IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why is the Company soliciting my proxy?

The Board of Directors of Cleveland BioLabs, Inc. (the Board) is soliciting your proxy to vote at the 2014 Annual Meeting of Stockholders to be held at the Company's headquarters located at 73 High Street, Buffalo, New York 14203, on June 11, 2014, at 10:00 a.m., Eastern Time, and any adjournments or postponements of the meeting, which we refer to as the Annual Meeting. The proxy statement along with the accompanying Notice of Annual Meeting of Stockholders summarizes the purposes of the meeting and the information you need to know to vote at the Annual Meeting.

We have sent you this proxy statement, the Notice of Annual Meeting of Stockholders, the proxy card, and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 because you owned shares of Cleveland BioLabs, Inc. common stock on April 30, 2014, the record date. The Company intends to commence distribution of the proxy materials to stockholders on or about May 9, 2014.

Who can vote?

Only stockholders who owned our common stock at the close of business on April 30, 2014 (the record date) are entitled to vote at the Annual Meeting. On the record date, there were 50,942,798 shares of our common stock outstanding and entitled to vote. Our common stock is our only class of voting stock.

You do not need to attend the Annual Meeting to vote your shares. Shares represented by valid proxies, received in time for the Annual Meeting and not revoked prior to the Annual Meeting, will be voted at the Annual Meeting. For instructions on how to change or revoke your proxy, see **May I change or revoke my proxy?** below.

Who can attend the Annual Meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Seating will be limited.

What do I need to present for admission to the Annual Meeting?

You will need to present proof of your record or beneficial ownership of common stock, such as a bank or brokerage account statement, and a form of personal identification to be admitted to the Annual Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

How many votes do I have?

Each share of our common stock that you own entitles you to one vote.

Table of Contents

How do I vote?

Whether you plan to attend the Annual Meeting or not, we urge you to vote by proxy. All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with your instructions on the proxy card or as instructed via Internet or telephone. You may specify whether your shares should be voted for or against all, some or none of the nominees for director and whether your shares should be voted for, against or abstain with respect to each of the other proposals. If you properly submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the Board's recommendations as noted below. Voting by proxy will not affect your right to attend the Annual Meeting. If your shares are registered directly in your name through our stock transfer agent, Continental Stock Transfer & Trust Company, or you have stock certificates registered in your name, you may vote:

By Internet or by telephone. Follow the instructions included in the proxy card to vote by Internet or telephone.

By mail. If you received a proxy card by mail, you can vote by mail by completing, signing, dating and returning the proxy card as instructed on the card. If you sign the proxy card, but do not specify how you want your shares voted, they will be voted in accordance with the Board's recommendations as noted below.

In person at the meeting. If you attend the Annual Meeting, you may deliver a completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

Telephone and Internet voting facilities for stockholders of record will be available 24-hours a day and will close at 7:00 p.m. Eastern Time on June 10, 2014.

If your shares are held in street name (held in the name of a bank, broker or other holder of record), you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet voting also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting in order to vote.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered, with respect to those shares, a stockholder of record. This proxy statement, the notice of annual meeting, the proxy card, and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 have been sent directly to you by us.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. This proxy statement, the notice of annual meeting, the proxy card, and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 have been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for

voting by telephone or on the Internet.

How does the Board recommend that I vote on the proposals?

The Board recommends that you vote as follows:

FOR the election of the nominees for director;

FOR the ratification of the selection of Meaden & Moore, Ltd. as our independent registered public accounting firm for our fiscal year ending December 31, 2014; and

FOR the compensation of our named executive officers, as disclosed in this proxy statement (advisory vote). If any other matter is presented at the Annual Meeting, your proxy provides that your shares will be voted by the proxy holder listed in the proxy in accordance with his best judgment. At the time this proxy statement was first made available, we knew of no matters that needed to be acted on at the Annual Meeting, other than those discussed in this proxy statement.

May I change or revoke my proxy?

If you give us your proxy, you may change or revoke it at any time before the Annual Meeting. You may change or revoke your proxy in any one of the following ways:

by signing a new proxy card with a date later than your previously delivered proxy and submitting it as instructed above;

Table of Contents

by re-voting by Internet or by telephone as instructed above;

by notifying the Secretary of the Company in writing before the Annual Meeting that you have revoked your proxy; or

by attending the Annual Meeting in person and voting in person. Attending the Annual Meeting in person will not in and of itself revoke a previously submitted proxy. You must specifically request at the Annual Meeting that it be revoked.

Your most current vote, whether by telephone, Internet or proxy card is the one that will be counted.

What if I receive more than one proxy card?

You may receive more than one proxy card if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described above under "How do I vote?" for each account to ensure that all of your shares are voted.

Will my shares be voted if I do not vote?

If your shares are registered in your name or if you have stock certificates, they will not be counted if you do not vote as described above under "How do I vote?". If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above, the bank, broker or other nominee that holds your shares has the authority to vote your non-voted shares only on the ratification of the appointment of our independent registered public accounting firm (Proposal 2 of this proxy statement) without receiving instructions from you. Therefore, we encourage you to provide voting instructions to your bank, broker or other nominee. This ensures your shares will be voted at the Annual Meeting and in the manner you desire.

A "broker non-vote" will occur if your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority.

Your bank, broker or other nominee does not have the ability to vote your uninstructed shares in the election of directors. Therefore, if you hold your shares in street name, it is critical that you cast your vote if you want your vote to be counted for the election of directors (Proposal 1 of this proxy statement). In addition, your bank, broker or other nominee is prohibited from voting your uninstructed shares on any matter related to executive compensation. Thus, if you hold your shares in street name and you do not instruct your bank, broker or other nominee how to vote in the election of directors or on matters related to executive compensation no votes will be cast on these proposals on your behalf.

What vote is required to approve each proposal and how are votes counted?

Proposal 1: Elect Directors

The nominees for director who receive the most "FOR" votes (also known as a plurality of the votes cast) will be elected. You may vote either "FOR" all of the nominees, "WITHHOLD" your vote from all of the

nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote tally for the election of the directors. Brokerage firms do not have authority to vote customers' non-voted shares held by the firms in street name for the election of the directors. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.

Table of Contents

Proposal 2: Ratify Selection of Independent Registered Public Accounting Firm

The affirmative vote FOR of a majority of the shares cast affirmatively or negatively for this proposal is required to ratify the selection of our independent registered public accounting firm. Abstentions will have no effect on the results of this vote. Brokerage firms have authority to vote customers non-voted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent registered public accounting firm. However, if our stockholders do not ratify the selection of Meaden & Moore, Ltd. as our independent registered public accounting firm for 2014, our Audit Committee of our Board will reconsider its selection.

Proposal 3: Approve an Advisory Vote on the Compensation of our Named Executive Officers

The affirmative vote FOR of a majority of the shares cast affirmatively or negatively for this proposal is required to approve, on an advisory basis, the compensation of our named executive officers, as described in this proxy statement. Abstentions will have no effect on the results of this vote. Brokerage firms do not have authority to vote customers non-voted shares held by the firms in street name on this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote. Although the advisory vote is non-binding, the Compensation Committee and the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Could other matters be decided at the Annual Meeting?

As of the date of this proxy statement, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this proxy statement. If any other items or matters properly come before the Annual Meeting, the proxies received will be voted on those items or matters in accordance with the discretion of the proxy holders.

What are the costs of soliciting these proxies?

We will pay all of the costs of soliciting these proxies. Our directors, and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their customers and to obtain authority to execute proxies. We will then reimburse them for their expenses.

What constitutes a quorum for the Annual Meeting?

The presence, in person or by proxy, of the holders of a majority of the voting power of all outstanding shares of our common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Votes of stockholders of record who are present at the Annual Meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Who are the persons selected by the Board to serve as proxies?

Yakov Kogan and C. Neil Lyons, the persons named as proxies on the proxy card and voting instruction card accompanying this proxy statement, were selected by the Board to serve in such capacity. Yakov Kogan is the Chief Executive Officer of the Company and C. Neil Lyons is the Chief Financial Officer of the Company.

Who will count the vote?

At the Annual Meeting, the results of stockholder voting will be tabulated by the inspector of elections, our transfer agent, Continental Stock Transfer & Trust Company, appointed by us for the meeting.

Table of Contents

When you arrive at the Company's headquarters, signs will direct you to the appropriate meeting rooms. You need not attend the Annual Meeting in order to vote.

Householding of annual disclosure documents

SEC rules concerning the delivery of annual disclosure documents allow us or your broker to send a single set of our proxy materials to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. This practice, referred to as householding, benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be householded, the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If your household received a single set of proxy materials this year, but you would prefer to receive your own copy, please contact our transfer agent, Continental Stock Transfer & Trust Company, by calling their toll free number, 1-866-894-0537.

If you do not wish to participate in householding and would like to receive your own set of proxy materials in future years, follow the instructions described below. Conversely, if you share an address with another stockholder of CBLI and together both of you would like to receive only a single set of proxy materials, follow these instructions:

If your shares are registered in your own name, please contact our transfer agent, Continental Stock Transfer & Trust Company, and inform them of your request by calling them at 1-866-894-0537 or writing them at 17 Battery Place, 8th Floor, New York, New York 10004, Attn: Proxy Department.

If a broker or other nominee holds your shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

Electronic Delivery of Company Stockholder Communications

Most stockholders can elect to view or receive copies of future proxy materials over the Internet instead of receiving paper copies in the mail.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of April 25, 2014 for (a) the executive officers named in the Summary Compensation Table in the section titled Executive Officer and Director Compensation, (b) each of our current directors and director nominees, (c) all of our current directors and executive officers as a group, and (d) each stockholder known by us to beneficially own 5% or more of our outstanding common stock. Committees of the Board of Directors and Meetings

The Board has established an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee, each comprised entirely of directors who are independent as that concept is defined in the corporate governance listing requirements of the NASDAQ Marketplace Rules. Each Committee has a written charter that is posted on our website, www.cbiolabs.com, under the link Investors and the section therein titled Corporate Governance.

Each of Ms. Brown, Drs. DiCorleto, Hohn, Hoth and Polinsky, and Messrs. Antal, McGowan, Principi and Saluck is independent under The NASDAQ Marketplace Rules and the Securities Exchange Act of 1934 (the Exchange Act). In making this determination, the Board found that none of these directors or nominees for director had a material or disqualifying relationship with the company.

Table of Contents

Meeting Attendance. The Board has adopted a policy specifying that it is the responsibility of each director to attend all meetings of the Board and all meetings of the committees of the Board on which he or she serves. During the fiscal year ended December 31, 2013, there were thirteen meetings of our Board. No director who served during the fiscal year 2013 attended fewer than 75% of the total number of meetings of the Board and of committees of the Board on which he or she served during fiscal year 2013.

The Board has adopted a policy requiring that each director make every effort to attend each annual meeting of stockholders. The eight directors then in office and that were up for election attended our annual meeting of stockholders held in 2013.

It is also the policy of the Board to hold executive sessions of non-employee directors at each regularly scheduled Board meeting and, if any of the non-employee directors are not independent, to hold executive sessions of the independent directors at least twice per year. Each of the non-employee directors in fiscal year 2013 was determined by the Board to be independent.

Audit Committee. Our Audit Committee met twelve times during fiscal year 2013. This committee currently has three members, Messrs. Antal (Chairman) and Saluck and Dr. Hohn.

All members of the Audit Committee satisfy the current independence standards promulgated by the Securities and Exchange Commission and by The NASDAQ Stock Market, as such standards apply specifically to members of audit committees. The Board has determined that Mr. Antal is an audit committee financial expert, as the Securities and Exchange Commission has defined that term in Item 407 of Regulation S-K. Please also see the report of the Audit Committee set forth elsewhere in this proxy statement.

The Audit Committee generally has direct responsibility and oversight for our accounting policies and internal controls, financial reporting practices, and legal and regulatory compliance. More specifically, the Audit Committee has responsibility to review and discuss the annual audited financial statements and disclosures with management and the independent auditor; review the financial statements and disclosures provided in our quarterly and periodic reports with management and the independent auditor; and oversee the external audit coverage, including appointment and replacement of the independent auditor and pre-approval of all audit and non-audit services to be performed by the independent auditor.

Compensation Committee. Our Compensation Committee met nine times during fiscal year 2013. This committee currently has three members, Ms. Brown (Chairman), Mr. Antal and Dr. DiCorleto.

The Compensation Committee determines and approves the compensation level of executive officers based on an evaluation of their performance in light of our goals and objectives. The Compensation Committee also considers our performance and relative stockholder return, the level and value of similar incentive awards prevalent in the industry, and awards given to executive officers in past years. The Compensation Committee also has the authority to recommend to the Board compensation for directors and the form of this compensation. The Compensation Committee makes recommendations to the full Board with respect to the adoption, amendment, termination, or replacement of both incentive compensation plans and equity-based plans. The Compensation Committee has the power to retain professionals to assist in the evaluation of director and executive compensation, and has the sole authority to retain and terminate any such professional and to approve the professional's fees. The Compensation Committee may also establish subcommittees of entirely independent directors to evaluate special or unique matters.

For a discussion concerning the processes and procedures for determining executive and director compensation, see Compensation Discussion and Analysis and Executive Officer and Director Compensation.

Please also see the report of the Compensation Committee set forth elsewhere in this proxy statement.

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee met five times during fiscal year 2013 and has three members, Dr. Hohn (Chairman), Ms. Brown and Mr. Principi.

Table of Contents

The Nominating and Corporate Governance Committee generally has responsibility for identifying candidates who are eligible under the qualification standards set forth in our Corporate Governance Guidelines and recommending such eligible individuals to serve as members of the Board. It also makes recommendations to the Board concerning the structure and membership of other Board committees. The Nominating and Corporate Governance Committee is also charged with considering matters of corporate governance generally and periodically reviewing and recommending to the Board our corporate governance principles.

In addition, under our current corporate governance policies, the Nominating and Corporate Governance Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating and Corporate Governance Committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources.

If a stockholder wishes to nominate a candidate for director who is not to be included in our proxy statement, it must follow the procedures set forth in our Second Amended and Restated By-Laws, which are described below under [Nominating Procedures](#) and [Proposals of Stockholders](#).

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines, which it reviews from time to time, to assist the Board in fulfilling its responsibility to exercise its business judgment in what it believes to be the best interests of our stockholders. The Corporate Governance Guidelines are posted on our website, www.cbiolabs.com, under the link [Investors](#) and the section therein titled [Corporate Governance](#).

Code of Ethics for Senior Executives and Financial Officers and Code of Conduct

The Board has adopted a Code of Ethics for Senior Executives and Financial Officers that is specifically applicable to our executive officers and senior financial officers, including our principal executive officer and principal financial officer. The Code of Ethics for Senior Executives and Financial Officers is posted on our website, www.cbiolabs.com, under the link [Investors](#) and the section therein titled [Corporate Governance](#). We have also adopted a Code of Conduct in order to promote honest and ethical conduct and compliance with the laws and governmental rules and regulations to which we are subject. The Code of Conduct is applicable to all of our employees, officers and directors, and is posted on our website, www.cbiolabs.com, under the link [Investors](#) and the section therein titled [Corporate Governance](#).

Board Leadership Structure

Our Corporate Governance Guidelines describe our policies concerning, among other things, the role of the Board and management, proper Board functions, independence, and committee matters. The positions of Chairman of the Board and Chief Executive Officer are currently held by different persons, although we do not have a policy requiring that to be the case. Instead, our Board has the authority to choose its Chairman in any way it deems best for us at any given point in time. Accordingly, our Board reserves the right to vest the responsibilities of the Chief Executive Officer and Chairman in the same person or in two different individuals depending on what it believes is in our best interest. At this time, our Board has determined that separation of these roles most appropriately suits us. Our current Chairman, Dr. Hohn, is retiring from the board following the annual meeting of shareholders. The Company intends to elect a

new Chairman at or prior to such time. Further, our Board believes that this division of roles allows our Chief Executive Officer to focus more of his efforts to achieving the goals and objectives of our strategic plan. Our Board believes that there is no single leadership structure that would be most effective in all circumstances and, therefore, retains the authority to modify our Board's structure to best address our circumstances as and when appropriate.

Role of Our Board in Risk Oversight

The Board, as a whole and at the committee level, has overall responsibility for overseeing our risks, including general oversight of our executive officers' management of risks relevant to the Company. A fundamental part of risk oversight is not only understanding the material risks a company faces and the steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of our Board in reviewing our strategic plan is an integral aspect of the Board's assessment of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk for the Company.

At the committee level, the Compensation Committee oversees the management of risks relating to our executive compensation. The Audit Committee oversees our risk policies and processes related to the quality and integrity of our accounting, auditing and financial reporting practices, including our audited and unaudited financial statements and internal controls. The Audit Committee is also responsible for addressing risks arising from related party transactions. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board and potential conflicts of interest.

Nominating Procedures

As described above, we have a standing Nominating and Corporate Governance Committee and its charter is posted on our website, www.cbiolabs.com, under the link "Investors" and the section therein titled "Corporate Governance."

The Nominating and Corporate Governance Committee considers many factors when considering candidates for the Board and strives for the Board to be comprised of directors with a variety of experience and backgrounds, who have high-level managerial experience in a complex organization, and who represent the balanced interest of stockholders as a whole rather than those of special interest groups. Other important factors in Board composition include strength of character, mature judgment, specialized expertise, relevant scientific and technical skills, diversity, level of education, broad-based business acumen, experience and understanding of strategy and policy-setting and the extent to which the candidate would fill a present need on the Board. Depending upon the current needs of the Board, certain factors may be weighed more or less heavily by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee believes that it is essential that the Board members represent diverse viewpoints, with a broad array of experiences, skills and backgrounds that, when considered as a group, provide a sufficient mix of perspectives to allow the Board to best fulfill its responsibilities to the long-term interests of our stockholders.

In considering candidates for the Board, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials and does not have any specific minimum qualifications that must be met by a Nominating and Corporate Governance Committee or stockholder-recommended nominee. However, the Nominating and Corporate Governance Committee does believe that all members of the Board should have the highest character and integrity, a reputation for working constructively with others, sufficient time to devote to Board matters, and no conflict of interest that would interfere with their performance as a director. In the case of current directors being considered for renomination, the Nominating and Corporate Governance Committee will also take into account the director's history of attendance at meetings of the Board or its committees, the director's tenure as a member of the Board, and the director's preparation for and participation in such meetings.

The Nominating and Corporate Governance Committee considers candidates for the Board from any reasonable source, including stockholder recommendations. The Nominating and Corporate Governance Committee does not evaluate candidates differently based on who has made the proposal. The Nominating and Corporate Governance Committee has the authority under its charter to hire consultants or search firms to assist in the process of identifying

and evaluating candidates. Candidates are recommended to the Board after consultation with the Chairman of the Board.

Stockholders who wish to suggest qualified candidates should write to the Office of the Secretary, Cleveland BioLabs, Inc., 73 High Street, Buffalo, New York 14203 specifying the name of the candidates and stating in detail the qualifications of such persons for consideration by the Nominating and Corporate Governance

Committee. A written statement from the candidate consenting to be named as a candidate and, if nominated and elected, to serve as a director should accompany any such recommendation. Stockholders who wish to nominate a director for election at an annual meeting of stockholders must comply with our Second Amended and Restated By-Laws regarding stockholder proposals and nominations. See [Proposals of Stockholders](#) contained herein.

Generally, stockholders who have questions or concerns should contact our Investor Relations department. However, any stockholders who wish to address questions regarding our business directly with the Board, or any individual director, should direct his or her questions in writing to Cleveland BioLabs, Inc. Board of Directors, c/o Office of the Secretary, 73 High Street, Buffalo, New York 14203. Dr. Fonstein resigned from the positions of President and Chief Executive Officer of Panacela on March 28, 2014 and indicated his intent to resign from the position of General Director of Panacela Labs, LLC effective June 30, 2014.
- (2) Dr. Viallet became our Chief Development Officer in April 2013 and resigned effective January 3, 2014.

Executive Summary

Our Compensation Committee believes that our executive compensation program is appropriately designed to incentivize our NEOs to work for our long-term prosperity through pay-for-performance incentives, is reasonable in comparison with the levels of compensation provided by our peer group companies, discourages our NEOs from assuming excessive risks, and reflects a reasonable cost. We believe our NEOs are critical to the achievement of our corporate goals, through which we can drive stockholder value. We therefore give considerable thought to the design and administration of our NEO compensation program.

Our NEO compensation packages are designed around the following principles:

Align long-term incentive opportunities with stockholder value creation;

Attract, motivate and retain qualified individuals to contribute to our growth and success;

Provide competitive compensation opportunities consistent with industry practices where we compete for talent; and

Maintain a reasonable and responsible cost structure.

The major aspects of our executive compensation program include the following:

Competitive Base Pay. The Compensation Committee regularly reviews base pay benchmark data to confirm that our NEOs' base pay is generally in-line with industry practice and whether to make any adjustments.

Strong Pay-for-Performance Principles. A majority of our NEOs' total potential compensation is contingent on achieving short-term corporate goals as defined in our annual Executive Compensation Plan, referred to in this discussion as our Annual Plan, and achieving long-term corporate goals as defined in our Long-term Executive Compensation Incentive Plan, referred to in this discussion as our Long-term Plan. Our Annual Plan is intended to focus our NEOs on achieving annual value-driving clinical development goals, pre-commercialization. Our Long-term Plan was approved in 2012 and currently has a performance period that expires on December 31, 2016, and is intended to incentivize our NEOs to attain our long-term commercialization goals, either through out-licensing, marketing approval or direct product sales. In light of our 2012 and 2013 corporate performance, we did not award any cash bonuses to our NEOs under our 2012 Annual Plan or under our 2013 Annual Plan. We have not yet awarded any bonuses to our NEOs under our Long-term Plan.

Responsible Severance Compensation. Our NEOs' employment agreements generally provide the executive with severance benefits only if the executive's employment is involuntarily terminated, or employment terminates due to death or disability. The severance benefits provided in these agreements in the event of an involuntary termination are limited to six months of base salary, and in the event of termination due to death or disability are limited to a maximum of 18 months base salary, and we do not provide any tax gross-up payments.

Limited Executive Benefits. We do not offer executive benefits such as car allowances, personal security, financial planning advice, tax preparation services or club memberships.

Stockholder Approval Required to Reprice Options. Our current equity plans do not permit repricing of underwater stock options held by our NEOs or other employees without prior stockholder approval. We held our first stockholder advisory vote on executive compensation in 2011. When determining how often to hold an advisory vote on executive compensation, our Board recommended and our stockholders agreed upon, an annual vote. In 2013 and 2012, approximately 78.0% and 86.3%, respectively, of the votes cast approved our executive compensation described in our prior year's proxy statement. The Compensation Committee considered these votes an endorsement of its compensation policies, practices and philosophy for our named executive officers and has not made significant changes to its practices as a result.

Compensation Setting Process

Overview

The overall objectives of our compensation program are to attract and retain the best possible executive talent, to motivate these executives to achieve the goals and objectives within our strategic plan, and to align executive compensation with stockholder interests. To achieve these objectives, we have developed an overall compensation strategy, including specific goals that tie the majority of our NEOs' compensation to performance.

When creating a NEO's overall compensation package, the Compensation Committee considers the different components of our compensation elements in light of the role the NEO will play in achieving our near term and longer term goals, as well as the compensation packages provided to similarly situated executives at companies we consider to be our peers. Our NEOs' compensation components are: base salary, the Annual Plan and the Long-term Plan, as discussed more thoroughly in this section. We do not predetermine an allocation of the overall compensation to be represented by the various compensation elements. Rather, the Compensation Committee's intention is that the incentives provided by the Annual Plan and the Long-term Plan provide a majority of the NEOs' target total compensation. As a result, a material amount of our NEOs' potential compensation has been at risk in any given fiscal year. Our Compensation Committee believes that having a significant portion of our executives' compensation package at risk has contributed to cultivating a culture in which our NEOs aggressively pursue our corporate performance and strategic goals as they know that their take home pay, to a large extent, depends upon our performance and, to some extent, their contribution to our performance. Additionally, the incorporation of significant equity incentives is designed to mitigate the risk that our NEOs will pursue short-term outcomes at the expense of long-term stockholder value. Performance-based annual cash and stock option compensation awards under our Annual Plan may be made based on the achievement of short-term corporate goals designed to incentivize the executives to create stockholder value and attain short-term performance objectives. Our short-term corporate goals are currently developmental in nature because our product pipeline is pre-commercialization. The corporate goals vary year-to-year, but generally include value-adding achievements such as contract/grant funding, timely completion of research and development

objectives, financial performance and cash flow management and stock performance. Performance-based long-term awards under our Long-term Plan are made based on the achievement of corporate commercialization objectives that address out-licensing, drug approval and product sales. The Long-term Plan has a performance period of three and a half years, was first implemented in June 2012 and expires in December 2016. Any awards granted under the Long-term Plan can be settled in either cash or equity, as determined in the Compensation Committee's discretion.

We believe that the combined mix of these three pay elements allows us to provide a competitive, cost-effective,

Table of Contents

total compensation package to our NEOs, largely based on achievement of value-driving milestones. More specifically, the Compensation Committee believes this structure aligns a majority of the NEOs' potential compensation to performance.

Role of the Chief Executive Officer

The Chief Executive Officer has no role in setting his compensation and is specifically excluded from any discussions related to his compensation. However, the Chief Executive Officer recommends to the Compensation Committee for its approval, proposed corporate performance and strategic goals and their relative weighting for the upcoming fiscal year for the Annual Plan and the Long-term Plan, as well as provides input on the level of attainment of the prior year's goals, for purposes of determining awards under the Annual Plan and Long-term Plan for all our NEOs, including the Chief Executive Officer. Finally, the Chief Executive Officer regularly provides input to the Compensation Committee during the course of the year regarding the performance and compensation of our other NEOs.

Compensation Committee Decision Making Process

The Compensation Committee approves the compensation packages for all NEOs. When determining the base salary and equity incentive compensation awards, the Compensation Committee considers the ongoing feedback it has received during the prior year from the Chief Executive Officer regarding the performance of each other executive, benchmark data, compensation for new executive hires, as well as high-level strategic issues, such as new trends, plans or approaches to compensation. The Compensation Committee also considers the results of our stockholder advisory votes on executive compensation.

In addition, the Compensation Committee approves the goals and performance target levels, if any, relevant to our Annual Plan and Long-term Plan. Generally, the Compensation Committee's process for determining Annual Plan and Long-term Plan awards involves: (i) the determination of target award levels, (ii) the establishment of performance goals, and (iii) an evaluation of our actual performance in relation to the performance goals. In 2012, the Compensation Committee approved an adjustment in the Annual Plan cash bonus target levels for all of our NEOs except for Dr. Gudkov from 20% to 30% of CBLI-only base compensation, and approved an increase in the Annual Plan cash bonus target level for Dr. Gudkov from 40% to 60% of his annualized cash consulting retainer. Cash and equity compensation under the Annual Plan and Long-term Plan represents a majority of our NEOs' total potential compensation, which means that a material amount of our NEOs' potential compensation is at risk. The Compensation Committee and our full board typically set the performance goals of the Annual Plan at the beginning of each year and at the beginning of the Long-term Plan's performance period. The Compensation Committee recognizes that the research and development environment in which management operates is dynamic, requiring changes as new discoveries are made, or opportunities present themselves. As such the Compensation Committee retains discretion to make upward and downward adjustments to final awards based on the Compensation Committee's assessment of both the Company's and the executive's personal performance. When considering the levels of bonus compensation to award, the Compensation Committee also reviews the individual performance of our NEOs and considers the recommendations of our Chief Executive Officer with respect to the other NEOs.

Role of Compensation Consultants

The Compensation Committee has the authority under its charter to engage the services of outside advisors, experts and others to assist the Compensation Committee in carrying out its delegated duties. We have not historically hired an outside consulting firm to evaluate our compensation practices or provide recommendations to our Compensation Committee in order to preserve cash to fund our operations. Rather, the Compensation Committee has relied upon significant internally developed benchmark data to guide its decisions.

Compensation Benchmarking

In any year the Compensation Committee may benchmark the compensation for our NEOs with that of executives with similar positions in our industry, adjusting for known or perceived differences between our NEO s experience and levels of responsibility with the job descriptions reflected for the generalized survey data. Historically, we have

Table of Contents

not contracted an independent consultant to prepare benchmark data, choosing to survey publicly available data on our own. In December 2012, at the request of our Compensation Committee, our Chief Financial Officer performed a benchmark analysis using two sources: (i) publicly-traded biotechnology companies with market capitalizations of \$250 million or less, with the sample having a median market capitalization of \$100M, and (ii) the Radford Global Life Sciences data for 2011 for biotechnology companies having between 50 – 150 employees. The Compensation Committee determined that these criteria were appropriate in selecting the peer companies for the study given that we had a market capitalization of \$82 million, and that the Radford survey data was appropriate because at such time we had 85 employees. The Compensation Committee used this benchmarking analysis for purposes of verifying that the 2013 base salary and target cash bonuses levels that it had set for the NEOs, in its discretion, were reasonably comparable and in line with market data. These data are compared to our 2013 NEO compensation structure in the table below.

- (1) The base pay numbers in this table represent the sum of: (i) the NEO's targeted annualized rate of base pay from CBLI as of January 1, 2013, plus (ii) the NEO's targeted annualized cash compensation as of January 1, 2013 to be paid by CBLI's majority owned subsidiaries, Incuron and Panacela, which target amounts are further described in the table below entitled 2013 Executive Compensation Summary. Effective June 30, 2013 and January 1, 2014, cash compensation to our executive officers was terminated by Incuron and Panacela, respectively. 2013 base salaries were unchanged from those paid in 2012 with the exception of the Chief Development Officer, which was a newly hired position on April 1, 2013. Actual compensation paid to the NEOs by our majority-owned subsidiaries and us for the year ended December 31, 2013 can be found in the Summary Compensation Table later in this document.
- (2) This survey included the following companies: Celldex Therapeutics, Inc., Sarepta Therapeutics, Inc., Threshold Pharmaceuticals, Inc., Novavax, Inc., Geron Corporation, Progenics Pharmaceuticals Inc., BioCryst Pharmaceuticals, Inc., SIGA Technologies, Inc., Peregrine Pharmaceuticals, Inc., Cytogenetics Incorporated, Hemispherx Biopharma, Inc., CytRx Corporation, PharmAthene, Inc., Cyclacel Pharmaceuticals, Idera

Pharmaceuticals, Inc., GenVec, Inc. and Aeolos Pharmaceuticals, Inc. The median market capitalization of these companies was \$100 million.

(3) The Chief Scientific Officer is a part-time consulting position for CBLI evaluations.

The Compensation Committee evaluates the performance of our executive officers in light of performance goals and objectives established for the Annual Plan and Long-term Plan at least once a year. Based upon these evaluations, the Compensation Committee determines the annual compensation for our executive officers, including base salary,

cash consulting fees, cash bonus and equity compensation. In its evaluation of the NEOs, the Compensation Committee considers, among other things, the following:

overall management of the Company;

progress achieved by our drug candidates;

stockholder return;

the maintenance of successful relationships with our board and stockholders;

our financial performance with respect to the preparation of and compliance with our budget, including capital reserves;

success in securing new government contracts and grants and other third-party funding, and progress under such contracts and other funding arrangements once obtained; and

regulatory compliance (including compliance with NASDAQ rules, the securities laws, FDA regulations, etc.).

Typically, the Compensation Committee meets at least twice per year to make compensation decisions for our NEOs, with greater frequency if necessary. The Compensation Committee also meets and confers regularly in executive session. The Compensation Committee met nine times during 2013.

The agenda for each meeting is usually developed by the Chair of the Compensation Committee, in consultation with our Chief Executive Officer and our other executive officers, as needed. From time-to-time, various members of our management, as well as outside advisors, may make presentations to the Compensation Committee. The Compensation Committee charter grants the Compensation Committee full access to all of our books, records, facilities and personnel, as well as the authority to obtain, at our expense, advice and assistance from external advisors that the Compensation Committee considers appropriate in the performance of its duties. As part of its deliberations, the Compensation Committee may review financial reports, projections, operational data, tax and accounting information. The Compensation Committee also considers historical base salary, bonus and equity information including: (1) equity grant history; (2) vested and unvested potential gain on equity awards using an assumed selected series of stock prices at points in time; and (3) stock option exercise history, in its compensation decisions. In determining 2013 NEO compensation, the Compensation Committee also considered the recommendations of our Chief Executive Officer with respect to the other NEOs and each executive's individual performance.

2013 Executive Compensation Summary

The following table summarizes our 2013 salaries and targeted levels of 2013 annual incentive bonuses and targeted levels of 2013 equity awards for our NEOs.

Effective June 30, 2013 and January 1, 2014, board service compensation to our executive officers was terminated by Incuron and Panacela, respectively.
- (2) The cash incentive bonus, if earned, would become payable under our 2013 Annual Plan. The cash incentive bonus target is referenced in the table above as a percentage of the CBLI base pay. The maximum potential incentive bonus award level is 200% of the target amount. As described below, no cash incentive bonuses were actually awarded under our 2013 Annual Plan.

Table of Contents

- (3) The target stock option award levels were approved for the 2013 Annual Plan, with such options to be granted during the first quarter of 2014 if we achieved our 2013 performance goals, with the maximum potential stock option award levels set at 200% of the target number of shares. As described below, no stock options were actually granted to NEOs under the 2013 Annual Plan. However, as further described below, retention equity awards were granted to certain NEOs in March 2014.
- (5) Dr. Fonstein resigned his position as President of Cleveland BioLabs, Inc. on August 31, 2013 and was appointed President and Chief Executive Officer of our majority owned subsidiary, Panacela, effective September 1, 2013 and General Director of Panacela Labs, LLC, a wholly owned subsidiary of Panacela effective November 1, 2013. Dr. Fonstein resigned from the positions of President and Chief Executive Officer of Panacela on March 28, 2014 and indicated that his intent to resign from the position of General Director of Panacela Labs, LLC effective June 30, 2014.
- (6) Dr. Gudkov serves as our Chief Scientific Officer on a part-time basis.
- (7) Dr. Viallet commenced employment with us on April 1, 2013. All figures in the table above for Dr. Viallet are annual rates of pay or otherwise assuming full twelve months of employment.

2013 Base Cash Compensation

The purpose of base salary is to provide a level of fixed compensation to our NEOs in order to attract and retain executives with the qualifications desired for the particular position. The Compensation Committee reviews base salaries annually, and usually considers adjusting base salaries to reflect our performance over the preceding year while considering the annual base salary increase trend data reflected by the benchmark data. These guidelines are used throughout our Company in determining appropriate base salary increases for all our employees. For 2013, the Compensation Committee's aim, in line with CBLI's general philosophy to set target compensation levels that are competitive while maintaining a reasonable cost structure, was to approve 2013 CBLI base salary increases based upon our 2012 performance levels. Based upon its evaluation of our 2012 performance levels, in January 2013 the Compensation Committee did not approve a merit increase for the base salary for any of our NEOs for 2013. In taking such action, the Compensation Committee specifically considered our stock price performance during 2012.

Incentive Compensation

The Compensation Committee, in its discretion, may establish incentive plans and otherwise award cash and/or equity bonuses to our executive officers. The amounts of both the cash and equity bonuses are determined based on performance, which is evaluated annually under the Annual Plan, and periodically as goals are achieved under the Long-term Plan. The cash and equity bonuses for each of our executive officers is based on various factors, including, among others, the achievement of various operating milestones based on scientific and business goals, our financial performance, the performance of our stock, and our establishment and compliance with satisfactory corporate governance practices. The operating milestones used in the evaluation of our annual incentive compensation are based on annual proposals made by our executive officers, which are then evaluated and ultimately approved by the Compensation Committee. We believe that annual incentive bonuses motivate and encourage our executive officers to fulfill the short-term goals required for our long-term strategic plan.

Table of Contents

2013 Annual Plan - Cash Bonuses

The target annual cash bonus awarded to each executive officer under the Annual Plan is determined based on a percentage of such executive officer's base salary paid by CBLI directly, i.e. payments from majority-owned subsidiaries are not included in the base salary calculation for such purposes. The target cash bonus levels for 2013 were set at 30% of base salary, with a maximum potential bonus of 60% of base salary, except for Dr. Gudkov. Dr. Gudkov's target cash bonus was set at 60% of his annualized cash-consulting retainer, with a maximum potential bonus of 120% of his annualized cash-consulting retainer. Dr. Gudkov's incentive compensation percentages in relation to his base cash compensation are doubled to reflect the lesser amount of cash compensation paid to him in his consulting role and that the consulting services that he provides are critical to the attainment of our performance goals. These target bonus levels for 2013 were approved by our Compensation Committee after taking into account the benchmarking study as well as the financial condition of the Company. In 2013, the Committee revised our Annual Plan structure to make it more subjective. While the Committee approved listed goals, they reserved the right to determine actual bonuses in a subjective fashion at the end of the year, taking into account the original goals and other factors the Committee determined are material, in its discretion. The minimum bonus amount is zero, and the maximum is 200% of the target bonus amount. If the Committee determined that bonuses should not be awarded for corporate achievement for any reason, bonuses will not be paid. We believe this fully discretionary bonus structure allows the Committee to be responsive to the uncertainties and lack of predictability associated with being a development-stage biotechnology company. The performance goals established for the annual cash bonus plan for 2013 by the Compensation Committee related to:

Advancement of Entolimod development for biodefense and for oncology indications;

Advancement of development of CBL0137;

Advancement of development of CBLB612;

Compliance with all grants and contracts;

Improving the Company's operational and clinical development capabilities;

Provide financing into 2015, and meeting operating financial forecast; and

Compliance with all applicable rules and regulations

2013 Annual Plan - Equity Bonuses

The Compensation Committee believes that granting stock options provides executive officers with a strong economic interest in maximizing stock price appreciation over the long term. The Compensation Committee also believes that the practice of granting stock options can be useful in retaining and recruiting the key talent necessary to ensure our continued success. This element of compensation has been governed by the Cleveland BioLabs, Inc. Equity Incentive

Plan, as amended (the Equity Plan). The Equity Plan is administered by our Compensation Committee, which reviews executive management's recommendations concerning stock option grants, and determines the number of stock options to be granted to each person, and the terms and conditions of any stock options as permitted under the Equity Plan. The exercise price of stock options is based on the value of a share of our common stock on the date of grant. The options, therefore, do not have any value to the executive officer unless the market price of our common stock rises, which aligns the interests of our executive officers with those of our stockholders. Through these option grants, we seek to emphasize the importance of improving the performance of our stock price, increasing stockholder value over the long term.

Our target stock option bonus for 2013 under the Annual Plan was set at 125,000 stock options for each NEO, with a maximum of 250,000 stock options, with the actual number of stock options to be granted to be determined by the Compensation Committee in early 2014 based upon our 2013 performance. The Compensation Committee determined in its subjective judgment that these target awards levels were appropriate to provide sufficient incentives to the NEOs to attain our 2013 performance goals. If granted, such stock options would be immediately fully vested on the applicable grant date, and would have an exercise price per share equal to the value of our stock on the applicable grant date.

Table of Contents

Actual 2013 Annual Plan Awards

In the first quarter of 2014, the Compensation Committee determined that in light of our cash position at December 31, 2013, and the lack of returns to our investors as evidenced by our stock price on such date, and recent negative news regarding the closing of contract negotiations with BARDA, that it would exercise its discretion so that notwithstanding attainment of the 2013 performance goals, no 2013 cash bonuses would be awarded under our Annual Plan and no target stock option bonus awards would be granted under our 2013 Annual Plan.

2014 Retention Equity Awards

The Compensation Committee did not approve the grant of any stock option bonus awards under our 2013 Annual Plan, due to consideration of the current market for the Companies securities. However, in March 2014, the Compensation Committee granted stock options for 150,000 shares to each of Messrs. Kogan, Gudkov and Lyons as a retention bonus to incentivize each of our executives to remain at the Company and to execute value-driving tasks that may lead to recovery of our stock price. The awards were based on 120% of the annual targeted equity award of 125,000 options, with the options vesting at issuance. The Compensation Committee used information contained in the surveys mentioned above and the Company's past practices in option issuances in determining what was reasonable to award with the objective of countering new hire option grants that could be proposed by a competitive employer. In March 2014, the Compensation Committee determined not to grant such stock options to subsidiary executives, including Dr. Fonstein.

Long-Term Executive Compensation Plan

On June 13, 2012, the Compensation Committee approved our Long-term Plan, which includes three major milestone performance goals for our NEOs. Following adoption of the Long-term Plan in mid-2012, the Compensation Committee has not approved any other long-term incentive plan for our NEOs. The milestone performance goals under our Long-term Plan are:

Goal #1 Approval of a BLA for Entolimod (previously known as CBLB502) for treatment as a single agent to reduce the risk of death following total body irradiation during or after radiation disaster (medical radiation countermeasure (MRC) application);

Goal #2 Entolimod MRC - Cumulative Firm Orders (all countries exceed \$100 million);

Goal #3 Cumulative proceeds from upfront and milestone payments from licensing deals for any CBLI compounds exceed \$12 million (the licensing deals done for the compounds from our subsidiaries will be adjusted by the percentage of CBLI ownership when the licensing agreement is executed).

These goals were selected for our Long-term Plan as they were determined by the Compensation Committee to be the best indicators of achieving increased value. The applicable payout levels for attainment of each goal were determined in the Compensation Committee's subjective judgment to be at levels sufficient to incentivize our NEOs to attain such goals, and that the benefit to the Company of such attainment was greater than the cost. Under the Long-term Plan, awards would be paid to each NEO upon achievement of each strategic objective, subject to the NEO's continued services with us through such attainment, as outlined below.

Upon achievement of Goal #1 in the United States, each NEO will be paid a bonus equal to 100% of their base salary or cash consulting retainer, as applicable, as determined by reference to their respective base salary and cash retainer levels in effect on the applicable Goal #1 achievement date.

Upon the first occurrence of the achievement of Goal #1 in Australia, Brazil, Canada, China, European Union, India, Japan, Mexico or Russian Federation, each NEO will be paid a bonus equal to 33% of their base salary or cash consulting retainer, as applicable, as determined by reference to their respective base salary and cash retainer levels in effect on the applicable Goal #1 achievement date. In addition to the above described bonuses, upon the achievement of Goal #1 in the United States or in another country listed above, an amount equal to 100% of the total of the executive team's aggregate bonus amount will be placed into an employee bonus pool to be distributed to non-executive employees of CBLI, with such bonus amounts allocated at the sole discretion of the executive team.

Table of Contents

The following percentages of cumulative firm order/licensing proceeds will be paid to each executive upon achievement of each strategic goal/milestone:

Upon achievement of Goal #2 or Goal #3, 4% of any cash that the Company receives from all cumulative orders/licensing payments will be allocated to an executive bonus pool, which will be distributed among the members of the executive team, with the allocation among the executive team members to be determined on a pro-rata basis based on 100% of then current CBLI annual base salaries or cash consulting retainer, as applicable, with respect to each NEO.

An additional 1% of all received cumulative orders/licensing payments will be allocated to an employee bonus pool, which will be distributed among the Company's non-executive senior employees on a pro rata basis based on salary.

Based on the Company's cash position when a goal is achieved, the Compensation Committee will determine whether the incentive payouts will be made in the form of cash or stock, or a combination of both. The Long-term Plan will expire on December 31, 2016 and no amount will be payable under the Long-term Plan for any goal not achieved by that date. As of April 25, 2014, none of the prescribed goals have yet been attained under the Long-term Plan and no bonus amounts have been paid under the Long-term Plan.

Severance and Change in Control Agreements

We also provide certain of our executive officers with severance and change of control arrangements in their employment contracts. We believe that severance and change of control packages are a common characteristic of compensation for executive officers. They are intended to provide our executive officers with a sense of security in making the commitment to dedicate their professional careers to our success. Due to our size relative to other public companies and our operating history, we believe that severance and change in control arrangements are necessary to help us attract and retain skilled and qualified executive officers to continue to grow our Company.

Executive Benefits

Our executive benefits are generally limited to the same benefits we offer to all of our employees, except that Dr. Gudkov does not participate in any of our employee benefit plans because he is not our employee. Additionally, we provided Dr. Fonstein with reimbursement for a portion of the cost of his maintaining an apartment near our Buffalo, New York office. The total amount that we spent on Dr. Fonstein's apartment reimbursement benefit during 2013 was \$10,000, which was approximately 75% of the cost of the apartment rental. This benefit was provided to Dr. Fonstein in lieu of paying for hotel costs when Dr. Fonstein travels to our Buffalo, New York office from his primary residence near Chicago, Illinois approximately two weeks per month.

Our Compensation Policies

Section 162(m) Policy

Section 162(m) of the Internal Revenue Code limits the amount that a public company may deduct from federal income taxes for remuneration paid to the chief executive officer and the three other most highly paid executive officers (other than the chief financial officer) to \$1 million per year per covered executive officer. Section 162(m) provides an exception from this deduction limitation for certain forms of performance-based compensation, including

the gain recognized by executive officers upon the exercise of certain compensatory stock options and other compensation based on performance criteria that are approved in advance by stockholders. We are mindful of the benefit to the Company and its stockholders of the full deductibility of compensation. However, we believe that there may be times when we need to retain flexibility in compensating our executive officers in a manner that we believe will best promote our corporate objectives even though the compensation may not be fully deductible under Section 162(m). Therefore, we have not adopted a policy that requires that all compensation be deductible.

Accounting Considerations

The accounting impact of our equity compensation program is one of many factors that the Compensation Committee may consider in determining the size and structure of our program.

Table of Contents

Common Stock Ownership Requirements

While we have not adopted a formal written policy on common stock ownership requirements, part of our compensation philosophy involves facilitating common stock ownership by our executive officers through the grant of equity awards because we believe that it helps to align their financial interests with those of our stockholders.

Timing of Awards

The Compensation Committee has the authority to grant equity awards under our Equity Plan. The Compensation Committee strives to ensure that any award is made in such a manner to avoid even the appearance of manipulation because of its award date. It is our policy not to purposely accelerate or delay the public release of material information in consideration of a pending equity grant to allow the grantee to benefit from a more favorable stock price.

Compensation Recovery Policy

We do not have a policy to attempt to recover cash bonus payments paid to our executive officers if the performance objectives that led to the determination of such payments were to be restated, or found not to have been met to the extent the Compensation Committee originally believed. However, as a public company subject to the provisions of Section 304 of the Sarbanes-Oxley Act of 2002, if we are required as a result of misconduct to restate our financial results due to our material noncompliance with any financial reporting requirements under the federal securities laws, our chief executive officer and chief financial officer may be legally required to reimburse us for any bonus or other incentive-based or equity-based compensation they receive. In addition, we will comply with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act and will adopt a compensation recovery policy once the SEC adopts final regulations on the subject.

RISKS RELATED TO COMPENSATION PRACTICES AND POLICIES

We regularly assess the risks related to our compensation programs, including our executive compensation programs, and do not believe that the risks arising from our compensation policies and practices are reasonably likely to have a material adverse effect on our Company. At the Compensation Committee's direction, management provides ongoing information to the Compensation Committee regarding compensation factors that could mitigate or encourage excessive risk-taking. In its discussions, the Compensation Committee considered the attributes of our programs, including:

significant management oversight over employee compensation;

a balance of annual and milestone- or target-based incentives for senior executives; and

the use of multiple objective performance metrics.

Yakov Kogan

We entered into an employment agreement dated as of August 1, 2004 with Yakov Kogan, our Chief Executive Officer, which included a three-year initial term and is renewed annually for successive one-year periods, unless earlier terminated in accordance with its terms.

Dr. Kogan was paid a base CBLI salary, exclusive of salaries paid by our subsidiaries, at an annual rate of \$345,000 as of December 31, 2013. In addition, Dr. Kogan is eligible to earn an annual bonus based on corporate targets set by our board on an annual basis. For fiscal year 2013, in light of our cash position at December 31, 2013, and the lack of returns to our investors as evidenced by our stock price on such date, the Compensation Committee disregard the level of attainment of the 2013 performance goals. As such, no 2013 cash or equity bonuses were awarded under the 2013 Annual Plan. For fiscal year 2012, and in lieu of any cash and option bonuses otherwise due under the 2012 Executive Compensation Plan, the 2012 Plan, Dr. Kogan was awarded a stock option grant on May 13, 2013 to purchase 104,588 shares of our common stock, with an exercise price of \$1.54 per share, the closing price of the Company's stock on the date of award. The Compensation Committee delayed the grant date for this award until two trading days after the Company exited its black-out period on May 9, 2013. The number of shares subject to this option were based on an overall dollar value equal to 30% of Dr. Kogan's CBLI-only base pay as of December 31, 2012, divided by the per share Black-Scholes value of such option as determined on the grant date. The option will vest only if the average closing price of our stock is \$5.00 or more for five consecutive trading days, subject to Dr. Kogan's continued services with us through such date. In fiscal year 2012, Dr. Kogan received stock options to purchase 56,250 shares of our common stock, which were awarded as part of his bonus for 2011. On June 13, 2012,

Dr. Kogan was also issued 100,000 shares of our common stock commensurate with his appointment as the Chief Executive Officer of the Company. Both option grants were fully vested upon grant. In addition, Dr. Kogan was paid \$19,379 in fiscal year 2012 for 401(k) matching contributions and payment for unused vacation in accordance with the Company's vacation policy.

Dr. Kogan's employment agreement provides that such agreement will automatically be terminated on the date of his death. Furthermore, the employment agreement permits us to terminate Dr. Kogan upon written notice at any time, with or without cause, or due to a permanent disability.

Table of Contents

If Dr. Kogan was terminated by us without cause as described in the agreement, he would be entitled to severance pay equal to six months of his annual salary. In order to comply with Section 409A of the Internal Revenue Code, in certain instances, such severance may be delayed until the earlier of six months and one day after such executive's separation from service or his death. The employment agreement also contains confidentiality, assignment of inventions, non-competition and non-solicitation provisions to help protect the value of our intellectual property.

Michael Fonstein

Dr. Fonstein resigned as the Company's President on August 31, 2013 and was thereafter appointed President and Chief Executive Officer of our majority owned subsidiary, Panacela, effective September 1, 2013 and General Director of Panacela Labs, LLC, a wholly owned subsidiary of Panacela effective November 1, 2013. Dr. Fonstein resigned from the positions of President and Chief Executive Officer of Panacela on March 28, 2014 and indicated that his intent to resign from the position of General Director of Panacela Labs, LLC effective June 30, 2014.

Dr. Fonstein was paid a base CBLI salary, exclusive of salaries paid by our subsidiaries, at an annual rate of \$270,000 for the first eight months of the calendar year. Upon his resignation he was issued 90,116 shares of the Company's common stock, worth \$1.72 per share or \$155,000 in total which approximated six months severance, and he was paid \$31,132 in unused vacation. Starting September 1, 2013, Dr. Fonstein received a salary at the annual rate of \$250,000 from Panacela. Dr. Fonstein was eligible to earn a bonus for 2013 if one was awarded. However, for fiscal year 2013, in light of our cash position at December 31, 2013, and the lack of returns to our investors as evidenced by our stock price on such date, the Compensation Committee disregarded the level of attainment of the 2013 performance goals. As such, no 2013 cash or equity bonuses were awarded under the 2013 Annual Plan. For fiscal year 2012, and in lieu of any cash and option bonuses otherwise due under the 2012 Plan, Dr. Fonstein was awarded a stock option grant on May 13, 2013 to purchase 81,828 shares of our common stock, with an exercise price of \$1.54 per share, the closing price of the Company's stock on the date of award. The Compensation Committee delayed the grant date for this award until two trading days after the Company exited its blackout period on May 9, 2013. The number of shares subject to this option were based on an overall dollar value equal to 30% of Dr. Fonstein's CBLI-only base pay as of December 31, 2012, divided by the per share Black-Scholes value of such option as determined on the grant date. In fiscal year 2012, Dr. Fonstein received stock options to purchase 56,250 shares of our common stock, which were awarded as part of his bonus for 2011. This option grant was fully vested upon grant. In addition, Dr. Fonstein was paid \$22,672 in fiscal year 2012 for 401(k) matching contributions and reimbursement for an apartment he maintains in Buffalo, New York.

Dr. Fonstein's employment agreement with Panacela provides that such agreement will automatically be terminated on the date of his death. Furthermore, the employment agreement permits Panacela to terminate Dr. Fonstein upon written notice at any time, with or without cause, or due to a permanent disability.

If Dr. Fonstein was terminated by us without cause as described in the agreement, he would be entitled to severance pay equal to three months of his annual salary. Pursuant to the employment agreement, to effect compliance with Section 409A of the Internal Revenue Code, such severance would not be paid until the earlier of six months and one day after termination or his death. The employment agreement also contains confidentiality, assignment of inventions, non-competition and non-solicitation provisions to help protect the value of our intellectual property.

C. Neil Lyons, CPA

We entered into an employment agreement dated as of August 4, 2011 with C. Neil Lyons, our Chief Financial Officer, effective September 1, 2011. The employment agreement provides that Mr. Lyons' initial employment term extended until August 31, 2012 and, thereafter, his employment term will be renewed pursuant to terms of the

employment agreement for successive one-year periods, unless earlier terminated in accordance with its terms.

Mr. Lyons was paid a base salary at an annual rate of \$254,500 in fiscal year 2013. As an executive officer of the Company, Mr. Lyons is eligible to earn an annual bonus based on corporate targets set by our board on an annual basis. For fiscal year 2013, in light of our cash position at December 31, 2013, and the lack of returns to our

investors as evidenced by our stock price on such date, the Compensation Committee disregard the level of attainment of the 2013 performance goals. As such, no 2013 cash or equity bonuses were awarded under the 2013 Annual Plan. For fiscal year 2012, and in lieu of any cash and option bonuses otherwise due under the 2012 Plan, Mr. Lyons was awarded a stock option grant on May 13, 2013 to purchase 77,131 shares of our common stock, with an exercise price of \$1.54 per share, the closing price of the Company's stock on the date of award. The Compensation Committee delayed the grant date for this award until two trading days after the Company exited its blackout period on May 9, 2013. The number of shares subject to this option were based on an overall dollar value equal to 30% of Mr. Lyons's base pay as of December 31, 2012, divided by the per share Black-Scholes value of such option as determined on the grant date. The option will vest only if the average closing price of our stock is \$5.00 or more for five consecutive trading days, subject to Mr. Lyons's continued services with us through such date. In fiscal year 2012, Mr. Lyons received stock options to purchase 18,750 shares of our common stock, which were awarded as part of his bonus for 2011. This option grant was fully vested upon grant. Additionally, in fiscal 2011, Mr. Lyons was awarded stock options to purchase 125,000 shares of the Company's common stock, of which 25% vested on the date on which Mr. Lyons commenced his employment, 25% vested on the one year anniversary date of his employment, and the remainder will vest in equal installments on the two and three year anniversary dates of the commencement of employment.

Mr. Lyons's employment agreement provides that such agreement will automatically be terminated on the date of his death. Furthermore, the employment agreement permits us to terminate Mr. Lyons upon written notice at any time, with or without cause, or due to a permanent disability.

If Mr. Lyons is terminated by us without cause as described in the agreement, he would be entitled to severance pay equal to six months of his annual salary. In order to comply with Section 409A of the Internal Revenue Code, in certain instances, such severance may be delayed until the earlier of six months and one day after such executive's separation from service or his death. The employment agreement also contains confidentiality, assignment of inventions, non-competition and non-solicitation provisions to help protect the value of our intellectual property.

Jean Viallet, M.D.

We entered into an employment agreement dated as of April 1, 2013 with Jean Viallet, our Chief Development Officer, effective April 1, 2013. The employment agreement provides that Dr. Viallet's initial employment term extended until March 31, 2014 and, thereafter, his employment term will be renewed pursuant to terms of the employment agreement for successive one-year periods, unless earlier terminated in accordance with its terms. Dr. Viallet resigned on January 3, 2014.

Dr. Viallet was paid a base salary at an annual rate of \$350,000 in fiscal year 2013. Dr. Viallet received stock options to purchase 100,000 shares of our common stock, of which 25% vested on the date on which Dr. Viallet commenced his employment, 25% vested on the one year anniversary date of his employment, and the remainder will vest in equal installments on the two and three year anniversary dates of the commencement of employment.

If Dr. Viallet had been terminated by us without cause as described in the agreement, he would have been entitled to severance pay equal to six months of his annual salary. In order to comply with Section 409A of the Internal Revenue Code, in certain instances, such severance may be delayed until the earlier of six months and one day after such executive's separation from service or his death.

During the year ended December 31, 2013, our Chief Scientific Officer, Andrei Gudkov, served in such capacity pursuant to a consulting agreement dated as of January 1, 2010 and as amended June 10, 2012. plan. In addition, Dr. Gudkov is eligible to earn an annual bonus based on corporate targets set by our board on an annual basis. For fiscal year 2013, in light of our cash position at December 31, 2013, and the lack of returns to our investors as evidenced by our stock price on such date, the Compensation Committee disregard the level of attainment of the 2013 performance goals. As such, no 2013 cash or equity bonuses were awarded under the 2013 Annual Plan. For fiscal year 2012, and in lieu of any cash and option bonuses otherwise due under the 2012 Plan, Dr. Gudkov was awarded a stock option grant on May 13, 2013 to purchase 84,057 shares of our common stock, with an exercise price of \$1.54 per share, the closing price of the Company's stock on the date of award. The Compensation Committee delayed the grant date for this award until two trading days after the Company exited its blackout period on May 9, 2013. The number of shares subject to this option were based on an overall dollar value equal to 60% of Dr. Gudkov's CBLI-only base pay as of December 31, 2012, divided by the per share Black-Scholes value of such option as determined on the grant date. The option will vest only if the average closing price of our stock is \$5.00 or more for five consecutive trading days, subject to Dr. Gudkov's continued services with us through such date. The consulting agreement also permits either party to terminate such agreement without cause upon 14 days' written notice to the other party. The consulting agreement also contains confidentiality and assignment of inventions provisions to help protect the value of our intellectual property, and an indemnification provision for the benefit of Dr. Gudkov.

Potential Payments upon Termination or Change-In-Control

The following descriptions are based on the employment agreements of Dr. Kogan, Dr. Fonstein, Dr. Viallet and Mr. Lyons and the consulting agreement of Dr. Gudkov that were in effect as of December 31, 2013.

If an executive is terminated for cause or resigns, we would not have any further obligations, except the payment of any base salary and reimbursable expenses accrued through the date of termination of such executive. If any of our executives except Dr. Gudkov is terminated by us without cause, as described in his employment agreement, he would be entitled to severance pay equal to six months of his annual base salary reduced by the amount of compensation earned by the executive at other employment. If such executive is terminated due to a permanent disability or death, he would be entitled to receive severance pay equal to the base salary that would have been payable if he had continued his employment for the remaining term under his employment agreement. However, if such executive becomes permanently disabled or dies as a result of, or in conduct of, his employment duties under his employment agreement, he would be entitled to severance pay equal to his base salary that would have been

payable had he continued his employment for a period of no less than 18 months. In order to comply with Section 409A of the Internal Revenue Code, in certain instances, such severance may be delayed until the earlier of six months and one day after such executive's separation from service or his death.

Under the employment agreements, a permanent disability will be deemed to occur if such executive suffers a physical or mental illness, injury or infirmity that prevents him from performing, with or without reasonable accommodations, his essential job functions, for a total period of 120 days in any 360-day period. Cause, as defined in the employment agreements, includes, among others, the following events, as determined in the reasonable good faith judgment of our board:

the failure of such executive to perform his duties or comply with reasonable directions of our board which continues for ten days after our board has given written notice to such executive, specifying in reasonable detail the manner in which such executive has failed to perform such duties or comply with such directions;

the determination by our board in the exercise of its reasonable judgment that such executive has committed an act or acts constituting a felony, dishonesty or disloyalty with respect to the Company or fraud;

the determination by our board in the exercise of its reasonable judgment that such executive has committed an act, or has failed to take action, which act or failure to take action adversely affects the Company's business or reputation or indicates alcohol abuse or drug use by such executive that adversely affects his performance of the essential job functions hereunder; or

the breach, non-performance or non-observance of any of the terms of such executive's employment agreement (other than as described in the first bullet above) or any other agreement to which such executive and the Company are parties, by such executive, if such breach, non-performance or non-observance shall continue beyond a period of ten business days immediately after written notice thereof by the Company to such executive.

Pursuant to Dr. Gudkov's consulting agreement, Dr. Gudkov may be terminated by us, effective immediately upon receipt of written notice, if he (a) breaches or threatens to breach the provisions relating to inventions and proprietary information, (b) engages in any malfeasance, misconduct or conduct likely to cause reputational harm to the Company, (c) enters into a relationship with a third party that creates a conflict of interest with his consulting services to the Company, (d) fails to perform or neglects his duties after written notice from the chief executive officer, or (e) dies or becomes physically or mentally disabled such that in the Company's reasonable judgment, Dr. Gudkov cannot perform his duties. The consulting agreement permits either Dr. Gudkov or us to terminate the consulting agreement upon 14 days' notice. Following termination, we are required to pay Dr. Gudkov all fees owed for services rendered prior to the termination date. If Dr. Gudkov is terminated without cause within the one year period following a change of control of the Company, he will be entitled to a payment equal to two and a half times his annual compensation under the consulting agreement, to be paid over a two and a half year period following the commencement of the payments, and the bonus he would have received for the year in which the termination occurred, to be paid in a lump sum on the date it would have been paid had the consulting agreement not been terminated. The severance payment and bonus are conditional upon Dr. Gudkov signing a release of all claims against the Company.

Table of Contents

The following table summarizes the payments that would have been made to our named executive officers under the employment or consulting agreements, as applicable, upon a termination on December 31, 2013.

REPORT OF AUDIT COMMITTEE

The Board maintains an Audit Committee comprised of three non-employee members of the Board. After reviewing the qualifications of the current members of the committee, and any relationships they may have with the Company that might affect their independence from the Company, the Board has determined that (1) all current members of the Audit Committee are independent as that concept is defined in Section 10A of the Exchange Act, (2) all current members of the Audit Committee are independent as that concept is defined in The NASDAQ Marketplace Rules, (3) all current members of the Audit Committee are financially literate, and (4) Mr. Antal qualifies as an audit committee financial expert under the applicable rules promulgated pursuant to the Exchange Act.

The Audit Committee's role and responsibilities are set forth in our charter adopted by the Board, which is available on our website at www.cbiolabs.com. The Audit Committee reviews and reassesses our charter annually and recommends any changes to the Board for approval. The Audit Committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of Meaden & Moore, Ltd. The members of the Audit Committee are not professional auditors, and their functions are not intended to duplicate or to certify the activities of management or the independent auditors, nor can the Audit Committee certify that the independent auditors are independent under applicable rules. The Audit Committee serves in a board-level oversight role in which it provides advice, counsel and direction to management and the auditors based on the information it receives, on discussions with management and the auditors, and on the members of the Audit Committee's experience in business, financial and accounting matters. The Audit Committee has the authority to engage its own outside advisors, apart from counsel or advisors hired by management, as it determines appropriate, including experts in particular areas of accounting. Management is responsible for the reporting processes and preparation and presentation of financial statements and the implementation and maintenance of internal controls. The Company's independent auditors are responsible for expressing an opinion on the conformity of the Company's consolidated financial statements to generally accepted accounting principles in the United States.

In fulfilling its responsibilities for the financial statements for fiscal year 2013, the Audit Committee took the following actions:

Reviewed and discussed each of the unaudited quarterly financial statements and the audited financial statements for the 2013 fiscal year with management and Meaden & Moore, Ltd., our independent registered public accounting firm;

Discussed with Meaden & Moore, Ltd. the matters required to be discussed in accordance with Statement on Auditing Standards No. 16, as amended, (AICPA, Professional Standards, Vol. 1, AU Section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and

Received written disclosures from Meaden & Moore, Ltd. regarding its independence as required by applicable requirements of the Public Company Accounting Oversight Board and communication with Meaden & Moore, Ltd. regarding their independence. The Audit Committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

Based on the Audit Committee's review of the audited financial statements and discussions with management and Meaden & Moore, Ltd., the Audit Committee recommended to the Board of Directors that the audited financial

statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 for filing with the SEC.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Pursuant to our Code of Conduct, the Audit Committee must provide written approval in advance for any transaction that could involve an actual, potential or perceived conflict of interest, including transactions where employees or directors have a substantial financial interest in any of our competitors, customers or suppliers, or where gifts or loans of value in excess of \$200 are received in a year from our suppliers, customers or competitors. The policy also requires advance written approval for any transaction where an employee or director owns a substantial interest in an entity that has a prospective business relationship with, or is a competitor of, us. The following is a list of related persons with whom all transactions are reviewed and approved by the Audit Committee.

Pursuant to our existing license agreement with The Cleveland Clinic Foundation (CCF), we have paid, as of December 31, 2013, \$550,000 in milestone payments. During the year ended December 31, 2013, we did not owe milestone payments to CCF. As of December 31, 2013, CCF beneficially owned less than 5% of our common stock. Dr. DiCorleto, one of our directors, is the Chairman of the Lerner Research Institute of CCF. In making the determination of independence with respect to Dr. DiCorleto, the Nominating and Corporate Governance Committee of our board, with Dr. DiCorleto abstaining from the determination, considered Dr. DiCorleto's affiliation with CCF and satisfied itself that this affiliation does not detract or interfere with Dr. DiCorleto's ability to exercise independent judgment in carrying out his responsibilities as director and serving the best interests of our stockholders.

Our Chief Scientific Officer and board member, Dr. Andrei Gudkov, is the Senior Vice President of Basic Science and the Chairman of the Department of Cell Stress Biology at Roswell Park Cancer Institute (RPCI). We subcontract Dr. Gudkov's laboratory at RPCI to perform certain research and development studies for us, and also purchase certain core products and services from RPCI, including mice, the housing and storage of mice, irradiator services, DNA sequencing and blood analysis. RPCI also serves as one of our clinical trial sites. In 2013, we paid RPCI approximately \$2.7 million for the aforementioned services. In addition, we transferred 23 research scientists to Buffalo BioLabs, Inc. (BBL) in the later part of 2013, an entity partially-owned by Dr. Gudkov. We hire BBL on a project basis to perform research work, as needed and paid BBL approximately \$336,000 for services provided during 2013.

Dr. Hohn, our director, is the Executive Director of Health Policy at the Cancer Center at RPCI. In making the determination of independence with respect to Dr. Hohn, the Nominating and Corporate Governance Committee of our board considered Dr. Hohn's affiliation with RPCI and satisfied itself that this affiliation does not detract or interfere with Dr. Hohn's ability to exercise independent judgment in carrying out his responsibilities as director upon his election and serving the best interests of our stockholders.

Dr. Polinsky, our director nominee, is the chief executive officer of Everon Biosciences, Inc. (Everon) and Tartis-Aging, Inc., sister companies owned in part with Bioprocess Capital Partners and Dr. Andrei Gudkov, our Chief Scientific Officer and board member. Bioprocess Capital Partners is our co-shareholder in Incuron LLC. During 2013, Everon paid CBLI approximately \$200,000 for research work during the first nine months of the year, prior to the transfer of our research personnel to BBL. The Nominating and Corporate Governance Committee of our board considered Dr. Polinsky's affiliation with Bioprocess Capital Partners and Dr. Gudkov along with the research work for which Everon compensated us, and satisfied itself that these affiliations do not detract or interfere with Dr. Polinsky's ability to exercise independent judgment in carrying out his responsibilities as director upon his election and serving the best interests of our stockholders.

On March 1, 2010, we hired Leah Brownlee, J.D. who serves in the position of Vice President - Compliance and Operations. Ms. Brownlee is the spouse of Dr. Yakov Kogan who is a member of our board and our Chief Executive Officer. During the year ended December 31, 2013, Ms. Brownlee earned a base salary of \$196,650, received cash

bonuses of \$7,000, received payment of \$3,782 for unused vacation in accordance with the Company's policy, and received common stock valued at \$4,750. During 2013, Ms. Brownlee received options exercisable into 21,812 shares of common stock at a weighted average exercise price of \$1.28 per share.

ELECTION OF DIRECTORS

(Notice Item 1)

Our Board of Directors currently consists of eight directors. Each of the directors, other than David C. Hohn, M.D., and Paul E. DiCorleto, is a nominee in the current election. Drs. Hohn and DiCorleto will retire from the Board at the meeting, following the expiration of their current terms. We plan to fill the vacancies created by the retirement of these directors with two of our director nominees and expect to increase the size of our Board of Directors to nine prior to the 2014 Annual Meeting to create a vacancy for our third director nominee to fill.

If elected, the nine nominees for election as directors at our 2014 Annual Meeting of Stockholders will serve for one-year terms expiring at our 2015 Annual Meeting of Stockholders. The Board recommends that the stockholders vote in favor of the election of the nominees named in this proxy statement to serve as our directors. See Management and Corporate Governance The Board of Directors above. Proxies solicited by the Company for the election of directors cannot be voted for a greater number of persons than the number of nominees named in the proxy.

In accordance with NASDAQ Marketplace Rule 5605(b)(1), and the standard of independence defined in NASDAQ Marketplace Rule 5605(a)(2), independent directors currently make up a majority of our Board of Directors. Our independent directors and director nominees are James J. Antal, Julia R. Brown, Anthony J. Principi, Daniel F. Hoth, Richard S. McGowan, Alexander Polinsky and Randy S. Saluck. In making the determination of independence with respect to Dr. Polinsky, the Nominating and Corporate Governance Committee of the Board of Directors, with Dr. Polinsky abstaining from the determination, considered Dr. Polinsky's affiliation with Bioprocess Capital Partners and Dr. Gudkov and satisfied itself that these affiliations do not detract or interfere with Dr. Polinsky's ability to exercise independent judgment in carrying out his responsibilities as director and serving the best interests of our stockholders.

The Nominating and Corporate Governance Committee of the Board has reviewed the performance of the Board, and has recommended that all nominees be approved for reelection. Unless authority to vote for any of these nominees is withheld, the shares represented by the enclosed proxy will be voted **FOR** the election as directors of Mr. Antal, Ms. Brown, Mr. Principi, Dr. Hoth, Mr. McGowan, Dr. Polinsky, Mr. Saluck, Dr. Kogan and Dr. Gudkov. In the event that any nominee becomes unable or unwilling to serve, the shares represented by the enclosed proxy will be voted for the election of such other person as the Board of Directors may recommend in that nominee's place. We have no reason to believe that any nominee will be unable or unwilling to serve as a director.

A plurality of the shares voted **FOR** each nominee at the meeting is required to elect each nominee as a director.

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF MR. ANTAL, MS. BROWN, MR. PRINCIPI, DR. HOTH, MR. MCGOWAN, DR. POLINSKY, MR. SALUCK, DR. KOGAN AND DR. GUDKOV, AS DIRECTORS, AND PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED IN FAVOR OF SUCH APPROVAL UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.

ADVISORY VOTE ON EXECUTIVE COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT

(Notice Item 3)

We are seeking your advisory vote on the approval of the compensation of our named executive officers as described in the Compensation Discussion and Analysis, the compensation tables and the related material contained in this proxy statement. Because your vote is advisory, it will not be binding on our Compensation Committee or our Board. However, the Compensation Committee and the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation. Our current policy is to provide stockholders with an opportunity to approve the compensation of the named executive officers each year at the annual meeting of the stockholders. It is expected that the next such vote will occur at the 2014 annual meeting of the stockholders.

Our compensation philosophy is designed to align each executive's compensation with our short-term and long-term performance and to provide the compensation and incentives needed to attract, motivate and retain key executives who are crucial to our long-term success. Consistent with this philosophy, a significant portion of the total compensation opportunity for each of our executives is directly related to performance factors that measure our progress against the goals of our strategic and operating plans, as well as our performance against that of our peer companies. Furthermore, a significant proportion of our executive compensation is paid in the form of stock options, aligning our executive's interests with those of our stockholders. We believe that our executive compensation is designed to promote the creation of long-term stockholder value and position the Company for long-term success.

Stockholders are urged to read the Compensation Discussion and Analysis section of this proxy statement, which discusses how our compensation policies and procedures implement our compensation philosophy. The Compensation Committee and the Board believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

In accordance with the rules recently adopted by the SEC, the following resolution, commonly known as a say-on-pay vote, is being submitted for a stockholder vote at the 2014 Annual Meeting:

RESOLVED, that the compensation paid to the named executive officers of Cleveland BioLabs, Inc., as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the related material disclosed in the proxy statement, is hereby APPROVED.

The affirmative vote FOR of a majority of the shares cast affirmatively or negatively at the Annual Meeting is required to approve, on an advisory basis, this resolution.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AND PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED IN FAVOR OF SUCH APPROVAL UNLESS A STOCKHOLDER INDICATES OTHERWISE ON THE PROXY.
