Item 8.01 Other Events

On May 24, 2013, Goldman, Sachs & Co. notified Tesla Motors, Inc. (the Company) of its exercise in full of its option to purchase 509,069 shares (the Option Shares) of common stock of the Company, par value \$0.001 per share (the Common Stock), and Goldman, Sachs & Co., Morgan Stanley & Co. LLC and J.P. Morgan Securities LLC notified the Company of their exercise in full of their option to purchase \$60.0 million aggregate principal amount (the Option Notes) of the Company's 1.50% Convertible Senior Notes due June 1, 2018 (the Notes), in each case pursuant to the applicable underwriting agreement with the Company relating to the Company's underwritten public offerings of Common Stock and Notes pursuant to a Registration Statement on Form S-3 (File No. 333-188625) (the Registration Statement) and a related prospectus, including the related prospectus supplements, filed with the Securities and Exchange Commission (the Commission). On May 30, 2013, the Company closed the offerings of the Option Shares and Option Notes.

In connection with these offerings, the legal opinion as to the legality of the Option Shares and Option Notes sold is being filed as Exhibit 5.1 to this Current Report on Form 8-K and is incorporated herein and into the Registration Statement by reference.

Additional Note Hedge Transactions

On May 24, 2013, in connection with the offering of the Option Notes, the Company entered into note hedge transactions with affiliates of each of Goldman, Sachs & Co. and Morgan Stanley & Co. LLC (the Hedge Counterparties) pursuant to call option confirmations in substantially the form of Exhibit 10.1 to this Current Report on Form 8-K, which is incorporated herein by reference. The note hedge transactions are expected generally to reduce the potential dilution to the Common Stock and/or offset potential cash payments in excess of the principal amount upon any conversion of the Option Notes in the event that the market value per share of the Common Stock, as measured under the terms of the note hedge transactions, is greater than the strike price of the note hedge transactions (which corresponds to the initial conversion price of the Notes and is subject to certain adjustments substantially similar to those contained in the Notes). On May 30, 2013, at the closing of the offering of the Option Notes, the Company paid an aggregate amount of approximately \$16.1 million to the Hedge Counterparties for the note hedge transactions.

Additional Warrant Transactions

On May 24, 2013, in connection with the offering of the Option Notes and in order to partially offset the cost of the note hedge transactions relating to the Option Notes, the Company entered into warrant confirmations with the Hedge Counterparties in substantially the form of Exhibit 10.2 to this Current Report on Form 8-K, which is incorporated herein by reference, pursuant to which the Company issued certain warrants (the Additional Warrants). The Additional Warrants allow the Hedge Counterparties to acquire, subject to anti-dilution adjustments, up to approximately 482,000 shares of Common Stock at a strike price of \$184.48 per share, also subject to adjustment. The Additional Warrants would separately have a dilutive effect to the extent that the market value per share of the Common Stock exceeds the applicable strike price of the Additional Warrants. The Additional Warrants were issued pursuant to the exemption provided by Section 4(2) of the Securities Act of

1933, as amended (the Securities Act). The Additional Warrants are separate transactions, entered into by the Company with the Hedge Counterparties, and are not part of the terms of the Notes. Holders of the Notes will not have any rights with respect to the Additional Warrants. On May 30, 2013, at the closing of the offering of the Option Notes, the Company received aggregate proceeds of approximately \$10.9 million from the sale of the Additional Warrants to the Hedge Counterparties.

Completion of Private Placement of Common Stock

On May 30, 2013, the Company closed its issuance and sale of 596,272 shares of Common Stock to the Elon Musk Revocable Trust dated July 22, 2003, an entity affiliated with Elon Musk, the Company's Chief Executive Officer and cofounder, for an aggregate purchase price of approximately \$55.0 million. The purchase price per share in the private placement was \$92.24, which is equal to the purchase price per share to the public of Common Stock issued and sold pursuant to the Registration Statement. The shares were sold pursuant to the exemption provided by Section 4(2) of the Securities Act and Regulation D promulgated thereunder.
