The Annual Report pursuant to Section 15(d) of the Securities Exchange Act of 1934 for the fiscal year ended December 31, 2008 on Form 11-K for the General Motors Personal Savings Plan for Hourly-Rate Employees in the United States ( the Plan ), which includes common stock of General Motors Corporation ( Corporation ), cannot be filed within the prescribed time period.

Volatility within the markets throughout 2008 has significantly affected the valuation of Plan assets as well as the redemption patterns of Plan participants. This volatility, coupled with recent restructuring initiatives by the Corporation, which includes special attrition and other separation programs, has necessitated additional time to collect, compile and analyze data related to certain Plan investments as well as Plan participant activity. Further analysis will allow for the determination of the appropriate basis of presentation for Plan assets under generally accepted accounting principles. The audit of the Plan s financial statements is currently in process and we intend to file the Form 11-K within the extension period.

All of the Plan s investments are held in a master trust. The Plan experienced a decrease in Assets Available for Plan Benefits of approximately \$2.9 billion for the fiscal year ended December 31, 2008. The net investment income (loss) of the master trust investment funds is allocated to each participating plan based on that plan s interest in each investment fund compared with the total interest of all participating plans in each investment fund. The master trust holds a significant number of investment funds. A considerable amount of time is required to analyze the performance and fair value of each underlying investment fund and to accurately ascertain the Plan s allocable share of the net investment income (loss) of the master trust.
