OUR COMPANY

Business Overview

AmTrust Financial Services, Inc. is a Delaware corporation that was acquired by its principal shareholders in 1998 and began trading on the NASDAQ Global Select Market on November 13, 2006. We underwrite and provide property and casualty insurance in the United States and internationally to niche customer groups that we believe are generally underserved within the broader insurance market.

Our business model focuses on achieving superior returns and profit growth with the careful management of risk. We pursue these goals through geographic and product diversification, as well as an in-depth understanding of our insured exposures. Our product mix includes, primarily, workers' compensation, extended warranty and other commercial property/casualty insurance products. Our workers' compensation and property/casualty insurance policyholders in the United States are generally small and middle market businesses. Our extended warranty customers are manufacturers, distributors and retailers of commercial and consumer products. We have also built a strong and growing distribution of extended warranty and specialty risk products, including liability and other property/casualty products, in Europe. The majority of our products are sold through independent third-party brokers, agents, retailers or administrators. Our strategy is to target small to middle size customer markets throughout the U.S. and Europe where our proprietary technology platform enables us to efficiently manage the high volume of policies and claims that result from serving large numbers of small policyholders and warranty contract holders. The technology we have developed offers a level of service that is a competitive advantage in these high volume, lower risk markets by enhancing our ability to service, underwrite and adjudicate claims. Additionally, our ability to maintain and analyze high volumes of loss data over a long historical period allows us to better manage and forecast the underlying risk inherent in the portfolio. Since our inception in 1998, we have grown both organically and through an opportunistic acquisition strategy. We believe we approach acquisitions conservatively, and our strategy is to take relatively modest integration and balance sheet risk. Our acquisition activity has involved the purchase of companies, renewal rights to established books of insurance portfolios, access to distribution networks and the hiring of established teams of underwriters with expertise in our specialty lines.

We are committed to driving long-term shareholder value and industry-leading returns on equity by continuing to execute on our lower risk, lower volatility business model and leveraging technology to help maintain a more efficient cost structure, consistently generate solid underwriting profits and ensure strong customer service and retention rates. Additionally, we are focused on further enhancing our economies of scale by opportunistically expanding our geographic reach and product set, growing our network of agents and other distributors, developing new client relationships and executing our acquisition strategy. We are also focused on maintaining our disciplined approach to capital management while maximizing an appropriate risk-adjusted return on our growing investment portfolio. We continue to carefully monitor and maintain appropriate levels of reserves and seek to minimize our reinsurance

recoverable exposure in order to maintain a strong balance sheet. We intend to expand our business and capital base to take advantage of profitable growth opportunities while

maintaining or improving our A.M. Best ratings. Our principal operating subsidiaries are rated A (Excellent) by A.M. Best Company (A.M. Best), which is the third highest of 16 rating levels.

Competition

The insurance industry, in general, is highly competitive and there is significant competition in the commercial business insurance sector. Competition in the insurance business is based on many factors, including coverage availability, claims management, safety services, payment terms, premium rates, policy terms, types of insurance offered, overall financial strength, financial ratings assigned by independent rating organizations, such as A.M. Best, and reputation. Some of the insurers with which we compete have significantly greater financial, marketing and management resources than we do. In the future, we may also compete with new market entrants. Our competitors include other insurance companies, state insurance pools and self-insurance funds. We generally target niche sectors and clients where the market is not as competitive as the broader market and where we have particular expertise and provide differentiated offerings compared to our competitors.

More than one hundred insurance companies participate in the workers' compensation market in the United States. The insurance companies with which we compete vary by state and by the industries we target. We believe our competitive advantages include our efficient underwriting and claims management practices and systems and our A.M. Best ratings of A (Excellent). In addition, we believe our lower processing costs allow us to competitively price our insurance products.

We believe the niche markets in the Specialty Risk and Extended Warranty sector in which we do business are less competitive than most other insurance sectors (including workers' compensation insurance). We believe our Specialty Risk and Extended Warranty teams are recognized for their knowledge and expertise in the targeted markets. Nonetheless, we face significant competition, including several internationally well-known insurers that have significantly greater financial, marketing and management resources and experience than we have. We believe that our competitive advantages include our ownership of a U.S. warranty provider, which enables us to directly administer the business, the ability to provide technical assistance to non-affiliate warranty providers, experienced underwriting, resourceful claims management practices and good relations with warranty administrators in the European Union, Asia and the United States.

Our Specialty Program segment employs a niche strategy of targeting smaller businesses, which helps to differentiate our offerings from those of our competitors. Most of our competing carriers pursue larger risks. We do not compete for high exposure business and underwrite lower hazard classes of business where service and execution are the basis for attracting and retaining business as opposed to providing the lowest price. Our competitive A.M. Best ratings and financial size allow us to compete favorably for target business.

Underwriting and Claims Management Philosophy

We believe that proactive and prompt claims management is essential to reducing losses and lowering loss adjustment expenses and enables us to more effectively and accurately measure reserves. To this end, we utilize our proprietary technology and extensive database of loss history in order to appropriately price and structure policies, maintain lower levels of loss, enhance our ability to accurately predict losses, and maintain lower claims costs than the industry as a whole. We believe a strong underwriting foundation is best accomplished through careful risk selection and continuous evaluation of underwriting guidelines relative to loss experience. We are committed to a consistent and thorough review of each new underwriting opportunity and our portfolio as a whole, and, where permissible and appropriate, we customize the terms, conditions and exclusions of our coverage in order to manage risk and enhance profitability.

Table of Contents**Business Segments**

We manage our business through three segments, Small Commercial Business, Specialty Risk and Extended Warranty and Specialty Program, which are based on the products we provide and the markets we serve.

The following table provides our gross written premium by segment for the nine months ended September 30, 2014 and 2013 and the years ended December 31, 2013, 2012 and 2011:

Total	\$ 4,628,317	\$ 3,058,673	\$ 4,116,911	\$ 2,749,326	\$ 2,150,472

Additional financial information regarding our segments is presented in our Annual Report on Form 10-K for the year ended December 31, 2013 and our Quarterly Report on Form 10-Q for the three months ended September 30, 2014, each of which is incorporated by reference herein. See [Where You Can Find More Information; Incorporation by Reference](#) in this prospectus supplement.

Distribution

We market our Small Commercial Business products and Specialty Risk and Extended Warranty products through unaffiliated third parties that typically charge us a commission. In the case of our Specialty Risk and Extended Warranty segment, in lieu of a commission, these third parties often charge an administrative fee, based on the policy amount, to the manufacturer or retailer that offers the extended warranty or accidental damage coverage plan. Accordingly, the success of our business is dependent upon our ability to motivate these third parties to sell our products and support them in their sales efforts. The Specialty Program business is distributed through a limited number of qualified general and wholesale agents who charge us a commission. We restrict our agent network to experienced, professional agents that have the requisite licensing to conduct business with us. We incentivize the sales organizations through profit sharing arrangements to assure the profitability of the business written.

Acquisitions and Strategic Investments

We have grown at an above-industry average rate through a combination of organic growth and strategic acquisitions of other companies or selected books of businesses. We have balanced our opportunistic acquisition strategy with a conservative approach to risk. We will continue to evaluate the acquisition of companies, distribution networks and renewal rights, and other alternative types of transactions as they present themselves. We seek transactions that we believe can be accretive to earnings and return on equity.

For a more detailed description of our major acquisition and strategic investment activity during 2012 and 2013, and our investment in National General Holdings Corp., see [Item 1. Business Acquisitions and Strategic Investments](#) and [Item 13. Certain Relationships and Related Transactions, and Director Independence](#) in our Annual Report on

Geographic Diversity

Our insurance subsidiaries domiciled in the United States are collectively licensed to provide workers' compensation insurance and commercial property and casualty insurance, including service contract reimbursement coverages related to our Specialty Risk and Extended Warranty segment, in 50 states, the District of Columbia and Puerto Rico, and in the year ended December 31, 2013, we wrote commercial property and casualty in 49 states and the District of Columbia.

Through our insurance subsidiaries, we are licensed to provide specialty risk and extended warranty coverage in 50 states and the District of Columbia, and in Ireland and the United Kingdom, and pursuant to European Union law, certain other European Union member states.

Based on coverage plans written or renewed in 2013, 2012 and 2011, the European Union accounted for approximately 72%, 72% and 68%, respectively, of our Specialty Risk and Extended Warranty business and in 2013, the United Kingdom, Italy and France accounted for approximately 43%, 26% and 6%, respectively, of our European Specialty Risk and Extended Warranty business.

Reinsurance

We believe reinsurance is a valuable tool to appropriately manage the risk inherent in our insurance portfolio as well as to enable us to reduce earnings volatility and generate stronger returns. We also utilize reinsurance agreements to increase our capacity to write a greater amount of profitable business. Our insurance subsidiaries utilize reinsurance agreements to transfer portions of the underlying risk of the business we write to various affiliated and third-party reinsurance companies. Reinsurance does not discharge or diminish our obligation to pay claims covered by the insurance policies we issue; however, it does permit us to recover certain incurred losses from our reinsurers and our reinsurance recoveries reduce the maximum loss that we may incur as a result of a covered loss event.

The total amount, cost and limits relating to the reinsurance coverage we purchase may vary from year to year based upon a variety of factors, including the availability of quality reinsurance at an acceptable price and the level of risk that we choose to retain for our own account. For a more detailed description of our reinsurance arrangements, including our quota share reinsurance agreement with Maiden Insurance Company Ltd., see Reinsurance in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations and Item 13. Certain Relationships and Related Transactions, and Director Independence in our Annual Report on Form 10-K for the year ended December 31, 2013 and in Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations in our Quarterly Report on Form 10-Q for the three months ended September 30, 2014, each of which is incorporated by reference herein.

Ratings

Our principal insurance subsidiaries are each rated A (Excellent) by A.M. Best. An A rating is the third highest of the 16 categories used by A.M. Best, and is assigned to companies that have, in A.M. Best's opinion, an excellent ability to meet their ongoing obligations to policyholders. Many insurance buyers, agents and brokers use the ratings assigned by A.M. Best and other agencies to assist them in assessing the financial strength and overall quality of the companies from which they are considering purchasing insurance.

These ratings were derived from an in-depth evaluation of these subsidiaries' balance sheet strengths, operating performances and business profiles. A.M. Best evaluates, among other factors, the company's capitalization, underwriting leverage, financial leverage, asset leverage, capital structure, quality and appropriateness of reinsurance,

adequacy of reserves, quality and diversification of assets, liquidity, profitability, spread of risk, revenue composition, market position, management, market risk and event risk. A.M. Best ratings are intended to provide an independent opinion of an insurer's ability to meet its obligations to policyholders and are not an evaluation directed at investors.

- (1) Results for a number of periods were affected by our various acquisitions from 2009 to September 30, 2014 and certain reclassifications.
- (2) Acquisition costs and other underwriting expenses include policy acquisition expenses, commissions paid directly to producers, premium taxes and assessments, salary and benefits and other insurance general and administrative expenses which represent other costs that are directly attributable to insurance activities. These costs and expenses are reduced by ceding commission earned through external reinsurance agreements.
- (3) Other operating expenses are those expenses including non-cash amortization of tangible and intangible assets, and non-insurance revenue generating activities in which we engage.
- (4) We completed our acquisition accounting for the purchase of Sequoia Insurance Company and Mutual Insurers Holding Company in 2014. As such, we retrospectively reduced the gain on acquisition by \$8,637 from \$57,352 to \$48,715 for the nine months ended September 30, 2013 and the year ended December 31, 2013. The adjustment related to acquired deferred tax assets and liabilities.
- (5) We declared a 10% stock dividend in 2013. All prior period share amounts and earnings per share amounts have been adjusted.
- (6) Net loss ratio is calculated by dividing the loss and loss adjustment expense by net premiums earned.
- (7) Net expense ratio is calculated by dividing the total of acquisition costs and other underwriting expenses less ceding commission earned by net premiums earned.
- (8) Net combined ratio is calculated by adding net loss ratio and net expense ratio together.
- (9) Return on equity is calculated by dividing net income by the average shareholders' equity for the period.

DIVIDEND POLICY

Our board of directors has historically declared the payment of quarterly cash dividends. Any determination to pay cash dividends will be at the discretion of the board of directors and will be dependent upon our results of operations and cash flows, our financial position and capital requirements.

We are a holding company that transacts business through our operating subsidiaries. Our primary assets are the capital stock of these operating subsidiaries. Payments from our insurance subsidiaries pursuant to management agreements and tax sharing agreements, as well as fee income we generate from providing services to third parties, are our primary source of funds to pay our direct expenses. We anticipate that such payments, together with dividends paid to us by our subsidiaries, will continue to be the primary source of funds. Our ability to pay dividends to our stockholders largely depends upon the surplus and earnings of our subsidiaries and their ability to pay dividends to us. Payment of dividends by our insurance subsidiaries is regulated by insurance laws of various states, and the laws of certain foreign countries in which we do business, including laws establishing minimum solvency and liquidity thresholds. In addition, the terms of our revolving credit facility and outstanding debt limit, in the event of certain circumstances, our ability to pay dividends on our common stock, and future borrowings may include prohibitions and restrictions on dividends. As a result, at times, we may not be able to receive dividends from our insurance subsidiaries and may not receive dividends in amounts necessary to pay dividends on our capital stock. As of December 31, 2013, our insurance subsidiaries could pay dividends to us of \$473 million without prior regulatory approval. Any dividends paid by our subsidiaries would reduce their surplus. During 2013, our insurance subsidiaries paid us dividends of \$6.9 million.

Table of Contents**CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS**

The following discussion summarizes the material U.S. federal income tax consequences applicable to U.S. holders and non-U.S. holders (each as defined below) with respect to the purchase, ownership and disposition of shares of our common stock. This summary is based upon current provisions of the Internal Revenue Code of 1986, as amended from time to time (the Code), Treasury regulations and judicial and administrative authority, all of which are subject to differing interpretations or change, possibly with retroactive effect. This summary is limited to investors who will hold shares of our common stock as capital assets and does not discuss all aspects of U.S. federal income taxation that may be important to particular investors in light of their individual circumstances. This discussion does not address the tax consequences to investors who are subject to special tax rules, such as banks and other financial institutions, insurance companies, governments and governmental entities, broker-dealers, partnerships and their partners, tax-exempt organizations, investors that will hold the common stock as part of a straddle, hedge, conversion, constructive sale, or other integrated security transaction for U.S. federal income tax purposes, U.S. expatriates, or U.S. holders that have a functional currency that is not the U.S. dollar, all of whom may be subject to tax rules that differ significantly from those summarized below. In addition, this summary does not address any alternative minimum tax consequences or any state, local or non-U.S. tax consequences. Each prospective investor is urged to consult its own tax advisors regarding the U.S. federal, state, local, and non-U.S. income and other tax considerations of the purchase, ownership, and disposition of shares of our common stock.

For purposes of this summary, you are a U.S. holder if you are a beneficial owner of shares of our common stock and you are for U.S. federal income tax purposes (i) an individual citizen or resident of the United States, (ii) a corporation created or organized in the United States or under the laws of the United States, any state thereof or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source, or (iv) a trust if it (A) is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (B) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person. You are a non-U.S. holder if you are a beneficial owner of shares of our common stock that is an individual, corporation, estate or trust that is not a U.S. holder.

If a partnership (including any other entity treated as a partnership for U.S. federal income tax purposes) is a holder of shares of our common stock, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership. If you are a partnership or a partner of a partnership holding shares of our common stock, you should consult your own tax advisors as to the particular U.S. federal income tax consequences of the purchase, ownership and disposition of shares of our common stock.

U.S. Holders

Distributions on the Common Stock. In general, if distributions are made with respect to shares of our common stock, the distributions will be treated as dividends to the extent of our current and accumulated earnings and profits as determined for U.S. federal income tax purposes. Any portion of a distribution in excess of our current and accumulated earnings and profits is treated first as a nontaxable return of capital reducing your tax basis in the shares of our common stock. Any amount in excess of your tax basis is treated as capital gain, the tax treatment of which is discussed below under **Sale or Exchange of the Common Stock.**

Dividends received by individual U.S. holders of shares of our common stock will generally be subject to a reduced maximum tax rate of 20% if such dividends are treated as qualified dividend income for U.S. federal income tax purposes. The rate reduction does not apply to dividends that are paid to individual stockholders with respect to shares of our common stock that are held for 60 days or less during the 121-day period beginning on the date which is

60 days before the date on which the shares of our common stock become ex-dividend. Furthermore, the rate reduction does not apply to dividends received to the extent that an individual holder elects to treat the dividends as investment income for purposes of determining the holder's limit for the deduction of investment interest under Section 163(d) of the Code.

S-15

Table of Contents

Dividends received by corporate holders of shares of our common stock may be eligible for a dividends received deduction equal to 70% of the amount of the distribution, subject to applicable limitations, including limitations related to debt-financed portfolio stock under Section 246A of the Code and to the holding period requirements of Section 246 of the Code. In addition, any amount received by a corporate holder that is treated as a dividend may, depending on the circumstances, constitute an extraordinary dividend subject to the provisions of Section 1059 of the Code (except as may otherwise be provided in Treasury regulations yet to be promulgated). Under Section 1059, a corporate holder that has held shares of our common stock for two years or less before the dividend announcement date generally must reduce the tax basis of all of the holder's shares of our common stock (but not below zero) by the nontaxed portion of any extraordinary dividend and, if the nontaxed portion exceeds the holder's tax basis for the shares of our common stock, must treat any excess as gain from the sale or exchange of the shares of our common stock in the year the payment is received. Individual holders of shares of our common stock that receive any extraordinary dividends that are treated as qualified dividend income (as discussed above) will be required to treat any losses on the sale of such shares of our common stock as long-term capital losses to the extent of such dividends. We strongly encourage you to consult your own tax advisor regarding the extent, if any, to which these provisions may apply to you in light of your particular facts and circumstances.

Sale or Exchange of the Common Stock. On the sale or exchange of shares of our common stock, you generally will realize capital gain or loss in an amount equal to the difference between (a) the amount of cash and the fair market value of any property you receive on the sale and (b) your tax basis in the shares of our common stock. We strongly encourage you to consult your own tax advisors regarding applicable rates, holding periods and netting rules for capital gains and losses in light of your particular facts and circumstances. Certain limitations exist on the deduction of capital losses by both corporate and non-corporate taxpayers.

Medicare Tax. A U.S. holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will be subject to a 3.8% tax on the lesser of (1) the U.S. holder's net investment income (or undistributed net investment income in the case of an estate or trust) for the relevant taxable year and (2) the excess of the U.S. holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). A U.S. holder's net investment income will generally include its dividend income and its net gains from the disposition of shares of our common stock, unless such dividends or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. holder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the common stock.

Information Reporting and Backup Withholding. Information reporting will generally apply to noncorporate U.S. holders with respect to payments of dividends on shares of our common stock and to certain payments of proceeds on the sale or other disposition of shares of our common stock. Certain noncorporate U.S. holders may be subject to U.S. backup withholding (at a rate of 28%) on payments of dividends on shares of our common stock and certain payments of proceeds on the sale or other disposition of shares of our common stock unless the beneficial owner of the shares of our common stock furnishes the payor or its agent with a taxpayer identification number, certified under penalties of perjury, and certain other information, or otherwise establishes, in the manner prescribed by law, an exemption from backup withholding.

U.S. backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a credit against a U.S. holder's U.S. federal income tax liability, which may entitle the U.S. holder to a refund, provided the U.S. holder timely furnishes the required information to the Internal Revenue Service (the IRS).

Table of Contents**Non-U.S. Holders**

Distributions on the Common Stock. Distributions treated as dividends (as described above under U.S. Holders Distributions on the Common Stock) paid to a non-U.S. holder of shares of our common stock will generally be subject to withholding of U.S. federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty. However, distributions that are effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States are not subject to the withholding tax, provided certain certification and disclosure requirements are satisfied. Instead, such distributions are subject to U.S. federal income tax on a net income basis in the same manner as if the non-U.S. holder were a United States person as defined under the Code, unless an applicable income tax treaty provides otherwise. Any such effectively connected dividends received by a foreign corporation may be subject to an additional branch profits tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

For purposes of obtaining a reduced rate of withholding under an income tax treaty or an exemption from withholding for dividends effectively connected to a U.S. trade or business, a non-U.S. holder will generally be required to provide a U.S. taxpayer identification number as well as certain information concerning the holder's country of residence and entitlement to tax benefits. A non-U.S. holder can generally meet the certification requirements by providing a properly executed IRS Form W-8BEN or W-8BEN-E (if the holder is claiming the benefits of an income tax treaty) or Form W-8ECI (if the dividends are effectively connected with a trade or business in the United States) or suitable substitute form.

Sale or Exchange of the Common Stock. A non-U.S. holder generally will not be subject to U.S. federal income or withholding tax on gain realized on the sale, exchange, or other disposition of shares of our common stock except for (i) certain non-resident alien individuals that are present in the United States for 183 or more days in the taxable year of the sale or disposition, (ii) gain that is effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (and, if a tax treaty applies, is attributable to a permanent establishment maintained by the non-U.S. holder in the United States), (iii) non-U.S. holders that are subject to tax pursuant to certain provisions of U.S. federal income tax law applicable to certain expatriates, and (iv) gain if we are or have been a United States real property holding corporation for U.S. federal income tax purposes.

Gain that is treated as effectively connected with a trade or business within the United States will be subject to U.S. federal income tax on a net income basis in the same manner as if the non-U.S. holder were a United States person as defined under the Code, unless an applicable income tax treaty provides otherwise. Any such effectively connected gain realized by a foreign corporation may be subject to an additional branch profits tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

We would not be treated as a United States real property holding corporation if less than 50% of our assets throughout a prescribed testing period consist of interests in real property located within the United States, excluding, for this purpose, interest in real property solely in a capacity as a creditor. We believe that we are not currently and do not anticipate becoming a United States real property holding corporation for U.S. federal income tax purposes.

Information Reporting and Backup Withholding. Information returns will be filed with the IRS reporting payments of dividends on shares of our common stock and the amount of tax, if any, withheld with respect to those payments. Copies of information returns reporting such dividends and withholding may also be made available to the tax authorities in the country in which a non-U.S. holder resides under the provisions of an applicable income tax treaty. Unless the non-U.S. holder complies with certification procedures to establish that it is not a U.S. person, information returns may be filed with the IRS in connection with the proceeds from a sale or other disposition of shares of our common stock and the non-U.S. holder may be subject to U.S. backup withholding on dividend payments on shares of

our common stock or on the proceeds from a sale or other disposition of shares of our common stock. Satisfaction of the certification procedures required to claim a reduced rate of or exemption from withholding under the rules described above in the section titled

S-17

Table of Contents

Distributions on the Common Stock will satisfy the certification requirements necessary to avoid backup withholding as well. The amount of any backup withholding from a payment to a non-U.S. holder will be allowed as a credit against such holder's U.S. federal income tax liability and may entitle such holder to a refund, provided that the required information is timely furnished to the IRS. Non-U.S. holders are urged to consult their own tax advisors regarding the application of backup withholding in their particular circumstances and the availability of and procedure for obtaining an exemption from backup withholding under current Treasury regulations.

Additional Withholding Tax Relating to Foreign Accounts. Withholding taxes may apply to certain types of payments made to foreign financial institutions (as specially defined in the Code) and certain other non-United States entities. Specifically, a 30% withholding tax may be imposed on dividends on, and gross proceeds from the sale or other disposition of, shares of our common stock paid to a foreign financial institution or to a nonfinancial foreign entity (including any intermediaries through which such shares of our common stock are held), unless (1) the foreign financial institution and the intermediary, as applicable, undertake certain diligence and reporting, (2) the nonfinancial foreign entity either certifies that it does not have any substantial United States owners or furnish identifying information regarding each substantial United States owner, or (3) the foreign financial institution or non-financial foreign entity and the intermediary, as applicable, otherwise qualifies for an exemption from these rules. If the payee, including an intermediary, is a foreign financial institution and is subject to the diligence and reporting requirements in clause (1) above, it must enter into an agreement with the U.S. Treasury requiring, among other things, that it undertake to identify accounts held by certain U.S. persons or U.S.-owned foreign entities, annually report certain information about such accounts, and withhold 30% on payments to noncompliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have entered into an intergovernmental agreement with the United States governing these withholding taxes and reporting requirements may be subject to different rules. Final Treasury regulations provide that the withholding provisions described above will generally currently apply to payments of dividends and will apply to payments of gross proceeds from a sale or other disposition of shares of our common stock on or after January 1, 2017.

The preceding discussion of certain U.S. federal income tax consequences is for general information only and is not tax advice. Accordingly, each investor should consult its own tax advisor as to particular tax consequences to it of purchasing, holding and disposing of shares of our common stock, including the applicability and effect of any state, local or foreign tax laws, and of any pending or subsequent changes in applicable laws.

CERTAIN ERISA CONSIDERATIONS

The Employee Retirement Income Security Act of 1974, as amended (ERISA), and Section 4975 of the Code, prohibit certain transactions (prohibited transactions) involving the assets of (i) an employee benefit plan that is subject to the prohibited transaction provisions of Title I of ERISA or Section 4975 of the Code (including individual retirement accounts, Keogh plans and other plans described in Section 4975(e)(1) of the Code) and (ii) entities whose underlying assets are considered to include plan assets of any such plan, account or arrangement (each of the foregoing described in clauses (i) and (ii) being referred to herein as a Plan) and certain persons who are parties in interest (within the meaning of ERISA) or disqualified persons (within the meaning of the Code) with respect to the Plan.

We, the underwriter and certain of our respective affiliates may be considered a party in interest or a disqualified person with respect to many Plans, and, accordingly, prohibited transactions may arise if common stock are acquired by or on behalf of a Plan unless the common stock are acquired and held pursuant to an available exemption, of which there are many. In this regard the U.S. Department of Labor has issued prohibited transaction class exemptions that may apply to the acquisition of the common stock. These exemptions include transactions effected on behalf of a Plan by a qualified professional asset manager (prohibited transaction exemption 84-14) or an in-house asset manager (prohibited transaction exemption 96-23), transactions involving insurance company general accounts (prohibited transaction exemption 95-60), transactions involving insurance company pooled separate accounts (prohibited transaction exemption 90-1), and transactions involving bank collective investment funds (prohibited transaction exemption 91-38). In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provide relief from the prohibited transaction provisions of ERISA and Section 4975 of the Code for certain transactions, provided that neither the issuer of the securities nor any of its affiliates (directly or indirectly) have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any Plan involved in the transaction and provided further that the Plan receives no less and pays no more than adequate consideration (within the meaning of Section 408(b)(17) of ERISA and Section 4975(f)(10) of the Code). There can be no assurance that all of the conditions of any such exemptions will be satisfied.

Governmental plans, certain church plans and non-U.S. plans may not be subject to the prohibited transaction provisions of ERISA or the Code but may be subject to similar laws (Similar Laws). Fiduciaries of any such plans should consult with counsel before acquisition or ownership of our common stock.

Because of the foregoing, the person making the decision on behalf of a Plan or a governmental, church or foreign plan will be deemed, by purchasing the common stock, to represent on behalf of itself and the plan that the purchase of the common stock will not result in a non-exempt prohibited transaction under ERISA or Section 4975 of the Code or any applicable Similar Law.

The foregoing discussion is general in nature and is not intended to be all inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries, or other persons considering the acquisition or ownership of our common stock on behalf of, or with the assets of, any Plan, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such investment and whether an exemption would be applicable to the acquisition or ownership of our common stock.

UNDERWRITING

Under the terms and subject to the conditions in an underwriting agreement dated the date of this prospectus supplement, Morgan Stanley & Co. LLC, as the sole underwriter, has agreed to purchase, and we have agreed to sell, 3,000,000 shares of our common stock.

The underwriting agreement provides that the obligations of the underwriter to pay for and accept delivery of the shares of common stock offered by this prospectus supplement are subject to the approval of certain legal matters by its counsel and to certain other conditions. The underwriter is obligated to take and pay for all of the shares of common stock offered by this prospectus supplement if any such shares are taken.

The underwriter proposes to offer our shares of common stock from time to time for sale in one or more transactions on the NASDAQ Global Select Market, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices, subject to receipt and acceptance by it and subject to its right to reject any order in whole or in part. The underwriter may effect such transactions by selling our shares of common stock to or through dealers, and such dealers may receive compensation in the form of discounts or commissions from the underwriter and/or purchasers of our shares of common stock for whom they may act as agents or to whom they may sell as principals. The difference between the price at which the underwriter purchases shares of common stock and the price at which the underwriter resells such shares of common stock may be deemed underwriting compensation.

The underwriter has agreed to purchase 3,000,000 shares of our common stock at a price of \$50.00 per share. We have granted to the underwriter an option, exercisable for 30 days from the date of this prospectus supplement, to purchase up to 450,000 additional shares of our common stock at the purchase price stated above. The underwriter may exercise this option solely for the purpose of covering over-allotments, if any, made in connection with the offering of shares of common stock offered by this prospectus supplement. The offering will result in us receiving approximately \$150,000,000 of proceeds before expenses, or \$172,500,000 of proceeds before expenses if the over-allotment option is exercised in full.

The estimated offering expenses payable by us are approximately \$250,000.

We have agreed with the underwriter, subject to certain exceptions, not to offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, lend, or otherwise transfer or dispose of, directly or indirectly, any shares of our common stock or any other securities convertible into or exercisable or exchangeable for our common stock (other than pursuant to employee stock option plans existing on the date hereof, or upon the conversion or exchange of convertible or exchangeable securities issued pursuant to such employee stock plans or outstanding as of the date of this prospectus supplement), during the period from the date of this prospectus supplement continuing through the date that is 45 days from the date of this prospectus supplement, without the prior written consent of the underwriter. This agreement does not apply to any existing employee benefit plans.

Our executive officers and directors have agreed with the underwriter, subject to certain exceptions, not to offer, sell, contract to sell, pledge, grant any option to purchase, make any short sale or otherwise dispose of or hedge any of their shares of our common stock or any options or warrants to purchase any shares of our common stock or any securities convertible into or exchangeable for or that represent the right to receive shares of our common stock during the period from the date of this prospectus supplement continuing through the date that is 45 days from the date of this prospectus supplement, except with the prior written consent of the underwriter. The foregoing restrictions shall not apply to (i) transfers as bona fide gifts, provided that each donee agrees to be bound in writing by the restrictions of

the lock-up agreement, (ii) to any trust for the direct or indirect benefit of the individual subject to the agreement or his or her immediate family, provided that the trustee of the trust agrees to be bound in writing by the restrictions of the lock-up agreement, and provided further that such transfer

under (i) and (ii) will not involve a disposition for value, (iii) transfers pursuant to 10b5-1 plans, (iv) dispositions from any grantor retained annuity trust; provided that the transferee agrees to be bound in writing by the restrictions of the lock-up agreement, (v) distributions to shareholders, partners or members of any such individual, provided that such shareholders, partners or members agree to be bound in writing by the restrictions of the lock-up agreement, (vi) transfers required pursuant to the Company's 2010 Omnibus Incentive Plan in order to reimburse or pay U.S. federal income tax and withholding obligations in connection with vesting of restricted stock or restricted stock unit grants, (vii) transfers made to collateralize any loan, provided that the lender agrees in writing to be bound by the restrictions set forth in the lock-up agreement, or (viii) with the prior written consent of the underwriter. For purposes of this paragraph, immediate family means any relationship by blood, marriage or adoption, not more remote than first cousin.

Our common stock is listed on the NASDAQ Global Select Market under the trading symbol **AFSI**.

In order to facilitate the offering of the common stock, the underwriter may engage in transactions that stabilize, maintain or otherwise affect the price of the common stock. Specifically, the underwriter may sell more shares than it is obligated to purchase under the underwriting agreement, creating a short position. A short position may involve either covered short sales or naked short sales. Covered short sales are sales made in an amount not greater than the number of shares available for purchase by the underwriter under the over-allotment option. The underwriter may close out a covered short position by exercising the over-allotment option or purchasing shares in the open market. In determining the source of shares to close out a covered short position, the underwriter will consider, among other things, the open market price of shares compared to the price available under the over-allotment option. Naked short sales are sales in excess of the over-allotment option. The underwriter must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriter is concerned that there may be downward pressure on the price of the common stock in the open market after pricing that could adversely affect investors who purchase in this offering. As an additional means of facilitating this offering, the underwriter may bid for, and purchase, shares of common stock in the open market to stabilize the price of the common stock. These activities may raise or maintain the market price of the common stock above independent market levels or prevent or retard a decline in the market price of the common stock. The underwriter is not required to engage in these activities and may end any of these activities at any time.

We have agreed with the underwriter to indemnify each other against certain liabilities, including liabilities under the Securities Act, or to contribute to payments that the other party may be required to make in respect of those liabilities.

The underwriter and its affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. The underwriter and its affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the issuer, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the underwriter and its affiliates may make or hold a broad array of investments, including serving as counterparties to certain derivative and hedging arrangements, and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the issuer. The underwriter and its affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

You should read this prospectus and the applicable prospectus supplement together with the additional information described under the headings *Where You Can Find More Information* and *Incorporation of Certain Information by Reference* in this prospectus in their entirety.

The registration statement that contains this prospectus, and the exhibits to the registration statement, contain additional information about us and the securities that we may offer under this prospectus. RISK FACTORS

Investing in our securities involves risk. You should carefully consider and evaluate all of the information included and incorporated by reference in this prospectus, including the risk factors incorporated by reference from our most recent Annual Report on Form 10-K, as updated by our Quarterly Reports on Form 10-Q and other SEC filings, before investing in these securities. We may include additional risk factors in a prospectus supplement relating to an offering of a particular series of securities. Before making an investment decision, you should carefully consider these risks as well as other information we include or incorporate by reference into this prospectus. These risks could materially affect our business, results of operations or financial condition and cause the value of our securities to decline.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus, any prospectus supplement and the documents incorporated by reference herein and therein contain certain forward-looking statements within the meaning of Private Securities Litigation Reform Act of 1995 that are intended to be covered by the safe harbors created thereby. When we use words such as believe, expect, predict, estimate, intend, plan, project, seek, potential, possible, could, might, may, should, will, will likely result or similar expressions, we do so to identify forward-looking statements. Examples of forward-looking statements include the plans and objectives of management for future operations, including those relating to future growth of our business activities and availability of funds, and are based on current expectations that involve assumptions that are difficult or impossible to predict accurately, many of which are beyond our control. There can be no assurance that actual developments will be those anticipated by us. In light of the risks and uncertainties inherent in all forward-looking statements, the inclusion or incorporation by reference of such statements in this prospectus should not be considered as a representation by us or any other person that our objectives or plans or other matters described in any forward-looking statement will be achieved. Actual results may differ materially from those expressed or implied in these statements as a result of significant risks and uncertainties, including, but not limited to, non-receipt of expected payments from insureds or reinsurers, changes in interest rates, a downgrade in the financial strength ratings of our insurance subsidiaries, the effect of the performance of financial markets on our investment portfolio, our estimates of the fair value of our life settlement contracts, development of claims and the effect on loss reserves, accuracy in projecting loss reserves, the cost and availability of reinsurance coverage, the effects of emerging claim and coverage issues, changes in the demand for our products, our degree of success in integrating acquired businesses, the effect of general economic conditions, state and federal legislation, regulations and regulatory investigations into industry practices, risks associated with conducting business outside the United States, developments relating to existing agreements, disruptions to our business relationships with Maiden Holdings, Ltd., National General Holding Corp., or third party agencies and warranty administrators, difficulties with technology or breaches in data security, heightened competition, changes in pricing environments, and changes in asset valuations. Additional information about these risks and uncertainties, as well as others that may cause actual results to differ materially from those projected, will be discussed in our Forms 10-K, 10-Q and 8-K incorporated by reference herein and in prospectus supplements and other offering materials.

The projections and statements in this prospectus speak only as of the date of this prospectus, and we undertake no obligation to update or revise publicly any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law, and all subsequent written and oral forward-looking statements attributable to us or individuals acting on our behalf are expressly qualified in their entirety by this paragraph. If one or more risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, our actual results may vary materially from what we projected. Any forward-looking statements included or incorporated by reference in this prospectus reflect our current view with respect to future events and are subject to these and other risks, uncertainties and assumptions relating to our operations, results of operations, growth, strategy and liquidity. Readers are cautioned not to place undue reliance on the forward-looking statements which speak only as of the dates

of the documents in which such statements were made.

AMTRUST FINANCIAL SERVICES, INC.

We underwrite and provide property and casualty insurance in the United States and internationally to niche customer groups that we believe are generally underserved by larger insurance carriers within the broader insurance market.

Our business model focuses on achieving superior returns and profit growth with the careful management of risk. We pursue these goals through geographic and product diversification, as well as an in-depth understanding of our insured exposures. Our product mix includes, primarily, workers' compensation, extended warranty and other commercial property/casualty insurance products. Our workers' compensation and property/casualty insurance policyholders in the United States are generally small and middle market businesses. Our extended warranty customers are manufacturers, distributors and retailers of commercial and consumer products. We have also built a strong and growing distribution of extended warranty and specialty risk products, including liability and other property/casualty products, in Europe. The majority of our products are sold through independent third-party brokers, agents, retailers or administrators. Our strategy is to target small to middle size customer markets throughout the U.S. and Europe where our proprietary technology platform enables us to efficiently manage the high volume of policies and claims that result from serving large numbers of small policyholders and warranty contract holders. The technology we have developed offers a level of service that is a competitive advantage in these high volume, lower risk markets by enhancing our ability to service, underwrite and adjudicate claims. Additionally, our ability to maintain and analyze high volumes of loss data over a long historical period allows us to better manage and forecast the underlying risk inherent in the portfolio. Since our inception in 1998, we have grown both organically and through an opportunistic acquisition strategy. We believe we approach acquisitions conservatively, and our strategy is to take relatively modest integration and balance sheet risk. Our acquisition activity has involved the purchase of companies, renewal rights to established books of insurance

portfolios, access to distribution networks and the hiring of established teams of underwriters with expertise in our specialty lines.

Table of Contents

We are committed to driving long-term shareholder value and industry-leading returns on equity by continuing to execute on our lower risk, lower volatility business model and leveraging technology to help maintain a more efficient cost structure, consistently generate solid underwriting profits and ensure strong customer service and retention rates. Additionally, we are focused on further enhancing our economies of scale by opportunistically expanding our geographic reach and product set, growing our network of agents and other distributors, developing new client relationships and executing our acquisition strategy. We are also focused on maintaining our disciplined approach to capital management while maximizing an appropriate risk-adjusted return on our growing investment portfolio. We continue to carefully monitor and maintain appropriate levels of reserves and seek to minimize our reinsurance recoverable exposure in order to maintain a strong balance sheet. We intend to expand our business and capital base to take advantage of profitable growth opportunities while maintaining or improving our A.M. Best ratings. Our principal operating subsidiaries are rated either A or A- (Excellent) by A.M. Best Company (A.M. Best), which ratings are the third and fourth highest of 16 rating levels. Our consolidated results include the results for our holding company and wholly-owned insurance company subsidiaries.

Our principal executive offices are located at 59 Maiden Lane, 43rd Floor, New York, New York 10038, and our telephone number at that location is (212) 220-7120.

USE OF PROCEEDS

Unless we inform you otherwise in the applicable prospectus supplement, we intend to use the net proceeds from the sale of the securities for general corporate purposes.

RATIO OF EARNINGS TO FIXED CHARGES

The below table indicates our ratio of earnings to fixed charges for each of the six months ended June 30, 2013 and 2012 and the years ended December 31, 2012, 2011, 2010, 2009 and 2008. We have derived these ratios from our historical consolidated financial statements. The following should be read in conjunction with our consolidated financial statements, including the notes thereto, and the other financial information included or incorporated by reference herein.

	Six Months Ended			Year Ended December 31,			
	June 30, 2013	2012	2012	2011	2010	2009	2008
Ratio of Earnings to Fixed Charges(1)	11.3x	7.9x	8.4x	12.2x	13.4x	8.7x	6.8x

- (1) For the purpose of determining our ratio of earnings to fixed charges, earnings consists of (i) pre-tax income from continuing operations before adjustment for income or loss from equity investees, fixed charges and our share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges less (ii) capitalized interest and non-controlling interest in pre-tax income of subsidiaries that have not incurred fixed charges. Fixed charges consist of interest expensed and capitalized, and amortized premiums, discounts and capitalized expenses related to indebtedness, and an estimate of the interest within rent expense.

SUMMARY DESCRIPTION OF SECURITIES WE MAY OFFER

We may issue, in one or more offerings, any combination of debt securities, common stock, preferred stock, depositary shares, warrants and units.

This prospectus contains a summary of the general terms of the various securities that we may offer. The prospectus supplement relating to any particular securities offered will describe the specific terms of the securities. The summary in this prospectus and in any prospectus supplement does not describe every aspect of the securities and is subject to and qualified in its entirety by reference to all applicable provisions of the documents relating to the securities offered. These documents are or will be filed as exhibits to or incorporated by reference in the registration statement.

In addition, the prospectus supplement will set forth the terms of the offering, the initial public offering price and net proceeds to us. Where applicable, the prospectus supplement will also describe any material United States federal income tax considerations relating to the securities offered and indicate whether the securities offered are or will be listed on any securities exchange.

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms and provisions of the debt securities that we may issue separately, upon conversion of preferred stock or upon exercise of a debt warrant from time to time in the form of one or more series of debt securities. The applicable prospectus supplement will describe the specific terms, or modify the general terms, of the debt securities offered through that prospectus supplement and any special federal income tax consequences of these debt securities.

The debt securities will be issued in one or more series under an indenture by and among us and The Bank of New York Mellon Trust Company, N.A., as trustee. References herein to the Indenture refer to such indenture and references to the Trustee refer to such trustee or any other trustee for any particular series of debt securities issued under the Indenture. The terms of the debt securities of any series will be those specified in or pursuant to the Indenture and in the applicable debt securities of that series and those made part of the Indenture by the Trust Indenture Act of 1939, as amended.

The following description of selected provisions of the Indenture and the debt securities is not complete, and the description of selected terms of the debt securities of a particular series included in the applicable prospectus supplement also will not be complete. You should review the form of the Indenture and the form of the applicable debt securities. Unless we specify otherwise in the applicable prospectus supplement, such Indenture will be in the form filed as an exhibit to, or incorporated by reference in the registration statement (including amendments to such registration statement) of which this prospectus is a part, subject to any amendments or supplements to such Indenture as we may adopt from time to time. To obtain a copy of the Indenture or the form of the applicable debt securities, see **Where You Can Find More Information** in this prospectus. The following description of debt securities and the description of the debt securities of the particular series in the applicable prospectus supplement are qualified in their entirety by reference to all of the provisions of the Indenture and the applicable debt securities, which provisions, including defined terms, are incorporated by reference in this prospectus. Capitalized terms used but not defined in this section shall have the meanings assigned to those terms in the Indenture.

The following description of debt securities describes general terms and provisions of the series of debt securities to which any prospectus supplement may relate. When the debt securities of a particular series are offered for sale, the specific terms of such debt securities will be described in the applicable prospectus supplement. If any particular terms of such debt securities described in a prospectus supplement differ from any of the terms of the debt securities

generally described in this prospectus, then the terms described in the applicable prospectus supplement will supersede the terms described in this prospectus.

Restrictive Covenants

Any material covenants applicable to the debt securities of any series not described in this prospectus will be specified in the applicable prospectus supplement.

Merger, Consolidation, and Transfer of Assets

The Indenture provides that we will not, in any transaction or series of related transactions, consolidate with or merge into any other person or sell, assign, transfer, lease, or otherwise convey all or substantially all of our assets to any other entity unless:

in such transaction or transactions, either (1) we shall be the continuing entity (in the case of a merger) or (2) the successor, transferee or lessee entity formed by or resulting from the consolidation or merger or to which such sale, assignment, transfer, lease or other conveyance of all or substantially all of our properties and assets is made, shall expressly assume the due and punctual payment of the principal of, premium, if any, and interest, if any, on all the debt securities outstanding under the Indenture and the due and punctual performance and observance of all of our other obligations under the Indenture and the debt securities outstanding thereunder; and

immediately after giving effect to such transaction or transactions, no Event of Default under the Indenture, and no event which, after notice or lapse of time or both would become an Event of Default under the Indenture, shall have occurred and be continuing.

Upon any consolidation with, or merger into, any other entity or any sale, assignment, transfer, lease, or conveyance of all of our properties and assets, to any entity in accordance with the provisions of the Indenture described above,

the successor person formed by the consolidation or into which we are merged or to which the sale, assignment, transfer, lease, or other conveyance is made shall succeed to, and be substituted for us, and may exercise every right and power of ours under the Indenture with the same effect as if such successor person had been named therein; and thereafter, except in the case of a lease, the predecessor person shall be released from all obligations and covenants under the Indenture and the debt securities issued under that Indenture.

Table of Contents

Events of Default

Unless otherwise set forth in the applicable prospectus supplement, each of the following events will constitute an Event of Default under the Indenture, if applicable:

failure to pay principal of, or premium, if any, on, any debt security when due either at maturity, by call for redemption, by declaration or otherwise;

failure to pay any interest on any debt security when due that continues for 30 days;

failure to make any sinking fund payment or payments under any analogous provision when due with respect to any debt security of that series that continues for 30 days;

failure to perform covenants in the Indenture that continues for 90 days after written notice as provided in the Indenture;

failure to pay, for 30 days, an amount of indebtedness totaling more than \$50 million in principal amount;

we file for bankruptcy, or other events in bankruptcy, insolvency or reorganization occur; and

any other event of default specified in the applicable prospectus supplement.

No Event of Default with respect to any particular series of debt securities necessarily constitutes an Event of Default with respect to any other series of debt securities.

Subject to the provisions of the Indenture relating to the duties of the Trustee in case an event of default occurs and is continuing, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders, unless those holders have offered to the Trustee reasonable protection from costs, expenses and liability. Subject to the provisions of the Indenture relating to the indemnification of the Trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee.

If an event of default, other than an event of default relating to bankruptcy, insolvency or reorganization, occurs and is continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of a series of outstanding debt securities may accelerate the maturity of all debt securities of that series. If an event of default relating to bankruptcy, insolvency or reorganization occurs, the principal amount of all the debt securities will automatically, and without any action by the Trustee or any holder, become immediately due and payable. However, after the acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of outstanding debt securities of that series may, under specific circumstances, rescind the acceleration if all events of default, other than the non-payment of accelerated principal, have been cured or waived as provided in the

Indenture. For a more detailed discussion as to waiver of defaults, see Modification or Waiver.

No holder of any debt security will have any right to bypass the Trustee and institute any proceeding with respect to the Indenture or for any remedy under the Indenture unless:

the holder has previously given to the Trustee written notice of a continuing event of default with respect to that series of debt securities;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of the relevant series have made a written request, and offered reasonable indemnity, to the Trustee to institute the proceeding as Trustee;

the Trustee has failed to institute the proceeding within 60 days; and

the Trustee has not received from the holders of a majority in aggregate principal amount of the outstanding debt securities of the relevant series a direction inconsistent with the holders' request.

Table of Contents

However, these limitations do not apply to a suit instituted by a holder of a debt security for enforcement of payment of the principal of, and premium, if any, or interest on, any debt security on or after the respective due dates expressed in the debt security.

We will be required to furnish to the Trustee a statement as to our performance of some of our obligations under the Indenture and as to any default in our performance.

Modification or Waiver

Unless otherwise set forth in the applicable prospectus supplement, we and the Trustee may modify and amend the Indenture with the consent of the holders of not less than a majority in aggregate principal amount of any series of outstanding debt securities, and, in some instances, we and the Trustee may modify and amend the Indenture without the consent of the holders of any series of outstanding debt securities. However, we and the Trustee may not modify or amend the Indenture without the consent of the holder of each outstanding debt security affected by the modification or amendment if the modification or amendment:

changes the stated maturity of the principal of, or any installment of interest on, any debt security;

reduces the principal amount of, or the premium or interest on, any debt security;

reduces the amount of principal of any original issue discount securities that would be due and payable upon acceleration of the maturity of any debt security;

changes the place or currency of payment of principal of, or premium or interest on, any debt security;

adversely affects the right, if any, of holders to exchange any debt securities for other securities or property in accordance with their terms;

impairs the right to institute suit for the enforcement of any payment on or with respect to any debt security;

reduces the percentage of any series of outstanding debt securities necessary to modify or amend the Indenture; or

reduces the percentage of aggregate principal amount of any series of outstanding debt securities necessary for waiver of compliance with specified provisions of the Indenture or for waiver of specified defaults.

The holders of a majority in aggregate principal amount of any series of outstanding debt securities may waive our compliance with specified restrictive provisions of the Indenture. The holders of a majority in aggregate principal amount of any series of outstanding debt securities may waive any past default under the Indenture with respect to that series, except a default in the payment of principal, premium, if any, or interest or any other default specified in the

applicable prospectus supplement.

Defeasance and Discharge

Satisfaction and Discharge

Upon our direction, the Indenture shall cease to be of further effect with respect to the debt securities of any series specified by us, subject to the survival of specified provisions of the Indenture, when:

either

(A) all outstanding debt securities of that series and, in the case of bearer securities, all related coupons have been delivered to the Trustee for cancellation, subject to exceptions, or

(B) all debt securities of that series and, if applicable, any related coupons have become due and payable or will become due and payable at their maturity within one year or are to be called for redemption within one year, and we have deposited with the Trustee, in trust, funds in the currency in which the debt

Table of Contents

securities of that series are payable in an amount sufficient to pay the entire indebtedness on the debt securities of that series and, if applicable, related coupons, including the principal thereof and, premium, if any, and interest, if any, thereon;

we have paid all other sums payable under the Indenture with respect to the debt securities of that series (including amounts payable to the Trustee); and

the Trustee has received an officers certificate and an opinion of counsel to the effect that all conditions precedent to the satisfaction and discharge of the Indenture have been satisfied.

Defeasance

Unless specified in the applicable prospectus supplement and subject to the provisions of the Indenture, upon the exercise of our option, we will be discharged from all our obligations with respect to any debt securities of a series, except for the following obligations:

to exchange or register the transfer of debt securities;

to replace stolen, lost or mutilated debt securities;

to maintain paying agencies; and

to hold moneys for payment in trust, upon our deposit in trust for the benefit of the holders of the debt securities of money or United States government obligations, or both, in an amount sufficient to pay the principal of, and any premium and interest on, debt securities of that series on the stated maturity in accordance with the terms of the Indenture and the debt securities of that series.

We may only exercise defeasance or discharge if, among other things, we have delivered to the Trustee an opinion of counsel to the effect that we have received from, or there has been published by, the Internal Revenue Service a ruling, or there has been a change in tax law, in either case to the effect that holders of the debt securities of a relevant series will not recognize gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge were not to occur.

Form, Exchange, Registration and Transfer

Unless otherwise specified in the applicable prospectus supplement, we will issue the debt securities, if any, of each series only in fully registered global form, without coupons, and only in denominations and integral multiples of \$1,000. However, if specified in the prospectus supplement, we may issue certificated securities in definitive form.

At your option, subject to the terms of the Indenture and the limitations applicable to global securities, debt securities of each series will be exchangeable for other debt securities of the same series of any authorized denomination in the

same aggregate principal amount.

Subject to the terms of the Indenture and the limitations applicable to global securities, you may present debt securities for exchange as provided above or for registration of transfer, if properly endorsed or with the form of transfer properly endorsed and executed, at the office of the security registrar or at the office of any transfer agent that we designate. There will be no service charge for any registration of transfer or exchange of debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with the transfer or exchange. The security registrar will effect a transfer or exchange only if it is satisfied with the documents of title and identity of the person making the request for the transfer or exchange.

If we redeem the debt securities of any series in part, we will not be required to issue, register the transfer of, or exchange, any debt security of that series during a period beginning at the opening of business 15 days

Table of Contents

before the day of transmission of a notice of redemption and ending at the close of business on the day of the transmission, or register the transfer of, or exchange, any debt security selected for redemption, in whole or in part, except the unredeemed portion of any debt security being redeemed in part.

Global Securities

Some or all of the debt securities of any series may be represented, in whole or in part, by one or more global securities that will have an aggregate principal amount equal to that of the debt securities of the particular series represented by the global securities. Each global security will be registered in the name of a depository or its nominee identified in the applicable prospectus supplement, will be deposited with that depository or nominee or a custodian for the depository or nominee and will bear a legend regarding the restrictions on exchanges and registration of transfer referred to below and any other matters as may be provided under the Indenture. Unless otherwise stated in the applicable prospectus supplement, we will appoint The Depository Trust Company (DTC) as the depository for the debt securities.

DTC has advised us that it is:

a limited-purpose trust company organized under the New York Banking Law;

a banking organization within the meaning of the New York Banking Law;

a member of the Federal Reserve System;

a clearing corporation within the meaning of the New York Uniform Commercial Code; and

a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among its participants of securities transactions, including transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, which eliminates the need for physical movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations, and other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others, sometimes referred to as indirect participants, that clear transactions through or maintain a custodial relationship with a direct participant either directly or indirectly. Indirect participants include securities brokers and dealers, banks and trust companies. The rules applicable to DTC and its participants are on file with the SEC.

Notwithstanding any provision of the Indenture or any debt security, no global security may be exchanged, in whole or in part, for debt securities registered, and no transfer of a global security, in whole or in part, may be registered, in the name of any person other than the depository for the global security or any nominee of the depository unless:

the depositary has notified us that it is unwilling or unable to continue as depositary for the global security or has ceased to be qualified to act as a depositary as required by the Indenture;

an Event of Default, or an event that with notice or lapse of time, or both, will become an Event of Default, with respect to the debt securities represented by the global security has occurred and is continuing;

we so request; or

other circumstances, if any, in addition to or in lieu of those described above and as may be described in the applicable prospectus supplement, exist.

All securities issued in exchange for a global security or any portion of a global security will be registered in the names that the depositary directs.

Table of Contents

As long as the depository, or its nominee, is the registered holder of a global security, the depository or the nominee will be considered the sole owner and holder of the global security and the series of debt securities represented by the global security for all purposes under that series of debt securities and the Indenture. Except in the limited circumstances referred to above, owners of beneficial interests in a global security will not be entitled to have a global security or any series of debt securities represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of certificated debt securities in exchange for the global security and will not be considered to be the owners or holders of the global security or any series of debt securities represented by the global security for any purpose under that series of debt securities or the Indenture. All payments of principal of and any premium and interest on a global security will be made to the depository or its nominee, as the case may be, as the holder of the global security. The laws of some jurisdictions require that some purchasers of securities take physical delivery of the securities in definitive form. These laws may impair the ability to transfer beneficial interests in a global security.

Ownership of beneficial interests in a global security will be limited to institutions that have accounts with the depository or its nominee and to persons that may hold beneficial interests through the depository's participants. In connection with the issuance of any global security, the depository will credit, on its book-entry registration and transfer system, the respective principal amounts of debt securities represented by the global security to the accounts of its participants. Ownership of beneficial interests in a global security will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by the depository, with respect to participants' interests, or by any participant, with respect to interests of persons held by participants on their behalf. Payments, transfers, exchanges and other matters relating to beneficial interests in a global security may be subject to various policies and procedures adopted by the depository from time to time. None of us, the Trustee or any agent of ours or the Trustee will have any responsibility or liability for any aspect of the depository's or any participant's records relating to, or for payments made for, beneficial interests in a global security or for maintaining, supervising or reviewing any records relating to beneficial interests.

We obtained the information in this section and elsewhere in this prospectus concerning DTC and DTC's book-entry system from sources that we believe to be reliable, but neither we nor any applicable underwriters, agents or dealers take any responsibility for the accuracy of this information.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of interest on a debt security on any interest payment date will be made to the person in whose name the debt security, or one or more predecessor debt securities, is registered at the close of business on the regular record date for the interest payment. Book-entry and other indirect holders should consult their banks or brokers for information on how they will receive payments on their debt securities.

Unless otherwise indicated in the applicable prospectus supplement, principal of, and any premium and interest on, the debt securities of a particular series will be payable at the office of the paying agent or paying agents that we may designate from time to time. Any other paying agents that we initially designate for the debt securities of a particular series will be named in the applicable prospectus supplement. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve change in the office through which any paying agent acts, except that we will be required to maintain a paying agent in each place of payment for the debt securities of a particular series.

Notices

Unless otherwise specified in the applicable prospectus supplement, notices to the holders of debt securities will be sent by mail to the addresses of those holders as they may appear in the security register.

Table of Contents

Title

Unless otherwise specified in the applicable prospectus supplement, we, the Trustee and any agents of ours or the Trustee may treat the person in whose name a debt security is registered as the absolute owner of the debt security, whether or not the debt security may be overdue, for the purpose of making payment and for all other purposes.

Relationship with the Trustee

The Trust Indenture Act of 1939 contains limitations on the rights of the Trustee, should it become a creditor of ours, to obtain payment of claims in some cases or to realize on some property received by it in respect of those claims, as security or otherwise. Each Trustee is permitted to engage in other transactions with us and our subsidiaries from time to time, provided that if the Trustee acquires any conflicting interest, the Trustee must either redeem or eliminate that conflict upon the occurrence of an event of default under the Indenture.

The Bank of New York Mellon Trust Company, N.A. is the Trustee under the Indenture. We maintain corporate trust relationships with the Trustee in the ordinary course of business.

Governing Law

The Indenture and the debt securities will be governed by, and construed in accordance with, the law of the State of New York.

DESCRIPTION OF COMMON STOCK

This section describes the general terms and provisions of the shares of our common stock that we may issue separately, upon conversion of a debt security, upon conversion of preferred stock, upon exercise of an equity warrant or in connection with a unit. The description set forth below of our common stock is not complete and is subject to and qualified in its entirety by our Amended and Restated Certificate of Incorporation, our Amended and Restated By-Laws (the By-Laws) and Delaware law. See Where You Can Find More Information for information on how to obtain a copy of our Amended and Restated Certificate of Incorporation.

Our Amended and Restated Certificate of Incorporation authorizes the issuance of 150,000,000 shares of our common stock, \$0.01 par value per share, of which, at November 1, 2013, 98,116,711 shares were issued, 23,466,995 shares were held in treasury and 74,649,716 shares were outstanding and were held of record by 163 stockholders.

Our common stock is listed on The NASDAQ Stock Market LLC under the symbol AFSI.

Dividends

Holders of common stock are entitled to receive dividends when and if declared by our Board of Directors out of funds legally available therefor, subject to any contractual restrictions on the payment of dividends and to any restrictions on the payment of dividends imposed by the terms of any outstanding shares of preferred stock or debt securities.

Voting Rights

Each holder of our common stock is entitled to one vote for each share on all matters to be voted upon by the stockholders and there are no cumulative voting rights.

Other Terms

If there is a liquidation, dissolution or winding up of AmTrust, holders of common stock would be entitled to share in our assets remaining after the payment of liabilities, and the satisfaction of any liquidation preference granted to the holders of any outstanding shares of preferred stock. Holders of our common stock have no preemptive or conversion rights or other subscription rights and there are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of our common stock are fully paid and non-assessable. The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate in the future.

Effect of Amended and Restated Certificate of Incorporation and By-Laws

Our Amended and Restated Certificate of Incorporation and By-Laws may have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from attempting to acquire, control of us.

Our Amended and Restated Certificate of Incorporation provides that stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting. In addition, our Amended and Restated Certificate of Incorporation and By-Laws provide that, except as otherwise required by law, special meetings of the stockholders can only be called by a resolution adopted by a majority of our board of directors or by our chief executive officer. Stockholders are not permitted to call a special meeting or require our board of directors to call a special meeting.

Our By-Laws establish an advance notice procedure for stockholder proposals to be brought before our annual meeting of stockholders, including proposed nominations of persons for election to our board of directors. Stockholders at an annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board of directors or by a stockholder who was a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has given

Table of Contents

to our secretary timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting. Although the By-Laws do not give our board of directors the power to approve or disapprove stockholder nominations of director candidates or proposals regarding other business to come before a special or annual meeting, the By-Laws may have the effect of precluding the conduct of proposed business at a meeting if the proper procedures are not followed or may discourage or deter a potential acquiror from conducting a solicitation of proxies to elect its own slate of directors or otherwise attempting to obtain control of us.

Delaware Anti-Takeover Statute

Under Delaware law, we may not engage in a business combination, which includes a merger or sale of more than 10% of our assets, with any interested stockholder, namely, a stockholder who owns 15% or more of our outstanding voting stock, as well as affiliates and associates of any of these persons, for three years following the time that stockholder became an interested stockholder unless:

the transaction in which the stockholder became an interested stockholder is approved by our board of directors prior to the time the interested stockholder attained that status;

upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding those shares owned by persons who are directors and also officers; or

at or after the time the stockholder became an interested stockholder the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders by the affirmative vote of at least two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

Limitation of Liability and Indemnification of Directors and Officers

As permitted by the Delaware General Corporation Law, we have adopted provisions in our Amended and Restated Certificate of Incorporation that limit or eliminate the personal liability of our directors for a breach of their fiduciary duty of care as a director. The duty of care generally requires that, when acting on behalf of the corporation, directors exercise an informed business judgment based on all material information reasonably available to them.

Consequently, a director will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

any act related to unlawful stock repurchases, redemptions or other distributions or payment of dividends; or

any transaction from which the director derived an improper personal benefit.

Our Amended and Restated Certificate of Incorporation also authorizes us to indemnify our officers, directors and other agents to the fullest extent permitted under Delaware law and we may advance expenses to our directors, officers and employees in connection with a legal proceeding, subject to limited exceptions. As permitted by the Delaware General Corporation Law, our Amended and Restated Certificate of Incorporation provides that:

we will indemnify our directors and officers to the fullest extent permitted by the Delaware General Corporation Law, subject to limited exceptions; and

we may purchase and maintain insurance on behalf of our current or former directors, officers, employees or agents against any liability asserted against them and incurred by them in any such capacity, or arising out of their status as such.

Insurance Regulations Concerning Change of Control

State insurance laws intended primarily for the protection of policyholders contain certain requirements that must be met prior to any change of control of an insurance company or insurance holding company that is domiciled, or in some cases, having such substantial business that it is deemed commercially domiciled, in that state. These requirements may include the advance filing of specific information with the state insurance commission, a public hearing on the matter, and review and approval of the change of control by the state agencies. We have insurance subsidiaries domiciled or commercially domiciled in California, Delaware, Florida, Kansas, Nevada, New Hampshire, New York, Texas and Wisconsin. Under the insurance laws in these states, control is presumed to exist through the ownership of 10% or more of the voting securities of an insurance company or any company that controls the insurance company. Any purchase of our shares that would result in the purchaser owning more than 10% of our voting securities will be presumed to result in the acquisition of control of our insurance subsidiaries and require prior regulatory approval.

Transfer Agent

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company. The address of the transfer agent and registrar is 6201 15th Avenue, Brooklyn, New York 11219.

DESCRIPTION OF PREFERRED STOCK

This section describes the general terms and provisions of the preferred stock that we may issue separately, upon conversion or exchange of a debt security, upon exercise of an equity warrant or in connection with a depositary share or unit. The applicable prospectus supplement will describe the specific terms, or modify the general terms, of any shares of preferred stock offered through that prospectus supplement and any special federal income tax consequences of those shares of preferred stock. We will file a Certificate of Amendment to our Amended and Restated Certificate of Incorporation that contains the terms of each series of preferred stock. This certificate will establish the number of shares included in a designated series and fix the designation, powers, privileges, preferences and rights of the shares of each series as well as any applicable qualifications, limitations or restrictions, including any dividend, redemption, liquidation, sinking fund and conversion rights. The description set forth below is not complete and is subject to any Certificate of Amendment to our Amended and Restated Certificate of Incorporation fixing the preferences, limitations and relative rights of a particular series of preferred stock. You should refer to these certificates for specific information on the preferred stock. See [Where You Can Find More Information](#) for information on how to obtain copies of Certificates of Amendment to our Amended and Restated Certificate of Incorporation.

General

Our Amended and Restated Certificate of Incorporation authorizes our board of directors, subject to any limitations prescribed by law, to issue 10,000,000 shares of preferred stock, \$0.01 par value per share, in one or more series without stockholder approval. As of November 1, 2013, there were authorized 4,600,000 shares of our 6.75% Non-Cumulative Preferred Stock, Series A, \$0.01 par value per share, \$25 liquidation preference per share, all of which were issued and outstanding.

Each series of preferred stock will have the rights, preferences, privileges and restrictions, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences, as will be determined by the board of directors. The purpose of authorizing the board of directors to issue preferred stock and determine its rights and preferences is to eliminate delays and uncertainties associated with a stockholder vote on specific issuances. The issuance of preferred stock, while providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or discourage a third party from acquiring, a majority of our outstanding voting stock. Our board of directors may issue preferred stock with voting and conversion rights that could adversely affect the voting power of the holders of our common stock. There are no current agreements or understandings for the issuance of preferred stock and our board of directors has no present intention to issue any shares of preferred stock.

The shares of preferred stock will be, when issued, fully paid and nonassessable. Unless otherwise specified in the applicable prospectus supplement, each series will rank on a parity as to dividends and distributions in the event of a liquidation with each other series of preferred stock and, in all cases, will be senior to our common stock.

Dividend Rights

Unless otherwise set forth in the applicable prospectus supplement, holders of preferred stock of each series will be entitled to receive, when, as and if declared by our board of directors, out of our assets legally available therefor, cash dividends at the rates and on the dates as set forth in the applicable prospectus supplement. Holders of preferred stock will be entitled to receive dividends in preference to and in priority over dividends on common stock and may be cumulative or non-cumulative as determined by our board of directors. We will generally be able to pay dividends and distribute assets to holders of our preferred stock only if we have satisfied our obligations on our debt that is then due and payable.

If the applicable prospectus supplement so provides, as long as any shares of preferred stock are outstanding, no dividends will be declared or paid or any distributions will be made on our common stock unless the accrued dividends on each series of preferred stock have been declared and paid.

Table of Contents

Each series of preferred stock will be entitled to dividends as described in the applicable prospectus supplement. Different series of preferred stock may be entitled to dividends at different dividend rates or based upon different methods of determination. Except as provided in the applicable prospectus supplement, no series of preferred stock will be entitled to participate in our earnings or assets.

Liquidation Preference

Upon any dissolution, liquidation or winding up of AmTrust, the holders of each series of preferred stock will be entitled to receive out of our assets, whether from capital, surplus or earnings, and before any distribution of any assets is made on common stock, the amount per share fixed by the board of directors for that series of preferred stock, as reflected in the applicable prospectus supplement, plus unpaid dividends, if any, to the date fixed for distribution. Unless otherwise indicated in the applicable prospectus supplement, holders of preferred stock will be entitled to no further participation in any distribution made in conjunction with any dissolution, liquidation or winding up.

Redemption

A series of preferred stock may be redeemable, in whole or in part, at our option, and may be subject to mandatory redemption in connection with a sinking fund. The terms, times, redemption prices and types of consideration of the redemption will be set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the number of shares of the series that we will redeem in each year commencing after a specified date, at a specified redemption price per share, together with an amount equal to any accrued and unpaid dividends to the date of redemption.

If, after giving notice of redemption to the holders of a series of preferred stock, we deposit with a designated bank funds sufficient to redeem the series of preferred stock, then from and after the deposit, all shares called for redemption will no longer be outstanding for any purpose, other than the right to receive the redemption price and the right, if applicable, to convert the shares of preferred stock into our common stock or other securities prior to the date fixed for redemption.

Except as indicated in the applicable prospectus supplement, the preferred stock is not subject to any mandatory redemption at the option of the holder.

Sinking Fund

The applicable prospectus supplement for any series of preferred stock will state the terms, if any, of a sinking fund for the purchase or redemption of that series.

Conversion and Exchange

The applicable prospectus supplement for any series of preferred stock will state the terms, if any, on which shares of that series are convertible into or exchangeable for shares of common stock or, if applicable, other securities.

Voting Rights

Under ordinary circumstances, the holders of preferred stock have no voting rights except as required by law. The applicable prospectus supplement may provide voting rights for holders of preferred stock.

Transfer Agent and Registrar

We will select the transfer agent, registrar and dividend disbursement agent for a series of preferred stock, and each one will be described in the applicable prospectus supplement. The registrar for shares of preferred stock will send notices to stockholders of any meetings at which holders of preferred stock have the right to vote on any matter.

DESCRIPTION OF DEPOSITARY SHARES

We may elect to offer depositary shares representing receipts for fractional interests in preferred stock. In this case, we will issue receipts for depositary shares, each of which will represent a fraction of a share of a particular series of preferred stock.

We will deposit the shares of any series of preferred stock represented by depositary shares under a deposit agreement between us and a depositary, which we will name in the applicable prospectus supplement. Subject to the terms of the deposit agreement, an owner of a depositary share will be entitled, in proportion to the applicable fraction of a share of preferred stock represented by the depositary share, to all the rights and preferences of the preferred stock represented by the depositary share.

The following description of the terms of the deposit agreement is a summary. It summarizes only those terms of the deposit agreement that we believe would be most important to a holder's decision to invest in our depositary shares. Holders should keep in mind, however, that it will be the deposit agreement entered into with respect to a particular offering of securities, and not this summary, that will define a holder's rights as a holder of depositary shares. There may be other provisions in the deposit agreement that will also be important to holders. Holders should read the applicable prospectus supplement and the deposit agreement for a full description of the terms of the depositary shares, some of which may differ from the provisions summary below. The form of the deposit agreement will be filed as an exhibit to the registration statement that includes this prospectus, either by amendment to the registration statement that includes this prospectus or by a Current Report on Form 8-K. See [Where You Can Find More Information](#) for information on how to obtain a copy of the deposit agreement.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions received for the preferred stock to the holders of our depositary shares in proportion to the number of depositary shares that they own on the relevant record date. The depositary will distribute only an amount that can be distributed without attributing to any holder of depositary shares a fraction of one cent. The depositary will add the undistributed balance to, and treat it as part of, the next sum received by the depositary for distribution to holders of our depositary shares.

If there is a non-cash distribution, the depositary will distribute property received by it to the holders of our depositary shares in proportion, insofar as possible, to the number of depositary shares owned by them, unless the depositary determines, after consultation with us, that it is not feasible to make such distribution. If this occurs, the depositary may, with our approval, sell such property and distribute the net proceeds from the sale to the holders. The deposit agreement also will contain provisions relating to how any subscription or similar rights that we may offer to holders of the preferred stock will be available to the holders of the depositary shares.

The amounts distributed to holders of depositary shares will be reduced by any amounts required to be withheld by the depositary or by us on account of taxes or other governmental charges.

Withdrawal of Preferred Stock

Unless the related depositary shares have previously been called for redemption, a holder of depositary shares may receive the number of whole shares of the related series of preferred stock and any money or other property represented by the holder's depositary receipts after surrendering the depositary receipts at the corporate trust office of the depositary, paying any taxes, charges and fees provided for in the deposit agreement and complying with any other requirement of the deposit agreement. Partial shares of preferred stock will not be issued. If the surrendered depositary

shares exceed the number of depositary shares that represent the number of whole shares of preferred stock the holder wishes to withdraw, then the depositary will deliver to the holder at the same time a new depositary receipt evidencing the excess number of depositary shares. Once the holder has withdrawn the preferred stock, the holder will not be entitled to re-deposit that preferred stock under the deposit agreement or to receive depositary shares in exchange for such preferred stock. We do not expect that there will be any public trading market for withdrawn shares of preferred stock.

Table of Contents

Conversion, Exchange and Redemption

If the shares of preferred stock underlying the depositary shares may be converted or exchanged, each holder of depositary receipts will have the right or obligation, as applicable, to convert or exchange the depositary shares represented by the depositary receipts.

If the series of preferred stock represented by depositary shares is subject to redemption, then we will give the necessary proceeds to the depositary. The depositary will then redeem the depositary shares using the funds they received from us for the preferred stock. The redemption price per depositary share will be equal to the redemption price payable per share for the applicable series of the preferred stock and any other amounts per share payable with respect to the preferred stock multiplied by the fraction or multiple of a share of preferred stock represented by one depositary share. Whenever we redeem shares of preferred stock held by the depositary, the depositary will redeem the depositary shares representing the shares of preferred stock on the same day provided we have paid in full to the depositary the redemption price of the preferred stock to be redeemed and any accrued and unpaid dividends. If fewer than all the depositary shares of a series are to be redeemed, the depositary shares will be selected by lot or ratably or by any other equitable methods as the depositary will decide.

After the date fixed for redemption, the depositary shares called for redemption will no longer be considered outstanding. Therefore, all rights of holders of the depositary shares will cease, except that the holders will still be entitled to receive any cash payable upon the redemption and any money or other property to which the holder was entitled at the time of redemption. To receive this amount or other property, the holders must surrender the depositary receipts evidencing their depositary shares to the preferred stock depositary. Any funds that we deposit with the preferred stock depositary for any depositary shares that the holders fail to redeem will be returned to us after a period of one year from the date we deposit the funds.

Voting

When the depositary receives notice of a meeting at which the holders of the preferred stock are entitled to vote, the depositary will mail the particulars of the meeting to the holders of the depositary shares. Each holder of depositary shares on the record date may instruct the depositary on how to vote the preferred stock underlying the holder's depositary shares. The depositary will endeavor, to the extent practicable, to vote the number of shares of preferred stock underlying the depositary shares according to the instructions. The depositary will abstain from voting shares of preferred stock to the extent it does not receive specific instructions from the holders of our depositary shares representing such preferred stock. We will agree to take all reasonable action requested by the depositary to enable it to vote as instructed.

Record Date

Whenever (1) any cash dividend or other cash distribution shall become payable, any distribution other than cash shall be made, or any rights, preferences or privileges shall be offered with respect to the underlying shares of preferred stock, or (2) the depositary shall receive notice of any meeting at which holders of the underlying shares of preferred stock are entitled to vote or of which holders of the underlying shares of preferred stock are entitled to notice, or of the mandatory conversion of or any election on our part to call for the redemption of any of the underlying shares of preferred stock, the depositary shall in each such instance fix a record date (which shall be the same as the record date for the underlying shares of preferred stock) for the determination of the holders (x) who shall be entitled to receive such dividend, distribution, rights, preferences or privileges or the net proceeds of the sale thereof or (y) who shall be entitled to give instructions for the exercise of voting rights at any such meeting or to receive notice of such meeting or of such redemption or conversion, subject to the provisions of the deposit agreement.

Amendment and Termination of the Deposit Agreement

We may agree with the depository to amend the deposit agreement and the form of depository receipt without consent of the holder at any time. However, if the amendment adds or increases fees or charges (other

Table of Contents

than any change in the fees of any depositary, registrar or transfer agent) or prejudices an important right of holders, it will only become effective with the approval of holders of at least a majority of the affected depositary shares then outstanding. We will make no amendment that impairs the right of any holder of depositary shares, as described above under **Withdrawal of Preferred Stock**, to receive shares of preferred stock and any money or other property represented by those depositary shares, except in order to comply with mandatory provisions of applicable law. If an amendment becomes effective, holders are deemed to agree to the amendment and to be bound by the amended deposit agreement if they continue to hold their depositary receipts.

The deposit agreement automatically terminates if:

all outstanding depositary shares have been redeemed or converted or exchanged for any other securities into which they or the underlying preferred stock are convertible or exchangeable;

each share of preferred stock has been converted into or exchanged for common stock; or

a final distribution in respect of the preferred stock has been made to the holders of depositary receipts in connection with our liquidation, dissolution or winding-up.

We may also terminate the deposit agreement at any time we wish. If we do so, the depositary will give notice of termination to the record holders not less than 30 days before the termination date. Once depositary receipts are surrendered to the depositary, it will send to each holder the number of whole or fractional shares of the series of preferred stock underlying that holder's depositary receipts.

Payment of Fees and Expenses

We will pay all fees, charges and expenses of the depositary, including the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of our depositary shares will pay transfer and other taxes and governmental charges and any other charges as are stated in the deposit agreement for their accounts. If the depositary incurs fees, charges or expenses for which it is not otherwise liable at the election of the holder of a depositary receipt or other person, that holder or other person will be liable for those fees, charges and expenses.

Resignation and Removal of Depositary

At any time, the depositary may resign by delivering written notice to us, and we may remove the depositary. Resignations or removals will take effect upon the appointment of a successor depositary and its acceptance of the appointment. The successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50 million.

Reports

The depositary will forward to the holders of our depositary shares all reports and communications from us that are delivered to the depositary and that we are required by law, the rules of an applicable securities exchange or our Amended and Restated Certificate of Incorporation to furnish to the holders of the preferred stock. The depositary will not be liable if it is prevented or delayed by law or any circumstances beyond its control in performing its obligations

under the deposit agreement. The deposit agreement limits our obligations and the depositary's obligations to performance in good faith of the duties stated in the deposit agreement. The depositary will not be obligated to prosecute or defend any legal proceeding connected with any depositary shares or preferred stock unless the holders of our depositary shares requesting the depositary to do so furnish it with satisfactory indemnity. In performing our obligations, we and the depositary may rely upon the written advice of our counsel or accountants, on any information that competent people provide to us and on documents that we believe are genuine.

DESCRIPTION OF WARRANTS

This section describes the general terms and provisions of the warrants we may issue for the purchase of securities that may be offered under this prospectus. We may issue warrants independently or together with other securities offered by any prospectus supplement and may attach warrants to those securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a bank or trust company, as warrant agent, all as set forth in the applicable prospectus supplement relating to the particular issue of the warrants. The warrant agent will act solely as our agent in connection with warrant certificates evidencing the warrants and will not assume any obligation or relationship of agency or trust for or with any holders of certificates evidencing warrants or beneficial owners of warrants.

The following describes certain general terms and provisions of warrants we may offer. We will set forth further terms of the warrants and the applicable warrant agreement in the applicable prospectus supplement.

Warrants

The applicable prospectus supplement relating to a particular issue of warrants to issue shares of preferred stock, depositary shares, shares of common stock, or other securities will describe the terms of those warrants, including the following, if applicable:

the title of the warrants;

the offering price for the warrants, if any;

the aggregate number of the warrants;

the designation and terms of the securities purchasable upon exercise of the warrants;

the designation and terms of the securities that the warrants are issued with and the number of warrants issued with each security;

the date from and after which the warrants and any securities issued with the warrants will be separately transferable;

the number of securities that may be purchased upon exercise of a warrant and the price at which the securities may be purchased upon exercise;

the dates on which the right to exercise the warrants will commence and expire;

the minimum or maximum amount of the warrants that may be exercised at any one time;

the currency or currency units in which the offering price, if any, and the exercise price are payable;

a discussion of material United States federal income tax considerations;

anti-dilution provisions of the warrants, if any;

redemption or call provisions, if any, applicable to the warrants;

any additional terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants; and

any other information we think is important about the warrants.

Exercise of Warrants

Each warrant will entitle the holder of the warrant to purchase at the exercise price set forth in the applicable prospectus supplement the principal amount or number of securities being offered. Holders may exercise warrants at any time up to the close of business on the expiration date set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants are void. Holders may exercise warrants as set forth in the prospectus supplement relating to the warrants being offered.

Table of Contents

Until a holder exercises the warrants to purchase our securities, the holder will not have any rights as a holder of the applicable underlying securities by virtue of ownership of warrants.

DESCRIPTION OF UNITS

We may, from time to time, issue units comprised of one or more of the other securities that may be offered under this prospectus, in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately at any time, or at any time before a specified date.

Any applicable prospectus supplement will describe:

the material terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;

any material provisions relating to the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; and

any material provisions of the governing unit agreement that differ from those described above.

Table of Contents

PLAN OF DISTRIBUTION

We may offer and sell the offered securities in and outside the United States in any one or more of the following ways:

to or through underwriters or dealers;

directly to purchasers;

through agents;

in short of long transactions; or

through a combination of any of these methods.

We may sell the securities from time to time:

in one or more transactions at a fixed price or prices that may be changed from time to time;

at market prices prevailing at the times of sale;

at prices related to such prevailing market prices; or

at negotiated prices.

The applicable prospectus supplement will include the following information:

the terms of the offering;

the names of any underwriters, brokers, dealers or agents participating in the offering;

the name or names of any managing underwriter or underwriters;

the purchase price or initial public offering price of the securities;

the net proceeds from the sale of the securities;

any delayed delivery arrangements;

in the case of debt securities, the interest rate, maturity and redemption provisions;

any securities exchanges on which the securities may be listed, if any;

any underwriting discounts, commissions and other items constituting underwriters' compensation;

details regarding over-allotment options under which underwriters may purchase additional securities from us, if any;

any discounts or concessions allowed or reallocated or paid to dealers;

any commissions paid to agents; and

any other information we think is important.

Sale Through Underwriters or Dealers

If underwriters are used in the sale, the underwriters will acquire the securities for their own account for resale to the public, either on a firm-commitment or best-efforts basis. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the applicable prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to specified conditions, and the underwriters will be

Table of Contents

obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

During and after an offering through underwriters, the underwriters may purchase and sell the securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters may also impose a penalty bid, which means that selling concessions allowed to syndicate members or other broker-dealers for the offered securities sold for their account may be reclaimed by the syndicate if the offered securities are repurchased by the syndicate in stabilizing or covering transactions. Such purchasers will be subject to the applicable provisions of the Securities Act and the Exchange Act and the rules and regulations thereunder, including Rule 10b-5 and Regulation M. These activities may stabilize, maintain or otherwise affect the market price of the offered securities, which may be higher than the price that might otherwise prevail in the open market. If commenced, the underwriters may discontinue these activities at any time.

Some or all of the securities that we offer through this prospectus may be new issues of securities with no established trading market. Any underwriters to whom we sell our securities for public offering and sale may make a market in those securities, but they will not be obligated to do so and they may discontinue any market making at any time without notice. Accordingly, we cannot assure you of the liquidity of, or continued trading markets for, any securities that we offer.

If dealers are used in the sale of securities, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. We will include in the applicable prospectus supplement the names of the dealers and the terms of the transaction.

Direct Sales and Sales Through Agents

We may sell the securities directly. In this case, no underwriters or agents would be involved. We may also sell the securities through agents designated from time to time. In the applicable prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable to the agent. Unless we inform you otherwise in the applicable prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. We will describe the terms of any sales of these securities in the applicable prospectus supplement.

Remarketing Arrangements

Offered securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreements, if any, with us, and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters under the Securities Act in connection with the securities they remarket.

Delayed Delivery Contracts

If we so indicate in the applicable prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers from specified types of institutions to purchase securities from us at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the applicable prospectus supplement. The applicable prospectus supplement will describe the commission payable for solicitation of those contracts.
