**Section 8 Other Events**

**Item 8.01. Other Events**

On December 9, 2010, Exelon Generation Company, LLC (Generation) executed an Administrative Consent Order (ACO) with the New Jersey Department of Environmental Protection (NJDEP). The ACO sets forth, among other things, the agreement by Generation to permanently cease generation operations at OCGS at a time determined by Generation but no later than December 31, 2019, if the conditions of the ACO are satisfied. In the ACO, the NJDEP agreed that closed cycle cooling is not the best technology available for OCGS and agreed to issue a new draft New Jersey Pollution Discharge Elimination System (NJPDES) Surface Water Permit for OCGS without a requirement for construction of cooling towers or other closed cycle cooling facilities. The new draft NJPDES permit will be issued in substitution for the draft NJPDES permit issued in January 2010, which would have required the installation of closed cycle cooling facilities at OCGS. A copy of the ACO is attached hereto as Exhibit 99.1.
