Item 1.01. Entry Into Material Definitive Agreement.

On June 24, 2014, The Williams Companies, Inc. (the Company) completed a \$1.9 billion registered offering of debt securities (the Offering), consisting of \$1,250,000,000 aggregate principal amount of its 4.550% Senior Notes due 2024 (the 2024 Notes) and \$650,000,000 aggregate principal amount of its 5.750% Senior Notes due 2044 (the 2044 Notes) and, together with the 2024 Notes, the Notes). The Offering has been registered under the Securities Act of 1933, as amended (the Securities Act), pursuant to a registration statement on Form S-3 (Registration No. 333-181644) of the Company (the Registration Statement), and the prospectus supplement dated June 19, 2014 and filed with the Securities and Exchange Commission pursuant to Rule 424(b) of the Securities Act on June 20, 2014 (the Prospectus Supplement).

The Notes were issued pursuant to an Indenture (the Base Indenture), dated as of December 18, 2012, between the Company and The Bank of New York Mellon Trust Company, N.A. as trustee (the Trustee), as supplemented by the Second Supplemental Indenture (the Supplemental Indenture) and together with the Base Indenture, the Indenture), dated as of June 24, 2014, between the Company and the Trustee. Each series of Notes is represented by a global security, a form of which is included as an exhibit to the Supplemental Indenture. The Indenture contains covenants that, among other things, restrict the Company's ability to incur liens on assets to secure certain debt and merge, consolidate or transfer or lease all or substantially all of its assets, subject to certain qualifications and exceptions. In addition, prior to earlier of (1) the date on which the GIP Purchase (as defined below) is consummated and (2) the date on which the Company redeems each series of Notes at a redemption price equal to 101% of the aggregate principal amount of the Notes pursuant to the special mandatory redemption or special optional redemption provisions described below, the Company will not, and will not permit any of its subsidiaries to, use the net proceeds from the issuance of the Notes for any purpose other than making investments in certain cash equivalents or consummating the GIP Purchase. Upon the consummation of the GIP Purchase, the covenant described in the preceding sentence will automatically cease to be of any force or effect.

The Notes will pay interest semi-annually in cash in arrears on June 24 and December 24 of each year, beginning on December 24, 2014. The Notes are the Company's senior unsecured obligations and will rank equally in right of payment with all of its other senior indebtedness and senior to all of its future indebtedness that is expressly subordinated in right of payment to the Notes.

The Notes were issued in connection with the Company's proposed purchase (the GIP Purchase) of certain limited partner and general partner interests in Access Midstream Partners, L.P. from certain entities managed by Global Infrastructure Management, L.L.C. If the GIP Purchase has not closed by December 31, 2014, the Company will be required to redeem the Notes of each series, in whole but not in part, at a redemption price equal to 101% of the aggregate principal amount of the Notes of such series, plus accrued and unpaid interest thereon to the redemption date. The Notes of both series may also be redeemed at the Company's option, in whole but not in part, at any time prior to December 31, 2014 at a redemption price equal to 101% of the aggregate principal amount of the Notes of the applicable series to be redeemed, plus accrued and unpaid interest thereon to the redemption date, if, in the Company's judgment, the GIP Purchase will not be consummated on or prior to December 31, 2014 on substantially the terms described in the Prospectus Supplement. The Company may also redeem some or all of the Notes of each series at any time or from time to time prior to March 24, 2024, in the case of the 2024 Notes, or December 24, 2043, in the case of the 2044 Notes, at a specified make-whole premium for each series of Notes described in the Indenture. The Company also has the option, with respect to the 2024 Notes, at any time on or after March 24, 2024, and with respect to the 2044 Notes, at any time on or after December 24, 2043, to redeem the Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the Notes of such series to be redeemed, plus accrued and unpaid interest thereon to the redemption date, as more fully described in the Indenture. A copy of the Base Indenture was previously filed, and a copy of the Supplemental Indenture is filed as Exhibit 4.1 to this report. The descriptions of the terms of the Base Indenture and the Supplemental Indenture in this Item 1.01 are qualified in their entirety by reference to such exhibits.

Item 7.01. Regulation FD Disclosure.
