ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

Concurrent Offerings of Convertible Notes and Common Shares

On March 11, 2013, M/I Homes, Inc. (the Company) completed its concurrent offerings of (1) \$86,250,000 aggregate principal amount of its 3.0% Convertible Senior Subordinated Notes due 2018 (the Notes) and (2) 2,461,000 of its common shares (the Shares) at a price to the public of \$23.50 per Share.

The Company will use approximately \$50 million of the net proceeds of the concurrent offerings of the Notes and the Shares to redeem 2,000 of its outstanding 9.75% Series A Preferred Shares and intends to use the balance of the net proceeds of the concurrent offerings for general corporate purposes, which may include acquisitions of land, land development, home construction, repayment of indebtedness or dividends on, or further redemptions of, its 9.75% Series A Preferred Shares.

Convertible Notes Offering

Convertible Notes Underwriting Agreement

The offering of the Notes was consummated pursuant to the terms of an underwriting agreement, dated as of March 5, 2012 (the Notes Underwriting Agreement), by and among the Company, as issuer, certain subsidiaries of the Company, as guarantors (the Guarantors), and Citigroup Global Markets Inc. and J.P. Morgan Securities LLC, as representatives of the several underwriters named in Schedule I thereto (collectively, the Underwriters).

Convertible Notes Indenture

The Notes were issued under an indenture, dated as of September 11, 2012 (the Base Indenture), by and among the Company, the Guarantors and U.S. Bank National Association, as trustee (the Trustee), as supplemented by a Supplemental Indenture, dated as of March 11, 2013, by and among the Company, the Guarantors and the Trustee (the Supplemental Indenture) (the Base Indenture and the Supplemental Indenture are collectively referred to as the Indenture). The Notes are fully and unconditionally guaranteed by all of the Company's subsidiaries that, as of the date of issuance of the Notes, are guarantors under the Company's outstanding 8.625% Senior Notes due 2018 and outstanding 3.25% Convertible Senior Subordinated Notes due 2017. The Notes will be senior subordinated unsecured obligations of the Company and will be guaranteed by the Guarantors on a senior subordinated unsecured basis.

The Notes will bear interest at a rate of 3.0% per year, payable semiannually in arrears on March 1 and September 1 of each year, beginning on September 1, 2013. The Notes will mature on March 1, 2018, unless earlier redeemed, purchased or converted. At any time prior to the close of business on the second scheduled trading day immediately preceding the stated maturity date, holders may convert their Notes into the Company's common shares. The conversion rate will initially equal 30.9478 of the Company's common shares per \$1,000 principal amount of Notes (equivalent to an initial conversion price of approximately \$32.31 per common share). The conversion rate will be subject to adjustment upon the occurrence of certain events, but will not be adjusted for any accrued but unpaid interest.

On or after March 6, 2016, the Company may redeem for cash any or all of the Notes, except for the Notes that the Company is required to repurchase in connection with a fundamental change, if the last reported sale price of the Company's common shares for at least 20 trading days (whether or not consecutive) during the period of 30 consecutive trading days ending within 10 trading days immediately prior to the date the Company provides the notice of redemption exceeds 130% of the applicable conversion price for the Notes on each applicable trading day. The redemption price for the Notes to be redeemed on any redemption date will equal 100% of the principal amount of the Notes being redeemed, plus accrued and unpaid interest, if any, to, but excluding, the redemption date, unless the redemption date falls after a record date but on or prior to the immediately succeeding interest payment date, in which case the Company will instead pay the full amount of accrued and unpaid interest, including any additional interest, to the holder of record as of the close of business on such record date and the redemption price will be 100% of the principal amount of Notes to be redeemed.

If a fundamental change occurs prior to the stated maturity date, holders of the Notes may require the Company to repurchase for cash all or any portion of their Notes at a fundamental change repurchase price equal to 100% of the

principal amount of the Notes to be repurchased, plus accrued and unpaid interest (including additional interest, if any) to, but excluding, the fundamental change repurchase date, unless the fundamental change repurchase date falls after a record date but on or prior to the immediately succeeding interest payment date, in which case the Company will instead pay the full amount of accrued and unpaid interest, including any additional interest, to the holder of record as of the close of business on such record date and the fundamental change repurchase price will be 100% of the principal amount of notes to be redeemed.

The Notes and the Indenture contain customary events of default, including, without limitation: (i) failure to pay interest on the Notes for 30 days after becoming due; (ii) failure to deliver additional shares constituting the applicable increase in connection with a make-whole fundamental change or a notice of redemption for 10 business days past the applicable delivery date; (iii) failure to pay any principal on the Notes when due; (iv) failure to provide notice of the occurrence of a fundamental change when required; (v) failure to deliver the consideration due upon conversion of the Notes for 10 business days past the applicable settlement date; (vi) failure to repurchase the Notes at the option of a holder upon a fundamental change; (vii) failure to perform any other covenants or warranties in the Indenture for 30 days after receipt of written notice from the Trustee or the holders of at least 25% in principal amount of the Notes then outstanding; (viii) failure to fulfill an obligation to pay indebtedness for borrowed money that results in the acceleration of, or a failure to pay at final maturity, indebtedness aggregating more than \$25 million; (ix) entry of judgments against the Company or any of its restricted subsidiaries in excess of \$25 million (to the extent not covered by insurance) that remain unstayed or unsatisfied for more than 60 days of being entered and are not being contested in good faith by appropriate proceedings; and (x) events of bankruptcy, insolvency or reorganization of the Company or any significant subsidiary.

If an event of default (other than events of default consisting of bankruptcy, insolvency or reorganization) has occurred and is continuing, the Trustee or the holders of not less than 25% in principal amount of the Notes then outstanding may declare the principal amount of the Notes then outstanding and interest, if any, accrued thereon (including additional interest, if any) to be due and payable immediately; provided, that, after such acceleration, but before a judgment or decree based on such acceleration, the holders of a majority in aggregate principal amount of the Notes then outstanding may rescind and annul such acceleration if all events of default, other than nonpayment of accelerated principal and interest, have been cured or waived as provided in the Indenture; further provided, that upon the occurrence of an event of default consisting of a bankruptcy, insolvency or reorganization event, all outstanding Notes will become due and payable without further action or notice; and further provided, that upon an event of default consisting solely of the failure to file reports required by the Indenture, the sole remedy for such event of default for the period of 180 days after the occurrence of such event of default is the payment of additional interest.

Common Share Underwriting Agreement

The offering of the Shares was consummated pursuant to the terms of an underwriting agreement, dated as of March 5, 2013 (the *Common Share Underwriting Agreement*), by and between the Company, as issuer, and J.P.
