**Item 1.01. Entry Into A Material Definitive Agreement.**

***Indenture***

On January 29, 2013, Coeur d'Alene Mines Corporation (the "Company") completed an offering of \$300 million in aggregate principal amount of its 7.875% Senior Notes due 2021 (the "Notes") in a private placement conducted pursuant to Rule 144A and Regulation S under the Securities Act of 1933, as amended (the "Securities Act").

The Notes are governed by an Indenture, dated as of January 29, 2013 (the "Indenture"), among the Company, as issuer, certain of the Company's subsidiaries named therein, as guarantors thereto (the "Guarantors"), and The Bank of New York Mellon, as trustee (the "Trustee"). The Indenture, which includes the form of the Notes, is attached hereto as Exhibit 4.1 and is incorporated herein by reference. The description of the Indenture and the Notes in this report are summaries only and are qualified in their entirety by the terms of the Indenture and the Notes, respectively.

The Company intends to use the net proceeds from the offering of the Notes to fund internal and external growth initiatives and for general corporate purposes, which may include repurchasing any of the Company's 3.25% Convertible Senior Notes that are put to the Company at or after March 15, 2013.

The Notes are the Company's unsecured senior obligations and rank equally in right of payment with all of its existing and future unsecured senior debt and rank senior in right of payment to all of its existing and future subordinated debt. The Notes are effectively subordinated to any of the Company's existing and future secured debt, including indebtedness under the Company's senior credit facility (the "Senior Credit Facility"), to the extent of the value of the assets securing such debt. Initially, the Company's obligations under the Notes are jointly and severally guaranteed by the all of the Company's domestic subsidiaries that guarantee the borrowings under the Senior Credit Facility. In addition, each of the Company's restricted subsidiaries that becomes a borrower under or that guarantees the Senior Credit Facility, or that guarantees other indebtedness that exceeds \$20.0 million aggregate principal amount, will be required to guarantee the Notes in the future. The guarantees rank equally in right of payment to all of the Guarantors' existing and future unsecured senior debt and senior in right of payment to all of the Guarantors' existing and future subordinated debt. The guarantees are effectively subordinated to any of the Guarantors' existing and future secured debt to the extent of the value of the assets securing such debt. The Notes are also structurally subordinated to the liabilities of subsidiaries of the Company that have not guaranteed the Notes.

The Notes bear interest at a rate of 7.875% per year from the date of original issuance or from the most recent payment date to which interest has been paid or provided for. Interest on the Notes is payable semi-annually in arrears on February 1 and August 1 of each year, commencing on August 1, 2013. The Company will make each interest payment to the holders of record of the Notes on the immediately preceding January 15 and July 15. In certain circumstances the Company may be required to pay additional interest.

At any time prior to February 1, 2017, the Company may redeem all or part of the Notes upon not less than 30 nor more than 60 days' prior notice at a redemption price equal to the sum of (i) 100% of the principal amount thereof, plus (ii) a make-whole premium as of the date of redemption, plus (iii) accrued and unpaid interest and additional interest, if any, thereon, to the date of redemption. In addition, the Company may redeem some or all of the Notes on or after February 1, 2017, at redemption prices set forth in the Indenture, together with accrued and unpaid interest. At any time prior to February 1, 2016, the Company may use the proceeds of certain equity offerings to redeem up to 35% of the aggregate principal amount of the Notes, including any permitted additional Notes, at a redemption price equal to 107.875% of the principal amount.

Upon the occurrence of a change of control triggering event (as defined in the Indenture), unless the Company has exercised its right to redeem the Notes, each holder of Notes will have the right to require the Company to repurchase all or a portion of such holder's Notes at a price equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of repurchase.

If the Company or its restricted subsidiaries sell assets under certain circumstances specified in the Indenture and do not use the proceeds for certain specified purposes, the Company must offer to use certain net proceeds therefrom to repurchase the Notes and other debt that ranks equal in right of payment to the Notes on a pro rata basis. The purchase price of the Notes will be equal to the 100% of the principal amount of the Notes repurchased, plus accrued and unpaid interest, if any, to the applicable date of repurchase.

If the Company receives excess political risk insurance proceeds (as defined in the Indenture) related to its San Bartolomé mine and does not use the proceeds for certain specified purposes, the Company must offer to use certain net proceeds therefrom to repurchase the Notes and other debt that ranks equal in right of payment to the Notes and contains similar political risk insurance offer provisions on a pro rata basis. The purchase price of the Notes will be equal to the 100% of the principal amount of the Notes repurchased, plus accrued and unpaid interest, if any, to the applicable date of repurchase.

The Indenture contains covenants that, among other things, limit the Company's ability under certain circumstances to create liens or enter into sale-leaseback transactions and impose conditions on the Company's ability to engage in mergers, consolidations and sales of all or substantially all of its assets.

The Indenture also contains certain Events of Default (as defined in the Indenture) customary for indentures of this type. If an Event of Default has occurred and is continuing, the Trustee or the holders of not less than 25% in aggregate principal amount of the Notes then outstanding may, and the Trustee at the request of the holders of not less than 25% in aggregate principal amount of the Notes then outstanding shall, declare all unpaid principal of, premium, if any, and accrued interest on all the Notes to be due and payable.

#### ***Registration Rights Agreement***

In connection with the sale of the Notes, the Company entered into a Registration Rights Agreement, dated as of January 29, 2013 (the Registration Rights Agreement), with the Guarantors and Barclays Capital Inc., as initial purchaser of the Notes. Under the Registration Rights Agreement, the Company and the Guarantors have agreed, to (i) file a registration statement (the Exchange Offer Registration Statement) with the United States Securities and Exchange Commission (the SEC) with respect to a registered offer (the Exchange Offer) to exchange the Notes for new notes of the Company having terms substantially identical in all material respects to the Notes (the Exchange Notes), (ii) to use their commercially reasonable efforts to cause the Exchange Offer to be completed on or prior to 365 days after January 29, 2013 and (iii) to commence the Exchange Offer and use their commercially reasonable efforts to issue on or prior to 35 business days, or longer, if required by applicable securities laws, after the date on which the Exchange Offer Registration Statement was declared effective by the SEC, the Exchange Notes in exchange for all Notes tendered prior thereto in the Exchange Offer.

If the Exchange Offer is not consummated, under certain circumstances and within specified time periods, the Company and the Guarantors are required to file a shelf registration statement (the Shelf Registration Statement) covering resales of the Notes, use their commercially reasonable efforts to cause the Shelf Registration Statement to be declared effective and to keep the Shelf Registration Statement effective until such time as the Notes cease to be registrable securities.

Subject to certain limitations, the Company and the Guarantors will be required to pay the holders of the Notes special interest on the Notes if (i) the Exchange Offer is not completed on or prior to 365 days after January 29, 2013, (ii) the Company and the Guarantors fail to file any Shelf Registration Statement required by the Registration Rights Agreement on or before the date specified for such filing, (iii) any such Shelf Registration Statement is not declared effective by the SEC prior to the date specified for such effectiveness, (iv) the Company and the Guarantors fail to consummate the Exchange Offer within 35 business days after the date on which the Exchange Offer Registration Statement was declared effective by the SEC, or (v) the Shelf Registration Statement or the Exchange Offer Registration Statement is declared effective but thereafter ceases to be effective or usable in connection with resales of registrable securities during specified time periods.

A copy of the Registration Rights Agreement is attached hereto as Exhibit 4.2 and is incorporated herein by reference. The description of the Registration Rights Agreement in this report is a summary only and is qualified in its entirety by the terms of the Registration Rights Agreement.
