**NOTICE OF ANNUAL MEETING OF SHAREHOLDERS**

**TO BE HELD MAY 7, 2013**

To the Shareholders:

Notice is hereby given that the 2013 Annual Meeting of Shareholders of Danaher Corporation, a Delaware corporation ( Danaher ), will be held at the Washington Marriott, 1221 22<sup>nd</sup> Street N.W., Washington, D.C., on May 7, 2013 at 3:00 p.m., local time, for the following purposes:

1. To elect the seven directors named in the attached proxy statement to hold office until the 2014 annual meeting of shareholders and until their successors are elected and qualified.
2. To ratify the selection of Ernst & Young LLP as Danaher s independent registered public accounting firm for the year ending December 31, 2013.
3. To approve certain amendments to Danaher s 2007 Stock Incentive Plan and all of the material terms of the performance goals under the Plan.
4. To approve on an advisory basis the Company s named executive officer compensation.
5. To act upon a shareholder proposal requesting that Danaher s Compensation Committee adopt a policy requiring that senior executives retain a significant percentage of shares acquired through equity pay programs until reaching normal retirement age, if properly presented at the meeting.
6. To act upon a shareholder proposal requesting that Danaher issue a report disclosing its political expenditures and political expenditure policies, if properly presented at the meeting.
7. To consider and act upon such other business as may properly come before the meeting or any adjournment thereof.

The Board of Directors has fixed the close of business on March 8, 2013 as the record date for determination of shareholders entitled to notice of and to vote at the meeting and any adjournment thereof.

**YOUR VOTE IS IMPORTANT. PLEASE SUBMIT YOUR PROXY OR VOTING INSTRUCTIONS AT YOUR EARLIEST CONVENIENCE, WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING. Most shareholders have a choice of voting over the Internet, by telephone or by using a traditional proxy card. Please refer to the attached proxy materials or the information forwarded by your bank, broker or other holder of record to see which voting methods are available to you.**

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE SHAREHOLDER MEETING TO BE HELD ON MAY 7, 2013.**

## PROXY SUMMARY

To assist you in reviewing the proposals to be acted upon at our 2013 Annual Meeting, below is summary information regarding the meeting, Danaher's business, executive compensation and corporate governance and each proposal to be voted upon at the meeting. The following description is only a summary. For more complete information about these topics, please review Danaher's Annual Report on Form 10-K and the complete Proxy Statement.

### 2013 ANNUAL MEETING OF SHAREHOLDERS

Date and time: May 7, 2013, 3:00 p.m. local time

Place: Washington Marriott, 1221 22<sup>nd</sup> Street N.W., Washington, D.C.

Record date: March 8, 2013

### BUSINESS HIGHLIGHTS

Danaher's compounded, average annual shareholder return has outperformed the compounded, average annual shareholder return of the S&P 500 index over each of the last one, two, three-, five-, ten-, fifteen- and twenty-year periods, with a return of 19.0% over the last year, 9.1% over the last two years, 14.0% over the last three years, 5.0% over the last five years, 13.1% over the last ten years, 14.1% over the last fifteen years and 19.6% over the last twenty years (calculated on a dividend reinvested basis).

In response to an uncertain 2012 economic environment that witnessed inconsistent and slowing growth in most major geographies (including slower growth in many of the emerging markets (also referred to in this Proxy Statement as "high growth markets") that in prior years had significantly offset declines in the developed markets), Danaher's executive leadership continued to aggressively manage costs while allocating resources to capitalize on current and future growth opportunities. Danaher used its strong financial position to continue investing in the Company's future growth, consummating fourteen strategic acquisitions during the year, deploying \$123 million in restructuring activities to reduce fixed costs and protect funding for growth investments, investing record amounts in research and development and high-growth market infrastructure, and launching strategically critical new products. In 2012 Danaher also divested two non-strategic businesses and reached an agreement to sell its interest in the Apex Tool Group joint venture, which holds Danaher's legacy hand tool business, representing a key milestone in Danaher's evolution into a science and technology leader (the sale was consummated in February 2013). Even while investing robustly in the Company's future growth, Danaher returned \$734 million to shareholders in 2012 through stock repurchases and dividends.

Danaher's 2012 and prior year growth investments yielded tangible results in 2012, as the Company on a year-over-year basis in 2012 grew revenue 13.5% (including 8.6% in high-growth markets), diluted earnings per share 16.6% and operating cash flow 28.2%, and delivered an operating profit margin of 17.3% despite continuing to invest aggressively in our future.<sup>1</sup> Our commitment to continue investing in future growth despite an uncertain economy, and our generation of the cash flow to fund such investments, has positioned us to grow our business on a profitable and sustainable basis.

<sup>1</sup> All metrics reflect continuing operations only.

## EXECUTIVE COMPENSATION HIGHLIGHTS

### Overview of Executive Compensation Program

As discussed in detail under the heading "Executive Compensation - Compensation Discussion and Analysis," our executive compensation program is designed to attract and retain executives with the leadership skills, attributes and experience necessary to succeed in an enterprise with Danaher's size, diversity and global footprint; motivate executives to demonstrate exceptional personal performance and perform consistently over the long-term at or above the levels that we expect; and link compensation to the achievement of near-term and long-term corporate goals that we believe best correlate with the creation of long-term shareholder value. We believe our executive compensation program has been highly effective in achieving these objectives, both historically and in 2012 in particular, as evidenced by the business highlights noted above.

Our executive compensation program operates within a strong framework of compensation governance. Our Compensation Committee regularly reviews external executive compensation practices and trends and in recent periods has revised Danaher's executive compensation policies and practices to:

- adopt a policy prohibiting any prospective tax reimbursement or gross-up provisions in our executive compensation program (except under any policy applicable to management employees generally such as a relocation policy). In addition, in 2012 Mr. Culp offered, and the Committee agreed, to eliminate the existing tax reimbursement and gross-up provisions in his employment agreement;

- eliminate club membership, automobile and executive life insurance perquisites and limit the amount of our CEO's and CFO's personal aircraft usage perquisite;

- incorporate multiple performance metrics in our annual cash incentive compensation plan;

- implement a rigorous compensation recoupment policy that is triggered by a material restatement of Danaher's financial statements, even in the absence of wrongdoing; and

- require executive officers to maintain robust stock ownership levels, and prohibit hedging against the economic risk of such ownership.

These more recent changes complement strong compensation governance practices that have long been a hallmark of Danaher's program:

- our executive officer equity awards have vesting terms that are longer than typical for our peer group;

- our executive officers have no pension program (apart from a small cash balance plan that operated in lieu of a 401(k) plan from 1997- 2003);

- our annual cash incentive compensation is based on performance over one- and three-year periods, to encourage sustainable performance;

- none of our long-term incentive compensation is paid in cash;

- none of our named executive officers has any rights to automatic acceleration of equity award vesting or cash compensation triggered solely by a change of control; and

the Committee's independent compensation consultant has never provided any services to the Company other than the compensation-related services provided to the Compensation Committee and the Nominating and Governance Committee.

**2012 Compensation Summary**

The following table sets forth the 2012 compensation of our President and Chief Executive Officer, our Executive Vice President and Chief Financial Officer, and our three other most highly compensated executive officers, whom we collectively refer to as our named executive officers. Please see pages 40-41 for information regarding 2011 and 2010 compensation, as well as footnotes.

**CORPORATE GOVERNANCE HIGHLIGHTS**

Our Board of Directors recognizes that Danaher's success over the long-term requires a strong framework of corporate governance that serves the best interests of all our shareholders. Below are highlights of our corporate governance framework:

in uncontested elections, our directors must be elected by a majority of the votes cast by our shareholders, and an incumbent director who fails to receive such a majority is required to tender his or her resignation from the Board;

by 2014, all of our directors will be elected annually;

our Chairman and CEO positions are separate;

our Board has established a Lead Independent Director position, elected by the independent directors;

all members of our Audit, Compensation and Nominating and Governance Committees are independent as defined by New York Stock Exchange listing standards;

Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

our shareholders have the right to act by written consent;

shareholders owning 25% or more of our outstanding shares may call a special meeting of shareholders;

we have never had a shareholder rights plan;

we have no supermajority voting requirements in our certificate of incorporation; and

Danaher and its subsidiaries made no political expenditures in 2012 and we disclose our political expenditures policy on our public website.

**VOTING MATTERS**

**ELECTION OF DIRECTORS (ITEM 1).** We are asking our shareholders to elect each of the seven directors identified above to serve until the 2014 annual meeting of shareholders.

Board Recommendation: FOR each nominee

\*\*\*\*\*

**RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (ITEM 2).** We are asking our shareholders to ratify our Audit Committee's selection of Ernst & Young LLP (E&Y) to act as the independent registered public accounting firm for Danaher for 2013. Although our shareholders are not required to approve the selection of E&Y, our Board believes that it is advisable to give our shareholders an opportunity to ratify this selection.

Board Recommendation: FOR

\*\*\*\*\*

**APPROVAL OF AMENDMENTS TO DANAHER'S 2007 STOCK INCENTIVE PLAN AND MATERIAL TERMS OF THE PLAN'S PERFORMANCE GOALS (ITEM 3).** We are asking our shareholders to amend Danaher's 2007 Stock Incentive Plan to (1) authorize the delivery of up to an additional 17 million shares under the Plan (no more than 4.5 million of which may be granted in any form other than stock options or SARs) for a total of 62 million authorized shares (no more than 18.5 million of the total authorized shares may be granted in any form other than stock options or SARs), and (2)(i) add total shareholder return, core revenue and market share objectives as additional performance objectives that may be applied to Section 162(m)-designated awards under the Plan (to conform the list of performance objectives available under the Plan to the list of performance objectives available under the Company's 2007 Executive Incentive Compensation Plan); (ii) provide that the Administrator cannot cancel underwater options for cash without shareholder approval; (iii) provide that any dispute arising under the Plan will be conducted in the courts of New Castle County in the State of Delaware, or the United States Federal court for the District of Delaware; and (iv) extend the duration of the Plan from May 15, 2017 to May 15, 2020. Approval of the amendments will also be deemed to constitute approval of all of the material terms of the performance goals under the Plan for purposes of Section 162(m) of the Internal Revenue Code.

Board Recommendation: FOR

\*\*\*\*\*

**ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION (ITEM 4).** We are asking our shareholders to cast a non-binding, advisory vote on our executive compensation program. We were gratified that in 2012, 94.9% of the votes cast by our shareholders supported our executive compensation program. In evaluating this year's say on pay proposal, we recommend that you review our CD&A, which explains how and why the Compensation Committee of our Board arrived at its executive compensation actions and decisions for 2012.

Board Recommendation: FOR

\*\*\*\*\*

**SHAREHOLDER PROPOSAL (ITEM 5).**

You are being asked to consider a shareholder proposal requesting adoption of a policy requiring that senior executives retain a significant percentage of shares acquired through equity pay programs until reaching normal retirement age.

Board Recommendation: AGAINST

\*\*\*\*\*

**SHAREHOLDER PROPOSAL (ITEM 6).** Finally, you are being asked to consider a shareholder proposal requesting that Danaher issue a report disclosing its political expenditures and political expenditure policies.

Board Recommendation: AGAINST

**PROXY STATEMENT**

**DANAHER CORPORATION**

**2200 Pennsylvania Avenue, N.W., Suite 800W**

**Washington, D.C. 20037-1701**

**2013 ANNUAL MEETING OF SHAREHOLDERS**

**MAY 7, 2013**

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors ( **Board** ) of Danaher Corporation, a Delaware corporation ( **Danaher** ), of proxies for use at the 2013 Annual Meeting of Shareholders ( **Annual Meeting** ) to be held at the Washington Marriott, 1221 22<sup>nd</sup> Street N.W., Washington, D.C., on May 7, 2013 at 3:00 p.m., local time, and at any and all postponements or adjournments thereof. Danaher's principal address is 2200 Pennsylvania Avenue, N.W., Suite 800W, Washington, D.C. 20037-1701. The date of mailing of this Proxy Statement is on or about April 1, 2013.

**Purpose of the Annual Meeting**

The purpose of the meeting is to: elect the seven directors named in this proxy statement to hold office until the 2014 Annual Meeting of Shareholders and until their successors are elected and qualified; ratify the selection of Ernst & Young LLP as Danaher's independent registered public accounting firm for the year ending December 31, 2013; approve certain amendments to Danaher's 2007 Stock Incentive Plan and all of the material terms of the performance goals under the Plan; approve on an advisory basis the Company's named executive officer compensation; act upon a shareholder proposal requesting that Danaher's Compensation Committee adopt a policy requiring that senior executives retain a significant percentage of shares acquired through equity pay programs until reaching normal retirement age, if properly presented at the meeting; act upon a shareholder proposal requesting that Danaher issue a report disclosing its political expenditures and political expenditure policies, if properly presented at the meeting; and consider and act upon such other business as may properly come before the meeting or any adjournment thereof.

**Annual Meeting Admission**

Please be prepared to present photo identification for admittance. If you are a shareholder of record or hold your shares through a Danaher 401(k) plan, your name will be verified against the list of shareholders of record or plan participants on the record date prior to your being admitted to the Annual Meeting. If you are not a shareholder of record but hold shares through a broker, bank or nominee (*i.e.*, in street name), you should also be prepared to provide proof of beneficial ownership as of the record date, such as a recent brokerage account statement showing your ownership, a copy of the voting instruction card provided by your broker, bank or nominee, or other similar evidence of ownership.

**Outstanding Stock and Voting Rights**

In accordance with Danaher's Amended and Restated Bylaws, the Board has fixed the close of business on March 8, 2013 as the record date for determining the shareholders entitled to notice of, and to vote at, the Annual Meeting. Only shareholders of record at the close of business on that date will be entitled to vote. The only outstanding securities of Danaher entitled to vote at the Annual Meeting are shares of Common Stock, \$.01 par value. Each outstanding share of Danaher Common Stock entitles the holder to one vote on each directorship and other matter brought before the Annual Meeting. As of the close of business on March 8, 2013, 692,385,298 shares of Danaher Common Stock were outstanding, excluding shares held by or for the account of Danaher.

The proxies being solicited hereby are being solicited by Danaher's Board. The total expense of the solicitation will be borne by Danaher, including reimbursement paid to banks, brokerage firms and other nominees for their reasonable expenses in forwarding material regarding the Annual Meeting to beneficial

owners. Solicitation of proxies may be made personally or by mail, telephone, internet, e-mail or facsimile by officers and other management employees of Danaher, who will receive no additional compensation for their services. We have retained Georgeson Shareholder Communications, Inc. to aid in the solicitation of proxies. For these services, we expect to pay Georgeson a fee of less than \$15,000 and reimburse it for certain out-of-pocket disbursements and expenses.

Proxies will be voted as specified in the shareholder's proxy. If you sign your proxy card with no further instructions, your shares will be voted (1) FOR each of the nominees named herein as directors, (2) FOR ratification of the selection of Ernst & Young LLP as Danaher's independent registered public accounting firm for the year ending December 31, 2013, (3) FOR approval of the proposed amendments to Danaher's 2007 Stock Incentive Plan and all of the material terms of the performance goals under the Plan; (4) FOR approval of the Company's named executive officer compensation, (5) AGAINST the shareholder proposal requesting adoption of a policy requiring that senior executives retain a significant percentage of shares acquired through equity pay programs until reaching normal retirement age, (6) AGAINST the shareholder proposal requesting that Danaher issue a report disclosing its political expenditures and political expenditure policies, and (7) in the discretion of the proxy holders on any other matter that properly comes before the meeting or any adjournment thereof. The Board has selected Steven Rales and Mitchell Rales to act as proxies with full power of substitution.

### **Voting Requirements With Respect to Each of the Proposals Described in this Proxy Statement**

*Quorum.* The quorum necessary to conduct business at the Annual Meeting consists of a majority of the issued and outstanding shares of Danaher Common Stock entitled to vote at the Annual Meeting as of the record date. Abstentions and broker non-votes will be counted as present in determining whether the quorum requirement is satisfied.

*Broker Non-Votes.* Under New York Stock Exchange ( NYSE ) rules, if your broker holds your shares in its name and does not receive voting instructions from you, your broker has discretion to vote those shares on Proposal 2, which is considered a routine matter. However, on non-routine matters such as Proposals 1 and 3-6, your broker must receive voting instructions from you, as it does not have discretionary voting power for these particular items. Therefore, if you are a beneficial owner and do not provide your broker with voting instructions, your shares may constitute broker non-votes with respect to Proposals 1 and 3-6. Broker non-votes will not affect the required vote with respect to Proposals 1 and 3-6 (and will not affect the attainment of a quorum since the broker has discretion to vote on Proposal 2 and these votes will be counted toward establishing a quorum). However, in order for Proposal 3 to be approved, the NYSE listing standards require that the total votes cast must represent more than 50% of the Danaher Common Stock issued, outstanding and entitled to vote at the Annual Meeting (with abstentions counting as votes cast and broker non-votes not counting as votes cast). **As a result, the failure to give your broker instructions for how to vote on Proposal 3 could, depending on the number of votes cast, result in the proposal not being approved.**

*Approval Requirements.* If a quorum is present, the vote required under the Company's Amended and Restated Bylaws to approve each of the proposals is as follows. All votes will be counted by the inspector of election appointed for the meeting.

With respect to Proposal 1, the election of directors, you may vote for or against any or all director nominees or you may abstain as to any or all director nominees. In uncontested elections of directors, such as this election, a nominee is elected by a majority of the votes cast by the shares present in person or represented by proxy and entitled to vote. A majority of the votes cast means that the number of votes cast for a director nominee must exceed the number of votes cast against that nominee. A vote to abstain is not treated as a vote for or against, and thus will have no effect on the outcome of the vote. Under our director resignation policy, our Board will not nominate a director for election, or appoint a director to fill a vacancy or new directorship, unless the individual has tendered in advance an irrevocable resignation effective in such circumstances where the individual

does not receive a majority of the votes cast in an uncontested election and such resignation is accepted by the Board. If an incumbent director is not elected by a majority of the votes cast in an uncontested election, our Nominating and Governance Committee will submit for prompt consideration by the Board a recommendation whether to accept or reject the director's resignation. The Board expects the director whose resignation is under consideration to abstain from participating in any decision regarding that resignation.

With respect to Proposals 2-6, the affirmative vote of a majority of the shares of Danaher Common Stock represented in person or by proxy and entitled to vote on the proposal is required for approval. For these proposals, abstentions are counted for purposes of determining the minimum number of affirmative votes required for approval and, accordingly, have the effect of a vote against the proposal.

#### **Voting Methods**

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered the registered holder of those shares. As the registered shareholder, you can ensure your shares are voted at the Annual Meeting by submitting your instructions by telephone, over the internet, by completing, signing, dating and returning the enclosed proxy card in the envelope provided, or by attending the Annual Meeting and voting your shares at the meeting. Telephone and internet voting for registered shareholders will be available 24 hours a day, up until 11:59 p.m. Central time on May 6, 2013. You may obtain directions to the Annual Meeting in order to vote in person by calling Danaher's Investor Relations department at 202-828-0850.

Most Danaher shareholders hold their shares through a broker, bank or another nominee, rather than registered directly in their name. In that case, you are considered the beneficial owner of shares held in street name, and the proxy materials are being forwarded to you by your broker, bank or other nominee, together with a voting instruction card. As the beneficial owner, you are entitled to direct the voting of your shares by your intermediary. Brokers, banks and other nominees typically offer telephonic or electronic means by which the beneficial owners of shares held by them can submit voting instructions, in addition to the traditional mailed voting instruction cards.

If you participate in the Danaher Stock Fund through the Danaher Corporation & Subsidiaries Savings Plan (the 401(k) Plan) or the Danaher Corporation & Subsidiaries Retirement and Savings Plan (collectively with the 401(k) Plan, the Savings Plans), your proxy will also serve as a voting instruction for Fidelity Management Trust Company (Fidelity), the trustee of the Savings Plans, with respect to shares of Common Stock attributable to your Savings Plan account as of the record date. Fidelity will vote your Savings Plan shares as of the record date in the manner directed by you. If Fidelity does not receive voting instructions from you by May 2, 2013, Fidelity will not vote your Savings Plan shares on any of the proposals brought at the Annual Meeting.

#### **Changing Your Vote**

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of Danaher a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke your proxy or vote at the meeting, you must follow the instructions provided to you by the record holder and/or obtain from the record holder a proxy issued in your name. Attendance at the meeting will not, by itself, revoke a proxy.

#### **Delivery of Documents to Shareholders Sharing an Address**

Danaher and some banks, brokers and other nominee record holders participate in the practice of householding proxy statements and annual reports. This means that only one copy of our proxy statement and

annual report to shareholders may have been sent to multiple shareholders in your household. You may revoke your consent to householding at any time by sending your name, the name of your brokerage firm, and your account number to Household Department, 51 Mercedes Way, Edgewood, NY 11717 or telephoning 1-800-542-1061. The revocation of your consent to householding will be effective 30 days after its receipt. We will promptly deliver a separate copy of our annual report and proxy statement to you if you contact us at Danaher Corporation, Attn: Investor Relations, 2200 Pennsylvania Avenue, N.W., Suite 800W, Washington, D.C. 20037-1701; telephone us at 202-828-0850; or email us at [investor.relations@danaher.com](mailto:investor.relations@danaher.com). If you want to receive separate copies of the proxy statement or annual report in the future; if you and another shareholder sharing an address would like to request delivery of a single copy of the proxy statement or annual report at such address in the future; or if you would like to make a permanent election to receive either printed or electronic copies of the proxy materials and annual report in the future, you may contact us at the above address, telephone number or email address.

**BENEFICIAL OWNERSHIP OF DANAHER COMMON STOCK BY  
DIRECTORS, OFFICERS AND PRINCIPAL SHAREHOLDERS**

The following table sets forth as of March 8, 2013, the number of shares and percentage of Danaher Common Stock beneficially owned by (1) each person who owns of record or is known to Danaher to beneficially own more than five percent of Danaher's Common Stock, (2) each of Danaher's directors and nominees for director and each of the executive officers named in the Summary Compensation Table (the named executive officers), and (3) all executive officers and directors of Danaher as a group. Except as otherwise indicated and subject to community property laws where applicable, each person or entity included in the table below has sole voting and investment power with respect to the shares beneficially owned by that person or entity. Under applicable SEC rules, the definition of beneficial ownership for purposes of this table includes shares over which a person or entity has sole or shared voting or investment power, whether or not the person or entity has any economic interest in the shares, and also includes shares as to which the person has the right to acquire beneficial ownership within 60 days of March 8, 2013.

- (1) Pursuant to the definition of beneficial ownership, balances credited to each executive officer's account under the Amended and Restated Danaher Corporation Executive Deferred Incentive Program (the EDIP), which could under the terms of the EDIP be converted into shares of Danaher Common Stock within 60 days of March 8, 2013, are reflected in the table. EDIP participants generally have the right to terminate employment at any time and at their election receive an immediate distribution of their vested EDIP balance in the form of Danaher Common Stock. For purposes of the table, the number of shares of Danaher Common Stock attributable to a person's EDIP account is equal to (1) the person's outstanding EDIP balance as of March 8, 2013 (to the extent such balance is vested or will become vested within 60 days of March 8, 2013), divided by (2) the closing price of Danaher Common Stock as reported on the NYSE on March 8, 2013 (\$61.94 per share). For purposes of the table, the number of shares attributable to each executive officer's 401(k) account is equal to (a) the officer's balance, as of March 8, 2013, in the Danaher stock fund included in the executive officer's 401(k) account (the 401(k) Danaher Stock Fund), divided by (b) the closing price of Danaher Common Stock as reported on the NYSE on March 8, 2013. The 401(k) Danaher Stock Fund consists of a unitized pool of Danaher Common Stock and cash. The table also includes shares that may be acquired upon (x) exercise of options that are exercisable within 60 days of March 8, 2013, or (y) vesting of restricted stock units (RSUs) that vest within 60 days of March 8, 2013.

- (2) Includes 83,138 shares, options to acquire 63,060 shares and 2,695 RSUs, in each case owned by a revocable trust of which Mr. Caplin and his spouse are the sole trustees, and 21,221 shares held by a charitable foundation of which Mr. Caplin is director and president. Mr. Caplin disclaims beneficial ownership of the shares held by the charitable foundation.

**PROPOSAL 1.**

**ELECTION OF DIRECTORS OF DANAHER**

In May 2011, following approval by the Board, the Company's shareholders approved an amendment to Danaher's Restated Certificate of Incorporation to declassify the Board and provide for the annual election of directors. The amendment did not shorten the existing term of any director, and as a result the directors elected to three-year terms prior to the effectiveness of the amendment will complete those terms. As a result of the declassification amendment, the directors elected at the 2013 Annual Meeting (and at each annual meeting thereafter) will be elected for one-year terms and beginning with the 2014 annual meeting the entire Board will be elected annually.

At the 2013 Annual Meeting, shareholders will be asked to elect the seven directors set forth below to serve until the 2014 annual meeting of shareholders and until their successors are duly elected and qualified. The Board has nominated Donald J. Ehrlich, Linda Hefner Filler, Teri List-Stoll, Walter G. Lohr, Jr., Steven M. Rales, John T. Schwieters and Alan G. Spoon, each of whom currently serves as a director of the Company. Mr. Mortimer M. Caplin, a member of our Board since 1990, will not stand for re-election and will retire from our Board as of the 2013 Annual Meeting. We extend our gratitude to Mr. Caplin for his years of dedicated service to Danaher. Although as of the date of this Proxy Statement the number of directors is fixed at eleven, the Board has adopted a resolution that effective as of Mr. Caplin's retirement, the size of the Board will be reduced to ten members. Proxies cannot be voted for a greater number of persons than the seven nominees named in this Proxy Statement. H. Lawrence Culp, Jr., Mitchell P. Rales and Elias A. Zerhouni, M.D. will continue to serve as directors in the class whose term expires in 2014.

We have set forth below information relating to each nominee for election as director and each director continuing in office, including: his or her principal occupation and any board memberships at other public companies during the past five years; the other experience, qualifications, attributes or skills that led the Board to conclude that he or she should serve or should continue to serve as a director of Danaher; the year in which he or she became a director; age; and the year in which his or her term is scheduled to expire. Please see Corporate Governance Board of Directors and Committees of the Board Nominating and Governance Committee for a further discussion of the Board's process for nominating these candidates. In the event a nominee declines or is unable to serve, the proxies may be voted in the discretion of the proxy holders for a substitute nominee designated by the Board, or the Board may reduce the number of directors to be elected. We know of no reason why this will occur.

**Nominees for One Year Terms That Will Expire in 2014**

Donald J. Ehrlich

Age 75

Mr. Ehrlich has served on Danaher's Board of Directors since 1985. He served as President and Chief Executive Officer of Schwab Corp., a manufacturer of fire-protective safes, files, cabinets and vault doors, from January 2003 until his retirement in July 2008, and has also served on the boards of private and non-profit organizations.

Mr. Ehrlich also founded and served as the chairman and chief executive officer of an NYSE-listed publicly-traded manufacturing company, and has also founded and served as CEO of two privately held manufacturing companies. As an entrepreneur and business leader who began his career on the factory floor, has been awarded over fifteen patents and worked his way to leadership of an NYSE-listed publicly-traded company, Mr. Ehrlich has a broad understanding of the strategic challenges and opportunities facing a publicly-traded manufacturing company such as Danaher. He also has a broad, functional skill-set in the areas of engineering, finance, capital allocation and executive compensation.

Linda Hefner Filler

Age 53

Ms. Hefner Filler has served on Danaher's Board of Directors since 2005. She has served as President, North America of Claire's Stores, Inc., a specialty retailer, since March 2013. From May 2007 to June 2012, she served as Executive Vice President of Wal-Mart Stores Inc. (an operator of retail stores and warehouse clubs) and from April 2009 to June 2012 as Chief Merchandising Officer for Sam's Club, a division of Wal-Mart. From May 2004 through December 2006, Ms. Hefner Filler served as Executive Vice President - Global Strategy for Kraft Foods Inc., a manufacturer and seller of branded foods and beverages.

Ms. Hefner Filler has served in senior management roles with leading retail and consumer goods companies, with general management responsibilities and responsibilities in the areas of marketing, branding and merchandising. Understanding and responding to the needs of our customers is fundamental to Danaher's business strategy, and Ms. Hefner Filler's keen marketing and branding insights have been a valuable resource to Danaher's Board. Her prior leadership experiences with large public companies has given her valuable perspective for matters of global portfolio strategy and capital allocation as well as global business practices.

Teri List-Stoll

Age 50

Ms. List-Stoll has served on Danaher's Board of Directors since September 2011. She has been Senior Vice President and Treasurer of The Procter & Gamble Company since 2009, and has served in a series of progressively more responsible positions in the Procter & Gamble accounting and finance organization since joining the company in 1994. Prior to joining Procter & Gamble, Ms. List-Stoll was employed by the accounting firm of Deloitte & Touche for almost ten years.

Ms. List-Stoll has served in senior finance and accounting roles with one of the world's leading consumer goods companies. Her experience dealing with complex finance and accounting matters for Procter & Gamble gives her an appreciation for and understanding of the similarly complex finance and accounting matters that Danaher faces. In addition, through her leadership role with one of the world's largest public companies she has insight into the business practices that are critical to the success of a large, growing public company such as Danaher.

Walter G. Lohr, Jr.

Age 69

Mr. Lohr has served on Danaher's Board of Directors since 1983. He was a partner of Hogan Lovells, a global law firm, for over five years until retiring in June 2012 and has also served on the boards of private and non-profit organizations.

Prior to his tenure at Hogan Lovells, Mr. Lohr served as assistant attorney general for the State of Maryland. He has extensive experience advising companies in a broad range of transactional matters, including mergers and acquisitions, contests for corporate control and securities offerings. His extensive knowledge of the legal strategies, issues and dynamics that pertain to mergers and acquisitions and capital raising have been a critical resource for Danaher given the importance of its acquisition program.

Steven M. Rales

Age 62

Mr. Rales is a co-founder of Danaher and has served on Danaher's Board of Directors since 1983, serving as Danaher's Chairman of the Board since 1984. He was also CEO of the Company from 1984 to 1990. In addition, for more than the past five years he has been a principal in a private business entity in the area of film production. Mr. Rales is a brother of Mitchell P. Rales.

The strategic vision and leadership of Mr. Rales and his brother, Mitchell Rales, helped create the Danaher Business System and have guided Danaher down a path of consistent, profitable growth that continues today. In addition, as a result of his substantial ownership stake in Danaher, he is well-positioned to understand, articulate and advocate for the rights and interests of the Company's shareholders.

John T. Schwieters

Age 73

Mr. Schwieters has served on Danaher's Board of Directors since 2003. He has been a Senior Executive of Perseus, LLC, a merchant bank and private equity fund management company, since May 2012 after serving as Senior Advisor from March 2009 to May 2012 and as Vice Chairman from April 2000 to March 2009. Mr. Schwieters is a member of the board of directors of Smithfield Foods, Inc. and Choice Hotels International, Inc., and within the past five years has also served as a director of Union Street Acquisition Corp.

In addition to his roles with Perseus, Mr. Schwieters led the Mid-Atlantic region of one of the world's largest accounting firms after previously leading that firm's tax practice in the Mid-Atlantic region, and has served on the boards and chaired the audit committees of several NYSE-listed public companies. He brings to Danaher extensive knowledge and experience in the areas of public accounting, tax accounting and finance, which are areas of critical importance to Danaher as a large, global and complex public company.

Alan G. Spoon

Age 61

Mr. Spoon has served on Danaher's Board of Directors since 1999. He has served as General Partner of Polaris Venture Partners, a company that invests in private technology firms, since May 2000. Mr. Spoon is also a member of the board of directors of IAC/InterActiveCorp., and within the past five years has also served as a director of Getty Images, Inc. and TechTarget, Inc.

In addition to his leadership role at Polaris Venture Partners, Mr. Spoon previously served as president, chief operating officer and chief financial officer of one of the country's largest, publicly-traded education and media companies, and has served on the boards of numerous public and private companies. His public company leadership experience gives him insight into business strategy, leadership and executive compensation and his public company and private equity experience give him insight into technology trends, acquisition strategy and financing, each of which represents an area of key strategic opportunity for the Company.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR EACH OF THE FOREGOING NOMINEES.**

**Continuing Directors Whose Terms Will Expire in 2014**

H. Lawrence Culp, Jr.

Age 50

Mr. Culp has served on Danaher's Board of Directors and as Danaher's President and Chief Executive Officer since May 2001. Within the past five years, he also previously served as a member of the board of directors of GlaxoSmithKline plc.

Mr. Culp joined the Company in 1990 and served in leadership positions in a variety of different functions and businesses before his promotion to President and CEO in 2001. His broad operating and functional experience and in-depth knowledge of Danaher's businesses and of the Danaher Business System are particularly valuable given the complex, diverse nature of Danaher's portfolio. His insights and perspective from his previous service on the board of one of the world's largest pharmaceutical companies have also proved valuable to Danaher. These experiences, combined with Mr. Culp's talent for leadership and his long-term strategic perspective, have helped drive Danaher's sustained record of growth and performance through a full range of economic cycles.

Mitchell P. Rales

Age 56

Mr. Rales is a co-founder of Danaher and has served on Danaher's Board of Directors since 1983, serving as Chairman of the Executive Committee of Danaher since 1984. He was also President of the Company from 1984 to 1990. In addition, for more than the past five years he has been a principal in private and public business entities in the manufacturing area. Mr. Rales is also a member of the board of directors of Colfax Corporation, and is a brother of Steven M. Rales.

The strategic vision and leadership of Mr. Rales and his brother, Steven Rales, helped create the Danaher Business System and have guided Danaher down a path of consistent, profitable growth that continues today. In addition, as a result of his substantial ownership stake in Danaher, he is well-positioned to understand, articulate and advocate for the rights and interests of the Company's shareholders.

Elias A. Zerhouni, M.D.

Age 61

Dr. Zerhouni has served on Danaher's Board of Directors since 2009. Dr. Zerhouni has served as President, Global Research & Development, for Sanofi-Aventis, a global pharmaceutical company, since January 2011. From 1996 to 2002, Dr. Zerhouni served as Chair of the Russell H. Morgan Department of Radiology and Radiological Sciences, Vice Dean for Research and Executive Vice Dean of the Johns Hopkins School of Medicine. From 2002 to November 2008, Dr. Zerhouni served as director of the National Institutes of Health (NIH), and from November 2008 to December 2010 he provided advisory and consulting services to various non-profit and other organizations as Chairman and President of Zerhouni Holdings.

Dr. Zerhouni, a physician, scientist and world-renowned leader in radiology research, is widely viewed as one of the leading authorities in the United States on emerging trends and issues in medicine and medical care. These insights, as well as his deep, technical knowledge of the research and clinical applications of medical technologies, are of considerable importance given Danaher's strategic expansion in the medical technologies markets. Dr. Zerhouni's government experience also gives him a strong understanding of how government agencies work, and his experience growing up in North Africa, together with the global nature of the issues he faced at NIH, give him a global perspective that is valuable to Danaher.

## CORPORATE GOVERNANCE

### Corporate Governance Overview

Our Board of Directors recognizes that Danaher's success over the long-term requires a strong framework of corporate governance that serves the best interests of all our shareholders. Below are highlights of our corporate governance framework, and additional details follow in the sections below:

in uncontested elections our directors must be elected by a majority of the votes cast by our shareholders, and an incumbent director who fails to receive such a majority is required to tender his or her resignation from the Board;

by 2014, all of our directors will be elected annually;

our Chairman and CEO positions are separate;

our Board has established a Lead Independent Director position, elected by the independent directors

all members of our Audit, Compensation and Nominating and Governance Committees are independent as defined by New York Stock Exchange listing standards;

our shareholders have the right to act by written consent;

shareholders owning 25% or more of our outstanding shares may call a special meeting of shareholders;

we have never had a shareholder rights plan;

we have no supermajority voting requirements in our certificate of incorporation; and

Danaher and its subsidiaries made no political expenditures in 2012 and we disclose our political expenditures policy on our public website.

### Corporate Governance Guidelines, Committee Charters and Standards of Conduct

As part of its ongoing commitment to good corporate governance, our Board of Directors has codified its corporate governance practices into a set of Corporate Governance Guidelines and has also adopted written charters for each of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee of the Board. Danaher has also adopted a code of business conduct and ethics for directors, officers (including our principal executive officer, principal financial officer and principal accounting officer) and employees, known as the Standards of Conduct. The Corporate Governance Guidelines, committee charters and Standards of Conduct referenced above are each available in the Investor Corporate Governance section of our website at <http://www.danaher.com>.

### Board Leadership Structure and Risk Oversight

*Board Leadership Structure.* The Board has separated the positions of Chairman and CEO because it believes that, at this time, this structure best enables the Board to ensure that Danaher's business and affairs are managed effectively and in the best interests of shareholders. This is particularly the case in light of the fact that the Company's Chairman is Steven Rales, a co-founder of the Company who owns approximately

## Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

6.3% of the Company's outstanding shares, served as CEO of the company from 1984 to 1990 and continues to serve as an executive officer of the company. As a result of his substantial ownership stake in the Company, the Board believes that Mr. Rales is uniquely able to understand, articulate and advocate for the rights and interests of the Company's shareholders. Moreover, Mr. Rales uses his management experience with the Company and Board tenure to help ensure that the non-management directors have a keen understanding of the Company's business as well as the strategic and other risks and opportunities that the Company faces. This enables the Board to more effectively provide insight and direction to, and exercise oversight of, the Company's President and CEO and the rest of the management team responsible for the Company's day-to-day business (including with respect to oversight of risk management).

Because Mr. Rales is not independent within the meaning of the NYSE listing standards, our Corporate Governance Guidelines require the appointment of a Lead Independent Director. Our independent directors have appointed Mr. Ehrlich as our Lead Independent Director. As the Lead Independent Director, Mr. Ehrlich:

presides at all meetings of the Board at which the Chairman of the Board and the Chair of the Executive Committee are not present, including the executive sessions of non-management directors;

has the authority to call meetings of the independent directors;

acts as a liaison as necessary between the independent directors and the management directors; and

advises with respect to the Board's agenda.

*Risk Oversight.* The Board's role in risk oversight at the Company is consistent with the Company's leadership structure, with management having day-to-day responsibility for assessing and managing the Company's risk exposure and the Board and its committees overseeing those efforts, with particular emphasis on the most significant risks facing the Company. The Board oversees the Company's risk management processes directly and through its committees. In general, the Board oversees the management of risks inherent in the operation of the Company's businesses, the implementation of its strategic plan, its acquisition and capital allocation program, its capital structure and liquidity and its organizational structure. Each of the Board's committees also oversees the management of Company risks that fall within the committee's areas of responsibility. The Audit Committee oversees risks related to financial controls and legal and compliance risks and generally oversees the Company's risk assessment and risk management policies; the Nominating and Governance Committee oversees corporate governance risks; and the Compensation Committee considers the impact of the Company's compensation programs on the Company's risk profile. Each committee reports to the full Board on a regular basis, including as appropriate with respect to the committee's risk oversight activities. In addition, since risk issues often overlap, committees from time to time request that the full Board discuss particular risks. On an annual basis, the Company's Risk Committee (consisting of members of senior management) inventories, assesses and prioritizes the most significant risks facing the Company as well as related mitigation efforts and provides a report to the Board. With respect to the manner in which the Board's risk oversight function impacts the Board's leadership structure, as described above our Board believes that Mr. Rales' management experience and tenure help the Board to more effectively exercise its risk oversight function.

### **Director Independence**

At least a majority of the Board must qualify as independent within the meaning of the listing standards of the NYSE. The Board has affirmatively determined that other than Messrs. Steven Rales, Mitchell Rales and H. Lawrence Culp, Jr., each of whom is an executive officer of Danaher, all of the remaining eight members of the Board, consisting of Mss. Hefner Filler and List-Stoll, Messrs. Caplin, Ehrlich, Lohr, Schwieters and Spoon and Dr. Zerhouni, are independent within the meaning of the listing standards of the NYSE. The Board concluded that none of the independent directors possesses any of the bright-line relationships set forth in the listing standards of the NYSE that prevent independence, or except as discussed below, any other relationship with Danaher other than Board membership.

In making its determination with respect to the independence of the directors identified above as independent, the Board considered the following transactions, relationships and arrangements. In 2012, the Company and its subsidiaries sold products to The Procter & Gamble Company, where Ms. List-Stoll serves as an officer; sold products to and purchased products from Sanofi-Aventis, where Dr. Zerhouni serves as an officer; and sold products to Wabash National Corp., where an immediate family member of Mr. Ehrlich serves as an officer. In each case, the amount of sales and the amount of purchases in 2012 were less than 0.05% of the 2012 revenues of such other company and less than 0.1% of Danaher's 2012 revenues. In addition, Ms. Hefner Filler served as an officer of Wal-Mart Stores Inc. until June 2012. In February 2012, while Ms. Hefner Filler was still employed by Wal-Mart, the Board considered the fact that in 2011 the Company and its subsidiaries

sold products to and purchased products from Wal-Mart, in each case in amounts less than 0.05% of Wal-Mart's 2011 revenues and less than 0.1% of Danaher's 2011 revenues. In all of the cases described above, the sales and purchases were made in the ordinary course of business, on commercial terms and on an arms-length basis and the director had no role in the decision-making with respect to such transactions, and in each case the Board determined that such transactions do not create a material relationship between the director and Danaher and do not affect the director's independence. Finally, Mr. Lohr served as a partner of the Hogan Lovells law firm until his retirement in June 2012. In February 2012, prior to Mr. Lohr's retirement as a Hogan Lovells partner, the Board considered the fact that attorneys at Hogan Lovells provide legal services to entities controlled by Messrs. Steven Rales and Mitchell Rales. The aggregate amount of legal services provided by Hogan Lovells in 2011 to the Rales affiliates was less than 0.1% of Hogan Lovells' 2011 revenues. The Board concluded that the relationship did not constitute a material relationship with respect to Mr. Lohr because it did not impair Mr. Lohr's independent judgment in connection with his duties and responsibilities as a director of Danaher.

In light of Mr. Lohr's retirement as a Hogan Lovells partner in 2012 and Ms. Hefner Filler's departure from Wal-Mart in 2012, there were no transactions, relationships or arrangements with respect to Mr. Lohr or Ms. Hefner Filler, respectively, that the Board considered in determining their independence in February 2013. In 2012 the Company and its subsidiaries sold products to, and purchased products from, Wal-Mart in amounts less than 0.05% of Wal-Mart's 2012 revenues and less than 0.1% of Danaher's 2012 revenues, and Hogan Lovells provided legal services to the Rales affiliates in an amount less than 0.1% of Hogan Lovells' 2012 revenues.

Danaher's non-management directors (all of whom are independent within the meaning of the listing standards of the NYSE) meet in executive session following the Board's regularly-scheduled meetings. The sessions are scheduled and chaired by the Lead Independent Director.

### Board of Directors and Committees of the Board

*General.* The Board met nine times during 2012. All directors attended at least 75% of the aggregate of the total number of meetings of the Board and of all committees of the Board on which they served (during the period they so served) during 2012. Danaher typically schedules a Board meeting in conjunction with each annual meeting of shareholders and as a general matter expects that the members of the Board will attend the annual meeting. Nine of the eleven directors serving at the time attended the Company's annual meeting in May 2012.

The membership of each of the Audit, Compensation, Nominating and Governance and Finance committees as of March 8, 2013 is set forth below.

Name of Director	Audit	Compensation	Nominating and Governance	Finance
Mortimer M. Caplin	X	X		
H. Lawrence Culp, Jr.				X
Donald J. Ehrlich	X	X*		
Linda Hefner Filler			X*	
Walter G. Lohr, Jr.				X
Teri List-Stoll	X			
Mitchell P. Rales				X*
Steven M. Rales				X
John T. Schwieters	X*		X	
Alan G. Spoon		X		
Elias A. Zerhouni, M.D.			X	

X = committee member; \* = Chair

*Audit Committee.* The Audit Committee met seven times during 2012. The Audit Committee assists the Board in overseeing the quality and integrity of Danaher's financial statements, the effectiveness of Danaher's internal controls over financial reporting, Danaher's compliance with legal and regulatory requirements, the qualifications, independence and performance of Danaher's independent auditors and the performance of Danaher's internal audit function, and also oversees the Company's risk assessment and risk management policies. The Committee reports to the Board on its actions and recommendations at each regularly scheduled Board meeting. The Board has determined that all of the members of the Audit Committee are independent for purposes of Rule 10A-3(b)(1) under the Securities Exchange Act and the NYSE listing standards, that Messrs. Schwieters and Ehrlich and Ms. List-Stoll each qualify as an audit committee financial expert as that term is defined in Item 407(d)(5) of Regulation S-K and that each member of the Audit Committee is financially literate within the meaning of the NYSE listing standards.

*Compensation Committee.* The Compensation Committee met ten times during 2012. The Compensation Committee discharges the Board's responsibilities relating to compensation of our executive officers, including evaluating the performance of, and approving the compensation paid to, our executive officers. The Committee also:

reviews and discusses with Company management the Compensation Discussion & Analysis (CD&A) included in the Company's annual meeting proxy statement and recommends to the Board the inclusion of the CD&A in the annual meeting proxy statement;

reviews and makes recommendations to the Board with respect to the adoption, amendment and termination of all executive incentive compensation plans and all equity compensation plans, and exercises all authority of the Board (and all responsibilities assigned by such plans to the Committee) with respect to the administration of such plans;

monitors compliance by directors and executive officers with the Company's stock ownership requirements; and

considers the impact of the Company's compensation programs on the Company's risk profile.

Each member of the Compensation Committee is an outside director for purposes of Section 162(m) (Section 162(m)) of the Internal Revenue Code (the Code), a non-employee director for purposes of Rule 16b-3 under the Securities Exchange Act and, based on the determination of the Board, independent under the NYSE listing standards. While the Committee's charter authorizes it to delegate its powers to sub-committees, the Committee did not do so during 2012. The Committee reports to the Board on its actions and recommendations at each regularly scheduled Board meeting. The Chair of the Committee works with our CEO and our Secretary to schedule the Committee's meetings and set the agenda for each meeting. Our CEO, Senior Vice President-Human Resources, Senior Vice President-General Counsel, Vice President-Compensation and Secretary generally attend the Committee meetings and support the Committee in preparing meeting materials and taking meeting minutes. In particular, our CEO provides background regarding the interrelationship between our business objectives and executive compensation matters; participates in the Committee's discussions regarding the performance and compensation of the other executive officers and provides recommendations to the Committee regarding all significant elements of compensation paid to such officers, their annual, personal performance objectives and his evaluation of their performance; and provides feedback regarding the companies that he believes Danaher competes with in the marketplace and for executive talent. The Committee gives considerable weight to our CEO's evaluation of and recommendations with respect to the other executive officers because of his direct knowledge of each such officer's performance and contributions. Danaher's human resources department also provides the Committee with such data relating to executive compensation as requested by the Committee. The Committee typically meets in executive session, without the presence of management, at each regularly scheduled meeting.

Under the terms of its charter, the Committee has the authority to engage the services of outside advisors and experts to assist the Committee. The Committee has engaged Frederic W. Cook & Co., Inc. ( F.W. Cook ) as the Committee's independent compensation consultant for a number of years. The Committee engages F.W. Cook because it is considered one of the premier independent compensation consulting firms in the country and has never provided any services to the Company other than the compensation-related services provided to or at the direction of the Compensation Committee and the Nominating and Governance Committee. F.W. Cook takes its direction solely from the Committee (and with respect to matters relating to the non-management director compensation program, the Nominating and Governance Committee). F.W. Cook's primary responsibilities in 2012 were to review the Company's executive compensation program, compare compensation levels for the Company's named executive officers to executive compensation levels at the Company's peers to assess whether the Company's pay levels are competitive, and analyze the Company's executive compensation program in the context of emerging corporate governance best practices; provide advice to the Committee on updating the peer group used to assess competitive compensation practices; provide advice to the Committee in connection with modifications to certain elements of the Company's executive compensation program; and update the Committee regarding legislative and regulatory initiatives and other trends in the area of executive compensation. The Committee does not place any material limitations on the scope of the feedback provided by F.W. Cook. In the course of discharging its responsibilities, F.W. Cook may from time to time and with the Committee's consent, request from management certain information regarding compensation amounts and practices, the interrelationship between our business objectives and executive compensation matters, the nature of the Company's executive officer responsibilities and other business information.

The Committee has considered whether the work performed by F.W. Cook for or at the direction of the Compensation Committee and the Nominating and Governance Committee raises any conflict of interest, taking into account the factors listed in Securities Exchange Act Rule 10C-1(b)(4), and has concluded that such work does not create any conflict of interest.

*Nominating and Governance Committee.* The Nominating and Governance Committee met three times in 2012. The Nominating and Governance Committee assists the Board in identifying individuals qualified to become Board members, proposes to the Board a slate of directors for election by Danaher's shareholders at each annual meeting, makes recommendations to the Board regarding the membership of the Board's committees, makes recommendations to the Board regarding matters of corporate governance, facilitates the annual review of the performance of the Board and its committees, oversees the operation of Danaher's Corporate Governance Guidelines, reviews and makes recommendations to the Board regarding non-management director compensation, and administers Danaher's Related Person Transactions Policy. The Board has determined that all of the members of the Nominating and Governance Committee are independent within the meaning of the NYSE listing standards.

The Nominating and Governance Committee from time-to-time engages an executive search firm to help identify, evaluate and provide background information regarding director candidates, and also considers candidates for Board membership suggested by Board members, management and shareholders. A shareholder who wishes to recommend a prospective nominee for the Board should notify the Nominating and Governance Committee in writing using the procedures described below under Communications with the Board of Directors with whatever supporting material the shareholder considers appropriate.

If a prospective nominee has been identified other than in connection with a director search process initiated by the Committee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. The Committee's determination of whether to conduct a full evaluation is based primarily on the Committee's view as to whether a new or additional Board member is necessary or appropriate at such time, and the likelihood that the prospective nominee can satisfy the evaluation factors described below and any such other factors as the Committee may deem appropriate. The Committee takes into account whatever information is provided to the Committee with the recommendation of the prospective candidate and any additional inquiries the Committee may in its discretion conduct or have conducted with respect to such prospective nominee. If the

Committee determines that any such prospective nominee warrants additional consideration, or if the Committee has initiated a director search process and has identified one or more prospective nominees, the Committee will evaluate such prospective nominees against the standards and qualifications set out in Danaher's Corporate Governance Guidelines, including:

personal and professional integrity and character;

prominence and reputation in the prospective nominee's profession;

skills, knowledge and expertise (including business or other relevant experience) useful and appropriate in overseeing and providing strategic direction with respect to Danaher's business;

the extent to which the interplay of the prospective nominee's skills, knowledge, experience and background with that of the other Board members will help build a Board that is effective in collectively meeting Danaher's strategic needs and serving the long-term interests of the shareholders;

the capacity and desire to represent the interests of the shareholders as a whole; and

availability to devote sufficient time to the affairs of Danaher.

The Committee also considers such other factors as it may deem relevant and appropriate, including the current composition of the Board, any perceived need for one or more particular areas of expertise, the balance of management and independent directors, the need for Audit Committee and/or Compensation Committee expertise and the evaluations of other prospective nominees. The Board does not have a formal or informal policy with respect to diversity but believes that the Board, taken as a whole, should embody a diverse set of skills, knowledge, experiences and backgrounds appropriate in light of the Company's needs, and in this regard also subjectively takes into consideration the diversity (with respect to race, gender and national origin) of the Board when considering director nominees. The Board does not make any particular weighting of diversity or any other characteristic in evaluating nominees and directors.

If the Committee determines that a prospective nominee warrants further consideration, one or more members of the Committee (and other members of the Board as appropriate) will interview the prospective nominee. After completing this evaluation and interview process, if the Committee deems it appropriate it will recommend that the Board appoint one or more prospective nominees to the Board or nominate one or more such candidates for election to the Board.

The Committee also reviews and makes recommendations to the Board regarding non-management director compensation (although the Board makes the final determination regarding the amounts and type of non-management director compensation). In connection with its periodic evaluations of non-management director compensation, the Committee reviews the compensation practices for non-management directors within Danaher's peer group. For a description of the annual compensation paid to each non-management director, please see [Director Compensation](#).

*Finance Committee.* The Finance Committee met twice in 2012. The Finance Committee approves business acquisitions, divestitures and investments up to the levels of authority delegated to it by the Board.

### **Majority Voting for Directors**

Our Amended and Restated Bylaws provide for majority voting in uncontested director elections, and our Board has adopted a director resignation policy. Under the policy, the Board will not nominate a director for election, or appoint a director to fill a vacancy or new directorship, unless the individual has tendered in advance an irrevocable resignation effective if the individual does not receive a majority of the votes cast in an uncontested election and such resignation is accepted by the Board. If an incumbent director is not elected by a majority of the votes cast in an uncontested election, our Nominating and Governance Committee will submit for prompt consideration by the Board a recommendation whether to accept or reject the director's resignation. The Board expects the director whose resignation is under consideration to abstain from participating in any decision regarding that resignation.

However, at any meeting of shareholders for which the Secretary of the Company receives a notice that a shareholder has nominated a person for election to the Board of Directors in compliance with the Company's Amended and Restated Bylaws and such nomination has not been withdrawn on or before the tenth day before the Company first mails its notice of meeting to the Company's shareholders, the directors will be elected by a plurality of the votes cast (which means that the nominees who receive the most affirmative votes would be elected to serve as directors).

#### **Website Disclosure**

We may provide disclosure in the Investor Corporate Governance section of our corporate website, <http://www.danaher.com>, of any of the following: (1) the identity of the presiding director at meetings of non-management or independent directors, or the method of selecting the presiding director if such director changes from meeting to meeting; (2) the method for interested parties to communicate directly with the Board or with individual directors, the Lead Independent Director or the non-management or independent directors as a group; (3) the identity of any member of Danaher's Audit Committee who also serves on the audit committees of more than three public companies and a determination by the Board that such simultaneous service will not impair the ability of such member to effectively serve on Danaher's Audit Committee; and (4) contributions by Danaher to a tax exempt organization in which any non-management or independent director serves as an executive officer if, within the preceding three years, contributions in any single fiscal year exceeded the greater of \$1 million or 2% of such tax exempt organization's consolidated gross revenues. We also intend to disclose any amendment to the Standards of Conduct that relates to any element of the code of ethics definition enumerated in Item 406(b) of Regulation S-K, and any waiver from a provision of the Standards of Conduct granted to any of our directors, principal executive officer, principal financial officer, principal accounting officer, or any other executive officer, in the Investor Corporate Governance section of our corporate website, <http://www.danaher.com>, within four business days following the date of such amendment or waiver.

#### **Communications with the Board of Directors**

Shareholders and other parties interested in communicating directly with the Board or with individual directors, the Lead Independent Director or the non-management or independent directors as a group may do so by addressing communications to the Board of Directors, to the specified individual director or to the non-management or independent directors, as applicable, c/o Corporate Secretary, Danaher Corporation, 2200 Pennsylvania Avenue, N.W., Suite 800W, Washington, D.C. 20037-1701.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

*The following section discusses and analyzes the compensation provided to each of the executive officers set forth in the Summary Compensation Table below, also referred to as the named executive officers.*

#### Executive Summary and Overview

##### *Shareholder Returns and Business Performance*

Danaher's compounded, average annual shareholder return has outperformed the compounded, average annual shareholder return of the S&P 500 index over each of the last one, two, three-, five-, ten-, fifteen- and twenty-year periods, with a return of 19.0% over the last year, 9.1% over the last two years, 14.0% over the last three years, 5.0% over the last five years, 13.1% over the last ten years, 14.1% over the last fifteen years and 19.6% over the last twenty years (calculated on a dividend reinvested basis). The chart below shows Danaher's total shareholder return (TSR) compared to the TSR of the S&P 500 index over the last twenty years. Danaher's executive compensation program, particularly its emphasis on long-term equity compensation awards with vesting terms that are longer than typical for our peer group, has been fundamental in attracting skilled executives, encouraging them to build long-term careers with Danaher and motivating them to achieve sustainable, long-term operating and financial performance through a range of economic cycles.

#### Total Shareholder Return, 1993-2012

In response to an uncertain 2012 economic environment that witnessed inconsistent and slowing growth in most major geographies (including slower growth in many of the high-growth markets that in prior years had significantly offset declines in the developed markets), Danaher's executive leadership continued to aggressively manage costs while allocating resources to capitalize on current and future growth opportunities. Danaher used its strong financial position to continue investing in the Company's future growth, consummating fourteen strategic acquisitions during the year, deploying \$123 million in restructuring activities to reduce fixed costs and protect funding for growth investments, investing record amounts in research and development and high-growth

market infrastructure, and launching strategically critical new products. In 2012 Danaher also divested two non-strategic businesses and reached an agreement to sell its interest in the Apex Tool Group joint venture, which holds Danaher's legacy hand tool business, representing a key milestone in Danaher's evolution into a science and technology leader (the sale was consummated in February 2013). Even while investing robustly in the Company's future growth, Danaher returned \$734 million to shareholders in 2012 through stock repurchases and dividends.

Danaher's 2012 and prior year growth investments yielded tangible results in 2012, as the Company on a year-over-year basis in 2012 grew revenue 13.5% (including 8.6% in high-growth markets), diluted earnings per share 16.6% and operating cash flow 28.2%, and delivered an operating profit margin of 17.3% despite continuing to invest aggressively in our future.<sup>2</sup> Our commitment to continue investing in future growth despite an uncertain economy, and our generation of the cash flow to fund such investments, has positioned us to grow our business on a profitable and sustainable basis.

#### *2012 Executive Compensation*

The elements and mix of compensation for our named executive officers did not change significantly from 2011 to 2012, reflecting the long-term orientation and year-to-year consistency in our approach to executive compensation (please see "Analysis of 2012 Named Executive Officer Compensation" for a description of the compensation elements in our program). Below is a comparison of the key aspects of our named executive officer compensation for 2012 compared to 2011 (excluding the compensation of Ms. Lalor, who was hired in April 2012).

The target dollar value of the 2012 long-term equity compensation awards for each of the named executive officers did not change on a year-over-year basis.

Annual cash incentive compensation payments for 2012 decreased 4.7% for Mr. Culp and between 4.8% and 9.1% for the other named executive officers, primarily reflecting the modestly lower year-over-year improvement in the Company's Adjusted EPS growth rate compared to the prior year.

Our CEO's base salary remained unchanged, and the base salaries for our other named executive officers increased approximately 5% on a year-over-year basis.

#### *Compensation Governance*

The Compensation Committee (Committee) of our Board of Directors recognizes that the success of our executive compensation program over the long-term requires a strong framework of compensation governance. As a result, the Committee regularly reviews external executive compensation practices and trends and in recent periods has revised Danaher's executive compensation policies and practices to:

adopt a policy prohibiting any prospective tax reimbursement or gross-up provisions in our executive compensation program (except under any policy applicable to management employees generally such as a relocation policy). In addition, in 2012 Mr. Culp offered, and the Committee agreed, to eliminate the existing tax reimbursement and gross-up provisions in his employment agreement;

eliminate club membership, automobile and executive life insurance perquisites and limit the amount of our CEO's and CFO's personal aircraft usage perquisite;

incorporate multiple performance metrics in our annual cash incentive compensation plan;

implement a rigorous compensation recoupment policy that is triggered by a material restatement of Danaher's financial statements, even in the absence of wrongdoing; and

Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

require executive officers to maintain robust stock ownership levels, and prohibit hedging against the economic risk of such ownership.

<sup>2</sup> All metrics reflect continuing operations only.

These more recent changes complement strong compensation governance practices that have long been a hallmark of Danaher's program:

our executive officer equity awards have vesting terms that are longer than typical for our peer group;

our executive officers have no pension program (apart from a small cash balance plan that operated in lieu of a 401(k) plan from 1997- 2003);

our annual cash incentive compensation is based on performance over one- and three-year periods, to encourage sustainable performance;

none of our long-term incentive compensation is paid in cash;

none of our named executive officers has any rights to automatic acceleration of equity award vesting or cash compensation triggered solely by a change of control; and

the Committee's independent compensation consultant has never provided any services to the Company other than the compensation-related services provided to the Committee and the Nominating and Governance Committee.

#### **Overview and Objectives of our Named Executive Officer Compensation Program**

The goal of our compensation program for named executive officers is to build long-term value for our shareholders. Toward this goal, under the Committee's direction we have developed an executive compensation program designed to:

attract and retain executives with the leadership skills, attributes and experience necessary to succeed in an enterprise with Danaher's size, diversity and global footprint;

motivate executives to demonstrate exceptional personal performance and perform consistently over the long-term at or above the levels that we expect; and

link compensation to the achievement of near-term and long-term corporate goals that we believe best correlate with the creation of long-term shareholder value.

To achieve these objectives we have developed a compensation program that combines annual and long-term components, cash and equity, and fixed and variable payments, with a strong bias toward compensation that is dependent on company performance, particularly long-term, equity-based compensation. Our executive compensation program rewards our executive officers when they build long-term shareholder value, achieve annual business goals and maintain long-term careers with Danaher.

#### **Determining Named Executive Officer Compensation**

Danaher's compensation program is grounded on the principle that each executive officer must consistently demonstrate exceptional personal performance in order to remain an executive officer of Danaher. Within the overall framework of this principle and the other objectives discussed above, the Committee exercises its judgment in making executive compensation decisions. The factors that generally shape particular executive compensation decisions (none of which are assigned any particular weight by the Committee) are the following:

## Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

The relative complexity and importance of the executive's position within Danaher. The Committee believes that both the amount and at-risk nature of compensation should increase with the relative complexity and importance of an executive's position, holding the most senior executives most accountable for long-term operating results and changes in shareholder value.

The executive's record of performance, long-term leadership potential and tenure.

Danaher's operational and financial performance. Our cash incentive compensation payments vary annually to reflect near-term changes in operating and financial results. In addition, our long-term compensation is more sensitive to changes in long-term company performance than many comparable

programs because we apply vesting terms that are longer than typical for our peer group and avoid using cash-based long-term incentives.

Our assessment of pay levels and practices in the competitive marketplace. The Committee considers market practice in determining pay levels and compensation design, to ensure that our costs are sustainable relative to peers and compensation is appropriately positioned to attract and retain talented executives. We have a history of successfully applying the Danaher Business System, or DBS (a proprietary set of business processes and methodologies we use that are designed to continuously improve business performance), to deliver strong operating performance and create shareholder value, and we devote significant resources to training our executives in DBS. In addition, given our expectations regarding future growth, our Board and Committee have engaged a corps of named executive officers whom we believe are capable of leading a significantly larger company. As a result of these factors, we believe that our officers are particularly valued by other companies with greater resources, which creates a high degree of retention risk.

The philosophy and goals of our compensation program have remained consistent over time, although the Committee considers the factors above within the context of the then-prevailing economic environment and may adjust the terms and/or amounts of compensation accordingly so that they continue to support our objectives.

The Company provides its shareholders an opportunity to cast an annual advisory vote with respect to its named executive officer compensation as disclosed in the Company's annual proxy statement (the "say on pay proposal"). At the Company's annual meeting of shareholders in May 2012, 94.8% of the votes cast on the say on pay proposal were voted in favor of the proposal. The Committee believes this result affirms shareholders support of the Company's named executive officer compensation and did not make changes to the Company's executive compensation program as a result of such vote.

For a description of the role of the Company's executive officers and the Committee's independent compensation consultant in the executive compensation process, please see Corporate Governance Board of Directors and Committees of the Board Compensation Committee.

#### **Risk Considerations and Review of Executive Compensation Practices**

Risk-taking is a necessary part of growing a business, and prudent risk management is necessary to deliver long-term, sustainable shareholder value. The Committee believes that the Company's executive compensation program supports the objectives described above without encouraging inappropriate or excessive risk-taking. In reaching this conclusion, the Committee considered in particular the following attributes and risk-mitigation features of our compensation program:

our program's emphasis on long-term, equity-based compensation, which discourages risk-taking that produces short-term results at the expense of building long-term shareholder value;

vesting terms that are longer than typical for our peer group, which (together with our recoupment policy) help ensure that our executives realize their compensation over a time horizon that is consistent with achieving long-term shareholder value;

the balance between options and RSUs within our equity compensation program, which yields an overall degree of leverage that the Committee believes is appropriate;

the use of multiple performance metrics and both one- and three-year historical performance periods in our annual cash incentive compensation plan, which mitigate the incentive to overperform in any single year or with respect to any single financial metric at the expense of other years or financial metrics;

the Committee's ability to use negative discretion to reduce annual cash incentive compensation payments and the number of shares paid upon vesting of RSUs;

caps on payment amounts under our annual cash incentive compensation plan;

our executive stock ownership guidelines;

our policy prohibiting our employees from engaging in transactions in any derivative of a Danaher security;

the highly diversified nature of Danaher's portfolio of businesses with respect to markets served, products and services sold and geographic footprint; and

the Committee's (and Nominating & Governance Committee's) use of an independent compensation consultant that performs no other services for Danaher.

**Analysis of 2012 Named Executive Officer Compensation**

Our 2012 executive compensation program consisted of four elements, listed in order of significance. The 2012 compensation of Ms. Lalor, who was hired as Danaher's Senior Vice President-Human Resources in April 2012, is addressed in a separate section below.

Element	Form of Compensation	Primary Objectives
Long-Term Incentive Compensation	Stock options with time-based vesting periods longer than typical for our peer group	Attract, retain and motivate skilled executives and encourage loyalty to Danaher
	Performance-based restricted stock units with time-based vesting periods longer than typical for our peer group	Align the interests of management and shareholders by ensuring that realized compensation is commensurate with long-term changes in share price
Annual Incentive Compensation	Cash	Attract, retain and motivate skilled executives and encourage loyalty to Danaher
	Cash	Align the interests of management and shareholders by tying realized compensation to (1) long-term changes in share price at all price levels, and (2) attainment of financial performance goals
Base Salary	Cash	Motivate executives to achieve near-term operational and financial goals that support our long-term business objectives
		Attract, retain and motivate skilled executives
		Allow for meaningful pay differentiation tied to performance of individuals and groups
		Attract and retain skilled executives while avoiding a high fixed cost structure

Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

Provide sufficient fixed compensation to (1) allow a reasonable standard of living relative to peers, and (2) mitigate incentive to pursue inappropriate risk-taking to maximize variable pay

Other Compensation

Employee benefit plans; perquisites; severance and change-of-control benefits

Make our total executive compensation plan competitive

Improve cost-effectiveness by delivering perceived value that is higher than our actual costs

In determining the appropriate mix of compensation elements for each named executive officer for 2012, the Committee considered the factors referred to above under *Determining Named Executive Officer Compensation* (without assigning any particular weight to any factor) and exercised its judgment.

The most significant component of compensation for each named executive officer for 2012 was long-term, equity-based compensation with time-based vesting periods that are longer than typical for our peer group. Because this type of compensation best supports our retention and motivation objectives and closely aligns the interests of our executives and shareholders by tying earned pay to changes in our stock price over time, we believe that this type of compensation is most effective in accomplishing each of the objectives set forth under *Overview and Objectives of our Named Executive Officer Compensation Program*.

Annual cash incentive compensation, the variable element of an executive's annual compensation, was the next most significant component of compensation for each named executive officer. We believe its focus on near-term performance and the cash nature of the award complement the longer-term, equity-based compensation elements of the program.

Finally, in 2012 we sought to pay sufficient base salary and other compensation to avoid competitive disadvantage in the marketplace for skilled executives while simultaneously managing our fixed cost structure at a sustainable level.

#### *Long-Term Incentive Awards*

*Philosophy.* The long-term incentive awards that the Committee granted in 2012 consist of stock options and performance-based RSUs, each subject to time-based vesting periods that are longer than typical for our peer group. The Committee believes that an equal value of stock options and RSUs yields an appropriate degree of overall leverage by effectively balancing upside potential and reward for shareholder value creation against retention and mitigation of the impact of market volatility on earned compensation:

Stock options are inherently linked to shareholder value creation, as the recipient does not receive any compensation unless our stock price rises after the date the option is granted. We believe our stock option award program has contributed significantly to our strong performance record, which in turn has generally made our stock option awards valuable over the long-term and highly effective in recruiting, motivating and retaining skilled officers.

The value attributable to RSUs is less subject to financial market volatility and supports retention even during periods of stock market declines. RSUs are also sensitive to stock price increases and decreases at all levels (compared to stock options which only reflect increases and decreases when the market price of Danaher's stock exceeds the exercise price). In addition, the performance-based vesting criteria we apply to RSUs tie realization of the award more directly to operational performance under management's control (although given that RSUs are a key retention tool the Committee views the performance criteria as ancillary in importance to the time-based vesting requirement).<sup>3</sup>

Time-based vesting periods that are longer than typical for our peer group, typically five years in duration, are a hallmark of both our executive stock option and RSU awards. The vesting terms of these awards facilitate realization of our long-term objectives by encouraging officers to take a long-term view of our objectives and performance and promoting stability within our executive ranks. Our long-term incentive awards also offer our executives opportunities for capital accumulation, which is particularly important given that Danaher does not offer a defined benefit pension plan.

<sup>3</sup> In 2012, the Committee used Adjusted EPS (which is defined in Footnote 4 below) as the RSU performance metric because it believes Adjusted EPS growth correlates strongly with shareholder returns. The performance-based vesting criteria applicable to the RSUs awarded to our named executive officers in 2012 are described in the footnotes to the *Outstanding Equity Awards at 2012 Fiscal Year-End* table.

*Grant practices.* The Committee grants equity awards under Danaher's 2007 Stock Incentive Plan (the "2007 Plan"), which is described under Proposal 3 Approval of Amendments to the Danaher Corporation 2007 Stock Incentive Plan and Material Terms of the Plan's Performance Goals. Executive equity awards are granted at regularly scheduled Committee meetings, at the time of an executive promotion or upon identification of a specific retention concern. The timing of equity awards has not been coordinated with the release of material non-public information. Regularly scheduled meetings of the Committee are generally scheduled in advance of the calendar year in which they occur. The Committee's general practice is to grant annual equity awards to executives at the Committee's regularly scheduled meeting in February, when the Committee reviews the performance of the executive officers and determines the other components of executive compensation. The Committee identifies a target dollar value of equity compensation to be delivered to each officer and divides the value equally between stock options and RSUs. The target dollar value attributable to RSUs is translated into a number of RSUs using a 15-day average closing price, to avoid the potential volatility impact of using a single-day closing price. The target dollar value attributable to stock options is translated into a number of stock options assuming an option value equal to 40% of such price. The exercise price for stock option awards under the 2007 Plan equals the closing price of Danaher's common stock on the date of grant (or on a specified later date).

*Determining 2012 annual equity awards.* In February 2012, the Committee granted annual equity awards to the named executive officers, as described in the Grants of Plan-Based Awards for Fiscal 2012 table. The Committee subjectively determined the target dollar value of equity compensation to be delivered to each officer in 2012. In making this determination, the Committee considered that the ultimate, realized value of each award will depend substantially on the Company's long-term performance and also took into account each of the following factors (none of which was assigned a particular weight by the Committee):

The amount of equity compensation necessary to provide sufficient retention incentives in light of (1) compensation levels within the Company's peer group, and (2) the accumulated value of equity awards previously granted to the executive (including both outstanding and previously realized awards);

the relative complexity and importance of the officer's position, as well as the officer's performance record and potential to contribute to future Company performance and assume additional leadership responsibility; and

the risk/reward ratio of the award amount compared to the length of the vesting provisions.

In subjectively determining the target dollar value for Mr. Culp's 2012 equity award, the Committee considered in particular: the successful execution of the acquisition of Beckman Coulter, the progress achieved in integrating Beckman Coulter into Danaher, the impact of the Beckman Coulter acquisition on the size and complexity of Danaher's business and the unique skill set required to successfully lead and grow Danaher's business; the financial and operational benefits that the Company realized in 2011 from long-term investments made earlier in Mr. Culp's tenure; and Mr. Culp's track record of effectively growing Danaher, identifying and cultivating key executive talent and successfully managing a diverse portfolio of businesses. The Committee also considered the opportunities Mr. Culp would likely have if he were to pursue other employment, particularly in light of his success in transforming Danaher's portfolio into a high-quality science and technology enterprise. In light of these factors (none of which was assigned a particular weight by the Committee), the Committee in its judgment determined it appropriate to award Mr. Culp a target dollar value of equity compensation equal to the target dollar value of his 2011 equity compensation.

The 2012 equity compensation awards for Danaher's named executive officers tended to be larger than the equity compensation awarded by Danaher's peers to officers in comparable positions based on recent, publicly available data, because (1) the vesting periods applicable to our awards are longer than typical for our peer group, (2) for high-level executives the Committee seeks to have equity-based compensation constitute a higher percentage of total compensation, and (3) the competitive demand for our executives requires that we make greater efforts to retain our executives.

*Annual Incentive Awards*

The Company's 2012 annual incentive awards consisted of cash incentive compensation awards granted under Danaher's 2007 Executive Incentive Compensation Plan. In February 2012, the Committee adopted a performance formula, based on period-to-period changes in earnings and cash flow, for determining the amounts to be paid to the named executive officers under the plan for 2012 (please see *Employee Benefit Plans 2007 Executive Incentive Compensation Plan* for a summary of the plan and a further description of the 2012 performance formula). The Committee exercised its judgment in determining the elements of the 2012 performance formula. It tied award opportunities to the Company's performance and also considered (without assigning any particular weight to any individual factor) the amount of annual cash incentive/bonus compensation awarded to the executive in prior years, the relative complexity and importance of the officer's position and the amount of annual cash incentive compensation that peer companies would offer such officer. The 2012 annual cash incentive compensation awards for each of the named executive officers are set forth in the Summary Compensation Table.

The 2012 performance formula was the product of four components: the officer's base salary, multiplied or diminished (as applicable) by three discrete factors tied to Company and individual performance:

*Baseline bonus percentage.* The first of the three factors was the baseline bonus percentage. The Committee set this percentage for each officer at a level that (assuming the actual personal factor and Company performance factor would fall within the ranges experienced in recent years) would yield a payout deemed by the Committee to be appropriate based on the considerations described above. The baseline bonus percentages for each named executive officer are set forth in *Employee Benefit Plans 2007 Executive Incentive Compensation Plan 2012 Performance Formula*.

*Company performance factor.* The second factor was the Company performance factor, which was intended to drive the achievement of sustainable, near-term Company performance. Under the 2012 formula, the Company's Adjusted EPS is used to determine a preliminary Company performance factor: 75% of the preliminary Company performance factor is based on year-over-year Adjusted EPS growth, and 25% is based on compounded annual Adjusted EPS growth over the three-year period ended December 31, 2012. The Committee weights part of the performance factor based on three-year period Adjusted EPS performance to promote consistent, sustainable growth, and used its judgment to determine the respective weightings to apply to the one-year and three-year Adjusted EPS growth rates. Since the preliminary Company performance factor is based on the degree of period-to-period improvement in Adjusted EPS, there is no performance target. Once the preliminary Company performance factor is determined, it is adjusted upward or downward by up to twenty percent based on the Company's 2012 free cash flow-to-adjusted net income conversion ratio (the *Free Cash Flow Ratio*), to yield the final Company performance factor. The *Free Cash Flow Ratio* only increases the preliminary Company performance factor if the ratio exceeds 110%. For more detail regarding how the preliminary Company performance factor is adjusted by the *Free Cash Flow Ratio*, please see *Employee Benefit Plans 2007 Executive Incentive Compensation Plan 2012 Performance Formula*. For 2012 the *Free Cash Flow Ratio* was 1.2.

The Committee used Adjusted EPS and the Free Cash Flow Ratio as the financial measures in this factor because it believes (1) Adjusted EPS growth correlates strongly with shareholder returns, (2) the Free Cash Flow Ratio complements Adjusted EPS by substantiating the quality of the Company's earnings, and (3) using both Adjusted EPS and the Free Cash Flow Ratio helps to reduce any inappropriate risk-taking that a single performance metric may incentivize. Because the intent of this measure is to drive core operational performance and compare period-to-period operating results on a consistent basis, the Committee calculated Adjusted EPS and the Free Cash Flow Ratio in a manner that focused on gains and charges that it believed to be most directly related to Company operating performance during the period.<sup>4</sup> The Committee adjusts EPS in a similar manner in establishing the performance criteria applicable to the RSUs awarded as long-term incentive compensation.

*Personal factor.* The third factor was the personal factor, which was a multiplier of 2.0 subject to reduction in the Committee's discretion based on individual performance and such other considerations as it deemed appropriate. This factor enables the Committee to apply negative discretion to adjust the formulaically determined maximum award amount down to the amount it believes is appropriate. At the beginning of 2012, the Committee established for each named executive officer the annual personal performance objectives described below, each of which is intended to encourage near-term performance that supports the Company's long-term business objectives. The Committee did not assign any particular weighting to the objectives. The Company's DBS philosophy is built upon the concept of continuous improvement and requires that we raise the performance bar each year for each executive officer. As a result, the 2012 personal performance objectives for our executives that were based on quantitative targets were set at levels that the Committee and management believed were achievable, but that required personal performance appreciably above the level of personal performance achieved by the executive in the prior year.

Mr. Culp's 2012 performance objectives consisted of the degree of Danaher's 2012 core revenue growth and improvement in high-growth market penetration as well as the degree of 2012 improvement with respect to certain human resource related metrics; and qualitative goals relating to the evolution of the Company's senior leadership organization and the DBS function, the transition of the Company's human resources leadership and the quality of the Company's acquisition and portfolio evolution performance.

Mr. Comas' 2012 performance objectives consisted of the degree of 2012 cost reductions and quality improvements in the purchasing organization and qualitative goals relating to strengthening the purchasing organization, the quality of the Company's acquisition and portfolio evolution performance, improving the quality, effectiveness and efficiency of the investor relations function, the continued

<sup>4</sup> Adjusted EPS means fully diluted earnings per share as determined pursuant to GAAP, but excluding (1) extraordinary or nonrecurring items in accordance with GAAP; (2) the impact of any change in accounting principles that occurs during one of the years included in the formula and the cumulative effect thereof (the Committee may either apply the changed accounting principle to all periods included in the formula, or exclude the changed accounting principle from all periods included in the formula); (3) goodwill and other intangible impairment charges; (4) gains or charges associated with discontinued operations or with the obtaining or losing control of a business; (5) gains or charges related to the sale or impairment of assets; (6) (i) all transaction costs directly related to acquisitions, (ii) all restructuring charges directly related to acquisitions and incurred within two years of the acquisition date, (iii) all charges and gains arising from the resolution of acquisition-related contingent liabilities identified as of the acquisition date, and (iv) all other charges directly related to acquisitions and incurred within two years of the acquisition date; and (7) the impact of any discrete income tax charges or benefits identified in the period; provided, that with respect to the gains and charges referred to in items 3, 4, 5, 6(iii), 6(iv) and 7 above, only gains or charges that individually or as part of a series of related items exceed \$10 million in the aggregate during the baseline and measurement periods are excluded. Free Cash Flow Ratio is defined as (A) Danaher's operating cash flow from continuing operations for the year ended December 31, 2012 (but excluding the cash flow benefit of any gain that is excluded from the calculation of Adjusted EPS), less 2012 purchases of property, plant and equipment, divided by (B) Danaher's net income for the year ended December 31, 2012, calculated on a basis that excludes the same items that are excluded from the calculation of Adjusted EPS.

strengthening of Danaher's finance organization and the training, career development and succession planning infrastructure supporting that organization, and developing an information technology strategy to reduce costs and support the Company's business operations.

For each of Messrs. Joyce and Lico, 2012 performance objectives consisted of the degree of 2012 core revenue growth, operating profit margin improvement and working capital turn improvement for the executive's business units; the degree of 2012 return-on-invested-capital performance achieved with respect to acquisitions by the executive's business units; the amount of acquisition capital deployed by the executive's businesses; quantitative goals for each of the executive's business units relating to on-time delivery, manufacturing quality and human resources-related metrics; and qualitative goals relating to improving the leadership and strengthening the organizational capabilities for each of the executive's businesses. In addition, Mr. Joyce had qualitative goals relating to improving strategic planning, including developing the organizational capacity to track, analyze and address key strategic trends in his businesses, and Mr. Lico had performance objectives relating to the degree of 2012 core revenue growth for Danaher's businesses in particular geographies, the degree of 2012 market share improvement with respect to certain key product lines, and the degree of 2012 core revenue growth and operating profit improvement for a particular product line.

Following the end of the year, the Committee used its judgment and determined an actual personal factor of less than 2.0 for each officer. Without assigning any particular weight to any individual factor, the Committee took into account the size of the Company performance factor for the year, the amount of annual cash incentive or bonus compensation awarded to the executive in prior years, the executive's execution against his personal performance objectives for the year, the executive's overall performance for the year and the amount of annual cash incentive compensation that peer companies would offer such executive.

#### *Base Salaries*

The Committee reviews base salaries for executive officers in February of each year or in connection with promotions. In February 2012, the Committee subjectively determined 2012 base salaries for the named executive officers, as set forth in the Summary Compensation Table. In determining the 2012 base salary for our CEO, the Committee considered the salary amount that would be available to him in the competitive marketplace. The Committee concluded that the CEO's existing base salary was competitive within the context of his overall compensation package, and did not increase his base salary in 2012. In determining the 2012 base salaries for each of the other named executive officers, without giving specific weight to any particular factor the Committee used the prior year's base salary as the initial basis of consideration and then considered the individual factors described above under "Determining Named Executive Officer Compensation," focusing on the relative complexity and importance of the executive's role within Danaher and the market value of the executive's role. Given that base salary is one of the elements in the formula for determining annual cash incentive compensation, the Committee also considered how changes in base salary would impact annual cash incentive compensation. For 2012, the Committee subjectively determined to increase the base salaries for each of the other named executive officers by approximately 5% over their 2011 base salary amounts.

In February 2013, the Committee subjectively determined 2013 base salaries for each of the named executive officers and increased Mr. Culp's base salary by 8.9%, Mr. Comas' base salary by 12.9% and the base salaries of the other named executive officers by between 4.0% and 5.8%. In determining the 2013 base salaries, the Committee took into account each of the factors referenced above in the discussion relating to 2012 base salaries and with respect to each of Messrs. Culp and Comas also took into account the reduction in the executive's personal aircraft usage perquisite effective in 2013.

#### *Other Compensation*

*Severance and Change-of-Control Benefits.* In 2000, we entered into an employment agreement with Mr. Culp that provides for payments upon certain events of termination, as described in "Employment Agreements" Employment Agreement with H. Lawrence Culp, Jr. The amounts that Mr. Culp would have been

entitled to had any termination event occurred on December 31, 2012 are set forth in Potential Payments upon Termination or Change-of-Control as of 2012 Fiscal Year-End. When the Committee agreed to these provisions, it focused on (1) ensuring that Mr. Culp has sufficient security to avoid discouraging him from taking appropriate actions to maximize shareholder value (and in the context of a change-of-control, ensuring that Mr. Culp is not deterred from pursuing change-of-control opportunities that would maximize shareholder value), and (2) the competitiveness of Mr. Culp's total compensation package as compared to other potential opportunities that may be available to him. Any cash amounts payable to Mr. Culp in connection with a change-of-control are subject to a double-trigger, which means that the amounts are only payable if following the change-of-control Mr. Culp does not continue as the President and CEO of the most senior entity that results from the transaction. We believe a double-trigger approach strikes an appropriate balance between the potential compensation payable and the retention objectives of the provision. In October 2012, Mr. Culp offered, and the Committee agreed, to amend his employment agreement to eliminate his right to tax reimbursement and gross-up payments upon a change of control of the Company. The Committee has also adopted a policy prohibiting any tax reimbursement or gross-up provisions in our executive compensation program (except under a policy applicable to management employees generally such as a relocation policy).

We have also entered into agreements with each of our other named executive officers that provide for severance payments under certain circumstances as consideration for post-employment non-competition, non-solicitation and confidentiality obligations (Mr. Culp has agreed to similar post-employment covenants in his employment agreement). We believe that these post-employment restrictive covenants are critical in protecting our proprietary assets.

*Benefits and Perquisites.* All of our executives are eligible to participate in our employee benefit plans, including our group medical, dental, vision, disability, accidental death and dismemberment, life insurance, flexible spending and 401(k) plans. These plans are generally available to all U.S. salaried employees and do not discriminate in favor of executive officers. In addition, the Committee makes available certain perquisites to the named executive officers; please see the footnotes to the Summary Compensation Table for additional details. We believe these perquisites help make our total executive compensation plan competitive, are generally commensurate with the perquisites offered by our peers, are cost-effective in that the perceived value of these items is higher than our actual cost and (with respect to the professional services and airplane use in particular) help to maximize the amount of time that the executives spend on Danaher business. We do not provide tax gross-ups with respect to any perquisites (except under a policy applicable to management employees generally such as a relocation policy). Effective January 1, 2013, the Committee limited the perquisite allowance for personal use of the Company aircraft by Messrs. Culp and Comas at \$125,000 and \$50,000 annually, respectively. Any personal usage of the Company aircraft in excess of such annual allowance will be reimbursed to the Company pursuant to time sharing agreements that the Company has entered into with each of Messrs. Culp and Comas.

In addition, each named executive officer participates in the Amended and Restated Danaher Corporation & Subsidiaries Executive Deferred Incentive Program, or EDIP. The EDIP is a shareholder-approved, non-qualified, unfunded deferred compensation program available to selected members of our management; for a summary of the plan, please see Employee Benefit Plans Executive Deferred Incentive Program. We use the EDIP to tax-effectively contribute amounts to executives' retirement accounts and give our executives an opportunity to defer taxes on cash compensation and realize tax-deferred, market-based notional investment growth on their deferrals. The amount we contribute annually to the executives' EDIP accounts is set at a level that we believe is competitive with comparable plans offered by other companies in our industry. EDIP participants do not fully vest in such amounts until they have participated in the program for 15 years or have reached age 55 with at least five years of service with Danaher.

#### *Analysis of CEO Compensation Compared to Other NEO Compensation*

The Committee subjectively considers the ratio of our CEO's compensation to the compensation of the other named executive officers in determining named executive officer compensation. In 2012 our CEO received

substantially more compensation than the other named executive officers and the relatively larger amount of Mr. Culp's equity awards as a percentage of his total compensation emphasizes our belief that the amount and the at-risk nature of compensation should increase commensurate with the complexity and importance of the officer's position. Specific factors the Committee considered with respect to Mr. Culp's relative compensation (none of which was assigned a particular weight by the Committee) include: (i) the importance of the CEO position in an organization as diversified and acquisitive as ours; (ii) given our expectations of future growth, we have selected a CEO capable of leading a company that is significantly larger and more complex than Danaher is today and by doing so Mr. Culp is particularly attractive to larger companies with greater resources; and (iii) Mr. Culp has a 22-year tenure with Danaher and has served as an executive officer longer than any other named executive officer, and his record of performance at each level at which he has served has been exemplary.

#### *2012 Compensation for Angela S. Lalor*

Danaher hired Ms. Lalor as Senior Vice President-Human Resources in April 2012. For a description of the compensation arrangements agreed to with Ms. Lalor in connection with her hiring, please see Employment Agreements Letter Agreement with Angela S. Lalor. Each of Ms. Lalor's 2012 compensation elements were determined by the Committee subjectively and agreed to as part of a negotiated process related to Danaher's hiring of Ms. Lalor. In determining the amounts and other terms of each compensation element agreed to with Ms. Lalor (particularly her signing bonus, guaranteed annual bonuses and new hire equity grant), the Committee's primary considerations related to the significance of Ms. Lalor's hiring in relation to the Company's strategic objectives; recognition of the security of Ms. Lalor's position with 3M Company (where she had established a 22-year career and was serving as the company's Senior Vice President Human Resources) and the need to provide a compensation package sufficient to incentivize Ms. Lalor to join Danaher; and ensuring that the compensation would be structured as efficiently as possible and in a way that would benefit Danaher and its shareholders. In determining the target dollar value of Ms. Lalor's new-hire equity award and the amount of her signing bonus, the Committee considered in particular the value of the unvested equity that Ms. Lalor relinquished by leaving her position at 3M. In determining the target dollar value of Ms. Lalor's 2012 annual equity award and her 2012 base salary, the Committee considered in particular the compensation levels of comparable Danaher executive officers and the historical amounts of annual equity compensation and base salary Ms. Lalor received from her prior employer. With respect to Ms. Lalor's 2012 variable cash compensation, the Committee guaranteed a majority of such compensation (in recognition that it will take time for her to make progress with respect to her strategic priorities), but also conditioned a portion of such compensation on 2012 performance. The Committee structured the performance-based portion in a manner that gave the Committee discretion to determine the appropriate personal performance factors to take into account and (subject to a cap) the appropriate payment amount, while also designing such portion in a manner the Committee believes is deductible for purposes of Section 162(m).

#### **Peer Group Compensation Analysis**

The Committee does not target a specific competitive position versus the market or peer companies in determining the compensation of its executives because in light of the Company's diverse mix of businesses, strict benchmarking against a selected group of companies would not provide a meaningful basis for establishing compensation. However, the Committee believes it is important to clearly understand the relevant market for executive talent to inform its decision-making and ensure that our executive compensation program supports our recruitment and retention needs and is fair and efficient. As a result, the Committee has worked with F.W. Cook to develop a peer group for purposes of assessing competitive compensation practices, and periodically reviews compensation data for the peer group derived from publicly filed proxy statements.

*Peer Group for 2012 Compensation*

Prior to September 2012, the Company's peer group consisted of the companies set forth below, which is the same as the Company's 2011 peer group:

3M Company	Emerson Electric Co.	Rockwell Automation Inc.
Agilent Technologies Inc.	Honeywell International Inc.	SPX Corp.
Becton Dickinson & Co.	Illinois Tool Works, Inc.	Textron Inc.
Cooper Industries	ITT Corporation	Thermo Fisher Scientific Inc.
Covidien Ltd.	Medtronic Inc.	Tyco International Ltd
Dover Corp.	Parker-Hannifin Corp.	United Technologies Corp.
Eaton Corp.	PerkinElmer Inc.	

The Committee selected companies for inclusion in the peer group based on (i) the extent to which they compete with us in one or more lines of business, for executive talent and for investors, and (ii) comparability of revenues, market capitalization, net income, total assets and number of employees. The table below sets forth for the 2012 peer group and Danaher information regarding revenue, net income and total assets (based on the most recently reported four quarters for each company as of October 31, 2011), market capitalization (as of October 31, 2011) and employee headcount (based on each company's most recent fiscal year end as of October 31, 2011), in each case derived from the Standard & Poor's Compustat database.

	Revenue	Market capitalization	(\$ in millions) Net income (before extraordinary items and discontinued operations)	Total assets	Employees
25 <sup>th</sup> percentile	\$ 7,358	\$ 9,430	\$ 634	\$ 9,323	27,801
Median	\$ 11,587	\$ 15,995	\$ 1,178	\$ 16,454	41,000
75 <sup>th</sup> percentile	\$ 17,277	\$ 26,608	\$ 2,052	\$ 26,981	72,514
DHR	\$ 15,185	\$ 33,185	\$ 1,867	\$ 30,618	48,200
DHR percentile rank	62%	78%	70%	84%	59%

The peer group compensation data that the Committee reviewed in 2012 in connection with its 2012 executive compensation decisions estimated the 25<sup>th</sup>, median and 75<sup>th</sup> percentile positions among our peers with respect to base salary, annual cash incentive compensation (target and actual), total annual cash compensation (target and actual), long-term incentive compensation, total direct compensation (target and actual), all other compensation, annual change in pension value and above-market interest on non-qualified deferred compensation, and actual total compensation, in each case with respect to each respective named executive officer position.

*Peer Group for 2013 Compensation*

The Committee periodically reviews the companies included in the peer group to ensure that the peer group remains appropriate. During 2012 the Company evaluated the existing peer group with the assistance of F.W. Cook and concluded that, as a result of the Company's revenue and earnings growth and the evolution of its portfolio of businesses, it was necessary to change the composition of the peer group. Using the same criteria described above with respect to the prior peer group, effective as of September 2012 the Committee revised the Company's peer group to consist of the following companies (the peer companies):

3M Company	Becton Dickinson & Co.	Emerson Electric Co.	Rockwell Automation Inc.
Abbott Laboratories	Covidien Ltd.	Honeywell International Inc.	Thermo Fisher Scientific Inc.
Agilent Technologies Inc.	Dover Corp.	Illinois Tool Works, Inc.	Tyco International Ltd
Baxter International, Inc.	Eaton Corp.	Medtronic Inc.	United Technologies Corp.

The Committee believes that the new peer group is more comparable to Danaher with respect to the financial metrics noted above, and also reflects the increased proportion of healthcare related businesses in Danaher's portfolio. The table below sets forth for the new peer group information regarding revenue, net income and total assets (based on the most recently reported four quarters for each company as of September 30, 2012), market capitalization (as of September 30, 2012) and employee headcount (based on each company's most recent fiscal year end as of September 30, 2012), in each case derived from the Standard & Poor's Compustat database.

	(\$ in millions)				
	Net income				
	(before extraordinary items and discontinued operations)				
	Revenue	Market capitalization		Total assets	Employees
25 <sup>th</sup> percentile	\$ 11,037	\$ 15,900	\$ 1,126	\$ 16,591	37,975
Median	\$ 16,215	\$ 28,204	\$ 1,912	\$ 23,220	56,570

### Regulatory Considerations

Section 162(m) generally disallows a tax deduction to public corporations for compensation in excess of \$1 million paid for any fiscal year to a company's CEO or to any of the company's other three most highly compensated executive officers (other than the CFO). The statute generally exempts qualifying performance-based compensation from the deduction limit if certain conditions are met. While the Committee generally attempts to preserve the deductibility of compensation paid to the named executive officers, the Committee believes the primary purpose of our compensation program is to support Danaher's business strategy and the long-term interests of our shareholders. Therefore, the Compensation Committee maintains the flexibility to award compensation that may be subject to the limits of Section 162(m) if it believes that doing so furthers the objectives of our executive compensation program. The Committee has taken the steps it believes are necessary to preserve the deductibility of all annual cash incentive compensation awards awarded under the Company's 2007 Executive Incentive Compensation Plan and all equity awards made to each of the named executive officers. For 2012, the Company believes approximately \$350,000 of Mr. Culp's compensation is not deductible under 162(m). The Company believes that the compensation paid in 2012 to each of the other named executive officers is deductible under 162(m).

### Stock Ownership Policies

#### *Stock Ownership Requirements*

To further align management and shareholder interests and discourage inappropriate or excessive risk-taking, our stock ownership policy requires each executive officer to obtain a substantial equity stake in Danaher within five years of their appointment to an executive position. Our CEO is required to own shares with a market value of at least five times his base salary. The requirement for Executive Vice Presidents is three times base salary and for Senior Vice Presidents, two times base salary. Once an executive officer has acquired a number of Company shares that satisfies the ownership multiple then applicable to him or her, such number of shares then becomes his or her minimum ownership requirement (even if the officer's salary increases or the fair market value of such shares subsequently changes) until he or she is promoted to a higher level. Under the policy, beneficial ownership includes shares in which the officer or his or her spouse or child has a direct or indirect interest, notional shares of Danaher stock in the EDIP plan, shares held in a 401(k) plan, and unvested RSUs, but does not include shares subject to unexercised stock options. Each named executive officer was in compliance with the stock ownership requirements as of December 31, 2012.

*Pledging Policy*

In addition, Danaher's Board has adopted a policy that prohibits any director or executive officer from pledging as security under any obligation any shares of Danaher common stock that he or she directly or indirectly owns and controls (other than shares already pledged as of February 21, 2013), and provides that pledged shares of Danaher common stock do not count toward Danaher's stock ownership requirements.

*Hedging Policy*

Danaher policy prohibits Danaher employees and directors from engaging in any transactions involving a derivative of a Danaher security, including hedging transactions.

**Recoupment Policy**

To further discourage inappropriate or excessive risk-taking, in March 2009 the Committee adopted a recoupment policy applicable to Danaher's executive officers, other individuals who serve on the Danaher Leadership Team (which consists primarily of Company corporate officers) and certain other employees, including each of the named executive officers (the "covered persons"). Under the policy, in the event of a material restatement of Danaher's consolidated financial statements (other than any restatement required pursuant to a change in applicable accounting rules), Danaher's Board may, to the extent permitted by law and to the extent it determines that it is in Danaher's best interests to do so, in addition to all other remedies available to Danaher require reimbursement or payment to Danaher of:

the portion of any annual incentive compensation payment awarded to any covered person within the three year period prior to the date such material restatement is first publicly disclosed that would not have been awarded had the consolidated financial statements that are the subject of such restatement been correctly stated (except that the Board has the right to require reimbursement of the entire amount of any such annual incentive compensation payment from any covered person whose fraud or other intentional misconduct in the Board's judgment alone or with others caused such restatement); and

all gains from equity awards granted on or after March 15, 2009 realized by any covered person during the twelve-month period immediately following the original filing of the consolidated financial statements that are the subject of such restatement, if the covered person's fraud or other intentional misconduct in the Board's judgment alone or with others caused such restatement.

In addition, both of the stock plans in which Danaher's executive officers participate contain a provision for recovering awards upon certain circumstances. Under the terms of the Company's 2007 Plan and the 1998 Stock Plan, no associate can exercise any outstanding equity award after such time he or she is terminated for gross misconduct. In addition, under the terms of the EDIP, if the Administrator determines that termination of an employee's participation in the EDIP resulted from the employee's gross misconduct, the Administrator may determine that the employee's vesting percentage is zero with respect to all balances that were contributed by Danaher.

**Compensation Committee Report**

*This report is not deemed to be soliciting material or to be filed with the SEC or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Securities Exchange Act of 1934, and shall not be deemed to be incorporated by reference into any prior or subsequent filing by Danaher under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent Danaher specifically incorporates this report by reference therein.*

The Compensation Committee of Danaher Corporation's Board has reviewed and discussed with management the Compensation Discussion and Analysis set forth above and, based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

### Summary Compensation Table

The following table sets forth information regarding compensation earned for 2012, 2011 and 2010 by our President and Chief Executive Officer, our Executive Vice President and Chief Financial Officer, and our three other most highly compensated executive officers who were serving as executive officers as of December 31, 2012, also known as our named executive officers.

- (1) Mr. Joyce deferred \$120,000 of his salary for each of 2012, 2011 and 2010 into the EDIP. Each of Messrs. Culp, Comas, Joyce and Lico also contributed a portion of his 2012, 2011 and 2010 salaries to the Danaher 401(k) Plan.
- (2) Ms. Lalor commenced employment with the Company in 2012. For 2012, Ms. Lalor received the first installment of her signing bonus in the amount of \$300,000 and a guaranteed bonus of \$500,000 in accordance with the terms of the letter agreement between Ms. Lalor and the Company dated March 19, 2012 (the Lalor Letter Agreement). For additional details regarding these bonus amounts, please refer to Employment Agreements Letter Agreement with Angela S. Lalor.
- (3) The amounts reflected in these columns represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 for equity grants made in the applicable year. With respect to restricted stock units, the grant date fair value under FASB ASC Topic 718 is calculated based on the number of shares of Common Stock underlying the RSU, times the closing price of the Danaher Common Stock on the date of grant. With respect to stock options, the grant date fair value under FASB ASC Topic 718 has been calculated using the Black-Scholes option pricing model, based on the following assumptions (and assuming no forfeitures):

Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

Name	Year of grant	Risk-free interest rate	Stock price volatility rate	Dividend yield	Option life
Culp, Comas, Joyce, Lico	2012	1.70%	34.0%	0.2%	8.5 years
	2011	3.19%	27.0%	0.2%	8.5 years
	2010	3.37% (Culp);	30.0%	0.2%	8.5 years
		3.41% (Comas, Joyce, Lico)			
Lalor	2012	1.02%	28.0%	0.2%	6.0 years

- (4) Mr. Culp deferred \$452,500 of his non-equity incentive plan compensation for 2012, \$475,000 of his non-equity incentive plan compensation for 2011 and \$1,100,000 of his non-equity incentive plan compensation for 2010 into the EDIP. Mr. Lico deferred \$100,000 of his non-equity incentive plan compensation for each of 2012, 2011 and 2010 into the EDIP. Mr. Joyce deferred \$285,000 of his non-equity incentive plan compensation for 2012, \$300,000 of his non-equity incentive plan compensation for 2011 and \$220,000 of his non-equity incentive plan compensation for 2010 into the EDIP.

- (5) For each named executive officer, the amount set forth represents the aggregate change in the actuarial present value of the officer's accumulated benefit under the Cash Balance Plan of the Danaher Corporation & Subsidiaries Pension Plan between the December 31, 2011 plan measurement date and the December 31, 2012 plan measurement date. The material assumptions used in quantifying the present value of the accumulated benefit at each of December 31, 2011 and December 31, 2012 are as follows: an interest crediting rate (applied from the plan measurement date until normal retirement age) of 3.5% for the plan measurement date of December 31, 2011 and 2.9% for the plan measurement date of December 31, 2012; a retirement age of 65, which is normal retirement age under the Cash Balance Plan; payment of the accrued obligations in a lump sum upon retirement; and the discount rates as set forth in Note 11 to Danaher's consolidated financial statements included in Danaher's Annual Report on Form 10-K for the year ended December 31, 2012. We do not provide any above-market or preferential earnings on compensation that is deferred.
- (6) Includes \$17,798 in Danaher contributions to Mr. Culp's account in the 401(k) Plan; \$251,500 in Danaher contributions to his account in the EDIP; and an aggregate of \$442,928 in perquisites consisting of the following: \$361,602 relating to personal use of Danaher's aircraft, \$54,711 in filing fees and related legal fees relating to a Hart-Scott-Rodino Antitrust Improvements Act (HSR) filing Mr. Culp made as a result of his participation in Danaher's equity compensation program, plus amounts related to tax preparation and professional services, parking expenses and tickets to entertainment events. For purposes of the Summary Compensation Table, the incremental cost to the Company of the personal aircraft use is calculated by multiplying the total number of personal flight hours times the average direct variable operating costs (including costs related to fuel, on-board catering, maintenance expenses related to operation of the plane during the year, landing and parking fees, navigation fees, related ground transportation, crew accommodations and meals and supplies) per flight hour for the particular aircraft for the year. Since the aircraft are used primarily for business travel, we do not include in the calculation the fixed costs that do not change based on usage, such as crew salaries, the lease or acquisition cost of the aircraft, exterior paint and other maintenance and inspection and capital improvement costs intended to cover a multiple-year period. Effective as of January 1, 2013, Mr. Culp's perquisite allowance for personal use of the Company aircraft is limited to \$125,000 annually and Mr. Culp will reimburse the Company for any personal use of the aircraft in excess of \$125,000. The incremental cost to the Company of the HSR filing fees and related legal fees is calculated based on the Company's out-of-pocket costs with respect to such fees.
- (7) In February 2010, the Committee paid all of Mr. Culp's discretionary bonus for 2009 (and one-half of the discretionary bonuses for 2009 paid to each of Messrs. Comas, Joyce and Lico) in RSUs subject to time and performance-based vesting. Even though these awards relate to 2009 performance, in accordance with SEC rules they are disclosed as 2010 Stock Awards in this table because they were granted in 2010. Of the amounts set forth in the Stock Awards column for 2010, the following portions are attributable to these 2009 discretionary bonuses: for Mr. Culp, \$2,089,920; Mr. Comas, \$271,690; Mr. Joyce, \$284,752; and Mr. Lico, \$258,628.
- (8) Includes \$17,798 in Danaher contributions to Mr. Comas' account in the 401(k) Plan; \$103,950 in Danaher contributions to his account in the EDIP; and an aggregate of \$136,706 in perquisites consisting of the following: \$118,695 relating to personal use of Danaher's aircraft, plus amounts relating to tax preparation and professional services, parking expenses and tickets to entertainment events. The incremental cost to the Company of the personal aircraft use is calculated in the same manner as set forth in Footnote (6) above. Effective as of January 1, 2013, Mr. Comas' perquisite allowance for personal use of the Company aircraft is limited to \$50,000 annually and Mr. Comas will reimburse the Company for any personal use of the aircraft in excess of \$50,000.
- (9) With respect to each of Messrs. Joyce and Lico, consists of \$17,798 in Danaher contributions to his account in the 401(k) Plan and \$94,050 in Danaher contributions to his account in the EDIP.
- (10) Includes \$40,199 in Danaher contributions to Ms. Lalor's account in the EDIP and an aggregate of \$250,667 in perquisites consisting of the following: \$242,390 in relocation costs in connection with Danaher's hiring of Ms. Lalor in 2012, plus amounts relating to tax preparation and professional services, parking expenses and tickets to an entertainment event. The incremental cost to the Company of the relocation costs is calculated based on the Company's out-of-pocket costs for such relocation items, which included costs relating to the sale of her former residence and purchase of a new residence, temporary housing, house-hunting trips and moving expenses as well as reimbursement in the amount of \$71,543 for the income taxes incurred by Ms. Lalor with respect to such relocation perquisites. The Company did not purchase Ms. Lalor's prior residence.

## Grants of Plan-Based Awards for Fiscal 2012

(1) These columns relate to potential cash award opportunities in 2012 under Danaher's 2007 Executive Incentive Compensation Plan. With respect to Messrs. Culp, Comas, Joyce and Lico, payout opportunities under these awards were based on the degree of period-to-period increase or decline in Danaher's Adjusted EPS (as modified by Danaher's 2012 Free Cash Flow Ratio) rather than based on achievement of a specific performance goal, and the Committee's exercise of negative discretion. As such there was no threshold or target specified for these awards. See Employee Benefit Plans for a description of Danaher's 2007 Executive Incentive Compensation Plan. Because there was no target specified for these awards, pursuant to Instruction 2 of Item 402(d) under Regulation S-K promulgated under the Securities Exchange Act, the amounts set forth in the Target column are theoretical amounts based upon the prior year's level of Company financial performance and assuming no exercise of negative discretion by the Committee. With respect to Ms. Lalor, her 2012 award under the 2007 Executive Incentive Compensation Plan provided that if the Company were to have positive net income for the nine month period from April 1, 2012 through December 31, 2012, Ms. Lalor's award would be \$250,000, subject to the Committee's negative discretion. Therefore, the Target and Maximum with respect to Ms. Lalor's 2012 Plan award are the same. In addition, because there was no threshold specified for any of the abovementioned awards, the Threshold column has been omitted.

(2) These columns relate to awards granted under the 2007 Stock Incentive Plan, the terms of which apply to all of the equity awards described in this table. Please see Employee Benefit Plans for a description of the 2007 Plan.

- (1) With respect to the unexercisable options and unvested RSUs reflected in the table above, the footnotes below describe the vesting terms applicable to the entire award of which such options or RSUs were a part.
- (2) Market value is calculated based on the closing price of Danaher's Common Stock on December 31, 2012 as reported on the NYSE (\$55.90 per share), times the number of shares.
- (3) Under the terms of the award, 50% of the options granted become or became exercisable on each of the fourth and fifth anniversaries of the grant date.
- (4) In September 2011, Mr. Culp gifted these stock options to a limited liability company, the members of which are Mr. Culp and an entity controlled by Mr. Culp.
- (5) The RSU award is subject to both time-based and performance-based vesting criteria. Pursuant to the time-based vesting provisions, one-half of the RSUs will vest on each of the fourth and fifth anniversaries of the grant date. The grantee will not vest in any of the RSUs however unless (A) Danaher completes four consecutive fiscal quarters starting after the grant date and ending on or prior to the tenth anniversary of the grant date in which (x) Adjusted EPS exceeds 110% of the Adjusted EPS for the four fiscal quarters ended December 31, 2011 and (y) Danaher achieves positive net income; and (B) the Compensation Committee certifies that the foregoing performance criteria have been satisfied. For purposes of this footnote, Adjusted EPS is defined as fully diluted earnings per share as determined pursuant to generally accepted accounting principles consistently applied ( GAAP ) but excluding (1) extraordinary or nonrecurring items in accordance with GAAP, (2) the impact of any change in accounting principles that occurs during either the baseline period or the performance period and the cumulative effect thereof (the committee may either apply the changed accounting principle to the baseline period and the performance period, or exclude the changed accounting principle from both periods), (3) goodwill and other intangible impairment charges, (4) gains or charges associated with discontinued operations or with the obtaining or losing control of a business, (5) gains or charges related to the sale or impairment of assets, (6)(i) all transaction costs directly related to acquisitions, (ii) all restructuring charges directly related to acquisitions and incurred within two years of the acquisition date, (iii) all charges and gains arising from the resolution of acquisition-related contingent liabilities identified as of the acquisition date, and (iv) all other charges directly related to acquisitions and incurred within two years of the acquisition date, and (7) the impact of any discrete income tax charges or benefits identified in the period; provided, that with respect to the gains and charges referred to in sections (3), (4), (5), (6)(iii), (6)(iv) and (7), only gains or charges that individually or as part of a series of related items exceed \$10 million in aggregate during the baseline and measurement periods are excluded.
- (6) The RSU award was granted subject to both time-based and performance-based vesting criteria, and Danaher's Compensation Committee has certified that the performance-based vesting criteria applicable to the award have been satisfied. Pursuant to the time-based vesting provisions, 50% of the award vests or vested on each of the fourth and fifth anniversaries of the grant date.
- (7) Under the terms of the award, one-third of the options granted become exercisable on each of the third, fourth and fifth anniversaries of the grant date.
- (8) The RSU award is subject to both time-based and performance-based vesting criteria. Pursuant to the time-based vesting provisions, one-third of the RSUs will vest on each of the third, fourth and fifth anniversaries of the grant date. The grantee will not vest in any of the RSUs however unless (A) Danaher completes four consecutive fiscal quarters starting after the grant date and ending on or prior to the tenth anniversary of the grant date in which (x) Adjusted EPS exceeds 110% of the Adjusted EPS for the four fiscal quarters ended December 31, 2011 and (y) Danaher achieves positive net income; and (B) the Compensation Committee certifies that the foregoing performance criteria have been satisfied. For purposes of this footnote, Adjusted EPS is defined in the same manner as described in Footnote 5 above.
- (9) The RSU award is subject to both time-based and performance-based vesting criteria. Pursuant to the time-based vesting provisions, twenty percent of the RSUs will vest on each of the first five anniversaries of the grant date. The grantee will not vest in any of the RSUs however unless the applicable performance criteria are satisfied, which are the same as the performance criteria described in Footnote 8 above.

**Option Exercises and Stock Vested During Fiscal 2012**

The following table summarizes stock option exercises and the vesting of restricted stock unit awards with respect to our named executive officers in 2012.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$) (1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$) (2)
H. Lawrence Culp, Jr.	1,406,596	\$ 48,550,210	676,000	\$ 35,985,280

Angela S. Lalor				
James A. Lico	60,000	\$ 1,775,814	31,536	\$ 1,668,817

- (1) Calculated by multiplying the number of shares acquired times the difference between the exercise price and the market price of Danaher Common Stock at the time of exercise.
- (2) Calculated by multiplying the number of shares acquired times the closing price of Danaher's Common Stock as reported on the NYSE on the vesting date (or on the last trading day prior to the vesting date if the vesting date was not a trading day).

**2012 Pension Benefits**

The table below shows as of December 31, 2012, the present value of accumulated benefits payable to each of the named executive officers under the Cash Balance Plan of the Danaher Corporation & Subsidiaries Pension Plan (the "Cash Balance Plan"), which is the only defined benefit pension plan in which any of the named executive officers participates. The Cash Balance Plan is part of the Danaher Corporation & Subsidiaries Pension Plan, a funded pension plan qualified under Section 401(a) of the Code. Prior to the inception of the Cash Balance Plan in 1997, Danaher made annual contributions to the defined contribution retirement plans of substantially all of its United States salaried employees, in an amount equal to 3% of the employee's annual, eligible base salary. From 1997 through 2003, in lieu of these contributions, Danaher credited the same level of contributions to the Cash Balance Plan for each covered employee. As of December 31, 2003, the plan was frozen with respect to substantially all participants under the plan (including Messrs. Culp, Comas, Joyce and Lico) and no further contributions will be made with respect to such participants under the plan. All accrued benefits under the plan for these participants became 100% vested as of such date. All account balances under the plan with respect to these participants (including all of the named executive officers) now increase each year at the annual rate of interest on 30-year Treasury securities for the month of November preceding the first day of the applicable plan year. Upon termination of employment, a participant receives his or her vested accrued benefit in cash or as an annuity (based on the participant's election).

The material assumptions used in quantifying the present value of the accumulated benefit at December 31, 2012 are as follows: an interest crediting rate (applied from the plan measurement date until normal retirement age) of 2.9%; a retirement age of 65, which is normal retirement age under the Cash Balance Plan; payment of the accrued obligations in a lump sum upon retirement; and the discount rates as set forth in Note 11 to Danaher's consolidated financial statements included in Danaher's Annual Report on Form 10-K for the year ended December 31, 2012. There were no payments made to any named executive officers under the Cash Balance Plan in 2012.

Name	Plan Name	Number of Years Credited Service (#) (1)	Present Value of Accumulated Benefit (\$) (2)
H. Lawrence Culp, Jr.	Cash Balance Plan of the Danaher Corporation & Subsidiaries Pension Plan	7.0	\$ 48,748

Angela S. Lalor			
James A. Lico	Cash Balance Plan of the Danaher Corporation & Subsidiaries Pension Plan	6.4	\$ 65,121

- (1) Represents the number of years the named executive officer participated in the Cash Balance Plan before it was frozen in 2003 with respect to new Danaher contributions.
- (2) Calculated as of December 31, 2012, the pension plan measurement date used in Danaher's financial statements as of and for the year ended December 31, 2012.

**2012 Nonqualified Deferred Compensation**

The table below sets forth for each named executive officer information regarding participation in the EDIP. There were no withdrawals by or distributions to any of the named executive officers from the EDIP in 2012. **Employment Agreements**

*Employment Agreement with H. Lawrence Culp, Jr.*

We entered into an employment agreement with Mr. Culp, our President and CEO, dated as of July 18, 2000, and amended the agreement as of November 19, 2001, January 1, 2009 and October 17, 2012. The amendment executed by the Company and Mr. Culp on October 17, 2012 eliminated Mr. Culp's right to receive tax reimbursement and gross-up payments upon a change of control of the Company.

The original three-year term of the agreement was scheduled to expire on July 18, 2003. The agreement provides however that as of July 18, 2002, and on every subsequent anniversary of that date, the term of the agreement is automatically extended for an additional one year period. If either we or Mr. Culp provides notice, at least 90 days prior to the next anniversary date of the employment agreement, that Mr. Culp's employment will terminate as of the end of the then-current term of the employment agreement, the agreement will terminate at the end of the then-current term of the agreement. The expiration date of the agreement is currently July 18, 2014.

Under the agreement, Mr. Culp is entitled to (1) a base salary that is no less than the highest base salary paid to him at any time during the term of the agreement; (2) an annual bonus opportunity for which the baseline bonus percentage shall be one hundred twenty-five percent (125%) of Mr. Culp's base salary; (3) all benefit and fringe benefit plans in which our other executives participate; and (4) tax and financial planning advice and an annual physical examination. During any period that Mr. Culp cannot perform his duties as a result of a physical or mental illness (a disability) he is entitled to continue receiving all of the elements of compensation described above, until his employment is terminated.

The agreement prohibits Mr. Culp from disclosing Danaher confidential information during or after his employment. The agreement also prohibits Mr. Culp, at any time during his employment and for three years after his employment ends, from competing with Danaher in the United States or anywhere else in the world where Danaher is doing business or has reasonably firm plans to do business, and from soliciting any of our employees away from Danaher.

We may terminate Mr. Culp's employment if as a result of disability, he is absent from his duties on a full-time basis for 6 consecutive months and within thirty days of notice of termination has not returned to his duties on a full-time basis. We may also terminate his employment either for cause or without cause. Cause means that Mr. Culp willfully fails to perform his duties (other than because of disability) after he has received notice of the failure and has had an opportunity to correct it, willfully engages in misconduct that materially injures Danaher, or is convicted of a felony.

Mr. Culp may terminate his employment at any time, with or without good reason (provided that any termination for good reason must occur not more than two years following the initial existence of the condition alleged to constitute good reason). Good reason means that Danaher:

has materially breached Mr. Culp's employment agreement and has not corrected the breach after receiving notice and the opportunity to correct it;

attempts to terminate Mr. Culp without complying with the notice provisions required under the employment agreement;

assigns Mr. Culp duties inconsistent with his position as President and Chief Executive Officer;

relocates Mr. Culp outside the Washington, D.C. area;

discontinues any material compensation or benefit plan that Mr. Culp participated in as of July 18, 2000 without providing an equitable substitute, or provides Mr. Culp with benefits materially less favorable than the level of benefits he enjoyed under those plans as of July 18, 2000;

undergoes a change-of-control, merger or acquisition with another entity and Mr. Culp does not continue as the President and CEO of the most senior entity that results from the transaction; or

does not obtain a satisfactory agreement from its successor to assume Mr. Culp's employment agreement.

The agreement defines a change-of-control as (a) the acquisition by an individual, entity or group of the greater of (i) thirty percent or more of either the outstanding Danaher Common Stock, or of the combined voting power of outstanding Danaher securities entitled to vote generally in the election of directors ( Danaher voting securities ), or (ii) the lowest whole-number percentage of outstanding Danaher Common Stock or Danaher voting securities, as applicable, that is greater than the percentage owned on a combined basis by Steven Rales, Mitchell Rales and their affiliates; (b) individuals who as of July 18, 2000 constituted a majority of our Board ( incumbent directors ) no longer constituting a majority of our Board (although individuals who are elected, or whose nomination for election is approved, by a majority of the incumbent directors are (with certain exceptions) also considered incumbent directors); (c) consummation of a reorganization, merger or consolidation or sale of all or substantially all of Danaher's assets ( business combination ), unless following the business combination, the persons who beneficially owned more than fifty percent of the Danaher Common Stock and who beneficially owned more than fifty percent of the voting power of the Danaher voting securities, respectively, immediately prior to the business combination continue to own more than fifty percent of the outstanding common stock and more than fifty percent of the voting power of the outstanding voting securities, respectively, of the entity resulting from the business combination, in substantially the same proportions as their ownership prior to the business combination; or (d) approval by our shareholders of a complete liquidation or dissolution of Danaher.

If Mr. Culp's employment ends for any reason, he is entitled to receive within 14 days after termination his base salary through the date of termination, the balance of any annual or long-term cash incentive awards earned but not yet paid and any deferred compensation allocated to his account as of the later of the date of termination or date of payment, and any other amounts or benefits required to be paid to him according to the terms of any other Danaher plan (at the time such payments are due under the plan). Mr. Culp is also entitled to receive the following additional amounts upon certain events of termination:

If Mr. Culp dies, or at least 90 days prior to the next anniversary date of the employment agreement provides notice that his employment will terminate as of the end of the then-current term of the employment agreement, he is entitled to receive no later than two and one-half months following the end of the calendar year in which the death or date of termination occurs an amount equal to the product of (x) an amount equal to the average of the annual bonus awards paid to Mr. Culp with respect to the three years preceding the year of termination, provided such amount may not exceed two hundred and fifty percent (250%) of his then-current base salary, times (y) the number of days in the calendar year of termination through the date of termination, divided by 365 (the Pro

Rata Payment ).

If we terminate Mr. Culp's employment on account of disability, he is entitled to receive the Pro Rata Payment (on the same timetable as described above) and have his employee welfare benefit plans and programs continued for 12 months following the termination.

If we terminate Mr. Culp's employment other than for cause or disability (including if we terminate by providing notice of termination at least 90 days prior to the next anniversary date of the employment agreement), or if he terminates his employment for good reason, Mr. Culp is entitled to (1) receive the Pro Rata Payment (on the same timetable as described above), (2) receive an amount equal to twice the sum of (x) his then-current base salary and (y) an amount equal to the average of the annual bonus awards paid to Mr. Culp with respect to the three years preceding the year of termination (provided such amount may not exceed two hundred and fifty percent (250%) of his then-current base salary), paid out over twenty four months according to the normal payroll cycle; (3) reimbursement for reasonable legal fees and expenses that he incurs in connection with the termination; and (4) have health and welfare benefits continued for himself and his family for twenty-four months following the termination.

The agreement also contains other terms intended to ensure that, with respect to any payments to be made under the agreement that could constitute deferred compensation under Section 409A of the Code, such payments will either be exempt from the application of Section 409A or will be made in compliance with Section 409A (which may result in such payments being delayed for six months).

*Letter Agreement with Angela S. Lalor*

Danaher entered into a letter agreement with Ms. Lalor on March 19, 2012 in connection with her hiring as Danaher's Senior Vice President-Human Resources in April 2012. Pursuant to the letter agreement, Ms. Lalor's employment is on an at-will basis and she is entitled to:

an annual base salary of \$500,000 (subject to periodic review), payable in accordance with the Company's usual payroll practices;

a guaranteed bonus of \$500,000 for each of the calendar years 2012 and 2013, payable within 60 days of the end of the applicable year and subject in each case to Ms. Lalor remaining actively employed with the Company through the date of payment;

beginning in 2012, participate in Danaher's annual cash incentive compensation program for executive officers, with a baseline annual bonus percentage of 60% beginning in 2014 (subject to periodic review);

a new hire grant of restricted stock units with a target award value of \$2.1 million, with vesting 20% per year on each of the first five anniversaries of the grant date (subject to continued employment in each case);

a 2012 annual equity compensation grant split evenly between restricted stock units and stock options with an aggregate target award value of \$1.4 million, with 1/3 of such restricted stock units and stock options vesting on each of the third, fourth and fifth anniversaries of the grant date (subject to continued employment in each case);

a cash signing bonus of \$1.2 million, payable in four equal installments with the first installment payable within 30 days of Ms. Lalor's employment start date and the remaining installments payable within 30 days of each of the second, third and fourth anniversaries of such start date (subject in each case to continued employment and, with respect to each of the last three installments, timely execution of a general release of claims in favor of the Company);

a retention bonus of \$2.4 million payable in three equal installments within 30 days of the eighth, ninth and tenth anniversaries of Ms. Lalor's employment start date, respectively (subject in each case to continued employment and timely execution of a general release of claims in favor of the Company);

participate in the Company's Executive Deferred Incentive Program and in the employee benefit plans that the Company maintains for exempt employees generally, as well as tax and financial planning advice, an annual physical examination and relocation benefits; and

participate in the Company's Senior Leaders Severance Pay Plan, provided that the amount of severance she is eligible for under such plan is equal to the product of (1) her annual base salary at the time of termination and (2) the sum of 1 plus her baseline annual bonus percentage under the Company's annual cash incentive compensation plan as of the time of termination.

*Named Executive Officer Proprietary Interest Agreements*

We have entered into an agreement with each of Messrs. Comas, Joyce and Lico and Ms. Lalor under which each such officer is subject to certain covenants designed to protect Danaher's proprietary interests (Mr. Culp's confidentiality and post-employment covenants are set forth in his employment agreement, which is described above). The terms of the agreements to which each such named executive officer is a party are substantially the same (except that the termination payment provisions described in the next paragraph are not included in Ms. Lalor's agreement). During and after the officer's employment with us, he or she is prohibited from disclosing or improperly using any of our confidential information, subject to certain customary exceptions, and from making any disparaging comments about us. During the officer's employment with us and for one year (two years with respect to subsection (c) below) after such employment ends, the agreement prohibits him or her from directly or indirectly (a) competing with us; (b) selling to or soliciting purchases from our customers and prospective customers with respect to products and services about which the officer has particular knowledge or expertise, (c) hiring or soliciting any of our current or recent employees, or otherwise assisting or encouraging any of our employees to leave us; (d) interfering with our vendor relationships; or (e) developing competing products or services. Each officer also agrees that with limited exceptions all intellectual property that he or she develops in connection with his or her employment with us belongs to us, and assigns us all rights he or she may have in any such intellectual property.

Under Messrs. Comas, Joyce's and Lico's agreements, if we terminate the officer's employment without cause the officer is entitled to an amount equal to nine months of base salary, plus severance pay equal to three months salary if he signs our standard form of release at the time of termination. These amounts would be paid out over twelve months according to the normal payroll cycle. Under the agreement, cause is generally defined as the officer's (a) dishonesty, fraud or other willful misconduct or gross negligence; (b) conviction of or pleading guilty or no contest to a felony, misdemeanor (other than a traffic violation) or other crime that would impair his ability to perform his or her duties or Danaher's reputation; (c) refusal or willful failure to satisfactorily perform his duties or comply with our standards, policies or procedures; (d) material breach of the agreement; (e) death; or (f) termination because of illness that results in his absence from work on a full-time basis for twelve consecutive months.

*Officers and Directors Indemnification and Insurance*

Danaher's Restated Certificate of Incorporation requires it to indemnify to the full extent authorized or permitted by law any person made, or threatened to be made a party to any action or proceeding by reason of his or her service as a director or officer of Danaher, or by reason of serving at Danaher's request as a director or officer of any other entity, subject to certain exceptions. Danaher's Amended and Restated Bylaws provide for similar indemnification rights. In addition, each of Danaher Corporation's directors and executive officers has executed an indemnification agreement with Danaher that provides for substantially similar indemnification rights and under which Danaher has agreed to pay expenses in advance of the final disposition of any such indemnifiable proceeding. Danaher also has in effect directors and officers liability insurance covering all of Danaher's directors and officers.

**Potential Payments upon Termination or Change-of-Control as of 2012 Fiscal Year-End**

The following table describes the payments and benefits that each named executive officer would be entitled to receive upon termination of employment or in connection with a change-of-control of Danaher. The amounts set forth below assume that the triggering event occurred on December 31, 2012. Where benefits are based on the market value of Danaher's Common Stock, we have used the closing price of Danaher's Common Stock as reported on the NYSE on December 31, 2012 (\$55.90 per share). In addition to the amounts set forth below, upon any termination of employment each officer would also be entitled to (1) receive all payments generally provided to salaried employees on a non-discriminatory basis on termination, such as accrued salary, life insurance proceeds (for any termination caused by death), unused vacation and 401(k) Plan distributions, (2) receive accrued, vested balances under the EDIP and the Cash Balance Plan (except that under the EDIP, if an employee's employment terminates as a result of gross misconduct, the EDIP administrator may determine that the employee's vesting percentage with respect to all Danaher contributions is zero), and (3) exercise vested stock options (except that under the terms of the 2007 Plan and the 1998 Plan, no employee can exercise any outstanding equity award after termination for gross misconduct). The accrued, vested balances under the Cash Balance Plan and the EDIP for each named executive officer as of December 31, 2012 are set forth above under 2012 Pension Benefits and 2012 Nonqualified Deferred Compensation, respectively, and the terms of these plans as well as the 2007 Plan and the 1998 Plan are described under Employee Benefit Plans.

The values reflected in the table above relating to the acceleration of stock options and RSUs reflect the intrinsic value (that is, the value based on the price of Danaher's Common Stock, and in the case of stock options minus the exercise price) of the options and RSUs that would have vested had the specified event of termination or change-of-control occurred as of December 31, 2012.

- (1) For a description of the treatment upon a change-of-control of outstanding equity awards granted under the 1998 Plan and under the 2007 Plan, respectively, please see Employee Benefit Plans. The tabular disclosure assumes that upon a change-of-control of Danaher (as defined in the 1998 Plan and the 2007 Plan, respectively), Danaher's Board does not accelerate the vesting of any unvested RSUs or stock options held by the named executive officers. If a change-of-control had occurred as of December 31, 2012 and Danaher's Board had allowed the unvested RSUs and stock options held by the named executive officers to accelerate, the intrinsic value of the stock options and RSUs held by these officers that would have been accelerated would have been as follows (no tax reimbursement or gross-up payments would have been triggered by such accelerations): Stock options: Mr. Culp, \$21,636,345; Mr. Comas, \$7,120,914; Mr. Joyce, \$7,010,668; Ms. Lalor, \$56,242; and Mr. Lico, \$7,010,668. RSUs: Mr. Culp, \$33,085,198; Mr. Comas, \$9,539,615; Mr. Joyce, \$8,984,528; Ms. Lalor, \$2,907,918; and Mr. Lico, \$8,984,528.
- (2) The terms of the 2007 Plan provide for accelerated vesting of a participant's stock options and certain of a participant's RSUs if the participant dies during employment. For a description of these provisions under the 2007 Plan, please see Employee Benefit Plans.
- (3) Amounts reflected are provided pursuant to Mr. Culp's employment agreement. For a summary of the provisions relating thereto (as well as the provisions relating to noncompetition and other post-closing covenants), please see Employment Agreements Employment Agreement with H. Lawrence Culp, Jr.
- (4) Under Mr. Culp's employment agreement, if at least 90 days prior to the next anniversary date of the employment agreement he provides notice that his employment will terminate as of the end of the then-current term of the employment agreement, he is entitled to receive a pro rated cash payment for the year of termination, payable no later than two and one-half months following the end of the calendar year in which the termination occurs. Please see Employment Agreements above for a description of how this cash payment is calculated. If Mr. Culp were to have provided notice on December 31, 2012 that his employment would terminate as of the end of the current term of his employment contract (July 18, 2014), pursuant to this provision upon the termination he would be entitled to receive an amount equal to \$1,462,054 (assuming his base salary as of July 18, 2014 is the same as his base salary as of December 31, 2012 and his average annual cash incentive compensation from 2011-2013 is the same as from 2009-2011).
- (5) Under the terms of the EDIP, upon a participant's death the unvested portion of the Company contributions that have been credited to the participant's EDIP account would immediately vest.
- (6) Under the terms of Danaher's Senior Leader Severance Pay Plan, upon a termination without cause each of Messrs. Comas, Joyce and Lico and Ms. Lalor would be entitled to continue coverage under specified welfare benefit plans of the Company for one year at the same cost as an active employee in a comparable position. For a description of the plan, please see Employee Benefit Plans Senior Leader Severance Pay Plan.
- (7) Under the terms of the Senior Leader Severance Pay Plan, the Proprietary Interest Agreements that each of Messrs. Comas, Joyce and Lico have executed with Danaher, and the Lalor Letter Agreement that Ms. Lalor executed with Danaher, each such officer is entitled to certain payments if Danaher terminates his or her employment without cause. For a description of these agreements (including the provisions relating to noncompetition and other post-closing covenants), please see Employment Agreements The amounts set forth in the table assume that the officer would have executed Danaher's standard release in connection with any termination without cause.

### Employee Benefit Plans

Following is a description of the cash incentive compensation, equity compensation, non-qualified deferred compensation and severance pay plans in which Danaher's named executive officers participate. Each of these plans allows the plan administrator to exercise certain discretion in the administration of the plan, and as a result the plan administrator may administer the plan in a different manner from year to year, or in a different manner with respect to different plan participants, in each case to the extent permitted under the applicable plan.

#### *2007 Executive Incentive Compensation Plan*

In May 2012, Danaher's shareholders re-approved the material terms of the performance goals under Danaher Corporation's 2007 Executive Incentive Compensation Plan (the Cash Incentive Plan), which governs non-equity incentive compensation awards granted to Danaher's

## Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

executive officers. Each year, the Compensation Committee establishes the performance goals and related terms and conditions of awards under the Cash Incentive Plan no later than the earlier of the 90<sup>th</sup> day of the performance period, or the date on which 25% of the performance period has been completed (the applicable period ). Awards are earned under the plan for a given

performance period only if Danaher has positive net income for the period, as determined according to GAAP. If Danaher has positive net income for the performance period, the maximum award amount payable to a participant for the performance period equals the lesser of (1) ten million dollars (\$10,000,000) or (2) the amount earned pursuant to the performance goals and other award terms and conditions set by the Committee for the participant for the performance period, subject to any further negative discretion adjustments (up to and including elimination of the award) as the Committee may determine. Each performance period under the plan must be at least 12 months in duration except as otherwise permitted by Section 162(m). The performance goals are based on any one of, or a combination of, the performance-based criteria described in the Cash Incentive Plan, which are the same as the 2007 Stock Incentive Plan performance criteria described in Proposal 3- Approval of Amendments to the Danaher Corporation 2007 Stock Incentive Plan and Material Terms of the Plan's Performance Goals. The Committee may express each performance objective in absolute and/or relative terms or ratios, based on or using comparisons with internal targets, past performance of Danaher (including the past performance of one or more subsidiaries, platforms, divisions, operating units and/or other business units) and/or the past or current performance of unrelated companies. Without limiting the above, in the case of earnings-based measures, performance objectives may use comparisons relating to capital (including, but not limited to, the cost of capital), cash flow, free cash flow, shareholders' equity, shares outstanding, assets and/or net assets. The measures used in setting performance goals are, to the extent applicable, determined in accordance with GAAP and in a manner consistent with the methods used in Danaher's audited financial statements, but without regard to any of the GAAP carve-outs described in the Cash Incentive Plan (which are the same as the 2007 Stock Incentive Plan GAAP carve-outs described in Proposal 3- Approval of Amendments to the Danaher Corporation 2007 Stock Incentive Plan and Material Terms of the Plan's Performance Goals); provided that the Committee in its sole discretion and within the applicable period may determine that any or all of such GAAP carve-outs shall not be excluded from the measures used to determine the performance objectives for a particular period or shall be modified, and/or within the applicable period may determine to exclude other items from such measures for such performance period. Within the applicable period, the Committee may also adopt such forfeiture, proration or other rules as it deems appropriate, in its sole and absolute discretion, regarding the impact on awards of a participant's death, disability or other events or situations deemed by the Committee to constitute an appropriate exception to attainment of any performance goal for purposes of the applicable regulations. After the end of the performance period, the Committee certifies whether the positive net income requirement has been satisfied and the extent to which the performance goals for the performance period have been attained. Any awards payable under the plan are paid in cash no later than March 15<sup>th</sup> of the calendar year following the end of the performance period.

2012 Performance Formula. In February 2012, the Committee adopted a performance formula for determining the amounts to be paid under the Cash Incentive Plan to each executive officer for 2012 (other than Steven Rales and Mitchell Rales, who do not participate in the plan, and Ms. Lalor, who joined the Company in April 2012 and was subject to a different 2012 performance formula as described below). Under the formula, the maximum amount of cash incentive compensation payable to an executive officer for 2012 would equal the lesser of \$5 million (which was the award limit under the plan before our shareholders amended the plan in May 2012) or the product of the following four elements (provided that no amounts would be paid if Danaher did not achieve positive net income for 2012):

the officer's base salary received for 2012;

the officer's baseline bonus percentage (for 2012, the Committee set the baseline bonus percentages for each named executive officer as follows: Mr. Culp, 125%, and for each of Messrs. Comas, Joyce and Lico, 65%);

a personal factor of 2.0 (subject to the Committee's exercise of negative discretion); and

a company performance factor calculated as follows. First, we determine the compounded annual growth (or decline) rate of the Company's Adjusted EPS for the three years ended December 31, 2012, and separately for the year ended December 31, 2012 (for the definition of Adjusted EPS, please see Footnote 4 in Compensation Discussion & Analysis). Giving the one-year growth rate a 75%

weighting and the three-year growth rate a 25% weighting, we combine the two growth rates to create a blended growth rate, referred to as the EPS factor. The EPS factor is multiplied by four if the EPS factor is a positive number, and two if the EPS factor is a negative number. The product is then added to 0.9 to yield the preliminary company performance factor. We then calculate Danaher's free cash flow-to-adjusted net income conversion ratio for 2012 (the Free Cash Flow Ratio, which is defined in Footnote 4 in Compensation Discussion & Analysis). The company performance factor is equal to the product of the preliminary company performance factor and:

0.8, if the Free Cash Flow Ratio is 0.8 or less;

the Free Cash Flow Ratio, if such ratio is greater than 0.8 but less than 1.0;

1.0, if the Free Cash Flow Ratio is equal to or greater than 1.0 but less than 1.1;

the Free Cash Flow Ratio minus 0.1, if the Free Cash Flow Ratio is equal to or greater than 1.1 but less than 1.3; or

1.2, if the Free Cash Flow Ratio is equal to or greater than 1.3.

After calculating the maximum amount payable to each named executive officer according to the formula, the Committee applied its negative discretion to reduce each officer's personal factor to a number below 2.0 to determine the amount actually awarded to the officer for the year.

With respect to Ms. Lalor, in May 2012 the Committee adopted a performance formula for determining the amounts to be paid to Ms. Lalor for 2012 under the Cash Incentive Plan. Under the formula, if the Company were to have positive net income for the nine month period from April 1, 2012 through December 31, 2012, Ms. Lalor's award under the Cash Incentive Plan would be \$250,000, subject to any negative discretion adjustments as the Committee may determine.

The amounts actually awarded to each named executive officer for 2012 are set forth in Summary Compensation Table.

2013 Performance Formula. In March 2013, the Committee adopted performance formulas for 2013 pursuant to the terms of the Cash Incentive Plan. For Messrs. Culp, Comas, Joyce and Lico, the 2013 performance formula is the same as the 2012 performance formula that applied to these officers, and the Committee set the baseline bonus percentages for each such officer as follows: Mr. Culp, 125%, and for each of Messrs. Comas, Joyce and Lico, 65%. For Ms. Lalor, the 2013 performance formula provides that if the Company has positive net income for 2013, Ms. Lalor's award under the Cash Incentive Plan will be \$500,000, subject to any negative discretion adjustments as the Committee may determine.

#### *2007 Stock Incentive Plan*

For a description of the material terms of the 2007 Stock Incentive Plan, please see Proposal 3 Approval of Amendments to the Danaher Corporation 2007 Stock Incentive Plan and Material Terms of the Plan's Performance Goals.

#### *1998 Stock Option Plan*

No further awards may be issued under the 1998 Plan but previously-awarded stock options and RSUs remain outstanding under the plan. The provisions of the 1998 Plan relating to adjustments upon a change in capitalization, corporate changes and plan amendments/terminations are substantially the same as the comparable provisions in the 2007 Plan.

Unless the Committee provides otherwise, any options that are exercisable as of a participant's termination date will terminate on the earlier of the expiration of the award's term or:

12 months after termination, if the termination results from the participant's death;

the earlier of (1) 12 months after termination, or (2) 60 days after the participant no longer has a disability, if the participant is terminated on account of disability;

the time of termination, if the participant's employment is terminated for gross misconduct;

five years after termination, if the participant voluntarily terminates employment (1) at or after reaching retirement age (age 65), or (2) before reaching age 65, if the Compensation Committee determines that the termination constitutes an early retirement ; or

90 days following the termination date, in all other situations.

If an award survives for any period of time following termination of employment, it will nonetheless terminate as of the date that the participant violates any post-employment covenant between Danaher and the participant.

#### *Executive Deferred Incentive Program*

**Voluntary Contributions and Company Contributions.** The Executive Deferred Incentive Program, or EDIP, is a non-qualified, unfunded deferred compensation program for selected management associates of Danaher and its subsidiaries. All amounts deferred under the EDIP are unfunded and unsecured obligations of Danaher, receive no preferential standing and are subject to the same risks as any of Danaher's other general obligations. Each EDIP participant may elect to defer up to 85% of his or her salary and/or up to 85% of his or her bonus with respect to a given plan year. Participants may choose among alternative earnings rates for the amounts they voluntarily defer, which are the same as the earnings rates of the investment options offered under our 401(k) Plan (except for a real estate mutual fund that is offered under the EDIP and not under the 401(k) Plan, and except for any investment options that may only be offered under the Company's tax qualified 401(k) plan). Participants may change their earnings rates at any time, provided that any portion of a participant's account that is subject to the Danaher Common Stock earnings rate must remain subject to that earnings rate until the account is distributed to the participant.

In addition, as of the beginning of each plan year (or in the case of a new participant, on a pro rata basis as of such later date during the year when the person begins participating in the EDIP), Danaher credits to the account of each participant an amount equal to the product of:

the sum of the participant's base salary and target bonus as of the end of the prior year; and

a percentage determined by the Administrator that is based on the participant's years of participation in the EDIP, namely 6% for employees who have participated in the EDIP for less than 10 years, 8% after 10 years of EDIP participation and 10% after 15 years of EDIP participation.

The Danaher Common Stock earnings rate applies to all amounts that Danaher credits to a participant's account.

**Vesting.** Participants are at all times fully vested in amounts they voluntarily defer into their accounts. A participant vests in the amounts that Danaher credits to his or her account as follows:

If the participant has both reached age 55 and completed at least five years of service with Danaher or its subsidiaries, the participant immediately vests 100% in each Danaher contribution.

If the participant does not satisfy the conditions described under the preceding bullet, the participant's vesting percentage is 10% for each year of participation in the EDIP (after the participant has first completed five years of participation in the EDIP).

If a participant dies while employed by Danaher, his or her vesting percentage equals 100%.

**Distributions.** In general, a participant may not receive a distribution of his or her vested EDIP account balance until after his or her employment with Danaher terminates. If the Administrator determines that termination of an employee's participation in the EDIP resulted from the employee's gross misconduct, the Administrator may determine that the employee's vesting percentage with respect to all Danaher contributions is zero. A participant that is not 100% vested in the Danaher contributions that have been made to his or her account receives his or her vested EDIP account balance in a lump sum six months following termination from the EDIP. A participant that is 100% vested in the Danaher contributions that have been made to his or her account may generally elect to receive distributions from his or her EDIP account in either a lump sum or annual installments over two, five or ten years (with payments beginning immediately after termination for amounts vested as of December 31, 2004, or 6 months, 1 year or 2 years following termination, at the participant's election, for other vested amounts). Whether a participant elects to receive distributions in a lump sum or in annual installments, he or she may elect to receive his or her distribution in cash, shares of Danaher Common Stock or a combination of cash and shares of Danaher Common Stock; provided that all balances subject to the Danaher Common Stock earnings rate must be distributed in shares of Danaher Common Stock.

#### *Senior Leader Severance Pay Plan*

Each of Danaher's executive officers (in addition to certain other categories of employees as specified in the plan) is entitled to certain benefits under Danaher's Senior Leader Severance Pay Plan. If a covered employee is terminated without cause (as defined below) and except in certain circumstances as specified in the plan, subject to execution of Danaher's standard form of release he or she is entitled to severance equal to a minimum of three months of annual base salary plus an additional month for each year of service (provided that the three months plus all additional months cannot exceed twelve months in aggregate) paid out over the applicable severance period according to the normal payroll cycle, as well as the opportunity to continue coverage under specified welfare benefit plans of the Company for the duration of the severance period at the same cost as an active employee in a position similar to that held by the employee at termination. To the extent a covered employee is entitled to severance or other post-termination compensation pursuant to the terms of an individual agreement, payments and benefits will only be provided under the plan to the extent they are not duplicative of the payments and benefits provided under the individual agreement. Pursuant to the Lalor Letter Agreement, the amount of severance pay payable to Ms. Lalor under the Senior Leader Severance Pay Plan equals the product of (1) her annual base salary as of the date of termination, and (2) the sum of 1 plus her baseline annual bonus percentage under the Cash Incentive Plan as of the date of termination.

Under the plan, cause is defined as (i) the employee's dishonesty, fraud, misappropriation, embezzlement, willful misconduct or gross negligence with respect to, or any other action in willful disregard of the interests of, Danaher or its affiliates; (ii) the employee's conviction of, or pleading guilty or no contest to (1) a felony, (2) any misdemeanor (other than a traffic violation), or (3) any other crime or activity that would impair the employee's ability to perform duties or impair the business reputation of Danaher or its affiliates; (iii) the employee's willful failure or refusal to satisfactorily perform any duties assigned to the employee; (iv) the employee's failure or refusal to comply with Company standards, policies or procedures, including without limitation the Standards of Conduct as amended from time to time; (v) the employee's violation of any restrictive covenant agreement with Danaher or its affiliates; (vi) the employee's engaging in any activity that is in conflict with the business purposes of Danaher or its affiliates (as determined in the sole discretion of Danaher and its affiliates); or (vii) a material misrepresentation or a breach of any of the employee's representations, obligations or agreements under the plan.

## DIRECTOR COMPENSATION

### Summary of Director Compensation

Each of our non-management directors receives:

an annual cash retainer of \$55,000, paid in four, equal installments following each quarter of service;

\$2,500 for each board meeting they attend;

\$1,000 for each committee meeting they attend;

an annual equity award with a target award value of \$140,000 divided equally between options and restricted stock units. Using the average closing price of Danaher's Common Stock over a 15-day trading period ending on the seventh business day before the grant date, the target award value attributable to stock options is converted into a specific number of options (rounded up to the nearest ten) based on an assumed value per option equal to 40% of such average closing price. The target award value attributable to RSUs is converted into a specific number of RSUs using such average closing price. The strike price for each stock option is equal to the closing price of Danaher's Common Stock on the date of grant, the options have a ten-year term and each option is fully vested as of the date of grant. The RSUs vest on the earlier of (1) the first anniversary of the grant date, or (2) the date of, and immediately prior to, the next annual meeting of Danaher's shareholders following the grant date, but the underlying shares are not issued until the earlier of the director's death or the first day of the seventh month following the director's retirement from the Board. The options and RSUs are approved by the Compensation Committee on the date on which the Company's July annual equity grants are approved; and

payment of or reimbursement for Danaher-related out-of-pocket expenses, including travel expenses.

In addition, the chairs of the Audit Committee, Compensation Committee and Nominating and Governance Committee each receive an annual retainer of \$15,000 and the Lead Independent Director receives an annual retainer of \$10,000, in each case paid in equal quarterly installments following each quarter of service.

Each non-management director can elect to defer all or a part of the cash director fees that he or she receives with respect to a particular year under the Non-Employee Directors' Deferred Compensation Plan, which is a sub-plan under the 2007 Plan. Amounts deferred under the plan are converted into a particular number of phantom shares of Danaher Common Stock, calculated based on the closing price of Danaher's Common Stock on the date that such quarterly fees would otherwise have been paid. A director may elect to have his or her plan balance distributed upon cessation of Board service, or one, two, three, four or five years after cessation of Board service. All distributions from the plan are in the form of shares of Danaher Common Stock.

Our Board has adopted stock ownership requirements for non-management directors. Under the requirements, each non-management director (within five years of his or her initial election or appointment) is required to beneficially own Danaher shares with a market value of at least five times his or her annual retainer. Once a director has acquired a number of shares that satisfies such ownership multiple, such number of shares then becomes such director's minimum ownership requirement (even if his or her retainer increases or the fair market value of such shares subsequently declines). Under the policy, beneficial ownership includes RSUs held by the director, shares in which the director or his or her spouse or child has a direct or indirect interest and phantom shares of Danaher Common Stock in the Non-Employee Directors' Deferred Compensation Plan, but does not include shares subject to unexercised stock options. Each Danaher director beneficially owns Danaher shares. In addition, Danaher's Board has adopted a policy that prohibits any director or executive officer from pledging as security under any obligation any shares of Danaher common stock that he or she directly or indirectly owns and controls (other than shares already pledged as of February 21, 2013), and provides that pledged shares of Danaher common stock do not count toward Danaher's stock ownership requirements. Danaher policy also prohibits Danaher directors and employees from engaging in any transactions involving a derivative of a Danaher security, including hedging transactions.

**Director Summary Compensation Table**

The table below summarizes the compensation paid by Danaher to the non-management directors for the year ended December 31, 2012. Each of Steven Rales, Mitchell Rales and H. Lawrence Culp, Jr. serves as a director and executive officer of Danaher but does not receive any additional compensation for services provided as a director. Neither Steven Rales nor Mitchell Rales is a named executive officer. Details regarding the 2012 executive compensation provided to each of Steven Rales and Mitchell Rales is set forth under Certain Relationships and Related Transactions.

- (1) The amounts reflected in these columns represent the aggregate grant date fair value of the applicable award computed in accordance with FASB ASC Topic 718. With respect to restricted stock units, the grant date fair value under FASB ASC Topic 718 is calculated based on the number of shares of Common Stock underlying the RSU, times the closing price of the Danaher Common Stock on the date of grant. With respect to stock options, the grant date fair value under FASB ASC Topic 718 has been calculated using the Black-Scholes option pricing model, based on the following assumptions (and assuming no forfeitures): an 8.5 year option life, a risk-free interest rate of 1.17%; a stock price volatility rate of 29%; and a dividend yield of 0.2% per share.
- (2) The table below sets forth as to each non-management director the aggregate number of RSUs and aggregate number of stock options outstanding as of December 31, 2012. All of the stock options set forth in the table below are fully vested. The RSUs set forth in the table below vest in accordance with the terms described above.

Name of Director	Aggregate Number of Danaher Stock	Aggregate Number of Danaher

Alan G. Spoon	31,060	2,695
Elias A. Zerhouni, M.D.	15,060	2,695

- (3) Each of Mr. Spoon and Dr. Zerhouni elected to defer 100% of his 2012 cash director fees into phantom shares of Danaher Common Stock under the Non-Employee Directors Deferred Compensation Plan. Pursuant to such deferrals, Mr. Spoon received a total of 1,556 phantom shares with respect to his 2012 fees and Dr. Zerhouni received a total of 1,414 phantom shares with respect to his 2012 fees. Since these phantom shares are accounted for under FASB ASC Topic 718, they are reported under the Stock Awards column in the table above.

- (1) Table does not include 74,186 shares of Danaher Common Stock issuable pursuant to outstanding stock options granted under the Tektronix 2005 Stock Plan, which Danaher assumed in connection with the acquisition of Tektronix, Inc. in 2007. No further awards may be granted under the plan. As of December 31, 2012, the stock options outstanding under this plan had a weighted average exercise price of \$30.77 per share.
- (2) Consists of the 2007 Plan (including the Non-Employee Directors' Deferred Compensation Plan, which is a sub-plan under the 2007 Plan), 1998 Plan and the EDIP. No additional awards are issuable under the 1998 Plan.
- (3) Consists of 32,895,182 shares attributable to the 2007 Plan and 1998 Stock Plan, in the aggregate, and 2,529,754 shares attributable to the EDIP. Under the terms of the EDIP, upon distribution of a participant's EDIP balance the participant may elect to receive his or her distribution in cash, shares of Danaher Common Stock or a combination of cash and shares of Danaher Common Stock (except that any portion of a participant's account that is subject to the Danaher Common Stock earnings rate must be distributed in shares of Danaher Common Stock). For purposes of this table, we have assumed that all EDIP balances as of December 31, 2012 would be distributed in Danaher Common Stock.
- (4) The RSUs that have been issued under our equity compensation plans do not require a payment by the recipient to us at the time of vesting. The phantom shares under the Non-Employee Directors' Deferred Compensation Plan at distribution are converted into shares of Danaher Common Stock and distributed to the participant at no additional cost. In addition, under the EDIP, if a participant receives their EDIP distribution in shares of Danaher Common Stock, the participant's EDIP balance is converted into shares of Danaher Common Stock and distributed to the participant at no additional cost. As such, the weighted-average exercise price in column (b) does not take these awards into account.
- (5) Consists of 15,815,300 shares available for future issuance under the 2007 Plan and 607,886 shares available for future issuance under the EDIP (this amount does not take into account any increase in share authorization under the 2007 Plan that may be approved by the Company's shareholders at the 2013 Annual Meeting). See Proposal 3 Approval of Amendments to the Danaher Corporation 2007 Stock Incentive Plan and Material Terms of the Plan's Performance Goals for a description of the types of awards issuable under the 2007 Plan.

## CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

### Policy

Under Danaher's written Related Person Transactions Policy, the Nominating and Governance Committee of the Board is required to review and if appropriate approve all related person transactions, prior to consummation whenever practicable. If advance approval of a related person transaction is not practicable under the circumstances or if Danaher management becomes aware of a related person transaction that has not been previously approved or ratified, the transaction is submitted to the Committee at the Committee's next meeting. The Committee is required to review and consider all relevant information available to it about each related person transaction, and a transaction is considered approved or ratified under the policy if the Committee authorizes it according to the terms of the policy after full disclosure of the related person's interests in the transaction. Related person transactions of an ongoing nature are reviewed annually by the Committee. The definition of "related person transactions" for purposes of the policy covers the transactions that are required to be disclosed under Item 404(a) of Regulation S-K promulgated under the Securities Exchange Act.

### Relationships and Transactions

Certain affiliates of FMR Corp., which beneficially owns more than 5% of Danaher's Common Stock, provide services to us in connection with the administration of our stock plans (including the Non-Employee Directors' Deferred Compensation Plan), Savings Plans and EDIP. We paid these entities an aggregate of approximately \$145,000 for these services for 2012. In addition, Fidelity Management Trust Company serves as trustee and custodian of the Danaher stock and certain other accounts included in our Savings Plans and receives fees from plan participants for these services, and FMR Corp. and its affiliates also receive investment management fees from each Fidelity mutual fund offered under the Savings Plans based on a percentage of the plan assets invested in such mutual fund.

For their service as executive officers, each of Steven Rales and Mitchell Rales received a salary of \$419,000 and 401(k) Plan contributions of \$17,798 during 2012 and is entitled to participate in all of the benefits made generally available to salaried employees as well as all perquisites made generally available to Danaher's executive officers. In 2012, Danaher provided tax and accounting services to the Rales valued at \$201,868 in the aggregate in the form of one full-time employee (plus health and welfare benefits for the employee), allowed the Rales to make personal use of designated Danaher office space valued at \$368,259 in the aggregate, provided Mitchell Rales with parking valued at \$3,603 and provided Steven Rales with parking and with tickets for entertainment events valued at \$4,915 in the aggregate. The Rales do not receive annual cash incentive compensation or equity awards. Separately, in 2012, Steven Rales and Mitchell Rales paid Danaher approximately \$55,000 for providing benefits for, and as reimbursement for paying a portion of the salaries of, two persons who provide services to the Rales.

Steven Rales and Mitchell Rales also collectively own more than 10% of the equity of Colfax Corporation, a publicly traded manufacturing and engineering company that provides gas- and fluid-handling and fabrication technology products and services. Certain of our subsidiaries sell products to Colfax from time to time in the ordinary course of business and on an arms'-length basis. In 2012, our subsidiaries sold approximately \$800,000 of products to, and purchased approximately \$60,000 of products from, Colfax, which in each case is less than .03% of Colfax's, and of Danaher's, revenues for 2012. Our subsidiaries intend to sell products to and purchase products from Colfax in the future in the ordinary course of their businesses and on an arms'-length basis.

FJ900, Inc. ( "FJ900" ), an indirect, wholly-owned subsidiary of Danaher, is party to an airplane management agreement with Joust Capital II, LLC ( "Joust II" ) and a substantially identical agreement with Joust Capital III, LLC ( "Joust III" ) and together with Joust II, the "Joust entities" ). Joust II is owned by Mitchell Rales and Joust III is owned by Steven Rales. Under the management agreements, FJ900 performs management services for the respective aircraft owned by each of the Joust entities in like manner to the management services provided by

FJ900 for Danaher's aircraft. The management services provided by FJ900 include the provision of aircraft management, pilot services, maintenance, record-keeping and other aviation services. FJ900 receives no compensation for its services under the agreements. Having FJ900 perform management services for all of these aircraft enables Danaher and the Joust entities to share certain fixed expenses relating to the use, maintenance, storage, operation and supervision of their respective aircraft and utilize joint purchasing or joint bargaining arrangements where appropriate, allowing each party to benefit from efficiencies of scale and cost savings. We believe that this cost-sharing arrangement results in lower costs to Danaher than if we incurred these fixed costs on a stand-alone basis. Under the agreement, FJ900 prorates all shared expenses annually among the Joust entities and Danaher based on each party's flight hours logged for the year. The Joust entities pre-pay FJ900 on a quarterly basis for their estimated, prorated portion of such shared expenses, and the amounts are tried up at the end of the year. With respect to the year ended December 31, 2012, the Joust entities paid FJ900 approximately \$2,055,000 for the Joust entities' share of the fixed airplane management expenses shared with Danaher. Each Joust entity pays directly all expenses attributable to its aircraft that are not shared. Under the management agreements, each party is also required to maintain a prescribed amount of comprehensive aviation liability insurance and name the other party and its affiliates as additional named insureds, while the Joust entities must also maintain all-risk hull insurance for their aircraft. If either party suffers any losses in connection with the arrangements set forth in the management agreement, and such losses are due to the fault, negligence, breach or strict liability of the other party, the sole recourse of the party incurring the loss against the other party is to the available insurance proceeds. Each management agreement may be terminated by any party upon 30 days' notice.

In addition, Danaher is party to substantially identical airplane interchange agreements with each of the Joust entities with respect to each respective aircraft owned by Danaher and by each of the Joust entities. Under each interchange agreement, the Joust entity has agreed to lease its aircraft to Danaher and Danaher has agreed to lease the respective Danaher aircraft to the Joust entity, in each case on a non-exclusive, equal time basis. Neither party is charged for its use of the other party's aircraft, the intent being that over the life of the contract each party's usage of the other party's aircraft will be generally equal. With respect to the year ended December 31, 2012, the incremental cost of the use of the Joust aircraft by Danaher, net of the incremental cost of the use of the Danaher aircraft by the Joust entities, was approximately \$40,000. The owner of each aircraft, as operator of the aircraft, is responsible for providing a flight crew for all flights operated under the interchange agreement. Each owner/operator is required to maintain standard insurance, including all-risk hull insurance and a prescribed amount of comprehensive aviation liability insurance, and to name the other party and its affiliates as additional named insureds. With respect to any losses suffered by the party using the owner/operator's plane, the using party's recourse against the owner/operator is limited to the amount of available insurance proceeds. To the extent the using party and/or any third party suffers losses in connection with the using party's use of the owner/operator's aircraft, and recovers from the owner/operator an amount in excess of the available insurance proceeds, the using party will indemnify the owner/operator for all such excess amounts. The interchange agreements may be terminated by either party upon 10 days' notice.

In 2011, Danaher's management determined that the travel requirements of the Company's officers and other senior management require an additional Company aircraft. Also in 2011, Steven Rales determined to replace his Dassault Falcon 900B aircraft (the Aircraft) with a new aircraft, and as a result determined to sell the Aircraft. Danaher determined that it would be beneficial for Danaher to acquire the Aircraft from Mr. Rales if the parties could agree on mutually acceptable, arms-length terms, because the Aircraft and Danaher's existing aircraft have been under the common management of FJ900 and therefore Danaher is familiar with the Aircraft and its maintenance and operational history and has a flight crew qualified to fly the Aircraft. To provide the basis for an arms-length purchase price, the parties jointly commissioned two independent appraisals of the Aircraft. After averaging the two appraisal values (which had a difference of less than one percent) the parties agreed to reduce such average value by an amount equal to the estimated broker fee and engine maintenance insurance cost that Mr. Rales would likely incur if he were to sell the Aircraft to another party, yielding a purchase price of \$13.5 million. In accordance with Danaher's Related Person Transactions Policy, Danaher's Nominating and Governance Committee reviewed the process by which the proposed purchase terms, including

the proposed purchase price, were developed; reviewed the proposed purchase terms, including the proposed purchase price; considered the advantages to Danaher of acquiring the Aircraft as compared to another, comparable used aircraft; and approved Danaher's purchase of the Aircraft upon the proposed terms. Subsequent to the approval of the Nominating and Governance Committee, on February 23, 2012, Danaher entered into an agreement with Mr. Rales and Joust Group L.L.C. (an entity owned by Mr. Rales), whereby Danaher acquired from Mr. Rales and Joust Group L.L.C. all of the outstanding interests in Joust Capital LLC, of which the only asset is the Aircraft, for a purchase price of \$13.5 million.

Thomas P. Joyce, Jr. is Executive Vice President of Danaher and has served in a variety of general management positions since joining Danaher in 1989. His brother, Robert Joyce, has also served in a variety of general management positions since joining Danaher in 1993 and does not report directly or indirectly to Thomas P. Joyce, Jr. For 2012, Robert Joyce received total cash compensation of approximately \$500,000, participated in Danaher's equity compensation program and received benefits comparable to those received by persons in similar management positions within Danaher.

**PROPOSAL 2.**

**RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee on behalf of Danaher has selected Ernst & Young LLP, an international accounting firm of independent certified public accountants, to act as the independent registered public accounting firm for Danaher and its consolidated subsidiaries for the year ending December 31, 2013. Although shareholder approval of the selection of Ernst & Young LLP is not required by law, Danaher's Board believes that it is advisable to give shareholders an opportunity to ratify this selection. If this proposal is not approved by Danaher's shareholders at the 2013 Annual Meeting, the Audit Committee will reconsider its selection of Ernst & Young LLP. Even if the selection of Ernst & Young LLP is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Danaher and its shareholders.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

For information concerning fees paid to Ernst & Young LLP in 2011 and 2012, see Fees Paid to Independent Registered Public Accounting Firm below.

**Recommendation of the Board of Directors:**

**THE BOARD OF DIRECTORS OF DANAHER UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP TO SERVE AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR DANAHER FOR 2013.**

**PROPOSAL 3.**

**APPROVAL OF AMENDMENTS TO THE**

**DANAHER CORPORATION 2007 STOCK INCENTIVE PLAN**

**AND MATERIAL TERMS OF THE PLAN'S PERFORMANCE GOALS**

**Introduction**

The Danaher Corporation 2007 Stock Incentive Plan (the Plan or the 2007 Plan), was adopted by Danaher's shareholders on May 15, 2007 and was subsequently amended on December 10, 2008, May 5, 2009 and May 10, 2011. The Board is seeking shareholder approval for the following Plan amendments (collectively, the Proposal):

The 2007 Plan authorizes the delivery of up to 45,000,000 shares of Common Stock pursuant to awards, of which no more than 14,000,000 shares of Common Stock may be granted in any form other than stock options or SARs. As of March 1, 2013, an aggregate of approximately 30,810,000 shares had been delivered or were reserved for delivery pursuant to awards granted under the 2007 Plan (including approximately 7,030,000 shares granted in a form other than stock options or SARs), leaving approximately 14,190,000 shares available for use in connection with future awards (no more than 6,970,000 of which may be granted in a form other than stock options or SARs). These unused shares will remain available for awards under the 2007 Plan whether or not the Company's shareholders approve the Proposal. The amendments contemplated by the Proposal authorize the delivery of up to an additional 17,000,000 shares (the Additional Shares) (no more than 4,500,000 of which may be granted in any form other than stock options or SARs) for a total of 62,000,000 authorized shares (no more than 18,500,000 of the total authorized shares may be granted in any form other than stock options or SARs). If the Proposal is approved, we believe the shares available under

the Plan will be sufficient to satisfy the Company's equity compensation requirements for approximately 5 years. We believe this represents an appropriate share reserve under the Plan particularly in light of the Company's historical growth trajectory and aggressive acquisition program.

The amendments would also (1) add total shareholder return, core revenue and market share objectives as additional performance objectives that may be applied to Section 162(m) performance-based awards under the 2007 Plan (to conform the list of performance objectives available under the 2007 Plan to the list of performance objectives available under the Company's 2007 Executive Incentive Compensation Plan); (2) provide that the Administrator cannot cancel underwater options for cash without shareholder approval; (3) provide that any dispute arising under the Plan will be conducted in the courts of New Castle County in the State of Delaware, or the United States Federal court for the District of Delaware; and (4) extend the duration of the Plan from May 15, 2017 to May 15, 2020.

Approval of the Proposal will also be deemed to constitute approval of all of the material terms of the performance goals under the 2007 Plan for purposes of Section 162(m) of the Internal Revenue Code. Section 162(m) generally disallows a tax deduction to public corporations for compensation in excess of \$1 million paid for any fiscal year to a company's CEO or to any of the company's other three most highly compensated executive officers (other than the CFO). The statute generally exempts qualifying performance-based compensation from the deduction limit if certain conditions are met. One of the requirements of performance-based compensation for purposes of Section 162(m) is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by the Company's shareholders. In addition, Section 162(m) provides that if the Company retains the authority to change the performance goal targets, then the Company must, no later than the first shareholders' meeting that occurs in the fifth year following the year in which prior shareholder approval was obtained, again disclose the material terms of the performance goals to shareholders for re-approval. For purposes of Section 162(m), the material terms include (a) the employees eligible to receive compensation, (b) a description of the business criteria on which the performance goals are to be based and (c) the maximum amount of compensation that can be paid to an employee under the performance goal. Each of the material terms of the 2007 Plan are summarized below.

The Board believes that it is in the best interest of the Company and its shareholders to approve the Proposal so that the Company can continue to use the 2007 Plan to grant tax-deductible equity compensation to attract, retain and reward employees and directors and closely align their interests with those of the Company's shareholders. The Compensation Committee of the Board has reviewed and considered the Proposal and recommended to the Board that the Proposal be approved by the Board and submitted to the Company's shareholders for approval. The Board has approved the Proposal and directed that the Proposal be submitted to the Company's shareholders for approval.

### **General Information Regarding Stock Compensation Plans**

#### *Burn Rate and Overhang*

In administering our stock compensation plans, we consider both our burn rate and our overhang :

We define burn rate in a given year as the total number of shares of Common Stock that underlie the equity compensation awards granted in that year, divided by the undiluted weighted average shares of Common Stock outstanding during the year. Our burn rate in 2012 was 0.87% and our three year average burn rate from 2010-2012 was also 0.87% (compared to an average median burn rate of 1.18% for our peer companies for the years 2009-2011, based on recent publicly available data).

We define overhang as of a given date as the sum of the total number of shares of Common Stock that underlie outstanding equity awards plus the total number of shares available for issuance under our equity compensation plans as of such date (in aggregate these are referred to as total plan shares), divided by the sum of total plan shares and shares of Common Stock outstanding as of such date. Our overhang as of December 31, 2012 was 7.02% (compared to a median overhang of 10.62% for our peer

companies, based on recent publicly available year-end data) and on a pro forma basis (assuming that the Additional Shares were authorized as of December 31, 2012) our overhang as of December 31, 2012 would have been 9.11%.

We believe that our overhang (on an actual basis and on a pro forma basis) and our burn rate are reasonable in relation to our peer group and reflect a judicious use of equity for compensation purposes. In assessing our overhang, we also believe it is important to take into account that we apply vesting periods to our equity awards that are longer than typical for our peer group and we encourage option holders to hold their awards for extended periods of time after vesting. We believe these both have the effect of extending the period during which the average equity award is reflected in the Company's overhang calculation.

#### *Stock Options*

Set forth below is information regarding aggregate stock options outstanding under the 2007 Plan, the 1998 Plan and the Tektronix 2005 Stock Plan (collectively, the Stock Plans) as of March 1, 2013. As of March 1, 2013, 27,260,000 stock options in aggregate were outstanding under the Stock Plans with a weighted average exercise price of \$42.10 and a weighted average remaining years of contractual life of 6.92 years. As of March 1, 2013, the closing price of the Company's Common Stock was \$61.57 per share.

	Outstanding Options	Weighted Average Exercise Price	Weighted Average Remaining Years of Contractual Life
In-the-money options outstanding in excess of six years	6,960,000	\$ 28.36	2.44 years
Underwater options outstanding in excess of six years	0	N/A	N/A
Options outstanding less than six years (all of which were in-the-money as of March 1, 2013)	20,300,000	\$ 44.08	7.57 years

All options that as of March 1, 2013 have been outstanding in excess of six years were in-the-money (i.e., the closing price of Danaher's Common Stock as of such date exceeded the option exercise price) as of such date by at least \$23.50 per option (38% of Danaher's stock price as of March 1, 2013). Options awarded to senior management generally vest either 50% on each of the fourth and fifth anniversaries of the grant date or 1/3 on each of the third, fourth and fifth anniversaries of the grant date, and options awarded to other employees generally vest pro rata over a five year period. As of March 1, 2013, approximately 6,095,000 of our outstanding options are held by named executive officers.

#### *Full Value Awards*

As of March 1, 2013, 5,375,000 RSUs were outstanding under the 2007 Plan; zero RSUs were outstanding under the 1998 Plan; and 2,470,000 shares were issuable pursuant to outstanding EDIP awards.

#### *Shares Available for Future Awards*

As of March 1, 2013, 14,190,000 shares were available for use under the 2007 Plan in connection with future awards (no more than 6,970,000 of which may be granted in a form other than stock options or SARs) and 605,000 shares were available for use under the EDIP in connection with future awards. The amendments contemplated by the Proposal would authorize the delivery of up to an additional 17,000,000 shares under the 2007 Plan (no more than 4,500,000 of which may be granted in any form other than stock options or SARs). No additional awards are issuable under the 1998 Plan or the Tektronix 2005 Stock Plan.

**Summary of the Plan (as proposed to be amended)**

The following is a summary of the material terms of the 2007 Plan as proposed to be amended. This summary is qualified in its entirety by reference to the 2007 Plan as proposed to be amended, a copy of which is attached as Appendix A to this Proxy Statement. If the Proposal is not approved, the 2007 Plan will remain in effect in its current form and with the number of shares currently authorized.

*Awards and Eligibility*

The following awards may be granted under the 2007 Plan: stock options, SARs, restricted stock, RSUs and other stock-based awards, as such terms are defined in the 2007 Plan (collectively, all such awards are referred to as awards). Neither Danaher nor any of its subsidiaries will receive any consideration for the granting of these awards, other than, where required, par value. All employees, non-employee directors (directors) and consultants of Danaher and its subsidiaries are eligible to participate in the 2007 Plan. As of March 1, 2013, Danaher had approximately 63,000 employees and eight non-employee directors.

*Administration of Plan*

The 2007 Plan is administered by the Compensation Committee of the Board of Directors of Danaher (the Administrator). The 2007 Plan requires that the Compensation Committee consist of at least two directors, each of whom is a non-employee director under Rule 16b-3 under the Securities Exchange Act and an outside director for purposes of Section 162(m). The Administrator has the sole authority to grant awards and sole and exclusive discretion to construe, interpret and administer the 2007 Plan, amend, waive or extend any provision or limitation of any award (except as limited by the terms of the 2007 Plan), remedy ambiguities or omissions and adopt appropriate procedures (and may delegate its authority to members of management (other than authority to make grants to any director, any officer subject to Section 16 of the Securities Exchange Act or any covered employee within the meaning of Section 162(m))). The Administrator determines the employees, directors and consultants who will receive grants and the precise terms of the grants (including any provisions regarding acceleration of vesting and exercisability). The decisions of the Administrator are final and binding on all holders of awards. The laws of the State of Delaware (other than its choice of law provisions) govern the Plan and its interpretation, and any dispute that arises under the Plan or any award granted under the Plan must be conducted in the courts of New Castle County in the State of Delaware, or in the United States Federal court for the District of Delaware.

*Stock Subject to Plan; Award Limits*

No more than 18,500,000 of the 62,000,000 shares authorized under the 2007 Plan may be granted in any form other than stock options or SARs. If any award issued under the 2007 Plan expires, is canceled, or terminates for any other reason, the shares of Common Stock available under the award will again become available for issuance under the 2007 Plan (but such expirations, cancellations, or terminations will count against the Section 162(m) limit). Any shares of Danaher Common Stock surrendered for the payment of the exercise price of stock options or SARs or used to satisfy a withholding obligation, and shares of Common Stock repurchased in the open market with the proceeds of a stock option exercise, will not again become available for issuance under the 2007 Plan.

In the case of any award intended to comply with Section 162(m), in any calendar year, no employee or director may be granted options or SARs under the 2007 Plan with respect to more than 3 million shares of Danaher Common Stock, or restricted stock grants or awards of RSUs which in the aggregate cover the cash value equivalent of more than 3 million shares of Common Stock (measured as of the date of grant, less \$0.01 par value per share of Common Stock).

*Adjustments*

Upon any change in Danaher's capitalization such as a Common Stock dividend or stock split, the Administrator will make a proportionate and appropriate adjustment to the number of shares underlying outstanding awards as well as the number of shares reserved for issuance under the 2007 Plan (including the limits regarding the number of shares available for awards granted in any form other than options or SARs) and the number and type of shares specified as the annual per-participant limitation for purposes of Section 162(m).

*Performance Rules*

Awards under the 2007 Plan may be subject to time-based and/or performance-based vesting conditions. Awards subject to performance-based vesting conditions may be designed to comply with Section 162(m). Under the 2007 Plan, an award that is designed to comply with Section 162(m) will be based exclusively on one of, or a combination of, the following performance-based criteria, which may be based on the Company and its subsidiaries on a group-wide basis or on the basis of subsidiary, platform, division, operating unit and/or other business unit results (subject to the Committee's exercise of negative discretion):

earnings per share (on a fully diluted or other basis);

stock price targets or stock price maintenance;

total shareholder return;

return on capital, return on invested capital or return on equity;

pretax or after tax net income;

working capital;

earnings before interest and taxes;

earnings before interest, taxes, depreciation, and amortization (EBITDA);

operating income;

free cash flow;

cash flow;

revenue or core revenue (core revenue may also be referred to as revenue from existing businesses or organic revenue);

gross profit margin, operating profit margin, gross or operating margin improvement or core operating margin improvement; and/or

strategic business criteria, consisting of one or more objectives based on meeting specified revenue, market penetration, market share or geographic business expansion goals, cost targets, or objective goals relating to acquisitions or divestitures.

The Administrator may express each performance objective in absolute and/or relative terms or ratios, based on or using comparisons with internal targets, past performance of Danaher (including the past performance of one or more subsidiaries, platforms, divisions, operating units and/or other business units) and/or the past or current performance of unrelated companies. Without limiting the above, in the case of earnings-based measures, performance objectives may use comparisons relating to capital (including, but not limited to, the cost of capital), cash flow, free cash flow, shareholders' equity, shares outstanding, assets and/or net assets. For awards subject to Section 162(m), the measures used in setting performance goals are, to the extent applicable, determined in accordance with GAAP and in a manner consistent with the methods used in Danaher's audited financial statements, but without regard to (1) extraordinary or nonrecurring items in accordance with GAAP, (2) the impact of any change in accounting principles that occurs during the performance period (or that occurred during

any period that the performance period is being compared to) and the cumulative effect thereof (the Administrator may (as specified by the Administrator within the Applicable Period) either apply the changed accounting principle to all periods referenced in the award, or exclude the changed accounting principle from all periods referenced in the award), (3) goodwill and other intangible impairment charges, (4) gains or charges associated with discontinued operations or with the obtaining or losing control of a business, (5) gains or charges related to the sale or impairment of assets, (6)(i) all transaction costs directly related to acquisitions, (ii) all restructuring charges directly related to acquisitions and incurred within two years of the acquisition date, (iii) all charges and gains arising from the resolution of acquisition-related contingent liabilities identified as of the acquisition date, and (iv) all other charges directly related to acquisitions and incurred within two years of the acquisition date, (7) the impact of any discrete income tax charges or benefits identified in the performance period (or during any period the performance period is being compared to), and (8) other objective income, expense, asset, liability and/or cash flow adjustments that may be consistent with the purposes of the performance goals set for the given performance period and are specified by the Committee no later than the earlier of the 90th day of the performance period or the date on which 25% of the performance period has been completed (the Applicable Period); provided, that with respect to the gains and charges referred to in sections (3), (4), (5), (6)(iii), (6)(iv) and (7), only gains or charges that individually or as part of a series of related items exceed \$10 million in aggregate during the performance period and any period that the performance period is being compared to are excluded; and provided further, that the Administrator in its sole discretion and within the Applicable Period may determine that any or all of the carve-outs from GAAP described in subsections (1) through (7) above shall not be excluded from the measures used to determine the performance objectives for a particular period or shall be modified. In addition, any award that is intended to comply with Section 162(m) will not vest under its terms unless Danaher has first achieved four consecutive fiscal quarters of positive net income during the period between the grant date and the tenth anniversary of the grant date and the Administrator has certified that such performance has been met. The Administrator will certify whether performance objectives are attained, and its determination will be final and conclusive. The Administrator may also use discretion to lower (but not increase) the benefits received under an award that are otherwise earned upon satisfaction of the applicable performance objectives.

*Termination of Employment*

Unless the Administrator determines otherwise, any options or SARs that are vested as of a participant's termination of employment (including any options or SARs the vesting of which accelerates as a result of the participant's death) will remain exercisable until the earlier of the expiration of the award's term or:

12 months after termination, if the termination results from the participant's death or disability;

the time of termination, if the participant's employment is terminated for gross misconduct;

five years after termination, if the participant voluntarily terminates employment (1) at or after reaching retirement age (age 65) (normal retirement), or (2) before reaching age 65, if the Administrator determines that the termination constitutes an early retirement (and in addition, upon normal retirement or early retirement any unvested options or SARs held by the participant at the retirement date will continue to vest until the earlier of expiration of the award's term or the fifth anniversary of the retirement); or

90 days following the termination date, in all other situations.

The Administrator has the discretion to determine whether and when a termination of employment has occurred. If an award survives for any period of time following termination of employment, it will nonetheless terminate as of the date that the participant violates any post-employment covenant between Danaher and the participant.

In addition, under the following circumstances certain vesting provisions applicable to awards granted under the 2007 Plan will accelerate.

*Death.* Upon termination of a participant's employment or service due to death (1) all outstanding stock options granted under the 2007 Plan become fully vested, and (2) the vesting of a portion of his or her outstanding RSUs is accelerated as of the date of death (with such portion determined on a pro-rata basis for each part of an award with a separate vesting period, by reference to the number of years between the date the RSUs were granted (with any partial year counting as a full year) and the date of death divided by the number of years in the vesting period).

*Early retirement.* Unless otherwise provided by the Administrator, in the event the Administrator grants early retirement treatment with respect to all or a specified portion of a participant's outstanding awards, the time-based vesting of any portion of any RSU or restricted stock grant scheduled to vest during the five-year period immediately following the retirement date is accelerated (and any such awards that are subject to performance-based vesting criteria that remain unsatisfied as of the date of any such retirement will remain outstanding until the earlier of expiration of the award's term or the fifth anniversary of the retirement, to determine whether such criteria become satisfied), and the balance of such RSUs or restricted stock grants terminates as of the retirement date.

*Stock Options and Stock Appreciation Rights*

The 2007 Plan authorizes the grant of non-qualified stock options, which are not intended to satisfy the requirements of Section 422 of the Code, as well as SARs. When a SAR is exercised, the employee receives a payment determined by calculating the difference between the fair market value of a share of Danaher's Common Stock on the date of exercise and the exercise price and payment may be made in cash or stock, or a combination of cash and stock. The exercise price of stock options and SARs granted under the 2007 Plan may not be less than the fair market value of a share of Danaher's Common Stock on the date of grant except in the event of a conversion, replacement or substitution in connection with an acquisition or merger or in the event of an adjustment to the Company's capital stock. The fair market value means the closing price per share of Common Stock on the NYSE on the date the award is granted, or if no such closing price is available on such day, the closing price for the immediately preceding trading day. Except for adjustments related to changes in the capital structure or a substantial corporate change of Danaher, the Administrator may not, absent the approval of the shareholders within 12 months prior to the event, reduce the exercise price of any outstanding options or SARs, cancel and re-grant any outstanding option or SAR with a lower exercise price or cancel underwater options for cash. No stock option or SAR will be exercisable more than ten years after the date it is granted.

*Restricted Stock Grants, Restricted Stock Units and Other Stock-Based Awards*

A restricted stock grant is a direct grant of Common Stock, subject to restrictions and vesting conditions, including time-based vesting conditions and/or the attainment of performance-based vesting conditions. A participant who is awarded a restricted stock grant under the 2007 Plan will have the same voting, dividend and other rights as Danaher's other shareholders from the date of grant. The Administrator may also grant RSUs under which the participants will be entitled to receive shares of Danaher's Common Stock upon satisfaction of any applicable vesting conditions, including time-based vesting conditions and/or the attainment of performance-based vesting conditions. A participant who is awarded RSUs under the 2007 Plan does not possess any incidents of ownership with respect to the underlying shares of Common Stock. Generally, any shares subject to unvested restricted stock grants or unvested RSUs are forfeited upon termination of employment (other than by reason of death or early retirement). Restricted stock and RSU awards (and all other full-value awards) must be granted subject to a minimum vesting period of 1 year (for performance based awards) or 3 years (for non-performance based awards). Unless otherwise specified by the Administrator, any performance-based vesting conditions relating to restricted stock or RSU grants must be satisfied, if at all, prior to the 10th anniversary of the date of grant. Other awards that are valued in whole or in part by reference to, or otherwise based on or related to, Danaher's Common Stock may also be granted to employees, directors and consultants.

#### *Transferability*

Generally, awards under the 2007 Plan may not be pledged, assigned or otherwise transferred or disposed of in any manner other than by will or the laws of descent or distribution. However, the Administrator has the authority to allow the transfer of awards by gift to members of the participant's immediate family, children, grandchildren or spouse, a trust in which the participant and/or such family members collectively have more than 50% of the beneficial interest, or any other entity in which the participant and/or such family members own more than 50% of the voting interests.

#### *Corporate Changes*

As defined in the 2007 Plan, a substantial corporate change includes the consummation of (i) Danaher's dissolution or liquidation; (ii) a merger, consolidation, or reorganization in which Danaher is not the surviving entity (unless the voting securities of Danaher outstanding prior to such event continue to represent more than 50% of the voting securities of the surviving entity); (iii) the sale of all or substantially all of Danaher's assets to another person or entity; or (iv) any transaction approved by the Board (including a merger or reorganization in which Danaher survives) that results in any person or entity (other than any affiliate of Danaher as defined in Rule 144(a)(1) under the Securities Act) owning 100% of the combined voting power of all classes of stock of Danaher. Upon a substantial corporate change, the 2007 Plan and any forfeitable portions of the awards will terminate unless provision is made for the assumption or substitution of the outstanding awards. Unless the Board determines otherwise, if any award would otherwise terminate upon a substantial corporate change, the Administrator will either (i) provide holders of options and SARs with a right, at such time before the consummation of the transaction as the Board designates, to exercise any unexercised portion of an option or SAR, whether or not previously exercisable, or (ii) cancel each award after payment of an amount in cash, cash equivalents or successor equity interests substantially equal to the fair market value of the underlying shares of Common Stock under the transaction minus, for any options or SARs, the exercise price for the shares covered by the option or SAR.

#### *Foreign Jurisdictions*

To comply with the laws in countries outside the United States in which the Danaher or any of its subsidiaries operates or has employees, the Administrator has the authority to determine which subsidiaries shall be covered by the 2007 Plan and which employees outside the United States are eligible to participate in the 2007 Plan, to modify the terms and conditions of any award granted to employees outside the United States and to establish sub-plans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable.

#### *Amendment or Termination*

The Board may amend, suspend or terminate the 2007 Plan. However, no amendment may be effected without approval of Danaher's shareholders to the extent such approval is required under applicable law or any applicable stock exchange rule. Except as required by law or upon a dissolution, liquidation, merger or similar corporate change, the Administrator may not amend or cancel the 2007 Plan or any award made under the 2007 Plan without the written consent of the participant if such action would materially adversely affect any outstanding award, provided however, that the Board reserves the right to unilaterally alter or modify the Plan and any awards made thereunder to ensure all awards provided to participants who are U.S. taxpayers are made in such a manner that either qualifies for exemption from or complies with Code Section 409A. In addition, all awards granted under the 2007 Plan are subject to the Company's recoupment policy as it exists from time to time, if and to the extent the policy applies according to its terms as well as any recoupment terms required by applicable law. Unless the Board extends the Plan's term, the Administrator may not grant Awards under the Plan after May 15, 2020.

## New Plan Benefits

Grants that will be made under the 2007 Plan as proposed to be amended are not currently determinable. Since the date the 2007 Plan was adopted through March 1, 2013, Danaher granted the following number of options and RSUs to purchase Danaher Common Stock to the individuals and groups listed below: Mr. Culp, 1,789,418 options and 771,854 RSUs; Mr. Comas, 573,900 options and 222,265 RSUs; Ms. Lalor, 61,450 options and 63,595 RSUs; Mr. Lico, 536,680 options and 207,025 RSUs; Mr. Joyce, 540,810 options and 209,380 RSUs; for each of Messrs. Caplin, Ehrlich, Lohr, Schwieters, Spoon and Ms. Hefner, 39,060 options and 2,695 RSUs; Ms. List-Stoll, 3,440 options and 1,375 RSUs; Dr. Zerhouni, 15,060 options and 2,695 RSUs; all current executive officers as a group, 4,483,548 options and 1,875,204 RSUs; all current directors who are not executive officers as a group, 252,860 options and 20,240 RSUs; all associates of any such directors, executive officers or nominees, none; and all other employees as a group, 19,046,075 options and 5,132,480 RSUs.

## Federal Income Tax Consequences

The following is a summary of the U.S. federal income tax consequences of transactions under the 2007 Plan based on current federal income tax laws. The 2007 Plan is not qualified under Section 401(a) of the Code. **The summary is general in nature and is not intended to cover all tax consequences that may apply to a particular employee, director or to Danaher. The provisions of the Code and regulations thereunder relating to these matters are complicated, may change and their impact in any one case may depend upon a participant's particular circumstances. This summary expressly does not discuss the provisions of any income tax laws of any municipality, state or non-U.S. taxing jurisdiction in which a participant may reside, gift, estate or excise taxes, or other tax laws other than U.S. federal income tax law. The following is not intended or written to be used, and cannot be used, for the purposes of avoiding taxpayer penalties. Because individual circumstances may vary, Danaher advises all participants to consult their own tax advisors concerning the tax implications of awards granted under the 2007 Plan.**

*Nonqualified Stock Options.* With respect to nonqualified stock options: (i) no income is recognized by the participant at the time the nonqualified stock option is granted; (ii) generally, at exercise, ordinary income (treated as compensation) is recognized by the participant in an amount equal to the difference between the option exercise price paid for the shares and the fair market value of the shares on the date of exercise and Danaher is entitled to a tax deduction in the same amount (subject to the limits of Section 162(m)); and (iii) upon disposition of the shares, any gain or loss is treated as long- or short-term capital gain or loss (depending on the time the stock is held after exercise).

*Stock Appreciation Rights.* Upon exercise of a stock appreciation right, the participant will recognize ordinary income (treated as compensation) in an amount equal to the cash received, and if the SAR is paid in Common Stock, the fair market value of the Common Stock as of the date of exercise. Danaher generally will be entitled to a business expense deduction in the same amount and at the same time as the participant recognizes ordinary compensation income (subject to the limits of Section 162(m)).

*Restricted Stock.* In the absence of a Section 83(b) election (as described below), a participant who receives restricted stock will recognize no income at the time of grant. When the restrictions expire, a participant will recognize ordinary income (treated as compensation) equal to the fair market value of the stock when the restrictions expire over the amount paid for the stock (if any). As the restrictions applicable to a grant of restricted stock expire (for example, if the restrictions on 20% of a grant expire on each anniversary of the grant), the participant will include an appropriate portion of the shares as ordinary income (treated as compensation). The participant's basis in the stock is equal to the amount included in income on the expiration of the restrictions and the amount paid (if any), and the holding period will begin when the restrictions end. Any disposition of the restricted stock will result in a long- or short-term capital gain or loss (depending on the time the stock is held after the restrictions end). Dividends received by the participant constitute ordinary income (treated as compensation) in the year received. Danaher generally will be entitled to a deduction equal to the fair market

value of the stock when it is included in the participant's income, and will also be entitled to a business expense deduction for dividends paid to the participant (if any) on stock that remains subject to restrictions (in each case subject to the limits of Section 162(m)).

If a Section 83(b) election is made within 30 days of the initial grant, the participant must recognize the fair market value of the restricted stock on the date of grant as ordinary income (treated as compensation) as of the date of grant, and the holding period would begin at the time the restricted stock is granted. Danaher generally would be entitled to a corresponding business expense deduction for the grant, but dividends on the stock would not be deductible. Any subsequent disposition of the stock by the participant, other than by forfeiture, would result in capital gain or loss, which would be long- or short-term, depending on the holding period. Upon a subsequent forfeiture of restricted stock with respect to which a Section 83(b) election has been made, no deduction will be allowed in respect of the amount included as income at the time the Section 83(b) election was made; however, the participant will generally be allowed a loss deduction equal to the amount (if any) the participant paid for the restricted stock over the amount (if any) Danaher paid the participant for the restricted stock at the time it is forfeited.

*Restricted Stock Units.* A participant will not recognize any income at the time an RSU is granted, nor will Danaher be entitled to a deduction at that time. When payout of an RSU is made, the participant will recognize ordinary income in an amount equal to the fair market value of the Common Stock received. Danaher will receive a deduction for federal income tax purposes equal to the ordinary income recognized by the participant, subject to the limits of Section 162(m).

*Tax Withholding.* The Company may decide to satisfy withholding obligations related to equity awards through additional withholding on the participant's salary or wages. If the Company does not or cannot withhold from the participant's compensation, the participant must pay the Company, with a cashier's check, certified check or wire transfer of immediately available funds, the full amounts required for withholding. If the Administrator so determines, the participant must instead satisfy the withholding obligations at the Administrator's election (a) by directing the Company to retain shares of Common Stock from the exercise, vesting or release of the award, (b) by directing the Company to sell or arrange for the sale of shares of Common Stock that the participant acquires at the exercise or release of the award, (c) by tendering previously owned shares of Common Stock, (d) by attesting to his ownership of shares of Common Stock (with the distribution of net shares), or (e) by having a broker tender to the Company cash equal to the withholding taxes, subject in each case to a withholding of no more than the minimum applicable tax withholding rate.

*Section 162(m) Limitation.* Under Section 162(m), Danaher may not take a tax deduction for compensation to certain executive officers in excess of \$1 million per year, unless the compensation is performance-based compensation or qualifies under certain other exceptions. The 2007 Plan contains provisions authorizing the grant of stock options, SARs, restricted stock, RSUs and other stock-based awards that may constitute performance-based awards within the meaning of Section 162(m).

*Section 409A.* The 2007 Plan has been written to comply, by its terms, with Section 409A of the Code; however, in the event that an award issued under the Plan constitutes a deferral of compensation under a nonqualified deferred compensation plan (as such term is defined under Section 409A) that does not comply with Section 409A, such award may be modified to comply with the requirements of Section 409A (or a successor provision thereto).

**PROPOSAL 4.**

**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

In accordance with Section 14A of the Securities Exchange Act, we are asking our shareholders to vote at the 2013 Annual Meeting to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement. Our shareholder advisory vote on executive compensation occurs on an annual basis.

As discussed in detail under the heading "Executive Compensation Compensation Discussion and Analysis," our executive compensation program is designed to attract and retain executives with the leadership skills, attributes and experience necessary to succeed in an enterprise with Danaher's size, diversity and global footprint; motivate executives to demonstrate exceptional personal performance and perform consistently over the long-term at or above the levels that we expect; and link compensation to the achievement of near-term and long-term corporate goals that we believe best correlate with the creation of long-term shareholder value.

We believe our executive compensation program has been highly effective in achieving these objectives, both historically and in 2012 in particular. Danaher's compounded, average annual shareholder return has outperformed the compounded, average annual shareholder return of the S&P 500 index over each of the last one, two, three-, five-, ten-, fifteen- and twenty-year periods, with a return of 19.0% over the last year, 9.1% over the last two years, 14.0% over the last three years, 5.0% over the last five years, 13.1% over the last ten years, 14.1% over the last fifteen years and 19.6% over the last twenty years (calculated on a dividend reinvested basis). In 2012, Danaher consummated fourteen strategic acquisitions; deployed \$123 million in restructuring activities to reduce fixed costs and protect funding for growth investments; invested record amounts in research and development and high-growth market infrastructure; launched strategically critical new products; and divested two non-strategic businesses and reached an agreement to sell its interest in the Apex Tool Group joint venture (the sale was consummated in February 2013). Danaher on a year-over-year basis in 2012 grew revenue 13.5% (including 8.6% in high-growth markets), diluted earnings per share 16.6% and operating cash flow 28.2%, and delivered an operating profit margin of 17.3%, despite continuing to invest aggressively in our future and returning \$734 million to shareholders during the year through stock repurchases and dividends.<sup>5</sup>

The 2012 compensation of our named executive officers is consistent with our 2012 business performance (the following year-over-year comparison excludes the compensation of Ms. Lalor, who was hired in April 2012):

The target dollar value of the 2012 long-term equity compensation awards for each of the named executive officers did not change on a year-over-year basis.

Annual cash incentive compensation payments for 2012 decreased 4.7% for Mr. Culp and between 4.8% and 9.1% for the other named executive officers, primarily reflecting the modestly lower year-over-year improvement in the Company's Adjusted EPS growth rate compared to the prior year.

Our CEO's base salary remained unchanged, and the base salaries for our other named executive officers increased approximately 5% on a year-over-year basis.

Our executive compensation program operates within a strong framework of compensation governance. Our Compensation Committee regularly reviews external executive compensation practices and trends and in recent periods has revised Danaher's executive compensation policies and practices to:

adopt a policy prohibiting any prospective tax reimbursement or gross-up provisions in our executive compensation program (except under any policy applicable to management employees generally such as a relocation policy). In addition, in 2012 Mr. Culp offered, and the Committee agreed, to eliminate the existing tax reimbursement and gross-up provisions in his employment agreement;

<sup>5</sup> All metrics reflect continuing operations only.

eliminate club membership, automobile and executive life insurance perquisites and limit the amount of our CEO's and CFO's personal aircraft usage perquisite;

incorporate multiple performance metrics in our annual cash incentive compensation plan;

implement a rigorous compensation recoupment policy that is triggered by a material restatement of Danaher's financial statements, even in the absence of wrongdoing;

require executive officers to maintain robust stock ownership levels, and prohibit hedging against the economic risk of such ownership; and

prohibit any director or executive officer from pledging as security under any obligation any shares of Danaher common stock directly or indirectly owned and controlled (other than shares already pledged as of February 21, 2013), and provide that pledged shares do not count toward Danaher's stock ownership requirements.

These more recent changes complement strong compensation governance practices that have long been a hallmark of Danaher's program:

our executive officer equity awards have vesting terms that are longer than typical for our peer group;

our executive officers have no pension program (apart from a small cash balance plan that operated in lieu of a 401(k) plan from 1997- 2003);

our annual cash incentive compensation is based on performance over one- and three-year periods, to encourage sustainable performance;

none of our long-term incentive compensation is paid in cash;

none of our named executive officers has any rights to automatic acceleration of equity award vesting or cash compensation triggered solely by a change of control; and

the Committee's independent compensation consultant has never provided any services to the Company other than the compensation-related services provided to the Compensation Committee and the Nominating and Governance Committee.

We are asking our shareholders to indicate their support for our named executive officer compensation as described in this proxy statement. Accordingly, we are asking our shareholders to vote on an advisory basis **FOR** the following non-binding resolution:

**RESOLVED**, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby approved.

Although this advisory vote is non-binding, our Board and Compensation Committee will review the voting results and take them into consideration when making future decisions regarding our named executive officer compensation programs.

**PROPOSAL 5**

**SHAREHOLDER PROPOSAL REQUESTING THAT DANAHER S COMPENSATION COMMITTEE ADOPT A POLICY REQUIRING THAT SENIOR EXECUTIVES RETAIN A SIGNIFICANT PERCENTAGE OF SHARES ACQUIRED THROUGH EQUITY PAY PROGRAMS UNTIL REACHING NORMAL RETIREMENT AGE**

A Danaher shareholder has notified us that he intends to present the following proposal for consideration at the Annual Meeting. The name, address and number of shares held by such shareholder are available upon request to Danaher s Secretary.

**Proposal 5 Executives To Retain Significant Stock**

Resolved: That shareholders urge our executive pay committee adopt a policy requiring that senior executives retain a significant percentage of shares acquired through equity pay programs until reaching normal retirement age and to report to shareholders regarding the policy before our Company s next annual meeting. For the purpose of this policy, normal retirement age shall be defined by the Company s qualified retirement plan that has the largest number of plan participants. The shareholders recommend that the committee adopt a share retention percentage requirement of 25% of net after-tax shares.

The policy should prohibit hedging transactions for shares subject to this policy which are not sales but reduce the risk of loss to the executive. This policy shall supplement any other share ownership requirements that have been established for senior executives, and should be implemented so as not to violate our Company s existing contractual obligations or the terms of any compensation or benefit plan currently in effect.

Requiring senior executives to hold a significant portion of stock obtained through executive pay plans would focus our executives on our company s long-term success. A Conference Board Task Force report on executive pay stated that hold-to-retirement requirements give executives an ever-growing incentive to focus on long-term stock price performance.

This proposal should also be evaluated in the context of our Company s overall corporate governance as reported in 2012:

GMI/The Corporate Library, an independent investment research firm, had rated our company D continuously since 2004 nearly a decade with High Governance Risk. Also High Concern for director qualifications and High Concern in Executive Pay \$21 million for our CEO Lawrence Culp.

Long-term incentives for our highest paid executives consisted of performance-based restricted stock units and market-priced stock options that simply vested over time. In addition to a \$15 million annual equity grant, Mr. Culp also gained \$11 million from the exercise of 400,000 options and \$1.5 million from the vesting of stock. To be effective, all equity pay given as a long-term incentive should include job performance requirements. Finally, our company did not have a clawback policy which would allow for the recovery of unearned executive pay due to fraud.

GMI said two Rales family members (Directors Steven Rales and Mitchell Rales) dominated our board with the support of five other long-tenured directors. Both brothers received a \$419,000 salary, 401(k) contributions, plus tax and accounting services by one full-time employee, personal use of office space worth \$406,000. Four of our directors had 22 to 29 years long-tenure. Plus two additional directors had 11 to 13 years tenure.

Director independence erodes after 10-years. GMI said long-tenure could hinder director ability to provide effective oversight. A more independent perspective would be a priceless asset for our board of directors.

Please vote to protect shareholder value:

Executives To Retain Significant Stock Proposal 5.

### **Company's Statement in Opposition**

We strongly agree with the goal of motivating executives to deliver long-term value; we disagree with the means that the shareholder proposal recommends for accomplishing this goal. We believe that we already effectively motivate executives to build long-term shareholder value, as evidenced by our track record. As of December 31, 2012, Danaher's compounded, average annual shareholder return has outperformed the compounded, average annual shareholder return of the S&P 500 index over each of the last one, two, three-, five-, ten-, fifteen- and twenty-year periods, with a return of 19.0% over the last year, 9.1% over the last two years, 14.0% over the last three years, 5.0% over the last five years, 13.1% over the last ten years, 14.1% over the last fifteen years and 19.6% over the last twenty years (calculated on a dividend reinvested basis). The facts do not support the suggestion that management's interests are not aligned with the Company's shareholders.

We believe that the design of our executive compensation packages effectively motivates executives to deliver long-term results and discourages unreasonable risk-taking:

A significant portion of our executive compensation consists of stock option and RSU grants, and these grants are subject to time-based vesting periods that are longer than typical in our peer group (our executive officer stock options and RSUs typically do not fully vest until the fifth anniversary of the grant date). The executive does not receive the full value of the award unless he or she remains with us through the final vesting date, which we believe strongly motivates our executives to remain with Danaher over the long-term and take a long-term view of our performance.

Our stock ownership policy (described in detail in Executive Compensation Compensation Discussion and Analysis ) further reinforces the linkage between the long-term interests of our directors and executives and the interests of our shareholders and prohibits our officers from hedging against the economic risk of such ownership. We believe our stock ownership policy reflects best practice among our peer group, and the fact that Danaher's directors and executive officers beneficially own more than 14% of Danaher's outstanding shares demonstrates the substance of this policy.

Not only is the shareholder proposal unnecessary given our clear track record of motivating management to build long-term value for shareholders; it may actually jeopardize our ability to continue delivering value to shareholders. Danaher believes that few of its peer companies impose stock retention requirements similar to those set forth in the proposal. As a result, the restrictive retention policy suggested by the proposal would put us at a significant disadvantage to many of our peer companies in our efforts attract and retain the talented executives we need to continue building shareholder value, particularly if such a restrictive policy is combined with the already lengthy vesting periods that apply to our executive equity awards.

We also note that the shareholder proposal claims that Danaher does not have an executive compensation clawback policy, despite the fact that Danaher has had a clawback policy, and has publicly disclosed the details of such policy, since 2009 (for a description of Danaher's clawback policy please see Compensation Discussion and Analysis Recoupment Policy ). We believe this significant misstatement evidences that the shareholder proponent has not undertaken a careful review of the Company's executive compensation program, much less careful consideration of whether the proposed stock retention requirement would make sense in the context of our particular executive compensation program.

**PROPOSAL 6**

**SHAREHOLDER PROPOSAL REQUESTING THAT DANAHER ISSUE REPORT DISCLOSING POLITICAL EXPENDITURES AND POLITICAL EXPENDITURE POLICIES**

A Danaher shareholder has notified us that it intends to present the following proposal for consideration at the Annual Meeting. The name, address and number of shares held by such shareholder are available upon request to Danaher's Secretary.

Resolved, that the shareholders of Danaher Corporation hereby request that the Company provide a report, updated semiannually, disclosing Danaher's:

1. Policies and procedures for making, with corporate funds or assets, contributions and expenditures (direct or indirect) to (a) participate or intervene in any political campaign on behalf of (or in opposition to) any candidate for public office, or (b) influence the general public, or any segment thereof, with respect to an election or referendum.
2. Monetary and non-monetary contributions and expenditures (direct and in
