PROXY STATEMENT

Our Board solicits your proxy for the 2012 Annual Meeting of Stockholders (the Annual Meeting) and at any postponement or adjournment of the meeting for the matters set forth in the Notice of 2012 Annual Meeting of Stockholders. The Annual Meeting will be held at 2:00 pm Eastern Daylight Time on Tuesday, October 9, 2012 at Soho Grand Hotel, 310 West Broadway, New York, NY 10013. We made this Proxy Statement available to stockholders beginning on August 28, 2012.

Record Date	August 23, 2012
Quorum	A majority of the shares outstanding on the record date must be present in person or by proxy.
Shares Outstanding	68,994,965 shares of common stock were outstanding as of August 23, 2012.
Inspector of Election	A representative from Mediant Communications LLC will serve as the inspector of election.
Voting by Proxy	Internet, telephone or mail
Voting at the Meeting	We encourage stockholders to vote in advance of the Annual Meeting, even if they plan to attend the meeting. Stockholders can vote in person during the meeting. Stockholders of record (those whose shares are registered directly in their name with Bazaarvoice's transfer agent, American Stock Transfer & Trust Company, LLC (AST)) who attend the Annual Meeting in person may obtain a ballot from the inspector of election. Beneficial holders (whose shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization) who attend the Annual Meeting in person must obtain a proxy from their broker, bank or other nominee prior to the date of the Annual Meeting and present it to the inspector of election with their ballot. Voting in person during the meeting will replace any previous votes.
Voting Instructions	All shares represented by valid proxies received prior to the Annual Meeting will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder's instructions. If you are a stockholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board or you sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.
What Happens if no Voting Instructions are Provided; Broker Non-Votes	If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive

Edgar Filing: Bazaarvoice Inc - Form DEF 14A

instructions from you on how to vote your shares on a non-routine

Table of Contents

matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote. As a result, if your broker holds your shares in its name and you do not instruct your broker how to vote, your broker will nevertheless have discretion to vote your shares on our sole routine matter the ratification of the appointment of our independent registered public accounting firm (Proposal Two). Your broker will not have discretion to vote on the following non-routine matters absent direction from you: the election of directors (Proposal One), the advisory vote to approve the compensation of our named executive officers (Proposal Three) and the advisory vote to approve the frequency of the advisory vote on executive compensation (Proposal Four).

**Votes Required;
Effect of Broker
Non-Votes and
Abstentions**

Each holder of shares of our common stock is entitled to one vote for each share of common stock held as of the record date.

With respect to Proposal One, each director is elected by a plurality of the voting power of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting. Abstentions and broker non-votes will have no effect on the outcome of the vote.

The ratification of our independent registered public accountants in Proposal Two requires the affirmative vote of a majority of shares present in person or represented by proxy and entitled to vote at the Annual Meeting. Abstentions are treated as shares present and entitled to vote for purposes of such proposal and, therefore, will have the same effect as a vote AGAINST the proposal. Broker non-votes will have no effect on the outcome of the vote.

Proposal Three, the advisory vote to approve executive compensation, requires the approval of a majority of the shares represented in person or by proxy and entitled to vote at the Annual Meeting. For purposes of Proposal Three, abstentions are treated as shares represented in person or by proxy and entitled to vote at the Annual Meeting and, therefore, will have the same effect as a vote AGAINST the proposal. Broker non-votes will have no effect on the outcome of the vote. For purposes of Proposal Four, the advisory vote regarding the frequency of the advisory vote on executive compensation, the option of one year, two year or three years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by the stockholders. Abstentions and broker non-votes will have no effect on the outcome of the vote. However, because each of Proposal Three and Four is an advisory vote, the result will not be binding on the Company or our Board. The Board, the compensation committee and/or another committee of the Board will consider the outcome of the vote when establishing or modifying the compensation of our named executive officers and determining how often the Company should submit to the stockholders an advisory vote to approve the compensation of our named executive officers included in our proxy statement.

Changing Your Vote

Stockholders of record may revoke their proxy at any time before the polls close by submitting a later-dated vote in person at the Annual Meeting, via the Internet, by telephone, by mail, or by delivering instructions to our Corporate Secretary before the Annual Meeting. If you hold shares through a broker, bank or other nominee, you may revoke any prior voting instructions by contacting that firm.

Voting Results

We will announce preliminary results at the Annual Meeting. We will report final results at www.bazaarvoice.com and in a filing with the U.S. Securities and Exchange Commission (the SEC) on Form 8-K, which we are required to file with the SEC within four business days following the Annual Meeting.

This Proxy Statement contains four proposals requiring stockholder action. Proposal One requests the election of the two Class I directors to the Board. Proposal Two requests the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending April 30, 2013. Proposal Three requests an advisory vote to approve executive compensation, and Proposal Four requests an advisory vote on the frequency of holding future votes to approve executive compensation.

PROPOSAL ONE: ELECTION OF DIRECTORS

Our Board is currently comprised of nine directors and is divided into three classes with staggered three-year terms. The Board currently has three directors in each of the three classes. The term of our Class I directors, Neeraj Agrawal, Michael S. Bennett and Christopher A. Pacitti, will expire at this Annual Meeting. The term of our Class II directors, Abhishek Agrawal, Edward B. Keller and Dev C. Ittycheria, will expire at our 2013 annual meeting of stockholders. The term of our Class III directors, Brett A. Hurt, Sydney L. Carey and Thomas J. Meredith, will expire at our 2014 annual meeting of stockholders.

This year's nominees for election to the Board are two of the three Class I directors, Neeraj Agrawal and Christopher A. Pacitti. Each of our director nominees is currently serving on the Board. Each of our nominees for the election of directors at the Annual Meeting is an independent director, as defined in the applicable rules for companies traded on the NASDAQ Global Market. The biographies of the nominees are set forth below in the section titled Directors.

If elected, each nominee will serve for a term of three years expiring at the 2015 annual meeting of stockholders or until his successor, if any, is duly elected and qualified or until such director's earlier death, resignation or removal. If any director nominee is unable or unwilling to serve as a nominee at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee chosen by the present Board to fill the vacancy. In the alternative, the proxies may vote just for the remaining nominees, leaving a vacancy that may be filled at a later date by the Board. Alternatively, the Board may reduce the size of the Board. We have no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director.

Michael S. Bennett, currently a Class I Director, will not stand for reelection at this Annual Meeting. The Board of Directors, in accordance with Bazaarvoice's bylaws, acted by resolution to reduce the size of the Board of Directors from nine members to eight, effective immediately after the Annual Meeting.

Vote Required

The two nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them, up to the two directors to be elected by those shares, will be elected as directors to serve until the third annual meeting following election and until their successors are duly elected and qualified.

Recommendation of the Board of Directors

The Board recommends that stockholders vote FOR the election of Messrs. N. Agrawal and Pacitti.

CORPORATE GOVERNANCE

Board Leadership Structure and Board's Role in Risk Oversight

The positions of chairman of the Board and Chief Executive Officer are presently separated. We believe that separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the chairman to lead the Board in its fundamental role of providing advice to and independent oversight of management. While our amended and restated bylaws and corporate governance guidelines do not require that our chairman and Chief Executive Officer positions be separate, our Board believes that having separate positions is the appropriate leadership structure for us at this time. However, we also recognize that no single leadership model is right for all companies at all times and that, depending on the circumstances, other leadership models, such as having one person serving as both the chairman of the Board and Chief Executive Officer, might become appropriate. Accordingly, our Board anticipates periodically reviewing its leadership structure.

We face a number of risks, including risks relating to our operations, strategic direction and intellectual property as more fully discussed in the section of our Annual Report on Form 10-K for the fiscal year ended April 30, 2012 titled "Risk Factors." Management is responsible for the day-to-day management of risks we face, while our Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board has the responsibility of assuring that the risk management processes designed and implemented by management are adequate and functioning as designed.

Table of Contents

Our Board’s role in overseeing the management of our risks is conducted primarily through committees of Board, as disclosed in the descriptions of each of the committees below and in the charters of each of the committees. In particular, our audit committee regularly considers and discusses our significant accounting and financial risk exposures and the actions management has taken to control and monitor these exposures. Our nominating and corporate governance committee regularly considers and discusses our significant corporate governance risk exposures and the actions management has taken to control and monitor these exposures. Our compensation committee, with input from our management, assists our Board in reviewing and assessing whether any of our compensation policies and programs could potentially encourage excessive risk-taking.

Our full Board (or the appropriate Board committee in the case of risks that are under the purview of a particular committee) discusses with management our major risk exposures, the potential impact of such risks on us and the steps we take to manage these risks. When a Board committee is responsible for evaluating and overseeing the management of a particular risk, the chairman of the relevant committee reports on the committee’s discussion to the full Board at regular Board meetings. This enables our Board and its committees to coordinate the risk oversight role and evaluate interrelated risks. We believe this division of responsibilities is an effective approach for addressing the risks we face and that our Board leadership structure supports this approach.

Committees of the Board of Directors

Our Board has a standing audit committee, compensation committee and nominating and governance committee. The members of the committees are identified in the table below:

Communications with the Board

Any matter intended for the Board, or for any individual member or members of the Board, should be directed to our General Counsel at 3900 N. Capital of Texas Highway, Suite 300, Austin, Texas 78746-3211, with a request to forward the communication to the intended recipient or recipients. In general, any stockholder communication delivered to our General Counsel for forwarding to the Board or specified Board member or members will be forwarded in accordance with the stockholder's instructions. However, our General Counsel reserves the right not to forward to Board members any abusive, threatening or otherwise inappropriate materials.

Director Nomination Procedures

The nominating and governance committee has the responsibility for reviewing and recommending to the Board candidates for director positions. The nominating and governance committee will consider nominations made by stockholders. There are no differences in the manner in which the nominating and governance committee evaluates nominees for director based on whether the nominee is recommended by a stockholder. To have a candidate considered by the nominating and governance committee, a stockholder must submit its recommendation in writing in accordance with the procedures described in the section of this Proxy Statement titled "Other Matters 2013 Stockholder Proposals or Nominations" and must include the information specified in our Bylaws, including information concerning the nominee and information about the stockholder's ownership of and agreements related to our stock.

The nominating and governance committee, in evaluating Board candidates, considers issues such as character, integrity, judgment, diversity, age, independence, skills, education, expertise, business acumen, business experience, length of service, understanding of our business and other commitments and the like, all in the context of an assessment of the needs of the Board at the time. The committee's objective is to maintain a Board of individuals of the highest personal character, integrity and ethical standards, and that reflects a range of professional backgrounds and skills relevant to our business. The nominating and governance committee does not have a formal policy with respect to diversity; however, the committee considers diversity in identifying nominees for director, including personal characteristics such as race and gender, as well as diversity in the experience and skills that contribute to the Board's performance of its responsibilities in the oversight of a global technology business.

The nominating and governance committee believes that the minimum qualifications for serving as a director are that a nominee demonstrate knowledge of our industry, accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of our business and affairs, independence under Nasdaq rules, lack of conflicts of interest, and a record and reputation for integrity and ethical conduct in both his or her professional and personal activities. In addition, the nominating and governance committee examines a candidate's specific experiences and skills, time availability in light of other commitments, interpersonal skills and compatibility with the Board, and ability to complement the competency and skills of the other Board members.

The nominating and governance committee annually reviews with the Board the requisite skills and characteristics of Board members, as well as the composition of the Board as a whole. This assessment includes a consideration of independence, diversity, age, skills, and experience and industry backgrounds in the context of the needs of the Board and the Company, as well as the ability of current and prospective directors to devote sufficient time to performing their duties in an effective manner. Directors are expected to exemplify the highest standards of personal and professional integrity, and to constructively challenge management through their active participation and questioning. In particular, the nominating and governance committee seeks directors with established strong professional reputations and expertise in areas relevant to the strategy and operations of our business.

Board Meetings and Attendance

The Board held thirteen meetings during the fiscal year ended April 30, 2012. During such fiscal year, each member of the Board attended 75% or more of the aggregate of (i) the total number of Board meetings held during the period of such member's service and (ii) the total number of meetings held by all Board committees on which such member served during the period of such member's service.

None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or compensation committee.

Risk Assessment of Compensation Programs

We do not believe that our compensation programs create risks that are reasonably likely to have a material adverse effect on the Company. We believe that the combination of different types of compensation as well as the overall amount of compensation, together with our internal controls and oversight by the Board, mitigates potential risks.

Standard Director Compensation Arrangements

Our compensation committee approved an outside director compensation policy applicable to all of our non-employee directors, or our outside directors, effective upon the completion of our initial public offering. This policy provides that each such outside director will receive the following compensation for Board services:

an annual cash retainer of \$25,000 for Board service;

an annual cash retainer of \$40,000 for serving as the chairman of the Board, \$20,000 for serving as the chairman of the audit committee, \$10,000 for serving as chairman of the compensation committee and \$6,250 for serving as chairman of the nominating and corporate governance committee;

reimbursement of reasonable, customary and documented travel expenses to meetings of the Board;

upon first joining the Board, an initial award of restricted stock with an aggregate value of \$300,000; and

after the market closes on the date of the annual meeting of our stockholders of each year, beginning in calendar year 2012, an automatic annual award with an aggregate value of \$150,000 paid in restricted stock or stock options at the election of the outside director.

The annual cash retainers described above are paid ratably on a fiscal quarterly basis. With respect to the annual award described above, our outside director compensation policy provides that the outside director will receive the award in the form of restricted stock if the outside director fails to make a timely election. Our outside directors are also eligible to receive all types of awards, except incentive stock options, under our 2012 Equity Incentive Plan, or 2012 Plan, including discretionary awards not covered under our outside director compensation policy. All grants of awards to our outside directors are subject to the 2012 Plan in all respects. Directors who are employees will not receive any compensation for their service on our Board. An employee director who subsequently ceases to be an employee, but remains a director, will not receive an initial award described above.

Our outside director compensation policy provides that, in the event of a change of control, any options and stock appreciation rights granted to an outside director under our 2012 Plan will vest fully and become immediately exercisable, all restrictions on his or her restricted stock or restricted stock units will lapse, and all performance goals or other vesting requirements for his or her performance shares and units will be deemed achieved at 100% of target levels and all other terms and conditions met.

Prior to the adoption of our outside director compensation policy, we did not pay any cash compensation to our directors for their services as directors or as members of committees of our Board. We have granted options to purchase shares of our common stock to certain of our non-employee directors in connection with the director's appointment to our Board as follows:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of securities ownership and changes in such ownership with the SEC. Officers, directors and greater than ten percent stockholders are also required by SEC rules to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms furnished to us or written representations that no Forms 5 were required, we believe that all Section 16(a) filing requirements were timely met during fiscal year 2012.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We have been a party to the following transactions since May 1, 2011, in which the amount involved exceeded or will exceed \$120,000, and in which any director, executive officer or holder of more than 5% of any class of our voting stock, or any member of the immediate family of or entities affiliated with any of them, each a related party, had or will have a material interest.

Hurt and entities affiliated with Mr. Hurt. The agreement was then amended and restated in connection with our Series E financing. The amended and restated investors rights agreement among other things grants such stockholders certain registration rights with respect to shares of our common stock, including shares of common stock issued or issuable upon conversion of our preferred stock.

We amended this agreement on February 9, 2012 to grant certain registration rights with respect to shares of our common stock to be acquired by General Atlantic Partners 90, L.P., GAP Coinvestments III, LLC, GAP Coinvestments IV, LLC, GAP Coinvestments CDA, L.P., and GAPCO GmbH & Co. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This following discussion and analysis of our compensation arrangements with our Chief Executive Officer, our Chief Financial Officer and our three other most highly compensated executive officers, or our named executive officers, for fiscal year 2012 should be read together with the compensation tables and related disclosures that follow this discussion.

Our Named Executive Officers for Fiscal Year 2012

Our named executive officers in our fiscal year ended April 30, 2012, or fiscal year 2012, were:

Brett A. Hurt	Founder, Chief Executive Officer and President
Stephen R. Collins	Chief Financial Officer and Chief Innovation Officer
Bryan C. Barksdale	General Counsel and Secretary
Heather J. Brunner	Chief Operating Officer
Erin C. Nelson	Chief Marketing Officer

Our Executive Compensation Philosophy

Our executive compensation philosophy is to provide market-competitive opportunities with realized compensation that is closely tied to performance. Our compensation strategy focuses on providing a total compensation package that will not only attract, motivate and retain excellent executive officers, but will also align the interests of our executive officers with our stockholders by tying a significant portion of their total compensation to the achievement of our long-term business goals. Our Board strives to maintain a balance between cash and equity compensation to encourage our executive officers to act as owners and drive long-term stockholder value. Our executive compensation program is designed to provide our executive officers with a competitive total compensation package and share our success with them when our objectives are met.

Our executive compensation program is designed to be flexible, include complementary compensation elements and collectively serve the compensation objectives described above. Neither our compensation committee nor our Board has adopted any formal or informal policies or guidelines for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among different forms of cash and non-cash compensation. We have determined that our compensation committee and Board should retain discretion and flexibility to make these determinations each year rather than adopting formal policies or guidelines.

Determining Executive Compensation for Fiscal Year 2012

For fiscal year 2012, our compensation committee was responsible for designing, recommending for approval by our Board and overseeing our executive compensation program.

Table of Contents

Our compensation committee engaged Compensia, a national compensation consulting firm, to perform a competitive assessment of our executive compensation program, to assist in developing a framework for a company-wide compensation strategy up to and beyond our initial public offering and to generally advise our compensation committee on executive compensation matters. To assess the competitiveness of our executive compensation program and compensation levels, Compensia examined the executive compensation practices of a group of both late stage pre-IPO and public technology companies of similar revenue size to us. Compensia gathered this information from the Advance HR Survey and the Radford High Technology Survey and also from the public filings of a select peer group consisting of the following companies:

Bottomline Technologies (de), Inc.	OpenTable, Inc.
comScore, Inc.	Pros Holdings, Inc.
Constant Contact, Inc.	RightNow Technologies, Inc.
Demandtec, Inc.	SolarWinds, Inc.
IntraLinks Holdings, Inc.	Sourcefire, Inc.
LivePerson, Inc.	SuccessFactors, Inc.
LogMeIn, Inc.	Taleo Corporation
LoopNet, Inc.	Vocus, Inc.
NetSuite Inc.	

Our compensation committee performed an annual review of executive compensation and recommended fiscal year 2012 compensation to our Board at the end of fiscal year 2011. In carrying out its responsibilities, our compensation committee solicited and used information provided by our management, as well as recommendations from our CEO. With respect to the compensation packages for each named executive officer other than himself, Mr. Hurt reviewed the performance of such executive officer and made recommendations to our compensation committee with respect to such executive officer's total compensation package for fiscal year 2012. While our compensation committee solicited and reviewed our CEO's recommendations, such recommendations were only one factor considered by our compensation committee in making compensation decisions.

In determining the total compensation package for fiscal year 2012 for each of our named executive officers, our compensation committee used the then-current compensation levels for each named executive officer as a starting point. In addition to considering our CEO's recommendations, our compensation committee and Board reviewed and considered Compensia's report on the compensation practices of peer group companies and competitive market data. The compensation committee and Board used the 50th percentile of total compensation as reflected by the market data as a reference in determining the appropriate compensation level for each named executive officer. Our compensation committee and Board also considered the Company's performance, the applicable named executive officer's performance and internal pay equity. In reviewing individual performance, our compensation committee and Board undertook a subjective, qualitative review of each named executive officer's contribution to the success of our business in fiscal year 2012.

Based in part on the review by our CEO, our executive compensation philosophy generally, and our compensation committee's review based on the factors described above, our compensation committee recommended, and in March 2011 our Board approved, a total compensation package for fiscal year 2012 for each of our executive officers, including our named executive officers, that included base salary, annual performance-based cash compensation and performance-based equity compensation. Additionally, in January 2012, our compensation committee recommended and our Board approved an increase to the base salary and target bonus opportunity of Mr. Collins for fiscal year 2012 as a result of his promotion to Chief Innovation Officer and to better align his compensation with the competitive market data.

Table of Contents

Elements of Compensation for Fiscal Year 2012

Compensation for our named executive officers for fiscal year 2012 consisted of the elements identified in the following table.

Compensation Element	Objective
Base salary	To attract and retain our named executive officers, to recognize ongoing performance of job responsibilities and as a necessary tool in attracting and retaining our named executive officers.
Annual performance-based cash compensation	To focus our named executive officers on the achievement of key short-term business objectives and to provide additional reward opportunities for our named executive officers when key business objectives are met.
Long-term equity incentive compensation	To drive long-term stockholder value by aligning the interests of our named executive officers with our stockholders and to reward increases in stockholder value.
Severance and change of control benefits	To provide income protection in the event of involuntary loss of employment and to focus our named executive officers on stockholder interests when considering strategic alternatives.
Retirement savings (401(k)) plan	To provide retirement savings in a tax-efficient manner.
Health and welfare benefits	To provide a basic level of protection from health, dental, life and disability risks.

The following discussion describes these elements in more detail.

Base Salaries

Base salaries for fiscal year 2012 for our named executive officers were determined by our compensation committee and Board during the annual review process described above in *Determining Executive Compensation for Fiscal Year 2012*. Our compensation committee and Board did not assign a specific weight to any single factor in making decisions regarding base salary levels. The table below shows base salaries for our named executive officers for fiscal year 2012.

Named Executive Officer	FY 2012 Base Salary
Brett A. Hurt	\$ 309,000
Stephen R. Collins ⁽¹⁾	250,000
Bryan C. Barksdale	250,000
Heather J. Brunner	245,000
Erin C. Nelson	250,000

- (1) In January 2012, our compensation committee recommended and our Board approved an increase in Mr. Collins' s base salary from \$230,000 to \$250,000 as a result of Mr. Collins' s promotion to Chief Innovation Officer and so that Mr. Collins' s total compensation would better align with competitive market data.

Annual Performance-Based Cash Compensation

During fiscal year 2012, each of our named executive officers, as well as our other executive officers and key employees, was eligible to earn a cash bonus based on the achievement of performance objectives under our executive bonus plan.

Target bonuses. For each named executive officer, the target bonus opportunity for fiscal year 2012 was equal to a specified percentage of the named executive officer's base salary. As with base salaries, the target bonuses for our named executive officers were determined by our compensation committee and Board during the annual review process described above in Determining Executive Compensation for Fiscal Year 2012. Our compensation committee and Board did not assign a specific weight to any single factor in establishing the applicable target bonus opportunities. The table below shows the target bonuses for fiscal year 2012 for each named executive officer.

Named Executive Officer	FY 2012 Target Bonus (% of base salary)
Brett A. Hurt	75.0%
Stephen R. Collins ⁽¹⁾	60.0
Bryan C. Barksdale	30.0
Heather J. Brunner	50.0
Erin C. Nelson	40.0

- (1) In January 2012, our compensation committee recommended and our Board approved an increase in Mr. Collins's target bonus (as a percentage of base salary) from 50% to 60% as a result of Mr. Collins's promotion to Chief Innovation Officer and so that Mr. Collins's total compensation would better align with competitive market data.

Bonus determinations. For fiscal year 2012, the amount of the annual cash bonuses earned by our named executive officers was determined based on actual performance during the fiscal year compared to pre-determined performance objectives approved by our Board.

The total bonus opportunity for our named executive officers was based on achievement of three corporate performance measures: net bookings, revenue and EBITDA, each of which is described in more detail below. Net bookings was given a weighting of 60%, while revenue and EBITDA were each given a weighting of 20%. The corporate performance measures were selected because they support our objective of achieving growth and require focus on new business development, working capital management and cost containment. We believe these performance measures align named executive officer incentives with stockholder interests through the creation of sustainable long-term value.

The payment of annual cash bonuses in fiscal year 2012 was contingent on our achievement of a minimum of 90% of the net bookings target level for the year. After achieving this threshold, payment of any portion of the bonus opportunity related to a specific corporate performance measure was contingent on our achievement of a minimum percentage of the target level for such measure, and the payment level was capped at our achievement of a maximum percentage of the target level. The minimum achievement levels for net bookings, revenue and EBITDA were 95%, 95% and 88% of the target levels, respectively, while the achievement levels required to achieve the maximum bonus under the plan were 115%, 105% and 109% of the target levels, respectively. Payout percentages for various achievement levels were as follows:

Net Bookings		Revenue		EBITDA	
Achievement	Payout	Achievement	Payout	Achievement	Payout
Percentage	Percentage	Percentage	Percentage	Percentage	Percentage
95%	50%	95%	50%	88%	50%
100%	75%	100%	100%	100%	100%
115%	150%	105%	150%	109%	150%

Table of Contents

The target levels for the revenue and EBITDA measures for fiscal year 2012 were as follows:

Performance Measure	Target Level (in millions)
Revenue ⁽¹⁾	\$ 102.8
EBITDA ⁽²⁾	(14.6)

(1) Revenue is calculated in accordance with GAAP.

(2) EBITDA is defined as Adjusted EBITDA excluding certain items that were not contemplated when the executive bonus plan targets were adopted.

The net bookings measure is an internal metric that we use to monitor our business. The calculation of net bookings takes into account an internal assessment of the annualized value of new client contracts (which include assumptions and valuation measures not calculated in accordance with GAAP) signed during the fiscal year, adjusted for client contracts that are amended or terminated during the fiscal year. We do not disclose this measure for operational and competitive reasons.

In general, we consider our corporate performance targets for fiscal year 2012 to have been challenging but achievable. We believe our net bookings target for fiscal year 2012 was highly aggressive in order to incent significant growth of new business during fiscal year 2012.

For fiscal year 2012, our revenue was \$106.1 million and our EBITDA was \$(12.9) million. In addition our actual net bookings was 97.7% of our target. Our compensation committee reviewed our performance against each of the corporate performance target levels and determined that bonuses would be paid at 92% of the target bonus, as detailed in the table below.

Performance Objective	Percentage of Objective Achieved	Payout Percentage	Plan Weight	Weighted Payout Percentage
Net Bookings	97.7%	60.0%	60.0%	36.0%
Revenue	103.3%	130.0%	20.0%	26.0%
EBITDA	111.6%	150.0%	20.0%	30.0%

The following table summarizes the calculation of the actual bonus amount awarded to each named executive officer for fiscal year 2012.

Named Executive Officer	Target Bonus	Payout Percentage	Actual Bonus Payment
Brett A. Hurt	\$ 231,750	92.0%	\$ 213,210
Stephen R. Collins	150,000	92.0%	138,000
Bryan C. Barksdale	75,000	92.0%	69,000
Heather J. Brunner	122,500	92.0%	112,700
Erin C. Nelson	100,000	92.0%	92,000

The annual cash bonuses are not considered to have been earned and generally will not be paid until after the fiscal year has been closed and the financial statements for the fiscal year have been audited. However, during fiscal year 2012, our Board had the discretion to advance up to 40% of an executive officer's target annual bonus after the second quarter of the fiscal year based upon the levels of achievement for the first half of the fiscal year. The Board did not exercise its discretion and did not advance any portion of a named executive officer's annual bonus for fiscal year 2012.

Other Bonus Payments

In addition to the bonus awarded to Mr. Barksdale pursuant to our executive bonus plan as described above, in June 2012, our Compensation Committee recommended and our Board approved an additional discretionary bonus payment of \$10,000 in recognition of his significant contributions to our success in fiscal year 2012, particularly in connection with our initial public offering.

Long-Term Equity Incentive Compensation

We believe that equity awards are an effective tool for meeting our compensation goal of increasing long-term stockholder value. Historically, our equity awards to our named executive officers have been in the form of stock options. Beginning in fiscal year 2012, our compensation committee began granting equity awards consisting of a combination of stock options and restricted stock unit awards. Because our executive officers are able to profit from stock options only if our stock price increases relative to the stock option's exercise price, we believe stock options provide meaningful incentives to achieve increases in the value of our stock over time. The decision by the Board to introduce restricted stock units into our executive compensation program was based on a number of factors, including Compensation's analysis of the competitiveness of our executive compensation program, the estimated impact of such decision on our available option pool and the perceived value of restricted stock units to our executive officers. We generally make an initial stock option and/or restricted stock unit grant to each of our executive officers in connection with the commencement of his or her employment. All equity award grants are approved by our Board. In determining the size of an equity award grant, our Board takes into account individual performance, competitive market data, internal pay equity considerations and the unvested value of existing long-term incentive awards.

In addition to new hire grants, from time to time, our Board has granted our named executive officers equity awards to recognize exceptional performance and as "refresher" grants to make sure our named executive officers continue to have an equity incentive as part of their compensation packages. Historically, these decisions have been made on a case-by-case basis, and our Board retains discretion to make equity award grants at any time.

The exercise price of each stock option grant is generally the fair value of our common stock on the grant date. Following the completion of our initial public offering, our common stock has been valued by reference to its publicly traded price. Prior to our initial public offering, our Board determined the appropriate estimated fair value based on its consideration of numerous objective and subjective factors, including but not limited to arm's-length sales of our common stock in privately negotiated transactions, third-party valuations of our common stock, our stage of development and financial position and our future financial projections.

Stock option awards to our named executive officers typically vest over a four-year period as follows: 25% of the shares underlying the stock option vest on the first anniversary of the vesting start date with the remainder vesting ratably on a monthly basis over the next 36 months, subject to continued service through each applicable vesting date. Restricted stock unit awards to our named executive officers typically vest in four equal yearly installments, with the first such installment vesting on the first anniversary of the vesting start date, subject to continued service through each applicable vesting date. We believe these vesting schedules appropriately encourage long-term employment with the Company, while allowing our executive officers to realize compensation in line with the value they have created for our stockholders.

Prior to fiscal year 2012, Mr. Hurt, our Founder, Chief Executive Officer and President, had not received equity-based compensation. Mr. Hurt's primary equity compensation historically has come from expected returns on his ownership of our stock as a significant stockholder. In May 2011, our Board granted Mr. Hurt a stock option to purchase 200,000 shares of our common stock at an exercise price of \$6.58 per share. Our Board determined that this stock option grant was appropriate to both recognize Mr. Hurt's leadership position in our industry and his success in growing the Company to its present size, as well as to provide him with an additional equity stake in the Company that would not vest until after the initial public offering of our common stock.

In January 2012, our compensation committee recommended and our Board granted Mr. Collins a stock option to purchase 175,109 shares of our common stock at an exercise price of \$9.60 per share. Our Board determined that this stock option grant was appropriate as a result of Mr. Collins's promotion to Chief Innovation Officer, as a retention tool as we prepared to transition from a private to public company and so that Mr. Collins's total compensation would better align with competitive market data.

Table of Contents

Additionally, each of our named executive officers was eligible to receive an equity award of either stock options or restricted stock units based on achievement of the target level of net bookings under our executive bonus plan for fiscal year 2012. Such equity awards were contingent on our achievement of a minimum of 90% of the target level and were capped at our achievement of 130% of the target level. Stock options are awarded for performance between 90% and 115% of the performance target and restricted stock units awarded for performance between 115% and 130% of the performance target in accordance with the following schedule and assuming straight-line interpolation between the achievement levels shown:

Performance (as a percentage of net bookings target achieved)	90%	100%	115%	130%
Payout (as multiple of 85% of the 50 th percentile of peer group set and competitive market data determined by the compensation committee)	.25x	1.0x	1.5x	2.0x

As the result of our achievement of 97.7% of our net bookings target in 2012, our compensation committee determined that our named executive officers had earned an equity award based on the formula set forth above. In May 2012, our compensation committee recommended that, despite the initial decision that the equity awards for performance between 90% and 115% of the performance target be made entirely in the form of stock options, the value of these awards be delivered half in stock options and half in restricted stock unit awards. Following consideration of our compensation committee's recommendation, and in recognition of its determination that this award mix would serve the best interests of the Company and our stockholders, on June 10, 2012, our Board approved the following equity awards for our named executive officers:

Named Executive Officer	Option Shares	Restricted Stock Units
Brett A. Hurt	64,707	35,413
Stephen R. Collins	35,124	19,223
Bryan C. Barksdale	18,463	10,105
Heather J. Brunner	24,049	13,162
Erin C. Nelson	14,488	7,929

Since the options and restricted stock units were granted in fiscal year 2013, these grants are not included in table below titled Summary Compensation Table for Years Ended April 30, 2011 and 2012.

Severance and Change of Control Benefits

As described below under Potential Payments upon Termination or Change of Control, Mr. Hurt and Ms. Nelson are entitled to receive severance payments and benefits if their employment is terminated by us without cause or, in the case of Mr. Hurt, he experiences a constructive termination of employment. We believe that the severance payments and benefits for Mr. Hurt and Ms. Nelson in these circumstances were necessary in order to provide them with assurance that, if their at-will employment with us were to be terminated without cause, they would be compensated at a sufficient level in order to ensure they could transition to another employment opportunity and, in the case of Ms. Nelson, to induce her to accept employment with us. With respect to the severance payments and benefits to Mr. Hurt, we also believe that such payments are relatively common for founders and chief executive officers of technology companies.

Additionally, each of our named executive officers is entitled to receive accelerated vesting with respect to all or a portion of the named executive officer's unvested stock options or restricted stock units in the event of the termination of his or her employment following a change of control of the Company. These accelerated vesting arrangements are intended to preserve morale and productivity and encourage retention in the face of the disruptive impact of a change of control of the Company and to allow our named executive officers to focus on

Table of Contents

the value of strategic alternatives to stockholders without concern for the impact on their continued employment, as we believe each of their offices is at heightened risk of turnover in the event of a change of control. We also believe that accelerated vesting arrangements related to change of control transactions provide an incentive for our named executive officers to successfully execute such a transaction from its early stages until closing, which we believe will ultimately benefit our stockholders.

Please refer to the discussion below under **Potential Payments upon Termination or Change of Control** for a more detailed discussion of our severance and change of control arrangements.

Employee Benefits

Our named executive officers are eligible for the same benefits available to our full-time employees generally. These include participation in a tax-qualified Section 401(k) plan and group life, health, dental, vision and disability insurance plans. The type and extent of benefits offered are intended to be competitive within our industry.

Other Compensation Practices and Policies

Perquisites and Personal Benefits

As noted above, our named executive officers are eligible to participate in the same benefits as those offered to all full-time employees. We believe that cash and equity compensation are the two key components in attracting and retaining executive talent and, therefore, we do not have any programs for providing material personal benefits or executive perquisites to our named executive officers.

Stock Ownership Guidelines

There are currently no equity ownership requirements or guidelines that any of our named executive officers or other employees must meet or maintain.

Pension Benefits and Nonqualified Deferred Compensation

We do not provide a pension plan for our employees, and none of our named executive officers participated in a nonqualified deferred compensation plan during fiscal year 2012.

Policy Regarding the Timing of Equity Awards

In fiscal year 2012, we had no program, plan or practice pertaining to the timing of stock option grants to executive officers coinciding with the release of material non-public information.

Policy Regarding Compensation Recovery

We do not currently have a formal policy requiring a fixed course of action with respect to compensation adjustments following later restatements of financial results. Under those circumstances, our Board or compensation committee would evaluate whether compensation adjustments were appropriate based upon the facts and circumstances surrounding the restatement and then-applicable law.

Accounting and Tax Considerations

Deductibility of Executive Compensation

Generally, Section 162(m) of the Internal Revenue Code disallows a tax deduction to any publicly held corporation for any remuneration in excess of \$1.0 million paid in any taxable year to its chief named executive officer and each of its three next most highly compensated named executive officers (other than its chief financial officer). Remuneration in excess of \$1.0 million may be deducted if, among other things, it qualifies as performance-based compensation within the meaning of the Internal Revenue Code. In this regard, the compensation income realized upon the exercise of stock options granted under a stockholder-approved stock option plan generally will be deductible so long as the options are granted by a committee whose members are non-employee directors and certain other conditions are satisfied.

Table of Contents

We expect that our compensation committee, in approving the amount and form of compensation for our named executive officers in the future, will consider all elements of the cost to us of providing such compensation, including the potential impact of Section 162(m). Our compensation committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Taxation of Parachute Payments and Deferred Compensation

Sections 280G and 4999 of the Internal Revenue Code provide that our named executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change of control of the Company that exceeds certain prescribed limits, and that we (or a successor) may forfeit a deduction on the amounts subject to this additional tax.

Section 409A of the Internal Revenue Code imposes significant additional taxes in the event that a named executive officer, director, or service provider receives nonqualified deferred compensation that does not satisfy the conditions of Section 409A.

Except with respect to a portion of the payment to Dev C. Ittycheria described in the section of this Proxy Statement titled *Certain Relationships and Related Party Transactions - Agreements with Directors*, we did not provide any directors or named executive officer with a gross-up or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G, 4999 or 409A of the Internal Revenue Code during fiscal year 2012 and we have not agreed and are not otherwise obligated to provide any director or named executive officer with such a gross-up or other reimbursement.

Accounting for Stock-Based Compensation

We follow the FASB ASC Topic 718 for our stock-based compensation awards. ASC 718 requires companies to calculate the grant date fair value of their stock-based awards using a variety of assumptions. The valuation assumptions used in determining such amounts are described in Note 8 to our consolidated financial statements included in this our Annual Report on Form 10-K. This calculation is performed for accounting purposes and reported in the compensation tables contained below under *Tabular Disclosure Regarding Executive Compensation* even though recipients may never realize any value from their awards. ASC 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award.

Potential Payments upon Termination or Change of Control

The information below describes certain compensation that would have become payable under existing plans and contractual arrangements assuming a termination of employment and/or change of control of the Company had occurred on April 30, 2012 and based upon a price of \$19.81 per share for our common stock, which was the closing price on the NASDAQ Global Market on April 30, 2012, given the named executive officers' compensation and service levels as of such date. There can be no assurance that an actual triggering event would produce the same or similar results as those estimated if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

Arrangements with Brett A. Hurt

Our employment letter agreement with Mr. Hurt provides that if Mr. Hurt is terminated by us for any reason other than cause, or in the event of his constructive termination, we will continue to pay to Mr. Hurt an amount equal to his then-current base salary for six months subject to his execution of a general release of claims substantially in the form provided by us and his continued compliance with the terms of his employment letter agreement and employee proprietary information agreement with us. Additionally, if terminated by us for any reason other than cause, or in the event of a constructive termination, Mr. Hurt would be entitled to COBRA continuation coverage at our expense throughout any period in which he is entitled to receive severance payments or until he receives comparable benefits from any other source, whichever occurs first.

Under the employment letter agreement with Mr. Hurt, *cause* means (i) his continued failure to substantially perform the duties and obligations of his position with us (other than any such failure resulting from his total and permanent disability as defined in Section 22(e)(3) of the Internal Revenue Code) subject to a reasonable cure period of not less than 30 days following notice from us describing the circumstances of the failure in reasonable detail; (ii) any act of personal dishonesty, fraud or misrepresentation taken by him which was intended to result in substantial gain or personal enrichment for him at our expense; (iii) his violation of a federal or state law or regulation applicable to our business which violation was or is reasonably likely to be injurious to us; (iv) his conviction of, or plea of *nolo contendere* or guilty to, a felony under the laws of the United States or any state; (v) his breach of the terms of his agreement(s) with us relating to proprietary information and inventions assignment subject to a reasonable cure period of not less than 30 days following notice from us describing the circumstances of the breach in reasonable detail; or (vi) his material breach of the terms of his employment letter agreement subject to a reasonable cure period of not less than 30 days following notice from us describing the circumstances of the breach in reasonable detail.

Under the employment letter agreement with Mr. Hurt, *constructive termination* means his voluntary resignation following any of the following actions effected without his consent: (i) a change in his position with us or a successor entity that materially reduces his position, title, duties and responsibilities or the level of management to which he reports; (ii) a reduction in his level of compensation (including base salary, fringe benefits and target bonus under any corporate performance based bonus or incentive programs as established from time to time) by more than 20%; or (iii) a relocation of his place of employment by more than 50 miles from our headquarters in Austin, Texas.

Arrangements with Erin C. Nelson

Our amended and restated employment letter agreement with Erin C. Nelson provides that if she is terminated by us involuntarily without cause (excluding any termination due to death or disability) she will be entitled to receive continuing severance pay at a rate equal to her then-current base salary for a period of six months from the date of her termination subject to her execution of a general release of claims in a form reasonably satisfactory to us and her continued compliance with the terms of her amended and restated employment letter agreement and employee proprietary information agreement with us.

Table of Contents

Under the employment letter agreement with Ms. Nelson, *cause* means (i) her continued failure to substantially perform the material duties and obligations under her employment letter agreement (for reasons other than death or disability), which failure, if curable within our discretion, is not cured to our reasonable satisfaction within 30 days after receipt of written notice from us of such failure; (ii) her failure or refusal to comply with reasonable written policies, standards and regulations established by us from time to time, which failure, if curable in our discretion, is not cured to our reasonable satisfaction within 30 days after receipt of written notice from us of such failure; (iii) any act of personal dishonesty, fraud, embezzlement, misrepresentation, or other unlawful act committed by her that results in a substantial gain or personal enrichment of her at our expense; (iv) her violation of a federal, state, or local law or regulation applicable to our business; (v) her violation of, or a plea of *nolo contendere* or guilty to, a felony under the laws of the United States or any state or local government; or (vi) her material breach of the terms of her employment letter agreement or employee proprietary information agreement.

Our amended and restated employment letter agreement and our stock option agreement with Ms. Nelson also provide for accelerated vesting upon change of control as discussed below under *Vesting Acceleration of Option Awards*.

Vesting Acceleration of Option Awards

The employment letter agreements, stock option agreements and restricted stock unit agreements with Messrs. Collins and Barksdale and Ms. Nelson also provide for accelerated vesting of 100% of the executive's unvested stock options in the event of the executive's termination upon change of control (as defined in the employment letter agreements with such named executive officers). The employment letter agreement, stock option agreements and restricted stock unit agreements with Ms. Brunner provide for accelerated vesting of 50% percent of Ms. Brunner's unvested stock options in the event of her termination upon change of control (as defined in the employment letter agreement with Ms. Brunner).

Under the employment letter agreements with our named executive officers, *termination upon change of control* means any termination of the executive's employment by us without cause during the period commencing on or after the date that we have signed a definitive agreement or that our Board has endorsed a tender offer for our stock that, in either case, when consummated would result in a change of control (even though consummation is subject to approval or requisite tender by our stockholders and other conditions and contingencies) and ending at the earlier of the date on which such definitive agreement or tender offer has been terminated without a change of control or on the date which is 12 months following the consummation of any transaction or series of transactions that results in a change of control.

For purposes of the definition of *termination upon change of control* above, the following terms have the following meanings:

cause means (a) the executive's willful and continued failure to perform substantially the executive's duties with us or (b) the willful engaging by the executive of illegal conduct or gross misconduct which is injurious to us;

change of control means (a) any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than a trustee or other fiduciary holding our securities under an employee benefit plan, becomes the beneficial owner (as defined Rule 13d-3 promulgated under the Exchange Act), directly or indirectly, of securities representing 50% or more of (A) the outstanding shares of our common stock or (B) the combined voting power of our then-outstanding securities; (b) we are party to a merger or consolidation, or series of related transactions, which results in our voting securities outstanding immediately prior thereto failing to continue to represent (either by remaining outstanding or by being converted into voting securities of the surviving or another entity) at least 50% of the combined voting power of our voting securities or such surviving or other entity outstanding immediately after such merger or consolidation; (c) the sale or disposition of all or substantially all of our assets (or consummation of any transaction, or series of related transactions,

Table of Contents

having similar effect), unless at least 50% of the combined voting power of the voting securities of the entity acquiring those assets is held by persons who held our voting securities immediate prior to such transaction or series of transactions; (d) our dissolution or liquidation, unless after such liquidation or dissolution all or substantially all of our assets are held in an entity at least 50% of the combined voting power of the voting securities of which is held by persons who held our voting securities immediately prior to such liquidation or dissolution; or (f) any transaction or series of related transactions that has the substantial effect of any one or more of the foregoing.

The table below sets forth the estimated value of the potential payments to each of our named executive officers, assuming the executive's employment had terminated on April 30, 2012 and/or that a change of control had also occurred on that date.

Stock Incentive Plans**2012 Equity Incentive Plan**

Our Board has adopted and our stockholders have approved our 2012 Equity Incentive Plan, or the 2012 Plan. Our 2012 Plan provides for the grant of incentive stock options, within the meaning of Internal Revenue Code Section 422, to our employees and any of our parent and subsidiary corporations' employees, and for the grant of nonstatutory stock options, stock appreciation rights, restricted stock, restricted stock units, performance units and performance shares to our employees, directors and consultants and our parent and subsidiary corporations' employees and consultants.

Table of Contents

Authorized shares. As of April 30, 2012, options to purchase 69,300 shares of common stock were outstanding and 4,227,906 shares were available for future grant under our 2012 Plan. The number of shares available for issuance under the 2012 Plan will be increased annually on the first day of each of our fiscal years beginning with fiscal year 2013, by an amount equal to the least of:

10,000,000 shares;

5% of the outstanding shares of our common stock as of the last day of the immediately preceding fiscal year; or

such other amount as our Board may determine.

Accordingly, on May 1, 2012, the number of shares available for issuance under the 2012 Plan was increased by 2,926,496 shares. Shares issued pursuant to awards under the 2012 Plan that we repurchase or that are forfeited, as well as shares used to pay the exercise price of an award or to satisfy the tax withholding obligations related to an award, will become available for future grant under the 2012 Plan. In addition, to the extent that an award is paid out in cash rather than shares, such cash payment will not reduce the number of shares available for issuance under the 2012 Plan.

Plan administration. The 2012 Plan is administered by our Board which, at its discretion or as legally required, may delegate such administration to our compensation committee or one or more additional committees. In the case of awards intended to qualify as performance-based compensation within the meaning of Internal Revenue Code Section 162(m), the committee will consist of two or more outside directors within the meaning of Internal Revenue Code Section 162(m).

Subject to the provisions of our 2012 Plan, the administrator has the power to determine the terms of awards, including the recipients, the exercise price, the number of shares subject to each award, the fair market value of a share of our common stock, the vesting schedule applicable to the awards, together with any vesting acceleration, and the form of consideration, if any, payable upon exercise of the awards and the terms of the award agreements for use under the 2012 Plan. The administrator also has the authority, subject to the terms of the 2012 Plan, to prescribe rules and to construe and interpret the 2012 Plan and awards granted thereunder and to institute an exchange program by which outstanding awards may be surrendered in exchange for awards that may have different exercise prices and terms, to amend existing awards to reduce or increase their exercise price and to allow participants the opportunity to transfer outstanding awards to a financial institution or other person or entity selected by the administrator.

Stock options. The administrator may grant incentive and/or nonstatutory stock options under our 2012 Plan, provided that incentive stock options are only granted to employees. The exercise price of such options must equal at least the fair market value of our common stock on the date of grant. The term of an option may not exceed ten years. However, an incentive stock option held by a participant who owns more than 10% of the total combined voting power of all classes of our stock, or of certain of our parent or subsidiary corporations, may not have a term in excess of five years and must have an exercise price of at least 110% of the fair market value of our common stock on the grant date. The administrator determines the methods of payment of the exercise price of an option, which may include cash, shares or other property acceptable to the plan administrator. Subject to the provisions of our 2012 Plan, the administrator determines the remaining terms of the options, including vesting criteria. After the termination of service of an employee, director or consultant, the participant may exercise his or her option, to the extent vested as of such date of termination, for the period of time stated in his or her option agreement. Generally, if termination is due to death or disability, the option will remain exercisable for 12 months. In all other cases, the option will generally remain exercisable for three months following the termination of service. However, in no event may an option be exercised later than the expiration of its term.

Stock appreciation rights. Stock appreciation rights may be granted under our 2012 Plan. Stock appreciation rights allow the recipient to receive the appreciation in the fair market value of our common stock between the exercise date and the date of grant. Subject to the provisions of our 2012 Plan, the administrator determines the terms of stock appreciation rights, including when such rights vest and become exercisable and

Table of Contents

whether to settle such awards in cash or with shares of our common stock, or a combination thereof, except that the per share exercise price for the shares to be issued pursuant to the exercise of a stock appreciation right will be no less than 100% of the fair market value per share on the date of grant. The specific terms of each grant of stock appreciation rights will be set forth in an award agreement.

Restricted stock. Restricted stock may be granted under our 2012 Plan. Restricted stock awards are grants of shares of our common stock that are subject to various restrictions, including restrictions on transferability and forfeiture provisions. Shares of restricted stock will vest and the restrictions on such shares will lapse in accordance with terms and conditions established by the administrator. Such terms may include, among other things, vesting upon the achievement of specific performance goals determined by the administrator and/or continued service to us. The administrator, in its sole discretion, may accelerate the time at which any restrictions will lapse or be removed. Recipients of restricted stock awards generally will have voting and dividend rights with respect to such shares at the time of grant without regard to vesting, unless the administrator provides otherwise. Shares of restricted stock that do not vest for any reason will be forfeited by the recipient and will revert to us. The specific terms of each grant of restricted stock will be set forth in an award agreement.

Restricted stock units. Restricted stock units may be granted under our 2012 Plan. Each restricted stock unit granted is a bookkeeping entry representing an amount equal to the fair market value of one share of our common stock. The administrator determines the terms and conditions of restricted stock units including the vesting criteria, which may include achievement of specified performance criteria or continued service to us, and the form and timing of payment. The administrator, in its sole discretion, may reduce or waive any vesting criteria that must be met to receive a payment. The administrator determines in its sole discretion whether an award will be settled in stock, cash or a combination of both. The specific terms of each grant of restricted stock units will be set forth in an award agreement.

Performance units/performance shares. Performance units and performance shares may be granted under our 2012 Plan. Performance units and performance shares are awards that will result in a payment to a participant only if performance goals established by the administrator are achieved or the awards otherwise vest. The administrator will establish organizational or individual performance goals in its discretion, which, depending on the extent to which they are met, will determine the number and the value of performance units and performance shares to be paid out to participants. After the grant of a performance unit or performance share, the administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such performance units or performance shares. Performance units shall have an initial dollar value established by the administrator on or prior to the grant date. Performance shares shall have an initial value equal to the fair market value of our common stock on the grant date. The administrator, in its sole discretion, may pay earned performance units or performance shares in the form of cash, in shares or in some combination thereof. The specific terms of each grant of performance units or performance shares will be set forth in an award agreement.

Transferability of awards. Unless the administrator provides otherwise, our 2012 Plan generally does not allow for the transfer of awards other than by will or laws of descent or distribution and only the recipient of an award may exercise such an award during his or her lifetime.

Certain adjustments. In the event of certain changes in our capitalization, to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the 2012 Plan, the administrator will make adjustments to the number and class of shares that may be delivered under the 2012 Plan and/or the number, class and price of shares covered by each outstanding award and the numerical share limits contained in the 2012 Plan. In the event of our proposed liquidation or dissolution, the administrator will notify participants as soon as practicable prior to the effective date of such proposed transaction and all awards will terminate immediately prior to the consummation of such proposed transaction.

Merger or change of control. Our 2012 Plan provides that, in the event of a merger or change of control as defined under the 2012 Plan, each outstanding award will be treated as the administrator determines, except that, if a successor corporation does not assume or substitute for any outstanding award, then such award will fully vest, all restrictions on such award will lapse, all performance goals or other vesting criteria applicable to

Table of Contents

such award will be deemed achieved at 100% of target levels and such award will become fully exercisable, if applicable, for a specified period prior to the transaction. The award will then terminate upon the expiration of the specified period of time. In the event of a merger or change of control, any options, restricted stock units and stock appreciation rights held by an outside director will vest fully and become immediately exercisable, all restrictions on his or her restricted stock will lapse, and all performance goals or other vesting requirements for his or her performance shares and units will be deemed achieved at 100% of target levels, and all other terms and conditions met.

Plan amendment or termination. Our Board has the authority to amend, suspend or terminate the 2012 Plan provided such action does not impair the existing rights of any participant. Our 2012 Plan will automatically terminate in 2022, unless we terminate it sooner.

2005 Stock Plan

Our 2005 Stock Plan was adopted by our Board and approved by our stockholders effective June 14, 2005 and was amended on August 15, 2005, August 15, 2007, September 5, 2007, November 19, 2008, July 16, 2009, September 17, 2009, February 10, 2010, May 20, 2010, September 16, 2010 and November 16, 2010, amended and restated on March 29, 2011, and amended on August 16, 2011 and February 9, 2012. Our 2005 Stock Plan provides for the grant of incentive stock options, nonstatutory stock options and stock purchase rights to our employees, directors and consultants. As of April 30, 2012, options to purchase 12,013,547 shares of common stock were outstanding under our 2005 Stock Plan.

In July 2011, our Board terminated our ability to make grants under our 2005 Stock Plan, effective upon the closing of our initial public offering. However, our 2005 Stock Plan will continue to govern the terms and conditions of all outstanding options previously granted under the 2005 Stock Plan.

Our 2005 Stock Plan provides that, in the event of a merger or change of control as defined under the 2005 Stock Plan, each outstanding option shall be assumed or substituted with an equivalent option by the successor entity. If the successor entity does not assume or substitute the outstanding options, then each option will fully vest and become exercisable. Our Board, or a committee designated by our Board, is required to give notice of any proposed merger or change of control prior to the closing date of such sale, merger or consolidation. If the consideration received in the merger or change of control is not solely common stock of the successor corporation or its parent, our Board, or a committee designated by our Board, may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of each share subject to the option to be solely common stock of the successor corporation or its parent equal in fair market value to the per share consideration received by holders of common stock in the merger or change of control.

Our 2005 Stock Plan provides that our Board, or a committee designated by our Board, may, in order to prevent diminution or enlargement of the benefits or intended benefits to be made available under the 2005 Stock Plan, adjust or substitute outstanding options upon certain events, including, without limitation, changes in our capitalization through stock splits, recapitalizations, mergers or consolidations.

The standard form of option agreement under the 2005 Stock Plan provides that options will vest 25% on the first anniversary of the vesting start date with the remainder vesting ratably over the next 36 months, subject to continued service through each applicable vesting date. Under our 2005 Stock Plan, our Board, or a committee designated by our Board, has the authority to grant options with early exercise rights, subject to our repurchase right that lapses as the shares vest on the original vesting schedule, and to provide for accelerated vesting.

The standard form of option agreement under the 2005 Stock Plan restricts the transfer of shares of our common stock issued pursuant to an award for the period specified by the representative of the underwriters not to exceed 180 days following the effective date of any registration statement we file under the Securities Act.

PowerReviews, Inc. 2005 Equity Incentive Plan

In the June 2012 acquisition of PowerReviews, we assumed outstanding stock options granted under the PowerReviews, Inc. 2005 Equity Incentive Plan, or the PowerReviews Plan, other than those held by former service providers. Following the acquisition, the assumed options continue to be subject to the terms of the PowerReviews Plan and individual award agreements except (i) the assumed options will be exercisable for shares of our common stock, (ii) the number of shares and exercise price of each option will be adjusted pursuant to an exchange ratio established in the acquisition and (iii) assumed options will not be exercisable prior to vesting. We have reserved a total of 1,656,751 shares of our common stock for issuance with respect to the assumed PowerReviews Plan options. We will not grant any new awards under the PowerReviews Plan.

Our Board, or a committee appointed by our Board, will administer the PowerReviews Plan with respect to the assumed options. Subject to the provisions of the plan, the administrator has the power to interpret the plan, establish rules and regulations to properly administer the plan, and make any other determination and take any other action it deems necessary or desirable for administration of the plan.

Options granted under the PowerReviews Plan generally have a maximum term of ten years. Unvested options expire upon termination of employment or service. Unless otherwise provided by individual option agreements, the PowerReviews Plan provides for a three-month post-termination exercise period for vested options following termination, other than terminations for retirement, disability or death, in which case the plan provides for a one-year post-termination exercise period. All options terminate immediately upon notification of termination for cause.

The PowerReviews Plan generally does not allow for the transfer of options other than by will or the laws of descent and distribution and only the recipient of an option may exercise the award during his or her lifetime, unless provided otherwise by the administrator.

In the event of a company transaction, as defined in the plan, unless provided otherwise in an award agreement, all outstanding options shall become fully exercisable prior to the transaction and termination upon the effective date of the transaction unless such options are assumed, converted, or substituted for by the successor company. The administrator may provide that a participant's outstanding options will terminate upon consummation of the company transaction in exchange for a cash payment based on the acquisition price.

The administrator has the authority to amend, suspend, or terminate the PowerReviews Plan at any time, provided such action does not materially impair the rights of any optionee, unless mutually agreed otherwise in writing.

2012 Employee Stock Purchase Plan

Our Board has adopted and our stockholders have approved our 2012 Employee Stock Purchase Plan, or the ESPP.

A total of 1,137,123 shares of our common stock are available for sale under our ESPP. In addition, our ESPP provides for annual increases in the number of shares available for issuance under the ESPP on the first day of each fiscal year beginning with fiscal year 2013, equal to the least of:

5,000,000 shares;

1% of the outstanding shares of our common stock on the last day of the immediately preceding fiscal year; or

such other amount as may be determined by the administrator.

Accordingly, on May 1, 2012, the number of shares available for sale under the ESPP was increased by 585,299 shares. Our Board or its committee has full and exclusive authority to interpret the terms of the ESPP and determine eligibility.

Table of Contents

All of our employees, including our named executive officers, are eligible to participate if they are customarily employed by us or any participating subsidiary for at least 20 hours per week and more than five months in any calendar year. However, an employee may not be granted rights to purchase stock under our ESPP if such employee:

immediately after the grant would own stock or options to purchase stock possessing 5% or more of the total combined voting power or value of all classes of our capital stock; or

holds rights to purchase stock under all of our employee stock purchase plans that would accrue at a rate that exceeds \$25,000 worth of our stock for each calendar year in which the right to be granted would be outstanding at any time.

Our ESPP is intended to qualify under Section 423 of the Code, and provides for consecutive six-month offering periods. The offering periods generally start on the first trading day on or after March 20 and September 20 of each year, except for the first such offering period, which commenced on the first trading day on or after the effective date of our initial public offering and ended on March 20, 2012. The administrator may, in its discretion, modify the terms of future offering periods.

Our ESPP permits participants to purchase common stock through payroll deductions of up to 15% of their eligible compensation, which includes a participant's regular and recurring straight time gross earnings and payments for overtime and shift premiums, but exclusive of payments for incentive compensation, bonuses and other similar compensation. A participant may purchase a maximum of 2,630 shares of common stock during each six-month offering period.

Amounts deducted and accumulated by the participant are used to purchase shares of our common stock at the end of each six-month offering period. The purchase price of the shares will be 85% of the lower of the fair market value of our common stock on the first trading day of the offering period or on the last day of the offering period. Participants may end their participation at any time during an offering period and will be paid their accrued payroll deductions that have not yet been used to purchase shares of common stock. Participation ends automatically upon termination of employment with us.

A participant may not transfer rights granted under the ESPP other than by will, the laws of descent and distribution or as otherwise provided under the ESPP.

In the event of our merger or change of control, as defined under the ESPP, a successor corporation or parent or subsidiary of the successor corporation may assume or substitute each outstanding purchase right. If the successor corporation refuses to assume or substitute for the outstanding purchase rights, the offering period then in progress will be shortened, and a new exercise date will be set to occur before the date of the proposed merger or change of control. The plan administrator will notify each participant in writing that the exercise date has been changed and that the participant's option will be exercised automatically on the new exercise date unless the participant withdraws from the offering period prior to such date.

Our ESPP will automatically terminate in 2022, unless we terminate it sooner. In addition, our Board has the authority to amend, suspend or terminate our ESPP.

401(k) Plan

We have established a tax-qualified employee savings and retirement plan pursuant to which employees who satisfy certain eligibility requirements, including age and length of service, may elect to defer up to 100% of eligible compensation, subject to applicable Internal Revenue Code limits. We currently do not match any contributions made by our employees, including executives. We intend for the 401(k) plan to qualify under Section 401(a) of the Internal Revenue Code so that contributions to the 401(k) plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the 401(k) plan.

Limitation on Liability and Indemnification Matters

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated bylaws provide that we are required to indemnify our directors and officers to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity, regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered and expect to continue to enter into agreements to indemnify our directors, executive officers and other employees as determined by our Board. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as members of our Board and officers and potentially in other roles with the Company. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions. At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services Performed by the Independent Registered Public Accounting Firm

Edgar Filing: Bazaarvoice Inc - Form DEF 14A

We maintain an auditor independence policy that bans our auditors from performing non-financial consulting services, such as information technology consulting and internal audit services. This policy mandates that the audit committee approve the audit and non-audit services and related budget in advance, and that the audit committee be provided with quarterly reporting on actual spending. This policy also mandates that we may

not enter into auditor engagements for non-audit services without the express approval of the audit committee. In accordance with this policy, the audit committee pre-approved all services to be performed by our independent registered public accounting firm.

PROPOSAL THREE: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory or nonbinding basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the SEC's rules.

The compensation committee and the Board believe that our executive compensation program, as described in the section titled "Executive Compensation Compensation Discussion and Analysis," the compensation tables and the related narratives and other materials in this Proxy Statement reflects our goals of linking our performance with executive compensation. The compensation committee and the Board believe that the executive compensation program is rational and effective in that it aligns the interests of the executives with both the short-term and long-term interests of our stockholders, and enables us to support, attract and retain the best talent and support a high-performance culture by rewarding excellence and achievement.

This proposal gives you as a stockholder the opportunity to endorse or not endorse our executive compensation program through the following resolution:

RESOLVED, that the Company's executive compensation program, as described in the section titled "Executive Compensation Compensation Discussion and Analysis," the compensation tables and the related narratives and other materials in this Proxy Statement are hereby approved.

Because this vote is advisory, it will not be binding upon the Board. However, the compensation committee will strongly consider the outcome of the vote when determining future executive compensation arrangements. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers and the philosophy, policies and practices described in this Proxy Statement.

Vote Required

You may vote FOR, AGAINST or ABSTAIN on this proposal. To be approved by our stockholders, this proposal must receive a FOR vote by a majority of the votes cast on this proposal at the Annual Meeting. If you abstain from voting on the proposal or your broker is unable to vote your shares, it will have the same effect as a vote against the proposal.

Recommendation of the Board of Directors

The Board recommends that you vote FOR approval of the advisory vote to approve executive compensation.

Table of Contents

PROPOSAL FOUR: ADVISORY VOTE ON THE FREQUENCY OF HOLDING FUTURE ADVISORY VOTES TO APPROVE EXECUTIVE COMPENSATION

The Dodd-Frank Act also requires us to include an advisory vote on how frequently our stockholders wish us to seek the advisory vote to approve executive compensation such as Proposal Three above. Stockholders may indicate whether they would prefer that we conduct future advisory votes to approve executive compensation once every one, two, or three years, or abstain from voting.

The Board has determined that an advisory vote to approve executive compensation held every three years would be the best approach for us based on a number of considerations, including, among other things, the following:

a significant portion of the compensation of our named executive officers is correlated with our long-term performance and stockholder returns;

we believe that a vote every three years will give our stockholders a better opportunity to assess the success or failure of our long-term compensation strategies and the related business outcomes with the hindsight of three years of corporate performance; and

a vote every three years allows time for the Board and its committees to review and respond to stockholders' views on executive compensation and to change, if necessary, our executive compensation program.

Because this vote is advisory, it will not be binding upon the Board or the Company, and the Board may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote to approve executive compensation more or less frequently than the option approved by our stockholders.

Vote Required

You may vote **1 YEAR**, **2 YEARS**, **3 YEARS** or **ABSTAIN** on this proposal. The time period receiving the highest number of affirmative votes will be the recommendation to the Board.

Recommendation of the Board of Directors

Our Board recommends that you vote **3 YEARS as the frequency for the advisory vote to approve executive compensation.**

If attending the physical meeting, you should be prepared to present photo identification for admittance. In addition, if you are a stockholder of record, meaning that you hold shares directly with American Stock Transfer & Trust Company, LLC (registered holders), the inspector of election will have your name on a list, and you will be able to gain entry with a form of government-issued photo identification, such as a driver s license, state-issued ID card or passport. If you are not a stockholder of record but hold shares through a broker, bank, or nominee (street name or beneficial holders), in order to gain entry you must provide proof of beneficial ownership as of the record date, such as an account statement or similar evidence of ownership, along with a form of government-issued photo identification. If you do not provide photo identification and comply with the other procedures outlined above for attending the Annual Meeting in person, you will not be admitted to attend the Annual Meeting location in person.

Proxy Solicitation. Bazaarvoice is paying the costs of the solicitation of proxies. We must also pay brokerage firms, banks, broker-dealers and other similar organizations representing beneficial owners of shares held in street name certain fees associated with forwarding the Notice to beneficial owners, forwarding printed proxy materials by mail to beneficial owners who specifically request them, and obtaining beneficial owners voting instructions. We currently estimate such costs will be approximately \$25,000.

In addition to soliciting proxies by mail, certain of our directors, officers and regular employees, without additional compensation, may solicit proxies personally or by telephone, facsimile or email our behalf.

Inspector of Election. Mediant Communications LLC has been engaged as our independent inspector of election to tabulate stockholder votes for the 2012 Annual Meeting.

Stockholder List. Bazaarvoice s list of stockholders as of August 23, 2012 will be available for inspection for 10 days prior to the 2012 Annual Meeting. If you want to inspect the stockholder list, please call our Investor Relations department at (512) 551-6800 to schedule an appointment.

2013 Stockholder Proposals or Nominations. Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, some stockholder proposals may be eligible for inclusion in our 2013 proxy statement. These stockholder proposals must be submitted, along with proof of ownership of our stock in accordance with Rule 14a-8(b)(2), to our principal executive offices in care of our Corporate Secretary by one of the means discussed below in the section titled Communicating with Us. Failure to deliver a proposal in accordance with this procedure may result in it not being deemed timely received. We must receive all submissions no later than the close of business (5:00 p.m. Central Time) on April 30, 2013.

We strongly encourage any stockholder interested in submitting a proposal to contact our Corporate Secretary in advance of this deadline to discuss the proposal, and stockholders may want to consult knowledgeable counsel with regard to the detailed requirements of applicable securities laws. Submitting a stockholder proposal does not guarantee that we will include it in our proxy statement. Our nominating and governance committee reviews all stockholder proposals and makes recommendations to the Board for action on such proposals. For information on recommending individuals for consideration as nominees, see the section of this Proxy Statement titled Corporate Governance Director Nomination Procedures.

In addition, under our Bylaws, any stockholder intending to nominate a candidate for election to the Board or to propose any business at our 2013 annual meeting must give notice to our Corporate Secretary between June 15, 2013 and July 15, 2013, unless the notice also is made pursuant to Rule 14a-8. The notice must include information specified in our Bylaws, including information concerning the nominee or proposal, as the case may be, and information about the stockholder s ownership of and agreements related to our stock. If the 2013 annual meeting is held more than 30 days prior to or 60 days after the anniversary of the 2012 Annual Meeting, the stockholder must submit notice of any such nomination and of any such proposal that is not made

If the stockholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Securities Exchange Act of 1934, as amended, we may exercise discretionary voting authority under proxies that we solicit to vote in accordance with our best judgment on any such stockholder proposal or nomination.
