PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held On July 24, 2008

INFORMATION ABOUT THE MEETING

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors (the **Board**) of PharMerica Corporation (**we**, **us**, **our**, or the **Company**) for the Annual Meeting of Stockholders to be held on Thursday, July 24, 2008 at 9:00 a.m. local time, at the Louisville Marriott Downtown, 280 West Jefferson, Louisville, Kentucky 40202 and thereafter as it may from time to time be adjourned (the **Meeting**). This proxy statement and the accompanying proxy are first being mailed to stockholders on or about June 16, 2008.

Who May Vote

Each stockholder of record at the close of business on May 29, 2008 (the **Record Date**) is entitled to notice of and to vote at the Meeting. On the Record Date, there were 30,419,056 shares of our common stock, par value of \$.01 per share (the **common stock**) outstanding. On the Record Date, there were no shares of Preferred Stock, par value \$.01, outstanding. You may cast one vote for each share of common stock held by you on all matters presented at the meeting.

How You May Vote

You may vote (1) in person by attending the Meeting or (2) by mail by completing and returning a proxy. To vote your proxy by mail, mark your vote on the enclosed proxy card, then follow the instructions on the card.

Proxies duly executed and received in time for the Meeting will be voted in accordance with your instructions. If no instructions are given, proxies will be voted as follows:

1. FOR the election as a director of the seven director nominees named herein for a term to expire at the annual meeting of stockholders in 2009;
2. FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008;

Edgar Filing: PharMerica CORP - Form DEF 14A

3. FOR the approval of an amendment to the Company's 2007 Omnibus Incentive Plan; and
4. In the discretion of the proxy holders, FOR or AGAINST such other business as may properly come before the meeting or any adjournment thereof.

How You May Revoke or Change Your Vote

Proxies may be revoked at any time prior to the meeting in the following ways:

by giving written notice of revocation to the Secretary of the Company;

by giving a later dated proxy; or

by attending the meeting and voting in person.

Table of Contents

Quorum Requirement

The Company is required to have a quorum of stockholders present to conduct business at the meeting. A majority of the shares entitled to vote at the meeting, represented in person or by proxy, constitutes a quorum for the transaction of business at the Meeting. Proxies received but marked as abstentions or treated as broker non-votes will be included in the calculation of the number of shares considered to be present at the Meeting in determining a quorum. If a quorum is not present at the Meeting, we will be forced to reconvene the Meeting at a later date.

Required Vote

Every holder of record shares entitled to vote at a meeting of stockholders will be entitled to one vote for each share outstanding in his or her name on the books of the Company at the close of business on the Record Date. With respect to the election of directors, a nominee for director will be elected to the Board by a vote of the majority of the votes cast. In other words, if the votes cast for the nominee's election exceed the votes cast against the nominee's election then that nominee will be elected as a director. However, the directors will be elected by a plurality of the votes cast at any stockholder meeting where (i) the Secretary of the Company receives a notice that a stockholder has nominated a person for election to the Board in compliance with the advance notice requirements for stockholder nominees for director and (ii) such nomination has not been withdrawn by such stockholder on or prior to the day next preceding the date the Company first mails its notice of meeting for the meeting to the stockholders. For the 2008 Annual Meeting of Stockholders, none of the nominees were nominated by stockholders. The affirmative vote of at least a majority of the votes of the shares of common stock present, in person or by proxy, at the Meeting is required to approve all other matters to be voted upon at the Meeting. Votes cast by proxy or in person at the Meeting will be tabulated by one or more inspectors of election, appointed at the Meeting, who will also determine whether a quorum is present for the transaction of business.

How Abstentions will be Treated

Abstentions will have no effect on the election of directors. For all other proposals, abstentions will have the same effect as votes against a proposal.

How Broker-Non Votes will be Treated

Your shares may be voted if they are held in the name of a brokerage firm or bank (a Broker), even if you do not provide the Broker with voting instructions. Brokers have the authority, under applicable rules, to vote shares on certain routine matters for which their customers do not provide voting instructions. The election of directors and the ratification of the appointment of the independent registered public accounting firm of the Company are considered routine matters. The amendment to the Company's 2007 Omnibus Incentive Plan is not considered a routine matter. Broker non-votes are shares held by brokers or nominees for which instructions have not been received from the beneficial owners, or persons entitled to vote, and that are not voted by that broker or nominee. Broker non-votes will have no effect on the election of directors or the ratification of the selection of the independent public accounting firm. With respect to the amendment to the Company's 2007 Omnibus Incentive Plan, although broker non-votes will be counted towards a quorum, they will not be counted.

EXPLANATORY NOTE

The Company was formed on October 23, 2006 by Kindred Healthcare, Inc. (Kindred) and AmerisourceBergen Corporation (AmerisourceBergen) for the purpose of consummating the transactions contemplated by the Master Transaction Agreement dated October 25, 2006, as amended (the Master Agreement). Pursuant to the Master Agreement, Kindred and AmerisourceBergen, through a series of transactions (collectively, the Pharmacy Transaction), spun-off and combined their respective institutional pharmacy businesses, Kindred Pharmacy Services and PharMerica Long-Term Care, into a new, stand-alone, publicly traded company. PROPOSAL 1

ELECTION OF DIRECTORS

Our Board currently consists of nine directors: Gregory S. Weishar, Frank E. Collins, Paul J. Diaz, Dr. Thomas P. Gerrity, Edward L. Kuntz, Thomas P. Mac Mahon, Daniel N. Mendelson, R. David Yost and Dr. Robert A. Oakley. Three directors, Messrs. Diaz, Yost and Kuntz announced their resignation from our Board in accordance with the terms of the Pharmacy Transaction. Our Certificate of Incorporation, as amended, and Bylaws provides that the number of directors constituting the Board will not be fewer than three, with the exact number to be fixed by a resolution adopted by the affirmative vote of a majority of the Board. The Board has fixed the number of directors at seven.

The Nominating and Corporate Governance Committee has recommended that the seven directors listed in the table below be nominated for election for a one-year term expiring at the 2009 Annual Meeting of Stockholders and until their successors are duly elected and qualified. Each of the nominees has consented to be named in this proxy statement and to serve as a member of our Board if elected. In the event that a nominee withdraws or for any reason is not able to serve as a director, the proxy will be voted for such other person as may be designated by the Board, but in no event will the proxy be voted for more than seven nominees as directors. Our management has no reason to believe that the nominees will not serve if elected. There is no family relationship between any of the current directors or persons nominated to become a director.

Our Board believes that we could benefit by expanding the size of the Board to nine and adding two additional qualified directors. The Nominating and Corporate Governance Committee has not yet identified any candidates to fill these additional directorships. At such time as one or more qualified candidates have been identified and approved by the Nominating and Corporate Governance Committee and the Board, the Board intends to increase the size of the Board up to nine members and to appoint the candidates to fill the newly created directorships as provided in our Bylaws. Any director appointed by the Board to fill a newly created vacancy would serve only until the next annual meeting of stockholders.

Audit Committee

The Company has a standing audit committee established by the Board for the purpose of overseeing the Company's accounting and financial reporting processes and audits of the Company's financial statements. The Audit Committee held a total of three meetings in 2007. The Board has determined that Dr. Robert A. Oakley and Dr. Gerrity are each qualified as an audit committee financial expert as such term is defined in Item 407(d)(5) of Regulation S-K and that Dr. Oakley, Dr. Gerrity and Mr. Collins are independent within the meaning of the listing standards of the New York Stock Exchange and applicable rules and regulations of the Securities and Exchange Commission (the SEC) relating to directors serving on audit committees.

Compensation Committee

The Compensation Committee is responsible for administering the Company's executive and director compensation, including executive base salaries, bonuses, performance based awards and other equity awards, and for administering the Company's equity compensation plans. Pursuant to its charter, the Compensation Committee has authority to delegate any of its responsibilities to subcommittees as the Compensation Committee may deem appropriate. The Compensation Committee held a total of two meetings in 2007. The Compensation Committee reviews periodic reports from the CEO and other officers as to the performance and compensation of the officers, employees and directors.

The Company's executive compensation program was initially adopted as part of the formation of the Company and Mercer Human Resource Consulting (Mercer) was retained in 2006 to serve as an outside compensation consultant. Pursuant to its charter, the Compensation Committee has the sole authority, at the Company's expense, to retain and terminate a consulting firm to assist in the evaluation of director, CEO or executive officer compensation, and in furtherance thereof to retain legal counsel and other advisors.

The Compensation Committee used Mercer to serve as the outside Compensation Consultant with respect to setting fiscal year 2007 and 2008 compensation. In April 2008, the Compensation Committee retained Frederic W. Cook & Co. (Cook) to serve as our outside compensation consultant for subsequent periods. See the discussion under Compensation Discussion and Analysis for more information on Mercer's role in setting 2007 compensation.

Nominating and Corporate Governance Committee

The purpose of the Nominating and Corporate Governance Committee of the Board is to (1) identify individuals qualified to become members of the Board (consistent with criteria approved by the Board); (2) select, or recommend that the Board select, the director nominees for the next annual meeting of shareholders and nominees to fill vacancies on the Board; (3) develop and recommend to the Board a set of corporate governance guidelines applicable to the Company; (4) oversee the evaluation of the Board, its committees and management; and (5) oversee, in concert with the Audit Committee, compliance rules, regulations and ethical standards for the Company's directors, officers and employees, including corporate governance issues and practices. While the Nominating and Corporate Governance Committee has no formal process for identifying nominees, if it is deemed appropriate, the Nominating and Corporate Governance Committee may consider candidates recommended by any other source, including stockholders and business and other organizational networks. The Nominating and Corporate Governance Committee may retain and compensate third parties, including executive search firms, to identify or evaluate candidates for consideration. Spencer Stuart was retained by the Nominating and Corporate Governance Committee to assist the committee in identifying and evaluating candidates. The Nominating and Corporate Governance Committee held one meeting in 2007.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. Stockholders wishing to suggest a candidate for director for inclusion in the Company's proxy

The Nominating and Corporate Governance Committee evaluates the candidates in accordance with its Policy for Evaluation for Nominees to the Board of Directors, which sets forth the following factors to be considered:

Deferred Compensation We did not offer a non-qualified deferred compensation plan for directors in 2007; however in 2008, we adopted the PharMerica Corporation Deferred Fee Plan for Directors, which provides an opportunity for directors to defer both their cash and stock fees in any one year. Each director may defer up to 100% of their cash and stock fees. The minimum deferral period for an in-service distribution of any deferred fees is five years from the end of the year in which each such deferred fee agreement relates. Cash fees can be distributed in a lump-sum or in up to ten annual installments. The stock fees will only be distributed in shares in a lump-sum. Notwithstanding the foregoing, in each deferred fee agreement, a director can elect to commence distributions of all cash and stock deferrals earlier, in the event of a separation from service, the death or disability of the director, or upon a change in control of the Company. All cash fees (which a director is 100% vested in at all times) deferred by a director will be directed into the same investments offered under the PharMerica Corporation 401(k) Retirement Savings Plan. Generally, all stock fees will vest ratably in three equal installments commencing on the first anniversary of the date of grant.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The Company's executive compensation program was initially adopted as part of the formation of the Company through determinations made by the Transition Planning Committee in conjunction with our Chief Executive Officer. The Transition Planning Committee was formed by AmerisourceBergen and Kindred as part of the formation of the Company and consisted of three AmerisourceBergen representatives and three Kindred representatives. The Transition Planning Committee was responsible for assembling a management team for a to be formed public company and developing an initial executive compensation program. The executive compensation program, as described below, was reviewed and subsequently approved by the Company's Compensation Committee.

The Transition Planning Committee retained Mercer in 2006 to serve as an outside compensation consultant to the Transition Planning Committee. Using the peer group described below as a benchmark, Mercer prepared data on named executive officer compensation levels and dilution from equity plans. Additionally, Mercer advised the Transition Planning Committee on executive compensation plan design issues, regulatory changes and best practices related to compensation.

The Compensation Committee used Mercer to serve as the outside Compensation Consultant with respect to setting fiscal year 2008 compensation. In April 2008, the Compensation Committee retained Cook to serve as our outside Compensation Consultant for subsequent periods. In its role as outside consultant, Cook will provide the Compensation Committee with objective analyses, advice and information with respect to CEO and other executive compensation. Cook maintains no other direct or indirect business relationships with the Company.

Executive Compensation Program Objectives

Our executive compensation program is designed to balance our overall compensation philosophy of promoting programs that are simple and flexible, and sufficiently robust to permit us to attract and retain a high quality and stable executive management team. Our executive compensation program is structured to provide transparency to both our employees and stockholders, be competitive within the institutional pharmacy industry and focus our executives on profitability, achieving cost savings and providing quality services to our customers. Each of these performance objectives are critical to our success.

The goals of our executive compensation program are to:

Provide competitive and fiscally responsible compensation that enables us to successfully attract and retain highly-qualified executives with the leadership skills and experience necessary to promote our long-term success;

Provide incentive compensation that places a strong emphasis on financial performance, thereby ensuring a strong calibration between the achievement of critical financial and strategic objectives and realized compensation; and

Provide an appropriate link between compensation and the creation of stockholder value through awards tied to our long-term performance and share price appreciation.

The three primary elements of compensation used to support the above goals are base salary, annual cash incentive awards and long-term incentive awards:

Base Salaries. The objective of base salary is to provide a baseline compensation level that delivers current cash income to the Named Executive Officers (as defined in the 2007 Summary Compensation Table) and reflects their job responsibilities, experience and value to the Company.

Table of Contents

Annual Cash Incentive Awards . This component of the compensation program rewards corporate, group and individual performance against pre-established annual goals.

Long-Term Incentive Awards . Our long-term incentive program is designed to align the interests of our Named Executive Officers with those of our stockholders by motivating these officers to manage the Company in a manner that fosters long-term performance, as reflected in stock price appreciation, and achievement of profitability objectives. Long-term incentives also serve as essential tools to promote executive retention through time-based vesting requirements.

We also provide benefits and perquisites to our Named Executive Officers. The purpose of these benefits, which are modest in value and not a significant component of the overall compensation program, is to aid in attracting and retaining high quality talent.

Benchmarking Process

In general, we have targeted Named Executive Officers' total compensation to fall within the median range for equivalent positions at peer group companies after adjusting for company size, differences in job content, and experience and responsibilities of the roles compared to similar positions in the market. Based upon consultation with Mercer, the Compensation Committee approved the use of a peer group composed of companies that are relatively comparable in size as measured by annual revenue, operate within the same general industry space, and are competitors for customers and/or executive talent. The peer group used for 2007 benchmarking purposes consisted of:

Omnicare Inc.

Owens & Minor Inc.

St. Jude Medical Inc.

Henry Schein Inc.

Invacare Corp.

PSS World Medical Inc.

Lincare Holdings Inc.

Bioscrip Inc.

Rotech Healthcare Inc.

For purposes of reviewing the competitiveness of our executive compensation program, Mercer used a combination of data from the annual proxy statements of the above-referenced peer companies as well as general industry data for comparably sized companies as provided in three published compensation surveys, including the Mercer Americas Executive Remuneration Database, Watson Wyatt Report on Top Management Compensation, and Clark Consulting Executive and Senior Management Compensation Survey. Data from these surveys was generally regressed using the Company's annual revenues of approximately \$2.0 billion to determine size-adjusted market rates. The number of companies included in the survey data ranged from approximately 50 to 800, depending on the survey and the position as a reference point for our Named Executive Officers.

Edgar Filing: PharMerica CORP - Form DEF 14A

The survey data consisted of general industry references for companies of comparable size to the Company and were blended with the available proxy data to provide an overall market composite. We will continue to monitor whether this peer group and the individual compensation surveys remain appropriate for our Company and will make changes when appropriate.

Table of Contents

Components of the Executive Compensation Program

Upon formation of the Company, the Transition Planning Committee adopted an initial compensation strategy for the Named Executive Officers consisting of conservative cash compensation (i.e., 25th percentile to median base salary and bonus opportunities) combined with more aggressive up-front equity incentive awards. The up-front equity awards, which were generally in the range of 200% to 300% of the market median for the Named Executive Officers (other than the CEO whose initial award size also considered amounts forfeited at his prior employer), were intended to:

Motivate and reward the executives' efforts to integrate the Company's businesses;

Build commitment to our Company and promote retention during the post-closing transition;

Make a substantial portion of the Named Executive Officers' compensation directly contingent on future stock price appreciation and changes in stockholder value;

Complement the other components of our compensation program and provide competitive total compensation opportunities; and

Replace amounts forfeited at prior employers (applies only to our CEO).

For Fiscal 2008, our Named Executive Officer compensation program consists of base salary, annual cash incentives and long-term incentives. For our Named Executive Officers, our program is structured so that variable, or at risk, compensation ranges from 50-75% of total compensation. To ensure that the executives with the highest degree of responsibility to stockholders are held most accountable for results, the portion of total compensation delivered through annual and equity-based long-term incentives varies directly with the executive's level of responsibility.

Base Salary

Base salaries for our Named Executive Officers are targeted in the median range for equivalent positions at the peer group companies after adjusting for company size, differences in job content, experience, and responsibilities. Competitive base salaries are essential to attracting and retaining executive management talent.

Mr. Weishar's employment agreement, entered into on January 14, 2007 with Kindred sets his base salary at \$700,000, a rate individually negotiated with Mr. Weishar and which was at a level necessary and appropriate in light of the other terms of his employment agreement, namely, Mr. Weishar's initial equity award, which is described under the Long Term Incentive section. His base salary falls between the 25th percentile and the median of our selected peer group. Mr. Weishar's employment agreement was subsequently assigned to the Company as part of the Pharmacy Transaction.

Base salaries for our other Named Executives were individually negotiated with the executives and are set forth in their employment agreements. The Compensation Committee will review base salaries at least annually and more frequently when promotions or changes in responsibility occur within our executive management. Salary increases will be based on factors such as competitive market data, assessment of individual performance, promotions, level of responsibility, and input from our CEO for Named Executives other than himself.

Annual Cash Incentives

Pursuant to the Company's annual incentive program, our Named Executive Officers have the opportunity to earn annual cash incentives for meeting annual performance goals. The Company utilizes cash incentives as a method of tying a portion of annual compensation to our annual financial performance. The specific objective performance criterion that must be obtained in order for bonuses to be paid are established each year by the Compensation Committee, and are subject to change from year to year. In 2007, the incentives were based upon the Company achieving adjusted EBITDA goals. EBITDA was selected as the objective performance criterion,

Table of Contents

because, as a new company, it was critical to focus our Named Executive Officers on earnings and the achievement of cost savings. EBITDA was adjusted to add back integration costs, which relate to our integration and consolidation activities. For 2007, achievement of \$70 million in adjusted EBITDA resulted in payment of target bonuses. Adjusted EBITDA goals for threshold and maximum bonuses were \$63 and \$84 million, respectively.

Target bonus opportunities are expressed as a percentage of base salary and vary among our Named Executive Officers. The targets were individually negotiated with our Named Executive Officers prior to their accepting employment with our Company. Pursuant to the terms of his employment agreement, Mr. Weishar's target annual bonus is equal to 100% of his base salary. In fiscal year 2007, Mr. Culotta, Mr. McCullough, Ms. Rutkowski, Mr. McKay and Mr. Caneris were eligible for annual target bonus opportunities (represented as a percentage of base salary) of 75%, 60%, 80%, 50% and 50% respectively. For fiscal year 2007, all bonuses were prorated from the executives' starting date. The amount of the bonuses are reported in the 2007 Summary Compensation Table.

As part of the formation of the Company, Messrs. Weishar's and Culotta's annual incentives were based entirely on achieving the adjusted EBITDA target. For the other named executive officers, annual incentives were based 75% on achieving the adjusted EBITDA target and 25% on individual performance. An individual performance measure was utilized for Ms. Rutkowski, Mr. McKay and Mr. Caneris, because of the nature of their duties as Chief Clinical Officer, Senior Vice President of Sales and Marketing, and Senior Vice President and General Counsel respectively. It was desirable for the Company to focus them on the achievement of certain important non-financial departmental initiatives. In 2007, actual bonus awards for our named executive officers were set to range from 0% to 125% of the target award, depending upon performance relative to the predetermined adjusted EBITDA goals. The range was the same for all the Company's executives. The Company achieved adjusted EBITDA of \$71.1 million and the individual performance component for each Ms. Rutkowski and Messrs. McKay and Caneris were funded at 100% of target. All bonuses related to the adjusted EBITDA target to our named executive officers (other than Mr. McCullough who did not receive a bonus due to his termination) were paid at 102% of target. No discretion was used in funding or in allocating the bonus pool.

Long-Term Incentives

The Company's Long-Term Incentive Founders' Grants and Initial Grant for Mr. Weishar

In fiscal year 2007, the long-term component of our executive compensation program for each of our named executive officers (excluding our Chief Executive Officer) consisted of a founders' grant of stock options and restricted shares.

The value of the founders' grant was generally within 200% to 300% of the market median levels for long-term incentive compensation for our peer group. These levels are intended to provide a significant equity stake in the enterprise to key executives. The award value was granted 75% in stock options and 25% in restricted shares or restricted share units. This blend of restricted stock to options was selected, to focus the new management team on stockholder value creation and build retention power into the compensation program. The heavier emphasis on stock options reinforces a critical objective of appropriately linking compensation and the creation of stockholder value by tying compensation to share price appreciation, while having the restricted shares that vest in full on the 3rd anniversary of grant support both share price appreciation and executive retention. Messrs. Culotta, McCullough, Rutkowski, McKay and Caneris received a founders' grant with respect to fiscal year 2007 with a grant date value expressed as a percent of base salary of 525%, 525%, 250%, 260%, and 280% respectively.

Mr. Weishar was not awarded a founder's grant because he had been provided an equity grant pursuant to his employment agreement. Under the agreement, the Company granted to Mr. Weishar, on the fifth trading day following consummation of the Pharmacy Transaction, non-qualified stock options to purchase shares of the Company's common stock representing 1.0% of the total number of shares of common stock outstanding and a

Table of Contents

number of restricted shares of common stock representing 0.75% of the total fair market value, based on the closing price of our common stock on such date, of the common stock then outstanding. The size of the grant was intended to provide Mr. Weishar with significant ownership in the Company and to link his compensation to changes in stockholder value, and to restore certain compensation opportunities that Mr. Weishar forfeited in connection with his resignation from his prior employer.

For fiscal year 2008 and thereafter, we expect that our long-term incentive program will consist of annual grants, targeted at market median levels, consisting of a combination of stock options, performance share/performance share units and long-term cash incentives. Performance share/performance share units and long-term cash incentives were introduced into the long-term incentive program in 2008 for our Named Executive Officers to focus executives on achievement of long-term operating objectives. Similar to the annual bonus plan, adjusted EBITDA was selected as the performance measure for the 2008 performance share and long-term cash plans to reinforce the importance of achievement of cost savings and earnings in the creation of long-term stockholder value.

Treatment of Equity Incentives in the Event of Change in Control

As provided in the Company's Omnibus Incentive Plan or the award agreements related thereto, unvested equity awards granted to our named executive officers (with the exception of equity awards held by the CEO) may automatically vest upon certain terminations of a named executive officer's employment following a change in control. We believe that such a double trigger provision is reflective of a growing trend in market practice, which maintains the retention power of the compensation program following a change in control, and will encourage our executive officers to assess takeover bids objectively without regard to the potential impact on their job security. Unvested equity awards held by our CEO automatically vest upon a change in control as provided under terms of his employment agreement, which was entered into prior to the development of our overall executive compensation program and the decision to provide for double trigger vesting with respect to our executive officers generally. Such features are intended to apply to all future grants.

Stock Ownership Guidelines

We encourage our executive officers and other key employees to own stock in the Company. The Committee adopted stock ownership guidelines to align long-term interests of management with those of our stockholders and provide a continuing incentive to foster the Company's success. The stock ownership guidelines become effective July 1, 2008 for certain key executive officers, including our named executive officers. Under the stock ownership guidelines, the CEO, Executive Vice Presidents, and Senior Vice Presidents are expected to own Company stock in the amount of 200%, 150%, and 100% of their annual base salary, respectively. The Named Executive Officers have four (4) years to accumulate the targeted ownership level. The following count towards meeting the stock ownership guidelines: all shares and options owned and all restricted shares, performance share units and stock options which vest within sixty (60) days of any date of determination. Shares are valued at fair market value and options are valued at the spread between the exercise price and the fair market value of the underlying shares. As of June 2, 2008, the value of the named executive officers' (other than Mr. McCullough) ownership in the Company is as follows: Gregory Weishar-\$1,700,000 (247% of 2007 base salary); Michael Culotta-\$660,000 (162% of 2007 base salary); Janice Rutkowski-\$280,000 (109% of 2007 base salary); Robert McKay-\$0; and Thomas Caneris-\$0.

CEO Signing Bonus and Special Integration Bonuses

Mr. Weishar was provided with a cash signing bonus and was also provided with a special integration bonus opportunity pursuant to his employment agreement. This opportunity was provided because the successful integration of the two legacy portions of the Company is critical to our future success and the Company desired to specifically tie portions of Mr. Weishar's compensation to the successful integration. Earnout of the integration bonus is linked to the achievement of synergy targets that were developed by the Transition Planning

Table of Contents

Committee based on expected cost savings opportunities that are expected to come from site consolidations, overhead reductions and other aggregate efficiencies resulting from the combined businesses. The integration bonus is discussed in more detail under the discussion of Mr. Weishar's employment agreement under Narrative Disclosure to Summary Compensation Table and Grants of Plan Based Awards Table .

Benefits and Perquisites

Our named executive officers are eligible to participate in our 401(k) plan and, except as described below, receive the same health, life and disability benefits available to our employees generally. We do not offer a defined benefit pension plan or a supplemental executive retirement plan.

Voluntary Deferred Compensation Plan

Commencing in 2008, the Company offers each of our eligible executive officers, including our Named Executive Officers, the ability to elect to defer up to 100% of their annual bonus and 50% of their base salary into a non-qualified deferred compensation plan. We believe the deferred compensation plan will serve to motivate and retain our executive officers by providing a tax-effective opportunity to save for their retirement and enable them to take a more active role in structuring the timing of certain compensation payments.

Relocation Expenses

We agreed to pay all reasonable and customary relocation expenses for Messrs. Weishar, Culotta, McKay and Caneris (up to a certain dollar amount as specified in Mr. Culotta's and Mr. Caneris' employment agreement) and related taxes for them in order to entice them to relocate their families in connection with their employment with the Company.

Club Membership

Pursuant to the terms of Mr. Weishar's employment agreement, we reimbursed Mr. Weishar \$16,000 for an initiation fee incurred by him in connection with his membership at one country club.

Defined Benefit Pension Plan

The Company does not offer to its employees or named executive officers a defined benefit pension plan, nor does the Company expect to offer such plan in the future to its employees.

Employment Agreements

Our Board, based upon the recommendation of our Compensation Committee, approved the Company entering into employment agreements with our Named Executive Officers in order to attract and retain each of these individuals given their experience and qualifications to serve the Company in the foregoing capacities. In addition to providing for compensation opportunities described above and in the following tables and narratives, the employment agreements provide our named executive officers with benefits upon certain terminations of employment. The employment agreements also contain change in control benefits for our Named Executive Officers to help keep them focused on their work responsibilities during the uncertainty that accompanies a change in control and to provide benefits for a period of time after termination of employment following a change in control. The employment agreements contain post-employment non-competition and non-solicitation agreements for a period of twenty-four months, for Mr. Weishar, Ms. Rutkowski and Mr. McKay and eighteen months for Mr. Culotta and Mr. Caneris following the date of termination. The Company believes these agreements are an appropriate method of protecting the Company's business and investment in human capital. The severance levels and benefits were determined through negotiations with the executives. Messrs. McKay and Caneris received a signing bonus upon the execution of their employment agreements. agreements of each of our named executive officers contain provisions for tax gross-ups under section 280G of the Internal Revenue Service Code (Code). The Company believes these provisions are appropriate and necessary to make the executives whole in the case the payment of these taxes is required. For a description of the material terms of the employment agreements with each of our named executive officers, see Narrative Disclosure to Summary Compensation Table and Grants of Plan Based Awards Table below. Compensation that could potentially be paid to our named executive officers pursuant to the employment agreements upon a change in control is described below in Potential Payments upon Termination or Change in Control .

Tax Deductibility of Compensation

Section 162(m) of the Code restricts deductibility for federal income tax purposes of annual individual compensation in excess of \$1.0 million to the CEO and the other Named Executive Officers if certain conditions are not fully satisfied. To the extent practicable, we have preserved deductibility of compensation paid to our executive officers. However, the Compensation Committee believes that maintaining flexible compensation programs that attract highly-qualified executives is important, and may, if appropriate, award compensation that is not fully deductible under Section 162(m).

Employment Agreements

During 2007, all of our Named Executive Officers were employed pursuant to employment agreements with the Company. Additional provisions of the employment agreements are set forth in the Compensation Discussion and Analysis.

Employment Agreement with Mr. Weishar

Mr. Gregory Weishar, our Chief Executive Officer, entered into his employment agreement on January 14, 2007. On November 13, 2007, we entered into an amendment to the employment agreement. The term of the agreement ends on December 31, 2009, at which time, the agreement automatically renews for additional one-year periods, unless either Mr. Weishar or the Company give notice of non-renewal to the other at least four months prior to the expiration of the relevant period. The employment agreement provides that Mr. Weishar receives a minimum base salary of \$700,000 and is eligible to receive a performance-based annual cash bonus with a target payment equal to 100% of his annual base salary and a maximum bonus of 125% of his base salary for 2007 to the extent that the quantitative performance objectives established annually by the Board or the Compensation Committee are met. Mr. Weishar received a special one-time cash signing bonus of \$1.2 million.

In addition to the above, Mr. Weishar is entitled to receive two special integration bonuses with respect to the performance of the Company (1) if the Company achieves a \$30 million synergy target during Mr. Weishar's employment on or before January 31, 2009, as determined by the Board or the Compensation Committee in its reasonable discretion, Mr. Weishar will receive a one-time cash bonus of \$500,000 and (2) if the Company achieves a synergy target of \$45 million or more during Mr. Weishar's employment term and at or before July 31, 2010, as determined by the Board or the Compensation Committee in its reasonable discretion, Mr. Weishar will receive an additional bonus of \$500,000.

We also granted to Mr. Weishar, on the fifth trading day following consummation of the Pharmacy Transaction, a non-qualified stock option to purchase shares of the Company's common stock representing 1.0% of the total number of shares of common stock outstanding immediately after the closing of the Pharmacy Transaction at a price equal to the closing price per share on the grant date. As a result, Mr. Weishar was granted options to purchase 300,553 shares of common stock with an exercise price of \$16.31 per share. The options have or will vest in four

equal installments on each of January 1, 2008, December 31, 2008, December 31, 2009

Table of Contents

and December 31, 2010. We also granted to Mr. Weishar, on the closing date of the Pharmacy Transaction, a number of restricted shares of common stock representing 0.75% of the total fair market value, based on the closing price of our common stock on such date, of the common stock then outstanding. As a result, Mr. Weishar was granted 225,415 shares. The restricted stock vests in four equal installments, on each of January 1, 2008, December 31, 2008, December 31, 2009 and December 31, 2010.

Employment Agreements with other Named Executive Officers

On July 11, 2007, we entered into employment agreements with Mr. Culotta and Mr. McCullough, each of which became effective on August 1, 2007, the first day of business operations of the Company. On July 31, 2007 we entered into an employment agreement with Mr. McKay and on August 7, 2007 we entered into an employment agreement with Mr. Caneris (Mr. Culotta, Mr. McKay and Mr. Caneris are collectively referred to in this section as the Executive Officers). Each of the agreements provides for an indefinite term of employment, subject to certain terminations of employment described in more detail below (the Employment Period). Mr. McCullough s employment with the company was terminated on September 21, 2007. The disclosure therefore relates to provisions contained in Mr. McCullough s employment agreement, which is now terminated.

Pursuant to the terms of the employment agreements Mr. Culotta, Mr. McCullough, Mr. McKay and Mr. Caneris receive a minimum base salary of \$405,000, \$360,000, \$250,000 and \$250,000 respectively, which is reviewed annually by our Compensation Committee and/or our Chief Executive Officer. During the Employment Period, each of the Executive Officers are eligible to (i) participate in any short-term and long-term incentive programs established or maintained by the Company for senior level executives generally, (ii) participate in all incentive, savings and retirement plans and programs of the Company to at least the same extent as other senior executives of the Company, (iii) participate, along with their dependents, in all welfare benefit plans and programs provided by the Company to at least the same extent as other senior executives of the Company, and (iv) four weeks of paid vacation per calendar year.

The type of compensation due to each of the Executive Officers in the event of the termination of his Employment Period varies depending on the nature of the termination.

Termination without Cause or Resignation for Good Reason If, during the Employment Period, we terminate an Executive Officer s employment without Cause or he terminates his employment with Good Reason (as such terms are defined below), such Executive Officer will be entitled to receive:

A lump-sum cash payment equal to (i) the Executive Officer s base salary through the date of termination that has not yet been paid, (ii) a pro rata bonus for the calendar year of termination, to be determined using the Executive Officer s 100% target bonus, (iii) any accrued but unpaid vacation pay, and (iv) any other unpaid items that have accrued and to which the Executive Officer has become entitled as of the date of termination (collectively referred to herein as the Accrued Obligations); and

(i) Continued payment for 18 months of the Executive Officer s then current base salary and (ii) a bonus equal to the average of the annual bonuses earned by the Executive Officer over the three complete years prior to the date of termination (or, if less than three years, the average bonus earned during such shorter period).

In addition to the foregoing cash payments:

For the 18 month period following the date of termination, each Executive Officer will be entitled to receive a waiver of the applicable premium otherwise payable for COBRA continuation coverage for the Executive Officer, his spouse and eligible dependents, for health, prescription, dental and vision

benefits; provided that to the extent COBRA continuation coverage eligibility expires before the end of such period, the Executive Officer will receive payment, on an after-tax basis, of an amount equal to such premium. The Company's obligations to provide such benefits will cease upon the date of commencement of eligibility of the Executive Officer under the group health plan of any other employer or the date of commencement of eligibility of the Executive Officer for Medicare benefits;

Each Executive Officer will be entitled to receive executive level outplacement assistance under any outplacement assistance program of the Company then in effect; and

Each outstanding option, restricted stock or other equity award held by the Executive Officer shall become vested to the extent provided for under the terms governing such equity incentive award.

The Company's obligation to provide any of the payments described above, to the extent not accrued as of the date of termination, will be conditioned upon the receipt from the Executive Officer of a valid release of claims against the Company. In addition, to the extent any of the foregoing payments, compensation or other benefits is determined to constitute nonqualified deferred compensation within the meaning of Section 409A of the Code and the Executive Officer is a specified employee for purposes of Section 409A, such payment, compensation or other benefit will not be paid or provided to the Executive Officer prior to the day that is six (6) months plus one (1) day after the date of termination.

Cause is generally defined in each of the employment agreements as the Executive Officer's (i) continued failure to substantially perform his duties over a period of not less than 30 days after a demand for substantial performance is delivered by our Board or Chief Executive Officer, (ii) willful misconduct materially and demonstrably injurious to the Company, (iii) commission of or indictment for a misdemeanor which, as determined in good faith by our Board, constitutes a crime of moral turpitude and gives rise to material harm to the Company, (iv) commission of or indictment for a felony, or (v) material breach of his obligations under the employment agreement.

Good Reason is generally defined in each of the employment agreements as (i) any reduction in the Executive Officer's base salary, incentive bonus opportunity or long-term incentive opportunity, other than reductions applicable to all members of senior management or (ii) material failure by the Company to comply with certain provisions of the employment agreement relating to the Executive Officer's position and duties and compensation, other than an isolated, insubstantial or inadvertent failure that is not taken in bad faith and is cured by the Company within 30 days of receipt of written notice thereof from the Executive Officer. In general, the Company will have 20 days to cure any conduct that gives rise to Good Reason.

Termination for Death or Disability If an Executive Officer's employment is terminated due to his or her death or disability (defined as a condition entitling the Executive Officer to benefits under the Company's long-term disability plan), the Company shall pay to the Executive Officer (his or her estate), the Accrued Obligations. In addition, each outstanding option, restricted stock or other equity award held by the Executive Officer shall become vested.

Termination for Cause or Resignation other than for Good Reason If an Executive Officer's employment is terminated by us for Cause or by the Executive Officer for other than Good Reason, the Company shall pay to the Executive Officer the Executive Officer's base salary through the date of termination that has not been paid and the amount of any declared but unpaid bonuses, accrued but unpaid vacation pay and unreimbursed employee business expenses.

Change in Control The employment agreements of Mr. Culotta, Ms. Rutkowski, Mr. McKay and Mr. Caneris have change in control provisions that formalize their severance benefits if they are terminated under the circumstances discussed below after a change in control of the Company. The employment agreements do not entitle these officers to any additional payments or benefits solely upon the occurrence of a change in control. However, if, within one year following a change in control, their employment is terminated (i) by the Company

Table of Contents

or the officer following the occurrence of (A) a reduction in the officer's base salary other than a reduction that is based on the Company's financial performance or a reduction similar to the reduction made to the salaries provided to all or most other senior executives of the Company, (B) a significant change in the officer's responsibilities and/or duties which constitute a demotion, (C) a material loss of title or office, or (D) a relocation of the officer's principal place of employment of more than 50 miles, or (ii) by the Company without Cause, the officer will be entitled to the same payments and benefits he or she would have received upon a termination without Cause or resignation for Good Reason, as described above. In addition, subject to the officer's execution of a written release of claims against the Company, the officer will become vested in any outstanding options, restricted stock, or other equity incentive awards outstanding as of the date of such termination.

Change in Control means:

any person, as defined in the Securities Exchange Act of 1934, as amended, acquiring 40% or more of our common stock;

a majority of our directors being replaced under certain circumstances;

a merger or consolidation of the Company with any other Company (other than a merger or consolidation where the outstanding voting securities of the Company immediately prior to such an event continue to represent more than 40% of the combined voting power after such event or a merger or consolidation); and

approval by our stockholders to liquidate or dissolve the Company or to sell all or substantially all of the Company's assets in certain circumstances.

In the event that any payments made and/or benefits provided to the officer in connection with a change in control pursuant to the employment agreement or any other agreement, plan or arrangement (the Change in Control Payments) are determined to constitute a parachute payment (as such term is defined in Section 280G(b)(2) of the Code) and exceed the amount which can be deducted by us under Section 280G of the Code by (i) less than 10% of the aggregate value of the Change in Control Payment, then the Change in Control Payment shall be reduced to the maximum amount which can be deducted by us or (ii) more than 10% of the aggregate value of the Change in Control Payment, then we shall pay to the Executive Officer an additional amount which, after the imposition of all income and excise taxes thereon, is equal to the excise tax imposed under Section 4999 of the Code on the Change in Control Payment. The determination of whether any payment or benefit constitutes a parachute payment and, if so, the amount to be paid to the officer and the time of payment shall be made by a nationally-recognized independent accounting firm selected and paid for by us.

Each of Mr. Culotta, Ms. Rutkowski, Mr. McKay and Mr. Caneris has also agreed to certain confidentiality, non-competition and non-solicitation provisions in their respective employment agreements.

2007 Short-Term Incentive Plan

Pursuant to the Company's 2007 short-term incentive program, our Named Executive Officers have the opportunity to earn annual cash incentives for meeting annual performance goals. In 2007, the incentives were based upon the Company achieving adjusted EBITDA goals. For 2007, achievement of \$70 million in adjusted EBITDA resulted in payment of target bonuses. Adjusted EBITDA goals for threshold and maximum bonuses were \$63 and \$84 million, respectively.

Target bonus opportunities are expressed as a percentage of base salary and vary among our Named Executive Officers. Pursuant to the terms of his employment agreement, Mr. Weishar's target annual bonus is equal to 100% of his base salary. In fiscal year 2007, Mr. Culotta, Mr. McCullough, Ms. Rutkowski, Mr. McKay and Mr. Caneris were eligible for annual target bonus opportunities (represented as a percentage of base salary) of 75%, 60%, 80%, 50% and 50% respectively. For fiscal year 2007, all bonuses were prorated to the date the Named Executive Officer performed services on behalf of the Company.

Table of Contents

As part of the formation of the Company, Messrs. Weishar's and Culotta's annual incentives were based entirely on achieving the adjusted EBITDA target. For the other Named Executive Officers, annual incentives were based 75% on achieving the adjusted EBITDA target and 25% on individual performance. In 2007, actual bonus awards for our named executive officers were set to range from 0% to 125% of the target award, depending upon performance relative to the predetermined adjusted EBITDA goals. The Company achieved adjusted EBITDA of \$71.1 and the individual performance component for each Ms. Rutkowski and Messrs. McKay and Caneris was funded at 100% of target. All bonuses to our Named Executive Officers (other than Mr. McCullough who did not receive a bonus due to his termination) were paid at 102% of target in March 2008. No discretion was used in funding the bonus pool or in allocating the bonus pool.

The Company's Long-Term Incentive Founders' Grants and Initial Grant for Mr. Weishar

In fiscal year 2007, we granted founders' grant of stock options and restricted shares to our named executive officers, except for Mr. Weishar. The award value was granted 75% in stock options and 25% in restricted shares. Messrs. Culotta, McCullough, Rutkowski, McKay and Caneris received a founders' grant with respect to fiscal year 2007 with a grant date value expressed as a percent of base salary of 525%, 525%, 250%, 260%, and 280% respectively. Mr. McCullough's stock options and restricted shares were subsequently forfeited as a result of his termination.

Mr. Weishar was not awarded a founder's grant because he had been provided an equity grant pursuant to his employment agreement. Under the agreement, we granted to Mr. Weishar, on the fifth trading day following consummation of the Pharmacy Transaction, a non-qualified stock option to purchase shares of the Company's common stock representing 1.0% of the total number of shares of common stock outstanding and a number of restricted shares of common stock representing 0.75% of the total fair market value, based on the closing price of our common stock on such date, of the common stock then outstanding.

Potential Payments upon Termination or Change-in-Control

The Employment Agreements of the Named Executive Officers require the Company to provide compensation to our Named Executive Officers in the event of a termination of employment or a change in control of the Company. The employment agreements we entered into with our Named Executive Officers define "cause", "good reason" and "change in control" for purposes of determining payments upon termination of employment or a change in control of the Company. Please refer to "Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements" for the definitions of these terms and additional details on the severance and change-in-control provisions that affect our Named Executive Officers.

Kuntz continues to serve as Executive Chairman of the board of directors of Kindred. The Company provides institutional pharmacy and management services to Kindred nursing centers and hospitals, and these nursing centers and hospitals are in the aggregate significant customers of the Company. Additionally, at the consummation of the Pharmacy Transaction, the Company entered into an Information Technology Services Agreement with Kindred Healthcare Operating, Inc. (KHOI), a wholly owned subsidiary of Kindred (the IT Services Agreement). Pursuant to the IT Services Agreement, KHOI is the Company's exclusive provider of certain information services and support related to information technology infrastructure and financial systems for a period of five years. The services provided by KHOI include business services necessary to operate, manage and support certain financial applications the Company uses, including enabling and/or supporting technology infrastructure and technology procurement services to support certain business functions. The Company incurred approximately \$7.3 million to Kindred under the terms of the IT Services Agreement for the year ended December 31, 2007. Table of Contents**PROPOSAL 2****RATIFICATION OF AUDITORS**

The Audit Committee has appointed PricewaterhouseCoopers LLC, or PWC, to continue to serve as our independent registered public accountants for the 2008 fiscal year. PWC served as our independent registered public accountants in 2007. A representative of PWC is expected to attend the annual meeting and will have an opportunity to make a statement if he or she so desires. He or she will also be available to respond to appropriate questions from our stockholders. For additional information regarding our relationship with PWC, please see the Audit Committee Report below.

Although it is not required to submit this proposal to the stockholders for approval, the Board believes it is desirable that an expression of stockholder opinion be solicited and presents the selection of the independent registered public accounting firm to the stockholders for ratification. Even if the selection of PWC is ratified by the stockholders, the Audit Committee in its discretion could decide to terminate the engagement of PWC and engage another firm if the committee determines that this is necessary or desirable.

Independent Auditor's Fees

In connection with the audit of the 2007 financial statements, the Company entered into an engagement with PWC which set forth the terms by which PWC has performed audit services to the Company.

Tax Fees	
All Other Fees (3)	1,500

- (2) Fees for audit-related services were principally related to due-diligence associated with the acquisition of PharMerica Long-Term Care on July 31, 2007.
- (3) All other fees were related to rights of the Company to utilize a research tool offered by PWC.
- (4) The Company did not incur any accounting fees in 2006. Audit fees, Audit-Related Fees, Tax Fees and All Other Fees incurred as part of the carve-out audit of Kindred's pharmacy business were paid by Kindred.

Pre-Approval Policies and Procedures for Audit and Permitted Non-Audit Services

The Audit Committee's charter provides that the Audit Committee will review, and approve in advance, in its sole discretion, all auditing services, internal control related services and permitted non-audit services, including fees and terms, to be performed for the Company by the independent registered public accounting firm, subject to the *de minimus* exceptions for non-audit services described in Section 10A(i)(1)(B) of the Securities and Exchange Act of 1934 which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee may form and delegate to sub-committees of one or more members of the Audit Committee its authority to pre-approve audit and permitted

non-audit services, including internal control related services, provided that any such sub-committee pre-approvals are presented to the full Audit Committee at the next scheduled Audit Committee meeting. All of the services and fees occurring after the closing of the Pharmacy Transaction were approved by the Audit Committee.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the accounting and financial reporting process of the Company on behalf of the Board. Management is responsible for the Company's financial reporting process including its system of internal controls and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). The Audit Committee's responsibility is to select the independent auditors and monitor and oversee the accounting and financial reporting processes of the Company, including the Company's internal controls over financial reporting, and the audits of the financial statements of the Company.

During the course of 2007 and the first quarter of 2008, the Audit Committee regularly met and held discussions with management and the independent auditors. In the discussions related to the Company's consolidated financial statements for fiscal year 2007, management represented to the Audit Committee that such consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee reviewed and discussed with management and the independent auditors the audited consolidated financial statements for fiscal year 2007.

In fulfilling its responsibilities, the Audit Committee discussed with the independent auditors the matters that are required to be discussed by Statement on Auditing Standards No. 61 (as amended) (Communication with Audit Committees). In addition, the Audit Committee received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors that firm's independence. In connection with this discussion, the Audit Committee also considered whether the provision of services by the independent auditors not related to the audit of the Company's financial statements for fiscal year 2007 is compatible with maintaining the independent auditors' independence. The Audit Committee's policy requires that the Audit Committee must approve any audit or permitted non-audit service proposed to be performed by its independent auditors in advance of the performance of such service.

Based upon the Audit Committee's discussions with management and the independent auditors and the Audit Committee's review of the representations of management and the report and letter of the independent auditors provided to the Audit Committee, the Audit Committee recommended to the Board that the audited consolidated financial statements for the year ended December 31, 2007 be included in the Company's Annual Report on Form 10-K for filing with the SEC.

PROPOSAL 3

AMENDMENT TO 2007 OMNIBUS INCENTIVE PLAN

On July 12, 2007, the Company adopted the PharMerica Corporation 2007 Omnibus Incentive Plan under which the Company is authorized to grant equity-based and other awards to its employees, officers, directors and consultants. On May 30, 2008, the Board of Directors approved an amendment to the 2007 Omnibus Incentive Plan (as amended, referred to as the Amended Omnibus Incentive Plan), subject to stockholder approval at the Meeting, to provide the Compensation Committee with increased flexibility to use non-GAAP measures to measure performance, including the ability to exclude from the performance measures certain items or charges related to an event or occurrence which the Compensation Committee determines should be excluded, in accordance with the performance criteria of performance awards granted pursuant to the Amended Omnibus Incentive Plan. This amendment is consistent with the purpose of the Amended Omnibus Incentive Plan to enhance the incentive of those employees, directors and other individuals who are expected to contribute significantly to the success of the Company and its affiliates to perform at the highest level and to further the best interests of the Company and its stockholders. The amendment is also consistent with best practices for incentive plans applicable to comparably sized companies in our industry.

Section 162(m) of the Code generally limits the deductibility of compensation paid to certain executive officers of a publicly-held corporation to \$1,000,000 in any taxable year of the corporation. Certain types of compensation, including qualified performance-based compensation, are exempt from this deduction limitation. In order to qualify for the exemption for qualified performance-based compensation, Section 162(m) of the Code generally requires that:

The compensation be paid solely upon account of the attainment of one or more pre-established objective performance goals;

The performance goals must be established by a compensation committee comprised of two or more outside directors;

The material terms of the performance goals (including the maximum amount of compensation that could be paid to the employee) must be disclosed to and approved by the shareholders; and

The compensation committee of outside directors must certify that the performance goals have been met prior to payment. Because our Board has approved amending the terms of the performance goals under the Amended Omnibus Incentive Plan, to continue to qualify for the exemption for qualified performance-based compensation, the stockholders must approve the material terms of the amended performance goals by a majority of the vote and subsequently re-approve the material terms of the Amended Omnibus Incentive Plan's performance goals every five years.

The principal features of the Company's Amended Omnibus Incentive Plan are summarized below, but the summary is qualified in its entirety by reference to the actual plan document. A copy of the Omnibus Incentive Plan as originally adopted is included as an exhibit to Amendment No. 2 to the Company's Registration Statement on Form S-4/S-1 (Reg. No. 333-142940) filed with the SEC on June 27, 2007. A copy of the amendment is included as Appendix A.

2007 Amended Omnibus Incentive Plan

Shares Subject to Awards. The Company has reserved 3,800,000 shares of its common stock for awards to be granted under the Amended Omnibus Incentive Plan plus 534,642 shares reserved for substitute equity awards for employees of Kindred Pharmacy Services and PharMerica LTC whose awards were cancelled or forfeited upon the consummation of the Pharmacy Transaction. Subject to certain adjustments, the maximum number of shares that may be subject to the grant of incentive stock options is 3,800,000. The maximum number of shares available for awards of restricted stock, restricted stock units, deferred shares and other stock-based awards is 1,900,000.

Table of Contents

Administration. Our Compensation Committee will administer the Amended Omnibus Incentive Plan and will have authority to select individuals to whom awards are granted, determine the types of awards and number of shares covered, and determine the terms and conditions of awards, including the applicable vesting schedule, performance conditions, and whether the award will be settled in cash, shares or a combination of the two.

Eligibility. Our employees, directors, consultants, advisors or any other individuals who provide services to the Company or any affiliate will be eligible to participate in the Amended Omnibus Incentive Plan, except that incentive stock options may only be granted to employees of the Company or a subsidiary of the Company. The terms and conditions of awards under the Amended Omnibus Incentive Plan may not be the same with respect to each participant. The actual number of individuals who will receive an award under the Amended Omnibus Incentive Plan cannot be determined in advance because the Company, in its sole discretion, maintains the right to make available future grants under the Amended Omnibus Incentive Plan. As of June 2, 2008, there are 356 employees, directors, consultants, advisors and other individuals who provide services to the Company or any affiliate who are eligible to participate in the Amended Omnibus Incentive Plan.

Types of Awards. The Amended Omnibus Incentive Plan allows for grants of stock options, stock appreciation rights, restricted stock and restricted stock units, deferred shares, performance awards, including cash bonus awards, and other stock-based awards.

Stock options. Stock options granted may be incentive stock options or non-qualified stock options. The exercise price of an option (other than a substitute award) may not be less than the fair market value of a share of our common stock on the date of grant and each option will have a term to be determined by the Compensation Committee (not to exceed ten years). Stock options will be exercisable at such time or times as determined by the Compensation Committee. A participant under the Amended Omnibus Incentive Plan may not receive options in any fiscal year that relate to more than 650,000 shares of common stock.

Stock appreciation rights. A stock appreciation right (SAR) may be granted free-standing or in tandem with another award under the Amended Omnibus Incentive Plan. Upon exercise of a SAR, the holder of that SAR is entitled to receive the excess of the fair market value of the shares for which the right is exercised over the exercise price of the SAR. The exercise price of a SAR (other than a substitute award) will not be less than the fair market value of a share of our common stock on the date of grant. A participant under the Amended Omnibus Incentive Plan may not receive a SAR in any fiscal year that relates to more than 650,000 shares of common stock.

Restricted stock/restricted stock units. Shares of restricted stock are shares of our common stock subject to restrictions on transfer and a substantial risk of forfeiture. A restricted stock unit consists of a contractual right denominated in shares of our common stock which represents the right to receive the value of a share of common stock at a future date, subject to certain vesting and other restrictions. Awards of restricted stock and restricted stock units will be subject to restrictions and such other terms and conditions as the Compensation Committee may determine, which restrictions and such other terms and conditions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Compensation Committee may deem appropriate. The Compensation Committee, in its discretion, may award dividend equivalents with respect to awards of restricted stock and restricted stock units.

Deferred shares. An award of deferred shares entitles the participant to receive shares of our common stock upon the expiration of a specified deferral period. In addition, deferred shares may be subject to restrictions on transferability, forfeiture and other restrictions as determined by the Compensation Committee. The Compensation Committee, in its discretion, may award dividend equivalents with respect to awards of deferred stock.

Performance Awards. The Amended Omnibus Incentive Plan will provide that grants of performance awards, including cash-denominated awards and (if determined by the Compensation Committee) options, deferred shares, restricted stock or other stock-based awards will be made based upon certain performance

Table of Contents

objectives provided for under the terms of the Amended Omnibus Incentive Plan. The maximum number of shares of our common stock subject to a performance award in any fiscal year to any one participant is 500,000 shares and the maximum amount that can be earned in respect of a performance award denominated in cash or value other than shares on an annualized basis is \$5.0 million.

Generally, performance awards include a pre-established formula requiring the achievement during a performance period or periods, as determined by the Compensation Committee, of a level or levels of, or increases in, as determined by the Compensation Committee, of one or more performance measures with respect to the Company, any Subsidiary and/or any business unit of the Company or any Subsidiary, including without limitation the following: return on equity or average equity, diluted earnings per share, total earnings, earnings growth, return on capital or average capital, return on assets or net assets, earnings before interest and taxes, EBITDA, EBITDA minus capital expenditures, sales or sales growth, customer or customer growth, traffic, revenue or revenue growth, income or net income, net income before share-based payments, gross margin return on investment, increase in the fair market value of common stock, share price (including, but not limited to, growth measures and total stockholder return), operating profit, gross profit, net earnings, cash flow (including, but not limited to, operating cash flow and free cash flow), cash flow return on investment (which equals net cash flow divided by total capital), capital expenditures, operating expenses, selling, general and administrative expenses, operating income or net operating income, return on investment, inventory turns, return on sales, financial return ratios, total return to stockholders, market share, earnings measures/ratios, economic value added (EVA), balance sheet measurements such as receivable turnover, internal rate of return, increase in net present value, or expense targets, customer satisfaction surveys and productivity. The Compensation Committee may also exclude from the performance measures charges related to an event or occurrence which the Compensation Committee determines should appropriately be excluded, including (a) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (b) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management, or (c) the cumulative effects of tax or accounting changes in accordance with U.S. generally accepted accounting principles.

Performance criteria may be measured on an absolute (e.g., plan or budget) or relative basis (e.g., measured against a group of peer companies, a financial market index, or other acceptable objective and quantifiable indices). The Compensation Committee may not, in its discretion, increase the amount payable under any performance award upon attainment of the performance measure. The Compensation Committee, in its discretion, may award dividend equivalents with respect to performance awards.

Other awards. The Compensation Committee is authorized to grant other stock-based awards, either alone or in addition to other awards granted under the Amended Omnibus Incentive Plan. Other awards may be settled in shares, cash, awards granted under the Amended Omnibus Incentive Plan or any other form of property as the Compensation Committee determines and the Compensation Committee, in its discretion, may grant dividend equivalents with respect to such awards.

Adjustments. The Compensation Committee must adjust the terms of any outstanding awards and the number of shares of common stock issuable under the Amended Omnibus Incentive Plan for any change in shares of our common stock resulting from a stock split, reverse stock split, stock dividend, spin-off, combination or reclassification of our common stock, or any other event that affects our capitalization if such an adjustment is necessary in order to prevent enlargement or dilution of the benefits or potential benefits intended to be made available under the Amended Omnibus Incentive Plan.

Replacement Options/Restricted Shares. Company stock options granted under the Amended Omnibus Incentive Plan to replace options granted by Kindred or AmerisourceBergen that were cancelled or forfeited upon the consummation of the Pharmacy Transaction have the same basic terms and conditions as apply to the cancelled Kindred or AmerisourceBergen options. In addition, unvested restricted shares of Kindred and AmerisourceBergen common stock held by our named executive officers who were formerly Kindred Pharmacy

Table of Contents

Services or PharMerica LTC employees were replaced with restricted shares of the Company's common stock, which have the same basic terms and conditions as apply to the forfeited Kindred or AmerisourceBergen restricted shares.

Termination of Service. The Compensation Committee will determine the effect of a termination of employment or service on awards granted under the Amended Omnibus Incentive Plan (i.e., the circumstances in which awards shall be exercised, vested, paid or forfeited).

Amendment, Modification and Termination. Our Board may from time to time suspend, discontinue, revise or amend the Amended Omnibus Incentive Plan and the Compensation Committee may amend the terms of any award in any respect, provided that no such action will adversely impair or affect the rights of a holder of an outstanding award under the Amended Omnibus Incentive Plan without the holder's consent, and no such action will be taken without stockholder approval, if required by the rules of the stock exchange on which our shares are traded.

Term of the Amended Omnibus Incentive Plan. No award shall be granted under the Amended Omnibus Incentive Plan after the tenth year anniversary of July 12, 2007, the date the Amended Omnibus Incentive Plan was originally adopted by the Board.

Federal Income Tax Aspects of Awards Under the Amended Omnibus Incentive Plan. The Federal income tax consequences of the Amended Omnibus Incentive Plan under current federal income tax law are summarized in the following discussion which deals with the general tax principles applicable to the Amended Omnibus Incentive Plan and is intended for general information only. The following discussion of federal income tax consequences does not purport to be a complete analysis of all of the potential tax effects of the Amended Omnibus Incentive Plan. It is based upon laws, regulations, rulings and decisions now in effect, all of which are subject to change. The following does not describe alternative minimum tax, other Federal taxes, or foreign, state or local income taxes which may vary depending on individual circumstances and from locality to locality.

Stock Options. If an option qualifies for incentive stock option treatment, the optionee will recognize no income upon grant or exercise of the option except that at the time of exercise, the excess of the then fair market value of the common stock over the exercise price will be an item of tax preference for purposes of the alternative minimum tax. If the optionee holds the shares for more than two years after grant of the option and more than one year after exercise of the option, upon an optionee's sale of his or her shares of common stock, any gain will be taxed to the optionee as capital gain. If the optionee disposes of his or her shares of common stock prior to the expiration of one or both of the above holding periods, the optionee generally will recognize ordinary income in an amount measured as the difference between the exercise price and the lower of the fair market value of the common stock at the exercise date or the sale price of the common stock. Any gain recognized on such a disposition of the common stock in excess of the amount treated as ordinary income will be characterized as capital gain. The Company will be allowed a business expense deduction to the extent the optionee recognizes ordinary income, subject to Sections 162(m) and 280G of the Code.

An optionee will not recognize any taxable income at the time the optionee is granted a non-qualified stock option. However, upon exercise of the option, the optionee will recognize ordinary income for federal income tax purposes in an amount generally measured as the excess of the then fair market value of the common stock over the exercise price, and the Company will be entitled to a corresponding deduction at the time of exercise, subject to Sections 162(m) and 280G of the Code. Upon an optionee's sale of such shares, any difference between the sale price and fair market value of such shares on the date of exercise will be treated as capital gain or loss and will qualify for long-term capital gain or loss treatment if the common stock has been held for at least the applicable long-term capital gain period (currently 12 months).

Stock Appreciation Rights. Generally, stock appreciation rights will not be taxable to the participant at grant. Upon exercise of the stock appreciation right, the fair market value of the shares received, determined on the date

Table of Contents

of exercise, or the amount of cash received in lieu of shares, will be taxable to the participant as ordinary income in the year of such exercise. The Company will be entitled to a business expense deduction to the extent the grantee recognizes ordinary income, subject to Sections 162(m) and 280G of the Code.

Restricted Stock. Generally, a participant will not be taxed upon the grant or purchase of restricted stock that is subject to a substantial risk of forfeiture, within the meaning of Section 83 of the Code, until such time as the restricted stock is no longer subject to the substantial risk of forfeiture. At that time, the participant will be taxed on the difference between the fair market value of the common stock and the amount the participant paid, if any, for such restricted stock. However, the recipient of restricted stock under the Amended Omnibus Incentive Plan may make an election under Section 83(b) of the Code to be taxed with respect to the restricted stock as of the date of transfer of the restricted stock rather than the date or dates upon which the restricted stock is no longer subject to a substantial risk of forfeiture and the participant would otherwise be taxable under Section 83 of the Code.

Restricted Stock Units. A participant will recognize ordinary income on the fair market value of the units when the shares are no longer subject to restriction.

Deferred Shares. A participant will recognize ordinary income on the fair market value of the shares when the shares are no longer subject to deferral.

Performance Awards. A participant will recognize ordinary income on the fair market value of the shares when the performance award is delivered.

Dividend Equivalents. A participant will recognize ordinary income on dividend equivalents as they are paid.

Code Section 409A. Certain types of awards under the Amended Omnibus Incentive Plan, including performance awards and dividend equivalents, may constitute, or provide for, a deferral of compensation under Section 409A of the Code. Unless certain requirements set forth in Section 409A are complied with, holders of such awards may be taxed earlier than would otherwise be the case (e.g., at the time of vesting instead of the time of payment) and may be subject to an additional 20% penalty tax (and, potentially, certain interest penalties). To the extent applicable, the Amended Omnibus Incentive Plan and awards granted under the Amended Omnibus Incentive Plan generally will be structured and interpreted to comply with Section 409A and the Department of Treasury regulations and other interpretive guidance that may be issued pursuant to Section 409A.

Section 162(m). As described above, under Section 162(m) of the Code, in general, income tax deductions of publicly-traded companies may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and nonqualified benefits) for certain executive officers exceeds \$1,000,000 in any one taxable year. However, under Section 162(m) of the Code, the deduction limit does not apply to certain qualified performance-based compensation established by an independent compensation committee that conforms to certain restrictive conditions stated under the Code and related regulations and described above.

The Amended Omnibus Incentive Plan has been structured with the intent that certain awards granted under the Amended Omnibus Incentive Plan may meet the requirements for qualified performance-based compensation under Section 162(m) of the Code. To the extent granted with an exercise price not less than the fair market value on the date of grant, options granted under the Amended Omnibus Incentive Plan are intended to qualify as performance-based under Section 162(m) of the Code. Stock appreciation rights will also qualify as performance-based under Section 162(m) of the Code, to the extent they relate to the increase in the market value of the shares of common stock from the date of grant. Performance awards granted under the Amended Omnibus Incentive Plan may also qualify as performance-based under Section 162(m) of the Code if they vest or are otherwise payable based solely upon the performance criteria. As described above, in order for these types of awards to qualify as performance-based under Section 162(m) of the Code, the Company has submitted this proposal for stockholder approval.

Table of Contents

Other Considerations. Awards that are granted, accelerated or enhanced upon the occurrence of a change in control may give rise, in whole or in part, to excess parachute payments within the meaning of Section 280G of the Code to the extent that such payments, when aggregated with other payments subject to Section 280G, exceed the limitations contained in that provision. Such excess parachute payments are not deductible by the Company and are subject to an excise tax of 20% payable by the recipient.

The Amended Omnibus Incentive Plan is not subject to any provision of the Employee Retirement Income Security Act of 1974, as amended, and is not qualified under Section 401(a) of the Code. Special rules may apply to a participant who is subject to Section 16 of the Exchange Act. Certain additional special rules apply if the exercise price for an option is paid in shares of common stock previously owned by the participant rather than in cash.

New Plan Benefits

Future benefits under the Amended Omnibus Incentive Plan generally will be granted at the discretion of the Compensation Committee and are therefore not currently determinable. During 2007, stock options and shares of restricted stock were granted under the Amended Omnibus Incentive Plan to the named executive officers as set forth herein in the table captioned *Grants of Plan-Based Awards in 2007* and to the non-employee directors as set forth herein in the table captioned *Director Compensation*. Each of our non-employee directors receives a one-time award of stock options valued at \$120,000 upon joining the Board and an annual grant of restricted stock valued at \$80,000. In addition, each of our non-employee directors will receive an annual retainer of \$35,000 payable in whole or in part in cash or shares of common stock. We cannot determine in advance what election the non-employee directors will make.

GENERAL INFORMATION

Other Matters. As of the date of this Proxy Statement, the Company did not know of any other matter which will be presented for consideration at the Meeting. However, if any other matter should come before the meeting, the persons named in the enclosed proxy (or their substitutes) will have discretionary authority to vote on the matter.

Multiple Stockholders Sharing the Same Address. The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. The Company will deliver a single proxy statement and annual report to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders.

Once you have received notice from your broker or us that we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, or if you are receiving multiple copies of the proxy statement and annual report and wish to receive only one, please notify your broker if your shares are held in a brokerage account or the Company if you hold registered shares. You can notify us by sending a written request to Corporate Treasurer, 1901 Campus Place, Louisville, Kentucky 40299 or by contacting the Corporate Treasurer at (502) 627 - 7000.

Stockholder Proposals for 2009 Annual Meeting. Any stockholder proposal intended to be considered for inclusion in the Company's proxy materials for presentation at the 2009 Annual Meeting of Stockholders must be in writing and received by the Corporate Secretary of the Company not later than February 16, 2009.

Under our By-laws, and as permitted by the rules of the SEC, certain procedures are provided that a stockholder must follow to nominate persons for election as directors or to introduce an item of business at an Annual Meeting of Stockholders. These procedures provide that nominations for director nominees and/or an item of business to be introduced at an Annual Meeting of Stockholders must be submitted in writing to the Secretary of the Company at our principal executive offices. We must receive the notice of your intention to introduce a nomination or to propose an item of business at our 2009 Annual Meeting of Stockholders:

not fewer than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting (July 24, 2008); or

if the date of the annual meeting is more than 30 days before or more than 70 days after such anniversary date, not earlier than 120 days prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made.

The Board currently anticipates that our 2009 Annual Meeting of Stockholders will be held on May 29, 2009. Assuming that our 2009 Annual Meeting of Stockholders is held on May 29, 2009, we must receive notice of your intention to introduce a nomination or other item of business at that meeting not earlier than January 29, 2009 and not later than February 28, 2009. If we do not receive notice during that period, or if we meet certain other requirements of the SEC rules, the persons named as proxies in the proxy materials relating to that meeting will use their discretion in voting the proxies when these matters are raised at the meeting.

Notice of a proposed item of business must include:

the name and address of the stockholder giving the notice and any beneficial owner on whose behalf the nomination or proposal is made, as they appear on the Company's books;

Notice of a director nomination must include (as to each person whom the stockholder proposes to nominate for election or reelection as a director):

all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, or any successor provisions, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; and

any material interest in such business of such stockholder and of any beneficial owner on whose behalf the proposal is made.

The chairman of the Annual Meeting may refuse to allow the transaction of any business, or to acknowledge the nomination of any person, not made in compliance with the foregoing procedures.

Expenses of Solicitation. Proxies will be solicited by mail, telephone, or other means of communication. Solicitation also may be made by our directors, officers and regular employees. The entire cost of solicitation will be borne by the Company.

By Order of the Board of Directors,

GREGORY S. WEISHAR
