflecting the Adelphia/Comcast transactions which completed in July 2006.

EchoStar Communications Corporation

EchoStar Communications Corporation (*EchoStar*) owns and operates the DISH Network, a provider of satellite delivered digital television across the United States. It is the fourth largest and one of the fastest growing multi-channel video distributions in the United States. Echostar has 14 owned or leased in-orbit satellites which enable it to offer over 2,300 video and audio channels to approximately 13 million subscribers in

Edgar Filing: NEWS CORP - Form DEF 14A

the United States. It initially targeted rural markets but has extended its reach into metropolitan markets. EchoStar also has agreements with various telecommunications companies to offer a bundled package of services combining DISH Network satellite television with voice and data services. In addition to its subscription video business, EchoStar owns EchoStar Technologies Corporation which designs and develops digital broadcasting satellite set-top boxes, antennae (satellite dishes) and other digital equipment. This strategy has allowed EchoStar to be at the forefront of set-top box innovation.

Liberty Global, Inc.

Liberty Global, Inc. (Liberty Global) is an international broadband communications provider of video, voice and internet access services with operations in 19 countries, primarily in Europe, Japan and Chile. Liberty Global was formed in January 2005 following the merger of Liberty Media International, Inc. and UnitedGlobalCom, Inc. (the merger was completed in June 2005). The historical financial information used to calculate multiples reflects the combined results of the predecessor companies in the period prior to completion of the merger in June 2005. Both

Table of Contents

predecessor entities and Liberty Global have been acquisitive which affects the comparability of the historical multiples. The company offers a variety of broadband distribution services over cable and satellite television systems, including analog video, digital video, internet access and telephony. Liberty Global also provides video services through direct-to-home satellite or through multi-point microwave distribution systems and mobile telephony services using third party networks. Liberty Global operates its broadband distribution businesses in Europe principally through UGC Europe; in Japan principally through J:COM, in the Americas principally through VTR and Liberty Cablevision and in Australia through AUSTAR.

Cablevision Systems Corporation

Cablevision Systems Corporation (Cablevision) is the sixth largest cable multiple system operator in the United States with 3.1 million cable television subscribers in and around the New York City metropolitan area. The company's wholly-owned subsidiary, Rainbow Media Holdings LLC, owns interests in a range of media properties such as four national programming networks (AMC, The Independent Film Channel, WE Women's Entertainment and Fuse), various regional programming businesses operating under the Fox Sports Net name and National Sports Partners, which owns and distributes Fox Sports Net. Cablevision also owns and operates the Madison Square Garden Arena, the *New York Knicks* professional basketball team, the *New York Rangers* professional hockey team, the *New York Liberty* professional women's basketball team and the *Hartford Wolf Pack* professional hockey team. In October 2006, Cablevision's controlling shareholders, the Dolan family, proposed a privatisation of the company. The proposal was revised in January 2007 but has been rejected as inadequate and has now lapsed.

Virgin Media, Inc.

Virgin Media, Inc. (Virgin Media) (known as NTL Incorporated until 8 February 2007) is a United States company which provides cable television, fixed and mobile telephony and high speed data services to subscribers in the United Kingdom. Virgin Media has approximately 5 million customers including 3.3 million analogue and digital television subscribers, 2.6 million broadband internet subscribers and 4.3 million telephone subscribers. On average Virgin Media customers access at least 2 services from the company. In March 2006, Virgin Mobile merged with Telewest Global Inc, a United Kingdom television and communications provider (including 6 television channels) and in July 2006 it acquired Virgin Mobile for £952 million. Virgin Media emerged from bankruptcy protection in 2003 and has a negative public image as a consequence of service and financial underperformance. Rebranding as Virgin Media is expected to improve its image and with a new management team and new products, the company is positioned as a turnaround story. Nevertheless, Virgin Media's multiples are relatively low relative to its peers possibly reflecting market perception and the highly competitive nature of each of its businesses. Virgin Media has over £32.5 billion in various tax losses and it is not expected to pay any meaningful United Kingdom taxes for 20 years. Historical multiples are based on proforma results for the 2006 year. Virgin Group has a 10.5% interest in Virgin Media.

Charter Communications, Inc.

Charter Communications, Inc. ("Charter") is a United States broadband cable provider offering traditional cable video programming (analog and digital), high-speed internet access, advanced broadband cable services (such as video on demand), high definition television service and interactive television) and telephone service. At 30 September 2006, Charter had 5.5 million analog video subscribers and approximately 2.8 million digital video subscribers. During 2006 Charter has sold a number of assets realising approximately \$970 million. These funds were used to reduce borrowings. Charter has a history of net losses primarily because of the high level of interest and depreciation charges. It is expected that Charter will continue to report net losses for the foreseeable future.

Mediacom Communications Corporation

Mediacom Communications Corporation (Mediacom) is the eighth largest cable television company in the United States based on customers served. It focuses on smaller centres and towns providing analogue and digital video services (including video on demand), high speed data services and phone services. It currently has over 2.5 million subscribers to its various services. Mediacom has been in a retransmission consent dispute with Sinclair Broadcasting and between 5 January 2007 and 2 February 2007 Sinclair content was not broadcast on Mediacom services. Although no figures are available it is believed that Mediacom has lost subscribers to other cable operators such as DIRECTV as a result of the dispute. Nevertheless, the dispute does not appear to have materially impacted Mediacom s share price.

Table of Contents***Shaw Communications, Inc.***

Shaw Communications, Inc. (Shaw) is a Canadian communications company which provides broadband cable television, internet, digital phone, telecommunications services and satellite direct-to-home services (through Star Choice) to approximately 3.2 million subscribers. Shaw is the largest cable television provider in Western Canada with almost 2.2 million cable television subscribers in five provinces (British Columbia, Alberta, Saskatchewan, Manitoba and northwestern Ontario), representing approximately 28% of the Canadian cable television market. Cable represented 73.5% of 2006 revenue. Star Choice distributes digital video and audio programming services via satellite to Canadian residences and commercial establishments and has almost 870,000 subscribers.

British Sky Broadcasting Group plc

BSkyB operates a pay-television broadcasting service in the United Kingdom and Ireland. B Sky B operates and distributes 18 wholly owned channels and, in total, carries 599 television and audio channels to over 8 million subscribers via its digital service. B Sky B also provides certain of its wholly owned channels on a wholesale basis to British and Irish cable television operators and holds significant equity positions in some of the third-party channels it provides. B Sky B offers broadband internet (launched during 2006) and high definition television services and operates the B Sky B Box Office service, which provides pay-per-view services covering films, sporting events and concerts. News Corporation holds a 39% interest in B Sky B. In November 2006, B Sky B acquired 17.9% of ITV plc (ITV), the largest commercial television network in the United Kingdom. Market analysts consider that B Sky B acquired the interest to prevent a potential acquisition of ITV by ntl Incorporated, B Sky B's largest pay television competitor. On 15 December 2006, B Sky B made a recommended £96 million (£103 million on a fully diluted basis) takeover offer for 365 Media Group plc (365 Media), a provider of sports websites and online gaming in the United Kingdom. This offer progressed to compulsory acquisition during January 2007. Further in December 2006, B Sky B announced a broadband alliance with Google.

AUSTAR United Communications Limited

AUSTAR United Communications Limited (AUSTAR) is the second largest pay television provider in Australia with over 590,000 subscribers. It provides pay television, mobile telephony and internet services to rural and regional markets in Australia. AUSTAR is the sole provider of subscription television services in substantially all of its service area (approximately 2.4m homes, one-third of Australia's total homes), primarily using digital satellite technology. AUSTAR also operates a digital cable network in Darwin. AUSTAR's mobile telephony business provides mobile services via reseller agreements with the OPTUS GSM and Telstra CDMA networks. AUSTAR's dial-up internet service is outsourced to COMindico's IP Network, and is available nationally. AUSTAR also owns a 50% interest in XYZ, a joint venture with Foxtel. XYZ is the largest Australian producer of pay television channels, producing Channel [V], arena, The Lifestyle Channel, musicMAX and The Weather Channel. It also has long term exclusive distribution rights in Australia to The Discovery Channel and has entered into a joint venture to produce the Nickelodeon channel. Liberty Global holds a 55% interest in AUSTAR. In September 2006, AUSTAR paid a capital return to shareholders totalling A\$202 million which was funded by debt.

SKY Network Television Limited

SKY NZ is New Zealand's largest pay television provider offering analog (via UHF) and digital (via satellite) television services to over 660,000 subscribers. SKY NZ currently distributes its analog channels to subscribers principally via four UHF frequencies which reach more than 83% of the country's 1.5 million households. In December 1998 the company launched a digital satellite service, extending its reach to the whole country. SKY NZ offers a range of sports, movies, music, on-demand and general content across more than 80 channels. SKY NZ receives its

Edgar Filing: NEWS CORP - Form DEF 14A

programming from both foreign and New Zealand programme suppliers and also creates its own programming, such as live sports broadcasts, SKY Digital Music and studio-based programmes. In February 2006, SKY NZ acquired the free to air television channel Prime for \$29.5 million which gives SKY NZ the ability to acquire first run television series that are sold via studio output deals. News Corporation is SKY NZ's largest shareholder with an approximate 44% interest and Todd Corporation holds an 11% interest.

In December 2003, Comcast Corporation (Comcast) announced that it had acquired the Tribune Company's 8.9% interest in The Golf Channel for \$100 million. The sale was part of an agreement that also granted rights to show *Chicago Cubs* baseball games on a Chicago sports network that Comcast was starting. The acquisition increased Comcast's interest in The Golf Channel to 99.9%. At the time of the transaction, The Golf Channel had 58.4 million subscribers.

New England Sports Network/Investor Group

On 20 December 2001, the owners of the Boston Red Sox agreed to sell the sports franchise to an investor group led by John Henry, the owner of the *Florida Marlins*, for a gross consideration of \$700 million (including \$40 million of assumed debt). The assets of the Boston Red Sox franchise included 100% of the Fenway Park sports stadium and 80% of the sports cable channel New England Sports Network (NESN). NESN covered major league baseball (the *Boston Red Sox*) and ice hockey (the *Boston Bruins*) as well as minor league baseball, hockey and college sports and had 3.8 million subscribers. NESN was considered to be a major part of the transaction. No financial information was officially released, however a media article quoted Kagan World Media analyst John Mansell as saying NESN was easily worth \$200 million (\$52.63 per subscriber) and would generate revenue of \$90 million and EBITDA of around \$20 million in 2002, compared to revenue of \$75 million and EBITDA of \$15 million in 2001, implying multiples of 2.7 times historical revenue and 2.2 times forecast revenue and 13.3 times historical EBITDA and 10 times forecast EBITDA. Another media article quoted a Boston Red Sox executive as saying NESN alone was worth \$400 million, which implies multiples of twice those set out above.

The Golf Channel/Comcast Corporation

In May 2001, a division of Fox Entertainment Group, Inc. (Fox Entertainment) agreed to sell its 30.8% minority interest in The Golf Channel to Comcast for \$364.9 million. At the time of the transaction, The Golf Channel had 34.5 million subscribers. The acquisition increased Comcast's interest in The Golf Channel to 91%. Market commentators estimated that the transaction implied a forecast EBITDA multiple of 16.9 times.

Home Team Sports/Comcast Corporation

In February 2001, Comcast acquired cable sports network Home Team Sports (HTS) from Viacom and Fox Sports Net. HTS televised professional and college sporting events, including the games of the *Baltimore Orioles* (MLB), the *Washington Wizards* (NBA), the *Washington Capitals* (NHL) and the *Carolina Hurricanes* (NHL). At the time of the transaction, HTS had 4.8 million subscribers in the mid Atlantic region. The terms of the transactions were not disclosed although the acquisition price was reported to be \$240 million.

SportsChannel Florida/Cablevision Systems Corporation

On 6 January 2000, Rainbow Media Holdings, Inc. (Rainbow Media), a subsidiary of Cablevision Systems Corporation (Cablevision) announced an agreement to acquire the 70% of SportsChannel Florida that it did not already own from Front Row Communications, Inc. (Front

Row). Cablevision paid \$130 million for the 70% stake (including the assumption of the channel's \$20 million debt liability). At the time of the transaction, SportsChannel Florida delivered live professional and collegiate sporting events to more than 3.8 million subscribers throughout Florida, including the games of the *Florida Marlins* (MLB), *Tampa Bay Devil Rays* (MLB) and *Florida Panthers* (NHL).

Fox Liberty Sports LLC/News Corporation

In April 1999, News Corp and Liberty Media Corporation (Liberty) announced an agreement to simplify the ownership of their 50:50 joint venture, Fox Liberty Sports LLC (Fox Liberty Sports), under which News Corp acquired Liberty's 50% interest in Fox Liberty Sports and in exchange for its interest, Liberty received approximately 207.1 million shares of non voting stock in News Corp valued at \$1.425 billion (at the time of the announcement). In addition, News Corp assumed a pro rata share of Fox Liberty Sports' debt of \$745 million,

bringing the enterprise value of the transaction to \$2.17 billion. The implied forecast EBITDA multiple of 21.0 times includes a number of cash flow negative assets (such as developing regional sports networks, FitTV, Speedvision and Outdoor Life). Market commentators estimated that the developed regional sports networks were acquired at a forecast EBITDA multiple of 12 times.

Classic Sports Network/ESPN, Inc.

In September 1997, ESPN, Inc. agreed to buy 100% of the Classic Sports Network for \$175 million. Classic Sports Network featured reruns of famous sporting events, sports documentaries and sports themed movies and had only been operational for two years. At the time of the transaction it had 10.4 million subscribers. The value per subscriber implied by the acquisition price was a premium to the historical average at which networks had traded hands, although the Classic Sports Network had affiliation agreements in place that increased the number of subscribers to 15.0 million in the short term, reducing the value per subscriber to \$11.67, which was more in line with the parameters for the sales of other young networks.

Rainbow Media Holdings, Inc s regional sports networks/Fox/Liberty Networks

In June 1997, Fox, Inc. (Fox) and Liberty, through their joint venture, Fox/Liberty Networks, announced that they would acquire a 40% interest in Cablevision s sports properties, Rainbow Media, for \$850 million to launch a national cable sports network, Fox Sports Net. The parties also entered into a national programming and advertising partnership, Fox Sports National Advertising, owned equally by Fox Liberty Networks and Rainbow. Fox and Liberty were already partners in nine Fox/Liberty Networks and eight Rainbow Media regional sports channels. Cablevision s sports properties included seven regional sports networks, Madison Square Garden, the MSG Network, and the New York basketball and hockey teams. The combined group owned interests in, or was affiliated with, 25 regional sports networks and had the rights to telecast live games of 22 MLB teams, 24 NBA teams, 18 NHL teams and five major college conferences. At the time of the transaction, Rainbow Media had 26.6 million subscribers. Market commentators estimated that the transaction implied a forecast EBITDA multiple of 17.0 times.

Madison Square Garden Network/Cablevision Systems Corporation

Cablevision agreed to take control of the Madison Square Garden sports and entertainment properties (MSG) in a transaction that valued the property at \$1.53 billion (including \$230 million of debt). Cablevision already owned a 50% interest in MSG when it agreed to acquire a further 38.5% for \$500 million in March 1997. MSG included the Madison Square Garden Network, facilities, Madison Square Garden Enterprises and other assets as well as the *New York Knicks* basketball team and the *New York Rangers* ice hockey team. Market commentators indicated that the Madison Square Garden Network would be valued at 15.1 times its forecast EBITDA estimated at \$45.8 million, or 45% of the franchises \$1.53 billion enterprise value. The high value per subscriber was in part due to the Madison Square Garden Network being able to generate high licence fees and advertising rates in the highly concentrated New York market. High profile, large market teams such as the *New York Knicks* also increased the carriage value of telecasts.

Liberty Media Corporation s regional sports networks/News Corporation

In October 1995, Liberty and News Corp announced that they would create a global sports programming alliance to compete with ESPN. The United States part of the transaction effectively swapped 50% of Liberty s 14 regional sports networks, valued at \$1.1 billion, for 50% of News Corp s f/X cable web plus \$350 million in cash. Market commentators estimated that the acquisition price implied a multiple of 12 times forecast

EBITDA for the mature regional sports networks, with developing networks valued at \$10-15 per subscriber and start up networks being valued at cost.
