INFORMATION TO BE INCLUDED IN THE REPORT

Item 2.05 Costs Associated with Exit or Disposal Activities.

On February 17, 2009, Avon Products, Inc. (the Company) filed a Current Report on Form 8-K (the February 17, 2009 Form 8-K) regarding a new restructuring program under the Company's multi-year turnaround plan (the 2009 Restructuring Program). At that time, we indicated that the Company anticipated restructuring charges and other costs to implement initiatives under the 2009 Restructuring Program in the range of \$300 to \$400 million before taxes over the next several years, with implementation anticipated to begin in the second half of 2009 and to be completed by 2012-2013. At that time, the Company was not able in good faith to make a determination of the estimated amount or range of amounts to be incurred for each major type of cost nor the future cash expenditures associated therewith, as required by this Item 2.05 on Form 8-K. In the February 17, 2009 Form 8-K, the Company undertook to file an amendment to the report after it makes a determination of such amounts. The Company is filing this Form 8-K/A to amend the February 17, 2009 Form 8-K to update the disclosure therein under Item 2.05.

On January 27, 2011, a committee of the Board of Directors, as authorized by the Board of Directors, approved restructuring initiatives relating to the reorganization of certain functions. In addition, an officer of the Company, as authorized by a committee of the Board of Directors, has approved other restructuring initiatives relating to the reorganization of certain functions. These approved initiatives are part of the 2009 Restructuring Program and are expected to be completed by 2012-2013. The Company expects it will record total restructuring charges (primarily all of which will result in future cash expenditures) of approximately \$50 to \$55 million before taxes primarily for employee-related costs in connection with these initiatives. Approximately \$52 million of these restructuring charges will be recorded in the fourth quarter of 2010. Additionally, the Company expects it will record total other costs to implement (such as professional service fees and accelerated depreciation) of approximately \$20 to \$25 million before taxes in connection with these initiatives. Approximately \$3 million of these other costs to implement will be recorded in the fourth quarter of 2010.

The Company does not expect to announce any further initiatives in connection with the 2009 Restructuring Program. The Company estimates the total pre-tax cost of approximately \$300-\$310 million under the 2009 Restructuring Program, comprised of approximately \$195 million for restructuring charges and approximately \$110-\$120 million of other costs to implement the restructuring initiatives. The restructuring charges include employee-related costs of approximately \$180 million and contract termination costs of approximately \$15 million.

When combined with costs of approximately \$3 million to implement all other initiatives approved to date from its 2005 and 2009 restructuring programs, the Company will incur total charges associated with restructuring of approximately \$58 million in the fourth quarter 2010, or \$0.09 per share.
