PROXY STATEMENT

2014 ANNUAL MEETING OF STOCKHOLDERS

General

We are furnishing this Proxy Statement and the enclosed proxy in connection with the solicitation of proxies by our Board of Directors (the "Board") for use at the Annual Meeting of Stockholders of Corcept Therapeutics Incorporated (the "Company") to be held on May 7, 2014 at 8:00 a.m. local time, at our headquarters located at 149 Commonwealth Drive, Menlo Park, California 94025 and at any adjournments thereof (the "Annual Meeting"). This Proxy Statement and accompanying proxy card are being first mailed to stockholders on or about April 7, 2014.

Who Can Vote

Only holders of our common stock as of the close of business on March 31, 2014 (the "Record Date") are entitled to vote at the Annual Meeting. Stockholders who hold shares of our common stock in street name may vote at the Annual Meeting only if they hold a valid proxy from their broker.

Shares Outstanding and Quorum

As of the Record Date, there were 100,689,263 shares of common stock outstanding. A majority of the outstanding shares of common stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the meeting. Stockholders of record who are present at the meeting in person or by proxy and who abstain from voting, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, will be included in the number of shares present at the meeting for purposes of determining whether a quorum is present.

Voting Rights

Each stockholder of record is entitled to one vote at the Annual Meeting for each share of common stock held by such stockholder on the Record Date. Stockholders do not have cumulative voting rights. Stockholders may vote their shares by using the proxy card enclosed with this Proxy Statement. All proxies we receive which are properly voted,

whether by signed proxy card or by telephonic or internet voting, that have not been revoked will be voted in accordance with the instructions contained in the proxy. If a proxy is received which does not specify a vote or an abstention, the shares represented by that proxy will be voted (a) for the nominees to the Board listed on the proxy card and in this Proxy Statement, (b) for the approval, on a non-binding advisory basis, of the compensation of our named executive officers as disclosed in this Proxy Statement and (c) for the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014. We are not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders. If any other matters are properly brought before the Annual Meeting, the enclosed proxy card gives discretionary authority to the persons named as proxies to vote the shares represented by the proxy card in their discretion.

Table of Contents

Votes Required to Approve Each Proposal

Under Delaware law and our Amended and Restated Bylaws, if a quorum exists at the Annual Meeting, (a) the eight nominees for director who receive the greatest number of votes cast will be elected to the Board and (b) the proposals (i) to approve, on a non-binding advisory basis, the compensation of our named executive officers as disclosed in this proxy statement and (ii) to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014 will be approved if the proposals receive the affirmative vote of the majority of the votes cast affirmatively or negatively. The holders of a majority of all outstanding shares of common stock entitled to vote at the meeting, present in person or by proxy, shall constitute a quorum for the Annual Meeting.

Abstentions and broker non-votes will have no impact on the election of directors because they have not been cast in favor of or against any nominee. Abstentions and broker non-votes will likewise not have any effect on the proposal to (a) approve, on a nonbinding advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement or (b) ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014 because approval of these proposals is based solely on the number of votes cast affirmatively or negatively. Abstentions and broker non-votes will be counted for purpose of determining whether a quorum exists.

Revocability of Proxies

A stockholder of record may revoke a proxy at any time before it is voted at the Annual Meeting by (a) delivering a proxy revocation or another duly executed proxy bearing a later date to the Secretary of our Company at 149 Commonwealth Drive, Menlo Park, California 94025 or (b) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless the stockholder actually votes in person at the meeting.

Solicitation of Proxies

The proxy card accompanying this Proxy Statement is solicited by our Board. We will pay all of the costs of soliciting proxies. In addition to solicitation by mail, our officers, directors and employees may solicit proxies personally, or by telephone, without receiving additional compensation. We, if requested, will pay brokers, banks and other fiduciaries that hold shares of common stock for beneficial owners for their reasonable out-of-pocket expenses of forwarding these materials to stockholders.

Householding of Proxy Materials

Householding is a procedure approved by the Securities and Exchange Commission (the SEC) under which stockholders who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Proxy Statement from a company, single bank, broker or other intermediary, unless one or more of these stockholders notifies us, the bank, broker or other intermediary that they wish to continue to receive individual copies. At the present time, we do not household for any of our stockholders of record. However, as explained below, your bank, broker or other intermediary may be householding your account if you hold your shares in street name.

If you hold shares in street name, your bank, broker or other intermediary may be delivering only one copy of our Proxy Statement to multiple stockholders of the same household who share the same address, and may continue to do so, unless your bank, broker or other intermediary has received contrary instructions from one or more of the affected

stockholders in the household. If you are such a beneficial holder, contact your bank, broker or other intermediary directly in order to receive a separate set of our proxy materials.

DIRECTOR NOMINATION

The information below describes the criteria and process that the Corporate Governance and Nominating Committee uses to evaluate candidates to the Board.

Corporate Governance and Nominating Committee. Our Corporate Governance and Nominating Committee currently consists of Joseph C. Cook, Jr. (Chairman), Joseph L. Turner and James N. Wilson. The Corporate Governance and Nominating Committee met three times during 2013. The Corporate Governance and Nominating Committee is

responsible for identifying individuals qualified to serve as members of the Board, recommending to the independent members of the Board nominees for election as our directors and providing oversight with respect to corporate governance and ethical conduct. The Board has determined that Mr. Cook and

Table of Contents

Mr. Turner are independent directors for NASDAQ purposes. Although Mr. Wilson is our employee and therefore not an independent director for NASDAQ purposes, our director nomination process meets applicable NASDAQ requirements because our director nominees are selected by the independent members of the Board in votes in which only independent directors participate. The Corporate Governance and Nominating Committee has a written charter, a copy of which is available on our website at www.corcept.com.

The information below describes the criteria and process that the Corporate Governance and Nominating Committee uses to evaluate candidates to the Board.

Board Membership Criteria. The Corporate Governance and Nominating Committee is responsible for assessing the appropriate balance of experience, skills and characteristics required of the Board. Nominees for director are selected on the basis of depth and breadth of experience, knowledge, integrity, ability to make independent analytical inquiries, understanding of our business environment, the willingness to devote adequate time to Board duties, the interplay of the candidate's experience and skills with those of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any Committees of the Board. Although there is no specific policy regarding diversity in identifying director nominees, both the Corporate Governance and Nominating Committee and the Board seek the talents and backgrounds that would be most helpful to us when selecting director nominees. In particular, the Corporate Governance and Nominating Committee, when recommending director candidates to the full Board for nomination, may consider whether a director candidate, if elected, assists in achieving a mix of Board members that represents a diversity of background and experience. In addition, the Corporate Governance and Nominating Committee seeks to ensure that at least a majority of the directors are independent under the rules of the NASDAQ Stock Market, that the Audit Committee and Compensation Committee are each composed entirely of independent directors, and that members of the Audit Committee possess such accounting and financial expertise as the NASDAQ Stock Market and SEC rules require.

Stockholders Proposals for Nominees. The Corporate Governance and Nominating Committee will consider written proposals from stockholders for nominees for director. Any such nominations should be submitted to the Corporate Governance and Nominating Committee c/o the Secretary of our Company and should include (at a minimum) the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, or Exchange Act, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; (b) the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of our common stock which are owned beneficially and of record by such stockholder(s); and (c) appropriate biographical information and a statement as to the qualifications of the nominee, and should be submitted in the time frame described in our Amended and Restated Bylaws and under the caption, "Stockholder Proposals for the 2015 Annual Meeting" below.

Process for Identifying and Evaluating Nominees. The Corporate Governance and Nominating Committee initiates the process for identifying and evaluating nominees to the Board by identifying a slate of candidates who meet the criteria for selection as nominees and have the specific qualities or skills being sought based on input from members of the Board, management and, if the Corporate Governance and Nominating Committee deems appropriate, a third-party search firm. In addition, pursuant to the Securities Purchase Agreement, dated as of March 14, 2008, we agreed to take all necessary steps to have one designee of Longitude Venture Partners, L.P., one of our significant stockholders, nominated for election to our Board, subject to compliance with relevant NASDAQ Stock Market rules and regulations and approval of the nominee by the Corporate Governance and Nominating Committee for so long as Longitude Venture Partners, L.P. beneficially owns at least 5% of our issued and outstanding common stock. Candidates, including candidates proposed by Longitude Venture Partners, L.P., are evaluated by the Corporate Governance and Nominating Committee on the basis of the factors described above under "Board Membership Criteria."

With respect to candidates for initial election to the Board, the Corporate Governance and Nominating Committee also reviews biographical information and qualifications and checks the candidate's references.

Table of Contents

Qualified candidates are interviewed by at least one member of the Corporate Governance and Nominating Committee. Serious candidates meet, either in person or by telephone, with all members of the Corporate Governance and Nominating Committee and as many other members of the Board as practicable.

Using the input from interviews and other information obtained, the Corporate Governance and Nominating Committee evaluates which of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the independent members of the Board that the Board nominate, or elect to fill a vacancy with, a prospective candidate. Candidates recommended by the Corporate Governance and Nominating Committee are presented to the independent members of the Board for selection as nominees to be presented for the approval of the stockholders or for election to fill a vacancy. The Corporate Governance and Nominating Committee expects that a similar process will be used to evaluate nominees recommended by stockholders.

Nominees to the Board of Directors for the Annual Meeting. The nominees for the Annual Meeting were recommended for selection by the Corporate Governance and Nominating Committee and were selected by the independent members of the Board.

BOARD MEETINGS AND COMMITTEES

The Board met six times during 2013. In addition to the Corporate Governance and Nominating Committee, which is described above, the Board has standing Audit and Compensation Committees. The Audit Committee met five times and the Compensation Committee met three times during 2013. The Corporate Governance and Nominating Committee met three times during 2013. Each member of the Board attended 75% or more of the total number of Board meetings and meetings of Board committees on which such Board member served, with the exception of James N. Wilson, who attended 67% of the meetings of the Corporate Governance and Nominating Committee held during 2013.

We have a policy of encouraging all directors to attend the annual stockholder meetings. Seven of our directors attended the 2013 annual stockholder meeting.

Audit Committee. The Audit Committee currently consists of Joseph L. Turner (Chairman), Patrick G. Enright and David L. Mahoney. The Board has determined that all members of the Audit Committee are independent directors under the rules of the NASDAQ Stock Market and each of them is able to read and understand fundamental financial statements. In addition, the Board has determined that each member of the Audit Committee also satisfies the independence requirements of Rule 10A-3(b)(1) of the Exchange Act. The Board has determined that Mr. Enright is independent even though he falls outside the "safe harbor" definition set forth in Rule 10A-3(e)(1)(ii) under the Exchange Act because Longitude Venture Partners, LP and its affiliates own in excess of 10% of our common stock. Among other things, the Board considered Mr. Enright's history of service and the percentage of common stock held by others, and it determined that he is not an "affiliated person" of our company who would be ineligible to serve on the Audit Committee. The Board has determined that each of Messrs. Turner, Mahoney and Enright qualifies as an "Audit Committee financial expert" as defined by Item 407(d)(5) of Regulation S-K of the Securities Act and the Exchange Act. The purpose of the Audit Committee is to oversee the accounting and financial reporting processes and financial statements audits. The responsibilities of the Audit Committee include appointing and providing for the compensation of the independent registered public accounting firm to conduct the annual audit of our accounts, reviewing the scope and results of the independent audits, reviewing and evaluating internal accounting policies, and approving all professional services to be provided to us by our independent registered public accounting firm. The Audit Committee has a written charter, a copy of which is available on our website at www.corcept.com.

Compensation Committee. The Compensation Committee currently consists of G. Leonard Baker, Jr. (Chairman), Daniel M. Bradbury, Joseph C. Cook, Jr. and David L. Mahoney. The Board has determined that all members of the Compensation Committee are independent directors under the rules of the NASDAQ Stock Market. The Compensation Committee administers our benefit plans, reviews and administers all compensation

Table of Contents

arrangements for executive officers, and establishes and reviews general policies relating to the compensation and benefits of our officers and employees. The Compensation Committee has a written charter, a copy of which is available on our website at www.corcept.com. Pursuant to the Compensation Committee's charter, the Compensation Committee may delegate its authority and responsibilities as it deems proper to members of the Compensation Committee or to a subcommittee.

BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

Board Leadership Structure. In accordance with our Amended and Restated Bylaws, our Board appoints our officers, including our Chief Executive Officer. Our Board does not have a policy on whether the role of the Chairman of the Board and Chief Executive Officer should be separate and, if it is to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee and if it is to be combined, whether a lead independent director should be selected. Our Board is committed to corporate governance practices and values independent board oversight as an essential component of strong corporate performance. For example, six of our eight current directors qualify as independent under the rules of the NASDAQ Stock Market. In February 2014, our Board undertook a review of the independence of each director and considered whether any director has a material relationship with us that could compromise his ability to exercise independent judgment in carrying out his responsibilities. As a result of this review, our Board determined that the following directors are independent under the rules of the NASDAQ Stock Market:

G. Leonard Baker, Jr.

Daniel M. Bradbury

Joseph C. Cook, Jr.

Patrick G. Enright

David L. Mahoney

Joseph L. Turner

Currently, we separate the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the strategic direction for our company and the day-to-day leadership and performance of our company, while the Chairman of the Board provides guidance to the Chief Executive Officer and management and sets the agenda for Board meetings and presides over meetings of the full Board. Dr. Belanoff, our Chief Executive Officer, is an employee of our company and is therefore not independent under the rules of NASDAQ Stock Market. Mr. Wilson, our Chairman of the Board, is an employee of our company and is therefore not independent under the rules of NASDAQ Stock Market. Our Board believes that the current board leadership structure is appropriate for our company and our stockholders at this time.

Risk Oversight. The Board oversees our company's risk exposures and risk management of various parts of the business, including appropriate guidelines and policies to minimize business risks and major financial risks and the steps management has undertaken to control them. In its risk oversight role, the Board reviews our strategic plan at least annually, which includes an assessment of potential risks facing our company. While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. Our Audit Committee is responsible for overseeing management of our risks relating to accounting matters, financial reporting and SEC compliance. Our Compensation Committee is responsible for overseeing the

management of risks relating to our executive compensation plans and arrangements. In addition, in setting compensation, the Compensation Committee strives to create incentives that do not encourage risk-taking behavior that is inconsistent with our company's business strategy. Our Corporate Governance and Nominating Committee is responsible for overseeing management of our risks associated with the independence of our Board and potential conflicts of interest. Each committee regularly reports to the full Board.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

As a matter of policy, all related-party transactions between us and any of our officers, directors, or principal stockholders, are reviewed and approved by our Audit Committee, as set forth in our Audit Committee charter, or a majority of the independent and disinterested members of our Board, are on terms no less favorable to us than could be obtained from unaffiliated third parties and are in connection with bona fide business purposes. In 2013, there were no related-party transactions that required review by the Audit Committee.

Severance and Change in Control Agreements. We have entered into severance and change in control agreements with our executive officers. The agreements provide that, if employment is terminated without cause or for good reason regardless of whether it is in connection with a change in control, the executive will be eligible for 12 months of his or her then current base salary and continued health insurance coverage for this same period. In addition, the agreements provide for the full vesting of all outstanding equity awards in the event the executive's employment is terminated without cause or for good reason within 18 months following a change in control.

Director Indemnification Agreements. We have entered into indemnification agreements with our directors and executive officers. Such agreements require us, among other things, to indemnify our officers and directors, other than for liabilities arising from willful misconduct of a culpable nature, and to advance their expenses incurred as a result of any proceedings against them as to which they could be indemnified.

See Director Compensation for a discussion of our director compensation policy.

CODE OF ETHICS

We have adopted a Code of Ethics that applies to all of our directors, officers and employees, including our principal executive officer, our principal financial officer and our principal accounting officer, a copy of which is available on our website at www.corcept.com. We intend to disclose on our website at www.corcept.com any amendment to, or waiver of, any provision of our Code of Ethics applicable to our directors and executive officers required to be disclosed under the rules of the SEC and the NASDAQ Stock Market.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Exchange Act and SEC rules, our directors, executive officers and beneficial owners of more than 10% of any class of our equity securities are required to file periodic reports of their ownership, and changes in that ownership, with the SEC. Based solely on our review of copies of these reports and representations of such reporting persons, we believe that, during the year ended December 31, 2013, such reporting persons met all applicable Section 16(a) filing requirements.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee of our Board is delegated the primary responsibility for our executive compensation program, which is intended to provide compensation packages for our named executive officers that are appropriately competitive within our industry, provide rewards for significant corporate performance and

Table of Contents

are appropriate for our stage of development. Compensation packages are designed to encourage a balanced focus on both short- and long-term goals. Direct compensation consists of a base salary, periodic cash bonuses for the achievement of significant corporate milestones and long-term equity incentive awards.

This section discusses the principles underlying our policies and decisions with respect to the compensation of our executive officers who are named in the 2013 Summary Compensation Table and the material factors relevant to an analysis of these policies and decisions. Our named executive officers for 2013 were as follows: Joseph K. Belanoff, M.D., our Chief Executive Officer, Robert L. Roe, M.D., our President, G. Charles Robb, our Chief Financial Officer, Steven Lo, our Senior Vice President and Chief Commercial Officer and Anne LeDoux, our Vice President and Controller (Chief Accounting Officer). Dr. Roe retired from his position as our President and Secretary effective December 31, 2013.

Executive Summary

During 2013, we had significant development, operational and commercial accomplishments. A summary of our principal activities and accomplishments for the year follows:

Generated \$10.4 million in revenue from the sale of Korlym® for the treatment of Cushing's syndrome and continued to develop our commercial infrastructure.

Enrolled sufficient patients in our phase 3 study of mifepristone for the treatment of psychotic depression to allow us to perform an interim analysis of that study's data and release results in the second quarter of 2014. If those results are positive, we plan to submit a New Drug Application by the end of the year.

Continued the pre-clinical development of compounds from our proprietary families of next-generation selective GR-II antagonists. We plan to begin clinical trials in one or more of these compounds in 2014.

Executive Compensation 2013 Program Overview

Based on our compensation philosophy, pay program structure and company and individual performance, our Compensation Committee took the following actions with respect to the compensation for our named executive officers for 2013:

Base Salary. To recognize the increased complexity of the business, the Compensation Committee increased the annual base salaries for each of Dr. Belanoff, Mr. Robb and Mr. Lo by 10% as compared to 2012, effective February 1, 2013. Dr. Roe and Ms. LeDoux each received an increase of 4%, effective February 1, 2013, consistent with the increase provided to all company employees. In September 2013, Mr. Lo was promoted to the position of Senior Vice President and Chief Commercial Officer. In connection with that promotion, the Compensation Committee increased his base salary by 10%, consistent with the responsibilities of his new position.

Bonus in February 2014. In accordance with our practice of awarding bonuses for the achievement of significant milestones, in February 2014, our Compensation Committee and Board approved discretionary cash bonus payments to our named executive officers and all other employees employed with us as of December 31, 2013. These awards reflected the company's achievement of significant milestones in 2013, as described above, and the individual

contributions by employees and named executive officers. The size of these bonuses was based primarily on the importance to the company and its stockholders of achieving these milestones.

Equity Awards. In January 2013, the Board granted options to all of our named executive officers and employees as an incentive toward continued service to the company. In November 2013, the Board granted options to purchase 100,000 shares of our common stock to G. Charles Robb, our Chief Financial Officer and 200,000 shares to Steven Lo, our Senior Vice President and Chief Commercial Officer. The size of these stock awards was based on the compensation that the Chief Executive Officer (other than with respect to himself) and

Table of Contents

members of our Compensation Committee and Board believed was appropriate for each position based on the magnitude of the responsibilities of each role, the depth of the experience of the individual officers and the breadth of the company's goals.

Strong Stockholder Support for our Compensation Decisions

At our annual stockholder meeting in 2011, our stockholders approved the 2010 compensation of our named executive officers, with over a 97% approval rating. In light of this strong support, the Compensation Committee did not change the design of our compensation programs during 2012 or 2013. The Compensation Committee will continue to work to ensure that management's interests are aligned with our stockholders' interests to support long-term value creation. Based on the stockholder vote in favor of having a non-binding stockholder vote on executive compensation once every three years, we are submitting our executive compensation for an advisory vote at the Annual Meeting. See Proposal 2 – Advisory Vote on the Compensation of Named Executive Officers in this Proxy Statement.

Compensation Principles and Objectives

Compensation for our named executive officers is intended to be performance-based, with the exception of the named executive officer's base salaries. The Compensation Committee believes that compensation paid to our named executive officers should be closely aligned with our performance on both a short-term and long-term basis, should be linked to specific, measurable results that create value for stockholders, and should help us attract and retain key executives critical to our long-term success.

In establishing compensation for executive officers, these are the Compensation Committee's objectives:

Align officer and stockholder interests by providing a portion of total compensation opportunities for senior management in the form of equity awards and bonuses tied to company and individual performance.

Ensure executive officer compensation is competitive within the marketplace in which we compete for executive talent by relying on the Compensation Committee's judgment, expertise and personal experience with other similar companies, recognizing that because of the company's business model and stage of development, there may be few directly comparable companies; and

Recognize that best compensation practices for a young company with relatively few employees may be substantially different than for a larger, more mature company and that we should make full use of our greater latitude and breadth of compensation opportunities.

Our overall compensation program is structured to attract, motivate and retain highly qualified executive officers by paying them competitively, consistent with our success and their contribution to that success. Given the long product development cycles in our business, we believe compensation should be structured to ensure that a portion of compensation opportunity is related to factors that directly and indirectly promote long-term stockholder value. Accordingly, we set goals designed to link each named executive officer's compensation to our corporate performance, such as the attainment of commercial, development and operational goals and meeting agreed upon financial targets.

Consistent with our performance-based philosophy, we reserve the largest potential compensation awards for performance- and incentive-based programs for our named executive officers, commensurate with their greater

responsibilities. Such programs include stock options grants designed to provide compensation opportunities if milestones are attained that increase our market value, such as positive results in clinical trials. Incentive-based programs provide compensation in the form of both cash and equity, to reward for both short-term and long-term performance. The Compensation Committee allocates total compensation between cash and equity compensation based on the Compensation Committee members' knowledge of compensation practices in

Table of Contents

the biotechnology and specialty pharmaceutical industries. The balance between equity and cash compensation for our named executive officers is evaluated annually to align the interests of management with stockholders through both short- and long-term incentives.

The Chairman of the Board and the members of the Compensation Committee are seasoned executives of, consultants to, or venture capitalists with investments in the biotechnology and specialty pharmaceutical industry. Collectively they have served as board and compensation committee members of many public and privately held companies including Amylin Pharmaceuticals, Inc., Ironwood Pharmaceuticals, Inc., NuGen Technologies, Inc., Neurex Corporation, Praecis Pharmaceuticals, Inc., Syntex Corporation, Tercica, Inc. and Zymogenetics Inc. As a result of this extensive involvement in the compensation of executives in these and other companies, we believe that the Chairman of the Board and the members of the Compensation Committee collectively have developed a clear understanding and knowledge of the compensation structures that are necessary to attract, motivate and retain management talent.

Determination of Compensation

The Compensation Committee is charged with the primary authority to determine and recommend the compensation awards available to our executive officers for approval by the Board. Based on the Compensation Committee members' collective understanding of compensation practices in similar companies in the biotechnology and specialty pharmaceutical industry, our executive compensation package consists of the following elements, in addition to the employee benefit plans in which all employees may participate:

Base salary: compensation for ongoing service throughout the year.

Periodic performance-based cash compensation: awards to recognize and reward achievement of performance goals.

Long-term performance-based equity incentive program: equity compensation to provide an incentive to our named executive officers to manage us from the perspective of an owner with an equity stake in the business.

Severance and change in control benefits: remuneration paid to executives in the event of a change in control or involuntary employment termination.

To aid the Compensation Committee in making its determination, our Chief Executive Officer provides recommendations annually to the Compensation Committee regarding the compensation of all other executive officers (other than himself) based on the overall corporate achievements during the period being assessed and his knowledge of the individual contributions to our success by each of the named executive officers. The performance of our named executive officers as a team is reviewed annually by the Compensation Committee.

We set base salary structures and grants of stock options based on the Compensation Committee members' collective understanding of compensation practices in the biotechnology and specialty pharmaceutical industry and such members' experiences as seasoned executives, consultants, board and compensation committee members, or investors in similar biotechnology and specialty pharmaceutical industry companies.

Tax Considerations

In making its compensation determinations, our Compensation Committee considers the impact of Section 162(m) of the Internal Revenue Code of 1986, as amended, which limits the tax deductibility by us of annual compensation in excess of \$1,000,000 paid to our Chief Executive Officer and any of our three other most highly compensated executive officers, other than our Chief Financial Officer.

While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the Compensation Committee's overall compensation philosophy and objectives. The Compensation Committee will consider ways to maximize the deductibility of executive compensation, while

Table of Contents

retaining the discretion it deems necessary to compensate officers in a manner commensurate with performance and the competitive environment for executive talent. From time to time, the Compensation Committee may award compensation to our executive officers that may not be fully deductible if it determines that such award is consistent with its philosophy and is in our and our stockholders' best interests.

Certain option grants made under our equity plans are intended to be structured so that any compensation deemed paid upon the exercise of those options is intended to qualify as performance-based compensation that is not subject to the \$1,000,000 limitation.

Elements of Executive Compensation

Base Compensation

We pay base salaries to provide fixed compensation based on the Compensation Committee's assessment of competitive market practices. Due to the Compensation Committee's collective experience with similar companies in the biotechnology and specialty pharmaceutical industry, the Compensation Committee has intimate knowledge and understanding of what the industry demands in order to motivate and retain our executive officers. We provide each named executive officer with a base salary that was established by negotiations with each named executive officer when such individual first joined us as an employee or was promoted to the position of executive officer. To recognize the increased complexity of the business, the Compensation Committee increased the annual base salaries for each of Dr. Belanoff, Mr. Robb and Mr. Lo by 10% as compared to 2012, effective February 1, 2013. Dr. Roe and Ms. LeDoux each received an increase of 4%, effective February 1, 2013, consistent with the increase provided to all company employees. In September 2013, at the time of his promotion to Senior Vice President and Chief Commercial Officer, Mr. Lo received an additional increase of 10%, consistent with the responsibilities of his new position. While base salaries are not considered by the Internal Revenue Service to constitute performance-based compensation, each year the Compensation Committee reviews the Chief Executive Officer's base salary to determine if a change is appropriate based on Company performance, such as the commercialization of Korlym and our progress on research and development programs. Similarly, the Chief Executive Officer reviews the base salary of the other named executive officers and may propose changes in base salary based on performance to the Compensation Committee. Other than the annual merit increases that the Compensation Committee has approved, no formulaic base salary increases are provided to the named executive officers.

Performance-Based Compensation

Performance Goals and Periodic Performance-Based Cash Compensation. We structure our compensation programs to reward executive officers based on our performance. To date, we have not instituted an annual performance-based cash compensation or annual performance-based equity compensation program. The Compensation Committee believes that the objective to ensure that executive officers' compensation is aligned with our corporate strategies, business objectives and the long-term interests of our stockholders is achieved when significant milestones are met, such as the approval of a new product, increase in revenue, meeting the predetermined endpoints in our clinical trials, demonstrating progress in our research program and completing financing transactions. The achievement of these types of milestones does not necessarily correspond with annual performance periods. For example, no bonus awards were made for performance in 2011; bonuses were paid in February 2012 in connection with the FDA approval for the marketing of Korlym for Cushing's syndrome; however, no bonuses were paid for accomplishments during the remainder of 2012.

Performance-based cash compensation has been awarded in some past years primarily to recognize the accomplishment of certain value enhancing milestones such as successful financing transactions, initiation of clinical

trials and positive results in clinical trials. The Compensation Committee believes that performance-based compensation should be based on achievement of these types of milestone successes. The Chief Executive Officer reviews the performance of the other named executive officers and may propose bonus and equity compensation for these individuals to the Compensation Committee.

Table of Contents

As discussed above, in accordance with our practice of making bonus awards only on the achievement of significant milestones, in February 2014, our Compensation Committee and Board approved cash bonus payments to our named executive officers and all other employees in recognition of the significant accomplishments during 2013, as discussed above under Executive Summary .

The bonus amounts approved in February 2014 to our named executive officers were as follows:

⁽¹⁾ Dr. Roe retired as our President and Secretary effective December 31, 2013, and is continuing to work for the company as a consultant through December 31, 2014.

For each named executive officer, the bonus amount was based on his or her relative individual contribution to our success and the breadth of his or her sphere of responsibility, which are enumerated below.

Long-Term Performance-Based Equity Incentive Program. Our executive officers, along with all of our employees, are eligible to receive grants stock options under our 2012 Incentive Award Plan. As discussed above, we believe, with our performance-based approach to compensation, that equity ownership in our company is important to link an executive officer's compensation to the performance of our stock and stockholder gains while creating an incentive for sustained growth. We have, thus far, used stock options as the only long-term

Table of Contents

performance-based equity incentive vehicle because the Compensation Committee believes that stock options maximize an executive officer's incentive to increase our stock price and maximize stockholder value, since there is no financial gain to an executive officer unless our stock price appreciates.

Equity compensation in the form of incentive or non-qualified stock options is awarded by the Compensation Committee from time to time. The size and the timing of each grant is based on a number of factors, including the executive officer's salary, such executive officer's contributions to the achievement of our financial and strategic objectives, the value of the stock option at the time of grant, the possible value of the option if we achieve our objectives and industry practices and norms from the collective knowledge of the Compensation Committee as seasoned executives of, consultants to, board and compensation members of, and venture capitalists with investments in similar companies in the industry. The relative weight given to each of these factors varies among individuals at the Compensation Committee's discretion. There is no set formula for the granting of stock options to individual executives and employees. Grants also may be made following a significant change in job responsibility or in recognition of a significant achievement.

Stock options granted to our named executive officers generally have a multi-year vesting schedule in order to provide an incentive for continued employment. These vesting schedules are generally either four or five years depending on the date of the initial option grant. From time to time, we have also granted stock options that vest based on the attainment of performance goals. Stock option awards generally expire ten years from the date of the grant. This provides a reasonable time frame in which to provide the executive officer with the possibility of price appreciation of our shares. The exercise price of options granted under the stock plans is 100% of the fair market value of the underlying stock on the date of grant.

In January 2013, the Board approved the grant of options to purchase shares of our common stock to our named executive officers in the following amounts: 800,000 shares to Joseph K. Belanoff, M.D., our Chief Executive Officer; 200,000 shares to Robert L. Roe, M.D., our President; 200,000 shares to G. Charles Robb, our Chief Financial Officer; 100,000 shares to Steven Lo, our Senior Vice President and Chief Commercial Officer and 100,000 shares to Anne LeDoux, our Vice President and Controller (Chief Accounting Officer). In November 2013, the Board approved the grants of options to purchase 100,000 shares of our common stock to G. Charles Robb, our Chief Financial Officer and 200,000 shares of our common stock to Steven Lo, our Senior Vice President and Chief Commercial Officer. These option awards vest over a four-year period at the rate of 2.08334% on each monthly anniversary of the grant dates of the individual awards. These awards were given to the officers as an incentive toward continued service to the company. The size of these stock awards were based on the level of compensation that the Chief Executive Officer and members of our Compensation Committee and Board believed was appropriate for each position based on the magnitude of the responsibilities of each role, the depth of the experience of the individual officers and the breadth of the company's goals.

Severance and Change in Control Arrangements

We entered into Severance and Change in Control Agreements with each of our named executive officers to encourage continued attention and dedication to duties without distraction arising from the possibility of an involuntary termination of employment or change in control of our company and provide the business with a smooth transition in the event of such a termination of employment or change in control. The terms of the agreements are identical. For a detailed description of the Severance and Change in Control Agreements, see *Potential Payments Upon Termination or Change in Control* and *Severance and Change in Control Agreements* below.

These severance and change in control arrangements are designed to retain these executives in these key positions as we compete for talented executives in the marketplace where such protections are commonly offered. These

arrangements provide benefits to encourage the executives to continue to provide necessary or desirable service to us during a change in control and to ease the transition of the executives due to an unexpected employment termination by us due to changes in our employment needs.

Other Elements of Compensation and Perquisites

401(k) Plan. We have a Section 401(k) Savings/Retirement Plan, or 401(k) Plan, to cover our eligible employees and any designated affiliate. The 401(k) Plan permits our eligible employees to defer up to 100% of their annual compensation, subject to certain limitations imposed by the Internal Revenue Code. The employees' elective deferrals are immediately vested and non-forfeitable upon contribution to the 401(k) Plan. We currently make no matching contributions to the 401(k) Plan. Our employees are eligible to participate in the 401(k) Plan, as well as the insurance programs discussed below, on the first day of the month coinciding with or immediately following the first day of employment.

Medical Insurance. We, at our sole cost, provide to each eligible employee (including each named executive officer), and his or her spouse and children such health, dental and optical insurance as we, in our sole discretion, may from time to time make available to our employees. Such insurance programs are part of a compensation program designed to facilitate our ability to attract and retain employees as we compete for talented individuals in the marketplace where such benefits are commonly offered.

Life and Disability Insurance. We, at our sole cost, provide each eligible employee (including each named executive officer) such disability and/or life insurance as we, in our sole discretion, may from time to time make available to our employees. Such insurance programs are part of an overall broad-based total compensation program designed to facilitate our ability to attract and retain employees as we compete for talented individuals in the marketplace where such benefits are commonly offered.

Policies with Respect to Equity Compensation Awards

We grant all stock option awards based on the fair market value as of the date of grant. We do not have a policy of granting stock option awards at other than the fair market value of our common stock. The exercise price for each stock option grants is based on the last quoted price per share on the NASDAQ Capital Market on the date of grant. We do not have a policy and do not intend to have a policy or practice to select option grant dates for executive officers in coordination with the release of material non-public information.

We also have an insider trading policy that prohibits our named executive officers and Board members from engaging in short-term or speculative transactions in our stock, including short sales.

- a. - b. There is no value ascribed to any unvested shares for any option grants to these individuals where the exercise price of the option grant equaled or exceeded \$3.21, which was the closing trading price for our company's common stock on the NASDAQ Capital Market as of December 31, 2013.

Table of Contents**Risk Assessment of Compensation Programs**

Our Compensation Committee and Board have determined that our compensation policies, plans and practices are appropriately balanced and do not create risks that are reasonably likely to have a material adverse effect on our company. To make this determination, they reviewed the compensation policies, plans and practices for our executive officers and employees assessing such features as design, payment methodology, relationship to our company's performance and length of performance period, and oversight and controls as compared to the compensation practices that they have seen in similar companies in our stage of development. During the review several risk mitigating factors inherent in our company's compensation practices were noted, including the Compensation Committee's and management's discretion in approving executive and employee compensation and establishing performance goals for short- and long-term compensation plans, the balance between fixed and variable pay and the mix of short- and long-term incentives that encourage consistent performance over a sustained period, thus aligning the interests of our executive officers and employees with that of our stockholders.

The initial director options vest with respect to 25% of the shares on the first anniversary of the date of the grant and, thereafter, at the rate of 2.08334% per month, until fully vested, subject to the director's continued service. Non-employee directors who are reelected at the Annual Meeting each receive a stock option grant that vests over the one year term as director at the rate of 8.3334% per month from the date of the Annual Meeting until fully vested, subject to the director's continued service. We have entered into a Severance and Change in Control Agreement with James N. Wilson, Chairman of the Board. The agreement with Mr. Wilson provides that if his employment or service on the Board is terminated involuntarily by us without cause or by him for good reason (as each is defined in the agreement) within 18 months following a change in control all of his outstanding equity awards shall become fully vested. Mr. Wilson will only receive vesting acceleration under this agreement if he signs and does not revoke a separation agreement and release of claims in a form reasonably acceptable to our Company within 60 days following termination of employment. No vesting acceleration will be provided to Mr. Wilson until the separation agreement and release of claims becomes effective.

REPORT OF THE AUDIT COMMITTEE*

Under the guidance of a written charter adopted by the Board, the purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and audits of its financial statements. The responsibilities of the Audit Committee include appointing and providing for the compensation of the Company's independent registered public accounting firm. Each of the members of the Audit Committee meets the independence requirements of the rules of the NASDAQ Stock Market and the SEC.

Management has primary responsibility for the system of internal controls and the financial reporting process. The independent registered public accounting firm has the responsibility to express an opinion on the financial statements and internal control over financial reporting based on an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB).

In this context and in connection with the audited financial statements contained in the Company's Annual Report on Form 10-K, the Audit Committee:

reviewed and discussed the audited financial statements as of and for the fiscal year ended December 31, 2013 with the Company's management and Ernst & Young LLP, the Company's independent registered public accounting firm;

discussed with Ernst & Young LLP the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees as adopted by the PCAOB;

received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the PCAOB regarding Ernst and Young LLP's communications with the Audit Committee concerning independence and discussed with Ernst & Young LLP their independence;

considered and discussed whether the non-audit services, if any, performed by Ernst & Young LLP are compatible with maintaining their independence;

reviewed and discussed the reports of management and Ernst & Young LLP on their assessments of the effectiveness of the Company's internal control over financial reporting as of the end of the most recent fiscal year;

reviewed the disclosures regarding the Company's system of internal controls required to be contained in the Company's Form 10-K;

based on the foregoing reviews and discussions, recommended to the Board that the audited financial statements and management's report on the effectiveness of the Company's internal control over financial reporting as of December 31, 2013 be included in the Company's Annual Report on Form 10-K for the fiscal

year ended December 31, 2013 filed with the Securities and Exchange Commission; and

instructed Ernst & Young LLP that the Audit Committee expects to be advised if there are any subjects that require special attention.

The Audit Committee has also recommended, subject to stockholder ratification in Proposal 3 in this Proxy Statement, the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014.

FEES OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Audit Fees

Fees for audit services totaled approximately \$915,000 in 2013 and \$1.1 million in 2012, including fees for professional services provided by Ernst & Young LLP, our independent registered public accounting firm, in connection with the integrated annual audit of our financial statements and internal control over financial reporting in 2013 and 2012, review of our quarterly financial statements included in Quarterly Reports on Forms 10-Q, comfort letters to underwriters in connection with public financing transactions, consultations on matters addressed during the audit, quarterly reviews, or reviews of financing transactions under consideration and services provided in connection with other statutory or regulatory filings, including consents.

Audit-Related Fees, Tax Fees, and All Other Fees

We did not incur fees for tax advisory services from our independent registered public accounting firm in 2013. The fees were approximately \$98,000 in 2012, in connection with our analysis of changes in ownership of our stock under Section 382 of the Internal Revenue Code, state nexus and international tax matters.

We did not incur audit-related fees for assurance and related services, or for any other products or services, from our independent registered public accounting firm in 2012 or 2013.

Pre-approval of audit-related and non-audit services

Our Audit Committee has adopted a policy and procedures for the pre-approval of audit and permissible non-audit services rendered by our independent registered public accounting firm, Ernst & Young LLP. Under this policy, our Audit Committee must pre-approve all audit and non-audit services performed by the Company's independent auditor in order to ensure that the provision of such services does not impair the auditor's independence. The policy permits the engagement of the independent registered public accounting firm for services that are approved by our Audit Committee in defined categories such as audit services, audit-related services and tax services. Pre-approval may be given as part of our Audit Committee's annual review and approval of the scope and estimated cost of non-audit services that may be provided by the independent registered public accounting firm or on an individual explicit case-by-case basis before the independent registered public accounting firm is engaged to provide each service. The Audit Committee has also delegated to the Chair of the Audit Committee the authority to pre-approve audit and non-audit services not prohibited by law to be performed by our independent registered public accounting firm and associated fees, provided that the Chair shall report any decision to pre-approve such audit or non-audit services and fees to the full Audit Committee at its next regular meeting. Our Audit Committee receives periodic reports on the scope of services provided and expected to be provided in the future by the independent registered public accounting firm.

Consistent with this policy, in 2013 and 2012 all audit and non-audit services (including audit-related fees, tax fees and all other fees) performed by our independent registered public accounting firm, Ernst & Young LLP, were pre-approved by the Audit Committee.

PROPOSALS TO BE ACTED UPON AT THE ANNUAL MEETING

PROPOSAL 1

ELECTION OF DIRECTORS

At the Annual Meeting, the stockholders will vote on the election of eight directors, each to serve until the annual meeting of stockholders in 2015 and until their successors are duly elected and qualified. The independent members of the Board have selected, and the Board has unanimously nominated, G. Leonard Baker, Jr., Joseph K. Belanoff, M.D., Daniel M. Bradbury, Joseph C. Cook, Jr., Patrick G. Enright, David L. Mahoney, Joseph L. Turner and James N. Wilson for election to the Board. The nominees have indicated that they are willing and able to serve as directors. If any of the nominees becomes unable or unwilling to serve, the accompanying proxy may be voted for the election of such other person as shall be designated by the Board. The proxies being solicited will be voted for the nominees at the Annual Meeting. Directors will be elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting, assuming a quorum is present. Stockholders do not have cumulative voting rights in the election of directors.

Recommendation of the Board

The Board of Directors unanimously recommends a vote FOR the election of the nominees as listed above.

Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy card to vote shares represented by properly executed proxy cards for the election of the nominees as listed above.

PROPOSAL 2

ADVISORY VOTE ON THE

COMPENSATION OF NAMED EXECUTIVE OFFICERS

We intend for our executive compensation program to attract and retain a talented, entrepreneurial and creative team of executives who will provide leadership for our company's success in promoting Korlym for the treatment of Cushing's syndrome, successfully managing our Phase 3 trial of mifepristone for the treatment of psychotic depression and advancing our second generation proprietary, selective GR-II compounds toward human use. We accomplish this goal in a manner consistent with our strategy, competitive practice, sound corporate governance principles, and stockholder interests and concerns. We believe the compensation program for the named executive officers is strongly aligned with the long-term interests of our stockholders and was instrumental in helping us achieve strong commercial, development and operational performance in 2013.

Stockholders are urged to read the Executive Compensation section of this Proxy Statement, including the Compensation Discussion and Analysis, or CD&A, section which discusses our compensation policies and procedures, and the 2013 compensation for our named executive officers. The Compensation Committee and the Board believe that our compensation policies and procedures are effective in achieving our goals and are consistent with stockholder interests.

In accordance with Section 14A of the Securities Exchange Act, we are including in this Proxy Statement a separate stockholder vote on executive compensation, which vote is non-binding. Accordingly, we are asking you to approve, on an advisory basis, the compensation of our named executive officers listed in the 2013 Summary Compensation Table included in this Proxy Statement, as described in the Executive Compensation section of this Proxy Statement,

including the CD&A and the related compensation tables and other narrative executive compensation disclosure contained therein.

Table of Contents

Stockholders have the opportunity to vote for or against or to abstain from voting on the following non-binding resolution relating to executive compensation:

RESOLVED, that the stockholders of the Company approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the Compensation Discussion and Analysis, compensation tables and narrative discussion of this Proxy Statement.

Although the advisory vote is non-binding, the Compensation Committee and the Board will review the results of the vote. The Compensation Committee will consider our stockholders' concerns to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement and take them into account in future determinations concerning our executive compensation program. The Board therefore recommends that you indicate your support for our compensation policies and procedures for our named executive officers, as outlined above.

Recommendation of the Board

The Board unanimously recommends that stockholders vote, on an advisory basis, FOR the approval of the compensation of the named executive officers as described in the CD&A, the compensation tables and the narrative discussion of this Proxy Statement.

PROPOSAL 3

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

At the Annual Meeting, the stockholders will be asked to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have the opportunity to make statements if they desire to do so. Such representatives are also expected to be available to respond to appropriate questions.

Recommendation of the Board

The Board of Directors unanimously recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

OTHER MATTERS

As of the time of preparation of this Proxy Statement, neither the Board nor management intends to bring before the meeting any business other than the matters referred to in the Notice of Annual Meeting and this Proxy Statement. If any other business should properly come before the meeting, or any adjournment or postponement thereof, the persons named in the proxy will vote on such matters according to their discretion.

STOCKHOLDER PROPOSALS FOR THE 2015 ANNUAL MEETING

Pursuant to Rule 14a-8 under the Exchange Act, stockholder proposals for inclusion in the proxy statement of the Board of Directors for the 2015 Annual Meeting of Stockholders must be received by us at 149 Commonwealth Drive, Menlo Park, California 94025, on or before December 8, 2014 and must otherwise comply with Rule 14a-8 under the

under the Exchange Act of a proposal to be brought before the 2015 Annual Meeting of Stockholders by a stockholder, then proxies held by management may provide the discretion to vote against such proposal even though it is not discussed in the proxy statement for such meeting.

In addition, regardless of whether a proposal is included in our proxy statement, our Amended and Restated Bylaws provide that advance notice of a stockholder's proposal to be brought before the 2015 Annual Meeting of Stockholders, including director nominations, must be delivered to the Secretary of our company at our principal executive offices not earlier than November 8, 2014 (one hundred fifty (150) days), and not later than December 8, 2014 (one hundred twenty (120) days), prior to the anniversary of the mailing date of the proxy materials for the previous year's annual meeting. Our Amended and Restated Bylaws also provide that in the event that the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the anniversary date of the preceding year's annual meeting, this advance notice must be received not later than the close of business on the later of (i) the 150th day prior to such annual meeting or (ii) the 10th day following the day on which public announcement of the date of such meeting is first made. In the event that the number of directors to be elected to the Board is increased and we do not make a public announcement naming all of the nominees for director or specifying the size of the increased Board by March 13, 2015, which is 55 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by our Amended and Restated Bylaws shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary of our company at our principal executive offices not later than the close of business on the 10th day following the day on which such public announcement is first made by us.

Each stockholder's notice must contain the following information as to each matter the stockholder proposes to bring before the annual meeting: (a) as to each person whom the stockholder proposes to nominate for election or reelection as a director, all information relating to such person that is required to be disclosed pursuant to Regulation 14A under the Exchange Act (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected) and appropriate biographical information and a statement as to the qualification of the nominee; (b) as to any other business that the stockholder proposes to bring before the meeting, a brief description of the business, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (c) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such stockholder, as they appear on our books, and of such beneficial owner, (ii) the number of shares of our common stock which are owned beneficially and of record by such stockholder and such beneficial owner, and (iii) whether either such stockholder or beneficial owner intends to deliver a proxy statement and form of proxy to holders of, in the case of a proposal, at least the percentage of our voting shares required under applicable law to carry the proposal or, in the case of a nomination or nominations, a sufficient number of holders of our voting shares to elect such nominee or nominees. A copy of the full text of the provisions of our Amended and Restated Bylaws dealing with stockholder nominations and proposals is available to stockholders from our Secretary upon written request.
