PROXY STATEMENT

2007 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Why Did You Send Me this Proxy Statement?

We sent you this Proxy Statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote at the 2007 annual meeting of stockholders and any adjournments of the meeting to be held at 2:00 p.m., EST, on Tuesday, July 31, 2007 at the offices of HealthpointCapital Partners, LP ("HealthpointCapital"), which are located at 505 Park Avenue, 12th Floor, New York, NY 10022 (the Annual Meeting). This proxy statement along with the accompanying Notice of Annual Meeting of Stockholders summarizes the purposes of the meeting and the information you need to know to vote at the Annual Meeting.

On July 2, 2007 we began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card to all stockholders entitled to vote at the meeting. Although not part of this proxy statement, we are also sending along with this proxy statement, our 2006 annual report, which includes our financial statements for the fiscal year ended December 31, 2006. You can also find a copy of our 2006 Annual Report on Form 10-K, as amended, on the Internet through the SEC's electronic data system called EDGAR at www.sec.gov or through the Investor Relations section of our website at www.alphatecspine.com.

Who Can Vote?

Only stockholders who owned Alphatec Holdings, Inc. common stock at the close of business on June 15, 2007 are entitled to vote at the Annual Meeting. On this record date, there were 35,090,488 shares of Alphatec Holdings, Inc. common stock outstanding and entitled to vote. Alphatec Holdings, Inc. common stock is our only class of voting stock.

You do not need to attend the Annual Meeting to vote your shares. Shares represented by valid proxies, received in time for the meeting and not revoked prior to the meeting, will be voted at the meeting. A stockholder may revoke a proxy before the proxy is voted by delivering a signed statement of revocation to us at 2051 Palomar Airport Road, Suite 100, Carlsbad, CA 92011, Attention: Ebun S. Garner, Esq., General Counsel and Secretary. The proxy may also be revoked by submitting to us prior to the Annual Meeting a more recently dated proxy or by attending the Annual Meeting and voting in person.

How Many Votes Do I Have?

Each share of Alphatec Holdings, Inc. common stock that you own entitles you to one vote.

How Do I Vote?

Whether you plan to attend the Annual Meeting or not, we urge you to vote by proxy. Voting by proxy will not affect your right to attend the Annual Meeting. If your shares are registered directly in your name through our stock transfer agent, Mellon Investor Services, 480 Washington Ave., Jersey City, NJ 07310, or you have stock certificates, you may vote:

By mail. Complete and mail the enclosed proxy card, a copy of which is attached hereto as Appendix A, in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how

Edgar Filing: Alphatec Holdings, Inc. - Form DEF 14A

you want your shares voted, they will be voted as recommended by our Board of Directors.

Table of Contents

In person at the meeting. If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

If your shares are held in street name (held in the name of a bank, broker or other nominee), you must provide the bank, broker or other nominee with instructions on how to vote your shares and can do so as follows:

By mail. You will receive instructions from your broker or other nominee explaining how to vote your shares.

In person at the meeting. Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the meeting. You will not be able to vote at the meeting unless you have a proxy card from your broker.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The Board of Directors recommends that you vote as follows:

FOR the election of the nominees for director; and

FOR ratification of the selection of independent auditors for our fiscal year ending December 31, 2007.

If any other matter is presented, the proxy card provides that your shares will be voted by the proxy holder listed on the proxy card in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that needed to be acted on at the Annual Meeting, other than those discussed in this proxy statement.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before the meeting. You may revoke your proxy in any one of the following ways:

signing a new proxy card and submitting it as instructed above;

notifying us at 2051 Palomar Airport Road, Suite 100, Carlsbad, CA 92011, Attention: Eburn S. Garner, Esq., General Counsel and Secretary, in writing before the Annual Meeting that you have revoked your proxy; or

attending the meeting in person and voting in person. Attending the meeting in person will not in and of itself revoke a previously submitted proxy unless you specifically request it.

What if I Receive More Than One Proxy Card?

You may receive more than one proxy card or voting instruction form if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described under "How Do I Vote?" for each account to ensure that all of your shares are voted.

Will My Shares be Voted if I Do Not Return My Proxy Card?

If your shares are registered in your name or if you have stock certificates, they will not be voted if you do not return your proxy card by mail or vote at the meeting as described above under "How Do I Vote?"

Table of Contents

If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above under "How Do I Vote?", the bank, broker or other nominee has the authority to vote your unvoted shares on both Proposals 1 and 2, even if it does not receive instructions from you. We encourage you to provide voting instructions. This ensures your shares will be voted at the meeting in the manner you desire. If your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a "broker non-vote".

What Vote is Required to Approve Each Proposal and How are Votes Counted?

Proposal 1: Elect Directors

The nominees for director who receive the most votes (also known as a "plurality" of the votes) will be elected. Abstentions are not counted for purposes of electing directors. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote for the election of directors. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name for the election of directors. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote.

Proposal 2: Ratify Selection of Auditors

The affirmative vote of a majority of the votes present or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the selection of independent auditors. Abstentions will be treated as votes against this proposal. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent accountants. However, if our stockholders do not ratify the selection of Ernst & Young, LLP as our independent accountants for 2007, our Audit Committee of our Board of Directors will reconsider its selection.

Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspectors of Election, Mellon Investor Services, examine these documents. Management will not know how you voted on a specific proposal unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses.

Table of Contents

What Constitutes a Quorum for the Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Attending the Annual Meeting

The Annual Meeting will be held at 2:00 p.m., Eastern Time, on Tuesday, July 31, 2007 at the offices of HealthpointCapital, which are located at 505 Park Avenue, 12th Floor, New York, NY 10022. When you arrive at HealthpointCapital signs will direct you to the appropriate meeting rooms. You need not attend the Annual Meeting in order to vote.

Householding of Annual Disclosure Documents

In December 2000, the Securities and Exchange Commission adopted a rule concerning the delivery of annual disclosure documents. The rule allows us or your broker to send a single set of our annual report and proxy statement to any household at which two or more of our shareholders reside, if we or your broker believe that the shareholders are members of the same family. This practice, referred to as householding, benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be householded, the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Each shareholder will continue to receive a separate proxy card or voting instruction card.

If your household received a single set of disclosure documents this year, but you would prefer to receive your own copy, please contact our transfer agent, Mellon Investor Services, by calling their toll free number, 1-866-265-1875.

If you do not wish to participate in householding and would like to receive your own set of the annual disclosure documents in future years, follow the instructions described below. Conversely, if you share an address with another Alphatec Holdings, Inc. shareholder and together both of you would like to receive only a single set of our annual disclosure documents, follow these instructions:

If your shares are registered in your own name, please contact our transfer agent, Mellon Investor Services, and inform them of your request by calling them at 1-866-265-1875 or writing them at 480 Washington Ave., Jersey City, NJ 07310.

If a broker or other nominee holds your Alphatec Holdings, Inc. shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

COMPENSATION DISCUSSION AND ANALYSIS

We have prepared the following Compensation Discussion and Analysis to provide you with information that we believe is necessary to understand our executive compensation policies and decisions as they relate to the compensation of our named executive officers.

Compensation Discussion and Analysis

The primary objectives of the Compensation Committee of our Board of Directors with respect to executive compensation are to attract and retain the best possible executive talent, to motivate them to achieve corporate objectives, and reward them for superior performance. The focus is to tie short and long-term cash and equity incentives to the achievement of measurable corporate and individual performance objectives, and to align executives' incentives with stockholder value creation. To achieve these objectives, the Compensation Committee has maintained a compensation plan that ties a substantial portion of executives' overall compensation to our operational performance. Because we believe the performance of every employee is important to our success, we are mindful of the effect our executive compensation and incentive programs have on all of our employees. Executive compensation decisions for the 2006 fiscal year were determined by using the policies and processes in place prior to our initial public offering and are detailed below.

In the 2006 fiscal year, management developed our compensation plans by utilizing publicly available compensation data for national and regional companies in the orthopedic device industry. For benchmarking executive compensation, we typically review the compensation data we have collected from the surveys, as well as various subsets of this data, to compare elements of compensation based on certain characteristics of the company, such as number of employees and number of shares of stock outstanding. Examples of companies we have used in evaluating our compensation components are Nuvasive, Inc., Orthofix International, N.V. and DJ Orthopedics, Inc.

Based on management's analyses and recommendations, the Compensation Committee has approved a pay-for-performance compensation philosophy, which is intended to bring base salaries and total executive compensation in line with companies with a similar number of employees represented in the compensation data we review.

We have worked within the framework of this pay-for-performance philosophy to determine each component of an executive's initial compensation package based on numerous factors, including:

the individual's particular background and circumstances, including training and prior relevant work experience;

the individual's role with us and the compensation paid to similar persons in the companies represented in the compensation data that we review;

the demand for people with the individual's specific expertise and experience at the time of hire;

performance goals and other expectations for the position;

comparison to other executives within our company having similar levels of expertise and experience; and

uniqueness of industry skills.

This collaborative annual review process begins in the second fiscal quarter of each year with respect to the prior fiscal year with each employee completing a written self-evaluation that is reviewed by the appropriate vice president. The vice president reviews and meets with human resources to finalize department recommendations that are then reviewed by an internal group comprised of our Chief Operating Officer, Chief Financial Officer, and Vice President, Human Resources. That group reviews the submissions by each department and prepares a

Table of Contents

final set of recommendations for submission to our President and CEO. The Compensation Committee may accept or adjust the recommendations. After the Compensation Committee approves the recommendations, managers then meet with employees to deliver their performance review and any compensation adjustments. Compensation adjustments are implemented following the completion of the review process. The annual reviews of our executive officers are conducted by our President and Chief Executive Officer.

In evaluating compensation for the 2006 fiscal year, we considered, among others, the following factors and events that occurred during 2006:

the successful completion of our initial public offering and the ability to meet the necessary financial and legal requirements of a public company;

the close monitoring of our financial position to allow timely completion of our corporate priorities within the approved budget; and

the continued increase of our revenues.

We do not currently have a merit-based salary increase program for our Named Executive Officers. All salary increases granted to Named Executive Officers, to the extent granted, were tied to either a promotion of such Named Executive Officer, or an increase in the responsibilities of a Named Executive Officer. In 2006 we provided cash bonus awards to certain of our employees, including all of the Named Executive Officers, through our 2006 Bonus Plan. The 2006 Bonus Plan was a cash incentive program designed to reward employees upon our achievement of certain revenue goals. Under our 2006 Bonus Plan, each of the Named Executive Officers listed below, based on the recommendation of the President and Chief Executive Officer and approval by the Board of Directors, was eligible for cash bonuses. The target cash bonuses were determined according to a formula expressed as percentages of the respective Named Executive Officer's base salary based on the achievement of revenue goals determined by the Board of Directors.

Our Compensation Committee, with contributions from the other members of our Board of Directors and management, evaluates our President and Chief Executive Officer's performance.

Compensation Components

The components of our compensation package are as follows:

Base Salary

Base salaries for our executives are established based on the scope of their responsibilities and their prior relevant background, training, and experience, taking into account competitive market compensation paid by the companies represented in the compensation data we review for similar positions and the overall market demand for such executives at the time of hire. Most of our Named Executive Officers began their employment with us in 2006. All employment agreements with our Named Executive Officers were the result of arms-length negotiations. As with total executive compensation, we believe that executive base salaries should generally be comparable with salaries for executives in similar positions and with similar responsibilities in the companies of similar size to us represented in the compensation data we review. An executive's base salary is also evaluated together with other components of the executive's other compensation to ensure that the executive's total compensation is in line with our overall compensation philosophy.

Annual Cash Bonus

Our practice has been to provide employees in executive positions with the opportunity to earn an annual cash bonus up to a certain percentage of their annual base salary. The target percentages for these bonuses range from 10% for senior managers below the vice president level, 25% to 50% for vice presidents, and 50% for the

Table of Contents

President and Chief Executive Officer. These target percentages are generally set forth in the employee's employment agreement or offer letter and are subject to adjustment in the discretion of the Compensation Committee. This practice is designed to enable us to attract quality employees and add an additional compensation opportunity in the form of variable pay. As part of the annual review process, performance of each eligible employee is evaluated against the objectives that were mutually established by the employees and their managers. The Compensation Committee determines the percent of the bonus to be awarded based on overall corporate performance together with a subjective assessment by their manager of each employee's achievement of the previously established performance goals that relate to the employee's area of responsibility. Bonus awards are generally prorated for individuals who joined us during the applicable year.

Long-Term Incentives

We believe that long-term performance is achieved through an ownership culture that encourages long-term participation by our executive officers in equity-based awards. Our Amended and Restated 2005 Employee, Director and Consultant Stock Plan, or our 2005 Stock Plan, allows the grant to executive officers of stock options, restricted stock, and other equity-based awards. Prior to our initial public offering we granted certain employees restricted stock awards. Since our initial public offering we have only granted incentive stock options to employees, however we may consider the possibility of granting other types of equity awards as our business strategy evolves. We typically make an initial stock option award to new employees as well as option grants to reflect promotions, as necessary. Currently we do not make annual stock option awards as part of our overall performance management program, however we may institute such a program in fiscal 2007.

Initial Stock Option Awards

Since our initial public offering, executives who join us are awarded initial stock option grants. These grants have an exercise price equal to the closing price of our common stock on the day prior to the date of grant, which is generally the second Wednesday of each month after the beginning of the executive's employment, and a five-year vesting schedule with 20% of the shares vesting on the annual anniversary of the date of issuance. The amount of the initial stock option award is determined based on the executive's position with us and analysis of the competitive practices of the companies similar in size to us represented in the compensation data that we review with the goal of creating a total compensation package for new employees that is competitive with other orthopedic device companies and that will enable us to attract high quality people. Our President and Chief Executive Officer is currently authorized by the Compensation Committee to make initial stock option grants within certain parameters to non-executive officers, beyond which Compensation Committee approval is required.

To determine the proposed option recommendations for new hires in 2006, we relied upon the data we had previously collected with respect to the compensation being paid by orthopedic device manufacturers of a similar size to us.

Promotion Grants

If an employee receives a promotion during the year, we generally recommend that the Compensation Committee, or its designee, approve stock option grants to reflect the promotion. Generally, these promotion grants begin to vest on the date of the stock option grant, which is generally the second Wednesday of each month after approval of the grant related to the promotion. The method for determining each promotion grant is based on the numbers used for determining an initial stock option grant for the position with a reduction from such amount based on the number of options previously granted to such employee.

Other Compensation

We maintain broad-based benefits and perquisites that are provided to all employees, including health insurance, life and disability insurance, dental insurance, and a 401(K) plan. In particular circumstances, we also

Table of Contents

utilize cash signing bonuses when certain executives and senior non-executives join us. Such cash signing bonuses are typically repayable in full to us if the recipient voluntarily terminates employment with us prior to the first anniversary of the date of hire. Whether a signing bonus is paid and the amount thereof is determined on a case-by-case basis under the specific hiring circumstances. For example, we have paid and will consider paying cash bonuses to compensate for amounts forfeited by an executive upon terminating prior employment. In addition, we may assist with certain expenses associated with an executive joining and maintaining their employment with us. For example, in 2006 we reimbursed our Chief Technology Officer, former Vice President, RA/QA, former President and CEO and former Chief Administrative Officer for certain housing costs and/or expenses for relocation. We have also provided reimbursement compensation for the taxes associated with these benefits. We believe these forms of compensation create additional incentives for an executive to join us in a position where there is high market demand. These forms of compensation are typically structured to not exceed certain monetary amounts and/or time periods. These forms of compensation are generally subject to repayment on a pro-rata basis if the executive terminates his or her employment within one or two years of their date of hire.

Conclusion

Our compensation policies are designed and are continually being developed to retain and motivate our senior executive officers and to ultimately reward them for outstanding individual and corporate performance. In 2007, we plan to begin working on a revised compensation structure that is more reflective of our needs as a public company. Management plans to engage a compensation consultant to assist us in this process and we anticipate completing this work and implementing this new structure in 2008.

Termination of Employment and Change of Control Arrangements

The employment agreements with certain of our Named Executive Officers provide certain benefits upon the termination of employment without cause.

In the event that Mr. Kuyper is terminated without cause, he is entitled to receive as severance compensation his annual base salary for a period of 12 months and a payment for any accrued but unused vacation days. In addition, in the event that Mr. Kuyper's employment is terminated due to either his death or disability, he (or his estate, as the case may be) is entitled receive an amount equal to Mr. Kuyper's target bonus for the fiscal year in which such termination occurred (with such amount pro-rated based on the date of termination). In addition, all unvested stock or option grants issued to Mr. Kuyper shall become fully vested upon Mr. Kuyper's death or permanent disability.

In the event that any of Messrs. Yasbek, Reinecke or Yoshimi is terminated without cause, he is entitled to receive as severance compensation his annual base salary for a period of 12 months and a payment for any accrued but unused vacation days.

In the event that Mr. Lubischer is terminated without cause, he is entitled to receive as severance compensation his annual base salary for a period of at least three, but not more than 12 months, with such period being determined by us, and a payment for any accrued but unused vacation days. During this time period, Mr. Lubischer shall be bound by certain obligations to not compete with us.

In addition to the salary and vacation day payments set forth above, upon any termination without cause, during the time period in which any of these executive officers is receiving severance payments, he will be entitled to continue to participate in all medical and similar benefit programs that we establish and make available to our management employees. Our Compensation Committee, or our Board of Directors in the case of Mr. Yoshimi, agreed to this severance package as part of the negotiations with each of these executive officers to secure his services. Our Compensation Committee, or our Board of Directors in the case of Mr. Yoshimi, approved the severance package based on their experience serving on boards of directors and compensation committees of companies of a similar size and stage of development to us and their familiarity with severance packages offered to executive officers of such companies. Based on this knowledge, experience and information, we believe that the respective severance periods and provision of medical and similar benefit programs during such severance periods are both reasonable and generally in line with severance packages negotiated with executive officers of similarly situated companies.

We do not have an employment agreement with Mr. Foster. Mr. Foster resigned as our President and Chief Executive Officer in June 2007. Mr. Foster remains the Chairman of the Board of Directors.

Pursuant to our restricted stock agreements and stock option agreements with our executive officers, in the event of a change in control, as defined in our 2005 Stock Plan, the vesting of outstanding restricted stock grants and stock option awards held by these executive officers will accelerate in connection with a change in control, without regard to whether the Named Executive Officer terminates employment in connection with or following the change in control.

Our subsidiary, Alphatec Spine, has entered into a stock purchase agreement with Mr. Yoshimi pursuant to which we have an obligation to repurchase his Alphatec Pacific shares upon certain changes of control of us, Alphatec Spine or Alphatec Pacific.

Table of Contents

A change in control shall occur on the date that: (i) any one person, entity or group acquires ownership of capital stock of us, together with our capital stock already held by such person, entity or group, constitutes more than 50% of the total fair market value or total voting power of our capital stock; provided, however, if any one person, entity or group is considered to own more than 50% of the total fair market value or total voting power of our capital stock of the Company, the acquisition of additional capital stock by the same person, entity or group shall not be deemed to be a change of control; (ii) a majority of members of the Board of Directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board of Directors prior to the date of the appointment or election; or (iii) any one person, entity or group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person, entity or group) assets from us that have a total gross fair market value at least equal to 80% of the total gross fair market value of all of the assets of us immediately prior to such acquisition or acquisitions.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Financial Advisory Service, Rental and Other Payments and Agreements

On March 1, 2006, we agreed to pay an advisory fee of \$1.0 million plus out of pocket expenses to HealthpointCapital, LLC, an affiliate of HealthpointCapital Partners, LP, for services provided in connection with our initial public offering pursuant to an oral arrangement with HealthpointCapital, LLC. The advisory services performed by HealthpointCapital, LLC included: (i) retaining and coordinating with the underwriters throughout the initial public offering process; (ii) assisting our management in preparing for the initial public offering and the road show; (iii) assisting our management with the preparation of the prospectus; (iv) assisting us in negotiating the pre-money valuation, size of initial public offering and the terms of our New Redeemable preferred stock; (v) interacting with our existing stockholders on a continuous basis throughout the initial public offering process; and (vi) retaining other advisors, as needed. John H. Foster, our former President and Chief Executive Officer and current Chairman, is a managing member of HGP, LLC, which is the general partner of, and has a 20% profits interest in, HealthpointCapital Partners, LP. Mr. Foster is also the Chairman, Chief Executive Officer, a member of the Board of Managers and a managing director of HealthpointCapital, LLC, which has a 25% ownership interest in HGP, LLC and is the parent company of the fund manager of HealthpointCapital Partners, LP. Mortimer Berkowitz III, one of our directors, is the President, a member of the Board of Managers and a managing member of HealthpointCapital, LLC and a managing member of HGP, LLC. Our directors R. Ian Molson and Stephen E. O Neil also serve on the Board of Managers of HealthpointCapital, LLC. Our Chairman, John H. Foster, has a 3.2% beneficial capital interest in HealthpointCapital Partners, LP, a 36.6% direct interest in HGP, LLC and a 44.2% direct and beneficial interest in HealthpointCapital, LLC. Our director Mortimer Berkowitz III has a less than 1% direct capital interest in HealthpointCapital Partners, LP, a 24.4% direct interest in HGP, LLC and a 30.5% direct and beneficial interest in HealthpointCapital, LLC. Our director R. Ian Molson has a less than 1% direct capital interest in HealthpointCapital Partners, LP and a 2.2% direct interest in HealthpointCapital, LLC. Our director Stephen E. O Neil has a 1.5% direct interest in HealthpointCapital, LLC.

Our Board of Directors has agreed to reimburse Foster Management Company, which is owned by Mr. Foster, \$4,000 per flight hour for the use of its aircraft when Mr. Foster travels for our business purposes. Based upon a competitive analysis of comparable leased aircraft, our Board of Directors determined that this hourly reimbursement rate is at or below market rates for the charter of similar aircrafts. We reimbursed Foster Management Company approximately \$352,000 for such travel in 2006.

On February 2, 2006, we filed a joint complaint with our former President and Chief Executive Officer, Ronald Hiscock, in California State Superior Court against Benchmark Medical. This action arose out of Benchmark's alleged default under its contractual obligation to make certain payments to Mr. Hiscock pursuant to a severance agreement entered into between Mr. Hiscock and Benchmark. In the complaint, Mr. Hiscock sought damages based on the severance payments that have not been paid to him, and we sought a declaratory judgment that we are not bound by the restrictive covenants of Mr. Hiscock's severance agreement (which provided that Mr. Hiscock will not compete with Benchmark or solicit or employ Benchmark employees), provided that Mr. Hiscock is not involved in the solicitation of Benchmark employees. In March 2006, Benchmark filed a complaint in the Chester County, Pennsylvania Court of Common Pleas against each of

Table of Contents

Mr. Hiscock and our former Chief Administrative Officer, Vice President and Secretary, Vicky Romanoski, in which it alleged that both of them breached the terms of their respective severance agreements with Benchmark. In the complaint, Benchmark sought to recoup aggregate severance payments paid to both Mr. Hiscock and Ms. Romanoski. In addition, the complaint sought to have all matters related to such alleged breaches litigated in Pennsylvania rather than California. We agreed to indemnify and hold harmless each of Mr. Hiscock and Ms. Romanoski, against any expense, loss or liability arising from any alleged breach of their respective severance agreements, including legal expenses related to the suit against Benchmark and Benchmark's complaint, and unpaid severance payments due to Mr. Hiscock and Ms. Romanoski from Benchmark. This matter was settled by all parties involved in June, 2006, however, pursuant to our agreement to indemnify Mr. Hiscock we paid \$219,358 to Mr. Hiscock for lost severance payments in 2006. In addition, we paid all legal fees for our joint litigation with Mr. Hiscock and Ms. Romanoski, which was \$56,188 in 2006.

In June 2007, we entered into a Settlement Agreement and Mutual General Release with Vicky A. Romanoski, our former Senior Vice President and Chief Administrative Officer (the Romanoski Settlement Agreement). In June 2005 and August 2005, in connection with her employment with us, Ms. Romanoski was issued an aggregate of 90,825 shares of restricted common stock and 1,342 shares of New Redeemable preferred stock (collectively, the Romanoski Stock). The Romanoski Settlement Agreement provides that Ms. Romanoski shall be entitled to sell the Romanoski Stock with the proceeds of such sale being paid to Ms. Romanoski, subject to a cap of \$320,000, with any excess shares being forfeited and cancelled.

In June 2007, we entered into a Settlement Agreement and Mutual General Release with Ronald G. Hiscock (the Hiscock Settlement Agreement). In June 2005, in connection with his employment with us, Mr. Hiscock was issued 436,919 shares of restricted common stock and 7,261 shares of New Redeemable preferred stock (collectively, the Hiscock Stock). The Hiscock Settlement Agreement provides that Mr. Hiscock shall be entitled to sell the Hiscock Stock with the proceeds of such sale being paid to Mr. Hiscock, subject to a cap of \$680,000, with any excess shares being forfeited and cancelled.

In connection with the repurchase of certain distribution rights in Japan, our subsidiary, Alphatec Pacific, borrowed ¥350.0 million, or approximately \$3.0 million, from Mr. Roy Yoshimi, the President, Chief Executive Officer and Chairman of Alphatec Pacific. In return for this loan, Mr. Yoshimi received an unsecured note and 20% of the stock of Alphatec Pacific. In June 2006, we paid Mr. Yoshimi \$3.0 million to repay this note in full.

Our subsidiary, Alphatec Spine, has entered into a stock purchase agreement with Mr. Yoshimi pursuant to which we have an obligation to repurchase his Alphatec Pacific shares upon certain changes of control of the Company, Alphatec Spine or Alphatec Pacific or upon termination of Mr. Yoshimi's employment. In addition, 12 months after the completion of our initial public offering, Mr. Yoshimi will have the right to require us to repurchase his shares of Alphatec Pacific stock upon written notice. The price we pay to reacquire shares of Alphatec Pacific from Mr. Yoshimi, which we can pay in a combination of common stock and/or cash, will be based on the revenues of Alphatec Pacific during three full calendar months prior to our obligation to purchase the shares, except in the event of a change of control of Alphatec Pacific, where it will be equal to a proportionate share of the price paid for Alphatec Pacific. Mr. Yoshimi exercised this right on June 2, 2007 and our Board of Directors elected to pay the purchase price for such Alphatec Pacific shares with 804,874 shares of our common stock in accordance with the stock purchase agreement governing such transaction.

In October 2006, we, and our subsidiary, Alphatec Spine, entered into a Consulting Agreement with one of our directors, Stephen H. Hochschuler, M.D. Pursuant to the terms of the agreement, we agreed to appoint Dr. Hochschuler to the Alphatec Holdings and Alphatec Spine Board of Directors until the next annual meeting of each of its stockholders or his successor is duly appointed and qualified. Pursuant to the agreement, Dr. Hochschuler is required to provide advisory services to us related to the spinal implant industry and our research and development strategies. The agreement has a three-year term. In return for such advisory services, we are obligated to pay Dr. Hochschuler cash and equity compensation.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Auditors

Consistent with Securities and Exchange Commission's policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for the next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

1. **Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.

2. **Audit-Related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

3. **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

Table of Contents

4. **Other Fees** are those associated with services not captured in the other categories. The Company generally does not request such services from the independent auditor.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

In the event the stockholders do not ratify the appointment of Ernst & Young, LLP as our independent public accountants, the Audit Committee will reconsider its appointment.

The affirmative vote of a majority of the shares present or represented and entitled to vote at the Annual Meeting is required to ratify the appointment of the independent public accountants.

The Board Of Directors Recommends A Vote To Ratify The Appointment Of Ernst & Young, LLP As Independent Public Accountants, And Proxies Solicited By The Board Of Directors Will Be Voted In Favor Of Such Ratification Unless A Stockholder Indicates Otherwise On The Proxy.
