PROXY STATEMENT

FOR 2012 ANNUAL MEETING OF STOCKHOLDERS

To Be Held on May 24, 2012

This proxy statement contains information about our 2012 annual meeting of stockholders. The meeting will be held on Thursday, May 24, 2012, beginning at 9:00 a.m. local time, at our offices, 7 Wells Avenue, Suite 34, Newton, Massachusetts 02459.

This proxy statement is furnished in connection with the solicitation of proxies by our board of directors for use at the annual meeting and at any adjournment of that meeting. All proxies will be voted in accordance with the instructions they contain. If you do not specify your voting instructions on your proxy, it will be voted in accordance with the recommendations of our board of directors.

These proxy materials, together with our annual report to stockholders for our 2011 fiscal year, are first being mailed to stockholders on or about April 20, 2012 and may also be found at www.galectintherapeutics.com.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will consider and vote on the following matters:

1. The election of the nine nominees named in this Proxy Statement to our Board of Directors, each for a term of one year, expiring at our 2013 annual meeting of stockholders.
2. The ratification of the selection of McGladrey & Pullen, LLP, as our independent registered public accounting firm for the fiscal year ending December 31, 2012.
3. The transaction of such other business that may properly come before the meeting or any adjournment thereof.

Who can vote?

You may vote if you were a shareholder of Galectin Therapeutics as of the close of business on the record date, April 13, 2012. Shares outstanding on the record date are the following:

15,670,153 shares of common stock,

1,562,500 shares of Series A 12% Convertible Preferred Stock (Series A preferred stock),

900,000 shares of Series B-1 Convertible Preferred Stock (Series B-1 preferred stock), and

Edgar Filing: GALECTIN THERAPEUTICS INC - Form DEF 14A

2,100,000 shares of Series B-2 Convertible Preferred Stock (Series B-2 preferred stock), and together with the Series B-1 preferred stock, the Series B preferred stock).

The shares of Series A preferred stock and Series B preferred stock vote on an as-converted basis with the shares of common stock. Prior to giving effect to the reverse stock split discussed in the next question, on an as-converted basis, each share of Series A preferred stock had one vote, and each share of Series B preferred stock had four votes. The shares of our Series C Super Dividend Convertible Preferred Stock (Series C preferred stock), and together with the Series A preferred stock and Series B preferred stock, the Preferred Stock) do not have voting rights prior to conversion to common stock.

How many votes do I have?

On March 23, 2012, we effected a one-for-six reverse split of the shares of our common stock that were then issued and outstanding as well as the authorized but unissued shares of common stock. The reverse split by a similar ratio impacts the number of shares of common stock issuable upon conversion of shares of each series of Preferred Stock. Each share of our common stock that you own on the record date entitles you to one vote on each matter subject to a vote. Each share of Series A preferred stock that you own on the record date entitles you to one-sixth vote (i.e. six shares of Series A preferred stock equals one vote) on each matter that is submitted to a vote of holders of our common stock. Each share of our Series B preferred stock entitles you to two-thirds of a vote (i.e. three shares of Series B preferred stock equals two votes) on each matter that is submitted to a vote of holders of our common stock.

What is the difference between the Galectin Therapeutics securities that are traded under the NASDAQ trading symbols GALT , GALTU , and GALTW and how is each voted?

Our common stock is now listed and trades on the NASDAQ Capital Markets under the symbol GALT . The units of securities that we sold in our public offering that that was closed on March 28, 2012, are listed and trade on the NASDAQ Capital Markets under the symbol GALTU . Each Unit consists of two shares of our common stock and one warrant to purchase one share of our common stock. A holder of Units has one vote for each of the two shares in the Unit. The warrants we sold in the public offering are listed and now trade on the NASDAQ Capital Markets under the symbol GALTW . The warrants do not have voting rights.

How do I vote?

If you are the record holder of your shares, meaning that you own your shares in your own name and not through a bank or brokerage firm, you may vote as follows:

1. **You may vote by mail.** You may vote by completing and signing the proxy card enclosed with this proxy statement and promptly mailing it in the enclosed postage-prepaid envelope. You do not need to put a stamp on the enclosed envelope if you mail it from the United States. The shares you own will be voted according to your instructions on the proxy card you mail. If you return the proxy card, but do not give any instructions on a particular matter described in this proxy statement, the shares you own will be voted in accordance with the recommendations of our board of directors.
2. **You may vote in person.** If you attend the meeting, you may vote by delivering your completed proxy card in person or by completing a ballot. Ballots will be available at the meeting.

How does the Board of Directors recommend that I vote on the proposals?

The Board of Directors recommends that you vote:

FOR the election of each of the nine nominees to serve as directors on the Board of Directors, each for a term of one year, expiring at our 2013 annual meeting of stockholders.

FOR the ratification of the selection of McGladrey & Pullen, LLP, as our independent registered public accounting firm for the 2012 fiscal year.

Is my vote important?

Your vote is important no matter how many shares you own. Please take the time to vote. Take a moment to read the instructions below. Choose the way to vote that is the easiest and most convenient for you and cast your vote as soon as possible.

What if I return a proxy card but do not make specific choices?

Any Proxy Card returned without directions given will be voted (1) **FOR** the election of directors presented in this Proxy Statement to the Board of Directors, (2) **FOR** the ratification of the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm to audit the financial statements for our 2012 fiscal year, and (3) as to any other business that may come before the annual meeting, in accordance with the judgment of the person or persons named in the proxy.

Will my shares be voted if I do not provide my proxy?

Your shares may be voted if they are held in the name of a brokerage firm, even if you do not provide the brokerage firm with voting instructions. Brokerage firms have the authority to vote shares for which their customers do not provide voting instructions on certain routine matters.

The proposal to ratify the selection of McGladrey & Pullen, LLP as our independent auditors for fiscal year 2012 is considered a routine matter for which brokerage firms may vote shares for which they have not received voting instructions. The other proposals to be voted on at our annual meeting are not considered routine under applicable rules. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote.

Can I change my vote after I have mailed my Proxy Card or after I have voted my shares?

Yes. You can change your vote and revoke your proxy at any time before the polls close at the meeting by doing any one of the following things:

signing another proxy with a later date;

giving our corporate secretary, Maureen Foley, written notice to that effect. She may be contacted at 7 Wells Avenue, Suite 34, Newton, MA 02459; telephone: 617-559-0033; e-mail: foley@galectintherapeutics.com; or

voting in person at the meeting.

How can I access the proxy materials over the internet?

You may view and also download our proxy materials, including the 2011 Annual Report, our Form 10-K for the year ended December 12, 2011, and the Notice on our website at www.galectintherapeutics.com as well as <http://www.rdezproxy.com/2012/GalectinTherapeutics/>

Who pays for the solicitation of Proxies?

The solicitation of proxies in the enclosed form is made on behalf of the Board of Directors. We pay all costs to solicit these proxies. Our officers, directors and employees may solicit proxies but will not be additionally compensated for such activities. We are also working with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of shares held of record by such institutions and persons. We will reimburse their reasonable expenses.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least one-third of the outstanding shares entitled to vote are represented by stockholders present at the meeting or by proxy. On the record date, there were 17,930,570 shares of common stock outstanding or deemed outstanding based on voting rights of Series A preferred stock or Series B preferred stock on an as-converted basis. Thus, 5,976,857 shares must be represented by stockholders present at the meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

What vote is required for each item to pass?

Election of Directors. Under our bylaws, a nominee will be elected to the Board of Directors if the votes cast for the nominee's election exceed the votes cast against the nominee's election, with abstentions and broker non-votes not counting as votes for or against. If the shares you own held in street name by a brokerage firm, your brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. Two directors, whom we refer to as Series B directors, are nominated and elected by the holder(s) of the Series B preferred stock voting as a separate class.

Ratification of independent registered public accounting firm. Under our bylaws, the affirmative vote of a majority of the total number of votes cast at the meeting is needed to ratify the selection of McGladrey & Pullen, LLP, as our independent registered public accounting firm.

If you do not instruct your broker how to vote with respect to the election of directors, your broker may not vote with respect to this proposal.

Your Board of Directors has eleven members. Why are only nine elected at the annual meeting?

The holder(s) of our Series B preferred stock have the right, as long as any shares of Series B preferred stock are outstanding, to vote as a separate class to nominate and elect two of our directors, referred to as the Series B directors, and to nominate three directors, referred to as the Series B nominees, who must be recommended for election by holders of all of our securities entitled to vote on election of directors. The holder(s) of the Series B preferred stock declined to exercise their right to designate the three Series B nominees for purposes of the 2012 annual meeting. Messrs. Czirr and Greenberg are the Series B directors who, if elected by the holder(s) of the Series B preferred stock at the 2012 annual meeting, will serve on our Board as the Series B directors. As of March 31, 2012, 10X Fund L.P. is the owner of all of the issued and outstanding shares of the Series B preferred stock. For additional information, please see Security Ownership of Certain Beneficial Owners and Management below.

Who will count the votes?

The votes will be counted, tabulated and certified by the Inspector of Elections, which for the 2012 annual meeting will be Continental Stock Transfer & Trust Company, our stock transfer agent.

Will my vote be kept confidential?

Yes, your vote will be kept confidential and we will not disclose your vote, unless (1) we are required to do so by law (including in connection with the pursuit or defense of a legal or administrative action or proceeding), or (2) there is a contested election for the Board of Directors. The Inspector of Elections will forward any written comments that you make on the Proxy Card to management without providing your name, unless you expressly request disclosure on your Proxy Card.

How and when may I submit a stockholder proposal for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 14, 2012 to our Corporate Secretary at 7 Wells Avenue, Suite 34, Newton, MA 02459. You are also advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

Where can I find the voting results?

We will report the voting results on Form 8-K within four business days after the end of our annual meeting of stockholders. If final voting results are not available to us in time to file a current report on Form 8-K within four business days after the annual meeting, we intend to file a current report on Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional current report on Form 8-K to publish the final results.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of March 31, 2012, certain information concerning the beneficial ownership of our common stock, our Series A preferred stock and Series B preferred stock by (i) each person known by us to own beneficially five per cent (5%) or more of the outstanding shares of each class, (ii) each of our directors and named executive officers, and (iii) all of our executive officers and directors as a group. The table also sets forth, in its final column, the combined voting power of the voting securities on all matters presented to the stockholders for their approval at the annual meeting, except for such separate class votes as are required by law.

The number of shares beneficially owned by each 5% stockholder, director or executive officer is determined under the rules of the Securities and Exchange Commission, or SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under those rules, beneficial ownership includes any shares as to which the individual or entity has sole or shared voting power or investment power and also any shares that the individual or entity has the right to acquire within 60 days after March 31, 2012 through the exercise of any stock option, warrant or other right, or the conversion of any security. Unless otherwise indicated, each person or entity has sole voting and investment power (or shares such power with his or her spouse) with respect to the shares set forth in the following table. The inclusion in the table below of any shares deemed beneficially owned does not constitute an admission of beneficial ownership of those shares.

On March 23, 2012, we effected a one-for-six reverse split of our outstanding shares of common stock as well as the authorized but unissued shares of common stock. The reverse split by the same ratio affects the number of shares of our common stock issuable upon conversion of the shares of each series of Preferred Stock. All common share, common equivalent share ratios and per share amounts have been adjusted to reflect this reverse split.

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

The Nominating and Corporate Governance Committee of our Board of Directors has nominated nine members currently serving on our Board to be re-elected at the annual meeting to serve one-year terms until the 2013 annual meeting of stockholders and until their respective successors are elected and qualified. Each nominee has agreed to serve if elected.

The Nominating and Corporate Governance Committee is nominating nine directors, which is fewer than the number (eleven) of directors permitted by our governance documents, to be elected to the Board of Directors because Messrs. Czirr and Greenberg are the Series B directors who are nominated and elected by the holder(s) of the Series B preferred stock voting as a separate class. Mr. Czirr serves as the Executive Chairman of the Board. Background information with respect to Messrs. Czirr and Greenberg is provided below. If all of the nominees are elected at the annual meeting, our Board of Directors will have eleven members.

Set forth below is information regarding the nominees, as of March 31, 2012, including their ages, positions with Galectin Therapeutics, recent employment and other directorships.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION TO THE BOARD OF EACH NOMINEE.

The persons who have been nominated for election at the annual meeting to serve on our Board of Directors are named in the table below. Proxies cannot be voted for a greater number of persons than the number of nominees named.

Pre-Approval Policy and Procedures

The Audit Committee of our Board of Directors has adopted policies and procedures which set forth the manner in which the Committee will review and approve all services to be provided by the independent auditor before the auditor is retained to provide such services. The policy requires Audit Committee pre-approval of the terms and fees of the annual audit services engagement, as well as any changes in terms and fees resulting from changes in audit scope or other items. The Audit Committee also pre-approves, on an annual basis, other audit services, and audit-related and tax services set forth in the policy, subject to estimated fee levels, on a project basis and aggregate annual basis, which have been pre-approved by the Committee.

All other services performed by the auditor that are not prohibited non-audit services under SEC or other regulatory authority rules must be separately pre-approved by the Audit Committee. Amounts in excess of pre-approved limits for audit services, audit-related services and tax services require separate pre-approval of the Audit Committee.

Our Chief Financial Officer reports quarterly to the Audit Committee on the status of pre-approved services, including projected fees. All of the services reflected in the above table were approved by the Audit Committee.

CORPORATE GOVERNANCE

Board of Directors

We believe that good corporate governance is important to ensure that Galectin Therapeutics is managed for the long-term benefit of our stockholders. Our board of directors is responsible for establishing our corporate policies and overseeing the management of the company. Senior management, including our President and Chief Executive officer, Chief Financial Officer and Chief Operating Officer, are responsible for our day-to-day operations. The board evaluates our corporate performance and approves, among other things, corporate strategies, objectives, operating plans, significant policies and major commitments of corporate resources. The board also evaluates and elects our executive officers, and determines their compensation.

Our Board currently consists of eleven directors, nine of whom will stand for election at our 2012 annual meeting of stockholders and two of whom are nominated and elected by the holder of our Series B preferred stock voting as a separate class.

Committees of the Board

Our board of directors has standing Audit, Compensation, and Nominating and Corporate Governance Committees. From time to time, the board may also create various ad hoc committees for special purposes. The membership during the last fiscal year and the function of each of the Audit, Compensation, and Nominating and Corporate Governance Committees are described below. The board has determined that all of the members of each of the Audit, Compensation, and Nominating and Corporate Governance Committees are independent as defined under the rules of the NASDAQ Stock Market, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Exchange Act. The charters of each committee are available on the Company's website at www.galectintherapeutics.com.

Compensation Committee

The Compensation Committee met five times in 2011. The members of this committee are Rod D. Martin (chair), Gilbert F. Amelio, Ph.D. and Arthur R. Greenberg. The Committee is responsible for reviewing and recommending compensation policies and programs, management and corporate goals, as well as salary and benefit levels for our executive officers and other significant employees. Its responsibilities include supervision and oversight of the administration of our incentive compensation and stock programs and, as such, the Committee is responsible for administration of grants and awards to directors, officers, employees, consultants and advisors under our 2001 Stock Incentive Plan, 2003 Non-employee Director Stock Incentive Plan and the 2009 Incentive Compensation Plan.

Audit Committee

The Audit Committee met five times in 2011. The members of this committee are Steven Prelack (chair), Jerald K. Rome and Kevin D. Freeman. The Audit Committee is responsible for oversight of the quality and integrity of the accounting, auditing and reporting practices of Galectin Therapeutics. More specifically, it assists the Board of Directors in fulfilling its oversight responsibilities relating to (i) the quality and integrity of our financial statements, reports and related information provided to stockholders, regulators and others, (ii) our compliance with legal and regulatory requirements, (iii) the qualifications, independence and performance of our independent registered public accounting firm, (iv) the internal control over financial reporting that management and the Board have established, and (v) the audit, accounting and financial reporting processes generally. The Committee is also responsible for review and approval of related-party transactions. The Board has determined that Mr. Prelack is an audit committee financial expert within the meaning of SEC rules.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee met six times in 2011. The members of this committee are Rod D. Martin (chair), Jerald K. Rome and Gilbert F. Amelio, Ph.D. The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become members of the Board, and to recommend to the Board, candidates for election or re-election as directors and for reviewing our governance policies in light of the corporate governance rules of the SEC. Under its charter, the Committee is required to establish and recommend criteria for service as a director, including matters relating to professional skills and experience, board composition, potential conflicts of interest and manner of consideration of individuals proposed by management or stockholders for nomination. The Committee believes candidates for the Board should have the ability to exercise objectivity and independence in making informed business decisions; extensive knowledge, experience and judgment; the highest integrity; loyalty to the interests of Galectin Therapeutics and its stockholders; a willingness to devote the extensive time necessary to fulfill a director's duties; the ability to contribute to the diversity of perspectives present in board deliberations, and an appreciation of the role of the corporation in society. The Committee will consider candidates meeting these criteria who are suggested by directors, management, stockholders and other advisers hired to identify and evaluate qualified candidates.

Director Independence

The Company's Corporate Governance provides that a majority of the members of the Board, and each member of the Audit, Compensation and Nominating and Corporate Governance Committees, must meet certain criteria for independence. Under applicable NASDAQ rules, a director will only qualify as an independent director if, in the opinion of our board of directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Based on the NASDAQ rules, Messrs. Freeman, Martin, Mauldin, Prelack, Pressler and Rome and Drs. Amelio and Rubin were determined by the Board to be independent. As employees of Galectin Therapeutics, Dr. Traber and Mr. Czirr are not considered independent. Also, none of the non-employee directors has any relationship with the Company other than being a director and stockholder, or any transaction or arrangement that interferes with each director's independence.

Policies with Respect to Transactions with Related Persons

The Nominating and Corporate Governance Committee and the Board have adopted a Code of Ethics, which is available at www.galectintherapeutics.com, that sets forth various policies and procedures intended to promote the ethical behavior of the Company's employees, officers and directors. The Code of Ethics describes our policy on conflicts of interest. This committee also monitors the ethical behavior of our employees, officers and directors.

The executive officers and the Board are also required to complete a questionnaire on an annual basis which requires them to disclose any related person transactions and potential conflicts of interest. The responses to these questionnaires are reviewed by outside corporate counsel, and, if a transaction is reported by an independent director or executive officer, the questionnaire is submitted to the Chairperson of the Audit Committee for review. If necessary, the Audit Committee will determine whether the relationship is material and will have any effect on the director's independence. After making such determination, the Audit Committee will report its recommendation on whether the transaction should be approved or ratified by the entire Board.

Certain Relationships and Related Transactions

Since the beginning of fiscal 2011, we did not participate in any transactions in which any of the director nominees, Class B directors, executive officers, any beneficial owner of more than 5% of our common stock, nor any of their immediate family members, had a direct or indirect material interest.

Our Audit Committee Charter requires that members of the Audit Committee, all of whom are independent directors, conduct an appropriate review of, and be responsible for the oversight of, all related party transactions on an ongoing basis. There were no related party transactions in the fiscal year ended December 31, 2011.

Director Nomination Process

The Nominating and Corporate Governance, or Nominating Committee, is responsible for, among other things, screening potential director candidates and recommending qualified candidates to the Board for nomination.

When identifying and evaluating candidates, the Nominating Committee first determines whether there are any evolving needs of the Board that require an expert in a particular field. The Nominating Committee may retain a third-party search firm to assist it in locating qualified candidates that meet the needs of the Board at that time. The search firm would provide information on a number of candidates, which the Nominating Committee discusses. The Nominating Committee chair and some or all of the members of the Nominating Committee, and the Chief Executive Officer, will interview potential candidates that the Nominating Committee deems appropriate. If the Nominating Committee determines that a potential candidate meets the needs of the Board, has the qualifications, and meets the independence standards required by NASDAQ rules, it will recommend the nomination of the candidate to the Board.

It is the Nominating Committee's policy to consider director candidates recommended by stockholders, if such recommendations are properly submitted to the Company. Stockholders wishing to recommend persons for consideration by the Nominating Committee as nominees for election to the Board can do so by writing to the Secretary of Galectin Therapeutics Inc. at 7 Wells Avenue, Suite 34, Newton, MA 02459. Recommendations must include the proposed nominee's name, biographical data and qualifications, as well as a written statement from the proposed nominee consenting to be named and, if nominated and elected, to serve as a director. Recommendations must also follow the Company's procedures for nomination of directors by stockholders (see Nominating and Corporate Governance Committee; Criteria and Diversity). The Nominating Committee will consider the candidate and the candidate's qualifications in the same manner in which it evaluates nominees identified by the Nominating Committee. The Nominating Committee may contact the stockholder making the nomination to discuss the qualifications of the candidate and the stockholder's reasons for making the nomination. The Nominating Committee may then interview the candidate if it deems the candidate to be appropriate. The Nominating Committee may use the services of a third-party search firm to provide additional information about the candidate prior to making a recommendation to the Board.

The Nominating Committee's nomination process is designed to ensure that the Nominating Committee fulfills its responsibility to recommend candidates that are properly qualified to serve the Company for the benefit of all of its stockholders, consistent with the standards established by the Nominating Committee under our corporate governance principles.

Communication with the Board

The Board and management encourage communication from our stockholders. Stockholders who wish to communicate with our management should direct their communication to the Secretary of the Board, 7 Wells Avenue, Suite 34, Newton, MA 02459. Stockholders, or other interested parties, who wish to communicate with the non-management directors or any individual director should direct their communication c/o the Secretary at the address above. The Secretary will forward communications intended for the Board to the Vice Chairman of the Board, or, if intended for an individual director, to that director. If multiple communications are received on a similar topic, the Secretary may, in his or her discretion, forward only representative correspondence. Any communications that are abusive, in bad taste or present safety or security concerns may be handled differently.

Board Leadership Structure

The Board believes that our Executive Chairman is best situated to serve as Chairman of the Board because he is the director who was a co-founder of the Company and is very familiar with our business and industry, and capable of effectively identifying sources of capital as well as strategic priorities. Independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside the company and industry. Our Chief Executive Officer brings company-specific experience and expertise. The Board believes that the separate roles of the Executive Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance.

One of the key responsibilities of the Board is to develop strategic direction and hold management accountable for the execution of strategy once it is developed. The Board believes the separate roles of the Executive Chairman and the Chief Executive Officer is in the best interest of stockholders because it provides the appropriate balance between strategy development and independent oversight of management.

Executive Sessions

Pursuant to our corporate governance principles or as required by NASDAQ rules, non-management directors of the Board meet from time to time without the presence of management. The Vice Chair of the Board chairs these sessions.

Meeting Attendance

During 2011, there were eleven meetings of the Board. Each director attended at least 75% of the total meetings of the Board and committees of the Board of which the director was a member. In addition to participation at Board and committee meetings, our directors discharge their responsibilities throughout the year through personal meetings and other communications, including considerable telephone contact with the Executive Chairman and Chief Executive Officer and others regarding matters of interest and concern to the Company.

We do not have a formal policy requiring members of the Board to attend the annual meeting, although all directors are strongly encouraged to attend. At the 2011 annual meeting of stockholders, all eleven of the then current board members were present.

Risk Management

The Board has an active role, as a whole and also at the committee level, in overseeing management of our risks. The Board regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. The Compensation Committee of our Board is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee of our Board oversees management of financial risks. The Nominating and Corporate Governance Committee of our Board manages risks associated with the independence of the Board members and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

Criteria and Diversity

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by shareholders, the Nominating and Corporate Governance Committee will apply the criteria set forth in governance guidelines. These criteria include the candidate's integrity, business acumen, age, experience, commitment, diligence, conflicts of interest and the

ability to act in the interests of all shareholders. Our guidelines specify that the value of diversity on the Board should be considered by the Nominating and Corporate Governance Committee in the director identification and nomination process. The Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is responsible for providing independent, objective oversight of Galectin Therapeutics' accounting functions and internal control over financial reporting. The Audit Committee has reviewed and discussed audited financial statements for Galectin Therapeutics with management. Material Terms of Employment Contracts of Named Executive Officers

Peter G. Traber, M.D., Chief Executive Officer and President

On May 26, 2011, we entered into an Employment Agreement with Dr. Traber for a three year term beginning March 17, 2011, which shall continue for up to two one-year additional terms unless either party provides at least 6 months prior notice that the employment shall not continue. The Agreement provides for an annual salary during the initial year in the amount of \$195,000, which may be adjusted beginning the second year based on industry surveys of executive compensation in comparable companies, but shall not be less than \$300,000. Dr. Traber is entitled to (i) participate in incentive, retirement, profit-sharing, life, medical, disability and other plans generally available to our senior executives at our expense, (iv) an apartment and use of an automobile while in residence near our Newton, Massachusetts offices, and (v) weekly air-fare from his family's residence anywhere in the 48 contiguous states.

The Agreement provides that Dr. Traber shall receive severance equal to one year of his then salary, two years medical coverage, and immediate vesting of all unvested warrants and options if his employment is terminated (i) by the Company without cause, (ii) by Dr. Traber for good reason, or (iii) following a change of control (as each term is defined in the Agreement). If Dr. Traber's employment is terminated for cause, as defined in the Agreement, subject to cure rights in certain instances, he is not entitled to severance other than medical insurance coverage pursuant to COBRA.

The Agreement provides that during its term Dr. Traber shall not engage in any business competitive with the Company, and thereafter he shall not (i) accept for 12 months business from our customers or accounts relating to competing products or services of the Company, or (ii) render services for 6 months to any competing organization (as such terms are defined in the Agreement). The Agreement also contains provisions binding on Dr. Traber with respect to (i) protection of our confidential information; (ii) requirements to disclose and assign inventions or other intellectual property to the Company; (iii) non-solicitation of our executives, or persons with whom we have a business relationship such as investors, suppliers and customers; and (iv) advance review and approval of all writings he proposes to publish.

As contemplated by the Agreement, on May 26, 2011, our Board of Directors granted Dr. Traber 125,000 fully-vested stock options exercisable for 10 years at \$7.50 per share. In addition, the Agreement (i) accelerates the vesting 100,000 warrants that we granted to Dr. Traber in consideration of his service to the Company as Chief Medical Officer on a consultant basis prior his becoming an executive officer, (ii) amends our prior grant of 833,334 stock options to include a cashless exercise provision, and (iii) limits the number of vested options under Dr. Traber's prior grants to a maximum of 833,334 at any one time. The Agreement requires us to register the offer and sale of the shares underlying such options and warrants. Dr. Traber also agreed not to sell any securities of the Company until after his obligation to report transactions in our securities has expired.

James C. Czirr, Executive Chairman

On June 28, 2011, we entered into an employment agreement with James C. Czirr, Executive Chairman of the Company for a three year term beginning June 28, 2011, which may continue for up to two one-year

additional terms. The agreement provides for an annual salary of \$185,000 for the first year of the initial term and \$240,000 for the second and third years. We will negotiate salary if Mr. Czirr's employment continues during the one-year terms subsequent to the initial term. Mr. Czirr is entitled to (i) participate in incentive, retirement, profit-sharing, life, medical, disability and other plans generally available to senior executives of the Company, (ii) \$2,000,000 life insurance coverage and long-term disability insurance at Company expense, and (iii) expense reimbursement including up to \$4,000 per month, unless otherwise approved, for office expenses.

The agreement provides that Mr. Czirr shall receive severance equal to one year of his then salary, two years' medical coverage, and immediate vesting of all unvested options if his employment is terminated (i) by the Company without cause, (ii) by Mr. Czirr for good reason, or (iii) following a change of control (as defined in the Agreement). If his employment is terminated for cause, subject to cure rights in certain instances, he is not entitled to severance.

The agreement provides that during its term Mr. Czirr shall not engage in any business competitive with the Company. Following employment, Mr. Czirr shall not (i) accept for 12 months business from our customers or accounts relating to competing products or services, or (ii) render services for 6 months to any competing organization (as such are defined in the agreement). The agreement also contains provisions binding on Mr. Czirr with respect to (i) protection of our confidential information; (ii) requirements to disclose and assign inventions or other intellectual property to us; (iii) non-solicitation of our executives, or persons with whom we have a business relationship; and (iv) advance review and approval of all writings he proposes to publish.

We also agreed to register the offer and sale of the shares underlying such options. Mr. Czirr agreed not to loan or pledge securities of the Company until after his obligation to report transactions in our securities has expired, and not to effect short sales of our securities for 5 years after termination of the agreement.
