Description of capital stock

The following summary description sets forth some of the general terms and provisions of our capital stock. Because this is a summary description, it does not contain all of the information that may be important to you. For a more detailed description of the capital stock, you should refer to the provisions of our Certificate of Incorporation, as amended, our Bylaws, as amended, or the Bylaws, and the specimen common stock certificate, each of which is filed as an exhibit to the registration statement of which this prospectus forms a part, as well as the applicable provisions of the General Corporation Law of the State of Delaware, or the DGCL. In this discussion, the terms Trinity, we, us and our refer only to Trinity Industries, Inc. and not to any of its subsidiaries.

Description of capital stock

Our authorized capital stock consists of (i) 200,000,000 shares of common stock, par value \$1.00 per share, of which 156,060,454 were issued and outstanding as of July 15, 2014, and (ii) 1,500,000 shares of preferred stock, no par value per share, none of which were issued and outstanding as of July 15, 2014.

Common stock

Subject to any special voting rights of any preferred stock that we may issue in the future, each share of common stock has one vote on all matters voted on by our stockholders, including election of our board of directors. Except as otherwise provided by law, at elections of directors at an annual or special meeting of stockholders at which a quorum is present, a director shall be elected by the vote of the majority of the votes cast with respect to that director's election; provided, if the number of persons properly nominated to serve as directors exceeds the number of directors to be elected, then each director shall be elected by the vote of a plurality of the shares present in person or by proxy at the meeting and entitled to vote on the election of directors. Except as otherwise provided by law or the certificate of incorporation, any other action at an annual or special meeting of stockholders at which a quorum is present shall be authorized by a majority of the shares present in person or represented by proxy at the meeting and entitled to vote thereon. No share of common stock affords any cumulative voting or preemptive rights. Holders of common stock will be entitled to dividends in the amounts and at the times declared by our board of directors, after payment of any dividends on any outstanding preferred stock and subject to limitations for dividends contained in certain of Trinity's outstanding debt instruments.

Holders of common stock will share equally in our assets on liquidation after payment or provision for all liabilities and any preferential liquidation rights of any preferred stock then outstanding. All issued and outstanding shares of common stock are fully paid and non-assessable and are not subject to redemption or conversion and have no conversion rights.

The transfer agent for our common stock is American Stock Transfer & Trust Company in Brooklyn, New York.

On May 5, 2014, Trinity's Board of Directors authorized a 2-for-1 stock split on its common shares. The stock split was issued in the form of a 100% stock dividend. The additional shares were distributed on June 19, 2014 to the stockholders of record at the close of business on June 5, 2014.

Preferred stock

At the direction of our board of directors, we may issue shares of preferred stock from time to time. Our board of directors may, without any action by holders of our common stock, adopt resolutions to issue preferred stock in one or more series and establish or change the rights of the holders of any series of preferred stock.

Table of Contents

The rights of any series of preferred stock may include:

voting rights;

liquidation preferences;

dividend rights;

redemption rights;

conversion or exchange rights; and

sinking funds.

The issuance of such preferred stock could, among other things:

adversely affect the voting, dividend, and liquidation rights with respect to the common stock;

discourage an unsolicited proposal to acquire us; or

facilitate a particular business combination involving us.

Any of these actions, plus those which follow in the remainder of this Description of capital stock section, could discourage a transaction that some or a majority of our stockholders might believe to be in their best interests or in which our stockholders might receive a premium for their stock over its then market price.

Certain anti-takeover provisions

Our Bylaws provide that:

vacancies in our board of directors are filled by the vote of a majority of the directors then in office;

special meetings of our stockholders may only be called by our chief executive officer or by the board of directors pursuant to a resolution adopted by a majority of our board of directors; and

advance notice of stockholder nominations for the elections of directors must be given in the manner provided by the Bylaws.

Delaware anti-takeover law

Section 203 of the DGCL prohibits certain business combination transactions between a Delaware corporation and any interested stockholder owning 15% or more of the corporation's outstanding voting stock for a period of three years after the date on which the stockholder became an interested stockholder, unless:

the board of directors approves, prior to the date, either the proposed business combination or the proposed acquisition of stock which resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction in which the stockholder becomes an interested stockholder, the interested stockholder owned at least 85% of the shares of the voting stock of the corporation which are not held by the directors, officers or certain employee stock plans; or

on or subsequent to the date on which the stockholder became an interested stockholder, the business combination with the interested stockholder is approved by the board of directors and also approved at a stockholders' meeting by the affirmative vote of the holders of at least two-thirds of the outstanding shares of the corporation's voting stock other than shares held by the interested stockholder.

Under Delaware law, a business combination includes a merger, asset sale or other transaction resulting in a financial benefit to the interested stockholder.

The noted merger moratorium statute and the noted required supermajority stockholder vote and the other matters described above may make it more difficult to change the composition of our board of directors and may discourage or make difficult any attempt by a person or group to obtain control of Trinity.

Table of Contents

Description of debt securities and guarantees

This section summarizes the general terms of the debt securities and the guarantees that we may offer. The prospectus supplement relating to any particular debt securities offered will describe the specific terms of the debt securities and the related guarantees, which may be in addition to or different from the general terms summarized in this section. Debt securities offered pursuant to this prospectus will be issued under an indenture to be entered into between us and the trustee. The indenture, and any supplemental indentures thereto, will be subject to, and governed by, the Trust Indenture Act of 1939, or the TIA. A form of indenture has been filed with the SEC as an exhibit to the registration statement of which this prospectus forms a part, and you should read the indenture, as supplemented from time to time, for provisions that may be important to you. For more information on how you can obtain a copy of the form of the indenture, see [Where you can find more information](#). In this discussion, the terms [Trinity](#), [we](#), [us](#) and [our](#) refer only to Trinity Industries, Inc. and not to any of its subsidiaries.

The indenture does not limit the amount of debt securities that we may issue. We may issue debt securities in one or more series, with the same or different terms and up to an aggregate principal amount as we may authorize from time to time, as described in a prospectus supplement.

The debt securities may have the benefit of guarantees, which we refer to as a guarantee, by one or more of our subsidiaries. We refer to our subsidiaries that provide a guarantee as a [guarantor](#). Each prospectus supplement will describe any guarantees of debt securities for the benefit of the series of debt securities to which it relates. If a guarantor issues guarantees, the guarantees will be the general, unsecured obligations of the respective guarantors. Unless otherwise expressly stated or the context otherwise requires, as used in this section, the term [guaranteed debt securities](#) means debt securities that, as described in the prospectus supplement relating thereto, are guaranteed by one or more guarantors pursuant to the indenture.

Unless otherwise specified in the applicable prospectus supplement, the debt securities will represent general, unsecured obligations of Trinity and will rank equally with all of our other unsecured indebtedness. The debt securities will be effectively subordinated to, and thus have a junior position to, any secured indebtedness we may have with respect to the assets securing that indebtedness.

The debt securities will effectively rank junior to all liabilities of our subsidiaries that do not guarantee the debt securities (excluding any amounts owed by such subsidiaries to the Company or any guarantor). Claims of creditors of our subsidiaries that do not guarantee the debt securities generally will have priority with respect to the assets and earnings of such subsidiaries over the claims of our creditors, including holders of any debt securities. Accordingly, any debt securities will be effectively subordinated to creditors, including trade creditors and preferred stockholders, if any, of such subsidiaries.

You should read the particular terms of the debt securities, which will be described in more detail in the prospectus supplement.

The following summary of our debt securities is not complete and may not contain all of the information you should consider. This description is subject to and qualified in its entirety by reference to the indenture and any form of certificates evidencing the debt securities.

General

In the discussion that follows, we summarize certain provisions of the indenture and describe the general terms that will apply to any debt securities and guarantees that may be offered by us pursuant to this prospectus. This discussion

is not complete, and is qualified by reference to all the provisions of the indenture, including definitions of terms used in the indenture. At the time that we offer debt securities, we will describe in the related

prospectus supplement the specific terms of the offered debt securities and related guarantees and the extent to which the general terms described in this section apply to such debt securities and guarantees.

The prospectus supplement relating to any series of debt securities will describe the specific terms of the debt securities offered thereby, including some or all of the following, as applicable:

the title of the series (which will distinguish the debt securities of that particular series from the debt securities of any other series but which may be part of a series of debt securities previously issued);

the price or prices (expressed as a percentage of the principal amount thereof) at which the debt securities of the series will be issued;

the denominations in which the debt securities of the series will be issuable if other than denominations of \$2,000 and any integral multiples of \$1,000 in excess thereof;

any addition to or change in the covenants (and related defined terms) set forth in the indenture that applies to debt securities of the series;

any other terms of the debt securities of the series.

The terms of any series of debt securities may vary from the terms described here. Thus, this summary also is subject to and qualified by reference to the description of the particular terms of the debt securities to be described in the applicable prospectus supplement.

Guarantees

The debt securities of any series may be guaranteed by one or more of our subsidiaries. However, the indenture will not require that any of our subsidiaries be a guarantor of any series of debt securities. As a result, a series of debt securities may not have any guarantors, and the guarantors of any series of guaranteed debt securities may differ from the guarantors of any other series of guaranteed debt securities. If the Company issues a series of guaranteed debt securities, the identity of the specific guarantors of the debt securities of that series will be identified in the applicable prospectus supplement.

If we issue a series of guaranteed debt securities, we will describe the particular terms of the guarantees of each such series in a prospectus supplement relating to that series, which we will file with the SEC. Unless otherwise provided in the prospectus supplement relating to a series of guaranteed debt securities, each guarantor of the debt securities of such series will unconditionally guarantee the due and punctual payment of the principal of, and premium, if any, and interest, if any, on each debt security of such series, all in accordance with the terms of such debt securities and the indenture.

The obligations of each guarantor under its guarantee will be limited as necessary to prevent that guarantee from constituting a fraudulent conveyance under applicable law.

Unless otherwise specified in the applicable prospectus supplement, a guarantor's guarantee will represent general, unsecured obligations of such guarantor and will rank equally with all other unsecured indebtedness of such guarantor. A guarantor's unsecured guarantee will be effectively subordinated to, and thus have a junior position to, any secured indebtedness a guarantor may have with respect to the assets securing that indebtedness.

The guarantee of a guarantor will effectively rank junior to all liabilities of such guarantor's subsidiaries that are not also guarantors (excluding any amounts owed by such subsidiaries to the guarantor). Claims of creditors of non-guarantor subsidiaries of a guarantor generally will have priority with respect to the assets and earnings of such subsidiaries over the claims of creditors of such guarantor, including holders of any debt securities.

Table of Contents

Accordingly, any guarantee will be effectively subordinated to creditors, including trade creditors and preferred stockholders, if any, of such subsidiaries.

If a guarantee were rendered void or voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable guarantor, and, depending on the amount of such indebtedness, a guarantor's liability on its guarantee could be reduced to zero.

The guarantee of a guarantor will be automatically and unconditionally released and discharged, without the consent of the holders of the debt securities, and no further action by us, any guarantor or the trustee shall be required for such release (unless we shall notify the trustee that no release and discharge shall occur as a result thereof) upon:

the sale or other disposition (including by way of consolidation or merger) of such guarantor to a person or entity other than us or any of our subsidiaries in a transaction or series of transactions not prohibited by the indenture;

the sale or other disposition of all or substantially all of the assets of such guarantor to a person or entity other than us or any of our subsidiaries in a transaction or series of transactions not prohibited by the indenture;

our exercise of our legal defeasance or covenant defeasance options under the indenture or the satisfaction and discharge of our obligations under the indenture in accordance with the terms of the indenture; or

such guarantor no longer being a guarantor under our primary bank credit facility, including by reason of the termination of our primary bank credit facility.

At any time after the issuance of the debt securities, including following any release of a guarantor from its guarantee, we will cause any of our subsidiaries that is a guarantor under our primary bank credit facility to execute and deliver to the trustee a supplemental indenture pursuant to which such subsidiary will guarantee payment of the notes on the same terms and conditions as those set forth in the indenture. Thereafter, such subsidiary shall be a guarantor for all purposes of the notes unless and until such guarantee is released in accordance with the provisions of the indenture.

Payment and paying agents

We will pay interest to holders listed in the trustee's records at the close of business on a particular day in advance of each due date for interest, even if such holders no longer own the debt security on the interest due date. We may choose to pay interest, principal and any other money due on the debt securities at the corporate trust office of the trustee. Payments in any other manner will be specified in the prospectus supplement.

We may also arrange for additional payment offices, and may cancel or change these offices, including our use of the trustee's corporate trust office. These offices are called paying agents. We may also choose to act as our own paying agent. We will notify the trustee of changes in the paying agents for any particular series of debt securities.

Merger, consolidation or sale of assets

Unless otherwise specified in the applicable prospectus supplement, neither we nor any guarantor will: (a) consolidate or merge with or into another person or (b) sell, assign, transfer, convey, lease or otherwise dispose of all or substantially all of its or its subsidiaries' properties or assets taken as a whole, in one or more related transactions, to another person, unless:

either: (i) we or such guarantor, as the case may be, are the surviving entity; or (ii) the person formed by or surviving any such consolidation or merger (if other than us or such guarantor, as the case may be) or to

Table of Contents

which such sale, assignment, transfer, conveyance, lease or other disposition has been made is a corporation, partnership or limited liability company organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

the person formed by or surviving any such consolidation or merger (if other than us or such guarantor, as the case may be) or to which such sale, assignment, transfer, conveyance, lease or other disposition has been made assumes all of our obligations or the obligations of such guarantor, as the case may be, under the debt securities and the indenture pursuant to a supplemental indenture or other agreements delivered to the trustee;

immediately after such transaction, no default or event of default exists (other than in the case of: (i) our merger, or the merger of such guarantor, as the case may be, with an affiliate solely for the purpose of reincorporating in another jurisdiction; or (ii) any consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of assets between or among us, the guarantors and our subsidiaries); and

we or such guarantor, as the case may be, shall have delivered, or cause to be delivered, to the trustee an officer's certificate and an opinion of counsel, each stating that such consolidation, merger, sale, transfer, conveyance, lease or other disposition complies with the requirements of the Indenture.

Notwithstanding the foregoing, such provisions with respect to limitations on consolidation, merger, conveyance or transfer on certain terms shall not apply to any guarantor if at such time such guarantor's guarantee has been released in accordance with the terms of the indenture.

Modification of the indenture

Unless otherwise specified in the applicable prospectus supplement, we and the trustee may amend or supplement the indenture or the debt securities of a series without the consent of any holder of debt securities:

to cure any ambiguity, defect or inconsistency, provided that no such action shall materially and adversely affect the interests of the holders;

to comply with the indenture's provisions regarding merger, consolidation or sale of assets;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

to provide for unregistered debt securities;

to make any change that does not materially and adversely affect the rights of any holder;

to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the TIA;

to establish the form or forms or terms of debt securities of any series or of the coupons appertaining to such debt securities as permitted by the indenture;

to add covenants for the benefit of the holders, to surrender any of our rights or the rights of any guarantor or to add circumstances under which we will pay additional interest on the debt securities;

to add any additional events of default;

to change or eliminate any of the provisions of the indenture; provided that any such change or elimination shall become effective only when there are no outstanding debt securities created prior to the execution of such amendment or supplemental indenture that are adversely affected in any material respect by such change in or elimination of such provision;

to secure our obligations under the debt securities and the indenture;

to evidence and provide for the acceptance of appointment under the indenture by a successor trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the indenture as may be necessary to provide for or facilitate the administration of the trusts under the indenture by more than one trustee; or

Table of Contents

to add any additional guarantors.

Unless otherwise specified in the applicable prospectus supplement, we and the trustee may, with the consent of the holders of a majority in aggregate principal amount of the debt securities of a series, voting as a single class, amend or supplement the indenture or the debt securities of a series or the rights of the holders of the debt securities of such series. Unless otherwise indicated for a particular series of debt securities by the applicable prospectus supplement establishing such series, without the consent of the holder of each security affected (whether in the aggregate holding a majority in principal amount of debt securities of such series or not), no amendment, supplemental indenture or waiver may be made that, as to any non-consenting holders:

reduces the percentage of principal amount of outstanding securities whose holders must consent to an amendment, supplemental indenture or waiver;

reduces the rate of interest on any debt security or changes the index or reduces the spread applicable to any floating rate securities;

reduces the principal amount of or premium, if any, on the securities or changes the stated maturity of any of the securities;

changes the place, manner or currency of payment of principal of, or premium, if any, or interest on the securities;

makes any change in the provisions of the indenture relating to seniority or subordination of any security that adversely affects the rights of any holder under such provisions;

reduces the principal amount of discount securities payable upon acceleration of the maturity thereof;

waives a default or event of default in the payment of the principal of or premium, if any, or interest on the securities (except a rescission of the declaration of acceleration of the securities of any series by the holders of a majority in principal amount of the outstanding securities of such series and a waiver of the payment default resulting from such declaration that has been rescinded);

makes any change in the provisions of the indenture relating to waivers of past defaults or the rights of holders of securities to receive payments of principal of or premium, if any, or interest on the securities or the right to institute suit for the enforcement of any such payments;

waives a payment with respect to any securities payable on redemption at our option or repurchase at the option of the holder thereof or changes any of the provisions with respect to the redemption or repurchase of any securities; or

makes any change in the amendment and waiver provisions of the indenture requiring the consent of the holder of each security affected thereby.

Events of default and remedies

Unless otherwise specified in the applicable prospectus supplement, the indenture provides that events of default regarding the debt securities of any series will be:

default for 30 days in the payment when due of interest on debt securities of that series;

default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on, the debt securities of that series;

failure by us to comply with any non-payment covenant in the indenture (other than a covenant that has been included in the indenture solely for the benefit of a series of debt securities other than that series) and such failure continues for the period and after the trustee notifies us, or the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding voting as a single class notify us and the trustee, of such default and we do not cure such default or such default is not waived within 90 days after the receipt of such notice;

Table of Contents

if any guarantee of such notes is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect, or such guarantor denies or disaffirms their obligations of such notes under the guarantee;

certain events of bankruptcy or insolvency described in the indenture with respect to us or any of our guarantors;
and

any other event of default provided with respect to debt securities of that series, which is specified in the applicable prospectus supplement.

If an event of default (other than pursuant to the bankruptcy or insolvency provisions of the indenture with respect to us) regarding debt securities of any series issued under the indenture should occur and be continuing, either the trustee or the holders of at least 25% in the principal amount (or, if such securities are discount securities, such portion of the principal amount as specified in the applicable prospectus supplement) of the then outstanding debt securities of such series may declare each debt security of that series due and payable immediately without further action or notice. If a bankruptcy or insolvency event occurs with respect to us, the debt securities of such series will immediately become due and payable without any declaration or other act on the part of the trustee or the holders of the debt securities of such series. The holders of a majority in principal amount of debt securities of such series may rescind any acceleration and its consequences (other than with respect to an event of default pursuant to the bankruptcy or insolvency provisions of the indenture with respect to us) if (1) the rescission would not conflict with any judgment or decree, (2) we have paid or deposited with the trustee a sum sufficient to pay in the currency in which the debt securities of that series are payable (A) all overdue interest, if any, on all outstanding debt securities of that series, (B) all unpaid principal of and premium, if any, any outstanding debt securities of that series which has become due otherwise than by such a declaration of acceleration, and interest on such unpaid principal or premium at the rate or rates prescribed therefor in such notes or, if no such rate or rates are so prescribed, at the rate borne by the debt securities during the period of such default, and (C) to the extent that payment of such interest is enforceable under applicable law, interest upon overdue interest to that date of such payment or deposit at the rate or rates prescribed therefor in such debt securities, or, if no such rate or rates are so prescribed, at the rate borne by the debt securities during the period of such default and (3) all existing events of default (other than for nonpayment of principal, premium, if any, or interest that has become due solely because of the acceleration) have been cured or waived.

The holders of a majority in aggregate principal amount of the then outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee under the indenture. The holders of a majority in aggregate principal amount of the then outstanding debt securities of any series also will be entitled to waive past defaults regarding such debt securities, except for a default in payment of principal of or premium, if any, or interest on such debt securities or in respect of a covenant or provision that cannot be modified or amended hereunder without the consent of the holder of each such debt security. The trustee generally may not be ordered or directed by any of the holders of debt securities to take any action unless one or more of the holders shall have offered to the trustee indemnity or security satisfactory to it. Prior to taking such actions, the trustee may refuse to take any action ordered by the holders if such action conflicts with law or the indenture, is unduly prejudicial to the rights of other holders or would involve the trustee in personal liability.

If the trustee collects any money in connection with an event of default regarding the debt securities of any series, the trustee may use any sums that it holds under the applicable indenture for its own reasonable compensation and expenses incurred prior to paying the holders of debt securities of such series.

Before any holder of any series of debt securities may institute action for any remedy, except payment on the holder's debt security when due, the holders of not less than 25% in principal amount of the debt securities of

Table of Contents

that series outstanding must request the trustee to take action. Holders must also offer and give the trustee security or indemnity satisfactory to it against liabilities incurred by the trustee for taking such action.

Legal defeasance and covenant defeasance

Unless otherwise specified in the applicable prospectus supplement, we may at any time elect to have all of our obligations and certain other provisions discharged with respect to the outstanding debt securities, or Legal Defeasance, except for the rights of holders of outstanding debt securities to receive payments in respect of the principal of or premium, if any, or interest on, such debt securities when such payments are due from the trust referred to below, certain other of our obligations and certain other rights of the trustee under the indenture.

In addition, we may at any time elect to have our obligations released with respect to certain covenants and thereafter any omission to comply with those covenants will not constitute a default or event of default with respect to the debt securities, or Covenant Defeasance. In the event Covenant Defeasance occurs, certain events described under Events of default and remedies (not including non-payment) will no longer constitute an event of default with respect to the debt securities.

In order to exercise either Legal Defeasance or Covenant Defeasance in respect of any series of debt securities, in addition to the satisfaction of other conditions, we must irrevocably deposit with the trustee for the benefit of the holders of such debt securities to be defeased money in amounts as will be sufficient to pay the principal of and premium, if any, and interest on the outstanding debt securities of such series on the stated date for payment thereof or on the applicable redemption date, as the case may be. In addition, we must deliver to the trustee an opinion of counsel and officer's certificate in connection with such defeasance, and we may not exercise such defeasance if certain defaults or events of default with respect to debt securities of such series have occurred and are continuing on the date of such deposit or if such defeasance would result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) to which we or any of our subsidiaries is a party or by which we or any of our subsidiaries is bound.

Satisfaction and discharge

Unless otherwise specified in the applicable prospectus supplement, the indenture will be discharged and will cease to be of further effect with respect to the debt securities of a particular series, when:

either:

- i all debt securities of such series that have been authenticated and, except for lost, stolen or destroyed debt securities of such series that have been replaced or paid and debt securities of such series for whose payment money has been deposited in trust or segregated and held in trust by us and thereafter repaid to us, have been delivered to the trustee for cancellation; or
- i all debt securities of such series that have not been delivered to the trustee for cancellation (1) have become due and payable, (2) will become due and payable at their stated maturity within one year or (3) if redeemable in accordance with the terms of such debt securities, are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in

our name, and at our expense;
and we have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders of debt securities of such series, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness (including all principal, premium, if any, and interest) on such series of debt securities not delivered to the trustee for cancellation (in the case of debt securities of such series that have become due and payable on or prior to the date of such deposit) or to the stated maturity or redemption date, as the case may be:

we have paid or caused to be paid all other sums payable by us under the indenture in respect of the debt securities of such series; and

Table of Contents

we have delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities at maturity or on the redemption date, as the case may be. In addition, we must deliver an officer's certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Subordination

If specified in the applicable prospectus supplement, the debt securities of a series may be subordinated, which we refer to as subordinated debt securities, to senior indebtedness (as defined in the applicable prospectus supplement) to the extent set forth in the prospectus supplement relating thereto. To the extent we conduct operations through subsidiaries, the holders of debt securities (whether or not subordinated debt securities) will be structurally subordinated to the creditors and any preferred equity holders of such subsidiaries.

Conversion and exchange rights

If specified in the applicable prospectus supplement, the debt securities of a series may be convertible into or exchangeable for common stock or other securities of us or another entity. We will describe in the applicable prospectus supplement, among other things, the conversion or exchange rate or price and any adjustments thereto, the conversion or exchange period or periods, provisions as to whether conversion or exchange will be mandatory, at our option or at the option of the holders of that series of debt securities, and provisions affecting conversion or exchange in the event of the redemption of that series of debt securities.

Reporting

Unless otherwise specified in the applicable prospectus supplement, the indenture will require us to provide the trustee with a copy of the reports, information and documents that we file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act within 15 days after we file the same with the SEC. Documents filed by us with the SEC via the EDGAR system will be deemed filed with the trustee as of the time such documents are filed via EDGAR. Delivery of such reports, information and documents to the trustee is for informational purposes only, and the trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including our compliance with any of the covenants under the indenture. We will also comply with Section 314(a) of the TIA.

Further issues

Unless specified otherwise with respect to a series of debt securities in a prospectus supplement, we may from time to time, without notice to or the consent of the registered holders of a series of debt securities, create and issue further debt securities of ranking equally with the debt securities of any series in all respects (or in all respects other than the payment of interest accruing prior to the issue date of such further debt securities or except for the first payment of interest following the issue date of such further debt securities). Such further debt securities may be consolidated and form a single series with, and have the same terms as to status or otherwise as, such previously issued debt securities, provided that, if any additional notes subsequently issued are not fungible for U.S. federal income tax purposes with any notes previously issued, such additional notes shall be issued under a separate CUSIP, ISIN and/or any other identifying number, but shall otherwise be treated as a single class with all other notes issued under the indenture.

Form, exchange, registration and transfer

The debt securities will be issued only in registered form. Debt securities of a series will either be global securities registered in book-entry form or definitive certificates registered in the name of the holders thereof. Procedures relating to global securities are described below under Book-entry procedures and settlement.

Table of Contents

Unless otherwise provided in the applicable prospectus supplement, debt securities denominated in United States dollars will be issued only in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The prospectus supplement relating to offered securities denominated in a foreign or composite currency will specify the denomination of the offered securities.

Debt securities represented by a paper certificate may be presented for exchange or transfer at the office of the registrar. Holders will not have to pay any service charge for any registration of transfer or exchange of their certificates, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with such registration of transfer.

Book-entry procedures and settlement

The debt securities initially will be issued in book-entry form only and represented by one or more global securities registered in the name of, and deposited with a custodian for, The Depository Trust Company, or DTC, or its nominee. DTC or its nominee will be the sole registered holder of the debt securities for all purposes under the indenture. Owners of beneficial interests in the debt securities represented by the global securities will hold their interests pursuant to the procedures and practices of DTC. As a result, beneficial interests in these securities will be shown on, and may only be transferred through, records maintained by DTC and its direct and indirect participants and any such interest may not be exchanged for certificated securities, except in limited circumstances. Owners of beneficial interests must exercise any rights in respect of their interests in accordance with the procedures and practices of DTC. Beneficial owners will not be holders and will not be entitled to any rights provided to the holders of debt securities under the global securities or the indenture. We and the trustee, and any of our respective agents, may treat DTC as the sole holder and registered owner of the global securities under the terms of the indenture.

Concerning the trustee

If the trustee becomes one of our creditors, it will be subject to limitations in the indenture on its rights to obtain payment of claims or to realize on some property received for any such claim, as security or otherwise. The trustee is permitted to engage in other transactions with us and our affiliates in the ordinary course of business. If, however, it acquires any conflicting interest, it must eliminate that conflict or resign.

The holders of a majority in principal amount of the then outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee.

Governing law

The debt securities and the indenture will be governed by, and construed in accordance, with the laws of the State of New York without regard to conflicts of laws principles thereof.

Plan of distribution

We may sell our securities in any one or more of the following ways from time to time: (i) through agents; (ii) to or through underwriters; (iii) through brokers or dealers; (iv) directly by us to purchasers, including through a specific bidding, auction or other process; or (v) through a combination of any of these methods of sale. The applicable prospectus supplement will contain the terms of the transaction, name or names of any underwriters, dealers, agents and the respective amounts of securities underwritten or purchased by them, the initial public offering price of the securities, and the applicable agent's commission, dealer's purchase price or underwriter's discount. Any dealers and agents participating in the distribution of the securities may be deemed to be underwriters, and compensation received by them on resale of the securities may be deemed to be underwriting discounts.

Any initial offering price, dealer purchase price, discount or commission may be changed from time to time.

The securities may be distributed from time to time in one or more transactions, at negotiated prices, at a fixed price or fixed prices (that may be subject to change), at market prices prevailing at the time of sale, at various prices determined at the time of sale or at prices related to prevailing market prices.

Offers to purchase securities may be solicited directly by us or by agents designated by us from time to time. Any such agent may be deemed to be an underwriter, as that term is defined in the Securities Act of 1933, as amended, or the Securities Act, of the securities so offered and sold.

If underwriters are utilized in the sale of any securities in respect of which this prospectus is being delivered, such securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at fixed public offering prices or at varying prices determined by the underwriters at the time of sale. Securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by one or more underwriters. If any underwriter or underwriters are utilized in the sale of securities, unless otherwise indicated in the applicable prospectus supplement, the obligations of the underwriters are subject to certain conditions precedent, and the underwriters will be obligated to purchase all such securities if they purchase any of them.

If a dealer is utilized in the sale of the securities in respect of which this prospectus is delivered, we will sell such securities to the dealer, as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale. Transactions through brokers or dealers may include block trades in which brokers or dealers will attempt to sell shares as agent but may position and resell as principal to facilitate the transaction or in cross trades, in which the same broker or dealer acts as agent on both sides of the trade. Any such dealer may be deemed to be an underwriter, as such term is defined in the Securities Act, of the securities so offered and sold.

Offers to purchase securities may be solicited directly by us and the sale thereof may be made by us directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale thereof.

Agents, underwriters and dealers may be entitled under relevant agreements with us to indemnification by us against certain liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which such agents, underwriters and dealers may be required to make in respect thereof. The terms and conditions of any indemnification or contribution will be described in the applicable prospectus supplement.

We may enter into derivative, sale or forward sale transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those transactions, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions and by issuing

Table of Contents

securities not covered by this prospectus but convertible into, exchangeable for or representing beneficial interests in securities covered by this prospectus, or the return of which is derived in whole or in part from the value of such securities. The third parties may use securities received under derivative, sale or forward sale transactions or securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those transactions to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement (or a post-effective amendment).

Underwriters, broker-dealers or agents may receive compensation in the form of commissions, discounts or concessions from us. Underwriters, broker-dealers or agents may also receive compensation from the purchasers of shares for whom they act as agents or to whom they sell as principals, or both. Compensation as to a particular underwriter, broker-dealer or agent will be in amounts to be negotiated in connection with transactions involving shares and might be in excess of customary commissions. In effecting sales, broker-dealers engaged by us may arrange for other broker-dealers to participate in the resales.

Any securities offered other than common stock will be a new issue and, other than the common stock, which is listed on the New York Stock Exchange, will have no established trading market. We may elect to list any series of securities on an exchange, and in the case of the common stock, on any additional exchange, but, unless otherwise specified in the applicable prospectus supplement, we shall not be obligated to do so. No assurance can be given as to the liquidity of the trading market for any of the securities.

Agents, underwriters and dealers may engage in transactions with, or perform services for, us or our subsidiaries in the ordinary course of business.

Any underwriter may engage in overallotment, stabilizing transactions, short covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Overallotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Short covering transactions involve purchases of the securities in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time. An underwriter may carry out these transactions on the New York Stock Exchange, in the over-the-counter market or otherwise.

The place and time of delivery for securities will be set forth in the accompanying prospectus supplement for such securities.

Legal matters

Unless we state otherwise in the applicable prospectus supplement, the validity of the securities being offered by this prospectus will be passed upon for us by Haynes and Boone, LLP, Dallas, Texas. Any underwriters or agents will be represented by their own legal counsel, who will be identified in the applicable prospectus supplement.

Trinity Industries, Inc. (the Company), Trinity Construction Materials, Inc., formerly Transit Mix Concrete & Materials Co. (TCM), Trinity Industries Leasing Company (TILC), Trinity Marine Products, Inc., formerly Trinity V, Inc. (TMP), Trinity North American Freight Car, Inc., formerly Thrall Trinity Freight Car, Inc. and Trinity North American Rail Car, Inc. (TNAFC), Trinity Structural Towers, Inc. (TST) and Trinity Tank Car, Inc. (TTC and, collectively with the Company, TCM, TILC, TMP, TNAFC and TST, the Delaware Corporate Registrants) are corporations incorporated under the laws of the state of Delaware. Section 145(a) of the Delaware General Corporation Law (the DGCL), among other things, provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (collectively, a Proceeding) (other than an action by or in the right of the corporation) by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise, against expenses (including attorneys fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by him or her in connection with such action, suit or proceeding if such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

Section 145(b) of the DGCL further provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person acted in any of the capacities set

forth above, against such expenses actually and reasonably incurred by him or her in connection with the defense or settlement of such action or suit if he or she acted under similar standards, except that no indemnification may be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnification for such expenses which the court shall deem proper.

Further, Section 145(c) of the DGCL provides that, to the extent a director or officer of a corporation has been successful on the merits or otherwise in the defense of any action, suit or proceeding referred to above or in the defense of any claim, issue or matter therein, he or she shall be indemnified against expenses (including attorneys fees) actually and reasonably incurred by him or her in connection therewith.

Table of Contents

Section 145(f) of the DGCL provides that the statutory provisions on indemnification are not exclusive of indemnification provided pursuant to, among other things, the bylaws or indemnification agreements. Each Delaware Corporate Registrant's Bylaws contains provisions regarding the indemnification of their respective directors and officers. Article VI of the Company's Bylaws and Article VIII of the Bylaws of TCM, TILC, TMP, TNAFC, TST and TTC provide for the indemnification of their respective officers and directors to substantially the same extent permitted by the DGCL.

The indemnification described above (unless ordered by a court) shall be paid by the Delaware Corporate Registrants unless a determination is made that indemnification of the director, officer, employee or agent is not proper in the circumstances because he or she has not met the applicable standard of conduct set forth above. This determination must be made:

- i by the board of directors of the Delaware Corporate Registrant by a majority vote of a quorum consisting of directors who were not parties to such Proceeding;
- i if such a quorum is not obtainable, or, even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion; or
- i by the Delaware Corporate Registrant's stockholders.

Article VI of the Company's Bylaws and Article VIII of the Bylaws of TCM, TILC, TMP, TNAFC, TST and TTC provide that costs, charges and expenses (including attorneys' fees) incurred by a person seeking indemnification under Article VI of the Company's Bylaws and Article VIII of the Bylaws of TCM, TILC, TMP, TNAFC, TST and TTC in defending a Proceeding shall be paid by the respective Delaware Corporate Registrant in advance of the final disposition of such Proceeding; provided, however, that the payment of such costs, charges and expenses incurred by a director or officer in his capacity as a director or officer (and not in any other capacity in which service was or is rendered by such person while a director or officer) in advance of the final disposition of such Proceeding shall be made only upon receipt of an undertaking by or on behalf of the director or officer to repay all amounts so advanced in the event that it shall ultimately be determined that such director or officer is not entitled to be indemnified by the respective Delaware Corporate Registrant. Such costs, charges and expenses incurred by other employees and agents may be so paid upon such terms and conditions, if any, as the Delaware Corporate Registrant's board of directors deems appropriate. The board of directors of the Delaware Corporate Registrants may, upon approval of such director, officer, employee or agent of a Delaware Corporate Registrant, authorize counsel for the respective Delaware Corporate Registrant to represent such person in any Proceeding, whether or not the Delaware Corporate Registrant is a party to such Proceeding.

Section 102(b)(7) of the DGCL permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, but excludes specifically liability for any:

- i breach of the director's duty of loyalty to the corporation or its stockholders;

- i acts or omissions not in good faith or involving intentional misconduct or a knowing violation of law;
- i payments of unlawful dividends or unlawful stock repurchases or redemptions; or
- i transactions from which the director derived an improper personal benefit.

The provision does not limit equitable remedies, such as an injunction or rescission for breach of a director's fiduciary duty of care.

The certificate of incorporation of each of the Delaware Corporate Registrants, other than TNAFC and TTC, contains a provision eliminating the personal liability of a director from breaches of fiduciary duty, subject to the exceptions described above.

Table of Contents

The Company entered into indemnity agreements with some of our directors and officers that establish contract rights to indemnification substantially similar to the rights to indemnification provided for in the Company's Bylaws.

ITEM 17. Undertakings

(a) The undersigned registrants hereby undertake:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

II-5

Table of Contents

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that:

Paragraphs (1)(i), (1)(ii) and (1)(iii) of this section do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrants pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining any liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrants pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrants under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrants undertake that in a primary offering of securities of the undersigned registrants pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrants will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrants relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrants or used or referred to by the undersigned registrants;

II-6

Table of Contents

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrants or its securities provided by or on behalf of the undersigned registrants; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrants to the purchaser.

(b) The undersigned registrants hereby undertake that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrants' annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants pursuant to the foregoing provisions, or otherwise, the registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrants will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(d) The undersigned registrants hereby undertake to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act, or the Act, in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.
