NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

MAY 13, 2008

We will hold the annual meeting of shareholders of Sprint Nextel Corporation on Tuesday, May 13, 2008 at 10:00 a.m. Eastern time at The Hyatt Regency Reston, 1800 Presidents Street, Reston, Virginia 20190 (703-709-1234).

The purpose of the annual meeting is to consider and take action on the following:

1. Election of nine directors for a one-year term ending 2009;
2. Ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2008;
3. Vote on one shareholder proposal, if presented at the meeting; and
4. Any other business that properly comes before the meeting.

This year, we are taking advantage of new Securities and Exchange Commission rules that allow us to furnish proxy materials to you via the Internet. Unless you have already requested to receive a printed set of proxy materials, you will receive a Notice Regarding the Availability of Proxy Material, or Notice. The Notice contains instructions on how to access proxy materials and vote your shares via the Internet or, if you prefer, to request a printed set of proxy materials at no additional cost to you. We believe that this new approach will provide a convenient way for you to access your proxy materials and vote your shares, while lowering our printing and delivery costs and reducing the environmental impact associated with our annual meeting.

Shareholders of record as of March 14, 2008 can vote at the annual meeting. On or about March 31, 2008, we will mail the Notice or, for shareholders who have already requested to receive a printed set of proxy materials, this proxy statement, the accompanying proxy card and the annual report on Form 10-K for the year ended December 31, 2007. Please vote before the annual meeting in one of the following ways:

1. **By Internet** You can vote over the Internet at www.proxyvote.com by entering the control number found on your Notice or proxy card;
2. **By Telephone** You can vote by telephone by calling 1-800-690-6903 and entering the control number found on your Notice or proxy card; or
3. **By Mail** If you received your proxy materials by mail, you can vote by signing, dating and mailing the proxy card in the pre-paid enclosed envelope.

Your vote is very important. Please vote before the meeting using one of the methods above to ensure that your vote will be counted. Your proxy may be revoked at any time before the vote at the annual meeting by following the procedures outlined in the accompanying proxy statement.

By order of the Board of Directors,

Edgar Filing: SPRINT NEXTEL CORP - Form DEF 14A

James H. Hance, Jr.
Chairman of the Board of Directors

Overland Park, Kansas

Table of Contents**General Information About Proxies and Voting****Date, Time and Place**

These proxy materials are delivered in connection with the solicitation by our board of directors of proxies to be voted at our annual meeting of shareholders, which will be held at The Hyatt Regency Reston, 1800 Presidents Street, Reston, Virginia 20190 at 10:00 a.m. Eastern time on Tuesday, May 13, 2008. On or about March 31, 2008, we mailed to our shareholders entitled to vote at the meeting the Notice or, for shareholders who have already requested to receive printed materials, this proxy statement and the form of proxy. Our principal executive offices are located at 6200 Sprint Parkway, Overland Park, Kansas 66251.

Purpose of the Annual Meeting

At the annual meeting, shareholders will be asked to:

elect nine directors to serve for a term of one year (Item 1 on the proxy card);

ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2008 (Item 2 on the proxy card);

vote on a shareholder proposal concerning special shareholder meetings, if presented at the meeting (Item 3 on the proxy card); and

take action on any other business that properly comes before the meeting and any adjournment or postponement of the meeting.

Record Date; Shareholders Entitled to Vote

The close of business on March 14, 2008 has been fixed as the record date for the determination of shareholders entitled to notice of, and to vote at, the 2008 annual meeting or any adjournments or postponements of the 2008 annual meeting.

As of the record date, the following shares were outstanding and entitled to vote:

Designation	Outstanding	Votes per Share
Series 1 common stock	2,774,213,326	1.0000
Series 2 common stock	74,831,333	0.1000

The relative voting power of our different series of voting stock is set forth in our articles of incorporation.

A complete list of shareholders entitled to vote at the 2008 annual meeting will be available for examination by any shareholder at 2001 Edmund Halley Drive, Reston, Virginia 20191, for purposes pertaining to the 2008 annual meeting, during normal business hours for a period of ten days before the annual meeting, and at the time and place of the annual meeting.

Quorum

In order to carry on the business of the meeting, we must have a quorum. A quorum requires the presence, in person or by proxy, of the holders of a majority of the votes entitled to be cast at the meeting. We count abstentions and broker non-votes as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a shareholder fails to provide voting instructions to his or her broker for shares held in street name. Under those circumstances, a shareholder's broker may be authorized to vote for the shareholder on some routine items, but is prohibited from voting on other items. Those items for which a shareholder's broker cannot vote result in broker non-votes.

Table of Contents

Votes Required

Required Vote to Elect the Directors (Proposal 1; Item 1 on the Proxy Card)

Each of the nine nominees for director will be elected as a director if the votes cast for each such nominee exceed the number of votes against that nominee, assuming that there is a quorum represented at the annual meeting. A summary of our majority voting standard appears on page 24 under Proposal 1 Election of Directors Board Committees and Director Meetings The Nominating and Corporate Governance Committee Majority Voting.

Required Vote to Ratify the Appointment of our Independent Registered Public Accounting Firm (Proposal 2; Item 2 on the Proxy Card)

The affirmative vote of a majority of votes cast in person or by proxy by holders of our common stock entitled to vote on the matter is required to ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2008.

Required Vote to Approve the Shareholder Proposal (Proposal 3; Item 3 on the Proxy Card)

The affirmative vote of a majority of votes cast in person or by proxy by holders of our common stock entitled to vote on the matter is required to approve the shareholder proposal, if presented at the annual meeting.

Treatment of Abstentions, Not Voting and Incomplete Proxies

If a shareholder marks the Abstain box, it will have no effect on the vote for Proposal 1, but it will have the same effect as a vote against Proposals 2 and 3. If a shareholder does not return a proxy, it will have no effect on the vote for the proposals. Broker non-votes for non-routine proposals will also have no effect on the vote for the proposals. Except for broker non-votes, if a proxy is returned without indication as to how to vote, the stock represented by that proxy will be considered to be voted in favor of Proposals 1 and 2, and voted against Proposal 3.

Voting of Proxies

Giving a proxy means that you authorize the persons named in the proxy card to vote your shares at the 2008 annual meeting in the manner directed. You may vote by proxy or in person at the meeting. To vote by proxy, you may use one of the following methods if you are a registered holder (that is, you hold our stock in your own name):

By Internet You can vote over the Internet at www.proxyvote.com by entering the control number found on your Notice or proxy card;

By Telephone You can vote by telephone by calling 1-800-690-6903 and entering the control number found on your Notice or proxy card; or

By Mail If you received your proxy materials by mail, you can vote by signing, dating and mailing the proxy card in the pre-paid enclosed envelope.

We request that shareholders vote as soon as possible. When the proxy is properly returned, the shares of stock represented by the proxy will be voted at the 2008 annual meeting in accordance with the instructions contained in the proxy.

Except for broker non-votes, if any proxy is returned without indication as to how to vote, the stock represented by the proxy will be considered to be voted in favor of Proposals 1 and 2, and voted against Proposal 3. Unless a shareholder checks the box on the proxy card to withhold discretionary authority, the proxies may use their discretion to vote on other matters introduced at the 2008 annual meeting.

Table of Contents

If a shareholder's shares are held in street name by a broker or other nominee, the shareholder should check the voting form used by that firm to determine whether the shareholder may provide voting instructions to the broker or other nominee by telephone or the Internet.

Every shareholder's vote is important. Accordingly, you should vote via the Internet or by telephone; sign, date and return the enclosed proxy card if you received it by mail; or provide instructions to your broker or other nominee whether or not you plan to attend the annual meeting in person.

Revocability of Proxies and Changes to a Shareholder's Vote

A shareholder has the power to revoke his or her proxy or change his or her vote at any time before the proxy is voted at the annual meeting. You can revoke your proxy or change your vote in one of four ways:

by sending a signed notice of revocation to our corporate secretary to revoke your proxy;

by sending to our corporate secretary a completed proxy card bearing a later date than your original proxy indicating the change in your vote;

by logging on to *www.proxyvote.com* in the same manner you would to submit your proxy electronically or calling 1-800-690-6903, and in each case following the instructions to revoke or change your vote; or

by attending the annual meeting and voting in person, which will automatically cancel any proxy previously given, or by revoking your proxy in person, but attendance alone will not revoke any proxy that you have given previously.

If you choose any of the first three methods, you must take the described action no later than the beginning of the 2008 annual meeting. Once voting on a particular matter is completed at the annual meeting, you will not be able to revoke your proxy or change your vote as to that matter. If your shares are held in street name by a broker, bank or other financial institution, you must contact that institution to change your vote.

Solicitation of Proxies

This solicitation is made on behalf of our board of directors, and we will pay the cost and expenses of printing and mailing this proxy statement and soliciting and obtaining the proxies, including the cost of reimbursing brokers, banks and other financial institutions for forwarding proxy materials to their customers. Proxies may be solicited, without extra compensation, by our officers and employees by mail, telephone, fax, personal interviews or other methods of communication. We have engaged the firm of Georgeson Shareholder Communications, Inc. to assist us in the distribution and solicitation of proxies and will pay Georgeson a fee of \$25,000 plus out-of-pocket expenses for its services.

Voting by Our Employees Participating in the Sprint Nextel 401(k) Plan

If you are an employee of Sprint Nextel who has a right to vote shares acquired through your participation in our 401(k) plan, you are entitled to instruct the trustee, Fidelity Management Trust Company, how to vote the shares allocated to your account. The trustee will vote those shares as you instruct. You will receive voting information that covers any shares held in your 401(k) plan account, as well as any other shares registered in your own name.

If you do not instruct the trustee how to vote your shares, the 401(k) plan provides for the trustee to vote those shares in the same proportion as the shares for which it receives instructions from all other participants. To allow sufficient time for the trustee to vote, your voting instructions must be received by the trustee by May 8, 2008.

Table of Contents

Delivery of Proxy Materials to Households Where Two or More Shareholders Reside

Rules of the Securities and Exchange Commission, or SEC, allow us to deliver multiple Notices in a single envelope or a single copy of an annual report and proxy statement to any household where two or more shareholders reside if we believe the shareholders are members of the same family. This rule benefits shareholders by reducing the volume of duplicate information they receive at their households. It also benefits us by reducing our printing and mailing costs.

We mailed Notices in a single envelope, or a single set of proxy materials, as applicable, to each household this year unless the shareholders in these households provided instructions to the contrary in response to a notice previously mailed to them. However, for shareholders who previously requested a printed set of the proxy materials, we mailed each shareholder in a single household a separate proxy card or voting instruction form. If you prefer to receive your own copy of the proxy materials for this or future annual meetings and you are a registered holder, you may request a duplicate set by writing to Sprint Nextel Shareholder Relations, 6200 Sprint Parkway, Mailstop KSOPHF0302-3B424, Overland Park, Kansas 66251 or by email at shareholder.relations@sprint.com, or by calling 913-794-1091, and we will promptly furnish such materials. If a broker or other nominee holds your shares, you may instruct your broker to send duplicate mailings by following the instructions on your voting instruction form or by contacting your broker.

If you share a household address with another shareholder, and you receive duplicate mailings of the proxy materials this year, you may request that your household receive a single set of proxy materials in the future. If you are a registered holder, please contact Sprint Nextel Shareholder Relations. If a broker or other nominee holds your shares, you should follow the instructions on your voting instruction form or contact your broker.

If you hold some shares as a registered holder or through our 401(k) plan, and other shares in the name of a broker or other nominee, we must send you proxy materials for each account. To avoid receiving duplicate sets of proxy materials, you may consolidate accounts or consent to electronic delivery as described in the following section.

Electronic Delivery of the Proxy Materials

We are able to distribute the annual report and proxy statement to shareholders in a fast and efficient manner via the Internet. This reduces the amount of paper delivered to a shareholder's address and eliminates the cost of sending these documents by mail. You may elect to view all future annual reports and proxy statements on the Internet instead of receiving them by mail. Alternatively, you may elect to receive all future annual reports and proxy statements by mail instead of viewing them via the Internet. To make an election, please log on to www.proxyvote.com and enter your control number.

If you have enrolled for electronic delivery, you will receive an email notice of shareholder meetings. The email will provide links to our annual report and our proxy statement. These documents are in PDF format so you will need Adobe Acrobat® Reader to view these documents on-line, which you can download for free by visiting www.adobe.com. The email will also provide a link to a voting web site and a control number to use to vote via the Internet.

Confidential Voting Policy

Your votes are kept confidential from our directors, officers and employees, subject to certain specific and limited exceptions. One exception occurs if you write opinions or comments on your proxy card. In that case, a copy of the proxy card is sent to us.

Table of Contents**Attending the Meeting**

Shareholders, their guests and persons holding proxies from shareholders may attend the annual meeting. Seating, however, is limited and will be available on a first-come, first-served basis. If you plan to attend the meeting, please bring proof of ownership to the meeting. A brokerage account statement showing that you owned our stock on March 14, 2008 is acceptable proof.

Conference Call

Shareholders may listen live by phone to our annual meeting. The dial-in numbers for the conference call will be posted at www.sprint.com/investors/shareholders/annualmeeting before the meeting. Lines are limited and will be available on a first-come, first-served basis.

Security Ownership of Certain Beneficial Owners

The following table provides information about the only known beneficial owners of five percent or more of our voting common stock based on our stock outstanding at March 14, 2008.

For purposes of the table below, beneficial ownership is determined based on Rule 13d-3 of the Securities Exchange Act of 1934, which states that a beneficial owner is any person who directly or indirectly has or shares voting and/or investment/dispositive power. According to a Schedule 13G filed on February 11, 2008 by The Growth Fund of America, Inc., or GFA, GFA has sole voting power with respect to all of the shares and sole dispositive power with respect to none of the shares listed by its name in the table below. All shares held by GFA are subject to the sole dispositive power of either Capital Research Global Investors, or CRGI, or Capital World Investors, or CWI. Accordingly, shares held by GFA over which CRGI or CWI has sole dispositive power are included in the respective totals for CRGI and CWI.

Title of Class	Name and Address of Beneficial Owner	Amount and Nature of	
		Beneficial Ownership	Percent of Class
Common Stock	Capital World Investors	241,781,720 shares(1)	8.5%
	333 South Hope Street Los Angeles, California 90071		
	Capital Research Global Investors	197,907,600 shares(2)	6.9%
	333 South Hope Street Los Angeles, California 90071		
	The Growth Fund of America, Inc.	163,612,450 shares(3)	5.7%
	333 South Hope Street Los Angeles, California 90071		

- (1) According to a Schedule 13G filed on February 11, 2008, Capital World Investors has sole voting power with respect to 46,594,370 shares and sole dispositive power with respect to all of the shares.
- (2) According to a Schedule 13G filed on February 11, 2008, Capital Research Global Investors has sole voting power with respect to 65,687,000 shares and sole dispositive power with respect to all of the shares.
- (3) According to a Schedule 13G filed on February 12, 2008, The Growth Fund of America, Inc. has sole voting power with respect to all of the shares.

Table of Contents**Security Ownership of Directors and Executive Officers**

The following table states the number of shares of our series 1 common stock beneficially owned as of March 14, 2008 by each current director, current named executive officer and all current directors and executive officers as a group. Except as otherwise indicated, each individual named has sole investment and voting power with respect to the shares owned.

Name of Beneficial Owner	Shares Owned	Shares Covered by Exercisable Options and RSUs to be Delivered(1)	Shares Represented by RSUs(2)	Percentage of Common Stock
Keith J. Bane	7,908	26,581	0	*
Robert R. Bennett	23,776	5,221	0	*
Gordon M. Bethune	12,294	5,221	0	*
Frank M. Drendel	111,139	227,029	0	*
Larry C. Glasscock	1,000	3,649	0	*
James J. Hance, Jr.	33,234	5,221	0	*
Daniel R. Hesse	0	0	718,907	*
V. Janet Hill	13,907	177,694	0	*
Irvine O. Hockaday, Jr.	95,437	54,816	0	*
Linda Koch Lorimer	46,035	44,054	0	*
Rodney O. Neal	0	3,649	0	*
William H. Swanson	28,564	5,221	0	*
Kathryn A. Walker	132,888	629,457	257,062(3)	*
Barry J. West	0	770,856	0	*
Ralph V. Whitworth	53,076,834(4)	2,226	0	1.9%
Directors and Executive Officers as a group (21 persons)	53,664,063	3,605,063	1,621,887	1.9%

* Indicates ownership of less than 1%.

- (1) Represents shares that may be acquired upon the exercise of stock options exercisable, and restricted stock units to be delivered, on or within 60 days after March 14, 2008 under our equity-based incentive plans.
- (2) Represents unvested restricted stock units with respect to which we will issue the underlying shares of our common stock after the units vest. There are no voting rights with respect to these restricted stock units. These amounts do not include any restricted stock units covered by footnote 1.
- (3) These restricted stock units are subject to adjustment and forfeiture under the terms of our 2007 Long-Term Incentive Compensation Plan. For more information on this plan, see Executive Compensation Compensation Discussion and Analysis Elements of Compensation Long-Term Incentive Compensation Plan.
- (4) Mr. Whitworth is a Principal of Relational Investors, LLC (RILLC). RILLC is the record holder of 100 shares and is the sole general partner of Relational Investors, L.P., Relational Fund Partners, L.P., Relational Coast Partners, L.P., Relational Partners, L.P., RH Fund 1, L.P., RH Fund 2, L.P., RH Fund 4, L.P., RH Fund 6, L.P., RH Fund 7, L.P., Relational Investors VIII, L.P., Relational Investors IX, L.P., Relational Investors XI, L.P., Relational Investors XV, L.P., Relational Investors XVI, L.P., Relational Investors XXII, L.P. and the sole managing member of Relational Asset Management LLC and Relational Investors X GP LLC, which serve as the sole general partners of Relational Investors III, L.P. and Relational Investors X, L.P., respectively. These Limited Partnerships own a total of 46,691,732 shares. An additional 6,385,002 shares are held in accounts managed by Relational Investors, LLC. Mr. Whitworth disclaims beneficial ownership of these securities except to the extent of his pecuniary interest therein.

Table of Contents

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC and the New York Stock Exchange, or NYSE, initial reports of beneficial ownership and reports of changes in beneficial ownership of our common stock and other equity securities. These people are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file, and we make these reports available at www.sprint.com/investors/sec.

To our knowledge, based solely on a review of the copies of these reports furnished to us and written representations that no other reports were required, during 2007 all Section 16(a) filing requirements applicable to our directors, executive officers and beneficial owners of more than 10% of our equity securities were met, except for: one late Form 4 filing in February 2007 for an acquisition of share units in connection with our Deferred Compensation Plan by Linda Koch Lorimer, an outside director, one late Form 4 filing in March 2007 for a disposition of shares by Barry J. West, Chief Technology Officer & President 4G Mobile Broadband and one late Form 4 filing in December 2007 for an acquisition of shares by Larry C. Glasscock, an outside director.

Table of Contents

Proposal 1. Election of Directors

(Item 1 on Proxy Card)

We currently have 13 seats on our board. Keith J. Bane, Frank M. Drendel, Linda Koch Lorimer and William H. Swanson are not standing for re-election. The board has reduced the number of seats on our board to nine effective as of the time of our annual meeting. The board's objective is to increase the number of board seats and add new directors who meet the director selection criteria and have the skills and attributes that meet the current needs of the board. There is an ongoing director search underway.

Each of the nine nominees, if elected, will serve one year until the 2009 annual meeting and until a successor has been elected and qualified. The persons named in the accompanying proxy will vote for the election of the nominees named below unless a shareholder directs otherwise. Each nominee has consented to be named and to continue to serve if elected. If any of the nominees becomes unavailable for election for any reason, the proxies will be voted for the other nominees and for any substitutes.

Nominees for Director

Robert R. Bennett, age 49. Since March 2005, Mr. Bennett has been President of Discovery Holding Company, a holding company for its wholly-owned subsidiary, Ascent Media Group LLC, and its 67% interest in Discovery Communications, Inc. Mr. Bennett served as president and CEO of Liberty Media Corporation from April 1997 until August 2005 and continued as president until March 2006. He was with Liberty Media from its inception, serving as its principal financial officer and in various other capacities. Prior to his tenure at Liberty Media, Mr. Bennett worked with Tele-Communications, Inc. (TCI) and the Bank of New York. Mr. Bennett also serves as a director of Discovery Holding Company and Liberty Media Corporation. Mr. Bennett has served as one of our directors since October 2006.

Gordon M. Bethune, age 66. Retired Chairman and Chief Executive Officer of Continental Airlines, Inc., an international commercial airline company. He served as Chief Executive Officer of Continental Airlines from 1994 and as Chairman and Chief Executive Officer from 1996 until December 31, 2004. He is a director of Honeywell International Inc., Willis Group Holdings, Limited and Prudential Financial, Inc., and Chairman of the Board of Aloha Airgroup, Inc. Mr. Bethune has served as one of our directors since March 2004.

Larry C. Glasscock, age 59. Chairman of the Board of WellPoint, Inc., a health benefits company. Mr. Glasscock served as President and Chief Executive Officer of WellPoint, Inc. from November 2004 (following the merger between Anthem, Inc. and WellPoint Health Networks Inc.) until June 2007 and as Chairman of WellPoint, Inc. since November 2005. Prior to Anthem's merger with WellPoint Health Networks in November 2004, Mr. Glasscock had served as Anthem's President and Chief Executive Officer since 2001 and also as Anthem's Chairman since 2003. He is a director of Zimmer Holdings, Inc. Mr. Glasscock has served as one of our directors since August 2007.

James H. Hance, Jr., age 63. Chairman of the Board of Sprint Nextel. Retired Vice Chairman of Bank of America Corporation, a financial services holding company. He served as the Vice Chairman of Bank of America Corporation from 1993 until January 31, 2005 and as the Chief Financial Officer of Bank of America Corporation from 1988 until April 2004. He is a director of Cousins Properties Incorporated, Duke Energy Corporation, and Rayonier Corporation. Mr. Hance also serves as a Senior Advisor to The Carlyle Group. Mr. Hance has served as one of our directors since February 2005.

Table of Contents

Daniel R. Hesse, age 54. President and Chief Executive Officer of Sprint Nextel. Before becoming the President and Chief Executive Officer of Sprint Nextel on December 17, 2007, Mr. Hesse was Chairman, President, and Chief Executive Officer of Embarq Corporation, the separate company formed from Sprint's former Local Telecommunications Division in 2006. He served as Chief Executive Officer of Sprint's Local Telecommunications Division from June 2005 until the Embarq spin-off. Before that, Mr. Hesse served as Chairman, President and Chief Executive Officer of Terabeam Corp., a wireless telecommunications service provider and technology company, from 2000-2004. Prior to serving at Terabeam Corp., Mr. Hesse spent 23 years at AT&T during which he held various senior management positions, including President and Chief Executive Officer of AT&T Wireless Services. He is a director of VF Corporation and also serves on the National Board of Governors of the Boys and Girls Clubs of America. Mr. Hesse has served as one of our directors since December 2007.

V. Janet Hill, age 60. Since 1981, Mrs. Hill has been Vice President of Alexander & Associates, Inc., a corporate consulting firm. Mrs. Hill also serves as a director of Wendy's International, Inc. and Dean Foods, Inc. Mrs. Hill served as a director of Nextel Communications, Inc. from November 1999 until its merger with Sprint Corporation in August 2005, and she has served as one of our directors since 2005.

Irvine O. Hockaday, Jr., age 71. Retired President and Chief Executive Officer of Hallmark Cards, Inc., a manufacturer of greeting cards. Mr. Hockaday served as President and Chief Executive Officer of Hallmark Cards, Inc. from 1985 to 2001. He is a director of Aquila, Inc., Crown Media Holdings, Inc., Ford Motor Company, and Estee Lauder, Inc. Mr. Hockaday has served as one of our directors since June 1997.

Rodney O. Neal, age 54. Chief Executive Officer and President of Delphi Corporation, a global supplier of mobile electronics and transportation systems. Mr. O. Neal has served as Chief Executive Officer and President of Delphi since January 2007. He previously served as President and Chief Operating Officer of Delphi from January 2005 until January 2007. In 2000, Mr. O. Neal was named Executive Vice President of the former Safety, Thermal & Electrical Architecture Sector at Delphi. In 2003, he was named president of the Dynamics, Propulsion, and Thermal Sector. Previously, he served in a variety of domestic and international operating assignments for both Delphi and its former parent company, General Motors. He is a director of The Goodyear Tire & Rubber Company. Mr. O. Neal has served as one of our directors since August 2007.

Ralph V. Whitworth, age 52. Since 1996, Ralph Whitworth has been a Principal of Relational Investors LLC, a registered investment advisor. He is the former Chairman of the Board of Apria Healthcare Group Inc., and Waste Management, Inc. He is also a former director of Mattel, Inc., Tektronix, Inc., and Sirius Satellite Radio, Inc. He is currently a director of Sovereign Bancorp, Inc. and Titan Investment Partners, LLC, a privately held investment fund which focuses on emerging companies. Mr. Whitworth has served as one of our directors since February 2008.

Our board of directors recommends that you vote *for* the election of the nine nominees for director in this Proposal 1.

Table of Contents

Directors Not Standing for Re-Election

The following information is given with respect to Messrs. Bane, Drendel and Swanson and Ms. Lorimer, who are not standing for re-election at our annual meeting. Messrs. Bane, Drendel and Swanson and Ms. Lorimer will continue to serve on our board until the annual meeting.

Keith J. Bane, age 68. Mr. Bane retired in March 2003 as Executive Vice President and President, global strategy and corporate development of Motorola, Inc., a position that he had held since May 2000. From March 1997 until May 2000, Mr. Bane served as Executive Vice President and President, Americas region of Motorola. From 1973 to August 1997, Mr. Bane held various senior management positions with Motorola. Mr. Bane served as a director of Nextel Communications, Inc. from July 1995 until its merger with Sprint Corporation in August 2005, and he has served as one of our directors since 2005.

Frank M. Drendel, age 63. Mr. Drendel has served as Chairman and Chief Executive Officer of CommScope, Inc., a manufacturer of coaxial cable and supplier of high-performance electronics cables, since 1976. Mr. Drendel is also a director of the National Cable Television Association. Mr. Drendel served as a director of Nextel Communications, Inc. from August 1997 until its merger with Sprint Corporation in August 2005, and he has served as one of our directors since 2005.

Linda Koch Lorimer, age 56. Vice President and Secretary of the University, Yale University. She is the Lead Director of McGraw-Hill, Inc., and a director of Yale-New Haven Hospital and a trustee of Hollins University. Before becoming Vice President and Secretary of Yale University in 1993, Ms. Lorimer was President of Randolph-Macon Woman's College for more than six years. She has served as the President of the Board of the American Association of Colleges and Universities and as Vice Chair of The Center for Creative Leadership. Ms. Lorimer has served as one of our directors since March 1993.

William H. Swanson, age 59. Chairman and Chief Executive Officer of Raytheon Company, a technology leader specializing in defense, homeland security and other government markets throughout the world. Before adding the responsibilities of chairman to his position in January 2004, he was Chief Executive Officer and President of Raytheon. Prior to that, he was President of the company, responsible for Raytheon's government and defense operations. Mr. Swanson joined Raytheon in 1972 and has held a wide range of leadership positions. Mr. Swanson has served as one of our directors since September 2004.

Table of Contents**Compensation of Directors**

The following table provides compensation information for our current and former directors who served during 2007. Mr. Whitworth's service did not commence until February 2008. Compensation information for Mr. Hesse, our President and Chief Executive Officer, and Gary D. Forsee, our former Chairman, President and Chief Executive Officer, can be found in the Executive Compensation section of this proxy statement.

Name	Fees Earned or Paid in Cash \$(1)	Stock Awards \$(4)	Option Awards \$(4)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Nonqualified	All Other Compensation \$(5)	Total (\$)
					Deferred Compensation Earnings		
Keith J. Bane	127,000	107,771				6,065	240,836
Robert R. Bennett	148,000	138,662					286,662
Gordon M. Bethune	109,000	135,852				213	245,065
Frank M. Drendel	102,000	107,771				541	210,312
Larry C. Glasscock(2)	46,167	32,685					78,852
James H. Hance, Jr.	164,625	161,730				4,180	330,535
V. Janet Hill	128,000	107,771				489	236,260
Irvine O. Hockaday, Jr.	202,375(3)	134,078				5,503	341,956

Rodney O. Neal(2)	45,167	32,685					77,852
William H. Swanson	156,000(3)	131,974				480	288,454

- (1) Includes annual retainer fees; Lead Independent Director, committee and/or committee chair fees; and board and committee meeting fees. On October 8, 2007, Mr. Hance was appointed acting Chairman, a position that became permanent on December 17, 2007. The position of Lead Independent Director, which had been held by Mr. Hockaday, was combined with the Chairman role on October 8, 2007.
- (2) Messrs. Glasscock and O. Neal joined our board on August 7, 2007.
- (3) Messrs. Hockaday and Swanson participated in our Directors' Shares Plan in 2007 and elected to use their annual and additional retainer fees and meeting fees to purchase shares of our common stock in lieu of receiving cash payments. Ms. Lorimer participated in our Deferred Compensation Plan and elected to defer receipt of her retainer and meeting fees. Our Directors' Shares Plan and our Deferred Compensation Plan are described below on page 15.
- (4) Represents the compensation costs of stock awards for financial reporting purposes for 2007 as determined under Statement of Financial Accounting Standards No. 123 (revised 2004), *Share-Based Payment*, or SFAS 123R.

For a discussion of the assumptions used in determining the compensation cost associated with stock awards, see note 11 of the Notes to Consolidated Financial Statements in our annual report on Form 10-K for the year ended December 31, 2007. We did not issue stock options to outside directors as part of our 2007 outside director compensation program.

On May 8, 2007, we issued 5,198 restricted stock units, or RSUs, to each of our outside directors serving on the board at the time in connection with their annual RSU grant for 2007. The grant date fair market value of the 2007 RSU grant to each of our outside directors

Edgar Filing: SPRINT NEXTEL CORP - Form DEF 14A

is \$106,819, which is the product of the per share grant date fair market value multiplied by the number of RSUs granted. To determine the grant date fair market value, we used the trading price of our common stock at the close of market on the May 8, 2007 grant date.

The number of RSUs granted to each of our outside directors was calculated by dividing the director's annual RSU grant value of \$100,000 by \$19.24, which was the 30-calendar day stock price average for our common stock beginning on March 16, 2007 and ending on April 14, 2007.

On June 26, 2007, the board of directors revised the director compensation program to provide any new directors joining the board on or after June 26, 2007 with a grant of prorated RSUs. The methodology for determining the number of potential RSUs awarded is described on page 16 under Restricted Stock Units. On August 7, 2007, the board granted 3,637 RSUs to each of Messrs. Glasscock and O'Neal. On

Table of Contents

August 7, 2007, the board also granted 3,776 shares of common stock to Mr. Bennett who was appointed to the board on October 8, 2006 and was not eligible to receive a grant of prorated RSUs at the time of his appointment. In making the special grant to Mr. Bennett, the board wished to compensate him under the director compensation program for services rendered for the time period between his appointment to the board on October 8, 2006 and the 2007 annual meeting on May 8, 2007.

As of December 31, 2007, the outside directors held stock awards in the form of RSUs as set forth in the following table:

Name	Aggregate Number of Sprint Nextel RSUs Outstanding at December 31, 2007	Aggregate Number of Embarq RSUs Outstanding at December 31, 2007
Keith J. Bane	5,221	
Robert R. Bennett	5,221	
Gordon M. Bethune	9,008	198
Frank M. Drendel	5,221	
Larry C. Glasscock	3,649	
James H. Hance, Jr.	9,008	197
V. Janet Hill	5,221	
Irvine O. Hockaday, Jr.	9,008	198
Linda Koch Lorimer	9,008	198
Rodney O. Neal	3,649	
William H. Swanson	9,008	198

Any cash dividend equivalents on the RSUs granted to the outside directors are reinvested into RSUs, which vest when the underlying RSUs vest. The aggregate number of RSUs disclosed in this table includes the dividend accruals on the underlying RSUs. This table reflects the number of stock awards outstanding as of December 31, 2007 attributable to compensation paid by us to our directors. In connection with our May 17, 2006 spin-off of Embarq, each outside director who held an outstanding RSU award received one Embarq award for every 20 Sprint Nextel RSUs held. The vesting schedule for the Embarq RSU award is identical to the vesting schedule of the related Sprint Nextel RSU award.

As of December 31, 2007, the outside directors held outstanding option awards, all of which are vested, as set forth in the following table:

Name	Aggregate Number of Sprint Nextel Option Awards Outstanding at December 31, 2007
Keith J. Bane	21,360
Robert R. Bennett	
Gordon M. Bethune	
Frank M. Drendel	224,656
Larry C. Glasscock	
James H. Hance, Jr.	
V. Janet Hill	172,473
Irvine O. Hockaday, Jr.	49,595
Linda Koch Lorimer	38,833
Rodney O. Neal	
William H. Swanson	

This table includes options granted to Mr. Hockaday and Ms. Lorimer under Sprint's 1997 Long-Term Stock Incentive Program in February 2002. Options granted to Messrs. Bane and Drendel and Mrs. Hill were granted under the Nextel incentive equity plan prior to

the Sprint-Nextel merger. Since the merger,

Table of Contents

we have not issued stock options to our outside directors as part of our outside director compensation program. In connection with the May 17, 2006 spin-off of Embarq, each outstanding option held by our outside directors was adjusted by multiplying the number of shares subject to the option by 1.0955 and dividing the exercise price by the same number.

- (5) Consists of tax gross-up payments made in 2007 for certain benefits provided in 2006, and charitable matching contributions of \$3,795 made with respect to Mr. Hance and \$5,000 made with respect to Mr. Hockaday. Our Sprint Foundation matching gift program and other benefits are described below on page 16. Beginning in 2006, no tax gross-ups are provided on the value of communications services and equipment utilized by our outside board members.

The compensation of our outside directors is partially equity-based and is designed to comply with our *Corporate Governance Guidelines*, which provide that the guiding principles behind our outside director compensation practices are: (1) alignment with shareholder interests, (2) preservation of outside director independence and (3) preservation of the fiduciary duties owed to all shareholders. Our outside directors are directors who are not employees of our company.

Mr. Hance, our Chairman, received a prorated portion of the \$75,000 Lead Independent Director annual retainer for the period beginning October 8, 2007 (when the Lead Independent Director position was combined with the Chairman position) and ending December 31, 2007. In February 2008, our board approved the payment of a \$150,000 annual retainer to Mr. Hance, as described below, which is being paid to him in lieu of the former Lead Independent Director retainer. Our outside directors are also reimbursed for direct expenses relating to their activities as members of our board of directors.

Annual Retainers, Additional Retainers and Meeting Fees

Our outside directors are each paid \$70,000 annually plus meeting fees and the following additional retainers:

For 2007, the Lead Independent Director was entitled to receive an additional annual retainer of \$75,000; effective January 1, 2008, the Chairman is entitled to receive an additional annual retainer of \$150,000; the Lead Independent Director retainer has been eliminated;

the Chair of the Audit Committee receives an additional annual retainer of \$20,000;

the Chair of the Human Capital and Compensation Committee, or HC&CC, receives an additional annual retainer of \$15,000; and

the Chairs of the Finance Committee and the Nominating and Corporate Governance Committee each receive an additional annual retainer of \$10,000.

For each meeting attended, we pay our outside directors the following fees:

\$2,000 for in-person board and committee meetings; and

\$1,000 for board and committee meetings held telephonically.

As discussed above, our directors are entitled to participate in our Deferred Compensation Plan, a nonqualified and unfunded plan under which our outside directors can defer receipt of all or part of their annual and additional retainer fees and meeting fees into various investment funds and stock indices, including a fund that tracks our common stock. In 2007, Ms. Lorimer participated in our Deferred Compensation Plan. Also, as discussed above, our directors may participate in our Directors' Shares Plan, under which they can elect to use all or part of their annual and additional retainer fees and meeting fees to purchase shares of our common stock in lieu of receiving cash payments. Our outside directors can also elect to defer receipt of these shares. In 2007, Messrs. Hockaday and Swanson participated in our Directors' Shares Plan. On an annual basis, our outside directors are given the opportunity to either enroll in or discontinue their participation in one or both of these plans.

Table of Contents***Restricted Stock Units***

Each of our outside directors receives an annual grant of \$100,000 in RSUs representing shares of our common stock. Generally, the RSUs are granted each year at the annual meeting and each grant vests in full upon the subsequent annual meeting. On June 26, 2007, our board revised the director compensation program to provide any new outside board member joining the board on or after June 26, 2007 with a grant of prorated RSUs that vest in full upon the subsequent annual meeting. The dollar value of the outside directors' annual grant (\$100,000) is prorated for the time period between the date of the director's initial appointment to the board and the date of the subsequent annual meeting. The prorated RSU grant is intended to offer a more competitive compensation package to our outside directors, immediately align the interests of outside directors with our shareholders' interests, and be more consistent with the manner in which the cash retainers are paid.

Stock Ownership Guidelines

Our director stock ownership guidelines require our outside directors to hold equity or equity interests in our common stock with a value of at least \$140,000, which is two times the annual retainer fee. Each outside director is expected to meet this ownership level by the second anniversary of the director's initial election or appointment to the board. Our director stock ownership guidelines provide the board with flexibility to grant exceptions based on its consideration of individual circumstances. All of our current outside directors who have served on our board for two or more years are in compliance with our director stock ownership guidelines, and the same stock and stock equivalents that count towards the stock ownership guidelines for our executive officers (as described below under "Executive Compensation Compensation Discussion and Analysis") are used to determine our outside directors' compliance with the director stock ownership guidelines.

In addition, active outside directors are required to retain for a period of at least 12 months all shares or share equivalents (*e.g.*, options or RSUs) received from us, except for shares (i) sold for the payment of taxes as a result of shares becoming available to the outside director or (ii) delivered to pay for the acquisition of additional shares through the exercise of a stock option or otherwise. The 12-month period begins on the date any restrictions or vesting periods have lapsed on the shares or share equivalents (including stock options). The outside directors are subject to this holding period until they leave our board.

Other Benefits

We believe that it serves the interests of our company and our shareholders to enable our outside directors to utilize our communications services. Accordingly, each outside director may receive up to two wireless units and one connection card and the related wireless service, wireline long distance services and international calling cards. In addition to the value of the communications service, the value of any additional services and features (*e.g.*, ringers, call tones, directory assistance), and the lease value of the wireless devices, replacements and associated accessories are included in the value of the communications benefit. The value of any communications benefits realized by a director is subject to federal, state or local income taxes, which taxes are paid by the director. There may be other circumstances in which units are provided to board members (such as demonstration, field testing and training units); these units must be returned or they will be converted to a consumer account and applied toward the wireless units under this communications benefit once the units reach production.

Under our charitable matching gifts program, the Sprint Foundation matches contributions made to qualifying organizations on a dollar-for-dollar basis, up to the annual donor maximum of \$5,000. The annual maximum contribution per donor, per organization is \$2,500. As described in the director compensation table, Messrs. Hance and Hockaday were the only outside directors for whom the Sprint Foundation provided matching charitable contributions in 2007.

Except as described in this paragraph, we currently do not offer retirement benefits to outside directors. Ms. Lorimer is our only outside director who is eligible to receive benefits under a retirement plan originally adopted by our board of directors in 1982. The board amended the retirement plan in 1996 to eliminate the

Table of Contents

retirement benefit for any outside director who did not have five years of credited service as of the date of the amendment. Ms. Lorimer was deemed as having over five years of credited service at the time the retirement benefit was eliminated as a result of her years of service on the board of Centel Corporation, with which we merged in 1993. Following her departure from our board, Ms. Lorimer will receive monthly benefit payments equal to the monthly fee (not including meeting fees or additional retainers) being paid to outside directors at the time of her retirement. The monthly retirement benefit would be \$5,833 while the current \$70,000 annual retainer remains in effect, and the number of monthly benefit payments to Ms. Lorimer will be 120 payments.

Corporate Governance Matters

Our board and senior management devote considerable time and attention to corporate governance matters. We maintain a comprehensive set of corporate governance initiatives that include the following:

maintaining a Corporate Governance and Ethics organization that is functionally independent from our other operating units and is designed to provide an enhanced level of transparency into the company for all of our stakeholders;

refinement of our policies and goals with respect to the determination of executive compensation programs, including increasing emphasis on performance-based equity compensation, as further described below under Executive Compensation Compensation Discussion and Analysis;

implementing a majority vote standard in an uncontested election of directors;

implementing an executive compensation clawback policy, which is discussed on page 40;

implementing a policy regarding independent executive consultants, which is discussed on page 27;

conducting annual board, committee and director self evaluations;

declassification of the board;

adherence to strict independence standards for directors that meet or exceed NYSE listing standards;

requiring the outside directors to hold executive sessions without management present no less than three times a year, at or in conjunction with regularly-scheduled board meetings;

requiring the Audit Committee, the Finance Committee, the HC&CC and the Nominating and Corporate Governance Committee to be composed entirely of independent directors;

publication on our website of our *Corporate Governance Guidelines* and charters for all standing committees of the board, which detail important aspects of our governance policies and practices;

Edgar Filing: SPRINT NEXTEL CORP - Form DEF 14A

maintaining limits on the number of other public company boards and audit committees on which our directors can serve;

maintaining a policy that prohibits our independent registered public accounting firm from providing professional services, including tax services, to any employee or board member or any of their immediate family members that would impair the independence of our independent registered public accounting firm;

maintaining stock ownership guidelines for vice presidents and above and outside directors; and

maintaining limits on payments made in any future severance agreement with any officer at the level of senior vice president or above as further described below under Executive Compensation Compensation Discussion and Analysis.

We value the views of our shareholders and other interested parties. Consistent with this approach, our board has established a system to receive, track and respond to communications from shareholders and other

Table of Contents

interested parties addressed to our board or to our outside directors. A statement regarding our board communications policy is available at www.sprint.com/governance. Any shareholder or other interested party who wishes to communicate with our board or our outside directors may write to Board Communications Designee, Sprint Nextel Corporation, 2001 Edmund Halley Drive, Mailstop VARESPO513-503, Reston, VA 20191, or send an email to boardinquiries@sprint.com. Our board has instructed the Board Communications Designee to examine incoming communications to determine whether the communications are relevant to our board's roles and responsibilities. The Board Communications Designee will review all appropriate communications and report on the communications to the chair of or the full Nominating and Corporate Governance Committee, the Chairman of our full board, or the outside directors, as appropriate. The Board Communications Designee will take additional action or respond to letters in accordance with instructions from the relevant board source. Communications relating to accounting, internal accounting controls, or auditing matters will be referred promptly to members of the Audit Committee in accordance with our policy on communications with the board of directors.

James H. Hance, Jr. currently serves as our Chairman. As detailed in our *Corporate Governance Guidelines*, the responsibilities and authority of our Chairman are designed to facilitate the board's oversight of management and ensure the appropriate flow of information between the board and management, and include the following:

determining an appropriate schedule for board meetings and seeking to ensure that the outside directors can perform their duties responsibly;

setting agendas for board meetings, with the understanding that agenda items requested on behalf of the outside directors will be included on the agenda;

determining the quality, quantity and timeliness of the flow of information from management that is necessary for the outside directors to perform their duties effectively and responsibly, with the understanding that the outside directors will receive any information requested on their behalf by the Chairman;

coordinating, developing the agenda for, chairing and moderating meetings of the outside directors;

acting as principal liaison between outside directors and the Chief Executive Officer, or CEO, on sensitive issues and, when necessary, ensure the full discussion of those sensitive issues at board meetings;

providing input to the HC&CC regarding the CEO performance and meet, along with the chair of the HC&CC, with the CEO to discuss the board's evaluation;

assisting the Nominating and Corporate Governance Committee, the board and our company's officers in assuring compliance with and implementation of the *Corporate Governance Guidelines*, and providing input to the Nominating and Corporate Governance Committee on revisions to the guidelines; and

providing input to the Nominating and Corporate Governance Committee regarding the appointment of chairs and members of the Audit Committee, the HC&CC, the Executive Committee, the Finance Committee and the Nominating and Corporate Governance Committee.

The Chairman and the other directors may, from time to time, with the CEO's knowledge and in most instances with members of management present, meet with outside parties on issues of importance to all shareholders.

A current copy of our *Corporate Governance Guidelines* and the charters for all standing committees of the board are available at www.sprint.com/governance. They may also be obtained by writing to Sprint Nextel Shareholder Relations, 6200 Sprint Parkway, Mailstop

Table of Contents

Independence of Directors

Our board has adopted a definition of director independence that in several areas exceeds the listing standards of the NYSE. Our *Corporate Governance Guidelines* require that at least two-thirds of our board be independent. Under our *Corporate Governance Guidelines*, our board will determine affirmatively whether a director is independent on an annual basis and disclose these determinations in our annual proxy statement. That determination is set forth below. A director will not be independent unless the board, considering all relevant circumstances, determines that the director does not have a material relationship with us, including any of our consolidated subsidiaries. A director will not be independent if:

during the preceding five years, the director or an immediate family member (as defined below) of the director was employed by our company;

during any 12-month period in the last three years, the director or an immediate family member of the director received more than \$100,000 per year in direct compensation from us, other than excluded compensation (as defined below);

during the preceding five years, the director or an immediate family member of the director was affiliated with or employed by an independent registered public accounting firm that is or was the internal or external auditor of our company;

during the preceding five years, an executive officer of our company served on the compensation committee of the board of another company that concurrently employed the director or an immediate family member of the director as an executive officer;

an executive officer of our company serves on the board of a company that employs the director or an immediate family member of the director as an executive officer;

during the current or previous fiscal year, the director or an immediate family member of the director accepted any payments (other than those arising from investments in our securities, excluded compensation, or other non-discretionary compensation) from us in excess of \$45,000;

the director is an employee of, or an immediate family member of the director is an executive officer of, any company to which we made, or from which we received, payments (other than those arising solely from investments in our securities) that during any of the preceding three fiscal years exceeded the greater of 2% of the other company's consolidated gross revenues or \$1,000,000; or

the director is a partner in or controlling shareholder or executive officer of any organization to which we made, or from which we received, payments (other than those arising solely from investments in our securities) that during any of the preceding three fiscal years exceeded the greater of 3% of the recipient's (i.e., our company's or the other organization's) consolidated gross revenues or \$200,000.

Our board may determine that a director who does not meet the standards in the fifth, sixth or eighth bullet points above nevertheless is independent. Following any such determination, our board will disclose a detailed explanation of its determination in our annual proxy statement. In no event will our board make such determination for a director for more than two consecutive years.

Our board uses the following definitions to determine director independence:

Edgar Filing: SPRINT NEXTEL CORP - Form DEF 14A

excluded compensation means director and committee fees and pension or other forms of deferred compensation for prior service, provided such compensation is not contingent in any way on continued service;

executive officer has the meaning set forth in Rule 303A.02 of the NYSE, as amended from time to time; and

immediate family member means any person included in such term as it is defined in Rule 303A.02 of the NYSE or the rules and regulations of the SEC.

Table of Contents

In determining the independence of the outside directors, our board considered whether our outside directors, their immediate family members, and the companies with which they are employed as an executive officer (if applicable) have any relationships with our company that would prevent them from meeting the independence standards listed above, as well as the listing standards of the NYSE. In performing its review, our board considered the responses provided by the outside directors in their director questionnaires and determined that the following director nominees for re-election at the 2008 Annual Meeting have no material relationship with our company and are independent using the definition described above: Mrs. Hill and Messrs. Bennett, Bethune, Glasscock, Hance, Hockaday, O'Neal and Whitworth. Based on these standards, each of our outside directors who are standing for re-election are independent directors. The Audit Committee, the Finance Committee, the HC&CC and the Nominating and Corporate Governance Committee are composed entirely of independent directors.

Board Committees and Director Meetings

Board Meetings

During 2007, our board of directors held six regular meetings and 14 special meetings. Our board of directors has the following standing committees: an Audit Committee, a Finance Committee, an HC&CC, an Executive Committee and a Nominating and Corporate Governance Committee. Directors are expected to devote sufficient time to prepare properly for and attend meetings of our board, its committees and executive sessions, and to attend our annual meeting of shareholders. All directors attended at least 75% of the meetings of the board and board committees on which they served during 2007, and eight of the ten directors who served on our board at the time of our 2007 annual meeting attended that annual meeting.

Meetings of Outside Directors

In addition to board and committee meetings, our outside directors met 14 times in 2007 without management present. Our Lead Independent Director chaired the meetings of our outside directors, and following the appointment of our Chairman on October 8, 2007, he has chaired these meetings.

The Audit Committee

The primary purpose of the Audit Committee is to assist our board in fulfilling its oversight responsibilities with respect to:

the integrity of our financial statements and related disclosures, as well as related accounting and financial reporting processes;

our compliance with legal and regulatory requirements;

our independent registered public accounting firm's qualifications, independence, audit and review scope, and performance;

the audit scope and performance of our internal audit function; and

our ethics and compliance program.

The Audit Committee also has sole authority for the appointment, retention, termination, compensation, evaluation and oversight of our independent registered public accounting firm. The committee's principal responsibilities in serving these functions are described in the Audit Committee Charter that was adopted by our board of directors and is annually reviewed and revised as necessary.

Current copies of the Audit Committee Charter and our code of ethics, *The Sprint Nextel Code of Conduct*, both of which comply with SEC rules and the NYSE corporate governance standards, are available at www.sprint.com/governance. Copies of the Audit Committee Charter and *The Sprint Nextel Code of Conduct* may also be obtained by writing to Sprint Nextel Shareholder Relations, 6200 Sprint Parkway, Mailstop KSOPHF0302-3B424, Overland Park, Kansas 66251, or by email at shareholder.relations@sprint.com.

Table of Contents

The Sprint Nextel Code of Conduct describes the ethical and legal responsibilities of directors and employees of our company and our subsidiaries, including senior financial officers and executive officers. All of our directors and employees (including all senior financial officers and executive officers) are required to comply with *The Sprint Nextel Code of Conduct*. In support of the ethics code, we have provided employees with a number of avenues for the reporting of potential ethics violations or similar concerns or to seek guidance on ethics matters, including a 24/7 telephone helpline. The Audit Committee has established procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters, including the confidential, anonymous submission by our employees of any concerns regarding questionable accounting or auditing matters to the Ethics Helpline at 1-800-788-7844, by mail to the Audit Committee, c/o Sprint Nextel Corporation, 2001 Edmund Halley Drive, Mailstop VARESPO513-503, Reston, VA 20191, or by email to boardinquiries@sprint.com. Our Chief Ethics Officer reports regularly to the Audit Committee and annually to the entire board on our Ethics and Compliance program.

The Chair of the Audit Committee is Mr. Hance. The other members are Messrs. Bane, Bennett and Glasscock. Each of the members is financially literate and able to devote sufficient time to serving on the Audit Committee. Our board has determined that each of the Audit Committee members is an independent director under the independence requirements established by our board and the NYSE corporate governance standards. Our board has also determined that Messrs. Bennett, Glasscock and Hance each possess the qualifications of an audit committee financial expert as defined in SEC rules. The Audit Committee met seven times in 2007.

The Finance Committee

The primary functions of the Finance Committee include:

reviewing and approving our financing activities consistent with the authorization levels set forth in our fiscal policy;

reviewing and making recommendations to the board on our capital structure, annual budgets, enterprise risk management program, fiscal policy, investment policy and other significant financial initiatives; and

reviewing and approving proposed acquisitions, dispositions, mergers, joint ventures and similar transactions consistent with the authorization levels set forth in our fiscal policy.

The committee's principal responsibilities in serving these functions are described in the Finance Committee Charter that was adopted by our board of directors and is annually reviewed and revised as necessary.

The Chair of the Finance Committee is Mr. Bennett. The other members are Messrs. Bane, Glasscock, Hance, Swanson and Whitworth. Each member of the Finance Committee satisfies the independence requirements established by our board and the independence requirements of the NYSE corporate governance standards. The Finance Committee met 12 times in 2007. A current copy of the charter for the Finance Committee is available at www.sprint.com/governance. It may also be obtained by writing to Sprint Nextel Shareholder Relations, 6200 Sprint Parkway, Mailstop KSOPHF0302-3B424, Overland Park, Kansas 66251, or by email at shareholder.relations@sprint.com.

The Human Capital and Compensation Committee

The primary functions of the HC&CC include:

developing and overseeing our compensation programs and practices for executives generally and for the direct reports of our CEO and the individuals designated as executive officers under Section 16 of the Securities Exchange Act of 1934, which we call principal senior officers, in particular;

evaluating the performance of our CEO and reviewing management's assessment of the performance of principal senior officers;

setting the annual compensation levels for our CEO and other principal senior officers;

Table of Contents

with input from the Nominating and Corporate Governance Committee, making recommendations to the board on outside director compensation;

making recommendations to the board on incentive compensation plans and equity-based compensation plans that are subject to board approval, including the adoption of those plans and any amendments to those plans;

reviewing and approving executive compensation disclosures made in our annual proxy statement and annual report on Form 10-K;

determining, approving and acknowledging awards under incentive compensation and equity-based compensation plans, including amendments to the awards under any such plans, and reviewing and monitoring awards under such plans;

reviewing and approving any proposed employment agreement (and any amendments) with principal senior officers;

with input from the Nominating and Corporate Governance Committee, annually reviewing with management plans for the orderly development and succession of senior executive officers; and

annually reviewing compliance with our executive stock ownership guidelines and director stock ownership guidelines.

Additional information regarding the HC&CC's processes and procedures can be found below in Executive Compensation Compensation Discussion and Analysis. Generally, the committee's primary processes for establishing and overseeing outside director compensation and the role of company personnel and compensation consultants are similar to those regarding executive compensation. Any appropriate changes to outside director compensation are made following recommendation to the board by the HC&CC, with input from the Nominating and Corporate Governance Committee. In accordance with its charter, the HC&CC may delegate authority to subcommittees or any committee member when appropriate.

The Chair of the HC&CC is Mr. Swanson. The other members are Mrs. Hill, Ms. Lorimer and Messrs. Bethune, O'Neal and Whitworth. Each member of the HC&CC satisfies the independence requirements established by our board and the independence requirements of the NYSE corporate governance standards. The HC&CC met ten times in 2007.

A current copy of the charter for the HC&CC is available at www.sprint.com/governance. It may also be obtained by writing to Sprint Nextel Shareholder Relations, 6200 Sprint Parkway, Mailstop KSOPHF0302-3B424, Overland Park, Kansas 66251, or by email at shareholder.relations@sprint.com. The charter was adopted by our board of directors and is annually reviewed and revised as necessary.

Compensation Committee Interlocks and Insider Participation

Messrs. Bethune, O'Neal and Swanson, Mrs. Hill and Ms. Lorimer served on the HC&CC during 2007. There were no compensation committee interlocks or insider participation during 2007.

The Executive Committee

The primary function of the Executive Committee is to exercise powers of the board on matters of an urgent nature that arise between regularly scheduled board meetings.

The Chair of the Executive Committee is Mr. Hesse. The other members are Messrs. Hance, Hockaday and Swanson. The Executive Committee did not meet in 2007.

Table of Contents

The Nominating and Corporate Governance Committee

The primary function of the Nominating and Corporate Governance Committee is to ensure that our company has effective corporate governance policies and procedures and an effective board and board review process. In fulfilling this function, the committee:

determines director selection criteria consistent with our *Corporate Governance Guidelines* and conducts searches for prospective directors whose skills and attributes reflect these criteria;

evaluates and makes recommendations to the board on nominees to fill board vacancies between annual meetings of the shareholders as well as nominees (including nominees proposed by shareholders) for election at the next annual meeting of shareholders;

evaluates and makes recommendations to the board on a director's retirement, an offer to resign due to a change in circumstances, or a resignation tendered as a result of a director's failure to receive the required number of votes for re-election;

evaluates and makes recommendations to the board on the appointment of directors to board committees and the selection of board committee chairs;

develops, reviews and makes recommendations to the board on corporate governance policies and practices designed to benefit our shareholders;

provides input to the HC&CC on outside director compensation and the orderly development and succession of senior executive officers; and

oversees the annual board, board committee and director self evaluation process.

In evaluating prospective candidates or current board members for nomination, the Nominating and Corporate Governance Committee considers all factors it deems relevant, including, but not limited to, the candidate's: (1) character, including reputation for personal integrity and adherence to high ethical standards, (2) judgment, (3) knowledge and experience in leading a successful company, business unit or other institution, (4) independence from our company, (5) ability to contribute diverse views and perspectives, (6) business acumen and (7) ability and willingness to devote the time and attention necessary to be an effective director—all in the context of an assessment of the needs of the board at that point in time.

The Nominating and Corporate Governance Committee reviews with the board the appropriate characteristics and background needed for directors. This review is undertaken not only in considering new candidates for board membership, but also in determining whether to nominate existing directors for another term. The Nominating and Corporate Governance Committee determines the current director selection criteria and conducts searches for prospective directors whose skills and attributes reflect these criteria. To assist in the recruitment of new members to our board, the Nominating and Corporate Governance Committee employs one or more third-party search firms. All approvals of nominations are determined by the full board.

It is the policy of the Nominating and Corporate Governance Committee also to consider candidates recommended by shareholders. These recommendations should be sent to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Sprint Nextel Corporation, 6200 Sprint Parkway, Mailstop KSOPHF0302-3B424, Overland Park, Kansas 66251. To be timely, your recommendation must be received by our Corporate Secretary between December 15, 2008 and January 13, 2009. Your recommendation must include the following for each candidate you intend to recommend:

Edgar Filing: SPRINT NEXTEL CORP - Form DEF 14A

name, age, business address and residence address;

principal occupation or employment;

the class and number of shares of our stock beneficially owned;

a description of all arrangements or understandings relating to the nomination between or among you, each nominee, and any other person or persons;

Table of Contents

the signed consent of each nominee to serve as a director if so elected;

any other information that is required by law to be disclosed in connection with solicitations of proxies for the election of directors;
and

a statement signed by the nominee that indicates whether the nominee, if elected as a director, intends to comply with our *Corporate Governance Guidelines*.

The notice must also include your name and address and the class and number of shares of our stock that you own.

Majority Voting

On February 27, 2007, our board approved amendments to our bylaws to provide that each nominee for director in an uncontested election will be elected if the votes cast for that nominee exceed the votes cast against that nominee. Votes cast do not include abstentions and broker non-votes. The date for determining if an election is contested or uncontested has been set at 14 days before we file our definitive proxy statement. This requirement is intended to help us determine for our proxy statement whether director nominees will be elected under a majority or plurality standard prior to soliciting proxies.

In connection with the amendments to our bylaws establishing a majority vote standard for the election of directors in uncontested elections, our board also amended our *Corporate Governance Guidelines* to provide that an incumbent nominee who fails to receive a majority of votes cast in an uncontested election is expected to tender promptly his or her resignation. The Nominating and Corporate Governance Committee will recommend, and the board will determine, whether or not to accept the tendered resignation within 90 days of the certification of the shareholder vote with respect to the director election. Our board's decision will be publicly disclosed.

In connection with the board's three-year independent director evaluation in February 2006, the board agreed to permit the rights issuable pursuant to our rights plan to expire in June 2007 in accordance with the plan. We currently do not have a shareholder rights plan in place.

The Chair of the Nominating and Corporate Governance Committee is Mr. Hockaday. The other members are Mrs. Hill, Ms. Lorimer and Messrs. Bethune and O'Neal. Each member of the Nominating and Corporate Governance Committee satisfies the independence requirements established by our board and the independence requirements of the NYSE corporate governance standards. The Nominating and Corporate Governance Committee met six times in 2007.

A current copy of the charter for the Nominating and Corporate Governance Committee and our *Corporate Governance Guidelines* are available at www.sprint.com/governance. They may also be obtained by writing to Sprint Nextel Shareholder Relations, 6200 Sprint Parkway, Mailstop KSOPHF0302-3B424, Overland Park, Kansas 66251 or by email at shareholder.relations@sprint.com. The charter and the *Corporate Governance Guidelines* were adopted by our board of directors and are annually reviewed and revised as necessary.

The Transition Committee

In 2007, our board appointed a special Transition Committee, whose primary function was to oversee the search for a replacement CEO in connection with Mr. Forsee's departure.

The Chair of the Transition Committee was Mr. Hockaday. The other members were Messrs. Bennett, Hance and Swanson. The Transition Committee met 14 times in 2007 until Mr. Hesse was appointed President and CEO in December 2007, at which time the Transition Committee's function was complete.

Audit Committee Report

The Audit Committee has reviewed and discussed our audited consolidated financial statements with management. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, relating to the auditors' judgment about the quality of our accounting principles, judgments and estimates, as applied in our financial reporting.

The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) that relates to the firm's independence from our company and our subsidiaries and has discussed with the independent registered public accounting firm its independence.

The Audit Committee met with senior management periodically during 2007 to consider the adequacy of our internal controls and discussed these matters with our independent registered public accounting firm and with appropriate financial personnel. The Audit Committee also discussed with senior management our disclosure controls and procedures and the certifications by our CEO and our Chief Financial Officer, which are required by the SEC for certain of our filings with the SEC. The Audit Committee met privately with the independent registered public accounting firm, our internal auditors and other members of management, each of whom has unrestricted access to the Audit Committee.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the board that our audited consolidated financial statements be included in our annual report on Form 10-K for the year ended December 31, 2007 for filing with the SEC.

Executive Compensation

Compensation Discussion and Analysis

This compensation discussion and analysis describes the compensation program for our named executive officers for 2007.

Our named executive officers are: Daniel R. Hesse, President and CEO; Paul N. Saleh, our former Chief Financial Officer; Barry J. West, Chief Technology Officer and President 4G Mobile Broadband; Timothy E. Kelly, our former Chief Marketing Officer; Kathryn A. Walker, Chief Network Officer; and Gary D. Forsee, our former Chairman, President and CEO. Effective January 1, 2008, we terminated the employment of Mr. Forsee without cause. On January 25, 2008, we terminated the employment of Messrs. Saleh and Kelly without cause.

Objectives of our Executive Compensation Program

The compensation program for our named executive officers consists of a comprehensive package including a base salary and short- and long-term incentive opportunities. We also provide employee benefits. Our compensation program is designed to:

retain our executive officers and attract qualified and experienced executives who can contribute to our growth with the ultimate objective of improving shareholder value;

motivate our executives to achieve critical operating and financial objectives;

align the interests of our executives with those of our shareholders by having a significant portion of the compensation package consist of equity-based awards, which serves to encourage our executives to think and act like owners of our company;

promote our tax, accounting and financial objectives; and

adhere to corporate governance best practices.

Our incentive plans tie executive remuneration to our performance, striking a balance between our short- and long-term performance, and between remuneration for achieving operating and financial objectives and producing a return for our shareholders. Target opportunities under our short- and long-term incentive plans comprise the majority of the compensation packages of each of our executives, which we believe serves to motivate properly each of them to achieve our objectives.

Table of Contents***Use of Compensation Consultants and Management Involvement***

The HC&CC annually retains a compensation consultant. The HC&CC charter provides that, at least once every three years, it will retain a compensation consultant to report on whether our current compensation programs and arrangements provide an appropriate level of (1) compensation and retention incentive to principal senior officers and (2) compensation to the non-employee members of the board of directors.

For 2007 and 2008, the HC&CC has retained Frederic W. Cook & Co., Inc. as its independent compensation consultant. Frederic W. Cook & Co. provides no services to us other than advisory services for executive and director compensation, and works with management only at the request and under the direction of the HC&CC. On March 12, 2008, to ensure independence, the HC&CC adopted a policy on executive compensation consultants that codifies this relationship. Frederic W. Cook & Co. has reviewed the compensation components and levels for our named executive officers and advised the HC&CC on the appropriateness of our compensation programs, including our incentive and equity-based compensation plans, retention incentives and any proposed employment agreements, as these matters arose during the year. Frederic W. Cook & Co. also provides recommendations on new compensation plans, programs and arrangements, including those for Mr. Hesse, and assists with the design and drafting and provides an opinion on the reasonableness of such plans, programs or arrangements. Representatives of Frederic W. Cook & Co. attend HC&CC meetings at the HC&CC's request and make themselves available to provide guidance to the HC&CC on a variety of compensation issues as they arise. The primary point of contact at Frederic W. Cook & Co. communicates with the chair of the HC&CC frequently and interacts frequently with all HC&CC members independent of management.

Frederic W. Cook & Co. prepares the benchmarking data with respect to an annual peer group compensation survey and reviews the appropriateness of such data. Frederic W. Cook & Co. also reviews our process for determining, and the compensation decisions made with respect to, comparisons of our named executive officers and the officers of those companies included in our peer group and market benchmarking surveys.

Personnel in our human resources department support the work of the HC&CC and its consultants. In addition, our CEO periodically discusses with the HC&CC matters regarding the design of compensation programs and the compensation levels of our other named executive officers and certain key personnel.

Use of Peer Group and Market Survey Benchmarking Data

The primary data considered by the HC&CC in determining the elements of annual compensation is the peer group data and the market survey data. As a benchmarking process, the HC&CC compared the median and 75th percentile compensation level for each element of compensation of executives from groups of telecommunications and high-technology companies with the compensation of each of our named executive officers. For 2007, we derived this data from two sources: a market data assessment of a peer group of companies and market survey data compiled by Towers Perrin.

Peer Group Data

Frederic W. Cook & Co. determined a median and 75th percentile compensation level for each element of compensation for the named executive officers of each of the following peer group of companies:

Alltel Corporation	Dell Inc.	Qwest Communications International Inc.
AT&T Inc.	Electronic Data Systems Corporation	The DIRECTV Group, Inc.
BellSouth Corporation	Lucent Technologies Inc.	Time Warner Inc.
Comcast Corporation	Motorola, Inc.	Verizon Communications Inc.
Computer Sciences Corporation	QUALCOMM Incorporated	

Table of Contents

When possible, Frederic W. Cook & Co. used the compensation of a peer group named executive officer with the same title or function as each of our named executive officers. In some cases, the titles of the named executive officers of our peer group companies did not closely match the titles of our named executive officers and, in these situations, Frederic W. Cook & Co. used the hierarchical pay compensation information of the executive officer with the same ranking in the peer group company's proxy statement. For example, the compensation of our third highest paid named executive officer would be compared with the compensation of the third highest executive officer of the applicable peer group company. Because the data used in this analysis was based on compensation paid two years previously, the compensation amounts were adjusted for the estimated increase in the cost of labor for comparability to the compensation recommended for the current year.

For 2008, we removed BellSouth Corporation (now known as AT&T) and Lucent Technologies Inc. (now known as Alcatel Lucent), each of which had been acquired, and added Hewlett-Packard Company due to its similar business model.

Market Survey Data

We obtained from Towers Perrin survey data that included the median and 75th percentile compensation levels for each element of compensation for key executive positions of a group of telecommunications and high-technology companies that elect to participate in their surveys. The companies included in the 2007 market survey were as follows:

Accenture Ltd.	Electronic Data Systems Corporation	Qwest Communications International Inc.
AT&T Inc.	Hewlett-Packard Company	Time Warner Inc.
BellSouth Corporation	Lucent Technologies Inc.	Verizon Communications Inc.
Cingular Wireless LLC	Motorola, Inc.	
Cox Communications, Inc.	Nortel Networks Corporation	

This Towers Perrin survey aggregated the data of the participating telecommunications and high-technology companies. Where titles of our named executive officers do not match those of the officers of this composite group, we used the compensation for a position with a similar job function for purposes of our analysis. Because the data used in this analysis was based on compensation paid for the prior year, the compensation amounts were adjusted for the estimated increase in the cost of labor for comparability to the recommended compensation for the current year.

For 2008, we removed BellSouth Corporation and Cingular Wireless LLC (now known as AT&T) and Lucent Technologies Inc. (now known as Alcatel Lucent), each of which had been acquired or merged.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code, or IRC, limits to \$1 million the amount of non-performance-based remuneration that we may deduct from our taxable income in any tax year with respect to our Chief Executive Officer and the three other most highly compensated executive officers, other than the Chief Financial Officer, at the end of the year. Base salary, certain equity-based awards and perquisites and other personal benefits are not considered performance-based remuneration. A company, however, may deduct from its taxable income without regard to the \$1 million limit the full value of all performance-based compensation under section 162(m), such as annual cash incentive compensation and stock option awards, if certain requirements are met, including that the maximum number of stock options that may be awarded and the maximum amount of other performance-based remuneration that may be payable to any one executive officer have been disclosed to and approved by shareholders prior to the award or payment. Our shareholders have approved limits on the

Table of Contents

number of stock options and performance-based equity awards (such as RSUs subject to vesting or adjustment based on achievement of management objectives) to any one executive officer during a calendar year and the amount of other performance-based remuneration payable pursuant to awards to any one executive officer during a calendar year.

The HC&CC considers Section 162(m) deductibility in designing our compensation program and incentive-based compensation plans. In certain circumstances, the HC&CC has determined it necessary, to retain executives in and attract candidates for senior level positions, to offer compensation packages in which the non-performance-based elements exceed the \$1 million Section 162(m) limit.

Elements of Compensation

The HC&CC annually reviews the compensation packages of our named executive officers and other key personnel, as presented in the form of tally sheets, that set forth all components of compensation, a summary of the outstanding equity holdings of each named executive officer as of year end and the value of such holdings under various assumed share prices, the present value of retirement benefits and other benefit plans and programs and perquisites. The tally sheets also set forth the estimated value that each named executive officer would realize upon separation from our company under various scenarios including: normal retirement; voluntary termination of employment with and without good reason; involuntary termination of employment with and without cause; termination of employment in connection with a change in control; and death or disability. The HC&CC uses these tally sheets in connection with its consideration of adjustments to base salaries and awards of equity-based or other remuneration, and in establishing incentive plan opportunity levels. Although the HC&CC reviews and considers the amounts realizable by our named executive officers under different termination scenarios, as well as the current stock and equity-based award holdings, value received upon vesting of previously awarded equity-based awards and exercise of in-the-money previously awarded stock options, these are not primary considerations in the assessment and determination of annual compensation for our named executive officers.

The following comprise the primary elements of the 2007 compensation program for our named executive officers:

Element	Form of Compensation	Purpose	Performance Metric(s)
Base Salary	Cash	Provides competitive, fixed compensation to attract and retain exceptional executive talent	Not performance-based
Short-Term Incentive	Cash	Creates a strong financial incentive for achieving or exceeding critical operating and financial objectives based on company and individual performance	Adjusted operating income before depreciation and amortization, or OIBDA; post-paid wireless churn; net service revenue; and operational objectives for each executive's functional area of responsibility

Table of Contents

Element	Form of Compensation	Purpose	Performance Metric(s)
Long-Term Incentive	Non-qualified stock options and performance-based RSUs	Promotes our long-term objectives and create a strong financial incentive for achieving or exceeding critical operating and financial objectives and producing positive returns for our shareholders and align executive interests with those of shareholders	With respect to performance-based RSUs, consolidated adjusted OIBDA margin of our core operations for 2009; and cumulative free cash flow from operations for 2007 through 2009
Integration	Cash or RSUs	Performance-based incentive to promote merger integration, adjusted OIBDA margin and results aimed at increasing shareholder value	A variety of financial, operating and common stock performance measures
Overachievement Plan			

A summary of the primary elements of compensation with respect to each of our named executive officers for 2007 is set forth in the table below.

	2007 Short-Term Incentive Compensation Plan			2007 Long-Term Incentive Compensation Plan		Integration Overachievement Plan	
	Annual Base Salary	Target Opportunity	Actual Payout	Plan Opportunity	Target Opportunity	Target Opportunity	Actual Payout
Daniel R. Hesse	\$ 1,200,000	N/A	N/A	N/A	N/A	N/A	N/A
Paul N. Saleh	\$780,000	\$ 975,000	\$ 628,875	\$ 5,875,000	\$ 1,000,000	\$ 1,000,000	\$0
Barry J. West	\$ 469,356	\$ 469,356	\$ 303,016	N/A	\$ 425,000	\$ 425,000	\$0
Timothy E. Kelly	\$572,001	\$ 600,601	\$ 375,976	\$ 3,554,375	\$ 550,000	\$ 550,000	\$0
Kathryn A. Walker	\$520,000	\$ 520,000	\$ 330,356	\$ 2,350,000	\$ 750,000	\$ 750,000	\$0
Gary D. Forsee	\$ 1,500,000	\$ 2,550,000	\$ 1,516,740	\$ 10,000,000	\$2,500,000	\$2,500,000	\$0

Mr. Hesse commenced employment with us on December 17, 2007. Consequently, he was not a participant in the 2007 short-term or long-term incentive compensation plans or the integration overachievement plan. To attract Mr. Hesse, and in consideration for his forfeiture of certain cash and equity incentive compensation from his prior employer upon joining our company, Mr. Hesse's employment agreement provided for: (1) a \$2,650,000 cash sign-on bonus, (2) a sign-on option award to purchase 3,275,000 shares of our common stock that vest in three equal installments, of which two-thirds had an exercise price above our market price on the date of grant and (3) 718,907 sign-on RSU awards, which had an aggregate value of \$10,000,000 on the date of grant and vest in three equal annual installments. For additional information regarding Mr. Hesse's compensation, see Summary Compensation Table and Grants of Plan-Based Awards.

In lieu of participating in our 2007 long-term incentive compensation plan, Mr. West received \$500,000 of cash compensation under the terms of his employment agreement. For additional information regarding Mr. West's compensation, see Summary Compensation Table.

Table of Contents

Other elements of the compensation program for our named executive officers consist of:

retention programs;

employee benefit plans and retirement programs; and

deferred compensation program.

Base Salary

Because base salary is not performance-based remuneration, it serves as a minimum payment to executive officers. We determined the base salary of each of the named executive officers, other than Mr. Hesse, based on a number of factors, including the:

nature, responsibilities and reporting relationships of the position;

salary levels for incumbents in comparable positions at peer companies as well as other executives within our organization; and

experience and tenure of the executive.

The HC&CC considered it necessary and appropriate to set a base salary for Messrs. Hesse and Forsee above the \$1 million Section 162(m) limit.

We periodically make adjustments to the base salaries of executive officers based on the factors listed above, as well as our performance and that of the executive officer. In early 2008, the HC&CC completed its annual review of the base salaries of our named executive officers who were employed by us at that time. As of February 11, 2008, the base salary of each of our named executive officers remained unchanged from 2007 and is as follows:

Mr. Hesse \$1,200,000;

Mr. West \$469,356; and

Ms. Walker \$520,000.

Annual Short-Term Incentive Compensation Plan

Each of our named executive officers, other than Mr. Hesse, participated in our annual short-term incentive compensation, or STIC, plan for 2007, which provides for the payment of cash compensation if specified financial and operational objectives have been satisfied.

We established target opportunities under the STIC plan for 2007 for each named executive officer as a multiple of his or her base salary. To hold those employees with the highest levels of responsibility accountable for our performance, we vary incentive target opportunities under the STIC plan in proportion with each named executive officer's role and responsibilities.

The employment agreement of Mr. Forsee provided for a target opportunity under the 2007 STIC plan of not less than 170% of base salary, which was negotiated in connection with the Sprint-Nextel merger. We determined the target opportunities under the STIC plan of each of the

Edgar Filing: SPRINT NEXTEL CORP - Form DEF 14A

other named executive officers based on his or her job responsibilities and a number of other factors, including the short-term incentive compensation levels paid to employees with comparable responsibilities by the companies in the benchmarking analyses. We also considered the target opportunities of each named executive officer as compared with the levels for other members of our senior management team.

In early 2007, the HC&CC established financial and operational objectives against which our actual performance was to be compared as a basis for determining the amount of payments made under the STIC plan and provided for significant payouts if our performance met or exceeded these objectives. For 2007, the HC&CC

Table of Contents

established three financial and operational objectives to focus executives' attention on areas that we believe are important to achieving strategic results: growth of revenues and our customer base; cost-efficient use of resources; and improved customer experience. Additionally, Mr. Forsee assigned each executive a functional objective to focus attention on his or her respective area of responsibility (i.e., finance, 4G mobile broadband operations, marketing and network). The HC&CC was informed of the functional objectives. The HC&CC weighted each objective in relation to the importance of each objective in light of our strategic goals.

The three financial and operational objectives and their respective weightings are as follows:

Objective	Weighting	Target	Threshold	Actual
Adjusted OIBDA or adjusted operating income before depreciation and amortization and special items for 2007	30%	\$11.0 \$11.5 billion	\$10.7 billion	\$10.8 billion
Post-paid wireless churn a measure of retention of our post-paid wireless subscribers for 2007	30%	2.00% 2.05%	2.2%	2.2%
Net service revenue for 2007	20%	\$37.5 \$38.4 billion	\$37.05 billion	\$37.6 billion

The functional objectives, weighted at 20%, are as follows:

Executive	Functional Objective
Mr. Saleh	Improvements, as reported through customer surveys, in (1) exceeding finance department customer expectations and (2) overall quality and timeliness of reporting and forecasting.
Mr. West	The completion of specified development, testing and trial activities related to our next generation broadband network initiative and certain other technology development activities.
Mr. Kelly	Improvements in average revenue per user and migrating key products and services.
Ms. Walker	Improvements in the performance of our iDEN network and the deployment of voice and data cell sites on our CDMA network.
Mr. Forsee	Attaining all functional objectives of the employees who report directly to him.

The STIC plan provided that payouts to each named executive officer were determined using three variables:

the named executive officer's targeted opportunity;

our actual performance compared with each performance objective; and

the relative weightings of each performance objective.

The STIC plan provided for a range of payouts above and below each named executive officer's targeted opportunity so long as our actual results exceeded minimum threshold levels. To further our goal of tying a significant portion of each named executive officer's total annual compensation to our performance, the plan provided that we would make a STIC payment equal to the named executive officer's targeted opportunity only if our actual results met the targeted objectives. Similarly, the plan provided for a payment in excess of a named executive officer's targeted opportunity if our actual performance exceeded the targeted objectives. The plan also provided that, if our actual performance was below the target objectives but exceeded the minimum threshold levels, we would make a payment that was below the named executive officer's targeted opportunity. Named executive officers were not eligible for payouts under the plan if our actual performance did not meet the minimum threshold level for any of the targeted objectives.

Table of Contents

For 2007, the STIC plan capped the amount of payout at 200% of targeted opportunities with respect to post-paid wireless churn and net service revenue objectives and at 120% for functional objectives, but, for each named executive officer other than Mr. Forsee, the maximum amount of payout was unlimited with respect to the adjusted OIBDA objective. The terms of the employment agreement with Mr. Forsee provided that actual payouts under the STIC plan were limited to 200% of his targeted opportunity. Although not used in 2007, the STIC plan also provided for an individual performance factor that may be used to increase the final payout up to an additional 120% of the calculated payout based on the individual's performance.

The HC&CC designed the STIC plan to meet the IRC Section 162(m) performance-based requirements. To enable payments under the STIC plan to be deemed performance-based for purposes of Section 162(m), the HC&CC limited the maximum amount that any named executive officer may receive under the plan to a small fraction of a percentage of our adjusted operating income. As indicated below, the HC&CC exercised this discretion to make payments under the STIC plan at levels below this limit.

For 2007, our net service revenue met the target level, and our adjusted OIBDA and post-paid wireless churn met the threshold level but did not meet the target level. Consequently, each named executive officer received a payout under the STIC plan that was less than his or her target opportunity and varied due to the functional objective component. Each payout under the 2007 STIC plan was below the IRC Section 162(m) maximum amount established by the HC&CC. The payout percentages as compared to targeted opportunity were as follows:

Saleh 64.5%;

West 64.6%;

Kelly 62.6%;

Walker 63.5%; and

Forsee 59.5%.

Long-Term Incentive Compensation Plan

Each of our named executive officers, other than Messrs. Hesse and West, participated in our long-term incentive compensation, or LTIC, plan for 2007, under which we award equity-based incentive compensation.

We determined the target opportunities under the LTIC plan of each named executive officer, except Mr. Forsee, based on his or her job responsibilities and a number of other factors, including the long-term incentive compensation levels paid to employees with comparable responsibilities by the companies in our benchmarking analyses, the individual's performance, the importance of the individual's function to our business, and the risk of losing the services of the executive. The HC&CC did not provide any adjustments for individual performance in 2007. We also considered the target opportunities of each named executive officer as compared with the levels of other members of our senior management team. The employment agreement of Mr. Forsee provided for a target opportunity under the 2007 LTIC plan of \$10 million, which was negotiated in connection with the Sprint-Nextel merger.

To create an appropriate balance between rewarding our named executive officers for achieving critical financial and operating results and creating value for the shareholders, and to ensure that the program supports our retention objectives, the LTIC plan provides that one-half of each participant's targeted opportunity be made in the form of non-qualified stock options to purchase our common stock and the other half be made in performance-based RSUs. By subjecting both the stock options and RSU awards granted under the plan to time-based vesting schedules, we support our retention objectives and emphasize the importance of enhancing our performance and increasing shareholder return. In addition, each named executive officer generally realizes remuneration from stock option awards only if he or she remains employed with us during the vesting period and the price of our common stock appreciates after the date of grant, which supports our goal of tying remuneration to shareholder return.

Table of Contents

We calculated the number of shares of common stock underlying the stock options that each LTIC plan participant was awarded in 2007 by dividing one-half of his or her targeted opportunity by the value of an option, as determined using the Black-Scholes option valuation model. The Black-Scholes model incorporates into the determination of the value of a stock option the expected term of the option, the risk-free rate of return and the fair market value, dividend yield, and assumed future price volatility of the stock that underlies the option. For determining the number of shares of common stock underlying the stock options that each LTIC plan participant was awarded, we used the same assumptions that we use to determine share-based compensation expense in our consolidated financial statements, except that, for the fair market value assumption, we used a 30-day average trading price of our common stock, which resulted in the compensation expense computed pursuant to SFAS 123R varying slightly from the portion of the LTIC plan targeted opportunity related to stock option grants.

These options, which we granted on February 27, 2007, vest ratably in equal amounts on the first, second and third anniversaries of the grant date and have an exercise price equal to the fair market value of a share of our common stock on the date of the grant, which we determined using the average of the high and low of the trading price on the date of grant.

We determined the number of RSUs that each LTIC plan participant initially was awarded in 2007 by dividing one-half of his or her targeted opportunity by the average fair market value of our common stock over a consecutive 30-calendar day period, which we believe mitigated the volatility inherent in our stock if the price on any single day were used. We issued these RSUs on February 27, 2007. Each RSU award vests on the later of the third anniversary of the date of award and the date that the financial results tied to the performance objectives are approved by the HC&CC. Each RSU award is eligible to receive dividend-equivalent payments as and to the extent that we declare dividends with respect to our common stock, although the plan provides that no such payments are made until after any performance adjustments have been made.

For each employee eligible to participate in the 2007 LTIC plan who also participated in our 2006 LTIC plan, the HC&CC approved grants of additional performance-based RSU awards to recognize the efforts of the eligible plan participants and to promote our retention efforts. This grant was made to each of our named executive officers, other than Messrs. Hesse, Forsee and West. We granted these RSU awards in an amount equal to 35% of the RSU portion of each participant's target opportunity. These RSU awards are subject to the same performance criteria and other terms of our 2007 LTIC plan.

The LTIC plan provides that each initial award of RSUs is subject to an adjustment in amounts ranging from 0% to 200% based on our actual performance compared to established performance objectives. With respect to the performance-based RSU awards, the HC&CC established two financial objectives to focus executives' attention on two areas that we believe are important to achieving long-term strategic results: improved profitability and generation of cash from our operations. These objectives, each weighted as 50%, are as follows:

consolidated adjusted OIBDA margin of our core operations for 2009; and

cumulative free cash flow from operations for 2007 through 2009.

We believe that the performance objective targets for our LTIC plan should be confidential as making them available publicly would likely cause competitive harm. If competitors were aware of our targeted cash flows and margins, it would provide them insight into our business, and, with respect to our margins, our pricing practices. It is our objective to set challenging but reasonably achievable target performance goals, and since the merger, we have had only one long-term plan, the LTIC plan for 2006, under which plan participants received a payout of 16.8% of target.

The HC&CC designed the LTIC plan to allow for the stock options granted under the plan to comply with the IRC Section 162(m) performance-based requirements. To motivate our named executive officers to achieve and exceed the financial and operating performance objectives, the HC&CC determined that it was in our best

Table of Contents

interest to design the RSU award not to comply with the Section 162(m) performance-based requirements. Consequently, the value of the RSU awards under the plan was not subject to the individual limit approved by our shareholders.

*2008 Compensation Determinations****Short-Term Incentive Compensation Plan***

In February 2008, the HC&CC established a plan related to the first quarter of 2008, or First Quarter 2008 STIC plan. Traditionally, early in the applicable year, the HC&CC adopts a short-term incentive compensation plan that relates to the entire calendar year in question. This year, because Mr. Hesse joined our company on December 17, 2007, and, as a result, our senior management team began a review of our operations and an assessment of our strategies and future business plans, the HC&CC initially adopted the First Quarter 2008 STIC plan and then at a subsequent meeting in mid-March 2008 adopted a plan for the second, third and fourth quarters of 2008, or the Remainder of 2008 STIC plan. The First Quarter 2008 plan and the Remainder of 2008 STIC plan are collectively considered the 2008 STIC plan. Each calendar quarter of 2008 is a Quarterly Performance Period.

The 2008 STIC plan contains a different set of performance objectives and weightings for the First Quarter 2008 STIC plan than for the Remainder of 2008 STIC plan. The First Quarter 2008 STIC plan provides for a payment of incentive compensation based on the achievement of the financial or operating metrics established for each of the following performance objectives: (1) adjusted OIBDA, weighted at 30%; (2) calls from subscribers to customer care representatives, weighted at 30%; (3) wireless post-paid churn, weighted at 20%; and (4) net iDEN subscriber additions, weighted at 20%. These objectives reflect our desire to focus our executive officers' attention on cost efficient use of our resources and improved operating performance, improved customer experience and retaining subscribers of our iDEN-based services.

The Remainder of 2008 STIC plan provides that, for each of the three Quarterly Performance Periods, a payment of incentive compensation will be based on the achievement of the financial or operating metrics established for each of the following performance objectives: (1) wireless post-paid churn, weighted at 40%; (2) adjusted OIBDA, weighted at 20%; (3) free cash flow, weighted at 20%; and (4) calls from subscribers to customer care representatives, weighted at 20%. These objectives reflect our desire to focus the attention of our executive officers on improved customer experience, cost efficient use of our resources, improved operating performance and generation of free cash flow.

Payment under the 2008 STIC plan for each Quarterly Performance Period will be determined based on our results using three variables: (1) one quarter of each individual's annual incentive target opportunity, which is based on a percentage of the individual's base salary; (2) our performance during the applicable period compared with the financial or operating metric established for each performance objective; and (3) relative weightings for each performance objective.

For the First Quarter 2008 STIC plan, each of the performance objectives will have a threshold, target and maximum level of payment opportunity, with the maximum payment opportunity equal to 200% of the individual's target opportunity.

Each performance objective for the Remainder of 2008 STIC plan will have a threshold, target and maximum level of payment opportunity, with the maximum payment opportunity equal to 250% of the individual's target opportunity, other than Mr. Hesse, whose employment agreement provides that actual payouts under the 2008 STIC plan are limited to 200% of his targeted opportunity.

Table of Contents

The actual incentive amounts paid to each participant for each applicable Quarterly Performance Period will be based on our actual results during the applicable period in relation to the financial or operating metric established for each performance objective. Also, payments will be limited to a maximum under an adjusted operating income objective for executive officers who are subject to the deduction limit of IRC Section 162(m).

Mr. Hesse's employment agreement provides for a target opportunity under the 2008 STIC plan of not less than 170% of base salary or \$2,040,000 for 2008 with actual payouts under the 2008 STIC plan limited to 200% of his targeted opportunity. The annual target opportunity for Ms. Walker is equal to 100% of her base salary or \$520,000 for 2008 and for Mr. West is equal to 100% of his base salary or \$469,356 for 2008.

Enhanced Near-Term Incentive Compensation Opportunity

Given our need to focus on achieving certain critical near-term objectives necessary for a turnaround of our performance, as discussed further below, the HC&CC designed the 2008 LTIC plan to provide incentives for our senior management team and other plan participants to reduce wireless post-paid churn and improve the customer experience, use our resources efficiently and maximize free cash flow. To further the focus of senior management on these critical objectives, for those employees who are eligible to participate in the 2008 LTIC plan as part of the 2008 LTIC plan design, the HC&CC allocated one half of each participant's 2008 LTIC plan targeted opportunity to be in the form of dollar denominated performance units, or Performance Units, payable in RSU awards, based on our actual performance in the second, third and fourth quarters of 2008 using the same performance objectives under the Remainder of 2008 STIC plan.

The 50% portion of each 2008 LTIC plan participant's targeted objective to be made in the form of Performance Units will be equally allocated to each of the second, third and fourth quarters of 2008. The Performance Units will be payable based on our actual performance during the applicable period as compared to the financial or operating metric established for each performance objective and relative weightings for each performance objective of the Remainder of 2008 STIC plan for each of the three Quarterly Performance Periods.

Each performance objective for the applicable Quarterly Performance Period will have a threshold, target and maximum level of payment opportunity, with the maximum payment opportunity equal to 250% of the individual's target opportunity. To calculate each incentive award amount, an eligible employee's incentive target opportunity will be multiplied by the weightings and the payout results for each performance objective, and, for certain executive officers other than Mr. Hesse, will be limited to a maximum payout under an adjusted operating income objective intended to comply with IRC Section 162(m).

All payouts of Performance Units will be in the form of RSU awards that vest six months from the end of the applicable Quarterly Performance Period. We will determine the number of RSUs in which each Performance Unit will convert by dividing the value of the applicable Performance Units by the fair market value of our common stock.

All RSU awards granted with respect to the Performance Units will be made pursuant to our 2007 Omnibus Incentive Plan, and are eligible to receive dividend equivalent payments, as and to the extent declared with respect to our common stock.

For each named executive officer, other than Mr. Hesse, these Performance Unit awards are intended to qualify as performance-based compensation under Section 162(m) and, accordingly, all related compensation is expected to be deductible for federal income tax purposes. The HC&CC did not intend Mr. Hesse's Performance Unit awards to be qualified performance-based compensation under Section 162(m). Under limits approved by our shareholders under the 2007 Omnibus Incentive Plan, qualified performance-based cash-denominated awards, such as the Performance Unit awards and payments under the Remainder of 2008 STIC plan, would be subject to an individual limit of \$7.5 million. The HC&CC did not consider it appropriate for this limit to apply to Mr. Hesse's compensation related to his Performance Unit awards and determined that the need to provide incentives to focus on critical near-term objectives outweighed the potential tax savings.

Table of Contents

Long-Term Incentive Compensation Plan

Under the 2008 LTIC plan, the 50% portion of each plan participant's targeted opportunity that remains following the allocation to the Performance Units will be made in a combination of non-qualified stock options and RSU awards, weighted equally based on grant date expected fair value. The HC&CC made the allocation between stock options and RSU awards to reward our executive officers to the extent that they create value for the shareholders and to ensure that the program supports our retention objectives.

The stock options will vest ratably in equal amounts on February 11, 2009, February 11, 2010 and February 11, 2011 and have an exercise price equal to the closing price of a share of our common stock on the date of the grant. The RSU awards, which are designed to enhance our retention of executive officers, will vest entirely on February 11, 2011.

The HC&CC designed the 2008LTIC plan to allow for the stock options granted under the plan to comply with IRC Section 162(m) performance-based requirements. The RSU component does not satisfy the requirements to be considered performance-based compensation under Section 162(m).

To properly motivate our named executive officers to achieve and exceed the financial and operating performance objectives, the HC&CC determined that it was in our best interest to design the RSU award not to comply with the Section 162(m) performance-based requirements. Consequently, the value of the RSU awards under the plan was not subject to the individual limit approved by our shareholders.

Because Mr. Hesse's employment agreement provides for an annual long-term incentive opportunity with a \$10 million target value for 2008, \$5 million of his targeted opportunity will be allocated to Performance Units under the enhanced near-term opportunity of the 2008 LTIC plan and the remaining \$5 million will be allocated to grants of stock options and RSU awards. Because Ms. Walker's target opportunity is \$2 million, \$1 million of her targeted opportunity will be allocated to Performance Units under the enhanced near-term opportunity of the 2008 LTIC plan and the remaining \$1 million will be allocated to grants of stock options and RSU awards. Because Mr. West will not participate in the 2008 LTIC plan due to consideration that he will receive under his employment agreement, as amended on December 31, 2007, he will not be entitled to grants of Performance Units under the enhanced near-term opportunity of the 2008 LTIC plan, stock options or RSU awards.

Integration Overachievement Plan

Each of our named executive officers, other than Mr. Hesse, participated in our Integration Overachievement Plan, which was adopted by the HC&CC following the Sprint-Nextel merger to promote achievement of merger integration synergies and results aimed at increasing shareholder value. The plan provided for incentive payments at specific target amounts in 2008 based on the achievement of certain objectives following completion of the 2006-2007 performance period.

The HC&CC determined the targeted opportunity for each named executive officer based on each officer's base salary and his or her role and expected impact in achieving the synergies that we anticipated realizing from the integration of Sprint and Nextel and their respective operations.

Actual payouts could range from 0% to 150% of the targeted opportunities based on our actual adjusted OIBDA margin for 2007 compared to the adjusted OIBDA margin objective of 30.1% that the HC&CC determined in February 2007, together with the following additional factors that the HC&CC may consider: our actual 2007 OIBDA; incremental free cash flow in 2006 and 2007 attributable to merger synergies; costs that we have incurred to achieve merger synergies; and the performance of our common stock relative to the Dow Jones U.S. Telecommunications Stock Index. We believed that our adjusted OIBDA margin and these additional factors were indicators of achievement of the expected benefits from merger integration and results aimed at increasing shareholder value. Because our adjusted OIBDA margin for 2007 of 28.8% was less than the

Table of Contents

objective, and our actual performance did not compare favorably with the additional factors considered by the HC&CC, there was no payout under the Integration Overachievement Plan, which has since terminated and has not been replaced by any comparable plan.

The Integration Overachievement Plan did not meet the Section 162(m) performance-based requirements.

Retention Programs

The HC&CC periodically evaluates whether we are at risk of losing the services of any of our executive officers and other key personnel who we believe are critical to the success of our business. To ensure that we retain the employment of our executive officers and other key personnel who we believe may be at particular risk of voluntarily terminating employment with us, the HC&CC from time to time awards RSUs to further our retention objectives and promote a commonality of interests with shareholders. In determining to whom to make such an award, and the number of RSUs to be awarded, the HC&CC considers the current stock and equity-based award holdings of each executive officer under consideration. RSU awards made for retention purposes do not comply with the Section 162(m) performance-based requirements.

During 2007, the HC&CC awarded Mr. Saleh 159,163 RSUs that were scheduled to vest on June 25, 2010. This award vested upon Mr. Saleh's involuntary termination without cause on January 25, 2008, and is included in the Grants of Plan-Based Awards table.

Employee Benefit Plans and Programs

Our compensation program includes a comprehensive array of health and welfare benefits. Our named executive officers participate in the same benefit programs, plans and arrangements that are provided to all of our eligible employees. We pay all of the costs for some of these benefit plans, and participants contribute a portion of the cost for other benefit plans.

Retirement Programs

Our retirement program includes a 401(k) plan. Under the Sprint Nextel 401(k) Plan, we match 100% of each participant's contributions up to 5% of his or her eligible compensation. The 401(k) plan provides the participants, with our help, the ability to add to their retirement benefits and the opportunity to build financial security for their future.

Those of our named executive officers who were employed with us prior to the Sprint-Nextel merger are entitled to receive retirement benefits under our traditional defined benefit pension plan and our supplemental executive retirement plan, or SERP. Following the Sprint-Nextel merger, we froze benefits under the pension plan and SERP. Plan participants who meet vesting requirements maintain their accrued benefit as of December 31, 2005 under the pension plan and SERP, but do not accrue additional benefits under either plan.

Under the terms of Mr. Forsee's employment agreement, he is eligible to receive an annual retirement benefit equal to five percent of his covered compensation (generally, annual base salary plus actual annual incentive pay earned) for each calendar year of service beginning with 2003, up to a maximum of 65% of his covered compensation. This benefit will be offset by pension benefits payable to him by any former employer and by us under our traditional defined benefit pension plan and the SERP. Retirement benefits earned pursuant to Mr. Forsee's employment agreement become payable, without reduction, on January 1, 2008. Effective January 1, 2008, Mr. Forsee began receiving about \$84,325 per month payable for the remainder of his life.

Deferred Compensation

Our named executive officers are entitled to participate in the Sprint Nextel Deferred Compensation Plan, a nonqualified and unfunded plan under which they may defer to future years the receipt of certain compensation that would otherwise be paid to them in the year in which it was earned. The plan provides our named executive

Table of Contents

officers the ability to increase their financial security in addition to the 401(k) plan. Under the plan, we match contributions made by participants in an amount up to 5% of eligible earnings above the applicable annual limit, which for 2007 was \$225,000, to compensate highly-compensated employees for limitations placed on our 401(k) plan by federal tax law. Participants elect to allocate deferred and matching contributions among one or more hypothetical investment options, which include one option that tracks our common stock and other options that track broad bond and equity indices. Although Mr. Forsee was eligible to participate in the plan, he was not eligible to participate in the plan's matching feature due to the retirement benefits that he was eligible to receive under his employment agreement. Messrs. Forsee, Saleh and Kelly participated in this plan during 2007.

Prior to the Sprint-Nextel merger, our executive officers were eligible to participate in our Executive Deferred Compensation Plan, or EDCP. Contributions no longer may be made to the EDCP, but it provides for two hypothetical investment options—one that is interest bearing and one that tracks the performance of our common stock—to which prior contributions credited to bookkeeping accounts may be allocated. The interest bearing account accrues interest at a per annum rate equal to the greater of Citibank's prime rate in effect at the beginning of each month or 6%. Earnings on EDCP interest bearing accounts are considered above-market under applicable securities laws if they exceed a specified federal long-term rate.

The amount of matching contributions made by us to participating named executive officers and any above market earnings are included in the All Other Compensation column of the Summary Compensation Table.

Personal Benefits and Perquisites

We provide very few personal benefits and perquisites to our named executive officers. The few personal benefits and perquisites that we do provide are summarized in the footnotes to the Summary Compensation Table below, and consist primarily of occasional non-business use of our corporate aircraft, primarily for our Chief Executive Officer and Chief Financial Officer, and communications equipment installed in residences.

Executive Severance Policy

In 2003, our board of directors adopted an executive severance policy. Under the policy, the board will seek shareholder approval for any future severance agreement or arrangement with a senior executive that provides (a) severance pay in excess of two times the senior executive's base salary plus bonus and (b) continuation of group health, life insurance and other benefits up to 24-months following the executive's termination. The policy permits (a) accelerated vesting of RSUs, stock options and any other equity-based awards or (b) continued vesting during the severance period of any such awards. The policy requires that we seek shareholder approval of any future severance agreement or arrangement that provides for the reimbursement of excise taxes imposed under IRC Section 4999 to a senior level executive. Under the terms of Mr. Forsee's employment agreement, entered into prior to the adoption of this policy, he was entitled to reimbursement of excise taxes related to severance payments made in connection with a change in control.

For additional information regarding severance benefits to which our named executive officers are entitled, see Potential Payments Upon Termination of Employment or Change of Control.

Change in Control

The Sprint Nextel Change in Control Severance Plan, which became effective January 1, 2007, provides severance benefits to a select group of senior management, including Messrs. Hesse, Saleh, West and Kelly and Ms. Walker, in the event of a qualified termination of employment in connection with a transaction that results in a change in control of us. The plan is designed to increase the willingness of participants to remain with us notwithstanding the employment uncertainties related to a possible change in control of us. Mr. Forsee was not named as a participant in the plan because the HC&CC believed that his employment agreement provided appropriate benefits in the event of a transaction that results in a change in control.

Table of Contents

Although the HC&CC considers the estimated value an executive would realize upon termination in connection with a change in control, the HC&CC does not rely heavily upon that information in deciding the elements of annual compensation for our named executive officers. Continued retention and management objectivity in very limited and unusual circumstances is the primary purpose of these change in control arrangements, and retention and motivation to achieve performance goals in a normal operating environment are the focus in establishing elements of annual compensation. For additional information regarding benefits upon a change in control of us to which our named executive officers are entitled, see Potential Payments Upon Termination of Employment or Change of Control.

Clawback Policy

In 2007, our board implemented a clawback policy. The policy provides that, in addition to any other remedies available to us under applicable law, we may recover (in whole or in part) any bonus, incentive payment, commission, equity-based award or other compensation received by certain executives, including our named executive officers, if the board or any committee of the board determines that such bonus, incentive payment, commission, equity-based award or other compensation is or was based on any financial results or operating metrics that were impacted by the officer's knowing or intentional fraudulent or illegal conduct, and our board or a committee of the board determines that recovery is appropriate.

Stock Ownership Guidelines

In August 2005, we adopted stock ownership guidelines for our executive officers, other members of our senior management team and our outside directors. The board believes ownership by executives of a meaningful financial stake in our company serves to align executives interests with those of our shareholders. Our guidelines require that our Chief Executive Officer hold shares of our common stock with a value equal to five times his base salary, and that the other named executive officers currently employed by us hold shares of our common stock with a value equal to three times their respective base salaries. Eligible shares and share equivalents counted toward ownership include:

common or preferred stock;

restricted stock and RSUs, including performance-based RSUs;

intrinsic value of vested, in-the-money stock options; and

share units held in various deferred compensation plans.

Persons subject to the stock ownership guidelines have five years to achieve the ownership requirement beginning on the later of January 1, 2006 and the date on which the person becomes subject to the ownership guidelines. As of December 31, 2007, each of our named executive officers, except for Messrs. Hesse and West, had attained his or her respective ownership goal in advance of the five-year deadline.

Table of Contents**Summary Compensation Table**

The table below summarizes the compensation of our named executive officers that is attributable to the fiscal years ended December 31, 2007 and 2006. The named executive officers are our chief executive officer and president, our chief financial officer, and our three other most highly compensated executive officers ranked by their total compensation in the table below. In addition, our former Chairman, CEO and President, whose employment ended in 2007, is included. On January 25, 2008, we terminated the employment of Messrs. Saleh and Kelly without cause.

Each of our named executive officers has an employment agreement with us. With respect to Messrs. Saleh and West, who were employed by Nextel prior to the Sprint-Nextel merger, we assumed the obligations under their respective employment agreements in connection with the merger.

For more information regarding our compensation philosophy and a discussion of the elements of our compensation program, see Compensation Discussion and Analysis.

Former Chairman,	2006	1,436,783		10,070,270	8,374,256		1,165,216	254,910	21,301,435
Chief Executive Officer and President									

- (1) Includes any portion of base salary earned in a fiscal year that the named executive officer elected to have deferred under our deferred compensation plan. See the Nonqualified Deferred Compensation table on page 51 for information regarding contributions to our deferred compensation plan.
- (2) Represents a sign-on bonus for Mr. Hesse and payments to Messrs. Saleh, Kelly and West under applicable retention plans in connection with the Sprint-Nextel merger. Payments under our annual short-term incentive plan are reflected as Non-Equity Incentive Plan Compensation.
- (3) Represents the compensation costs recognized for financial reporting purposes for RSU, deferred share and stock option awards in a fiscal year, determined under SFAS 123R, rather than an amount paid to or realized by the named executive officer. Under SFAS 123R, the fair market value of a stock award is determined as of the date of grant, and that amount is amortized over all periods during which the named executive officer is required to provide service to us in exchange for the award that is, the vesting period. Because our equity-based awards are subject to vesting over a number of years, compensation cost for equity-based awards includes costs related to awards granted previously by us and Nextel prior to the Sprint-Nextel merger, as well as awards granted in 2007 and 2006. See the Grants of Plan-Based Awards table on page 43 for the grant date fair value of stock and option awards granted in 2007. For a discussion of the assumptions used in determining the compensation costs associated with stock and option awards, see note 11 of the Notes to Consolidated Financial Statements in our annual report on Form 10-K for the year ended December 31, 2007.
- (4) For 2007, represents amounts paid under our 2007 STIC plan during 2008 for service performed in 2007. Each named executive officer received a 2007 STIC payout for company-wide objectives of 42.5% of their targeted opportunity and 17.0% to 22.1% of their targeted opportunity for their functional objectives,

Edgar Filing: SPRINT NEXTEL CORP - Form DEF 14A

based on our actual performance in 2007 compared to the financial and operating objectives under the plan. For more information regarding our 2007 STIC plan, see Compensation Discussion and Analysis Elements of Compensation Annual Short-Term Incentive Compensation Plan.

Table of Contents

For 2006, represents amounts paid under our 2006 STIC plan during 2007 for service performed in 2006. Each named executive officer, other than Mr. Forsee, received a payout under the 2006 STIC plan equal to 16.8% of their targeted opportunity, based on our actual performance in 2006 compared to the financial and operating objectives under the plan. Mr. Forsee elected not to receive a STIC plan payout for 2006.

- (5) For 2007, represents an estimate of the increase in the actuarial present value of Mr. Forsee's accrued benefit under retirement plans in which Mr. Forsee participates of \$5,163,440 which, pursuant to Mr. Forsee's employment agreement, includes an additional 10% increase in the pension benefit multiplier due to his involuntary termination without cause, and above market nonqualified deferred compensation earnings for 2007 of \$59,805. Also represents an estimate of the increase in the actual present value of Mr. Kelly's and Ms. Walker's accrued benefits under retirement plans in which they participate of \$12,503 and \$8,789, respectively. The change in pension value also reflects the increase in the assumed discount rate from 6.2% at December 31, 2006 to 6.4% at December 31, 2007. See the Pension Benefits table on page 49 for a discussion of pension-related assumptions.

For 2006, represents an estimate of the increase in the actuarial present value of Mr. Forsee's accrued benefit under retirement plans in which Mr. Forsee participates of \$1,114,616 and above market nonqualified deferred compensation earnings for 2006 of \$50,600. The change in pension value also reflects the increase in the assumed discount rate from 5.75% at December 31, 2005 to 6.2% at December 31, 2006.

- (6) Consists of: (a) amounts contributed by us under our 401(k) and deferred compensation plans, (b) amounts paid in reimbursement of relocation expenses and relocation-related allowances, (c) severance benefits in connection with the termination of the employment of Mr. Forsee, (d) perquisites and other personal benefits required to be disclosed and (e) tax gross-up payments made in connection with the foregoing and other benefits, as follows:

	Year	Company Contributions to 401(k) and Deferred Compensation Plans	Relocation-Related Expenses	Severance Benefits(a)	Perquisites and Other Personal Benefits(b)	Tax Gross-Up Payments
Mr. Hesse	2007					
Mr. Saleh	2007	35,394				
	2006	66,635			21,602	
Mr. West	2007	9,000	4,209			
	2006	1,635	27,356			
Mr. Kelly	2007	33,451				119
	2006	33,146				4,971
Ms. Walker	2007	11,250				72
Mr. Forsee	2007	11,250		8,190,478	94,912	466
	2006	11,000			241,694	2,216

- (a) Represents severance benefits that we accrued in 2007 related to the termination of Mr. Forsee's employment. This amount does not include \$3,853,377 included in the Change in Pension Value column of the Summary Compensation Table that represents the present value of an additional 10% increase in Mr. Forsee's pension benefit multiplier pursuant to Mr. Forsee's employment agreement due to his involuntary termination without cause. For more information on Mr. Forsee's severance, see Potential Payments Upon Termination of Employment or Change of Control.

- (b) Prior to the completion of the Sprint-Nextel merger, we offered several of our named executive officers certain personal benefits and perquisites, including allowances for automobiles, country club dues and financial and tax services. The purpose of providing these perquisites and benefits was to provide a competitive compensation program relative to our peer group of companies. Following the Sprint-Nextel merger, the HC&CC determined that these types of perquisites and other personal benefits no longer were necessary from a competitive standpoint, and it eliminated them in early 2006 in order to increase the focus of our program on performance-based compensation.

The HC&CC established an overall security program for Mr. Forsee for our benefit. Under the security program, in 2007 and 2006, we provided Mr. Forsee with residential security systems and equipment, and he was required to use our aircraft for non-business as well as business travel. Mr. Forsee was permitted to have his family accompany him on the corporate aircraft for business and non-business travel. Mr. Forsee's rights under this program terminated effective as of his last day of employment with us.

The perquisites and other personal benefits received by Mr. Forsee in 2007 consisted of: non-business use of our corporate aircraft by Mr. Forsee, which had an incremental cost to us of \$89,516; costs for security equipment and services for Mr. Forsee's residences, which had an incremental cost to us of \$4,679; and long distance service and a token gift.

Mr. Forsee's 2006 perquisites and personal benefits consisted of: non-business use of our corporate aircraft by Mr. Forsee, which had an incremental cost to us of \$192,530; costs for security equipment and services for Mr. Forsee's residences, which had an incremental cost to us of \$39,801; and other perquisites and personal benefits, which include allowances for automobiles, country club dues and financial and tax services (which were terminated in 2006), communications equipment and services, insurance, gifts related to his service on our board and other miscellaneous gifts and awards.

In 2007 and 2006, family members of Mr. Forsee occasionally accompanied him on our corporate aircraft, at no or de minimus incremental cost to us.

The perquisites and other personal benefits received by Mr. Saleh in 2006 consist of non-business use of our corporate aircraft by Mr. Saleh and his family members, communications equipment installed in his residence and other miscellaneous gifts.

Table of Contents**Grants of Plan-Based Awards**

The table below summarizes awards under our short- and long-term incentive plans, and other stock and option awards, to our named executive officers in 2007. These awards consisted of the following:

Awards made pursuant to our 2007 STIC plan, our annual cash incentive compensation plan;

Stock option and performance-based RSU awards granted pursuant to our 2007 LTIC plan, our long-term, equity-based incentive plan;

A sign-on award granted to Mr. Hesse; and

A retention RSU award granted to Mr. Saleh.

Mr. Forsee's employment with us was terminated on January 1, 2008. He will continue to vest in outstanding options and RSUs through December 31, 2009, at which point all unvested options and RSUs will be cancelled. Except for options granted in 2003 in connection with Mr. Forsee's employment agreement that remain exercisable for 90 days from December 31, 2009, options vested at December 31, 2009 will remain exercisable for the earlier of 60 months or the natural grant expiration date.

Mr. Saleh's employment with us was terminated on January 25, 2008. Pursuant to the terms of Mr. Saleh's employment agreement, all of his outstanding options and RSUs vested upon his termination, although RSUs granted pursuant to our 2007 LTIC plan remain subject to a performance adjustment. Mr. Saleh's vested options remain exercisable for 12 months.

Mr. Kelly's employment with us was terminated on January 25, 2008. He will continue to vest in outstanding options and RSUs through August 2009, at which point all unvested options and RSUs will be cancelled. Mr. Kelly's vested options will remain exercisable for various lengths of time based on the terms of our equity incentive plans.

Gary D. Forsee	02/27/2007	127,500(3)	2,550,000(3)	5,100,000(3)	0(4)	283,126(4)	566,252(4)		806,452(5)	18.78(5)	10,381,625

(1) Represents an RSU award that was granted at the time of Mr. Hesse's employment for retention purposes and will vest in equal annual installments on each of the first three anniversaries of the date of grant.

Edgar Filing: SPRINT NEXTEL CORP - Form DEF 14A

- (2) Represents stock option awards granted under our 2007 Omnibus Incentive Plan that will vest in equal annual installments on each of the first three anniversaries of the date of grant. Pursuant to Mr. Hesse's employment agreement, options for 1,000,000 of the shares granted to him have an exercise price equal to the market value per share on the date of grant, options for 1,000,000 shares have an exercise price equal to 120% of the market value per share on the date of grant and options for the remaining 1,275,000 shares have an exercise price equal to 140% of the market value per share on the date of grant.
- (3) Represents the threshold, target and maximum estimated possible payouts under our 2007 STIC plan. Payouts under the 2007 STIC plan, which were based on our 2007 actual performance compared to the financial and operating objectives of the plan, were made at 59.5% to 64.6% of each named executive officer's target opportunity and are reflected in the Summary Compensation Table in the column entitled "Non-Equity Incentive Plan Compensation." Each performance objective under the plan had a threshold achievement level, below which there would be no payout, a target achievement level, at which the target opportunity would be paid, and a maximum achievement level, at which 200% of the target would be paid, except

Table of Contents

with respect to the adjusted OIBDA performance objective, which was uncapped, except for Mr. Forsee, whose maximum payout was capped at 200%. Although not used in 2007, for all participants except Mr. Forsee, the plan also provided for an individual functional performance factor that could adjust the final payout between 0% and 120% of the calculated payout based on performance versus the three objectives. For purposes of this table, the minimum estimated possible payout assumes that the threshold achievement level was satisfied only for the net service revenue objective, which had the lowest weighting of the financial objectives under the plan. For purposes of this table, the maximum estimated possible payout assumes a 200% payout for the adjusted OIBDA performance objective and includes a 120% adjustment for individual performance for each named executive officer other than Mr. Forsee. For more information on the 2007 STIC plan, see Compensation Discussion and Analysis Elements of Compensation Short-Term Incentive Compensation Plan.

- (4) Represents the threshold, target and maximum estimated possible payouts of performance-based RSU awards granted under our 2007 LTIC plan, which are denominated in shares of our common stock. We granted the target opportunity level of RSU awards to each named executive officer on February 27, 2007. The 2007 LTIC plan provides that each initial award of RSUs is subject to an adjustment ranging from 0% to 200% based on our actual performance compared to the two established performance objectives of consolidated adjusted OIBDA margin of our core operations for 2009 and cumulative free cash flow from operations for 2007 through 2009, each weighted 50%. Each performance objective had a threshold achievement level, below which there would be no payout, a target achievement level, at which the target opportunity would be paid, and a maximum achievement level, at which 200% of the target would be paid. The 2007 LTIC plan provides for interpolation for results between the stated performance and payout levels, which could result in a minimum payout of one RSU. For purposes of this table, the minimum estimated possible payout assumes no payout under either objective and the maximum estimated possible payout assumes a 200% payout for both objectives. For more information on the 2007 LTIC plan, see Compensation Discussion and Analysis Elements of Compensation Long-Term Incentive Compensation Plan.
- (5) Represents stock option awards granted under our 2007 LTIC plan that will vest in equal annual installments on each of the first three anniversaries of the grant date. For more information on the 2007 LTIC plan, see Compensation Discussion and Analysis Elements of Compensation Long-Term Incentive Compensation Plan.
- (6) Represents an RSU award that was granted for retention purposes and was scheduled to vest on June 25, 2010.

Outstanding Equity Awards at Fiscal Year-End

The table below summarizes option and stock awards outstanding as of December 31, 2007 held by each of our named executive officers. The table reflects the following actions taken in connection with the May 17, 2006 spin-off of Embarq:

Each outstanding stock option held by a named executive officer was adjusted by multiplying the number of shares subject to the option by 1.0955 and dividing the exercise price by the same number.

Each named executive officer who held an RSU award entitled to receive dividend equivalent payments, which includes substantially all RSU awards that were outstanding at the time of the spin-off, received one Embarq RSU award for every 20 Sprint Nextel RSU awards held. The vesting schedule for each Embarq RSU award is identical to the vesting schedule of the related Sprint Nextel RSU award.

Table of Contents

The table does not reflect accelerated vesting or option and RSU awards that will be cancelled due to the termination of Mr. Forsee on January 1, 2008 and Messrs. Saleh and Kelly on January 25, 2008. For more information on the effects of Messrs. Forsee's, Saleh's and Kelly's terminations on their outstanding option and RSU awards, see the introduction to the Grants of Plan-Based Awards table on page 43.
