PROSPECTUS SUPPLEMENT

(To prospectus dated April 17, 2008)

8,000,000 Shares

Dynex Capital, Inc.

Common Stock

We are selling 8,000,000 shares of our common stock.

Our shares trade on the New York Stock Exchange under the symbol DX. On March 2, 2011, the last sale price of the shares as reported on the New York Stock Exchange was \$10.69 per share.

Investing in the common stock involves risks that are described in the Risk Factors section beginning on page S-8 of this prospectus supplement.

	Per Share	Total
Public offering price	\$10.35	\$82,800,000
Underwriting discount	\$.5175	\$4,140,000
Proceeds, before expenses, to us	\$9.8325	\$78,660,000

The underwriters may also exercise their option to purchase up to an additional 1,200,000 shares from us, at the public offering price, less the underwriting discount, for 30 days after the date of this prospectus supplement to cover overallocments, if any.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities, or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The shares will be ready for delivery on or about March 9, 2011.

Joint Book-Running Managers

BofA Merrill Lynch

Credit Suisse

Lead Manager

JMP Securities

Sterne Agee

The date of this prospectus supplement is March 4, 2011.

ABOUT THIS PROSPECTUS SUPPLEMENT

You should read this prospectus supplement along with the accompanying prospectus, as well as the information incorporated by reference herein and therein, carefully before you invest in our common stock. These documents contain important information that you should consider before making your investment decision. This prospectus supplement and the accompanying prospectus contain the terms of this offering of common stock. The accompanying prospectus contains information about certain of our securities generally, some of which does not apply to the common stock covered by this prospectus supplement. This prospectus supplement may add, update or change information contained in or incorporated by reference in the accompanying prospectus. If the information in or incorporated by reference in this prospectus supplement is inconsistent with any information contained in or incorporated by reference in the accompanying prospectus, the information in or incorporated by reference in this prospectus supplement will apply and will supersede the inconsistent information contained in or incorporated by reference in the accompanying prospectus.

It is important for you to read and consider all of the information contained in this prospectus supplement and the accompanying prospectus before making your investment decision. You should also read and consider the additional information incorporated by reference in this prospectus supplement and the accompanying prospectus before making your investment decision. See [Where You Can Find More Information](#) in this prospectus supplement.

You should rely only on the information contained in or incorporated by reference in this prospectus supplement, the accompanying prospectus and any related free writing prospectus required to be filed with the Securities and Exchange Commission (the SEC). Neither we nor the underwriters have authorized any other person to provide you with additional or different information. If anyone provides you with additional or different information, you should not rely on it. Neither we nor the underwriters are making an offer to sell the common stock in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus supplement, the accompanying prospectus, any such free writing prospectus and the documents incorporated by reference herein and therein is accurate only as of their respective dates. Our business, financial condition, results of operations and prospects may have changed since those dates.

Unless this prospectus supplement otherwise indicates or the context otherwise requires, all references in this prospectus to the registrant, we, us, our, or the Company include Dynex Capital, Inc., a Virginia corporation, and any subsidiaries or other entities controlled by us. Unless otherwise expressly stated or the context otherwise requires, all information in this prospectus supplement assumes that the overallotment option granted to the underwriters is not exercised in whole or in part.

Table of Contents

CAUTIONARY STATEMENTS CONCERNING FORWARD-LOOKING STATEMENTS

Certain written statements contained or incorporated by reference in this prospectus supplement and the accompanying prospectus that are not historical facts constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). All statements contained in this prospectus supplement and the accompanying prospectus addressing our results of operations, our operating performance, events or developments that we expect or anticipate will occur in the future, including statements relating to investment strategies, net interest income growth, earnings or earnings per share growth and market share, as well as statements expressing optimism or pessimism about future operating results, are forward-looking statements. Forward-looking statements can be identified by the use of words such as may, will, plan, should, expect, anticipate, estimate, continue or comparable terminology. Forward-looking statements are inherently subject to risks and uncertainties, many of which we cannot predict with accuracy and some of which we might not even anticipate. The forward-looking statements are based upon management's views and assumptions as of the date of this prospectus supplement, regarding future events and operating performance and are applicable only as of the dates of such statements. Although we believe that the expectations reflected in such forward-looking statements are based upon reasonable assumptions at the time made, we can give no assurance that such expectations will be achieved. These forward-looking statements may involve factors that could cause our actual results to differ materially from historical results or from any results expressed or implied by such forward-looking statements. We caution readers not to place undue reliance on forward-looking statements, which may be based on assumptions and anticipated events that do not materialize.

Factors that may cause actual results to differ from historical results or from any results expressed or implied by forward-looking statements are disclosed in our reports on Forms 10-K, 10-Q and 8-K incorporated by reference in this prospectus supplement. Also see Risk Factors below for a further discussion of the risks of an investment in our common stock.

Table of Contents

SUMMARY

The following information is qualified in its entirety by the more detailed information and financial statements and notes thereto appearing elsewhere in this prospectus supplement and the accompanying base prospectus or incorporated by reference into this prospectus supplement and the base prospectus. We encourage you to read this prospectus supplement and the accompanying prospectus, as well as the information which is incorporated by reference into this prospectus supplement and the base prospectus, in their entireties. You should carefully consider the risks identified under the caption Risk Factors in Exhibit 99.2 to our Current Report on Form 8-K filed March 3, 2011, which are incorporated by reference into this prospectus supplement and the accompanying base prospectus, and in this prospectus supplement before making an investment decision to purchase shares of our common stock.

The Company

We are an internally-managed real estate investment trust, or REIT, which invests in mortgage assets on a leveraged basis. Our objective is to provide attractive risk-adjusted returns to our shareholders over the long term that are reflective of a leveraged, high quality fixed income portfolio with a focus on capital preservation. We seek to provide returns to our shareholders through regularly quarterly dividends and through capital appreciation.

Our primary source of income is net interest income which is the excess of the interest income earned on our investments over the cost of financing these investments. Our investment strategy, as approved by our Board of Directors, targets higher credit quality, shorter duration investments in Agency mortgage-backed securities (Agency MBS) and non-Agency mortgage backed securities (non-Agency MBS). Investments considered as higher credit quality have less or limited exposure to loss of principal while investments which have shorter durations have less exposure to changes in interest rates.

Agency MBS consist of residential MBS (RMBS) and commercial MBS (CMBS), which come with a guaranty of payment by the U.S. government or a U.S. government-sponsored entity such as Fannie Mae and Freddie Mac. Non-Agency MBS (also consisting of RMBS and CMBS) have no such guaranty of payment. We currently target an overall investment portfolio composition of 50%-70% in Agency MBS with the balance in non-Agency MBS and securitized mortgage loans. Securitized mortgage loans are loans which were originated and securitized by us during the 1990s.

In executing our investment strategy, we seek to balance the various risks of owning mortgage assets on a leveraged basis, such as interest rate, credit, prepayment, and liquidity risks, with the earnings opportunity on the investment. We believe our strategy of investing in Agency and non-Agency mortgage assets provides superior diversification of these risks across our investment portfolio and therefore provides ample opportunities to generate attractive risk-adjusted returns while preserving our shareholders' capital.

We finance our investments through a combination of short-term repurchase agreements and non-recourse collateralized financing such as securitization financing and financing provided by the Federal Reserve Bank of New York under its Term Asset-Backed Securities Loan Facility (TALF financing). Repurchase agreement financing generally has maturities of 30-90 days and is uncommitted financing. Securitization financing is generally term financing and is repaid from the cash flow received on the securitized mortgage loans. Our TALF financing, which had an initial maturity of three years, is recourse only to the assets which it is funding. Financing under the TALF program is no longer available.

We frequently seek to hedge our exposure to interest rate risk through the use of derivative instruments such as interest rate swaps, interest-rate swaptions and interest rate caps or floor agreements. Our hedging strategy is designed to reduce the impact on our income and shareholders equity caused by the adverse effects of changes in interest rates on our assets and liabilities.

Table of Contents

We were incorporated in the Commonwealth of Virginia on December 18, 1987 and commenced operations in February 1988. Our principal offices are located at 4991 Lake Brook Drive, Suite 100, Glen Allen, VA 23060 and our phone number is (804) 217-5800.

Recent Developments

On February 10, 2011, we issued a press release announcing our fourth quarter and full year 2010 results. We reported that we earned \$9.6 million or \$0.40 per diluted common share during the fourth quarter of 2010, and \$29.5 million, or \$1.41 per common share, for the full year 2010. These amounts compare to \$4.1 million, or \$0.23 per diluted common share, for the fourth quarter of 2009 and \$17.6 million, or \$1.02 per diluted common share, for the year ended December 31, 2009.

As of January 31, 2011, the most recent period through which we have financial information available, we had a total investment portfolio of \$1.75 billion, repurchase agreements outstanding of \$1.32 billion, and shareholders' equity of \$298.8 million. Book value per common share was \$9.77 and our leverage ratio was 5.1 times.

Since December 31, 2010 and through March 2, 2011, we entered into \$277 million in pay-fixed interest rate swaps of which \$27 million will not be designated as a hedge for financial statement purposes under generally accepted accounting principles in the United States. As of March 2, 2011, we had \$622 million in interest rate swaps with a current weighted average term of 42 months and a weighted average rate of 1.76%.

Since December 31, 2010 and through March 2, 2011, we have issued 409,237 shares of common stock through our continuous equity placement program and raised net proceeds of \$4.3 million.

Federal Income Tax Consequences of our Status as a REIT Recent Developments

The below information adds to and updates, and should be read together with, the information in the accompanying prospectus under the caption Federal Income Tax Consequences of Our Status as a REIT.

Legislative or Other Actions Affecting REITs

The rules dealing with U.S. federal income taxation are constantly under review by persons involved in the legislative process, by the IRS, and the U.S. Treasury Department. No assurance can be given as to whether, when, or in what form, U.S. federal income tax laws applicable to us or our stockholders may be enacted, possibly with retroactive effect. Changes to the U.S. federal income tax laws and interpretations of U.S. federal income tax laws could adversely affect an investment in our shares of common stock.

Several of the tax considerations described in the accompanying prospectus under the caption Federal Income Tax Consequences of Our Status as a REIT are subject to a sunset provision. The sunset provisions generally provide that for taxable years beginning after December 31, 2012, certain provisions that are currently in the Internal Revenue Code will revert back to a prior version of those provisions. These provisions include provisions related to the reduced maximum income tax rate for long-term capital gains of 15% (rather than 20%) for taxpayers taxed at individual rates, the application of the 15% tax rate to qualified dividend income (rather than the ordinary income rate of 35% scheduled to increase to 39.6% for the years beginning after December 31, 2012), backup withholding currently at the rate of 28% will revert to 31% for taxable years after 2012 and certain other tax rate provisions described herein. The impact of this reversion is not discussed herein or in the accompanying prospectus under the caption Federal Income Tax Consequences of Our Status as a REIT. Consequently, prospective stockholders should consult their tax advisors regarding the effect of sunset provisions on an investment in our common stock.

Table of Contents

The Health Care and Education Reconciliation Act of 2010

On March 30, 2010, the Health Care and Education Reconciliation Act of 2010 was signed into law (the Health Care Act). The Health Care Act will require certain individuals, estates and trusts to pay a 3.8% Medicare surtax on net investment income, which includes, among other things, dividends on and proceeds from the sale of securities like our common stock, subject to certain exceptions. This surtax applies to net investment income earned in taxable years beginning after December 31, 2012. Prospective stockholders are advised to consult their tax advisors regarding this legislation and the potential implications of this legislation on their particular circumstances.

The Hiring Incentives to Restore Employment Act

On March 18, 2010, the Hiring Incentives to Restore Employment Act (the Hire Act) was signed into law. The Hire Act imposes withholding taxes on certain types of payments made to foreign financial institutions (as specifically defined in the Hire Act) and certain other non-United States entities (including financial intermediaries) after December 31, 2012. The Hire Act imposes a 30% withholding tax on withholdable payments to a foreign financial institution or to a foreign non-financial entity, unless (i) the foreign financial institution undertakes certain diligence and reporting obligations or (ii) the foreign non-financial entity either certifies it does not have any substantial United States owners or furnishes identifying information regarding each substantial United States owner. For these purposes, a withholdable payment includes any United States source payments of interest (including original issue discount), dividends, rents, compensation and other fixed or determinable annual or periodical gains, profits and income. If the payee is a foreign financial institution, it must enter into an agreement with the United States Treasury requiring, among other things, that it undertake to identify accounts held by certain United States persons or United States-owned foreign entities, annually report certain information about such accounts, and withhold 30% on payments to account holders whose actions prevent it from complying with these reporting and other requirements. Prospective stockholders are advised to consult their tax advisors regarding this legislation and the potential implications of this legislation on their particular circumstances.

Revenue Procedure 2010-12

The Internal Revenue Service has recently issued Revenue Procedure 2010-12. Under this Revenue Procedure, a stock dividend paid by a REIT that is declared on or before December 31, 2012 with respect to a taxable year ending on or before December 31, 2011 may be treated as a taxable dividend if each stockholder has an option to elect to receive his or her dividend in cash, even if the aggregate cash amount paid to all stockholders is limited, as long as the cash portion represents at least 10% of the total dividend payment to be made to all stockholders and certain other requirements are satisfied. Accordingly, if we pay a stock dividend with a cash election feature in accordance with this Revenue Procedure, your tax liability with respect to such dividend may be significantly greater than the amount of cash you receive.

The Housing and Economic Recovery Tax Act of 2008

The Housing and Economic Recovery Tax Act of 2008 (the 2008 Act) was recently enacted into law. The 2008 Act's sections that affect the REIT provisions of the Code are generally effective for taxable years beginning after its date of enactment, and, for us, will generally mean that the new provisions apply from and after January 1, 2009, except as otherwise indicated below. Among others, the 2008 Act made the following changes to, or clarifications of, the REIT provisions of the Code that could be relevant for us:

Taxable REIT Subsidiaries. The limit on the value of taxable REIT subsidiaries' securities held by a REIT has been increased from 20 percent to 25 percent of the total value of a REIT's assets. See *Federal Income Tax Consequences of Our Status as a REIT Asset Tests* in the accompanying prospectus.

Table of Contents

Hedging Income. Income from a hedging transaction entered into after July 30, 2008 that complies with identification procedures set out in Treasury regulations and hedges indebtedness incurred or to be incurred by us to acquire or carry real estate assets will not constitute gross income for purposes of either the 75% or 95% gross income tests. See Federal Income Tax Consequences of Our Status as a REIT Gross Income Tests Hedging Transactions in the accompanying prospectus.

Reclassification Authority. The Secretary of the Treasury is given broad authority to determine whether particular items of gain or income recognized after July 30, 2008 qualify or not under the 75% and 95% gross income tests, or are to be excluded from the measure of gross income for such purposes. See Federal Income Tax Consequences of Our Status as a REIT Gross Income Tests in the accompanying prospectus.

Prohibited Transactions Safe Harbor and Foreign Currency Transactions. The 2008 Act also expanded the prohibited transactions safe harbor and addressed the treatment of certain transactions involving foreign currency for purposes of the REIT asset and income tests.

Table of Contents

General Information

Our common stock is listed on the New York Stock Exchange under the symbol DX. We maintain a website at www.dynexcapital.com. Information contained on our website is not, and should not be interpreted to be, part of this prospectus supplement or the accompanying prospectus.

The Offering

Issuer	Dynex Capital, Inc.
Common stock offered by us	8,000,000 shares
Option to purchase additional shares	The underwriters may purchase up to an additional 1,200,000 shares of our common stock within 30 days of the date of this prospectus supplement
Common stock to be outstanding after this offering	39,065,134 shares (40,265,134 shares of common stock if the underwriters exercise their overallotment option in full) ⁽¹⁾
NYSE symbol for common stock	DX
Use of proceeds	We estimate that the net proceeds for this offering will be approximately \$78.46 million (or \$90.26 million if the underwriters exercise their overallotment option in full). We intend to use the net proceeds from this offering to acquire additional investments, consistent with our investment policy, and for general corporate purposes, which may include, among other things, repayment of maturing obligations, capital expenditures and working capital.
Risk factors	Investing in our common stock involves various risks. Risks associated with an investment in our common stock are described under the caption Risk Factors in Exhibit 99.2 to our Current Report on Form 8-K filed March 3, 2011 and on page S-8 below.

⁽¹⁾ The number of shares of our common stock outstanding immediately after the closing of this offering is based on 31,065,134 shares of our common stock outstanding as of March 2, 2011 and does not include (i) 136,875 stock appreciation rights and (ii) 35,000 common stock options, in each case outstanding at March 2, 2011. As of March 2, 2011, there were 2,139,970 shares of common stock authorized and available for issuance pursuant to our 2009 Stock and Incentive Plan.

Table of Contents

RISK FACTORS

An investment in our common stock involves various risks, including those described below and the risks set forth under the caption "Risk Factors" in Exhibit 99.2 to our Current Report on Form 8-K filed March 3, 2011. You should carefully consider these risk factors, together with all of the information contained in or incorporated by reference in this prospectus supplement and the accompanying base prospectus, in determining whether to purchase our common stock. If any of these risks occur, our business, operating results, prospects and financial condition could be harmed. This could cause the market price of our common stock to decline and could cause you to lose all or part of your investment.

Risks Related to our Common Stock

The market price and trading volume of our common stock may be volatile.

The market price of our common stock may become highly volatile and subject to wide fluctuations. In addition, trading volume in our common stock may fluctuate and cause significant price variations to occur. Some of the factors that could result in fluctuations in the price or trading volume of our common stock include, among other things: actual or anticipated changes in our current or future financial performance; changes in market interest rates and general market and economic conditions. We cannot assure you that the market price of our common stock will not fluctuate or decline significantly.

We have not established a minimum dividend payment level for our common stockholders and there are no assurances of our ability to pay dividends to them in the future.

We intend to pay dividends and to make distributions to our common stockholders in amounts such that all or substantially all of our taxable income in each year, subject to certain adjustments, is distributed. This, along with other factors, should enable us to qualify for the tax benefits accorded to a REIT under the Internal Revenue Code of 1986, as amended. We have not established a minimum dividend payment level for our common stockholders and our ability to pay dividends may be harmed by the risk factors described herein and in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009. All distributions to our common stockholders will be made at the discretion of our board of directors and will depend on our earnings, our financial condition, maintenance of our REIT status and such other factors as our board of directors may deem relevant from time to time. There are no assurances of our ability to pay dividends in the future.

Future offerings of debt securities, which would rank senior to our common stock upon our liquidation, and future offerings of equity securities, which would dilute our existing stockholders and may be senior to our common stock for the purposes of dividend and liquidating distributions, may adversely affect the market price of our common stock.

In the future, we may attempt to increase our capital resources by making offerings of debt or additional offerings of equity securities, including commercial paper, medium-term notes, senior or subordinated notes and classes of preferred stock or common stock. Upon liquidation, holders of our debt securities and lenders with respect to our other borrowings will receive a distribution of our available assets prior to the holders of our common stock. In addition, upon liquidation, holders of shares of our preferred stock will receive a distribution of our available assets prior to the holders of our common stock. Additional equity offerings may dilute the holdings of our existing stockholders or reduce the market price of our common stock, or both. Moreover, any future issuance of preferred stock by us may have a preference on liquidating distributions and on dividend payments that could limit our ability to make a dividend distribution to the holders of our common stock. Because our decision to issue securities in any future offering will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our future offerings. Thus, holders of our common stock bear the risk of our future offerings reducing the market price of our common stock and diluting their stock holdings in us.

Table of Contents

Future sales of our common stock could have an adverse effect on our stock price.

We cannot predict the effect, if any, of future sales of common stock, or the availability of shares for future sales, on the market price of our common stock. Sales of substantial amounts of common stock, or the perception that such sales could occur, may adversely affect prevailing market prices for our common stock.

S-9

Table of Contents

USE OF PROCEEDS

We expect to receive approximately \$78.46 million in net proceeds from the sale of the shares of our common stock in this offering (approximately \$90.26 million if the underwriters' option to purchase additional shares is exercised in full), after deducting underwriting discounts and commissions and the estimated expenses of this offering payable by us.

We intend to use the net proceeds from this offering to acquire additional investments, consistent with our investment policy, and for general corporate purposes, which may include, among other things, repayment of maturing obligations, capital expenditures and working capital.

S-10

Table of Contents**UNDERWRITING**

Merrill Lynch, Pierce, Fenner & Smith Incorporated and Credit Suisse Securities (USA) LLC are acting as representatives of each of the underwriters named below. Subject to the terms and conditions set forth in an underwriting agreement among us and the underwriters, we have agreed to sell to the underwriters, and each of the underwriters has agreed, severally and not jointly, to purchase from us, the number of shares of common stock set forth opposite its name below.

Underwriter	Number of Shares
Merrill Lynch, Pierce, Fenner & Smith Incorporated	4,351,104
Credit Suisse Securities (USA) LLC	1,968,357
JMP Securities LLC	1,344,431
Sterne, Agee & Leach, Inc.	336,108
Total	8,000,000

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the shares sold under the underwriting agreement if any of these shares are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the shares, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The representatives have advised us that the underwriters propose initially to offer the shares to the public at the public offering price set forth on the cover page of this prospectus and to dealers at that price less a concession not in excess of \$.29 per share. After the initial offering, the public offering price, concession or any other term of the offering may be changed.

The following table shows the public offering price, underwriting discount and proceeds before expenses to us. The information assumes either no exercise or full exercise by the underwriters of their overallotment option.

	Per Share	Without Option	With Option
Public offering price	\$10.35	\$82,800,000	\$95,220,000
Underwriting discount	\$.5175	\$4,140,000	\$4,761,000
Proceeds, before expenses, to Dynex Capital, Inc.	\$9.8325	\$78,660,000	\$90,459,000

The expenses of the offering, not including the underwriting discount, are estimated at \$200,000 and are payable by us.

Table of Contents

Overallotment Option

We have granted an option to the underwriters, exercisable for 30 days after the date of this prospectus, to purchase up to 1,200,000 additional shares at the public offering price, less the underwriting discount. The underwriters may exercise this option solely to cover any overallotments. If the underwriters exercise this option, each will be obligated, subject to conditions contained in the underwriting agreement, to purchase a number of additional shares proportionate to that underwriter's initial amount reflected in the above table.

No Sales of Similar Securities

We, our executive officers and directors have agreed not to sell or transfer any common stock or securities convertible into, exchangeable for, exercisable for, or repayable with common stock, for 60 days after the date of this prospectus without first obtaining the written consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated and Credit Suisse Securities (USA) LLC. Specifically, we and these other persons have agreed, with certain limited exceptions, not to directly or indirectly

offer, pledge, sell or contract to sell any common stock,

sell any option or contract to purchase any common stock,

purchase any option or contract to sell any common stock,

grant any option, right or warrant for the sale of any common stock,

lend or otherwise dispose of or transfer any common stock,

request or demand that we file a registration statement related to the common stock, or

enter into any swap or other agreement that transfers, in whole or in part, the economic consequence of ownership of any common stock whether any such swap or transaction is to be settled by delivery of shares or other securities, in cash or otherwise.

Notwithstanding the foregoing, if we establish a dividend reinvestment and stock purchase program, we may issue shares under the program without restriction. Shares issued under any such program to any of our executive officers or directors will be subject to this lock-up provision. In addition, at any time after the 45th day after the date of this prospectus, we may issue shares of our common stock pursuant to and within the existing limitations of our continuous equity placement program.

Certain of our directors have expressed an interest in purchasing an aggregate of approximately 70,000 shares in the offering, at the public offering price set forth on the cover page of this prospectus supplement, although none of such persons have entered into any binding commitments to purchase shares. We cannot provide any assurance as to the exact number of shares that will be sold to such directors, if any. Any shares not sold by the underwriters to such directors may be sold by the underwriters to other investors on the terms set forth in this prospectus supplement. Any shares purchased in the offering by any of our executive officers or directors will be subject to this lock-up provision.

This lock-up provision applies to common stock and to securities convertible into or exchangeable or exercisable for or repayable with common stock. It also applies to common stock owned now or acquired later by the person executing the agreement or for which the person executing the agreement later acquires the power of disposition. In the event that either (x) during the last 17 days of the lock-up period referred to above, we issue an earnings release or material news or a material event relating to the Company occurs or (y) prior to the expiration of the lock-up period, we announce that we will release earnings results or become aware that material news or a material event will occur during the 16-day period

Edgar Filing: DYNEX CAPITAL INC - Form 424B2

beginning on the last day of the lock-up period, the restrictions described above shall continue to apply until the expiration of the 18-day period beginning on the issuance of the earnings release or the occurrence of the material news or material event.

Table of Contents

New York Stock Exchange Listing

The shares are listed on the New York Stock Exchange under the symbol DX.

Price Stabilization, Short Positions

Until the distribution of the shares is completed, SEC rules may limit underwriters and selling group members from bidding for and purchasing our common stock. However, the representatives may engage in transactions that stabilize the price of the common stock, such as bids or purchases to peg, fix or maintain that price.

In connection with the offering, the underwriters may purchase and sell our common stock in the open market. These transactions may include short sales, purchases on the open market to cover positions created by short sales and stabilizing transactions. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. Covered short sales are sales made in an amount not greater than the underwriters' overallotment option described above. The underwriters may close out any covered short position by either exercising their overallotment option or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the overallotment option. Naked short sales are sales in excess of the overallotment option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our common stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of shares of common stock made by the underwriters in the open market prior to the completion of the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of our common stock. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. The underwriters may conduct these transactions on the New York Stock Exchange, in the over-the-counter market or otherwise.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our common stock. In addition, neither we nor any of the underwriters make any representation that the representatives will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Electronic Offer, Sale and Distribution of Shares

In connection with the offering, certain of the underwriters or securities dealers may distribute prospectuses by electronic means, such as e-mail. In addition, Merrill Lynch, Pierce, Fenner & Smith Incorporated may facilitate Internet distribution for this offering to certain of its Internet subscription customers. Merrill Lynch, Pierce, Fenner & Smith Incorporated may allocate a limited number of shares for sale to its online brokerage customers. An electronic prospectus is available on the Internet web site maintained by Merrill Lynch, Pierce, Fenner & Smith Incorporated. Other than the prospectus in electronic format, the information on the Merrill Lynch, Pierce, Fenner & Smith Incorporated web site is not part of this prospectus.

Other Relationships

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

We have entered into master repurchase agreements with Merrill Lynch, Pierce, Fenner & Smith Incorporated, Credit Suisse Securities (USA) LLC and their respective affiliates. In addition, on June 24, 2010, we

Table of Contents

entered into an equity distribution agreement (the Sales Agreement) with JMP Securities LLC pursuant to which we may offer and sell up to 5 million shares of common stock from time to time through JMP Securities LLC, as our agent under the Sales Agreement. JMP Securities LLC is entitled to compensation of up to two percent (2.0%) of the gross sales price per share for any shares of common stock sold under the Sales Agreement. As of March 2, 2011, 538,147 shares of common stock remain available for sale under the Sales Agreement.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Notice To Prospective Investors In The European Economic Area

In relation to each member state of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), including each Relevant Member State that has implemented the 2010 PD Amending Directive with regard to persons to whom an offer of securities is addressed and the denomination per unit of the offer of securities (each, an Early Implementing Member State), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date), no offer of shares will be made to the public in that Relevant Member State (other than offers (the Permitted Public Offers) where a prospectus will be published in relation to the shares that has been approved by the competent authority in a Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive), except that with effect from and including that Relevant Implementation Date, offers of shares may be made to the public in that Relevant Member State at any time:

- A. to qualified investors as defined in the Prospectus Directive, including:
 - (a) (in the case of Relevant Member States other than Early Implementing Member States), legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities, or any legal entity which has two or more of (i) an average of at least 250 employees during the last financial year; (ii) a total balance sheet of more than 43.0 million and (iii) an annual turnover of more than 50.0 million as shown in its last annual or consolidated accounts; or
 - (b) (in the case of Early Implementing Member States), persons or entities that are described in points (1) to (4) of Section I of Annex II to Directive 2004/39/EC, and those who are treated on request as professional clients in accordance with Annex II to Directive 2004/39/EC, or recognized as eligible counterparties in accordance with Article 24 of Directive 2004/39/EC unless they have requested that they be treated as non-professional clients; or
- B. to fewer than 100 (or, in the case of Early Implementing Member States, 150) natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted in the Prospectus Directive, subject to obtaining the prior consent of the representatives for any such offer; or
- C. in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of shares shall result in a requirement for the publication of a prospectus pursuant to Article 3 of the Prospectus Directive or of a supplement to a prospectus pursuant to Article 16 of the Prospectus Directive.

Each person in a Relevant Member State (other than a Relevant Member State where there is a Permitted Public Offer) who initially acquires any shares or to whom any offer is made will be deemed to have

Table of Contents

represented, acknowledged and agreed that (A) it is a qualified investor, and (B) in the case of any shares acquired by it as a financial intermediary, as that term is used in Article 3(2) of the Prospectus Directive, (x) the shares acquired by it in the offering have not been acquired on behalf of, nor have they been acquired with a view to their offer or resale to, persons in any Relevant Member State other than qualified investors as defined in the Prospectus Directive, or in circumstances in which the prior consent of the Subscribers has been given to the offer or resale, or (y) where shares have been acquired by it on behalf of persons in any Relevant Member State other than qualified investors as defined in the Prospectus Directive, the offer of those shares to it is not treated under the Prospectus Directive as having been made to such persons.

For the purpose of the above provisions, the expression "an offer to the public" in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer of any shares to be offered so as to enable an investor to decide to purchase any shares, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression "Prospectus Directive" means Directive 2003/71 EC (including the 2010 PD Amending Directive, in the case of Early Implementing Member States) and includes any relevant implementing measure in each Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

Notice to Prospective Investors in Switzerland

We have not and will not register with the Swiss Financial Market Supervisory Authority (FINMA) as a foreign collective investment scheme pursuant to Article 119 of the Federal Act on Collective Investment Scheme of 23 June 2006, as amended (CISA), and accordingly the securities being offered pursuant to this prospectus have not and will not be approved, and may not be licenseable, with FINMA. Therefore, the securities have not been authorized for distribution by FINMA as a foreign collective investment scheme pursuant to Article 119 CISA and the securities offered hereby may not be offered to the public (as this term is defined in Article 3 CISA) in or from Switzerland. The securities may solely be offered to qualified investors, as this term is defined in Article 10 CISA, and in the circumstances set out in Article 3 of the Ordinance on Collective Investment Scheme of 22 November 2006, as amended (CISO), such that there is no public offer. Investors, however, do not benefit from protection under CISA or CISO or supervision by FINMA. This prospectus and any other materials relating to the securities are strictly personal and confidential to each offeree and do not constitute an offer to any other person. This prospectus may only be used by those qualified investors to whom it has been handed out in connection with the offer described herein and may neither directly or indirectly be distributed or made available to any person or entity other than its recipients. It may not be used in connection with any other offer and shall in particular not be copied and/or distributed to the public in Switzerland or from Switzerland. This prospectus does not constitute an issue prospectus as that term is understood pursuant to Article 652a and/or 1156 of the Swiss Federal Code of Obligations. We have not applied for a listing of the securities on the SIX Swiss Exchange or any other regulated securities market in Switzerland, and consequently, the information presented in this prospectus does not necessarily comply with the information standards set out in the listing rules of the SIX Swiss Exchange and corresponding prospectus schemes annexed to the listing rules of the SIX Swiss Exchange.

Notice to Prospective Investors in the Dubai International Financial Centre

This offering memorandum relates to an Exempt Offer in accordance with the Offered Securities Rules of the Dubai Financial Services Authority (DFSA). This offering memorandum is intended for distribution only to persons of a type specified in the Offered Securities Rules of the DFSA. It must not be delivered to, or relied on by, any other person. The DFSA has no responsibility for reviewing or verifying any documents in connection with Exempt Offers. The DFSA has not approved this offering memorandum nor taken steps to verify the information set forth herein and has no responsibility for the offering memorandum. The securities to which this offering memorandum relates may be illiquid and/or subject to restrictions on their resale. Prospective purchasers of the securities offered should conduct their own due diligence on the securities. If you do not understand the contents of this offering memorandum you should consult an authorized financial advisor.

Table of Contents

LEGAL MATTERS

The validity of our common stock offered by this prospectus supplement and certain legal matters in connection with the offering of the common stock will be passed on for us by Troutman Sanders LLP, Richmond, Virginia. Certain legal matters will be passed upon for the underwriters by DLA Piper LLP (US), New York, New York.

EXPERTS

The financial statements as of December 31, 2009 and 2008 and for each of the three years in the period ended December 31, 2009 and management's assessment of the effectiveness of internal control over financial reporting as of December 31, 2009 incorporated by reference in this prospectus supplement and accompanying base prospectus have been so incorporated in reliance on the reports of BDO USA, LLP, an independent registered public accounting firm, incorporated herein by reference, given on the authority of said firm as experts in auditing and accounting.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other documents with the SEC under the Exchange Act. You may read and copy any materials that we file with the SEC without charge at the public reference room of the Securities and Exchange Commission, 100 F Street, N.W., Room 1580, Washington, DC 20549. Information about the operation of the public reference room may be obtained by calling the Securities and Exchange Commission at 1-800-SEC-0330. Also, the SEC maintains an internet website that contains reports, proxy and information statements, and other information regarding issuers, including Dynex Capital, Inc., that file electronically with the SEC. The public may obtain any documents that we file with the SEC at www.sec.gov.

We also make available free of charge on or through our internet website (www.dynexcapital.com) our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and, if applicable, amendments to those reports filed or furnished pursuant to Section 13(a) of the Exchange Act as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC.

This prospectus supplement and the accompanying base prospectus are part of a registration statement on Form S-3 that we filed with the Securities and Exchange Commission. This prospectus supplement and the accompanying base prospectus do not contain all of the information set forth in the registration statement and exhibits and schedules to the registration statement. For further information with respect to our company and our securities, reference is made to the registration statement, including the exhibits and schedules to the registration statement. Statements contained in this prospectus supplement and the accompanying base prospectus as to the contents of any contract or other document referred to in this prospectus supplement or the accompanying base prospectus are not necessarily complete and, where that contract is an exhibit to the registration statement, each statement is qualified in all respects by reference to the exhibit to which the reference relates.

Table of Contents

INCORPORATION OF INFORMATION BY REFERENCE

The SEC allows us to incorporate by reference the information we file with it, which means that we can disclose important information to you by referring you to other documents that we have filed with the SEC. These incorporated documents contain important business and financial information about us that is not included in or delivered with this prospectus supplement and the accompanying base prospectus. The information incorporated by reference is considered to be part of this prospectus supplement and the accompanying base prospectus, and later information filed with the SEC will update and supersede this information.

We incorporate by reference the documents listed below and any future filings we make with the SEC under Section 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, until the offering of securities covered by this prospectus supplement and the accompanying base prospectus is complete:

Annual Report on Form 10-K for the period ended December 31, 2009, filed on March 8, 2010;

the information specifically incorporated by reference into our Annual Report on Form 10-K for the year ended December 31, 2009 from our definitive proxy statement on Schedule 14A filed with the SEC on April 1, 2010;

Quarterly Reports on Form 10-Q for the periods ended March 31, 2010, filed on May 10, 2010, June 30, 2010, filed on August 9, 2010, and September 30, 2010, filed on November 9, 2010;

Current Reports on Form 8-K, filed March 16, 2010, May 14, 2010, June 3, 2010, June 24, 2010, July 19, 2010, July 29, 2010, September 17, 2010, November 9, 2010; December 17, 2010, February 17, 2011 and March 3, 2011; and

The description of our capital stock included in our Registration Statement on Form 8-A, filed pursuant to Section 12(b) of the Exchange Act on January 17, 1989, including any amendment or report filed for the purpose of updating that description. You may obtain copies of these documents at no cost by writing or telephoning us at the following address:

PROSPECTUS

\$1,000,000,000

DYNEX CAPITAL, INC.

COMMON STOCK

PREFERRED STOCK

DEBT SECURITIES

WARRANTS

Dynex Capital, Inc. intends to offer and sell from time to time the debt and equity securities described in this prospectus. The total offering price of the securities described in this prospectus will not exceed \$1,000,000,000 in the aggregate.

We will provide the specific terms of any securities we may offer in a supplement to this prospectus. You should carefully read this prospectus and any applicable prospectus supplement before deciding to invest in these securities.

Our common stock is listed on the New York Stock Exchange under the symbol DX. We may make any sales of our common shares under this prospectus, if any, on or through the facilities of the New York Stock Exchange, to or through a market maker, or to or through an electronic communications network, at market prices prevailing at the time of sale, or in any other manner permitted by law (including, without limitation, privately negotiated transactions). On April 9, 2008, the last reported sale price of our common stock as reported was \$9.13 per share.

The securities may be offered directly, through agents designated by us from time to time, or through underwriters or dealers.

Our principal executive offices are located at 4551 Cox Road, Suite 300, Glen Allen, Virginia 23060. Our telephone number is (804) 217-5800.

Investing in our securities involves risks. See Risk Factors beginning on page 4 of this prospectus for information regarding risks associated with an investment in our securities.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is April 17, 2008.

ABOUT THIS PROSPECTUS

This prospectus is part of a shelf registration statement. We may sell, from time to time, in one or more offerings, any combinations of the securities described in this prospectus. This prospectus only provides you with a general description of the securities we may offer. Each time we sell securities under this prospectus, we will provide a prospectus supplement that contains specific information about the terms of the securities. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with the additional information described under the heading **Where You Can Find More Information**.

The total dollar amount of the securities sold under this prospectus will not exceed \$1,000,000,000.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other documents with the Securities and Exchange Commission under the Securities Exchange Act of 1934 (the **Exchange Act**). You may read and copy any materials that we file with the SEC without charge at the public reference room of the Securities and Exchange Commission, 100 F Street, N.W., Room 1580, Washington, DC 20549. Information about the operation of the public reference room may be obtained by calling the Securities and Exchange Commission at 1-800-SEC-0330. Also, the SEC maintains an internet website that contains reports, proxy and information statements, and other information regarding issuers, including Dynex Capital, Inc., that file electronically with the SEC. The public may obtain any documents that we file with the SEC at www.sec.gov.

We also make available free of charge on or through our internet website (www.dynexcapital.com) our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and, if applicable, amendments to those reports filed or furnished pursuant to Section 13(a) of the Exchange Act as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC.

This prospectus is part of a registration statement on Form S-3 that we filed with the Securities and Exchange Commission. This prospectus does not contain all of the information set forth in the registration statement and exhibits and schedules to the registration statement. For further information with respect to our company and our securities, reference is made to the registration statement, including the exhibits and schedules to the registration statement. Statements contained in this prospectus as to the contents of any contract or other document referred to in this prospectus are not necessarily complete and, where that contract is an exhibit to the registration statement, each statement is qualified in all respects by reference to the exhibit to which the reference relates.

Table of Contents

INCORPORATION OF INFORMATION BY REFERENCE

The SEC allows us to incorporate by reference the information we file with it, which means that we can disclose important information to you by referring you to other documents that we file with the SEC. These incorporated documents contain important business and financial information about us that is not included in or delivered with this prospectus. The information incorporated by reference is considered to be part of this prospectus, and later information filed with the SEC will update and supersede this information.

We incorporate by reference the documents listed below and any future filings we make with the SEC under Section 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, until the offering of securities covered by this prospectus is complete:

Annual Report on Form 10-K for the period ended December 31, 2007, filed on February 27, 2008;

Current Reports on Form 8-K, filed February 8 and April 1, 2008 and amended Current Report on Form 8-K/A, filed April 4, 2008;
and

The description of our capital stock included in our Registration Statement on Form 8-A, filed pursuant to Section 12(b) of the Exchange Act on January 17, 1989, including any amendment or report filed for the purpose of updating that description.
You may obtain copies of these documents at no cost by writing or telephoning us at the following address:

FORWARD-LOOKING STATEMENTS

Certain written statements we make in this prospectus that are not historical fact constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Exchange Act. All statements contained in this prospectus addressing the results of operations, our operating performance, events, or developments that we expect or anticipate will occur in the future, including statements relating to investment strategies, net interest income growth, earnings or earnings per share growth, and market share, as well as statements expressing optimism or pessimism about future operating results, are forward-looking statements. The forward-looking statements are based upon management's views and assumptions as of the date of this prospectus regarding future events and operating performance and are applicable only as of the dates of such statements. Such forward-looking statements may involve factors that could cause our actual results to differ materially from historical results or from any results expressed or implied by such forward-looking statements. We caution readers not to place undue reliance on forward-looking statements, which may be based on assumptions and anticipated events that do not materialize.

Factors that may cause actual results to differ from historical results or from any results expressed or implied by forward-looking statements are disclosed in our reports on Forms 10-K, 10-Q and 8-K incorporated by reference herein and in prospectus supplements and other offering materials.

See Risk Factors below for a further discussion of the risks of an investment in our securities.

Table of Contents**OUR COMPANY**

We were incorporated in Virginia on December 18, 1987 and commenced operations in February 1988. We and our subsidiaries are a specialty finance company organized as a mortgage real estate investment trust (REIT). We invest principally in single-family residential and commercial mortgage loans and securities, both investment grade rated and non-investment grade rated. Residential mortgage securities are typically referred to as RMBS and commercial mortgage securities are typically referred to as CMBS. We finance loans and RMBS and CMBS securities through a combination of non-recourse securitization financing, repurchase agreements, and equity. We employ financing in order to increase the overall yield on our invested capital. Our primary source of income is net interest income, which is the excess of the interest income earned on our investments over the cost of financing these investments. We may occasionally record gains or losses from the sale of investments prior to their maturity.

We and our qualified REIT subsidiaries have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the Code), and intend to continue to do so. As a result of this election, we and our qualified REIT subsidiaries are not taxed at the corporate level on taxable income distributed to stockholders, provided that certain REIT qualification tests are met. Certain of our affiliates, which may be consolidated with us for financial reporting purposes, may not be consolidated for federal income tax purposes because such entities may elect taxable REIT subsidiary tax status. All taxable income of any such taxable REIT subsidiaries would be subject to federal and state income taxes, where applicable, to the extent that such taxable income could not be offset by tax net operating loss carryforwards available to the taxable REIT subsidiary.

Our principal executive offices are located at 4551 Cox Road, Suite 300, Glen Allen, VA 23060. Our telephone number is (804) 217-5800. Our website is <http://www.dynexcapital.com>. The contents of our website are not a part of this prospectus. Our shares of common stock are traded on the New York Stock Exchange, or the NYSE, under the symbol DX.

RISK FACTORS

An investment in our securities involves various risks. You should carefully consider the risk factors incorporated by reference to our most recent Annual Report on Form 10-K and the other information contained in this prospectus, as updated by our subsequent filings under the Securities Exchange Act of 1934, as amended, and the risk factors and other information contained in the applicable prospectus supplement before acquiring any of our securities.

USE OF PROCEEDS

Unless otherwise indicated in a prospectus supplement, we expect to use the net proceeds from the sale of these securities for general corporate purposes.

RATIO OF EARNINGS TO COMBINED FIXED CHARGES**AND PREFERRED STOCK DIVIDENDS**

The following table sets forth the historical ratios of income from continuing operations (before fixed charges) to combined fixed charges and our preferred stock dividends for the periods indicated:

<i>(Amounts in thousands, except ratios)</i>	Year Ended December 31,				
	2007	2006	2005	2004	2003
Ratio of earnings to combined fixed charges and preferred stock dividends	1.22x	1.04x	1.06x		
Deficiency of earnings to combined fixed charges and preferred stock dividends				\$ 8,944	\$ 26,583

Table of Contents

DESCRIPTION OF OUR CAPITAL STOCK

The following is a description of the material terms of our capital stock. Because it is only a summary, it does not contain all of the information that may be important to you. For a complete description, please refer to the Virginia Stock Corporation Act and our articles of incorporation and bylaws. See [Where You Can Find More Information](#).

General

Our articles of incorporation currently authorize a total of 150,000,000 shares of capital stock, consisting of 100,000,000 shares of common stock, \$0.01 par value per share and 50,000,000 shares of Preferred Stock, \$0.01 par value per share, of which 5,713,430 shares are designated as Series D Preferred Stock.

As of April 9, 2008, we had issued and outstanding 12,169,762 shares of common stock and 4,221,539 shares of Series D Preferred Stock. Under the Virginia Stock Corporation Act, stockholders generally are not liable for the corporation's debts or obligations.

Restrictions on Ownership and Transfer

Our articles of incorporation provide that if our board of directors determines in good faith that the direct or indirect ownership of our stock has or may become concentrated to an extent that would cause us to fail to qualify or be qualified as a REIT under sections 856(a)(5) or (6) of the Code, or similar provisions of successor statutes, we may redeem or repurchase any number of shares of common stock and/or preferred stock sufficient to maintain or bring such ownership into conformity with the Code and may refuse to transfer or issue shares of common stock and/or preferred stock to any person whose acquisition would result in our being unable to conform with the requirements of the Code. In general, Code sections 856(a)(5) and (6) provide that, as a REIT, we must have at least 100 beneficial owners for 335 days of each taxable year and that we cannot qualify as a REIT if, at any time during the last half of our taxable year, more than 50% in value of our outstanding stock is owned, directly or indirectly, by or for five or fewer individuals. In addition, our articles of incorporation provide that we may redeem or refuse to transfer any shares of our capital stock to the extent necessary to prevent the imposition of a penalty tax as a result of ownership of those shares by certain disqualified organizations, including governmental bodies and tax-exempt entities that are not subject to tax on unrelated business taxable income. The redemption or purchase price for those shares shall be equal to the fair market value of those shares as reflected in the closing sales price for those shares if then listed on a national securities exchange, or the average of the closing sales prices for those shares if then listed on more than one national securities exchange, or if those shares are not then listed on a national securities exchange, the latest bid quotation for the shares if then traded over-the-counter on the last business day for which closing prices are available immediately preceding the day on which notices of such acquisitions are sent or, if no such closing sales prices or quotations are available, then the net asset value of those shares as determined by our board of directors in accordance with the provisions of applicable law.

All certificates representing shares of our common stock or preferred stock will refer to the restrictions described above.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock and preferred stock is AST Stock Transfer and Trust Company.

Table of Contents

DESCRIPTION OF OUR COMMON STOCK

The following description of our common stock sets forth certain general terms and provisions of our common stock to which any prospectus supplement may relate, including a prospectus supplement providing that common stock will be issuable upon conversion or exchange of our debt securities or preferred stock or upon the exercise of warrants to purchase our common stock.

All shares of our common stock covered by this prospectus will be duly authorized, fully paid and nonassessable. Subject to the preferential rights of any other class or series of stock and to the provisions of the articles of incorporation regarding the restrictions on transfer of stock, holders of shares of our common stock are entitled to receive dividends on such stock when, as and if authorized by our board of directors out of funds legally available therefor and declared by us and to share ratably in the assets of our company legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up after payment of or adequate provision for all known debts and liabilities of our company, including the preferential rights on dissolution of any class or classes of preferred stock.

Subject to the provisions of our articles of incorporation regarding the restrictions on transfer of stock, each outstanding share of our common stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors and, except as provided with respect to any other class or series of stock, such as our Series D Preferred Stock, the holders of such shares will possess the exclusive voting power. There is no cumulative voting in the election of our board of directors, which means that other than with respect to the directors that the holders of a Series D Preferred Stock are entitled to elect, the holders of a plurality of the outstanding shares of our common stock can elect all of the directors then standing for election and the holders of the remaining shares will not be able to elect any directors.

Holders of shares of our common stock have no preference, conversion, exchange, sinking fund, redemption or appraisal rights and have no preemptive rights to subscribe for any securities of our company. Subject to the provisions of the articles of incorporation regarding the restrictions on transfer of stock, shares of our common stock will have equal dividend, liquidation and other rights.

Under the Virginia Stock Corporation Act, a Virginia corporation generally cannot dissolve, amend its articles of incorporation, merge, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business unless approved by the affirmative vote of more than two-thirds of all votes entitled to be cast on the matter, unless a greater or lesser proportion of votes (but not less than a majority of all votes cast) is specified in the articles of incorporation. Our articles of incorporation provide that, except as otherwise required or authorized by the Virginia Stock Corporation Act or our articles of incorporation, the vote required to approve an amendment or restatement of the articles of incorporation shall be a majority of all votes entitled to be cast by each voting group entitled to vote on the amendment, other than in the case of an amendment or restatement that amends or affects: (i) the shareholder vote required by the Virginia Stock Corporation Act to approve a merger, share exchange, sale of all or substantially all of the corporation's assets or the dissolution of the corporation, or (ii) the provisions addressing the ownership of excess shares in the articles of incorporation. Our articles of incorporation provide that if any shares of Series D Preferred Stock remain outstanding, in addition to any other vote or consent of stockholders required by law or our articles of incorporation, the affirmative vote of at least two-thirds of the votes entitled to be cast by the holders of the Series D Preferred Stock will be required to (i) approve an amendment, alteration or repeal of any provisions of the articles of incorporation or bylaws that materially adversely affects the voting powers, rights or preferences of the holders of Series D Preferred Stock or (ii) authorizes or creates or increases an authorized amount of, any shares of any class or any security convertible into shares of any class ranking prior or senior to the Series D Preferred Stock in the distribution of assets on any liquidation, dissolution or winding up of our company or in the payment of dividends.

Table of Contents

DESCRIPTION OF OUR PREFERRED STOCK

The prospectus supplement relating to any series of preferred stock offered by that supplement will describe the specific terms of those securities, including:

the title and stated value of that preferred stock;

the number of shares of that preferred stock offered, the liquidation preference per share and the offering price of that preferred stock;

the dividend rate(s), period(s) and payment date(s) or method(s) of calculation thereof applicable to that preferred stock;

whether dividends will be cumulative or non-cumulative and, if cumulative, the date from which dividends on that preferred stock will accumulate;

the voting rights applicable to that preferred stock;

the procedures for any auction and remarketing, if any, for that preferred stock;

the provisions for a sinking fund, if any, for that preferred stock;

the provisions for redemption including any restriction thereon, if applicable, of that preferred stock;

any listing of that preferred stock on any securities exchange;

the terms and conditions, if applicable, upon which that preferred stock will be convertible into shares of our common stock, including the conversion price (or manner of calculation of the conversion price) and conversion period;

a discussion of federal income tax considerations applicable to that preferred stock;

any limitations on issuance of any series of preferred stock ranking senior to or on a parity with that series of preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs;

in addition to those limitations described above under **Description of Our Capital Stock** **Restrictions on Ownership and Transfer**, any other limitations on actual and constructive ownership and restrictions on transfer, in each case as may be appropriate to preserve our status as a REIT; and

any other specific terms, preferences, rights, limitations or restrictions of that preferred stock.

Rank Within Our Capital Structure

Unless otherwise specified in the applicable prospectus supplement, the preferred stock will, with respect to dividend rights and rights upon liquidation, dissolution or winding up of our affairs rank:

senior to all classes or series of common stock and to all equity securities ranking junior to the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of our affairs;

on a parity with all equity securities issued by us the terms of which specifically provide that those equity securities rank on a parity with the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of our affairs; and

junior to all equity securities issued by us the terms of which specifically provide that those equity securities rank senior to the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of our affairs.

The term equity securities does not include convertible debt securities.

Table of Contents

Dividends

Subject to the preferential rights of any other class or series of stock and to the provisions of the articles of incorporation regarding the restrictions on transfer of stock, holders of shares of our preferred stock will be entitled to receive dividends on such stock when, as and if authorized by our board of directors out of funds legally available therefor and declared by us, at rates and on dates as will be set forth in the applicable prospectus supplement.

Dividends on any series or class of our preferred stock may be cumulative or noncumulative, as provided in the applicable prospectus supplement. Dividends, if cumulative, will be cumulative from and after the date set forth in the applicable prospectus supplement. If our board of directors fails to authorize a dividend payable on a dividend payment date on any series or class of preferred stock for which dividends are noncumulative, then the holders of that series or class of preferred stock will have no right to receive a dividend in respect of the dividend period ending on that dividend payment date, and we will have no obligation to pay the dividend accrued for that period, whether or not dividends on such series or class are declared or paid for any future period.

If any shares of preferred stock of any series or class are outstanding, no dividends may be authorized or paid or set apart for payment on the preferred stock of any other series or class ranking, as to dividends, on a parity with or junior to the preferred stock of that series or class for any period unless:

the series or class of preferred stock has a cumulative dividend, and full cumulative dividends have been or contemporaneously are authorized and paid or authorized and a sum sufficient for the payment of those dividends is set apart for payment on the preferred stock of that series or class for all past dividend periods and the then current dividend period; or

the series or class of preferred stock does not have a cumulative dividend, and full dividends for the then current dividend period have been or contemporaneously are authorized and paid or authorized and a sum sufficient for the payment of those dividends is set apart for the payment on the preferred stock of that series or class.

When dividends are not paid in full (or a sum sufficient for the full payment is not set apart) upon the shares of preferred stock of any series or class and the shares of any other series or class of preferred stock ranking on a parity as to dividends with the preferred stock of that series or class, then all dividends authorized on shares of preferred stock of that series or class and any other series or class of preferred stock ranking on a parity as to dividends with that preferred stock shall be authorized pro rata so that the amount of dividends authorized per share on the preferred stock of that series or class and other series or class of preferred stock will in all cases bear to each other the same ratio that accrued dividends per share on the shares of preferred stock of that series or class (which will not include any accumulation in respect of unpaid dividends for prior dividend periods if the preferred stock does not have a cumulative dividend) and that other series or class of preferred stock bear to each other. No interest, or sum of money in lieu of interest, will be payable in respect of any dividend payment or payments on preferred stock of that series or class that may be in arrears.

Redemption

We may have the right or may be required to redeem one or more series of preferred stock, in whole or in part, in each case upon the terms, if any, and at the time and at the redemption prices set forth in the applicable prospectus supplement.

If a series of preferred stock is subject to mandatory redemption, we will specify in the applicable prospectus supplement the number of shares we are required to redeem, when those redemptions start, the redemption price, and any other terms and conditions affecting the redemption. The redemption price will include all accrued and unpaid dividends, except in the case of noncumulative preferred stock. The redemption price may be payable in cash or other property, as specified in the applicable prospectus supplement. If the redemption price for preferred stock of any series or class is payable only from the net proceeds of the issuance

Table of Contents

of our stock, the terms of that preferred stock may provide that, if no such stock shall have been issued or to the extent the net proceeds from any issuance are insufficient to pay in full the aggregate redemption price then due, that preferred stock shall automatically and mandatorily be converted into shares of our applicable stock pursuant to conversion provisions specified in the applicable prospectus supplement.

Liquidation Preference

Upon any voluntary or involuntary liquidation or dissolution of us or winding up of our affairs, then before any distribution or payment will be made to the holders of common stock or any other series or class of stock ranking junior to any series or class of the preferred stock in the distribution of assets upon any liquidation, dissolution or winding up of our affairs, the holders of that series or class of preferred stock will be entitled to receive out of our assets legally available for distribution to shareholders liquidating distributions in the amount of the liquidation preference per share (set forth in the applicable prospectus supplement), plus an amount equal to all dividends accrued and unpaid on the preferred stock (which will not include any accumulation in respect of unpaid dividends for prior dividend periods if the preferred stock does not have a cumulative dividend). After payment of the full amount of the liquidating distributions to which they are entitled, the holders of preferred stock will have no right or claim to any of our remaining assets.

If, upon any voluntary or involuntary liquidation, dissolution or winding up, the legally available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of any series or class of preferred stock and the corresponding amounts payable on all shares of other classes or series of our stock of ranking on a parity with that series or class of preferred stock in the distribution of assets upon liquidation, dissolution or winding up, then the holders of that series or class of preferred stock and all other classes or series of capital stock will share ratably in any distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

If liquidating distributions have been made in full to all holders of any series or class of preferred stock, our remaining assets will be distributed among the holders of any other classes or series of stock ranking junior to that series or class of preferred stock upon liquidation, dissolution or winding up, according to their respective rights and preferences and in each case according to their respective number of shares. For these purposes, the consolidation or merger of us with or into any other entity, or the sale, lease, transfer or conveyance of all or substantially all of our property or business, will not be deemed to constitute a liquidation, dissolution or winding up of our affairs.

Voting Rights

Holders of preferred stock will not have any voting rights, except as set forth below or as indicated in the applicable prospectus supplement.

Unless provided otherwise for any series or class of preferred stock, so long as any shares of preferred stock of a series or class remain outstanding, we will not, without the affirmative vote or consent of the holders of at least a majority of the shares of that series or class of preferred stock outstanding at the time, given in person or by proxy, either in writing or at a meeting (such series or class voting separately as a class):

authorize or create, or increase the authorized or issued amount of, any class or series of stock ranking prior to that series or class of preferred stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up or reclassify any authorized stock into any of those shares, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any of those shares; or

amend, alter or repeal the provisions of our articles of incorporation for such series or class of preferred stock, whether by merger, consolidation or otherwise, so as to materially and adversely affect any right,

Table of Contents

preference, privilege or voting power of that series or class of preferred stock or the holders of the preferred stock. However, any increase in the amount of the authorized preferred stock or the creation or issuance of any other series or class of preferred stock, or any increase in the amount of authorized shares of such series or class or any other series or class of preferred stock, in each case ranking on a parity with or junior to the preferred stock of that series or class with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up, will not be deemed to materially and adversely affect such rights, preferences, privileges or voting powers.

These voting provisions will not apply if, at or prior to the time when the act with respect to which that vote would otherwise be required will be effected, all outstanding shares of that series or class of preferred stock have been redeemed or called for redemption upon proper notice and sufficient funds have been deposited in trust to effect that redemption.

Conversion Rights

The terms and conditions, if any, upon which shares of any series or class of preferred stock are convertible into shares of common stock will be set forth in the applicable prospectus supplement. The terms will include:

the number of shares of common stock into which the preferred stock is convertible;

the conversion price (or manner of calculation of the conversion price);

the conversion period;

provisions as to whether conversion will be at the option of the holders of the preferred stock or us;

the events requiring an adjustment of the conversion price; and

provisions affecting conversion in the event of the redemption of the preferred stock.

Series D Preferred Stock

Our board of directors has classified and designated 5,713,430 shares of Series D Preferred Stock, of which 4,221,539 shares are currently outstanding. The Series D Preferred Stock generally provides for the following rights, preferences and obligations.

Ranking

The Series D Preferred Stock ranks, relating to payments of dividends and distributions of assets upon liquidation, dissolution or winding-up:

senior to the common stock and to all of the stock that our board of directors may authorize in the future with terms that specifically provide that such stock ranks junior to the Series D Preferred Stock,

on a parity with all of the stock that our board of directors may authorize in the future with terms that specifically provide that such stock ranks on a parity with the Series D Preferred Stock, and

Edgar Filing: DYNEX CAPITAL INC - Form 424B2

junior to all of the stock that our board of directors may authorize in the future with terms that specifically provide that such stock ranks senior to the Series D Preferred Stock.

Distributions

Each share of Series D Preferred Stock accrues dividends cumulatively payable at a 9.50% annual rate. The holders of Series D Preferred Stock are entitled to receive, when and as declared by our board of directors out of

Table of Contents

funds legally available for that purpose, cumulative dividends payable in cash in an amount per share equal to the greater of (i) the per quarter base rate of \$0.2375 or (ii) the per share quarterly dividend declared on the number of shares of common stock, or portion thereof, into which a share of Series D Preferred Stock is convertible, payable quarterly in arrears on the last day, or next succeeding business day, of January, April, July and October of each year. To the extent that these distributions are treated as dividends for federal income tax purposes, they may be used to satisfy our 90% REIT distribution requirement.

Liquidation

In the event of any liquidation, dissolution or winding up of our company, before any payment or distribution of our assets is made to or set apart for the holders of stock ranking junior to the Series D Preferred Stock, the holders of shares of Series D Preferred Stock will be entitled to receive \$10.00 per share of Series D Preferred Stock plus an amount equal to all dividends (whether or not earned or declared) accumulated, accrued and unpaid thereon to the date of final distribution to the holders; but the holders are not entitled to any further payment. Until the holders of the Series D Preferred Stock are paid the liquidation preference in full, plus an amount equal to all dividends (whether or not earned or declared) accumulated, accrued and unpaid thereon to the date of final distribution to such holders, no payment will be made to any holder of stock ranking junior to the Series D Preferred Stock upon the liquidation, dissolution or winding up of the corporation.

If the assets, or proceeds thereof, distributable among the holders of Series D Preferred Stock are insufficient to pay in full the preferential amount and liquidating payments, then such assets, or the proceeds thereof, will be distributed among the holders of Series D Preferred Stock ratably in the same proportion as the respective amounts that would be payable on such Series D Preferred Stock if all amounts payable thereon were paid in full. After payment has been made in full to the holders of Series D Preferred Stock, any other series or class of stock ranking junior to the Series D Preferred Stock will be entitled to receive any and all assets remaining to be paid or distributed.

Conversion

The Series D Preferred Stock is convertible by its holder, at such holder's option, at any time into one share of common stock for each share of Series D Preferred Stock. The Series D Preferred Stock converts automatically into a new series of senior notes bearing an annual interest rate of 9.50% whenever we fall into arrears in the payment of dividends for two quarterly dividend periods or fail to maintain consolidated shareholders equity equal to at least 200% of the aggregate issue price of the then outstanding Series D Preferred Stock. The articles of amendment that provide for the Series D Preferred Stock also provide that this new series of senior notes will be governed by an indenture that will be in a form and substance substantially similar to the indenture that governed our 9.50% Senior Notes (the balance of which were paid in full in 2007) and that satisfies the requirements of the Trust Indenture Act.

Redemption

We are able to redeem, at our option and in whole or in part, the shares of Series D Preferred Stock by either (i) issuing and delivering to each holder for each share of Series D Preferred Stock to be redeemed the number of shares of common stock calculated in accordance with a conversion ratio that will be initially set at one share of common stock for each share of Series D Preferred Stock; provided, however, that for 20 trading days within any period of 30 consecutive trading days, including the last trading day of the period, the current market price of the common stock on each of the 20 trading days equals or exceeds \$10.00, or (ii) paying out of funds legally available therefore a redemption price payable in cash equal to \$10.00 per share of Series D Preferred Stock (plus all accumulated, accrued and unpaid dividends) for each share of Series D Preferred Stock.

Table of Contents

Restrictions on Transfer

Holders of Series D Preferred Stock are prohibited from transferring shares of Series D Preferred Stock where the transfer could or would result in our disqualification as a real estate investment trust under the Code, or could or would result in a person or persons acting as a group directly or indirectly owning in the aggregate more than 9.8% of the outstanding shares of our capital stock.

Voting Rights

The holders of Series D Preferred Stock have the right to vote separately to elect one director as long as any shares of Series D Preferred Stock remain outstanding and have the right to elect two directors so long as at least 50% of the originally issued shares of Series D Preferred Stock remain outstanding.

If any shares of Series D Preferred Stock remain outstanding, in addition to any other vote or consent of stockholders required by law or the articles of incorporation, as amended, the affirmative vote of at least 66 ²/₃% of the votes entitled to be cast by the holders of the Series D Preferred Stock will be required to (i) approve an amendment, alteration or repeal of any provisions of the articles of incorporation or bylaws that materially adversely affects the voting powers, rights or preferences of the holders of Series D Preferred Stock or (ii) authorizes or creates or increases an authorized amount of, any shares of any class or any security convertible into shares of any class ranking prior or senior to the Series D Preferred Stock in the distribution of assets on any liquidation, dissolution or winding up of our company or in the payment of dividends.

Preemptive Rights

The holders of Series D Preferred Stock have no preemptive rights.

Table of Contents

DESCRIPTION OF OUR DEBT SECURITIES

The following description, together with the additional information we include in any applicable prospectus supplements, summarizes the material terms and provisions of the debt securities that we may offer under this prospectus. Although the terms we have summarized below will apply generally to any future debt securities we may offer, we will describe the particular terms of any debt securities that we may offer in more detail in the applicable prospectus supplement. If we indicate in a prospectus supplement, the terms of any debt securities we offer under that prospectus supplement may differ from the terms we describe below.

The debt securities will be our direct unsecured general obligations and may include debentures, notes, bonds or other evidences of indebtedness. The debt securities will be either senior debt securities or subordinated debt securities. The debt securities will be issued under one or more separate indentures. Senior debt securities will be issued under a senior indenture, and subordinated debt securities will be issued under a subordinated indenture. We use the term `indentures` to refer to both the senior indenture and the subordinated indenture. The indentures will be qualified under the Trust Indenture Act. We use the term `trustee` to refer to either the senior trustee or the subordinated trustee, as applicable.

The following summaries of material provisions of the debt securities are subject to, and qualified in their entirety by reference to, all the provisions of the indenture applicable to a particular series of debt securities.

General

We will describe in each prospectus supplement the following terms relating to a series of debt securities:

the title;

any limit on the amount that may be issued;

whether or not we will issue the series of debt securities in global form, the terms and who the depository will be;

the maturity date;

the annual interest rate, which may be fixed or variable, or the method for determining the rate and the date interest will begin to accrue, the dates interest will be payable and the regular record dates for interest payment dates or the method for determining such dates;

whether or not the debt securities will be secured or unsecured, and the terms of any secured debt;

the terms of the subordination of any series of subordinated debt;

the place where payments will be payable;

our right, if any, to defer payment of interest and the maximum length of any such deferral period;

Edgar Filing: DYNEX CAPITAL INC - Form 424B2

the date, if any, after which, and the price at which, we may, at our option, redeem the series of debt securities pursuant to any optional redemption provisions;

the date, if any, on which, and the price at which we are obligated, pursuant to any mandatory sinking fund provisions or otherwise, to redeem, or at the holder's option to purchase, the series of debt securities;

whether the indenture will restrict our ability to pay dividends, or will require us to maintain any asset ratios or reserves;

whether we will be restricted from incurring any additional indebtedness;

a discussion on any material or special United States federal income tax considerations applicable to the debt securities;

Table of Contents

the denominations in which we will issue the series of debt securities, if other than denominations of \$1,000 and any integral multiple thereof; and

any other specific terms, preferences, rights or limitations of, or restrictions on, the debt securities.

Conversion or Exchange Rights

We will set forth in the prospectus supplement the terms on which a series of debt securities may be convertible into or exchangeable for shares of common stock or other securities of ours. We will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. We may include provisions pursuant to which the number of shares of common stock or other securities of ours that the holders of the series of debt securities receive would be subject to adjustment.

Consolidation, Merger or Sale

The indentures will not contain any covenant that restricts our ability to merge or consolidate, or sell, convey, transfer or otherwise dispose of all or substantially all of our assets. However, any successor to or acquiror of such assets must assume all of our obligations under the indentures or the debt securities, as appropriate.

Events of Default Under an Indenture

We will set forth in the prospectus supplement a description of the events of default under any indenture with respect to a series of debt securities that we may issue.

Discharge

Each indenture will describe the circumstances under which we can elect to be discharged from our obligations with respect to a series of debt securities.

Form, Exchange and Transfer

We will issue the debt securities of each series only in fully registered form without coupons and, unless we otherwise specify in the applicable prospectus supplement, in denominations of \$1,000 and any integral multiple thereof. We may issue debt securities of a series in temporary or permanent global form and as book-entry securities that will be deposited with, or on behalf of, The Depository Trust Company or another depository named by us and identified in a prospectus supplement with respect to that series.

At the option of the holder, subject to the terms of the indentures and the limitations applicable to global securities described in the applicable prospectus supplement, the holder of the debt securities of any series can exchange the debt securities for other debt securities of the same series, in any authorized denomination and of like tenor and aggregate principal amount.

Subject to the terms of the indentures and the limitations applicable to global securities set forth in the applicable prospectus supplement, holders of the debt securities may present the debt securities for exchange or for registration of transfer, duly endorsed or with the form of transfer endorsed thereon duly executed if so required by us or the security registrar, at the office of the security registrar or at the office of any transfer agent designated by us for this purpose. Unless otherwise provided in the debt securities that the holder presents for transfer or exchange, we will make no service charge for any registration of transfer or exchange, but we may require payment of any taxes or other governmental charges.

We will name in the applicable prospectus supplement the security registrar, and any transfer agent in addition to the security registrar, that we initially designate for any debt securities. We may at any time designate

Table of Contents

additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for the debt securities of each series.

If we elect to redeem the debt securities of any series, we will not be required to:

issue, register the transfer of, or exchange any debt securities of that series during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any debt securities that may be selected for redemption and ending at the close of business on the day of the mailing; or

register the transfer of or exchange any debt securities so selected for redemption, in whole or in part, except the unredeemed portion of any debt securities we are redeeming in part.

Information Concerning the Trustee

The trustee, other than during the occurrence and continuance of an event of default under an indenture, will undertake to perform only those duties as are specifically set forth in the applicable indenture. Upon an event of default under an indenture, the trustee will be obligated to use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, a trustee will be under no obligation to exercise any of the powers given it by an indenture at the request of any holder of debt securities unless it is offered reasonable security and indemnity against the costs, expenses and liabilities that it might incur.

Payment and Paying Agents

Unless we otherwise indicate in the applicable prospectus supplement, we will make payment of the interest on any debt securities on any interest payment date to the person in whose name the debt securities, or one or more predecessor securities, are registered at the close of business on the regular record date for the interest.

We will pay principal of and any premium and interest on the debt securities of a particular series at the office of the paying agents designated by us, except that unless we otherwise indicate in the applicable prospectus supplement, we will make interest payments by check which we will mail to the holder. Unless we otherwise indicate in a prospectus supplement, we will designate the corporate trust office of the trustee in the City of New York as our sole paying agent for payments with respect to debt securities of each series. We will name in the applicable prospectus supplement any other paying agents that we initially designate for the debt securities of a particular series. We will maintain a paying agent in each place of payment for the debt securities of a particular series.

All money we pay to a paying agent or the trustee for the payment of the principal of or any premium or interest on any debt securities which remains unclaimed at the end of two years after such principal, premium or interest has become due and payable will be repaid to us, and the holder of the security thereafter may look only to us for payment thereof.

Table of Contents

DESCRIPTION OF OUR WARRANTS

This section describes the general terms and provisions of our securities warrants. The applicable prospectus supplement will describe the specific terms of the securities warrants offered through that prospectus supplement as well as any general terms described in this section that will not apply to those securities warrants.

We may issue securities warrants for the purchase of our debt securities, preferred stock, or common stock. We may issue warrants independently or together with other securities, and they may be attached to or separate from the other securities. Each series of securities warrants will be issued under a separate warrant agreement that we will enter into with a bank or trust company, as warrant agent, as detailed in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the securities warrants and will not assume any obligation, or agency or trust relationship, with you.

The prospectus supplement relating to a particular issue of securities warrants will describe the terms of those securities warrants, including, where applicable:

the aggregate number of the securities covered by the warrant;

the designation, amount and terms of the securities purchasable upon exercise of the warrant;

the exercise price for our debt securities, the amount of debt securities upon exercise you will receive, and a description of that series of debt securities;

the exercise price for shares of our preferred stock, the number of shares of preferred stock to be received upon exercise, and a description of that series of our preferred stock;

the exercise price for shares of our common stock and the number of shares of common stock to be received upon exercise;

the expiration date for exercising the warrant;

the minimum or maximum amount of warrants that may be exercised at any time;

a discussion of U.S. federal income tax consequences; and

any other material terms of the securities warrants.

After the warrants expire they will become void. The prospectus supplement will describe how to exercise securities warrants. A holder must exercise warrants for our preferred stock or common stock through payment in U.S. dollars. All securities warrants will be issued in registered form. The prospectus supplement may provide for the adjustment of the exercise price of the securities warrants.

Until a holder exercises warrants to purchase our debt securities, preferred stock, or common stock, that holder will not have any rights as a holder of our debt securities, preferred stock, or common stock by virtue of ownership of warrants.

BOOK-ENTRY SECURITIES

Edgar Filing: DYNEX CAPITAL INC - Form 424B2

The securities offered by means of this prospectus may be issued in whole or in part in book-entry form, meaning that beneficial owners of the securities will not receive certificates representing their ownership interests in the securities, except in the event the book-entry system for the securities is discontinued. Securities issued in book-entry form will be evidenced by one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement relating to the securities. We expect that The Depository Trust Company will serve as depository. Unless and until it is exchanged in whole or in part for the individual securities represented by that security, a global security may not be transferred except as a whole by

Table of Contents

the depository for the global security to a nominee of that depository or by a nominee of that depository to that depository or another nominee of that depository or by the depository or any nominee of that depository to a successor depository or a nominee of that successor. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. The specific terms of the depository arrangement with respect to a class or series of securities that differ from the terms described here will be described in the applicable prospectus supplement.

Unless otherwise indicated in the applicable prospectus supplement, we anticipate that the provisions described below will apply to depository arrangements.

Upon the issuance of a global security, the depository for the global security or its nominee will credit on its book-entry registration and transfer system the respective principal amounts of the individual securities represented by that global security to the accounts of persons that have accounts with such depository, who are called participants. Those accounts will be designated by the underwriters, dealers or agents with respect to the securities or by us if the securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to the depository's participants or persons that may hold interests through those participants. Ownership of beneficial interests in the global security will be shown on, and the transfer of that ownership will be effected only through records maintained by the applicable depository or its nominee (with respect to beneficial interests of participants) and records of the participants (with respect to beneficial interests of persons who hold through participants). The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. These limits and laws may impair the ability to own, pledge or transfer beneficial interest in a global security.

So long as the depository for a global security or its nominee is the registered owner of such global security, that depository or nominee, as the case may be, will be considered the sole owner or holder of the securities represented by that global security for all purposes under the applicable indenture or other instrument defining the rights of a holder of the securities. Except as provided below or in the applicable prospectus supplement, owners of beneficial interest in a global security will not be entitled to have any of the individual securities of the series represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of any such securities in definitive form and will not be considered the owners or holders of that security under the applicable indenture or other instrument defining the rights of the holders of the securities.

Payments of amounts payable with respect to individual securities represented by a global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the global security representing those securities. None of us, our officers and directors or any trustee, paying agent or security registrar for an individual series of securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security for such securities or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depository for a series of securities offered by means of this prospectus or its nominee, upon receipt of any payment of principal, premium, interest, dividend or other amount in respect of a permanent global security representing any of those securities, will immediately credit its participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of that global security for those securities as shown on the records of that depository or its nominee. We also expect that payments by participants to owners of beneficial interests in that global security held through those participants will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in street name. Those payments will be the responsibility of these participants.

If a depository for a series of securities is at any time unwilling, unable or ineligible to continue as depository and a successor depository is not appointed by us within 90 days, we will issue individual securities of that series in exchange for the global security representing that series of securities. In addition, we may, at any

Table of Contents

time and in our sole discretion, subject to any limitations described in the applicable prospectus supplement relating to those securities, determine not to have any securities of that series represented by one or more global securities and, in that event, will issue individual securities of that series in exchange for the global security or securities representing that series of securities.

MATERIAL PROVISIONS OF VIRGINIA LAW AND OF OUR ARTICLES OF INCORPORATION AND BYLAWS

The following is a summary of certain provisions of Virginia law and of our articles of incorporation and bylaws. Copies of our articles of incorporation and bylaws are filed as exhibits to the registration statement of which this prospectus is a part. See [Where You Can Find More Information](#).

The Board of Directors

Our bylaws provide that the number of directors of our company may be increased or decreased from time to time by our board of directors but may not be fewer than three nor more than 15. A majority of the directors are required to be Unaffiliated Directors. An Unaffiliated Director means a director of our company who is not affiliated, directly or indirectly with any person or entity, if any, responsible for directing and performing our day-to-day business affairs.

Any vacancy other than by reason of an increase in the number of directors may be filled, at any regular meeting or at any special meeting called for that purpose, by a majority of the remaining directors, provided, however, that Unaffiliated Directors will nominate replacements for vacancies among the Unaffiliated Directors, which replacements must be elected by a majority of the directors, including a majority of the Unaffiliated Directors. Any vacancy occurring by reason of an increase in the number of directors may be filled by action of a majority of the entire board of directors including a majority of Unaffiliated Directors. Directors elected by the board to fill a vacancy shall be elected to hold office until the next annual meeting of stockholders or until a successor is elected and qualified.

Pursuant to our articles of incorporation, all members of our board of directors will serve one year terms and until their successors are elected and qualified. Holders of shares of our common stock will have no right to cumulative voting in the election of directors. Consequently, at each annual meeting of stockholders at which our board of directors is elected, the holders of a plurality of the shares of our common stock will be able to elect all of the members of our board of directors other than the directors entitled to be elected by holders of our preferred stock. The holders of our Series D Preferred Stock are presently entitled to elect two directors.

Amendments to Our Articles of Incorporation

Unless our articles of incorporation or Virginia corporate law otherwise require, our articles of incorporation may be amended with the approval of the holders of a majority of the outstanding shares of common stock, subject to the voting rights (if any) of any series of preferred stock that may be outstanding from time to time.

Dissolution of Our Company

The dissolution of our company must be declared advisable by the board of directors and approved by the affirmative vote of the holders of a majority of all of the votes entitled to be cast on the matter, subject to any voting rights of any series of preferred stock outstanding.

Table of Contents

Advance Notice of Director Nominations and New Business

Our bylaws provide that:

with respect to an annual meeting of stockholders, the only business to be considered and the only proposals to be acted upon will be those properly brought before the annual meeting:

by, or at the direction of, our board of directors; or

by a stockholder who is entitled to vote at the meeting and has complied with their advance notice procedures set forth in our bylaws;

with respect to special meetings of stockholders, only the business specified in our company's notice of meeting may be brought before the meeting of stockholders unless otherwise provided by law; and

nominations of persons for election to our board of directors at any annual or special meeting of stockholders may be made only:

by our board of directors or any committee thereof; or

by a stockholder who is entitled to vote at the meeting and has complied with the advance notice provisions set forth in our bylaws.

Anti-Takeover Effect of Certain Provisions of Virginia Law and of Our Articles of Incorporation and Bylaws

Affiliated Transactions

The Virginia Stock Corporation Act limits affiliated transactions between a corporation and an interested shareholder for three years after the most recent date on which the interested shareholder becomes an interested shareholder, except in compliance with the Act. These affiliated transactions include a merger, statutory share exchange, dissolution, or, in circumstances specified in the statute, certain transfers of assets, certain stock issuances and transfers and reclassifications involving interested shareholders. Virginia law defines an interested shareholder as:

any person who beneficially owns 10% or more of the voting power of our voting stock; or

An affiliate or associate of the corporation who, at any time within the three-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then-outstanding voting stock of the corporation.

The Virginia Stock Corporation Act provides that no corporation may engage in any affiliated transaction with any interested shareholder for a period of three years following the date on which an interested shareholder becomes an interested shareholder unless approved by the affirmative vote of a majority (but not less than two) of the disinterested directors and by the affirmative vote of the holders of two-thirds of the voting shares other than shares beneficially owned by the interested shareholder. After the three-year period, a corporation may engage in an affiliated transaction with an interested shareholder, provided that such transaction is approved by the affirmative vote of the holders of two-thirds of the voting shares other than shares beneficially owned by the interested shareholders.

Edgar Filing: DYNEX CAPITAL INC - Form 424B2

The statute permits various exemptions from its provisions, including for affiliated transactions entered into after the three-year period that are approved by a majority of disinterested directors and affiliated transactions where the consideration will be paid to the holders of each class or series of voting shares and certain other conditions are met.

Control Share Acquisitions

The Virginia Stock Corporation Act provides that shares of a Virginia corporation acquired in a control share acquisition have no voting rights except to the extent approved by resolution or at a special meeting by the

Table of Contents

affirmative vote of a majority of the votes entitled to be cast on the matter, excluding interested shares of stock in a corporation in respect of which any of the following persons is entitled to exercise or direct the exercise of the voting power of shares of stock of the corporation: (i) an acquiring person with respect to a control share acquisition; (ii) any officer of such corporation; or (iii) any employee of such corporation who is also a director of the corporation. A control share acquisition means the acquisition of shares by a person that when added to all other shares owned by such person would cause such person to become entitled, immediately upon acquisition of such shares, to vote or direct the vote of, shares having voting power within any of the following ranges of the votes entitled to be cast in an election of directors (i) one-fifth or more but less than one-third of such votes; (ii) one-third or more but less than a majority of such votes; or (iii) a majority or more of such votes.

A person who has made or proposes to make a control share acquisition, upon satisfaction of certain conditions (including an undertaking to pay expenses), may compel our board of directors to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the shares. If no request for a meeting is made, the corporation may itself present the question at any stockholders meeting.

If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of such appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition.

The control share acquisition statute does not apply to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction.

Bylaws

The advance notice provisions of our bylaws could delay, defer or prevent a transaction or a change of control of our company that might involve a premium price for holders of our common stock or otherwise be in their best interest.

Indemnification and Limitation of Directors and Officers Liability

The Virginia Stock Corporation Act and our articles of incorporation provide for indemnification of our directors and officers in a variety of circumstances, which may include liabilities under the Securities Act of 1933. Our articles of incorporation require indemnification of directors and officers with respect to certain liabilities, expenses, and other amounts imposed on them by reason of having been a director or officer, except in the case of willful misconduct or a knowing violation of criminal law. We also carry insurance on behalf of directors, officers, employees or agents which may cover liabilities under the Securities Act of 1933.

Under the Virginia Stock Corporation Act, a Virginia corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that personal benefit was improperly received, unless in either case a court orders indemnification and then only for expenses. In addition, the Virginia Stock Corporation Act permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of:

a written affirmation by the director or officer of his good faith belief that he has met the standard of conduct necessary for indemnification by the company; and

a written undertaking by the director or on the director's behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the director did not meet the standard of conduct.

Insofar as the foregoing provisions permit indemnification of directors, officers or persons controlling us for liability arising under the Securities Act, we have been informed that in the opinion of the Securities and Exchange Commission, this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Table of Contents

FEDERAL INCOME TAX CONSEQUENCES OF OUR STATUS AS A REIT

The following discussion is a summary of the material U.S. federal income tax considerations that may be relevant to a prospective holder of securities. This summary is for general information only, and does not purport to address all aspects of U.S. federal income taxation that may be relevant to particular investors in light of their personal investment or tax circumstances, or to certain types of investors that are subject to special treatment under the federal income tax laws, such as insurance companies, financial institutions or broker-dealers, tax-exempt organizations, foreign corporations and persons who are not citizens or residents of the United States (except to the limited extent discussed in Taxation of Non-U.S. Holders), investors who hold or will hold securities as part of hedging or conversion transactions or other integrated investment, investors subject to federal alternative minimum tax, investors holding their interest through a partnership or other pass-through entities, investors that have a principal place of business or tax home outside the United States and investors whose functional currency is not the United States dollar. This summary assumes that stockholders will hold our capital stock as capital assets.

The statements of law in this discussion are based on the Internal Revenue Code of 1986, as amended, or the Code, existing temporary, proposed and final Treasury regulations promulgated thereunder, current administrative interpretations, practices and rulings, and judicial decisions, all as currently in effect and all of which are subject to differing interpretations. In addition, no assurance can be given that future legislative, judicial, or administrative actions or decisions, which may be retroactive in effect, will not affect the accuracy of any statements in this prospectus with respect to the transactions entered into or contemplated prior to the effective date of such changes. No assurance can be given that the IRS would not assert, or that a court of competent jurisdiction would not sustain, a position contrary to any tax consequences described below.

We urge you to consult your own tax advisor regarding the specific tax consequences to you of ownership of our securities and of our election to be taxed as a REIT. Specifically, we urge you to consult your own tax advisor regarding the federal, state, local, foreign, and other tax consequences of such ownership and election and regarding potential changes in applicable tax laws.

Taxation of Our Company

We are currently taxed as a REIT under the U.S. federal income tax laws. We believe that we are organized and operate in such a manner as to qualify for taxation as a REIT under the Code, and we intend to continue to operate in such a manner, but no assurance can be given that we will operate in a manner so as to continue to qualify as a REIT. This section discusses the laws governing the federal income tax treatment of a REIT and its investors. These laws are highly technical and complex.

We have a tax net operating loss carryforward of approximately \$150 million, and a capital loss carryforward of approximately \$12 million. The net operating loss carryforward expires substantially beginning in 2019 and the capital loss carryforward expires in 2011. To the extent that we have taxable income that is not distributed by us to our shareholders, we may offset such taxable income with our loss carryforwards and would not have to pay income tax and which would not impact our REIT status. As a result, we are not necessarily required to distribute 90% or more of our earnings to maintain our REIT status. See further discussion below.

Prior to the issuance of any securities under this registration statement, Troutman Sanders LLP, which has acted as our counsel in connection with the filing of this registration statement, is expected to issue its opinion that for the taxable year ending December 31, 2006, we have been organized and operated in conformity with the requirements for qualification as a REIT pursuant to sections 856 through 860 of the Code, and that for the taxable year ending December 31, 2007 and subsequent taxable years our organization and present and proposed method of operation enables us to meet the requirements for qualification and taxation as a REIT under the Code. Investors should be aware that Troutman Sanders LLP's opinion will be based upon customary assumptions, is conditioned upon the accuracy of certain representations made by us as to factual matters, including

Table of Contents

representations regarding the nature of our assets and the future conduct of our business, and will not be binding upon the Internal Revenue Service (IRS) or any court. In addition, Troutman Sanders LLP's opinion will be based on existing federal income tax law governing qualification as a REIT, which is subject to change either prospectively or retroactively. Moreover, our continued qualification and taxation as a REIT depend upon our ability to meet on a continuing basis, through actual annual operating results, certain qualification tests set forth in the U.S. federal tax laws. Those qualification tests include the percentage of income that we earn from specified sources, the percentage of our assets that falls within specified categories, the diversity of our share ownership, and the percentage of our earnings that we distribute. While Troutman Sanders LLP will review those matters in connection with rendering the foregoing opinion, Troutman Sanders LLP will not review our compliance with those tests on a continuing basis. Accordingly, no assurance can be given that the actual results of our operation for any particular taxable year will satisfy such requirements. For a discussion of the tax consequences of our failure to qualify as a REIT, see Failure to Qualify.

If we qualify as a REIT, we generally will not be subject to federal income tax on the taxable income that we distribute to our stockholders. The benefit of that tax treatment is that it avoids the double taxation, or taxation at both the corporate and stockholder levels, that generally results from owning stock in a corporation. However, we will be subject to U.S. federal tax in the following circumstances:

We will pay U.S. federal income tax at regular corporate rates on taxable income, including net capital gain, that we do not distribute to our stockholders during, or within a specified time period after, the calendar year in which the income is earned, to the extent we cannot otherwise offset such income with our loss carryforward.

Under certain circumstances, we may be subject to the alternative minimum tax on items of tax preference.

We will pay income tax at the highest corporate rate on (1) net income from the sale or other disposition of property acquired through foreclosure (foreclosure property) that we hold primarily for sale to customers in the ordinary course of business and (2) other non-qualifying income from foreclosure property.

We will pay a 100% tax on net income from sales or other dispositions of property, other than foreclosure property, that we hold primarily for sale to customers in the ordinary course of business.

If we fail to satisfy the 75% gross income test or the 95% gross income test, as described below under Income Tests, and nonetheless continue to qualify as a REIT because we meet other requirements, we will pay a 100% tax on (1) the gross income attributable to the greater of the amounts by which we fail the 75% and 95% gross income tests, multiplied by (2) a fraction intended to reflect our profitability.

After consideration of our loss carryforwards, if we fail to distribute during a calendar year at least the sum of (1) 85% of our REIT ordinary income for such year, (2) 95% of our REIT capital gain net income for such year, and (3) any undistributed taxable income from prior periods, we will pay a 4% excise tax on the excess of this required distribution over the sum of the amount we actually distributed, plus any retained amounts on which income tax has been paid at the corporate level.

We may elect to retain and pay income tax on our net long-term capital gain. In that case a U.S. holder, as defined below under Taxation of U.S. Holders, would be taxed on its proportionate share of our undistributed long-term capital gain (to the extent that a timely designation of such gain is made by us to the stockholder) and would receive a credit or refund for its proportionate share of the tax we paid.

If we acquire any asset from a C corporation, or a corporation that generally is subject to full corporate-level tax, in a merger or other transaction in which we acquire a basis in the asset that is determined by reference to the C corporation's basis in the asset, we will

Edgar Filing: DYNEX CAPITAL INC - Form 424B2

pay tax at the highest regular corporate rate applicable if we recognize gain on the sale or disposition of such asset during the 10-year period after we acquire such asset. The amount of gain on which we will pay tax generally is the lesser of: (1) the

Table of Contents

amount of gain that we recognize at the time of the sale or disposition; or (2) the amount of gain that we would have recognized if we had sold the asset at the time we acquired the asset.

We will incur a 100% excise tax on transactions with a taxable REIT subsidiary (TRS) that are not conducted on an arm's-length basis.

If we fail to satisfy certain asset tests, described below under Asset Tests and nonetheless continue to qualify as a REIT because we meet certain other requirements, we will be subject to a tax of the greater of \$50,000 or at the highest corporate rate on the net income generated by the non-qualifying assets.

We may be subject to a \$50,000 tax for each failure if we fail to satisfy certain REIT qualification requirements, other than income tests or asset tests, and the failure is due to reasonable cause and not willful neglect.

If we recognize excess inclusion income and have stockholders who are disqualified organizations, we may have to pay tax at the highest corporate rate on the portion of the excess inclusion income allocable to the stockholders that are disqualified organizations. See Taxable Mortgage Pools below.

We may be required to pay monetary penalties to the IRS in certain circumstances, including if we fail to meet record-keeping requirements intended to monitor our compliance with votes relating to the composition of our stockholders.

In addition, notwithstanding our qualification as a REIT, we may also have to pay certain state and local income taxes, because not all states and localities treat REITs in the same manner that they are treated for U.S. federal income tax purposes. Moreover, as further described below, any TRS in which we own an interest will be subject to federal and state corporate income tax on its taxable income.

Requirements for Qualification

A REIT is a corporation, trust, or association that meets the following requirements:

1. it is managed by one or more trustees or directors;
2. its beneficial ownership is evidenced by transferable shares or by transferable certificates of beneficial interest;
3. it would be taxable as a domestic corporation but for the REIT provisions of the U.S. federal income tax laws;
4. it is neither a financial institution nor an insurance company subject to special provisions of the U.S. federal income tax laws;
5. at least 100 persons are beneficial owners of its shares or ownership certificates;
6. no more than 50% in value of its outstanding shares or ownership certificates is owned, directly or indirectly, by five or fewer individuals, as defined in the U.S. federal income tax laws to include certain entities, during the last half of each taxable year;

Edgar Filing: DYNEX CAPITAL INC - Form 424B2

7. it elects to be a REIT, or has made such election for a previous taxable year, and satisfies all relevant filing and other administrative requirements established by the IRS that must be met to elect and maintain REIT status;
8. it uses a calendar year for federal income tax purposes and complies with the recordkeeping requirements of the federal income tax laws; and
9. it meets certain other qualification tests, described below, regarding the nature of its income and assets and the amount of its distributions.

Table of Contents

We must meet requirements 1 through 4 during our entire taxable year and must meet requirement 5 during at least 335 days of a taxable year of 12 months, or during a proportionate part of a taxable year of less than 12 months. If we comply with all the requirements for ascertaining the ownership of our outstanding shares in a taxable year and have no reason to know that we violated requirement 6, we will be deemed to have satisfied requirement 6 for such taxable year. For purposes of determining share ownership under requirement 6, an individual generally includes a supplemental unemployment compensation benefits plan, a private foundation, or a portion of a trust permanently set aside or used exclusively for charitable purposes. An individual, however, generally does not include a trust that is a qualified employee pension or profit sharing trust under the federal income tax laws, and beneficiaries of such a trust will be treated as holding shares of our stock in proportion to their actuarial interests in the trust for purposes of requirement 6.

We have issued sufficient stock with enough diversity of ownership to satisfy requirements 5 and 6 set forth above. In addition, our articles of incorporation restrict the ownership and transfer of the stock so that we should continue to satisfy requirements 5 and 6. The provisions of our charter restricting the ownership and transfer of the stock are described in Description of Our Capital Stock Restrictions on Ownership and Transfer.

If we comply with regulatory rules pursuant to which we are required to send annual letters to holders of our stock requesting information regarding the actual ownership of our stock, and we do not know, or exercising reasonable diligence would not have known, whether we failed to meet requirement 6 above, we will be treated as having met the requirement.

In addition, we must satisfy all relevant filing and other administrative requirements established by the IRS that must be met to elect and maintain REIT qualification.

A corporation that is a qualified REIT subsidiary is not treated as a corporation separate from its parent REIT. All assets, liabilities, and items of income, deduction, and credit of a qualified REIT subsidiary are treated as assets, liabilities, and items of income, deduction, and credit of the REIT. A qualified REIT subsidiary is a corporation, other than a TRS, all of the capital stock of which is owned by the REIT. Thus, in applying the requirements described in this section, any qualified REIT subsidiary that we own will be ignored for U.S. federal income tax purposes, and all assets, liabilities, and items of income, deduction, and credit of that subsidiary will be treated as our assets, liabilities, and items of income, deduction, and credit. Similarly, any wholly owned limited liability company or certain wholly owned partnerships that we own will be disregarded, and all assets, liabilities and items of income, deduction and credit of such limited liability company will be treated as ours.

In the case of a REIT that is a partner in a partnership that has other partners, the REIT is treated as owning its proportionate share of the assets of the partnership and as earning its allocable share of the gross income of the partnership for purposes of the applicable REIT qualification tests. For purposes of the 10% value test (as described below under Asset Tests), our proportionate share is based on our proportionate interest in the equity interests and certain debt securities issued by the partnership. For all of the other asset and income tests, our proportionate share is based on our proportionate interest in the capital interests in the partnership. Our proportionate share of the assets, liabilities, and items of income of any partnership, joint venture, or limited liability company that is treated as a partnership for federal income tax purposes in which we own or will acquire an interest, directly or indirectly, are treated as our assets and gross income for purposes of applying the various REIT qualification requirements.

Subject to restrictions on the value of TRS securities held by the REIT, a REIT is permitted to own up to 100% of the stock of one or more TRS. A TRS is a fully taxable corporation. The TRS and the REIT must jointly elect to treat the subsidiary as a TRS. A corporation of which a TRS directly or indirectly owns more than 35% of the voting power or value of the stock will be automatically treated as a TRS. Overall, no more than 20% of the value of a REIT's assets may consist of TRS securities. See Taxable REIT Subsidiaries.

Table of Contents

Gross Income Tests

We must satisfy two gross income tests annually to maintain our qualification as a REIT. First, at least 75% of our gross income for each taxable year must consist of defined types of income that we derive, directly or indirectly, from investments relating to real property or mortgages on real property or qualified temporary investment income, excluding gross income from sales of inventory or dealer property in prohibited transactions. Qualifying income for purposes of that 75% gross income test generally includes:

rents from real property;

interest on debt secured by mortgages on real property or on interests in real property;

dividends and gain from the sale of shares in other REITs;

gain from the sale of real estate assets; and

income derived from the temporary investment of new capital or qualified temporary investment income, that is attributable to the issuance of our stock or a public offering of our debt with a maturity date of at least five years and that we receive during the one year period beginning on the date on which we received such new capital.

Second, in general, at least 95% of our gross income, excluding gross income from prohibited transactions, for each taxable year must consist of income that is qualifying income for purposes of the 75% gross income test above, other types of dividends and interest, gain from the sale or disposition of stock or securities, income from certain hedging transactions, or any combination of these. In addition, income and gain from hedging transactions, as defined in Hedging Transactions, that we enter into to hedge indebtedness incurred or to be incurred to acquire or carry real estate assets and that are clearly and timely identified as such will be excluded from both the numerator and the denominator for purposes of the 95% gross income test (but not the 75% gross income test). The following paragraphs discuss the specific application of the gross income tests to us.

Rents from Real Property. Rent that we receive from any real property that we might own and lease to tenants will qualify as rents from real property, which is qualifying income for purposes of the 75% and 95% gross income tests, only if the several conditions are met, including the following:

First, the rent must not be based, in whole or in part, on the income or profits of any person but may be based on a fixed percentage or percentages of gross receipts or gross sales.

Second, neither we nor a direct or indirect owner of 10% or more of our shares of stock may own, actually or constructively, 10% or more of a tenant other than a TRS from whom we receive rent.

Third, if the rent attributable to personal property leased in connection with a lease of any real property that we might own exceeds 15% of the total rent received under the lease, then the portion of rent attributable to that personal property will not qualify as rents from real property.

Fourth, we generally must not operate or manage any real property or furnish or render services to tenants, other than through an independent contractor who is adequately compensated, from whom we do not derive revenue, and who does not, directly or through its stockholders, own more than 35% of our shares of stock, taking into consideration the applicable ownership attribution rules.

Edgar Filing: DYNEX CAPITAL INC - Form 424B2

However, we need not provide services through an independent contractor, but instead may provide services directly to any such tenants, if the services are usually or customarily rendered in the geographic area in connection with the rental of space for occupancy only and are not considered to be provided for the tenants' convenience. In addition, we may provide a minimal amount of non-customary services to the tenants of a property, other than through an independent contractor, as long as our income from the services (valued at not less than 150% of our direct cost of performing such services) does not exceed 1% of our income from the related property. Furthermore, we may own up to 100% of the stock of a TRS which may provide customary and noncustomary services to tenants without tainting our rental income from the related properties. See Taxable REIT Subsidiaries.

Table of Contents

Interest. The term interest, as defined for purposes of both the 75% and 95% gross income tests, generally does not include any amount received or accrued, directly or indirectly, if the determination of such amount depends in whole or in part on the income or profits of any person. However, an amount received or accrued generally will not be excluded from the term interest solely by reason of being based on a fixed percentage or percentages of receipts or sales. Furthermore, to the extent that interest from a loan that is based on the residual cash proceeds from the sale of the property securing the loan constitutes a shared appreciation provision, income attributable to such participation feature will be treated as gain from the sale of the secured property.

In Revenue Procedure 2003-65, the IRS established a safe harbor under which interest from loans secured by a first priority security interest in ownership interests in a partnership or limited liability company owning real property will be treated as qualifying income for both the 75% and 95% gross income tests, provided several requirements are satisfied. Although the Revenue Procedure provides a safe harbor on which taxpayers may rely, it does not prescribe rules of substantive tax law. Moreover, although we anticipate that most or all of any mezzanine loans that we make or acquire will qualify for the safe harbor in Revenue Procedure 2003-65, it is possible that we may make or acquire some mezzanine loans that do not qualify for the safe harbor.

Prohibited Transactions. A REIT will incur a 100% tax on the net income derived from any sale or other disposition of property, other than foreclosure property, that the REIT holds primarily for sale to customers in the ordinary course of a trade or business. Whether a REIT holds an asset primarily for sale to customers in the ordinary course of a trade or business depends on the facts and circumstances in effect from time to time, including those related to a particular asset. We do not own assets that are held primarily for sale to customers. We will attempt to comply with the terms of safe-harbor provisions in the federal income tax laws prescribing when an asset sale will not be characterized as a prohibited transaction. We cannot provide assurance, however, that we can comply with such safe-harbor provisions or that we or our subsidiaries will avoid owning property that may be characterized as property held primarily for sale to customers in the ordinary course of a trade or business.

Foreclosure Property. We will be subject to tax at the maximum corporate rate on any income from foreclosure property, other than income that would be qualifying income for purposes of the 75% gross income test, less expenses directly connected with the production of such income. However, gross income from such foreclosure property will qualify for purposes of the 75% and 95% gross income tests. Foreclosure property is any real property, including interests in real property, and any personal property incident to such real property:

that is acquired by a REIT as the result of such REIT having bid on such property at foreclosure, or having otherwise reduced such property to ownership or possession by agreement or process of law, after there was a default or default was imminent on a lease of such property or on an indebtedness that such property secured;

for which the related loan or lease was acquired by the REIT at a time when the REIT had no intent to evict or foreclose or the REIT did not know or have reason to know that default would occur; and

for which such REIT makes a proper election to treat such property as foreclosure property.

However, a REIT will not be considered to have foreclosed on a property where the REIT takes control of the property as a mortgagee-in-possession and cannot receive any profit or sustain any loss except as a creditor of the mortgagor. Property generally ceases to be foreclosure property with respect to a REIT at the end of the third taxable year following the taxable year in which the REIT acquired such property, or longer if an extension is granted by the Secretary of the Treasury. The foregoing grace period is terminated and foreclosure property ceases to be foreclosure property on the first day:

on which a lease is entered into with respect to such property that, by its terms, will give rise to income that does not qualify for purposes of the 75% gross income test or any amount is received or accrued, directly or indirectly, pursuant to a lease entered into on or after such day that will give rise to income that does not qualify for purposes of the 75% gross income test;

Table of Contents

on which any construction takes place on such property, other than completion of a building, or any other improvement, where more than 10% of the construction of such building or other improvement was completed before default became imminent; or

which is more than 90 days after the day on which such property was acquired by the REIT and the property is used in a trade or business which is conducted by the REIT, other than through an independent contractor from whom the REIT itself does not derive or receive any income.

As a result of the rules with respect to foreclosure property, if a lessee defaults on its obligations under a percentage lease, we terminate the lessee's leasehold interest, and we are unable to find a replacement lessee for the property within 90 days of such foreclosure, gross income from operations conducted by us from such property could cease to qualify for the 75% and 95% gross income tests unless we are able to hire an independent contractor to manage and operate the property. In such event, we might be unable to satisfy the 75% and 95% gross income tests and, thus, might fail to qualify as a REIT.

Hedging Transactions. From time to time, we may enter into hedging transactions with respect to one or more of our assets or liabilities. Our hedging activities may include entering into interest rate swaps, caps, and floors, options to purchase such items, and futures and forward contracts. To the extent that we enter into hedging transactions after December 31, 2004, income arising from clearly identified hedging transactions that are entered into by the REIT in the normal course of business, either directly or through certain subsidiary entities, to manage the risk of interest rate movements, price changes, or currency fluctuations with respect to borrowings or obligations incurred or to be incurred by the REIT to acquire or carry real estate assets is excluded from the 95% income test, but not the 75% income test. In general, for a hedging transaction to be clearly identified, (A) the transaction must be identified as a hedging transaction before the end of the day on which it is entered into, and (B) the items or risks being hedged must be identified substantially contemporaneously with the hedging transaction, meaning that the identification of the items or risks being hedged must generally occur within 35 days after the date the transaction is entered into. We intend to structure any hedging transactions in a manner that does not jeopardize our status as a REIT. The REIT income and asset rules may limit our ability to hedge loans or securities acquired as investments.

Failure to Satisfy Gross Income Tests. We intend to monitor our sources of income so as to ensure our compliance with the gross income tests. If we fail to satisfy one or both of the gross income tests for any taxable year, we nevertheless may qualify as a REIT for such year if we qualify for relief under certain provisions of the federal income tax laws. Those relief provisions generally will be available if:

our failure to meet such tests is due to reasonable cause and not due to willful neglect; and

following our identification of the failure to meet one or both gross income tests for a taxable year, a description of each item of our gross income included in the 75% or 95% gross income tests is set forth in a schedule for such taxable year filed as specified by Treasury regulations.

We cannot predict, however, whether in all circumstances we would qualify for the relief provisions. In addition, as discussed above in Taxation of Our Company, even if the relief provisions apply, we would incur a 100% tax on the gross income attributable to the greater of the amounts by which we fail the 75% and 95% gross income tests, multiplied by a fraction intended to reflect our profitability.

Asset Tests

To maintain our qualification as a REIT, we also must satisfy the following asset tests at the close of each quarter of each taxable year:

First, at least 75% of the value of our total assets must consist of:

cash or cash items, including certain receivables;

Table of Contents

U.S. government securities;

interests in real property, including leaseholds and options to acquire real property and leaseholds;

interests in mortgages on real property;

stock in other REITs; and

investments in stock or debt instruments during the one-year period following our receipt of new capital that we raise through equity offerings or offerings of debt with at least a five-year term.

Second, of our investments not included in the 75% asset class, the value of our interest in any one issuer's securities may not exceed 5% of the value of our total assets.

Third, of our investments not included in the 75% asset class, we may not own more than 10% of the voting power or value of any one issuer's outstanding securities.

Fourth, no more than 20% of the value of our total assets may consist of the securities of one or more TRSs.

For purposes of the second and third asset tests, the term securities does not include stock in another REIT, equity or debt securities of a qualified REIT subsidiary or TRS, or equity interests in a partnership.

For purposes of the 10% value test, the term securities does not include:

Straight debt securities, which is defined as a written unconditional promise to pay on demand or on a specified date a sum certain in money if (i) the debt is not convertible, directly or indirectly, into stock, and (ii) the interest rate and interest payment dates are not contingent on profits, the borrower's discretion, or similar factors. Straight debt securities do not include any securities issued by a partnership or a corporation in which we or any controlled TRS (i.e., a TRS in which we own directly or indirectly more than 50% of the voting power or value of the stock) hold non-straight debt securities that have an aggregate value of more than 1% of the issuer's outstanding securities. However, straight debt securities include debt subject to the following contingencies:

a contingency relating to the time of payment of interest or principal, as long as either (i) there is no change to the effective yield of the debt obligation, other than a change to the annual yield that does not exceed the greater of 0.25% or 5% of the annual yield, or (ii) neither the aggregate issue price nor the aggregate face amount of the issuer's debt obligations held by us exceeds \$1 million and no more than 12 months of unaccrued interest on the debt obligations can be required to be prepaid; and

a contingency relating to the time or amount of payment upon a default or prepayment of a debt obligation, as long as the contingency is consistent with customary commercial practice.

Any loan to an individual or an estate.

Edgar Filing: DYNEX CAPITAL INC - Form 424B2

Any section 467 rental agreement, other than an agreement with a related party tenant.

Any obligation to pay rents from real property.

Certain securities issued by governmental entities.

Any security issued by a REIT.

Any debt instrument of an entity treated as a partnership for federal income tax purposes to the extent of our interest as a partner in the partnership.

Any debt instrument of an entity treated as a partnership for federal income tax purposes not described in the preceding bullet points if at least 75% of the partnership's gross income, excluding income from prohibited transactions, is qualifying income for purposes of the 75% gross income test described above in [Income Tests](#).

Table of Contents

We will monitor the status of our assets for purposes of the various asset tests and will seek to manage our assets to comply at all times with such tests. There can be no assurances, however, that we will be successful in this effort. In this regard, to determine our compliance with these requirements, we will need to estimate the value of the real estate securing our mortgage loans at various times. In addition, we will have to value our investment in our other assets to ensure compliance with the asset tests. Although we will seek to be prudent in making these estimates, there can be no assurances that the IRS might not disagree with these determinations and assert that a different value is applicable, in which case we might not satisfy the 75% and the other asset tests and would fail to qualify as a REIT. If we fail to satisfy the asset tests at the end of a calendar quarter, we will not lose our REIT qualification if:

we satisfied the asset tests at the end of the preceding calendar quarter; and

the discrepancy between the value of our assets and the asset test requirements arose from changes in the market values of our assets and was not wholly or partly caused by the acquisition of one or more non qualifying assets.

If we did not satisfy the condition described in the second item, above, we still could avoid disqualification by eliminating any discrepancy within 30 days after the close of the calendar quarter in which it arose.

In the event that we violate the second or third asset tests described above at the end of any calendar quarter, we will not lose our REIT qualification if (i) the failure is de minimis (up to the lesser of 1% of our assets or \$10 million) and (ii) we dispose of assets or otherwise comply with the asset tests within six months after the last day of the quarter in which we identified such failure. In the event of a more than de minimis failure of any of the asset tests, as long as the failure was due to reasonable cause and not to willful neglect, we will not lose our REIT qualification if we (i) dispose of assets or otherwise comply with the asset tests within six months after the last day of the quarter in which we identified such failure, (ii) file a schedule with the IRS describing the assets that caused such failure in accordance with regulations promulgated by the Secretary of Treasury and (iii) pay a tax equal to the greater of \$50,000 or 35% of the net income from the nonqualifying assets during the period in which we failed to satisfy the asset tests.

Taxable REIT Subsidiaries

We may own stock of a TRS. A TRS is a fully taxable corporation for which a TRS election is properly made. A corporation of which a TRS directly or indirectly owns more than 35% of the voting power or value of the stock will automatically be treated as a TRS. Overall, no more than 20% of the value of our assets may consist of securities of one or more TRSs, and no more than 25% of the value of our assets may consist of the securities of TRSs and other assets that are not qualifying assets for purposes of the 75% asset test.

The TRS rules limit the deductibility of interest paid or accrued by a TRS to us to assure that the TRS is subject to an appropriate level of corporate taxation. Further, the rules impose a 100% excise tax on transactions between a TRS and us or our tenants, if any, that are not conducted on an arm's-length basis.

We have formed and made a timely election with respect to one TRS presently owned. Additionally, we may form or acquire additional TRSs in the future.

Distribution Requirements

Each taxable year, in order to qualify as a REIT we must distribute dividends, other than capital gain dividends and deemed distributions of retained capital gain, to our stockholders in an aggregate amount at least equal to:

the sum of (1) 90% of our REIT taxable income, computed without regard to the dividends paid deduction and net capital gains, and (2) 90% of our after-tax net income, if any, from foreclosure property; minus

Table of Contents

the sum of certain items of non-cash income; and

any net operating loss or capital loss carryforward that we have available and elect to apply.

These distributions must be paid in the taxable year to which they relate or in the following taxable year if such distributions are declared in October, November or December of the taxable year, are payable to stockholders of record on a specified date in any such month and are actually paid before the end of January of the following year. Such distributions are treated as both paid by us and received by each stockholder on December 31 of the year in which they are declared. In addition, at our election, a distribution for a taxable year may be declared before we timely file our tax return for the year and be paid with or before the first regular dividend payment after such declaration, provided that such payment is made during the 12-month period following the close of such taxable year. These distributions are taxable to our stockholders in the year in which paid, even through the distributions relate to our prior taxable year for purposes of the 90% distribution requirement.

In order for distributions to be counted towards our distribution requirement and to give rise to a tax deduction by us, they must not be preferential dividends. A dividend is not a preferential dividend if it is pro rata among all outstanding shares of stock within a particular class and is in accordance with the preferences among different classes of stock as set forth in the organizational documents.

We will pay federal income tax at ordinary corporate tax rates on taxable income, including net capital gain, that we do not distribute to our stockholders. Furthermore, we must distribute during a calendar year, or by the end of January following such calendar year in the case of distributions with declaration and record dates falling in the last three months of the calendar year, at least the sum of:

85% of our REIT ordinary income for such year;

95% of our REIT capital gain income for such year; and

any undistributed taxable income from prior periods.

If we fail to distribute such amounts within the proscribed timeframe, then we will incur a 4% nondeductible excise tax on the excess of such required distribution over the amounts we actually distributed. We may elect to retain and pay income tax on the net long-term capital gain we receive in a taxable year. See Taxation of Taxable U.S. Holders of Stock. If we so elect, we will be treated as having distributed any such retained amount for purposes of the 4% excise tax described above. We intend to make timely distributions sufficient to satisfy the annual distribution requirements.

It is possible that, from time to time, we may experience timing differences between (1) the actual receipt of income and actual payment of deductible expenses, and (2) the inclusion of that income and deduction of such expenses in arriving at our REIT taxable income. In addition, we may not deduct recognized net capital losses from our REIT taxable income. As a result of the foregoing, we may have less cash than is necessary to distribute all of our taxable income and thereby avoid corporate income tax and the excise tax imposed on certain undistributed income. In such a situation, we may need to borrow funds or issue additional common or preferred shares.

Under certain circumstances, we may be able to correct a failure to meet the distribution requirement for a year by paying deficiency dividends to our stockholders in a later year. We may include such deficiency dividends in our deduction for dividends paid for the earlier year. Although we may be able to avoid income tax on amounts distributed as deficiency dividends, we will be required to pay interest to the IRS based upon the amount of any deduction we take for deficiency dividends.

Table of Contents

Recordkeeping Requirements

To avoid a monetary penalty, we must request on an annual basis information from our stockholders designed to disclose the actual ownership of our outstanding shares of stock. We intend to comply with such requirements.

Failure to Qualify

If we fail to satisfy one or more requirements for REIT qualification, other than the gross income tests and the asset tests, we could avoid disqualification if our failure is due to reasonable cause and not to willful neglect and we pay a penalty of \$50,000 for each such failure. In addition, there are relief provisions for a failure of the gross income tests and asset tests, as described in [Income Tests](#) and [Asset Tests](#).

If we were to fail to qualify as a REIT in any taxable year, and no relief provision applied, we would be subject to federal income tax on our taxable income at regular corporate rates and any applicable alternative minimum tax. In calculating our taxable income in a year in which we failed to qualify as a REIT, we would not be able to deduct amounts paid out to stockholders. In fact, we would not be required to distribute any amounts to stockholders in such year. In such event, to the extent of our current and accumulated earnings and profits, all distributions to stockholders would be taxable as regular corporate dividends. The excess inclusion income rules (which are described under [Taxable Mortgage Pools](#) below) will not apply to the distributions we make. Subject to certain limitations of the federal income tax laws, corporate stockholders might be eligible for the dividends received deduction and individual and certain non corporate trust and estate stockholders may be eligible for the reduced U.S. federal income tax rate of 15% on such dividends. Unless we qualified for relief under specific statutory provisions, we also would be disqualified from taxation as a REIT for the four taxable years following the year during which we ceased to qualify as a REIT. We cannot predict whether in all circumstances we would qualify for such statutory relief.

Taxation of Tax-Exempt U.S. Entities

Tax-exempt U.S. entities, including qualified employee pension and profit sharing trusts and individual retirement accounts, generally are exempt from U.S. federal income taxation, thus typically dividends received by such entities are not subject to taxation when received. However, these entities or accounts are subject to taxation on any unrelated business taxable income generated. While many investments in real estate generate unrelated business taxable income, the IRS has issued a published ruling that dividend distributions from a REIT to an exempt employee pension trust do not constitute unrelated business taxable income, provided that the exempt employee pension trust does not otherwise use the shares of the REIT in an unrelated trade or business of the pension trust. Based on that ruling, amounts that we distribute to tax-exempt stockholders generally should not constitute unrelated business taxable income.

However, if a tax-exempt stockholder were to finance its acquisition of our stock with debt, a portion of the income that it receives from us would constitute unrelated business taxable income pursuant to the [debt-financed property](#) rules. Furthermore, social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts, and qualified group legal services plans that are exempt from taxation under special provisions of the federal income tax laws are subject to different unrelated business taxable income rules, which generally will require them to characterize distributions that they receive from us as unrelated business taxable income. Finally, if we are a [pension-held REIT](#), a qualified employee pension or profit sharing trust that owns more than 10% of our shares of stock is required to treat a percentage of the dividends that it receives from us as unrelated business taxable income. That percentage is equal to the gross income that we derive from an unrelated trade or business, if any, determined as if we were a pension trust, divided by our total gross income for the year in which we pay the dividends. That rule applies to a pension trust holding more than 10% of our shares of stock only if:

the percentage of our dividends that the tax-exempt trust would be required to treat as unrelated business taxable income is at least 5%;

Table of Contents

we qualify as a REIT by reason of the modification of the rule requiring that no more than 50% of our stock be owned by five or fewer individuals that allows the beneficiaries of the pension trust to be treated as holding our stock in proportion to their actuarial interests in the pension trust (see Requirements for Qualification above); and

either (1) one pension trust owns more than 25% of the value of our stock or (2) a group of pension trusts individually holding more than 10% of the value of our stock collectively owns more than 50% of the value of our stock.

The ownership and transfer restrictions in our charter reduce the risk that we may become a pension-held REIT.

A tax-exempt entity may also be required to treat any excess inclusion income as unrelated business taxable income as described in Taxable Mortgage Pools.

Taxation of U.S. Holders

The term U.S. holder means a holder of our securities that for U.S. federal income tax purposes is a U.S. person. A U.S. person means:

a citizen or resident of the United States;

a corporation (including an entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any of its states, or the District of Columbia;

an estate whose income is subject to U.S. federal income taxation regardless of its source; or

any trust if (1) a U.S. court is able to exercise primary supervision over the administration of such trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) it has a valid election in place to be treated as a U.S. person.

If a partnership, entity or arrangement treated as a partnership for U.S. federal income tax purposes holds our securities, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. If you are a partner in a partnership holding our securities, you should consult your tax advisor regarding the consequences of the purchase, ownership and disposition of our securities by the partnership. The following section addresses the treatment of a U.S. holder that holds our stock; the treatment of a U.S. holder that holds our debt securities is discussed below under Holders of Debt Securities.

Taxation of Taxable U.S. Holders of Stock

As long as we qualify as a REIT, (1) a taxable U.S. holder of our stock must report as ordinary income, distributions or retained long-term capital gain that are made out of our current or accumulated earnings and profits and that we do not designate as capital gain dividends, and (2) a corporate U.S. holder of our stock will not qualify for the dividends received deduction generally available to corporations. In addition, dividends paid to a U.S. holder generally will not qualify for the 15% tax rate (through 2010) for qualified dividend income. Qualified dividend income generally includes dividends from most U.S. corporations but does not generally include REIT dividends. As a result, our ordinary REIT dividends generally will continue to be taxed at the higher tax rate applicable to ordinary income. Currently, the highest marginal individual income tax rate on ordinary income is 35%. However, the 15% tax rate for qualified dividend income will apply to our ordinary REIT dividends, if any, that are (1) attributable to dividends received by us from non-REIT corporations, such as our TRSs, and (2) attributable to income upon which we have paid corporate income tax (e.g., to the extent that we distribute less than 100% of our taxable income). In general, to qualify for the reduced tax rate on qualified

Table of Contents

dividend income, a stockholder must hold our stock for more than 60 days during the 121-day period beginning on the date that is 60 days before the date on which our stock becomes ex-dividend.

A U.S. holder generally will report distributions that we designate as capital gain dividends as long-term capital gain without regard to the period for which the U.S. holder has held our stock. A corporate U.S. holder, however, may be required to treat up to 20% of certain capital gain dividends as ordinary income.

We may elect to retain and pay income tax on the net long-term capital gain that we receive in a taxable year. In that case, a U.S. holder would be taxed on its proportionate share of our undistributed long-term capital gain, to the extent that we designate such amount in a timely notice to such stockholder. The U.S. holder would receive a credit or refund for its proportionate share of the tax we paid. The U.S. holder would increase the basis in its stock by the amount of its proportionate share of our undistributed long-term capital gain, minus its share of the tax we paid.

To the extent that we make a distribution in excess of our current and accumulated earnings and profits, such distribution will not be taxable to a U.S. holder to the extent that it does not exceed the adjusted tax basis of the U.S. holder's stock. Instead, such distribution will reduce the adjusted tax basis of such stock. To the extent that we make a distribution in excess of both our current and accumulated earnings and profits and the U.S. holder's adjusted tax basis in its stock, such stockholder will recognize long-term capital gain, or short-term capital gain if the stock has been held for one year or less, assuming the stock is a capital asset in the hands of the U.S. holder. The IRS has ruled that if total distributions for two or more classes of stock are in excess of current and accumulated earnings and profits, dividends must be treated as having been distributed to those stockholders having a priority under the corporate charter before any distribution to stockholders with lesser priority. If we declare a dividend in October, November, or December of any year that is payable to a U.S. holder of record on a specified date in any such month, such dividend shall be treated as both paid by us and received by the U.S. holder on December 31 of such year, provided that we actually pay the dividend during January of the following calendar year.

Stockholders may not include in their individual income tax returns any of our net operating losses or capital losses. Instead, we would carry over such losses for potential offset against our future income generally. Taxable distributions from us and gain from the disposition of our stock will not be treated as passive activity income, and, therefore, stockholders generally will not be able to apply any passive activity losses, such as losses from certain types of limited partnerships in which the stockholder is a limited partner, against such income. In addition, taxable distributions from us and gain from the disposition of the stock generally will be treated as investment income for purposes of the investment interest limitations.

We will notify stockholders after the close of our taxable year as to the portions of the distributions attributable to that year that constitute ordinary income, return of capital, and capital gain.

Taxation of U.S. Holders on the Disposition of Stock. In general, a U.S. holder who is not a dealer in securities must treat any gain or loss realized upon a taxable disposition of our stock as long-term capital gain or loss if the U.S. holder has held the stock for more than one year and otherwise as short-term capital gain or loss. However, a U.S. holder must treat any loss upon a sale or exchange of stock held by such stockholder for six months or less as a long-term capital loss to the extent of any actual or deemed distributions from us that such U.S. holder previously has characterized as long-term capital gain. All or a portion of any loss that a U.S. holder realizes upon a taxable disposition of the stock may be disallowed if the U.S. holder purchases the same type of stock within 30 days before or after the disposition.

Capital Gains and Losses. A taxpayer generally must hold a capital asset for more than one year for gain or loss derived from its sale or exchange to be treated as long-term capital gain or loss. The highest marginal individual income tax rate is currently 35%. The maximum tax rate on long-term capital gain applicable to non-corporate taxpayers is 15% for sales and exchanges of assets held for more than one year. The maximum tax

Table of Contents

rate on long-term capital gain from the sale or exchange of section 1250 property, or depreciable real property, is 25% to the extent that such gain would have been treated as ordinary income if the property were section 1245 property. With respect to distributions that we designate as capital gain dividends and any retained capital gain that we are deemed to distribute, we generally may designate whether such a distribution is taxable to our non-corporate stockholders at a 15% or 25% rate. Thus, the tax rate differential between capital gain and ordinary income for non-corporate taxpayers may be significant. In addition, the characterization of income as capital gain or ordinary income may affect the deductibility of capital losses. A non-corporate taxpayer may deduct capital losses not offset by capital gains against its ordinary income only up to a maximum annual amount of \$3,000. A non-corporate taxpayer may carry forward unused capital losses indefinitely. A corporate taxpayer must pay tax on its net capital gain at ordinary corporate rates. A corporate taxpayer may deduct capital losses only to the extent of capital gains, with unused losses being carried back three years and forward five years.

Information Reporting Requirements and Backup Withholding. We will report to our stockholders and to the IRS the amount of distributions we pay during each calendar year and the amount of tax we withhold, if any. Under the backup withholding rules, a stockholder may be subject to backup withholding at the rate of 28% with respect to distributions unless such holder:

is a corporation o
