INTRODUCTION

Dial Global, Inc., a Delaware corporation (the *Company*, *we*, *us* or *our*), is sending you this Information Statement solely for the purpose of informing you, as one of our stockholders, in the manner required under Regulation 14C promulgated under the Securities Exchange Act of 1934, as amended (the *Exchange Act*), that our Board of Directors (our *Board*) has previously approved, and the holders of a majority of the outstanding shares of our Class A Common Stock, par value \$0.01 per share (the *Class A Common Stock*), and our Class B Common Stock, par value \$0.01 per share (the *Class B Common Stock* and together with the Class A Common Stock, the *Common Stock*), voting together as a single class, have previously executed an Action by Written Consent of Stockholders in Lieu of a Special Meeting approving the Company's 2011 Stock Option Plan (the *Option Plan*), a copy of which is attached hereto as Exhibit A. No vote or other action is requested or required on your part.

The Option Plan required approval by our Board and the holders of a majority of the Company's issued and outstanding voting securities. Our Board approved the Option Plan on December 19, 2011. On December 19, 2011, Triton Media Group, LLC (*Triton*), which owns 34,237,638 shares of Common Stock, representing approximately 60.2% of the Company's issued and outstanding voting securities as of such date, and Gores Radio Holdings, LLC (*Gores*), which owns 17,212,977 shares of Common Stock, representing approximately 30.2% of the Company's issued and outstanding voting securities as of such date, delivered to the Company a written consent approving the Option Plan. For purposes of the Option Plan, holders of the Class A Common Stock and Class B Common Stock voted together as a single class.

No further approval by the Company's stockholders is required under law, applicable stock exchange rules and the Company's organizational documents.

BRIEF QUESTIONS AND ANSWERS REGARDING THE OPTION PLAN

Q: What actions were taken by the Action by Written Consent of the Stockholders in lieu of a Special Meeting?

A: Pursuant to the Action by Written Consent of the Stockholders in lieu of a Special Meeting, stockholders holding at least a majority of the issued and outstanding shares of our Common Stock approved the Option Plan. Additional information regarding the Option Plan is set forth below in the section entitled Approval of Option Plan.

Q: Has the Board approved the Option Plan?

A: Yes. The Board approved the Option Plan on December 19, 2011.

Q: When will the Option Plan be effective?

A: In accordance with federal securities laws, the Option Plan cannot be effective until at least twenty (20) calendar days following the mailing of this Information Statement to our stockholders.

A: Under the Delaware General Corporation Law (the *DGCL*), our Second Amended and Restated Certificate of Incorporation (our *Certificate of Incorporation*) and our bylaws, stockholder actions may be taken by written consent without a meeting of stockholders. The written consent of the holders of a majority of our outstanding Common Stock is sufficient to approve and adopt the Option Plan. The Company is, however, obligated by federal securities laws to provide this Information Statement to you in connection with the Option Plan.

Q: Why did I receive this Information Statement?

A: Applicable laws and regulations require us to provide you with notice of the written consent delivered by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action, as well as other information regarding the Option Plan, even though your vote or consent is neither required nor requested in connection with such transactions.

APPROVAL OF OPTION PLAN

Introduction

The Board approved the Option Plan, under which options to purchase up to 8,513,052 shares of Class A Common Stock may be granted to eligible employees, officers of the Company or an affiliate, consultants and directors. Under the Option Plan, the exercise price of options may not be less than the fair market value of the Class A Common Stock on the date of grant. The Board of Directors adopted the Option Plan to attract, maintain and develop management by encouraging ownership of the Company's Class A Common Stock by key employees, directors, and others. Options under the Option Plan will be either *incentive options* (*ISOs*) under Section 422A of the Internal Revenue Code of 1986, as amended (the *Code*), or *nonqualified stock options* (*NQOs*) which are not intended to so qualify.

The following description of the Option Plan is only a summary and is qualified in its entirety by reference to the Option Plan, a copy of which is attached as Exhibit A hereto.

Summary Description of the Option Plan

The Option Plan will be administered by the Compensation Committee (the *Compensation Committee*) of the Board or by such other committee or subcommittee to which the Compensation Committee has delegated authority. The Compensation Committee will be authorized to grant incentive stock options to officers and employees of the Company and non-qualified options to employees, officers, directors and consultants of the Company. The Compensation Committee will also be authorized to interpret the Option Plan, prescribe option agreements and make all other determinations that it deems necessary or advisable for the administration of the Option Plan.

Options under the Option Plan may be granted to eligible employees, officers of the Company or its affiliates, consultants and directors. ISOs may only be granted to employees or officers of the Company or affiliates of the Company.

If there is a stock split, stock dividend, or other relevant change affecting the Company's shares, appropriate adjustments would be made in the number of shares that could be issued in the future and in the number of shares and price under all outstanding grants made before the event. Future options may also cover such shares as may cease to be under option by reason of total or partial expiration, termination or voluntary surrender of an option.

The vesting period for options granted under the Option Plan shall be set forth in an option agreement entered into with the optionee, which shall be approved by the independent outside directors that are members of the independent sub-committee of the Compensation Committee.

Upon a change in control of the Company, at the sole discretion of the Compensation Committee, the Company may (i) make such adjustments to and substitutions for existing options the Compensation Committee deems appropriate, (ii) purchase or cancel existing options depending on the exercise price of the option and price per share paid in a transaction related to a change in control, or (iii) terminate outstanding options, subject in such case to the Company's providing notice at least twenty (20) days prior to the change in control, during which twenty (20) day period each outstanding option becomes fully exercisable.

The Committee may grant options qualifying as ISOs under the Internal Revenue Code of 1986, as amended, or as NQOs. The Committee determines the duration of each option. The grantee may pay the option price in cash or, if permitted by applicable law, on such other terms and conditions as may be acceptable to the Compensation Committee.

The Board and the Compensation Committee will have the ability to amend, alter, suspend, discontinue or terminate the Option Plan or any options granted thereunder at any time, provided that no amendment will be made without either (1) stockholder consent, if required, or (2) the consent of the holders of options representing at least 75% of the shares underlying all options issued under the Option Plan, if such action would materially impair the rights of such holders; provided that any such action shall be applied uniformly to all optionholders.

Certain U.S. Federal Income Tax Consequences

The following discussion of the principal U.S. federal income tax consequences with respect to options under the Option Plan is based on statutory authority and judicial and administrative interpretations as of the date of this information statement, which are subject to change at any time (possibly with retroactive effect) and may vary in individual circumstances. Therefore, the following is designed to provide only a general understanding of the federal income tax consequences. This discussion is limited to the U.S. federal income tax consequences to individuals who are citizens or residents of the U.S. or who are otherwise subject to U.S. federal income tax, other than those individuals who are taxed on a residence basis in a foreign country. The following discussion does not set forth any gift, estate, social security or state or local tax consequences that may be applicable.

THE U.S. FEDERAL INCOME TAX LAW IS TECHNICAL AND COMPLEX. THE FOLLOWING SUMMARY IS INCLUDED HEREIN FOR GENERAL INFORMATION ONLY AND DOES NOT PURPORT TO ADDRESS ALL THE TAX CONSIDERATIONS THAT MAY BE RELEVANT. EACH RECIPIENT OF A GRANT IS URGED TO CONSULT HIS OR HER OWN TAX ADVISOR AS TO THE SPECIFIC TAX CONSEQUENCES TO SUCH RECIPIENT OF THE GRANT AND THE DISPOSITION OF COMMON STOCK.

Incentive Stock Options. In general, an employee will not realize taxable income upon either the grant or the exercise of an incentive stock option and the Company will not realize an income tax deduction at either of such times. In general, however, for purposes of the alternative minimum tax, the excess of the fair market value of the shares of common stock acquired upon exercise of an incentive stock option (determined at the time of exercise) over the exercise price of the incentive stock option will be considered income. If the recipient was continuously employed from the date of grant until the date three months prior to the date of exercise and such recipient does not sell the shares of common stock received pursuant to the exercise of the incentive stock option within either (i) two years after the date of the grant of the incentive stock option, or (ii) one year after the date of exercise, a subsequent sale of such shares of common stock will result in long-term capital gain or loss to the recipient and will not result in a tax deduction to the Company. However, the aggregate fair market value of common stock (determined at the time of grant) with respect to which ISOs can be exercisable for the first time by an optionee during any calendar year cannot exceed \$100,000. Any excess will be treated as a non-qualified stock option.

If the recipient is not continuously employed from the date of grant until the date three months prior to the date of exercise or such recipient disposes of the shares of common stock acquired upon exercise of the incentive stock option within either of the time periods described in the immediately preceding paragraph, the recipient will generally realize as ordinary income an amount equal to the lesser of (i) the fair market value of such shares of common stock on the date of exercise over the exercise price, and (ii) the amount realized upon disposition over the exercise price. In such event, subject to the limitations under Sections 162(m) and 280G of the Internal Revenue Code (as described below), the Company generally will be entitled to an income tax deduction equal to the amount recognized as ordinary income. Any gain in excess of such amount realized by the recipient as ordinary income would be taxed at the rates applicable to short-term or long-term capital gains (depending on the holding period).

Non-Qualified Stock Options. In general, an optionee will recognize no taxable income upon the grant of a non-qualified stock option and the Company will not receive a deduction at the time of such grant unless such option has a readily ascertainable fair market value (as determined under applicable tax law) at the time of grant. Upon exercise of a non-qualified stock option, an optionee generally will recognize ordinary income in an amount equal to the excess of the fair market value of the common stock on the date of exercise over the exercise price. Upon a subsequent sale of the common stock by the optionee, the optionee will recognize short-term or long-term capital gain or loss, depending upon his holding period for the common stock. Subject to the limitations under Sections 162(m) and 280G of the Code (as described below), the Company will generally be allowed a deduction equal to the amount recognized by the optionee as ordinary income.

Section 162(m) of the Code. In general, Section 162(m) of the Code denies a deduction to any publicly held corporation for compensation paid to certain covered employees in its taxable year to the extent that such compensation exceeds \$1,000,000, subject to certain exceptions. Covered employees are a company's chief executive officer on the last day of the taxable year and up to three other individual whose compensation is required to be reported to stockholders in its proxy statement under the Exchange Act, other than the chief financial officer. Compensation paid under certain qualified performance-based compensation arrangements, which (among other things) provide for compensation based on pre-established performance goals established by a compensation committee that is comprised solely of two or more outside directors, is not considered in determining whether a covered employee's compensation exceeds \$1,000,000. Options will generally qualify under one of these exceptions if they are granted under a plan that states the maximum number of shares with respect to which options may be granted to any recipient during a specified period of the plan under which the options are granted is approved by stockholders and is administered by a committee comprised of outside directors. It is intended that option awards under the Option Plan will satisfy these requirements so that the income recognized in connection with awards will not be included in a covered employee's compensation for the purpose of determining whether such individual's compensation exceeds \$1,000,000.

Parachute Payments. In the event that the payment or vesting of any option under the Option Plan is accelerated because of a change in ownership (as defined in Code Section 280G(b)(2)) and such accelerated vesting, either alone or together with any other payments made to certain participants, constitute parachute payments under Section 280G of the Code, then subject to certain exceptions, all or a portion of such payments would be nondeductible to the Company and the participant would be subject to a 20% excise tax on such portion of the payment.

Code Section 409A. Code Section 409A provides that all amounts deferred under a nonqualified deferred compensation plan are includible in a participant's gross income to the extent such amounts are not subject to a substantial risk of forfeiture, unless certain requirements are satisfied. If the requirements are not satisfied, in addition to current income inclusion, interest at the underpayment rate plus 1% will be imposed on the participant's underpayments that would have occurred had the deferred compensation been includible in gross income for the taxable year in which first deferred or, if later, the first taxable year in which such deferred compensation is not subject to a substantial risk of forfeiture. The amount required to be included in income is also subject to an additional 20% tax. While options granted under the Option Plan are anticipated to be exempt from the requirements of Code Section 409A, options not exempt from Code Section 409A are intended to comply with Code Section 409A.

Section 16(b). With regard to both incentive stock options and nonqualified stock options, any of our officers and directors subject to Section 16(b) of the Exchange Act may be subject to special tax rules regarding the income tax consequences concerning their stock options.

ERISA/Code Section 401(a). The Option Plan is not subject to any of the requirements of the Employee Retirement Income Security Act of 1974, as amended. The Option Plan is not, nor is it intended to be, qualified under Section 401(a) of the Code.

New Plan Benefits

Future Plan Awards. Except as set forth below, because future awards under the Option Plan will be based upon prospective factors including the nature of services to be rendered and a recipient's potential contributions to the success of the Company, actual awards cannot be determined at this time.

CHANGE IN CONTROL

On October 21, 2011, the Company (formerly known as Westwood One, Inc.) announced the consummation of the transactions contemplated by that certain Agreement and Plan of Merger (as amended or modified, the *Merger Agreement*), dated as of July 30, 2011, by and among the Company, Radio Network Holdings, LLC, a Delaware corporation and a wholly-owned subsidiary of the Company (*Merger Sub*), and Verge Media Companies, Inc., a Delaware corporation (*Verge*). Pursuant to the Merger Agreement, Verge merged with and into Merger Sub, with Merger Sub continuing as the surviving company (the *Merger*). On October 21, 2011, immediately following the Merger, Merger Sub changed its name to Verge Media Companies, LLC.

In connection with the Merger, each issued and outstanding share of previously existing Company common stock was reclassified and automatically converted into one share of Class A Common Stock, and each outstanding share of common stock of Verge was automatically converted into and exchanged for the right to receive 6.838482776 shares of Class B Common Stock. The Company issued 34,237,638 shares of Class B Common Stock to Triton, as the sole Verge stockholder immediately prior to the Merger, representing approximately 60.2% of the issued and outstanding shares of common stock of the Company. Under the Merger Agreement, Triton also received the right to elect a majority of the Board. As a result of Triton's control of the Board and its ownership of securities of the Company, Triton has acquired control of the Company and, generally, has the power to control the outcome of matters submitted to stockholders requiring a majority vote.

BENEFICIAL OWNERSHIP OF SECURITIES

The following table sets forth information known to us regarding the beneficial ownership of our common stock as of December 16, 2011, by:

each person known by us to be the beneficial owner of more than 5% of the outstanding shares of our common stock;

each of our current executive officers and directors; and

all current executive officers and directors of the Company as a group.

Unless otherwise indicated in the footnotes to the table or in the cases where community property laws apply, we believe that all persons named in the table below have sole voting and investment power with respect to all shares of common stock beneficially owned by them. The percentage of common stock beneficially owned by a person assumes that the person has exercised all options the person holds that are exercisable within 60 days, and that no other persons exercised any of their options.

Information in the columns of the table below is based on 56,971,961 shares of our common stock issued and outstanding as of December 16, 2011.

- (1) The person in the table has sole voting and investment power with respects to all shares of stock indicated above, unless otherwise indicated. Tabular information listed above is based on information contained in the most recent Schedule 13D/13G filings and other filings made by such person with the SEC as well as other information made available to the Company. The numbers presented above do not include unvested and/or

deferred restricted stock units which have no voting rights until shares are distributed in accordance with their terms. All dividend equivalents on vested restricted stock units and shares of restricted stock (both vested and unvested) are included in the numbers reported above. As described elsewhere in this Information Statement, a holder of restricted stock only (i.e., not restricted stock units) is entitled to vote the restricted shares once it has been awarded such shares. Accordingly, all restricted shares that have been awarded, whether or not vested, are reported in this table of beneficial ownership, even though a holder will not receive such shares until vesting. This is not the case with restricted stock units or stock options that are not deemed beneficially owned until 60 days prior to vesting. For purposes of the Option Plan, holders of Class A Common Stock and Class B Common Stock vote together as a single class.

DIAL GLOBAL, INC. 2011 STOCK OPTION PLAN

SECTION 1. PURPOSE. The purpose of the Dial Global, Inc. 2011 Stock Option Plan (the "Plan") is to furnish a material incentive to Employees, officers of the Company or Affiliates, Consultants and Directors of the Company by making available to them the benefits of common stock ownership in the Company through stock options. It is believed that these increased incentives stimulate the efforts and continued success of the Company and its Affiliates, as well as assist in the recruitment of Employees, officers of the Company or an Affiliate, Consultants and Directors.

The Plan, in the form set forth herein, is effective as of the Effective Date.

SECTION 2. DEFINITIONS. As used in the Plan, the following terms shall have the meanings set forth below:

- (a) "Affiliate" shall mean each of the following: (i) any Subsidiary; (ii) any corporation, trade or business (including, without limitation, a partnership or limited liability company) which is directly or indirectly controlled 50% or more (whether by ownership of stock, assets or an equivalent ownership interest or voting interest) by the Company or one of its Affiliates; (iii) any corporation, trade or business (including, without limitation, a partnership or limited liability company) which directly or indirectly controls 50% or more (whether by ownership of stock, assets or an equivalent ownership interest or voting interest) of the Company; and (iv) any other entity in which the Company or any of its Affiliates has a material equity interest and which is designated as an "Affiliate" by resolution of the Committee. If a Participant performs services for an Affiliate that causes the Shares underlying an Option to not constitute "service recipient stock" under Section 409A of the Code, such Option shall be structured in a manner intended to comply with Section 409A of the Code.
- (b) "Board" shall mean the Board of Directors of the Company.
- (c) "Cause" shall mean with respect to a Participant's Termination of Employment or Termination of Consultancy, the following:
 - (i) in the case where there is no employment agreement, consulting agreement, change in control agreement or similar agreement in effect between the Company or an Affiliate and the Participant at the time of the grant of the Option (or where there is such an agreement but it does not define "cause" (or words of like import)), (A) the willful failure by the Participant to substantially perform his or her material lawful duties within ten (10) business days after demand for substantial performance is delivered by the Company that specifically identifies the manner in which the Company believes the Participant has not substantially performed such material lawful duties and where such willful failure is not due to the Participant's disability or during an approved leave of

absence, (B) the Participant's material misappropriation, breach of fiduciary duty or fraud with regard to the Company or any of its Affiliates, (C) the Participant's conviction of or the pleading of guilty or *nolo contendere* with regard to a felony (other than a traffic violation) or any crime involving moral turpitude, (D) the Participant's gross negligence or willful misconduct which, in the good faith determination by the Board, is reasonably likely to be materially injurious to the Company, or (E) any other material breach by the Participant of a provision of the employment agreement, consulting agreement or similar agreement, if any, in effect between the Company or an Affiliate and the Participant that remains uncured for ten (10) days after the Board provides the Participant with a written notice of its good-faith determination that Cause exists.

(ii) in the case where there is an employment agreement, consulting agreement, change in control agreement or similar agreement in effect between the Company or an Affiliate and the Participant at the time of the grant of the Option that defines cause (or words of like import), cause as defined under such agreement; provided, however, that with regard to any agreement under which the definition of cause only applies on occurrence of a change in control, such definition of cause shall not apply until a change in control actually takes place and then only with regard to a termination thereafter. With respect to a Participant's Termination of Directorship, cause means an act or failure to act that constitutes cause for removal of a director under applicable Delaware law.

To the extent that no Committee exists that has the authority to administer the Plan, the functions of the Committee shall be exercised by the Board. If for any reason the appointed Committee does not meet the requirements of Rule 16b-3 promulgated under the Exchange Act or Section 162(m) of the Code, such noncompliance shall not affect the validity of Options, grants, interpretations or other actions of the Committee.

SECTION 3. ADMINISTRATION.

The Committee shall administer the Plan. To the extent permitted by law, the Committee may, in its sole and absolute discretion, and subject to the provisions of the Plan, from time to time delegate any or all of its authority to administer the Plan to any other persons or committee as it deems necessary or appropriate for the proper administration of the Plan, except that no such delegation shall be made in the case of Options intended to be qualified under Section 162(m) of the Code or Options granted to Participants who are subject to Section 16 of the Exchange Act. The decisions of the Committee shall be made in good faith and, except as specifically provided in an Option Agreement, shall be final, conclusive and binding with respect to the interpretation and administration of the Plan and any grant made under it. The Committee shall make, in its sole discretion, all determinations arising in the administration, construction or interpretation of the Plan and Options under the Plan, including the right to construe disputed or doubtful Plan or Option terms and provisions, and any such determination shall be conclusive and binding on all persons, except as otherwise provided by law or specifically provided in an Option Agreement. A majority of the members of the Committee may determine its actions and fix the time and place of its meetings.

The Committee shall be authorized to make equitable adjustments in Options in recognition of unusual or nonrecurring events affecting the Company or its financial statements or changes in applicable laws, regulations or accounting principles. The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Option in the manner and to the extent it shall deem desirable to carry it into effect without adversely affecting the Participant. In the event that the Company shall assume outstanding employee benefit awards or the right or obligation to make future such awards in connection with the acquisition of or combination with another corporation or business entity, the Committee may, in its discretion, make such adjustments in the terms of Options under the Plan as it shall deem appropriate; provided that, no such adjustment may materially adversely affect a Participant.

To the extent applicable, this Plan is intended to comply with the applicable requirements of Rule 16b-3 of the Exchange Act and Section 162(m) of the Code, and this Plan shall be limited, construed and interpreted in a manner so as to comply therewith.

The Committee may include in any Option Agreement restrictions and conditions that provide for the forfeiture of any Option or permits the Company to recover amounts from Participants who engage in detrimental activity (as defined in the Option Agreement).

SECTION 4. SHARES SUBJECT TO THE PLAN.

Subject to adjustment as provided in this Section 4, 8,513,052 Shares shall be authorized for issuance of upon the exercise of Options granted under the Plan. Subject to adjustment as provided in this Section 4, the maximum number of Shares authorized for issuance upon the exercise of Options granted under the plan that may be issued as Incentive Stock Options shall be 8,513,052 Shares.

Any Shares issued hereunder may consist, in whole or in part, of authorized and unissued Shares, treasury Shares or Shares purchased in the open market or otherwise.

In the event of any merger, reorganization, consolidation, recapitalization, extraordinary stock dividend, stock split, reverse stock split, spin-off or similar transaction or other change in corporate structure affecting the Shares, such adjustments and other substitutions shall be made to the Plan and to Options as the Committee deems equitable or appropriate in good faith, including, without limitation, such adjustments in the aggregate number, class and kind of securities that may be delivered under the Plan, in the aggregate or to any one Participant, or in the number, class, kind and option or exercise price of securities subject to outstanding Options granted under the Plan (including, if the Committee deems appropriate, the substitution of similar options to purchase the shares of, or other awards denominated in the shares of, another company) as the Committee may determine to be appropriate in its sole discretion; provided, however, that the number of Shares subject to any Option shall always be a whole number and further provided that in no event may any change be made to an Incentive Stock Option that would constitute a modification within the meaning of Section 424(h)(3) of the Code or to an Option that would constitute a modification within the meaning of Section 409A of the Code.

If an Option should expire, become forfeited or become unexercisable for any reason without having been exercised or nonforfeitable in full, the unpurchased shares that are subject thereto shall, unless the Plan shall have been terminated, become available for future grant under the Plan.

The number of Shares available for the purpose of awards of Options under the Plan shall be reduced by (i) the total number of Options exercised, regardless of whether any of the Shares underlying such Options are not actually issued to the Participant as the result of a net settlement, and (ii) any Shares used to pay any exercise price or tax withholding obligation with respect to any Option. In addition, the Company may not use the cash proceeds it receives from Option exercises to repurchase Shares on the open market for reuse under the Plan.

The Plan shall not confer upon any Participant any right with respect to continuation of employment, consulting or directorship relationship with the Company, nor shall it interfere in any way with such Participant's right or the Company's right to terminate his or her employment, consulting or director relationship at any time, with or without cause.

SECTION 6. STOCK OPTIONS.

Options may be granted hereunder to any Participant, and shall be subject to the following terms and conditions:

The Option price per Share shall be determined by the Committee on the date of grant, but shall not be less than the Fair Market Value of the Shares on the date the Option is granted; provided, however, if an Incentive Stock Option is granted to a Ten Percent Stockholder, the Option price per Share shall be no less than 110% of the Fair Market Value of the Shares on the date the Option is granted. The Option Agreement shall state the number of Shares subject to the Option and the vesting term, as determined by the Committee. The exercisability period for Incentive Stock Options shall not exceed ten years from the grant date, provided, however, the term of an Incentive Stock Option granted to a Ten Percent Stockholder may not exceed five years. A Nonqualified Stock Option may be exercisable for a period of up to ten years. The Committee may in its discretion make any Options exercisable.

All Options shall terminate upon their expiration, their surrender, or in accordance with any other rules and procedures incorporated into the terms and conditions governing the Options as the Committee shall deem advisable or appropriate; provided that no such rules or procedure that adversely affects a Participant shall be apply to an outstanding Option unless adopted as an amendment in accordance with Section 9.

Options shall be exercisable only to the extent the Participant is vested therein, subject to any restriction that the Committee shall determine and shall be specified in the Option Agreement. Unless otherwise determined by the Committee, an Option will be deemed exercised by the Participant, or in the event of death, an option shall be deemed exercised by the estate of the Participant, or by a person who acquired the right to exercise such Option by bequest or inheritance, upon delivery of (i) a written notice of exercise to the Company or its representative, or by using other methods of notice as the Committee shall adopt, and (ii) accompanying

payment of the Option price as follows: (1) in cash or by check, bank draft or money order payable to the order of the Company; (2) solely to the extent permitted by applicable law, if the Shares are traded on any national securities exchange, and the Committee authorizes, through a procedure whereby the Participant delivers irrevocable instructions to a broker reasonably acceptable to the Company to sell Shares and to deliver the sales proceeds to the Company; (3) on such other terms and conditions as may be acceptable to the Committee (including, without limitation, by payment in full or in part in the form of Shares for which the Participant has good title free and clear of any liens and encumbrances, based on the Fair Market Value of the Shares on the payment date as determined by the Committee); or (4) a combination of the above methods. No Shares shall be issued until payment therefor, as provided herein, has been made or provided for in accordance with any restrictions as the Committee shall adopt. The notice of exercise, once delivered, shall be irrevocable.

Except as otherwise provided herein or unless otherwise determined by the Committee at grant, Options that are not vested as of the date of a Participant's Termination for any reason shall terminate and expire as of the date of such Termination and the Participant shall have no further rights thereunder. The Option shall also be subject to such other terms and conditions, as the Committee shall deem advisable or appropriate, consistent with the provisions of the Plan as herein set forth. In addition, Incentive Stock Options shall contain such other provisions as may be necessary to meet the requirements of the Code and the Treasury Department rulings and regulations issued hereunder with respect to Incentive Stock Options.

Unless otherwise determined by the Committee at grant and set forth in the applicable Option Agreement, all Options granted to a Participant will vest in accordance with the vesting schedule provided in the Option Agreement.

Unless otherwise determined by the Committee at grant and set forth in the applicable Option Agreement, upon a Participant's Termination, all then vested Options will remain exercisable as follows, provided that no Option will remain exercisable later than the original stated term of the Option: (i) one year in the event of Retirement; (ii) one year in the event of the Participant's death (in which case the Participant's estate or legal representative may exercise such Option); or (iii) three months for any other Termination (other than by the Company for Cause).

To the extent that the Participant was not entitled to exercise the Option at the date of such Termination, or if Participant does not exercise such Option to the extent so entitled within the time specified herein, the Option shall terminate and the Participant shall have no further rights thereunder.

Unless otherwise determined by the Committee at grant and set forth in the applicable Option Agreement, in the event of a Termination for Cause, all outstanding Options (whether vested or unvested) shall immediately terminate upon such Termination.

Subject to the terms and conditions and within the limitations of the Plan, the Committee may, in its sole discretion (i) modify, extend or renew outstanding Options (provided that the rights of a Participant are not reduced without his or her consent and provided that such action does not extend the Option beyond its stated term), and (ii) accept the surrender of outstanding Options (up to the extent not theretofore exercised) and authorize the granting of new Options in

substitution therefor (to the extent not theretofore exercised), provided, in each case that such action does not cause the Option to become subject to the excise tax pursuant to Section 409A of the Code. Notwithstanding anything herein to the contrary, an outstanding Option may not be modified to reduce the exercise price thereof nor may a new Option at a lower price be substituted for a surrendered Option (other than adjustments or substitutions in accordance with the third paragraph of Section 4), unless such action is approved by the stockholders of the Company.

The Committee may, in its discretion, permit a Participant to defer the payment or vesting of any Option solely to the extent permitted by, and in a manner that is intended to comply with, Section 409A of the Code.

SECTION 7. CHANGE IN CONTROL AND CORPORATE TRANSACTION PROVISIONS.

Unless the Committee shall determine otherwise at the time of grant with respect to a particular Option as set forth in the applicable Option Agreement upon a Change in Control, a Participant's unvested Option shall vest.

In connection with a Corporate Event, a Participant's Option may be treated in accordance with one of the following methods as determined by the Committee in its sole discretion:

- (a) The Committee, in its sole discretion and without any consent required from the holder thereof, may provide for the purchase or cancellation of any Options by the Company or an Affiliate for an amount of cash equal to the excess of the Corporate Event Price (as defined below) of the Shares covered by such Options, over the aggregate exercise price of such Options, provided that, in the event of a Corporate Event that constitutes a change in control event described in Treasury Regulation §1.409A-3(i)(5)(v) or Treasury Regulation §1.409A-3(i)(5)(vii), the Committee shall, in its sole discretion, have the authority to structure any payments that may be made upon cancellation of an Option in a manner that complies with Treasury Regulation §1.409A-3(i)(5)(iv). For purposes of this Section 7, Corporate Event Price shall mean the price per Share paid in any transaction related to a Corporate Event;
- (b) The Committee may, in its sole discretion and without any consent required from the holder thereof, provide for the cancellation of any Options without payment, if the Corporate Event Price is less than the exercise price of such Option; and
- (c) The Committee may, in its sole discretion and without any consent required from the holders thereof, terminate all outstanding and unexercised Options effective as of the date of the Corporate Transaction, by delivering notice of termination to each Participant at least 20 days prior to the date of consummation of the Acquisition Event, in which case during the period from the date on which such notice of termination is delivered to the consummation of the Corporate Transaction, each such Participant shall have the right to exercise in full all of his or her Options that are then outstanding (without regard to any limitations on exercisability otherwise contained in the Option Agreements), but any such exercise shall be contingent on the occurrence of the Corporate Transaction, and, provided that, if the Corporate Transaction does not take place within a specified period after giving such notice for any reason whatsoever, the notice and exercise pursuant thereto shall be null and void.

SECTION 8. CODE SECTION 162(m) PROVISIONS.

With respect to any Options determined by the Committee to be Options intended to qualify as performance based compensation within the meaning of Section 162(m)(4)(C) of the Code, the Committee shall have the power to impose such other restrictions on such Options as evidenced in the Option Agreement as it may deem necessary or appropriate to ensure that such Options qualify as performance-based compensation within the meaning of Section 162(m)(4)(C) of the Code.

To the extent required by Section 162(m) of the Code for Options under the Plan to qualify as performance-based compensation, the following individual Participant limitation shall apply: the maximum number of Shares subject to any Option which may be granted under the Plan during any fiscal year of the Company to any Participant shall be 8,513,052 shares (which shall be subject to any further increase or decrease pursuant to Section 4). Notwithstanding anything to the contrary in the Plan, the exercise price of any Option is intended to qualify as performance-based compensation shall not be less than the Fair Market Value of a Share on the date of grant of such Option.

SECTION 9. AMENDMENTS AND TERMINATION.

The Board or the Committee may amend, alter, suspend, discontinue or terminate the Plan or any portion thereof at any time; provided, however, that no such amendment, alteration, suspension, discontinuation or termination shall be made without (a) stockholder approval if such approval is necessary to qualify for or comply with applicable law or stock exchange rules (including without limitation, Section 162(m) of the Code and with respect to Incentive Stock Options, Section 422 of the Code), or (b) the consent of the Participants who hold Stock Options representing at least seventy-five percent (75%) of the Shares underlying all Options issued and outstanding under the Plan, if such action would materially impair the rights of such Participants under any outstanding Option; provided that, any such action shall be applied uniformly to all Participants. Notwithstanding the foregoing, the Committee may amend this Plan and any Option Agreement solely to the extent required to comply with applicable law, including, without limitation, Section 409A of the Code.

The Committee may delegate to another committee (or subcommittee), as it may appoint, the authority to take any action consistent with the terms of the Plan, either before or after an Option has been granted, which such other committee (or subcommittee) deems necessary or advisable to comply with any government laws or regulatory requirements of a foreign country, including but not limited to, granting Options, modifying or amending the terms and conditions governing any Options, or establishing any local country plans as sub-plans to this Plan. In addition, under all circumstances, the Committee may make non-substantive administrative changes to the Plan as to conform with or take advantage of governmental requirements, statutes or regulations.

SECTION 10. GENERAL PROVISIONS.

- (a) The Committee shall determine and set forth in an Option Agreement the terms and conditions of each Option. Each Option Agreement (i) shall state the date of grant and the name of the Participant, (ii) shall specify the terms of the Option, (iii) shall be signed by a person designated by the Committee and, if so required by the Committee, by the Participant, (iv) shall incorporate the Plan by reference and (v) shall be delivered or otherwise made available to the Participant. The Option Agreement shall contain such other terms and conditions as are required by the Plan and, in addition, such other terms not inconsistent with the Plan as the Committee may deem advisable. The Committee shall have the authority to adjust the terms of the Option Agreements relating to an Option in a jurisdiction outside of the United States (i) to comply with the laws or such jurisdiction or (ii) to obtain more favorable tax treatment for the Company and/or any Affiliate, as applicable, and/or for the Participants in such jurisdiction. Such authority shall be notwithstanding the fact that the requirements of the local jurisdiction may be more restrictive than the terms set forth in the Plan.
- (b) An Option may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant; provided that the Committee, in its sole discretion, may permit additional transferability, on a general or specific basis, and may impose conditions and limitations on any permitted transferability.
- (c) No Participant shall have the right to be selected to receive an Option under this Plan or, having been so selected, to be selected to receive a future Option. The Options under this Plan are not intended to be treated as compensation for any purpose under any other Company plan.
- (d) There is no obligation for uniformity of treatment of Participants under the Plan.
- (e) The prospective recipient of any Option under the Plan shall not, with respect to such Option, be deemed to have become a Participant, or to have any rights with respect to such Option, until and unless the Committee shall have acted to grant such Option and, to the extent required by the Committee, such recipient shall have accepted any Option Agreement or other instrument evidencing the Option.
- (f) All certificates for Shares delivered under the Plan pursuant to any Option shall be subject to such stock-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Shares are then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.
- (g) No Option granted hereunder shall be construed as an offer to sell securities of the Company, and no such offer shall be outstanding, unless and until the Committee in its sole discretion has determined that any such offer, if made, would comply with all applicable requirements of the U.S. federal securities laws and any other laws to which such offer, if made, would be subject.

- (h) This Plan is intended to constitute an unfunded plan and nothing contained herein shall give any such Participant any rights that are greater than those of a general unsecured creditor of the Company.

- (i) The Company shall be authorized to withhold from any Option granted or payment due under the Plan the amount of withholding taxes due in respect of an Option or payment hereunder and to take such other action as may be necessary in the opinion of the Company or an Affiliate to satisfy all obligations for the payment of such taxes. The Committee shall be authorized to establish procedures for election by Participants to satisfy such obligation for the payment of such taxes by delivery of or transfer of Shares to the Company (to the extent the Participant has owned the surrendered shares for more than six months if such a limitation is necessary to avoid a charge to the Company for financial reporting purposes), or by directing the Company to retain Shares (up to the employee's minimum required tax withholding rate) otherwise deliverable in connection with the Option. At the discretion of the Committee, any statutorily required withholding obligation with regard to any Participant may be satisfied by reducing the number of Shares otherwise deliverable pursuant to an Option. Any fraction of a Share required to satisfy such tax obligations shall be disregarded and the amount due shall be paid instead in cash by the Participant.

- (j) Nothing contained in the Plan shall prevent the Committee or the Board from retaining existing compensation arrangements in place prior to the date hereof or otherwise adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

- (k) No Option may be exercised at a time when the exercise thereof or the issuance of shares thereunder would constitute a violation of any federal or state law or listing requirements of any applicable national securities exchange for such shares or a violation of any foreign jurisdiction where Options are or will be granted under the Plan. The provisions of the Plan shall be construed, regulated and administered according to the laws of the State of Delaware without giving effect to principles of conflicts of law, except to the extent superseded by any controlling Federal statute.

- (l) If any provision of the Plan is or becomes or is deemed invalid, illegal or unenforceable in any jurisdiction, or would disqualify the Plan or any Option under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan, it shall be stricken and the remainder of the Plan shall remain in full force and effect.

- (m) Options may be granted to Participants who are foreign nationals or employed outside the United States, or both, on such terms and conditions different from those applicable to Options to Employees or officers of the Company or an Affiliate employed in the United States as may, in the judgment of the Committee, be necessary or desirable in order to recognize differences in local law or tax policy. The Committee also may impose conditions on the exercise or vesting of Options in order to minimize the Company's obligation with respect to tax equalization for Employees or officers of the Company or an Affiliate on assignments outside their home country.
- (n) If approved by the Committee in its sole discretion, an absence or leave of an Employee (or officer of the Company or an Affiliate) because of military or governmental service, disability or other reason shall not be considered an interruption of service for any purpose under the Plan.

SECTION 11. TERM OF PLAN.

The Plan shall terminate on the tenth anniversary of the Effective Date, unless sooner terminated by the Board pursuant to Section 9, provided that Options granted prior to such anniversary may extend beyond such date.

SECTION 12. COMPLIANCE WITH SECTION 16.

With respect to Participants subject to Section 16 of the Exchange Act (Members), transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successors under the Exchange Act. To the extent that compliance with any Plan provision applicable solely to such Members that is included solely for purposes of complying with Rule 16b-3 is not required in order to bring a transaction by such Member in compliance with Rule 16b-3, it shall be deemed null and void as to such transaction, to the extent permitted by law and deemed advisable by the Committee. To the extent any provision in the Plan or action by the Committee involving such Members is deemed not to comply with an applicable condition of Rule 16b-3, it shall be deemed null and void as to such Members, to the extent permitted by law and deemed advisable by the Committee.

SECTION 13. SECTION 409A OF THE CODE.

Although the Company does not guarantee the particular tax treatment of an Option granted under the Plan, Options granted under the Plan are intended to comply with, or be exempt from, the applicable requirements of Section 409A of the Code and the Plan and any Option Agreement hereunder shall be limited, construed and interpreted in accordance with such intent. In no event whatsoever shall the Company or any of its Affiliates be liable for any additional tax, interest or penalties that may be imposed on a Participant by Section 409A of the Code or any damages for failing to comply with Section 409A of the Code.
