The CSCN will be constructed after receiving the approval of construction plan of the cable from the National Communications Commission (NCC).

6. Countermeasures: None

7. Any other matters that need to be specified: None

The Company announces its unaudited revenue for April 2011

Date of events: 2011/05/10

Contents:

1. Date of occurrence of the event: 2011/05/10

2. Company name: Chunghwa Telecom Co., Ltd.

3. Relationship to the Company (please enter head office or affiliate company): Head office

4. Reciprocal shareholding ratios: N/A

5. Cause of occurrence: Chunghwa Telecom today announced a 2.2% year-over-year increase in total revenue to NT\$16.02 billion in April 2011. Operating income decreased by 4.8% year-over-year to NT\$5.11 billion, net income increased by 3.3% year-over-year to NT\$4.57 billion, and EPS rose by 28.3% to NT\$0.59. The revenue increase was primarily attributable to the rise in local fixed line revenue resulting from the shift of the pricing right of a fixed-to-mobile call from mobile operators to fixed network operators, as well as to the growth in mobile value added services and broadband access service, which offset the impact of the pricing right shift on mobile revenue and the mandated tariff reduction. The decrease in operating income was primarily due to the rise in interconnection and transition fees resulting from the pricing right shift. The increase in net income was primarily due to the completion of the land development project by subsidiary Light Era and the accompanying recognition of a proportion of sales as revenue, which resulted in a rise in net equity in earnings of equity method investees and a net gain on disposal of property. The reduction in the corporate income tax rate from 20% to 17% also contributed to the rise in net income. The increase in EPS was mainly due to the rise in net income and the capital reduction in January 2011, which decreased the number of weighted average outstanding shares.
