**PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON
January 24, 2014**

This proxy statement, which is first being mailed to stockholders on approximately December 13, 2013, is furnished in connection with the solicitation by the Board of Directors of Destination Maternity Corporation (the "Company") of proxies to be used at the 2013 Annual Meeting of Stockholders of the Company (the "Annual Meeting"), to be held at 9:15 a.m., Eastern Standard Time, on January 24, 2014 at 3000 Two Logan Square, 18th & Arch Streets, Philadelphia, Pennsylvania 19103, and at any adjournments or postponements thereof. If proxies in the accompanying form are properly executed and returned prior to voting at the meeting, the shares of the Company's common stock ("Common Stock") represented thereby will be voted as instructed on the proxy. If no instructions are given on a properly executed and returned proxy, the shares of the Common Stock represented thereby will be voted for the election of the nominees for director named below, for the ratification of the appointment of KPMG LLP as independent registered public accountants, and in support of management on such other business as may properly come before the Annual Meeting or any adjournments thereof. Any proxy may be revoked by a stockholder prior to its exercise upon written notice to the Secretary of the Company, by delivering a duly executed proxy bearing a later date, or by the vote of a stockholder cast in person at the Annual Meeting. All references herein to the Company's fiscal years refer to the fiscal year ended on September 30 in the year mentioned. For example, the Company's fiscal year 2013 ended on September 30, 2013.

VOTING

Holders of record of Common Stock on December 2, 2013 will be entitled to vote at the Annual Meeting or any adjournments or postponements thereof. As of that date, there were 13,661,127 shares of Common Stock outstanding and entitled to vote. The presence, in person or by proxy, of holders of Common Stock entitled to cast at least a majority of the votes which all holders of the Common Stock are entitled to cast will constitute a quorum for purposes of the transaction of business. Each share of Common Stock entitles the holder thereof to one vote on the election of each of the nominees for director and on any other matter that may properly come before the Annual Meeting. Stockholders are not entitled to cumulative voting in the election of directors. Directors are elected by a plurality of

Edgar Filing: Destination Maternity Corp - Form DEF 14A

the votes cast and votes may be cast in favor of or withheld from each director nominee. Votes that are withheld from a director nominee will be excluded entirely from the vote for such nominee and will have no effect thereon.

Abstentions and broker non-votes (described below) are counted in determining whether a quorum is present. Abstentions with respect to any proposal other than the election of directors (Proposal 1) will have the same effect as votes against the proposal, because, in the case of all other proposals approval requires a vote in

Table of Contents

favor of the proposal by a majority of the shares entitled to vote present at the Annual Meeting in person or represented by proxy. A broker non-vote occurs when a broker submits a proxy that does not indicate a vote for some of the proposals because the beneficial owners have not instructed the broker on how to vote on such proposals and the broker does not have discretionary authority to vote in the absence of instructions. Brokers are entitled to vote uninstructed shares with respect to the ratification of the selection of independent registered public accountants, but brokers are not entitled to vote uninstructed shares with respect to other matters. Broker non-votes are not considered to be shares entitled to vote (other than for quorum purposes), and will therefore have no effect on the outcome of any of the matters to be voted upon at the Annual Meeting.

The cost of solicitation of proxies by the Board of Directors will be borne by the Company. Proxies may be solicited by mail, personal interview, telephone or facsimile and, in addition, directors, officers and regular employees of the Company may solicit proxies by such methods without additional remuneration. Banks, brokerage houses and other institutions, nominees or fiduciaries will be requested to forward the proxy materials to beneficial owners in order to solicit authorizations for the execution of proxies. The Company will, upon request, reimburse such banks, brokerage houses and other institutions, nominees and fiduciaries for their expenses in forwarding such proxy materials to the beneficial owners of the Common Stock.

CORPORATE GOVERNANCE

Board of Directors Leadership Structure

The Board of Directors' policy is that the roles of the Non-Executive Chair of the Board of Directors and the Chief Executive Officer should be separate and should not be held simultaneously by the same individual, thus enabling the Board of Directors to benefit from independent leadership. Mr. Arnaud Ajdler, an independent director, has served as the Non-Executive Chairman of the Board of Directors since the Company's 2010 Annual Meeting. If reelected it is expected that Mr. Ajdler will continue to serve as the Company's Non-Executive Chair of the Board of Directors.

Inasmuch as the Non-Executive Chair of the Board of Directors is independent, the Board of Directors does not believe that a lead director is currently necessary. However, the Board of Directors in executive session would establish a lead director in the event of the need for emergency succession actions with respect to either or both the Non-Executive Chair and the Chief Executive Officer or for other purposes as the Board of Directors may determine. The independent directors who chair the Company's Audit, Compensation, and Nominating and Corporate Governance Committees also provide leadership to the Board of Directors in their assigned areas of responsibility. The Board of Directors believes its current structure and operation as described here properly safeguard the independence of the Board of Directors.

Corporate Governance Principles

We maintain Corporate Governance Principles that provide a structure within which directors and management can effectively pursue the Company's objectives for the benefit of its stockholders. Our Corporate Governance Principles are available on the Company's investor website at <http://investor.destinationmaternity.com> or are available to our stockholders by writing to our Secretary at the following address: Destination Maternity Corporation, Attention: Secretary, 456 North Fifth Street, Philadelphia, Pennsylvania, 19123.

Code of Business Conduct and Ethics

Our Code of Business Conduct and Ethics is designed to promote the highest standards of business conduct in our relationships with each other and with our customers, suppliers and others. The Code of Business Conduct and Ethics contains basic principles to guide directors, officers and employees of our Company. Our Code of Business Conduct and Ethics is available on the Company's investor website at <http://investor.destinationmaternity.com> or is available to our stockholders by writing to our Secretary at the following address: Destination Maternity Corporation, Attention: Secretary, 456 North Fifth Street, Philadelphia, Pennsylvania, 19123.

Board of Directors Independence

The Company's Corporate Governance Principles require that a majority of the Company's directors be independent. The Nasdaq Stock Market listing standards require that a majority of the Company's directors be independent and that the Audit, Compensation, and Nominating and Corporate Governance Committees be comprised entirely of independent directors. The Board of Directors has adopted standards to assist it in making the annual determination of each director's independence status. These director independence standards, which are set forth in our Corporate Governance Principles, are consistent with the Nasdaq listing standards. A director will be considered independent if he or she meets the requirements of our director independence standards and the independence criteria in the Nasdaq listing standards.

Edgar Filing: Destination Maternity Corp - Form DEF 14A

The Board of Directors has affirmatively determined that all of the Company's current and nominee directors, except Mr. Krell, have no direct or indirect material relationship with the Company and satisfy the requirements to be considered independent.

Table of Contents

The Board of Directors has determined that each of the Company's current Audit, Compensation, and Nominating and Corporate Governance Committees is composed solely of independent directors. Independence for Audit Committee purposes requires compliance with applicable independence rules of the Securities and Exchange Commission (the SEC) in addition to the Nasdaq listing standards. In making the independence determinations for the Board of Directors and its committees, the Board of Directors reviewed all of the directors' relationships with the Company. This review is based primarily on a review of the responses of the directors to questions regarding employment, business, family, compensation and other relationships with the Company and its management.

None of the members of the Compensation Committee is currently or has been an officer or employee of the Company. No interlocking relationship exists between any member of the Company's Board of Directors or compensation committee of any other company.

The Board of Directors and Committee Meetings

During fiscal year 2013, the Board of Directors held four meetings that were called and held in person and one meeting that was called and held telephonically. Each incumbent director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and committees of the Board of Directors on which he or she served.

We expect all of our directors to attend the annual meetings of stockholders. All of our current directors attended last year's annual meeting of stockholders.

The Board of Directors has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

Audit Committee. During fiscal year 2013, the Audit Committee, which currently consists of Mr. Barry Erdos, *Chair*, Mr. Michael J. Blitzer, Mr. Joseph Goldblum, and Mr. William A. Schwartz, Jr., held five meetings that were called and held in person and six meetings that were called and held telephonically. Mr. Erdos is designated as the audit committee financial expert. Mr. Erdos has no direct or indirect material relationship with the Company and satisfies the requirements to be considered independent. The function of the Audit Committee is to assist the Board of Directors in preserving the integrity of the financial information published by the Company through the review of financial and accounting controls and policies, financial reporting requirements, alternative accounting principles that could be applied and the quality and effectiveness of the independent registered public accountants. The Audit Committee's charter is posted on the Company's investor website.

Compensation Committee. During fiscal year 2013, the Compensation Committee, which currently consists of Mr. B. Allen Weinstein, *Chair*, Mr. Ajdler, and Mr. Erdos, held two meetings that were called and held in person and two meetings that were called and held telephonically. The Compensation Committee considers recommendations of the Company's management regarding compensation, bonuses and fringe benefits of the executive officers of the Company, and determines whether the recommendations of management are consistent with general policies, practices, and compensation scales established by the Board of Directors. In addition, the Compensation Committee administers the Company's equity-based compensation plans. The Compensation Committee also reviews, and discusses with management, the Compensation Discussion and Analysis (CD&A) to be included in the Company's annual proxy statement or annual report, as applicable, and determines whether to recommend to the Board of Directors that the CD&A be included in the proxy statement or annual report. The Compensation Committee's charter is posted on the Company's investor website.

Nominating and Corporate Governance Committee. During fiscal year 2013, the Nominating and Corporate Governance Committee, which currently consists of Ms. Melissa Payner-Gregor, *Chair*, Mr. Ajdler, and

Table of Contents

Mr. Goldblum, held two meetings that were called and held telephonically. The Nominating and Corporate Governance Committee functions include establishing the criteria for selecting candidates for nomination to the Board of Directors, actively seeking candidates who meet those criteria, and making recommendations to the Board of Directors of nominees to fill vacancies on, or as additions to, the Board of Directors.

The Nominating and Corporate Governance Committee will consider director candidates who have relevant business experience, are accomplished in their respective fields, and who possess the skills and expertise to make a significant contribution to the Board of Directors, the Company and its stockholders. It is the Nominating and Corporate Governance Committee's policy to consider Director nominees in a manner that seeks to produce the best candidates with a diversity of qualities, backgrounds and complementary skills. Director nominees should have high-leadership business experience, knowledge about issues affecting the Company and the ability and willingness to apply sound and independent business judgment. The Nominating and Corporate Governance Committee applies the same criteria to nominees recommended by stockholders. Such recommendations should be submitted in writing to the attention of the Nominating and Corporate Governance Committee, c/o Destination Maternity Corporation, 456 North Fifth Street, Philadelphia, Pennsylvania, 19123, and should not include self-nominations. The Nominating and Corporate Governance Committee's charter is posted on the Company's investor website.

Board of Directors Role in Risk Oversight

The Board of Directors takes an active role in risk oversight. The Board of Directors oversees the Company's strategic planning and the risks inherent in the operation of its business. The Board of Directors administers its risk oversight function through the full Board of Directors and each of its committees. Management of the Company, which is responsible for day-to-day risk management, identifies and assesses the Company's risks on a regular basis, and develops steps to mitigate and manage risks. The Board of Directors receives regular reports on management's risk assessment and management process and exercises its risk oversight function by carefully evaluating the reports it receives from management and by making inquiries of management with respect to areas of particular interest. Each of the committees of the Board of Directors is responsible for oversight of risk management practices for categories of top risks relevant to their functions, as summarized below. The Board of Directors as a group also reviews risk management practices and a number of significant risks.

The Audit Committee assists the Board of Directors with its risk oversight in a variety of areas, including financial reporting, internal controls, and legal and regulatory compliance. The Audit Committee has oversight of the Company's internal audit function and the Company's Code of Business Conduct and Ethics. The Audit Committee also appoints the independent registered public accounting firm and approves the services it provides to the Company. The Compensation Committee oversees risk in connection with compensation programs, including incentive compensation plans and equity-based plans. The Nominating and Corporate Governance Committee oversees risk in connection with corporate governance practices. All of these committees make regular reports of their activities to the full Board of Directors.

Table of Contents**Compensation of Directors**

Commencing in fiscal year 2013, all meeting fees for non-employee directors were eliminated and, in lieu thereof, the basic non-employee director retainer was increased from \$6,250 per quarter to \$12,500 per quarter and the additional Committee and Committee Chair retainers have been revised as follows:

Position	Additional Quarterly Retainer (\$)	
	Former Policy	New Policy
Audit Committee Chair	2,500	3,750
Audit Committee Member	n/a	1,875
Compensation Committee Chair	1,250	3,750
Compensation Committee Member	n/a	1,250
Nominating and Corporate Governance Committee Chair	1,250	2,500
Nominating and Corporate Governance Committee Member	n/a	1,250

The additional retainer payable to our Non-Executive Chairman remains unchanged at \$6,250 per quarter. Members of our Board of Directors continue to be reimbursed for their reasonable travel expenses incurred to attend meetings of our Board of Directors or Committees of the Board of Directors on which they serve.

Upon conclusion of each Annual Meeting of Stockholders, the Company continues to grant each non-employee director 4,000 shares of restricted stock that will vest on the earlier of: (1) one year from the date of grant, or (2) one day before the Company's next Annual Meeting of Stockholders, subject to acceleration in the event of the non-employee director's death or disability or upon a change in control of the Company.

Further, our Non-Executive Chairman received the following additional compensation: (a) an additional retainer of \$6,250 per quarter (as noted above, this additional retainer is unchanged from the prior policy); and (b) an additional 2,000 shares of restricted stock granted upon election or reelection of the Non-Executive Chairman to that position by the Board of Directors following the Annual Meeting of Stockholders each year, which shares vest on the earlier of: (1) one year from the date of grant, or (2) one day before the Company's next Annual Meeting of Stockholders, subject to acceleration in the event of the Non-Executive Chairman's death or disability or upon a change in control of the Company.

Also in fiscal year 2013, the Board of Directors adopted equity ownership guidelines for non-employee directors pursuant to which all non-employee directors are expected to hold equity in the Company having a total value equal to \$150,000 (which is three times the annual cash non-employee director retainer). Existing directors will have three years from October 1, 2012 to attain the required level of equity ownership. Directors first elected after October 1, 2012 will have three years from the date of election to the Board of Directors to attain the required level of equity ownership. Progress toward meeting the guidelines will be presented to the Board of Directors at least annually in such manner as requested by the Board of Directors. The guidelines shall be administered and interpreted by the Compensation Committee. Currently all of our non-employee directors hold Company equity in excess of \$150,000.

While the changes described above increased the annual total compensation that each of our non-employee directors received in fiscal year 2013, the increase in such total compensation from fiscal year 2012 to fiscal year 2013 was mostly attributable to the increase in the value of the Company's Common Stock. Because non-employee directors

receive a fixed number of shares of restricted stock each year, the annual total compensation for such directors will fluctuate based on the value of our Common Stock on the applicable grant date. The Board of Directors believes that the revised policy is more in keeping with current market practices.

The full text of the revised Non-Employee Director Compensation Policy & Equity Ownership Guidelines is posted on our investor website at <http://investor.destinationmaternity.com>.

Our Board of Directors recognizes that related party transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof). Pursuant to the Company's Code of Business Conduct and Ethics, information about transactions involving related parties is reviewed by the Audit Committee. It is the Company's policy that all business decisions will reflect independent judgment and discretion, uninfluenced by considerations other than those honestly believed to be in the best interests of the Company and its stockholders. COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee of our Board of Directors (the Committee) has developed and implemented compensation policies, plans and programs that seek to enhance our profitability, and thus stockholder value, by aligning the financial interests of our senior management with those of our stockholders. Our compensation arrangements are designed to attract and retain corporate officers and other key employees and to motivate them to perform to the full extent of their abilities, in the best long-term interests of our stockholders.

Composition of the Committee

The Committee currently consists of Mr. Weinstein, *Chair*, Mr. Ajdler, and Mr. Erdos. None of these individuals has ever been an officer or employee of the Company. Each member of the Committee is considered to be an independent director under Nasdaq rules and the rules of the SEC. The Report of the Compensation Committee is set forth below after this Compensation Discussion and Analysis section.

The Committee meets at least annually regarding compensation decisions. In fiscal year 2013, the Committee met four times.

Significant Corporate and Personnel Developments

Despite continued challenges in the general retail environment, fiscal year 2013 was a year of strong results and progress for the Company. We increased diluted earnings per share by 22% (from \$1.46 for fiscal year 2012 to a record level of \$1.78 for fiscal year 2013) and generated positive comparable sales results. The Company continued to generate strong free cash flow which it utilized to satisfy all of its remaining debt obligations during fiscal year 2013 as well as to increase its quarterly dividend. Based on the accomplishments described above, we were able to drive a strong increase in shareholder value during the fiscal year 2013, while continuing to make progress on other initiatives aimed at driving future growth (including our initiatives to enhance our merchandise assortments, merchandise presentation, store environment and customer experience). Nonetheless, as discussed in more detail below, our ambitious goals for fiscal year 2013 with respect to the Adjusted EBITDA metric were not fully achieved.

Accordingly, consistent with the Committee's stated philosophy of linking named executive officer compensation to performance, annual incentive payouts were delivered at less than target levels. The annual incentive payouts at a level below target in a fiscal year where we achieved a record level of earnings per share again demonstrates the Committee's discipline in adhering to its pay-for-performance model, establishing rigorous performance goals and aligning the financial interests of management and stockholders.

It is the practice of the Committee to periodically review existing arrangements with our named executive officers to determine if such arrangements remain appropriate in the current commercial landscape. Whenever practicable, the Committee seeks to update existing arrangements to remove outdated terms and to otherwise ensure the arrangements remain effective and consistent with the best interests of our stockholders. In light of the substantial changes to Mr. Krell's employment agreement in fiscal year 2012, no material changes to named executive officer agreements were undertaken in fiscal year 2013.

Consideration of Most Recent Stockholder Advisory Vote on Executive Compensation

During fiscal year 2013, we again conducted a Say-On-Pay stockholder advisory vote, as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. The Committee appreciates that once again over 97% of

the shares voting approved of our executive compensation and believes, therefore, that our stockholders are highly supportive of our executive compensation practices. Nevertheless, the Committee continues to refine our executive compensation practices in its ongoing effort to ensure that those practices support our corporate goals and values. This year we are again providing stockholders with an opportunity to express their views on this topic in another Say-On-Pay stockholder advisory vote.

Table of Contents

Significant Actions Taken

Significant compensation related actions taken during fiscal year 2013 and thereafter include the following:

- (1) Adjustment of certain executive officers' base salaries.
- (2) Approval of 2013 and 2014 annual equity awards.
- (3) Establishment of 2013 and 2014 annual incentive goals.
- (4) Approval of the payout of fiscal year 2013 annual incentive bonuses, to the extent earned based on pre-established goals.
- (5) Amendment of employment agreements for named executive officers other than Mr. Krell to increase target annual incentive opportunity from 50% of base salary to 60% of base salary and to provide certain automobile expense reimbursement benefits.

In addition to a discussion of our compensation philosophy in general, the following discussion highlights these specific decisions.

Total Compensation and Allocation Between Compensation Elements

Both the total amount of compensation paid to our named executive officers and the portion of total compensation represented by each element of compensation have been determined by the Committee with reference to each executive's experience, capabilities, contributions and strategic importance, the pay levels for peer employees within the Company, the pay levels for similar positions at companies in our peer group and our performance as a whole. As further discussed below, in evaluating these considerations, the Committee during fiscal year 2013 received input from its compensation consultant, The Hay Group. The Committee retained The Hay Group, an outside executive compensation consulting firm, to assist it in evaluating the Company's executive compensation practices for senior management personnel and in developing and refining the Company's peer group. In particular, in fiscal year 2013, the Company engaged The Hay Group to validate and update the Company's peer group and provide an updated study of the Company's named executive officer compensation.

The input of The Hay Group was given substantial weight and, in general, the Committee did not increase an executive's total compensation, or any element of an executive's compensation, unless it concluded that such increase was necessary to conform to the relevant peer group median or, based on the independent judgment and experience of the Committee members, was necessary for a strategic reason (e.g. the retention of a key executive).

In fiscal year 2013, The Hay Group was paid \$22,500 for executive compensation consulting to the Committee, and \$2,000 for providing certain compensation benchmarking information to the Company with respect to executive compensation below the named executive officer level.

The Committee has concluded that the Hay Group's work for us does not raise any conflict of interest. The Committee has also considered the independence of the Hay Group. Because of policies and procedures The Hay Group and the Committee have in place, the Committee is confident that the advice it receives from executive compensation consultants at The Hay Group is objective and not influenced by The Hay Group's or its affiliates' relationships with the Company or its officers. These policies and procedures include the following:

the consultants receive no incentive or other compensation based on the fees charged to the Company for other services provided by The Hay Group or any of its affiliates;

the consultants are not responsible for selling other The Hay Group or affiliate services to the Company;

Table of Contents

The Hay Group’s professional standards prohibit the individual consultant from considering any other relationships The Hay Group or its affiliates may have with the Company in rendering his or her advice and recommendations;

the consultants have direct access to the Committee without management intervention;

the Committee has the sole authority to retain and terminate The Hay Group; and

the Committee evaluates the quality and objectivity of the services provided by The Hay Group each year and determines whether to continue to retain The Hay Group.

Benchmarking

The Hay Group identified the following companies as our peers in fiscal year 2013, both for purposes of benchmarking total compensation and individual pay elements:

Bebe Stores, Inc.	Destination XL Group
Body Central Corp.	Hot Topic, Inc.
Cache Inc.	New York & Company, Inc.
Cato Corp.	rue21, Inc.
Christopher & Banks Corporation	Shoe Carnival, Inc.
Citi Trends, Inc.	Wet Seal, Inc.
Coldwater Creek, Inc.	Zumiez Inc.

As noted above, The Hay Group was engaged by the Company to validate and update the Company’s peer group for compensation decisions related to fiscal year 2014 named executive officer compensation. Based on the The Hay Group’s report, the Company’s updated peer-group both for purposes of benchmarking total compensation and individual pay elements is comprised of the following companies:

Bebe Stores, Inc.	.
Body Central Corp.	New York & Company, Inc.
Cato Corp.	Pacific Sunwear
Christopher & Banks Corporation	rue21, Inc.

Citi Trends, Inc

Shoe Carnival, Inc.

Destination XL Group

Stein Mart

Francesca s

Wet Seal, Inc.

Jos. A. Bank

Zumiez Inc.

Based on The Hay Group s suggestion, Hot Topic, Inc. has been removed from the peer group as it is no longer publicly traded. Additionally, Cache and Coldwater Creek were removed from the peer group based on The Hay Group s observations that Cache s revenues and Coldwater Creek s market capitalization fell below the desired parameters of the Company s peer group. Although rue21 is no longer publicly traded, The Hay Group recommended that they remain included in the peer group for one more year because they have filed a 2013 proxy statement (The Hay Group report recognized that rue21 will be removed from the peer group next year).

The following entities were added to the peer group based on The Hay Group s recommendation: (1) Francesca s, (2) Jos. A. Bank, (3) Pacific Sunwear, and (4) Stein Mart. The Hay Group s recommendation was based on its observation regarding the comparability of each company s business focus and the fact that each company fell within the desired sizing parameters. With respect to Pacific Sunwear and Stein Mart, The Hay Group noted that such entities are also included in the Institutional Shareholder Services (ISS) peer group for the Company.

Participation of Management in the Compensation Process

Mr. Krell was consulted regularly by the Committee in fiscal year 2013 with respect to compensation decisions regarding, and the individual performance of, named executive officers other than himself. While his input in such

Table of Contents

matters is afforded substantial weight, the ultimate decision on all named executive officer compensation matters was made only by the Committee or the Board of Directors. The individual performance of Mr. Krell was evaluated by the Committee and the Board of Directors, without input from any employee.

At the request of the Committee, management assembles and distributes to the Committee, in advance of its meeting or meetings, information requested by the Committee to assist the Committee in its compensation decisions. Such information may include corporate financial data, historical compensation data (for us or members of our peer group) and information regarding the accounting, tax or legal consequences of proposed compensation arrangements, as prepared by internal personnel or external advisors.

Effect of Historical Contractual Arrangements

The Committee's compensation decisions are made in light of our current and foreseeable future circumstances and with an eye toward conformity with perceived best practices. However, the Committee's approach to compensation is also influenced by our existing contractual commitments to named executive officers, some of which originated many years ago. As previously referenced, when appropriate and practicable, the Committee will negotiate with named executive officers to update such legacy commitments to reflect changed circumstances or evolving commercial practices.

Elements of Compensation

The principal elements of our named executive officers' compensation are: (1) base salary, (2) annual cash bonuses, (3) special or discretionary cash bonuses, (4) equity-based incentives, and (5) severance and change in control benefits.

Base Salary: The base salary of each named executive officer constitutes compensation for discharging such named executive officer's job responsibilities and is intended to achieve comparability with the base salaries of senior executives at similar companies holding comparable positions, taking into account such factors as the individual executive's experience, tenure and alternative employment opportunities.

Individual salary adjustments also take into account individual performance contributions for the year, as well as sustained performance contributions over a number of years and significant changes in responsibilities, if any. The assessment of individual performance is subjective and is not intended to correlate to specific corporate performance measures.

For fiscal year 2013, based on Mr. Krell's recommendations and certain benchmarking information provided to the Committee by The Hay Group, the Committee approved annual base pay rate increases for each of Mr. Judd P. Tirnauer, the Company's Executive Vice President & Chief Financial Officer, and Mr. Ronald J. Masciantonio, the Company's Executive Vice President & General Counsel, with each such increase effective on December 1, 2012. Another rationale for increasing Mr. Masciantonio's base salary was the added responsibilities that Mr. Masciantonio assumed as a result of his promotion to Executive Vice President, Chief Administrative Officer & General Counsel in November 2012. Mr. Tirnauer's annual base salary rate was increased from \$375,000 to \$385,000, and Mr. Masciantonio's annual base salary rate was increased from \$320,000 to \$360,000. The base salary rates for Mr. Krell and Mr. Daniel were unchanged for fiscal year 2013.

Base Salary Increases Made after Fiscal Year 2013: For fiscal year 2014, based on updated benchmarking provided to the Committee by The Hay Group and the application of its subjective judgment, the Committee approved annual base pay rate increases for each of the named executive officers, with each such increase effective on December 1, 2013.

Edgar Filing: Destination Maternity Corp - Form DEF 14A

Mr. Krell's annual base salary rate was increased from \$750,000 to \$800,000, Mr. Daniel's annual base salary rate was increased from \$525,000 to \$535,000, Mr. Tirnauer's annual base salary rate was increased from \$385,000 to \$405,000, and Mr. Masciantonio's annual base salary rate was increased from \$360,000 to \$390,000.

Table of Contents

Annual Bonuses: We pay annual bonuses in cash based on our achievement of corporate performance goals established by the Committee, with input from senior management. The target amount for each executive's annual bonus is expressed as a percentage of the executive's base salary for the fiscal year. Each executive's target annual bonus and maximum annual bonus opportunity is set forth in his employment agreement. Other than Mr. Krell, each named executive officer's target annual bonus was 50% of his base salary and his maximum annual bonus opportunity was 100% of his base salary for fiscal year 2013. For fiscal year 2014 and thereafter, the Committee has amended the applicable employment agreement for each named executive officer (other than Mr. Krell) such that the officer's target annual bonus opportunity is 60% of his base salary with a maximum annual bonus opportunity of 120% of his base salary. Mr. Krell's target annual bonus is 100% of his base salary and his maximum annual bonus opportunity is 200% of his base salary.

Each executive's actual bonus payment may be lower or higher than the target amount, based on actual corporate performance relative to the specified goals. In determining the amount of the annual bonus payable to an executive when the applicable performance goals have been met, the Committee may exercise negative discretion to reduce the amount of such annual bonus to ensure that the amount ultimately paid is commensurate with the executive's contribution to the Company's performance.

The Committee has utilized this same annual bonus approach for several years, and the arrangement is codified as our Management Incentive Program.

For fiscal years 2013 and 2014, the Committee continued to use Adjusted EBITDA as the relevant performance metric for annual bonus purposes because it believes that continued profitability will be the key driver to increase stockholder value. For this purpose Adjusted EBITDA represents earnings before interest, taxes, depreciation and amortization, adjusted to exclude: (i) loss on impairment of tangible or intangible assets; (ii) gain or loss on disposal of assets; (iii) gain or loss from the early extinguishment, redemption or repurchase of debt, (iv) stock-based compensation expense and (v) the impact of any changes to accounting principles that become effective during the relevant year. In addition, Adjusted EBITDA excludes expenses incurred by the Company in connection with certain extraordinary, unusual or infrequently occurring events reported in the Company's public filings (which includes, for fiscal year 2014, any expenses incurred by the Company in connection with the relocation of its corporate headquarters and distribution center facilities).

Fiscal Year 2013 Bonuses: With respect to fiscal year 2013 bonuses for named executive officers under the Management Incentive Program, on December 10, 2012 the Committee established that the level of Adjusted EBITDA which would yield 100% of target bonus was \$54.9 million (a 10.1% increase from fiscal year 2012 Adjusted EBITDA of \$49.9 million) and that the level of Adjusted EBITDA which would yield the maximum bonus payment (200% of target bonus) was \$63.3 million (a 26.8% increase from fiscal year 2012 Adjusted EBITDA). The level of Adjusted EBITDA which would yield the threshold level of target bonus of 20% was \$49.9 million (a 0% increase from fiscal year 2012 Adjusted EBITDA).

In November 2013, the Committee determined that the Company's Adjusted EBITDA for fiscal year 2013 was \$54.0 million (1.7% below the target level for Adjusted EBITDA and 8.2% above the Company's actual Adjusted EBITDA for the 2012 fiscal year of \$49.9 million). Based on the performance goals established by the Committee in December 2012, the Company's Adjusted EBITDA for the 2013 fiscal year results in 85.2% of target bonus under the Management Incentive Program. Based on those results, the Committee certified the payment of annual incentive bonuses to the named executive officers at a rate of 85.2% of each executive's target bonus amount under the Management Incentive Program.

Fiscal Year 2014 Bonuses: With respect to fiscal year 2014 bonuses for named executive officers under the Management Incentive Program, on December 12, 2013 the Committee established that the level of Adjusted EBITDA which would yield 100% of target bonus is \$60.6 million (a 12.3% increase from fiscal year 2013 Adjusted EBITDA of \$54.0 million) and that the level of Adjusted EBITDA which would yield the maximum bonus payment (200% of target bonus) is \$68.5 million (a 26.8% increase from fiscal year 2013 Adjusted EBITDA). The level of Adjusted EBITDA which would yield the threshold level of target bonus of 20% is \$54.0 million (a 0% increase from fiscal year 2013 Adjusted EBITDA).

Table of Contents

Discretionary or Special Bonuses: In addition to maintaining an annual bonus program with payments tied to the achievement of pre-established corporate performance goals, the Committee may also authorize the payment of additional cash bonuses on a discretionary or special basis, to reward extraordinary corporate and/or individual accomplishments or to accomplish specific recruitment or retention objectives. There were no special or discretionary bonuses paid to our named executive officers with respect to fiscal year 2013.

Equity-Based Incentives: The Committee believes that equity awards, when appropriately structured, provide powerful long-term incentives and align the interests of the named executive officers with the interests of our stockholders. Accordingly, we continue to emphasize equity in the total compensation packages provided to our named executive officers.

Fiscal Year 2013 Awards: The equity grants made during fiscal year 2013 to our named executive officers included a mix of performance-vested restricted stock units (described below), time-vested restricted stock and time-vested options.

The total value of awards made to each named executive officer in fiscal year 2013 were approximately as follows: \$750,000 for Mr. Krell, \$375,000 for Mr. Daniel, \$275,000 for Mr. Tirnauer, and \$250,000 for Mr. Masciantonio. The aggregate size of awards made to Mr. Krell are determined in accordance with his Employment Agreement. For the other named executive officers, the Committee set the grant date fair value of awards to approximate the median grant date fair value of annual awards delivered by our peer group companies to their executives serving in comparable positions, as determined by The Hay Group. For Mr. Krell and Mr. Daniel, 25% of the value of these awards was in restricted stock, 25% of such value was in options and the remaining 50% of such value was in performance-based restricted stock units. For Mr. Tirnauer and Mr. Masciantonio, the value of these awards was evenly divided between time-vested restricted stock, time-vested options and performance-based restricted stock units. Each restricted stock and option award vests over a four year period.

Fiscal Year 2014 Awards: The equity grants made during fiscal year 2014 to our named executive officers also included a mix of performance-vested restricted stock units (described below), time-vested restricted stock and time-vested options.

The total value of awards made to each named executive officer in fiscal year 2014 were approximately as follows: \$900,000 for Mr. Krell, \$475,000 for Mr. Daniel, \$325,000 for Mr. Tirnauer, and \$300,000 for Mr. Masciantonio. The aggregate size of awards made to Mr. Krell are determined in accordance with his Employment Agreement. For the other named executive officers, the Committee set the grant date fair value of awards to approximate the median grant date fair value of annual awards delivered by our peer group companies to their executives serving in comparable positions as determined by The Hay Group. For Mr. Krell and Mr. Daniel, 25% of the value of these awards was in restricted stock, 25% of such value was in options and the remaining 50% of such value was in performance-based restricted stock units. For Mr. Tirnauer and Mr. Masciantonio, the value of these awards was evenly divided between time-vested restricted stock, time-vested options and performance-based restricted stock units. Each restricted stock and option award vests over a four year period.

Performance-Based Restricted Stock Unit Grants. In fiscal year 2012 the Committee introduced performance-based restricted stock units as a component of equity awards to the named executive officers to incorporate multi-year metrics into our executive compensation, to ensure that performance-based metrics are diversified and to enlarge the at-risk portion of our executive compensation.

For each of the fiscal year 2012, 2013 and 2014 awards, each performance-based restricted stock unit represents the right to receive one share of our common stock, upon satisfaction of specified performance conditions. In each case,

the performance condition was based on the Company's cumulative operating income for the three year period beginning with the start of the fiscal year of issuance (the Performance Period). The Committee chose operating income as a measure because it believed that there is a strong relationship between growth in operating income and growth in stockholder value.

Table of Contents

For this purpose, the Committee determined that operating income will be adjusted to exclude: (i) any changes to accounting principles that become effective during the performance period; (ii) any expenses incurred by the Company in connection with certain extraordinary, unusual or infrequently occurring events reported in the Company's public filings (which includes, for the fiscal year 2014 award, any expenses incurred by the Company in connection with the relocation of its corporate headquarters and distribution center facilities); (iii) gain or loss from the early extinguishment, redemption, or repurchase of debt; and (iv) gain or loss from all litigation and insurance claims and recoveries.

The following levels of cumulative operating income over the respective Performance Period will be used to determine the threshold, target and maximum performance-based restricted stock units earned for each grant:

Fiscal Year of RSU Grant	Performance Period	Threshold Level (\$)	Target Level (\$)	Maximum Level (\$)
	(Fiscal Years)			
2012	2012 through 2014	120,000,000	126,000,000	132,000,000
2013	2013 through 2015	109,582,000	120,535,000	132,201,000
2014	2014 through 2016	124,110,000	136,516,000	149,728,000

Furthermore, for the fiscal year 2012 grant, regardless of achievement of a given performance level as set forth above, all performance-based restricted stock units will be forfeited if operating income for fiscal year 2014 does not equal or exceed \$38,244,000 (which was the Company's Operating Income in fiscal year 2011). Additionally, for the fiscal year 2013 grant, regardless of achievement of a given performance level as set forth above, all performance-based restricted stock units will be forfeited if operating income for fiscal year 2015 does not equal or exceed \$33,105,000 (which was the Company's Operating Income in fiscal year 2012). Similarly, for the fiscal year 2014 grant, regardless of achievement of a given performance level as set forth above, all performance-based restricted stock units will be forfeited if operating income for fiscal year 2016 does not equal or exceed \$37,494,000 (which was the Company's Operating Income in fiscal year 2013).

The following table sets forth the threshold, target and maximum performance-based restricted stock units that may be earned by each named executive officer upon achievement of the above specified levels of cumulative operating income for each grant:

Named Executive Officer	Fiscal Year of	Threshold	Target	Maximum
	RSU Grant	Level (#)	Level (#)	Level (#)
Edward M. Krell Chief Executive Officer	2012	12,500	25,000	37,500
	2013	9,427	18,854	28,281
	2014	7,591	15,182	22,773
Christopher F. Daniel President	2012	2,188	4,375	6,563
	2013	4,714	9,427	14,141
	2014	4,007	8,013	12,020
Judd P. Tirnauer Executive Vice President & Chief Financial Officer	2012	2,709	5,417	8,126
	2013	2,305	4,609	6,914
	2014	1,828	3,655	5,483

Ronald J. Masciantonio	2012	2,134	4,267	6,401
Executive Vice President & Chief Administrative Officer	2013	2,095	4,190	6,285
	2014	1,687	3,374	5,061

The Committee will interpolate to determine the performance-based restricted stock units earned for all levels of cumulative operating income above the threshold level but below the maximum level.

Any dividends declared on the shares of Company stock underlying the performance-based restricted stock units will be credited as additional performance-based restricted stock units based on the fair market

value of the Company stock on the dividend record date. Those additional performance-based restricted stock units will be earned, if at all, on the same terms as the original performance-based restricted stock units.

Severance and Change in Control Benefits: The specific terms of our severance and change in control arrangements are discussed below under the heading Potential Payments upon Termination or Change in Control.

The Committee has noted the prevalence of severance and change in control arrangements among our peer companies and believes that such arrangements, when properly tailored, are appropriate and necessary. Specifically, the Committee has concluded that such commitments are required to retain the continued service of Mr. Krell, Mr. Masciantonio and Mr. Tirnauer and were required to recruit Mr. Daniel. Further, in the case of any potential change in control, the Committee has concluded that such commitments are necessary to enable our named executive officers to evaluate objectively the benefits to stockholders of the proposed transaction, notwithstanding any potential effects on their own job security.

The Committee also believes that reasonable severance and change in control benefits (1) should be established with reference to an executive's position and current cash compensation opportunities, not with reference to his or her tenure, (2) should be conditioned upon execution of a release of claims against the employer and its affiliates, and (3) should be conditioned on the executive's commitment not to compete for a reasonable period following any cessation of his or her employment.

In general, cash severance benefits are expressed as a function of each executive's base salary (or base salary and target bonus) as in effect at the time of separation. However, in accordance with the 2012 restatement of his Employment Agreement, Mr. Krell's cash severance is a fixed dollar amount (that declines over time depending on when the severance event occurs) rather than a multiple of his base salary and target bonus as in effect at the time of a severance event.

No named executive officer of the Company has a right to receive a tax gross-up related to the impact of the excise tax under Section 280G of the Internal Revenue Code.

Additional Compensation Information

Tax and Accounting Considerations Affecting Executive Compensation. We endeavor to design our equity incentive awards so that they are accounted for under standards governing equity-based arrangements and, more specifically, so that they are afforded fixed treatment under those standards. We generally attempt to structure our arrangements to maximize the tax deductibility of compensation, by taking advantage of performance-based exemptions to the limits of Section 162(m) of the Internal Revenue Code. However, the Committee reserves the right to approve compensation that is not fully deductible.

Compensation Risk Analysis. The Committee is keenly aware that compensation arrangements, if not properly structured, may encourage inappropriate risk-taking. In designing our compensation programs, the Committee seeks to mitigate such risk by:

- (a) providing a meaningful portion of total compensation in the form of equity incentives that are earned over multiple years (to encourage an appropriately long-term focus);

- (b) capping annual cash bonuses for named executive officers under the Management Incentive Program at 200% of base salary for Mr. Krell and 120% of base salary for other named executive officers (to provide appropriate balance between short- and long-term objectives); and
- (c) reserving the discretion to reduce annual bonuses otherwise payable under the Management Incentive Program (to allow recognition of the relationship between individual executive contributions and the achievement of specified performance metrics).

Table of Contents

Moreover, while the Committee continues to evaluate the implementation of a formal stock ownership guideline for our management team, we note that Mr. Krell already maintains a substantial direct stock ownership position. We believe that this ownership position provides a significant incentive for Mr. Krell to ensure that his actions, and the actions of all those reporting to him, are focused on the creation of sustainable stockholder value and the avoidance of excessive risk.

The Committee continues to evaluate the implementation of a clawback policy and intends to adopt such a policy after the SEC provides further guidance on that issue.

(1) The amounts in the columns titled "Stock Awards" and "Option Awards" reflect the grant date fair values of awards made during the identified fiscal year, as computed in accordance with FASB ASC Topic 718 and the assumptions stated in footnote #13 of our Form 10-K filed on December 13, 2013. These amounts include the expected value of performance-based restricted stock units newly issued during fiscal year 2013 (i.e. the value of the subject shares on the grant date at the target level of achievement), which for Mr. Krell is \$375,006, for Mr. Daniel is \$187,503, for Mr. Tirnauer is \$91,673 and for Mr. Masciantonio is \$83,339. The value of performance-based restricted stock units issued during fiscal year 2013 at the maximum level of achievement for each executive (based on the grant date stock price) would be: \$562,509 for Mr. Krell, \$281,264 for Mr. Daniel, \$137,519 for Mr. Tirnauer, and \$125,009 for Mr. Masciantonio. Please note that the performance period for the awards extends through the end of fiscal year 2015 and, accordingly, none of these restricted stock units have yet been earned. These amounts also include the grant date fair value of currently unearned performance-based restricted stock units issued during fiscal year 2012 at the target level of achievement. However, during fiscal year 2013, the Company determined pursuant to FASB ASC Topic 718 that such fiscal year 2012 award was unlikely to be earned, even at the threshold level.

(2)

The values shown for Mr. Krell under the heading "All Other Compensation" represent amounts paid by the Company for Mr. Krell's automobile lease payments (limited to the portion estimated to represent personal use of such automobile), life insurance premiums, and disability insurance premiums.

- (3) The value shown for Mr. Tirnauer under the heading "Salary" is Mr. Tirnauer's actual base salary earned for fiscal year 2013. His annual base salary rate, as in effect from December 1, 2012, was \$385,000. Mr. Tirnauer's current annual base salary rate, as in effect from December 1, 2013, is \$405,000.
- (4) The value shown for Mr. Tirnauer and Mr. Masciantonio under the heading "All Other Compensation" represents the cash dividends received by them in the respective fiscal year on shares of previously granted Company restricted stock which shares did not have a fair value at the time of grant which assumed cash dividends.
- (5) The value shown for Mr. Masciantonio under the heading "Salary" is Mr. Masciantonio's actual base salary earned for fiscal year 2013. His annual base salary rate, as in effect from December 1, 2012, was \$360,000. Mr. Masciantonio's current annual base salary rate, as in effect from December 1, 2013, is \$390,000.

(1) The amounts in the column under Estimated Future Payouts Under Non-Equity Incentive Plan Awards represent potential threshold, target and maximum bonuses available to the named executive officers under the Company's Management Incentive Program. The term Threshold means the lowest non-zero amount that could be paid as a bonus under the applicable programs if a bonus is payable for the applicable fiscal year. The threshold is not a minimum bonus. There is no minimum bonus under the Company's Management Incentive Program. If specified performance objectives are not met for the applicable fiscal year, no bonus is payable for that fiscal year.

- (2) The amounts in the column under Estimated Future Payouts Under Equity Incentive Plan Awards represent potential threshold, target and maximum performance-based restricted stock units available to the named executive officers based upon the Company's performance over a three year period (as described above). The term Threshold means the lowest non-zero amount that could be delivered as restricted stock units based on the Company's performance over a three-year performance period. The threshold is not a minimum amount payable or deliverable. If specified performance objectives are not met for the applicable performance period, no restricted stock unit is payable or deliverable for that performance period.
- (3) The amounts in the column under All Other Stock Awards represent shares of restricted stock that vest over time. The vesting schedule is described in the footnotes to the Outstanding Equity Awards table below. Dividends are paid on these shares of restricted stock on the same basis that dividends are payable with respect to our common stock generally, except that payment of dividends paid on unvested shares of restricted stock is deferred until vesting.
- (4) The amounts in the column under All Other Option Awards represent shares underlying options awarded, each of which vests over time. The vesting schedule is described in the footnotes to the Outstanding Equity Awards table below.
- (5) The amounts in the column under Grant Date Fair Value of Stock and Option Awards with respect to stock awards and option awards represent the fair value of the awards on the date of grant, as computed in accordance with applicable accounting standards and the assumptions stated in footnote #13 of our Form 10-K filed on December 13, 2013. The amounts in the column under Grant Date Fair Value of Stock and Option Awards with respect to performance-based restricted stock unit awards represent the expected value of the award, based on the target level of performance and the fair market value of our stock on the date of grant. The grant date value of these performance-based restricted stock units based on the fair market value of our stock on the date of grant and the maximum level of performance for each executive for these fiscal 2013 grants would be: \$562,509 for Mr. Krell, \$218,264 for Mr. Daniel, \$137,519 for Mr. Tirnauer, and \$125,009 for Mr. Masciantonio. Please note that the performance period for the awards extends through the end of fiscal year 2015 and, accordingly, none of these restricted stock units have yet been earned.

This performance condition was satisfied during the first quarter of fiscal year 2011.
- (2) The market value is based upon the closing price of our Common Stock on September 30, 2013 (\$31.80).
- (3) Amounts included under Equity Incentive Plan Awards: Number of Unearned Shares, Units or Other Rights That Have Not Vested represent the threshold award of performance-based restricted stock units issuable to each executive upon achievement of the threshold level of performance for each grant (for more information see the description of the Company's performance-based restricted stock units above in Compensation Discussion and Analysis). As more fully described above, these performance-based restricted stock units will vest, if at all, on the basis of the Company's operating income over the three-year performance period. Note that the amounts above include the value of currently unearned performance-based restricted stock units granted during fiscal year 2012. However, during fiscal year 2013, the Company determined pursuant to FASB ASC Topic 718 that the fiscal year 2012 award was unlikely to be earned, even at the threshold level.
- (4) With the exception of the stock options granted to Mr. Krell on March 6, 2012 and November 16, 2012, all of Mr. Krell's stock options outstanding as of September 30, 2013 vest in five equal annual installments over the five-year period following the grant date. The March 6, 2012 options vest in four equal installments with the initial vesting date occurring on November 18, 2012 and each subsequent vesting scheduled on the anniversary of such initial vesting date. The November 16, 2012 options vest over the four-year period following the grant date in substantially equal annual installments. The 16,000 shares of restricted stock granted to Mr. Krell on

Table of Contents

March 3, 2011, 9,600 shares of which were unvested as of September 30, 2013, vest in equal annual installments over a five-year period. The 18,299 shares of restricted stock granted to Mr. Krell on March 6, 2012, 13,725 of which were unvested as of September 30, 2013, vest over the four-year period following the grant date in substantially equal annual installments. The 9,427 shares of restricted stock granted to Mr. Krell on November 16, 2012, all of which were unvested as of September 30, 2013, vest over the four year period following the grant date in substantially equal annual installments. All stock options and restricted stock held by Mr. Krell are subject to accelerated vesting upon death, disability, a termination without cause, a resignation for good reason or a change in control.

- (5) The stock options granted to Mr. Daniel on June 1, 2011 vest in five equal annual installments over the five-year period following the grant date. The stock options granted to Mr. Daniel on November 18, 2011 vest over the four-year period following the grant date in substantially equal annual installments. The stock options granted to Mr. Daniel on November 16, 2012 vest in substantially equal annual installments over the four-year period following the grant date. The 10,000 shares of restricted stock granted to Mr. Daniel on June 1, 2011, 6,000 shares of which were unvested as of September 30, 2013, vest in equal annual installments over a five-year period. The 2,188 shares of restricted stock granted to Mr. Daniel on November 18, 2011, 1,641 of which were unvested as of September 30, 2013, vest in equal annual installments over a four-year period. The 4,713 shares of restricted stock granted to Mr. Daniel on November 16, 2012, all of which were unvested as of September 30, 2013, vest in substantially equal annual installments over the four-year period following the grant date.
- (6) With the exception of the stock options and shares of restricted stock granted to Mr. Tirnauer on November 18, 2011 and November 16, 2012, all stock options and restricted stock held by Mr. Tirnauer as of September 30, 2013 vest in five equal annual installments over the five-year period following the grant date. The stock options granted to Mr. Tirnauer on November 18, 2011 vest in substantially equal annual installments over the four-year period following the grant date. Potential Payments upon Termination or Change in Control

We have entered into agreements with each of our current named executive officers that provide payments and benefits to the executive in the event of his termination of employment under various circumstances, including a change of control. The following tables reflect the amount of compensation payable to each of our current named executive officers upon these various events. The amounts shown assume that such termination was effective as of September 30, 2013, the last day of our fiscal year. The amounts are calculated using various assumptions and are therefore only estimates of the amounts that could become payable to our current named executive officers. The actual amounts to be paid out can only be determined at the time of an actual termination or change in control.

General Amounts Due Upon Termination. Generally, upon a termination of employment for any reason, each current named executive officer is entitled to receive the payment of certain accrued obligations, including the following (none of which are included on the trigger event tables presented below for each named executive officer):

annual base salary through the date of termination, to the extent not previously paid;

any annual bonus earned but not previously paid with respect to a year ended prior to the date of termination;

any accrued, but unused, vacation pay; and

any unreimbursed business expenses.

outstanding stock options or restricted stock granted prior to October 1, 2011 will become fully vested;

outstanding time-vested options and time-vested restricted shares will become fully vested, if granted pursuant to a guaranty for fiscal years 2012, 2013 or 2014; and

outstanding performance-vested restricted stock units, if granted pursuant to a guaranty for fiscal years 2012, 2013 or 2014, will vest on a pro-rata basis (pro-rated based on the portion of the performance period completed by the time of the executive's termination) to the extent the underlying performance goals are attained at the end of the applicable performance period.

Disability. In the event of his termination of employment due to disability, Mr. Krell will be entitled to the following payments and /or benefits:

monthly supplemental disability payments equal to one-twelfth (1/12) of his annual base salary as of the date of termination for a period of 30 months following the termination;

continued coverage (for himself and, to the extent covered immediately prior to the date of termination, his spouse and eligible dependents) under our group health plan until the earlier of (1) the end of the 30 month period following termination, or (2) his eligibility for Medicare or coverage under another employer's group health plan (or in the case of his eligible dependents, cessation of their status as eligible dependents);

Amounts payable to Mr. Krell in the event of a termination due to disability will be reduced by (1) any disability or life insurance benefits payable to Mr. Krell, with respect to the same period, under any of our disability or death benefit plans, policies or arrangements, under the Social Security Act, or under Mr. Krell's supplemental long-term disability policies for which the Company pays the premiums, and (2) by any amounts earned by Mr. Krell for the performance of personal services during the same period.

If a change in control occurs during Mr. Krell's employment with the Company, but prior to distribution of his performance-based restricted stock units, the performance-based restricted stock units will vest and be distributed at the target level.

Pursuant to the 2012 amendment to Mr. Krell's employment agreement, he is no longer entitled to receive any tax gross-up to offset the impact of the excise tax under Section 280G of the Internal Revenue Code.

In order to receive any severance or termination payments or benefits described above, Mr. Krell is required to timely execute and deliver a general release and non-disparagement agreement in a form prescribed by us.

Mr. Krell is bound by certain non-competition and non-solicitation covenants which extend for a period of 36 months following any termination of employment.

Description of Triggering Events

Cause. Mr. Krell's employment may be terminated by us for cause upon the commission of any act of fraud, theft, gross misconduct, gross negligence, or Mr. Krell's unwillingness or refusal to perform the lawful and reasonable requirements of his job (other than by reason of illness, injury or incapacity).

Good Reason. Mr. Krell may terminate his employment for good reason upon the occurrence of any of the following without his prior consent: (i) a material, adverse change in title, authority or duties; (ii) a reduction in base salary or bonus opportunity; (iii) a relocation of his principal worksite more than 50 miles; or (iv) the Company's material breach of Mr. Krell's employment agreement.

Disability. Under Mr. Krell's Employment Agreement, disability is defined as the executive's inability, after any reasonable accommodation required by law, to perform his duties and responsibilities by reason of illness, injury or incapacity for more than six (6) consecutive months.

Change in Control. The change in control provisions of the executive's Employment Agreement will generally be triggered upon the first to occur of any of the following:

any person becomes beneficial owner of more than 50% of the voting power of the Company's then outstanding securities;

Table of Contents

a consolidation, share exchange, reorganization or merger of the Company resulting in the stockholders of the Company immediately prior to such event not owning at least a majority of the voting power of the resulting entity's securities outstanding immediately following such event;

the sale of substantially all of our assets; or

a liquidation or dissolution of the Company.

Assuming one of the following events occurred on September 30, 2013, Mr. Krell's payments and benefits have an estimated value of:

	Severance Payment (\$)	Payment of Pro-Rata Annual Bonus (\$)	Health Benefit Continuation (\$)	Other (\$)	Value of Options Subject to Acceleration (\$) (1)	Value of Restricted Stock Subject to Acceleration (\$) (2)	Value of Performance- Based Stock Units Subject to Acceleration (\$)	Total (\$)

Change in Control (without termination)					1,278,350	1,041,514	1,467,572 (11)	3,787,436

- (1) This amount represents the value of otherwise unvested in-the-money stock options to purchase an aggregate of 92,683 shares of Common Stock, based on the difference between the exercise price of the options and \$31.80, the closing price of our Common Stock on September 30, 2013. The actual value ultimately realized with respect to these options, if any, will vary depending on the date the options are exercised.
- (2) This amount represents the value of 32,752 shares of otherwise unvested Common Stock, based on \$31.80, the closing price of our Common Stock on September 30, 2013.
- (3) Mr. Krell earned a cash bonus of \$639,000 under our Management Incentive Program for fiscal year 2013 performance, which was paid in November 2013.
- (4) This amount represents (a) one-third of the value of the 18,854 shares of otherwise unvested and unearned performance-based restricted stock units from the fiscal year 2013 restricted stock unit award, based on \$31.80, the closing price of our Common Stock on September 30, 2013 (\$199,852), plus (b) the value of additional performance-based restricted stock units that would be issued due to cash dividends paid on our Common Stock during the performance period with respect to one-third of the 18,854 shares from the fiscal year 2013 restricted stock unit award (\$6,026). For these purposes, it is assumed that the fiscal year 2013 restricted stock unit awards will be earned at target; however, the shares Mr. Krell would actually receive in such termination would be dependent upon the actual performance of the Company through the performance period. The amounts exclude any value of currently unearned performance-based restricted stock units from the fiscal year 2012 award because, during fiscal year 2013, the Company determined pursuant to FASB ASC Topic 718 that such award was unlikely to be earned, even at the threshold level.
- (5) This amount represents the estimated present value of 30 months of supplemental disability payments equal to one-twelfth of Mr. Krell's annual base salary as of September 30, 2013, including the value of any benefit payable under our long-term disability plan and under Mr. Krell's supplemental long-term disability policies for which the Company pays the premiums. The aggregate benefit payable under the long-term disability policies for which we pay the premiums for the 30 month period would be \$531,000.
- (6) This amount represents premium payments for 30 months of health coverage.
- (7) This amount represents the value of the following benefits: (1) use of an automobile and automobile insurance coverage for 12 months, with an estimated aggregate value of \$23,568, and (2) the transfer to Mr. Krell of a key man term life insurance policy on Mr. Krell's life, with an estimated value of \$2,369 (representing the premium paid in fiscal year 2013).
- (8) This severance payable to Mr. Krell is a flat dollar amount of \$3,525,000; thus, changes in Mr. Krell's salary will not affect the amount of severance payable. Pursuant to an amendment to his employment agreement, however, the potential severance payable will be reduced in each of the next four years depending on the date of termination.
- (9) This amount represents premium payments for 36 months of health coverage.
- (10) This amount represents the value of the following benefits: (i) use of an automobile and automobile insurance coverage for 12 months, with an estimated aggregate value of \$23,568, (ii) 36 months of premiums for a supplemental long-term disability policy with a \$18,000 monthly benefit, with an estimated aggregate value of \$32,840, (iii) the transfer to Mr. Krell of a key man term life insurance policy on Mr. Krell's life, with an estimated value of \$2,369 (representing the premium paid in fiscal year 2013), and (iv) payment of full outplacement services, with an estimated aggregate value of \$112,500 (for one year of services).
- (11) This amount represents (a) the value of 43,854 shares of otherwise unvested and unearned performance-based restricted stock units (the target level of the performance-based grant), based on \$31.80, the closing price of our Common Stock on September 30, 2013 (\$1,394,557), plus (b) the value of additional performance-based restricted stock units that would be issued due to cash dividends paid on our Common Stock during the performance period with respect to the 43,854 shares underlying those units (\$73,015).

To receive any severance or termination payments or benefits described above, Mr. Daniel is required to timely execute and deliver a general release and non-disparagement agreement in a form prescribed by us.

Description of Triggering Events

Cause. Mr. Daniel's employment may be terminated by us for cause, which means (i) conviction of, or the entry of a plea of guilty or no contest to, a crime, other than a minor traffic offense; (ii) alcohol abuse or use of controlled drugs (other than in accordance with a physician's prescription); (iii) willful misconduct or gross negligence in the course of employment; (iv) material breach of any published Company policy, including (without limitation) the Company's ethics guidelines, insider trading policies or policies regarding employment practices; (v) material breach of any agreement with or duty owed to the Company or any of its affiliates; (vi) refusal to perform the lawful and reasonable directives of a supervisor or (vii) a failure to maintain a residence within the Philadelphia, Pennsylvania area without the Company's consent.

(ii) due to his becoming disabled, (iii) by the Company without cause or (iv) by Mr. Daniel for good reason, then notwithstanding such termination of employment, to the extent the underlying performance goals are attained at the end of an applicable performance period, Mr. Daniel's performance-based restricted stock units will vest in a pro-rata portion based on Mr. Daniel's service during the performance period prior to his termination. If a change in control occurs during Mr. Daniel's employment with the Company, but prior to distribution of his performance-based restricted stock units, the performance-based restricted stock units will be earned and distributed at the target level.

Assuming one of the following events occurred on September 30, 2013, Mr. Daniel's payments and benefits have an estimated value of:

	Severance Payment (\$)	Payment of Pro-Rata Annual Bonus (\$)	Health Benefit Continuation (\$)	Value of Performance- Based Stock Units Subject to Acceleration (\$)	Total (\$)

Change in Control (without termination)				457,556 (7)	457,556

- (1) This amount is equal to 12 months of Mr. Daniel's monthly base salary as of September 30, 2013.
- (2) Mr. Daniel earned a cash bonus of \$223,650 under our Management Incentive Program for fiscal year 2013 performance, which was paid in November 2013.
- (3) This amount represents premium payments for 12 months of continued group health coverage.
- (4) This amount represents (a) one-third of the value of the 9,427 shares of otherwise unvested and unearned performance-based restricted stock units from the fiscal year 2013 restricted stock unit award, based on \$31.80, the closing price of our Common Stock on September 30, 2013 (\$99,926), plus (b) the value of additional performance-based restricted stock units that would be issued due to cash dividends paid on our Common Stock during the performance period with respect to one-third of the 9,427 shares from the fiscal year 2013 restricted stock unit award (\$3,013). For these purposes, it is assumed that the fiscal year 2013 awards will be earned at target; however, the shares Mr. Daniel would actually receive in such termination would be dependent upon the actual performance of the Company through the performance period. The amounts exclude any value of currently unearned performance-based restricted stock units from the fiscal year 2012 award because, during fiscal year 2013, the Company determined pursuant to FASB ASC Topic 718 that such award was unlikely to be earned, even at the threshold level.

continued coverage (for himself and, to the extent covered immediately prior to the date of termination, his spouse and eligible dependents) under our group health plan for one year.

Termination without Cause or Resignation due to Good Reason in the 12 Month Period Following a Change in Control. Upon a termination of employment without cause or resignation due to good reason, that, in either such case, occurs within the 12 month period immediately following a change in control, Mr. Tirnauer will be entitled to the following payments and/or benefits:

payment of a pro-rata portion of the annual bonus he would otherwise be entitled to receive for the year of termination based on actual corporate and/or individual performance for that year;

continued coverage (for himself and, to the extent covered immediately prior to the date of termination, his spouse and eligible dependents) under our group health plan for 18 months;

all outstanding unvested options under the option grant issued to Mr. Tirnauer on January 29, 2010 shall become fully vested; and

payments by us to or for the benefit of Mr. Tirnauer shall be limited to the largest amount that could be payable to Mr. Tirnauer without causing the application of the excise tax under Section 4999 of the Code. Mr. Tirnauer is bound by certain non-competition and non-solicitation covenants which extend for a period of 24 months following termination of employment. In order to receive any severance or termination payments or benefits described above, Mr. Tirnauer is required to timely execute and deliver a general release and non-disparagement agreement in a form prescribed by us.

Description of Triggering Events

Cause. Mr. Tirnauer's employment may be terminated by us for cause, which means (i) conviction of, or the entry of a plea of guilty or no contest to, a crime, other than a minor traffic offense; (ii) alcohol abuse or use of controlled drugs (other than in accordance with a physician's prescription); (iii) willful misconduct or gross negligence in the course of employment; (iv) material breach of any published Company policy, including (without limitation) the Company's ethics guidelines, insider trading policies or policies regarding employment practices; (v) material breach of any agreement with or duty owed to the Company or any of its affiliates; or (vi) refusal to perform the lawful and reasonable directives of a supervisor.

If a change in control occurs during Mr. Tirnauer's employment with the Company, but prior to distribution of his performance-based restricted stock units, the performance-based restricted stock units will be earned and distributed at the target level.

- (1) This amount represents the value of otherwise unvested stock options to purchase an aggregate of 16,000 shares of Common Stock, based on the difference between the exercise price of the options and \$31.80, the closing price of our Common Stock on September 30, 2013. The actual value ultimately realized with respect to these options, if any, will vary depending on the date the options are exercised.
- (2) This amount is equal to 12 months of Mr. Tirnauer's monthly base salary as of September 30, 2013.
- (3) Mr. Tirnauer earned a cash bonus of \$163,191 under our Management Incentive Program for fiscal year 2013 performance, which was paid in November 2013.
- (4) This amount represents premium payments for 12 months of continued group health coverage.
- (5) This amount represents (a) one-third of the value of the 4,609 shares of otherwise unvested and unearned performance-based restricted stock units from the fiscal year 2013 restricted stock unit award, based on \$31.80, the closing price of our Common Stock on September 30, 2013 (\$48,855), plus (b) the value of additional performance-based restricted stock units that would be issued due to cash dividends paid on our Common Stock during the performance period with respect to one-third of the 4,609 shares from the fiscal year 2013 restricted stock unit award (\$1,473). For these purposes, it is assumed that the fiscal year 2013 awards will be earned at target; however, the shares Mr. Tirnauer would actually receive in such termination would be dependent upon the actual performance of the Company through the performance period. The amounts exclude any value of currently unearned performance-based restricted stock units from the fiscal year 2012 award because, during fiscal year 2013, the Company determined pursuant to FASB ASC Topic 718 that such award was unlikely to be earned, even at the threshold level.

- (6) This amount is equal to 18 months of Mr. Tirnauer's monthly base salary as of September 30, 2013.

ADVISORY VOTE RELATED TO EXECUTIVE COMPENSATION

(PROPOSAL 3)

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules. At our 2011 Annual Meeting of Stockholders, our stockholders were asked to vote on whether the Say-on-Pay advisory vote should be held annually, every two years or every three years. Our stockholders indicated a preference for holding such a vote on an annual basis. Our Board determined, as a result of such vote on the frequency of the advisory vote to approve our executive compensation, that we will hold a Say-On-Pay stockholder advisory vote to approve our executive compensation every year. The Company's Say-On-Pay stockholder advisory vote received over 97% approval in the prior two years.

As described in detail under the heading Executive Compensation Compensation Discussion and Analysis, our executive compensation programs are designed to attract, motivate and retain our named executive officers, who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of specific annual, long-term and strategic goals, corporate goals, and the realization of increased stockholder value. Please read the Executive Compensation Compensation Discussion and Analysis for additional details about our executive compensation programs, including information about the fiscal year 2013 compensation of our named executive officers.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2014 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. Nonetheless, our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The Board of Directors recommends that you vote FOR this Proposal 3 to ratify the compensation of the named executive officers.

ADDITIONAL INFORMATION

Householding of Proxy Materials

The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its stockholders. This method of delivery, known as householding, permits us to realize significant cost savings, reduces the amount of duplicate information stockholders receive, and reduces the environmental impact of printing and mailing documents to you. Under this process, certain stockholders will receive only one copy of our proxy materials and any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. Any stockholders who object to or wish to begin householding may notify us at (215) 873-2200 extension 32859 or Investor Relations, Destination Maternity Corporation, 456 North Fifth Street, Philadelphia, Pennsylvania 19123. We will send an individual copy of the proxy statement to any stockholder who revokes their consent to householding within 30 days of our receipt of such revocation.

Other Business

Management knows of no other matters that will be presented at the Annual Meeting. However, if any other matter properly comes before the meeting, or any adjournment or postponement thereof, it is intended that proxies in the accompanying form will be voted in accordance with the judgment of the persons named therein.

Annual Report

A copy of the Company's Annual Report to Stockholders for fiscal year 2013 accompanies this proxy statement.

The Company will provide to each person solicited, without charge except for exhibits, upon request in writing, a copy of its Annual Report on Form 10-K, including the consolidated financial statements and financial statement schedule, as filed with the Securities and Exchange Commission for the year ended September 30, 2013. Requests should be directed to Destination Maternity Corporation, Attention: Chief Financial Officer, 456 North Fifth Street, Philadelphia, Pennsylvania, 19123.

The stockholder's written notice should be sent to the attention of the Secretary, c/o Destination Maternity Corporation, 456 North Fifth Street, Philadelphia, Pennsylvania, 19123.

In addition to being able to present proposals for consideration at the Annual Meeting, stockholders may also be able to have their proposals for any proper business (not including director nominations) included in our proxy statement and form of proxy for the 2015 Annual Meeting. In order to have any such stockholder proposal included in the proxy statement and form of proxy, the proposal must be delivered to us at the address set forth below not later than August 15, 2014, and the stockholder must otherwise comply with applicable SEC requirements and our By-laws. If the stockholder complies with these requirements for inclusion of a proposal in our proxy statement and form of proxy, the stockholder need not comply with the notice requirements described in the preceding paragraph.

The form of proxy issued with our 2015 proxy statement will confer discretionary authority to vote for or against any proposal made by a stockholder at our 2015 Annual Meeting and which is not included in our proxy statement. However, such discretionary authority is not permitted to be exercised if the stockholder proponent has given notice to our Secretary of such proposal between October 24, 2014 and November 25, 2014 and certain other conditions provided for in the SEC's rules have been satisfied.

A copy of the full text of the By-law provisions discussed above may be obtained by writing to our Secretary, and all notices and nominations referred to above must be sent to our Secretary, at the following address: Destination Maternity Corporation, Attention: Secretary, 456 North Fifth Street, Philadelphia, Pennsylvania, 19123.
