Item 7.01 Regulation FD Disclosure

On February 7, 2008, USF Holland and USF Reddaway (the companies), subsidiaries of YRC Regional Transportation, a subsidiary of YRC Worldwide Inc., announced to their customers that the companies would be closing certain service centers within their service territories. The closings are expected to occur on February 22, 2008.

USF Holland will close six service centers located on the fringe of its service territory. The six facilities are located in Albany, GA; Jackson, MS; Lumberton, NC; Little Rock, AR; Mobile, AL; and Metter, GA. USF Reddaway will close 21 service centers located in Louisiana, New Mexico, Oklahoma and Texas. Service will still be available to these areas as indirect points through other brands in YRC North American Transportation.

These actions are a significant component of the previously announced \$50 million profit improvement plan for YRC Regional Transportation. The companies expect to incur about \$10 million in total of one-time shutdown costs primarily related to cash payments of \$5 million for lease terminations and \$5 million for employee severance. The majority of these charges are expected to be recognized in the first quarter of 2008.

This Form-8K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The words expect, expected, and similar expressions are intended to identify forward-looking statements.

The company's expectations regarding the timing of the service center closings, the one-time shutdown costs and the timing of those costs are only its expectations regarding these matters. The actual date of the closings could differ based on a number of factors including (among others) the timing of our ability to transport our customers' freight from each of the affected service centers. Actual shutdown costs and the timing of those costs could differ based on a number of factors including (among others) our ability to enter into, and the terms of, lease termination agreements for the leased properties, the accuracy of our estimates regarding the fair market value of the owned properties, our ability to enter into agreements to sell the owned properties and our ability to identify all costs related to the closing of the service centers and to properly categorize the costs by type.

SIGNATURE
