Item 8.01 OTHER EVENTS

The registrant issued the following press release on August 16, 2010:

Lowell, Mass. August 16, 2010 SofTech, Inc., a proven provider of Product Lifecycle Management (PLM) solutions, announced that it intends to file today Form 15 with the Securities and Exchange Commission to de-register its common stock and suspend its reporting obligations under the Securities Exchange Act of 1934. The Company expects the de-registration to become effective within 90 days of the filing with the SEC.

As a result of the filing of the Form 15, the Company's obligation to file with the SEC certain reports and forms, including Forms 10-K, 10-Q, and 8-K will immediately cease. The Company anticipates that its shares will be traded over the counter (OTC) on the Pink Sheets through Pink OTC Markets, Inc., or Pink OTC, but can make no assurances that any broker will make a market in the Company's common stock. Pink OTC is a centralized quotation service that collects and publishes market maker quotes in real time, primarily through its web site, <http://www.otcmarkets.com/>.

The Company believes that de-registration will significantly reduce reporting expenses for the Company.
