Investing in American Water’s common stock involves risk. See the risk factors described in American Water’s Annual Report on Form 10-K for the fiscal year ended December 31, 2012, which is incorporated by reference in this prospectus, as well as in any subsequent filings. Before making an investment decision, you should carefully consider these risks as well as other information American Water includes or incorporates by reference in this Prospectus, including filings made with the Securities and Exchange Commission (SEC) after the date of this Prospectus. These risks could materially affect American Water’s business, results of operations or financial condition and cause the value of the common stock to decline. You could lose all or part of your investment.

HOW THE PLAN WORKS

1. Who is eligible to participate in the Plan?

All U.S. citizens are eligible to participate in the Plan, whether or not they are currently stockholders of American Water. If you are not a U.S. citizen, you may participate in the Plan, provided there are not any laws or government regulations that would prohibit you from participating or affect the terms of the Plan. American Water and AST reserve the right to deny or terminate participation of any person if American Water or AST deem it advisable under any laws or regulations.

2. How do I enroll in the Plan?

To enroll in the Plan, you must be a registered owner of American Water common stock, or you may become a registered owner by buying a minimum of \$100.00 in common stock through the Plan and enrolling that stock in the Plan at the same time. Both methods of enrollment are described below.

If you are a registered owner (which means that you already own one or more shares of American Water stock in your name), but do not currently participate in the Plan, you must complete an enrollment form. Mail the form to AST at the address provided in Question 3. You can request an enrollment form by telephoning AST at 1-888-556-0423. You also may enroll online at www.amstock.com. You will need to enter your ten digit AST account number and your social security number to gain access to your account. If you own American Water stock through another name (for example, in a broker, bank, trust or other nominee name), you can arrange with the nominee to transfer some or all of your American Water shares into your name, and then enroll the shares using these instructions. If you do not wish to transfer shares held in nominee name, you can buy additional shares in your name through the Plan when you enroll, as described immediately below.

You may become a registered owner by enrolling in and purchasing American Water common stock through the Plan. The minimum initial purchase is \$100.00. Complete the enrollment form and mail the form, together with a check payable to American Stock

Edgar Filing: American Water Works Company, Inc. - Form S-3ASR

Transfer and Trust Company LLC, to AST at the address provided in Question 3. You can request an enrollment form by telephoning AST at 1-888-556-0423. All payments must be in U.S. dollars and drawn on a U.S. bank. If you are not in the United States, contact your bank to verify that it can provide you with a check that clears through a U.S. bank and can print the dollar amount in U.S. funds. Due to the longer clearance period, neither American Water nor AST are able to accept checks clearing through non-U.S. banks. Please do not send cash.

3. Who is the Plan Administrator?

American Water's transfer agent, American Stock Transfer and Trust Company LLC, will be the Plan Administrator for the Plan. AST will keep records, send quarterly statements of account and transaction statements to you and perform other administrative duties relating to the Plan. Shares of common stock that you purchase under the Plan or transfer into the Plan will be registered in the name of AST or its nominee, as custodian, and will be credited to your AST account.

Customer service representatives are available between the hours of 8 A.M. and 8 P.M. Eastern Time, Monday through Friday.

4. What are my dividend reinvestment options?

When you enroll, you will indicate on the enrollment form whether you want the dividends on your shares reinvested. You must elect to reinvest a minimum of 10% of the dividends (if any) paid on shares in your account. **If you do not indicate a preference, 100% of all dividends on all shares held in your account on the dividend record date will be reinvested in additional shares of American Water common stock on the dividend payment date.**

If you receive cash dividends on any shares in your account, you will receive payment by check unless you elect to have cash dividends deposited directly into your bank account. To authorize direct deposit, complete the appropriate sections of the Dividend Direct Deposit authorization form, which can be obtained from AST.

You may change your dividend reinvestment election at any time by completing a new enrollment form and delivering the form to AST. Requests for changes must be received at least three business days prior to the next dividend record date to be effective for that dividend.

You should note that under U.S. federal income tax law, dividends are taxable to you even if your dividends are reinvested through the Plan. AST will mail to you a Form 1099-DIV reporting your dividends (including reinvested dividends) shortly after the close of each calendar year and also will report that information to the Internal Revenue Service.

Table of Contents

5. How do I make an additional purchase?

After you have opened your Plan account, you may buy additional shares (including fractional shares) by check as often as weekly. Use the form attached to your Plan statement or transaction confirmation, or call AST for additional forms. You also may arrange for automatic monthly purchases, or one-time purchases, using electronic funds transfer from your bank checking or savings account. Each method is described below. Regardless of the method used, each purchase you make must be for a minimum of \$25.00, and all purchases may not exceed \$200,000 in any calendar year. If you send a check or have authorized an electronic funds transfer in an amount that would cause you to exceed the \$200,000 calendar year limit, **your funds will be returned and no investment will be made.**

If you buy additional shares by mail, you may pay by check payable to American Stock Transfer and Trust Company LLC in U.S. dollars, drawn on a U.S. bank. No interest will be earned on funds held by AST prior to their investment. Do not send cash. Money orders, third party checks and foreign checks will not be accepted and will be returned to the sender. Send the completed form and payment to AST at the address designated for transaction processing on page 3. The check must be received no later than 12:00 noon, Eastern Time one business day before the investment date. Checks received after this date will be used to purchase shares on the succeeding investment date. See Question 7 for information about the investment date.

Alternatively, you may elect to have funds automatically withdrawn every month by electronic funds transfer from your checking or savings account at a qualified financial institution. Automatic electronic funds transfer enrollment forms are available by calling AST at 1-888-556-0423. You also may make optional cash payments online at www.amstock.com as a one-time event or recurring event using electronic funds transfer from a bank account. If you authorize automatic withdrawals, funds will be withdrawn from your bank account on or about the 20th of each month (or the next business day if the 20th is not a business day), and will be invested in American Water common stock on the next available investment date. You may terminate the automatic monthly electronic funds transfer by providing written instructions to AST. You may change the amount of money to be withdrawn by submitting a new automatic electronic funds transfer enrollment form to AST.

Once funds have been deposited with AST, you may not request a cash refund or otherwise change your order.

In the event that any check or other deposit is returned unpaid for any reason or your designated bank fails to make an electronic funds transfer because your account does not have sufficient funds, AST will consider the request for the applicable purchase null and void, will immediately remove from your account any shares already purchased in anticipation of receiving those funds and will sell those shares. You also will be charged a \$25.00 administrative fee for any check or other deposit that is returned unpaid by your bank or for any electronic funds transfer that is rejected by your bank. If the net proceeds from the sale of the shares removed from your account are insufficient to satisfy the balance of the uncollected amounts, including the administrative fee, AST may sell additional shares from your account as necessary to satisfy the uncollected balance. This fee will be collected by AST from proceeds of the sale of the number of shares in your account necessary to satisfy the fee.

6. How are shares purchased for my account?

AST, American Water's transfer agent and the agent for Plan participants, will buy the shares for your Plan account. AST may buy shares directly from American Water. AST also may buy shares in the public markets or in privately negotiated transactions. Purchases generally will be made for the Plan and credited to Plan accounts once each week. If demand requires, purchases may be made over several days for the weekly crediting to Plan accounts.

AST may use a broker affiliated with AST to execute purchases and sales for Plan participants. See Question 10 for information about selling shares held directly through the Plan.

7. When will shares be purchased?

The Plan's investment date typically will be once each week on Fridays. However, during the week in which a dividend is paid, the investment date will be the date on which the dividend is paid or the next business day if the payable date is not a business day. If purchases are to be made in the open market, AST may effect purchases as frequently as daily, depending on purchase volumes.

Table of Contents

Requests for additional purchases made by check must be received at AST by 12:00 noon, Eastern Time, one business day prior to the investment date. Cash purchases not received before the applicable deadline will not be invested until the next succeeding investment date.

Funds for automatic monthly investments will be withdrawn from your bank account on or about the 20th day of every month, and will be invested in American Water common stock on the next investment date. To the extent you authorize dividend reinvestment, your dividends will be reinvested on the next investment date, which is the dividend payment date or, if the dividend payment date is not a business day, on the first business day following the dividend payment date.

No interest will be paid on any funds held by AST between investment dates. Once funds have been deposited with AST, you may not request a cash refund or otherwise change your order.

8. What price will I pay for shares?

If AST buys your shares from American Water, the share price will be equal to the average of the high and low prices per share of American Water common stock, as reported on the New York Stock Exchange Consolidated Tape on the date of purchase.

If AST buys your shares in the public markets or in privately negotiated transactions, the share price will be the average price of all shares purchased for the weekly crediting to Plan accounts.

These share prices apply whether AST is purchasing shares for your initial enrollment, purchasing additional shares for your account, or reinvesting dividends.

When you send in a payment by check or electronic funds transfer to buy American Water stock, AST will use your funds to buy the number of shares (including fractional shares to three decimal places) that can be purchased with your funds at the price described above. You will not be charged any transaction fees for the purchase.

9. How do I transfer shares that I hold to someone else?

To transfer ownership of some or all of your shares held through the Plan you must send to AST written transfer instructions and your signature must be Medallion Guaranteed by a qualified financial institution. Most banks and brokers participate in a Medallion Guarantee program. The Medallion Guarantee program is intended to ensure that the individual signing is in fact the owner of the participant's account. A notary is not sufficient. For information regarding the transfer process, call AST at 1-888-556-0423.

10. May I sell shares I hold through the Plan?

Yes. You can authorize the sale of shares held in your Plan account by completing and submitting the Other Transactions Form portion of the reinvestment account statement. AST will cause your shares to be sold as often as daily but at least once each week. Your shares may be aggregated with those of other Plan participants who have requested sales of shares in their Plan accounts. In that case, you will receive proceeds based on the average price of all shares sold. AST will send you a check for the proceeds of the sale of your shares, less a transaction fee of \$15.00 plus \$.10 per share sold and any applicable transfer taxes. You will not receive interest on sales proceeds held pending disbursement. Checks are usually mailed three business days after the sale. Instructions to AST to sell shares are binding and may not be rescinded.

AST will mail to you a check for the net proceeds of the sale, together with a Form 1099-B reporting the sale of shares for income tax purposes, usually on the third business day following the date your shares are sold. Sale information also will be reported to the Internal Revenue Service.

You may sell your shares through a stockbroker of your choice, or privately. In either case, request conversion of your full Plan shares into direct registration. If you wish to have your shares registered in the name of a nominee, follow the procedures described in Question 9. Upon receipt of the direct registration confirmation, proceed as you would to sell any other stock that is registered in your name or the name of your nominee.

Table of Contents

Please note that if your Plan account holds less than one full share, American Water or AST may close the account, liquidate the fractional share and send you a check representing the market value of the fractional share that was in the account, less the \$15.00 withdrawal fee.

11. How may I close my Plan account?

You may close your account at any time by checking the appropriate box on the tear off form attached to a Plan statement and mailing it to AST at the address set forth in Question 3. Your account will be closed within five business days after AST receives your instructions. If your request is received less than three days prior to a dividend payment date, the dividend will be reinvested to the extent previously authorized, and the reinvested shares will be added to the shares to be withdrawn from your Plan account. There is a \$15.00 administrative fee for closing a Plan account.

When your account is closed, AST will convert all of the full shares in your Plan account to direct registration in the exact name(s) shown on the account. (If you wish a different name to be registered, please follow the procedures described in Question 9.) AST will liquidate any fractional share in your account and send you a check for the proceeds, less applicable fees. After your account is closed, dividends on any shares of American Water stock, other than dividends payable in stock or other non-cash assets, will be paid in cash and sent to you at the address you provide, or automatically deposited in your bank account in accordance with your instructions.

Alternatively, you may direct AST to sell any or all of the shares in your account. If AST sells your shares, a liquidation fee of \$15.00 plus \$0.10 per share, together with any applicable transfer tax, will be deducted from the proceeds, and AST will mail you a check for the net proceeds, together with a Form 1099-B reporting the sale of shares for income tax purposes. Sale information also will be reported to the Internal Revenue Service. You will not receive interest on sales proceeds held pending disbursement.

12. How may I keep track of my account's activity?

AST will send to you statements of your year-to-date account activity, dividend reinvestment, additional investment or sale of shares. The statements will show, to the extent applicable, the amount invested, the purchase or sale price of shares subject to Plan transactions, the number of shares purchased or sold and Plan fees, if any, as well as any activity associated with share deposits or withdrawals. Please notify AST promptly in writing if your address changes.

Please retain all statements for your records. The statements contain important tax and other information. You will be charged a fee of \$25.00 if you require a duplicate statement for a prior year. There are no fees for the current year's statement.

13. What happens if American Water issues a stock dividend, declares a stock split or conducts a rights offering?

Your Plan account will be adjusted to reflect any additional shares of American Water stock distributed as a stock dividend, stock split or other distribution, based on shares of American Water held in your account. In the event of a stock subscription or other rights offering, you will be entitled to receive rights based on the total number of whole shares credited to your account. Transaction processing may be curtailed or suspended until the completion of any stock dividend, stock split or rights offering.

14. May I vote my Plan shares at stockholders' meetings?

Yes. You will receive proxy materials, reports to shareowners, and any other materials sent to American Water stockholders. The proxy card you receive will represent both the full and fractional shares in your Plan account. American Water may choose to send to you a notice of internet availability of proxy materials instead of a proxy card, proxy statement and annual report. If used, this notice will provide instructions for viewing the annual report and proxy materials online, and for voting your shares. Even if American Water chooses to use this notice, you will be provided an opportunity to request printed or e-mail copies of the annual report and proxy materials, which will be provided without charge.

Table of Contents

15. May the Plan be amended or terminated?

Yes. American Water and AST may suspend, modify or terminate the Plan at any time. Neither American Water nor AST will be liable for any such action. All participants will receive notice of any suspension, modification or termination. If the Plan is terminated, whole shares held in your account will be converted into direct registration and a cash payment will be made for any fractional share. American Water and AST each reserve the right, in its sole discretion, to deny, suspend or terminate participation by a participant who is using the Plan for purposes inconsistent with the intended purpose of the Plan.

16. What are the responsibilities of American Water and AST under the Plan?

Neither American Water nor AST will be liable for any act that was taken in good faith, or for actions required by law, or for good faith omissions to act. This includes any claims for liability relating to the prices at which shares are purchased or sold for your account, the dates of purchases or sales, or changes in the market value of American Water stock.

You should recognize that neither American Water nor AST can assure you of a profit or protect you against a loss on shares purchased through the Plan. Moreover, the Board of Directors of American Water determines dividend record and payment dates, and dividend amounts. The Board of Directors may increase or decrease dividends.

17. What are the tax consequences of participating in the Plan?

The discussion below is only a summary of the important U.S. federal income tax consequences of your participation in the Plan. This summary is not a complete description of all of the tax consequences of your participation in the Plan and is subject to change based on changes in tax laws and regulations. Participants in the Plan are advised to consult their own tax advisors with respect to the tax consequences of participation in the Plan (including the effect of federal, state, local and foreign tax laws and U.S. tax withholding laws).

The U.S. federal income tax consequences of participating in the Plan are as follows:

Cash dividends reinvested under the Plan are taxable to you as if they had been paid to you in cash on the applicable dividend payment date and may be eligible for reduced rates of income tax as qualified dividend income if specified conditions are satisfied. Investment earnings such as dividends may be subject to a Medicare tax payable by individuals, trusts and estates whose adjusted gross income exceeds specified levels.

The tax basis of shares purchased with reinvested dividends or additional cash purchases generally is the amount you paid to acquire the shares. In addition, the Internal Revenue Service may require that fees incurred in the purchase of shares and paid by us on your behalf be treated as income to you, in which case such amounts also can be included in the tax basis of the purchased shares.

You do not realize taxable income from the transfer of shares to your Plan account or from the withdrawal of whole shares from your Plan account. You will, however, generally realize gain or loss from the receipt of cash instead of any fractional share. You also will realize gain or loss when your Plan shares are sold. The amount of the gain or loss generally will be the difference between the amount you receive for the shares and the tax basis of the shares.

The Plan Administrator reports dividend income to participants and the Internal Revenue Service on Form 1099-DIV. The Plan Administrator reports the gross proceeds from the sale of Plan shares and tax basis information to the selling participants and the Internal Revenue Service on Form 1099-B. The type of tax information that you will receive and that will be sent to the Internal Revenue Service on Form 1099-B will depend on whether the shares sold were acquired after December 31, 2011 (Post-2011 shares) or before January 1, 2012 (Pre-2012 shares). When Post-2011 shares are sold, your cost or other basis in such shares and whether the gain or loss with respect to such sale is long-term or short-term will be reported to you and the Internal Revenue Service. The Plan assumes that each participant will use the first-in, first out (FIFO) method when determining the tax basis of shares of any shares sold. Participants may designate their preference for a different method of determining the tax basis of shares at any time by

Edgar Filing: American Water Works Company, Inc. - Form S-3ASR

identifying this preference in writing to AST. Participants may designate in writing their preference for a specific identification cost basis or for the average basis method.

Your dividends and sale proceeds are subject to federal withholding if you fail to provide a taxpayer identification number to the Plan Administrator. Dividends and sale proceeds payable to participants residing in certain foreign countries also may be subject to federal withholding. In any case in which federal income taxes are required to be withheld, the Plan Administrator reinvests or pays to you, as the case may be, an amount equal to the dividends or sale proceeds less the amount of tax withheld. For Internal Revenue Service reporting purposes, the amount of any dividend withheld is included in the dividend income. Additionally, starting in 2014, dividends and sales proceeds payable to foreign shareholders will be subject to special reporting rules referred to as FATCA. If these rules are not complied with, such dividends (and sales proceeds beginning in 2017) will be subject to a withholding tax rate of 30%, notwithstanding any treaty that may provide for a lower rate.

Item 15. Indemnification of Directors and Officers.

Section 145(a) of the Delaware General Corporation Law, or the DGCL, provides in relevant part that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (other than an action by or in the right of the corporation) by reason of the fact that such person is or was a director or officer of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another entity, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful.

Section 145(b) of the DGCL provides in relevant part that a corporation may indemnify any person who was, is or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director or officer of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another entity against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

The registrant's bylaws and restated certificate of incorporation generally provide that the registrant will indemnify its directors and officers to the fullest extent permitted by law.

Section 145(g) of the DGCL provides that a corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation, or is or was serving at the request of the corporation as director, officer, employee or agent of another entity against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under Section 145 of the DGCL. The registrant has obtained officers' and directors' liability insurance that insures against liabilities that officers and directors of the registrant may, in such capacities, incur.

provided, however, that paragraphs (i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

Table of Contents

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
