**Preliminary Prospectus, dated July 3, 2012**

**PROSPECTUS**

**Shares**

**Class A Common Stock**

Empire State Realty Trust, Inc. is a Maryland corporation organized to qualify as a real estate investment trust that owns, manages, operates, acquires and repositions office and retail properties in Manhattan and the greater New York metropolitan area.

This is our initial public offering and no public market currently exists for our Class A common stock. We are offering shares of our Class A common stock as described in this prospectus. All of the shares of Class A common stock offered by this prospectus are being sold by us. We currently expect the initial public offering price to be between \$ and \$ per share of our Class A common stock. We intend to apply to have our Class A common stock listed on the New York Stock Exchange or another national securities exchange under the symbol ESB.

Shares of our common stock are subject to ownership limitations that are intended to, among other purposes, assist us in qualifying and maintaining our qualification as a real estate investment trust for U.S. federal income tax purposes. Our charter contains certain restrictions relating to the ownership and transfer of our common stock, including, subject to certain exceptions, a % ownership limit for all stockholders. See Description of Securities Restrictions on Ownership and Transfer beginning on page 248 of this prospectus.

**Investing in our Class A common stock involves risks. See Risk Factors beginning on page 28 of this prospectus for a discussion of certain risk factors that you should consider before investing in our Class A common stock.**

	<b>Per Share</b>	<b>Total</b>
Public offering price	\$	\$
Underwriting discounts and commissions	\$	\$
Proceeds, before expenses, to us	\$	\$

We have granted the underwriters the option to purchase an additional shares of our Class A common stock for 30 days after the date of this prospectus on the same terms and conditions set forth above if the underwriters sell more than shares of Class A common stock in this offering.

**Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.**

The underwriters expect to deliver the shares of our Class A common stock on or about , 2012.

**BofA Merrill Lynch**

**Goldman, Sachs & Co.**

The date of this prospectus is \_\_\_\_\_, 2012.

You should rely only on the information contained in this prospectus or in any free writing prospectus prepared by us or information to which we have referred you. We have not, and the underwriters have not, authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not, and the underwriters are not, making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus and any free writing prospectus prepared by us is accurate only as of their respective dates or on the date or dates which are specified in these documents. Our business, financial condition, liquidity, results of operations and prospects may have changed since those dates.

Unless the context otherwise requires or indicates, references in this prospectus to we, our, us and our company refer to (i) Empire State Realty Trust, Inc. (formerly known as Empire Realty Trust, Inc.), a Maryland corporation, together with its consolidated subsidiaries, including Empire State Realty OP, L.P. (formerly known as Empire Realty Trust, L.P.), a Delaware limited partnership, which we refer to in this prospectus as our operating partnership, after giving effect to the formation transactions described in this prospectus and (ii) our predecessor before giving effect to the formation transactions described in this prospectus. Unless the context otherwise requires or indicates, the information contained in this prospectus assumes (i) the formation transactions, as described under the caption

Structure and Formation of Our Company beginning on page 224, have been completed; (ii) the shares of Class A common stock to be sold in this offering are sold at \$ per share, which is the mid-point of the range of prices set forth on the front cover of this prospectus; (iii) no exercise by the underwriters of their option to purchase up to an additional shares of our Class A common stock; (iv) the Series PR operating partnership units, the Series ES operating partnership units, the Series 60 operating partnership units and the Series 250 operating partnership units to be issued in the formation transactions are valued at \$ per unit; (v) the Class B common stock to be issued in the formation transactions is valued at \$ per share; and (vi) all property information is as of March 31, 2012.

**Table of Contents**

*Market Data*

We use market data and industry forecasts and projections throughout this prospectus, and in particular in the section entitled *Business and Properties*. We have obtained substantially all of this information from a market study prepared for us by Rosen Consulting Group, or RCG, a nationally recognized real estate consulting firm in January 2012. We have paid RCG a fee for such services. Such information is included herein in reliance on RCG's authority as an expert on such matters. See *Experts*. In addition, we have obtained certain market data from publicly available information and industry publications. These sources generally state that the information they provide has been obtained from sources believed to be reliable. Forecasts are based on industry surveys and the preparer's expertise in the industry and there is no assurance that any of the projected amounts will be achieved. We believe this data others have compiled are reliable, but we have not independently verified this information. Any forecasts prepared by RCG are based on data (including third party data), models and experience of various professionals, and are based on various assumptions, all of which are subject to change without notice.

We own, manage, operate, acquire and reposition office and retail properties in Manhattan and the greater New York metropolitan area. We refer to our properties in Manhattan as our *Manhattan properties*. We use the term *greater New York metropolitan area* to refer only to Fairfield County, Connecticut and Westchester County, New York. We refer to our office and retail properties collectively as *our portfolio*. Our targeted office markets as defined by RCG include the Midtown Manhattan market, which spans from 30th Street north to Central Park (59th Street) and includes the Penn Station, Times Square South, Grand Central and West Side submarkets, and the Westchester County and Fairfield County markets. Our targeted retail markets as defined by RCG include Midtown Manhattan, Union Square (where Park Avenue meets 14th Street), the Upper East Side and Fairfield County. The manner in which we define our property markets and submarkets differs from how RCG has done so in its market study included herein. Further, RCG's definition of the New York metropolitan area differs from our definition of the greater New York metropolitan area. RCG's definition includes Putnam County and Rockland County in New York and Bergen County, Hudson County, and Passaic County in Northern New Jersey and excludes Fairfield County in Connecticut.

*Predecessor Definition*

Our predecessor is not a legal entity but rather a combination of (i) controlling interests in (a) 16 office and retail properties, (b) one development parcel, and (c) certain management companies, which are owned by certain entities that are owned or controlled by the sponsors (Anthony E. Malkin and Peter L. Malkin) and/or their affiliates and family members, which we collectively refer to as the controlled entities, and (ii) non-controlling interests in four office properties (which include two of the 16 properties set forth in (i) above), held through entities we collectively refer to as the non-controlled entities, and are presented as uncombined entities in our combined financial statements. Specifically, the term *our predecessor* means (i) Malkin Holdings LLC, a New York limited liability company that acts as the supervisor of, and performs various asset management services and routine administration with respect to, certain of the existing entities (as described below), which we refer to as *the supervisor*; (ii) the limited liability companies or limited partnerships that currently (a) own, directly or indirectly and either through a fee interest or a long-term leasehold in the underlying land, and/or (b) operate, directly or indirectly and through a fee interest, an operating lease, an operating sublease or an operating sub-sublease, the 18 office and retail properties (which include non-controlling interests in four office properties for which Malkin Holdings LLC acts as the supervisor but that are not consolidated into our predecessor for accounting purposes) and entitled land that will support the development of an approximately 340,000 rentable square foot office building and garage that we will own after the formation transactions described in this prospectus, which we refer to as the *existing entities*; (iii) Malkin Properties, L.L.C., a New York limited liability company that serves as the manager and leasing agent for certain of the existing entities in Manhattan, which we refer to as *Malkin Properties*; (iv) Malkin Properties of New York, L.L.C., a New York limited liability company that serves as the manager and leasing agent for certain of the existing entities in Westchester County, New York, which we refer to as *Malkin Properties NY*; (v) Malkin Properties of Connecticut, Inc., a

## Table of Contents

Connecticut corporation that serves as the manager and leasing agent for certain of the existing entities in the State of Connecticut, which we refer to as Malkin Properties CT; and (vi) Malkin Construction Corp., a Connecticut corporation that is a general contractor and provides services to certain of the existing entities and third parties (including certain tenants at the properties in our portfolio), which we refer to as Malkin Construction. The term our predecessor's management companies refers to the supervisor, Malkin Properties, Malkin Properties NY, Malkin Properties CT and Malkin Construction, collectively. Our predecessor accounts for its investment in the non-controlled entities under the equity method of accounting.

### *Class A and Class B Common Stock and Operating Partnership Units*

Following this offering, our company will have two classes of common stock, Class A common stock and Class B common stock. Operating partnership units have economic rights similar to the Class A common stock but do not have the right to vote on matters presented to holders of Class A common stock and Class B common stock. The continuing investors that had an option to elect operating partnership units at the time they made their election of consideration in the formation transactions had an option to elect to receive one share of Class B common stock instead of one operating partnership unit for every 50 operating partnership units such continuing investor would otherwise receive in the consolidation. The Class B common stock provides its holder with a voting right that is no greater than if such holder had received solely Class A common stock in the consolidation. Each outstanding share of Class B common stock entitles the holder thereof to 50 votes on all matters on which Class A common stockholders are entitled to vote, including the election of directors, and holders of shares of Class A common stock and Class B common stock will vote together as a single class. Each share of Class B common stock has the same economic interest as a share of Class A common stock, and one share of Class B common stock and 49 operating partnership units together represent a similar economic value as 50 shares of Class A common stock. One share of Class B common stock may be converted into one share of Class A common stock at any time, and one share of Class B common stock is subject to automatic conversion into one share of Class A common stock upon a direct or indirect transfer of such share of Class B common stock or certain transfers of the operating partnership units held by the holder of Class B common stock (or a permitted transferee thereof) to a person other than a permitted transferee. We intend to apply to have our Class A common stock listed on the New York Stock Exchange or another national securities exchange under the symbol ESB. Unless the context otherwise requires or indicates, the term common stock as used herein means both our Class A and Class B common stock. For a description of the material terms of our common stock, see Description of Securities.

Interests in our operating partnership are denominated in units of limited partnership. Following this offering and the consolidation, our operating partnership will have four series of units of limited partnership, Series PR operating partnership units, Series ES operating partnership units, Series 60 operating partnership units and Series 250 operating partnership units, which we refer either collectively, or with respect to one or more series, as the operating partnership units, as the context requires or indicates. Operating partnership units are redeemable for cash, or at our election, exchangeable for shares of our Class A common stock on a one-for-one basis. As used herein, when we refer to our ownership interest in our operating partnership, we mean the percentage of all operating partnership units that are expected to be held by us. We will hold only Series PR operating partnership units. When we refer to operating partnership units to be held by the Malkin Group and continuing investors in the private existing entities, we mean Series PR operating partnership units, which will not be listed on a national securities exchange. When we refer to operating partnership units to be held by continuing investors in the public existing entities, we mean Series ES operating partnership units, Series 60 operating partnership units and Series 250 operating partnership units, which we intend to apply to have listed on the New York Stock Exchange or another national securities exchange under the symbols , , and , respectively.

The term fully diluted basis means all outstanding shares of our Class A common stock at such time plus shares of Class A common stock that may be issuable upon the exchange of operating partnership units on a

## **Table of Contents**

one-for-one basis and shares of Class A common stock issuable upon the conversion of Class B common stock on a one-for-one basis, which is not the same as the meaning of "fully diluted" under generally accepted accounting principles in the United States of America, or GAAP. The term "owns" in respect of ownership of securities of our company means the direct beneficial ownership of such securities or the ability to control the vote or disposition of such securities.

### *Non-GAAP Financial Measures*

We use non-GAAP financial measures in this prospectus. For definitions and reconciliations of these non-GAAP financial measures, see Management's Discussion and Analysis of Financial Condition and Results of Operations: Net Operating Income, Funds from Operations and EBITDA.

### *Miscellaneous*

The term "reposition" means the strategic improvement of one or more of the following characteristics of a building: (i) tenant type, composition and credit quality, (ii) aggregate rentable square feet, (iii) average space leased per tenant, (iv) aggregate space leased, (v) lease term, (vi) average rent per square foot, (vii) aggregate rental revenue and/or (viii) branding and associated marketing efforts, and requires significant capital expenditures for physical improvements to the building and its amenities.

The term "Malkin Group" means all of the following, as a group: Anthony E. Malkin, Peter L. Malkin and each of their spouses and lineal descendants (including spouses of such descendants), any estates of any of the foregoing, any trusts now or hereafter established for the benefit of any of the foregoing, or any corporation, partnership, limited liability company or other legal entity controlled by Anthony E. Malkin for the benefit of any of the foregoing; provided, however that solely with respect to tax protection rights and parties who entered into the contribution agreements described in this prospectus, the Malkin Group shall also include the lineal descendants of Lawrence A. Wien and his spouse (including spouses of such descendants), any estates of the foregoing, any trusts now or hereafter established for the benefit of any of the foregoing, or any corporation, partnership, limited liability company or other legal entity controlled by Anthony E. Malkin for the benefit of the foregoing.

We refer to Anthony E. Malkin, our Chairman, Chief Executive Officer and President, David A. Karp, our Chief Financial Officer, Executive Vice President and Treasurer, Thomas P. Durels, our Executive Vice President, and Thomas N. Keltner, Jr., our Executive Vice President, General Counsel and Secretary, collectively as our senior management team.

The term "the Helmsley estate" means the interests of the estate of Leona M. Helmsley (including any interests in the existing entities transferred from the Helmsley estate to the Leona M. and Harry B. Helmsley Charitable Trust).

---

**Table of Contents**

**PROSPECTUS SUMMARY**

*You should read the following summary together with the more detailed information regarding our company, including under the caption Risk Factors, as well as the historical and unaudited pro forma financial statements, including the related notes, appearing elsewhere in this prospectus.*

**THE COMPANY**

**Overview**

We are a self-administered and self-managed real estate investment trust, or REIT, that owns, manages, operates, acquires and repositions office and retail properties in Manhattan and the greater New York metropolitan area. We were formed to continue and expand the commercial real estate business of our predecessor Malkin Holdings LLC and its affiliates. Our primary focus will be to continue to own, manage and operate our current portfolio and to acquire and reposition office and retail properties in Manhattan and the greater New York metropolitan area.

As of March 31, 2012, we owned 12 office properties encompassing approximately 7.7 million rentable square feet of office space, which were approximately 79.1% leased (or 82.7% giving effect to leases signed but not yet commenced as of that date). Seven of these properties are located in the midtown Manhattan market and encompass in the aggregate approximately 5.9 million rentable square feet of office space, including the Empire State Building, the world's most famous office building. Our Manhattan office properties also contain an aggregate of 430,273 rentable square feet of premier retail space on their ground floor and/or lower levels. Our remaining five office properties are located in Fairfield County, Connecticut and Westchester County, New York, encompassing in the aggregate approximately 1.8 million rentable square feet. The majority of square footage for these five properties is located in densely populated metropolitan communities with immediate access to mass transportation. Additionally, we have entitled land at the Stamford Transportation Center in Stamford, Connecticut, adjacent to one of our office properties, that will support the development of an approximately 340,000 rentable square foot office building and garage, which we refer to herein as Metro Tower. As of March 31, 2012, our portfolio also included four standalone retail properties located in Manhattan and two standalone retail properties located in the city center of Westport, Connecticut, encompassing 204,452 rentable square feet in the aggregate. As of March 31, 2012, our standalone retail properties were approximately 99.0% leased in the aggregate (or % giving effect to leases signed but not yet commenced as of that date).

In addition, we have an option to acquire from affiliates of our predecessor two additional Manhattan office properties encompassing approximately 1.5 million rentable square feet of office space and 153,298 rentable square feet of ground floor retail space. These option properties currently are subject to ongoing litigation and we have an option to acquire fee, long-term leasehold, sub-leasehold and/or sub-subleasehold interests in these two properties, as applicable, after such litigation is resolved. We refer to these properties as our option properties. For more information, please see Business and Properties Description of Option Properties.

From 2002 through 2006, we gradually gained day-to-day management of our Manhattan office properties. Since then, we have been undertaking a comprehensive renovation and repositioning strategy of our Manhattan office properties that has included the physical improvement through upgrades and modernization of, and tenant upgrades in, such properties. Since we assumed day-to-day management of our Manhattan office properties beginning with One Grand Central Place in 2002 through March 31, 2012, we have invested a total of approximately \$315.0 million (excluding tenant improvement costs and leasing commissions) in our Manhattan office properties pursuant to this program. We currently intend to invest between \$170.0 million and \$210.0 million of additional capital through the end of 2013. We expect to complete substantially this program by the end of 2013, except with respect to the Empire State Building, which is the last Manhattan office property that began its renovation program. In addition, we currently estimate that between \$60.0 million and

## **Table of Contents**

\$70.0 million of capital is needed beyond 2013 to complete the renovation program at the Empire State Building, which we expect to complete substantially in 2016, due to the size and scope of our remaining work and our desire to minimize tenant disruptions at the property. We intend to fund these capital improvements through a combination of operating cash flow and borrowings.

These improvements, within our renovation and repositioning program, include restored, renovated and upgraded or new lobbies; elevator modernization; renovated public areas and bathrooms; refurbished or new windows; upgrade and standardization of retail storefront and signage; façade restorations; modernization of building-wide systems; and enhanced tenant amenities. These improvements are designed to improve the overall value and attractiveness of our properties and have contributed significantly to our tenant repositioning efforts, which seek to increase our occupancy; raise our rental rates; increase our rentable square feet; increase our aggregate rental revenue; lengthen our average lease term; increase our average lease size; and improve our tenant credit quality. We have also aggregated smaller spaces in order to offer larger blocks of office space, including multiple floors, that are attractive to larger, higher credit-quality tenants and to offer new, pre-built suites with improved layouts. This strategy has shown attractive results to date, as illustrated by the case studies which are described in *Business and Properties Renovation and Repositioning Case Studies*, and we believe has the potential to improve our operating margins and cash flows in the future. We believe we will continue to enhance our tenant base and improve rents as our pre-renovation leases continue to expire and be re-leased.

The Empire State Building is our flagship property and provides us with a significant and diversified source of revenue through its office and retail leases, observatory operations and broadcasting licenses and related leased space. On a pro forma basis, during the three months ended March 31, 2012 and the year ended December 31, 2011, respectively, we generated approximately \$55.7 million and \$201.3 million of revenue from the Empire State Building. The ongoing repositioning of the Empire State Building, which comprises 2,683,205 rentable square feet of office space and 163,655 rentable square feet of retail space, is representative of our strategic vision for our Manhattan office properties. To date, our renovation and repositioning efforts have enabled us to lease significant amounts of space at the Empire State Building to new higher credit-quality tenants, including: LF USA; Skanska; Coty, Inc.; the Federal Deposit Insurance Corporation; Funaro & Co.; LinkedIn; Noven Pharmaceuticals; People's Daily Online USA; Taylor Global; The Freeh Group; Turkish Airlines; and World Monuments Fund. We believe completing the repositioning program for the Empire State Building, as well as our other Manhattan office properties, represents a significant growth opportunity for our company.

We are led by Anthony E. Malkin, our Chairman, Chief Executive Officer and President, who has a strong reputation in the industry for quality management, repositioning and marketing expertise. Mr. Malkin, together with our senior management team, has developed our strategy with a focus on tenant and broker relationships and the cultivation of our brand to attract higher credit-quality tenants to our improved buildings and negotiate attractive rental terms. Mr. Malkin has over 23 years of real estate experience specifically in expanding, renovating, repositioning and managing this portfolio. Our senior management team has an average of approximately 29 years of experience covering all aspects of real estate, including asset and property management, leasing, marketing, acquisitions, construction, development, legal and finance, and Messrs. Malkin, Thomas P. Durels and Thomas N. Keltner, Jr. have worked together for our predecessor for over 22 years, and have supervised the design and implementation of our renovation and repositioning program.

We believe the data others have compiled are reliable, but we have not independently verified this information.*

### ***Manhattan Office Market***

Manhattan's office market is by far the largest in the United States, measured by total square footage, with approximately 393 million square feet of office space. Manhattan's sustained job growth, skilled labor force, excellent transportation access and broad range of service industries drive strong demand for office space through economic cycles. Correspondingly, the Manhattan office market commands the highest overall average gross asking rents of any market in the United States based on asking rents as of December 31, 2011. While the office tenant base is broad, several industries are more prominent than others, including financial services, legal services, media and publishing, advertising, communications, and fashion/apparel. RCG believes Manhattan's office market as a whole is in the early stages of a recovery, particularly within the Midtown submarket. Demand for office space in Manhattan continued its recovery in 2011 with leasing activity up 14% over 2010 to its highest level in a decade. During 2011, Manhattan experienced a positive net absorption of approximately 5.5 million square feet and rent growth of 5.4% over 2010 compared to a 15% decline in asking rents in 2009. The overall vacancy rate decreased to 9.1% as of the fourth quarter of 2011 from 10.5% at year-end 2010. RCG expects this recovery to continue with average annual rent growth of 9.4% between 2012 and 2015 and a decrease in the overall vacancy rate from 9.1% in 2011 to 7.4% in 2015.

### ***New York City and Manhattan Retail Market***

New York's retail market benefits from positive fundamentals, including favorable demographics, high average income, strong local demand base, significant barriers to entry, and a high volume of domestic and international visitors. RCG's outlook for the New York City and Manhattan retail markets is positive with sustained job growth, declining unemployment, stabilizing home values and improving consumer confidence. With a combined population greater than 20 million, New York City metropolitan region is by far the most populous in the country. In addition to the local population, domestic and international leisure travelers are drawn to New York City for its theaters, historical sites, museums, shopping and other cultural opportunities. A record high 50.2 million travelers visited New York City in 2011, according to NYC & Company, while direct visitor spending in New York City reached \$32.0 billion in 2011, up from \$14.7 billion in 1998.

The borough of Manhattan contains approximately 110 million square feet of retail space according to the Real Estate Board of New York. The main retail corridors have improved during the early stages of economic recovery as consumer spending has stabilized and tourism activity has rebounded. Spaces in prime corridors are among the most highly sought-after retail locations in the world and therefore command among the highest rents. Retail demand in Manhattan is driven by an affluent local population, commuters and a high concentration of business and leisure travelers.

### **Our Competitive Strengths**

We believe that we distinguish ourselves from other owners and operators of office and retail properties as a result of the following competitive strengths:

**Irreplaceable Portfolio of Office Properties in Midtown Manhattan.** Our Manhattan office properties are located in one of the most prized office markets in the world due to a combination of supply constraints, high barriers to entry, near-term and long-term prospects for job creation, vacancy absorption and rental rate growth. Management believes these properties could not be replaced today on a cost-competitive basis, if at all. As of March 31, 2012, we owned seven Manhattan office properties encompassing approximately 5.9 million rentable square feet of office space, including the

---

**Table of Contents**

Empire State Building, our flagship property and the world's most famous office building. All of these properties include premier retail space on their ground floor and/or lower levels, which comprise 430,273 rentable square feet in the aggregate and some of which has recently undergone significant renovations.

**Expertise in Repositioning and Renovating Manhattan Office Properties.** We have substantial expertise in renovating and repositioning Manhattan office properties, having invested a total of approximately \$315.0 million (excluding tenant improvement costs and leasing commissions) in our Manhattan office properties since we assumed day-to-day management of these properties beginning with One Grand Central Place in November 2002. We have gained substantial experience in upgrading, renovating and modernizing (or are in the process thereof) all building lobbies, corridors, bathrooms and elevator cabs and old, antiquated spaces to include new ceilings, lighting, pantries and base building systems (including electric distribution and air conditioning, as well as enhanced tenant amenities). We have successfully aggregated and are continuing to aggregate smaller spaces to offer larger blocks of space, including multiple floors, that are attractive to larger, higher credit-quality tenants and to offer new, pre-built suites with improved layouts. As part of this program, we converted some or all of the ground office floors of certain of our Manhattan office properties to higher rent retail space. We believe that the post-renovation high quality of our buildings and the service we provide also attract higher credit-quality tenants and allow us to grow cash flow.

**Leader in Energy Efficiency Retrofitting.** We have pioneered certain practices in energy efficiency at the Empire State Building where we have partnered with the Clinton Climate Initiative, Johnson Controls Inc., Jones Lang LaSalle and the Rocky Mountain Institute to create and implement a groundbreaking, replicable process for integrating energy efficiency retrofits in the existing built environment. Johnson Controls Inc. has guaranteed minimum energy cost savings of \$2.2 million, from 2010 through 2025, with respect to certain of the energy efficiency retrofits which Johnson Controls Inc. was responsible for installing. In 2011, the actual energy cost savings for the energy efficiency retrofits which Johnson Controls Inc. was responsible for installing was \$2.4 million. The reduced energy consumption reduces costs for us and our tenants, and we believe creates a competitive advantage for our properties. We believe that higher quality tenants in general place a higher priority on sustainability, controlling costs, and minimizing contributions to greenhouse gases. We believe our expertise in this area gives us the opportunity to attract higher quality tenants at higher rental rates and to reduce our expenses. As a result of our efforts, the Empire State Building is now an Energy Star building and has been awarded LEED EBOM-Gold certification. We are currently underway with the design and specification process to implement energy efficiency retrofitting projects in our Manhattan and greater New York metropolitan area office properties based on our work at the Empire State Building. Finally, we maintain a series of management practices utilizing recycling of tenant and construction waste, recycled content carpets, low off-gassing paints and adhesives, green pest control and cleaning solutions, and recycled paper products throughout our office portfolio. We believe that our portfolio's attractiveness is enhanced by these practices and that this should result in higher rental rates, longer lease terms and higher quality tenants.

**Attractive Retail Locations in Densely Populated Metropolitan Communities.** As of March 31, 2012, our portfolio also included six standalone retail properties and retail space at the ground floor and/or lower levels of our Manhattan office properties, encompassing 634,725 rentable square feet in the aggregate, which were approximately 86.7% leased in the aggregate (or % giving effect to leases signed but not yet commenced as of that date). All of these properties are located in premier retail corridors with convenient access to mass transportation, a diverse tenant base and high pedestrian traffic and/or main destination locations. Our retail portfolio includes 613,292 rentable square feet located in Manhattan and 21,433 rentable square feet located in Westport, Connecticut. Our retail tenants cover a number of industries, including financial services, and include Allen Edmonds, Ann Taylor; AT&T; Bank of America; Bank Santander (Sovereign Bank); Best Buy Mobile; Charles

---

**Table of Contents**

Schwab; Chipotle; Duane Reade (a division of Walgreen Co.); Ethan Allen; Food Emporium; the GAP; HSBC; JP Morgan Chase; Kate Spade; Loews Theatre; Lululemon; Men's Wearhouse; Nike; Panera Bread; Potbelly Sandwich Works; Sprint; Starbucks; Theory; TJ Maxx; and Walgreens.

**Experienced and Committed Management Team with Proven Track Record.** Our senior management team is highly regarded in the real estate community and has extensive relationships with a broad range of brokers, owners, tenants and lenders. We have developed relationships we believe enable us to both secure high credit-quality tenants on attractive terms, as well as provide us with potential acquisition opportunities. We have substantial in-house expertise and resources in asset and property management, leasing, marketing, acquisitions, construction, development and financing and a platform that is highly scalable. Members of our senior management team have worked in the real estate industry for an average of approximately 29 years, and Messrs. Malkin, Durels and Keltner have worked together for our predecessor for over 22 years. Upon completion of this offering, our senior management team is expected to own % of our common stock on a fully diluted basis, and therefore their interests are expected to be aligned with those of our stockholders, and they are incentivized to maximize returns for our stockholders.

**Strong Balance Sheet Well Positioned For Future Growth.** Upon completion of this offering, we expect to have pro forma total debt outstanding of approximately \$1.05 billion, with a weighted average interest rate of 5.29%, a weighted average maturity of 3.9 years and 83.2% of which is fixed-rate indebtedness. Additionally, we expect to have approximately \$170.1 million of available borrowing capacity under our loans on a pro forma basis. Upon completion of this offering and on a pro forma basis for the year ended December 31, 2011, we had a debt-to-earnings before interest, income tax, depreciation and amortization, or EBITDA, ratio of approximately 5.46x. For the year ended December 31, 2011, our pro forma EBITDA and pro forma net income were approximately \$192.6 million and \$72.8 million, respectively. We have no debt maturing in the remainder of 2012 and approximately \$57.6 million maturing in 2013.

**Business and Growth Strategies**

Our primary business objectives are to maximize cash flow and total returns to our stockholders and to increase the value of our properties through the pursuit of the following business and growth strategies:

**Lease-up Available Space at Manhattan Office Properties.** As of March 31, 2012, our Manhattan office properties were approximately 76.2% leased (or 80.9% giving effect to leases signed but not yet commenced as of that date) and had approximately 1.1 million rentable square feet of available space (excluding leases signed but not yet commenced). This compares to an average of 90.4% leased in midtown Manhattan according to RCG as of December 31, 2011. We believe our renovation and repositioning program for our Manhattan office properties is a catalyst for additional lease-up. We have created large blocks of available space and intend to continue to create such blocks over the next several years as part of our comprehensive repositioning strategy to attract larger, higher credit-quality tenants at higher rents for longer lease terms with higher average retention rates and greater prospects for growth. Individual and multiple floors have been assembled and are being assembled for larger users. To date we believe these efforts have accelerated our ability to lease space to new higher credit-quality tenants, many of which have expanded the office space they lease from us over time. Examples of this include LF USA, Coty, Inc., the Federal Deposit Insurance Corporation and Actimize which collectively have leases signed with us for over 1,275,265 rentable square feet that represent additional annualized base rent of \$51,179,454 as of March 31, 2012. We also employ a pre-built suite strategy in selected portions of some of our properties to appeal to many credit-worthy smaller tenants by fitting out some available space with new ceilings, lighting, pantries and base building systems (including electric distribution and air conditioning) for immediate occupancy.

**Table of Contents**

**Increase Existing Below-Market Rents.** We believe we can capitalize on the successful repositioning of our Manhattan office portfolio and improving market fundamentals to increase rents. For example, we expect to benefit from the re-leasing of 22.9%, or approximately 1.3 million rentable square feet (including month-to-month leases), of our Manhattan office leases expiring through December 31, 2014, which we generally believe are currently at below-market rates. These expiring leases represent a weighted average base rent of \$35.82 per square foot based on current measurements. As older leases expire, we expect to continue to upgrade certain space to further increase rents and we expect to increase the total rentable square footage of such space as a result of remeasurement and application of market loss factors to our space which we expect will generate additional rental revenue.

**Complete the Redevelopment and Repositioning of Our Current Portfolio.** We intend to continue to increase occupancy, improve tenant quality and enhance cash flow and value by completing the renovation and repositioning of our Manhattan office properties. We intend selectively to continue to allow leases for smaller spaces to expire or relocate smaller tenants in order to aggregate, demolish and re-demise existing office space into larger blocks of vacant space, which we believe will attract higher credit-quality tenants at higher rental rates. We apply rigorous underwriting analysis to determine if aggregation of vacant space for future leasing to larger tenants will improve our cash flows over the long term. In addition, we are a leader in developing economically justified energy efficiency retrofitting and sustainability and have made it a portfolio-wide initiative. We believe this makes our properties desirable to high credit-quality tenants at higher rental rates and longer lease terms.

**Pursue Attractive Acquisition and Development Opportunities.** We will opportunistically pursue attractive opportunities to acquire office and retail properties, including the option properties, for which the purchase price is payable in a combination of shares of our common stock and operating partnership units, except with respect to the Helmsley estate, which will have the right to elect to receive all cash. See Option Properties. We intend to focus our acquisition strategy primarily on Manhattan office properties and, to a lesser extent, office and multi-tenanted retail properties in densely populated communities in the greater New York metropolitan area and other markets we may identify in the future. We believe we can utilize our industry relationships (including well-known real estate owners in Manhattan), brand recognition, and our expertise in redeveloping and repositioning office properties to identify acquisition opportunities where we believe we can increase occupancy and rental rates. Our strong balance sheet, access to capital, and ability to offer operating partnership units in tax deferred acquisition transactions should give us significant flexibility in structuring and consummating acquisitions.

**Proactively Manage Our Portfolio.** We believe our proactive, service-intensive approach to asset and property management helps increase occupancy and rental rates. We utilize our comprehensive building management services and our strong commitment to tenant and broker relationships and satisfaction to negotiate attractive leasing deals and to attract high credit-quality tenants. We proactively manage our rent roll and maintain continuous communication with our tenants. We believe long-term tenant relationships will improve our operating results over time by reducing leasing, marketing and tenant improvement costs and reducing tenant turnover. As a result, we do extensive diligence on our tenants (current and prospective) balance sheets, businesses and business models to determine if we will establish long-term relationships in which they will both renew with us and expand over time.

**Table of Contents**

**Our Portfolio Summary**

As of March 31, 2012, our portfolio consisted of 12 office properties and six standalone retail properties totaling approximately 8.3 million rentable square feet and was approximately 79.7% leased (or 83.0% giving effect to leases signed but not yet commenced as of that date). In addition, we owned entitled land that will support the development of an approximately 340,000 rentable square foot office building and garage (Metro Tower) at the Stamford Transportation Center in Stamford, Connecticut, adjacent to one of our office properties, as of March 31, 2012. The table below presents an overview of our portfolio and our option properties as of March 31, 2012:

Property Name	Submarket	Year Built / Renovated <sup>(1)</sup>	Rentable Square Feet <sup>(2)</sup>	Percent Leased <sup>(3)</sup>	Annualized Base Rent <sup>(4)</sup>	Annualized Base Rent Per Leased Square Foot <sup>(5)</sup>	Net Effective Rent Per Leased Square Foot <sup>(6)</sup>	Number of Leases <sup>(7)</sup>

- (1) For more information regarding the status of ongoing renovations at certain of our properties, see Business and Properties Description of Our Properties.
- (2) Office property measurements are based on the Real Estate Board of New York measurement standards; retail property measurements are based on useable square feet. Excludes (i) 132,360 square feet of space across our portfolio attributable to building management use and tenant amenities and (ii) 71,054 square feet of space attributable to our observatory.
- (3) Based on leases signed and commenced as of March 31, 2012 and calculated as (i) rentable square feet less available square feet divided by (ii) rentable square feet.
- (4) Annualized base rent for office properties is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements and free rent)) for the month ended March 31, 2012 for leases commenced as of March 31, 2012, by (ii) 12. Total abatements and free rent with respect to the office properties for leases in effect as of March 31, 2012 for the 12 months ending March 31, 2013 are \$2,815,970. Total annualized base rent, net of abatements and free rent, for our office properties is \$228,451,118. Annualized base rent for retail properties (including the retail space in our Manhattan office properties) is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements, tenant reimbursements and free rent)) for the month ended March 31, 2012 for leases commenced as of March 31, 2012, by (ii) 12. Total abatements, tenant reimbursements and free rent with respect to the retail properties (including the retail space in our Manhattan office properties) for leases in effect as of March 31, 2012 for the 12 months ending March 31, 2013 are \$359,972. Total annualized base rent, net of abatements, tenant reimbursements and free rent, for our retail properties is \$47,975,160. Annualized base rent data for our office and retail properties is as of March 31, 2012 and does not reflect scheduled lease expirations for the 12 months ending March 31, 2013.
- (5) Represents Annualized Base Rent under leases commenced as of March 31, 2012 divided by leased square feet.
- (6) Net effective rent per leased square foot represents (i) the contractual base rent for office and retail leases in place as of March 31, 2012, calculated on a straight-line basis to amortize free rent periods and abatements, but without regard to tenant improvement allowances and leasing commissions, divided by (ii) square footage under commenced leases as of March 31, 2012.
- (7) Represents the number of leases at each property or on a portfolio basis. If a tenant has more than one lease, whether or not at the same property, but with different expirations, the number of leases is calculated equal to the number of leases with different expirations.
- (8) Includes 88,499 rentable square feet of space leased by our broadcasting tenants.
- (9) Includes 6,180 rentable square feet of space leased by Host Services of New York, a licensee of our observatory.
- (10)

## Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

Denotes a ground leasehold interest in the property with a remaining term, including unilateral extension rights available to us, of approximately 39 years (expiring July 31, 2050).

- (11) First Stamford Place consists of three buildings.
- (12) This submarket is part of the Stamford, Connecticut central business district (CBD) submarket as defined by RCG. See Economic and Market Overview.
- (13) This submarket is part of the South Central Stamford, Connecticut submarket as defined by RCG. See Economic and Market Overview.
- (14) This submarket is part of the Eastern Westchester County submarket as defined by RCG. See Economic and Market Overview.
- (15) This submarket is part of the White Plains, New York CBD submarket as defined by RCG. See Economic and Market Overview.
- (16) No major renovation activity was undertaken at this property.
- (17) This property underwent major renovations in 2007 to coincide with the signing of a significant retail lease.
- (18) Includes 430,273 rentable square feet of retail space in our Manhattan office properties.
- (19) 112-122 West 34th Street consists of two parcels having separate owners and ownership structures. The real property interests that we will acquire with respect to the parcel located at 112-120 West 34th Street consist of (i) a ground leasehold interest currently held by 112 West 34th Street Associates L.L.C., one of the affiliates of our predecessor with whom we have entered into an option agreement and (ii) an operating leasehold interest currently held by 112 West 34th Street Company L.L.C., another affiliate of our predecessor with whom we have entered into an option agreement. The real property interests that we will acquire with respect to the parcel located at 122 West 34th Street consist of (i) a fee interest and a subleasehold interest currently held by 112 West 34th Street Associates L.L.C. and (ii) an operating leasehold interest currently held by 112 West 34th Street Company L.L.C.

**Table of Contents****Renovation and Repositioning Case Studies**

The below table provides case study information regarding our renovation and repositioning efforts at two of our buildings, Empire State Building and 1333 Broadway. The data represents full floors where we have completed renovation and repositioning efforts, including 24 of the 76 office floors at the Empire State Building and eight of the ten non-retail floors at 1333 Broadway. These renovation activities are illustrative of the renovation efforts we have made which have allowed us to improve the overall value and attractiveness of our properties and have contributed significantly to our tenant repositioning efforts, which seek to increase our occupancy; raise our rental rates; increase our rentable square feet; increase our aggregate rental revenue; lengthen our average lease term; increase our average lease size; and improve our tenant credit quality. There can be no assurance that our renovation and repositioning program will be completed in its entirety in accordance with the anticipated timing or at the anticipated cost or that the results we expect to achieve will be accomplished. Accordingly, the information presented in the case studies should not be considered as indicative of our possible results and you should not rely on this information as an indication of our future performance.

The pre-renovation and repositioning statistics in the table below represent the leases existing on the applicable floor of the applicable building at a date within a three-year period prior to the commencement of tenant repositioning efforts which were implemented on such floor and which generally represented the highest occupancy for such floor during such period. The tenant repositioning efforts include the exercise of our rights to relocate tenants, negotiated relocations of tenants, the strategic expiration of existing leases to aggregate large blocks of space, including whole floors, as well as the implementation of marketing efforts in such space including the signing of significant tenants prior to the onset of the renovation work. Post-renovation and repositioning statistics in the table below represent full floors where we have completed our renovation and repositioning efforts and reflect leases signed for such space. In certain circumstances, certain tenants have signed leases where only a portion of their lease has commenced with the remainder of the lease to commence through 2012, except with respect to one tenant where such tenant's leases will commence through 2014. The information in the table below presents statistics as if all such space under such leases have commenced.

	Number of Leases	Total Rentable Square Feet <sup>(1)</sup>	Percent Leased <sup>(2)</sup>	Average Rentable Square Feet per Leased Space	Weighted Average Lease Term (years)	Annualized Gross Rent <sup>(3)</sup>	Weighted Average Annualized Gross Rent per Leased Square Foot <sup>(4)</sup>
<b>Empire State Building (completed floors)</b>							
Pre	188	886,346	70.9%	3,343	8.4	\$ 22,833,906	\$ 36.33

<b>Change</b>	<b>(170)</b>	<b>282,790</b>	<b>28.2%</b>	<b>60,997</b>	<b>6.7</b>	<b>111.7%</b>	<b>14.9%</b>
<b>1333 Broadway (completed floors)</b>							
Pre	59	216,622	52.0%	1,909	4.6	\$ 3,468,743	\$ 30.80
Post	6	235,337	100.0%	39,223	13.3	\$ 9,854,310	\$ 41.87
<b>Change</b>	<b>(53)</b>	<b>18,715</b>	<b>48.0%</b>	<b>37,314</b>	<b>8.7</b>	<b>184.1%</b>	<b>36.0%</b>

- (1) The change in total rentable square footage results from a combination of remeasurement of, and changes in loss factor applied to, the renovated spaces. Post-renovation and repositioning property measurements are based on the Real Estate Board of New York measurement standards. Includes leases that have been signed but have not yet commenced.
- (2) Percent leased is calculated as (a) rentable square feet less available square feet divided by (b) rentable square feet.
- (3) Pre-renovation and repositioning annualized gross rent represents the last annualized fully escalated gross rent prior to the start of the renovation and repositioning of the floor and post-renovation and repositioning annualized gross rent represents annualized contractual first monthly base rent (after free rent periods) for leases that have been signed and assumes the lease has commenced.
- (4) Represents annualized gross rent divided by leased square feet.

## **Table of Contents**

### **Summary Risk Factors**

*Investing in our Class A common stock involves a high degree of risk. You should carefully consider the following risk factors, together with all the other information contained in this prospectus, before making an investment decision to purchase our Class A common stock. The occurrence of any of the following risks could materially and adversely affect our business, prospects, financial condition, results of operations and our ability to make cash distributions to our stockholders, which could cause you to lose all or a significant part of your investment in our Class A common stock.*

All of our properties are located in Manhattan and the greater New York metropolitan area, in particular midtown Manhattan, and adverse economic or regulatory developments in this area could materially and adversely affect us.

Adverse economic and geopolitical conditions in general and in Manhattan and the greater New York metropolitan area commercial office and retail markets in particular, could have a material adverse effect on our results of operations, financial condition and our ability to make distributions to our stockholders.

There can be no assurance that our renovation and repositioning program will be completed in its entirety in accordance with the anticipated timing or at the anticipated cost, or that we will achieve the results we expect from our renovation and repositioning program, which could materially and adversely affect our financial condition and results of operations.

We may be unable to renew leases, lease vacant space or re-lease space on favorable terms as leases expire, which could materially and adversely affect our financial condition, results of operations and cash flow.

We are exposed to risks associated with property redevelopment and development that could materially and adversely affect our financial condition and results of operations.

We depend on significant tenants in our office portfolio, including LF USA, Legg Mason, Warnaco, Thomson Reuters and the Federal Deposit Insurance Corporation, which together represented approximately 18.2% of our total portfolio's annualized base rent as of March 31, 2012.

Our dependence on rental income may materially and adversely affect our profitability, our ability to meet our debt obligations and our ability to make distributions to our stockholders.

Our option properties are subject to various risks, and we may not be able to acquire them.

Competition for acquisitions may reduce the number of acquisition opportunities available to us and increase the costs of those acquisitions, which may impede our growth.

The observatory operations at the Empire State Building are not traditional real estate operations, and competition and changes in tourist trends may subject us to additional risks.

## Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

The broadcasting operations at the Empire State Building are not traditional real estate operations, and competition and changes in the broadcasting of signals over air may subject us to additional risks.

Our outstanding indebtedness upon completion of this offering reduces cash available for distribution and may expose us to the risk of default under our debt obligations.

The continuing threat of a terrorist event may materially and adversely affect our properties, their value and our ability to generate cash flow.

We did not negotiate the value of our properties at arm's-length as part of the formation transactions, and the consideration given by us in exchange for them may exceed their fair market value.

We may assume unknown liabilities in connection with the formation transactions, which, if significant, could materially and adversely affect our business.

The departure of any of our key personnel could materially and adversely affect us.

**Table of Contents**

Our Chairman, Chief Executive Officer and President has outside business interests that will take his time and attention away from us, which could materially and adversely affect us.

Our operating performance and value are subject to risks associated with real estate assets and the real estate industry, the occurrence of which could materially and adversely affect us.

We have no operating history as a REIT or as a publicly-traded company, and our inexperience could materially and adversely affect us.

Certain provisions of Maryland law could inhibit changes in control of our company, which could negatively affect the market price of our shares.

There has been no public market for our Class A common stock prior to this offering and an active trading market may not develop or be sustained following this offering, which may negatively affect the market price of shares of our Class A common stock and make it difficult for investors to sell their shares.

Initial estimated cash available for distribution may not be sufficient to make distributions at expected levels.

You will experience immediate and substantial dilution from the purchase of the shares of Class A common stock sold in this offering.

Our failure to qualify or remain qualified as a REIT would subject us to U.S. federal income tax and applicable state and local taxes, which would reduce the amount of cash available for distribution to our stockholders.

The REIT distribution requirements could require us to borrow funds during unfavorable market conditions or subject us to tax, which would reduce the cash available for distribution to our stockholders.

**Structure and Formation of Our Company**

Prior to or concurrently with the completion of this offering, we will consummate the formation transactions, which consist of a series of contributions, mergers and other transactions and which are designed to:

consolidate the ownership of our portfolio and our predecessor's management companies into our operating partnership, which we refer to herein as the consolidation;

facilitate this offering;

enable us to raise capital on more favorable, flexible terms than typical mortgage financings or financings that otherwise previously have been available to us as a private company;

## Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

enable us to qualify as a REIT for U.S. federal income tax purposes commencing with our taxable year ending December 31, 2012;

defer the recognition of taxable gain by certain continuing investors (as defined below); and

enable continuing investors to obtain liquidity (after the expiration of applicable lock-up periods) for their investments.

Pursuant to the formation transactions, the following have occurred or will occur prior to or concurrently with the completion of this offering (all amounts are based on the mid-point of the range of prices set forth on the front cover of this prospectus):

We were formed as a Maryland corporation on July 29, 2011.

Our operating partnership was formed as a Delaware limited partnership on November 28, 2011. We are the sole general partner of our operating partnership.

- 11 -

**Table of Contents**

We will acquire, prior to or concurrently with the completion of this offering, through a series of contributions and merger transactions, the assets and liabilities of our predecessor, and the holders of interests in our predecessor will receive operating partnership units, shares of our common stock and/or cash. We refer to holders of interests in our predecessor that will own operating partnership units and/or shares of our common stock following consummation of the formation transactions as predecessor continuing investors. The agreements relating to the consolidation are subject to customary closing conditions, including the closing of this offering.

We will acquire, through a series of contributions and merger transactions, the assets and liabilities of the entities through which our predecessor holds non-controlling interests in four properties, or the related properties, for which our predecessor acts as the supervisor but which are not combined into our predecessor for accounting purposes, and the holders of interests in such properties will receive operating partnership units, shares of our common stock and/or cash. We refer to holders of interests in these four properties that will own operating partnership units and/or shares of our common stock following consummation of the formation transactions as non-predecessor continuing investors. We refer to predecessor continuing investors and non-predecessor continuing investors collectively as the continuing investors.

We will jointly elect with Empire State Realty Observatory TRS, LLC (f/k/a ESB Observatory LLC), a New York limited liability company, or Observatory TRS, which is the current lessee and operator of the observatory and which will be wholly owned by our operating partnership following the completion of this offering, for Observatory TRS to be treated as a taxable REIT subsidiary, or a TRS, under the Internal Revenue Code of 1986, as amended, or the Code, for U.S. federal income tax purposes following the completion of this offering. Observatory TRS will lease the Empire State Building observatory from the operating partnership pursuant to an existing lease that provides for fixed base rental payments and variable rental payments equal to certain percentages of Observatory TRS's gross receipts from the operation of the observatory. In addition, we will jointly elect with Empire State Realty Holdings TRS, LLC, a Delaware limited liability company, or Holding TRS, that will be wholly owned by our operating partnership following the completion of this offering, for Holding TRS to be treated as a TRS under the Code for U.S. federal income tax purposes following the completion of this offering. Holding TRS and/or its wholly owned subsidiaries will provide certain construction services to third parties and will provide certain services to the tenants of our properties.

In consideration for the acquisition of our predecessor and the related properties, we expect to issue an aggregate of \_\_\_\_\_ operating partnership units (of which \_\_\_\_\_ units will be received by certain members of our senior management team, their affiliates and related persons and \_\_\_\_\_ operating partnership units will be received by our other continuing investors), \_\_\_\_\_ shares of our Class A common stock (of which \_\_\_\_\_ shares will be received by certain members of our senior management team, their affiliates and related persons and \_\_\_\_\_ shares will be received by our other continuing investors) and \_\_\_\_\_ shares of our Class B common stock (of which \_\_\_\_\_ shares will be received by certain members of our senior management team, their affiliates and related persons and \_\_\_\_\_ shares will be received by our other continuing investors), and pay approximately \$ \_\_\_\_\_ in cash from the net proceeds of this offering (of which \$ \_\_\_\_\_ is expected to be paid to non-accredited investors, and none of which will be paid to members of our senior management team, their affiliates and related persons). The aggregate value of the consideration to be issued and paid by us in the consolidation will be approximately \$ \_\_\_\_\_ million (of which approximately \$ \_\_\_\_\_ will be paid to certain members of our senior management team, their affiliates and related persons and \$ \_\_\_\_\_ will be paid to our other continuing investors). An increase in the actual public offering price will result in an increase in the value of the consideration paid to continuing investors, including certain members of our senior management team, their affiliates and related persons. Likewise, a decrease in the actual public offering price will result in a decrease in the value of the consideration paid to continuing investors. Investors who are not accredited investors, as defined under Regulation D of the Securities Act of 1933, as amended, or the

---

**Table of Contents**

Securities Act, will receive cash consideration rather than shares of our common stock or operating partnership units to ensure that the issuance of common stock and/or operating partnership units to accredited investors in the formation transactions can be effected in reliance upon an exemption from registration provided by Section 4(2) and Regulation D of the Securities Act.

The aggregate historical combined net tangible book value of our predecessor was a deficit of approximately \$(86.1) million as of March 31, 2012. Net tangible book value measures the historical costs of tangible assets (net of accumulated depreciation) reduced by outstanding tangible liabilities and is reflective of the manner in which assets and liabilities are recorded on the balance sheet of a business enterprise under GAAP. Because the net tangible book value of our predecessor is based on the historical costs of tangible assets acquired and tangible liabilities incurred over more than 50 years of business activities, we do not believe that net tangible book value is reflective of the fair market value of the existing entities.

As a result of the formation transactions, we will assume approximately \$1.05 billion of total debt (based on March 31, 2012 pro forma outstanding balances), and we expect to have approximately \$170.1 million of additional borrowing capacity under our loans on a pro forma basis.

We will sell \_\_\_\_\_ shares of our Class A common stock in this offering and an additional \_\_\_\_\_ shares of our Class A common stock if the underwriters exercise their option to purchase additional shares of our Class A common stock in full. We will contribute the net proceeds from this offering to our operating partnership in exchange for \_\_\_\_\_ operating partnership units (or operating partnership units if the underwriters exercise their option to purchase up to an additional \_\_\_\_\_ shares of our Class A common stock in full).

We intend to grant to certain members of our senior management team a total of \_\_\_\_\_ LTIP units and/or restricted shares of our Class A common stock, and we intend to grant \_\_\_\_\_ restricted shares of our Class A common stock to our independent directors, all of which LTIP units and shares will be subject to certain vesting requirements.

We have entered into a representation, warranty and indemnity agreement with Anthony E. Malkin and his siblings, Scott D. Malkin and Cynthia M. Blumenthal, pursuant to which they have made limited representations and warranties to us regarding the entities, properties and assets that we will own following the formation transactions for one year following the completion of this offering and agreed to indemnify us and our operating partnership for breaches of such representations subject to a \$1,000,000 deductible and a cap of \$25,000,000. Other than these individuals, none of the continuing investors, other owners of the existing entities or our predecessor will provide us with any indemnification.

We intend to enter into a tax protection agreement with Anthony E. Malkin and Peter L. Malkin pursuant to which we will agree to indemnify the Malkin Group and one additional third party investor in Metro Center (who was one of the original landowners and was involved in the development of the property) against certain tax liabilities if those tax liabilities result from (i) the operating partnership's sale, transfer, conveyance or other taxable disposition of four specified properties (First Stamford Place, Metro Center, 10 Bank Street and 1542 Third Avenue, which collectively represent approximately 1.6% of the total consideration to be issued in the consolidation) to be acquired by the operating partnership in the formation transactions, for a period of 12 years with respect to First Stamford Place and for the later of (x) eight years or (y) the death of both of Peter L. Malkin and Isabel W. Malkin who are 78 and 75 years old, respectively, for the three other properties, (ii) the operating partnership failing to maintain until maturity the indebtedness secured by these properties or failing to use commercially reasonable efforts to refinance such indebtedness upon maturity in an amount equal to the principal balance of such indebtedness, or, if the operating partnership is unable to refinance such indebtedness at its current principal amount, at the highest principal amount possible, or (iii) the

**Table of Contents**

operating partnership failing to make available to any of these continuing investors the opportunity to guarantee, or otherwise bear the risk of loss, for U.S. federal income tax purposes, of their allocable share of \$160 million of aggregate indebtedness meeting certain requirements, until such continuing investor owns less than the aggregate number of operating partnership units and shares of common stock equal to 50% of the aggregate number of such units and shares such continuing investor received in the formation transactions. Our operating partnership estimates that if all of its assets subject to the tax protection agreement were sold in a taxable transaction immediately after this offering, the amount of our operating partnership's indemnification obligations (based on tax rates applicable for the taxable year ending December 31, 2012, and the preliminary valuations of our assets as determined by an independent valuation firm, or the independent valuer, and including additional payments to compensate the indemnified partners for additional tax liabilities resulting from the indemnification payments) would be approximately \$84.7 million.

We expect to use a portion of the net proceeds from this offering to repay a loan in the amount of \$3.6 million made in connection with 500 Mamaroneck Avenue to fund leasing costs at the property, of which approximately \$1.17 million of such loan was made by Anthony E. Malkin and Peter L. Malkin.

We intend to enter into management agreements with the entities that own interests in the excluded properties and the excluded businesses. See **Certain Relationships and Related Transactions** **Excluded Properties and Businesses**.

We have executed option agreements with affiliates of our predecessor granting us the right to acquire long-term leasehold and/or sub-leasehold interests in the option properties. Concurrently with the consummation of this offering, we intend to enter into management agreements with respect to each of the option properties. See **Certain Relationships and Related Transactions** **Option Agreements**.

**Consequences of This Offering and the Formation Transactions**

Upon completion of this offering and the formation transactions (all amounts are based on the mid-point of the range of prices set forth on the front cover of this prospectus):

Our operating partnership will directly or indirectly own 100% of the fee simple, leasehold or other interests in all of the properties in our portfolio and the assets of our predecessor's management companies.

Purchasers of shares of our Class A common stock in this offering are expected to own \_\_\_\_\_ % of our outstanding common stock, or \_\_\_\_\_ % on a fully diluted basis. If the underwriters exercise their option to purchase an additional \_\_\_\_\_ shares of our Class A common stock in full, purchasers of shares of our Class A common stock in this offering will own \_\_\_\_\_ % of our outstanding common stock, or \_\_\_\_\_ % on a fully diluted basis.

Continuing investors will own \_\_\_\_\_ % of our outstanding common stock, or \_\_\_\_\_ % on a fully diluted basis. If the underwriters exercise their option to purchase an additional \_\_\_\_\_ shares of our Class A common stock in full, the continuing investors will own \_\_\_\_\_ % of our outstanding common stock, or \_\_\_\_\_ % on a fully diluted basis.

Continuing investors that receive shares of our Class B common stock in the formation transactions will own \_\_\_\_\_ % of our outstanding common stock, or \_\_\_\_\_ % on a fully diluted basis ( \_\_\_\_\_ % of our outstanding common stock, or \_\_\_\_\_ % on a fully diluted basis, if the underwriters exercise their option to purchase an additional \_\_\_\_\_ shares of our Class A common stock in full), while such continuing investors will have \_\_\_\_\_ % of the voting power in our company ( \_\_\_\_\_ % if the underwriters exercise their option to purchase an additional \_\_\_\_\_ shares of our Class A common stock in full).

**Table of Contents**

We are the sole general partner in our operating partnership. We will contribute the net proceeds from this offering to our operating partnership in exchange for operating partnership units.

We will own \_\_\_\_\_ % of the operating partnership units and the continuing investors, including certain members of our senior management team, their affiliates and related persons, will own \_\_\_\_\_ % of the operating partnership units. If the underwriters exercise their option to purchase an additional \_\_\_\_\_ shares of our Class A common stock in full, we are expected to own \_\_\_\_\_ % of the operating partnership units and the continuing investors, including certain members of our senior management team, their affiliates and related persons, are expected to own \_\_\_\_\_ % of the operating partnership units.

We will have an option to purchase each of the option properties.

We expect to be a party to management agreements with the entities that own long-term leasehold, sub-leasehold and/or sub-subleasehold interests in the option properties and with the entities that own interests in the excluded properties and the excluded businesses.

Substantially all of the current employees of our predecessor's management companies will become our employees.

We expect to have pro forma total consolidated indebtedness of approximately \$1.05 billion, and we expect to have approximately \$170.1 million of additional borrowing capacity under our loans on a pro forma basis.

**Table of Contents**

**Our Structure**

The following diagram depicts our ownership structure upon completion of this offering and the formation transactions, based on the mid-point of the range of prices set forth on the front cover of this prospectus.<sup>(1)</sup>

- (1) On a fully diluted basis, our public stockholders, our senior management team, their affiliates and related persons and our directors, and our other continuing investors, as a group, are expected to own       %,       % and       %, respectively, of our outstanding common stock. If the underwriters exercise their option to purchase an additional        shares of our Class A common stock in full, on a fully diluted basis, our public stockholders, our senior management team, their affiliates and related persons and our directors, and our other continuing investors, as a group, are expected to own       %,       % and       %, respectively, of our outstanding common stock.
- (2) Our public stockholders, certain members of our senior management team, their affiliates and related persons and our directors, and our other continuing investors, as a group, will own       %,       % and       %, respectively, of our outstanding common stock, and we, certain members of our senior management team, their affiliates and related persons and our directors, and our other continuing investors will own       %,       % and       %, respectively, of the outstanding operating partnership units. If the underwriters exercise their option to purchase an additional        shares of our Class A common stock in full, our public stockholders, certain members of our senior management team, their affiliates and related persons and our directors, and our other continuing investors, as a group, will own       %,       % and       %, respectively, of our outstanding common stock, and we, certain members of our senior management team, their affiliates and related persons and our directors, and our other continuing investors will own       %,       % and       %, respectively, of the outstanding operating partnership units. The Helmsley estate is expected to own       %

**Table of Contents**

of our outstanding Class A common stock (or % if the underwriters exercise their option in full) and % of the outstanding operating partnership units (or % if the underwriters exercise their option in full). Anthony E. Malkin, together with the Malkin Group, is expected to own % of our outstanding Class B common stock.

- (3) We, the Malkin Group and the continuing investors in the private existing entities will hold only Series PR operating partnership units. Continuing investors in the public existing entities will hold Series ES operating partnership units, Series 60 operating partnership units and Series 250 operating partnership units.

**Benefits to Related Parties**

Upon completion of this offering or in connection with the formation transactions, our senior management team, our directors and our continuing investors will receive material benefits, including the following (all amounts are based on the mid-point of the range of prices set forth on the front cover of this prospectus):

Anthony E. Malkin, our Chairman, Chief Executive Officer and President, together with the Malkin Group, is expected to own % of our outstanding common stock, or % on a fully diluted basis ( % if the underwriters exercise their option to purchase an additional shares of our Class A common stock in full, or % on a fully diluted basis), with a total value of \$ million represented by shares of our Class A common stock, shares of our Class B common stock, operating partnership units and LTIP units and/or restricted shares of Class A common stock.

Peter L. Malkin, our Chairman Emeritus, together with the Malkin Group, is expected to own % of our outstanding common stock, or % on a fully diluted basis ( % if the underwriters exercise their option to purchase an additional shares of our Class A common stock in full, or % on a fully diluted basis), with a total value of \$ million represented by shares of our Class A common stock, shares of our Class B common stock, operating partnership units and LTIP units and/or restricted shares of Class A common stock.

David A. Karp, our Chief Financial Officer, Executive Vice President and Treasurer, is expected to own % of our outstanding common stock, or % on a fully diluted basis ( % if the underwriters exercise their option to purchase an additional shares of our Class A common stock in full, or % on a fully diluted basis), with a total value of \$ million represented by LTIP units and/or restricted shares of Class A common stock.

Thomas P. Durels, our Executive Vice President, is expected to own % of our outstanding common stock, or % on a fully diluted basis ( % if the underwriters exercise their option to purchase an additional shares of our Class A common stock in full, or % on a fully diluted basis), with a total value of \$ million represented by shares of our Class A common stock, operating partnership units and LTIP units and/or restricted shares of Class A common stock.

Thomas N. Keltner, Jr., our Executive Vice President, General Counsel and Secretary, is expected to own % of our outstanding common stock, or % on a fully diluted basis ( % if the underwriters exercise their option to purchase an additional shares of our Class A common stock in full, or % on a fully diluted basis), with a total value of \$ million represented by shares of our Class A common stock, operating partnership units and LTIP units and/or restricted shares of Class A common stock.

We intend to enter into an employment agreement with Anthony E. Malkin, providing for salary, bonus and other benefits, including severance upon a termination of employment under certain circumstances and the issuance of equity awards as described under Management Executive Compensation and Management Employment Agreement.

We intend to enter into indemnification agreements with our directors, executive officers, chairman emeritus and certain other parties at the closing of this offering, providing for the indemnification by us

---

**Table of Contents**

for certain liabilities and expenses incurred as a result of actions brought, or threatened to be brought, against (i) our directors, executive officers and chairman emeritus and (ii) our executive officers, chairman emeritus and certain other parties who are former members, managers, shareholders, directors, limited partners, general partners, officers or controlling persons of our predecessor in their capacities as such.

We intend to enter into a tax protection agreement with Anthony E. Malkin and Peter L. Malkin pursuant to which we will agree to indemnify the Malkin Group and one additional third party investor in Metro Center (who was one of the original landowners and was involved in the development of the property) against certain tax liabilities if those tax liabilities result from (i) the operating partnership's sale, transfer, conveyance or other taxable disposition of four specified properties (First Stamford Place, Metro Center, 10 Bank Street and 1542 Third Avenue, which collectively represent approximately 1.6% of the total consideration to be issued in the consolidation) to be acquired by the operating partnership in the formation transactions, for a period of 12 years with respect to First Stamford Place and for the later of (x) eight years or (y) the death of both of Peter L. Malkin and Isabel W. Malkin who are 78 and 75 years old, respectively, for the three other properties, (ii) the operating partnership failing to maintain until maturity the indebtedness secured by these properties or failing to use commercially reasonable efforts to refinance such indebtedness upon maturity in an amount equal to the principal balance of such indebtedness, or, if the operating partnership is unable to refinance such indebtedness at its current principal amount, at the highest principal amount possible, or (iii) the operating partnership failing to make available to any of these continuing investors the opportunity to guarantee, or otherwise bear the risk of loss, for U.S. federal income tax purposes, of their allocable share of \$160 million of aggregate indebtedness meeting certain requirements, until such continuing investor owns less than the aggregate number of operating partnership units and shares of common stock equal to 50% of the aggregate number of such units and shares such continuing investor received in the formation transactions. Our operating partnership estimates that if all of its assets subject to the tax protection agreement were sold in a taxable transaction immediately after this offering, the amount of our operating partnership's indemnification obligations (based on tax rates applicable for the taxable year ending December 31, 2012, and the preliminary valuations of our assets as determined by the independent valuer, and including additional payments to compensate the indemnified partners for additional tax liabilities resulting from the indemnification payments) would be approximately \$84.7 million.

We have entered into the option agreements with affiliates of our predecessor.

We intend to enter into management agreements with the entities that own long-term leasehold and/or sub-leasehold interests in the option properties, which entities are owned in part by Anthony E. Malkin, together with the Malkin Group. See **Certain Relationships and Related Transactions** **Option Agreements**.

We intend to enter into management agreements with the entities that own interests in the excluded properties and the excluded businesses, which entities are owned in part by Anthony E. Malkin, together with the Malkin Group. See **Certain Relationships and Related Transactions** **Excluded Properties and Businesses**.

Peter L. Malkin and Anthony E. Malkin will be released from or otherwise indemnified for liabilities arising under certain guarantees and indemnities with respect to approximately \$1.12 billion of mortgage loans (including currently undrawn amounts) on our properties, which will be assumed by us upon closing of the formation transactions in respect of obligations arising after the closing. The guarantees and indemnities with respect to mortgage loans of many of the existing entities, including the public existing entities, were undertaken by Messrs. Malkin and Malkin to meet a conventional lender requirement which became standard only long after such entities were formed. The guarantees

**Table of Contents**

and indemnities with respect to all of the indebtedness are, in most instances, limited to losses incurred by the applicable lender arising from acts such as fraud, misappropriation of funds, intentional breach, bankruptcy and certain environmental matters. In connection with our assumption of these mortgage loans, we will seek to have the guarantors and/or indemnitors released from these guarantees and indemnities and to have our operating partnership assume any such guarantee and indemnity obligations as replacement guarantor and/or indemnitor. To the extent lenders do not consent to the release of these guarantors and/or indemnitors, and they remain guarantors and/or indemnitors on assumed indebtedness following this offering, our operating partnership will enter into indemnification agreements with the guarantors and/or indemnitors pursuant to which our operating partnership will be obligated to indemnify such guarantors and/or indemnitors for any amounts paid by them under guarantees and/or indemnities with respect to the assumed indebtedness. We believe that since the mortgage loans relating to these guarantees and indemnities will be assumed by us upon closing of the formation transactions, and we will have greater financial resources than the individual property owning entities which are subject to the mortgage loans, it is appropriate, and consistent with market practice, for Messrs. Malkin and Malkin to be indemnified by our operating partnership if the lenders do not consent to the release of these guarantors and/or indemnitors. Under the organizational documents of the existing entities, Messrs. Malkin and Malkin are already generally entitled to indemnification from investors in the existing entities for liabilities incurred by them in good faith and not arising out of their own willful misconduct or gross negligence, including any such liabilities under these guarantees and indemnities. In addition, in connection with future mortgage loans that we would enter into in connection with future property acquisitions or refinancing of our properties, we intend to enter into any necessary guarantees directly and neither Messrs. Malkin and Malkin nor any of our other directors, executive officers or stockholders would be expected to enter into such guarantees.

As part of the contribution agreements, we will release (i) Anthony E. Malkin and Peter L. Malkin from all claims, liabilities, damages and obligations against them related to their ownership of our predecessor's management companies and interests in our predecessor and (ii) certain members of our senior management team from all claims, liabilities, damages and obligations against them related to their ownership in the existing entities and their employment with our predecessor's management companies that exist at the closing of the formation transactions, other than breaches by them or entities related to them, as applicable, of the employment and non-competition agreement and the contribution agreements and the merger agreements entered into by them and these entities in connection with the formation transactions.

We intend to enter into a registration rights agreement with certain persons receiving shares of our common stock or operating partnership units in the formation transactions, including certain members of our senior management team and our other continuing investors. The registration rights agreement will provide for the registration of our shares of Class A common stock received in the formation transactions or that are issuable upon the redemption, conversion or exchange of shares of Class B common stock or operating partnership units.

We intend to grant \_\_\_\_\_ LTIP units and/or restricted shares of our Class A common stock, subject to certain vesting requirements, to each of our executive officers.

We intend to grant an aggregate of \_\_\_\_\_ restricted shares of our Class A common stock to our independent directors.

We expect to use a portion of the net proceeds from this offering to repay a loan in the amount of \$3.6 million made in connection with 500 Mamaroneck Avenue to fund leasing costs at the property, of which approximately \$1.17 million of such loan was made by Anthony E. Malkin and Peter L. Malkin.

As part of the contribution agreements, we will reimburse \$ \_\_\_\_\_ of expenses incurred in connection with the formation transactions and this offering that have been paid by each applicable existing entity

---

**Table of Contents**

and the entities which own the option properties, or the option entities, and of which \$                      will be paid to the Malkin Group, including Anthony E. Malkin and Peter L. Malkin, in accordance to their ownership interests in our predecessor and each applicable existing entity.

The existing entities and our predecessor's management companies will declare final distributions to the investors in such entities, including members of our senior management team and certain of our directors, in the amount of approximately \$                      in the aggregate, and of which \$                      will be paid to the Malkin Group, including Anthony E. Malkin and Peter L. Malkin, in accordance to their ownership interests in each applicable existing entity and predecessor management company.

**Restrictions on Transfer**

Under the operating partnership agreement, holders of operating partnership units do not have redemption or exchange rights and may not otherwise transfer their operating partnership units, except under certain limited circumstances, for a period of 12 months after consummation of this offering. In addition, each continuing investor, including members of our senior management team, and our independent directors will be required to execute a lock-up agreement that prohibits such person, subject to certain exceptions, for one year after the date of this prospectus, without the written consent of the representatives of the underwriters, from directly or indirectly, offering for sale, selling, pledging, or otherwise disposing of (or entering into any transaction or agreement which is designed to, or could be expected to have any such result) any operating partnership units or shares of our common stock. However, commencing on the date that is 180 days after the date of this prospectus, each continuing investor (other than the Malkin Group and members of our senior management team) may sell up to 50% of the shares of our common stock or securities convertible or exchangeable into Class A common stock (including operating partnership units) held by it. In addition, an aggregate of \$                      Series ES operating partnership units, \$                      Series 60 operating partnership units and \$                      Series 250 operating partnership units issued to continuing investors in the public existing entities may be sold immediately following this offering by such continuing investors. Each continuing investor in the applicable public existing entity may immediately following this offering sell his or her pro rata share (in proportion to the number of operating partnership units he or she receives in such public existing entity). In addition, our company has agreed with the representatives of the underwriters, subject to certain exceptions, not to sell or otherwise transfer or encumber any shares of our common stock or securities convertible or exchangeable into Class A common stock (including operating partnership units) owned by it at the completion of this offering for a period of 180 days after the date of this prospectus without the prior written consent of the representatives.

**Restrictions on Ownership of Our Capital Stock**

To assist us in complying with the limitations on the concentration of ownership of a REIT imposed by the Code among other purposes, our charter generally prohibits, with certain exceptions, any stockholder from beneficially or constructively owning (taking into account applicable attribution rules under the Code), more than                      % in value or number of shares, whichever is more restrictive, of the outstanding shares of our common stock, or                      % in value or number of shares, whichever is more restrictive, of the outstanding shares of our capital stock. As an exception to this general prohibition, our charter permits the Malkin Family (as defined in our charter) to own in the aggregate up to                      % in value or number of shares, whichever is more restrictive, of our outstanding shares of common stock or capital stock. Our board of directors may, in its sole discretion, waive (prospectively or retroactively) the                      % ownership limits with respect to a particular stockholder if it receives certain representations and undertakings required by our charter and is presented with evidence satisfactory to it that such ownership will not then or in the future cause it to fail to qualify as a REIT.

**Table of Contents**

**Option Properties**

Our option properties consist of 112-122 West 34th Street, an office property in midtown Manhattan that was 90.0% leased as of March 31, 2012 (or % giving effect to leases signed but not yet commenced as of that date) and that encompasses approximately 741,487 rentable square feet (inclusive of the retail space on the ground, first and lower floors), and 1400 Broadway, an office property in midtown Manhattan that was 77.6% leased as of March 31, 2012 (or 79.6% giving effect to leases signed but not yet commenced as of that date) and that encompasses approximately 875,038 rentable square feet (inclusive of the retail space on the ground floor). Our management team believes that, if acquired, 112-122 West 34th Street and 1400 Broadway would be consistent with our portfolio composition and strategic direction. 112-122 West 34th Street and 1400 Broadway will not be contributed to us in the formation transactions due to the ongoing litigation related to these properties, but we have entered into agreements granting us the option to acquire the interests in the option properties following the resolution of the ongoing litigation. The purchase price for each of the option properties will be based on an appraisal by independent third parties, unless we and the owners of the properties, with the consent of the Helmsley estate, agree to a negotiated price, and unless the litigation related to these properties is resolved prior to the closing of the consolidation, in which case investors in the entities owning the option properties will receive consideration in connection with the consolidation on the same basis as investors in other entities contributing properties in connection with the consolidation. We have agreed that Anthony E. Malkin, our Chairman, Chief Executive Officer and President, will not participate in the negotiations and valuation process on our behalf. One or more of our independent directors will lead the appraisal or negotiation process on our behalf and a majority of our independent directors must approve the price and terms of the acquisition of interests in each of our option properties. The purchase price is payable in a combination of cash, shares of our common stock and operating partnership units, but the Helmsley estate will have the right to elect to receive all cash. The Helmsley estate is estimated to receive 28.1% and 23.7% of the aggregate consideration for 112-122 West 34th Street and 1400 Broadway, respectively. The Malkin Group is estimated to receive 14.6% and 10.3% of the aggregate consideration for 112-122 West 34th Street and 1400 Broadway, respectively, if all of the options are exercised pursuant to override interests held by it. These estimated percentages are based on preliminary valuations of the option properties that were conducted by the independent valuer and are subject to change. Our option expires on the later of (i) 12 months after we receive notice of a settlement or a final, non-appealable judgment in relation to certain ongoing litigation with respect to the properties or (ii) six months after the completion of the independent valuation described above, but in no event later than seven years from the completion of this offering.

Our predecessor's affiliates' interests in our option properties, 112-122 West 34th Street and 1400 Broadway, are fee (in the case of a portion of the 112-122 West 34th Street property), long-term leaseholds (in the case of both of the option properties) and sub-leasehold or sub-subleasehold (in the case of 112-122 West 34th Street only) in the land and the improvements. Pursuant to management agreements with the owner of the long-term leasehold interest (in the case of 1400 Broadway) and the owner of the long-term sub-leasehold interest or sub-subleasehold interest, as applicable, in the case of 112-122 West 34th Street, we will be designated as the asset and property manager for the option properties and we will receive a management fee for services rendered under the agreements.

**Excluded Properties and Businesses**

The Malkin Group, including Anthony E. Malkin, our Chairman, Chief Executive Officer and President, owns non-controlling interests in, and Anthony E. Malkin and Peter L. Malkin control the general partners or managers of, the entities that own interests in six multi-family properties, five net leased retail properties, one former post office property which is subject to rezoning before it will be converted into a single tenant retail property, and a development parcel that is zoned for residential use. The Malkin Group also owns non-controlling interests in one Manhattan office property, two Manhattan retail properties and several retail

## **Table of Contents**

properties outside of Manhattan, none of which will be contributed to us in the formation transactions. We refer to the non-controlling interests described above collectively as the excluded properties. In addition, the Malkin Group owns interests in six mezzanine and senior equity funds, two industrial funds, the operations of five residential management offices and a registered broker dealer, none of which will be contributed to us in the formation transactions, and which we refer to collectively as the excluded businesses. The Malkin Group owns certain non-real estate family investments that will not be contributed to us in the formation transactions. We do not believe that the excluded properties or the excluded businesses are consistent with our portfolio geographic or property type composition, management or strategic direction. Pursuant to management agreements with the owners of interests in those excluded properties and excluded businesses which historically were managed by affiliates of our predecessor, we will be designated as the manager. As the manager, we will be paid a management fee with respect to those excluded properties and businesses where our predecessor had previously received a management fee on the same terms as the fee paid to our predecessor, and reimbursed for our costs in providing the management services to those excluded properties and businesses where our predecessor had not previously received a management fee. Our management of the excluded properties and excluded businesses will represent a minimal portion of our overall business. There is no established time period in which we will manage such properties and businesses and Peter L. Malkin and Anthony E. Malkin expect to sell certain of these properties or unwind certain of these businesses over time.

## **Conflicts of Interest**

Following the completion of this offering, there will be conflicts of interest with respect to certain transactions between the holders of operating partnership units and our stockholders. In particular, the consummation of certain business combinations, the sale of any properties or a reduction of indebtedness could have adverse tax consequences to holders of operating partnership units, which would make those transactions less desirable to them. Certain members of our senior management team will hold operating partnership units, shares of our Class A common stock and shares of our Class B common stock upon completion of this offering and the formation transactions.

We did not conduct arm's-length negotiations with the parties involved regarding the terms of the formation transactions. In the course of structuring the formation transactions, certain members of our senior management team and other contributors had the ability to influence the type and level of benefits that they will receive from us. Additionally, Anthony E. Malkin has a conflict of interest because we entered into agreements granting us the option to acquire long-term leasehold and/or sub-leasehold interests in the option properties in which the Malkin Group controls and owns economic interests. As a result, an exercise of such options by us could economically benefit him. A majority of our independent directors must approve the price and terms of the acquisition of interests in each of our option properties.

We have adopted policies designed to eliminate or minimize certain potential conflicts of interest, and the limited partners of our operating partnership have agreed that in the event of a conflict in the duties owed by us to our stockholders and the fiduciary duties owed by us, in our capacity as general partner of our operating partnership, to such limited partners, we will fulfill our fiduciary duties to such limited partners by acting in the best interests of our stockholders. See [Policies with Respect to Certain Activities](#), [Conflict of Interest Policies](#) and [Description of the Partnership Agreement of Empire State Realty OP, L.P.](#) [Fiduciary Responsibilities](#).

## **Distribution Policy**

We intend to make regular quarterly distributions to holders of shares of our common stock. We intend to pay a *pro rata* initial distribution with respect to the period commencing on the completion of this offering and ending \_\_\_\_\_, based on \$ \_\_\_\_\_ per share for a full quarter. On an annualized basis, this would be \$ \_\_\_\_\_ per share, or an annual distribution rate of approximately \_\_\_\_\_% based on the mid-point of the range of prices set

## **Table of Contents**

forth on the front cover of this prospectus. We estimate that this initial annual distribution will represent approximately % of our estimated cash available for distribution to our common stockholders for the 12 months ending March 31, 2013. Although we have not previously paid distributions, we intend to maintain our initial distribution rate for the 12-month period following completion of this offering unless actual results of operations, economic conditions or other factors differ materially from the assumptions used in our estimate. Actual distributions may be significantly different from the expected distributions.

Distributions declared by us will be authorized by our board of directors in its sole discretion out of funds legally available therefore and will be dependent upon a number of factors, including restrictions under applicable law, the capital requirements of our company and the distribution requirements necessary to maintain our qualification as a REIT. We may be required to fund distributions from working capital or borrow to provide funds for such distributions or we may choose to make a portion of the required distributions in the form of a taxable stock dividend to preserve our cash balance. However, we currently have no intention to use the net proceeds from this offering to make distributions nor do we currently intend to make distributions using shares of our common stock.

## **Our Tax Status**

We intend to elect and to qualify as a REIT for U.S. federal income tax purposes commencing with our taxable year ending December 31, 2012. We believe we have been organized in conformity with the requirements for qualification and taxation as a REIT under the Code, and that our intended manner of operation will enable us to meet the requirements for qualification and taxation as a REIT commencing with our taxable year ending December 31, 2012 and thereafter. So long as we qualify as a REIT, we generally will not be subject to U.S. federal income tax on our net taxable income that we distribute currently to our stockholders. If we fail to qualify as a REIT in any taxable year and do not qualify for certain statutory relief provisions, we will be subject to U.S. federal income tax at regular corporate rates and may be precluded from qualifying as a REIT for the subsequent four taxable years following the year during which we lost our REIT qualification. Even if we qualify for taxation as a REIT, we may be subject to certain U.S. federal, state and local taxes on our income or property. See U.S. Federal Income Tax Considerations.

## **Company Information**

As of March 31, 2012, we had approximately 600 employees, 100 of whom were managers and professionals. Our principal executive offices are located at One Grand Central Place, 60 East 42nd Street, New York, New York 10165. In addition, we have six additional regional leasing and property management offices in Manhattan and the greater New York metropolitan area. Our telephone number is (212) 953-0888. Our website address is [www.empirestaterealtytrust.com](http://www.empirestaterealtytrust.com). The information on, or otherwise accessible through, our website does not constitute a part of this prospectus.

ESB

## Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

Proposed New York Stock Exchange or other national securities exchange symbol

- (1) Includes \_\_\_\_\_ shares of our restricted Class A common stock to be granted by us concurrently with this offering to our independent directors and \_\_\_\_\_ shares of our Class A common stock to be issued in connection with the formation transactions. Assumes no exercise by the underwriters of their option to purchase up to an additional \_\_\_\_\_ shares of our Class A common stock. Excludes \_\_\_\_\_ shares of our Class A common stock available for future issuance under our equity incentive plan.
- (2) Includes (i) \_\_\_\_\_ Series PR operating partnership units owned by us and \_\_\_\_\_ Series ES operating partnership units, \_\_\_\_\_ Series 60 operating partnership units and \_\_\_\_\_ Series 250 operating partnership units not owned by us expected to be outstanding following the consummation of the formation transactions and (ii) \_\_\_\_\_ shares of our Class B common stock expected to be outstanding following the consummation of the formation transactions. The operating partnership units may, subject to the limits in the operating partnership agreement, be exchanged for cash or, at our option, shares of our Class A common stock on a one-for-one basis generally commencing 12 months after the date of this prospectus. Shares of Class B common stock are subject to automatic conversion into an equal number of shares of our Class A common stock upon a direct or indirect transfer of Class B common stock or certain operating partnership units held by the holder of such Class B common stock to a person other than a qualified transferee (as defined in our charter).

**Summary Historical and Unaudited Pro Forma Financial and Other Data**

The following table sets forth summary financial and other data on (i) a combined historical basis for our predecessor beginning on page F-26 and (ii) a pro forma basis for our company giving effect to this offering and the formation transactions, the related use of proceeds thereof and the other adjustments described in the unaudited pro forma financial information beginning on page F-3. We have not presented historical information for Empire State Realty Trust, Inc. because we have not had any corporate activity since our formation other than the issuance of shares of common stock in connection with the initial capitalization of our company and because we believe a discussion of the results of our company would not be meaningful.

Our predecessor's combined historical financial information includes:

Our predecessor's management companies, including their asset management, leasing, administrative, construction and development operations; and

the real estate operations for the existing entities excluding the four office properties for which Malkin Holdings LLC acts as the supervisor but that are not consolidated into our predecessor for accounting purposes except for the predecessor's non-controlling interests in such properties.

You should read the following summary financial data in conjunction with our combined historical and unaudited pro forma condensed consolidated financial statements and the related notes and with Management's Discussion and Analysis of Financial Condition and Results of Operations.

The summary historical combined balance sheet information as of December 31, 2011, 2010 and 2009 of our predecessor and summary combined statements of operations information for the years ended December 31, 2011, 2010, 2009 and 2008 of our predecessor have been derived from the audited historical combined financial statements of our predecessor. The historical combined balance sheet information as of March 31, 2012 and combined statements of operations for the three months ended March 31, 2012 and 2011 have been derived from the unaudited combined financial statements of our predecessor. The summary historical combined balance sheet information as of December 31, 2008 and 2007 and summary combined statements of operations information for the year ended December 31, 2007 have been derived from the unaudited combined financial statements of our predecessor. Our results of operations for the interim period ended March 31, 2012 are not necessarily indicative of the results that will be obtained for the full fiscal year.

Our unaudited summary pro forma condensed consolidated financial statements and operating information as of and for the three months ended March 31, 2012 and for the year ended December 31, 2011 assumes completion of this offering, the formation transactions and the other adjustments described in the unaudited pro forma financial information beginning on page F-3 as of January 1, 2012 for the operating data and as of the stated date for the balance sheet data.

Our unaudited pro forma financial information is not necessarily indicative of what our actual financial position and results of operations would have been as of the date and for the periods indicated, nor does it purport to represent our future financial position or results of operations.

**Table of Contents**

**RISK FACTORS**

*Investing in our Class A common stock involves a high degree of risk. You should carefully consider the following risk factors, together with all the other information contained in this prospectus, including our historical and pro forma combined financial statements and the notes thereto, before making an investment decision to purchase our Class A common stock. The occurrence of any of the following risks could materially and adversely affect our business, prospects, financial condition, cash flows, liquidity, funds from operations, results of operations, share price, ability to service our indebtedness and ability to make cash distributions to our stockholders (including those necessary to maintain our REIT qualification) and could cause you to lose all or a significant part of your investment in our Class A common stock. Some statements in this prospectus, including statements in the following risk factors, constitute forward-looking statements. See the section entitled *Forward-Looking Statements*.*

**Risks Related to Our Properties and Our Business**

*All of our properties are located in Manhattan and the greater New York metropolitan area, in particular midtown Manhattan, and adverse economic or regulatory developments in this area could materially and adversely affect us.*

All of our properties are located in Manhattan and the greater New York metropolitan area, in particular midtown Manhattan, as well as nearby markets in Fairfield County, Connecticut and Westchester County, New York. Seven of our 12 office properties are located in midtown Manhattan. As a result, our business is dependent on the condition of the New York City economy in general and the market for office space in midtown Manhattan in particular, which exposes us to greater economic risks than if we owned a more geographically diverse portfolio. We are susceptible to adverse developments in the New York City economic and regulatory environment (such as business layoffs or downsizing, industry slowdowns, relocations of businesses, increases in real estate and other taxes, costs of complying with governmental regulations or increased regulation). Such adverse developments could materially reduce the value of our real estate portfolio and our rental revenues, and thus materially and adversely affect our ability to service current debt and to pay dividends to stockholders. According to RCG, the Manhattan vacancy rate exceeded 9.1% as of December 31, 2011. We could also be impacted by adverse developments in the Fairfield County, Connecticut and Westchester County, New York markets. We cannot assure you that these markets will grow or that underlying real estate fundamentals will be favorable to owners and operators of office or retail properties. Our operations may also be affected if competing properties are built in either of these markets.

*Adverse economic and geopolitical conditions in general and in Manhattan and the greater New York metropolitan area commercial office and retail markets in particular, could have a material adverse effect on our results of operations, financial condition and our ability to make distributions to our stockholders.*

Our business may be affected by the volatility and illiquidity in the financial and credit markets, a general global economic recession and other market or economic challenges experienced by the real estate industry or the U.S. economy as a whole. Our business may also be materially and adversely affected by local economic conditions, as substantially all of our revenues are derived from our properties located in Manhattan and the greater New York metropolitan area, particularly in Manhattan, Fairfield County and Westchester County. Because our portfolio consists primarily of commercial office and retail buildings (as compared to a more diversified real estate portfolio) located principally in Manhattan, if economic conditions persist or deteriorate, then our results of operations, financial condition and ability to service current debt and to make distributions to our stockholders may be materially and adversely affected by the following, among other potential conditions:

the financial condition of our tenants, many of which are financial, legal and other professional firms, may be adversely affected, which may result in tenant defaults under leases due to bankruptcy, lack of liquidity, operational failures or other reasons;

**Table of Contents**

significant job losses in the financial and professional services industries have occurred and may continue to occur, which may decrease demand for our office space, causing market rental rates and property values to be impacted negatively;

our ability to borrow on terms and conditions that we find acceptable, or at all, may be limited, which could reduce our ability to pursue acquisition and development opportunities and refinance existing debt, reduce our returns from both our existing operations and our acquisition and development activities and increase our future interest expense;

reduced values of our properties may limit our ability to dispose of assets at attractive prices or to obtain debt financing secured by our properties and may reduce the availability of unsecured loans;

reduced liquidity in debt markets and increased credit risk premiums for certain market participants may impair our ability to access capital;

the value and liquidity of our short-term investments and cash deposits could be reduced as a result of a deterioration of the financial condition of the institutions that hold our cash deposits or the institutions or assets in which we have made short-term investments, the dislocation of the markets for our short-term investments, increased volatility in market rates for such investments or other factors; and

one or more counterparties to our derivative financial instruments could default on their obligations to us, increasing the risk that we may not realize the benefits of these instruments.

These conditions may continue or worsen in the future, which could materially and adversely affect our results of operations, financial condition and ability to make distributions to our stockholders.

***There can be no assurance that our renovation and repositioning program will be completed in its entirety in accordance with the anticipated timing or at the anticipated cost, or that we will achieve the results we expect from our renovation and repositioning program, which could materially and adversely affect our financial condition and results of operations.***

Since we gradually gained day-to-day management of our Manhattan office properties from 2002 through 2006, we have been undertaking a comprehensive renovation and repositioning program of our Manhattan office properties that has included the physical improvement through upgrades and modernization of, and tenant upgrades in, such properties. We currently intend to invest between \$170.0 million and \$210.0 million of additional capital through the end of 2013 on this program. We expect to complete substantially this program by the end of 2013, except with respect to the Empire State Building, which is the last Manhattan office property that began its renovation program. In addition, we currently estimate that between \$60.0 million and \$70.0 million of capital is needed beyond 2013 to complete the renovation program at the Empire State Building, which we expect to complete substantially in 2016. These estimates are based on our current budgets (which do not include tenant improvements and leasing commissions) and may be less than our actual costs. We may also experience conditions which delay or preclude program completion. In addition, we may not be able to lease available space on favorable terms or at all. Further, our renovation and repositioning program may lead to temporary increased vacancy rates at our Manhattan office properties. There can be no assurance that our renovation and repositioning program will be completed in its entirety in accordance with the anticipated timing or at the anticipated cost, or that we will achieve the results we expect from our renovation and repositioning program, or that we will be able to achieve results similar to those presented in our case studies described under Business and Properties Renovation and Repositioning Case Studies, which could materially and adversely affect our financial condition and results of operations.

***We rely on four properties for a significant portion of our revenue.***

As of March 31, 2012, four of our properties, the Empire State Building, One Grand Central Place, First Stamford Place and 250 West 57th Street, together accounted for approximately 60.9% of our portfolio's annualized base rent, and no other property accounted for more than approximately 6.2% of our portfolio's

---

**Table of Contents**

annualized base rent (which excludes revenues from our broadcasting licenses and related leased space). As of March 31, 2012, the Empire State Building individually accounted for approximately 27.5% of our portfolio's annualized base rent. Our revenue and cash available for distribution to our stockholders would be materially and adversely affected if the Empire State Building, One Grand Central Place, First Stamford Place or 250 West 57th Street were materially damaged or destroyed. Additionally, our revenue and cash available for distribution to our stockholders would be materially adversely affected if a significant number of our tenants at these properties experienced a downturn in their business which may weaken their financial condition and result in their failure to make timely rental payments, defaulting under their leases or filing for bankruptcy.

***We may be unable to renew leases, lease vacant space or re-lease space on favorable terms or at all as leases expire, which could materially and adversely affect our financial condition, results of operations and cash flow.***

As of March 31, 2012, we had approximately 1.3 million rentable square feet of vacant space in our office properties and 84,456 rentable square feet of vacant space in our retail properties (in each case, excluding leases signed but not yet commenced). In addition, leases representing 7.5% and 7.2% of the square footage of the properties in our portfolio will expire in the remainder of 2012 (including month-to-month leases) and in 2013, respectively. Above-market rental rates at some of the properties in our portfolio may force us to renew some expiring leases or re-lease properties at lower rates. We cannot assure you expiring leases will be renewed or that our properties will be re-leased at net effective rental rates equal to or above the current average net effective rental rates. If the rental rates of our properties decrease, our existing tenants do not renew their leases or we do not re-lease a significant portion of our available space and space for which leases will expire, our financial condition, results of operations, cash flow, per share trading price of our Class A common stock and our ability to satisfy our principal and interest obligations and to make distributions to our stockholders would be materially and adversely affected.

***The actual rents we receive for the properties in our portfolio may be less than our asking rents, and we may experience a decline in realized rental rates from time to time, which could materially and adversely affect our financial condition, results of operations and cash flow.***

Throughout this prospectus, we make certain comparisons between our in-place rents and our asking rents, and between our asking rents and average asking rents in our markets. As a result of various factors, including competitive pricing pressure in our markets, a general economic downturn and the desirability of our properties compared to other properties in our markets, we may be unable to realize our asking rents across the properties in our portfolio. In addition, the degree of discrepancy between our asking rents and the actual rents we are able to obtain may vary both from property to property and among different leased spaces within a single property. If we are unable to obtain sufficient rental rates across our portfolio, then our ability to generate cash flow growth will be negatively impacted. In addition, depending on market rental rates at any given time as compared to expiring leases in our portfolio, from time to time rental rates for expiring leases may be higher than starting rental rates for new leases.

***We are exposed to risks associated with property redevelopment and development that could materially and adversely affect our financial condition and results of operations.***

We have engaged, and continue to engage, in development and redevelopment activities with respect to our Manhattan office properties. In addition, we own entitled land at the Stamford Transportation Center in Stamford, Connecticut that can support the development of an approximately 340,000 rentable square foot office building and garage. To the extent that we continue to engage in development and redevelopment activities, we will be subject to certain risks, including, without limitation:

the availability and pricing of financing on favorable terms or at all;

the availability and timely receipt of zoning and other regulatory approvals;

the potential for the fluctuation of occupancy rates and rents at developed properties due to a number of factors, including market and economic conditions, which may result in our investment not being profitable;

## Table of Contents

start up, repositioning and redevelopment costs may be higher than anticipated;

the cost and timely completion of construction (including risks beyond our control, such as weather or labor conditions, or material shortages);

the potential that we may fail to recover expenses already incurred if we abandon development or redevelopment opportunities after we begin to explore them;

the potential that we may expend funds on and devote management time to projects which we do not complete;

the inability to complete construction and leasing of a property on schedule, resulting in increased debt service expense and construction or renovation costs; and

the possibility that developed or redeveloped properties will be leased at below expected rental rates.

These risks could result in substantial unanticipated delays or expenses and, under certain circumstances, could prevent the initiation of development and redevelopment activities or the completion of development and redevelopment activities once undertaken, any of which could have an adverse effect on our financial condition, results of operations, cash flow, per share trading price of our Class A common stock and ability to satisfy our principal and interest obligations and to make distributions to our stockholders.

***We may be required to make rent or other concessions and/or significant capital expenditures to improve our properties in order to retain and attract tenants, which could materially and adversely affect us, including our financial condition, results of operations and cash flow.***

To the extent there are adverse economic conditions in the real estate market and demand for office space decreases, upon expiration of leases at our properties and with respect to our current vacant space, we will be required to increase rent or other concessions to tenants, accommodate increased requests for renovations, build-to-suit remodeling and other improvements or provide additional services to our tenants. In addition, seven of our properties are pre-war office properties, which may require more frequent and costly maintenance to retain existing tenants or attract new tenants than newer properties. As a result, we would have to make significant capital or other expenditures in order to retain tenants whose leases expire and to attract new tenants in sufficient numbers. Additionally, we may need to raise capital to make such expenditures. If we are unable to do so or capital is otherwise unavailable, we may be unable to make the required expenditures. This could result in non-renewals by tenants upon expiration of their leases and our vacant space remaining untenanted, which could materially and adversely affect our financial condition, results of operations, cash flow and per share trading price of our Class A common stock. As of March 31, 2012, we had approximately 1.3 million rentable square feet of vacant space in our office properties, 82,451 rentable square feet of vacant space in our ground floor retail space in our Manhattan office properties and 2,005 rentable square feet of vacant space in our stand-alone retail properties (in each case, excluding leases signed but not yet commenced), and leases representing 7.5% and 7.2% of the square footage of the properties in our portfolio will expire in the remainder of 2012 (including month-to-month leases) and in 2013, respectively.

***We depend on significant tenants in our office portfolio, including LF USA, Legg Mason, Warnaco, Thomson Reuters and the Federal Deposit Insurance Corporation, which together represented approximately 18.2% of our total portfolio's annualized base rent as of March 31, 2012.***

As of March 31, 2012, our five largest tenants together represented 18.2% of our total portfolio's annualized base rent. Our largest tenant is LF USA. As of March 31, 2012, LF USA leased an aggregate of 630,615 rentable square feet of office space at three of our office properties, representing approximately 7.6% of the total rentable square feet and approximately 8.6% of the annualized base rent in our portfolio. Our rental revenue depends on entering into leases with and collecting rents from tenants. General and regional economic conditions, such as the current challenging economic climate described above, may adversely affect our major tenants and potential tenants in our markets. Our major tenants may experience a material business downturn, weakening their

## **Table of Contents**

financial condition and potentially resulting in their failure to make timely rental payments and/or a default under their leases. In many cases, we have made substantial up front investments in the applicable leases, through tenant improvement allowances and other concessions, as well as typical transaction costs (including professional fees and commissions) that we may not be able to recover. In the event of any tenant default, we may experience delays in enforcing our rights as landlord and may incur substantial costs in protecting our investment.

The bankruptcy or insolvency of a major tenant also may adversely affect the income produced by our properties. If any tenant becomes a debtor in a case under the United States Bankruptcy Code, we cannot evict the tenant solely because of the bankruptcy. In addition, the bankruptcy court might authorize the tenant to reject and terminate their lease with us. The bankruptcy of a tenant or lease guarantor could delay our efforts to collect past due balances under the relevant leases, and could ultimately preclude collection of these sums. If a lease is rejected by a tenant in bankruptcy, we would have only a general unsecured claim for damages. Any unsecured claim we hold may be paid only to the extent that funds are available and only in the same percentage as is paid to all other holders of unsecured claims, and there are restrictions under bankruptcy laws that limit the amount of the claim we can make if a lease is rejected.

Our revenue and cash flow could be materially adversely affected if any of our significant tenants were to become bankrupt or insolvent, or suffer a downturn in their business, default under their leases or fail to renew their leases at all or renew on terms less favorable to us than their current terms.

***Competition may impede our ability to attract or retain tenants or re-let space, which could materially and adversely affect our results of operations and cash flow.***

The leasing of real estate in the greater New York metropolitan area is highly competitive. The principal means of competition are rent charged, location, services provided and the nature and condition of the premises to be leased. We directly compete with all lessors and developers of similar space in the areas in which our properties are located as well as properties in other submarkets. Demand for retail space may be impacted by the recent bankruptcy of a number of retail companies and a general trend toward consolidation in the retail industry, which could adversely affect the ability of our company to attract and retain tenants. In addition, retailers at our properties face increasing competition from outlet malls, discount shopping clubs, electronic commerce, direct mail and telemarketing, which could (i) reduce rents payable to us, (ii) reduce our ability to attract and retain tenants at our properties and (iii) lead to increased vacancy rates at our properties, any of which could materially and adversely affect us.

Our office properties are concentrated in highly developed areas of midtown Manhattan and densely populated metropolitan communities in Fairfield County and Westchester County. Manhattan is the largest office market in the United States. The number of competitive office properties in the markets in which our properties are located (which may be newer or better located than our properties) could have a material adverse effect on our ability to lease office space at our properties, and on the effective rents we are able to charge. Additionally, completion of the new Vornado Tower currently under construction at 15 Penn Plaza may provide a significant source of competition for office and retail tenants, due to its close proximity to the Empire State Building.

***If our tenants are unable to secure financing necessary to continue to operate their businesses and pay us rent, we could be materially and adversely affected.***

Many of our tenants rely on external sources of financing to operate their businesses. The U.S. financial and credit markets continue to experience significant liquidity disruptions, resulting in the unavailability of financing for many businesses. If our tenants are unable to secure financing necessary to continue to operate their businesses, they may be unable to meet their rent obligations or be forced to declare bankruptcy and reject their leases, which could materially and adversely affect us.

## **Table of Contents**

***Our dependence on smaller and growth-oriented businesses to rent our office space could materially and adversely affect our cash flow and results of operations.***

The majority of the tenants in our properties (measured by number of tenants as opposed to aggregate square footage) are smaller businesses that generally do not have the financial strength of larger corporate tenants. Smaller companies generally experience a higher rate of failure than large businesses. There is a current risk with these companies of a higher rate of tenant defaults, turnover and bankruptcies, which could materially and adversely affect our distributable cash flow and results of operations.

***Our dependence on rental income may materially and adversely affect our profitability, our ability to meet our debt obligations and our ability to make distributions to our stockholders.***

A substantial portion of our income is derived from rental income from real property. See Business and Properties Tenant Diversification. As a result, our performance depends on our ability to collect rent from tenants. Our income and funds for distribution would be negatively affected if a significant number of our tenants, or any of our major tenants (as discussed in more detail below):

delay lease commencements;

decline to extend or renew leases upon expiration;

fail to make rental payments when due; or

declare bankruptcy.

Any of these actions could result in the termination of the tenants' leases and the loss of rental income attributable to the terminated leases. In these events, we cannot be sure that any tenant whose lease expires will renew that lease or that we will be able to re-lease space on economically advantageous terms or at all. The loss of rental revenues from a number of our tenants and our inability to replace such tenants may adversely affect our profitability, our ability to meet debt and other financial obligations and our ability to make distributions to our stockholders.

***We may not be able to control our operating costs, or our expenses may remain constant or increase, even if income from our properties decreases, causing our results of operations to be adversely affected.***

Our financial results depend substantially on leasing space in our properties to tenants on terms favorable to us. Costs associated with real estate investment, such as real estate taxes, insurance and maintenance costs, generally are not reduced even when a property is not fully occupied, rental rates decrease or other circumstances cause a reduction in income from the property. As a result, cash flow from the operations of our properties may be reduced if a tenant does not pay its rent or we are unable to rent our properties on favorable terms. Under those circumstances, we might not be able to enforce our rights as landlord without delays and may incur substantial legal costs. The terms of our leases may also limit our ability to charge our tenants for all or a portion of these expenses. Additionally, new properties that we may acquire or redevelop may not produce significant revenue immediately, and the cash flow from existing operations may be insufficient to pay the operating expenses and principal and interest on debt associated with such properties until they are fully leased.

***Our breach of or the expiration of our ground lease could materially and adversely affect our results of operations.***

Our interest in one of our commercial office properties, 1350 Broadway, is a long-term leasehold of the land and the improvements, rather than a fee interest in the land and the improvements. If we are found to be in breach of this ground lease, we could lose the right to use the property. In addition, unless we purchase the underlying fee interest in this property or extend the terms of our lease for this property before expiration on terms significantly comparable to our current lease, we will lose our right to operate this property and our leasehold interest in this property upon expiration of the lease or we will continue to operate it at much lower profitability,

## **Table of Contents**

which would significantly adversely affect our results of operations. In addition, if we are perceived to have breached the terms of this lease, the fee owner may initiate proceedings to terminate the lease. The remaining term of this long-term lease, including unilateral extension rights available to us, is approximately 39 years (expiring July 31, 2050). Annualized base rent from this property as of March 31, 2012 was approximately \$17.7 million.

Pursuant to the ground lease, we, as tenant under the ground lease, perform the functions traditionally performed by owners, as landlords, with respect to our subtenants. In addition to collecting rent from our subtenants, we also maintain the property and pay expenses relating to the property. We do not have a right, pursuant to the terms of our lease or otherwise, to acquire the fee interest in this property.

***We will not recognize any increase in the value of the land or improvements subject to our ground lease, and we may only receive a portion of compensation paid in any eminent domain proceeding with respect to the property, which could materially and adversely affect us.***

We have no economic interest in the land or improvements at the expiration of our ground lease at 1350 Broadway and therefore we will not share in any increase in value of the land or improvements beyond the term of our ground lease, notwithstanding our capital outlay to purchase our interest in the property. Furthermore, if the state or federal government seizes the property subject to the ground lease under its eminent domain power, we may only be entitled to a portion of any compensation awarded for the seizure. In addition, if the value of the property has increased, it may be more expensive for us to renew our ground lease.

***We may be unable to identify and successfully complete acquisitions and even if acquisitions are identified and completed, including potentially the option properties, we may fail to operate successfully acquired properties, which could materially and adversely affect us and impede our growth.***

Our ability to identify and acquire properties on favorable terms and successfully operate or redevelop them may be exposed to the following significant risks:

even if we enter into agreements for the acquisition of properties, these agreements are subject to customary conditions to closing, including completion of due diligence investigations to our satisfaction and other conditions that are not within our control, which may not be satisfied, and we may be unable to complete an acquisition after making a non-refundable deposit and incurring certain other acquisition-related costs;

we may be unable to finance the acquisition on favorable terms in the time period we desire, or at all, including potentially the option properties;

we may spend more than budgeted to make necessary improvements or renovations to acquired properties;

we may not be able to obtain adequate insurance coverage for new properties;

acquired properties may be located in new markets where we may face risks associated with a lack of market knowledge or understanding of the local economy, lack of business relationships in the area and unfamiliarity with local governmental and permitting procedures;

we may be unable to integrate quickly and efficiently new acquisitions, particularly acquisitions of portfolios of properties, into our existing operations, and as a result our results of operations and financial condition could be adversely affected;

market conditions may result in higher than expected vacancy rates and lower than expected rental rates; and

Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

we may incur significant costs and divert management attention in connection with evaluating and negotiating potential acquisitions, including ones that we are subsequently unable to complete.

- 34 -

---

**Table of Contents**

Any delay or failure on our part to identify, negotiate, finance and consummate such acquisitions in a timely manner and on favorable terms, or operate acquired properties to meet our financial expectations, could impede our growth and adversely affect our financial condition, results of operations, cash flow and per share trading price of our Class A common stock.

***Our option properties are subject to various risks and we may not be able to acquire them.***

Our option properties consist of 112-122 West 34th Street, an office property in midtown Manhattan that was 90.0% leased as of March 31, 2012 (or % giving effect to leases signed but not yet commenced as of that date) and that encompasses approximately 741,487 rentable square feet (inclusive of the retail space on the ground, first and lower floors) and 1400 Broadway, an office property in midtown Manhattan that was 77.6% leased as of March 31, 2012 (or 79.6% giving effect to leases signed but not yet commenced as of that date) and that encompasses approximately 875,038 rentable square feet (inclusive of the retail space on the ground floor). 112-122 West 34th Street and 1400 Broadway will not be contributed to us in the formation transactions due to the ongoing litigation related to these properties. 112 West 34th Street Associates L.L.C and 1400 Broadway Associates L.L.C., the operating lessees of our option properties, are named as defendants in actions alleging that they undertook structural modifications to 112-122 West 34th Street and 1400 Broadway, respectively, without the required consent of the owner of the land on which 112 West 34th Street and 1400 Broadway were constructed (or the ground lessee, in the case of the portion of the 112-122 West 34th Street property that is owned by our predecessor's affiliate and has been ground leased to such ground lessee and subleased to our predecessor's affiliate). Although we do not intend to acquire 112-122 West 34th Street or 1400 Broadway as part of the consolidation, we have entered into option agreements that allow us to acquire the interests in the option properties upon resolution of such litigation. Our option properties are exposed to many of the same risks that may affect the other properties in our portfolio. The terms of the option agreements relating to the option properties were not determined by arm's-length negotiations, and such terms may be less favorable to us than those that may have been obtained through negotiations with third parties. It may become economically unattractive to exercise our options with respect to the option properties. These risks could cause us to decide not to exercise our option to purchase these properties in the future.

Our predecessor's affiliates' interests in our option properties, 112-122 West 34th Street and 1400 Broadway, are fee (in the case of a portion of the 112-122 West 34th Street property), long-term leasehold (in the case of both of the option properties) and sub-leasehold or sub-subleasehold (in the case of the 112-122 West 34th Street property only) of the land and the improvements. The remaining terms of these long-term leases, including unilateral extension rights available to us, are approximately 66 years (expiring June 10, 2077) and approximately 52 years (expiring December 31, 2063), respectively. Even if we exercise our option to purchase the option properties upon resolution of the ongoing litigation, unless we purchase the underlying fee interest in these properties or extend the terms of our leases for these properties before expiration on terms significantly comparable to our current leases, we will lose our right to operate these properties and our leasehold interest in these properties upon expiration of the leases or we may extend the leases on new terms that result in reduced profitability, which may significantly adversely affect our results of operations at that time. The purchase price is payable in a combination of cash, shares of our common stock and operating partnership units, but the Helmsley estate will have the right to elect to receive all cash (and non-accredited investors are required to receive all cash), which may impact our ability to acquire the option properties.

Additionally, Anthony E. Malkin has a conflict of interest because he, together with the Malkin Group, controls and owns economic interests in the option properties. As a result, an exercise of such options by us could economically benefit him.

---

**Table of Contents**

***Competition for acquisitions may reduce the number of acquisition opportunities available to us and increase the costs of those acquisitions, which may impede our growth.***

We plan to continue to acquire properties as we are presented with attractive opportunities. We may face significant competition for acquisition opportunities in the greater New York metropolitan area with other investors, particularly private investors who can incur more leverage, and this competition may adversely affect us by subjecting us to the following risks:

an inability to acquire a desired property because of competition from other well-capitalized real estate investors, including publicly traded and privately held REITs, private real estate funds, domestic and foreign financial institutions, life insurance companies, sovereign wealth funds, pension trusts, commercial developers, partnerships and individual investors; and

an increase in the purchase price for such acquisition property, in the event we are able to acquire such desired property.

The significant competition for acquisitions of commercial office and retail properties in the greater New York metropolitan area may impede our growth.

***The observatory operations at the Empire State Building are not traditional real estate operations, and competition and changes in tourist trends may subject us to additional risks, which could materially and adversely affect us.***

During the three months ended March 31, 2012 and year ended December 31, 2011, we derived approximately \$16.4 million and \$80.6 million of revenue, respectively, from the Empire State Building's observatory operations, representing approximately 30.6% and 40.5% of the Empire State Building's total revenue for these periods. Demand for our observatory is highly dependent on domestic and overseas tourists. In addition, competition from observatory operations in the new property currently under construction at One World Trade Center and, to a lesser extent, from the existing observatory at Rockefeller Center, could have a negative impact on revenues from our observatory operations. Adverse impacts on domestic travel and changes in foreign currency exchange rates may also decrease demand in the future, which could have a material adverse effect on our results of operations, financial condition and ability to make distributions to our stockholders.

***The broadcasting operations at the Empire State Building are not traditional real estate operations, and competition and changes in the broadcasting of signals over air may subject us to additional risks, which could materially and adversely affect us.***

The Empire State Building and its broadcasting mast provides radio and data communications services and supports delivery of broadcasting signals to cable and satellite systems and television and radio receivers. We license the use of the broadcasting mast to third party television and radio broadcasters. During the three months ended March 31, 2012 and the year ended December 31, 2011, we derived approximately \$4.3 million and \$16.4 million, respectively, of revenue from the Empire State Building's broadcasting licenses and related leased space, representing approximately 9.6% and 8.2% of the Empire State Building's total revenue for these periods. Competition from broadcasting operations in the planned property currently under construction at One World Trade Center and, to a lesser extent, from the existing broadcasting operations at Four Times Square, could have a negative impact on revenues from our broadcasting operations. Our broadcast television and radio licensees also face a range of competition from advances in technologies and alternative methods of content delivery in their respective industries, as well as from changes in consumer behavior driven by new technologies and methods of content delivery, which may reduce the demand for over-the-air broadcast licenses in the future. New government regulations affecting broadcasters, including the implementation of the FCC's National Broadband Plan, or the Plan, also might materially and adversely affect our results of operations by reducing the demand for broadcast licenses. Among other things, the Plan urges Congress to make more spectrum available for wireless broadband service providers by encouraging over-the-air broadcast licensees to relinquish spectrum through a voluntary auction process, which raises many issues that could impact the broadcast industry. At this time we

## **Table of Contents**

cannot predict whether Congress or the FCC will adopt or implement any of the Plan's recommendations or the rule changes as proposed, or how any such actions might affect our broadcasting operations. Any of these risks might materially and adversely affect us.

***Acquired properties may expose us to unknown liability, which could adversely affect our results of operations, cash flow and the market value of our securities.***

We may acquire properties subject to liabilities and without any recourse, or with only limited recourse, against the prior owners or other third parties with respect to unknown liabilities. As a result, if a liability were asserted against us based upon ownership of those properties, we might have to pay substantial sums to settle or contest it, which could adversely affect our results of operations, cash flow and the market value of our securities. Unknown liabilities with respect to acquired properties might include:

liabilities for clean-up of undisclosed environmental contamination;

claims by tenants, vendors or other persons against the former owners of the properties;

liabilities incurred in the ordinary course of business; and

claims for indemnification by general partners, directors, officers and others indemnified by the former owners of the properties.

***We may acquire properties or portfolios of properties through tax deferred contribution transactions, which could result in stockholder dilution and limit our ability to sell such assets.***

In the future we may acquire properties or portfolios of properties through tax deferred contribution transactions in exchange for partnership interests in our operating partnership, which may result in stockholder dilution. This acquisition structure may have the effect of, among other things, reducing the amount of tax depreciation we could deduct over the tax life of the acquired properties, and may require that we agree to protect the contributors' ability to defer recognition of taxable gain through restrictions on our ability to dispose of the acquired properties and/or the allocation of partnership debt to the contributors to maintain their tax bases. These restrictions could limit our ability to sell an asset at a time, or on terms, that would be favorable absent such restrictions.

***Turmoil in the capital and credit markets could materially and adversely affect us.***

Ongoing economic conditions have negatively impacted the capital and credit markets, particularly for real estate. The capital markets have witnessed significant adverse conditions, including a substantial reduction in the availability of and access to capital. The risk premium demanded by capital suppliers has increased markedly, as they are demanding greater compensation for credit risk. Lending spreads have widened from recent levels, and underwriting standards are being tightened. In addition, recent failures and consolidations of certain financial institutions have decreased the number of potential lenders, resulting in reduced lending levels available to the market. As a result, we may not be able to obtain favorable debt financing in the future or at all. This may result in future acquisitions generating lower overall economic returns, which may adversely affect our results of operations and distributions to stockholders. Furthermore, any turmoil in the capital or credit markets could adversely impact the overall amount of capital and debt financing available to invest in real estate, which may result in decreases in price or value of real estate assets.

With the turmoil in the capital markets, an increasing number of financial institutions have sought federal assistance or failed. In the event of a failure of a lender or counterparty to a financial contract, obligations under the financial contract might not be honored and many forms of assets may be at risk and may not be fully returned to us. Should a financial institution fail to fund its committed amounts when contractually obligated to do so, our ability to meet our obligations could be materially and adversely impacted.

---

**Table of Contents**

***Should we decide at some point in the future to expand into new markets, we may not be successful, which could adversely affect our financial condition, result of operations, cash flow and trading price of our Class A common stock.***

If opportunities arise, we may explore acquisitions of properties in new markets. Each of the risks applicable to our ability to acquire and integrate successfully and operate properties in our current markets is also applicable to our ability to acquire and integrate successfully and operate properties in new markets. In addition to these risks, we will not possess the same level of familiarity with the dynamics and market conditions of any new markets that we may enter, which could adversely affect the results of our expansion into those markets, and we may be unable to build a significant market share or achieve a desired return on our investments in new markets. If we are unsuccessful in expanding into new markets, it could adversely affect our financial condition, results of operations, cash flow, per share trading price of our Class A common stock and ability to satisfy our principal and interest obligations and to make distributions to our stockholders.

***Our growth depends on external sources of capital that are outside of our control, which may affect our ability to seize strategic opportunities, satisfy debt obligations and make distributions to our stockholders.***

In order to qualify as a REIT, we must distribute to our stockholders, on an annual basis, at least 90% of our REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gains. In addition, we will be subject to U.S. federal income tax at regular corporate rates to the extent that we distribute less than 100% of our net taxable income (including net capital gains) and will be subject to a 4% nondeductible excise tax on the amount by which our distributions in any calendar year are less than a minimum amount specified under U.S. federal income tax laws. Because of these distribution requirements, we may not be able to fund future capital needs, including any necessary acquisition financing, from operating cash flow. Consequently, we may need to rely on third-party sources to fund our capital needs. We may not be able to obtain financing on favorable terms, in the time period we desire, or at all. Any additional debt we incur will increase our leverage. Our access to third-party sources of capital depends, in part, on:

general market conditions;

the market's perception of our growth potential;

our current debt levels;

our current and expected future earnings;

our cash flow and cash distributions; and

the market price per share of our Class A common stock.

If we cannot obtain capital from third-party sources, we may not be able to acquire or redevelop properties when strategic opportunities exist, satisfy our principal and interest obligations or make the cash distributions to our stockholders necessary to maintain our qualification as a REIT.

***If we are unable to sell, dispose of or refinance one or more properties in the future, we may be unable to realize our investment objectives and our business may be adversely affected.***

The real estate investments made, and to be made, by us are relatively difficult to sell quickly. Return of capital and realization of gains from an investment generally will occur upon disposition or refinancing of the underlying property. In addition, the Code imposes restrictions on the ability of a REIT to dispose of properties that are not applicable to other types of real estate companies. We may be unable to realize our investment objectives by sale, other disposition or refinancing at attractive prices within any given period of time or may otherwise be unable to complete any exit strategy. In particular, these risks could arise from weakness in or even the lack of an established market for a property, changes in the financial condition or prospects of prospective purchasers, changes in national or international economic conditions and changes in laws, regulations or fiscal policies of jurisdictions in which our properties are located.

## **Table of Contents**

*Our outstanding indebtedness upon completion of this offering reduces cash available for distribution and may expose us to the risk of default under our debt obligations.*

Upon completion of this offering, we anticipate our pro forma total consolidated indebtedness will be approximately \$1.05 billion, and we may incur significant additional debt to finance future acquisition and redevelopment activities.

Payments of principal and interest on borrowings may leave us with insufficient cash resources to operate our properties or to pay the distributions currently contemplated or necessary to qualify as a REIT. Our level of debt and the limitations imposed on us by our loan documents could have significant adverse consequences, including the following:

our cash flow may be insufficient to meet our required principal and interest payments;

we may be unable to borrow additional funds as needed or on favorable terms;

we may be unable to refinance our indebtedness at maturity or the refinancing terms may be less favorable than the terms of our original indebtedness;

to the extent we borrow debt that bears interest at variable rates, increases in interest rates could materially increase our interest expense;

we may be forced to dispose of one or more of our properties, possibly on disadvantageous terms;

we may default on our obligations or violate restrictive covenants, in which case the lenders or mortgagees may accelerate our debt obligations, foreclose on the properties that secure their loans and/or take control of our properties that secure their loans and collect rents and other property income;

we may violate restrictive covenants in our loan documents, which would entitle the lenders to accelerate our debt obligations or reduce our ability to make, or prohibit us from making, distributions; and

our default under any one of our mortgage loans with cross default provisions could result in a default on other indebtedness.

If any one of these events were to occur, our financial condition, results of operations, cash flow, per share trading price of our Class A common stock and our ability to satisfy our principal and interest obligations and to make distributions to our stockholders could be adversely affected. In addition, in connection with our debt agreements we may enter into lockbox and cash management agreements pursuant to which substantially all of the income generated by our properties will be deposited directly into lockbox accounts and then swept into cash management accounts for the benefit of our various lenders and from which cash will be distributed to us only after funding of improvement, leasing and maintenance reserves and the payment of principal and interest on our debt, insurance, taxes, operating expenses and extraordinary capital expenditures and leasing expenses. As a result, we may be forced to borrow additional funds in order to make distributions to our stockholders (including, potentially, to make distributions necessary to allow us to qualify as a REIT). See Management's Discussion and Analysis of Financial Condition and Results of Operations Liquidity and Capital Resources and Consolidated Indebtedness to be Outstanding After This Offering.

*Mortgage debt obligations expose us to the possibility of foreclosure, which could result in the loss of our investment in a property or group of properties subject to mortgage debt.*

Incurring mortgage and other secured debt obligations increases our risk of property losses because defaults on indebtedness secured by properties may result in foreclosure actions initiated by lenders and ultimately our loss of the property securing any loans for which we are in

Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

default. Any foreclosure on a mortgaged property or group of properties could adversely affect the overall value of our portfolio of properties. For tax purposes, a foreclosure of any of our properties that is subject to a nonrecourse mortgage loan would be treated as a sale of

---

**Table of Contents**

the property for a purchase price equal to the outstanding balance of the debt secured by the mortgage. If the outstanding balance of the debt secured by the mortgage exceeds our tax basis in the property, we would recognize taxable income on foreclosure, but would not receive any cash proceeds, which could hinder our ability to meet the distribution requirements applicable to REITs under the Code. Foreclosures could also trigger our tax indemnification obligations under the terms of our agreements with certain continuing investors with respect to sales of certain properties, and obligate us to make certain levels of indebtedness available for them to guarantee which, among other things, allows them to defer the recognition of gain in connection with the formation transactions.

***High mortgage rates and/or unavailability of mortgage debt may make it difficult for us to finance or refinance properties, which could reduce the number of properties we can acquire, our net income and the amount of cash distributions we can make.***

If mortgage debt is unavailable at reasonable rates, we may not be able to finance the purchase of properties. If we place mortgage debt on properties, we may be unable to refinance the properties when the loans become due, or to refinance on favorable terms. If interest rates are higher when we refinance our properties, our income could be reduced. If any of these events occur, our cash flow could be reduced. This, in turn, could reduce cash available for distribution to our stockholders and may hinder our ability to raise more capital by issuing more stock or by borrowing more money. In addition, to the extent we are unable to refinance the properties when the loans become due, we will have fewer debt guarantee opportunities available to offer under our tax protection agreement. If we are unable to offer certain guarantee opportunities to the parties to the tax protection agreement, or otherwise are unable to allocate sufficient liabilities of our operating partnership to those parties, it could trigger an indemnification obligation of our company under the tax protection agreement.

***Some of our financing arrangements involve balloon payment obligations, which may adversely affect our ability to make distributions.***

Upon completion of this offering, we will have pro forma total debt outstanding of approximately \$1.05 billion, with a weighted average interest rate of 5.29%, a weighted average maturity of 3.9 years and 83.2% of which is fixed-rate indebtedness. Additionally, we expect to have approximately \$170.1 million of available borrowing capacity under our loans on a pro forma basis. We have no debt maturing in the remainder of 2012 and approximately \$57.6 million maturing in 2013. As of March 31, 2012, we had 23 mortgage loans outstanding secured by 17 of our properties. As of March 31, 2012, these loans had an aggregate estimated principal balance at maturity of approximately \$971.2 million with maturity dates ranging from May 2013 through April 2018. Some of our financing arrangements require us to make a lump-sum or balloon payment at maturity. See Management's Discussion and Analysis of Financial Condition and Results of Operations Consolidated Indebtedness to be Outstanding After This Offering for a description of the estimated principal balances at maturity, including lump-sum or balloon payments, of our indebtedness. Our ability to make a balloon payment at maturity is uncertain and may depend upon our ability to obtain additional financing or our ability to sell the property. At the time the balloon payment is due, we may or may not be able to refinance the existing financing on terms as favorable as the original loan or sell the property at a price sufficient to make the balloon payment. The effect of a refinancing or sale could affect the rate of return to stockholders and the projected time of disposition of our assets. In addition, payments of principal and interest made to service our debts may leave us with insufficient cash to make distributions necessary to meet the distribution requirements applicable to REITs under the Code.

***Our degree of leverage and the lack of a limitation on the amount of indebtedness we may incur could materially and adversely affect us.***

Our organizational documents do not contain any limitation on the amount of indebtedness we may incur. Upon completion of this offering and on a pro forma basis for the year ended December 31, 2011, we had a debt-to-EBITDA ratio of approximately 5.46x. For the year ended December 31, 2011, our pro forma EBITDA and pro forma net income, the most comparable GAAP measure, were approximately \$192.6 million and

---

**Table of Contents**

\$72.8 million, respectively. Any changes that increase our debt-to-EBITDA could be viewed negatively by investors. As a result, our stock price could decrease. We also consider factors other than debt-to-EBITDA in making decisions regarding the incurrence of indebtedness, such as the purchase price of properties to be acquired with debt financing, the estimated market value of our properties upon refinancing and the ability of particular properties and our business as a whole to generate cash flow to cover expected debt service.

Our degree of leverage could affect our ability to obtain additional financing for working capital, capital expenditures, acquisitions, development or other general corporate purposes. Our degree of leverage could also make us more vulnerable to a downturn in business or the economy generally. If we become more leveraged in the future, the resulting increase in debt service requirements could cause us to default on our obligations, which could materially and adversely affect us.

***Our tax protection agreement could limit our ability either to sell certain properties or to engage in a strategic transaction, or to reduce our level of indebtedness, which could materially and adversely affect us.***

In connection with the formation transactions, we intend to enter into a tax protection agreement with Anthony E. Malkin and Peter L. Malkin pursuant to which we will agree to indemnify the Malkin Group and one additional third party investor in Metro Center (who was one of the original landowners and was involved in the development of the property) against certain tax liabilities if those tax liabilities result from (i) the operating partnership's sale, transfer, conveyance, or other taxable disposition of four specified properties (First Stamford Place, Metro Center, 10 Bank Street and 1542 Third Avenue, which collectively represent approximately 1.6% of the total consideration to be issued in the consolidation) to be acquired by the operating partnership in the formation transactions for a period of 12 years with respect to First Stamford Place and for the later of (x) eight years or (y) the death of both Peter L. Malkin and Isabel W. Malkin who are 78 and 75 years old, respectively, for the three other properties, (ii) the operating partnership failing to maintain until maturity the indebtedness secured by those properties or failing to use commercially reasonable efforts to refinance such indebtedness upon maturity in an amount equal to the principal balance of such indebtedness, or, if the operating partnership is unable to refinance such indebtedness at its current principal amount, at the highest principal amount possible, or (iii) the operating partnership failing to make available to any of these continuing investors the opportunity to guarantee, or otherwise bear the risk of loss, for U.S. federal income tax purposes, of their allocable share of \$160 million of aggregate indebtedness meeting certain requirements, until such continuing investor owns less than the aggregate number of operating partnership units and shares of common stock equal to 50% of the aggregate number of such units and shares such continuing investor received in the formation transactions. If we were to trigger our tax indemnification obligations under these agreements, we would be required to pay damages for the resulting tax consequences to the Malkin Group, and we have acknowledged that a calculation of damages will not be based on the time value of money or the time remaining within the restricted period. Moreover, these obligations may restrict our ability to engage in a strategic transaction. In addition, these obligations may require us to maintain more or different indebtedness than we would otherwise require for our business. See **Certain Relationships and Related Transactions** Tax Protection Agreement. Our operating partnership estimates that if all of its assets subject to the tax protection agreement were sold in a taxable transaction immediately after this offering, the amount of our operating partnership's indemnification obligations (based on tax rates applicable for the taxable year ending December 31, 2012, and the preliminary valuations of our assets as determined by the independent valuer, and including additional payments to compensate the indemnified partners for additional tax liabilities resulting from the indemnification payments) would be approximately \$84.7 million.

***The continuing threat of a terrorist event may materially and adversely affect our properties, their value and our ability to generate cash flow.***

There may be a decrease in demand for space in Manhattan and the greater New York metropolitan area because it is considered at risk for a future terrorist event, and this decrease may reduce our revenues from property rentals. In the aftermath of a terrorist event, tenants in Manhattan and the greater New York metropolitan area may choose to relocate their businesses to less populated, lower-profile areas of the United States that are not as likely to be targets of future terrorist activity. This in turn could trigger a decrease in

---

**Table of Contents**

the demand for space in Manhattan and the greater New York metropolitan area, which could increase vacancies in our properties and force us to lease our properties on less favorable terms. Further, certain of our properties, including the Empire State Building, may be considered to be susceptible to increased risks of a future terrorist event due to the high-profile nature of the property. In addition, a terrorist event could cause insurance premiums at certain of our properties to increase significantly. As a result, the value of our properties and the level of our revenues could materially decline.

*Potential losses such as those from adverse weather conditions, natural disasters, terrorist events and title claims, may not be fully covered by our insurance policies, and such losses could materially and adversely affect us.*

Our business operations are susceptible to, and could be significantly affected by, adverse weather conditions, terrorist events and natural disasters that could cause significant damage to the properties in our portfolio. Our insurance may not be adequate to cover business interruption or losses resulting from such events. In addition, our insurance policies include substantial self-insurance portions and significant deductibles and co-payments for such events, and recent hurricanes in the United States have affected the availability and price of such insurance. As a result, we may incur significant costs in the event of adverse weather conditions, terrorist events and natural disasters. We may discontinue certain insurance coverage on some or all of our properties in the future if the cost of premiums for any of these policies in our judgment exceeds the value of the coverage discounted for the risk of loss.

We carry comprehensive liability, fire, extended coverage, earthquake, terrorism and rental loss insurance covering all of our Manhattan properties and our greater New York metropolitan area properties under a blanket policy. We carry additional all-risk property and business insurance, which includes terrorism insurance, on the Empire State Building through ESB Captive Insurance Company L.L.C., or ESB Captive Insurance, our wholly owned captive insurance company. ESB Captive Insurance covers terrorism insurance for \$700 million in losses in excess of \$800 million per occurrence suffered by the Empire State Building, providing us with aggregate terrorism coverage of \$1.5 billion. ESB Captive Insurance fully reinsures the 15% coinsurance under the Terrorism Risk Insurance Program Reauthorization Act of 2007 (TRIPRA) and the difference between the TRIPRA captive deductible and policy deductible of \$25,000 for non-Nuclear, Biological, Chemical and Radiological exposures. As a result, we remain only liable for the 15% coinsurance under TRIPRA for Nuclear, Biological, Chemical and Radiological (NBCR) exposures, as well as a deductible equal to 20% of the prior year's premium, which premium was approximately \$429,000 in 2011. As long as we own ESB Captive Insurance, we are responsible for its liquidity and capital resources, and its accounts are part of our consolidated financial statements. If we experience a loss and our captive insurance company is required to pay under its insurance policy, we would ultimately record the loss to the extent of its required payment.

Furthermore, we do not carry insurance for certain losses, including, but not limited to, losses caused by war. In addition, while our title insurance policies insure for the current aggregate market value of our portfolio, we do not intend to increase our title insurance policies as the market value of our portfolio increases. As a result, we may not have sufficient coverage against all losses that we may experience, including from adverse title claims.

If we experience a loss that is uninsured or which exceeds our policy limits, we could incur significant costs and lose the capital invested in the damaged properties as well as the anticipated future cash flows from those properties. In addition, if the damaged properties are subject to recourse indebtedness, we would continue to be liable for the indebtedness, even if these properties were irreparably damaged.

In addition, certain of our properties could not be rebuilt to their existing height or size at their existing location under current land-use laws and policies. In the event that we experience a substantial or comprehensive loss of one of our properties, we may not be able to rebuild such property to its existing specifications and otherwise may have to upgrade such property to meet current code requirements.

## Table of Contents

TRIA, which was enacted in November 2002, was renewed on December 31, 2007. Congress extended TRIA, now called TRIPRA (Terrorism Risk Insurance Program Reauthorization Act of 2007) until December 31, 2014. The law extends the federal Terrorism Risk Insurance Program that requires insurance companies to offer terrorism coverage and provides for compensation for insured losses resulting from acts of foreign and domestic terrorism. Our debt instruments, consisting of mortgage loans secured by our properties (which are generally non-recourse to us), ground leases and our secured term loan, contain customary covenants requiring us to maintain insurance, including TRIPRA insurance. While we do not believe it will be likely, there can be no assurance that the lenders or ground lessors under these instruments will not take the position that a total or partial exclusion from all-risk insurance coverage for losses due to terrorist acts is a breach of these debt and ground lease instruments that allows the lenders or ground lessors to declare an event of default and accelerate repayment of debt or recapture of ground lease positions for those properties in our portfolio which are not insured against terrorist events. In addition, if lenders insist on full coverage for these risks and prevail in asserting that we are required to maintain such coverage, it could result in substantially higher insurance premiums.

Certain mortgages on our properties contain requirements concerning the financial ratings of the insurers who provide policies covering the property. We provide the lenders on a regular basis with the identity of the insurance companies in our insurance programs. While the ratings of our insurers currently satisfy the rating requirements in some of our loan agreements, in the future, we may be unable to obtain insurance with insurers which satisfy the rating requirements which could give rise to an event of default under such loan agreements. Additionally, in the future our ability to obtain debt financing secured by individual properties, or the terms of such financing, may be adversely affected if lenders generally insist on ratings for insurers which are difficult to obtain or which result in a commercially unreasonable premium.

***We may become subject to liability relating to environmental and health and safety matters, which could have a material and adverse effect on us.***

Under various federal, state and/or local laws, ordinances and regulations, as a current or former owner or operator of real property, we may be liable for costs and damages resulting from the presence or release of hazardous substances, waste, or petroleum products at, on, in, under or from such property, including costs for investigation or remediation, natural resource damages, or third party liability for personal injury or property damage. These laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the presence or release of such materials, and the liability may be joint and several. Some of our properties have been or may be impacted by contamination arising from current or prior uses of the property or adjacent properties for commercial, industrial or other purposes. Such contamination may arise from spills of petroleum or hazardous substances or releases from tanks used to store such materials. We also may be liable for the costs of remediating contamination at off-site disposal or treatment facilities when we arrange for disposal or treatment of hazardous substances at such facilities, without regard to whether we comply with environmental laws in doing so. The presence of contamination or the failure to remediate contamination on our properties may adversely affect our ability to attract and/or retain tenants, and our ability to develop or sell or borrow against those properties. In addition to potential liability for cleanup costs, private plaintiffs may bring claims for personal injury, property damage or for similar reasons. Environmental laws also may create liens on contaminated sites in favor of the government for damages and costs it incurs to address such contamination. Moreover, if contamination is discovered on our properties, environmental laws may impose restrictions on the manner in which that property may be used or how businesses may be operated on that property. For example, our property at 69-97 Main Street is subject to an Environmental Land Use Restriction that imposes certain restrictions on the use, occupancy and activities of the affected land beneath the property. This restriction may prevent us from conducting certain renovation activities at the property, which may adversely affect its resale value and may adversely affect our ability to finance or refinance this property. See [Business and Properties Regulation Environmental Matters](#).

Some of our properties are adjacent to or near other properties used for industrial or commercial purposes or that have contained or currently contain underground storage tanks used to store petroleum products or other

## **Table of Contents**

hazardous or toxic substances. Releases from these properties could impact our properties. In addition, some of our properties have previously been used by former owners or tenants for commercial or industrial activities, e.g., gas stations and dry cleaners, and a portion of the Metro Tower site is currently used for automobile parking and fuelling, that may release petroleum products or other hazardous or toxic substances at such properties or to surrounding properties.

In addition, our properties are subject to various federal, state and local environmental and health and safety laws and regulations. Noncompliance with these environmental and health and safety laws and regulations could subject us or our tenants to liability. These liabilities could affect a tenant's ability to make rental payments to us. Moreover, changes in laws could increase the potential costs of compliance with such laws and regulations or increase liability for noncompliance. This may result in significant unanticipated expenditures or may otherwise materially and adversely affect our operations, or those of our tenants, which could in turn have a material adverse effect on us.

As the owner or operator of real property, we may also incur liability based on various building conditions. For example, buildings and other structures on properties that we currently own or operate or those we acquire or operate in the future contain, may contain, or may have contained, asbestos-containing material, or ACM. Environmental and health and safety laws require that ACM be properly managed and maintained and may impose fines or penalties on owners, operators or employers for non-compliance with those requirements. These requirements include special precautions, such as removal, abatement or air monitoring, if ACM would be disturbed during maintenance, renovation or demolition of a building, potentially resulting in substantial costs. In addition, we may be subject to liability for personal injury or property damage sustained as a result of releases of ACM into the environment.

In addition, our properties may contain or develop harmful mold or suffer from other indoor air quality issues, which could lead to liability for adverse health effects or property damage or costs for remediation. When excessive moisture accumulates in buildings or on building materials, mold growth may occur, particularly if the moisture problem remains undiscovered or is not addressed over a period of time. Some molds may produce airborne toxins or irritants. Indoor air quality issues can also stem from inadequate ventilation, chemical contamination from indoor or outdoor sources, and other biological contaminants such as pollen, viruses and bacteria. Indoor exposure to airborne toxins or irritants above certain levels can be alleged to cause a variety of adverse health effects and symptoms, including allergic or other reactions. As a result, the presence of significant mold or other airborne contaminants at any of our properties could require us to undertake a costly remediation program to contain or remove the mold or other airborne contaminants from the affected property or increase indoor ventilation. In addition, the presence of significant mold or other airborne contaminants could expose us to liability from our tenants, employees of our tenants or others if property damage or personal injury occurs.

We cannot assure you that costs or liabilities incurred as a result of environmental issues will not affect our ability to make distributions to our stockholders or that such costs, liabilities, or other remedial measures will not have a material adverse effect on our financial condition and results of operations.

***Potential environmental liabilities may exceed our environmental insurance coverage limits, which could have a material and adverse effect on us.***

We carry environmental insurance to cover certain potential environmental liabilities associated with pollution conditions at certain of our properties. We cannot assure you, however, that our insurance coverage will be sufficient or that our liability will not have a material adverse effect on our financial condition, results of operations, cash flow, per share trading price of our Class A common stock and our ability to satisfy our principal and interest obligations and to make distributions to our stockholders.

***We may experience a decline in the fair value of our assets, which may have a material impact on our financial condition, liquidity and results of operations and adversely impact our stock price.***

A decline in the fair market value of our assets may require us to recognize an other-than-temporary impairment against such assets under GAAP if we were to determine that, with respect to any assets in unrealized

## **Table of Contents**

loss positions, we do not have the ability and intent to hold such assets to maturity or for a period of time sufficient to allow for recovery to the amortized cost of such assets. If such a determination were to be made, we would recognize unrealized losses through earnings and write down the amortized cost of such assets to a new cost basis, based on the fair value of such assets on the date they are considered to be other-than-temporarily impaired. Such impairment charges reflect non-cash losses at the time of recognition; subsequent disposition or sale of such assets could further affect our future losses or gains, as they are based on the difference between the sale price received and adjusted amortized cost of such assets at the time of sale.

### ***Failure to hedge interest rates effectively could have a material and adverse effect on us.***

Subject to our qualification as a REIT, we may seek to manage our exposure to interest rate volatility by using interest rate hedging arrangements that involve risk, such as the risk that counterparties may fail to honor their obligations under these arrangements, and that these arrangements may not be effective in reducing our exposure to interest rate changes. Moreover, there can be no assurance that our hedging arrangements will qualify for hedge accounting or that our hedging activities will have the desired beneficial impact on our results of operations. Should we desire to terminate a hedging agreement, there could be significant costs and cash requirements involved to fulfill our initial obligation under the hedging agreement. Failure to hedge effectively against interest rate changes may adversely affect our results of operations.

When a hedging agreement is required under the terms of a mortgage loan it is often a condition that the hedge counterparty maintains a specified credit rating. With the current volatility in the financial markets, there is an increased risk that hedge counterparties could have their credit rating downgraded to a level that would not be acceptable under the loan provisions. If we were unable to renegotiate the credit rating condition with the lender or find an alternative counterparty with acceptable credit rating, we could be in default under the loan and the lender could seize that property through foreclosure.

### ***As a general contractor, Malkin Construction, our wholly-owned subsidiary, is subject to the various risks associated with construction that could have a material adverse effect on our business and results of operations.***

As a general contractor, Malkin Construction, our wholly-owned subsidiary, is subject to the various risks associated with construction (including, without limitation, shortages of labor and materials, work stoppages, labor disputes and weather interference) that could cause construction delays. We are subject to the risk that we will be unable to complete construction at budgeted costs or be unable to fund any excess construction costs, which could have a material adverse effect on our business and results of operations.

### ***We may incur significant costs complying with the ADA and similar laws, which could adversely affect our financial condition, results of operations, cash flow and per share trading price of our Class A common stock.***

Under the Americans with Disabilities Act of 1990, or the ADA, all public accommodations must meet federal requirements related to access and use by disabled persons. We have not conducted a recent audit or investigation of all of our properties to determine our compliance with the ADA. If one or more of the properties in our portfolio is not in compliance with the ADA, we would be required to incur additional costs to bring the property into compliance. Additional federal, state and local laws also may require modifications to our properties, or restrict our ability to renovate our properties. We cannot predict the ultimate cost of compliance with the ADA or other legislation. If we incur substantial costs to comply with the ADA and any other legislation, our financial condition, results of operations, cash flow, per share trading price of our Class A common stock and our ability to satisfy our principal and interest obligations and to make distributions to our stockholders could be adversely affected.

### ***Our property taxes could increase due to property tax rate changes or reassessment, which could impact our cash flows.***

Even if we qualify as a REIT for U.S. federal income tax purposes, we will be required to pay state and local taxes on our properties. The real property taxes on our properties may increase as property tax rates change

## **Table of Contents**

or as our properties are assessed or reassessed by taxing authorities. In particular, our portfolio of properties may be reassessed as a result of this offering. Therefore, the amount of property taxes we pay in the future may increase substantially from what we have paid in the past. If the property taxes we pay increase, our financial condition, results of operations, cash flows, per share trading price of our Class A common stock and our ability to satisfy our principal and interest obligations and to make distributions to our stockholders could be adversely affected.

***We may become subject to litigation, which could have a material and adverse effect on our financial condition, results of operations, cash flow and per share trading price of our Class A common stock.***

In the future we may become subject to litigation, including claims relating to our operations, offerings, and otherwise in the ordinary course of business. Some of these claims may result in significant defense costs and potentially significant judgments against us, some of which are not, or cannot be, insured against. We generally intend to defend ourselves vigorously; however, we cannot be certain of the ultimate outcomes of any claims that may arise in the future. Resolution of these types of matters against us may result in our having to pay significant fines, judgments, or settlements, which, if uninsured, or if the fines, judgments, and settlements exceed insured levels, could adversely impact our earnings and cash flows, thereby having an adverse effect on our financial condition, results of operations, cash flow and per share trading price of our Class A common stock. Certain litigation or the resolution of certain litigation may affect the availability or cost of some of our insurance coverage, which could adversely impact our results of operations and cash flows, expose us to increased risks that would be uninsured, and/or adversely impact our ability to attract officers and directors.

***There is currently litigation pending, and the potential for additional litigation, associated with the consolidation. We may incur costs from these litigations.***

As of the date of this prospectus, five putative class actions have been brought by investors in certain of the existing entities (which were filed on March 1, 2012, March 7, 2012, March 12, 2012, March 14, 2012 and March 19, 2012), or the Class Actions. As currently pending in New York State Supreme Court, New York County, each Class Action challenges the proposed consolidation and this offering. The plaintiffs assert claims against the predecessor's management companies, Anthony E. Malkin, Peter L. Malkin, the Helmsley estate and us for breach of fiduciary duty, unjust enrichment and/or aiding and abetting breach of fiduciary duty, alleging, inter alia, that the terms of the transaction and the process in which it was structured (including the valuation which was employed) are unfair to the investors in the existing entities, the consolidation provides excessive benefits to the supervisor and its affiliates and the prospectus/consent solicitation statement which is part of the registration statement on Form S-4 relating to the consolidation fails to make adequate disclosure. The complaints seek money damages and injunctive relief preventing the proposed transaction. On April 3, 2012, plaintiffs moved for consolidation of the actions and for appointment of co-lead counsel. The motion was granted on June 26, 2012, and the plaintiffs have 120 days from that date to file a consolidated amended complaint. The Class Actions are in a very preliminary stage, with no responses to the complaints having been filed as of the date of this prospectus. The outcome of this litigation is uncertain, however, and as a result, we may incur costs associated with defending or settling such litigation or paying any judgment if we lose. In addition, we may be required to pay damage awards or settlements. At this time, we cannot reasonably assess the timing or outcome of this litigation or its effect, if any, on our financial statements. We believe the Class Actions are baseless and intend to defend them vigorously.

There is a risk that other third parties will assert claims against us or the supervisor, including, without limitation, that the supervisor breached its fiduciary duties to investors in the existing entities or that the consolidation violates the relevant operating agreements, and third parties may commence litigation against us or the supervisor. As a result, we may incur costs associated with defending or settling such litigation or paying any judgment if we lose.

## **Table of Contents**

*Joint venture investments could be adversely affected by our lack of sole decision-making authority, our reliance on co-venturers' financial condition and disputes between us and our co-venturers.*

We may co-invest in the future with third parties through partnerships, joint ventures or other entities, acquiring non-controlling interests in or sharing responsibility for managing the affairs of a property, partnership, joint venture or other entity. In such event, we would not be in a position to exercise sole decision-making authority regarding the property, partnership, joint venture or other entity. Investments in partnerships, joint ventures or other entities may, under certain circumstances, involve risks not present were a third party not involved, including the possibility that partners or co-venturers might become bankrupt or fail to fund their share of required capital contributions. Partners or co-venturers may have economic or other business interests or goals which are inconsistent with our business interests or goals, and may be in a position to take actions contrary to our policies or objectives, and they may have competing interests in our markets that could create conflict of interest issues. Such investments may also have the potential risk of impasses on decisions, such as a sale, because neither we nor the partner or co-venturer would have full control over the partnership or joint venture. In addition, prior consent of our joint venture partners may be required for a sale or transfer to a third party of our interests in the joint venture, which would restrict our ability to dispose of our interest in the joint venture. If we become a limited partner or non-managing member in any partnership or limited liability company and such entity takes or expects to take actions that could jeopardize our status as a REIT or require us to pay tax, we may be forced to dispose of our interest in such entity including at an unfavorable price. Disputes between us and partners or co-venturers may result in litigation or arbitration that would increase our expenses and prevent our officers and/or directors from focusing their time and effort on our business. Consequently, actions by or disputes with partners or co-venturers might result in subjecting properties owned by the partnership or joint venture to additional risk. In addition, we may in certain circumstances be liable for the actions of our third-party partners or co-venturers. Our joint ventures may be subject to debt and, in any weakened credit market, the refinancing of such debt may require equity capital calls.

*Changes in accounting rules, assumptions and/or judgments could materially and adversely affect us.*

Accounting rules for certain aspects of our anticipated operations are highly complex and involve significant judgment and assumptions. These complexities could lead to a delay in the preparation of our financial statements and the delivery of this information to our stockholders. Furthermore, changes in accounting rules or in our accounting assumptions and/or judgments, such as asset impairments, could materially impact our financial statements. Under any of these circumstances, we could be materially and adversely affected.

*We may incur significant costs complying with various regulatory requirements, which could materially and adversely affect our financial performance.*

Our properties are subject to various federal, state and local regulatory requirements, such as state and local fire and life safety requirements. If we fail to comply with these various requirements, we might incur governmental fines or private damage awards. In addition, existing requirements could change and future requirements might require us to make significant unanticipated expenditures, which materially and adversely affect our financial performance.

## **Risks Related to Our Organization and Structure**

*We did not negotiate the value of our properties at arm's-length as part of the formation transactions, and the consideration given by us in exchange for them may exceed their fair market value.*

We did not negotiate the value of our properties at arm's-length as part of the formation transactions. In addition, the value of the shares of our common stock, and the operating partnership units that we will issue in exchange for contributed property interests and other assets will increase or decrease if our Class A common stock price increases or decreases. The initial public offering price of shares of our Class A common stock will be determined in consultation with the underwriters. The aggregate historical combined net tangible book value

## **Table of Contents**

of our predecessor to be contributed to us was a deficit of approximately \$(86.1) million as of March 31, 2012. The initial public offering price does not necessarily bear any relationship to our book value or the fair market value of our assets. As a result, our value, represented by the initial public offering price of shares of our Class A common stock, may exceed the fair market value of our individual properties.

***Holders of operating partnership units that acquire shares of our Class B common stock will have a significant vote in matters submitted to a vote of our stockholders.***

The continuing investors that had the option to receive operating partnership units at the time of the election of consideration in the formation transactions had an option to elect to receive one share of our Class B common stock instead of one operating partnership unit for every 50 operating partnership units such continuing investor would otherwise receive in the consolidation. Each outstanding share of Class B common stock entitles the holder thereof to 50 votes on all matters on which Class A common stockholders are entitled to vote, including the election of directors. Holders of our Class B common stock will be entitled to share equally, on a per share basis, in all distributions payable with respect to shares of our Class A common stock. Holders of our Class B common stock may have interests that differ from those holders of our Class A common stock, including by reason of their interest in our operating partnership, and may accordingly vote as a stockholder in ways that may not be consistent with the interests of holders of our Class A common stock. This significant voting influence over certain matters may have the effect of delaying, preventing or deterring a change of control of our company, or could deprive holders of our Class A common stock of an opportunity to receive a premium for their Class A common stock as part of a sale of our company.

***We may assume unknown liabilities in connection with the formation transactions, which, if significant, could materially and adversely affect our business.***

As part of the formation transactions, we (through our operating partnership) will acquire the properties and assets of our predecessor and certain other assets, subject to existing liabilities, some of which may be unknown at the time this offering is consummated. Unknown liabilities might include liabilities for cleanup or remediation of undisclosed environmental conditions, claims of tenants, vendors or other persons dealing with such entities prior to this offering (that had not been asserted or threatened prior to this offering), tax liabilities, and accrued but unpaid liabilities incurred in the ordinary course of business. As part of the formation transactions, Anthony E. Malkin and his siblings, Scott D. Malkin and Cynthia M. Blumenthal, made limited representations and warranties to us regarding the entities, properties and assets that we will own following the formation transactions for one year following the completion of this offering and agreed to indemnify us and our operating partnership for breaches of such representations subject to a \$1,000,000 deductible and a cap of \$25,000,000. Because many liabilities, including tax liabilities, may not be identified within such period, we may have no recourse against Anthony E. Malkin, Scott D. Malkin or Cynthia M. Blumenthal for such liabilities. In addition, we have agreed to indemnify our senior management team and certain members, managers, shareholders, directors, limited partners, general partners, officers or controlling persons of our predecessor in their capacities as such for certain claims. Any unknown or unquantifiable liabilities that we assume in connection with the formation transactions for which we have no or limited recourse could materially and adversely affect us. See We may become subject to liability relating to environmental and health and safety matters, which could have a material and adverse effect on us as to the possibility of undisclosed environmental conditions potentially affecting the value of the properties in our portfolio.

***The departure of any of our key personnel could materially and adversely affect us.***

Our success depends on the efforts of key personnel, particularly Anthony E. Malkin, our Chairman, Chief Executive Officer and President. Among the reasons Anthony E. Malkin is important to our success is that he has a national industry reputation that attracts business and investment opportunities and assists us in negotiations with lenders, existing and potential tenants and industry personnel. He has led the acquisition, operating and repositioning of our assets for the last two decades. If we lost his services, our external relationships and internal leadership resources would be materially diminished.

## **Table of Contents**

Other members of our senior management team also have strong industry reputations and experience, which aid us in attracting, identifying and exploiting opportunities. The loss of the services of one or more members of our senior management team, particularly Anthony E. Malkin, could have a material and adverse impact on us.

### ***Tax consequences to holders of operating partnership units upon a sale or refinancing of our properties may cause the interests of certain members of our senior management team to differ from your own.***

As a result of the unrealized built-in gain attributable to a property at the time of contribution, some holders of operating partnership units, including Anthony E. Malkin and Peter L. Malkin, may suffer different and more adverse tax consequences than holders of our Class A common stock upon the sale or refinancing of the properties owned by our operating partnership, including disproportionately greater allocations of items of taxable income and gain upon a realization event. As those holders will not receive a correspondingly greater distribution of cash proceeds, they may have different objectives regarding the appropriate pricing, timing and other material terms of any sale or refinancing of certain properties, or whether to sell or refinance such properties at all. As a result, the effect of certain transactions on Anthony E. Malkin and Peter L. Malkin may influence their decisions affecting these properties and may cause such members of our senior management team to attempt to delay, defer or prevent a transaction that might otherwise be in the best interests of our other stockholders. In connection with the formation transactions, we intend to enter into a tax protection agreement with Anthony E. Malkin and Peter L. Malkin pursuant to which we will agree to indemnify the Malkin Group and one additional third party investor in Metro Center (who was one of the original landowners and was involved in the development of the property) against certain tax liabilities if those tax liabilities result from (i) the operating partnership's sale, transfer, conveyance, or other taxable disposition of four specified properties (First Stamford Place, Metro Center, 10 Bank Street and 1542 Third Avenue, which collectively represent approximately 1.6% of the total consideration to be issued in the consolidation) to be acquired by the operating partnership in the formation transactions for a period of 12 years with respect to First Stamford Place and for the later of (x) eight years or (y) the death of both Peter L. Malkin and Isabel W. Malkin who are 78 and 75 years old, respectively, for the three other properties, (ii) the operating partnership failing to maintain until maturity the indebtedness secured by those properties or failing to use commercially reasonable efforts to refinance such indebtedness upon maturity in an amount equal to the principal balance of such indebtedness, or, if the operating partnership is unable to refinance such indebtedness at its current principal amount, at the highest principal amount possible, or (iii) the operating partnership failing to make available to any of these continuing investors the opportunity to guarantee, or otherwise bear the risk of loss, for U.S. federal income tax purposes, of their allocable share of \$160 million of aggregate indebtedness meeting certain requirements, until such continuing investor owns less than the aggregate number of operating partnership units and shares of common stock equal to 50% of the aggregate number of such units and shares such continuing investor received in the formation transactions. Our operating partnership estimates that if all of its assets subject to the tax protection agreement were sold in a taxable transaction immediately after this offering, the amount of our operating partnership's indemnification obligations (based on tax rates applicable for the taxable year ending December 31, 2012, and the preliminary valuations of our assets as determined by the independent valuer, and including additional payments to compensate the indemnified partners for additional tax liabilities resulting from the indemnification payments) would be approximately \$84.7 million. As a result of entering into the tax protection agreement, Anthony E. Malkin and Peter L. Malkin may have an incentive to cause us to enter into transactions from which they may personally benefit.

### ***Our Chairman, Chief Executive Officer and President has outside business interests that will take his time and attention away from us, which could materially and adversely affect us.***

Our Chairman, Chief Executive Officer and President will continue to own interests in the excluded properties, excluded businesses and option properties that are not being contributed to us in the formation transactions, some of which will be managed by our company and certain non-real estate family investments. In some cases, Anthony E. Malkin or his affiliates will have certain management and fiduciary obligations that may conflict with such person's responsibilities as an officer or director of our company and may adversely affect our

## **Table of Contents**

operations. Anthony E. Malkin will devote a majority of his business time and attention to our business and, under his employment agreement, he may also devote time to the excluded properties, option properties, the excluded businesses and certain family investments to the extent that such activities do not materially interfere with the performance of his duties to us.

***Certain members of our senior management team exercised significant influence with respect to the terms of the formation transactions, including the economic benefits they will receive, as a result of which the consideration given by us may exceed the fair market value of the properties.***

We did not conduct arm's-length negotiations with the continuing investors that are members of our senior management team with respect to all of the terms of the formation transactions. In the course of structuring the formation transactions, certain members of our senior management team had the ability to influence the type and level of benefits that they and our other officers will receive from us. In addition, certain members of our senior management team had substantial pre-existing ownership interests in our predecessor and will receive substantial economic benefits as a result of the formation transactions. As a result, the terms of the formation transactions may not be as favorable to us as if they were negotiated at arm's-length.

The terms of the option agreements relating to the option properties also were not determined by arm's-length negotiations, and such terms may be less favorable to us than those that may have been obtained through negotiations with third parties.

***We may pursue less vigorous enforcement of terms of the formation transaction agreements because of conflicts of interest with certain members of our senior management team, which could have a material adverse effect on our business.***

Certain members of our senior management team have ownership interests in our predecessor that we will acquire in the formation transactions upon completion of this offering. As part of the formation transactions, Anthony E. Malkin and his siblings, Scott D. Malkin and Cynthia M. Blumenthal, have entered into agreements with us, pursuant to which they made limited representations and warranties to us regarding the entities, properties and assets that we will own following the formation transactions for one year following the completion of this offering and agreed to indemnify us and our operating partnership for breaches of such representations and warranties subject to a \$1,000,000 deductible and a cap of \$25,000,000. Such indemnification is limited, however, and we are not entitled to any other indemnification in connection with the formation transactions. See [We may assume unknown liabilities in connection with the formation transactions](#), which, if significant, could materially and adversely affect our business [above](#). In addition, we expect that Anthony E. Malkin will enter into an employment agreement with us pursuant to which he will agree, among other things, not to engage in certain business activities in competition with us (both during, and for a period of time following, his employment with us). See [Management Employment Agreement](#). We may choose not to enforce, or to enforce less vigorously, our rights under these agreements because of our desire to maintain our ongoing relationship with our executive officers given their significant knowledge of our business, relationships with our customers and significant equity ownership in us, and this could have a material adverse effect on our business.

***Our rights and the rights of our stockholders to take action against our directors and officers are limited, which could limit your recourse in the event of actions not in your best interest.***

Our charter limits the liability of our present and former directors and officers to us and our stockholders for money damages to the maximum extent permitted under Maryland law. Under current Maryland law, our present and former directors and officers will not have any liability to us or our stockholders for money damages other than liability resulting from (1) actual receipt of an improper benefit or profit in money, property or services or (2) active and deliberate dishonesty by the director or officer that was established by a final judgment and is material to the cause of action. As a result, we and our stockholders may have limited rights against our present and former directors and officers, as well as persons who served as members, managers, shareholders, directors,

## **Table of Contents**

partners, officers, controlling persons certain agents of our predecessor, which could limit your recourse in the event of actions not in your best interest. See Certain Provisions of the Maryland General Corporation Law and Our Charter and Bylaws Indemnification and Limitation of Directors and Officers Liability.

***Conflicts of interest exist or could arise in the future between the interests of our stockholders and the interests of holders of operating partnership units, which may impede business decisions that could benefit our stockholders.***

Conflicts of interest exist or could arise in the future as a result of the relationships between us and our affiliates, on the one hand, and our operating partnership or any partner thereof, on the other. Our directors and officers have duties to our company under applicable Maryland law in connection with their management of our company. At the same time, we, as the general partner in our operating partnership, have fiduciary duties and obligations to our operating partnership and its limited partners under Delaware law and the partnership agreement of our operating partnership in connection with the management of our operating partnership. Our fiduciary duties and obligations as general partner to our operating partnership and its partners may come into conflict with the duties of our directors and officers to our company.

Additionally, the partnership agreement provides that we and our directors and officers will not be liable or accountable to our operating partnership for losses sustained, liabilities incurred or benefits not derived if we, or such director or officer acted in good faith. The partnership agreement also provides that we will not be liable to the operating partnership or any partner for monetary damages for losses sustained, liabilities incurred or benefits not derived by the operating partnership or any limited partner, except for liability for our intentional harm or gross negligence. Moreover, the partnership agreement provides that our operating partnership is required to indemnify its directors and officers, us and our directors and officers and authorizes our operating partnership to indemnify present and former members, managers, shareholders, directors, limited partners, general partners, officers or controlling persons of our predecessor and authorizes us to indemnify members, partners, employees and agents of us or our predecessor, in each case for actions taken by them in those capacities from and against any and all claims that relate to the operations of our operating partnership, except (1) if the act or omission of the person was material to the matter giving rise to the action and either was committed in bad faith or was the result of active and deliberate dishonesty, (2) for any transaction for which the indemnified party received an improper personal benefit, in money, property or services or otherwise, in violation or breach of any provision of the partnership agreement or (3) in the case of a criminal proceeding, if the indemnified person had reasonable cause to believe that the act or omission was unlawful. No reported decision of a Delaware appellate court has interpreted provisions similar to the provisions of the partnership agreement of our operating partnership that modify and reduce our fiduciary duties or obligations as the general partner or reduce or eliminate our liability for money damages to the operating partnership and its partners, and we have not obtained an opinion of counsel as to the enforceability of the provisions set forth in the partnership agreement that purport to modify or reduce the fiduciary duties that would be in effect were it not for the partnership agreement.

***Under his employment agreement, Anthony E. Malkin will have certain rights to terminate his employment and receive severance in connection with a change of control of our company, which may adversely affect us.***

In connection with this offering, we intend to enter into an employment agreement with Anthony E. Malkin. Although this agreement has not yet been negotiated, we expect it will provide for termination payments in connection with a change of control if Mr. Malkin is terminated by us without cause or leaves with good reason within a specified period of time either before or following a change of control (as defined in the employment agreement). Furthermore, these provisions could delay or prevent a transaction or a change in control that might involve a premium paid for shares of our common stock or otherwise be in the best interests of our stockholders. See Management Employment Agreement for further details about the terms of this employment agreement.

## **Table of Contents**

***We could increase or decrease the number of authorized shares of stock, classify and reclassify unissued stock and issue stock without stockholder approval, which could prevent a change in our control and negatively affect the market value of our shares.***

Our board of directors, without stockholder approval, has the power under our charter to amend our charter from time to time to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that we are authorized to issue, to authorize us to issue authorized but unissued shares of our common stock or preferred stock and to classify or reclassify any unissued shares of our common stock or preferred stock into one or more classes or series of stock and set the terms of such newly classified or reclassified shares. See Description of Securities Power to Increase or Decrease Authorized Shares of Common Stock and Issue Additional Shares of Common and Preferred Stock and Power to Reclassify Our Unissued Shares of Stock. As a result, we may issue series or classes of common stock or preferred stock with preferences, dividends, powers and rights, voting or otherwise, that are senior to, or otherwise conflict with, the rights of holders of our common stock. Any such issuance could dilute our existing stockholders' interests. Although our board of directors has no such intention at the present time, it could establish a class or series of preferred stock that could, depending on the terms of such series, delay, defer or prevent a transaction or a change of control that might involve a premium price for our common stock or that our stockholders otherwise believe to be in their best interest.

***Our operating partnership may issue additional operating partnership units without the consent of our stockholders, which could have a dilutive effect on our stockholders.***

Our operating partnership may issue additional operating partnership units to third parties without the consent of our stockholders, which would reduce our ownership percentage in our operating partnership and would have a dilutive effect on the amount of distributions made to us by our operating partnership and, therefore, the amount of distributions we can make to our stockholders. Any such issuances, or the perception of such issuances, could materially and adversely affect the market price of our common stock.

***Our operating performance and value are subject to risks associated with real estate assets and the real estate industry, the occurrence of which could materially and adversely affect us.***

Real estate investments are subject to various risks and fluctuations and cycles in value and demand, many of which are beyond our control. Certain events may decrease cash available for distributions, as well as the value of our properties. These events include, but are not limited to:

adverse changes in international, national, regional or local economic and demographic conditions;

vacancies or our inability to rent space on favorable terms, including possible market pressures to offer tenants rent abatements, tenant improvements, early termination rights or below-market renewal options;

adverse changes in market rental rates, particularly as our buildings age, and our ability to fund repair and maintenance costs;

adverse changes in financial conditions of buyers, sellers and tenants of properties;

our inability to collect rent and expense reimbursements from tenants;

competition from other real estate investors with significant capital, including other real estate operating companies, publicly traded REITs and institutional investment funds;

the introduction of a competitor's property in or in close proximity to one of our current submarkets in the greater New York metropolitan area;

reductions in the level of demand for office or retail space, and changes in the relative popularity of properties;

**Table of Contents**

increases in the supply of office or retail space;

opposition from local community or political groups with respect to the construction or operations at a property;

our inability to provide effective and efficient management and maintenance at our properties;

our inability to provide effective management to the excluded properties for which we will be designated as the exclusive manager upon the completion of this offering;

the investigation, removal or remediation of hazardous materials or toxic substances at a property;

fluctuations in interest rates, which could adversely affect our ability, or the ability of buyers and tenants of properties, to obtain financing on favorable terms or at all;

increases in expenses, including, without limitation, insurance costs, labor costs, energy prices, real estate assessments and other taxes and costs of compliance with laws, regulations and governmental policies, which we may be restricted in passing on to our tenants;

civil disturbances, hurricanes and other natural disasters, or terrorist acts or acts of war, which may result in uninsured or underinsured losses; and

changes in, and changes in enforcement of, laws, regulations and governmental policies, including, without limitation, health, safety, environmental, zoning and tax laws, governmental fiscal policies and the ADA.

In addition, periods of economic slowdown or recession, rising interest rates or declining demand for real estate, or the public perception that any of these events may occur, could result in a general decline in rents or an increased incidence of defaults among our existing leases. If we cannot operate our properties to meet our financial expectations, our financial condition, results of operations, cash flow, per share trading price of our Class A common stock and our ability to satisfy our principal and interest obligations and to make distributions to our stockholders could be adversely affected. There can be no assurance that we can achieve our return objectives.

***We have no operating history as a REIT or as a publicly-traded company, and our inexperience could materially and adversely affect us.***

We have no operating history as a REIT or as a publicly-traded company. Our board of directors and senior management team will have overall responsibility for our management and, while certain members of our senior management team and directors have extensive experience in real estate marketing, development, management, finance and law, none of our directors or members of our senior management team have prior experience in operating a business in accordance with the requirements under the Code applicable to REITs or in operating a public company. As a publicly-traded REIT, we will be required to develop and implement substantial control systems, policies and procedures in order to maintain our REIT qualification and satisfy our periodic SEC reporting and New York Stock Exchange, or NYSE, or another national securities exchange listing requirements. We cannot assure you that management's past experience will be sufficient to successfully develop and implement these systems, policies and procedures and to operate our company. Failure to do so could jeopardize our status as a REIT or as a public company, and the loss of such status would materially and adversely affect us.

***Certain provisions of Maryland law could inhibit changes in control of our company, which could negatively affect the market price of our shares.***

Certain provisions of the Maryland General Corporation Law, or the MGCL, may have the effect of deterring a third party from making a proposal to acquire us or of impeding a change in control under circumstances that otherwise could provide the holders of our common stock

## Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

with the opportunity to realize a premium over the then-prevailing market price of our Class A common stock. Among other things, we are subject to the business combination, control share acquisition and unsolicited takeover provisions of the MGCL. These provisions may have the effect of inhibiting a third party from making an acquisition proposal for

- 53 -

---

**Table of Contents**

us or of delaying, deferring or preventing a change in control of us under the circumstances that otherwise could provide the holders of shares of common stock with the opportunity to realize a premium over the then current market price. Pursuant to the statute, our board of directors has by resolution exempted business combinations between us and any other person, provided that such business combination is first approved by our board of directors (including a majority of our directors who are not affiliates or associates of such person). Our bylaws contain a provision exempting from the control share acquisition statute any and all acquisitions by any person of shares of our stock. There can be no assurance that these exemptions or provisions will not be amended or eliminated at any time in the future. Our charter contains a provision whereby we have elected to be subject to the provisions of Title 3, Subtitle 8 of the MGCL relating to the filling of vacancies on our board of directors. See

Certain Provisions of the Maryland General Corporation Law and Our Charter and Bylaws Business Combinations, Control Share Acquisitions and Subtitle 8.

***Certain provisions in the partnership agreement of our operating partnership may delay or prevent unsolicited acquisitions of us.***

Provisions in the partnership agreement of our operating partnership may delay or make more difficult unsolicited acquisitions of us or changes of our control. These provisions could discourage third parties from making proposals involving an unsolicited acquisition of us or change of our control, although some stockholders might consider such proposals, if made, desirable. These provisions include, among others:

redemption rights of qualifying parties;

transfer restrictions on operating partnership units;

our ability, as general partner, in some cases, to amend the partnership agreement and to cause the operating partnership to issue units with terms that could delay, defer or prevent a merger or other change of control of us or our operating partnership without the consent of the limited partners; and

the right of the limited partners to consent to transfers of the general partnership interest and mergers or other transactions involving us under specified circumstances.

Our charter, bylaws, the partnership agreement of our operating partnership and Maryland law also contain other provisions that may delay, defer or prevent a transaction or a change of control that might involve a premium price for our common stock or that our stockholders otherwise believe to be in their best interest. See Certain Provisions of the Maryland General Corporation Law and Our Charter and Bylaws Removal of Directors, Control Share Acquisitions, Advance Notice of Director Nominations and New Business and Description of the Partnership Agreement of Empire State Realty OP, L.P.

***Our charter contains stock ownership limits, which may delay or prevent a change or control.***

In order for us to qualify as a REIT for each taxable year after our taxable year ending December 31, 2012, no more than 50% in value of our outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals during the last half of any calendar year, and at least 100 persons must beneficially own our stock during at least 335 days of a taxable year of 12 months, or during a proportionate portion of a shorter taxable year. Individuals for this purpose include natural persons, private foundations, some employee benefit plans and trusts and some charitable trusts. To assist us in complying with these limitations, among other purposes, our charter generally prohibits any person from directly or indirectly owning more than % in value or number of shares, whichever is more restrictive, of the outstanding shares of our capital stock or more than % in value or number of shares, whichever is more restrictive, of the outstanding shares of our common stock. As an exception to this general prohibition, our charter permits the Malkin Family (as defined in our charter) to own in the aggregate up to % in value or number of shares of our outstanding shares of common stock or capital stock. These ownership limitations could have the effect of discouraging a takeover or other transaction in which holders of our common stock might receive a premium for their shares over the then prevailing market price or which holders might believe to be otherwise in their best interests. For further details regarding stock ownership limits, see Description of Securities Restrictions on Ownership and Transfer.

## **Table of Contents**

Our charter's constructive ownership rules are complex and may cause the outstanding shares owned by a group of related individuals or entities to be deemed to be constructively owned by one individual or entity. As a result, the acquisition of less than these percentages of the outstanding shares by an individual or entity could cause that individual or entity to own constructively in excess of these percentages of the outstanding shares and thus violate the share ownership limits. Our charter also provides that any attempt to own or transfer shares of our common stock or preferred stock (if and when issued) in excess of the stock ownership limits without the consent of our board of directors or in a manner that would cause us to be closely held under Section 856(h) of the Code (without regard to whether the shares are held during the last half of a taxable year) will result in the shares being deemed to be transferred to a trustee for a charitable trust or, if the transfer to the charitable trust is not automatically effective to prevent a violation of the share ownership limits or the restrictions on ownership and transfer of our shares, any such transfer of our shares will be null and void.

***Our board of directors may change our strategies, policies or procedures without stockholder consent, which may subject us to different and more significant risks in the future.***

Our investment, financing, leverage and distribution policies and our policies with respect to all other activities, including growth, debt, capitalization and operations, will be determined by our board of directors. These policies may be amended or revised at any time and from time to time at the discretion of the board of directors without notice to or a vote of our stockholders. This could result in us conducting operational matters, making investments or pursuing different business or growth strategies than those contemplated in this prospectus. Under these circumstances, we may expose ourselves to different and more significant risks in the future, which could have a material adverse effect on our business and growth. In addition, the board of directors may change our policies with respect to conflicts of interest provided that such changes are consistent with applicable legal requirements. A change in these policies could have an adverse effect on our financial condition, results of operations, cash flow, per share trading price of our Class A common stock and ability to satisfy our principal and interest obligations and to make distributions to our stockholders.

***Our board of directors has approved very broad investment guidelines for our company and will not review or approve each investment decision made by our senior management team.***

Our senior management team is authorized to follow broad investment guidelines and, therefore, has great latitude in determining the types of assets that are proper investments for us, as well as the individual investment decisions. Our senior management team may make investments with lower rates of return than those anticipated under current market conditions and/or may make investments with greater risks to achieve those anticipated returns. Our board of directors will not review or approve each proposed investment by our senior management team.

***If we fail to establish and maintain an effective system of integrated internal controls, we may not be able to report our financial results accurately, which could have a material adverse effect on us.***

In the past, we have reported our results to investors in the existing entities on a property-by-property basis, and we have not separately reported audited results for our predecessor. In addition, we were not required to report our results on a GAAP basis. In connection with our operation as a public company, we will be required to report our operations on a consolidated basis under GAAP and, in some cases, on a property-by-property basis. We are in the process of implementing an internal audit function and modifying our company-wide systems and procedures in a number of areas to enable us to report on a consolidated basis under GAAP as we continue the process of integrating the financial reporting of our predecessor. Section 404 of the Sarbanes-Oxley Act of 2002 will require us to evaluate and report on our internal control over financial reporting and have our independent auditors issue their own opinion on our internal control over financial reporting. If we fail to implement proper overall business controls, including as required to integrate the systems and procedures of our predecessor and support our growth, our results of operations could be harmed or we could fail to meet our reporting obligations. In addition, the existence of a material weakness or significant deficiency could result in errors in our financial

## **Table of Contents**

statements that could require a restatement, cause us to fail to meet our public company reporting obligations and cause investors to lose confidence in our reported financial information, which could have a material adverse effect on us.

### **Risks Related to This Offering**

*There has been no public market for our Class A common stock prior to this offering and an active trading market may not develop or be sustained following this offering, which may negatively affect the market price of shares of our Class A common stock and make it difficult for investors to sell their shares.*

Prior to this offering, there has been no public market for our Class A common stock, and there can be no assurance that an active trading market will develop or be sustained or that shares of our Class A common stock will be resold at or above the initial public offering price. The initial public offering price of shares of our Class A common stock will be determined by agreement among us and the underwriters, but there can be no assurance that our Class A common stock will not trade below the initial public offering price following the completion of this offering. See Underwriting. The market value of our Class A common stock could be substantially affected by general market conditions, including the extent to which a secondary market develops for our Class A common stock following the completion of this offering, the extent of institutional investor interest in us, the general reputation of REITs and the attractiveness of their equity securities in comparison to other equity securities (including securities issued by other real estate-based companies), our financial performance and general stock and bond market conditions.

The stock markets, including the NYSE or another national securities exchange on which we intend to list shares of our Class A common stock, have from time to time experienced significant price and volume fluctuations. As a result, the market price of shares of our Class A common stock may be similarly volatile, and investors in shares of our Class A common stock may from time to time experience a decrease in the value of their shares, including decreases unrelated to our operating performance or prospects. The price of shares of our Class A common stock could be subject to wide fluctuations in response to a number of factors, including those listed in this Risk Factors section of this prospectus and others such as:

our operating performance and the performance of other similar companies;

actual or anticipated differences in our quarterly operating results;

changes in our revenues or earnings estimates or recommendations by securities analysts;

publication of research reports about us, the office or retail real estate sectors, office or retail tenants or the real estate industry;

increases in market interest rates, which may lead investors to demand a higher distribution yield for shares of our common stock, and would result in increased interest expenses on our debt;

actual or anticipated changes in our and our tenants' businesses or prospects;

the current state of the credit and capital markets, and our ability and the ability of our tenants to obtain financing;

additions and departures of key personnel;

increased competition in the commercial office and retail real estate business in our markets;

strategic decisions by us or our competitors, such as acquisitions, divestments, spin-offs, joint ventures, strategic investments or changes in business strategy;

the passage of legislation or other regulatory developments that adversely affect us or our industry;

speculation in the press or investment community;

actions by institutional stockholders;

**Table of Contents**

equity issuances by us (including the issuances of operating partnership units), or common stock resales by our stockholders, or the perception that such issuances or resales may occur;

the trading and market price of the operating partnership units issued to continuing investors in the public existing entities;

actual, potential or perceived accounting problems;

changes in accounting principles;

failure to qualify as a REIT;

terrorist acts, natural or man-made disasters or threatened or actual armed conflicts; and

general market and local, regional and national economic conditions, particularly in the Manhattan and greater New York metropolitan area, including factors unrelated to our performance.

No assurance can be given that the market price of shares of our Class A common stock will not fluctuate or decline significantly in the future or that holders of shares of our common stock will be able to sell their shares when desired on favorable terms, or at all. From time to time in the past, securities class action litigation has been instituted against companies following periods of extreme volatility in their stock price. This type of litigation could result in substantial costs and divert our management's attention and resources.

***Initial estimated cash available for distribution may not be sufficient to make distributions at expected levels.***

We intend to make distributions to holders of shares of our common stock and holders of operating partnership units. We intend to maintain our initial distribution rate for the 12-month period following completion of this offering unless actual results of operations, economic conditions or other factors differ materially from the assumptions used in our estimate. All dividends and distributions will be made at the discretion of our board of directors and will depend on our earnings, financial condition, maintenance of REIT qualification and other factors as our board of directors may deem relevant from time to time. If sufficient cash is not available for distribution from our operations, we may have to fund distributions from working capital or to borrow to provide funds for such distribution, or to reduce the amount of such distribution. See Distribution Policy. However, we currently have no intention to use the net proceeds from this offering to make distributions. We cannot assure you that our estimated distributions will be made or sustained. Any distributions we pay in the future will depend upon our actual results of operations, economic conditions and other factors that could differ materially from our current expectations.

***You will experience immediate and substantial dilution from the purchase of the shares of Class A common stock sold in this offering.***

As of March 31, 2012, the aggregate historical combined net tangible book value of our predecessor was a deficit of approximately \$(86.1) million, or \$            per share of our common stock held by our continuing investors, assuming the exchange of operating partnership units for shares of our Class A common stock on a one-for-one basis. As a result, the pro forma net tangible book value per share of our common stock after the consummation of this offering and the formation transactions will be less than the initial public offering price. The purchasers of shares of our Class A common stock offered hereby will experience immediate and substantial dilution of \$            per share in the pro forma net tangible book value per share of our common stock, based on the mid-point of the range set forth on the cover page of this prospectus.

***The market price of shares of our Class A common stock could be adversely affected by our level of cash distributions.***

The market value of the equity securities of a REIT is based primarily upon the market's perception of the REIT's growth potential and its current and potential future cash distributions, whether from operations, sales or

## **Table of Contents**

refinancings, and is secondarily based upon the real estate market value of the underlying assets. For that reason, our Class A common stock may trade at prices that are higher or lower than our net asset value per share. To the extent we retain operating cash flow for investment purposes, working capital reserves or other purposes, these retained funds, while increasing the value of our underlying assets, may not correspondingly increase the market price of our Class A common stock. Our failure to meet the market's expectations with regard to future earnings and cash distributions likely would adversely affect the market price of our Class A common stock.

### ***Increases in market interest rates may result in a decrease in the value of our Class A common stock.***

One of the factors that will influence the price of our Class A common stock will be the dividend yield on the Class A common stock (as a percentage of the price of our Class A common stock) relative to market interest rates. An increase in market interest rates, which are currently at low levels relative to historical rates, may lead prospective purchasers of shares of our Class A common stock to expect a higher dividend yield and higher interest rates would likely increase our borrowing costs and potentially decrease funds available for distribution. Thus, higher market interest rates could cause the market price of our Class A common stock to go down.

### ***The number of shares and operating partnership units available for future sale could adversely affect the market price of our Class A common stock.***

We cannot predict whether future issuances of shares of our Class A common stock or operating partnership units or the availability of shares for resale in the open market will decrease the market price per share of our Class A common stock. Upon completion of this offering and the formation transactions, our directors and officers, and the continuing investors, will beneficially own \_\_\_\_\_ shares of our outstanding common stock on a fully diluted basis. Based on the assumptions set forth herein, we expect the Helmsley estate will hold approximately \_\_\_\_\_ % of our outstanding common stock upon the completion of this offering. Under the terms of the registration rights agreement, the continuing investors, including the Malkin Group and the Helmsley estate, will receive rights to have shares of common stock held by them registered for resale under the Securities Act and the Malkin Group and the Helmsley estate will have rights to demand underwritten offerings with respect to such resales. As a result, these continuing investors (other than the Malkin Group and members of our senior management team), pursuant to the terms of their lock-up agreements, will be able to freely sell 50% of the shares of common stock or securities convertible or exchangeable into common stock (including the operating partnership units) held by them beginning 180 days after the date of this prospectus and 100% of the shares of common stock or securities convertible or exchangeable into common stock (including the operating partnership units) held by them beginning one year after the date of this prospectus (subject to an early release from the lock-up as described under "Shares Eligible for Future Sale-Lock-up Agreements and other Contractual Restrictions on Resale"). The Malkin Group, pursuant to its lock-up agreement, will be able to freely sell 100% of the shares of common stock held by it beginning one year after the date of this prospectus. Although the Helmsley estate has advised us that it currently expects to sell a significant portion of its common stock as soon as market and other conditions permit following expiration of the lock-up period, any such sales will be solely within the discretion of the Helmsley estate and it may elect to hold all or any portion of its common stock indefinitely. Each of our officers and directors may sell the shares of our common stock that they acquire in the formation transactions or are granted in connection with this offering at any time following the expiration of the lock-up periods for such shares, which expire one year after the date of this prospectus, or earlier with the prior written consent of the representatives. We may also issue shares of common stock or operating partnership units in connection with future property, portfolio or business acquisitions. Sales of substantial amounts of shares of our Class A common stock (including shares of our Class A common stock issued pursuant to our equity incentive plan) or operating partnership units in the public market, or upon exchange of operating partnership units, or the perception that such sales might occur could adversely affect the market price of the shares of our Class A common stock. This potential adverse effect may be increased by the large number of shares of common stock, on a fully-diluted basis, owned by the Helmsley estate to the extent that it sells, or there is a perception that it may sell, a significant portion of its holdings. In addition, future sales of shares of our Class A common stock may be dilutive to holders of shares of our common stock.

---

**Table of Contents**

***Future issuances of debt securities, which would rank senior to shares of our common stock upon our liquidation, and future issuances of equity securities (including operating partnership units), which would dilute the holdings of our existing common stockholders and may be senior to shares of our common stock for the purposes of making distributions, periodically or upon liquidation, may materially and adversely affect the market price of shares of our common stock.***

In the future, we may issue debt or equity securities or make other borrowings. Upon liquidation, holders of our debt securities and other loans and preferred shares will receive a distribution of our available assets before holders of shares of our common stock. We are not required to offer any such additional debt or equity securities to existing stockholders on a preemptive basis. Therefore, additional shares of our common stock issuances, directly or through convertible or exchangeable securities (including operating partnership units), warrants or options, will dilute the holdings of our existing common stockholders and such issuances or the perception of such issuances may reduce the market price of shares of our common stock. Our preferred shares, if issued, would likely have a preference on distribution payments, periodically or upon liquidation, which could limit our ability to make distributions to holders of shares of our common stock. Because our decision to issue debt or equity securities or otherwise incur debt in the future will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our future capital raising efforts. Thus, holders of shares of our common stock bear the risk that our future issuances of debt or equity securities or our other borrowings will reduce the market price of shares of our common stock and dilute their ownership in us.

***A portion of our distributions may be treated as a return of capital for U.S. federal income tax purposes, which could reduce the basis of a stockholder's investment in shares of our common stock.***

A portion of our distributions may be treated as a return of capital for U.S. federal income tax purposes. As a general matter, a portion of our distributions will be treated as a return of capital for U.S. federal income tax purposes if the aggregate amount of our distributions for a year exceeds our current and accumulated earnings and profits for that year. To the extent that a distribution is treated as a return of capital for U.S. federal income tax purposes, it will reduce a holder's adjusted tax basis in the holder's shares, and to the extent that it exceeds the holder's adjusted tax basis will be treated as gain resulting from a sale or exchange of such shares. See U.S. Federal Income Tax Considerations Taxation of Stockholders.

***The combined financial statements of our predecessor and our unaudited pro forma financial statements may not be representative of our financial statement as an independent public company.***

The combined financial statements of our predecessor and our unaudited pro forma financial statements that are included in this prospectus do not necessarily reflect what our financial position, results of operations or cash flows would have been had we been an independent entity during the periods presented. Furthermore, this financial information is not necessarily indicative of what our results of operations, financial position or cash flows will be in the future. It is impossible for us to accurately estimate all adjustments which may reflect all the significant changes that will occur in our cost structure, funding and operations as a result of this offering and the formation transactions, including potential increased costs associated with reduced economies of scale and increased costs associated with being a separate publicly traded company. For additional information, see Selected Financial and Other Data and the combined financial statements of our predecessor and our unaudited pro forma financial statements, as well as Management's Discussion and Analysis of Financial Condition and Results of Operations, appearing elsewhere in this prospectus.

***Our balance sheet includes significant amounts of goodwill. The impairment of a significant portion of this goodwill would negatively affect our business, financial condition and results of operations.***

Our balance sheet includes goodwill, on a pro forma basis, of approximately \$1.13 billion at March 31, 2012. These assets consist primarily of goodwill associated with our acquisition of the controlling interest in Empire State Building Company L.L.C. and 501 Seventh Avenue Associates L.L.C. We also expect to engage in additional acquisitions, which may result in our recognition of additional goodwill. Under accounting standards

---

## **Table of Contents**

goodwill is not amortized. On an annual basis and whenever events or changes in circumstances indicate the carrying value or goodwill may be impaired, we are required to assess whether there have been impairments in the carrying value of goodwill. If the carrying value of the asset is determined to be impaired, then it is written down to fair value by a charge to operating earnings. An impairment of goodwill could have a material adverse effect on our business, financial condition and results of operations.

### **Tax Risks Related to Ownership of Our Shares**

*Our failure to qualify or remain qualified as a REIT would subject us to U.S. federal income tax and applicable state and local taxes, which would reduce the amount of cash available for distribution to our stockholders.*

We have been organized and we intend to operate in a manner that will enable us to qualify as a REIT for U.S. federal income tax purposes commencing with our taxable year ending December 31, 2012. We have not requested and do not intend to request a ruling from the Internal Revenue Service, or the IRS, that we qualify as a REIT. Qualification as a REIT involves the application of highly technical and complex Code provisions and Treasury Regulations promulgated thereunder for which there are limited judicial and administrative interpretations. The complexity of these provisions and of applicable Treasury Regulations is greater in the case of a REIT that, like us, holds its assets through partnerships. To qualify as a REIT, we must meet, on an ongoing basis, various tests regarding the nature and diversification of our assets and our income, the ownership of our outstanding shares, and the amount of our distributions. Our ability to satisfy these asset tests depends upon our analysis of the characterization and fair market values of our assets, some of which are not susceptible to a precise determination, and for which we will not obtain independent appraisals. Our compliance with the REIT income and quarterly asset requirements also depends upon our ability to manage successfully the composition of our income and assets on an ongoing basis. Moreover, new legislation, court decisions or administrative guidance, in each case possibly with retroactive effect, may make it more difficult or impossible for us to qualify as a REIT. Thus, while we intend to operate so that we will qualify as a REIT, given the highly complex nature of the rules governing REITs, the ongoing importance of factual determinations, and the possibility of future changes in our circumstances, no assurance can be given that we will so qualify for any particular year. These considerations also might restrict the types of assets that we can acquire in the future.

If we fail to qualify as a REIT in any taxable year, and we do not qualify for certain statutory relief provisions, we would be required to pay U.S. federal income tax, including any applicable alternative minimum tax, on our taxable income at regular corporate rates, and distributions to our stockholders would not be deductible by us in determining our taxable income. In such a case, we might need to borrow money, sell assets, or reduce or even cease making distributions in order to pay our taxes. Our payment of income tax would reduce significantly the amount of cash available for distribution to our stockholders. Furthermore, if we fail to maintain our qualification as a REIT, we no longer would be required to distribute substantially all of our net taxable income to our stockholders. In addition, unless we were eligible for certain statutory relief provisions, we could not re-elect to qualify as a REIT until the fifth calendar year following the year in which we failed to qualify.

*Complying with the REIT requirements may cause us to forego and/or liquidate otherwise attractive investments.*

To qualify as a REIT, we must ensure that we meet the REIT gross income tests annually. In addition, we must ensure that, at the end of each calendar quarter, at least 75% of the value of our total assets consists of cash, cash items, government securities and qualified REIT real estate assets, including certain mortgage loans and certain kinds of mortgage-backed securities. The remainder of our investment in securities (other than government securities, securities of corporations that are treated as TRSs and qualified REIT real estate assets) generally cannot include more than 10% of the outstanding voting securities of any one issuer or more than 10% of the total value of the outstanding securities of any one issuer. In addition, in general, no more than 5% of the value of our assets (other than government securities and qualified real estate assets) can consist of the securities of any one issuer, and no more than 25% of the value of our total securities can be represented by securities of

## **Table of Contents**

one or more TRSs. See U.S. Federal Income Tax Considerations Requirements for Qualification General Asset Tests. If we fail to comply with these asset requirements at the end of any calendar quarter, we must correct the failure within 30 days after the end of the calendar quarter or qualify for certain statutory relief provisions to avoid losing our REIT qualification and suffering adverse tax consequences.

To meet these tests, we may be required to take or forgo taking actions that we otherwise would otherwise consider advantageous. For instance, in order to satisfy the gross income or asset tests applicable to REITs under the Code, we may be required to forego investments that we otherwise would make. Furthermore, we may be required to liquidate from our portfolio otherwise attractive investments. In addition, we may be required to make distributions to stockholders at disadvantageous times or when we do not have funds readily available for distribution. These actions could have the effect of reducing our income and amounts available for distribution to our stockholders. Thus, compliance with the REIT requirements may hinder our investment performance.

***The REIT distribution requirements could require us to borrow funds during unfavorable market conditions or subject us to tax, which would reduce the cash available for distribution to our stockholders.***

In order to qualify as a REIT, we must distribute to our stockholders, on an annual basis, at least 90% of our REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gains. In addition, we will be subject to U.S. federal income tax at regular corporate rates to the extent that we distribute less than 100% of our net taxable income (including net capital gains) and will be subject to a 4% nondeductible excise tax on the amount by which our distributions in any calendar year are less than a minimum amount specified under U.S. federal income tax laws. We intend to distribute our net income to our stockholders in a manner intended to satisfy the REIT 90% distribution requirement and to avoid U.S. federal income tax and the 4% nondeductible excise tax.

In addition, our taxable income may exceed our net income as determined by GAAP because, for example, realized capital losses will be deducted in determining our GAAP net income, but may not be deductible in computing our taxable income. In addition, we may incur nondeductible capital expenditures or be required to make debt or amortization payments. As a result of the foregoing, we may generate less cash flow than taxable income in a particular year and we may incur U.S. federal income tax and the 4% nondeductible excise tax on that income if we do not distribute such income to stockholders in that year. In that event, we may be required to use cash reserves, incur debt or liquidate assets at rates or times that we regard as unfavorable or make a taxable distribution of our shares in order to satisfy the REIT 90% distribution requirement and to avoid U.S. federal income tax and the 4% nondeductible excise tax in that year.

***If our operating partnership is treated as a corporation for U.S. federal income tax purposes, we will cease to qualify as a REIT.***

We believe our operating partnership qualifies as a partnership for U.S. federal income tax purposes. Assuming that it qualifies as a partnership for U.S. federal income tax purposes, our operating partnership will not be subject to U.S. federal income tax on its income. Instead, each of its partners, including us, is required to pay tax on its allocable share of the operating partnership's income. No assurance can be provided, however, that the IRS will not challenge our operating partnership's status as a partnership for U.S. federal income tax purposes, or that a court would not sustain such a challenge. If the IRS were successful in treating our operating partnership as a corporation for U.S. federal income tax purposes, we would fail to meet the gross income tests and certain of the asset tests applicable to REITs and, therefore, cease to qualify as a REIT and our operating partnership would become subject to U.S. federal, state and local income tax. The payment by our operating partnership of income tax would reduce significantly the amount of cash available to our partnership to satisfy obligations to make principal and interest payments on its debt and to make distribution to its partners, including us.

## **Table of Contents**

***Even if we qualify as a REIT, we may incur tax liabilities that reduce our cash flow.***

Even if we qualify for taxation as a REIT, we may be subject to certain U.S. federal, state and local taxes on our income and assets, including taxes on any undistributed income, taxes on income from some activities conducted as a result of a foreclosure, and state or local income, franchise, property and transfer taxes, including mortgage recording taxes. See U.S. Federal Income Tax Considerations Taxation of the Company Taxation of REITs in General. In addition, Observatory TRS, Holding TRS, and any other TRSs we own will be subject to U.S. federal, state and local corporate income taxes. In order to meet the REIT qualification requirements, or to avoid the imposition of a 100% tax that applies to certain gains derived by a REIT from sales of inventory or property held primarily for sale to customers in the ordinary course of business, we will hold some of our assets through taxable C corporations, including TRSs. Any taxes paid by such subsidiary corporations would decrease the cash available for distribution to our stockholders.

***If we are not able to lease the Empire State Building observatory to a TRS in a manner consistent with the ruling that we have received from the IRS, or if we are not able to maintain our broadcast licenses in a manner consistent with the ruling we have received from the IRS, we would be required to restructure our operations in a manner that could adversely affect the value of our stock.***

Rents from real property are generally not qualifying income for purposes of the REIT gross income tests if the rent is treated as related party rent. Related party rent generally includes (i) any rent paid by a corporation if the REIT (or any person who owns 10% or more of the stock of the REIT by value) directly or indirectly owns 10% or more of the stock of the corporation by vote or value and (ii) rent paid by a partnership if the REIT (or any person who owns 10% or more of the stock of the REIT by value) directly or indirectly owns an interest of 10% or more in the assets or net profits of the partnership. Under an exception to this rule, related party rent is treated as qualifying income for purposes of the REIT gross income tests if it is paid by a TRS of the REIT and (i) at least 90% of the leased space in the relevant property is rented to persons other than either TRSs or other related parties of the REIT, and (ii) the amounts paid to the REIT as rent from real property are substantially comparable to the rents paid by unrelated tenants of the REIT for comparable space.

Income from admissions to the Empire State Building observatory, and certain other income generated by the observatory, would not likely be qualifying income for purposes of the REIT gross income tests. We will jointly elect with Observatory TRS, which is the current lessee and operator of the observatory and which will be wholly owned by our operating partnership following the completion of this offering, for Observatory TRS to be treated as a TRS of ours for U.S. federal income tax purposes following the completion of this offering. Observatory TRS will lease the Empire State Building observatory from the operating partnership pursuant to an existing lease that provides for fixed base rental payments and variable rental payments equal to certain percentages of Observatory TRS's gross receipts from the operation of the observatory. Given the unique nature of the real estate comprising the observatory, we do not believe that there is any space in the Empire State Building or in the same geographic area as the Empire State Building that is likely to be considered sufficiently comparable to the observatory for the purpose of applying the exception to related party rent described above. We have received from the IRS a private letter ruling that the rent that our operating partnership will receive from Observatory TRS pursuant to the lease described above will be qualifying income for purposes of the REIT gross income tests.

In addition, following completion of the offering, our operating partnership will acquire various license agreements (i) granting certain third party broadcasters the right to use space on the tower on the top of the Empire State Building for certain broadcasting and other communication purposes and (ii) granting certain third party vendors the right to operate concession stands in the observatory. We have received from the IRS a private letter ruling that the license fees that our operating partnership will receive under the license agreements described above will be qualifying income for purposes of the REIT gross income tests.

We are entitled to rely upon these private letter rulings only to the extent that we did not misstate or omit a material fact in the ruling request and that we continue to operate in accordance with the material facts described

---

**Table of Contents**

in such request, and no assurance can be given that we will always be able to do so. If we were not able to treat the rent that our operating partnership receives from Observatory TRS as qualifying income for purposes of the REIT gross income tests, we would be required to restructure the manner in which we operate the observatory, which would likely require us to cede operating control of the observatory by leasing the observatory to an affiliate or third party operator. If we were not able to treat the license fees that our operating partnership will receive from the license agreements described above as qualifying income for purposes of the REIT gross income tests, we would be required to enter into the license agreements described above through a TRS, which would cause the license fees to be subject to U.S. federal income tax and accordingly reduce the amount of our cash flow available to be distributed to our stockholders. In either case, if we are not able to appropriately restructure our operations in a timely manner, we would likely realize significant income that does not qualify for the REIT gross income tests, which could cause us to fail to qualify as a REIT.

*Although our use of TRSs may partially mitigate the impact of meeting certain requirements necessary to maintain our qualification as a REIT, there are limits on our ability to own TRSs, and a failure to comply with the limits would jeopardize our REIT qualification and may result in the application of a 100% excise tax.*

A REIT may own up to 100% of the stock of one or more TRSs. A TRS may hold assets and earn income that would not be qualifying assets or income if held or earned directly by a REIT. Both the subsidiary and the REIT must jointly elect to treat the subsidiary as a TRS. A corporation of which a TRS directly or indirectly owns more than 35% of the voting power or value of the stock will automatically be treated as a TRS. Overall, no more than 25% of the value of a REIT's assets may consist of securities of one or more TRSs. In addition, the TRS rules limit the deductibility of interest paid or accrued by a TRS to its parent REIT to assure that the TRS is subject to an appropriate level of corporate taxation. The rules also impose a 100% excise tax on certain transactions between a TRS and its parent REIT that are not conducted on an arm's-length basis.

Observatory TRS, Holding TRS, and any other TRSs that we form will pay U.S. federal, state and local income tax on their taxable income, and their after-tax net income will be available for distribution to us but is not required to be distributed to us unless necessary to maintain our REIT qualification. Although we will be monitoring the aggregate value of the securities of such TRSs and intend to conduct our affairs so that such securities will represent less than 25% of the value of our total assets, there can be no assurance that we will be able to comply with the TRS limitation in all market conditions.

*Dividends payable by REITs do not qualify for the reduced tax rates on dividend income from regular corporations, which could adversely affect the value of our Class A common stock.*

The maximum U.S. federal income tax rate for certain qualified dividends payable to U.S. stockholders that are individuals, trusts and estates is 15% (through 2012). Dividends payable by REITs, however, are generally not eligible for the reduced rates and therefore may be subject to a 35% maximum U.S. federal income tax rate on ordinary income. Although the reduced U.S. federal income tax rate applicable to dividend income from regular corporate dividends does not adversely affect the taxation of REITs or dividends paid by REITs, the more favorable rates applicable to regular corporate dividends could cause investors who are individuals, trusts and estates to perceive investments in REITs to be relatively less attractive than investments in the stocks of non-REIT corporations that pay dividends, which could adversely affect the value of the shares of REITs, including our Class A common stock.

*Complying with REIT requirements may limit our ability to hedge effectively and may cause us to incur tax liabilities.*

The REIT provisions of the Code may limit our ability to hedge our assets and operations. Under these provisions, any income that we generate from transactions intended to hedge our interest rate risk will be excluded from gross income for purposes of the REIT 75% and 95% gross income tests if the instrument hedges interest rate risk on liabilities used to carry or acquire real estate assets, and such instrument is properly identified under applicable Treasury Regulations. Income from hedging transactions that do not meet these requirements

## **Table of Contents**

will generally constitute non-qualifying income for purposes of both the REIT 75% and 95% gross income tests. See U.S. Federal Income Tax Considerations Requirements for Qualification General Gross Income Tests and U.S. Federal Income Tax Considerations Requirements for Qualification General Hedging Transactions. As a result of these rules, we may have to limit our use of hedging techniques that might otherwise be advantageous or implement those hedges through a TRS. This could increase the cost of our hedging activities because our TRS would be subject to tax on gains or expose us to greater risks associated with changes in interest rates than we would otherwise want to bear. In addition, losses in our TRS will generally not provide any tax benefit, except for being carried forward against future taxable income in the TRS.

### ***The ability of our board of directors to revoke our REIT election without stockholder approval may cause adverse consequences to our stockholders.***

Our charter provides that the board of directors may revoke or otherwise terminate our REIT election, without the approval of our stockholders, if the board determines that it is no longer in our best interest to continue to qualify as a REIT. If we cease to qualify as a REIT, we would become subject to U.S. federal income tax on our net taxable income and we generally would no longer be required to distribute any of our net taxable income to our stockholders, which may have adverse consequences on our total return to our stockholders.

### ***Legislative or regulatory tax changes related to REITs could materially and adversely affect our business.***

At any time, the U.S. federal income tax laws or regulations governing REITs or the administrative interpretations of those laws or regulations may be changed, possibly with retroactive effect. We cannot predict if or when any new U.S. federal income tax law, regulation or administrative interpretation, or any amendment to any existing U.S. federal income tax law, regulation or administrative interpretation, will be adopted, promulgated or become effective or whether any such law, regulation or interpretation may take effect retroactively. We and our stockholders could be adversely affected by any such change in, or any new, U.S. federal income tax law, regulation or administrative interpretation.

### ***Your investment has various tax risks.***

Although provisions of the Code generally relevant to an investment in shares of our Class A common stock are described in U.S. Federal Income Tax Considerations, you should consult your tax advisor concerning the effects of U.S. federal, state, local and foreign tax laws to you with regard to an investment in shares of our Class A common stock.

### ***We may inherit tax liabilities from the entities to be merged into our company or our subsidiaries in the formation transactions.***

Pursuant to the formation transactions, Malkin Properties CT and Malkin Construction will merge with and into a subsidiary of ours, with the subsidiary surviving, in a transaction that is intended to be treated as a reorganization under the Code. Each of Malkin Properties CT and Malkin Construction has elected to be treated as an S Corporation for U.S. federal income tax purposes under Section 1361 of the Code. If either of Malkin Properties CT or Malkin Construction failed to qualify as an S corporation, we could assume material U.S. federal income tax liabilities in connection with the formation transactions and/or may be subject to certain other adverse tax consequences. In addition, to qualify as a REIT under these circumstances, we would be required to distribute, prior to the close of our first taxable year in which we elect to be taxed as a REIT under the Code, any earnings and profits of these entities to which we are deemed to succeed. No rulings from the IRS will be requested and no opinions of counsel will be rendered regarding the U.S. federal income tax treatment of any of Malkin Properties CT or Malkin Construction. Accordingly, no assurance can be given that Malkin Properties CT or Malkin Construction has qualified as an S corporation for U.S. federal income tax purposes, or that these entities do not have any other tax liabilities. In addition, the supervisor will merge with a subsidiary of our operating partnership in the formation transactions, and as a result, we may inherit any liabilities, including any tax liabilities, of the supervisor.

**FORWARD-LOOKING STATEMENTS**

This prospectus contains forward-looking statements. In particular, statements pertaining to our capital resources, portfolio performance, dividend policy and results of operations contain forward-looking statements. Likewise, our unaudited pro forma financial statements and all our statements regarding anticipated growth in our portfolio from operations, acquisitions and anticipated market conditions, demographics and results of operations are forward-looking statements. Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. You can identify forward-looking statements by the use of forward-looking terminology such as believes, expects, may, will, should, seeks, approximately, intends, plans, pro forma, estimates, contemplates, aims, anticipates or the negative of these words and phrases or similar words or phrases. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements:

the factors included in this prospectus, including those set forth under the headings Risk Factors, Management's Discussion and Analysis of Financial Condition and Results of Operations and Business and Properties;

the effect of the credit crisis on general economic, business and financial conditions, and changes in our industry and changes in the real estate markets in particular, either nationally or in Manhattan or the greater New York metropolitan area;

resolution of the Class Actions;

reduced demand for office or retail space;

use of proceeds of this offering;

general volatility of the capital and credit markets and the market price of our Class A common stock and operating partnership units issued to continuing investors in the public existing entities;

changes in our business strategy;

defaults on, early terminations of or non-renewal of leases by tenants;

bankruptcy or insolvency of a major tenant or a significant number of smaller tenants;

fluctuations in interest rates and increased operating costs;

declining real estate valuations and impairment charges;

## Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

availability, terms and deployment of capital;

our failure to obtain necessary outside financing;

our expected leverage;

decreased rental rates or increased vacancy rates;

our failure to generate sufficient cash flows to service our outstanding indebtedness;

our failure to redevelop, renovate and reposition properties successfully or on the anticipated timeline or at the anticipated costs;

difficulties in identifying properties to acquire and completing acquisitions, including potentially the option properties;

risks of real estate acquisitions, dispositions and development (including our Metro Tower development site), including the cost of construction delays and cost overruns;

our failure to operate acquired properties and operations successfully;

our projected operating results;

**Table of Contents**

our ability to manage our growth effectively;

estimates relating to our ability to make distributions to our stockholders in the future;

impact of changes in governmental regulations, tax law and rates and similar matters;

our failure to qualify as a REIT;

a future terrorist event in the U.S.;

environmental uncertainties and risks related to adverse weather conditions and natural disasters;

lack or insufficient amounts of insurance;

financial market fluctuations;

availability of and our ability to attract and retain qualified personnel;

conflicts of interest with our senior management team;

our understanding of our competition;

changes in real estate and zoning laws and increases in real property tax rates; and

our ability to comply with the laws, rules and regulations applicable to companies and, in particular, public companies.

While forward-looking statements reflect our good faith beliefs, they are not guarantees of future performance. We disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes after the date of this prospectus, except as required by applicable law. For a further discussion of these and other factors that could impact our future results, performance or transactions, see the section above entitled Risk Factors. You should not place undue reliance on any forward-looking statements, which are based only on information currently available to us (or to third parties making the forward-looking statements).

**Table of Contents**

**USE OF PROCEEDS**

We estimate we will receive gross proceeds from this offering of \$ (approximately \$ if the underwriters exercise their option in full) assuming an initial public offering price of \$ per share, which is the mid-point of the price range set forth on the front cover of this prospectus. After deducting the underwriting discounts and commissions and estimated expenses of this offering, we expect to receive net proceeds from this offering of approximately \$ or approximately \$ if the underwriters exercise their option in full. We expect to use a portion of the net proceeds from this offering to repay a loan in the amount of \$3.6 million made in connection with 500 Mamaroneck Avenue to fund leasing costs at the property, of which approximately \$1.17 million of such loan was made by Anthony E. Malkin and Peter L. Malkin.

We will contribute the net proceeds of this offering to our operating partnership in exchange for operating partnership units. The following table sets forth the estimated sources and estimated uses of funds by our operating partnership that we expect in connection with this offering and the formation transactions. Exact payment amounts may differ from estimates due to amortization of principal, additional borrowings and incurrence of additional transaction expenses.

Sources (in thousands)		Uses (in thousands)	
		Payments to certain holders of interests (other than the Helmsley estate) in the existing entities that are non-accredited investors or who elect to receive cash for their equity interests in certain of the existing entities	\$
Gross proceeds from this offering	\$	Payments in cash to the Helmsley estate for equity interests in certain of the existing entities	\$
		Debt assumption fees	\$
		Repayment of loan made to existing entity by certain investors in such entity	\$
		Transaction expenses (including underwriting discounts and commissions) of \$ , transfer taxes of \$ and other expenses of \$ incurred in connection with this offering and the formation transactions	\$
		General working capital purposes	\$
<b>Total Sources</b>	<b>\$</b>	<b>Total Uses</b>	<b>\$</b>

See our unaudited pro forma financial statements contained elsewhere in this prospectus. See Management's Discussion and Analysis of Financial Condition and Results of Operations Consolidated Indebtedness to be Outstanding After This Offering for a description of the indebtedness to be assumed by us in connection with the formation transactions.

Any net proceeds remaining after the uses set forth in the table above will be used for general working capital purposes, including potential future capital expenditures, and acquisition and development activities. If the underwriters exercise in full their option to purchase an additional shares of our Class A common stock, we expect to contribute the additional net proceeds, which will be approximately \$ million in the aggregate, to our operating partnership in exchange for operating partnership units. Our operating partnership intends to use such net proceeds to repurchase shares from the Helmsley estate at a per share price equal to the initial public offering price less the underwriting discount and commission. We do not intend to use any of the net proceeds from this offering to fund distributions to our stockholders, but to the extent we use the net proceeds to fund distributions, these payments will be treated as a return of capital to our stockholders for U.S. federal income tax purposes. Pending the use of the net proceeds, we intend to invest such portion of the net proceeds in interest-bearing accounts and short-term, interest-bearing securities in a manner that is consistent with our intention to qualify as a REIT.

**Table of Contents**

The value of the operating partnership units that we will receive in exchange for our contribution of the net proceeds from this offering and the formation transactions to our operating partnership will increase or decrease if our Class A common stock is priced above or below the mid-point of the range of prices set forth on the front cover of this prospectus. Our operating partnership will subsequently use the net proceeds received from us as set forth in the table above. The initial public offering price of our Class A common stock will be determined in consultation with the underwriters. Among the factors that will influence the pricing of this offering are our results of operations; our management; our estimated net income; our estimated funds from operations; our estimated cash available for distribution; our anticipated dividend yield; our growth prospects; the current market valuations for comparable REITs; financial performance and dividend yields of publicly traded companies considered by us and the underwriters to be comparable to us; and the state of the commercial real estate industry and the economy as a whole. The initial public offering price does not necessarily bear any relationship to our book value or the fair market value of our assets.

We did not negotiate the value of our properties at arm's-length as part of the formation transactions. In addition, the value of the shares of our Class A common stock, Class B common stock and the operating partnership units that we will issue in exchange for contributed property interests and other assets, including cash, will increase or decrease if our Class A common stock price increases or decreases. As a result, the consideration to be given in exchange by us for these properties and other assets may exceed their fair market value.

**Table of Contents**

**DISTRIBUTION POLICY**

We intend to make regular quarterly distributions to holders of shares of our common stock. Although we have not previously paid distributions, we intend to pay a *pro rata* initial distribution with respect to the period commencing on the completion of this offering and ending \_\_\_\_\_, based on \$ \_\_\_\_\_ per share for a full quarter. On an annualized basis, this would be \$ \_\_\_\_\_ per share, or an annual distribution rate of approximately \_\_\_\_\_% based on the mid-point of the range of prices set forth on the front cover of this prospectus. We expect that a portion of these distributions will represent a return of capital for the period ending \_\_\_\_\_. We estimate that this initial annual rate of distribution will represent approximately \_\_\_\_\_% of our estimated cash available for distribution to our common stockholders for the 12 months ending March 31, 2013. Our intended annual rate of initial distribution has been established based on our estimate of cash available for distribution for the 12 months ending March 31, 2013, which we have calculated based on adjustments to our pro forma income before non-controlling interests for the 12 months ended March 31, 2012. In estimating our cash available for distribution for the 12 months ending March 31, 2013, we have made certain assumptions as reflected in the table and footnotes below, including that there will be no new leases other than leases signed after March 31, 2012 and prior to the date of this prospectus, or net increases in renewals or terminations of existing leases in our portfolio after March 31, 2012.

Our estimate of cash available for distribution does not reflect the effect of any changes in our working capital after March 31, 2012, or the amount of cash estimated to be used for tenant improvement and leasing commission costs related to leases that may be entered into after March 31, 2012. It also does not reflect the amount of cash estimated to be used for investing activities for acquisition and other activities other than estimated capital expenditures or the amount of cash estimated to be used for financing activities, other than scheduled mortgage loan principal repayments on mortgage indebtedness that will be outstanding upon consummation of this offering. Although we have included all material investing and financing activities that we have commitments to undertake as of March 31, 2012, we may undertake other investing and/or financing activities in the future. Any such investing and/or financing activities may have a material effect on our estimate of cash available for distribution. Because we have made the assumptions set forth above in estimating cash available for distribution, we do not intend this estimate to be a projection or forecast of our actual results of operations or our liquidity, and have estimated cash available for distribution for the sole purpose of determining our initial annual rate of distribution amount. Our estimate of cash available for distribution should not be considered as an alternative to cash flow from operating activities (computed in accordance with GAAP) or as an indicator of our liquidity or our ability to pay dividends or make distributions. In addition, the methodology upon which we made the adjustments described below is not necessarily intended to be a basis for determining future distributions.

We intend to maintain our initial distribution rate for the 12-month period following completion of this offering. However, any distributions we pay in the future will depend upon our actual results of operations, economic conditions and other factors that could differ materially from our current expectations. Our actual results of operations will be affected by a number of factors, including the revenue we receive from our properties, our operating expenses, interest expense, the ability of our tenants to meet their obligations and unanticipated expenditures. For more information regarding risk factors that could materially adversely affect our actual results of operations, see Risk Factors. Distributions declared by us will be authorized by our board of directors in its sole discretion out of funds legally available therefore and will be dependent upon a number of factors, including restrictions under applicable law, the capital requirements of our company and the distribution requirements necessary to maintain our qualification as a REIT. We believe our estimate of cash available for distribution constitutes a reasonable basis for setting the initial distribution; however, no assurance can be given that the estimate will prove accurate, and actual distributions may therefore be significantly different from the expected distributions. We do not intend to reduce the expected distribution per share if the underwriters exercise their option to purchase up to \_\_\_\_\_ additional shares of our Class A common stock. Unless our operating cash flow increases, we may be required to fund distributions from working capital or borrow to provide funds for such distributions or we may choose to make a portion of the required distributions in the form of a taxable stock

**Table of Contents**

dividend to preserve our cash balance or reduce our distribution. However, we currently have no intention to use the net proceeds from this offering to make distributions nor do we currently intend to make distributions using shares of our common stock.

In order to qualify as a REIT, we must distribute to our stockholders, on an annual basis, at least 90% of our REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gains. In addition, we will be subject to U.S. federal income tax at regular corporate rates to the extent that we distribute less than 100% of our net taxable income (including net capital gains) and will be subject to a 4% nondeductible excise tax on the amount by which our distributions in any calendar year are less than a minimum amount specified under U.S. federal income tax laws. We intend to distribute our net income to our stockholders in a manner intended to satisfy the REIT 90% distribution requirement and to avoid U.S. federal income tax liability on our income and the 4% nondeductible excise tax. We anticipate that our estimated cash available for distribution will exceed the annual distribution requirements applicable to REITs. However, under some circumstances, we may be required to use cash reserves, incur debt or liquidate assets at rates or times that we regard as unfavorable or make a taxable distribution of our shares in order to satisfy the REIT 90% distribution requirement and to avoid U.S. federal income tax and the 4% nondeductible excise tax in that year. For more information, see U.S. Federal Income Tax Considerations.

Furthermore, we anticipate that, at least initially, our distributions will exceed our then current and then accumulated earnings and profits for the relevant taxable year, as determined for U.S. federal income tax purposes, due to non-cash expenses, primarily depreciation and amortization charges that we expect to incur. Therefore, all or a portion of these distributions may represent a return of capital for U.S. federal income tax purposes. The extent to which our distributions exceed our current and accumulated earnings and profits may vary substantially from year to year. To the extent that a distribution is treated as a return of capital for U.S. federal income tax purposes, it will reduce a holder's adjusted tax basis in the holder's shares, and to the extent that it exceeds the holder's adjusted tax basis will be treated as gain resulting from a sale or exchange of such shares. As a result, the gain (or loss) recognized on the sale of that common stock or upon our liquidation will be decreased (or increased) accordingly. For a more complete discussion of the tax treatment of distributions to holders of our common stock, see U.S. Federal Income Tax Considerations.

**Table of Contents**

The following table describes our pro forma net income available to our equity owners for the 12 months ended December 31, 2011, and the adjustments we have made thereto in order to estimate our initial cash available for distribution for the 12 months ending March 31, 2013 (amounts in thousands except share data, per share data, square footage data and percentages). These calculations do not assume any changes to our operations or any acquisitions or dispositions which could affect our operating results and cash flows, or changes in our outstanding shares of Class A and Class B common stock. We cannot assure you that our actual results will be the same as or comparable to the calculations below.

<b>Pro forma net income for the 12 months ended December 31, 2011</b>	<b>\$</b>
Less: Pro forma net income for the three months ended March 31, 2011	
Add: Pro forma net income for the three months ended March 31, 2012	
<b>Pro forma net income for the 12 months ended March 31, 2012</b>	<b>\$</b>
Add: Pro forma real estate depreciation and amortization	
Add: Net increases in contractual rent income <sup>(1)</sup>	
Less: Net decreases in contractual rent income due to lease expirations, assuming no renewals <sup>(2)</sup>	
Less: Net effects of straight-line rent adjustments to tenant leases <sup>(3)</sup>	
Less: Net effects of above- and below-market rent adjustments <sup>(4)</sup>	
Add: Non-cash compensation expense <sup>(5)</sup>	
Add: Non-cash interest expense <sup>(6)</sup>	
Add: Non-cash charge on write-off of deferred finance charges	
Add: Non-cash ground rent expense	
Add: Net effects of lease in-place adjustments to tenant leases	
<b>Estimated cash flow from operating activities for the 12 months ending March 31, 2013</b>	<b>\$</b>
Less: Estimated provision for tenant improvement and leasing commission costs <sup>(7)</sup>	
Less: Estimated annual provision for capital expenditures <sup>(8)</sup>	
<b>Total estimated cash flows used in investing activities</b>	<b>\$</b>
<b>Estimated cash flow used in financing activities</b>	
Less: Scheduled mortgage loan principal repayments <sup>(9)</sup>	
Add: Additional borrowings on secured term loan to fund capital improvements at the Empire State Building <sup>(10)</sup>	
Less: Incremental interest expense on additional borrowings on secured term loan to fund capital improvements at the Empire State Building <sup>(11)</sup>	
<b>Estimated cash flow used in financing activities for the 12 months ending March 31, 2013</b>	<b>\$</b>
<b>Estimated cash available for distribution for the 12 months ending March 31, 2013</b>	<b>\$</b>
Less: Non-controlling interests (other) share of estimated cash available for distribution	
<b>Estimated cash available for distribution for the 12 months ending March 31, 2013 available to the operating partnership</b>	<b>\$</b>
Our share of estimated cash available for distribution available to the operating partnership	
Non-controlling interests share of estimated cash available for distribution available to the operating partnership	
<b>Total estimated initial annual distributions to stockholders</b>	<b>\$</b>
Estimated initial annual distributions per Class A and Class B share <sup>(12)</sup>	<b>\$</b>
Payout ratio based on our share of estimated cash available for distribution <sup>(13)</sup>	<b>%</b>

(1) Represents the net increases in contractual rental income net of expenses from new leases and renewals through March 31, 2012 that were not in effect for the entire 12-month period ended March 31, 2012 or signed prior to the date of this prospectus that will go into effect during the 12 months ending March 31, 2013.

**Table of Contents**

- (2) Assumes no lease renewals or new leases (other than month-to-month leases) for leases expiring after March 31, 2012 unless a new or renewal lease had been entered into prior to the date of this prospectus.
- (3) Represents the conversion of estimated rental revenues for the 12 months ending March 31, 2013 from a straight-line accrual basis to a cash basis of revenue recognition.
- (4) Represents the elimination of non-cash adjustments for above- and below-market leases for the 12 months ended March 31, 2012.
- (5) Pro forma non-cash compensation expense related to LTIP units/shares of restricted Class A common stock that we intend to issue to certain of our executive officers and our independent directors in connection with this offering.
- (6) Pro forma non-cash interest expense for the 12 months ended March 31, 2012 includes: (i) amortization of financing costs on the mortgage loans assumed by us in the formation transactions; and (ii) amortization of the assumption fees for debt assumed in the formation transactions.
- (7) Estimated provision for tenant improvement and leasing commission costs relate solely to tenant improvement and leasing commission costs incurred or expected to be incurred in the 12 months ending March 31, 2013 that we are contractually obligated to provide pursuant to leases entered into prior to the date of this prospectus. During the 12 months ending March 31, 2013, we expect to have additional tenant improvement and leasing commission costs related to new leases that are entered into after the date of this prospectus. Generally, we do not incur tenant improvement or leasing commission costs upon lease renewals of existing tenants.
- (8) Reflects estimated provision for recurring and non-recurring capital expenditures (excluding, tenant improvement and leasing commission costs) for the 12 months ending March 31, 2013, based on our current estimate of such expenses, of \$ . This estimate is higher than the average of our historical annual capital expenditures (excluding tenant improvement and leasing commission costs) incurred during the years ended December 31, 2009, 2010 and 2011 and the three months ended March 31, 2012, which is \$42.5 million. Historically we have not tracked capital expenditures as either recurring or non-recurring and we believe a substantial amount of these capital expenditures during the periods presented would be considered to be non-recurring due to the extensive amount of capital spent on renovation, repositioning and deferred maintenance at our Manhattan office properties at the time we began our renovation and repositioning program.
- (9) Represents scheduled payments of mortgage loan principal due during the 12 months ending March 31, 2013.
- (10) We have borrowing capacity under the term loan secured by the Empire State Building of \$141.0 million, subject to the conditions set forth in the secured term loan agreement. We have assumed that we borrow \$ million to fund (i) tenant improvements and leasing commissions, (ii) capital expenditures and (iii) \$ million of New York City mortgage recording tax that is required to be paid incrementally as we borrow under the term loan.
- (11) Assumes draws are made in four equal drawdowns over the 12 months ending March 31, 2013 and that the interest rate is equal to 2.7%.
- (12) Based on a total of shares of our Class A common stock, shares of our Class B common stock and operating partnership units to be outstanding after this offering. Shares of our Class A common stock will consist of shares to be sold in this offering, assuming no exercise of the underwriters' option to purchase additional shares, shares of Class A common stock to be issued in the formation transactions, LTIP units/shares of restricted Class A common stock to certain of our executive officers and shares of restricted Class A common stock to be issued upon completion of this offering to our independent directors. Shares of our Class B common stock will consist of shares of Class B common stock issued to continuing investors in the formation transactions. Units of our operating partnership will consist of operating partnership units issued to the equity holders of our predecessor (including operating partnership units owned by certain members of our senior management team).
- (13) Calculated as estimated initial annual distribution per Class A and Class B share divided by our share of estimated cash available for distribution per share for the 12 months ending March 31, 2013.

**Table of Contents****CAPITALIZATION**

The following table sets forth (i) the historical combined capitalization of our predecessor entities as of March 31, 2012, (ii) the historical combined capitalization of our non-controlled entities as of March 31, 2012, (iii) our unaudited pro forma capitalization as of March 31, 2012, adjusted to give effect to the formation transactions but before this offering and (iv) our unaudited pro forma capitalization as of March 31, 2012, adjusted to give effect to the formation transactions, this offering and use of the net proceeds from this offering and the formation transactions as set forth in Use of Proceeds. You should read this table in conjunction with Use of Proceeds, Selected Financial and Other Data, Management's Discussion and Analysis of Financial Condition and Results of Operations Liquidity and Capital Resources and our unaudited pro forma condensed consolidated financial statements and related notes and the combined financial statements and related notes of our predecessor appearing elsewhere in this prospectus.

	As of March 31, 2012			Pro Forma Consolidated (unaudited)

- (1) The common stock outstanding as shown includes Class A common stock to be issued in this offering and the formation transactions and shares of restricted Class A stock granted to our executive officers and independent directors and excludes (i) shares of our Class A common stock issuable upon exercise of the underwriters' option to purchase up to additional shares of our Class A common stock, (ii) additional shares of our Class A common stock available for future issuance under our equity incentive plan and (iii) shares reserved for issuance with respect to operating partnership units expected to be issued in connection with the formation transactions. The operating partnership units may, subject to limits in the operating partnership agreement, be exchanged for cash or, at our option, shares of our Class A common stock on a one-for-one basis generally commencing 12 months after the completion of this offering. Shares of our Class B common stock may be converted on a one-for-one basis into shares of our Class A common stock.

**Table of Contents**

**DILUTION**

Purchasers of shares of our Class A common stock offered by this prospectus will experience an immediate and material dilution of the net tangible book value of their Class A common stock from the initial public offering price. At March 31, 2012, our predecessor had a combined net tangible book value of approximately \$(86.1) million, or \$ \_\_\_\_\_ per share of our common stock held by continuing investors, assuming the exchange of operating partnership units into shares of our Class A common stock on a one-for-one basis and the conversion of shares of our Class B common stock into shares of our Class A common stock on a one-for-one basis. After giving effect to the sale of the shares of our Class A common stock offered hereby, the deduction of underwriting discounts and commissions and estimated offering and formation transaction expenses, the receipt by us of the net proceeds from this offering and the formation transactions and the use of these funds as described under Use of Proceeds, the pro forma net tangible book value at March 31, 2012 attributable to the common stockholders on a fully diluted basis (excluding LTIP units/shares of our restricted Class A common stock to be issued to our executive officers and independent directors on the consummation of this offering) would have been approximately \$ \_\_\_\_\_, or \$ \_\_\_\_\_ per share of our common stock assuming an initial public offering price of \$ \_\_\_\_\_ per share, which is the mid-point of the range of prices set forth on the front cover of this prospectus. This amount represents an immediate decrease in net tangible book value of \$ \_\_\_\_\_ per share to continuing investors and an immediate increase in pro forma net tangible book value of \$ \_\_\_\_\_ per share from the public offering price of \$ \_\_\_\_\_ per share of our common stock to new public investors. The following table illustrates this per share increase:

Assumed initial public offering price per share of Class A common stock	\$
Net tangible book value per share before this offering and the formation transactions <sup>(1)</sup>	\$
(Decrease) in pro forma net tangible book value per share attributable to the formation transactions, but before this offering <sup>(2)</sup>	\$
Increase in pro forma net tangible book value per share attributable to this offering <sup>(3)</sup>	\$
Net increase in pro forma net tangible book value per share attributable to the formation transactions and this offering	\$
Pro forma net tangible book value per share after this offering and the formation transactions <sup>(4)</sup>	\$
Dilution in pro forma net tangible book value per share to new investors <sup>(5)</sup>	\$

- (1) Net tangible book value per share of our common stock before this offering and the formation transactions is determined by dividing net tangible book value based on March 31, 2012 net book value of the tangible assets (consisting of our total assets less our intangible lease assets net of liabilities to be assumed, excluding our intangible lease liabilities) of our predecessor by the number of shares of our common stock held by continuing investors after this offering, assuming the exchange in full of the operating partnership units to be issued to the continuing investors for shares of our Class A common stock on a one-for-one basis and the conversion of shares of our Class B common stock into shares of our Class A common stock on a one-for-one basis, but excluding LTIP units/shares of our restricted Class A common stock to be issued to our executive officers and independent directors upon consummation of this offering.
- (2) Decrease in net tangible book value per share of our common stock attributable to the formation transactions, but before this offering, is determined by dividing the difference between the March 31, 2012 pro forma net tangible book value, excluding net offering proceeds, and the March 31, 2012 net tangible book value of our predecessor by the number of shares of our common stock held by continuing investors after this offering, assuming the exchange in full of the operating partnership units to be issued to the continuing investors for shares of our Class A common stock on a one-for-one basis and the conversion of shares of our Class B common stock into shares of our Class A common stock on a one-for-one basis, but excluding the LTIP units/shares of our restricted Class A common stock to be issued to our independent directors and executive officers, respectively, upon consummation of this offering.
- (3) This amount is calculated after deducting underwriting discounts and commissions and estimated offering and formation transaction expenses.
- (4) Based on pro forma net tangible book value of approximately \$ \_\_\_\_\_ divided by the sum of \_\_\_\_\_ shares of our common stock to be outstanding upon completion of this offering on a fully diluted basis (excluding the LTIP units/shares of our restricted Class A common stock to be issued to our executive officers and independent directors on the consummation of this offering). There is no further impact on book value dilution attributable to the exchange of operating partnership units to be issued to the continuing investors in the formation transactions and the Class B common stock issued to continuing investors in the formation transactions due to the effect of non-controlling interest.
- (5) Dilution is determined by subtracting pro forma net tangible book value per share of our common stock after giving effect to this offering and the formation transactions from the initial public offering price paid by a new investor for a share of our Class A common stock.

**Table of Contents**

The following table sets forth, on a pro forma basis, after giving effect to this offering and the formation transactions: (i) the number of operating partnership units issued to the continuing investors in connection with the formation transactions, the number of shares of our Class A common stock and Class B common stock issued to continuing investors in connection with the formation transactions, the number of LTIP units/shares of restricted Class A common stock, to be issued in connection with this offering, and the number of shares of our Class A common stock to be sold by us in this offering; and (ii) the net tangible book value as of March 31, 2012 of our total assets following the formation transactions, which reflects the effect of the formation transactions, but not the effects of this offering and the cash from new investors before deducting underwriting discounts and commissions and other estimated expenses of this offering and the formation transactions; and (iii) the net tangible book value of the average contribution per share/unit based on our total assets following the formation transactions. See Risk Factors Risks Related to This Offering You will experience immediate and substantial dilution from the purchase of the shares of Class A common stock sold in this offering.

	Shares/Operating Partnership Units Issued		Cash/Book Value of Assets Acquired <sup>(1)</sup>	
	Number	Percent	Amount	Percent
Operating partnership units issued in connection with the formation transactions		% <sup>(1)</sup>	\$	% <sup>(2)</sup>
Class A common stock issued in connection with the formation transactions				
Class B common stock issued in connection with the formation transactions				
LTIP units / restricted Class A common stock issued to directors and executive officers in connection with this offering				
New investors in this offering				
<b>Total</b>		<b>%</b>	<b>\$</b>	<b>%</b>

- (1) Based on the March 31, 2012 pro forma net tangible book value of our total assets following the formation transactions (consisting of our total assets less our intangible lease assets, net of liabilities to be assumed, excluding our intangible lease liabilities).
- (2) Represents pro forma net tangible book value as of March 31, 2012 of total assets following the formation transactions, giving effect to the formation transactions, but not to the effects of this offering (in thousands):

Pro forma total assets	\$
Less: pro forma intangible assets	\$
Pro forma tangible assets	\$
Less: pro forma total liabilities	\$
Plus: pro forma intangible lease liabilities	\$
Pro forma net tangible assets	\$
Less: proceeds from this offering net of costs associated with this offering	\$
Pro forma net tangible assets after the effects of the formation, but before the effects of this offering	\$

This table assumes no exercise by the underwriters of their option to purchase up to additional shares of our Class A common stock and excludes shares of our Class A common stock available for future issuance under our equity incentive plan. Further dilution to new investors will result if these excluded shares of Class A common stock are issued by us in the future.

**Table of Contents**

**SELECTED FINANCIAL AND OTHER DATA**

The following table sets forth selected financial and other data on (i) a combined historical basis for our predecessor beginning on page F-26 and (ii) a pro forma basis for our company giving effect to this offering and the formation transactions, the related use of proceeds thereof and the other adjustments described in the unaudited pro forma financial information beginning on page F-3. We have not presented historical information for Empire State Realty Trust, Inc. because we have not had any corporate activity since our formation other than the issuance of shares of common stock in connection with the initial capitalization of our company and because we believe a discussion of the results of our company would not be meaningful.

Our predecessor's combined historical financial information includes:

Our predecessor's management companies, including their asset management, leasing, administrative, construction and development operations; and

the real estate operations for the existing entities excluding the four office properties for which Malkin Holdings LLC acts as the supervisor but that are not consolidated into our predecessor for accounting purposes except for the predecessor's non-controlling interests in such properties.

You should read the following selected financial data in conjunction with our combined historical and unaudited pro forma condensed consolidated financial statements and the related notes and with Management's Discussion and Analysis of Financial Condition and Results of Operations.

The selected historical combined balance sheet information as of December 31, 2011, 2010 and 2009 of our predecessor and selected combined statements of operations information for the years ended December 31, 2011, 2010, 2009 and 2008 of our predecessor have been derived from the audited historical combined financial statements of our predecessor. The historical combined balance sheet information as of March 31, 2012 and combined statements of operations for the three months ended March 31, 2012 and 2011 have been derived from the unaudited combined financial statements of our predecessor. The selected historical combined balance sheet information as of December 31, 2008 and 2007 and selected combined statements of operations information for the year ended December 31, 2007 have been derived from the unaudited combined financial statements of our predecessor. Our results of operations for the interim period ended March 31, 2012 are not necessarily indicative of the results that will be obtained for the full fiscal year.

Our unaudited selected pro forma condensed consolidated financial statements and operating information as of and for the three months ended March 31, 2012 and for the year ended December 31, 2011 assumes completion of this offering, the formation transactions and the other adjustments described in the unaudited pro forma financial information beginning on page F-3 as of January 1, 2012 for the operating data and as of the stated date for the balance sheet data.

Our unaudited pro forma financial information is not necessarily indicative of what our actual financial position and results of operations would have been as of the date and for the periods indicated, nor does it purport to represent our future financial position or results of operations.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

**OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

*This prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in forward-looking statements for many reasons, including the risks described in Risk Factors and elsewhere in this prospectus. Our results of operations and financial condition, as reflected in the accompanying combined financial statements and related notes, are subject to management's evaluation and interpretation of business conditions, changing capital market conditions and other factors that could affect the ongoing viability of our tenants. You should read the following discussion with Forward-Looking Statements and the combined financial statements and related notes included elsewhere in this prospectus.*

*Upon completion of this offering and the formation transactions, the historical operations of our predecessor and the properties that have been operated through our predecessor, will be combined with the company, the operating partnership and/or their subsidiaries. The following discussion and analysis should be read in conjunction with Selected Financial and Other Data, our combined financial statements as of December 31, 2011 and 2010 and for the years ended December 31, 2011, 2010 and 2009 and the notes related thereto, our unaudited combined financial statements as of March 31, 2012 and for the three months ended March 31, 2012 and 2011, and our unaudited condensed consolidated pro forma financial information appearing elsewhere in this prospectus. Since our formation, we have not had any corporate activity. Accordingly, we believe a discussion of our results of operations would not be meaningful, and this Management's Discussion and Analysis of Financial Condition and Results of Operations therefore only discusses the historical operations of our predecessor and the unaudited pro forma results of our company.*

*Unless the context otherwise requires or indicates, references in this section to we, our and us refer to (i) the company and its consolidated subsidiaries (including the operating partnership) after giving effect to this offering and the formation transactions and (ii) our predecessor before giving effect to this offering and the formation transactions.*

**Overview**

We are a self-administered and self-managed REIT that owns, manages, operates, acquires and repositions office and retail properties in Manhattan and the greater New York metropolitan area. We were formed to continue and expand the commercial real estate business of our predecessor, Malkin Holdings LLC and its affiliates. Our primary focus will be to continue to own, manage and operate our current portfolio and to acquire and reposition office and retail properties in Manhattan and the greater New York metropolitan area.

For the periods presented, this Management's Discussion and Analysis of Financial Condition and Results of Operations discusses only the historical financial condition and results of operations of our predecessor which owns controlling interests in 16 properties and non-controlling interests in the following four office properties, which are accounted for under the equity method of accounting: the Empire State Building, 1350 Broadway, 1333 Broadway and 501 Seventh Avenue. The fee ownership interests of the Empire State Building and 501 Seventh Avenue are included in our predecessor's portfolio but the operating lease interests of these two properties are part of the predecessor's equity interest in non-controlled entities. These non-controlled interests will represent a significant part of our operations following this offering and the formation transactions (55.9% and 50.3% of our pro forma revenues for the three months ended March 31, 2012, and the year ended December 31, 2011, respectively) when they become consolidated into our operations. Therefore, we do not show historical consolidated financial information for our entire portfolio following this offering and the formation transactions. For the periods following the consummation of this offering and the formation transactions, our operations will consolidate the operations of the non-controlled entities (as defined below) which will result in a material change in our disclosure of our financial condition and results of operations. We also present in this prospectus pro forma financial information for our company, reflecting our entire portfolio on a consolidated basis, as of and for the three months ended March 31, 2012, and the year ended December 31, 2011.

## **Table of Contents**

We operate an integrated business that currently consists of two operating segments: real estate and construction contracting.

As of March 31, 2012, our Manhattan and greater New York metropolitan area office properties were 76.2% leased (or 80.9% giving effect to leases signed but not yet commenced as of that date) and 88.4% leased (or 88.5% giving effect to leases signed but not yet commenced as of that date), respectively, and our office properties as a whole were 79.1% leased (or 82.7% giving effect to leases signed but not yet commenced as of that date). Our ability to increase occupancy and rental revenue at our office properties depends on the successful completion of our repositioning program and market conditions. The other component of our real estate segment, retail leasing, comprises both standalone retail properties and retail space in our Manhattan office properties. Our retail properties, including retail space in our Manhattan office properties, were 86.7% leased (or % giving effect to leases signed but not yet commenced as of that date) as of March 31, 2012.

Although construction contracting represented approximately 8.2% and 16.1%, respectively, of our revenues for the three months ended March 31, 2012 and the year ended December 31, 2011, respectively, its relative contribution to our net income was much less significant than its contribution to our revenues.

The Empire State Building is our flagship property and accounted for 45.3% and 40.4%, respectively, of our total pro forma revenues for the three months ended March 31, 2012 and the year ended December 31, 2011. The Empire State Building provides us with a diverse source of revenue through its office and retail leases, observatory operations and broadcasting licenses and related leased space. During the three months ended March 31, 2012 and year ended December 31, 2011, the Empire State Building generated approximately \$16.4 million and \$80.6 million, respectively, of revenue from its observatory operations which represented approximately 13.3% and 16.2%, respectively, of our pro forma revenues. We anticipate that our observatory operations will be a separate accounting segment following this offering and the formation transactions.

From 2002 through 2006, we gradually gained day-to-day management of our Manhattan office properties. Since then, we have been undertaking a comprehensive renovation and repositioning strategy of our Manhattan office properties that has included the physical improvement through upgrades and modernization of, and tenant upgrades in, such properties. Since we assumed day-to-day management of our Manhattan office properties beginning with One Grand Central Place in 2002, and through March 31, 2012, we have invested a total of approximately \$315.0 million (excluding tenant improvement costs and leasing commissions) in our Manhattan office properties pursuant to this program. Of the \$315.0 million invested pursuant to this program, \$138.0 million was invested at the Empire State Building. We currently intend to invest between \$170.0 million and \$210.0 million of additional capital through the end of 2013. We expect to complete substantially this program by the end of 2013, except with respect to the Empire State Building, which is the last Manhattan office property that began its renovation program. In addition, we currently estimate that between \$60.0 million and \$70.0 million of capital is needed beyond 2013 to complete the renovation program at the Empire State Building, which we expect to complete substantially in 2016 due to the size and scope of our remaining work and our desire to minimize tenant disruptions at the property. Of the total \$230.0 million to \$280.0 million of estimated additional capital we expect to be incurred through 2016, we currently estimate that between \$195.0 million and \$235.0 million is attributable to the Empire State Building. These estimates are based on our current budgets (which do not include tenant improvement and leasing commission costs) and are subject to change.

We intend to fund these capital improvements through a combination of operating cash flow and borrowings. These improvements, within our renovation and repositioning program, include restored, renovated and upgraded or new lobbies; elevator modernization; renovated public areas and bathrooms; refurbished or new windows; upgrade and standardization of retail storefront and signage; façade restorations; modernization of building-wide systems; and enhanced tenant amenities. These improvements are designed to improve the overall value and attractiveness of our properties and have contributed significantly to our tenant repositioning efforts, which seek to increase our occupancy; raise our rental rates; increase our rentable square feet; increase our aggregate rental revenue; lengthen our average lease term; increase our average lease size; and improve our

---

**Table of Contents**

tenant credit quality. We have also aggregated smaller spaces in order to offer larger blocks of office space, including multiple floors, that are attractive to larger, higher credit-quality tenants and to offer new, pre-built suites with improved layouts. This strategy has shown attractive results to date, as illustrated by the case studies which are described in *Business and Properties Renovation and Repositioning Case Studies*, and we believe has the potential to improve our operating margins and cash flows in the future. We believe we will continue to enhance our tenant base and improve rents as our pre-renovation leases continue to expire and be re-leased.

Historically, we have operated our business to preserve capital through conservative debt levels. Upon completion of this offering and the formation transactions, we will have no debt maturing in the remainder of 2012 and approximately \$57.6 million of debt maturing in 2013 and we expect to have pro forma total debt outstanding of approximately \$1.05 billion, with a weighted average interest rate of 5.29% and a weighted average maturity of 3.9 years and 83.2% of which is fixed-rate indebtedness. Additionally, we expect to have approximately \$170.1 million of available borrowing capacity under our loans on a pro forma basis. Our overall leverage will depend on our mix of investments and the cost of leverage. Our charter does not restrict the amount of leverage that we may use.

We are a Maryland corporation that was formed on July 29, 2011. We conduct all of our business activities through our operating partnership, of which we are the sole general partner. We intend to elect and to qualify as a REIT for U.S. federal income tax purposes commencing with our taxable year ending December 31, 2012.

***Our Predecessor***

Our predecessor is not a legal entity but rather a combination of (i) controlling interests in (a) 16 office and retail properties, (b) one development parcel, and (c) certain management companies, which are owned by certain entities that are owned or controlled by the sponsors (Anthony E. Malkin and Peter L. Malkin) and/or their affiliates and family members, which we collectively refer to as the controlled entities, and (ii) non-controlling interests in four office properties (which include two of the 16 properties set forth in (i) above), held through entities we collectively refer to as the non-controlled entities, and are presented as uncombined entities in our combined financial statements. Specifically, the term *our predecessor* means (i) Malkin Holdings LLC, a New York limited liability company that acts as the supervisor of, and performs various asset management services and routine administration with respect to, certain of the existing entities (as described below), which we refer to as the supervisor; (ii) the limited liability companies or limited partnerships that currently (a) own, directly or indirectly and either through a fee interest or a long-term leasehold in the underlying land, and/or (b) operate, directly or indirectly and through a fee interest, an operating lease, an operating sublease or an operating sub-sublease, the 18 office and retail properties (which include non-controlling interests in four office properties for which Malkin Holdings LLC acts as the supervisor but that are not consolidated into our predecessor for accounting purposes) and entitled land that will support the development of an approximately 340,000 rentable square foot office building and garage that we will own after the formation transactions described in this prospectus, which we refer to as the existing entities; (iii) Malkin Properties, L.L.C., a New York limited liability company that serves as the manager and leasing agent for certain of the existing entities in Manhattan, which we refer to as *Malkin Properties*; (iv) Malkin Properties of New York, L.L.C., a New York limited liability company that serves as the manager and leasing agent for certain of the existing entities in Westchester County, New York, which we refer to as *Malkin Properties NY*; (v) Malkin Properties of Connecticut, Inc., a Connecticut corporation that serves as the manager and leasing agent for certain of the existing entities in the State of Connecticut, which we refer to as *Malkin Properties CT*; and (vi) Malkin Construction Corp., a Connecticut corporation that is a general contractor and provides services to certain of the existing entities and third parties (including certain tenants at the properties in our portfolio), which we refer to as *Malkin Construction*. The term *our predecessor's management companies* refers to the supervisor, Malkin Properties, Malkin Properties NY, Malkin Properties CT and Malkin Construction, collectively. Our predecessor accounts for its investment in the non-controlled entities under the equity method of accounting.

## **Table of Contents**

### *Controlled Entities*

As of March 31, 2012, properties controlled by the sponsors and/or their affiliates and family members and whose operations are 100% consolidated into the financial statements of our predecessor include:

#### *Office:*

One Grand Central Place, New York, New York

250 West 57th Street, New York, New York

1359 Broadway, New York, New York

First Stamford Place, Stamford, Connecticut

Metro Center, Stamford, Connecticut

383 Main Avenue, Norwalk, Connecticut

500 Mamaroneck Avenue, Harrison, New York

10 Bank Street, White Plains, New York

Fee ownership position of 350 Fifth Avenue (Empire State Building), New York, New York

Fee ownership position of 501 Seventh Avenue, New York, New York

#### *Retail:*

10 Union Square, New York, New York

1010 Third Avenue, New York, New York

77 West 55th Street, New York, New York

1542 Third Avenue, New York, New York

69-97 Main Street, Westport, Connecticut

103-107 Main Street, Westport, Connecticut

#### *Land Parcels:*

We own entitled land at the Stamford Transportation Center in Stamford, Connecticut, adjacent to one of our office properties that will support the development of an approximately 340,000 rentable square foot office building and garage.

The acquisition of interests in our predecessor will be recorded at historical cost at the time of the formation transactions.

### *Non-Controlled Entities*

As of March 31, 2012, properties in which the sponsors and/or their affiliates and family members own non-controlling interests and whose operations are reflected in our predecessor's combined financial statements as an equity interest include:

*Office:*

Master operating lease position of 350 Fifth Avenue, New York, New York  
Empire State Building Company L.L.C.

Master operating lease position of 1350 Broadway, New York, New York  
1350 Broadway Associates L.L.C. (long term ground lease)

1333 Broadway, New York, New York 1333 Broadway Associates L.L.C.

Master operating lease position of 501 Seventh Avenue, New York, New York  
501 Seventh Avenue Associates L.L.C.

All of our business activities will be conducted through our operating partnership. We will be the sole general partner of our operating partnership. Pursuant to the formation transactions, our operating partnership will (i) acquire interests in the office and retail properties owned by the controlled entities (including our

**Table of Contents**

predecessor management companies) and the non-controlled entities and (ii) assume related debt and other specified liabilities of such assets and businesses, in exchange for shares of our Class A common stock, Class B common stock, operating partnership units, and/or cash.

***Formation Transactions***

Prior to or concurrently with the completion of this offering, we will engage in a series of formation transactions pursuant to which we will acquire, through a series of contributions and merger transactions, (i) the 18 properties owned by the controlled and non-controlled entities, (ii) one development parcel in which our predecessor owns a controlling interest and (iii) the business and assets of our predecessor management businesses. In the aggregate, these interests will comprise our ownership of our property portfolio. We will not acquire our predecessor's affiliates' interests in the option properties, the excluded properties or the excluded businesses.

To acquire the properties to be included in our portfolio from the current owners we will issue to the holders of interests in our predecessor and the non-controlled entities an aggregate of \_\_\_\_\_ shares of our Class A common stock, \_\_\_\_\_ shares of our Class B common stock and \_\_\_\_\_ operating partnership units, with an aggregate value of \$ \_\_\_\_\_, based on the mid-point of the range of initial public offering prices set forth on the front cover of this prospectus, and we will pay \$ \_\_\_\_\_ in cash to those holders of interests in our predecessor and the non-controlled entities that are non-accredited and those that are accredited but chose cash consideration. Cash amounts will be provided from the net proceeds of this offering. These contributions and other transactions will be effected prior to or substantially concurrently with the completion of this offering.

We estimate that the net proceeds from this offering will be, based on the mid-point of the range of initial public offering prices set forth on the front cover of this prospectus, approximately \$ \_\_\_\_\_, or approximately \$ \_\_\_\_\_ if the underwriters' option to purchase additional shares is exercised in full (in each case after deducting the underwriting discounts and commissions and estimated expenses of this offering and formation transactions). We will contribute the net proceeds of this offering to our operating partnership in exchange for operating partnership units, and our operating partnership will use the proceeds received from us, as well as cash on hand as described under "Use of Proceeds."

We have determined that one of the predecessor entities is the acquirer for accounting purposes, and therefore the contribution of the assets of, or acquisition by merger of, the controlled entities is considered a transaction between entities under common control since the sponsors control a majority interest in each of the controlled entities comprising our predecessor. As a result, the acquisition of interests in the controlled entities will be recorded at our historical cost. The contribution of the assets of, or acquisition by merger of, the non-controlled entities (including our predecessor's non-controlling interest in these entities) will be accounted for as an acquisition under the acquisition method of accounting and recognized as the estimated fair value of acquired assets and assumed liabilities on the date of such contribution or acquisition. The fair value of these assets and liabilities has been allocated in accordance with Accounting Standards Codification (ASC), Section 805-10, *Business Combinations*, (ASC 805) (formerly known as Statement of Financial Accounting Standards (SFAS) No. 141 (SFAS No. 141), which was later replaced by SFAS 141 (R)). Our methodology for allocating the cost of acquisitions to assets acquired and liabilities assumed is based on estimated fair values, replacement cost and appraised values. We estimate the fair value of acquired tangible assets (consisting of land, buildings and improvements), identified intangible lease assets and liabilities (consisting of acquired above market leases, acquired in-place lease value and acquired below-market leases) and assumed debt.

Based on these estimates, we allocate the purchase price to the applicable assets and liabilities. The value allocated to in-place lease costs (tenant improvements and leasing commissions) are amortized over the related lease term and reflected as depreciation and amortization. The value of in-place lease assets and assumed above and below-market leases is amortized over the related lease term and reflected as either an increase (for below-market leases) or a decrease (for in-place lease assets above-market leases) to rental income. The fair value of the debt assumed is determined using current market interest rates for comparable debt financings.

## **Table of Contents**

### **Factors That May Influence Future Results of Operations**

#### ***Rental Revenue***

We derive revenues primarily from rents, rent escalations, expense reimbursements and other income received from tenants under existing leases at each of our properties. Escalations and expense reimbursements consist of payments made by tenants to us under contractual lease obligations to reimburse a portion of the property operating expenses and real estate taxes incurred at each property.

We believe that the average rental rates for in-place leases at our properties are generally below the current market rates, although individual leases at particular properties presently may be leased above, at or below the current market rates within its particular submarket.

The amount of net rental income and reimbursements that we receive depends principally on our ability to lease currently available space, re-lease space to new tenants upon the scheduled or unscheduled termination of leases or renew expiring leases and to maintain or increase our rental rates. Factors that could affect our rental incomes include, but are not limited to: local, regional or national economic conditions; an oversupply of, or a reduction in demand for, office or retail space; changes in market rental rates; our ability to provide adequate services and maintenance at our properties; and fluctuations in interest rates could adversely affect our rental income in future periods. Future economic or regional downturns affecting our submarkets or downturns in our tenants' industries could impair our ability to lease vacant space and renew or re-lease space as well as the ability of our tenants to fulfill their lease commitments, and could adversely affect our ability to maintain or increase the occupancy at our properties.

#### ***Tenant Credit Risk***

The economic condition of our tenants may also deteriorate, which could negatively impact their ability to fulfill their lease commitments and in turn adversely affect our ability to maintain or increase the occupancy level and/or rental rates of our properties. The recent economic downturn has resulted in many companies shifting to a more cautionary mode with respect to leasing. Many potential tenants are looking to consolidate, reduce overhead and preserve operating capital and many are also deferring strategic decisions, including entering into new, long-term leases at properties.

#### ***Leasing***

We have seen an improvement since 2008 in leasing activity. For example, during 2011, on a pro forma basis, we signed 1,534,064 rentable square feet of new leases and lease renewals, an increase of 28.1% over 2010 and 33.9% over 2009. An additional 259,043 rentable square feet of leases and lease renewals, on a pro forma basis, was signed in the three months ended March 31, 2012.

Due to the relatively small number of leases that are signed in any particular quarter, one or more larger leases may have a disproportionately positive or negative impact on average base rent, tenant improvement and leasing commission costs for that period. As a result, we believe it is more appropriate when analyzing trends in average base rent and tenant improvement and leasing commission costs to review activity over multiple quarters or years. Tenant improvement costs include expenditures for general improvements occurring concurrently with, but that are not directly related to, the cost of installing a new tenant. Leasing commission costs are similarly subject to significant fluctuations depending upon the length of leases being signed and the mix of tenants from quarter to quarter.

As of March 31, 2012, our Manhattan and greater New York metropolitan area office properties were 76.2% leased (or 80.9% giving effect to leases signed but not yet commenced as of that date) and 88.4% leased (or 88.5% giving effect to leases signed but not yet commenced as of that date), respectively, and our office properties as a whole were 79.1% leased (or 82.7% giving effect to leases signed but not yet commenced as of that date). As of March 31, 2012, there was approximately 1.4 million rentable square feet of space in our portfolio available to lease (excluding leases signed but not yet commenced) representing 17.0% of the net rentable square footage of the properties in our portfolio. In addition, leases representing 7.3% and 7.2% of net

---

## **Table of Contents**

rentable square footage of the properties in our portfolio will expire in the remainder of 2012 (including month-to-month leases) and in 2013, respectively. These leases are expected to represent approximately 7.1% and 9.7%, respectively, of our annualized base rent for such periods. Our revenues and results of operations can be impacted by expiring leases that are not renewed or re-leased or that are renewed or re-leased at base rental rates equal to above or below the current average base rental rates. Further, our revenues and results of operations can also be affected by the costs we incur to re-lease available space, including payment of leasing commissions, renovations and build-to-suit remodeling that may not be borne by the tenant.

We believe that as we complete the renovation and repositioning of our properties we will, over the long-term, experience increased occupancy levels and rents. Over the short-term, as we renovate and reposition our properties, which includes aggregating smaller spaces to offer large blocks of space, we may experience lower occupancy levels as a result of having to relocate tenants to alternative space and the strategic expiration of existing leases. We believe that despite the short-term lower occupancy levels we may experience, we will continue to experience increased rental revenues as a result of the increased rents which we expect to obtain in following the renovation and repositioning of our properties.

### ***Market Conditions***

The properties in our portfolio are located in Manhattan and the greater New York metropolitan area, which includes Fairfield County, Connecticut and Westchester County, New York. Positive or negative changes in conditions in these markets, such as business hirings or layoffs or downsizing, industry growth or slowdowns, relocations of businesses, increases or decreases in real estate and other taxes, costs of complying with governmental regulations or changed regulation, can impact our overall performance.

### ***Taxable REIT Subsidiaries***

Following this offering and the formation transactions, Empire State Realty Observatory TRS, LLC, a New York limited liability company, which we refer to as Observatory TRS, and Empire State Realty Holdings TRS, LLC, a Delaware limited liability company, which we refer to as Holding TRS, will be wholly owned subsidiaries of our operating partnership. We intend to elect, together with Observatory TRS and Holding TRS, to treat Observatory TRS and Holding TRS as TRSs of ours for U.S. federal income tax purposes. A TRS generally may provide non-customary and other services to our tenants and engage in activities that we may not engage in directly without adversely affecting our qualification as a REIT, although a TRS may not operate or manage a lodging facility or provide rights to any brand name under which any lodging facility is operated. See U.S. Federal Income Tax Considerations Requirements for Qualification General Effect of Subsidiary Entities Taxable REIT Subsidiaries. We may form additional TRSs in the future, and our operating partnership may contribute some or all of its interests in certain wholly owned subsidiaries or their assets to Observatory TRS and Holding TRS. Any income earned by a TRS of ours will not be included in our taxable income for purposes of the 75% or 95% gross income tests, except to the extent such income is distributed to us as a dividend, in which case such dividend income will qualify under the 95%, but not the 75%, gross income test. See U.S. Federal Income Tax Considerations Requirements for Qualification General Gross Income Tests. Because a TRS is subject to entity-level U.S. federal income tax and state and local income tax (where applicable) in the same manner as other taxable corporations, the income earned by a TRS of ours generally will be subject to an additional level of tax as compared to the income earned by our other subsidiaries.

The observatory operations at the Empire State Building have historically been part of the financial results of Empire State Building Company L.L.C., one of the non-controlled entities, and therefore, have not been consolidated into our predecessor's financial statements. Instead, they have been a component of our predecessor's equity investment in non-controlled entities. Following this offering and the formation transactions, these operations will be part of our consolidated results and we anticipate it will constitute a separate accounting segment. The revenues from our observatory operations will represent a significant portion of our operations following this offering and the formation transactions representing 13.3% and 16.2% of our pro forma revenues for the three months ended March 31, 2012 and the year ended December 31, 2011, respectively. For the three months ended March 31, 2012 and the year ended December 31, 2011, the lease payment from the

---

## **Table of Contents**

observatory operations to the Empire State Building Company L.L.C. was \$3.3 million and \$49.8 million, respectively. These operations will be run by Observatory TRS. Our operating partnership and Observatory TRS are party to a lease which is structured to pay our operating partnership a fixed minimum rent plus variable gross participations in certain operations of our observatory. Therefore, the amounts payable under this lease will be dependent upon the following: (i) the number of tourists (domestic and international) that come to New York City and visit the observatory, as well as any related tourism trends; (ii) the prices per admission that can be charged; (iii) seasonal trends affecting the number of visitors to the observatory; (iv) competition, in particular from the planned observation in the new property under construction at One World Trade Center; and (v) weather trends.

### ***Operating expenses***

Our operating expenses generally consist of repairs and maintenance, security, utilities, property-related payroll, bad debt expense and prior to this offering, third-party management fees. Factors that may affect our ability to control these operating costs include: increases in insurance premiums, tax rates, the cost of periodic repair, renovation costs and the cost of re-leasing space, the cost of compliance with governmental regulation, including zoning and tax laws, the potential for liability under applicable laws and interest rate levels. Also, as a public company, our annual general and administrative expenses will be meaningfully higher compared to historical expenses due to legal, insurance, accounting and other expenses related to corporate governance, SEC reporting, other compliance matters and the costs of operating as a public company. If our operating costs increase as a result of any of the foregoing factors, our future cash flow and results of operations may be adversely affected.

The expenses of owning and operating a property are not necessarily reduced when circumstances, such as market factors and competition, cause a reduction in income from the property. If revenues drop, we may not be able to reduce our expenses accordingly. Costs associated with real estate investments, such as real estate taxes and maintenance generally, will not be materially reduced even if a property is not fully occupied or other circumstances cause our revenues to decrease. As a result, if revenues decrease in the future, static operating costs may adversely affect our future cash flow and results of operations. If similar economic conditions exist in the future, we may experience future losses.

### ***Cost of funds and interest rates***

We expect future changes in interest rates will impact our overall performance. Subject to maintaining our qualification as a REIT for U.S. federal income tax purposes, we may mitigate the risk of interest rate volatility through the use of hedging instruments, such as interest rate swap agreements and interest rate cap agreements. While we may seek to manage our exposure to future changes in rates, portions of our overall outstanding debt will likely remain at floating rates. Following this offering and the formation transactions, we expect to have floating rate mortgage loans on 501 Seventh Avenue (third lien), 250 West 57th Street (third lien), 1350 Broadway (second lien) and our secured term loan on the Empire State Building, which collectively represent 16.8% of our pro forma indebtedness. Our floating rate debt may increase to the extent we use available borrowing capacity under our loans to fund capital improvements. We continually evaluate our debt maturities, and, based on management's current assessment, believe we have viable financing and refinancing alternatives that will not materially adversely impact our expected financial results. Upon completion of this offering, we will have no debt maturities in the remainder of 2012 and maturities in the amount of \$57.6 million in 2013.

### ***Competition***

The leasing of real estate is highly competitive in Manhattan and the greater New York metropolitan market in which we operate. We compete with numerous acquirers, developers, owners and operators of commercial real estate, many of which own or may seek to acquire or develop properties similar to ours in the same markets in which our properties are located. The principal means of competition are rent charged, location, services provided and the nature and condition of the facility to be leased. In addition, we face competition from other real estate companies including other REITs, private real estate funds, domestic and foreign financial institutions,

## **Table of Contents**

life insurance companies, pension trusts, partnerships, individual investors and others that may have greater financial resources or access to capital than we do or that are willing to acquire properties in transactions which are more highly leveraged or are less attractive from a financial viewpoint than we are willing to pursue. In addition, competition from observatory and/or broadcasting operations in the new property currently under construction at One World Trade Center and, to a lesser extent, from the existing observatory at Rockefeller Center and the existing broadcasting facility at Four Times Square, could have a negative impact on revenues from our observatory and/or broadcasting operations. Adverse impacts on domestic travel and changes in foreign currency exchange rates may also decrease demand in the future, which could have a material adverse effect on our results of operations, financial condition and ability to make distributions to our stockholders. Additionally, completion of the new Vornado Tower currently under construction at 15 Penn Plaza may provide a source of competition for office and retail tenants, due to its close proximity to the Empire State Building. If our competitors offer space at rental rates below current market rates, below the rental rates we currently charge our tenants, in better locations within our markets or in higher quality facilities, we may lose potential tenants and we may be pressured to reduce our rental rates below those we currently charge in order to retain tenants when our tenants' leases expire.

## **Critical Accounting Policies**

### **Basis of Presentation and Principles of Combination**

The accompanying combined financial statements of the predecessor are prepared in accordance with U.S. generally accepted accounting principles, or GAAP, and with the rules and regulations of the U.S. Securities and Exchange Commission, or the SEC. The effect of all significant intercompany balances and transactions has been eliminated. The combined financial statements include all the accounts and operations of our predecessor. The real estate entities included in the accompanying combined financial statements have been combined on the basis that, for the periods presented, such entities were under common control, common management and common ownership of the sponsors and/or their affiliates and family members. Equity interests in the combining entities that are not controlled by the sponsors and/or their affiliates and family members are shown as investments in uncombined entities. We will also acquire these interests.

In June 2009, the Financial Accounting Standards Board, or FASB, amended the guidance for determining whether an entity is a variable interest entity, or VIE, and requires the performance of a qualitative rather than a quantitative analysis to determine the primary beneficiary of a VIE. Under this guidance, an entity would be required to consolidate a VIE if it has (i) the power to direct the activities that most significantly impact the entity's economic performance and (ii) the obligation to absorb losses of the VIE or the right to receive benefits from the VIE that could be significant to the VIE. Adoption of this guidance on January 1, 2010 did not have a material impact on our combined financial statements. Management does not believe that we have any variable interests in VIEs.

We will assess the accounting treatment for each investment we may have in the future. This assessment will include a review of each entity's organizational agreement to determine which party has what rights and whether those rights are protective or participating. For all VIEs, we will review such agreements in order to determine which party has the power to direct the activities that most significantly impact the entity's economic performance and benefit. In situations where we or our partner could approve, among other things, the annual budget, the entity's tax return before filing, and leases that cover more than a nominal amount of space relative to the total rentable space at each property, we would not consolidate the investment as we consider these to be substantive participation rights that result in shared power of the activities that would most significantly impact the performance and benefit of such joint venture investment. Such agreements could also contain certain protective rights such as the requirement of partner approval to sell, finance or refinance the investment and the payment of capital expenditures and operating expenditures outside of the approved budget or operating plan.

A non-controlling interest in a consolidated subsidiary is defined as the portion of the equity (net assets) in a subsidiary not attributable, directly or indirectly, to a parent. Non-controlling interests are required to be presented as a separate component of equity in the combined balance sheets and in the combined statements of

**Table of Contents**

income by requiring earnings and other comprehensive income to be attributed to controlling and non-controlling interests. As the financial statements of our predecessor have been prepared on a combined basis, there is no non-controlling interest for the periods presented.

**Accounting Estimates**

The preparation of the combined financial statements in accordance with GAAP requires management to use estimates and assumptions that in certain circumstances affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Significant items subject to such estimates and assumptions include allocation of the purchase price of acquired real estate properties among tangible and intangible assets, determination of the useful life of real estate properties and other long-lived assets, valuation and impairment analysis of combined and uncombined commercial real estate properties and other long-lived assets, estimate of percentage of completion on construction contracts, and valuation of the allowance for doubtful accounts. These estimates are prepared using management's best judgment, after considering past, current, and expected events and economic conditions. Actual results could differ from those estimates.

**Real Estate**

Commercial real estate properties are recorded at cost, less accumulated depreciation and amortization. The recorded cost includes cost of acquisitions, development and construction and tenant allowances and improvements. Expenditures for ordinary repairs and maintenance are charged to operations as incurred. Significant replacements and betterments which improve or extend the life of the asset are capitalized. Tenant improvements which improve or extend the life of the asset are capitalized. If a tenant vacates its space prior to the contractual termination of its lease, the unamortized balance of any tenant improvements are written off if they are replaced or have no future value.

Properties are depreciated using the straight-line method over the estimated useful lives of the assets. The estimated useful lives are as follows:

Category	Term
Building (fee ownership)	39 years
Building improvements	Shorter of remaining life of the building or useful life
Building (leasehold interest)	Lesser of 39 years or remaining term of the lease
Furniture and fixtures	Four to seven years
Tenant improvements	Shorter of remaining term of the lease or useful life

For commercial real estate properties acquired after June 30, 2001, we assess the fair value of acquired tangible and intangible assets (including land, buildings, tenant improvements, above- and below-market leases, origination costs, acquired in-place leases, other identified intangible assets and assumed liabilities) in accordance with guidance included in ASC 805 and allocate the purchase price to the acquired assets and assumed liabilities, including land at appraised value and buildings as if vacant, based on estimated fair values. We assess and consider fair value based on estimated cash flow projections that utilize discount and/or capitalization rates that we deem appropriate, as well as available market information. Estimates of future cash flows are based on a number of factors, including the historical operating results, known and anticipated trends, and market and economic conditions. The fair value of the tangible assets of an acquired property considers the value of the property as if it were vacant. We also consider an allocation of purchase price of other acquired intangibles, including acquired in-place leases that may have a customer relationship intangible value, including (but not limited to) the nature and extent of the existing relationship with the tenants, the tenant's credit quality and expectations of lease renewals. Based on our acquisitions to date, our allocation to customer relationship intangible assets has been immaterial. Real estate properties acquired prior to July 1, 2001 were accounted for under the provisions of Accounting Principles Board ( APB ) 16, ( APB 16 ), using the purchase method. Under the provisions of APB 16, we did not allocate any of the purchase prices to acquired leases. APB 16 was superseded by SFAS 141 and later SFAS 141(R).

## **Table of Contents**

Acquired in-place lease costs (tenant improvements and leasing commissions) are amortized as amortization expense on a straight-line basis over the remaining life of the underlying leases. Acquired in-place lease assets and assumed above- and below-market leases are amortized on a straight-line basis as an adjustment to rental revenue over the remaining term of the underlying leases, including, for below-market leases, fixed option renewal periods, if any. To date, all such acquired lease intangibles were deemed to be immaterial and have been recorded as part of the cost of the acquired building.

Results of operations of properties acquired are included in the combined statements of income from the date of acquisition. Effective January 1, 2009, the date we adopted ASC 805, we were required to expense all acquisition related costs as incurred. Prior to this date, directly related acquisition costs were treated as part of consideration paid and were capitalized. No properties were acquired during the periods presented, nor did we incur any acquisition related costs.

Should a tenant terminate its lease, any unamortized acquired in-place lease costs and acquired in-place lease assets and assumed above- and below-market leases associated with that tenant will be written off to amortization expense or rental revenue, as indicated above.

For properties which we construct, we capitalize the cost to acquire and develop the property. The costs to be capitalized include pre-construction costs essential to the development of the property, development costs, construction costs, interest costs, real estate taxes, salaries and related costs of personnel directly involved and other costs incurred during the period of development.

Construction in progress is stated at cost, which includes the cost of construction, other direct costs and overhead costs attributable to the construction. Interest is capitalized if deemed material. No provision for depreciation is made on construction in progress until such time as the relevant assets are completed and put into use.

We cease capitalization on the portions of a construction property substantially completed and occupied or held available for occupancy, and capitalize only those costs associated with the portions under construction.

As a part of and concurrently with this offering and the formation transactions, we will distribute our interest in certain residential buildings and land located in Stamford, Connecticut, which is zoned for residential use and held for future development. These interests have a historical cost of \$15.6 million as of March 31, 2012 and such residential buildings and land will be distributed to certain of the owners of our predecessor and therefore will not be acquired by us.

A property to be disposed of is reported at the lower of its carrying amount or its estimated fair value, less its cost to sell. Once an asset is held for sale, depreciation expense is no longer recorded and the historic results are reclassified as discontinued operations.

## **Investments in Non-Controlled Entities**

We account for our investments under the equity method of accounting where we do not have control but have the ability to exercise significant influence. Under this method, our investments are recorded at cost, and the investment accounts are adjusted for our share of the entities' income or loss and for distributions and contributions. Equity income (loss) from non-controlled entities is allocated based on the portion of our ownership interest that is controlled by the sponsor in each entity. The agreements may designate different percentage allocations among investors for profits and losses; however, our recognition of the entity's income or loss generally follows the entity's distribution priorities, which may change upon the achievement of certain investment return thresholds.

To the extent that we contributed assets to an entity, our investment in the entity is recorded at cost basis in the assets that were contributed to the entity. Upon contributing assets to an entity, we make a judgment as to whether the economic substance of the transaction is a sale. If so, gain or loss is recognized on the portion of the asset to which the other partners in the entity obtain an interest.

## **Table of Contents**

To the extent that the carrying amount of these investments on our combined balance sheets is different than the basis reflected at the entity level, the basis difference would be amortized over the life of the related asset and included in our share of equity in net income of the entity.

On a periodic basis, we assess whether there are any indicators that the carrying value of our investments in entities may be impaired on an other than temporary basis. An investment is impaired only if management's estimate of the fair value of the investment is less than the carrying value of the investment on an other than temporary basis. To the extent impairment has occurred, the loss shall be measured as the excess of the carrying value of the investment over the fair value of the investment. None of our investments in non-controlled entities are other than temporarily impaired.

We recognize incentive income in the form of overage fees from certain uncombined entities (which include non-controlled and other properties not included in our predecessor) as income to the extent it has been earned and not subject to a clawback feature.

If our share of distributions and net losses exceeds our investments for certain of the equity method investments and if we remain liable for future obligations of the entity or may otherwise be committed to provide future additional financial support, the investment balances would be presented in the accompanying combined balance sheets as liabilities. The effects of material intercompany transactions with these equity method investments are eliminated. None of the entity debt is recourse to us.

The revenues and expenses of the non-controlled entities, including those generated by our observatory operations and our broadcasting operations, are not included in the historical operating results of our predecessor. These revenues and expenses are included in the non-controlled entities' financial statements and we recognize our share of net income, including those generated by our observatory operations and our broadcasting operations, through our share of equity in earnings. Upon completion of this offering and the formation transactions, the operations of the non-controlled entities, including our observatory operations and our broadcasting operations, will be combined with our company, our operating partnership and/or our subsidiaries. The revenue and expense recognition accounting policies in the financial statements of the non-controlled entities are substantially the same as those of our historical predecessor. For our observatory operations, revenues consist of admission fees to visit our observatory and are recognized as income when admission tickets are sold. We also recognize rental revenue attributable to a retail tenant which operates the concession space in the observatory. In addition, we also participate in revenues generated by concession operators from photography, audio and other products and services which are recognized as income at the time of sale. For our broadcasting operations, revenues consist of broadcasting licenses and related leased space. We recognize broadcast licenses on a straight-line basis over the terms of the license agreements. We also receive rental revenue from certain broadcasting tenants which we recognize on a straight-line basis over the terms of the separate lease agreements. Expenses for our observatory and broadcasting operations are recognized as incurred.

## **Impairment of Long-Lived Assets**

Long-lived assets, such as commercial real estate properties and purchased intangible assets subject to amortization, are reviewed for impairment on a property by property basis whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. On a periodic basis, we assess whether there are any indicators that the value of our real estate properties may be impaired or that its carrying value may not be recoverable. If circumstances require that a long-lived asset be tested for possible impairment, we first compare undiscounted cash flows expected to be generated by an asset to the carrying value of the asset. If the carrying value of the long-lived asset is not recoverable on an undiscounted cash flow basis, impairment is recognized to the extent that the carrying value exceeds its fair value. We do not believe that the value of any of our properties and intangible assets were impaired during the three months ended March 31, 2012 and the years ended December 31, 2011, 2010 and 2009.

## **Table of Contents**

### **Income Taxes**

We intend to elect and to qualify as a REIT for U.S. federal income tax purposes commencing with the taxable year ending December 31, 2012. So long as we qualify as a REIT, we generally will not be subject to U.S. federal income tax on our net income that we distribute currently to our stockholders. To maintain our qualification as a REIT, we are required under the Internal Revenue Code of 1986, as amended, or the Code, to distribute at least 90% of our REIT taxable income (without regard to the deduction for dividends paid and excluding net capital gains) to our stockholders and meet certain other requirements. If we fail to qualify as a REIT in any taxable year, we will be subject to U.S. federal income tax on our taxable income at regular corporate rates. Even if we qualify for taxation as a REIT, we may also be subject to certain state, local and franchise taxes. Under certain circumstances, U.S. federal income and excise taxes may be due on our undistributed taxable income.

During the periods presented, the entities included in the combined financial statements are treated as partnerships or S corporations for U.S. federal and state income tax purposes and, accordingly, are not subject to entity-level tax. Rather, each entity's taxable income or loss is allocated to its owners. Therefore, no provision or liability for U.S. federal or state income taxes has been included in the accompanying combined financial statements.

Two of the limited liability companies in the combined group have non-real estate income that is subject to New York City unincorporated business tax ( NYCUBT ). In 2011, one of these entities generated a loss for NYCUBT purposes while the other entity generated income. In 2009 and 2010, both entities generated losses for NYCUBT purposes. It is estimated that it is more likely than not that those losses will not provide future benefit.

No provision or liability for U.S. federal, state, or local income taxes has been included in these combined financial statements, as current year taxable income as referred to above is fully offset by a NYCUBT net operating loss carry forward from previous years.

We account for uncertain tax positions in accordance with ASC 740, Income Taxes. ASC No. 740-10-65 addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under ASC No. 740-10-65, we may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. ASC No. 740-10-65 also provides guidance on de-recognition, classification, interest and penalties on income taxes and accounting in interim periods and requires increased disclosures. As of March 31, 2012 and December 31, 2011 and 2010, we do not have a liability for uncertain tax positions. Potential interest and penalties associated with such uncertain tax positions are recorded as a component of the income tax provision. As of March 31, 2012, the tax years ended December 31, 2008 through December 31, 2011 remain open for an audit by the Internal Revenue Service. We have not received a notice of audit from the Internal Revenue Service for any of the open tax years.

### **Segment Reporting**

Management has determined that our predecessor operates in two reportable segments: a real estate segment and a construction contracting segment. Our real estate segment includes all activities related to the ownership, management, operation, acquisition, repositioning and disposition of our real estate assets, including properties which are accounted for by the equity method. Our construction segment includes all activities related to providing construction services to tenants and to other entities within and outside our company. These two lines of businesses are managed separately because each business requires different support infrastructures, provides different services and has dissimilar economic characteristics such as investments needed, stream of revenues and different marketing strategies. We account for intersegment sales and transfers as if the sales or transfers were to third parties, that is, at current market prices. Although our observatory operations are currently not

---

## **Table of Contents**

presented as a segment in our predecessor's historical financial statements since our predecessor has a non-controlling interest in such observatory operations, we anticipate that the operations of our observatory will encompass a reportable segment upon completion of this offering and the formation transactions. We account for intersegment sales and transfers as if the sales or transfers were to third parties, that is, at current market prices.

### **Goodwill**

Certain of the properties we will acquire in the formation transactions are owned in two-tier structures with one entity owning a fee or master leasehold interest in the property and the other entity owning an operating or sub-leasehold interest. This structure was implemented at inception to achieve flow through tax treatment. The operating lessee controls the operations of the property with the operating lease structured in a manner that shares net operating results, including capital expenditures and debt service, between these two entities. Two of the operating lessees, Empire State Building Company L.L.C. and 501 Seventh Avenue Associates L.L.C., are non-controlled entities and only the predecessor's non-controlling interest in the operations of these two entities are part of our predecessor's historical operations. In the remainder of these two-tier structures, the operations of both the owner and the operating lessee are part of our historical predecessor and are consolidated into our predecessor's historical financial statements.

The interests in our predecessor will be recorded at historical cost at the time of the formation transactions. Using the preliminary aggregate exchange values, as of March 31, 2012, on a pro forma basis, the carrying value of our assets is substantially below their fair value. The acquisition of the controlling interests in the non-controlled entities, including the two operating lessees, will be accounted for as an acquisition under the acquisition method of accounting and we will recognize the estimated fair value of the assets and liabilities acquired at the time of the consummation of the formation transaction. When we acquire the controlling interest in the assets of these two non-controlled operating lessees, the operating lease will be cancelled as the operations of the properties will be consolidated into our operations. The purchase price will be allocated to any identified tangible or intangible assets we are acquiring from these two entities. Since the non-controlled operating lessees have no interest in the land or base building, the excess of the purchase price over any identified tangible and intangible assets for Empire State Building Company L.L.C. and 501 Seventh Avenue Associates L.L.C. will be recognized as goodwill on our balance sheet.

Using the preliminary aggregate exchange values for the acquisition of these two non-controlled operating leaseholds, we expect to record approximately \$1.13 billion of goodwill. Approximately \$229.0 million of the expected goodwill represents the fair value of the observatory operations of the Empire State Building after adjustment for an estimated market rent that the observatory would incur to the property owner, and approximately \$905.9 million of the expected goodwill represents the remainder of the excess of the purchase price over identified tangible and intangible assets, of which approximately \$893.4 million is attributable to Empire State Building Company L.L.C. and approximately \$12.5 million is attributable to 501 Seventh Avenue Associates L.L.C. Goodwill is not amortized and, therefore, will not affect our future cash flows but may affect our income statement if impaired. Based upon the preliminary aggregate exchange values as of March 31, 2012, the fair value of the assets of our company subsequently would have to decrease by over 63.3%, or \$2.5 billion, for a determination that the goodwill may be impaired.

We will review goodwill annually for impairment and whenever events or changes in circumstances indicate the carrying value of goodwill may be impaired. Goodwill impairment evaluation requires us to perform a two-step impairment test. In the first step, we compare the fair value of each reporting unit to its carrying value. If the fair value of the reporting unit exceeds the carrying value of the net assets assigned to that unit, goodwill is not impaired. If the carrying value of the net assets assigned to the reporting unit exceeds the fair value of the reporting unit, then the second step of the impairment test is performed in order to determine the implied fair value of the reporting unit's goodwill. If the carrying value of a reporting unit's goodwill exceeds its implied fair value, then we will record an impairment write-off equal to the difference. After completion of the formation transaction, we may assess qualitative factors to determine whether it is more likely than not that the fair value of

## **Table of Contents**

a reporting unit is less than its carrying amount, including goodwill. This assessment can consider relevant events and circumstances such as macro economic conditions, industry and market considerations, overall report general financial performance and other relevant entity-specific events.

Determining the fair value of a reporting unit is judgmental in nature and involves the use of significant estimates and assumptions. These estimates and assumptions include revenue growth rates and operating margins used to calculate projected future cash flows, discount rates and future economic and market conditions. Our estimates are based upon assumptions believed to be reasonable, but which are inherently uncertain and unpredictable. These valuations require the use of management's assumptions, which would not reflect unanticipated events and circumstances that may occur.

The preliminary aggregate exchange value was determined by the independent valuer for the purpose of allocating equity interests in the 18 office and retail assets, one development parcel and our predecessor's management companies that are being contributed to our company pursuant to the consolidation. The independent valuer's preliminary appraisal was prepared for the purpose of determining these allocations and not for the purpose of establishing the absolute enterprise value of our company. The independent valuer's preliminary appraisal may be materially different from the market determination of the enterprise value of our company in this offering.

### **Cash and Cash Equivalents**

Cash and cash equivalents consist of cash on hand, demand deposits with financial institutions and short-term liquid investments with original maturities of three months or less when purchased. The majority of our cash and cash equivalents are held at major commercial banks which may at times exceed the Federal Deposit Insurance Corporation limit. To date, we have not experienced any losses on our invested cash.

### **Restricted Cash**

Restricted cash consists of amounts held by lenders and/or escrow agents to provide for future real estate tax expenditures and insurance expenditures, tenant vacancy related costs, debt service obligations and amounts held for tenants in accordance with lease agreements such as security deposits, as well as amounts held by our third-party property managers.

### **Revenue Recognition**

#### ***Rental Revenue***

Rental revenue includes base rents that each tenant pays in accordance with the terms of its respective lease and is reported on a straight-line basis over the non-cancellable term of the lease which includes the effects of rent steps and rent abatements under the leases. We commence rental revenue recognition when the tenant takes possession of the leased space or controls the physical use of the leased space and the leased space is substantially ready for its intended use. In addition, many of our leases contain fixed percentage increases over the base rent to cover escalations. We account for all of our leases as operating leases. Deferred rent receivables, including free rental periods and leasing arrangements allowing for increased base rent payments are accounted for in a manner that provides an even amount of fixed lease revenues over the respective non-cancelable lease terms. Differences between rental income recognized and amounts due under the respective lease agreements are recognized as an increase or decrease to deferred rents receivable.

The timing of rental revenue recognition is impacted by the ownership of tenant improvements and allowances. When we are the owner of the tenant improvements, revenue recognition commences after both the improvements are completed and the tenant takes possession or control of the space. In contrast, if we determine that the tenant allowances we are funding are lease incentives, then we commence revenue recognition when possession or control of the space is turned over to the tenant. Tenant improvement ownership is determined

## **Table of Contents**

based on various factors including, but not limited to, whether the lease stipulates how and on what a tenant improvement allowance may be spent, whether the tenant or landlord retains legal title to the improvements at the end of the lease term, whether the tenant improvements are unique to the tenant or general-purpose in nature, and whether the tenant improvements are expected to have any residual value at the end of the lease.

In addition to base rent, our tenants also generally will pay their pro rata share of increases in real estate taxes and operating expenses for the building over a base year. In some leases, in lieu of paying additional rent based upon increases in building operating expenses, the tenant will pay additional rent based upon increases in the wage rate paid to porters over the porters' wage rate in effect during a base year or increases in the Consumer Price Index over the index value in effect during a base year.

We will recognize rental revenue of acquired in-place above- and below-market leases at their fair values over the terms of the respective leases.

Lease cancellation fees are recognized when the fees are determinable, tenant vacancy has occurred, collectability is reasonably assured, we have no continuing obligation to provide services to such former tenants and the payment is not subject to any conditions that must be met or waived. Such fees are included in other income and fees in our combined statements of income.

Upon completion of this offering and the formation transactions, the operations of the non-controlled entities, including our observatory operations and our broadcasting operations, will be combined with our company, our operating partnership and/or our subsidiaries. For our observatory operations, revenues consist of admission fees to visit our observatory and we will recognize them as income when admission tickets are sold. For our broadcasting operations, revenues consist of broadcasting licenses and related leased space. We recognize broadcast licenses on a straight-line basis over the terms of the license agreements. We also receive rental revenue from certain broadcasting tenants which we recognize on a straight-line basis over the terms of the separate lease agreements.

We also earn concession revenues from photography, gifts and other products and services related to our observatory operations which are recognized at the time of sale.

### ***Gains on Sale of Real Estate***

We record a gain on sale of real estate when title is conveyed to the buyer and we have no substantial economic involvement with the property. If the sales criteria for the full accrual method are not met, we defer some or all of the gain recognition and accounts for the continued operations of the property by applying the finance, leasing, profit sharing, deposit, installment or cost recovery methods, as appropriate, until the sales criteria are met.

Gains from sales of depreciated properties are included in discontinued operations and the net proceeds from the sale of these properties are classified in the investing activities section of the combined statements of cash flows. During the periods presented, we did not sell any properties.

### ***Third-Party Management, Leasing and Other Fees***

We earn revenue arising from contractual agreements with affiliated entities of the sponsors that are not presented as controlled entities. This revenue is recognized as the related services are performed under the respective agreements in place.

### ***Construction Revenue***

Revenues from construction contracts are recognized under the percentage of completion method. Under this method, progress towards completion is recognized according to the ratio of incurred costs to estimated total costs. This method is used because management considers the cost-to-cost method the most appropriate in the circumstances.

## **Table of Contents**

Contract costs include all direct material, direct labor and other direct costs and an allocation of certain overhead related to contract performance. General and administrative costs are charged to expense as incurred. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined. Changes in job performance, job conditions and estimated profitability, including those arising from settlements, may result in revisions to costs and income and are recognized in the period in which the revisions are determined.

### **Allowance for Doubtful Accounts**

We maintain an allowance against tenant and other receivables and deferred rents receivables for future potential tenant credit losses. The credit assessment is based on the estimated accrued rental revenue that is recoverable over the term of the respective lease. We also maintain an allowance for doubtful accounts for estimated losses resulting from the inability of tenants to make required rent payments. The computation of this allowance is based on the tenants' payment history and current credit status, as well as certain industry or geographic specific credit considerations. If our estimate of collectability differs from the cash received, then the timing and amount of our reported revenue could be impacted. Bad debt expense is included in operating expenses on our combined statements of income and is an offset to allowance for doubtful accounts on our combined balance sheets.

### **Discontinued Operations**

We reclassify material operations related to properties sold during the period or held for sale at the end of the period to discontinued operations for all periods presented. There were no discontinued operations in the periods presented.

### **Deferred Lease Costs**

Deferred lease costs consist of fees and direct costs incurred to initiate and renew leases, are amortized on a straight-line basis over the related lease term and the expense is included in depreciation and amortization in our combined statements of income. Upon the early termination of a lease, unamortized deferred leasing costs are charged to expense.

### **Deferred Financing Costs**

Fees and costs incurred to obtain long-term financing have been deferred and are being amortized as a component of interest expense in our combined statements of income over the life of the respective mortgage on the straight-line method which approximates the effective interest method. Unamortized deferred financing costs are expensed when the associated debt is refinanced or repaid before maturity. Costs incurred in seeking debt, which do not close, are expensed in the period in which it is determined that the financing will not close.

### **Advertising and Marketing Costs**

Advertising and marketing costs are expensed as incurred.

### **Fair Value**

Fair value is a market-based measurement, not an entity-specific measurement, and should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, FASB guidance establishes a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within levels one and two of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within level three of the hierarchy).

## **Table of Contents**

We use the following methods and assumptions in estimating fair value disclosures for financial instruments.

Cash and cash equivalents, restricted cash, tenant and other receivables, accrued interest payable, due from affiliated companies, due to affiliate companies, deferred revenue, tenant security deposits and accounts payable approximate their fair values because of the short-term nature of these instruments.

The fair value of our mortgage notes payable is based on a discounted cash flow models using currently available market rates assuming the loans are outstanding through maturity and considering the loan to value ratios. The unsecured loans and notes payable are carried at amounts which reasonably approximate their fair value at inception.

The methodologies used for valuing financial instruments have been categorized into three broad levels as follows:

Level 1 Quoted prices in active markets for identical instruments.

Level 2 Valuations based principally on other observable market parameters, including:  
Quoted prices in active markets for similar instruments;

Quoted prices in less active or inactive markets for identical or similar instruments;

Other observable inputs (such as risk free interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks and default rates); and

Market corroborated inputs (derived principally from or corroborated by observable market data).

Level 3 Valuations based significantly on unobservable inputs.

Valuations based on third-party indications (broker quotes or counterparty quotes) which were, in turn, based significantly on unobservable inputs or were otherwise not supportable as Level 2 valuations.

Valuations based on internal models with significant unobservable inputs.

These levels form a hierarchy. We follow this hierarchy for our financial instruments measured at fair value on a recurring and nonrecurring basis and other required fair value disclosures. The classifications are based on the lowest level of input that is significant to the fair value measurement.

For all periods presented, we did not have any assets or liabilities subject to Level 1, 2, or 3 fair value measurements.

## **Offering Costs**

We have incurred external offering costs of approximately \$2.6 million for the three months ended March 31, 2012 and approximately \$13.3 million, \$3.9 million and \$0 for the years ended December 31, 2011, 2010 and 2009, respectively, which are included in deferred costs, net, in our combined balance sheets. We have deferred such costs which will be recorded as a reduction of proceeds of this offering, or expensed as incurred if this offering is not consummated. Additional offering costs for work done by employees of the supervisor for the three months ended March 31, 2012 and March 31, 2011 and for the years ended December 31, 2011, 2010 and 2009, were incurred and advanced by our supervisor and have been reimbursed to our supervisor by the existing entities in the amount of approximately \$395,000, \$411,000, \$1.8 million, \$453,000 and \$0, respectively. The revenue earned by our supervisor for the costs for the work done by the employees of the supervisor has been eliminated in combination and the costs have been included as a component of marketing, general and administrative expenses. Additionally, the non-controlled entities have incurred external offering costs of approximately \$1.5 million and \$884,000 for the three months ended March 31, 2012 and March 31, 2011, respectively, and approximately \$9.0 million, \$1.8 million and \$0 for the years ended December 31, 2011, 2010 and 2009, respectively, that are not included in our predecessor's historical financial statements. Further, additional offering costs for work done by

employees of the supervisor of \$247,000 and \$182,000 for the three

---

## **Table of Contents**

months ended March 31, 2012 and March 31, 2011, respectively, and \$1.2 million, \$172,000 and \$0 for the years ended December 31, 2011, 2010 and 2009, respectively, were incurred and advanced by the supervisor and have been reimbursed to the supervisor by the non-control entities. Additional offering costs for work done by employees of the supervisor of approximately \$89,000 and \$162,000 for the three months ended March 31, 2012 and March 31, 2011, respectively, and approximately \$340,000, \$139,000 and \$0 for the years ended December 31, 2011, 2010 and 2009, respectively, were incurred and advanced by the supervisor and have been reimbursed to the supervisor by the option entities.

### **Recently Adopted Accounting Pronouncements**

In December 2010, the FASB issued ASU 2010-29, Business Combinations (Topic 805): Disclosure of Supplementary Pro Forma Information for Business Combinations. This ASU clarifies for which periods supplemental disclosure of pro forma revenue and net income is required when a business combination occurs in the current period. The guidance clarifies that if a public entity presents comparative financial statements, the entity should disclose revenue and earnings of the combined entity as though the business combination(s) that occurred during the current year had occurred as of the beginning of the comparable prior annual reporting period only. In our case, the guidance is in effect for the 2011 annual reporting period. The adoption of this guidance did not have a material impact on our combined financial statements.

In September 2011, the FASB issued a new Accounting Standards Update (ASU) to enhance the disclosure requirements about an employer's participation in a multiemployer pension plan. Employers that participate in a multiemployer pension plan will be required to provide a narrative description of the general nature of the plans and the employer's participation in the plans that would indicate how the risks of these plans are different from single-employer plans and a disclosure of the minimum contributions required by the agreement. For each multiemployer pension plan that is individually significant, employers are required to provide additional disclosures including disaggregation of information. In our case, the guidance is in effect for the 2011 annual reporting period. During the year ended December 31, 2011, we adopted this guidance.

In May 2011 the FASB issued ASU No. 2011-04, Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in US GAAP and International Financial Reporting Standards (IFRS) (ASU 2011-04). ASU 2011-04 represents the converged guidance of the FASB and the IASB (the Boards) on fair value measurements. The collective efforts of the Boards and their staffs, reflected in ASU 2011-04, have resulted in common requirements for measuring fair value and for disclosing information about fair value measurements, including a consistent meaning of the term fair value. The Boards have concluded the common requirements will result in greater comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with GAAP and IFRS. The amendments in this ASU are required to be applied prospectively, and are effective for interim and annual periods beginning after December 15, 2011. The adoption of this guidance did not have a material impact on our combined financial statements.

In June 2011, the FASB issued Accounting Standards Update (ASU) No. 2011-05, Presentation of Comprehensive Income. The update provides an entity the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. In both choices, an entity is required to present each component of net income along with total net income, each component of other comprehensive income along with a total for other comprehensive income, and a total amount for comprehensive income. In addition, an entity is required to present on the face of the financial statements reclassification adjustments for items that are reclassified from other comprehensive income to net income in the statement(s) where the components of net income and the components of the comprehensive income are presented. The amendments in this update are to be applied retrospectively and are effective for fiscal years and interim periods beginning after December 15, 2011, except for the amendment to the presentation of reclassifications of items out of accumulated other comprehensive income which the FASB issued a deferral of the effective date on November 8, 2011. The adoption of this guidance did not have a material impact on our condensed combined financial statements.

**Table of Contents****Results of Operations****Overview**

For the periods presented, our predecessor's portfolio was comprised of interests in ten office properties and six retail properties and non-controlled interests in the following four office properties, which are accounted for under the equity method of accounting: the Empire State Building, 1350 Broadway, 1333 Broadway and 501 Seventh Avenue. The fee ownership interests of the Empire State Building and 501 Seventh Avenue are included in our predecessor's portfolio but the operating lease interests of these two properties are part of the predecessor's equity interest in non-controlled entities. These non-controlled interests will represent a significant part of our operations following this offering and the formation transactions (55.9% and 50.3% of our pro forma revenues for the three months ended March 31, 2012 and the year ended December 31, 2011, respectively) when they become consolidated into our operations. Also, for the periods presented below, rental revenue includes rental revenue earned by the Empire State Building and 501 Seventh Avenue related to leasehold rent (which leasehold rent will be eliminated in consolidation), which upon acquisition by our company will be eliminated in consolidation. The following comparative discussion of results of operations discusses only the operations of our predecessor (which reflects its interest in the non-controlled entities as an equity investment). Therefore, for periods following the completion of this offering and the formation transactions, our results of operations will be materially different as they will consolidate the non-controlled entities and will disclose more detailed information concerning the Empire State Building, 1350 Broadway, 1333 Broadway and 501 Seventh Avenue.

**Three Months Ended March 31, 2012 Compared to Three Months Ended March 31, 2011 (in thousands)**

The following table summarizes the historical results of operations of our predecessor for the three months ended March 31, 2012 and 2011:

	<b>Three Months Ended March 31,</b>		<b>Change</b>	<b>%</b>
	<b>2012</b>	<b>2011</b>		
<b>Revenues:</b>				
Rental revenue <sup>(1)</sup>	\$ 42,683	\$ 42,348	\$ 335	0.8%
Tenant expense reimbursement	7,248	7,846	(598)	(7.6%)
Third-party management and other fees	2,179	1,449	730	50.4%
Construction revenue	4,904	8,004	(3,100)	(38.7%)
Other income and fees	2,828	7,412	(4,584)	(61.8%)
<b>Total Revenues</b>	<b>59,842</b>	<b>67,059</b>	<b>(7,217)</b>	<b>(10.8%)</b>
<b>Operating Expenses:</b>				
Operating expenses	14,113	12,668	1,445	11.4%
Marketing, general and administrative expenses	3,836	4,085	(249)	(6.1%)
Construction expenses	4,957	8,118	(3,161)	(38.9%)
Real estate taxes	7,284	7,188	96	1.3%
Depreciation and amortization	9,943	8,020	1,923	24.0%
<b>Total Operating Expenses</b>	<b>40,133</b>	<b>40,079</b>	<b>54</b>	<b>0.1%</b>
<b>Income from Operations Before Interest Expense and Equity in Net Income of Non-Controlled Entities</b>				
	<b>19,709</b>	<b>26,980</b>	<b>(7,271)</b>	<b>(26.9%)</b>
Interest expense, net	13,104	12,904	200	1.5%
<b>Income from Operations before Equity in Net Income of Non-controlled Entities</b>	<b>6,605</b>	<b>14,076</b>	<b>(7,471)</b>	<b>(53.1%)</b>
Equity in net income of non-controlled entities	4,504	3,254	1,250	38.4%
<b>Net Income</b>	<b>\$ 11,109</b>	<b>\$ 17,330</b>	<b>\$ (6,221)</b>	<b>(35.9%)</b>

(1) Includes \$3,951 and \$3,368 of leasehold rent for the three months ended March 31, 2012 and March 31, 2011, respectively.

## **Table of Contents**

### ***Rental Revenue***

Rental revenue increased by \$335, or 0.8%, to \$42,683 for the three months ended March 31, 2012 from \$42,348 for the three months ended March 31, 2011. The increase was primarily attributable to (i) an increase in overage rent income at 501 Seventh Avenue of \$273 which was attributable to improvement and tenanting costs being funded by borrowings made by Seventh & 37<sup>th</sup> Associates L.L.C. (the lessor) as opposed to 501 Seventh Avenue Associates L.L.C. (the lessee) funding improvements costs during the period through operating cash flow which had been done in the first quarter of 2011 and (ii) a net increase in basic rental revenue of \$62.

### ***Tenant Expense Reimbursement***

Tenant expense reimbursement decreased by \$598, or 7.6%, to \$7,248 for the three months ended March 31, 2012 from \$7,846 for the three months ended March 31, 2011. Generally, under our leases, we are entitled to reimbursement from our tenants for increases in the consumer price index, real estate tax and operating expenses associated with the leased property over the amount incurred for these operating expenses in the first year of the leases. Therefore, no tenant reimbursements are typically earned during the first year of a lease term. The decrease in tenant expense reimbursements for the three months ended March 31, 2012 as compared to the three months ended March 31, 2011 was primarily attributable to: (i) a decline in electric income of \$707 primarily due to new tenants generally having their space metered resulting in lower profit margins on electric than previous tenants billed on a non-metered basis; and (ii) lower real estate tax escalation charges of \$118 due to new base year computations on new leases. These decreases were partially offset by (i) an increase in operating expense reimbursements of \$129 primarily due to large new and renewal leases in 2011 where the tenant thereunder did not have to pay operating escalation in their base year; and (ii) other escalations and reimbursements which increased by \$99.

### ***Third-Party Management and Other Fees***

Third-party management and other fees increased by \$730, or 50.4%, to \$2,179 for the three months ended March 31, 2012 from \$1,449 for the three months ended March 31, 2011. This increase is attributable to increased professional fees charged to the properties being accounted for under the equity method, the option properties and the excluded properties and excluded businesses.

### ***Construction Revenue***

Construction revenue decreased by \$3,100, or 38.7%, to \$4,904 for the three months ended March 31, 2012 from \$8,004 for the three months ended March 31, 2011. This decrease is attributable to lower construction activity in the three months ended March 31, 2012 compared to the three months ended March 31, 2011. In 2012, we experienced a decrease in the project size of our construction projects. The aggregate billings for the five largest projects in the three months ended March 31, 2012 was \$3,179, while the aggregate billings for the five largest projects in the three months ended March 31, 2011 was \$6,838. The 2012 projects include revenue of \$1,652 from the construction of a middle school in Connecticut.

### ***Other Income and Fees***

Other income and fees decreased by \$4,584, or 61.8%, to \$2,828 for the three months ended March 31, 2012 from \$7,412 for the three months ended March 31, 2011. This decrease is mainly attributable to \$5,021 of 2011 income as a voluntary reimbursement of legal expenses previously incurred by us and received from the Helmsley estate, offset by net increases in other income, including an \$850 lease cancellation fee from a tenant at One Grand Central Place.

### ***Operating Expenses***

Operating expenses increased by \$1,445, or 11.4%, to \$14,113 for the three months ended March 31, 2012 from \$12,668 for the three months ended March 31, 2011. This increase is primarily attributable to (i) higher

## **Table of Contents**

operating payroll of \$751 (including increases at One Grand Central Place of \$210 primarily relating to union costs and \$110 at 250 West 57th Street), (ii) an increase to repairs and maintenance of \$398 and (iii) an increase of \$233 reflecting lower recoveries of prior bad debt write-offs (\$11 in the three months ended March 31, 2012 compared with \$244 in three months ended March 31, 2011).

### ***Marketing, General and Administrative Expenses***

Marketing, general and administrative expenses decreased by \$249, or 6.1%, to \$3,836 for the three months ended March 31, 2012 from \$4,085 for the three months ended March 31, 2011. This decrease mainly reflects (i) a \$237 decrease of airplane expenses which are not reflected in 2012 (the shares in the airplanes were sold in 2011), and (ii) a \$134 decrease in payroll, partially offset by a \$111 increase in general expenses.

### ***Construction Expenses***

Construction expenses decreased by \$3,161, or 38.9%, to \$4,957 for the three months ended March 31, 2012 from \$8,118 for the three months ended March 31, 2011. This decrease correlates with the decrease in the new construction projects as noted above in Construction Revenue.

### ***Real Estate Taxes***

Real estate taxes increased by \$96, or 1.3%, to \$7,284 for the three months ended March 31, 2012 from \$7,188 for the three months ended March 31, 2011. The increase was primarily attributable to an aggregate increase of \$179 at 250 West 57th Street, 1359 Broadway and One Grand Central Place and an aggregate decrease of \$125 at 500 Mamaroneck Avenue and 1542 Third Avenue.

### ***Depreciation and Amortization***

Depreciation and amortization increased by \$1,923, or 24.0%, to \$9,943 for the three months ended March 31, 2012 from \$8,020 for the three months ended March 31, 2011. The increase in depreciation and amortization expense was primarily the result of improvements made at the Empire State Building and One Grand Central Place resulting in additional depreciation and amortization of \$1,950, which was partially offset by a net decrease at the other properties of \$27.

### ***Interest Expense, Net***

Interest expense, net (including amortization of mortgage costs) increased by \$200, or 1.5%, to \$13,104 for the three months ended March 31, 2012 from \$12,904 for the three months ended March 31, 2011. The increase was primarily attributable to (i) increased mortgage interest expense at the Empire State Building, 501 Seventh Avenue, 250 West 57th Street and 500 Mamaroneck Avenue due to increased borrowings (approximately \$287 in aggregate); and (ii) partially offset by a decrease related to lower principal balances at various properties.

### ***Equity in Income of Non-controlled Entities***

Equity in income of non-controlled entities increased by \$1,250, or 38.4%, to \$4,504 for the three months ended March 31, 2012 from \$3,254 for the three months ended March 31, 2011. The increases in equity in net income of non-controlled entities included (i) a net real estate tax refund of \$9,125 received by the lessee of the Empire State Building for the fiscal years 2002/2003 through 2011/2012 of which our share is \$2,167, partially offset by lower income earned by the lessee of the Empire State Building of \$2,141 (excluding the real estate tax refund) of which our share is \$508 (including acquisition fees of \$1,149 for the three months ended March 31, 2012 of which our share was \$273; acquisition costs were not expensed for the similar period in 2011) and lower income at 1333 Broadway of \$795 of which our share was \$398 and was partially attributable to higher vacancies including a large retail tenant that vacated in the three months ended June 30, 2011.

**Table of Contents****Year Ended December 31, 2011 Compared to Year Ended December 31, 2010 (in thousands)**

The following table summarizes the historical results of operations of our predecessor for the years ended December 31, 2011 and 2010:

	Year Ended December 31,		Change	%
	2011	2010		
<b>Revenues:</b>				
Rental revenue <sup>(1)</sup>	\$ 198,494	\$ 166,159	\$ 32,335	19.5%

Third-party management and other fees	5,626	3,750	1,876	50.0%
Construction revenue	47,560	27,139	20,421	75.2%
Other income and fees	12,045	16,776	(4,731)	(28.2%)
<b>Total Revenues</b>	<b>294,788</b>	<b>246,545</b>	<b>48,243</b>	<b>19.6%</b>
<b>Operating Expenses:</b>				
Operating expenses	57,102	60,356	(3,254)	(5.4%)
Marketing, general and administrative expenses	15,688	13,924	1,764	12.7%
Construction expenses	46,230	27,581	18,649	67.6%
Real estate taxes	29,160	27,585	1,575	5.7%
Depreciation and amortization	35,513	34,041	1,472	4.3%
<b>Total Operating Expenses</b>	<b>183,693</b>	<b>163,487</b>	<b>20,206</b>	<b>12.4%</b>
<b>Income from Operations Before Interest Expense and Equity in Net Income of Non-Controlled Entities</b>				
	111,095	83,058	28,037	33.8%
Interest expense, net	54,746	52,264	2,482	4.7%
<b>Income from Operations before Equity in Net Income of Non-controlled Entities</b>				
	56,349	30,794	25,555	83.0%
Equity in net income of non-controlled entities	3,893	15,324	(11,431)	(74.6%)
<b>Net Income</b>	<b>\$ 60,242</b>	<b>\$ 46,118</b>	<b>\$ 14,124</b>	<b>30.6%</b>

<sup>(1)</sup> Includes \$42,902 and \$17,106 of leasehold rent for the years ended December 31, 2011 and December 31, 2010, respectively.

**Rental Revenue**

Rental revenue increased by \$32,335, or 19.5%, to \$198,494 for the year ended December 31, 2011 from \$166,159 for the year ended December 31, 2010. This increase was primarily attributable to increased overage rent income at the Empire State Building of \$24,669 which was primarily attributable to improvement costs funded by new borrowings made by Empire State Building Associates L.L.C. (the lessor) as opposed to Empire State Building Company L.L.C. (the lessee) funding improvements costs in 2011 through operating cash flow as had been done in 2010. In addition, the increase was attributable to (i) increased overage rent income at 501 Seventh Avenue of \$704 which was primarily attributable to fewer improvements at the property; (ii) increased rental income at One Grand Central Place, 500 Mamaroneck and Metro Center which collectively accounted for \$3,989 and was mainly due to new, renewed and expanded office leases; (iii) increased rental income of \$3,492 at 250 West 57th Street including a significant retail lease that commenced in July 2010 that accounted for \$861 of the increase and a write-off in 2010 of deferred straight-line receivable for cancellation of the previous retail tenant's lease that accounted for \$1,559 of the increase. Vacancy contributed to a decrease in rental income of \$724 at 69-97 Main Street and the elimination of deferred rent receivable in connection with an early lease termination contributed to a decrease of \$425 of rental income at 10 Union Square.

---

## **Table of Contents**

### ***Tenant Expense Reimbursement***

Tenant expense reimbursement decreased by \$1,658, or 5.1%, to \$31,063 for the year ended December 31, 2011 from \$32,721 for the year ended December 31, 2010. Generally, under our leases, we are entitled to reimbursement from our tenants for increases in specific operating expenses associated with the leased property over the amount incurred for these operating expenses in the first year of the leases. Therefore, no tenant reimbursements are typically earned during the first year of a lease term. The decrease in tenant expense reimbursements for the year ended December 31, 2011 as compared to the year ended December 31, 2010 was primarily attributable to: (i) a decline in electric income of \$1,735 primarily attributable to a decrease in electricity cost; (ii) operating expense reimbursements, which decreased by \$734 mainly due to no reimbursement for the base year of new and renewal leases commenced in 2011; and (iii) Consumer Price Index income, which decreased by \$412. This decrease was partially offset by: (i) real estate tax escalation income, which increased by \$775 mainly due to increased real estate tax expense; (ii) cleaning income, which increased by \$205; and (iii) security and repairs income, which increased by \$169.

### ***Third-Party Management and Other Fees***

Third-party management and other fees increased by \$1,876, or 50.0%, to \$5,626 for the year ended December 31, 2011 from \$3,750 for the year ended December 31, 2010. This increase is primarily attributable to increased supervisory and professional fees charged to the properties being accounted for under the equity method, the option properties and the excluded properties and excluded businesses. We earned (i) supervisory fees from such entities of \$3,328 and \$1,925 for the years ended December 31, 2011 and 2010, respectively, and (ii) property management fees from such entities of \$1,667 and \$1,233 for the years ended December 31, 2011 and 2010, respectively.

### ***Construction Revenue***

Construction revenue increased by \$20,421, or 75.2%, to \$47,560 for the year ended December 31, 2011 from \$27,139 for the year ended December 31, 2010. This increase is attributable to greater construction activity in the year ended December 31, 2011 compared to the year ended December 31, 2010. In 2011, we experienced a significant increase in the project size of our construction projects. The aggregate billings for the five largest projects in the year ended December 31, 2011 was \$39,946, while the aggregate billings for the five largest projects in the year ended December 31, 2010 was \$19,725. The 2011 projects include revenue of (i) \$16,196 from new construction of residential apartments and a residential parking garage at a development site adjacent to our entitled land in Stamford, Connecticut that will not be contributed to our predecessor and (ii) \$22,463 from the construction of two middle schools in Connecticut. We do not expect this increase in the project size and quantity of our construction projects to continue in the immediate future.

### ***Other Income and Fees***

Other income and fees decreased by \$4,731 or 28.2%, to \$12,045 for the year ended December 31, 2011 from \$16,776 for the year ended December 31, 2010. This decrease is attributable to lease cancellation income which was \$11,185 higher in the year ended December 31, 2010, related to four tenants at 1359 Broadway, First Stamford Place and 250 West 57th Street, all of which vacated their spaces in 2010. This decrease was partially offset by \$5,178 of income received as a voluntary reimbursement of legal expenses previously incurred by us of which \$5,021 was from the Helmsley estate, and \$1,550 of professional fees earned from the option properties for the year ended December 31, 2011.

### ***Operating Expenses***

Operating expenses decreased by \$3,254, or 5.4%, to \$57,102 for the year ended December 31, 2011 from \$60,356 for the year ended December 31, 2010. This decrease is primarily attributable to a decrease in electricity expense of \$2,419 following a change in electric provider at certain of our Manhattan office properties resulting in better rates. Our bad debt expense also declined by \$1,183 in 2011 due to improved collections. These decreases were partially offset by an increase to repairs and maintenance of \$1,170.

## **Table of Contents**

### ***Marketing, General and Administrative Expenses***

Marketing, general and administrative expenses increased by \$1,764, or 12.7%, to \$15,688 for the year ended December 31, 2011 from \$13,924 for the year ended December 31, 2010. This increase includes \$717 of executive bonuses paid in 2011 and an increase to other administrative payroll of \$384.

### ***Construction Expenses***

Construction expenses increased by \$18,649, or 67.6%, to \$46,230 for the year ended December 31, 2011 from \$27,581 for the year ended December 31, 2010. This increase correlates with the increase in the new construction projects that were commenced in the years ended December 31, 2010 and 2011.

### ***Real Estate Taxes***

Real estate taxes increased by \$1,575, or 5.7%, to \$29,160 for the year ended December 31, 2011 from \$27,585 for the year ended December 31, 2010. The increase was primarily attributable to increases of \$867 at First Stamford Place and \$275 at Metro Center, both attributable to prior year refunds received in the year ended December 31, 2010, and an increase of \$334 at One Grand Central Place.

### ***Depreciation and Amortization***

Depreciation and amortization increased by \$1,472, or 4.3%, to \$35,513 for the year ended December 31, 2011 from \$34,041 for the year ended December 31, 2010. The increase in depreciation and amortization expense was primarily the result of improvements made at the Empire State Building and One Grand Central Place resulting in additional depreciation and amortization of \$3,060, which was partially offset by the write-off of unamortized tenant improvements and leasing costs at 1359 Broadway in 2010 associated with the early termination of leases resulting in a decrease of depreciation and amortization of \$1,822 from that property.

### ***Interest Expense, Net***

Interest expense, net (including amortization of mortgage costs) increased by \$2,482, or 4.7%, to \$54,746 for the year ended December 31, 2011 from \$52,264 for the year ended December 31, 2010. The increase was primarily attributable to (i) a prepayment fee of \$2,343 and increased amortization of prior mortgage costs of \$1,222 less lower interest expense of \$646 with respect to our new secured term loan at the Empire State Building which closed in July 2011; (ii) increased mortgage interest expense at 500 Mamaroneck Avenue and 501 Seventh Avenue due to increased borrowings (approximately \$292 and \$84, respectively); (iii) partially offset at 10 Union Square due to the 2010 prepayment of debt (\$159 of increase in expense for the year ended December 31, 2010); and a decrease of \$654 at various properties in connection with lower principal balances.

### ***Equity in Income of Non-controlled Entities***

Equity in income of non-controlled entities decreased by \$11,431, or 74.6%, to \$3,893 for the year ended December 31, 2011 from \$15,324 for the year ended December 31, 2010. The decrease in our share of equity in net income of non-controlled entities primarily reflected (i) an increase in acquisition costs of \$10,665 of which our share is \$3,042, (ii) an increase in overage rent paid by the lessee of the Empire State Building in the amount of \$24,669 and recognized by us as rental revenue which was attributable to 2011 improvement costs paid from proceeds of the new secured term loan, of which our share was \$5,859; (iii) an increase in depreciation and amortization expense of \$4,031 due to increased investment, of which our share was \$1,148; and (iv) an increase of \$4,684 in rental revenues, of which our share is \$1,171.

**Table of Contents****Year Ended December 31, 2010 Compared to Year Ended December 31, 2009 (in thousands)**

The following table summarizes the historical results of operations of our predecessor for the years ended December 31, 2010 and 2009:

	<b>Year Ended December 31,</b>			
	<b>2010</b>	<b>2009</b>	<b>Change</b>	<b>%</b>
<b>Revenues:</b>				
Rental revenue <sup>(1)</sup>	\$ 166,159	\$ 167,556	\$ (1,397)	(0.8%)
Tenant expense reimbursement	32,721	36,309	(3,588)	(9.9%)
Third-party management and other fees	3,750	4,296	(546)	(12.7%)
Construction revenue	27,139	15,997	11,142	69.7%
Other income and fees	16,776	8,157	8,619	105.7%
<b>Total Revenues</b>	<b>246,545</b>	<b>232,315</b>	<b>14,230</b>	<b>6.1%</b>
<b>Expenses:</b>				
Operating expenses	60,356	58,850	1,506	2.6%
Marketing, general and administrative expenses	13,924	16,145	(2,221)	(13.8%)
Construction expenses	27,581	17,281	10,300	59.6%
Real estate taxes	27,585	28,937	(1,352)	(4.7%)
Depreciation and amortization	34,041	29,327	4,714	16.1%
<b>Total Operating Expenses</b>	<b>163,487</b>	<b>150,540</b>	<b>12,947</b>	<b>8.6%</b>
<b>Income from Operations Before Interest Expense and Equity in Net Income of Non-Controlled Entities</b>				
	<b>83,058</b>	<b>81,775</b>	<b>1,283</b>	<b>1.6%</b>
Interest expense, net	52,264	50,738	1,526	3.0%
<b>Income from Operations Before Equity in Net Income of Non-Controlled Entities</b>				
	<b>30,794</b>	<b>31,037</b>	<b>(243)</b>	<b>(0.8%)</b>
Equity in net income of non-controlled entities	15,324	10,800	4,524	41.9%
<b>Net Income</b>	<b>\$ 46,118</b>	<b>\$ 41,837</b>	<b>\$ 4,281</b>	<b>10.2%</b>

(1) Includes \$17,106 and \$19,716 of leasehold rent for the years ended December 31, 2010 and December 31, 2009 respectively

**Rental Revenue**

Rental revenue decreased by \$1,397, or 0.8%, to \$166,159 for the year ended December 31, 2010 from \$167,556 for the year ended December 31, 2009. This decrease was primarily attributable to a decrease in additional leasehold rent received from the operating lessee at the Empire State Building in the amount of \$3,459. Additional leasehold rent is calculated as a function of the property's operating income and is reduced by capital expenditures made by the lessee. Rent was further reduced by the expiration or early termination of tenant leases at various properties (including a retail lease at 250 West 57th Street), which resulted in lower revenues. The retail lease cancellation resulted in reduced rents of \$1,875. New leasing at One Grand Central Place added \$3,166 of rental revenue in 2010 compared to 2009. Additionally, rental revenue at First Stamford Place increased by \$783. The decline was mitigated by new leases and increases to rent from various assets.

**Tenant Expense Reimbursement**

Tenant expense reimbursement decreased by \$3,588, or 9.9%, to \$32,721 for the year ended December 31, 2010 from \$36,309 for the year ended December 31, 2009. The decrease was primarily the result of a decrease in real estate tax escalation reimbursement of \$1,966, caused by a decrease in real estate tax expense, as well as leasing of vacant space in 2010 and portions of 2009. Additionally, the decrease has also been caused by a

## **Table of Contents**

reduction in operating escalations of \$1,309 as a result of the expiration and termination in 2010 of several leases with comparatively higher escalation billings. The decrease was offset by an increase in CPI escalations of \$328 resulting from higher CPI in 2010 and several new tenants with CPI based escalations.

### ***Third-Party Management and Other Fees***

Third-party management and other fees decreased by \$546, or 12.7%, to \$3,750 for the year ended December 31, 2010 from \$4,296 for the year ended December 31, 2009. This decrease is attributable to decreased supervisory fees charged to the properties being accounted for under the equity method, the option properties and the excluded properties and excluded businesses.

### ***Construction Revenue***

Construction revenue increased by \$11,142, or 69.7%, to \$27,139 for the year ended December 31, 2010 from \$15,997 for the year ended December 31, 2009. This increase is attributable to a general increase in construction activity in 2010. In 2010, we experienced a significant increase in the project size of our construction projects. These projects primarily comprised various interior-office fit-up projects and the new construction of residential apartments at a development site adjacent to our entitled land in Stamford, Connecticut that will not be contributed to our predecessor. In particular, there were three projects which commenced in 2010 which were not present in 2009 totaling approximately \$10,879 of construction revenue in 2010.

### ***Other Income and Fees***

Other income and fees increased by \$8,619, or 105.7%, to \$16,776 for the year ended December 31, 2010 from \$8,157 for the year ended December 31, 2009. This increase is primarily attributable to an increase in lease cancellation fees in 2010 of \$7,832. Three tenants terminated their leases in 2010 at 1359 Broadway, First Stamford Place, and 250 West 57th Street resulting in \$10,877 of other income in 2010. Comparatively, one tenant at One Grand Central Place accounted for \$2,900 of the cancellation income in 2009.

### ***Operating Expenses***

Operating expenses increased by \$1,506, or 2.6%, to \$60,356 for the year ended December 31, 2010 from \$58,850 for the year ended December 31, 2009. Our property-related payroll expenses increased by \$1,155 due to increased staffing. Additionally, our bad debt expense increased by \$705 due to increased reserves. These increases were offset by lower repairs and maintenance which declined by \$1,073.

### ***Marketing, General and Administrative Expenses***

Marketing, general and administrative expenses decreased by \$2,221, or 13.8%, to \$13,924 for the year ended December 31, 2010 from \$16,145 for the year ended December 31, 2009. The decrease is primarily due to lower administrative payroll expense of \$1,699 in 2010 compared to 2009.

### ***Construction Expenses***

Construction expenses increased by \$10,300, or 59.6%, to \$27,581 for the year ended December 31, 2010 from \$17,281 for the year ended December 31, 2009. In 2010, we experienced a significant increase in the project size of our construction projects. These projects primarily comprised various interior-office fit-up projects and the new construction of residential apartments at a development site adjacent to our entitled land in Stamford, Connecticut that will not be contributed to our predecessor. In particular, there were three projects which commenced in 2010 which were not present in 2009 totaling approximately \$9,822 of construction expense in 2010.

## **Table of Contents**

### ***Real Estate Taxes***

Real estate taxes decreased by \$1,352, or 4.7%, to \$27,585 for the year ended December 31, 2010 from \$28,937 for the year ended December 31, 2009. The decrease was attributable to reduced assessments and prior year refunds for First Stamford Place (\$1,324) and Metro Center (\$396), offset by increases at other properties.

### ***Depreciation and Amortization***

Depreciation and amortization expense increased by \$4,714, or 16.1%, to \$34,041 for the year ended December 31, 2010 from \$29,327 for the year ended December 31, 2009. This resulted from an approximately 14% increase in 2010, which was primarily associated with tenant improvements concentrated at One Grand Central Place, First Stamford Place, and 10 Bank Street.

### ***Interest Expense, Net***

Interest expense, net increased by \$1,526, or 3.0%, to \$52,264 for the year ended December 31, 2010 from \$50,738 for the year ended December 31, 2009. The increase was attributable to increased borrowings to fund capital expenditures, tenant improvements and leasing commissions at the Empire State Building, One Grand Central Place and 10 Union Square.

### ***Equity in Income of Non-controlled Entities***

Equity in income of non-controlled entities increased by \$4,524, or 41.9%, to \$15,324 for the year ended December 31, 2010 from \$10,800 for the year ended December 31, 2009. This increase was due to (i) increased rental income at 1350 Broadway as a result of two large retail tenants whose leases commenced in April and May 2009 and several other new leases entered into in 2010 partially offset by expiring leases; (ii) improved operating results at 1333 Broadway where in 2009, the entity incurred a net loss whereas in 2010, it generated net income; and (iii) increased net income at the Empire State Building due to higher observatory revenues and licensing fees. These increases were partially offset by lower net income at 501 Seventh Avenue due to higher repairs and maintenance, increased depreciation expense on improvements placed in service during 2009 and 2010 and higher overage rent payable to us.

### ***Liquidity and Capital Resources***

Liquidity is a measure of our ability to meet potential cash requirements, including ongoing commitments to repay borrowings, fund and maintain our assets and operations, including lease-up costs, fund our renovation and repositioning programs, acquire properties, make distributions to our stockholders and other general business needs. Based on the historical experience of our predecessor and our business strategy, in the foreseeable future we anticipate we will generate positive cash flows from operations. In order to qualify as a REIT, we are required under the Code to distribute to our stockholders, on an annual basis, at least 90% of our REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gains. We expect to make quarterly distributions to our stockholders.

While we may be able to anticipate and plan for certain liquidity needs, there may be unexpected increases in uses of cash that are beyond our control and which would affect our financial condition and results of operations. For example, we may be required to comply with new laws or regulations that cause us to incur unanticipated capital expenditures for our properties, thereby increasing our liquidity needs. Even if there are no material changes to our anticipated liquidity requirements, our sources of liquidity may be fewer than, and the funds available from such sources may be less than, anticipated or needed. Our primary sources of liquidity will generally consist of cash on hand and cash generated from our operating activities and mortgage financings. We expect to meet our short-term liquidity requirements, including distributions, operating expenses, working capital, debt service, and capital expenditures from cash flows from operations, the net proceeds from this offering and \$170.1 million of available borrowing capacity under our loans on a pro forma basis following this offering and the formation transactions (based on March 31, 2012 pro forma outstanding balances). The

**Table of Contents**

\$170.1 million of available borrowing capacity is comprised of \$141.0 million with respect to our secured term loan on the Empire State Building, \$15.1 million with respect to our mortgage loan on 250 West 57th Street and \$14.0 million of available borrowing capacity with respect to our mortgage loan on 1350 Broadway. The availability of these borrowings is subject to the conditions set forth in the applicable loan agreements. We expect to meet our long-term capital requirements, including acquisitions (including potentially the option properties), redevelopments and capital expenditures through our cash flows from operations, the net proceeds from this offering, mortgage financings, debt issuances, common and/or preferred equity issuances and asset sales.

Upon completion of this offering and the formation transactions, we estimate we will receive gross proceeds from this offering of approximately \$ (or \$ if the underwriters' option to purchase additional shares is exercised in full) assuming an initial public offering price of \$ per share, which is the mid-point of the range of initial public offering prices set forth on the front cover of this prospectus. After deducting underwriting discounts and commissions and expenses of this offering from the gross proceeds, the net proceeds from this offering would be approximately \$ (or \$ if the underwriters' option to purchase additional shares is exercised in full). We do not intend to use any of the net proceeds from this offering to fund distributions to our stockholders, but to the extent we use the net proceeds to fund distributions, these payments will be treated as a return of capital to our stockholders for U.S. federal income tax purposes. Pending the use of the net proceeds, we intend to invest such portion of the net proceeds in interest-bearing accounts and short-term, interest-bearing securities that are consistent with our intention to qualify for taxation as a REIT.

We expect to have approximately \$1.05 billion of total consolidated indebtedness outstanding and \$170.1 million of available borrowing capacity under our loans on a pro forma basis upon consummation of this offering and the formation transactions (based on March 31, 2012 pro forma outstanding balances). Our overall leverage will depend on our mix of investments and the cost of leverage. Our charter does not restrict the amount of leverage that we may use. Our properties require periodic investments of capital for individual lease related tenant improvements allowances, general capital improvements and costs associated with capital expenditures. Peter L. Malkin and Anthony E. Malkin will be released from or otherwise indemnified for liabilities arising under certain guarantees and indemnities with respect to approximately \$1.12 billion of mortgage loans (including currently undrawn amounts) on our properties, which will be assumed by us upon consummation of this offering and the formation transactions in respect of obligations arising after the closing. The guarantees and indemnities with respect to all of the indebtedness are, in most instances, limited to losses incurred by the applicable lender arising from acts such as fraud, misappropriation of funds, intentional breach, bankruptcy and certain environmental matters. In connection with this assumption, we will seek to have the guarantors and/or indemnitors released from these guarantees and indemnities and to have our operating partnership assume any such guarantee and indemnity obligations as replacement guarantor and/or indemnitor. To the extent lenders do not consent to the release of these guarantors and/or indemnitors, and they remain guarantors and/or indemnitors on assumed indebtedness following this offering, our operating partnership will enter into indemnification agreements with the guarantors and/or indemnitors pursuant to which our operating partnership will be obligated to indemnify such guarantors and/or indemnitors for any amounts paid by them under guarantees and/or indemnities with respect to the assumed indebtedness.

**Table of Contents**

The following table summarizes our tenant improvement costs, leasing commission costs and our capital expenditures for the 18 properties we will own following this offering and the formation transactions as if they were consolidated for each of the periods presented:

<i>Office Properties</i> <sup>(1)</sup>	Three Months		Year Ended December 31,

<b>Total Portfolio</b>				
Capital expenditures <sup>(4)</sup>	\$ 8,616,863	\$ 34,992,857	\$ 43,670,469	\$ 57,221,197

(1) Excludes an aggregate of 430,273 rentable square feet of retail space in our Manhattan office properties. Includes the Empire State Building broadcasting licenses and observatory operations.

(2) Presents all tenant improvement and leasing commission costs as if they were incurred in the period in which the lease was signed, which may be different than the period in which they were actually paid.

(3) Includes an aggregate of 430,273 rentable square feet of retail space in our Manhattan office properties. Excludes the Empire State Building broadcasting licenses and observatory operations.

(4) Includes all capital expenditures, excluding tenant improvement and leasing commission costs, which are primarily attributable to the renovation and repositioning program conducted at our Manhattan office properties.

As of March 31, 2012, on a pro forma basis, we expect to incur additional costs of approximately \$82.4 million during the remainder of 2012 relating to obligations under signed new leases. This consists of approximately \$78.7 million for tenant improvements and other improvements related to new leases and approximately \$3.7 million on leasing commissions.

We currently intend to invest between \$170.0 million and \$210.0 million of additional capital through the end of 2013 (excluding leasing commissions and tenant improvements) in continuation of our renovation and repositioning program for our Manhattan office properties. These additional capital expenditures are considered part of both our short-term and long-term liquidity requirements. We expect to complete substantially this

**Table of Contents**

program by the end of 2013, except with respect to the Empire State Building, which is the last Manhattan office property that began its renovation and repositioning program. In addition, we currently estimate that between \$60.0 million and \$70.0 million of capital is needed beyond 2013 to complete the renovation and repositioning program at the Empire State Building, which we expect to complete substantially in 2016 due to the size and scope of our remaining work and our desire to minimize tenant disruptions at the property. However, these estimates are based on current budgets and are subject to change. We intend to fund the capital improvements that are needed beyond 2013 to complete the renovation and repositioning program at the Empire State Building through a combination of operating cash flow and borrowings.

During 2011,

- (i) we arranged a variable-rate mortgage loan on 501 Seventh Avenue in the amount of \$6.5 million, bearing interest at LIBOR plus 200 basis points in connection with improvements as part of our renovation and repositioning program;
- (ii) we refinanced mortgage loans on the Empire State Building totaling \$92.0 million with a new secured term loan in the amount of up to \$300.0 million (of which \$159.0 million was drawn in 2011) bearing interest at 250 basis points over the 30-day LIBOR rate, in connection with improvements as part of our renovation and repositioning program; and
- (iii) we borrowed \$9.0 million under existing mortgage loans on 250 West 57th Street and 1350 Broadway bearing interest at a rate of Prime plus 100 basis points with a minimum floor of 6.50% per annum in connection with improvements as part of our renovation and repositioning program.

During 2010,

- (i) we borrowed \$9.1 million under an existing mortgage loan on 1333 Broadway bearing interest at 6.32% per annum in connection with improvements as part of our renovation and repositioning program; and
- (ii) we refinanced a maturing \$18.4 million loan on 10 Union Square with a \$22.0 million mortgage bearing interest at a rate of 6.00% per annum. The net proceeds were used for tenant improvements, loan costs and to distribute \$3.1 million to existing investors.

During 2009,

- (i) we borrowed approximately \$31.5 million through a fixed-rate mortgage loan on the Empire State Building bearing interest at 6.50% per annum, in connection with improvements as part of our renovation and repositioning program;
- (ii) we borrowed approximately \$16.0 million through a fixed-rate mortgage loan on One Grand Central Place bearing interest at 7.00% per annum, in connection with improvements as part of our renovation and repositioning program;
- (iii) we arranged a variable-rate mortgage loan on 250 West 57th Street in the amount of \$21.0 million (of which \$0.9 million was drawn in 2009), bearing interest at a rate of Prime plus 100 basis points with a minimum floor of 6.50% per annum, in connection with improvements as part of our renovation and repositioning program;
- (iv) we arranged a variable-rate mortgage loan on 1350 Broadway in the amount of \$18.7 million (of which \$0.7 million was drawn in 2010), bearing interest at a rate of Prime plus 100 basis points with a minimum floor of 6.50% per annum; and

- (v) we borrowed a total of \$23.7 million under existing mortgage loans on 1350 Broadway, 250 West 57th Street, and 1333 Broadway bearing interest at 5.87%, 6.13%, and 6.32% per annum, respectively, in connection with improvements as part of our renovation and repositioning program.

## **Table of Contents**

After March 31, 2012, we borrowed an additional \$30.0 million on the existing secured term loan at the Empire State Building. The advance bears interest at 250 basis points over the 30-day LIBOR rate (as is the case with the prior advance) and is to be used to fund improvements at the Empire State Building as part of our renovation and repositioning program. We also borrowed \$6.0 million under the existing loan on 1350 Broadway bearing interest at a rate of Prime plus 100 basis points with a minimum floor of 4.25% per annum in connection with improvements made at the property.

These principal amounts and rates of interest represent the fair values at the date of financing.

## **Leverage Policies**

We expect to employ leverage in our capital structure in amounts determined from time to time by our board of directors. Although our board of directors has not adopted a policy that limits the total amount of indebtedness that we may incur, we anticipate that our board of directors will consider a number of factors in evaluating our level of indebtedness from time to time, as well as the amount of such indebtedness that will be either fixed or floating rate. Our charter and bylaws do not limit the amount or percentage of indebtedness that we may incur nor do they restrict the form in which our indebtedness will be taken (including, but not limited to, recourse or non-recourse debt and cross collateralized debt). We expect to have approximately \$1.05 billion of total consolidated indebtedness outstanding and \$170.1 million of available borrowing capacity under our loans on a pro forma basis upon consummation of this offering and the formation transactions (based on March 31, 2012 pro forma outstanding balances). Our overall leverage will depend on our mix of investments and the cost of leverage, however, we initially intend to maintain a level of indebtedness consistent with our plan to seek an investment grade credit rating. Our board of directors may from time to time modify our leverage policies in light of the then current economic conditions, relative costs of debt and equity capital, market values of our properties, general market conditions for debt and equity securities, fluctuations in the market price of our common stock, growth and acquisition opportunities and other factors.

## **Consolidated Indebtedness to be Outstanding After This Offering**

Upon completion of this offering and the formation transactions, we expect to have pro forma total indebtedness outstanding of approximately \$1.05 billion (based on March 31, 2012 pro forma outstanding balances). This indebtedness is comprised of 23 mortgage loans secured by 17 of our properties, including the secured term loan on the Empire State Building, 83.2% of which is anticipated to be at fixed rates. The weighted average interest rate on the total indebtedness is expected to be 5.29% per annum.

**Table of Contents**

The following table (in thousands) sets forth certain information with respect to the mortgage indebtedness as of March 31, 2012 that we expect will be outstanding after this offering and the formation transactions.

Property Name	Stated Interest Rate	Principal Balance as of March 31, 2012	Debt Service Three Months Ended March 31, 2012	Amortization Commencement Date/Period	Maturity Date <sup>(1)</sup>	Estimated Principal Balance at Maturity

(1) Pre-payment is generally allowed for each loan upon payment of a customary pre-payment penalty.

(2) Represents the two tranches of the second lien mortgage loan.

(3) Amortization began on April 1, 2005 as to \$39,424 original principal and on April 1, 2006 as to \$8,276 original principal.

(4) Loan made on June 29, 2011.

(5) Loan is secured by the Empire State Building. This loan closed in July 2011. On April 6, 2012, an additional \$30,000 was drawn on this loan. For a description of the loan, see Description of Certain Debt Empire State Building Secured Term Loan below.

(6) Represents three tranches of the second lien mortgage loan.

(7) Amortization began on April 1, 2005 as to \$6,969 of original principal, on December 1, 2005 for \$13,803 of original principal and on September 1, 2007 as to \$21,228 of original principal.

(8) Amortization began on August 5, 2007 as to \$84,000 original principal and on December 5, 2009 as to \$16,000 original principal.

(9) Prior to January 5, 2015, we have the option to fix the interest rate on all or any portion of the principal then outstanding, up to three times and in minimum increments of \$5,000 to an annual rate equal to either (i) the greater of (a) 4.75% or (b) 300 basis points in excess of the weekly average yield on United States Treasury Securities adjusted to a maturity closest to January 5, 2015 as most recently made available by the Federal Reserve Board as of two days prior to the effective date of the fixing of the interest rate, and (ii) the greater of (a) 5.00% or (b) 300 basis points in excess of the weekly average yield on United States Treasury Securities adjusted to a maturity closest to January 5, 2015 as most recently made available by the Federal Reserve Board as of 30 days prior

## Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

to the effective date of the fixing of the interest rate. If option (i) is selected, we will be subject to the payment of pre-payment fees, and if option (ii) is selected, we may prepay the loan without any pre-payment fees.

(10) Notes 1 and 2 are pari passu.

(11) Amortization will begin on August 5, 2012, with a period of 30 years.

(12) Includes unamortized premium of \$8,368.

(13) Amortization will begin on February 5, 2013, with a period of 30 years.

(14) Includes unamortized premium of \$3,905.

(15) Amortization will begin on May 5, 2013, with a period of 30 years.

(16) Prior to October 10, 2014, we have the option to fix the interest rate on all or any portion of the principal then outstanding, up to three times and in minimum increments of \$5,000 to an annual rate equal to the greater of (a) 4.75% or (b) 300 basis points in excess of the weekly average yield on United States Treasury Securities adjusted to a maturity closest to October 10, 2014 as most recently made available by the Federal Reserve Board as of two business days prior to the effective date of the fixing of the interest rate. Upon the earlier of (i) October 10, 2012, or (ii) 90 days after 90% of the loan has been advanced, the interest rate on the remaining portion of the loan that has not been previously fixed shall be fixed until October 10, 2014 at an annual rate equal to the greater of (a) 4.75% or (b) 300 basis points in excess of the weekly average yield on United States Treasury Securities adjusted to a maturity closest to October 14, 2014 as most recently made available by the Federal Reserve Board as of two business days prior to the effective date of such fixing of the interest rate.

(17) Includes unamortized premium of \$79.

- 112 -

---

**Table of Contents**

(18) We have the right to extend the maturity date to April 5, 2018. If we elect to extend the term of the loan, the interest rate will be reset at an annual rate equal to, at our option, either: (i) the greater of (a) 6.5% or (b) 300 basis points in excess of the weekly average yield on United States Treasury Securities adjusted to a maturity closest to April 5, 2018 as most recently made available by the Fed Reserve Board as of 30 days prior to the first day of the extended term of the loan or (ii) the greater of (a) 6.75% or (b) 325 basis points in excess of the weekly average yield on United States Treasury Securities adjusted to a maturity closest to April 5, 2018 as most recently made available by the Federal Reserve Board as of 30 days prior to the first day of the extended term of the loan. If option (i) is selected, we will be subject to the payment of pre-payment fees, and if option (ii) is selected, we may prepay the loan without any pre-payment fees.

***Description of Certain Debt***

The following is a summary of the material provisions of the secured term loan agreement with respect to the loan secured by the Empire State Building.

***Empire State Building Secured Term Loan***

On July 26, 2011, we entered into a three-year term loan, or our secured term loan, with institutional lenders, including HSBC Bank USA, National Association as agent and HSBC Bank USA, National Association and DekaBank Deutsche Girozentrale as lead arrangers. The secured term loan is secured by the Empire State Building. The secured term loan was amended by the First Amendment to Loan Agreement, Ratification of Loan Documents and Omnibus Amendment dated as of November 2, 2011 to provide for additional commitments from Capital One, National Association so that, collectively, the loan was increased to \$300.0 million. No additional funds were drawn at the time of the modification.

The lenders provided us with an initial advance of \$159.0 million and, subject to the conditions set forth in the secured term loan agreement (as amended), agreed to provide us with additional advances of up to \$141.0 million. In addition, one of our lead lenders has agreed, upon our request, and subject to certain other conditions, to source further additional commitments aggregating up to \$200 million in the sole discretion of the lenders. If this is accomplished, the secured term loan would increase to \$500 million.

The outstanding principal amount of the secured term loan bears interest at a rate equal to 2.5% per annum above 30-day LIBOR, unless such rate is not available, in which event the secured term loan would bear interest at 2.5% per annum in excess of (i) HSBC's prime rate or (ii) the BBA LIBOR Daily Floating Rate. The initial advance noted above accrued interest at the BBA LIBOR Daily Floating Rate plus the margin of 2.5% per annum until August 1, 2011. In connection with this loan, we issued promissory notes, a mortgage encumbering the Empire State Building in favor of the lenders, and other customary security and other loan documents. The maturity date of this loan is July 26, 2014, which we may extend to July 26, 2015 and thereafter to July 26, 2016, in each case, upon payment of an extension fee of 0.25% of the total availability under the secured term loan agreement at the time of such extension. Such extensions are subject to customary conditions, including the satisfaction of certain loan-to-value and debt yield ratios at the time the extension is requested and the absence of an event of default.

The initial advance of \$159.0 million was used to pay and discharge then existing secured mortgage loans relating to the Empire State Building and to fund operations and working capital requirements related to the Empire State Building (including for improvements). On April 6, 2012, an additional \$30.0 million was drawn on this loan.

Payment obligations relating to the secured term loan may be accelerated upon the occurrence of an event of default under the secured term loan agreement. Events of default under the secured term loan agreement include, subject in some cases to specified cure periods: payment defaults; failure by us to pay taxes; failure to keep certain insurance policies in effect; breaches of representations and covenants contained in the mortgage; defaults in the observance or performance of covenants; inaccuracy of representations and warranties in any material respect; bankruptcy and insolvency related defaults; and the entry of one or more final judgments for the payment of more than \$1 million that are not satisfied within 30 days.

**Table of Contents**

The secured term loan agreement contains affirmative and negative covenants customary for financings of this type. Negative covenants in the secured term loan agreement limit our ability, subject to certain exceptions, to transfer all or substantially all of our property; incur indebtedness and liens; dissolve, liquidate or enter into mergers or similar transactions; change our line of business; cancel debt; enter into transactions with affiliates; rezone our property; sell our assets; make certain distributions to investors; and change our organizational documents. We must also maintain a debt yield as specified in the secured term loan agreement.

**Contractual Obligations**

The following table summarizes the amounts due in connection with our contractual obligations described below as of December 31, 2011 and for the years ended December 31, 2012 (assuming all debt obligations as of March 31, 2012 were outstanding as of January 1, 2012) through 2016 and thereafter on a pro forma basis (in thousands). For a description of the pro forma adjustments made to our predecessor's historical financial statements, see Unaudited Pro Forma Financial Information.

	Pro Forma Year Ended December 31						Total
	2012	2013	2014	2015	2016	Thereafter	
Mortgages and other debt <sup>(1)</sup>							
Interest expense	\$ 54,814	\$ 52,756	\$ 46,865	\$ 33,632	\$ 27,891	\$ 18,890	\$ 234,848
Amortization	\$ 12,176	\$ 15,336	\$ 14,689	\$ 10,051	\$ 7,921	\$ 5,641	\$ 65,814
Principal repayment		\$ 55,534	\$ 291,754	\$ 73,317	\$ 91,369	\$ 459,201	\$ 971,175
Ground leases	\$ 108	\$ 108	\$ 108	\$ 108	\$ 108	\$ 2,763	\$ 3,303
Operating leases							
Tenant improvement and leasing commission costs	\$ 97,898						\$ 97,898
Total	\$ 164,996	\$ 123,734	\$ 353,416	\$ 117,108	\$ 127,289	\$ 486,495	\$ 1,373,038

(1) Assumes no extension options are exercised.

**Off-Balance Sheet Arrangements**

As of March 31, 2012, we did not have any off-balance sheet arrangements.

**Distribution Policy**

In order to qualify as a REIT, we must distribute to our stockholders, on an annual basis, at least 90% of our REIT taxable income, determined without regard to the deduction for dividends paid and excluding net capital gains. In addition, we will be subject to U.S. federal income tax at regular corporate rates to the extent that we distribute less than 100% of our net taxable income (including net capital gains) and will be subject to a 4% nondeductible excise tax on the amount, if any, by which our distributions in any calendar year are less than a minimum amount specified under U.S. federal income tax laws. We intend to distribute our net income to our stockholders in a manner intended to satisfy the REIT 90% distribution requirement and to avoid U.S. federal income tax liability on our income and the 4% nondeductible excise tax.

Before we pay any distribution, whether for U.S. federal income tax purposes or otherwise, we must first meet both our operating requirements and obligations to make payments of principal and interest, if any. However, under some circumstances, we may be required to use cash reserves, incur debt or liquidate assets at rates or times that we regard as unfavorable or make a taxable distribution of our shares in order to satisfy the REIT 90% distribution requirement and to avoid U.S. federal income tax and the 4% nondeductible excise tax in that year. However, we currently have no intention to use the net proceeds from this offering to make distributions nor do we currently intend to make distributions using shares of our common stock.

---

**Table of Contents**

**Cash Flows**

***Comparison of Three Months Ended March 31, 2012 to the Three Months Ended March 31, 2011 (in thousands)***

*Net cash.* Cash on hand was \$90,395 and \$88,544, respectively, as of March 31, 2012 and 2011.

*Operating activities.* Net cash provided by operating activities increased by \$31,366 to \$47,590 for the three months ended March 31, 2012 compared to \$16,224 for the three months ended March 31, 2011. This increase primarily resulted from the following changes in working capital accounts, which resulted in increases in cash from operating activities in the three months ended March 31, 2012 as compared with the three months ended March 31, 2011: decreases in net due to/from affiliated companies of \$31,820 (including \$28,780 of average rent paid by a lessee) and increases in the change in tenant and other receivables of \$6,355. Additionally, payments of deferred leasing costs relating to tenant leases increased by \$1,831 and a decrease in cash inflows relating to accounts payable and accrued expenses and accrued interest payable of \$2,311 offset the increases.

*Investing activities.* Net cash used in investing activities increased \$7,631 to \$12,540 for the three months ended March 31, 2012 compared to \$4,909 for the three months ended March 31, 2011. This increase resulted primarily from a \$8,101 increase in building improvements and tenant improvement costs.

*Financing activities.* Net cash used in financing activities increased \$20,169 to (\$30,971) for the three months ended March 31, 2012 compared to (\$10,802) of net cash used for the three months ended March 31, 2011. This increase primarily resulted from a \$15,231 increase in distributions to investors, and an increase in deferred costs of \$2,401 relating to the consolidation.

***Comparison of Year Ended December 31, 2011 to Year Ended December 31, 2010 (in thousands)***

*Net cash.* Cash on hand was \$86,316 and \$88,031, respectively, as of December 31, 2011 and 2010.

*Operating activities.* Net cash provided by operating activities decreased by \$23,854 to \$50,527 for the year ended December 31, 2011 compared to \$74,381 for the year ended December 31, 2010. This decrease primarily resulted from the following changes in working capital accounts, all of which resulted in decreases in cash from operating activities in the year ended December 31, 2011 as compared with the year ended December 31, 2010: increases in the change in tenant and other receivables of \$2,451, increases in offering costs due from affiliated companies of \$8,501, decreases in deferred revenues and other liabilities of \$1,779, and a decrease in cash inflows relating to accounts payable and accrued expenses and accrued interest payable of \$6,802. Additionally, payments of deferred leasing costs relating to tenant leases increased by \$6,403.

*Investing activities.* Net cash used in investing activities increased \$25,690 to \$60,527 for the year ended December 31, 2011 compared to \$34,837 for the year ended December 31, 2010. This increase resulted primarily from a \$25,217 increase in building improvements and tenant improvement costs.

*Financing activities.* Net cash provided by financing activities increased \$53,885 to \$8,285 for the year ended December 31, 2011 compared to (\$45,600) of net cash used for the year ended December 31, 2010. This increase primarily resulted from a \$67,000 increase in net borrowings in connection with the Empire State Building, partially offset by financing charges of \$7,172 on the new loan and an increase in deferred costs of \$10,325 relating to the consolidation.

***Comparison of Year Ended December 31, 2010 to Year Ended December 31, 2009 (in thousands)***

*Net cash.* Cash on hand was \$88,031 and \$94,087, respectively, as of December 31, 2010 and 2009.

*Operating activities.* Net cash provided by operating activities increased \$15,872 to \$74,381 for the year ended December 31, 2010 compared to \$58,509 for the year ended December 31, 2009. This increase primarily resulted from an increase in net operating income generated by our properties and the timing in which we settled accounts payable and accrued expenses.

## **Table of Contents**

**Investing activities.** Net cash used in investing activities decreased \$3,780 to \$34,837 for the year ended December 31, 2010 compared to \$38,617 for the year ended December 31, 2009. This decrease of net cash used in investing activities primarily resulted from a decrease in capital expenditures and costs associated with the development of Metro Tower of \$14,353 partially offset by an increase in tenant improvements of \$10,862.

**Financing activities.** Net cash used in financing activities increased \$40,565 to \$45,600 for the year ended December 31, 2010 compared to \$5,035 for the year ended December 31, 2009. This increase primarily resulted from a decrease in net borrowings, including financing charges, of \$43,212 and a decrease in contributions of \$1,615 partially offset by a decrease in distributions of \$8,152.

## **Net Operating Income**

Following the closing of this offering, our financial reports will include a discussion of property net operating income, or NOI. NOI is a non-GAAP financial measure of performance. NOI is used by investors and our management to evaluate and compare the performance of our properties and to determine trends in earnings and to compute the fair value of our properties as it is not affected by (i) the cost of funds of the property owner; (ii) the impact of depreciation and amortization expenses as well as gains or losses from the sale of operating real estate assets that are included in net income computed in accordance with GAAP; (iii) acquisition expenses; or (iv) general and administrative expenses and other gains and losses that are specific to the property owner. The cost of funds is eliminated from net operating income because it is specific to the particular financing capabilities and constraints of the owner. The cost of funds is also eliminated because it is dependent on historical interest rates and other costs of capital as well as past decisions made by us regarding the appropriate mix of capital which may have changed or may change in the future. Depreciation and amortization expenses as well as gains or losses from the sale of operating real estate assets are eliminated because they may not accurately represent the actual change in value in our office or retail properties that result from use of the properties or changes in market conditions. While certain aspects of real property do decline in value over time in a manner that is reasonably captured by depreciation and amortization, the value of the properties as a whole have historically increased or decreased as a result of changes in overall economic conditions instead of from actual use of the property or the passage of time. Gains and losses from the sale of real property vary from property to property and are affected by market conditions at the time of sale which will usually change from period to period. These gains and losses can create distortions when comparing one period to another or when comparing our operating results to the operating results of other real estate companies that have not made similarly timed purchases or sales. We believe that eliminating these costs from net income is useful because the resulting measure captures the actual revenue, generated and actual expenses incurred in operating our properties as well as trends in occupancy rates, rental rates and operating costs.

However, the usefulness of NOI is limited because it excludes general and administrative costs, interest expense, interest income and other expense, depreciation and amortization expense and gains or losses from the sale of properties, and other gains and losses as stipulated by GAAP, the level of capital expenditures and leasing costs necessary to maintain the operating performance of our properties, all of which are significant economic costs. NOI may fail to capture significant trends in these components of net income which further limits its usefulness.

NOI is a measure of the operating performance of our properties but does not measure the performance of our company as a whole. NOI is therefore not a substitute for net income as computed in accordance with GAAP. This measure should be analyzed in conjunction with net income computed in accordance with GAAP and discussions elsewhere in this Management's Discussion and Analysis of Financial Condition and Results of Operations regarding the components of net income that are eliminated in the calculation of NOI. Other companies may use different methods for calculating NOI or similarly entitled measures and, accordingly, our NOI may not be comparable to similarly entitled measures reported by other companies that do not define the measure exactly as we do.

**Table of Contents**

The following table presents a reconciliation of our historical and pro forma net income, the most directly comparable GAAP measure, to NOI for the periods presented (in thousands):

	Pro Forma			Historical		
	For the Three Months Ended March 31, 2012 (unaudited)	For the Year Ended December 31, 2011 (unaudited)	For the Three Months Ended March 31, 2012 (unaudited)	For the Year Ended December 31,

Management fees from non-controlled entities	\$	\$	\$ 1,554	\$ 4,026	\$ 1,254	\$ 1,383

(1) Excludes gains/losses from sales.

(2) Includes adjustment for proportionate share of depreciation and amortization expense relating to non-controlled entities of \$1,657, \$7,228, \$6,080 and \$4,659 for the three months ended March 31, 2012 and the years ended December 31, 2011, 2010 and 2009, respectively.

(3) Includes adjustment for proportionate share of interest expense, net related to non-controlled entities of \$946, \$3,721, \$3,587 and \$3,030 for the three months ended March 31, 2012 and the years ended December 31, 2011, 2010, 2009, respectively

(4) Upon completion of this offering and the formation transactions, we will incur amortization of the assumed below-market ground lease attributable to 1350 Broadway, in addition to the contractual ground rent payment of \$108.

**Table of Contents****Funds from Operations**

We present below a discussion of funds from operations, or FFO. We compute FFO in accordance with the White Paper on FFO published by the National Association of Real Estate Investment Trusts, or NAREIT, which defines FFO as net income (loss) (determined in accordance with GAAP), excluding impairment writedowns of investments in depreciable real estate and investments in in-substance real estate investments, gains or losses from debt restructurings and sales of depreciable operating properties, plus real estate-related depreciation and amortization (excluding amortization of deferred financing costs), less distributions to non-controlling interests and gains/losses from discontinued operations and after adjustments for unconsolidated partnerships and joint ventures. FFO is a widely recognized non-GAAP financial measure for REITs that we believe, when considered with financial statements determined in accordance with GAAP, is useful to investors in understanding financial performance and providing a relevant basis for comparison among REITs. In addition, FFO is useful to investors as it captures features particular to real estate performance by recognizing that real estate has generally appreciated over time or maintains residual value to a much greater extent than do other depreciable assets. Investors should review FFO, along with GAAP net income, when trying to understand an equity REIT's operating performance. We present FFO because we consider it an important supplemental measure of our operating performance and believe that it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs. However, because FFO excludes depreciation and amortization and captures neither the changes in the value of our properties that results from use or market conditions nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties, all of which have real economic effect and could materially impact our results from operations, the utility of FFO as a measure of our performance is limited. There can be no assurance that FFO presented by us is comparable to similarly titled measures of other REITs. FFO does not represent cash generated from operating activities and should not be considered as an alternative to net income (loss) determined in accordance with GAAP or to cash flow from operating activities determined in accordance with GAAP. FFO is not indicative of cash available to fund ongoing cash needs, including the ability to make cash distributions. Although FFO is a measure used for comparability in assessing the performance of REITs, as the NAREIT White Paper only provides guidelines for computing FFO, the computation of FFO may vary from one company to another. Pro forma FFO reflects acquisition expenses of approximately \$10.7 million and \$1.5 million incurred in the year ended December 31, 2011 and the three months ended March 31, 2012, respectively, related to our acquisition of the non-controlled entities.

The following table presents a reconciliation of our historical and pro forma net income, the most directly comparable GAAP measure, to FFO for the periods presented (in thousands):

	Pro Forma			Historical		
	For the Three Months Ended March 31, 2012 (unaudited)	For the Year Ended December 31, 2011 (unaudited)	For the Three Months Ended March 31, 2012 (unaudited)	2011	For the Year Ended December 31, 2010	2009
Net income <sup>(1)</sup>	\$ 25,325	\$ 72,807	\$ 11,109	\$ 60,242	\$ 46,118	\$ 41,837

(1) Excludes gains/losses from sales.

(2) Includes adjustment for proportionate share of real estate depreciation and amortization expense relating to non-controlled entities of \$1,607, \$7,049, \$5,915 and \$4,559 for the three months ended March 31, 2012 and the years ended December 31, 2011, 2010 and 2009, respectively.

**Table of Contents**

**EBITDA**

We present below a discussion of EBITDA. We compute EBITDA as net income plus interest expense, net of interest income, income taxes and depreciation and amortization. We present EBITDA because we believe that EBITDA, along with cash flow from operating activities, investing activities and financing activities, provides investors with an additional indicator of our ability to incur and service debt. EBITDA should not be considered as an alternative to net income (determined in accordance with GAAP), as an indication of our financial performance, as an alternative to net cash flows from operating activities (determined in accordance with GAAP), or as a measure of our liquidity. Pro forma EBITDA reflects acquisition expenses of approximately \$10.7 million and \$1.5 million incurred in the year ended December 31, 2011 and the three months ended March 31, 2012, respectively, related to our acquisition of the non-controlled entities.

The following table presents a reconciliation of our historical and pro forma net income, the most directly comparable GAAP measure, to EBITDA for the periods presented (in thousands):

	Pro Forma			Historical		
	For the Three Months Ended March 31, 2012 (unaudited)	For the Year Ended December 31, 2011 (unaudited)	For the Three Months Ended March 31, 2012 (unaudited)	For the Year Ended December 31,		
				2011	2010	2009
Net income <sup>(1)</sup>	\$ 25,325	\$ 72,807	\$ 11,109	\$ 60,242	\$ 46,118	\$ 41,837
Add:						
Income taxes <sup>(2)</sup>	1,988	3,969	30	42		
Interest expense, net <sup>(3)</sup>	14,378	56,514	14,051	58,467	55,851	53,768
Total depreciation and amortization <sup>(4)</sup>	15,515	59,335	11,600	42,741	40,121	33,986
<b>EBITDA</b>	<b>\$ 57,206</b>	<b>\$ 192,625</b>	<b>\$ 36,790</b>	<b>\$ 161,492</b>	<b>\$ 142,090</b>	<b>\$ 129,591</b>

(1) Excludes gains/losses from sales.

(2) Includes additional federal, state and local tax expense of \$1,256 and \$1,874 we expect to incur for the three months ended March 31, 2012, and the year ended December 31, 2011, respectively, related to our observatory operations through a TRS.

(3) Includes adjustment for proportionate share of interest expense, net related to non-controlled entities of \$946, \$3,721, \$3,587 and \$3,030 for the three months ended March 31, 2012 and the years ended December 31, 2011, 2010 and 2009, respectively.

(4) Includes adjustment for proportionate share of depreciation and amortization expense relating to non-controlled entities of \$1,657, \$7,228, \$6,080 and \$4,659 for the three months ended March 31, 2012 and the years ended December 31, 2011, 2010 and 2009, respectively.

**Distribution to Equity Holders**

Distributions have been made to equity holders in 2009, 2010 and 2011 as follows:

<b>For the year ended:</b>	
December 31, 2009	\$ 48,826,000
December 31, 2010	\$ 40,674,000
December 31, 2011	\$ 46,691,000
<b>For the three months ended:</b>	
March 31, 2012	\$ 24,186,000

**Inflation**

Substantially all of our leases provide for separate real estate tax and operating expense escalations. In addition, many of the leases provide for fixed base rent increases. We believe inflationary increases may be at least partially offset by the contractual rent increases and expense escalations described above. We do not believe inflation has had a material impact on our historical financial position or results of operations.

## **Table of Contents**

### **Seasonality**

We do not consider our business to be subject to material seasonal fluctuations, except that our observatory business is subject to tourism trends and weather, and therefore does experience some seasonality. Over the past ten years, the number of visitors to the observatory, on average, has been slightly higher in the third quarter and slightly lower in the first quarter of each year.

### **Quantitative and Qualitative Disclosures About Market Risk**

Our future income, cash flows and fair values relevant to financial instruments are dependent upon prevalent market interest rates. Market risk refers to the risk of loss from adverse changes in market prices and interest rates. One of the principal market risks facing us is interest rate risk on our floating rate indebtedness. Following this offering and the formation transactions, we expect to have floating rate mortgage loans on 501 Seventh Avenue (third lien), 250 West 57th Street (third lien), 1350 Broadway (second lien) and our secured term loan on the Empire State Building, which collectively represent 16.8% of our pro forma indebtedness.

Subject to maintaining our qualification as a REIT for U.S. federal income tax purposes, we may mitigate the risk of interest rate volatility through the use of hedging instruments, such as interest rate swap agreements and interest rate cap agreements. Our primary objectives when undertaking hedging transactions and derivative positions will be to reduce our floating rate exposure and to fix a portion of the interest rate for anticipated financing and refinancing transactions. This in turn will reduce the risk that the variability of cash flows will impose on floating rate debt. However, we can provide no assurances that our efforts to manage interest rate volatility will successfully mitigate the risks of such volatility on our portfolio. We are not subject to foreign currency risk.

We are exposed to interest rate changes primarily through (i) property-specific floating rate construction financing, and (ii) other property-specific floating rate mortgages. Our objectives with respect to interest rate risk are to limit the impact of interest rate changes on operations and cash flows, and to lower our overall borrowing costs. To achieve these objectives, we may borrow at fixed rates and may enter into derivative financial instruments such as interest rate swaps or caps in order to mitigate our interest rate risk on a related floating rate financial instrument. We do not enter into derivative or interest rate transactions for speculative purposes.

As of March 31, 2012, we had total outstanding pro forma floating rate mortgage debt obligations of \$176.2 million. Based on our variable balances, interest expense would have increased by approximately \$1.8 million for the year ended December 31, 2011, if short-term interest rates had been 1% higher. As of March 31, 2012, the weighted average interest rate on the \$870.4 million of pro forma fixed-rate indebtedness outstanding was 5.78% per annum, with maturities at various dates through April 5, 2018.

As of March 31, 2012, our pro forma outstanding debt was approximately \$1.05 billion, which was approximately \$12.4 million more than the historical book value as of such date. Interest risk amounts were determined by considering the impact of hypothetical interest rates on our financial instruments. These analyses do not consider the effect of any change in overall economic activity that could occur in that environment. Further, in the event of a change of that magnitude, we may take actions to further mitigate our exposure to the change. However, due to the uncertainty of the specific actions that would be taken and their possible effects, these analyses assume no changes in our financial structure.

---

**Table of Contents**

**ECONOMIC AND MARKET OVERVIEW**

*Unless otherwise indicated, all information in this Economic and Market Overview section is derived from the market studies prepared by Rosen Consulting Group, or RCG, a national commercial real estate advisory company in January 2012. Market data not derived from the market studies prepared by RCG were derived from publicly available information and other industry sources. These sources generally state that the information they provide has been obtained from sources believed to be reliable. Forecasts are based on data (including third-party data), models and experience of these sources, and are based on various assumptions, all of which are subject to change without notice. There is no assurance any of the projected amounts will be achieved. We believe the data others have compiled are reliable, but we have not independently verified this information. The manner in which we define our property markets and submarkets differs from how RCG has done so in its market study included herein. Further, RCG's definition of the New York metropolitan area differs from our definition of the greater New York metropolitan area in that it includes Putnam County and Rockland County in New York and Bergen County, Hudson County, and Passaic County in Northern New Jersey and excludes Fairfield County in Connecticut.*

**New York Metropolitan Division Economy and Demographics**

**New York City Overview**

As the financial and entertainment capital of the United States, New York City is a destination for new residents, businesses, and tourists alike. New York City is an international hub for entertainment, finance, culture, cuisine, art, education, political affairs and media. Home to major conglomerates in the areas of finance, entertainment, and advertising, New York City is also one of the most-prized office markets in the world. The market's high barriers to entry and wide array of office demand driving industries provides stability through economic cycles and a foundation for the market's growth over the long-term. The city's lively, 24-7 environment makes New York City a go-to destination for both domestic and international tourists and attracts close to 50 million visitors annually, which helps to maintain the market's status as one of the most expensive retail markets in the country. Reaching a record-breaking 50.2 million visitors in 2011, New York City remains a top tourist destination among U.S. cities. One of the world's premiere gateway cities, New York, with its large, diversified economy, will play a central role in the expanding global economy.

*Regional Overview*

The New York metropolitan division, which includes New York City, three suburban counties located north of New York City: Putnam County, Rockland County, and Westchester County, and three counties located in Northern New Jersey: Bergen County, Hudson County, and Passaic County, is the largest regional economy in the United States, with an employment base that totaled approximately 5.2 million as of November 2011. The New York metropolitan statistical area, which in addition to the aforementioned New York metropolitan division includes Long Island and parts of northern and central New Jersey, had a nominal gross product of \$1.3 trillion in 2010, the latest data available and the largest in the United States. Because of its global reach and available professional, educational and cultural resources, the New York metropolitan division is a highly desirable location for businesses and new residents. While New York City remains the global financial capital, the regional economic base is diverse and driven by other major industries such as business services, education, health care, technology, tourism, media and publishing.

In November 2011, year-over-year employment growth in the Manhattan borough (New York County) increased for a second consecutive month, rising by 0.5% to approximately 933,000 jobs, according to the BLS Household Survey.

***Major Economic Drivers***

Anticipated to be one of the fastest-growing employment sectors during the forecast period, the professional and business services sector accounted for 15.4% of the total labor force and 14.6% of the New York

---

**Table of Contents**

metropolitan statistical area's gross metropolitan area product in 2010, the latest available data for this sector, for a total of \$187.4 billion. Payroll expansion in the professional and business services, trade, educational and health services, and leisure and hospitality sectors contributed to a healthy level of private sector hiring. Job growth within these sectors can be largely attributed to gains in tourism spending, the growth of New York's diverse array of technology-related industries, and favorable demographic trends in the area. Capitalizing on the area's concentration of technical and creative talent, the New York regional professional and businesses sector encompasses a variety of professions from engineering and law to architecture, fashion design, and marketing. The anticipated rise in demand for specialized services such as law, consulting, accounting, and architecture should increase as the larger economy recovers from recent lows, which should fuel growth in the sector. In New York City, the growth of companies in the professional and business services sector is closely tied to the health of the heavily concentrated finance and media industries. New York City's large, diverse and educated workforce should facilitate the continued growth of companies in research and development, as well as in computer systems design. A promising trend for both the New York City economy and office market is the expansion of high-tech companies in the market, which have contributed to the growth of the New York City economy during the recent decade, and will play a prominent role in the recovery of the economy and future expansion. The New York regional tech industry is the East Coast's answer to California's Silicon Valley. The area's proximity to existing media and entertainment networks, as well as the availability of highly-skilled talent and venture capital firms, should continue to attract tech entrepreneurs to New York City. This trend should support accelerated growth and visibility among burgeoning tech companies and the expansion of existing companies such as Foursquare, BuzzFeed, and Tumblr.

Despite the New York metropolitan division economy's increasing diversity, the financial activities sector remains a major growth driver in the economy, particularly because of the sector's concentration of high-income jobs and the business services needed to support operations. Many other sectors of the economy depend on the financial industry for growth including business services, retail trade, residential and commercial real estate, arts and leisure, and many others. Understandably, the unwinding of the financial markets had a disproportionately large effect on the New York region's financial services sector. During the two-year period following the onset of the national recession in December 2007, the New York region's financial services sector lost more than 200,000 jobs but has since recovered. As of late 2011, employers restaffed approximately 40% of the total jobs cut since the recession.

The educational and health services sector is also a major economic driver in the area, accounting for 20.0% of total employment or just over one million jobs as of November 2011. Expected to be one of the fastest-expanding employment sectors during the forecast period, educational services will benefit from the continued growth of younger age-cohorts combined with the heightened need for health services from aging baby-boomers. The sector recorded a gross product totaling \$109.9 billion in 2010, the latest available data, or 8.5% of the total metropolitan statistical area economy. According to the 2009 American Community Survey, approximately 891,000 or 7.6% of the New York metropolitan division's estimated 11.7 million residents were enrolled in higher education. With more than 110 colleges and universities located within New York City, education is a major service industry in the local economy. The city's four medical schools are all attached to tertiary-care hospitals, forming academic medical centers that provide advanced care to local residents and the thousands of out-of-area patients who visit the area specifically to receive treatment in these centers. The strength of the sector is further bolstered by several major medical research facilities in the area. New York State's total funding by the National Institutes of Health was the second-highest of all states for 2009, with many recipients located in New York City.

A source for media and entertainment for both national and international audiences, the New York metropolitan division's information services sector, which accounts for 3.7% of total employment, encompasses a wide range of industries such as traditional print publishing, motion picture and audio recording, broadcasting, telecommunications, and others. The New York region is the country's largest media market and is home to some of the country's largest and most influential newspapers and publishing houses. The area is also home to the country's major television and record industry conglomerates and the world's largest advertising agencies. These

---

## **Table of Contents**

firms form a large base of tenants for New York City's office market. The information services sector gross product totaled \$96.5 billion in 2010, the latest available data, or 7.5% of the overall economy. Going forward, while New York City is expected to maintain its place as the global center for television, music and publishing, long-term dynamic factors like technological advancements, shifting consumer preferences, and rising popularity of other forms of media are likely to cause continued shifts within the media and entertainment industry.

Dependent upon consumer spending habits and the area's bustling tourism industry, the New York metropolitan division's trade and leisure and hospitality sectors combined, to account for 22.2% of total employment with more than 1.1 million jobs as of November 2011. Fueled by retail sales and visitor spending, New York City's tourism industry is an integral part of the continued success of the local economy. In 2010, 48.7 million domestic tourists (80%) and international tourists (20%) visited New York City, accounting for approximately \$31 billion in spending, which supports more than 300,000 jobs in the area. This surpasses the 2009 total of 45 million domestic visitors and \$28.2 billion in spending. Following the stronger-than-expected recovery in the local tourism industry through 2010, the anticipated continuation of this trend should allow the city to reach its goal of attracting 50 million visitors annually by 2012.

The fashion industry remains an important source of job growth and office demand in New York City. According to the New York Economic Development Corporation, New York City's fashion industry—the largest in the country—employs approximately 165,000 people, accounting for approximately 5.5% of the city's workforce, and serves as the headquarters for more than 900 fashion companies. The New York metropolitan division's fashion industry consists of jobs in fashion/apparel design and trade, which are largely concentrated in the Manhattan's Garment Center District, as well as Chinatown and Long Island City.

### ***Demographic Characteristics***

The New York metropolitan division has the largest and one of the wealthiest populations of any U.S. metropolitan region, with approximately 11.6 million residents living within the 11-county metropolitan division defined by the Census, as of 2010. Historically, the New York metropolitan division's large and stable population base generally grows more slowly than the national average in percentage terms. Through the previous decade, the New York metropolitan division's population growth averaged 0.3% annually, rising at a slower pace in comparison with the national average of 0.9% growth per year. However, the New York metropolitan area's population grew by 574,107 people in the ten years through 2010, making it the ninth-fastest-growing region during the previous decade in terms of total new residents added. In 2010, the New York metropolitan division's mean per capita income was \$52,963. During the most recent recession, the onset of the credit crunch and subsequent financial crisis led to a significant deceleration in the New York metropolitan division's per capita income growth but, more recently, trended upwards to 1.5% in 2010. As a result of accommodative federal fiscal and monetary policies initiated in 2007, a decline in per capita income in 2008 and 2009 was prevented. As per capita income levels rebound as a result of improvements to the local job market, the resulting rise in disposable income levels should drive more robust retail sales activity in the coming years.

As of 2010, an estimated 4.3 million households were located in the New York metropolitan division. A variety of factors influence the rate of household creation, including job growth, housing supply and costs, and overall population growth, among others. Through the last decade, the total number of households in the New York metropolitan division grew at a slower pace than the national average, rising by 0.3% annually on average between 2000 and 2010 compared to household growth nationally, which increased at an annual average rate of 1.1% during the same period. More recently, since the onset of the national recession in 2007, household creation in the New York metropolitan division has accelerated at a time when the national rate of household creation has decelerated as the decline in rental rates combined with positive job growth facilitated new household creation.

### ***Forecast and Outlook***

Driven by positive net migration through the forecast period resulting from a continued influx of new residents from other states and other countries, we expect the New York metropolitan division's population to

**Table of Contents**

rise at a relatively strong rate compared with the last decade. In the forecast period through 2015, population is forecasted to grow at an average annual rate of 0.5%. In absolute terms, the forecast calls for population to increase by 314,000 through 2015. As new residents move into vacant housing units and sustained job creation encourages households to unbundle, the rate of household creation is expected to closely mirror the rate of population growth through forecast period. Total households will likely grow, on average, 0.5% annually during the five years through 2015. The national household growth rate is expected to surpass that of the New York metropolitan division and average 0.9% growth annually through 2015.

Our expectations for positive population growth and household formation are driven by our forecast for sustained job growth and moderate economic recovery during the forecast period. Following the moderate improvements to payroll levels in 2011, we expect total payroll employment to expand at a healthy pace through the remainder of the forecast period as the recovery and restaffing within the private sector gains momentum. Much of the employment growth will be concentrated in Manhattan.

Following an anticipated pullback in the pace of job creation through the near-term forecast period to 0.4% in 2012, job growth throughout the metropolitan division should accelerate through the latter half of the forecast period, reaching a year-over-year rate of 1.4% by the end of 2015, led by healthy gains in the professional and business services, financial activities, and educational and health services sectors. Supporting the expansion of the labor force during this time will be the strong rebound in leisure and hospitality employment fueled by the recovery in tourism and business travel by both domestic and international visitors. By comparison, the rate of employment growth at the national level is forecasted to rise to by 1.2% in 2012. Job growth at the local level is expected to ease through 2012 fueled by stagnant job growth across the financial services industry. Following this slowdown in the rate of job creation, job growth in the New York metropolitan division is expected to increase to 1.0% by 2013 and 1.4% by 2014, outpacing the rate of job growth nationally during this period. By 2015, job creation in the New York metropolitan division is expected to rise by 1.4%, closely mirroring the pace of job creation at the national level.

Despite recent turmoil in the financial services industry and rising influence from financial centers in other countries, New York City will maintain its role as the primary financial capital of the world. The New York regional economy will be further strengthened as the metropolitan division's economic base adapts and diversifies in lockstep with the evolution of the business and regulatory environment. Looking forward, industries such as new media, health care, business services, and education will drive growth in the market, strengthening New York City's appeal to tourists and business travelers. These favorable economic and demographic trends during the forecast period will likely translate into a healthy, though moderate, rebound in retail sales during this time.

---

## **Table of Contents**

### **Stamford Metropolitan Statistical Area Economy and Demographics**

#### *Regional Overview*

The Stamford metropolitan statistical area encompasses all of Fairfield County, the most populous county in the State of Connecticut, which includes the cities of Stamford and Norwalk and the towns of Greenwich, New Canaan, Darien, Westport, Weston, and Wilton. With an employment base that totaled approximately 395,000 jobs as of November 2011, the area is home to companies from a broad range of industries such as television, computer software, chemicals, and manufacturing, in addition to industry-leading hedge funds and investment management firms. In addition to the metropolitan statistical area's financial prowess, the regional economy is also driven by trade, professional and business services, and educational and health services sectors. Fairfield County's diverse economic base should promote the influx of companies into the area, promoting the area's long-term economic and demographic growth, as well as for the health of the area's commercial real estate market.

#### *Major Economic Drivers*

Home to numerous corporate divisions and major players in the financial services industry, Fairfield County has one of the largest concentrations of financial services companies and corporations, which include UBS, RBS Securities, and GE Capital. The City of Stamford remains the economic engine of Fairfield County and is home to a number of Fortune 500 companies. Companies headquartered or with large operating divisions housed within the metro division include Nestle, Starwood, Thomson Reuters, Xerox, Elizabeth Arden, and Pitney Bowes.

A major driver of the Stamford metropolitan statistical area economy is the financial activities sector, which employed approximately 42,200 people as of November 2011 and accounted for roughly 10.7% of the total labor force and 26.2% of total earnings in the metropolitan statistical area as of 2008, the latest data available. In 2010, the finance industry accounted for approximately 40.2% of GDP growth in the Stamford metropolitan statistical area.

Employment in professional and business services composed 16.0% of the total labor force with close to 64,000 employed as of November 2011. Second only to the area's finance industry, the professional and business services sector accounts for approximately 14.6% of the Stamford metropolitan statistical area GDP in 2010.

With more than 68,300 people employed in educational and health services as of November 2011, 17.3% of total employment was in this sector, the largest employment sector by total number of people employed.

Trade is also a major driver of the economy, employing 59,200 people as of November 2011, accounting for 15.0% of total employment in the area. The City of Stamford is the major retail center of Fairfield County.

#### *Demographic Characteristics*

Fairfield County is often the preferred location to raise families due to the high quality of life offered by Southwestern Connecticut's suburban neighborhoods. The expansion of companies in the area in addition to the area's high-quality residential product, cultural amenities, and convenient public transportation has led to an increase in the number of workers commuting into Fairfield County from surrounding locations, many of which utilize the area's public transportation network. The area's extensive network is centered on the Stamford Transportation Center, which is in close proximity to the city's major retail and office hubs. More than 30% of all riders passing through the transit center commute for work into the Stamford metropolitan statistical area. The busiest New Haven Line station outside of New York City, the Stamford Transportation Center has facilitated the rise in the number of reverse commuters into Fairfield County from New York City, which doubled during the 10-year period from 1997 to 2007, with approximately 1,900 riders commuting into the Fairfield County area as of 2007. Commonly referred to as the Gold Coast, the southwestern portion of Fairfield County is known for its concentration of exceptional wealth. The region is known for having some of the wealthiest towns and neighborhoods in the country, which include the towns of New Canaan, Greenwich, and Weston.

## **Table of Contents**

In 2010, households with incomes of \$100,000 or greater made up 38.8% of all households in Fairfield County, surpassing the number of \$100,000 or greater income households nationally (19.9%) and in the state of Connecticut (29.9%), according to the 2010 American Community Survey. An indication of the extreme concentration of wealth in the area, the percentage of households with incomes of \$200,000 or greater was 14.3% in Fairfield County compared to 3.9% nationally and 7.6% in the State of Connecticut.

The concentration of wealthy households in the area should increase as financial markets stabilize and employment levels in the region gradually revert to pre-recession levels. Per capita income in the Stamford metropolitan statistical area was \$75,868 in 2010, a 2.4% increase from the previous year the first annual increase in per capita personal income since 2007.

### **Forecast and Outlook**

In comparison to the previous decade, we expect total population in the area to rise at a faster rate, driven by positive net migration through the forecast period, which is expected to average 1,300 residents annually through the forecast period ending in 2015. The total population is forecasted to grow at an average annual rate of 0.6%. In absolute terms, the forecast calls for population to increase by close to 30,000 through 2015. Our household formation forecast is expected to follow a similar trend and increase by an annual average rate of 0.6%.

We expect total employment in Fairfield County to increase through the near-term forecast period, as a result of the on-going recovery in the financial markets and increased job growth across a broader array of industries. Following the estimated 0.4% decline in total employment in 2011, we expect more robust job creation, particularly among the economy's largest job employment sectors, to result in an annual employment growth rate of 0.9% in 2012 followed by a 0.6% rise in 2013. As the economy enters a more prosperous phase of the economic cycle, job growth is expected to rise to 1.1% by 2014 as companies in the financial activities, leisure and hospitality, as well as educational and health services employment sectors re-staff at a more brisk pace. We expect the economy to regain momentum, resulting in a 1.2% employment growth rate in 2015. The forecasted 14,100 net jobs added during the five-year period from 2010 to 2015 replenishes 53% of the roughly 27,000 jobs lost during the two-year period following the onset of the national recession in December 2007.

### **Office Markets**

#### *Manhattan*

Manhattan's office market is by far the largest in the United States measured by total square footage. With approximately 393 million square feet of office space, the island leads every other major city by a healthy margin. For comparison, the Washington, D.C. and Chicago office markets contain 289 million square feet and

## Table of Contents

214 million square feet, respectively. Rounding out the top five are Los Angeles with 194 million square feet of space and Boston with 183 million square feet. Manhattan is further split into three major markets: Midtown, Midtown South and Downtown. Midtown is defined to include the land north of 32<sup>nd</sup> Street east of 6<sup>th</sup> Avenue and north of 30<sup>th</sup> Street west of 6<sup>th</sup> Avenue. Midtown South is between Midtown and 14<sup>th</sup> Street. Downtown is defined to include all areas south of Canal Street and the Manhattan Bridge. The depth of New York's workforce, economic ties with countries around the globe, and clusters of sophisticated service industries make Manhattan a highly desirable place to do business, which together drive strong demand for office space irrespective of economic cycles. While the local office tenant base is broad, several industries cluster in Manhattan office space, including financial activities, legal, consulting and other professional services, media and publishing, advertising, communications, and fashion/apparel.

### Demand-Supply Analysis

The recovery of the Manhattan office market is well underway, with each submarket recording positive net absorption for 2011. Demand for office space bounced back through the year, with leasing activity in 2011 increased 14% over 2010 to its highest level in a decade, according to Cushman & Wakefield. Positive net absorption totaled approximately 5.5 million square feet during the year. Office employment grew by 1.3% year-to-date through November 2011, which translates into approximately 18,200 new office jobs. The overall vacancy rate, which includes all non-owner-occupied, Class A, B and C office buildings in Manhattan, decreased to 9.1% as of the fourth quarter of 2011 from 10.5% at year-end 2010. No new multi-tenant buildings came online in Manhattan during 2011. In Midtown, the office vacancy rate decreased by 1.0 percentage points to 9.6% during the year. The Downtown office vacancy rate decreased 1.4 percentage points to 9.5%. Within the Midtown South submarket, the vacancy rate decreased 2.2 percentage points to 6.4%. Manhattan's vacancy rate compares favorably with other U.S. gateway cities. Its overall office vacancy rate was lower than Boston, Chicago, Los Angeles, San Francisco and Washington, D.C. since at least 2005. As of the fourth quarter of 2011, the vacancy rates in these other gateway cities ranged between 11.4% in San Francisco and 18.9% in Chicago, compared with 9.1% in Manhattan. The Manhattan vacancy rate also compares favorably to other major CBDs. As of the end of 2011, the vacancy rate in the CBDs of these gateway cities ranged from 9.7% in San Francisco to 19.1% in Los Angeles.

Leasing office space in Manhattan and, in particular, within the Midtown market is the most expensive in terms of overall average gross asking rents among major office markets within the United States, far exceeding those of other gateway cities. As of the fourth quarter of 2011, the overall total market average gross asking rents in the Boston, Chicago, Los Angeles, San Francisco and Washington, D.C. office markets, which include all building classes within the CBD submarket, ranged between \$31.28 per square foot in Chicago and \$49.70 per square foot in Washington, D.C. Manhattan's overall average gross asking rent was recorded at \$57.25 per square foot, with Midtown averaging \$65.42 per square foot. On the whole, the overall average asking rental rate in Manhattan started growing in 2011. The overall average asking rent, which includes all non-owner-occupied office space, grew by 1.9% to \$57.25 per square foot in the fourth quarter of 2011. On a year-over-year basis, the average asking rent increased to 5.4% greater than at year-end 2010.

**Table of Contents**

Barriers to entry in Manhattan's office market are high. Following the delivery of 1.5 million square feet of new space to the Manhattan office market in 2010, no new buildings came online 2011.

**Outlook**

RCG's outlook for Manhattan's office market as a whole is positive. RCG believes continued hiring among office-using industries and continued strength in business confidence should drive new leasing activity as well as the withdrawal of sublease space from the market. RCG expects Midtown to benefit from much of the new office demand in addition to the restructuring demand base and general migration of major firms from Downtown. Furthermore, while the bounce back in demand during 2010 and 2011 was concentrated among the top-tier trophy assets and from tenants making lateral moves, including consolidations and trading up, the recovery going forward will be more broad-based, with Class B/C fundamentals likely to improve going forward.

Overall, Manhattan's office vacancy rate, which covers all office space in Midtown, Midtown South and Downtown, is forecasted to decrease through the forecast period to ultimately reach around 7.4% by 2014 from 9.1% in 2010 – a 1.7 percentage-point drop. The market should considerably tighten in both Midtown and Downtown by the end of the five-year forecast period; the expected drop in the Midtown South vacancy rate is not likely to match the magnitude of Midtown or Downtown, given that its vacancy rate is already low and new supply is expected to come online within the five-year horizon. Manhattan's overall vacancy rate is forecasted to decrease to 7.4% by 2015 from 9.1% in 2011.

RCG's forecast calls for the overall average asking rent in the Manhattan office market to continue rising on a year-over-year basis through 2015. A falling vacancy rate should enable building owners to raise rents. Also the

**Table of Contents**

influx of unleased space on the market at new speculative office buildings through the forecast period will add an upward bias on the average rent calculation. RCG expects the average asking rent to increase by 5.9% in 2012 and by 9.2% in 2013. Annual rent growth is likely to peak in 2014 when the average rent is forecasted to increase by 14.3%, followed by slower growth of 8.1% in 2015. Manhattan office average asking rent growth is forecasted to exceed other U.S. gateway cities through the forecast period, an effect of strong demand and constraints on new supply. Compared with an annual average of 9.4% growth in Manhattan, average annual rent growth in other U.S. gateway city CBDs through 2015 are forecasted to range between 3.3% in Los Angeles and 8.3% in Boston.

RCG does not expect any new multi-tenant buildings to come online in 2012, a result of the economic and financial market turmoil in 2007-2009 that caused the suspension or cancellation of several major office construction projects that would have been delivered during this period. Through the medium term, RCG expects four major office towers to come online in 2013 and 2014. 1 World Trade Center is currently under construction and is scheduled to deliver 2.6 million square feet of new space to the Downtown market in 2013. Above-ground construction work on the 1.8 million square-foot 4 World Trade Center is under way and likely on pace for a 2014 delivery. Construction work on the 896,000 square-foot 250 West 55<sup>th</sup> Street resumed in 2011 in time for a 2014 delivery date. The first phase on the Hudson Yards project on the west side of Midtown an office tower whose non-owner-occupied portion totals 1.1 million square foot office tower is scheduled to be completed by 2015.

**Table of Contents**

*Midtown*

Midtown's office market spans the island of Manhattan from 30<sup>th</sup> Street north to Central Park. Approximately 241 million square feet of rentable space are contained within Midtown's multi-tenant office buildings, making it the largest CBD office market in the country by far. For a size comparison, Downtown Chicago and the Washington, D.C. CBD combine for a total of just 226 million square feet of office space. Three-quarters 74.9% of Midtown's office stock is classified as Class A with total square footage of 181 million square feet. Approximately 44.6 million square feet of Midtown office space is counted as Class B stock, accounting for 18.5% of the total market. The remaining 6.5% of Midtown office space (16.4 million square feet) is categorized as Class C space.

Midtown is split into 11 submarkets: The Grand Central submarket is defined as the area bound by Fifth Avenue to the west, Second Avenue to the east, 39<sup>th</sup> Street to the south and 47<sup>th</sup> Street to the north, excluding Park Avenue north of 43<sup>rd</sup> Street. The Penn Station-Times Square South submarket it is defined as the area bound by Sixth Avenue to the east, the Hudson River to the west, 42<sup>nd</sup> Street to the north and 30<sup>th</sup> Street to the south. The West Side submarket is defined to include all office properties north of 42<sup>nd</sup> Street, west of 7<sup>th</sup> Avenue, with 59<sup>th</sup> Street and 57<sup>th</sup> streets forming a border to the north and the Hudson River forming the western boundary. Other submarkets include: 6<sup>th</sup> Ave/Rockefeller Center, Madison/Fifth, Park Avenue, East Side, Murray Hill, Lincoln Center and United Nations.

**Table of Contents**

*Demand-Supply Analysis*

The Midtown office market is considered one of the world's premier central business districts based on its mix of tenants, deep and broad available labor force, excellent transportation access and overall prestige. Included among its major tenants are world-class media conglomerates and publishing houses, international corporate businesses and major financial institutions. In addition to these major tenants, sophisticated professional services firms, including accounting, advertising, legal and consulting, among others, also congregate in Midtown to locate near clients.

RCG believes the Midtown office market as a whole is in the midst of a recovery. Despite uncertainty in the global economy and volatility in the capital markets during the second half of 2011, tenants are still trading up into higher quality space and consolidating into more central locations in order to lock in long-term leases for desirable locations at favorable pricing. Leasing activity overall in 2011 was relatively flat to 2010, approximately 19.0 million square feet of office space were leased throughout Midtown during 2011, even with 2010.

Leasing trends varied among Class B and C space. While a market-wide flight-to-quality led the bounce back in demand for high-quality assets, building owners' financial health continues to prove an important deciding variable in driving leasing activity. A total of 3.2 million square feet of Class B space were leased in 2011, a decrease of 0.9% from 2010. Leasing volume of Class C space increased 10.7% to 920,000 square feet.

**Table of Contents**

The improving economic climate has also pushed some office users to withdraw sublease space from the market. The removal of sublease space reflects positively on market statistics since available sublease space raises the vacancy rate and exerting a twofold negative impact on the average rent by biasing average asking rent calculation downward and reducing landlords' pricing power on direct availabilities. The amount of space available for sublease in Midtown declined to 3.9 million square feet as of the fourth quarter of 2011 – a 51.9% drop from the second quarter of 2009. By comparison, the total amount of vacant space available in Midtown has declined by 17.0% during the same period. Sublease availabilities are generally less prevalent in Class B and C buildings than Class A. As of the fourth quarter of 2011, the overall vacancy rate, which covers all of Midtown office space, decreased by 3.0 percentage points since the first quarter of 2010 to reach 9.6%.

Based on high demand, RCG believes the cyclical decline in the overall average asking rent covering all of Midtown office space has passed. Midtown's overall average gross asking rent increased by 4.7% to \$65.42 per square foot in 2011. Because 80% of Midtown's total vacant office stock is located in Class A buildings, Midtown's market-wide overall average gross asking rent, which is weighted on vacant stock, was heavily biased by the Class A concentration. Leading this trend have been the trophy buildings, particularly those clustered along the desirable Park and Madison Avenue corridors and near Central Park, where owners have been able to raise asking rents as space availabilities decline. RCG believes that falling vacancy rates have enabled landlords to raise asking rents for high-quality spaces. At the lower-end of the market, however, concessions still drive new leasing transactions, attributable to the imbalance between available supply and current demand among smaller office spaces and tenants specifically looking for smaller spaces.

Because of the difficulty and high costs associated with new building activity in Midtown, purely speculative construction projects have been rare in recent years. These constraints on supply also generally limit office development to dense high-rise office towers. During the past cycle, building activity has been concentrated to the immediate south of Times Square and around Bryant Park. In fact, three buildings delivered within two city blocks of each other account for 61% of the total amount of new multi-tenant office space delivered in Manhattan between 2004 and 2010. The 1.5 million square-foot New York Times building was completed in 2007 at 620 Eighth Avenue, followed by Bank of America's 2.1 million square-foot One Bryant Park tower in 2008. Despite the difficulties associated with purely speculative construction projects in Midtown, particularly at a time when construction financing was largely unavailable, SJP Properties delivered the 1.1 million square-foot 11 Times Square tower, located directly adjacent to the New York Times Building, in early 2010 completely vacant. The law firm Proskauer Rose subsequently signed on for approximately 400,000 square feet of space.

**Table of Contents**

*Outlook*

Based on the likelihood of a sustained demand recovery and a muted supply response, RCG's outlook for Midtown's office market is positive. Underpinning this demand recovery are several factors. While rents are still relatively inexpensive, firms will likely continue to take advantage of favorable opportunities to sign long-term leases at rents well-below recent peak levels. As of 2011, Midtown's overall average asking rent, which is calculated from all available space in the submarket, was \$65.42 per square foot.

While top-quality spaces in desirable locations have led the market's early stage recovery, RCG believes that sustained job growth will drive office demand for smaller spaces and in second-tier locations going forward. In particular, recent data suggest job growth among smaller office space users will likely drive much of the leasing and expansion activity in the Midtown market in the future. Illustrating the significance of smaller firms on overall office demand, small firms expand at a disproportionately rapid rate compared with large firms, a trend that bodes well for the demand of small-scale office spaces in Midtown. During the last multi-year period of consistent job growth in New York State, from 2004 through 2008, smaller firms outgrew large firms by a wide margin. Firms employing 1 to 49 workers expanded total payrolls by a total of 6.2% during the five-year period. By contrast, companies in New York State with 1,000 or more employees only grew 1.7% during the five-year period. In terms of absolute magnitude, firms employing 1 to 250 workers accounted for 82% of the total number of new jobs added during the 2004 to 2008 period throughout New York. While statistics specifically describing Midtown firms' staffing levels are not available, the patterns are likely similar to the New York state-wide trends.

As firms grow beyond the capacity of their existing locations and become increasingly confident in the economic climate going forward, expansion into larger office spaces becomes more likely. As a result, office employment growth should more directly translate to strengthening office demand through the medium term. Various employment statistics covering Manhattan, New York City and the New York metropolitan division indicate that job growth recovery continued through late 2011. The federal government's establishment survey, which counts total jobs, indicates that in the 11-county metropolitan division, which in addition to New York City includes Bergen, Hudson and Passaic Counties in New Jersey and Putnam, Rockland and Westchester Counties in New York, employers added a total of 32,200 jobs year-over-year through November 2011, a 0.6% year-over-year increase. A large majority of these new jobs were located in New York City: within the five boroughs, employers added 23,300 jobs in the 12 months through November 2011, expanding total employment by 0.6%. According to the government's survey of households, which counts number of persons employed (as opposed to the establishment survey's jobs tally), approximately 3,100 more Manhattan residents were employed as of November 2011 compared with the year prior, a 0.2% expansion. RCG's New York employment forecast, which covers the 11-county metropolitan division, calls for office employment to grow by 79,900 jobs through the 2012-2015 period at an average annual rate of 1.3%.

## **Table of Contents**

With concessions likely to drive leasing activity in the lower-end of the market through the immediate- to near-term, well-capitalized owners that are able to fund tenant improvement packages and other concessions should lead the recovery within the second-tier segment. Through the near term, RCG expects the overall vacancy rate, which covers all of Midtown office space, to fluctuate while following a gradual trend downward. By the end of 2012, the overall vacancy rate should reach 9.0% from 9.6% in the fourth quarter of 2011. In the years that follow, RCG predicts Midtown's office vacancy rate will decrease to ultimately reach 7.6% in 2015.

Midtown's overall average asking rent, which is calculated based on all available office space in Midtown, is likely to continue rising in spite of any near-term slowdown in leasing activity as a result of decreasing availability of space. Midtown's overall average asking rent is forecasted to grow at a fourth quarter-over-fourth quarter rate of 5.5% to \$69.02 per square foot in 2012. Beyond 2012, RCG expects the overall average asking rent to rise at an accelerating pace as the market tightens and pricing power shifts in favor of landlords. With steady absorption and just one new building expected to come online in Midtown between 2011 and 2014, suitable office space is likely to be available only in short supply, particularly for tenants looking for large blocks in a single building. As tenants continue to expand and landlords gain more pricing power on lease negotiations, the likelihood of market-wide rent spikes increases. The average asking rent is forecasted to grow at a fourth quarter-over-fourth quarter rate of 11.2% to \$76.75 per square foot in 2013 and 17.1% to \$89.87 per square foot in 2014. By 2015, RCG's forecast calls for the average asking rent to grow 7.8% to \$96.88.

### *Penn Station-Times Square South Submarket*

The Penn Station-Times Square South submarket, located on the west side of Midtown Manhattan, to the south and west of Times Square and Bryant Park, is the largest office submarket in Midtown Manhattan by total office inventory at more than 45.8 million square feet. The submarket includes a portion of Times Square, Penn Station, Madison Square Garden, the James Farley Post Office, Macy's flagship store, the Herald Square retail district, the Port Authority Bus Terminal, the Jacob K. Javits Convention Center, and many other landmarks. Whereas Midtown as a whole is comprised of mostly Class A office space, the opposite is true in the Penn Station-Times Square South submarket. Class A buildings represent just 30% of the total square footage, while Class B and C buildings make up 44% and 26%, respectively. The Penn Station-Times Square South submarket's unique set of features attracts a diverse tenant base. The area's low cost compared with Midtown's other submarkets attracts large firms in a variety of industries, including fashion and retail, media and publishing, corporate, and professional services firms.

One of the main attractions for office tenants is the excellent connectivity via mass transit to other parts of Manhattan, the outer boroughs, New Jersey, Connecticut, Long Island and Upstate New York. The submarket's eponymous transit node, Pennsylvania Station, is one of the busiest rail stations in the world, serving approximately 600,000 passengers per day. The Port Authority Bus Terminal, located on 8<sup>th</sup> Avenue between 41<sup>st</sup>

**Table of Contents**

and 42<sup>nd</sup> Streets, is the largest bus terminal in the United States and the busiest in the world by passenger count, serving more than 58 million passengers passed through the terminal in 2008, or an average of nearly 159,000 per day, according to the latest available data. The Times Square-42<sup>nd</sup> Street subway station, which services 11 lines (1, 2, 3, 7, A, C, E, N, Q, R and shuttle to Grand Central), connected more passengers in 2010 than any other in the city's network with annual ridership totaling approximately 58.4 million. Three subway nodes along 34<sup>th</sup> Street serve the Penn Station and Herald Square area, with combined annual ridership totaling 88.9 million in 2010.

Counter to the trend in the overall Midtown market, the Penn Station-Times Square South vacancy rate increased slightly in 2011 to 9.8% from 9.4% in 2010. Driving an increase in the vacancy rate are new arrivals of large blocks of vacant space on the market. As of the fourth quarter of 2011, 12 large blocks of space, defined as 100,000 square feet or more, totaling 2.6 million square feet were available. By contrast, five block large blocks of space totaling 1.4 million square feet were available at year-end 2010. The vacancy rate excluding large blocks of space was measured at 4.1% at year-end 2011, down from 6.3% one year earlier.

The Penn Station-Times Square South overall average asking rent, which is calculated from all available office space in the submarket, increased 2.7% year-over-year to \$50.63 per square foot as of the fourth quarter of 2011.

Two major office towers came online in the submarket during the last several years, both of which were located on opposite corners of the 8<sup>th</sup> Avenue and 41<sup>st</sup> Street intersection. The 1.5 million square-foot New York Times Building, located adjacent the Port Authority Bus Terminal at 620 8<sup>th</sup> Avenue, was completed in 2007. The New York Times has since subleased a portion of its original footprint in the building. The second tower, 11 Times Square, consists of 1.1 million square feet and was delivered without an anchor tenant in early 2010. Law firm Proskauer Rose subsequently leased approximately 36% of the space, followed by another law firm Zukerman Gore Brandeis & Crossman leasing just over 17,000 square feet in 2011.

RCG does not expect any additional office buildings to be completed in the Penn Station-Times Square South submarket through at least 2014. Nevertheless, two office development projects are in various stages of development: the Related Companies' large-scale and multi-use Hudson Yards project and Vornado's proposed 15 Penn Plaza. Hudson Yards is likely on a shorter development schedule than 15 Penn Plaza. With respect to the Hudson Yards project, preliminary site preparation and planning work, including demolishing an existing building began in 2010, though structural work on the new complex has not yet commenced. The first office tower will contain approximately 1.7 million square feet of space. Coach Inc. pledged in late 2011 to purchase and occupy 600,000 square feet of the tower, leaving the remainder open for lease. Construction will reportedly commence in 2012 with a tentative completion date of 2015. Physical construction work on 15 Penn Plaza, on the other hand, is not likely for several years, with a completion date likely beyond 2015.

*Grand Central Submarket*

The Grand Central submarket is the second-largest office submarket in Midtown Manhattan with 43.7 million square feet and is located on the east side of Midtown Manhattan, to the north of Murray Hill and to the south of the Park Avenue corridor. The large majority of office space in the Grand Central submarket is contained within high quality office towers. Approximately 83% of the office space within the Grand Central submarket is classified as Class A. Respectively, Class B and C office space comprise 17% and 0.6% of submarket. The Grand Central submarket has benefitted over the last two decades as financial firms and professional service firms that support them have migrated to Midtown from Downtown. Midtown's high-rise office buildings offered greater flexibility and prestige versus Downtown's older office stock, while Midtown's excellent transit connectivity is an important advantage for workers commuting from Upstate New York, Connecticut and New Jersey. The Grand Central Terminal specifically is the largest train station in the world by number of platforms. In addition, advancement in computing and telecommunications technology over the past several decades have allowed securities traders to operate at a distance to the major exchanges on Wall Street.

## **Table of Contents**

Other features of the Grand Central submarket include proximity to the top-quality, trophy office buildings along the Fifth Avenue, Madison Avenue, Park Avenue corridors at significantly lower rents, a particularly attractive trait to cost-sensitive firms with clients on the east side of Midtown. Demand for space has bounced back strongly since the recession, marked by the jump in leasing activity since 2009. Total leasing volume increased to 4.2 million square feet in 2011, 21.6% greater than the 2010 volume. In 2011, more office space was leased in Grand Central than any other Midtown submarket. Despite the sharp rise in leasing activity, the overall submarket vacancy rate, which covers all office space, dropped only 0.1 percentage point to 11.2%.

Grand Central's overall average asking rent, which is calculated from all available office space in the submarket, decreased 6.5% year-over-year to \$55.03 per square foot as of the fourth quarter of 2011.

Development opportunities in the Grand Central submarket are scarce, making new office construction a rarity. The last new building to come online in the submarket was the 296,000 square-foot CIT Building in 2006, at 505 Fifth Avenue and East 42<sup>nd</sup> Street, adjacent to Bryant Park. Though the building sits on a formerly vacant plot of land, most development requires assembling multiple parcels and demolition work, which extends the build-out timelines of new construction and increases the overall complexity of the development process. As a result of the lead time associated with major new construction projects in Manhattan, RCG does not expect any new office space to come online through at least 2014.

### *West Side Submarket*

The West Side office submarket, located to the south and west of Central Park and including the area around Columbus Circle, consists of 25.4 million square feet of office space. The diverse submarket includes Manhattan's Theater District, a portion of Times Square and the Hell Kitchen's residential/commercial district. Like the Grand Central submarket, non-prime Class B and C office spaces make up a relatively small share of the West Side submarket's total. Approximately 12% and 9% of the submarket's total office space is categorized as Class B and C, respectively. Class A spaces account for 79% of the submarket's office stock. Office-using firms are drawn to the top-quality high-rise office buildings that line the 7<sup>th</sup> Avenue corridor, while transit connectivity allows firms to recruit from all areas of the vast greater New York metropolitan region. Firms from a variety of industries cluster in the West Side submarket, including publishing, media, finance, legal, consulting, retail and lodging. Furthermore, several high-profile corporations have headquarters or a major base of operations in and around Times Square, including Viacom, Conde Nast, Ernst & Young, Thomson Reuters, Barclays, Morgan Stanley, and many others. In 2011, Nomura signed a 900,000 square-foot lease for Worldwide Plaza, the largest lease in Midtown since 2004.

Much like elsewhere in Midtown, demand for space in the submarket has rebounded since the recession. A total of 2.7 million square feet of space was leased in the submarket during 2011, an increase of 74.9% from

## **Table of Contents**

2010. Though the Nomura lease represents a large portion of the total volume of leased space in 2011, excluding it from the annual total would still yield a 16.8% annual increase. At 7.6% as of the fourth quarter of 2011, the West Side's vacancy rate, which covers all submarket office space, has fallen 4.5 percentage points since year-end 2010.

West Side's overall average gross asking rent, which is calculated from all available office space in the submarket, averaged \$59.86 per square foot as of the fourth quarter of 2011, a 5.0% increase year-over-year. By comparison, the overall asking rent for Midtown as a whole, which includes both direct and sublease spaces, averaged \$65.46 per square foot.

On the supply side, RCG expects a new office building located at 250 West 55<sup>th</sup> Street in the West Side submarket will come online by the end of 2014. Boston Properties resumed construction on the office tower in 2011 following a lease commitment by law firm Morrison & Foerster for nearly 20% of the building.

## **Westchester County**

Westchester County contains approximately 28.4 million square feet of office space and is split into six major submarkets: White Plains CBD and non-CBD, Northern, Central, Eastern and Southern. Office-using firms are attracted to the Westchester office market for its lower costs of occupancy but still close proximity to New York City, suburban towns within Westchester County and Upstate New York, as well as Southwestern Connecticut, Northeastern New Jersey and Long Island. The availability of on-site amenities, scalability of office space usage and transportation infrastructure attract corporate tenants and a variety of other industries including financial services, insurance, professional services, technology, biotech, consumer products, fashion/apparel, healthcare and pharmaceuticals. Westchester's lower rents, a more diverse tenant base compared with Manhattan and a near-complete lack of new building activity during the last expansion period shielded the office market from a sharp rise in vacancy and steep rent declines during the recession. With sustained economic growth expected going forward, renewed hiring in key sectors should boost office demand through the near- to medium term.

### **Demand-Supply Analysis**

While heavy dependence on the financial sector proved to be a drag on office markets in Manhattan and many of its surrounding suburban submarkets during the recession, Westchester's diversity and high barriers to entry are a stabilizing force. RCG believes that the Westchester office market bottomed during 2010 and 2011 and is poised for recovery. The New York metropolitan division, within which Westchester is located, registered office employment growth at a rate of approximately 1.8% and 1.3% in 2010 and 2011, respectively, implying the creation of 44,700 new office-using jobs during the two-year span. Despite this job growth, however, fresh office demand has not yet grown significantly. In Westchester, the vacancy rate fluctuated during 2011, and ended even with 2010.

**Table of Contents**

Evidence suggests large blocks of vacant space at properties formerly occupied by single tenants, often large corporate users, are contributing significantly to a high office vacancy rate in Westchester County. Reader's Digest recently vacated 200,000 at 480 Bedford Road in Pleasantville, which added to the existing block of 136,000 square feet of direct vacant space at the property. In addition, partially resulting from Starwood's relocation to neighboring Fairfield County, 350,000 square feet are now vacant at its two former buildings, along with another 100,000 square feet from Nokia leaving 102 Corporate Park Drive. Combined these blocks of space represent 18.2% of the total vacant space in the market, or 3.1% of the total office stock.

With the vacancy rate still at an elevated level, landlords lack pricing power on rent negotiations for second- and third-tier spaces. For top-tier buildings in desirable locations such as those near highways and transit nodes, landlords have begun to regain some negotiating leverage. The average asking rent continued to decline through 2011. At \$29.37 per square foot as of the fourth quarter of 2011, the average asking rent was 2.8% less in the fourth quarter than at year-end 2010.

New office construction in Westchester County is rare, attributable to its high barriers to entry that originate from a lack of suitable land in desirable submarkets and high costs of construction. No new buildings have come online in Westchester County since 2005 when two properties totaling 91,000 square feet were completed. Prior to that, approximately 168,000 square feet of new space came online in 2002. In total, new construction expanded Westchester's total office inventory by just 0.9% between 1998 and the fourth quarter of 2011. By comparison, total office stock grew by 4.9% in Manhattan, where building is notoriously difficult, between 1998 and 2011. High barriers to entry, which have limited new building in the past, contributed to a relatively minor increase in the vacancy rate during the recession.

**Table of Contents**

*Outlook*

While the recovery in office market fundamentals has been choppy since the end of the recession, RCG believes that several factors suggest an imminent recovery in the demand-supply balance for the market. Sustained job growth is expected across a range of industries, including healthcare, professional services, and technology particularly among small and medium-sized firms that prefer to operate in multi-tenant suburban office space. Among office employment, RCG expects job growth to average 1.3% annually through 2015, translating to the creation of 79,900 positions. Office employment growth will directly boost office demand in Westchester County and the region as a whole. Demand will likely rise steadily in the future, while the supply response is likely to be muted.

RCG forecasts net absorption, a proxy for fluctuations in office space demand, to turn positive in 2012. As a result, the overall vacancy rate, which covers all office space in Westchester County, is expected to stabilize at 16.4% through the year-end 2012. Through the remainder of the forecast period, the vacancy rate is likely to continue moving downward as demand grows and high barriers to entry prevent a swift supply response. By 2015, RCG's forecast calls for the vacancy rate to reach 15.0%, roughly equal with pre-recession levels from 2005.

RCG believes there is potential for rental rate expansion in Westchester County. A gradual tightening of the market going forward will likely transfer negotiating power on lease terms to the landlord from the prospective tenant, where it currently lies. As a result, rent growth is forecasted to turn positive as the vacancy rate drops down from cyclical highs through the near term. After a 2.8% drop in 2011, the average asking rent is

**Table of Contents**

forecasted to grow 1.2% to \$29.72 per square foot in 2012. Rent growth should gain momentum through the medium term as the vacancy rate drops to pre-recession levels. By 2015, coinciding with a drop in the vacancy rate and an expected high demand for high-quality office space in multi-tenant properties, RCG expects the average asking rent to grow at a fourth quarter-over-fourth quarter rate of 4.6% to \$33.04 per square foot, up from 2.7% and 3.5% growth in 2013 and 2014, respectively.

High-quality multi-tenant office buildings in desirable locations that cater to high-value tenants will likely outperform the market in terms of demand and rent growth going forward. Firms in the corporate sector, as well as financial services and professional services industries prefer to occupy these spaces based on proximity to transportation and executive and employee housing as well as the higher quality-of-life amenities, like parking, on-site dining, nearby commercial districts, views, and others. Although a shortage of these high-quality, trophy spaces is expected to emerge later in the forecast period, RCG does not expect any new construction to be completed by 2015.

***White Plains CBD Submarket***

The White Plains CBD is situated in south central Westchester County, along the Cross-Westchester Expressway (Interstate 287) corridor between the Sprain Brook Parkway and the Hutchinson River Parkway. The submarket consists of approximately 6.3 million square feet of office space and is defined to include the area south of Barker Avenue, north of Quinby Avenue, east of the Bronx River Parkway and west of South Broadway/Post Road. Within the submarket is a thriving and densely developed central business district that has attracted office users of varying size. In 2008, an estimate from the city mayor's office placed the worker population at approximately 250,000, compared with a resident population of 60,000.

**Table of Contents**

Workers commute into White Plains via a number of major roadway connections and the Metro-North Railroad, which connects to Grand Central Terminal. Its central location among Westchester County towns and villages makes White Plains an easy commute for upstate residents. Roadway access to the CBD is granted from both the Bronx River Parkway and the Cross Westchester Expressway (Interstate 287), while the White Plains Metro North Transportation Center provides a rail connection to Grand Central Terminal. With travel times as low as 31 minutes, the direct rail connection between Grand Central Terminal in Midtown Manhattan and the White Plains CBD gives local employers access to one of the deepest labor pools in the world. Furthermore, because of close proximity to transportation, office locations within walking distance of the White Plains MetroNorth station are more desirable than locations. Its accessibility and dense clustering of firms in the financial services and professional services industries are major positives for the market. Local amenities including retail, restaurants and luxury multifamily housing have also been instrumental in luring tenants to the submarket.

As of the fourth quarter of 2011, approximately 16.2% of the White Plains CBD office market was available for lease. This compares favorably with the overall Westchester office market, where the vacancy rate stood at 17.1% in the fourth quarter of 2011. While the overall vacancy rate translates to approximately 1.0 million square feet of vacant office space, large blocks of space are in short supply. Asking rent on office space in the White Plains CBD averaged \$32.36 per square foot overall as of the fourth quarter of 2011, 0.7% increase year-over-year. For comparison, the overall average asking rent on all Westchester County office space decreased by 2.8% on a year-over-year basis to \$29.37 per square foot through the fourth quarter of 2011.

*Eastern Submarket*

Westchester's Eastern office submarket consists of 6.5 million square feet of space and is located to the east of White Plains, between New Rochelle and the Connecticut state border. By definition, the submarket encompasses the towns of Harrison, Hartsdale, Larchmont, Mamaroneck, Port Chester, Purchase, Rye, Rye Brook and Scarsdale. A dense network of transportation infrastructure weaves through the various towns in the submarket, making accessibility a strong advantage for office properties competing for tenants. In addition to Interstate 95, the Cross-Westchester Expressway (Interstate 287) and the Hutchinson River Parkway, two lines along the Metro-North Railroad pass through the Eastern Submarket with several stops between New York City and Connecticut. While office development is less dense in these towns than in the White Plains CBD, the submarket is still an attractive location for office tenants. Based on the strength of its transportation infrastructure and the close proximity of amenities like banks, restaurants, hotels, executive conference centers and recreational resources, firms that choose to locate in the Eastern submarket are able to recruit high quality employees from nearby suburban towns, New York City and Connecticut.

**Table of Contents**

The submarket's vacancy rate, which includes Class A, B and C office space, was recorded at 17.7% in the fourth quarter of 2011, up from 16.3% one year earlier.

Driving up the current vacancy rate are a collection of large office properties along the Cross-Westchester Expressway corridor in Harrison and Rye that were built in the 1950s and 1960s for large, corporate users that have since vacated the premises. Many of the properties are now functionally obsolete and are otherwise not suitable for the small and medium-sized tenants that prefer to occupy modernized multi-tenant office buildings. However, adaptive re-use of these outdated facilities, which has already begun in some cases, should correct the problem of unused and unmarketable office space in the area, which is attractive based on its access to transportation and rail lines. Fordham University opened a campus along the corridor in 2008 in a former office building. Memorial Sloan-Kettering Cancer Center has proposed and is awaiting regulatory approval to build a treatment center in the former Verizon complex, a 114,000 square-foot building. Life Time Fitness plans to demolish the former Gannett Suburban Newspapers office building and construct a new 109,000 square-foot facility. Histogenics, a biotech firm, bought the 118,000 square-foot building at 104 Corporate Park Drive, formerly occupied by Malcolm Pirnie Inc. before it relocated to White Plains, with the intention of repurposing the property.

**Table of Contents**

Average rental rates calculated from all available office space in the Eastern submarket exceed Westchester County as a whole. As of the fourth quarter of 2011, the overall average asking rent was recorded at \$29.96 per square foot, a 4.3% decline from one year earlier.

**Fairfield County**

Consisting of approximately 40 million square feet of office space, the Fairfield County office market is driven largely by the presence of major corporate tenants and key players in the financial services industries. Key submarkets in the area include: Stamford CBD, Stamford Non-CBD, South Central, Greenwich, Central, Eastern, and Greater Danbury. The Stamford CBD and Stamford Non-CBD office submarkets make up the Stamford office market, which consists of approximately 15.2 million square feet of space. The Stamford CBD office submarket is bordered by Broad St. to the north and extends south past I-95 and encompassing the Stamford Transit Center and office properties along State St., Station Place, and First Stamford Place. The South Central office submarket contains approximately 8.5 million square feet of office space, encompassing the areas of Norwalk, Darien/New Canaan, and Wilton/Weston. The Greenwich office submarket consists of 4.3 million square feet and located within the city of Greenwich. The Central Fairfield submarket includes 2.9 million square feet of office space across the cities of Westport, Southport, and Fairfield. The Eastern Fairfield submarket consists of 6.7 million square feet of office space located within in the cities of Bridgeport, Shelton, Stratford, and Trumbull. The Greater Danbury office submarket includes 3.3 million square feet of office space spread across the cities of Danbury, Bethel, Redding, Brookfield, Newtown, and Ridgefield. Having benefitted from the migration of corporate tenants from adjacent office markets during recent decades, the high concentration of financial services tenants in the market warrants the presence of professional and business services companies in the areas of law, accounting, and other technical services such as engineering, research, and consulting. Given the area's diversifying tenant base, established finance cluster, and rising prominence as a multimedia hub, the health of the Fairfield County economy is less dependent on growth in neighboring New York in comparison with previous economic cycles. The on-going diversification of the Stamford metropolitan statistical area economy should bolster job growth, as well as office demand in the area, providing greater stability through future economic cycles as it continues to evolve into a more self-sustaining, dynamic economy.

**Table of Contents**

*Demand-Supply Analysis*

RCG believes that the Fairfield County office market is in the midst of a recovery fueled by favorable office employment growth trends and a recent influx of high profile tenants, which is resulting in increased office absorption. Having withstood the brunt of the financial crisis on the local economy and office market conditions, office employment payrolls trended upwards through the second half of 2010 and through much of 2011, as companies slowly began to re-staff in response to stabilization in financial market conditions and an improving national economic outlook. Though office employment levels declined by 1.9% year-over-year through November 2011, office-using employment still increased by a net 500 jobs during the previous two-year span. Despite a slowdown in office employment growth through the second half of 2011, which mirrored the job trend nationally, office employment levels remain stable and companies continued to lease space at a more hurried pace. Given this improvement in leasing activity, market conditions in the Fairfield County office market have tightened in recent quarters, with the vacancy rate declining to 20.5% in the fourth quarter of 2011 from 21.0% in the second quarter of 2011. In 2011, leasing activity totaled more than 2.4 million square feet, which followed the 2.9 million square feet leased in 2010. As leasing activity rebounded, the overall office lease rate increased 0.7% to \$33.02 per square foot in 2011.

Though vacancy rates edged downward through the second half of 2011 a trend we expect to continue through much of the forecast period, vacancy rates remain elevated in comparison to recent history. The continued flight-to-quality trend in the market has led to a reduction in sublease inventory, particularly for Class A sublease space. Available Class A sublease space in the market contracted to 845,000 square feet from 928,000 square feet in 2010. The rising demand for high-quality space placed upward pressure on Class A rates

## Table of Contents

during this time, as the overall Class A lease rate increased by 3.9% in 2011 to \$35.65 per square foot. Given our expectations for more robust office employment growth through the forecast period, and with minimal supply-side pressure in the market, market conditions are expected to tighten more significantly as companies begin leasing office space in earnest to accommodate this growth.

An indication of the area's diversifying economy, a number of high profile companies announced plans to relocate operations to Fairfield County. In late 2010, NBC Sports Group announced plans to build a number of studios in the Stamford, bringing 450 new jobs to the area and \$100 million in capital improvements and consolidating much of its northeast operations beginning in 2012. Starwood Hotels has begun to relocate its operations in the Westchester submarket to Stamford, occupying 250,000 square feet at 333 Ludlow St. in the Harbor Point area. The completion of both of these blockbuster deals was facilitated by attractive tax incentives, loans, and sales tax exemptions afforded by both state and local development authorities.

As companies in the office employment sector begin to re-staff, RCG expects the rebound in the financial activities and professional services employment sectors to lead the market's recovery. Also, job growth in a number of other key industries is expected to drive the economy's resurgence: information services, re-insurance, shipping, media, as well as health and education. With the pace of employment growth expected to increase in 2012 and through the remainder of the forecast period, office absorption should continue to trend upwards during this time, placing downward pressure on the office vacancy rate through 2015.

During the 10-year period between 2000 and 2010, approximately 2.3 million square feet of new office space were added to the market—an increase of 6.1% in total office stock. Practically all new office construction during this period took place in the suburban office market with much of the new office construction in recent years concentrated in the South Central, Stamford non-CBD, and Eastern submarkets. In 2011, 445,000 square feet were added to the market with the delivery of several office projects, the largest of which was the completion of Harbor Point I and II in the Stamford non-CBD submarket. Although the Harbor Point area is technically located within the non-CBD office submarket, the project area's proximity to downtown and the Stamford Transit Center allow it to compete for tenants against office properties within the CBD. With a lower-cost environment, high-quality buildings and proximity to New York City, Fairfield County is a highly desirable location for large corporate headquarters. The professional and business services sector provides ancillary support to these headquarters operations that come from a wide variety of industries. The anticipated rebound in the professional and business services employment sector should be the primary driver of improvements in the office demand fundamentals through the forecast period. With no office construction projects in the development pipeline, there will be limited supply-side pressure in the market, which should facilitate the office market's return to equilibrium. The limited supply of developable land in the Stamford area minimizes supply-side pressure on the market, restricting new construction to redevelopment in existing commercial areas.

## Outlook

RCG's outlook for the Fairfield County office market is positive. RCG believes continued hiring among office-using industries should drive new leasing activity and erode much of the sublease space weighing on the market. RCG expects Stamford to benefit from the influx of companies in growing industries such as multimedia and the recovery in financial services employment to drive the new office demand going forward. Rising investor confidence and business creation in the coming period should support job creation in office employment sectors and a tightening in office market conditions. RCG anticipates more broad-based leasing activity going forward, resulting in the absorption of commodity space and improving fundamentals in this segment of the office market.

As job growth in the market accelerates into the coming year, RCG expects the vacancy rate to decline to 19.8% in 2012 and 19.4% in 2013. By 2013, the overall office rental rate should increase at a rate of 2.5% to \$34.92 per square foot. Into the latter part of the forecast period, as office employment payroll growth accelerates, RCG expects this trend to push the vacancy rate to 18.7% in 2014 followed by a 17.9% vacancy rate in 2015. By 2015, the average office lease rate should reach \$37.17 per square foot, surpassing pre-recession rent

**Table of Contents**

levels. During the five-year period ending in 2015, forecasted office employment levels in the metropolitan statistical area are expected to increase by close to 7,000 jobs, replenishing close to 60% of all office employment jobs lost during the two-year period following the onset of the national recession in December 2007.

*Stamford CBD Submarket*

Encompassing the commercial areas surrounding the Stamford Transit Center and the area north of the I-95 to Broad St., the Stamford CBD office submarket consists of approximately 6.8 million square feet of space tenanted by a number of major corporations and investment companies including UBS, Royal Bank of Scotland, Thomson-Reuters, and Jefferies. Approximately 93% of all office space in the CBD market is Class A space. The market's proximity to Manhattan and location along the region's transportation network help to incent the location of companies to the area. The City of Stamford is less than one hour from midtown Manhattan by commuter rail or interstate highway and is located directly on the major rail lines and is intersected by highway I-95, which connects New York and Boston. For Metro-North express trains to New York City, the average express trip is approximately 45 minutes. The area is also within easy driving distance of the major New York area airports and approximately 20 minutes from the Westchester County Airport. Technological advancement will likely drive the decentralization of financial market activities going forward, strengthening the demand for office space in suburban office markets. And, though the Stamford office market will continue to benefit from its relatively lower costs and proximity to New York and Boston as office hiring accelerates, the growing concentration of housing and companies in other office-using industries that facilitate the area's development into a 24/7 live-work environment should support the market's recovery going forward. In particular, properties located in close proximity to major transit nodes are better positioned to benefit from the local economy's on-going recovery in comparison to properties in adjacent submarkets.

As of the fourth quarter of 2011, the overall CBD vacancy rate rose to 26.6% from 23.1% in 2010 and remains elevated in comparison with market conditions four years prior, at which point the vacancy rate stood at 14.2%.

**Table of Contents**

Tenant interest in parts of the submarket is also heightened by incentives provided through the Stamford enterprise zone, which encompasses the portion of the City of Stamford that is south of the I-95. Under the enterprise zone incentive program, qualified companies may receive benefits such as an 80%, five-year local property tax abatement on eligible real and personal property, as well as a 25% or 50% credit on the state corporate business tax, depending upon the program type and location of the certified project. The additional savings to tenants provided by these incentive programs should continue to draw new companies to this developing portion of the city.

**South Central Submarket**

Located along the southern edge of Fairfield County, the South Central office submarket consists of approximately 8.5 million square feet of office space, encompassing the areas of Norwalk, Darien/New Canaan, and Wilton/Weston. Close to two-thirds of the office submarket's inventory is located in the Norwalk submarket. The office market is home to many large corporations, which include Virgin Atlantic Airways, SoBe, Priceline.com, Siemens IT Solutions and Services, Xerox, Kayak.com, Pepperidge Farm, Emcor Group, and Arch Chemicals. With an average lease rate of less than \$30 per square foot and its proximity to major highways and transit nodes, the South Central submarket's relative affordability and location continues to attract companies to the area.

As of the fourth quarter of 2011, the submarket vacancy rate reached 20.7%, an increase from the 20.0% in 2010, 17.1% vacancy rate in 2009 and 14.2% vacancy rate in 2008. Lingering uncertainty and the availability of more centralized, high-quality space at deep discounts from previous highs placed upward pressure on the vacancy rate for office space located in tertiary submarkets. Despite the still softened market conditions, the overall average lease rate rose 1.4% to \$28.73 per square foot in 2011, following a 5.9% decline in 2010.

**Table of Contents**

**Retail Markets**

*New York*

New York's retail market benefits from positive long-term fundamentals, including favorable demographics, a very high income population, significant barriers to entry and a strong local demand base, as well as a high volume of domestic and international visitors. In addition to the 11.8 million residents living within the New York-White Plains-Wayne, NY-NJ Metropolitan Division, approximately 8.3 million residents live in the surrounding region, including Newark, Central New Jersey, Long Island and Connecticut's Fairfield County. With this combined population greater than 20 million, the Greater New York City region is by far the most populous in the country and second only to Mexico City in North America.

New York's long-term economic base is supported by the region's talented workforce, its dense base of customers and clients for businesses, and its highly integrated network of potential partners and investors that convene on the city from all parts of the world. High-paying, knowledge-based industry clusters such as finance, legal services, consulting, media and publishing and others fuel growth in other sectors of the economy. Furthermore, residents come from a highly diverse background: 33.5% of the New York metropolitan division's population was born outside the United States as of 2009, compared with 12.5% for the country as a whole. All types of retailers from discount, family-oriented outlets all the way to high-end, exclusive luxury are required to serve the heterogeneous population.

Domestic and international leisure travelers are drawn to New York City for its theaters, historical sites, museums, shopping and other cultural opportunities. As heightened focus on public safety and sanitation has helped to transform New York City, and Manhattan specifically, into a family-friendly tourist destination through the last two decades, tourism has come to account for a large share of the local economy. A record high of 50.2 million travelers visited New York City in 2011, according to NYC & Company, reaching Mayor Bloomberg's goal of 50 million visitors by 2012 one year early. Direct visitor spending in New York City reached \$32 billion in 2011, up from \$14.7 billion in 1998. According to the latest available data from 2009 when visitor volume totaled 45.6 million, or 9.2% less than the 2011 total, visitor spending supported nearly 304,000 jobs, \$16.6 billion in total wages and generated \$7.5 billion in taxes for the area.

**Table of Contents**

Other measures indicate rising volumes of tourism and business-related travel, which bodes well for retail demand in the region. Total passenger traffic at New York-area airports grew to 105.5 million in the 12 months through October 2011, an increase of 1.7% over the previous 12-month period. An estimated 364,000 people passed through Times Square on a daily basis in 2009, an increase of 8% compared with the year prior, according to the Times Square Alliance. As of the summer of 2010, Saturday pedestrian traffic volume in Times Square increased 89% over the same period a year earlier.

On the supply side, New York's retail market has high barriers to entry, including limited available land to develop, long lead times on new construction, ambiguous zoning regulations, a difficult planning approval process, and high costs of construction. Major new construction projects are rare, particularly within Manhattan's main corridors, and are generally limited to the outer boroughs and the suburbs of Northern New Jersey and Upstate New York.

Although job growth in New York slowed during second half of 2011, RCG's outlook for New York's retail market is positive. With job growth expected to remain positive, decreasing unemployment and stabilizing home values should encourage local residents to loosen spending habits, bolstering demand from local residents, the primary driver of retail demand in the New York area. Siena Research Institute's Current Consumer Confidence Index for New York City registered 62.2 as of the fourth quarter of 2011, a decrease of 9.6 points from the first quarter of 2011, likely due to the ongoing European economic troubles and political gridlock in the federal government. The forward-looking Future Economic Expectations Index increased slightly to 68.6 during the fourth quarter, suggesting increased economic optimism about the near future.

While barriers to entry in New York City's retail market are significant, select major projects are likely to continue construction through the foreseeable future. The number of projects in the planning and proposal stage has increased through the 2011 calendar year. One of the largest projects under development is the retail component of the World Trade Center complex, which totals 500,000 square feet of space. A public plaza that includes retail space is planned along 42<sup>nd</sup> Street between Sixth Avenue and Broadway. Several large projects planned in the Bronx include a 780,000 square-foot shopping mall at Bay Plaza in Co-op City, an 80,000 square-foot parcel on Broadway and 230<sup>th</sup> Street, and the 162,000 square-foot retail complex at the former Stella D' Oro factory anchored by BJ's Wholesale Club.

**Table of Contents**

*Manhattan*

The borough of Manhattan contains approximately 110 million square feet of retail space, according to the Real Estate Board of New York, and is split into six major submarkets: East Side, West Side, Midtown, Midtown South, Downtown and North Manhattan. The majority (78%) of the space is located within Midtown South, Midtown and Downtown. Spaces in prime corridors, which are spread out among the major submarkets, are among the most highly sought-after real estate in the world and also among the most expensive in terms of rental rates per square foot. Retail demand in the borough is driven by an affluent local population, commuters from outside the borough and a high concentration of business and leisure travelers.

On various measures of income, Manhattan exceeds surrounding geographies and the nation as a whole by wide margins according to the 2009 Census American Community Survey. Manhattan's median household income was recorded at \$68,706 in 2009, compared with \$50,033 for all of New York City, \$54,967 for the New York metropolitan division and \$50,221 at the national level. Manhattan's per capita income was recorded at \$61,992 as of 2009, much greater than \$30,885 for all of New York City, \$32,696 throughout the New York metropolitan division and \$26,409 for the United States as a whole.

Midtown, the area loosely defined to span between 31<sup>st</sup> and 59<sup>th</sup> streets, is among the premier commercial districts in the world and is home to a diverse base of office tenants, retail stores, entertainment venues, theaters, hotels, and residences, along with some light manufacturing, warehouse and storage. Midtown accounts for more than 61% of Manhattan's office space. Retail sales in Midtown totaled an estimated \$23.7 billion in 2010, or 48% of Manhattan's total. Given the primacy of its commercial activities, Midtown accounts for a relatively small percentage of Manhattan's residential population. In fact, approximately 197,200 residents live within the area, equating to roughly 12% of Manhattan's total. Indicated by several income statistics, however, Midtown's residential population is more affluent than Manhattan as a whole, which helps to support retail demand in the area. The median household income within Midtown Manhattan was estimated at \$86,902 in 2010, compared with \$66,851 for all of Manhattan.

Demand is recovering, driven by job growth and tourism activity in 2010. According to the latest available data, the average vacancy rate among major retail corridors decreased to 7.2% in the second quarter of 2011 from 8.2% one year earlier. In terms of rents, prime retail corridors command very high rents, though a very small sample size leads to volatile average measures. According to Cushman & Wakefield, average rents in the Upper Fifth Avenue corridor averaged \$2,075 per square foot in the third quarter of 2010, a 10.4% year-over-year decrease. Rents on Times Square retail space averaged \$842 per square foot, 29.3% greater than one year earlier. In total, rents grew by an average of 1.9% year-over-year in Manhattan's five most-expensive retail submarkets. Overall Manhattan average asking rents declined slightly between Fall 2009 and Fall 2010 to \$112 per square foot from \$118, according to the Real Estate Board of New York.

**Table of Contents**

As with the New York metropolitan division as a whole, RCG's outlook for Manhattan's retail market is positive. The main retail corridors have improved during the early stages of economic recovery as consumer spending stabilized and tourism activity rebounded. While rents are rising in the majority of the prime submarkets, rents are still relatively low in Manhattan's second-tier submarkets, like the Flatiron District, Meatpacking District and Columbus Avenue, among others. Discounted lease rates present opportunities for small-scale and somewhat cost-sensitive retailers to enter the market where they have been previously priced out in the past. On the supply side, major new construction projects in Manhattan will likely be limited to the area north of Central Park, with the exception of the World Trade Center complex. One example is the conversion of a former manufacturing facility in Harlem into a Target- and Costco-anchored retail center. Smaller-scale deliveries, like conversion of old building stock into retail boutiques, will likely account for the dominant share of new supply in high-traffic, desirable submarkets.

Driving retail demand near Penn Station is a critical mass of pedestrian traffic in the neighborhood, comprised of office workers, tourists and inhabitants of the surrounding area. Office development, retail shops and Pennsylvania Station all drive pedestrian traffic in the area. The 34<sup>th</sup> Street Partnership estimated that 185,000 people work in offices in the area surrounding Penn Plaza and Herald Square in 2009. Approximately 27,000 people were counted leaving Penn Station in one hour on an average weekday in December 2009, also according to the 34<sup>th</sup> Street Partnership, while nearly 11,000 pedestrians per hour were counted at the corner of Seventh Avenue and 34<sup>th</sup> Street. Madison Square Garden is regularly ranked number one in North America for total ticket sales across the wide variety of events housed in the arena, including professional and collegiate basketball, professional hockey, live music events, one-time events like professional wrestling, and many others. Approximately 4 million tourists visit the Empire State Building observation decks each year, where tickets cost between \$16 and \$55 each. Approximately 30,600 residents occupy 17,300 households within one-half mile of the intersection Broadway and West 36<sup>th</sup> Street, around which 1333 Broadway, 1350 Broadway and 1359 Broadway are clustered. The median household income within the same area was estimated at \$79,847, greater than \$66,851 for all of Manhattan.

The East/West Manhattan Retail Portfolio consists of two properties located in Midtown Manhattan: 1010 Third Avenue and 77 West 55<sup>th</sup> Street. Located at the intersection of Third Avenue and East 60<sup>th</sup> Street, the retail space at 1010 Third Avenue is located within the Decorative Arts District: four blocks west of the Fifth Avenue entrance to Central Park, adjacent to 59<sup>th</sup> Street-Lexington multi-line subway stop and one block from the Queensboro Bridge off ramp. Other retail outlets cluster in this high-pedestrian traffic neighborhood, most prominently including Bloomingdales, along with luxury hotels, highly desirable residential buildings and major office tenants. The median household income within a half-mile radius of 1010 Third Avenue was an estimated \$105,076 in 2010, higher than Manhattan's overall median household income of \$66,851. Retail activity in the immediate area is extraordinarily high: 2010 total retail sales reached an estimated \$4.5 billion within a half-mile radius of the property. Other major retail locations in the area include Savoy Plaza with 33,800 square feet and the Shops at Citicorp Center with 70,000 square feet.

Also in Midtown, 77 West 55<sup>th</sup> Street is located at the intersection of West 55<sup>th</sup> Street and Sixth Avenue. While Sixth Avenue is not known as a high-end retail corridor, pedestrian foot traffic is high, attributable to major office tenants and dense residential development in the area. High costs of living in the area surrounding the property have further concentrated an affluent population. The median household income within a half-mile radius of 77 West 55<sup>th</sup> Street was \$106,031 in 2010. Retail sales in 2010 were at estimated at \$1.9 billion. Only one other major retail center is located within a half-mile of the property, the 70,000 square-foot Shops at Citicorp Center.

The ground-level retail at 10 Union Square East is located on the eastern edge of Union Square where Park Avenue South meets 14<sup>th</sup> Street. With high-quality open spaces, a wide variety of pop-up markets, excellent transit accessibility, and active clusters of retail, education, healthcare, office tenants and other residential and commercial development, Union Square is one of the most heavily-trafficked pedestrian areas in Manhattan. Measured over a 14-hour period in July of 2011, weekday pedestrian traffic totaled 176,000 and 159,000 on the

## Table of Contents

weekend. Overall, pedestrian traffic has increased 28% over the most recent five-year period, according to Union Square Partnership. Furthermore, three major subway lines (L, N/Q/R, 4/5/6) converge on Union Square, connecting the neighborhood to New York's outer boroughs as well as Long Island, Connecticut, New Jersey and suburban Upstate New York. The 14<sup>th</sup> Street-Union Square subway station served 34.7 million riders during 2010, a 1.4% increase over 2009 and 39.4% greater than 2000, making it the fourth-largest station in New York City. While area retailers benefit from customers that live at considerable distances to Union Square, affluent local residents also provide a stable demand base. The median household income within a half-mile radius was estimated at \$98,642 in 2010, compared with \$66,851 for all of Manhattan. Retail sales volume within a half-mile radius of 10 Union Square East totaled \$3.8 billion in 2010. Though Union Square is a major retail submarket within Manhattan, large shopping centers are still in short supply in the surrounding area. Union Square South is the only shopping center within a half-mile radius of 10 Union Square East. Demand for space in Union Square South has been strong by national retail chains. Following the closure of Circuit City and Virgin Megastores, both of which occupied the property at a point in time, retail space at Union Square South was subsequently re-leased to Best Buy and Nordstrom Rack. Also at the property is Regal Cinemas. Other major retailers are in the neighborhood as well, including Whole Foods, Forever 21, Diesel, Barnes & Noble and many others. Within a one-mile radius of 10 Union Square East are two other major shopping centers: the 170,000 square-foot Manhattan Mall at Broadway and West 33<sup>rd</sup> Street and the 92,200 square-foot Kips Bay Shopping Center.

The Gotham retail property is located on the Upper East Side at the intersection of East 86<sup>th</sup> Street and Third Avenue, among a cluster of residential buildings, retail stores and entertainment spaces. One block from the 86<sup>th</sup> Street-Lexington subway stop, the area is easily accessible from other areas around New York City. Major landmarks in the surrounding area include the Metropolitan Museum of Art and the Guggenheim Museum. The neighborhood population is more affluent than Manhattan as a whole. The median household income within a half-mile radius was estimated at \$97,865 in 2010, compared with \$66,851 for all of Manhattan. Retail sales volume within a half-mile radius of the Gotham totaled \$1.5 billion in 2010. According to Claritas, not a single major shopping center exists within a one-mile radius of the Gotham.

### *Fairfield County*

Fairfield County's favorable demographics and high concentration of high-paying professionals and wealthy households drives high-end retail sales in the area. The region is studded with luxury retail establishments consisting of high-end boutiques and department stores. High-end retail stores cluster in affluent Fairfield County neighborhoods where residents live and work, particularly in Greenwich, New Canaan, and Westport retail submarkets which command the highest retail rents in the area. In the second quarter of 2011, the retail vacancy rate increased by 30 basis points from 2010 to 4.5%, while the average asking retail lease rate in Fairfield County slipped 0.8% through the first half of 2011 to \$27.68 per square foot, according to Cassidy Turley Research.

**Table of Contents**

Historic average annual rent growth in the market is 1.7%. In 2010, total consumer expenditures in Fairfield County retail establishments totaled \$15.2 billion, according to Claritas. Because of the area's concentration of middle-aged, high net worth professionals, Fairfield County is one of the most affluent counties in the country, representing a concentrated market for high-end and luxury retail goods, and services like restaurants, spas, and golf courses/clubs.

Driven by the recent resurgence in job growth and increasingly positive economic outlook, retail sales in the area quickly rebounded from recent lows—a trend RCG expects to continue through the forecast period. An indication of improving retail demand fundamentals, state sales and use tax collections, a proxy for retail sales volume in Connecticut, increased by 2.3% in 2010 and 13.6% in 2011 to \$1.5 billion, following the 7.4% drop in sales tax revenue in 2009.

Going forward, the continued stabilization of home values and acceleration in job growth should fuel retail sales activity, supported higher levels of retail space absorption in the coming years. As employment levels

**Table of Contents**

rebound from recent lows, the improvements to the local economy should also drive an increase in population and household growth through the forecast period, supplying the market with consumers to support local retail sales. Through the forecast period, RCG expects both total population and total household levels to increase at an annual average rate of 0.6% through 2015, resulting in the addition of approximately 28,000 new residents and the formation of more than 10,000 new households during this time. The area's favorable demographic trends suggest that its retail market will be healthy through the forecast period.

Located in the Town of Westport, 69-97 Main St. is situated in one of the town's most affluent shopping districts located along the main thoroughfare. The high concentration of major national and regional retail tenants in the area include retailers such as Coach, Tiffany & Co., Restoration Hardware, and Williams Sonoma. Not surprisingly, the surrounding neighborhood population is more affluent in comparison to other submarkets in Fairfield County. The median household income within a one-mile radius was estimated at \$141,945 in 2010, with households making more than \$200,000 accounting for 35% of all households in the area. Retail sales volume within a one-mile radius of the retail property totaled approximately \$129 million in 2010.

Also located along Westport's main thoroughfare, 103-107 Main St. is located in the main shopping district. Given the property's central location within the area's most affluent shopping districts, the median household income is high relative to surrounding submarket. Within a one-mile radius the median household income was \$142,587 and \$118,523 within a two-mile radius of the property in 2010. Retail sales volume within a one-mile radius of the retail property totaled approximately \$127 million in 2010.

---

**Table of Contents**

**BUSINESS AND PROPERTIES**

**Overview**

We are a self-administered and self-managed real estate investment trust, or REIT, that owns, manages, operates, acquires and repositions office and retail properties in Manhattan and the greater New York metropolitan area. We were formed to continue and expand the commercial real estate business of our predecessor Malkin Holdings LLC and its affiliates. Our primary focus will be to continue to own, manage and operate our current portfolio and to acquire and reposition office and retail properties in Manhattan and the greater New York metropolitan area.

As of March 31, 2012, we owned 12 office properties encompassing approximately 7.7 million rentable square feet of office space, which were approximately 79.1% leased (or 82.7% giving effect to leases signed but not yet commenced as of that date). Seven of these properties are located in the midtown Manhattan market and encompass in the aggregate approximately 5.9 million rentable square feet of office space, including the Empire State Building, the world's most famous office building. Our Manhattan office properties also contain an aggregate of 430,273 rentable square feet of premier retail space on their ground floor and/or lower levels. Our remaining five office properties are located in Fairfield County, Connecticut and Westchester County, New York, encompassing in the aggregate approximately 1.8 million rentable square feet. The majority of square footage for these five properties is located in densely populated metropolitan communities with immediate access to mass transportation. Additionally, we have entitled land at the Stamford Transportation Center in Stamford, Connecticut, adjacent to one of our office properties, that will support the development of an approximately 340,000 rentable square foot office building and garage, which we refer to herein as Metro Tower. As of March 31, 2012, our portfolio also included four standalone retail properties located in Manhattan and two standalone retail properties located in the city center of Westport, Connecticut, encompassing 204,452 rentable square feet in the aggregate. As of March 31, 2012, our standalone retail properties were approximately 99.0% leased in the aggregate (or % giving effect to leases signed but not yet commenced as of that date). Our portfolio represents all of our predecessor's Manhattan and greater New York metropolitan area office and retail assets in which it holds a controlling interest.

In addition, we have an option to acquire from affiliates of our predecessor two additional Manhattan office properties encompassing approximately 1.5 million rentable square feet of office space and 153,298 rentable square feet of ground floor retail space. These option properties currently are subject to ongoing litigation and we have an option to acquire fee, long-term leasehold, sub-leasehold and/or sub-subleasehold interests in these two properties, as applicable, after such litigation is resolved. We refer to these properties as our option properties. For more information, please see Description of Option Properties.

We have a comprehensive knowledge of our markets that has been developed through our senior management team's substantial experience, and we believe we are a recognized owner and operator of office properties. All of our properties are located in Manhattan and the greater New York metropolitan area, which, according to RCG, is one of the most prized office markets in the world and a world-renowned retail market due to a combination of supply constraints, high barriers to entry, near-term and long-term prospects for job creation, vacancy absorption and rental rate growth. From 2002 through 2006, we gradually gained day-to-day management of our Manhattan office properties. Since then, we have been undertaking a comprehensive renovation and repositioning strategy of our Manhattan office properties that has included the physical improvement through upgrades and modernization of, and tenant upgrades in, such properties. Since we assumed day-to-day management of our Manhattan office properties beginning with One Grand Central Place in 2002 through March 31, 2012, we have invested a total of approximately \$315.0 million (excluding tenant improvement costs and leasing commissions) in our Manhattan office properties pursuant to this program. We currently intend to invest between \$170.0 million and \$210.0 million of additional capital through the end of 2013. We expect to complete substantially this program by the end of 2013, except with respect to the Empire State Building, which is the last Manhattan office property that began its renovation program. In addition, we

---

**Table of Contents**

currently estimate that between \$60.0 million and \$70.0 million of capital is needed beyond 2013 to complete the renovation program at the Empire State Building, which we expect to complete substantially in 2016, due to the size and scope of our remaining work and our desire to minimize tenant disruptions at the property. These estimates are based on our current budgets (which do not include tenant improvement and leasing commission costs) and are subject to change. We intend to fund these capital improvements through a combination of operating cash flow and borrowings.

These improvements, within our renovation and repositioning program, include restored, renovated and upgraded or new lobbies; elevator modernization; renovated public areas and bathrooms; refurbished or new windows; upgrade and standardization of retail storefront and signage; façade restorations; modernization of building-wide systems; and enhanced tenant amenities. These improvements are designed to improve the overall value and attractiveness of our properties and have contributed significantly to our tenant repositioning efforts, which seek to increase our occupancy; raise our rental rates; increase our rentable square feet; increase our aggregate rental revenue; lengthen our average lease term; increase our average lease size; and improve our tenant credit quality. We have also aggregated smaller spaces in order to offer larger blocks of office space, including multiple floors, that are attractive to larger, higher credit-quality tenants and to offer new, pre-built suites with improved layouts. This strategy has shown attractive results to date, as illustrated by the case studies which are described in *Renovation and Repositioning Case Studies*, and we believe has the potential to improve our operating margins and cash flows in the future. We believe we will continue to enhance our tenant base and improve rents as our pre-renovation leases continue to expire and be re-leased.

We operate our business with a view to protect against economic, business and market downturns and preserve capital through conservative debt levels, underwriting and adequate capital provisions for maintenance and improvements. This helps us to withstand economic downturns and grow in times of economic growth. Our motto is performance for today, perspective for tomorrow. We believe our tenants are attracted to our financial stability and our track record of consistent performance through multiple market cycles.

The Empire State Building is our flagship property. The 102-story building comprises 2,683,205 rentable square feet of office space and 163,655 rentable square feet of retail space. The building also includes our observatory and broadcasting operations. The building occupies the entire blockfront from 33rd Street to 34th Street on Fifth Avenue, anchoring the east side of the 34th Street corridor in midtown Manhattan. The ongoing repositioning of the Empire State Building is representative of our strategic vision for our Manhattan office properties. After we gained day-to-day management of the Empire State Building in August 2006, we developed and began implementing a restoration and renovation plan for the property and, as of March 31, 2012, we had invested a total of approximately \$138.0 million. We currently estimate that between \$195.0 million and \$235.0 million of additional capital is needed to complete this renovation plan, which we expect to complete substantially in 2016, due to the size and scope of our remaining work and our desire to minimize tenant disruptions at the property. These estimates are based on our current budgets (which do not include tenant improvement and leasing commission costs) and are subject to change. We intend to fund these capital improvements through a combination of operating cash flow and borrowings. These improvements include restored and upgraded the landmark art deco lobby, renovated public areas and bathrooms, refurbished 6,514 windows, renovated the observatories and broadcasting facilities and modernized building-wide systems. In addition, we pioneered a process for a replicable, world-leading energy efficiency retrofit program. Future planned renovation expenditures include additional improvements to the building lobby; restroom renovations; elevator modernization; corridor upgrades; and enhanced ventilation and security systems. Plans are also in place for the development of a tenants-only fitness center and a conference center in the building. The few remaining details of the comprehensive renovation program for the observatory are expected to be completed substantially by 2013. As part of our effort to increase the quality of our tenants, we have embarked on a renovation and repositioning program over time to aggregate smaller office spaces to facilitate re-leasing of larger blocks of space to higher credit-quality tenants for longer lease terms and at higher rents. To date we believe these efforts have accelerated our ability to lease space to new higher credit-quality tenants, including: LF USA; Skanska; Coty, Inc.; the Federal Deposit Insurance Corporation; Funaro & Co.; LinkedIn; Noven Pharmaceuticals; People's Daily Online USA; Taylor Global; The Freeh Group; Turkish Airlines; and World Monuments Fund.

---

**Table of Contents**

We believe completing the repositioning program for the Empire State Building, as well as our other Manhattan office properties, represents a significant growth opportunity for our company.

The Empire State Building provides us with a significant and diversified source of revenue through its office and retail leases, observatory operations and broadcasting licenses and related leased space. For the years ended December 31, 2007 through December 31, 2011 and for the three months ended March 31, 2012, the number of visitors to the observatory was approximately 3.67 million, 4.03 million, 3.75 million, 4.03 million, 4.06 million and 707,541, respectively. The number of admissions to the observatory for the 12 years from 2000 through 2011 increased at an aggregate growth rate of 16.4%. The average ticket revenue per admission for each of the 12 years from 2000 through 2011 increased at a compound annual growth rate of 9.3% and the growth rate during each of those years, on a year-over-year basis, has never been negative. For the years ended December 31, 2007 through December 31, 2011, we increased the average ticket revenue per admission from \$15.47 to \$17.96, and for the three months ended March 31, 2012, the average ticket revenue per admission was \$20.77. In addition, we have 76 broadcasting licenses with an average remaining term of 7.1 years as of March 31, 2012. On a pro forma basis, during the three months ended March 31, 2012 and the year ended December 31, 2011, we generated approximately \$55.7 million and \$201.3 million of revenue, respectively, from the Empire State Building, which included approximately \$16.4 million and \$80.6 million of revenue from our observatory operations and approximately \$4.3 million and \$16.4 million of revenue, respectively, from our broadcasting licenses and related leased space.

In addition to the Empire State Building, our portfolio attracts high quality tenants to its high quality, midtown Manhattan and greater New York metropolitan area office properties.

Major tenants of 1333 Broadway include LF USA, Inc., Aetna Life Insurance Company, OCE-USA Holdings, a variety of service firms and retail tenancy in its multi-level retail space including . Major tenants of 1350 Broadway include E-Bay, Tarter Krinsky & Drogin LLP, Marketfish, EchoLab, Open Space Institute, a variety of service firms including Carrier Corporation and retail tenancy in its multi-level retail space including Bank Santander (Sovereign Bank), Duane Reade (a division of Walgreen Co.), HSBC, Starbucks, and FedEx/Kinko s. Major tenants of 1359 Broadway include LF USA, Inc., IPREO Holdings LLC, Actimize, Inc., Equifax, Parkinson s Disease Foundation and a variety of leading not-for-profit and service firms. Major tenants of 501 Seventh Avenue include the corporate headquarters of both Carolina Herrera Ltd. and Warnaco, Local Initiatives Support Corporation, a variety of service firms and retail tenancy including Chipotle Mexican Grill and Pot Belly Sandwich Shop. One Grand Central Place is largely a small tenant building. Its major tenants include Fairfield Maxwell Group, Ales Group USA, Inc., Tourist Office of Spain, American Bureau of Shipping, Pine Brook Road Partners, LLC, a variety of financial, services, corporate, and not-for-profit tenants and retail tenancy in its multi-level retail space including JP Morgan Chase Bank, Bank of America, N.A., and Charles Schwab & Co. 250 West 57th Street is largely a small tenant building. Its major tenant is Perseus Books Group and its other tenants include a variety of financial, services, corporate, and not-for-profit tenants including N.S. Bienstock, Inc., Chase Paymentech (a division of JPMorgan Chase Bank) and retail tenancy in its multi-level retail space including TJ Maxx, the Gap, and Duane Reade (a division of Walgreen Co.).

In the greater New York metropolitan area, our portfolio includes high quality office properties in densely populated metropolitan communities in Fairfield County, Connecticut and Westchester County, New York. Major tenants of the greater New York metropolitan area flagship Metro Center (at the Transportation Center in Stamford, Connecticut) include Thomson Reuters, Jefferies Group, Columbus Circle Investors, OMI Group, Olympus Partners, BP Energy, and a variety of other investment management and private equity firms. Major tenants of First Stamford Place (within a short walking distance of the Transportation Center in Stamford, Connecticut) include Ernst & Young, Legg Mason, Citibank, N.A., Elizabeth Arden, Inc., Thomson Reuters, the corporate headquarters of Crane Co., Air Castle Advisor LLC, National Indemnity Company, Gleacher Securities Group Inc., Robert W. Baird, Inc., MKM Partners, Jones Lang LaSalle, Bank of Ireland, Forevermark US Inc., and a variety of investment management and service firms. Major tenants of 383 Main Avenue (at the intersection of the Merritt Parkway and Route 7 in Norwalk, Connecticut) include Reed Elsevier, Inc., Nestle Holdings, Inc., Cisco Systems, Inc., SunGard, CIT LLC, SAP America, Inc., SymphonyIRI Group, Multiple

---

## **Table of Contents**

Myeloma Research Foundation, and a variety of not-for-profit and service firms. Major tenants of 10 Bank Street (at the Transportation Center in White Plains, New York) include JP Morgan Chase Bank, Pearson Education, Inc., Fifth Street Capital, Inc., Rockwood Capital, LLC, Pine Brook Road Partners, LLC, Evolution Markets, LLC, US Renewables Group, Liberty Mutual, Nokia, Marubeni Specialty Chemicals Inc., Hitachi Cable America Inc., and a variety of leading investment management and service firms. Major tenants of 500 Mamaroneck Avenue (between the Hutchinson River Parkway and Interstate 95 in Harrison, New York) include Mariner Investment Group, O Connor Davies Munn & Dobbins, Pasternak Wine Imports, Universal Remote Control, Stark Business Solutions and a variety of financial and service firms.

Our portfolio also includes high quality retail properties located in premier retail corridors in Manhattan and Westport, Connecticut. Tenants at 10 Union Square in Manhattan include Best Buy Mobile, Starbucks, A&P, Panera Bread, FedEx/Kinko's, Au Bon Pain, Chipotle Mexican Grill, and GameStop. Tenants at 1010 Third Avenue's multi-level retail space in Manhattan include Ethan Allen. Tenants at 55 West 57th Street include Tapps Supermarkets and Bank of America, N.A. Tenants at 69-97 Main Street in Westport, Connecticut include Ann Taylor, Lululemon, Allen Edmonds, Nike, and Theory. Tenants at 103-109 Main Street include Kate Spade.

We are led by Anthony E. Malkin, our Chairman, Chief Executive Officer and President, who has a strong reputation in the industry for quality management, repositioning and marketing expertise. Mr. Malkin, together with our senior management team, has developed our strategy with a focus on tenant and broker relationships and the cultivation of our brand to attract higher credit-quality tenants to our improved buildings and negotiate attractive rental terms. Mr. Malkin has over 23 years of real estate experience specifically in expanding, renovating, repositioning and managing this portfolio. Our senior management team has an average of approximately 29 years of experience covering all aspects of real estate, including asset and property management, leasing, marketing, acquisitions, construction, development, legal and finance, and Messrs. Malkin, Durels and Keltner have worked together for our predecessor for over 22 years, and have supervised the design and implementation of our renovation and repositioning program.

## **History**

The Manhattan office properties that will be included in our initial portfolio were acquired between 1950 and 1979 through the business ventures of Lawrence A. Wien in partnership with Harry B. Helmsley, and later with his son-in-law and our Chairman Emeritus Peter L. Malkin. Three properties, the Empire State Building, One Grand Central Place and 250 West 57th Street, were acquired through public partnerships from 1953 to 1961, following earlier transactions on structures developed by Lawrence A. Wien, which are credited as the first flow-through tax treatment real estate syndications ever conducted, including other Manhattan office properties, 1333 Broadway, 1350 Broadway, 1359 Broadway and 501 Seventh Avenue, which were acquired through private partnerships from 1950 to 1979. With respect to the Manhattan office properties, Lawrence A. Wien and Peter L. Malkin were responsible for the syndication of the transactions, and Harry B. Helmsley was responsible for the identification of opportunities and the management and leasing of the properties once purchased. The principals of our predecessor during this period consisted of Lawrence A. Wien, until his death in 1988 and, beginning in 1958, Peter L. Malkin. Anthony E. Malkin joined Peter L. Malkin as a principal in 1989. All of the standalone retail assets and most of the Fairfield County and Westchester County office properties that will be included in our initial portfolio were acquired from 1989 to 2006 under the direction of Anthony E. Malkin.

Our predecessor historically provided asset management services for most of our properties. Our Manhattan office properties were managed, subject to the supervision of our predecessor, by Helmsley-Spear until 2002, in the case of One Grand Central Place, 250 West 57th Street and 501 Seventh Avenue; 2003, in the case of 1359 Broadway; and 2006, in the case of the Empire State Building, 1350 Broadway, 1333 Broadway and the option properties.

Over time, our predecessor observed and objected to a deterioration in the property management and leasing services provided by Helmsley-Spear to the Manhattan office properties, resulting in deferred maintenance, reduced occupancy and/or rents and reduced tenant quality. Our predecessor brought legal action to remove Helmsley-Spear as manager (after it was sold by entities controlled by Leona M. Helmsley) of these properties both for cause and based on contractual removal rights. The resolutions of the ensuing arbitrations and litigations

## **Table of Contents**

resulted in a gradual transfer of day-to-day management away from Helmsley-Spear beginning in 2002 and were fully settled in 2006. Upon such transfer, Mr. Malkin and our senior management team conceived and designed our renovation and repositioning program for our Manhattan office properties, and a majority of the work on such program has taken place since 2008. Our predecessor oversaw the engagement of third-party property management and leasing agents for these properties, and eventually the transformation of the Empire State Building to a self-managed structure, retaining a third party agent only for leasing.

Separately, our predecessor acquired certain office, city-center retail and multi-family residential properties outside of Manhattan, which other than our greater New York metropolitan area properties, will not be part of our portfolio upon completion of this offering. It developed and implemented a branding strategy for brokers and tenants for this portfolio. The branded portfolio provides tenants with a consistently high quality level of services, installations, maintenance and amenities and has built strong relationships with the broker community.

As the Helmsley-Spear management disputes progressed and were resolved, our predecessor conceived, planned and executed a comprehensive program to renovate and improve the Manhattan office properties in our portfolio with a combination of operating cash flow and debt financing. The improvements included restored and improved or new lobbies; elevator modernization; common hallway upgrades; bathroom renovations; roof and façade restorations; new windows; and building-wide systems upgrades. As each property renovation was put in place, our predecessor established its brand by deploying the same branding strategy with tenants and brokers as had succeeded with the office and retail properties in Fairfield County, Connecticut and Westchester County, New York.

## **Our Competitive Strengths**

We believe that we distinguish ourselves from other owners and operators of office and retail properties as a result of the following competitive strengths:

**Irreplaceable Portfolio of Office Properties in Midtown Manhattan.** Our Manhattan office properties are located in one of the most prized office markets in the world due to a combination of supply constraints, high barriers to entry, near-term and long-term prospects for job creation, vacancy absorption and rental rate growth. Management believes these properties could not be replaced today on a cost-competitive basis, if at all. As of March 31, 2012, we owned seven Manhattan office properties encompassing approximately 5.9 million rentable square feet of office space, including the Empire State Building, our flagship property and the world's most famous office building. Unlike traditional office buildings, the Empire State Building provides us with a significant source of income from its observatory and broadcasting operations. All of these properties include premier retail space on their ground floor and/or lower levels, which comprise 430,273 rentable square feet in the aggregate and some of which has recently undergone significant renovations. We believe the high quality of our buildings, services and amenities, their desirable locations and commuter access to mass transportation should allow us to increase rents and occupancy to generate positive cash flow and growth.

**Expertise in Repositioning and Renovating Manhattan Office Properties.** We have substantial expertise in renovating and repositioning Manhattan office properties, having invested a total of approximately \$315.0 million (excluding tenant improvement costs and leasing commissions) in our Manhattan office properties since we assumed day-to-day management of these properties beginning with One Grand Central Place in November 2002. We have gained substantial experience in upgrading, renovating and modernizing (or are in the process thereof) all building lobbies, corridors, bathrooms and elevator cabs and old, antiquated spaces to include new ceilings, lighting, pantries and base building systems (including electric distribution and air conditioning, as well as enhanced tenant amenities). We have successfully aggregated and are continuing to aggregate smaller spaces to offer larger blocks of space, including multiple floors, that are attractive to larger, higher credit-quality tenants and to offer new, pre-built suites with improved layouts. As part of this program, we converted some or all of the ground office floors of certain of our Manhattan office properties to higher rent retail space. We believe that the post-renovation high quality of our buildings and the service we provide also attract higher credit-quality tenants and allow us to grow cash flow. In addition, we believe that, based

---

**Table of Contents**

on the results of our energy retrofitting efforts at the Empire State Building, we can derive cost savings through innovative energy efficiency retrofitting and sustainability initiatives, reducing direct and indirect energy costs paid both by tenants and by us throughout our other Manhattan office properties.

**Leader in Energy Efficiency Retrofitting.** We have pioneered certain practices in energy efficiency at the Empire State Building where we have partnered with the Clinton Climate Initiative, Johnson Controls Inc., Jones Lang LaSalle and the Rocky Mountain Institute to create and implement a groundbreaking, replicable process for integrating energy efficiency retrofits in the existing built environment. Johnson Controls Inc. has guaranteed minimum energy cost savings of \$2.2 million, from 2010 through 2025, with respect to certain of the energy efficiency retrofits which Johnson Controls Inc. was responsible for installing. In 2011, the actual energy cost savings for the energy efficiency retrofits which Johnson Controls Inc. was responsible for installing was \$2.4 million. The reduced energy consumption reduces costs for us and our tenants, and we believe creates a competitive advantage for our properties. We believe that higher quality tenants in general place a higher priority on sustainability, controlling costs, and minimizing contributions to greenhouse gases. We believe our expertise in this area gives us the opportunity to attract higher quality tenants at higher rental rates and to reduce our expenses. As a result of our efforts, the Empire State Building is now an Energy Star building and has been awarded LEED EBOM-Gold certification. We are currently underway with the design and specification process to implement energy efficiency retrofitting projects in our Manhattan and greater New York metropolitan area office properties based on our work at the Empire State Building. Finally, we maintain a series of management practices utilizing recycling of tenant and construction waste, recycled content carpets, low off-gassing paints and adhesives, green pest control and cleaning solutions, and recycled paper products throughout our office portfolio. We believe that our portfolio's attractiveness is enhanced by these practices and that this should result in higher rental rates, longer lease terms and higher quality tenants.

**Attractive Retail Locations in Densely Populated Metropolitan Communities.** As of March 31, 2012, our portfolio also included six standalone retail properties and retail space at the ground floor and/or lower levels of our Manhattan office properties, encompassing 634,725 rentable square feet in the aggregate, which were approximately 86.7% leased in the aggregate (or % giving effect to leases signed but not yet commenced as of that date). All of these properties are located in premier retail corridors with convenient access to mass transportation, a diverse tenant base and high pedestrian traffic and/or main destination locations. Our retail portfolio includes 613,292 rentable square feet located in Manhattan and 21,433 rentable square feet located in Westport, Connecticut. Our retail tenants cover a number of industries, including financial services, and include Allen Edmonds, Ann Taylor; AT&T; Bank of America; Bank Santander (Sovereign Bank); Best Buy Mobile; Charles Schwab; Chipotle; Duane Reade (a division of Walgreen Co.); Ethan Allen; Food Emporium; the GAP; HSBC; JP Morgan Chase; Kate Spade; Loews Theatre; Lululemon; Men's Warehouse; Nike; Panera Bread; Potbelly Sandwich Works; Sprint; Starbucks; Theory; TJ Maxx; and Walgreens. Our Westport, Connecticut retail properties are located on Main Street, the main pedestrian thoroughfare in Westport, Connecticut, and have the advantage of being adjacent to one of the few available large-scale parking lots in town.

**Experienced and Committed Management Team with Proven Track Record.** Our senior management team is highly regarded in the real estate community and has extensive relationships with a broad range of brokers, owners, tenants and lenders. We have developed relationships we believe enable us to both secure high credit-quality tenants on attractive terms, as well as provide us with potential acquisition opportunities. We have substantial in-house expertise and resources in asset and property management, leasing, marketing, acquisitions, construction, development and financing and a platform that is highly scalable. Members of our senior management team have worked in the real estate industry for an average of approximately 29 years, and Messrs. Malkin, Durels and Keltner have worked together for our predecessor for over 22 years. We take an intensive, hands-on approach to the management of our portfolio and quality brand building. Upon completion of this offering, our senior

---

**Table of Contents**

management team is expected to own \_\_\_\_\_ % of our common stock on a fully diluted basis, and therefore their interests are expected to be aligned with those of our stockholders, and they are incentivized to maximize returns for our stockholders.

**Strong Balance Sheet Well Positioned For Future Growth.** Upon completion of this offering, we expect to have pro forma total debt outstanding of approximately \$1.05 billion, with a weighted average interest rate of 5.29%, a weighted average maturity of 3.9 years and 83.2% of which is fixed-rate indebtedness. Additionally, we expect to have approximately \$170.1 million of available borrowing capacity under our loans on a pro forma basis. Upon completion of this offering and on a pro forma basis for the year ended December 31, 2011, we had a debt-to-earnings before interest, income tax, depreciation and amortization, or EBITDA, ratio of approximately 5.46x. For the year ended December 31, 2011, our pro forma EBITDA and pro forma net income were approximately \$192.6 million and \$72.8 million, respectively. We have no debt maturing in the remainder of 2012 and approximately \$57.6 million maturing in 2013. Our fiscal strength and disciplined ownership and operation of our business has enabled us to weather multiple market downturns and challenging financing environments. We operate our business to preserve capital through conservative debt levels and to provide adequate capital for maintenance and improvements.

**Business and Growth Strategies**

Our primary business objectives are to maximize cash flow and total returns to our stockholders and to increase the value of our properties through the pursuit of the following business and growth strategies:

**Lease-up Available Space at Manhattan Office Properties.** As of March 31, 2012, our Manhattan office properties were approximately 76.2% leased (or 80.9% giving effect to leases signed but not yet commenced as of that date) and had approximately 1.1 million rentable square feet of available space (excluding leases signed but not yet commenced). This compares to an average of 90.4% leased in midtown Manhattan according to RCG as of December 31, 2011. We believe our renovation and repositioning program for our Manhattan office properties is a catalyst for additional lease-up. We have created large blocks of available space and intend to continue to create such blocks over the next several years as part of our comprehensive repositioning strategy to attract larger, higher credit-quality tenants at higher rents for longer lease terms with higher average retention rates and greater prospects for growth. Individual and multiple floors have been assembled and are being assembled for larger users. To date we believe these efforts have accelerated our ability to lease space to new higher credit-quality tenants, many of which have expanded the office space they lease from us over time. Examples of this include LF USA, Coty, Inc., the Federal Deposit Insurance Corporation and Actimize which collectively have leases signed with us for over 1,275,265 rentable square feet that represent additional annualized base rent of \$51,179,454 as of March 31, 2012. LF USA, our largest tenant based on both total leased square feet and annualized base rent, signed a lease for 482,399 square feet of office space in the Empire State Building in January 2011 that represents an additional \$18,813,561 of annualized base rent and, in November 2011, signed another lease for an additional 106,545 square feet that represents an additional \$4,155,255 of an annualized base rent. In order to accommodate the initial lease, we relocated two other tenants to other available space in the building in order to provide LF USA with space on two consecutive floors. As of March 31, 2012, LF USA leased an aggregate of 630,615 rentable square feet of office space at three of our office properties, representing approximately 7.6% of the total rentable square feet and approximately 8.6% of the annualized base rent in our portfolio. We also employ a pre-built suite strategy in selected portions of some of our properties to appeal to many credit-worthy smaller tenants by fitting out some available space with new ceilings, lighting, pantries and base building systems (including electric distribution and air conditioning) for immediate occupancy. These pre-built suites deploy energy efficiency strategies developed in our work at the Empire State Building and are designed with efficient layouts sought by a wide array of users which we believe will require only minor painting and carpeting for future re-leasing thus reducing our future costs.

## Table of Contents

**Increase Existing Below-Market Rents.** We believe we can capitalize on the successful repositioning of our Manhattan office portfolio and improving market fundamentals to increase rents. For example, we expect to benefit from the re-leasing of 22.9%, or approximately 1.3 million rentable square feet (including month-to-month leases), of our Manhattan office leases expiring through December 31, 2014, which we generally believe are currently at below market rates. These expiring leases represent a weighted average base rent of \$35.82 per square foot based on current measurements. As older leases expire, we expect to continue to upgrade certain space to further increase rents and we expect to increase the total rentable square footage of such space as a result of remeasurement and application of market loss factors to our space which we expect will generate additional rental revenue. Our concentration in Manhattan and the greater New York metropolitan area should also enable us to benefit from increased rents associated with current and anticipated near-term improvements in the financial and economic environment in these areas. We also expect to benefit from the lack of development of office and retail space in midtown Manhattan for the foreseeable future due to the recent economic downturn, scarcity of available development sites, and long lead time for new construction.

**Complete the Redevelopment and Repositioning of Our Current Portfolio.** We intend to continue to increase occupancy, improve tenant quality and enhance cash flow and value by completing the renovation and repositioning of our Manhattan office properties. We intend selectively to continue to allow leases for smaller spaces to expire or relocate smaller tenants in order to aggregate, demolish and re-demise existing office space into larger blocks of vacant space, which we believe will attract higher credit-quality tenants at higher rental rates. We apply rigorous underwriting analysis to determine if aggregation of vacant space for future leasing to larger tenants will improve our cash flows over the long term. In addition, we are a leader in developing economically justified energy efficiency retrofitting and sustainability and have made it a portfolio-wide initiative. We believe this makes our properties desirable to high credit-quality tenants at higher rental rates and longer lease terms.

**Pursue Attractive Acquisition and Development Opportunities.** We will opportunistically pursue attractive opportunities to acquire office and retail properties, including the option properties, for which the purchase price is payable in a combination of shares of our common stock and operating partnership units, except with respect to the Helmsley estate, which will have the right to elect to receive all cash. See Option Properties. We intend to focus our acquisition strategy primarily on Manhattan office properties and, to a lesser extent, office and multi-tenanted retail properties in densely populated communities in the greater New York metropolitan area and other markets we may identify in the future. We believe we can utilize our industry relationships (including well-known real estate owners in Manhattan), brand recognition, and our expertise in redeveloping and repositioning office properties to identify acquisition opportunities where we believe we can increase occupancy and rental rates. Our strong balance sheet, access to capital, and ability to offer operating partnership units in tax deferred acquisition transactions should give us significant flexibility in structuring and consummating acquisitions. Further, we have a development site, Metro Tower at the Stamford Transportation Center, which is adjacent to our Metro Center property, which we believe to be one of the premier office buildings in Connecticut. All required zoning approvals have been obtained to allow development of an approximately 340,000 rentable square foot office tower and garage. We intend to develop this site when we deem the appropriate combination of market and other conditions are in place.

**Proactively Manage Our Portfolio.** We believe our proactive, service-intensive approach to asset and property management helps increase occupancy and rental rates. We utilize our comprehensive building management services and our strong commitment to tenant and broker relationships and satisfaction to negotiate attractive leasing deals and to attract high credit-quality tenants. We proactively manage our rent roll and maintain continuous communication with our tenants. We foster strong tenant relationships by being responsive to tenant needs. We do this through the amenities we provide, the quality of our buildings and services, our employee screening and training, energy efficiency initiatives, and preventative maintenance and prompt repairs. Our attention to detail is integral to serving our clients and building our brand. Our properties have received numerous industry awards for their operational efficiency. We believe long-term tenant relationships will improve our

**Table of Contents**

operating results over time by reducing leasing, marketing and tenant improvement costs and reducing tenant turnover. As a result, we do extensive diligence on our tenants' (current and prospective) balance sheets, businesses and business models to determine if we will establish long-term relationships in which they will both renew with us and expand over time.

**Renovation and Repositioning Case Studies**

From 2002 through 2006, we gradually gained day-to-day management of our Manhattan office properties. Since then, we have been undertaking a comprehensive renovation and repositioning strategy of our Manhattan office properties that has included the physical improvement through upgrades and modernization of, and tenant upgrades in, such properties. We expect to complete substantially this program by the end of 2013, except with respect to the Empire State Building, which is the last Manhattan office property that began its renovation program, which we expect to complete substantially in 2016, due to the size and scope of our remaining work and our desire to minimize tenant disruptions at the property. The improvements undertaken in connection with the renovation and repositioning program include restored, renovated and upgraded or new lobbies; elevator modernization; renovated public areas and bathrooms; refurbished or new windows; upgrade and standardization of retail storefront and signage; façade restorations; modernization of building-wide systems; and enhanced tenant amenities. These improvements are designed to improve the overall value and attractiveness of our properties and have contributed significantly to our tenant repositioning efforts, which seek to increase our occupancy; raise our rental rates; increase our rentable square feet; increase our aggregate rental revenue; lengthen our average lease term; increase our average lease size; and improve our tenant credit quality. This strategy has shown attractive results to date as illustrated by the case studies which are set forth below. There can be no assurance that our renovation and repositioning program will be completed in its entirety in accordance with the anticipated timing or at the anticipated cost or that the results we expect to achieve will be accomplished. Accordingly, the information presented in the case studies should not be considered as indicative of our possible results and you should not rely on this information as an indication of our future performance.

The pre-renovation and repositioning statistics in the tables below represent the leases existing on the applicable floor of the applicable building at a date within a three-year period prior to the commencement of tenant repositioning efforts which were implemented on such floor and which generally represented the highest occupancy for such floor during such period. The tenant repositioning efforts include the exercise of our rights to relocate tenants, negotiated relocations of tenants, the strategic expiration of existing leases to aggregate large blocks of space, including whole floors, as well as the implementation of marketing efforts in such space including the signing of significant tenants prior to the onset of the renovation work. Post-renovation and repositioning statistics in the table below represent full floors where we have completed our renovation and repositioning efforts and reflect leases signed for such space. In certain circumstances, certain tenants have signed leases where only a portion of their lease has commenced with the remainder of the lease to commence through 2012, except with respect to one tenant where such tenant's leases will commence through 2014. The information in the tables below presents statistics as if all such space under such leases have commenced.

***Empire State Building Case Study***

After we gained day-to-day management of the Empire State Building in August 2006, we developed and began implementing a restoration and renovation program at the property. As of March 31, 2012, we had completed substantially the renovation and repositioning of 24 of the 76 office floors in the building where we have aggregated smaller spaces in order to seek larger, higher credit-quality tenants and to offer new, pre-built suites with improved layouts. In order to maximize space utilization, we aggregated smaller spaces to offer large blocks of space, including whole floors, by employing several strategies including the exercise of our rights to relocate tenants to alternative space, negotiated relocations of tenants and the strategic expiration of existing leases. As illustrated by the table below, for these 24 floors, we have increased (i) annualized gross rent by an aggregate of approximately \$25.5 million, representing a 111.7% increase, (ii) weighted average annualized gross rent per leased square foot by \$5.41 in the aggregate, representing an 14.9% increase and (iii) total rentable square footage by 282,790 square feet in the aggregate, representing a 31.9% increase.

- (1) The change in total rentable square footage results from a combination of remeasurement of, and changes in loss factor applied to, the renovated spaces. Post-renovation and repositioning property measurements are based on the Real Estate Board of New York measurement standards. Includes leases that have been signed but have not yet commenced.
- (2) Percent leased is calculated as (a) rentable square feet less available square feet divided by (b) rentable square feet.
- (3) Pre-renovation and repositioning annualized gross rent represents the last annualized fully escalated gross rent prior to the start of the renovation and repositioning of the floor and post-renovation and repositioning annualized gross rent represents annualized contractual first monthly base rent (after free rent periods) for leases that have been signed and assumes the lease has commenced.
- (4) Represents annualized gross rent divided by leased square feet.

**Table of Contents****1333 Broadway Case Study**

Since we gained day-to-day management of 1333 Broadway in August 2006, we developed and began implementing a restoration and renovation program at the property. As of March 31, 2012, we had completed substantially the renovation and repositioning of eight of the ten non-retail floors in the building where we have aggregated smaller spaces in order to offer larger blocks of office space in a similar manner to the program undertaken with respect to the Empire State Building. As illustrated by the table below, for these eight floors, we have increased (i) annualized gross rent by an aggregate of approximately \$6.4 million, representing a 184.1% increase, (ii) weighted average annualized gross rent per leased square foot by \$11.07 in the aggregate, representing a 36.0% increase and (iii) total rentable square footage by 18,715 square feet in the aggregate, representing an 8.6% increase.

**Table of Contents****Our Portfolio Summary**

As of March 31, 2012, our portfolio consisted of 12 office properties and six standalone retail properties totaling approximately 8.3 million rentable square feet and was approximately 79.7% leased (or 83.0% giving effect to leases signed but not yet commenced as of that date). In addition, we owned entitled land that will support the development of an approximately 340,000 rentable square foot office building and garage (Metro Tower) at the Stamford Transportation Center in Stamford, Connecticut, adjacent to one of our office properties, as of March 31, 2012. The table below presents an overview of our portfolio and our option properties as of March 31, 2012:

- (1) For more information regarding the status of ongoing renovations at certain of our properties, see Business and Properties Description of Our Properties.
- (2) Office property measurements are based on the Real Estate Board of New York measurement standards; retail property measurements are based on useable square feet. Excludes (i) 132,360 square feet of space across our portfolio attributable to building management use and tenant amenities and (ii) 71,054 square feet of space attributable to our observatory.
- (3) Based on leases signed and commenced as of March 31, 2012 and calculated as (i) rentable square feet less available square feet divided by (ii) rentable square feet.
- (4) Annualized base rent for office properties is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements and free rent)) for the month ended March 31, 2012 for leases commenced as of March 31, 2012, by (ii) 12. Total abatements and free rent with respect to the office properties for leases in effect as of March 31, 2012 for the 12 months ending March 31, 2013 are \$2,815,970. Total annualized base rent, net of abatements and free rent, for our office properties is \$228,451,118. Annualized base rent for retail properties (including the retail space in our Manhattan office properties) is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements, tenant reimbursements and free rent)) for the month ended March 31, 2012 for leases commenced as of March 31, 2012, by (ii) 12. Total abatements, tenant reimbursements and free rent with respect to the retail properties (including the retail space in our Manhattan office properties) for leases in effect as of March 31, 2012 for the 12 months ending March 31, 2013 are \$359,972. Total annualized base rent, net of abatements, tenant reimbursements and free rent, for our retail properties is \$47,975,160. Annualized base rent data for our office and retail properties is as of March 31, 2012 and does not reflect scheduled lease expirations for the 12 months ending March 31, 2013.
- (5) Represents Annualized Base Rent under leases commenced as of March 31, 2012 divided by leased square feet.
- (6) Net effective rent per leased square foot represents (i) the contractual base rent for office and retail leases in place as of March 31, 2012, calculated on a straight-line basis to amortize free rent periods and abatements, but without regard to tenant improvement allowances and leasing commissions, divided by (ii) square footage under commenced leases as of March 31, 2012.
- (7) Represents the number of leases at each property or on a portfolio basis. If a tenant has more than one lease, whether or not at the same property, but with different expirations, the number of leases is calculated equal to the number of leases with different expirations.
- (8) Includes 88,499 rentable square feet of space leased by our broadcasting tenants.
- (9) Includes 6,180 rentable square feet of space leased by Host Services of New York, a licensee of our observatory.
- (10)

## Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

Denotes a ground leasehold interest in the property with a remaining term, including unilateral extension rights available to us, of approximately 39 years (expiring July 31, 2050).

(11) First Stamford Place consists of three buildings.

(12) This submarket is part of the Stamford, Connecticut central business district (CBD) submarket as defined by RCG. See Economic and Market Overview.

(13) This submarket is part of the South Central Stamford, Connecticut submarket as defined by RCG. See Economic and Market Overview.

(14) This submarket is part of the Eastern Westchester County submarket as defined by RCG. See Economic and Market Overview.

(15) This submarket is part of the White Plains, New York CBD submarket as defined by RCG. See Economic and Market Overview.

**Table of Contents**

- (16) No major renovation activity was undertaken at this property.
- (17) This property underwent major renovations in 2007 to coincide with the signing of a significant retail lease.
- (18) Includes 430,273 rentable square feet of retail space in our Manhattan office properties.
- (19) 112-122 West 34th Street consists of two parcels having separate owners and ownership structures. The real property interests that we will acquire with respect to the parcel located at 112-120 West 34th Street consist of (i) a ground leasehold interest currently held by 112 West 34th Street Associates L.L.C., one of the affiliates of our predecessor with whom we have entered into an option agreement and (ii) an operating leasehold interest currently held by 112 West 34th Street Company L.L.C., another affiliate of our predecessor with whom we have entered into an option agreement. The real property interests that we will acquire with respect to the parcel located at 122 West 34th Street consist of (i) a fee interest and a subleasehold interest currently held by 112 West 34th Street Associates L.L.C. and (ii) an operating leasehold interest currently held by 112 West 34th Street Company L.L.C.

**Tenant Diversification**

As of March 31, 2012, our office and retail portfolios were leased to a diverse base of approximately 1,132 tenants. The following table sets forth information regarding the ten largest tenants in our portfolio based on annualized base rent as of March 31, 2012, after giving effect to the formation transactions.

Tenant	Number of Leases	Number of Properties	Lease Expiration <sup>(1)</sup>	Weighted Average Remaining Lease Term <sup>(2)</sup>	Total Leased Square Feet <sup>(3)</sup>	Percent of Portfolio Rentable Square Feet <sup>(4)</sup>	Annualized Base Rent <sup>(5)</sup>	Percent of Portfolio Annualized Base Rent <sup>(6)</sup>

## Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

- (1) Expiration dates are per lease and do not assume exercise of renewal or extension options. Except for the Federal Deposit Insurance Corporation lease (February 1, 2015), none of these leases contain early termination options. For tenants with more than two leases, the lease expiration is shown as a range.
- (2) Represents the weighted average lease term, based on annualized base rent.
- (3) Based on leases signed and commenced as of March 31, 2012.
- (4) Represents the percentage of rentable square feet of our office and retail portfolios in the aggregate.
- (5) Represents annualized monthly cash base rent under leases commenced as of March 31, 2012. Annualized base rent for office properties is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements and free rent)) for the month ended March 31, 2012 for leases commenced as of March 31, 2012, by (ii) 12. Annualized base rent for retail properties is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements, tenant reimbursements and free rent)) for the month ended March 31, 2012 for leases commenced as of March 31, 2012, by (ii) 12.
- (6) Represents the percentage of annualized base rent of our office and retail portfolios in the aggregate.
- (7) LF USA is the US subsidiary of Li & Fung Ltd, a Hong Kong headquartered global consumer product design, development, sourcing and distribution company. Li & Fung Ltd has a market capitalization of approximately \$18.7 billion as of March 31, 2012, is listed on the Hong Kong Stock Exchange and is a constituent member of the Hang Seng Index, MSCI Index, S&P/StanChart/Greater China Index, FTSEGood Index, Dow Jones Sustainability Asia Pacific Index and Hang Seng Corporate Sustainability Index Series. In January 2011, LF USA signed a lease that increased their total square footage at the Empire State Building to 482,399 square feet, of which 308,233 of the square footage has commenced as of March 31, 2012, and is reflected in the table above. LF USA also signed a lease in November 2011 (which is not reflected in the above table) for an additional 106,545 square feet that increased their total square footage at the Empire State Building to 588,944 square feet.
- (8) Pursuant to an amendment to Coty's lease signed in May 2011 (which is not reflected in the above table), in April 2012, Coty increased their total square footage at the Empire State Building to 194,281 square feet, representing an additional \$4,272,912 of annualized base rent as of March 31, 2012, or annualized base rent per leased square foot of \$42.00 as of March 31, 2012. Coty also signed another amendment to their lease in April 2012 (which is not reflected in the above table) for an additional 118,792 square feet that increased their total square footage at the Empire State Building to 313,073 square feet.

**Table of Contents****Lease Distribution**

**Table of Contents**

- (1) Excludes (i) retail space in our Manhattan office properties and (ii) the Empire State Building broadcasting licenses and observatory operations.
- (2) If a lease has two different expiration dates, it is considered to be two leases (for purpose of lease count and square footage).
- (3) Office property measurements are based on the Real Estate Board of New York measurement standards; retail property measurements are based on useable square feet. Excludes (i) 132,360 square feet of space across our portfolio attributable to building management use and tenant amenities and (ii) 71,054 square feet of space attributable to our observatory.
- (4) Represents annualized cash base rent under leases commenced as of March 31, 2012. Annualized base rent for office properties is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements and free rent)) for the month ended March 31, 2012 for leases commenced as of March 31, 2012, by (ii) 12. Annualized base rent for retail properties is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements, tenant reimbursements and free rent)) for the month ended March 31, 2012 for leases commenced as of March 31, 2012, by (ii) 12.
- (5) Represents the percentage of annualized base rent of our office and retail portfolios in the aggregate.
- (6) Includes an aggregate of 430,273 rentable square feet of retail space in our Manhattan office properties. Our Manhattan office properties include 74 retail leases representing \$34,168,528 in annualized base rent. Excludes the Empire State Building broadcasting licenses and observatory operations.

**Lease Expirations**

We expect to benefit from the re-leasing of 22.9%, or approximately 1.3 million rentable square feet (including month-to-month leases), of our Manhattan office leases expiring through December 31, 2014, which we generally believe are currently at below-market rates. During 2011 and 2012, we have generally been obtaining higher base rents on new and renewed leases at our Manhattan office properties. These increased rents are partly due to an increase in the total rentable square footage of such space as a result of remeasurement and application of market loss factors to our space.

The following table sets forth a summary schedule of the lease expirations for leases in place as of March 31, 2012 plus available space for each of the ten full calendar years beginning with the year ending December 31, 2013 at the properties in our portfolio. The information set forth in the table assumes that tenants exercise no renewal options and all early termination rights.

(1) Excludes an aggregate of 430,273 rentable square feet of retail space in our Manhattan office properties. Includes the Empire State Building broadcasting licenses and observatory operations.

(2) Presents all tenant improvement and leasing commission costs as if they were incurred in the period in which the lease was signed, which may be different than the period in which they were actually paid.

(3) Includes an aggregate of 430,273 rentable square feet of retail space in our Manhattan office properties. Excludes the Empire State Building broadcasting licenses and observatory operations.

**Table of Contents****Historical Capital Expenditures**

The following table sets forth certain information regarding historical capital expenditures at the properties in our office and retail portfolios for the years ended December 31, 2009, 2010 and 2011 and for the three months ended March 31, 2012. Historically we have not tracked expenditures as either recurring or non-recurring and we believe a substantial amount of these capital expenditures during the periods presented would be considered to be non-recurring due to the extensive amount of capital spent on renovation, repositioning and deferred maintenance at our Manhattan office properties at the time we began our renovation and repositioning program.

	Three Months Ended March 31, 2012	Year Ended December 31,			Weighted Average January 1, 2009 to March 31, 2012

(1) Includes an aggregate of 430,273 rentable square feet of retail space in our Manhattan office properties.

(2) Includes all capital expenditures, excluding tenant improvement and leasing commission costs, primarily due to the renovation and repositioning program conducted at our Manhattan office properties.

**Description of Our Properties**

Each of the Empire State Building and One Grand Central Place accounts for more than 10% of our total assets based on book value, or more than 10% of our gross revenues, as of March 31, 2012 and for the year ended December 31, 2011. Our other properties described below each account for less than 10% of our total assets based on book value and less than 10% of our gross revenues as of March 31, 2012 and for the year ended December 31, 2011. See Management's Discussion and Analysis of Financial Condition and Results of Operations Consolidated Indebtedness to be Outstanding After This Offering for a description of our indebtedness to be outstanding after completion of this offering.

***The Empire State Building, New York, New York***

Our predecessor acquired a master operating leasehold interest in the Empire State Building, the world's most famous office building, through a public partnership in 1961 and acquired the fee title to this property in 2002. Our predecessor removed the prior managing and leasing agent and gained day-to-day management of the property in August 2006. The building comprises premier office space, a concourse, lower lobby, two observatories, broadcasting facilities and ground-floor retail space. It occupies the entire blockfront from 33rd Street to 34th Street on Fifth Avenue, anchoring the east side of the 34th street corridor in midtown Manhattan, located within walking distance of multiple parking garages, world-class shopping, dining and lodging. The Empire State Building was built in 1931. The 102-story building comprises 2,683,205 rentable square feet of office space and 163,655 rentable square feet of retail space (including our observatory and broadcasting operations) and is constructed of concrete, steel, masonry and stone. Its close proximity to mass transportation includes numerous subway lines; and bus routes; Pennsylvania Station; Grand Central Terminal; the Port Authority Bus Terminal; and PATH train services. In-building services and amenities include a visitor reception desk, bank equipped with an ATM, FedEx/Kinko's, Starbucks, upscale cocktail lounge and a variety of specialty stores and eat-in or take-out dining facilities within the retail arcade. As part of our effort to increase the quality of our tenants, since 2007 we have embarked on a renovation and repositioning program over time to aggregate smaller office spaces to facilitate re-leasing of larger blocks of space to higher credit-quality tenants for longer lease terms and at higher rents. As of March 31, 2012, the building's five largest tenants based on

**Table of Contents**

annualized base rent were LF USA, Inc., an affiliate of Li & Fung, a global supply chain management firm; the Federal Deposit Insurance Corporation; Host Services of New York, a leader in creating dining and shopping concessions for travel venues; Coty, Inc., a leading global fragrance and beauty company; and Walgreen Eastern Co., a New York City-based pharmacy. Other tenants include Funaro & Co., an accounting services firm; LinkedIn, an online professional network; Noven Pharmaceuticals, Inc., a specialty pharmaceutical company; People's Daily Online USA, an online Chinese newspaper; Taylor Global, Inc., a public relations firm; The Freeh Group, an independent global risk management firm; Turkish Airlines, the national flag carrier of Turkey; and World Monuments Fund, a not-for-profit organization dedicated to preserving and protecting endangered ancient and historic sites around the world.

The Empire State Building offers panoramic views of New York and neighboring states from its world-famous 86th and 102nd floor observatories that draw millions of visitors per year. For the years ended December 31, 2007 through December 31, 2011 and for the three months ended March 31, 2012, the number of visitors to the observatories was approximately 3.67 million, 4.03 million, 3.75 million, 4.03 million, 4.06 million and 707,541, respectively. For the years ended December 31, 2007 through December 31, 2011, we increased the average ticket revenue per admission from \$15.47 to \$17.96, and for the three months ended March 31, 2012, the average ticket revenue per admission was \$20.77. The 86th floor observatory has a 360-degree outdoor deck as well as indoor viewing galleries to accommodate guests day and night, all year-round. The 102nd floor observatory is entirely indoors and offers a 360-degree view of New York City from 1,250 feet above ground. Observatory visitors enter the building via its main entrance on Fifth Avenue. Visitors proceed directly up dedicated escalators to the second floor and through security to purchase various ticket options at the cashier or to retrieve tickets purchased online at our ticket kiosks. While waiting to gain access to the elevators, guests are entertained by a multi-media exhibit on sustainability and energy efficiency, which may be accessed in eight languages and is designed to inform and inspire our visitors. Also on the second floor, guests may purchase multilingual audio tours and viewer maps from our licensee and be photographed by our licensee. There is a separately ticketed and independently owned and operated tour simulator under lease operating under the name NY Skyride. Visitors then proceed to one of six elevators to the 80th floor, where they are entertained by an exhibit operated by the NY skyscraper museum, The Race to the Top, which chronicles the construction of the building. They then have the opportunity to take one of two elevators or to walk up the stairs to the 86th floor observatory, which offers indoor and outdoor viewing areas. From the 86th floor, guests who have purchased an additional ticket may take an elevator to our fully enclosed 102nd floor observatory. Visitors then return first to the 86th floor and then to the 80th floor where they must exit through Empire: The Store, the official Empire State Building souvenir shop operated by our licensee HMS Host. Finally, they take the elevator to the second floor where they have the opportunity to purchase their photograph and ride one of two dedicated escalators to the lobby at the main entrance on Fifth Avenue, where they exit the building; by the end of 2012, they will also have the opportunity to exit through our tenant Walgreens, which will shortly expand its ground floor retail space to the 2nd floor with direct frontage to the observatories' exit path. We generated approximately \$16.4 million and \$80.6 million in revenue from our observatory operations for the three months ended March 31, 2012 and the year ended December 31, 2011, respectively.

Our observatory business is subject to tourism trends and weather, and therefore does experience some seasonality. Over the past ten years, the number of visitors to the observatory, on average, has been slightly higher in the third quarter and slightly lower in the first quarter of each year. The Empire State Building's observatory has maintained stable performance levels over the past ten years, despite changing competitive dynamics and economic conditions. Total revenue and operating income from the observatory's operations have exhibited positive growth in all but two years from 2001 to 2011 (2001 and 2009), representing a compound annual growth rate for total revenue and operating income (including concessions revenue) of 12.4% and 12.5%, respectively. In addition, the average ticket revenue per admission has increased for each of the 12 years from 2000 to 2011 at a compound annual growth rate of 9.3% and the growth rate during each of those years, on a year over year basis, has never been negative. In the year ended December 31, 2011, the observatory experienced record admissions of over 4.06 million visitors and approximately \$80.6 million of total revenue. The observatory has demonstrated strong performance despite competitive pressures as total revenue and operating

## Table of Contents

income (including concessions revenue) increased by over 25.0% in 2005 and over 11.0% in 2006, despite the opening of the Top of the Rock observation deck at Rockefeller Center in November 2005. The Empire State Building's observatory has also fared well during the recent recession. Despite a 7.0% decrease in the number of visitors as compared to 2008, 2009 admissions were still 2.0% higher than 2007 and the average ticket revenue per admission increased by 6.9% over 2008's record level.

In addition to being a top New York City tourist attraction, the Empire State Building is also the center of the New York Tri-State region's broadcasting operations. During the three months ended March 31, 2012 and the year ended December 31, 2011, our broadcasting licenses and related leased space generated approximately \$4.3 million and \$16.4 million, respectively. Various entities transmit from our building setbacks and surfaces and our broadcasting mast which rises 230 feet from the ceiling deck of the 103rd floor. Over 150 antennae provide a variety of point-to-point radio and data communications services and support delivery of broadcasting signals to cable and satellite systems and directly to television and radio receivers. As of March 31, 2012, 35 television and radio broadcasters were licensed to use our broadcasting facilities and served the greater New York metropolitan designated market area, which includes New York, New Jersey and Connecticut. As of March 31, 2012, we leased approximately 88,499 square feet to broadcasting tenants in the aggregate. Tenants that utilize our broadcasting services receive the right to use the broadcasting facilities and also to lease transmitter space in the Empire State Building. In addition, the broadcasting licenses and related leased space are long-term and require that tenants pay substantially all maintenance expenses. The average remaining term of such license fees is approximately 7.1 years. Our broadcasting tenants, based on annualized broadcasting revenue, include, among others, FOX, CBS, ABC, NBC and WPIX, as well as many of the major radio stations in Manhattan and the greater New York metropolitan area.

We also license the trademarked Empire State Building name and image for movies, television, promotional and advertising purposes and offer portions of the building for rent for private events. The primary benefit of such arrangements is the opportunity to build Empire State Building brand awareness through co-branding with well-respected brands and causes. We also enter into agreements through our Empire State Building Lighting Partner program, which give selected applicants the privilege of choosing a lighting scheme for our tower on a certain date in exchange for publicity and attention through their organization's networks. The Empire State Building has an extensive social media presence including a highly-visited website (on which we control ticket sales to the observatories and offer a growing range of tourist-related attraction sales), Facebook page and Twitter account.

The building and certain aspects of its interior are designated landmarks of the New York City Landmarks Preservation Committee. The building was designated as a National Historic Landmark in 1986. In a national survey conducted in 2007, it was rated number one above the White House and the Washington Monument on the List of America's Favorite Architecture according to the American Institute of Architects. The Empire State Building is an Energy Star building and has been awarded LEED EBOM-Gold certification. The Empire State Building's energy retrofit program will result in significant energy cost savings annually and significant expense savings for our tenants, which we believe has enhanced its desirability to prospective tenants. We recently entered into a two-year contract to purchase wind power to provide 100% of the Empire State Building's energy. The Empire State Building is the recipient of numerous awards. The Building Owners and Managers Association of Greater New York, Inc., or BOMA, and BOMA Mid-Atlantic Region named the Empire State Building as the 2011 Regional TOBY award Winner for Middle Atlantic Regional Outstanding Building of the Year and as the 2009-2010 Pinnacle Award winner for the Historical Building of the Year, honoring a commitment to the preservation of historical integrity while taking full advantage of the improvements of the modern era. Additionally, in 2010, the Empire State Building won the MASTerworks Best Restoration award from the Municipal Arts Society for the restoration of a historically significant commercial, residential or institutional building and/or publicly accessible lobby; the National Trust for Historic Preservation National Preservation Honor Award recognizing the efforts of individuals, nonprofit organizations, public agencies and corporations whose skill and determination have given new meaning to their communities through preservation; the Preservation League of New York State Project's Excellence in Historic Preservation Award celebrating the

**Table of Contents**

outstanding leadership of public officials and individuals in the field of preservation; and the New York Landmarks and Conservancy's Lucy G. Moses Preservation Award for outstanding preservation efforts. Prior to 2010, the Sustainable Buildings Industry Council awarded the Empire State Building the 2009 Beyond Green High Performance Building Award recognizing the exceptional contributions its members make to sustainability across the United States.

Since we gained day-to-day management of the Empire State Building in August 2006, we have invested a total of approximately \$138.0 million through our restoration and renovation program at the property through March 31, 2012. We currently estimate that between \$195.0 million and \$235.0 million of additional capital is needed to complete this renovation program, which we expect to complete substantially in 2016. These estimates are based on our current budgets (which do not include tenant improvement and leasing commission costs) and are subject to change. Our renovation program at the property has taken substantial time to design and implement due to many factors, including the overall scale of the program, the market timing of re-leasing upgraded spaces to existing and prospective tenants, our desire to minimize existing tenant disruptions, and the need to obtain consents of investors in the property to complete financings. The following table summarizes the status of major improvements we have completed, those that are currently in process, and those that we expect to complete in the future:

	Completed	In Process	To Be Completed
Lobby restoration and upgrade	x		
Renovate 2nd floor observatory ticketing area	x		
Renovate 86th floor observatory	x		
Observatory exhibits	x		
Energy efficiency retrofits including	x

Tower lighting replacement		x	
Security system enhancements		x	
Temporary exterior construction hoist		x	
Enhancement to observatory exhibit			x
New tenants-only conference center			x
New tenants-only fitness center			x

The observatory and broadcasting businesses at the Empire State Building are subject to competition from existing observatories and broadcasting space and others that may be constructed in the future. In addition, competition from observatory and broadcasting operations in the new property currently under construction at One World Trade Center and, to a lesser extent, from the existing observatory at Rockefeller Center and the existing broadcasting facility at Four Times Square, could have a negative impact on revenues from our broadcasting and observatory operations. Our broadcast television and radio licensees face competition from advances in technologies and alternative methods of content delivery in their respective industries, as well as

**Table of Contents**

from changes in consumer behavior driven by new technologies and methods of content delivery, which may reduce the demand for over-the-air broadcast licenses in the future. New government regulations affecting broadcasters, including the implementation of the FCC's National Broadband Plan, or the Plan, might also affect our results of operations by reducing the demand for broadcast licenses.

*Empire State Building Primary Tenants*

The following table summarizes information regarding the primary tenants of the Empire State Building as of March 31, 2012:

Tenant	Principal Nature of Business	Lease Expiration	Date of Earliest Termination Option	Renewal Options	Total Leased Square Feet	Percent of Property Square Feet <sup>(1)</sup>	Annualized Base Rent <sup>(2)</sup>	Percent of Property Annualized Base Rent	Annualized Base Rent Per Square Foot
LF USA <sup>(3)</sup>	Fashion	Oct. 2028		1 x 7 years or 2 x 5 years	308,233	10.8%	\$ 12,021,087	15.6%	\$ 39.00

		Jul. 2018			25,744	0.9%	\$ 1,119,105	1.6%	\$ 43.47
<b>Total/Weighted Average</b>					<b>676,913</b>	<b>23.8%</b>	<b>\$ 34,414,630</b>	<b>44.8%</b>	<b>\$ 50.84</b>

- (1) Excludes (i) 123,436 rentable square feet attributable to building management use and tenant amenities and (ii) 71,054 square feet of space attributable to our observatory.
- (2) Annualized base rent is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements and free rent)) for the month ended March 31, 2012 for leases commenced as of March 31, 2012, by (ii) 12. Total abatements and free rent with respect to leases in effect as of March 31, 2012 for the 12 months ending March 31, 2013 are \$1,855,322. Total annualized base rent, net of abatements and free rent is \$75,001,041.
- (3) In January 2011, LF USA signed a lease that increased their total square footage at the Empire State Building to 482,399 square feet, representing an additional \$18,813,561 of annualized based rent, or annualized base rent per square foot of \$39.00. 308,233 of this square footage has commenced as of March 31, 2012. LF USA also signed a lease in November 2011 (which is not reflected in the above table) for an additional 106,545 square feet that increased their total square footage at the Empire State Building to 588,944 square feet.
- (4) Pursuant to an amendment to Coty's lease signed in May 2011 (which is not reflected in the above table), in April 2012, Coty increased their total square footage at the Empire State Building to 194,281 square feet, representing an additional \$4,272,912 of annualized base rent as of March 31, 2012, or annualized base rent per leased square foot of \$42.00 as of March 31, 2012. Coty also signed another amendment to their lease in April 2012 (which is not reflected in the above table) for an additional 118,792 square feet that increased their total square footage at the Empire State Building to 313,073 square feet.
- (5) The lease will expire 15 years and four months following substantial completion of certain expansion space pursuant to the First Lease Modification and Extension Agreement, as of August 15, 2011, between Empire State Building Company L.L.C. and Walgreen Eastern Co., Inc.

**Table of Contents**

*Empire State Building Lease Expirations*

The following table sets forth the lease expirations for leases in place at the Empire State Building as of March 31, 2012 and for each of the ten full calendar years beginning with the year ending December 31, 2013 and thereafter. Unless otherwise stated in the footnotes, the information set forth in this table assumes that tenants exercise no renewal options or early termination rights. As of March 31, 2012, the weighted average remaining lease term for the property was seven years and 11 months.

Year of Lease Expiration <sup>(1)</sup>	Number of Leases Expiring	Square Footage of Leases Expiring <sup>(2)</sup>	Percent of Property Square Feet	Annualized Base Rent <sup>(3)</sup>	Percent of Property Annualized Base Rent <sup>(4)</sup>	Annualized Base Rent Per Leased Square Foot

(1) Excludes broadcasting licenses and observatory operations.

(2) Office property measurements are based on the Real Estate Board of New York measurement standards; retail property measurements are based on useable square feet. Excludes (i) 123,436 rentable square feet attributable to building management use and tenant amenities and (ii) 71,054 square feet of space attributable to our observatory.

(3) Annualized base rent is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements and free rent)) for the month ended March 31, 2012 for leases commenced as of March 31, 2012, by (ii) 12. Total abatements and free rent with respect to leases in effect as of March 31, 2012 for the 12 months ending March 31, 2013 are \$1,855,322. Total annualized base rent, net of abatements and free rent is \$75,001,041.

(4) Represents the percentage of annualized base rent of office and ground-floor retail leases at the Empire State Building.

(5) Includes four leases that expired during March 2012 representing an aggregate of 69,539 rentable square feet and \$933,748 of annualized base rent.

*Empire State Building Percent Leased and Base Rent*

The following table sets forth the percent leased, annualized base rent per leased square foot and net effective base rent per leased square foot for the Empire State Building as of the dates indicated below:

Date	Percentage Leased <sup>(1),(2)</sup>	Annualized Base Rent per Leased Square Foot <sup>(3)</sup>	Net Effective Annual Base Rent per Leased Square Foot <sup>(4)</sup>
March 31, 2012	67.0%	\$ 40.27	\$ 40.10
December 31, 2011	67.6%	\$ 39.75	\$ 39.37
December 31, 2010	66.2%	\$ 35.68	\$ 35.04
December 31, 2009	68.5%	\$ 34.95	\$ 34.10

Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

December 31, 2008	69.0%	\$	32.41	\$	31.82
December 31, 2007	70.2%	\$	27.96	\$	27.29

(1) Based on leases commenced as of the dates indicated above and calculated as rentable square feet less available square feet divided by rentable square feet.

**Table of Contents**

- (2) As part of our effort to increase the credit quality of our tenants, we have been aggregating smaller office spaces to facilitate re-leasing of larger blocks of space to higher credit-quality tenants for longer lease terms and at higher rents. As a result, percent leased has decreased from December 31, 2007 through March 31, 2012.
- (3) Annualized base rent per leased square foot is calculated by dividing (i) base rental payments (defined as cash base rent (before abatements and free rent)) for the month ended as of the dates indicated above multiplied by 12, by (ii) square footage under commenced leases as of the dates indicated above.
- (4) Net effective annual base rent per leased square foot represents (i) the contractual base rent for leases in place as of the dates indicated above, calculated on a straight-line basis to amortize free rent periods and abatements, but without regard to tenant improvement allowances and leasing commissions, divided by (ii) square footage under commenced leases as of the same date.

The Empire State Building and improvements to the property are being depreciated on a straight-line basis over their estimated useful lives of 39 years. The current real estate tax rate for the Empire State Building is \$101.52 per \$1,000 of assessed value. Real estate taxes for the years ended December 31, 2011 and 2010 were \$30,009,908 and \$27,664,886, respectively. In the opinion of our management, the Empire State Building is adequately covered by insurance.

***One Grand Central Place, New York, New York***

Our predecessor made a convertible mortgage on One Grand Central Place in 1954 through a public partnership and subsequently acquired fee title to the property in 1958. Our predecessor removed the prior managing and leasing agent and gained day-to-day management of the property in November 2002. The building comprises premier office space and lower-level and ground-floor retail space. It is located on 42nd Street, between Park and Madison Avenues, directly across the street from Grand Central Terminal, located within walking distance of multiple parking garages, world-class shopping, dining and lodging. One Grand Central Place was built in 1930. The 55-story building comprises 1,167,542 rentable square feet of office space and 68,343 rentable square feet of retail space and is constructed of concrete, steel and masonry. Its close proximity to mass transportation includes numerous subway lines and bus routes; Grand Central Terminal; and the Times Square Shuttle. In-building services and amenities include on-site building management office; 24/7 attended lobby; a multi-media conference center; messenger center for the exclusive use of building tenants; a visitor center for convenient and efficient access for building visitors; bank, newsstand and dining facilities; and additional conveniences in the building's retail arcade. As part of our effort to increase the quality of our tenants, we have embarked on a renovation and repositioning program over time to aggregate smaller office spaces to facilitate re-leasing of larger blocks of space to higher credit-quality tenants for longer lease terms and at higher rents. We have implemented a program to pre-build modern office suites with efficient layouts which are leased to higher credit-quality tenants for longer lease terms. As of March 31, 2012, the building's five largest third-party tenants based on annualized base rent were JP Morgan Chase Bank, a global financial services firm; Bank of America, N.A., a global financial services firm; Charles Schwab & Co., Inc., a retail brokerage service provider; Sunbelt Beverage Co., a wine and spirits wholesaler; and Stark Business Solutions, a builder of premium office suites.

One Grand Central Place was the recipient of the BOMA 2010 Pinnacle Award for the Operating Building of the Year, in recognition of outstanding operations including energy management, emergency preparedness, environmental compliance, community impact, tenant relations, operational standards, training excellence and overall attractiveness, and in 2007, BOMA named One Grand Central Place as the Pinnacle Award winner for the Historical Building of the Year award, honoring a commitment to the preservation of historical integrity while taking full advantage of the improvements of the modern era.

Since we gained day-to-day management of One Grand Central Place in November 2002, we have invested approximately \$28.0 million through our restoration and renovation program at the property through March 31, 2012. We expect to complete our renovation program by 2013. Our renovation program at the property has taken substantial time to design and implement due to many factors, including the overall scale of the program, the market timing of re-leasing upgraded spaces to existing and prospective tenants, our desire to minimize existing tenant disruptions, and the need to obtain consents of investors in the property to complete financings. The

In the opinion of our management, One Grand Central Place is adequately covered by insurance.

***250 West 57th Street, New York, New York***

Our predecessor acquired fee title to 250 West 57th Street through a public partnership in 1953. Our predecessor removed the prior managing and leasing agent and gained day-to-day management of the property in November 2002. The building comprises premier office space and ground-floor and lower-level retail space. It occupies the entire blockfront of 57th Street between Broadway and Eighth Avenue, close to Columbus Circle and the new media headquarters concentration in New York City, including Time Warner, Random House and Hearst Corporation, and is located within walking distance of multiple parking garages, world-class shopping, dining and lodging. 250 West 57th Street was built in 1921. The 26-story building comprises 476,887 rentable square feet of office space and 51,934 rentable square feet of retail space and is constructed of concrete, steel, masonry and terra cotta. Its close proximity to mass transportation includes direct access to numerous subway lines and bus routes. In-building services and amenities include on-site building management office; concierge desk; 24/7 attended lobby; specialty retail stores; a drug store; and a barber shop. As part of our effort to increase the quality of our tenants, we have embarked on a renovation and repositioning program over time to aggregate smaller office spaces to facilitate re-leasing of larger blocks of space to higher credit-quality tenants for longer lease terms and at higher rents. We have implemented a program to pre-build modern office suites with efficient layouts which are leased to higher credit-quality tenants for longer lease terms. As of March 31, 2012, the building's five largest tenants based on annualized base rent were The TJX Companies, Inc., a discount retailer of apparel and home fashions; Duane Reade, a New York-based pharmacy chain owned by Walgreen Co.; the Gap, Inc., a specialty retailer offering clothing, accessories and personal care products; N.S. Bienstock, Inc., a leading talent agency; and NIP Training Institute, a provider of psychoanalytic treatment and training for clinicians.

**Table of Contents**

Since we gained day-to-day management of 250 West 57th Street in November 2002, we have invested approximately \$32.0 million through our restoration and renovation program at the property through March 31, 2012. We expect to complete our renovation program by 2013. Our renovation program at the property has taken substantial time to design and implement due to many factors, including the overall scale of the program, the market timing of re-leasing upgraded spaces to existing and prospective tenants, our desire to minimize existing tenant disruptions, and the need to obtain consents of investors in the property to complete financings. **501 Seventh Avenue, New York, New York**

Our predecessor acquired fee title to 501 Seventh Avenue through a private partnership in 1950. Our predecessor removed the prior managing and leasing agent and gained day-to-day management of the property in November 2002. The building comprises premier office space, apparel showroom space and ground-floor retail space. It occupies the northeast corner of 37th Street and Seventh Avenue, between the Times Square and Herald Square transportation hubs, within walking distance of multiple parking garages, world-class shopping, dining and lodging. 501 Seventh Avenue was built in 1923. The 18-story building comprises 432,794 rentable square feet of office space and 37,765 rentable square feet of retail space and is constructed of concrete, steel, masonry and stone. Its close proximity to mass transportation includes numerous subway lines and bus routes; Pennsylvania Station; Grand Central Terminal; the Port Authority Bus Terminal; and PATH train services. In-building services and amenities include on-site building management office; a lobby newsstand; dining facilities; and 24/7 attended lobby. As of March 31, 2012, the building's five largest tenants based on annualized base rent were Warnaco, Inc., a global apparel leader; Local Initiatives Support Corporation, the largest community development support organization in the country; Carolina Herrera Ltd., an international design firm; Office of Alcohol and Substance Abuse Services, an organization that plans, develops and regulates the state's system of chemical dependence and gambling treatment agencies; and Chipotle Mexican Grill, Inc., an operator of Mexican fast food restaurants.

501 Seventh Avenue is the recipient of the BOMA 2006 Pinnacle Award for the Renovated Building of the Year, for undergoing modernization through restoration, renovation, expansion and/or conversion, and in 2005, BOMA named 501 Seventh Avenue as the Pinnacle Award winner of the Operating Building of the Year award, in recognition of outstanding operations including energy management, emergency preparedness, environmental compliance, community impact, tenant relations, operational standards, training excellence and overall attractiveness.

Since we gained day-to-day management of 501 Seventh Avenue in November 2002, we have invested approximately \$47.0 million through our restoration and renovation program at the property through

**1359 Broadway, New York, New York**

Our predecessor acquired fee title to 1359 Broadway through a private partnership in 1953. Our predecessor removed the prior managing and leasing agent and gained day-to-day management of the property in May 2003. The building comprises premier office space and ground-floor retail space. It occupies the northwest corner of 36th Street and Broadway, between the nearby Times Square and Herald Square transportation hubs, located within walking distance of multiple parking garages, world-class shopping, dining and lodging. 1359 Broadway was built in 1924. The 22-story building comprises 439,720 rentable square feet of office space and 27,618 rentable square feet of retail space and is constructed of concrete, steel, masonry and stone. Its close proximity to mass transportation includes numerous subway lines and bus routes; Pennsylvania Station; Grand Central Terminal; the Port Authority Bus Terminal; and PATH train services. In-building services and amenities include 24/7 attended lobby; a bank; lobby newsstand; dining facilities; and a UPS store. As of March 31, 2012, the building's five largest tenants based on annualized base rent were LF USA, Inc., an affiliate of Li & Fung, a global supply chain management firm; Actimize, Inc., a leading worldwide provider of financial crime, risk and compliance solutions; IPREO Holdings LLC, a leading global provider of market intelligence, deal execution platforms and investor communication tools; Redeemer Presbyterian Church, an orthodox Protestant church; and The Conference for Jewish Material Claims Against Germany, an aid organization for victims of Nazism.

1359 Broadway is the recipient of BOMA 2007 Pinnacle Award for the Renovated Building of the Year, for undergoing modernization through restoration, renovation, expansion and/or conversion. Additionally, in 2007, 1359 Broadway won the Fashion Center Property Improvement Award in the Lobby Renovation category.

Since we gained day-to-day management of 1359 Broadway in May 2003, we have invested approximately \$24.0 million through our restoration and renovation program at the property through March 31, 2012. Our renovation program at this property is substantially complete, except for further planned improvements shown in the below chart. The timing of implementation of our improvement program is dependent on various factors including the overall scale of the program, existing tenant lease expiration dates that may interfere with our ability to execute certain work until existing tenants vacate or can be relocated, and the prior need to obtain consents of investors in the property to complete financings to fund improvement programs or fund

<i>1333 Broadway, New York, New York</i>			

Our predecessor acquired fee title to 1333 Broadway through a private partnership in 1979. Our predecessor removed the prior managing and leasing agent and gained day-to-day management of the property in August 2006. The building comprises premier office space and lower-level, ground-floor and second-floor retail space. It occupies the northwest corner of 35th Street and Broadway, between the nearby Times Square and Herald Square transportation hubs, directly across from the Macy's flagship location, located within walking distance of multiple parking garages, world-class shopping, dining and lodging. 1333 Broadway was built in 1915. The 12-story building comprises 302,277 rentable square feet of office space and 50,063 rentable square feet of retail space and is constructed of concrete, steel, masonry and stone. Its close proximity to mass transportation includes numerous subway lines and bus routes; Pennsylvania Station; Grand Central Terminal; the Port Authority Bus Terminal; and PATH train services. In-building services and amenities include a 24/7 attended lobby. As of March 31, 2012, the building's five largest tenants based on annualized base rent were LF USA, Inc., an affiliate of Li & Fung, a global supply chain management firm; Aetna Life Insurance Company, one of the nation's leading providers of insurance and employee benefits; OCE-USA Holding, Inc., a global leader in digital document management and delivery technology; Gerber Childrenswear LLC, a leading marketer of infant and toddler apparel; and New York Outdoor, an outdoor billboard advertising company.

1333 Broadway recently earned the federal government's Energy Star designation, signifying that it ranks among the best of the nation's commercial buildings in terms of energy efficiency.

**Table of Contents**

Since we gained day-to-day management of 1333 Broadway in August 2006, we have invested approximately \$24.0 million through our restoration and renovation program at the property through March 31, 2012. We expect to complete our renovation program by 2013. Our renovation program at the property has taken substantial time to design and implement due to many factors, including the overall scale of the program, the market timing of re-leasing upgraded spaces to existing and prospective tenants, our desire to minimize existing tenant disruptions, and the need to obtain consents of investors in the property to complete financings. The following table summarizes the status of major improvements we have completed, those that are currently in process, and those that we expect to complete in the future:

	Completed	In Process	To Be Completed
Lobby renovation	x		
Elevator modernization	x		
Renovate public corridors	x		
Renovate public bathrooms	x		
New windows	x		
Restore façade	x		
Roof replacement	x		
Sidewalk and structural vault replacement	x		
Replace fire alarm system	x		
Base building work for retail space		x	
Energy efficiency retrofits		x	
Retail storefront			x
<i>1350 Broadway, New York, New York</i>			

Our predecessor acquired a long-term leasehold in the land underlying 1350 Broadway and the improvements in 1965 pursuant to a ground lease with a remaining term, including unilateral extension rights available to us, of approximately 39 years, expiring on July 31, 2050. Our predecessor removed the prior managing and leasing agent and gained day-to-day management of the property in August 2006. The building comprises premier office space and ground-floor retail space. It occupies the entire block amidst Broadway, Sixth Avenue, 35th and 36th Streets, between the nearby Times Square and Herald Square transportation hubs, located within walking distance of multiple parking garages, world-class shopping, dining and lodging. 1350 Broadway was built in 1929. The 26-story building comprises 372,045 rentable square feet of office space and 30,895 rentable square feet of retail space and is constructed of concrete, steel, masonry and stone. Its close proximity to mass transportation includes numerous subway lines; numerous bus routes; Pennsylvania Station; Grand Central Terminal; the Port Authority Bus Terminal; and PATH train services. In-building services and amenities include on-site building management office; 24/7 attended lobby; a bank; FedEx/Kinko's; Duane Reade (a division of Walgreen Co.); Starbucks; and a hair salon. As part of our effort to increase the quality of our tenants, we have embarked on a renovation and repositioning program over time to aggregate smaller office spaces to facilitate re-leasing of larger blocks of space to higher credit-quality tenants for longer lease terms and at higher rents. We have implemented a program to pre-build modern office suites with efficient layouts which are leased to higher credit-quality tenants for longer lease terms. As of March 31, 2012, the building's five largest tenants based on annualized base rent were Duane Reade, a New York-based pharmacy chain owned by Walgreen Co.; Sovereign Bank, one of the largest banks in the northeastern United States; HSBC, one of the largest banking and financial services organizations in the world; Tarter Krinsky & Drogin LLP, a full-service law firm; and E-Dialog Inc., a provider of e-mail marketing solutions.

1350 Broadway is the recipient of the BOMA 2011 Pinnacle Award winner of the Operating Building of the Year award in the 250,000 - 499,999 Square Feet subcategory, in recognition of outstanding operations including energy management, emergency preparedness, environmental compliance, community impact, tenant relations, operational standards, training excellence and overall attractiveness.

**Table of Contents**

Since we gained day-to-day management of 1350 Broadway in August 2006, we have invested approximately \$22.0 million through our restoration and renovation program at the property through March 31, 2012. We expect to complete our renovation program by 2013. Our renovation program at the property has taken substantial time to design and implement due to many factors, including the overall scale of the program, the market timing of re-leasing upgraded spaces to existing and prospective tenants, our desire to minimize existing tenant disruptions, and the need to obtain consents of investors in the property to complete financings. The following table summarizes the status of major improvements we have completed, those that are currently in process, and those that we expect to complete in the future:

	Completed	In Process	To Be Completed
Lobby renovation	x		
Freight elevator modernization	x		
New passenger elevator cabs	x		
Renovate public corridors	x		
Renovate public bathrooms	x		
New windows	x		
Restore façade	x		
Replace roofs	x		
New sidewalks and structural vaults	x		
Replace fire alarm system	x		
New chiller		x	
Automated building controls		x	
Energy efficiency retrofit		x	

***First Stamford Place, Stamford, Connecticut***

Our predecessor acquired fee title in First Stamford Place in 2001. The office complex is located in Stamford, Connecticut, adjacent to the Stamford Transportation Center which serves the Metro North commuter line with express service to Grand Central Terminal. First Stamford Place was built in 1986. The complex consists of three mirrored glass and precast concrete office buildings, integrated in a campus environment and comprises 783,397 rentable square feet of office space. Its close proximity to mass transportation at the Stamford Transportation Center includes access to Acela Express Amtrak and Metro North train services; Connecticut transit buses with local and inter-county service to Westchester County, New York; taxis; and van pool transportation options. In-building services and amenities include on-site building management offices; concierge; full-time security; structured parking garage; a tenants-only conference center; tenants-only fitness center; dining facility; a privately operated day-care center in a leased space that can accommodate 96 children; an outdoor landscaped seating area; courier and express mail drop boxes; auto spa; barber shop; sundry shop; ATM; a tenants-only shuttle van service to and from the Stamford Transportation Center and downtown shopping areas; and there is a Hilton Hotel within the campus. Tenants also have access to a secured structured parking facility with approximately 1,770 parking spaces upon which the complex sits. As of March 31, 2012, the building's five largest tenants based on annualized base rent were Legg Mason, an asset management firm; Odyssey America Reinsurance Corporation, an underwriter of reinsurance and specialty insurance; Thomson Reuters, a publishing and information services company; Elizabeth Arden, Inc., a global prestige beauty, cosmetics and fragrance company; and Citibank N.A., a global banking and financial services organization.

First Stamford Place is the recipient of an award from The Building Owners and Managers Association of Southern Connecticut, or BOMA Southern Connecticut, which named First Stamford Place as the 2003 winner of The Outstanding Building of the Year, or TOBY, award in the Suburban Mid-Rise Office Park subcategory, honoring the best of the best in commercial buildings.

## **Table of Contents**

### ***Metro Center, Stamford, Connecticut***

Our predecessor acquired fee title in Metro Center in 1984. The office building is located in Stamford, Connecticut, near the Stamford Transportation Center which serves the Metro North commuter line with express service to Grand Central Terminal. Metro Center was built in 1987. The eight-story office building comprises 275,758 rentable square feet of office space and is constructed of concrete, steel and masonry. Its close proximity to mass transportation at the Stamford Transportation Center includes access to Acela Express, Amtrak and Metro North train services; Connecticut transit buses with local and inter-county service to Westchester County, New York; taxis; and van pool transportation options. In-building services and amenities include on-site building management offices; concierge; full-time security; structured parking garage; tenants-only conference center; tenants-only fitness center; dining facility; on-site auto rental agencies; a sundry shop; ATM; and a tenants-only shuttle van service to and from downtown shopping areas. Tenants also have access to a secured structured parking facility within the building. As of March 31, 2012, the building's five largest tenants based on annualized base rent were Thomson Reuters, a provider of intellectual property and regulatory information; Jefferies Group, a global securities and investment banking group; Torm USA LLC, a sea transport shipping company; Columbus Circle Investors, an institutional equity investment manager; and Media Networks Inc., a division of Time-Warner that provides local advertisers access to national magazines.

Metro Center is the recipient of the 2007 BOMA Mid-Atlantic Conference TOBY award, honoring the best of the best in commercial buildings. Additionally, in 2006 and 1998, Metro Center won TOBY awards from BOMA Southern Connecticut. Metro Center recently earned the federal government's Energy Star designation, signifying that it ranks among the best of the nation's commercial buildings in terms of energy efficiency.

### ***10 Bank Street, White Plains, New York***

Our predecessor acquired fee title interest in 10 Bank Street in 1999. The office building is located in downtown White Plains, New York, immediately adjacent to the White Plains Transportation Center, which serves the Metro North commuter line with express service to Grand Central Terminal. 10 Bank Street was built in 1989. The 12-story building comprises 228,951 rentable square feet of office space and is constructed of concrete with a glass façade. Its close proximity to mass transportation includes the Metro North Commuter Line; the Bee-Line Bus System, providing service to the Port Chester, Metro North Railroad, New Haven Line; taxis; and access to major highways. In-building services and amenities include on-site building management; concierge; on-site dining; full-time security; and an ATM. Tenants also have access to a six-level secured structured parking facility that is connected to the building. As of March 31, 2012, the building's five largest tenants based on annualized base rent were Addison Wesley Longman, Inc., an educational publishing services company; Fifth Street Capital, Inc., a buyout financing firm; Evolution Markets LLC, a global advisory and brokerage firm; Eckert Seamans Cherin & Mellott, LLC, a law firm; and Rockwood Capital, LLC, a private real estate investment firm.

10 Bank Street is the recipient of the 2011 Building Owners and Managers Association of Westchester County, or BOMA Westchester County, TOBY award for Best Green Initiatives and the 2000 and 2005 TOBY award for Office Building of the Year, honoring the best of the best in commercial buildings. Additionally, in 1999, 10 Bank Street won the Owner/Investor Acquisition of the Year award from the Connecticut & Suburban New York chapter of the Commercial Real Estate Development Association, or NAIOP, awarded to the developer that best exemplifies leadership and innovation in the commercial real estate market. 10 Bank Street recently earned the federal government's Energy Star designation, signifying that it ranks among the best of the nation's commercial buildings in terms of energy efficiency.

### ***383 Main Avenue, Norwalk, Connecticut***

Our predecessor acquired fee title in 383 Main Avenue in 1994. The office building is located in Norwalk, Connecticut, at the intersection of the Super 7 Expressway and the Merritt Parkway, with immediate access to the Super 7 Expressway, Exits 40A and 40B of the Merritt Parkway and the Metro North Commuter Railroad.

## **Table of Contents**

383 Main Avenue was built in 1985. The eight-story building comprises 260,470 rentable square feet of office space and is constructed of glass, steel and brick. Its close proximity to mass transportation includes the South Norwalk Railroad Station and Merritt 7 Station, which provide access to Metro North train services. In-building services and amenities include on-site building management; full-time security and concierge; 24-hour attended access; tenants-only fitness center; tenants-only conference center; dining facilities; an ATM; and a tenants-only shuttle van service to the South Norwalk Transportation Center and Merritt 7 Station. Tenants also have access to free on-site parking, structured parking on which the building sits. As of March 31, 2012, the building's five largest tenants based on annualized base rent were Reed Elsevier, Inc., a provider of professional information solutions; CIT Inc., a lending, leasing and advisory services provider; Nestle Holdings, Inc. a nutrition, health and wellness company; SAP America, Inc., a provider of business management software; and The Fairfield County Community Foundation, a foundation that supports Fairfield County, Connecticut.

383 Main Avenue is the recipient of an award from BOMA Southern Connecticut, which named 383 Main Avenue as the 1999 winner of the TOBY award, honoring the best of the best in commercial buildings. 383 Main Avenue recently earned the federal government's Energy Star designation, signifying that it ranks among the best of the nation's commercial buildings in terms of energy efficiency.

### ***500 Mamaroneck Avenue, Harrison, New York***

Our predecessor acquired fee title in 500 Mamaroneck Avenue in 1999. The office building is located 1 1/4 miles north of I-95 at Exit 18B West and 1 3/4 miles to the Mamaroneck train station. 500 Mamaroneck Avenue was built in 1987. The five-story building comprises 289,805 rentable square feet of office space and is constructed of a mirrored glass curtain wall on 35 landscaped acres in Harrison, New York. Its close proximity to mass transportation includes the Mamaroneck and White Plains train stations, which provide access to Metro North train services. In-building services and amenities include on-site management; concierge; full-time security; tenants-only executive conference center; tenants-only fitness center; a dining facility; an ATM; and a tenants-only shuttle service to the Mamaroneck train station. Tenants also have access to free on-site parking. As of March 31, 2012, the building's five largest tenants based on annualized base rent were Mariner Investment Group, Inc., an alternative investment management firm; O'Connor Davies Munns & Dobbins, an accounting and consulting firm; GFK NOP LLC, a market research company; Universal Remote Control, a manufacturer of wireless remote control devices; and Stark Business Solutions, a manufacturer of shared office suites.

500 Mamaroneck Avenue is the recipient of the 2002 BOMA Westchester County TOBY award, honoring the best of the best in commercial buildings. Additionally, in 1999, 500 Mamaroneck Avenue won the Owner/Investor Acquisition of the Year Award from the Connecticut & Suburban New York chapter of the Commercial Real Estate Development Association, or NAIOP, awarded to the developer that best exemplifies leadership and innovation in the commercial real estate market. 500 Mamaroneck Avenue recently earned the federal government's Energy Star designation, signifying that it ranks among the best of the nation's commercial buildings in terms of energy efficiency.

### ***1010 Third Avenue, New York, New York***

Our predecessor acquired a condominium interest in 1010 Third Avenue in 1998. The retail property is located at the northwest corner of 60th Street and Third Avenue, directly adjacent to Bloomingdale's flagship store, located in the heart of one of Manhattan's Upper East Side's most vibrant office, retail and residential neighborhoods. 1010 Third Avenue was built in 1962. The three-story condominium unit, located at the base of a 20-story mixed use residential condominium building, comprises 44,662 rentable square feet of retail condominium space and a 34-space condominium parking garage unit, and is constructed of brick. Its close proximity to mass transportation includes numerous subway lines and bus routes. As of March 31, 2012, the property's tenants were Ethan Allen, a manufacturer and retailer of home furnishings and Quik Park, a leading operator of parking facilities throughout the New York metro area.

## **Table of Contents**

Significant work was completed at 1010 Third Avenue following its acquisition as part of a long term strategy to convert the entire property to retail space, included conversion of the second and third-floor office space into retail space, obtaining city approvals for a required loading zone that involved the relocation of a city bus stop and prior no-standing zone, and engineering to install a tenant escalator to provide street-level access to the second floor. All required zoning approvals were obtained as part of a subsequent effort to convert all of the remaining office space into retail space and to consolidate the entire first, second and third floors for occupancy by large retailers.

### ***77 West 55th Street, New York, New York***

Our predecessor acquired a condominium interest in 77 West 55th Street in 1998. The retail property is located at the northeast corner of Sixth Avenue and 55th Street, a well established 24-hour destination that attracts day-time workers, convenience and destination shoppers, tourists and residents. 77 West 55th Street was built in 1962. The ground-floor condominium unit, situated at the base of a 20-story residential condominium building, comprises 24,102 rentable square feet of retail condominium space and a 61-space condominium parking garage unit, and is constructed of brick. Its close proximity to mass transportation includes numerous subway lines and bus routes. As of March 31, 2012, the property's tenants were Tapps Supermarkets Inc., a gourmet foods supermarket; Bank of America, a financial services leader; and Quik Park, a leading operator of parking facilities throughout the New York metro area.

### ***10 Union Square, New York, New York***

Our predecessor acquired a condominium interest in 10 Union Square in 1996. The retail property is situated on the entire block-front between 14th and 15th Streets on the east side of Union Square. 10 Union Square was built in 1987. The ground-floor and lower-level condominium unit, located at the base of a 29-story mixed-use development known as the Zeckendorf Towers, comprises 58,005 rentable square feet of retail space. Its close proximity to mass transportation includes numerous subway lines, the PATH trains and bus routes, and it is located atop one of the busiest subway stations in New York City. As of March 31, 2012, the property's five largest tenants based on annualized base rent were A&P, a metro New York area supermarket, which filed for bankruptcy on December 10, 2010 but has affirmed its lease and is current on rental payments; Panera Bread, a bread bakery-café; Best Buy Mobile, an electronics retailer; Starbucks, a coffee company; and Chipotle Mexican Grill, Inc., an operator of Mexican fast food restaurants.

### ***1542 Third Avenue, New York, New York***

Our predecessor acquired a condominium interest in 1542 Third Avenue in 1999. The retail property is located on the west side of Third Avenue between East 86th and 87th Streets and the north side of 86th Street between Lexington and Third Avenues in Manhattan's Upper East Side. 1542 Third Avenue was built in 1991. The ground-floor retail condominium unit, located at the base of a 25-story luxury residential condominium building, comprises 56,250 rentable square feet of retail space and is constructed of brick. Its close proximity to mass transportation includes numerous subway lines and bus routes. As of March 31, 2012, the property's tenants were Sprint, a provider of wireless and wireline communications services; Loews Orpheum Cinemas, a movie exhibition company; and Payless Shoesource, a specialty family footwear retailer.

### ***69-97 Main Street, Westport, Connecticut***

Our predecessor acquired fee title to 69-97 Main Street in 2003. The adjacent retail units are located on Main Street in Westport, Connecticut, one of Fairfield County's most affluent shopping districts with one of the country's highest concentrations of major national, regional and local retail tenants. 69-97 Main Street was built in 1922. The single-story structure comprises 17,103 rentable square feet of high-end retail space and is constructed of brick and masonry. Its dual entrances provide direct public access to the stores from Main Street and Parker Harding Plaza, a public parking lot directly behind the property, and it is located in close proximity to

## **Table of Contents**

major highways. As of March 31, 2012, the property's tenants were Lululemon, a manufacturer of technical athletic apparel; Nike, an athletic footwear and apparel company that recently signed a ten-year lease for approximately 5,400 square feet; Theory, a high-fashion clothier that also recently signed a ten-year lease for approximately 2,600 square feet; and Ann Taylor, a leading specialty retailer for women's clothing.

### ***103-107 Main Street, Westport, Connecticut***

Our predecessor acquired fee title in 103-107 Main Street in 2006. The adjacent retail units are located on Main Street in Westport, Connecticut, one of Fairfield County's most affluent shopping districts with one of the country's highest concentrations of major national, regional and local retail tenants. 103-107 Main Street was built in 1900. The single-story structure comprises 4,330 rentable square feet of high-end retail space and restaurant space and is constructed of brick and masonry. Its dual entrances provide direct public access to the stores from Main Street and Parker Harding Plaza, a public parking lot directly behind the property, and it is located in close proximity to major highways. As of March 31, 2012, the property's tenants were Kate Spade, a global accessories and clothing brand; Westport Pizzeria & Restaurant, a restaurant; and Francois du Pont Jewelers, a jewelry retailer.

We are contemplating performing work at 103-107 Main Street, which would include the potential consolidation of three inefficiently demised retail spaces into one or two retail spaces.

### ***Metro Tower, Stamford, Connecticut***

Our predecessor acquired fee title to the land on which Metro Tower will be located in 2001. The project will be built on an in-fill, 1.9 acre site bounded by Station Place and Henry Street. The site is currently improved with a temporary surface parking area, rental car agency parking areas and a related car wash facility, which are to be relocated. The site is directly adjacent to Metro Center and the Stamford Transportation Center. All required zoning approvals have been obtained to allow development of an approximately 340,000 rentable square foot office tower and garage.

Metro Tower will be a 17-story, multi-tenanted commercial office building that is expected to comprise approximately 340,000 rentable square feet on 13 floors of office space. Tenants will have access to a fully enclosed parking garage at the base of the building. Its immediate adjacency to mass transportation at the Stamford Transportation Center provides access to Metro North; Acela Express and other Amtrak train services, Connecticut transit buses with local and inter-county service to Westchester County, New York; and taxis. In-building services and amenities will likely include on-site building management; concierge; 24/7 security; multi-media conference center; fitness center; dining facility; sundry shop; and access to landscaped rooftop gardens and its garage.

Metro Tower is part of a transit-oriented, mixed use development project, Metro Green, which when fully built will include three residential buildings and a separate residential garage. Only the development office building and its garage, known as Metro Tower, will be acquired by our company in the formation transactions. The site and related plans and permit pertaining to residential developments will not be acquired by our company.

As of March 31, 2012, we had incurred costs of approximately \$7.1 million relating to the Metro Tower development.

**Table of Contents****Depreciation**

The following table sets forth for each property that comprised ten percent or more of our total consolidated assets as of March 31, 2012, or that had gross revenues that amounted to ten percent or more of our consolidated gross revenues for the 12 months ended December 31, 2011, and component thereof, upon which depreciation is taken, the (i) tax basis (determined for U.S. federal income tax purposes) upon completion of this offering and the formation transactions, (ii) depreciation rate, (iii) method and (iv) life claimed with respect to such property or component thereof for purposes of depreciation.

Property	Federal Tax Basis			Life Claimed <sup>(2)</sup>
	December 31, 2011	Rate	Method <sup>(1)</sup>	
The Empire State Building	\$ 202,004,012	Various	DDB/Straight-line	15-39 years
One Grand Central Place	\$ 79,451,911	Various	DDB/Straight-line	15-39 years

(1) Unless otherwise noted, depreciation method and life claimed for each property and component thereof is determined by reference to IRS-mandated method for depreciating assets placed into service after 1986, known as the Modified Accelerated Cost Recovery System.

(2) Buildings, building improvements and tenant improvements are depreciated over 39 years using the straight line method. Tenant improvements incurred in 2010 and 2011 are depreciated over 15 years using the straight line method after allowing for any applicable bonus depreciation.

**Property Revenue and Operating Expenses**

Certain of our properties provide us with diversified sources of income. In addition, base rent does not include tenant reimbursements for real estate taxes, insurance, common area maintenance, utilities or operating expense escalations. In addition certain of our properties are entitled to business improvement district tax reimbursements that are not included in base rent. In order to provide a better understanding of how these reimbursements impact the comparability of the leases in place at the properties in our portfolio, the table below includes information as of March 31, 2012 regarding base rent, reimbursement income, other property income and property operating expenses associated with each of the properties in our portfolio. Property operating expenses include property management fees paid to third parties as well as property management and supervisory fees paid to our predecessor.

Property	Base Rent <sup>(1)</sup>	Expense Reimbursements <sup>(2)</sup>	Other Income <sup>(3)</sup>	Total Income	Operating Expenses <sup>(4)</sup>	Net Operating Income
<i>(in thousands)</i>						
The Empire State Building	\$ 72,924	\$ 25,121	\$ 93,592 <sup>(5)</sup>	\$ 191,637	\$ 109,517	\$ 82,120
One Grand Central Place	47,389	10,157	1,375 <sup>(6)</sup>	58,921	33,522	25,399
First Stamford Place	27,220	5,407	560 <sup>(7)</sup>	33,187	15,511	17,676
250 West 57th Street	20,716	4,705	164	25,585	14,198	11,387
1359 Broadway	16,688	2,991	195 <sup>(8)</sup>	19,874	7,817	12,057
1350 Broadway	16,167	2,257	632	19,056	9,080	9,976
1333 Broadway	12,438	930	758	14,126	6,227	7,899
501 Seventh Avenue	15,326	2,830	233	18,389	8,782	9,607
Metro Center	12,856	3,928	1,227 <sup>(9)</sup>	18,011	6,908	11,103
500 Mamaroneck Avenue	7,032	1,669	127 <sup>(10)</sup>	8,828	4,800	4,028
10 Bank Street	6,363	1,270	482 <sup>(11)</sup>	8,115	4,847	3,268
383 Main Avenue	5,810	1,871	257 <sup>(12)</sup>	7,938	4,418	3,520
10 Union Square	4,004	787	128 <sup>(13)</sup>	4,919	1,777	3,142
1010 Third Avenue and 77 West 55th Street <sup>(14)</sup>	4,908	460		5,368	1,828	3,540
1542 Third Avenue	2,824	404		3,228	991	2,237
69-97 Main Street	1,043	72	2	1,117	338	779
103-107 Main Street	426	61		487	109	378
<b>Total</b>	<b>\$ 274,134</b>	<b>\$ 64,920</b>	<b>\$ 99,732</b>	<b>\$ 438,786</b>	<b>\$ 230,670</b>	<b>\$ 208,116</b>

- (1) Represents base rent for the 12 months ended March 31, 2012 (before free rent and abatements) and excludes impact of straight line rent and FAS 141 adjustments. Total abatements for our portfolio were approximately \$15,669 for the 12 months ended March 31, 2012.

- 194 -

**Table of Contents**

- (2) Represents tenant expense reimbursements relating to the 12 months ended March 31, 2012.
- (3) Represents additional property-related income for the 12 months ended March 31, 2012, which includes (i) observatory income, (ii) other property income (such as lease termination fees and parking revenue).
- (4) Represents property operating expenses for the 12 months ended March 31, 2012. Property operating expenses includes all rental expenses, but exclude ground rent, leasehold rent, overage rents, interest expense, capital expense, debt service and non-cash items such as depreciation and amortization.
- (5) Includes approximately \$61,775 from observatory operations, \$16,782 in antennae license fee revenue and \$9,125 from a real estate tax refund.
- (6) Includes approximately \$850 in lease termination fees.
- (7) Includes approximately \$53 in parking revenue and \$115 in lease termination fees.
- (8) Includes approximately \$46 in lease termination fees.
- (9) Includes approximately \$775 in parking revenue and \$246 in lease termination fees.
- (10) Includes approximately \$30 in lease termination fees.
- (11) Includes approximately \$488 in parking revenue.
- (12) Includes approximately \$4 in parking revenue and \$220 in lease termination fees.
- (13) Includes approximately \$125 in lease termination fees.
- (14) 1010 Third Avenue and 77 West 55th Street are treated as one property for accounting purposes and presented on an aggregate basis.

**Description of Option Properties**

Our option properties consist of 112-122 West 34th Street, an office property in midtown Manhattan that was 90.0% leased as of March 31, 2012 (or % giving effect to leases signed but not yet commenced as of that date) and that encompasses approximately 741,487 rentable square feet (inclusive of the retail space on the ground, first and lower floors), and 1400 Broadway, an office property in midtown Manhattan that was 77.6% leased as of March 31, 2012 (or 79.6% giving effect to leases signed but not yet commenced as of that date) and that encompasses approximately 875,038 rentable square feet (inclusive of the retail space on the ground floor). Our management team believes that, if acquired, 112-122 West 34th Street and 1400 Broadway would be consistent with our portfolio composition and strategic direction. 112-122 West 34th Street and 1400 Broadway will not be contributed to us in the formation transactions due to the ongoing litigation related to these properties, but we have entered into agreements granting us the option to acquire the interests in the option properties following the resolution of the ongoing litigation. The purchase price for each of the option properties will be based on an appraisal by independent third parties, unless we and the owners of the properties, with the consent of the Helmsley estate, agree to a negotiated price, and unless the litigation related to these properties is resolved prior to the closing of the consolidation, in which case investors in the entities owning the option properties will receive consideration in connection with the consolidation on the same basis as investors in other entities contributing properties in connection with the consolidation. We have agreed that Anthony E. Malkin, our Chairman, Chief Executive Officer and President, will not participate in the negotiations and valuation process on our behalf. One or more of our independent directors will lead the appraisal or negotiation process on our behalf and a majority of our independent directors must approve the price and terms of the acquisition of interests in each of our option properties. The purchase price is payable in a combination of cash, shares of our common stock and operating partnership units, but the Helmsley estate will have the right to elect to receive all cash. The Helmsley estate is estimated to receive 28.1% and 23.7% of the aggregate consideration for 112-122 West 34th Street and 1400 Broadway, respectively. The Malkin Group is estimated to receive 14.6% and 10.3% of the aggregate consideration for 112-122 West 34th Street and 1400 Broadway, respectively, if all of the options are exercised pursuant to override interests held by it. These estimated percentages are based on preliminary valuations of the option properties that were conducted by the independent valuer and are subject to change. Our option expires on the later of (i) 12 months after we receive notice of a settlement or a final, non-appealable judgment in relation to certain ongoing litigation with respect to the properties or (ii) six months after the completion of the independent valuation described above, but in no event later than seven years from the completion of this offering.

Our predecessor's affiliates' interests in our option properties, 112-122 West 34th Street and 1400 Broadway, are fee (in the case of a portion of the 112-122 West 34th Street property), long-term leaseholds (in the case of both of the option properties) and sub-leasehold or sub-subleasehold (in the case of 112-122 West 34th Street only) in the land and the improvements. Pursuant to management agreements with the owner of the

**Table of Contents**

long-term leasehold interest (in the case of 1400 Broadway) and the owner of the long-term sub-leasehold interest or sub-subleasehold interest, as applicable, in the case of 112-122 West 34th Street, we will be designated as the asset and property manager for the option properties and we will receive a management fee for services rendered under the agreements.

112-122 West 34th Street is in transition from a garment tenant profile. Its major tenants include the corporate headquarters of Aeropostale Inc. and Venator Group, Inc., Regus Plc, Kahn Lucas Lancaster, Inc., Carr Business Systems (a division of Xerox), a variety of services firms and retail tenancy includes Foot Locker, Billabong, and FedEx/Kinko s. 1400 Broadway is in transition from a garment tenant profile. Its major tenants include Kohl s Corporation, Men s Wearhouse, VeriFone Systems, Burlington Coat Factory, LLC, Hatch Mott Macdonald, and a variety of services firms.

Presented below is an overview of the properties for which we entered into option agreements:

<b>Property</b>	<b>Location</b>	<b>Type of Property</b>	<b>Rentable Square Feet<sup>(1)</sup></b>	<b>Percentage Ownership Subject to Option Agreement</b>
112-122 West 34th Street	Manhattan	Office/Retail	741,487	100%
1400 Broadway	Manhattan	Office/Retail	875,038	100%
<b>Total:</b>			<b>1,616,525</b>	

(1) Based on the Real Estate Board of New York measurement standards.

**Excluded Properties and Businesses**

Our portfolio represents all of our predecessor s Manhattan and greater New York metropolitan area office and retail assets in which it holds a controlling interest. The Malkin Group, including Anthony E. Malkin, our Chairman, Chief Executive Officer and President, owns non-controlling interests in, and Anthony E. Malkin and Peter L. Malkin control the general partners or managers of, the entities that own interests in six multi-family properties, five net leased retail properties, one former post office property which is subject to rezoning before it will be converted into a single tenant retail property, and a development parcel that is zoned for residential use. The Malkin Group also owns non-controlling interests in one Manhattan office property, two Manhattan retail properties and several retail properties outside of Manhattan, none of which will be contributed to us in the formation transactions. We refer to the non-controlling interests described above collectively as the excluded properties. In addition, the Malkin Group owns interests in six mezzanine and senior equity funds, two industrial funds, the operations of five residential management offices and a registered broker dealer, none of which will be contributed to us in the formation transactions, and which we refer to collectively as the excluded businesses. The Malkin Group owns certain non-real estate family investments that will not be contributed to us in the formation transactions. We do not believe that the excluded properties or the excluded businesses are consistent with our portfolio geographic or property type composition, management or strategic direction. Pursuant to management agreements with the owners of interests in those excluded properties and excluded businesses which historically were managed by affiliates of our predecessor, we will be designated as the manager. As the manager, we will be paid a management fee with respect to those excluded properties and businesses where our predecessor had previously received a management fee on the same terms as the fee paid to our predecessor, and reimbursed for our costs in providing the management services to those excluded properties and businesses where our predecessor had not previously received a management fee. Our management of the excluded properties and excluded businesses will represent a minimal portion of our overall business. There is no established time period in which we will manage such properties and businesses and Peter L. Malkin and Anthony E. Malkin expect to sell certain of these properties or unwind certain of these businesses over time.

**Leasing**

We are focused on maintaining a brand that tenants associate with a consistently high level of quality of services, installations, maintenance and amenities with long term financial stability. Through our commitment to brokers, we have developed long-term relationships that focus on negotiating attractive deals with high credit-

## **Table of Contents**

quality tenants. We proactively manage and cultivate our industry relationships and make the most senior members of our management team available to our constituencies. We believe that our consistent, open dialogue with our tenants and brokers enables us to maximize our redevelopment and repositioning opportunities. Our focus on performance and perspective allows us to concentrate on the ongoing management of our portfolio, while seeking opportunities for growth in the future.

### **Property Management**

We protect our investments by regularly monitoring our properties, performing routine preventive maintenance, and implementing capital improvement programs in connection with property redevelopment and life cycle replacement of equipment and systems. We proactively manage our properties and rent rolls to (i) aggregate smaller demised spaces to create large blocks of vacant space, to attract high credit-quality tenants at higher rental rates with lower landlord contributions towards tenant installation costs, and (ii) create efficient, modern, pre-built offices that can be rented through several lease cycles and attract better credit-quality tenants. We also aggressively manage common area expenses to make our properties as competitive as possible for new and existing tenants. In addition, we have made energy efficiency retrofitting and sustainability a portfolio-wide initiative driven by economic return. We pass on the cost savings achieved by such improvements to our tenants through lower utility costs and reduced operating expense escalations. We believe these improvements make our properties more desirable to a broader tenant base than the properties of our competitors.

### **Construction Management**

Our construction management business is recognized as a leading general contracting and construction management business in the greater New York metropolitan area with in-depth experience in projects of varying type, complexity, budget and schedule. We follow a disciplined approach to every aspect of project management, from pre-construction planning, estimating and procurement, to project management and field supervision. We work with our client and their team of architects, engineers, and owner's representatives to develop the right solutions for every project that we manage. We have built or renovated millions of square feet of commercial, medical, institutional, multi-family and retail space throughout thousands of completed projects. We are experienced in both ground-up construction and executing building renovation programs. We are also skilled in procuring sustainable building products and implementation of environmentally sensitive construction technologies. Our years of experience, combined with a helpful approach, provide solutions that keep our clients' projects on schedule and on budget.

### **Regulation**

#### ***General***

The properties in our portfolio are subject to various laws, ordinances and regulations, including regulations relating to common areas. We believe each of the existing properties has the necessary permits and approvals to operate its business.

#### ***Americans with Disabilities Act***

Our properties must comply with Title III of the Americans with Disabilities Act, or ADA, to the extent that such properties are public accommodations as defined by the ADA. The ADA may require removal of structural barriers to access by persons with disabilities in certain public areas of our properties where such removal is readily achievable. We believe the existing properties are in substantial compliance with the ADA and that we will not be required to make substantial capital expenditures to address the requirements of the ADA. However, noncompliance with the ADA could result in imposition of fines or an award of damages to private litigants. The obligation to make readily achievable accommodations is an ongoing one, and we will continue to assess our properties and to make alterations as appropriate in this respect.

#### ***Environmental Matters***

Under various federal, state and/or local laws, ordinances and regulations, as a current or former owner or operator of real property, we may be liable for costs and damages resulting from the presence or release of hazardous substances, waste, or petroleum products at, on, in, under or from such property, including costs for

---

**Table of Contents**

investigation or remediation, natural resource damages, or third party liability for personal injury or property damage. These laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the presence or release of such materials, and the liability may be joint and several. Some of our properties have been or may be impacted by contamination arising from current or prior uses of the property or adjacent properties for commercial, industrial or other purposes. Such contamination may arise from spills of petroleum or hazardous substances or releases from tanks used to store such materials. We also may be liable for the costs of remediating contamination at off-site disposal or treatment facilities when we arrange for disposal or treatment of hazardous substances at such facilities, without regard to whether we comply with environmental laws in doing so. The presence of contamination or the failure to remediate contamination on our properties may adversely affect our ability to attract and/or retain tenants, and our ability to develop or sell or borrow against those properties. In addition to potential liability for cleanup costs, private plaintiffs may bring claims for personal injury, property damage or for similar reasons. Environmental laws also may create liens on contaminated sites in favor of the government for damages and costs it incurs to address such contamination. Moreover, if contamination is discovered on our properties, environmental laws may impose restrictions on the manner in which that property may be used or how businesses may be operated on that property.

Some of our properties are adjacent to or near other properties used for industrial or commercial purposes or that have contained or currently contain underground storage tanks used to store petroleum products or other hazardous or toxic substances. Releases from these properties could impact our properties. In addition, some of our properties have previously been used by former owners or tenants for commercial or industrial activities, e.g., gas stations and dry cleaners, and a portion of the Metro Tower site is currently used for automobile parking and fuelling, that may release petroleum products or other hazardous or toxic substances at such properties or to surrounding properties. While certain properties contain or contained uses that could have or have impacted our properties, we are not aware of any liabilities related to environmental contamination that we believe will have a material adverse effect on our operations.

Soil contamination has been identified at 69-97 Main Street in Westport, Connecticut. The affected soils are more than four feet below the ground surface. An Environmental Land Use Restriction has been imposed on this site to ensure the soil is not exposed, excavated or disturbed such that it could create a risk of migration of pollutants or a potential hazard to human health or the environment. While the contamination is currently contained, the potential resale value of this property and the company's ability to finance or refinance this property in the future may be adversely affected as a result of such contamination. In addition, pursuant to the Environmental Land Use Restriction, plans for the redevelopment of the property would be subject to the review of the Town of Westport, Connecticut among other conditions.

The property situated at 500 Mamaroneck Avenue in Harrison, New York was the subject of a voluntary remedial action work cleanup plan performed by the former owner following its conveyance of title to the present owners under an agreement with the New York State Department of Environmental Conservation, or NYDEC. As a condition to the issuance of a "no further action" letter, NYDEC required that certain restrictive and affirmative covenants be recorded against the subject property. In substantial part, these include prohibition against construction that would disturb the soil cap isolating certain contaminated subsurface soil, limiting the use of such property to commercial uses, implementing engineering controls to assure that improvements be kept in good condition, not using ground water at the site for potable purposes without treatment, implementing safety procedures for workers to follow excavating at the site to protect their health and safety and filing an annual certification that the controls implemented in accordance with the voluntary remedial action work cleanup plan remain in place. Furthermore, a substantial portion of the site that had been substantially unimproved prior to acquisition may not be further developed.

In addition, our properties are subject to various federal, state and local environmental and health and safety laws and regulations. Noncompliance with these environmental and health and safety laws and regulations could subject us or our tenants to liability. These liabilities could affect a tenant's ability to make rental payments to us. Moreover, changes in laws could increase the potential costs of compliance with such laws and regulations or increase liability for noncompliance. This may result in significant unanticipated expenditures or may otherwise

## **Table of Contents**

materially and adversely affect our operations, or those of our tenants, which could in turn have a material adverse effect on us. We sometimes require our tenants to comply with environmental and health and safety laws and regulations and to indemnify us for any related liabilities in our leases with them. But in the event of the bankruptcy or inability of any of our tenants to satisfy such obligations, we may be required to satisfy such obligations. We are not presently aware of any instances of material non-compliance with environmental or health and safety laws or regulations at our properties, and we believe that we and/or our tenants have all material permits and approvals necessary under current laws and regulations to operate our properties.

As the owner or operator of real property, we may also incur liability based on various building conditions. For example, buildings and other structures on properties that we currently own or operate or those we acquire or operate in the future contain, may contain, or may have contained, asbestos-containing material, or ACM. Environmental and health and safety laws require that ACM be properly managed and maintained and may impose fines or penalties on owners, operators or employers for non-compliance with those requirements. These requirements include special precautions, such as removal, abatement or air monitoring, if ACM would be disturbed during maintenance, renovation or demolition of a building, potentially resulting in substantial costs. In addition, we may be subject to liability for personal injury or property damage sustained as a result of releases of ACM into the environment. We are not presently aware of any material liabilities related to building conditions, including any instances of material non-compliance with asbestos requirements or any material liabilities related to asbestos.

In addition, our properties may contain or develop harmful mold or suffer from other indoor air quality issues, which could lead to liability for adverse health effects or property damage or costs for remediation. When excessive moisture accumulates in buildings or on building materials, mold growth may occur, particularly if the moisture problem remains undiscovered or is not addressed over a period of time. Some molds may produce airborne toxins or irritants. Indoor air quality issues can also stem from inadequate ventilation, chemical contamination from indoor or outdoor sources, and other biological contaminants such as pollen, viruses and bacteria. Indoor exposure to airborne toxins or irritants above certain levels can be alleged to cause a variety of adverse health effects and symptoms, including allergic or other reactions. As a result, the presence of significant mold or other airborne contaminants at any of our properties could require us to undertake a costly remediation program to contain or remove the mold or other airborne contaminants from the affected property or increase indoor ventilation. In addition, the presence of significant mold or other airborne contaminants could expose us to liability from our tenants, employees of our tenants or others if property damage or personal injury occurs. We are not presently aware of any material adverse indoor air quality issues at our properties.

## **Insurance**

We carry comprehensive liability, fire, extended coverage, earthquake, terrorism and rental loss insurance covering all of our Manhattan properties and our greater New York metropolitan area properties under a blanket policy. We carry additional all-risk property and business insurance, which includes terrorism insurance, on the Empire State Building through ESB Captive Insurance Company L.L.C., or ESB Captive Insurance, our wholly owned captive insurance company. ESB Captive Insurance covers terrorism insurance for \$700 million in losses in excess of \$800 million per occurrence suffered by the Empire State Building, providing us with aggregate terrorism coverage of \$1.5 billion. ESB Captive Insurance fully reinsures the 15% coinsurance under the Terrorism Risk Insurance Program Reauthorization Act of 2007 (TRIPRA) and the difference between the TRIPRA captive deductible and policy deductible of \$25,000 for non-Nuclear, Biological, Chemical and Radiological exposures. As a result, we remain only liable for the 15% coinsurance under TRIPRA for Nuclear, Biological, Chemical and Radiological (NBCR) exposures, as well as a deductible equal to 20% of the prior year's premium, which premium was approximately \$429,000 in 2011. As long as we own ESB Captive Insurance, we are responsible for its liquidity and capital resources, and its accounts are part of our consolidated financial statements. If we experience a loss and our captive insurance company is required to pay under its insurance policy, we would ultimately record the loss to the extent of its required payment.

---

## **Table of Contents**

The policies described above cover certified terrorism losses as defined under the Terrorism Risk Insurance Act of 2002 (TRIA) and subsequent extensions. On December 26, 2007, the President of the United States signed into law TRIPRA, which extends TRIA through December 31, 2014. TRIA provides for a system of shared public and private compensation for insured losses resulting from acts of terrorism. As a result, the certified terrorism coverage provided by ESB Captive Insurance is eligible for 85% coinsurance provided by the United States Treasury in excess of a statutorily calculated deductible. ESB Captive Insurance reinsures 100% of their 15% coinsurance for non-NBCR exposures. The 15% coinsurance on NBCR exposures is retained by ESB Captive Insurance.

Reinsurance contracts do not relieve ESB Captive Insurance from its primary obligations to its policyholders. Additionally, failure of the various reinsurers to honor their obligations could result in significant losses to ESB Captive Insurance. The reinsurance has been ceded to reinsurers approved by the State of Vermont. ESB Captive Insurance continually evaluates the reinsurers' financial condition by considering published financial stability ratings of the reinsurers and other factors. There can be no assurance that reinsurance will continue to be available to ESB Captive Insurance to the same extent and at the same cost. ESB Captive Insurance may choose in the future to reevaluate the use of reinsurance to increase or decrease the amounts of risk it cedes.

In addition to insurance held through our captive insurance company described above, we carry terrorism insurance on all of our properties in an amount and with deductibles which we believe are commercially reasonable. See Risk Factors Risks Related to Our Properties and Our Business Potential losses such as those from adverse weather conditions, natural disasters, terrorist events and title claims, may not be fully covered by our insurance policies, and such losses could materially and adversely affect us.

## **Competition**

The leasing of real estate is highly competitive in Manhattan and the greater New York metropolitan market in which we operate. We compete with numerous acquirers, developers, owners and operators of commercial real estate, many of which own or may seek to acquire or develop properties similar to ours in the same markets in which our properties are located. The principal means of competition are rent charged, location, services provided and the nature and condition of the facility to be leased. In addition, we face competition from other real estate companies including other REITs, private real estate funds, domestic and foreign financial institutions, life insurance companies, pension trusts, partnerships, individual investors and others that may have greater financial resources or access to capital than we do or that are willing to acquire properties in transactions which are more highly leveraged or are less attractive from a financial viewpoint than we are willing to pursue. In addition, competition from observatory and/or broadcasting operations in the new property currently under construction at One World Trade Center and, to a lesser extent, from the existing observatory at Rockefeller Center and the existing broadcasting facility at Four Times Square, could have a negative impact on revenues from our observatory operations and/or broadcasting revenues. Adverse impacts on domestic travel and changes in foreign currency exchange rates may also decrease demand in the future, which could have a material adverse effect on our results of operations, financial condition and ability to make distributions to our stockholders. Additionally, completion of the new Vornado Tower currently under construction at 15 Penn Plaza may provide a significant source of competition for office and retail tenants, due to its close proximity to the Empire State Building. If our competitors offer space at rental rates below current market rates, below the rental rates we currently charge our tenants, in better locations within our markets or in higher quality facilities, we may lose potential tenants and we may be pressured to reduce our rental rates below those we currently charge in order to retain tenants when our tenants' leases expire.

## **Employees**

As of March 31, 2012, we had approximately 600 employees, 100 of whom were managers and professionals. There are currently collective bargaining agreements which cover the workforce that services all of our office properties.

## **Table of Contents**

### **Offices**

Our principal executive offices are located at One Grand Central Place, 60 East 42nd Street, New York, New York 10165. In addition, we have six additional regional leasing and property management offices in Manhattan and the greater New York metropolitan area. Our current facilities are adequate for our present and future operations, although we may add regional offices or relocate our headquarters, depending upon our future operations.

### **Legal Proceedings**

From time to time, we are party to various lawsuits, claims for negligence and other legal proceedings that arise in the ordinary course of our business. Except as set forth below, we are not currently a party, as plaintiff or defendant, to any legal proceedings which, individually or in the aggregate, would be expected to have a material effect on our business, financial condition or results of operations if determined adversely to us.

Five putative class actions have been brought by investors in certain of the existing entities (which were filed on March 1, 2012, March 7, 2012, March 12, 2012, March 14, 2012 and March 19, 2012), or the Class Actions. As now pending in New York State Supreme Court, New York County, each Class Action challenges the consolidation and this offering. The plaintiffs assert claims against our predecessor's management companies, Anthony E. Malkin, Peter L. Malkin, the Helmsley estate and us for breach of fiduciary duty, unjust enrichment and/or aiding and abetting breach of fiduciary duty, alleging, inter alia, that the terms of the transaction and the process in which it was structured (including the valuation which was employed) are unfair to the investors in the existing entities, the consolidation provides excessive benefits to the supervisor and its affiliates and the prospectus/consent solicitation statement which is part of the registration statement on Form S-4 relating to the consolidation fails to make adequate disclosure. The complaints seek money damages and injunctive relief preventing the consolidation. On April 3, 2012, plaintiffs moved for consolidation of the actions and for appointment of co-lead counsel. The motion was granted on June 26, 2012, and the plaintiffs have 120 days from that date to file a consolidated amended complaint. The Class Actions are in a very preliminary stage, with no responses to the complaints having been filed to date. The outcome of this litigation is uncertain, however, and as a result, we may incur costs associated with defending or settling such litigation or paying any judgment if we lose. In addition, we may be required to pay damage awards or settlements. At this time, we cannot reasonably assess the timing or outcome of this litigation or its effect, if any, on our financial statements. We believe the Class Actions are baseless and intend to defend them vigorously.

**Table of Contents****MANAGEMENT****Our Directors, Director Nominees and Senior Management Team**

Currently, we have one director, Anthony E. Malkin. Upon completion of this offering and the formation transactions, our board of directors will consist of seven members, including the independent director nominees named below who will become directors upon completion of this offering. Each of our directors is elected by our stockholders to serve until the next annual meeting of our stockholders and until his or her successor is duly elected and qualifies. Of the seven directors, we expect that our board of directors will determine that each of them other than Anthony E. Malkin will be considered independent in accordance with the requirements of the NYSE or another national securities exchange. The first annual meeting of our stockholders after this offering will be held in 2013. Our charter and bylaws provide that a majority of the entire board of directors may at any time increase or decrease the number of directors. However, unless our charter and bylaws are amended, the number of directors may never be less than the minimum number required by the MGCL nor more than 15. Our Chairman Emeritus may attend meetings but will not have voting status. Subject to rights pursuant to any employment agreements, officers serve at the pleasure of our board of directors.

The following table sets forth certain information concerning the individuals who will be our executive officers, directors, director nominees and certain other senior officers upon the completion of this offering:

<b>Name</b>	<b>Age</b>	<b>Position</b>
Anthony E. Malkin**	50	Chairman of our Board of Directors, Chief Executive Officer and President
Peter L. Malkin	78	Chairman Emeritus
		Director Nominee*
		Director Nominee*
		Director Nominee*
		Director Nominee*
		Director Nominee*
David A. Karp**	52	Executive Vice President, Chief Financial Officer and Treasurer
Thomas P. Durels**	50	Executive Vice President
Thomas N. Keltner, Jr.**	66	Executive Vice President, General Counsel and Secretary

\* We expect our board of directors to determine that this director is independent for purposes of the NYSE or another national securities exchange corporate governance listing standards.

\*\* Denotes our expected named executive officers.

The following sets forth biographical information concerning the individuals who will be our executive officers, directors, director nominees and certain other senior officers upon the completion of this offering.

*Anthony E. Malkin* is our Chairman, Chief Executive Officer and President. Anthony E. Malkin joined his father and our Chairman Emeritus, Peter L. Malkin, as a principal of our predecessor in 1989 and may be deemed to be our promoter. As Chief Executive Officer and President, Anthony E. Malkin oversees all acquisitions, capital markets activities, leasing and corporate strategy. Prior to joining our predecessor, Anthony E. Malkin worked for Chemical Venture Partners, L.P. (now CCMP Capital Advisors, LLC), a then-recently formed venture capital and leveraged buyout affiliate of Chemical Financial Corporation and then briefly on his own to consult with and purchase small businesses. Anthony E. Malkin is a member of the Urban Land Institute, the Real Estate Roundtable, the Board of Governors of the Real Estate Board of New York, the Committee Encouraging Corporate Philanthropy, the Advisory Council of the National Resource Defense Council's Center for Market Innovation and the Advisory Council of the Harvard Stem Cell Institute. Anthony E. Malkin is also member of the board of directors of Greenwood Resources, Inc., a sustainable forestry management company and a member of the advisory board of MissionPoint Capital Partners, a private investment firm focused on

## **Table of Contents**

companies in the clean energy, energy efficiency and environmental finance sectors. Anthony E. Malkin guest lectures on real estate and family businesses at the McIntire School of Commerce at the University of Virginia. Anthony E. Malkin received a bachelor's degree cum laude, General Studies, from Harvard College. Anthony E. Malkin was selected to serve as the Chairman of our Board of Directors based on his real estate experience, his network of industry relationships and his comprehensive knowledge of our business as the president of our predecessor.

*Peter L. Malkin* is our Chairman Emeritus. Peter L. Malkin joined his father-in-law and our co-founder, Lawrence A. Wien, as a principal of our predecessor in 1958, and was responsible for the syndication of property acquisition transactions completed by our predecessor. Peter L. Malkin is the founding chairman and currently a director of the Grand Central Partnership, a director of The 34th Street Partnership and a director of The Fashion Center Business Improvement District, each of which is a not-for-profit organization that provides supplemental public safety, sanitation and capital improvement services to a designated area in midtown Manhattan. Peter L. Malkin is also a member of the Executive Committee of the Board of Directors of Lincoln Center for the Performing Arts, (the longest serving board member of that institution), Chairman of the Dean's Council of the John F. Kennedy School of Government at Harvard University, Co-Chair Emeritus of The Real Estate Council of the Metropolitan Museum of New York, founder and Honorary Co-Chair of the Committee Encouraging Corporate Philanthropy, a Director Emeritus of U.S. Trust Corporation, a member of the Advisory Committee of the Greenwich Japanese School, a partner in the New York City Partnership and Chamber of Commerce and a director of the Realty Foundation of New York. Peter L. Malkin received a bachelor's degree summa cum laude, Phi Beta Kappa, from Harvard College and a law degree magna cum laude from Harvard Law School.

*David A. Karp* is our Executive Vice President and Chief Financial Officer and Treasurer. Mr. Karp joined our predecessor in November 2011 and is responsible for our finance, capital markets, investor relations and administration. Prior to joining our predecessor, from February 2006 to February 2011, Mr. Karp served as Managing Director and Chief Financial Officer, and from February 2009 to February 2011, he served as Chief Operating Officer of Forum Partners Investment Management, a global real estate private equity firm, where he was responsible for both firm-level and fund-level financial management and strategy, including risk management, treasury, foreign exchange and interest rate hedging, budgeting and debt financing. From January 1996 to August 2005, Mr. Karp served as President, Chief Operating Officer and Chief Financial Officer of Falcon Financial Investment Trust, a publicly-traded real estate investment trust and its predecessor. Mr. Karp received a bachelor's degree summa cum laude in Economics, Phi Beta Kappa, from the University of California, Berkeley and an M.B.A. in Finance and Real Estate from the Wharton School at the University of Pennsylvania.

*Thomas P. Durels* is one of our Executive Vice Presidents. Mr. Durels joined our predecessor in 1990 and is responsible for our real estate activities, including property redevelopment, repositioning, leasing, management and construction. Mr. Durels also supervises our acquisition staff and oversees the development of Metro Tower. Prior to joining our predecessor, from February 1984 to April 1990, he served as Assistant Vice President- Engineering and Construction at Helmsley Spear, Inc., where Mr. Durels was responsible for construction and engineering of office, hotel, residential and retail properties, and he was also a licensed real estate salesperson, specializing in the sale of investment properties. Mr. Durels is a member of the Real Estate Board of New York, the Urban Land Institute and the Young Men's and Women's Real Estate Association, for which he served as Treasurer in 2003. Mr. Durels received a bachelor's degree in Mechanical Engineering from Lehigh University.

*Thomas N. Keltner, Jr.* is our Executive Vice President, General Counsel and Secretary. Mr. Keltner joined our predecessor in 1978 and became its general counsel in 1997, and is responsible for leading a legal staff that provides and coordinates legal services in our predecessor's transaction, compliance, and litigation matters. Mr. Keltner has served as a chair and/or member of bar association committees on both real estate and business entities, and he is a member of the Real Estate Board of New York and the New York Advisory Board of the Stewart Title Insurance Company. From 1974 to 1975, he served as law clerk to Judge Alfred P. Murrah, U.S. Court of Appeals (10th Circuit). Mr. Keltner received a bachelor's degree cum laude from Harvard College and a law degree as a Stone Scholar from Columbia Law School.

## **Table of Contents**

### **Corporate Governance Profile**

We have structured our corporate governance in a manner we believe closely aligns our interests with those of our stockholders. Notable features of our corporate governance structure include the following:

our board of directors is not staggered, with each of our directors subject to re-election annually;

of the seven persons who will serve on our board of directors immediately after the completion of this offering and the formation transactions, we expect that our board of directors will determine that six, or approximately 85%, of our directors are independent for purposes of the NYSE's or another national securities exchange's corporate governance listing standards and Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act;

we anticipate that at least one of our directors will qualify as an audit committee financial expert as defined by the Securities and Exchange Commission, or the SEC;

we have opted out of the business combination and control share acquisition statutes in the MGCL; and

we do not have a stockholder rights plan.

Our business is managed by our senior management team, subject to the supervision and oversight of our board of directors, which has established investment policies described under Policies with Respect to Certain Activities Investment Policies for our senior management team to follow in its day-to-day management of our business. Our directors will stay informed about our business by attending meetings of our board of directors and its committees and through supplemental reports and communications. Our independent directors will meet regularly in executive sessions without the presence of our corporate officers or non-independent directors.

### **Our Board's Leadership Structure**

Our board of directors understands there is no single, generally accepted approach to providing board leadership and that given the dynamic and competitive environment in which we operate, the appropriate leadership may vary as circumstances warrant. Our board of directors currently believes it is in our company's best interests to have Anthony E. Malkin serve as Chairman of our Board of Directors, Chief Executive Officer and President. Our board of directors believes combining these roles promotes effective leadership and provides the clear focus needed to execute our business strategies and objectives.

Our board of directors intends to select \_\_\_\_\_ to serve as our initial lead independent director. The lead independent director's duties include chairing executive sessions of the independent directors, facilitating communications and resolving conflicts between the independent directors, other members of our board of directors and the management of our company, and consulting with and providing counsel to our chief executive officer as needed or requested. It is expected that the lead independent director will be rotated among our independent directors every two years.

### **Our Board's Role in Risk Oversight**

Our board of directors will play an active role in overseeing management of our risks. Upon completion of this offering, the committees of our board of directors will assist our full board in risk oversight by addressing specific matters within the purview of each committee. Our audit committee will focus on oversight of financial risks relating to us; our compensation committee will focus primarily on risks relating to executive compensation plans and arrangements; and our nominating and corporate governance committee will focus on reputational and corporate governance risks relating to our company including the independence of our board of directors. While each committee will be responsible for evaluating certain risks and overseeing the management of such risks, our full board of directors plans to keep itself regularly informed regarding such risks through committee reports and otherwise. We believe the leadership structure of our board of directors supports effective risk management and oversight.

## **Table of Contents**

### **Board Committees**

Upon completion of this offering, our board of directors will form an audit committee, a compensation committee and a nominating and corporate governance committee and adopt charters for each of these committees. Each of these committees will have three directors and will be composed exclusively of independent directors, as defined by the listing standards of the NYSE or another national securities exchange. Moreover, the compensation committee will be composed exclusively of individuals intended to be, to the extent provided by Rule 16b-3 of the Exchange Act, non-employee directors and will, at such times as we are subject to Section 162(m) of the Code, qualify as outside directors for purposes of Section 162(m) of the Code.

#### ***Audit Committee***

The audit committee will be comprised of \_\_\_\_\_, and \_\_\_\_\_, each of whom will be an independent director and financially literate under the rules of the NYSE or another national securities exchange will chair our audit committee and serve as our audit committee financial expert, as that term is defined by the applicable SEC regulations.

The audit committee assists our board of directors in overseeing:

our financial reporting, auditing and internal control activities, including the integrity of our financial statements;

our compliance with legal and regulatory requirements and ethical behavior;

the independent auditor's qualifications and independence;

the performance of our internal audit function and independent auditor; and

the preparation of audit committee reports.

The audit committee is also responsible for engaging our independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered public accounting firm, reviewing the independence of the independent registered public accounting firm, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls.

#### ***Compensation Consultant***

We have retained FPL Associates LP, a compensation consulting firm, to provide advice regarding the executive compensation program for our senior management team following the completion of this offering. FPL Associates LP has not performed and does not currently provide any other services to management, our company or our predecessor. We have requested that FPL Associates LP provide analysis and recommendations regarding base salaries, annual bonuses and long-term incentive compensation for our executive management team, and a director compensation program for non-employee members of our board of directors.

#### ***Compensation Committee***

The compensation committee will be comprised of \_\_\_\_\_, and \_\_\_\_\_, each of whom will be an independent director. \_\_\_\_\_ will chair our compensation committee.

The principal functions of the compensation committee will be to:

## Edgar Filing: Empire State Realty Trust, Inc. - Form S-11/A

review and approve on an annual basis the corporate goals and objectives relevant to the compensation paid by us to our president and chief executive officer and the other members of our senior management team, evaluate our president and chief executive officer's performance and the other members of our senior management team's performance in light of such goals and objectives and, either as a committee or together with our independent directors (as directed by the board of directors), determine and approve the remuneration of our chief executive officer and the other members of our senior management team based on such evaluation;

- 205 -

**Table of Contents**

oversee any equity-based remuneration plans and programs;

assist the board of directors and the chairman in overseeing the development of executive succession plans;

determine from time to time the remuneration for our non-executive directors; and

prepare compensation committee reports.

***Nominating and Corporate Governance Committee***

The nominating and corporate governance committee will be comprised of \_\_\_\_\_, and \_\_\_\_\_, each of whom will be an independent director. \_\_\_\_\_ will chair our nominating and corporate governance committee.

The nominating and corporate governance committee will be responsible for:

providing counsel to the board of directors with respect to the organization, function and composition of the board of directors and its committees;

overseeing the self-evaluation of the board of directors as a whole and of the individual directors and the board's evaluation of management and report thereon to the board;

periodically reviewing and, if appropriate, recommending to the board of directors changes to, our corporate governance policies and procedures;

identifying and recommending to the board of directors potential director candidates for nomination; and

recommending to the full board of directors the appointment of each of our executive officers.

**Code of Business Conduct and Ethics**

Upon completion of this offering, our board of directors will establish a code of business conduct and ethics that applies to our directors and officers. Among other matters, our code of business conduct and ethics will be designed to deter wrongdoing and to promote:

honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

full, fair, accurate, timely and understandable disclosure in our SEC reports and other public communications;

compliance with applicable governmental laws, rules and regulations;

prompt internal reporting of violations of the code to appropriate persons identified in the code; and

accountability for adherence to the code.

Any waiver of the code of business conduct and ethics for our directors or officers may be made only by our board of directors or one of our board committees and will be promptly disclosed as required by law or stock exchange regulations.

#### **Director Compensation**

A member of our board of directors who is also an employee or affiliate of our company is referred to as an executive director. Executive directors will not receive compensation for serving on our board of directors. We intend to approve and implement a compensation program for our independent directors that consists of annual retainer fees and long-term equity awards. We will also reimburse each of our independent directors for his or her travel expenses incurred in connection with his or her attendance at full board of directors and committee meetings. We have not made any payments to any of our independent director nominees to date.

- 206 -

## **Table of Contents**

### **Executive Compensation**

#### ***Compensation Discussion and Analysis***

We believe the primary goal of executive compensation is to align the interests of our senior management team with those of our stockholders in a way that allows us to attract and retain the best executive talent. Our board of directors has not yet formed our compensation committee. Accordingly, we have not adopted compensation policies with respect to, among other things, setting base salaries, awarding bonuses or making future grants of equity awards to our senior management team. We anticipate the compensation committee, once formed, will design a compensation program that rewards, among other things, favorable stockholder returns, share appreciation, the company's competitive position within its segment of the real estate industry and each member of our senior management team's long-term career contributions to the company. We expect compensation incentives designed to further these goals will take the form of annual cash compensation and equity awards, and long-term cash and equity incentives measured by performance targets to be established by the compensation committee. In addition, our compensation committee may determine to make awards to new executive officers in order to attract talented professionals to serve us. We will pay base salaries and annual bonuses and expect to make grants of awards under our equity incentive plan to certain members of our senior management team, effective upon completion of this offering. These awards under our equity incentive plan will be granted to recognize such individuals' efforts on our behalf in connection with our formation and this offering and to provide a retention element to their compensation.

#### ***Compensation of Named Executive Officers***

Because we were only recently organized, meaningful individual compensation information is not available for prior periods. The following table sets forth the annualized base salary and other compensation that would have been paid in 2012 to our chief executive officer, our chief financial officer and the two other most highly compensated members of our senior management team, whom we refer to collectively as our named executive officers, assuming they were officers for all of 2012. The anticipated 2012 compensation for each of our named executive officers listed in the table below was determined through negotiations with them. We expect to disclose actual 2012 compensation for our named executive officers in 2013, to the extent required by applicable SEC disclosure rules.

**Table of Contents**

**Summary Compensation Table**

Name and Principal Position	2012 Annualized Compensation			Option Awards	Non-Equity Incentive Plan Compensation	Change in Pension Value and Nonqualified Deferred Compensation Earnings	All Other Compensation (\$) <sup>(3)</sup>	Total (\$) <sup>(4)</sup>
	Salary (\$) <sup>(1)</sup>	Bonus (\$)	Stock Awards <sup>(2)</sup>					
Anthony E. Malkin <i>Chairman of the Board, Chief Executive Officer and President</i>								
David A. Karp <i>Chief Financial Officer, Executive Vice President and Treasurer</i>								
Thomas P. Durels <i>Executive Vice President</i>								
Thomas N. Keltner, Jr. <i>Executive Vice President, General Counsel and Secretary</i>								

- (1) Salary amounts are annualized for the year ending December 31, 2012 based on the expected base salary levels to be effective upon consummation of this offering.
- (2) Reflects grant of LTIP units/shares of restricted Class A common stock under our equity incentive plan upon completion of this offering. Upon completion of this offering, we will grant \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_ units/shares to each of Messrs. Malkin, Karp, Durels and Keltner, respectively.
- (3) The executive officers may receive certain perquisites or other personal benefits.
- (4) Amounts shown in this column do not include (i) the value of the LTIP unit/restricted Class A common stock grants (described in Note 2 above) that are expected to be granted to our named executive officers in connection with this offering or (ii) the value of the perquisites or other personal benefits our named executive officers will receive.

**Employment Agreement**

Upon completion of this offering, we intend to enter into a written employment agreement with Anthony E. Malkin. We anticipate that this employment agreement will provide an initial base salary to Mr. Malkin that is competitive to the compensation paid to officers at companies within the company's peer group. In addition, Mr. Malkin will be eligible to receive an annual discretionary cash performance bonus, the amount of which will be determined based on the attainment of performance criteria established by our compensation committee. We will also grant Mr. Malkin a certain number of LTIP units and/or shares of restricted Class A common stock pursuant to our equity incentive plan. We anticipate that the employment agreement will provide that Mr. Malkin may be entitled to severance payments or the provision of other benefits from us in certain circumstances upon termination of his employment or upon a change of control. We also anticipate that the employment agreement will include certain employment restrictions including nondisclosure, non-compete, and non-solicitation provisions, and will require Mr. Malkin to devote a majority of his business time and attention to us subject to certain exceptions described in *Certain Relationships and Related Transactions Excluded Properties and Businesses*.

**401(k) Plan**

We intend to adopt a tax-qualified 401(k) Retirement Savings Plan, or the 401(k) Plan. All eligible employees will be able to participate in our 401(k) plan, including our named executive officers. We intend to

**Table of Contents**

provide this plan to help our employees save some amount of their cash compensation for retirement in a tax efficient manner. Under our 401(k) plan, employees will be eligible to defer a portion of their salary, and we expect to match a portion of each eligible employee's contributions. We do not intend to provide an option for our employees to invest in our Class A common stock through our 401(k) plan.

**Equity Incentive Plan**

Prior to the completion of this offering, we will adopt an equity incentive plan to provide incentive distributions to members of our senior management team, our independent directors, advisers, consultants and other personnel. Unless terminated earlier or renewed, our equity incentive plan will terminate in 2022, but will continue to govern unexpired awards. Our equity incentive plan provides for grants of stock options, shares of restricted Class A common stock, phantom shares, dividend equivalent rights and other equity-based awards.

Our equity incentive plan is administered by the compensation committee appointed for such purposes. The compensation committee, as appointed by our board of directors, has the full authority to (i) authorize the granting of awards to eligible persons, (ii) determine the eligibility of directors, members of our senior management team, advisers, consultants and other personnel to receive an equity award, (iii) determine the number of shares of Class A common stock to be covered by each award (subject to the individual participant limitations provided in our equity incentive plan), (iv) determine the terms, provisions and conditions of each award (which may not be inconsistent with the terms of our equity incentive plan), (v) prescribe the form of instruments evidencing such awards, (vi) make recommendations to our board of directors with respect to equity awards that are subject to board approval and (vii) take any other actions and make all other determinations that it deems necessary or appropriate in connection with our equity incentive plan or the administration or interpretation thereof. In connection with this authority, the compensation committee may, among other things, establish performance goals that must be met in order for awards to be granted or to vest, or for the restrictions on any such awards to lapse. From and after the consummation of this offering, the compensation committee will consist solely of independent directors, each of whom is intended to be, to the extent required by Rule 16b-3 under the Exchange Act, a non-employee director and will, at such times as we are subject to Section 162(m) of the Code and intend for awards to be treated as performance-based compensation for purposes of Section 162(m), qualify as an outside director for purposes of Section 162(m) of the Code, or, if no committee exists, the board of directors.

*Available Shares*

Our equity incentive plan provides for grants of stock options, shares of restricted Class A common stock, phantom shares, dividend equivalent rights and other equity-based awards up to an aggregate of \_\_\_\_\_ % of the issued and outstanding shares of our common stock as of the later of the date of this offering or the last closing date of any shares of our Class A common stock sold pursuant to the underwriters' exercise of their option to purchase additional shares (on a fully diluted basis (assuming, if applicable, the exercise of all outstanding stock options, the conversion of all warrants and convertible securities into shares of Class A common stock and the exchange of all outstanding operating partnership units into shares of Class A common stock) and including shares to be sold pursuant to the underwriters' exercise of their option to purchase up to an additional \_\_\_\_\_ shares of our Class A common stock), but excluding any shares issued or issuable under our equity incentive plan. If an award granted under our equity incentive plan expires, is forfeited or terminates, the shares of our Class A common stock subject to any portion of the award that expires, is forfeited or terminates without having been exercised or paid, as the case may be, will again become available for the issuance of additional awards. Unless previously terminated by our board of directors, no new award may be granted under our equity incentive plan after the tenth anniversary of the earlier of date that such plan was approved by our board of directors or the holders of our common stock. Upon the completion of this offering, we will grant \_\_\_\_\_ LTIP units and/or shares of our restricted Class A common stock to our executive officers under our equity incentive plan and \_\_\_\_\_ shares of our restricted Class A common stock to our independent directors, which will be subject to certain vesting requirements.

## **Table of Contents**

To the extent the compensation committee deems appropriate, it will establish performance criteria and satisfy such other requirements as may be applicable in order to satisfy the requirements for performance-based compensation under Section 162(m) of the Code.

### *Awards Under the Plan*

*Stock Options.* The terms of specific stock options, including whether stock options shall constitute incentive stock options for purposes of Section 422(b) of the Code, shall be determined by the compensation committee. The exercise price of a stock option shall be determined by the committee and reflected in the applicable award agreement. The exercise price with respect to stock options may not be lower than 100% (110% in the case of an incentive stock option granted to a 10% stockholder, if permitted under our equity incentive plan) of the fair market value of our Class A common stock on the date of grant. Each stock option will be exercisable after the period or periods specified in the award agreement, which will generally not exceed ten years from the date of grant (or five years in the case of an incentive stock option granted to a 10% stockholder, if permitted under our equity incentive plan). Incentive stock options may only be granted to our employees and employees of our subsidiaries. Stock options will be exercisable at such times and subject to such terms as determined by the compensation committee. We may also grant stock appreciation rights, which are stock options that permit the recipient to exercise the stock option without payment of the exercise price and to receive shares of Class A common stock (or cash or a combination of the foregoing) with a fair market value equal to the excess of the fair market value of the shares of our Class A common stock with respect to which the stock option is being exercised over the exercise price of the stock option with respect to those shares. The exercise price with respect to stock appreciation rights may not be lower than 100% of the fair market value of our Class A common stock on the date of grant.

*Shares of Restricted Common Stock.* A restricted stock award is an award of shares of Class A common stock that is subject to restrictions on transferability and such other restrictions the compensation committee may impose at the date of grant. Grants of shares of restricted Class A common stock will be subject to vesting schedules and other restrictions as determined by the compensation committee. The restrictions may lapse separately or in combination at such times, under such circumstances, including, without limitation, a specified period of employment or the satisfaction of pre-established criteria, in such installments or otherwise, as the compensation committee may determine. Except to the extent restricted under the award agreement relating to the shares of restricted Class A common stock, a participant granted shares of restricted Class A common stock has all of the rights of a stockholder, including, without limitation, the right to vote and the right to receive dividends on the shares of restricted Class A common stock. Although dividends may be paid on shares of restricted Class A common stock, whether or not vested, at the same rate and on the same date as on shares of our Class A common stock (unless otherwise provided in an award agreement), holders of shares of restricted Class A common stock are prohibited from selling such shares until they vest.

*Phantom Shares.* A phantom share represents a right to receive the fair market value of a share of Class A common stock, or, if provided by the compensation committee, the right to receive the fair market value of a share of Class A common stock in excess of a base value established by the compensation committee at the time of grant. Phantom shares may generally be settled in cash or by transfer of shares of Class A common stock (as may be elected by the participant or the compensation committee or as may be provided by the compensation committee at grant). The compensation committee may, in its discretion and under certain circumstances (taking into account, without limitation, Section 409A of the Code), permit a participant to receive as settlement of the phantom shares installment payments over a period not to exceed ten years.

*Dividend Equivalents.* A dividend equivalent is a right to receive (or have credited) the equivalent value (in cash or shares of common stock) of dividends paid on shares of common stock otherwise subject to an award. The compensation committee may provide that amounts payable with respect to dividend equivalents shall be converted into cash or additional shares of common stock. The compensation committee will establish all other limitations and conditions of awards of dividend equivalents as it deems appropriate.

## **Table of Contents**

*Other Share-Based Awards.* Our equity incentive plan authorizes the granting of other awards based upon shares of our Class A common stock (including the grant of securities convertible into shares of Class A common stock and the grant of LTIP units), subject to terms and conditions established at the time of grant.

We intend to file with the SEC a Registration Statement on Form S-8 covering the shares of our Class A common stock issuable under our equity incentive plan.

### *Change in Control*

Under our equity incentive plan, a change in control is defined as the occurrence of any of the following events: (i) the acquisition of more than 50% of our then outstanding shares of common stock or the combined voting power of our outstanding securities by any person; (ii) the sale or disposition of all or substantially all of our assets, other than certain sales and dispositions to entities owned by our stockholders; (iii) a merger, consolidation or statutory share exchange where our stockholders immediately prior to such event hold less than 50% of the voting power of the surviving or resulting entity; (iv) during any consecutive twenty-four calendar month period, the members of our board of directors at the beginning of such period, the incumbent directors, cease for any reason (other than due to death) to constitute at least a majority of the members of our board (for these purposes, any director whose election or nomination for election was approved or ratified by a vote of at least a majority of the incumbent directors shall be deemed to be an incumbent director); or (v) stockholder approval of a plan or proposal for our liquidation or dissolution.

Upon a change in control, the compensation committee may make such adjustments as it, in its discretion, determines are necessary or appropriate in light of the change in control, but only if the compensation committee determines that the adjustments do not have an adverse economic impact on the participants (as determined at the time of the adjustments).

### *Amendments and Termination*

Our board of directors may amend, suspend, alter or discontinue our equity incentive plan but cannot take any action that would impair the rights of an award recipient with respect to an award previously granted without such award recipient's consent unless such amendments are required in order to comply with applicable laws. Our board of directors may not amend our equity incentive plan without stockholder approval in any case in which amendment in the absence of such approval would cause our equity incentive plan to fail to comply with any applicable legal requirement or applicable exchange or similar requirement, such as an amendment that would:

other than through adjustment as provided in our equity incentive plan, increase the total number of shares of Class A common stock reserved for issuance under our equity incentive plan;

materially expand the class of directors, officers, employees, consultants and advisors eligible to participate in our equity incentive plan;

reprice any stock options under our equity incentive plan; or

otherwise require such approval.

### **Limitation of Liability and Indemnification**

Maryland law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages, except for liability resulting from (1) actual receipt of an improper benefit or profit in money, property or services or (2) active and deliberate dishonesty established by a final judgment as being material to the cause of action. Our charter contains such a provision and eliminates the liability of our directors and officers to the maximum extent permitted by Maryland

## **Table of Contents**

law. For further details with respect to the limitation on the liability of our directors and officers, the indemnification of our directors and officers and the relevant provisions of the MGCL, see Certain Provisions of the Maryland General Corporation Law and Our Charter and Bylaws Indemnification and Limitation of Directors and Officers Liability. In addition, our directors and officers will be entitled to indemnification under the partnership agreement of our operating partnership; for further details see Description of the Partnership Agreement of Empire State Realty OP, L.P. Management Liability and Indemnification.

We will obtain a policy of insurance under which our directors and officers will be insured, subject to the limits of the policy, against certain losses arising from claims made against such directors and officers by reason of any acts or omissions covered under such policy in their respective capacities as directors or officers, including certain liabilities under the Securities Act. Additionally, we intend to enter into indemnification agreements with each of our directors, executive officers, chairman emeritus and certain other parties upon the closing of this offering, which will require, among other things, that we maintain a comparable tail directors and officers liability insurance policy for six years after each director or executive officer ceases to serve in such capacity.

### **Rule 10b5-1 Sales Plans**

Our directors and officers may adopt written plans, known as Rule 10b5-1 plans, in which they will contract with a broker to buy or sell shares of our Class A common stock on a periodic basis. Under a Rule 10b5-1 plan, a broker executes trades pursuant to parameters established by the director or officer when entering into the plan, without further direction from them. The director or officer may amend a Rule 10b5-1 plan in some circumstances and may terminate a plan at any time. Our directors and officers also may buy or sell additional shares outside of a Rule 10b5-1 plan when they are not in possession of material non-public information subject to compliance with the terms of our insider trading policy. Prior to one year after the date of the completion of this offering (subject to potential extension, early termination and certain other conditions contained in the lock-up agreement) with respect to our senior management team, the sale of any shares under such plan will be subject to the lock-up agreement that the director or executive officer has entered into with the underwriters.

### **Compensation Committee Interlocks and Insider Participation**

No member of the compensation committee is a current or former officer or employee of ours or any of our subsidiaries. None of our named executive officers serves as a member of the board of directors or compensation committee of any company that has one or more of its executive officers serving as a member of our board of directors or compensation committee.

**Table of Contents**

**PRINCIPAL STOCKHOLDERS**

The following table sets forth certain information regarding the beneficial ownership of shares of our common stock and shares of our common stock into which operating partnership units are exchangeable immediately following the completion of this offering and the formation transactions for:

our directors and each of our director nominees;

each of our named executive officers;

each person who is expected to be the beneficial owner of 5% or more of our outstanding common stock immediately following the completion of this offering; and

all of our directors, director nominees and executive officers as a group.

In accordance with SEC rules, each listed person's beneficial ownership includes:

all shares the investor actually owns beneficially or of record;

all shares over which the investor has or shares voting or dispositive control (such as in the capacity as a general partner of an investment fund); and

all shares the investor has the right to acquire within 60 days (such as shares of restricted Class A common stock that are currently vested or which are scheduled to vest within 60 days).

Unless otherwise indicated, all shares are owned directly, and the indicated person has sole voting and investment power. Unless otherwise indicated in the footnotes to the table below, the business address of the stockholders listed below is the address of our principal executive office, Empire State Realty Trust, Inc., One Grand Central Place, New York, New York. No shares beneficially owned by any executive officer, director or director nominee have been pledged as security.

Name and Address	Number of Shares of Common Stock Beneficially Owned <sup>(1)</sup>	Percent of All Shares of Common Stock <sup>(1)</sup>	Number of Shares of Common Stock and Operating Partnership Units Beneficially Owned <sup>(2)(3)</sup>	Percent of All Shares of Common Stock and Operating Partnership Units <sup>(2)(3)</sup>
