Item 1.01. Entry into a Material Definitive Agreement.

On June 18, 2014, Memorial Resource Development Corp., a Delaware corporation (the *Company*), completed its initial public offering (the *Offering*) of 49,220,000 shares of common stock, par value \$0.01 per share, at a price to the public of \$19.00 per share pursuant to a Registration Statement on Form S-1, as amended (File No. 333-195062) (the *Registration Statement*), initially filed by the Company with the Securities and Exchange Commission (the *Commission*) pursuant to the Securities Act of 1933, as amended (the *Securities Act*), on April 4, 2014, including a prospectus (the *Prospectus*) filed with the Commission on June 16, 2014 pursuant to Rule 424(b). The Company sold 21,500,000 shares of its common stock, and the selling stockholder named in the Prospectus sold 27,720,000 shares of the Company's common stock. The Company did not receive any proceeds from the sale of the shares by the selling stockholder.

Credit Agreement

On June 18, 2014, in connection with the closing of the Offering, the Company entered into a Credit Agreement (the *Credit Agreement*) by and among the Company, as borrower, Bank of America, N.A., as administrative agent for the lenders party thereto (the *Administrative Agent*), Citibank, N.A., as syndication agent for the lenders party thereto, JPMorgan Chase Bank, N.A., BMO Harris Bank, N.A., Comerica Bank, Credit Agricole Corporate and Investment Bank, Natixis, Union Bank, N.A. and Wells Fargo Bank, National Association, as co-documentation agents for the lenders party thereto, and the other lenders party thereto (together, the *Lenders*).

The Credit Agreement is a five-year, \$2.0 billion senior secured revolving credit facility with an initial borrowing base of \$725 million. The borrowing base is subject to redetermination on a semi-annual basis based on an engineering report with respect to the estimated oil, NGL and natural gas reserves of the Company and its subsidiaries, which will take into account the prevailing oil, NGL and natural gas prices at such time, as adjusted for the impact of commodity derivative contracts. Unanimous approval by the Lenders is required for any increase to the borrowing base.

Borrowings under the Credit Agreement are secured by liens on substantially all of the Company's properties, but in any event, not less than 80% of the total value of the Company's oil and natural gas properties and all other property purported to be pledged as collateral. Additionally, borrowings under the Credit Agreement bear interest, at the Company's option, at either (i) the greatest of (x) the prime rate as determined by the Administrative Agent, (y) the federal funds effective rate plus 0.50% and (z) the one-month adjusted LIBO Rate plus 1.0% (adjusted upwards, if necessary to the next 1/100th of 1%), in each case plus a margin that varies from 0.5% to 1.5% per annum according to the total commitment usage (which is the ratio of outstanding borrowings and letters of credit to the borrowing base then in effect) or (ii) the applicable LIBO Rate plus a margin that varies from 1.5% to 2.5% per annum according to the total commitment usage. The unused portion of the borrowing base will be subject to a commitment fee that varies from 0.375% to 0.50% per annum according to the total commitment usage.

The Credit Agreement requires the Company to maintain a ratio of Consolidated EBITDAX to Consolidated Net Interest Expense (as each term is defined in the Credit Agreement) of not less than 2.5 to 1.0, and a ratio of consolidated current assets to consolidated current liabilities, each as determined under the Credit Agreement, of not less than 1.0 to 1.0.

Additionally, the Credit Agreement contains various covenants and restrictive provisions that, among other things, limit the ability of the Company to incur additional debt, guarantees or liens; consolidate, merge or transfer all or substantially all of its assets; make certain investments, acquisitions or other restricted payments; modify certain material agreements; engage in certain types of transactions with affiliates; dispose of assets; incur commodity hedges exceeding a certain percentage of production; and prepay certain indebtedness.

Edgar Filing: Memorial Resource Development Corp. - Form 8-K

Events of default under the Credit Agreement include, but are not limited to, the failure to make payments when due, breach of any covenants continuing beyond the cure period, default under any other material debt, change in management or change of control, bankruptcy or other insolvency event and certain material adverse effects on the business of the Company.

The foregoing description is not complete and is qualified in its entirety by reference to the full text of the Credit Agreement, which is filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated herein by reference.

Voting Agreement

In connection with the closing of the Offering on June 18, 2014, the Company entered into a Voting Agreement (the "Voting Agreement") with the stockholders of the Company named therein. The terms of the Voting Agreement are substantially the same as the terms set forth in the form of such agreement previously filed as Exhibit 10.3 to the Registration Statement and as described therein.

Pursuant to the Voting Agreement, each of the other stockholders agreed, among other things, to vote all of his respective shares as directed by MRD Holdco LLC, a Delaware limited liability company ("MRD Holdco"). The Voting Agreement prohibits the transfer of any shares by the former management members of WildHorse Resources, LLC, a Delaware limited liability company ("WHR"), until after the termination of the Services Agreement described below. Further, so long as the Services Agreement is in effect, the former management members of WHR will have the right to appoint two board observers, Anthony Bahr and Jay Graham, to attend all meetings of the Company's board of directors (the "Board") in a non-voting, observer capacity. The Voting Agreement also provides MRD Holdco with the right to designate a certain number of nominees to the Board, subject to the limitations and conditions set forth therein, including the ownership of a specified percentage of the outstanding shares of common stock. The Voting Agreement requires the Company and the stockholders party thereto to take all necessary actions, to the fullest extent permitted by applicable law, including voting their shares, to cause the election of the nominees designated by MRD Holdco. In addition, the Voting Agreement provides that for so long as MRD Holdco has the right to designate two directors to the Board, the Company will cause any committee of the Board to include in its membership at least one director designated by MRD Holdco, except to the extent that such membership would violate applicable securities laws or stock exchange rules.

The foregoing description is not complete and is qualified in its entirety by reference to the full text of the Voting Agreement, which is attached as Exhibit 10.2 to this Current Report on Form 8-K and incorporated in this Item 1.01 by reference.

Services Agreement

In connection with the closing of the Offering on June 18, 2014, the Company, WHR and WildHorse Resources Management Company, LLC, a Delaware limited liability company ("WHR Management Company"), entered into a Services Agreement (the "Services Agreement") pursuant to which WHR Management Company agreed to provide for twelve months certain services necessary to manage certain operations of the Company's business in exchange for a monthly management fee. WHR Management Company may only terminate the Services Agreement by providing 90-days prior written notice to the Company after the six-month anniversary of the date of the Service Agreement, and the Company may terminate the Services Agreement at any time by providing written notice to WHR Management Company. The terms of the Services Agreement are substantially the same as the terms set forth in the form of such agreement previously filed as Exhibit 10.5 to the Registration Statement and as described therein.

The foregoing description is not complete and is qualified in its entirety by reference to the full text of the Services Agreement, which is filed as Exhibit 10.3 to this Current Report on Form 8-K and incorporated herein by reference.

Registration Rights Agreement

In connection with the closing of the Offering on June 18, 2014, the Company entered into a Registration Rights Agreement (the "Registration Rights Agreement") with the stockholders of the Company named therein (and including their permitted transferees, the "Holders"). The terms of the Registration Rights Agreement are substantially the same as

the terms set forth in the form of such agreement previously filed as Exhibit 10.4 to the Registration Statement and as described therein.

Pursuant to the Registration Rights Agreement, at any time after 180 days after the closing of the Offering, subject to the limitations set forth therein, certain of the Holders have the right to require the Company by written notice to prepare and file a registration statement registering the offer and sale of a number of their shares. Generally, within five business days following the receipt of such request, the Company is required to provide notice of the request to all other Holders, who may participate in the registration. The Company is required to use all commercially reasonable efforts to maintain the effectiveness of any such registration statement until all shares covered by such registration statement have been sold. Subject to certain exceptions, the Company is not obligated to effect such a registration within 90 days after the closing of any underwritten offering of shares. The Company is also not obligated to effect any registration in which the anticipated aggregate offering price included in such offering is less than \$50 million.

In addition, pursuant to the Registration Rights Agreement, certain of the Holders have the right to require the Company, subject to certain limitations set forth therein, to effect a distribution of any or all of their shares by means of an underwritten offering. Further, subject to certain exceptions, if at any time the Company proposes to register an offering of common stock or conduct an underwritten offering, whether or not for its account, then the Company must notify the Holders of such proposal at least five business days before the anticipated filing date or commencement of the underwritten offering, as applicable, to allow them to include a specified number of their shares in that registration statement or underwritten offering, as applicable.

These registration rights are subject to certain conditions and limitations, including the right of the underwriters to limit the number of shares to be included in a registration or offering and the Company's right to delay or withdraw a registration statement under certain circumstances. The Company will generally pay all registration expenses in connection with its obligations under the Registration Rights Agreement, regardless of whether a registration statement is filed or becomes effective.

The obligations to register shares under the Registration Rights Agreement will terminate when no registrable securities remain outstanding. Registrable securities under the Registration Rights Agreement means all shares that were owned by the Holders as of June 18, 2014 other than shares (i) sold pursuant to an effective registration statement under the Securities Act, (ii) sold in a transaction pursuant to Rule 144 under the Securities Act, or (iii) that have ceased to be outstanding.
