Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

During 2008, Markel Corporation ("Markel") announced a multi-year operational and IT systems initiative, referred to as "One Markel". In connection with this initiative, Markel is moving its business model to a customer-focused regional strategy. All underwriting units in the Excess and Surplus Lines segment are transitioning to the regional office model during the first quarter of 2009. Once fully implemented, the new business model will ensure that most brokers, agents and insureds have easy access to the majority of Markel's products.

Effective February 1, 2009, Markel is making changes in its management structure to support the implementation of One Markel.

Paul Springman, President and Chief Operating Officer, will be positioned to focus principally on the transition of Markel's wholesale units to the regional model. While Mr. Springman will continue to be involved in all major decisions affecting Markel, this change is intended to allow him to be able to devote the majority of his time and attention to the wholesale units.

Britton Glisson, President of Markel Insurance Company since 1996, has been named Chief Administrative Officer, with responsibility for shared service units that are being integrated to support the regional underwriting offices.

Michael Crowley, formerly President and Chief Operating Officer of Hilb Rogal & Hobbs, is joining Markel to serve as President, Specialty Program Division, where he will oversee the company's specialty business including Markel Insurance Company and Markel American Insurance Company.
