Item 1.01 Entry into a Material Definitive Agreement.

On June 22, 2011, BioMarin Manufacturing Ireland Limited (BioMarin Ireland), a wholly-owned subsidiary of BioMarin Pharmaceutical Inc. (BioMarin) entered into an asset purchase agreement (Asset Purchase Agreement) with Pfizer Biotechnology Ireland (Pfizer) to acquire a bulk biologics manufacturing plant from Pfizer, located in Shanbally, Cork, Ireland (Facility). The Facility, which was completed and validated in 2009, is built on ten acres occupying 133,000 square feet of floor space and was approved by the Irish Medicines Board in 2010. Pursuant to the Asset Purchase Agreement, BioMarin Ireland has agreed to purchase the Facility from Pfizer for a price of \$48.5 million. The closing of the purchase under the terms of the Asset Purchase Agreement is subject to customary closing conditions, including the transfer of the environmental license from the Irish Environmental Protection Agency, and is expected to be completed in the third quarter of 2011 following the wind down of current operations.

The Asset Purchase agreement contains customary representations and warranties and covenants by each party. Pfizer and BioMarin Ireland are obligated, subject to certain limitations, to indemnify the other party under the Asset Purchase Agreement for breaches of representations and warranties and for certain third-party liabilities and claims. The foregoing descriptions of the Asset Purchase Agreement are qualified in their entirety by reference to the full text of Asset Purchase Agreement, a copy of which will be filed with the Company's Quarterly Report on Form 10-Q for the second quarter ending June 30, 2011.
