Plan Administrator

Danaher Corporation & Subsidiaries

Retirement and Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Danaher Corporation & Subsidiaries Retirement and Savings Plan as of December 31, 2006 and December 26, 2006 and 2005, and the related statements of changes in net assets available for benefits for the period December 27, 2006 through December 31, 2006 and the year ended December 26, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2006 and December 26, 2006 and 2005, and the changes in its net assets available for benefits for the period December 27, 2006 through December 31, 2006 and the year ended December 26, 2006 in conformity with U.S. generally accepted accounting principles.

Table of Contents

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2006 and December 26, 2006 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

Danaher Corporation & Subsidiaries Retirement and Savings Plan

Notes to Financial Statements

December 31, 2006 and December 26, 2006 and 2005

1. Description of Plan

The Danaher Corporation & Subsidiaries Retirement and Savings Plan (the Plan) was established for certain employees effective December 1, 1986. Plan participants should refer to the formal legal documents of the Plan and Summary Plan Description for full explanation of all limitations, adjustments and special cases in the Plan. The Plan is administered through the trustee and record-keeper, Fidelity Management Trust Company.

On December 30, 2005, the Thomson Retirement Savings Plan and the Thomson Retirement Savings Plan for Hourly-Rated Employees merged into the Plan.

On December 29, 2006, the Leica Microsystems Inc. 401(k) Savings Plan merged into the Plan.

These plan mergers occurred subsequent to and as a result of Danaher Corporation's (hereafter, the Company) acquisition of the above mentioned companies.

Effective after the plan year ended December 26, 2006, the Plan changed its plan year end to December 31st. As a result, these financial statements reflect the short plan year for the period December 27, 2006 to December 31, 2006.

Contributions

Eligible employees may contribute up to 20% of their compensation (subject to annual maximums). The Company's matching contribution is equal to 50% of the first 6% of the compensation contributed by the employee. The Company's unilateral contribution is 3% of compensation of all eligible employees. Employees are eligible for Company match and unilateral contributions upon completion of one year of service.

Employees become fully vested with respect to the employer contributions upon completion of three years of service. Employee contributions and the earnings thereon are fully vested at all times.

Table of Contents

Danaher Corporation & Subsidiaries Retirement and Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Benefit Payments

A participant who attains normal retirement age shall be entitled to payment of the balance in his or her account. A participant who remains employed after attainment of normal retirement age shall continue to participate under the same terms and conditions as applied prior to reaching normal retirement age. A participant must begin receiving distributions upon April 1 of the calendar year following the later of the date of his or her employment terminates or the calendar year in which he or she reaches the age of 70 ¹/₂.

Upon total and permanent disability, a participant shall be entitled to payment of the balance in his or her account within a reasonable period of time after termination of employment.

The beneficiary or beneficiaries of a deceased participant shall be entitled to payment of the participant's account balance within a reasonable period of time after the participant's death.

Upon a participant's termination of employment for reasons other than as specified above, a participant is entitled to payment of his or her vested account balance.

The plan administrator may permit a participant to make a withdrawal from his or her account in the event of a hardship. A hardship withdrawal shall not exceed the amount required to meet the immediate financial need created by the hardship or the amount unavailable from resources of the participant. Participants may also make in-service withdrawals generally from contributions transferred or rolled over into the Plan from other plans.

Participant Loans

A participant may receive a loan from the Plan in accordance with policy established by the plan administrator. Any such loan or loans shall not exceed the lesser of 50% of the participant's vested account balance or \$50,000. Participants will not be entitled to receive a loan more frequently than annually. The plan administrator shall establish the maximum maturity period that will be permitted to prevent the loan from being treated as a distribution. Current procedures require that all loans must be paid back within 60 months. The plan administrator may require loan payments to be made through payroll deductions.

Table of Contents

Danaher Corporation & Subsidiaries Retirement and Savings Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts

Each participant account is credited with the participant's contributions, any employer matching and unilateral contributions, an allocation of Plan earnings and losses, and is charged with an administrative expense fee. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures

At December 31, 2006 and December 26, 2006 and 2005, forfeited nonvested accounts totaled \$2,763,715, \$2,309,221, and \$74,109, respectively. These accounts will be used to reduce future employer contributions and to pay administrative expenses.

Termination of the Plan

Although the Company, as the Plan's sponsor, has not expressed an intention to do so, the Plan may be terminated at any time. In the event of termination of the Plan, the account balances of participants as of the date of termination shall immediately become nonforfeitable.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Table of Contents

Danaher Corporation & Subsidiaries Retirement and Savings Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies

New Accounting Pronouncement

In December 2005, the Financial Accounting Standards Board (FASB) issued FASB Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans* (the FSP). The FSP defines the circumstances in which an investment contract is considered fully benefit-responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts in defined contribution health and welfare and pension plans. The financial statement presentation and disclosure provisions of the FSP are effective for financial statements issued for annual periods ending after December 15, 2006 and are required to be applied retroactively to all prior periods presented for comparative purposes. The Plan has adopted the provisions of the FSP at December 26, 2006.

As required by the FSP, investments in the accompanying Statements of Net Assets Available for Benefits include fully benefit-responsive investment contracts recognized at fair value. AICPA Statement of Position 94-4, *Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined Contribution Pension Plans*, as amended, requires fully benefit-responsive investment contracts to be reported at fair value in the Plan's Statement of net Assets Available for Benefits with a corresponding adjustment to reflect these investments at contract value. The requirements of the FSP have been applied retroactively to the Statement of Net Assets Available for Benefits as of December 26, 2005, presented for comparative purposes. Adoption of the FSP had no effect on the Statement of Changes in Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments

Investments are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The income of each fund is reinvested in that fund.

Table of Contents

Danaher Corporation & Subsidiaries Retirement and Savings Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Investments (continued)

The Fidelity Managed Income Portfolio II consists primarily of fully benefit-responsive investment contracts. In determining the net assets available for benefits, the Fidelity Managed Income Portfolio II is included in the financial statements at contract value, which represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses. As provided in the FSP, an investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit-responsive.

Participant loans are valued at their unpaid balances, which approximate fair value.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Tax Status of the Plan

The Plan has received a determination letter from the Internal Revenue Service dated January 14, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

	\$ (166,690)	\$ 2,188,425

Table of Contents

Danaher Corporation & Subsidiaries Retirement and Savings Plan

Notes to Financial Statements (continued)

5. Party-in-Interest Transactions

Certain Plan investments are held in shares of mutual funds managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Additionally, as of December 31, 2006 and December 26, 2006 and 2005, the Plan invested in 153,383; 153,399; and 156,574 shares, respectively, of Danaher Corporation common stock as part of the Danaher Corporation Stock Fund. During the year ended December 26, 2006, the Plan received \$12,567 of dividends on shares of Danaher Corporation common stock. Therefore, these transactions qualify as party-in-interest.

6. Differences Between Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2006	December 26, 2006
Net assets available for benefits per the financial statements	\$ 71,269,884	\$ 68,535,242
Deemed distributions with no post-default payment activity	(225,198)	(223,689)
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(168,062)	(144,008)
Net assets available for benefits per the Form 5500	\$ 70,876,624	\$ 68,167,545

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 26, 2006:

Benefits paid to participants per the financial statements	\$ 9,718,614
Loan defaults previously deemed distributed that reached a distributable event	(39,000)
Benefits paid to participants per the Form 5500	\$ 9,679,614
