How Do I Vote?

The enclosed proxy card indicates the number of shares you own. There are four ways to vote:

By Internet at the website shown on your proxy card; we encourage you to vote this way.

By toll-free telephone at the number shown on your proxy card.

By completing and mailing your proxy card.

By written ballot at the Meeting.

If you vote by Internet or telephone, your vote must be received by 1:00 a.m. Central time on April 16, 2015. If your shares are held in street name, the instructions from your broker or nominee will indicate whether Internet or telephone voting is available and, if so, will provide details regarding how to use those systems. If you complete and properly sign the accompanying proxy card and return it to the Company, or tender your vote via telephone or the Internet, it will be voted as you direct. *If you do not indicate your voting preferences, Randy E. Mayor and Brian S. Davis will vote your shares FOR all of the director nominees, FOR Proposal 2 and FOR Proposal 3.*

If You Vote by Telephone or on the Internet, You Do NOT Need to Return Your Proxy Card.

If you plan to attend the Meeting, you may deliver your completed proxy card in person. However, if your shares are held in street name and you wish to vote your shares by written ballot at the Meeting, you will need to request and obtain a legal proxy from your broker, bank or other nominee (the stockholder of record) giving you the right to vote the shares at the Annual Meeting, complete such legal proxy and present it to the Company at the Meeting. Even if you plan to attend the Meeting, we recommend that you submit your proxy card or voting instructions in advance so that your vote will be counted if you later decide not to attend the Meeting.

A proxy duly executed and returned by a shareholder, and not revoked prior to or at the Meeting, will be voted in accordance with the shareholder's instructions on such proxy.

If My Shares Are Held By a Broker or Nominee, Do I Need to Instruct the Broker or Nominee How to Vote My Shares?

Yes. If you hold shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Under current stock exchange rules, brokers who do not have instructions from their customers may not use their discretion in voting their customers' shares on certain specific matters which are not considered to be routine matters, including the election of directors, executive compensation and other significant matters. The proposals in this Proxy Statement to elect directors and to approve on an advisory basis the Company's executive compensation are not considered to be routine matters. ***Thus, if you do not give your broker or nominee specific instructions with respect to each of these matters, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval.*** Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

The ratification of BKD, LLP as the Company's independent registered public accounting firm is considered a routine matter, and therefore, if you do not give your broker or nominee specific instructions with respect to this proposal, your broker or nominee will have the discretionary authority to vote your shares on this proposal.

What Are the Board's Recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with each proposal in this Proxy Statement. In summary, the Board recommends a vote:

For the election of the nominated slate of directors (see pages 6-36).

For the approval, on an advisory (non-binding) basis, of the Company's compensation of its named executive officers (see page 37).

For the ratification of the appointment of BKD, LLP as the Company's independent registered public accounting firm (see pages 38-40).

What Other Business May Be Brought Before the Meeting?

As of the date of this Proxy Statement, the Board knows of no other business that may properly be, or is likely to be, brought before the Annual Meeting. With respect to any other matter that properly comes before the Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, at their own discretion.

What Vote Is Required to Approve Each Proposal?

Election of Directors. The affirmative vote of a plurality of the votes cast in person or by proxy at the Annual Meeting is required for the election of directors. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more of the directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Proposals. For each other proposal, the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting, assuming a quorum is present, will be required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have no effect on the outcome of the vote.

The authorized common stock of the Company consists of 100,000,000 shares at \$0.01 par value. As of the close of business on February 27, 2015, there were 67,575,879 shares eligible to vote.

Can I Change My Vote After I Return the Proxy Card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the Meeting in person and so request, although attendance at the Meeting will not by itself revoke a previously granted proxy.

What Should I Do If I Receive More Than One Set Of Voting Materials?

You may receive more than one set of voting materials, including multiple copies of this Proxy Statement and multiple proxies or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account. If you are a registered owner and your shares are registered in more than one name, you will receive more than one proxy card. Please vote each proxy and instruction card that you receive.

Where Can I Find The Voting Results Of The Annual Meeting?

The Company will publish final voting results of the Annual Meeting in a Current Report on Form 8-K filed with the Securities and Exchange Commission within four business days after the Annual Meeting on April 16, 2015.

What Do I Need To Do Now?

First, read this Proxy Statement carefully. Then, if you are a registered owner of shares of our common stock as of February 27, 2015, you should, as soon as possible, submit your proxy by executing and returning the proxy card or

by voting by telephone or on the Internet. If you are the beneficial owner of shares held in street name, then you should follow the voting instructions of your broker or other nominee. Your shares will be voted in accordance with the directions you specify. If you submit an executed proxy card to the Company but fail to specify voting directions, your shares will be voted in accordance with the recommendations of the Board of Directors.

You Should Carefully Read this Proxy Statement in its Entirety.

PROPOSAL ONE ELECTION OF DIRECTORS

Our Restated Articles of Incorporation provide that the number of directors shall not be less than two nor more than fifteen, with the exact number to be fixed by the shareholders or the Board. The Board of Directors proposes that the nominees for directors described below be elected for a term of one year and until their successors are duly elected and qualified. All nominees are currently serving as directors.

Each of the nominees has consented to serve the term for which he is nominated. If any nominee becomes unavailable for election, which is not anticipated, the directors' proxies will vote for the election of such other person as the Board may nominate, unless the Board resolves to reduce the number of directors to serve on the Board and thereby reduce the number of directors to be elected at the meeting.

CORPORATE GOVERNANCE

Duties of the Board

The Board of Directors has the responsibility to serve as the trustee for the shareholders. It also has the responsibility for establishing broad corporate policies and for the overall performance of the Company. The Board, however, is not involved in day-to-day operating details. Members of the Board are kept informed of the Company's business through discussion with the Chief Executive Officer and other officers, by reviewing analyses and reports sent to them quarterly, and by participating in Board and Committee meetings.

Corporate Governance Guidelines and Policies

We believe that good corporate governance helps ensure that the Company is managed for the long-term benefit of its shareholders. We continue to review our corporate governance policies and practices, corporate governance rules and regulations of the Securities and Exchange Commission (the SEC), and the listing standards of the NASDAQ Global Select Market on which our common stock is traded. The Board has adopted various corporate governance guidelines and policies to assist the Board in the exercise of its responsibilities to the Company and its shareholders. The guidelines and policies address, among other items, director independence and director qualifications. You can access and print our corporate governance guidelines and policies, including the charters of our Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, our Corporate Code of Ethics for Directors, Executive Officers and Employees and other Company policies and procedures required by applicable law or regulation, on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents.

Director Independence

NASDAQ rules require that a majority of the directors of NASDAQ-listed companies be independent. An independent director generally means a person other than an officer or employee of the listed company or its subsidiaries, or any other individual having a relationship, which, in the opinion of the listed company's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Certain categories of persons are deemed not to be independent under the NASDAQ rules, such as persons employed by the listed company within the last three years, and persons who have received (or whose immediate family members have received) payments exceeding a specified amount from the listed company within the last three years, excluding payments that are not of a disqualifying nature (such as compensation for board service, payments arising solely from investments in the listed company's securities, and benefits under a tax-qualified retirement plan). NASDAQ rules impose somewhat more stringent independence requirements on persons who serve as members of the audit committee or the compensation committee of a listed company.

Of the thirteen persons who currently serve on our Board of Directors, we believe that Messrs. Adams, Adcock, Ashley, Bruns, Buckheim, Engelkes, Hinkle, Lieblong and Longe are independent for purposes of NASDAQ rules. Messrs. Allison, French, Mayor and Sims are not considered independent because they are officers of Home BancShares. The Board has also determined that no member of the Audit Committee, Compensation Committee or Nominating and Corporate Governance Committee has any material relationship with the Company (either directly or indirectly as a partner, shareholder or officer of an organization that has a relationship with the Company) and that all members of these committees meet the criteria for independence under the NASDAQ listing standards.

Board Structure and Role in Risk Oversight

The Board of Directors has since 2009 separated the positions of Chairman and Chief Executive Officer (CEO). The primary purpose of installing a separate CEO in addition to the Chairman was to facilitate and strengthen the

succession of management of the Company. This separation of Chairman and CEO also allows for

greater oversight of the Company by the Board. The Board is actively involved in oversight of risks that could affect the Company. This oversight is conducted primarily through committees of the Board, as disclosed in the description of each of the committees below and in the charters of each of the committees, but the full Board has retained responsibility for general oversight of risks. The Board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company.

Code of Ethics

We have adopted a Code of Ethics that applies to all of our directors, officers, and employees. We believe our Code of Ethics is reasonably designed to deter wrongdoing and to promote honest and ethical conduct, including the ethical handling of conflicts of interest, full, fair and accurate disclosure in filings and other public communications made by us, compliance with applicable laws, prompt internal reporting of ethics violations, and accountability for adherence to the Code of Ethics. This Code of Ethics is published in its entirety on our website at www.homebancshares.com under the caption "Investor Relations / Corporate Profile / Governance Documents." We will post on our website any amendment to this code and any waivers of any provision of this code made for the benefit of any of our senior executive officers or directors.

BOARD MEETINGS AND COMMITTEES OF THE BOARD

The business of the Company is managed under the direction of the Board of Directors, who meet on a regularly scheduled basis during the calendar year to review significant developments affecting the Company and to act on matters that require Board approval. Special meetings are also held when Board action is required on matters arising between regularly scheduled meetings. Written consents to action without a meeting may be obtained if the Company deems it more appropriate.

All members of the Board are strongly encouraged to attend each meeting of the Board and meetings of the Board Committees on which they serve, as well as the Annual Meeting. The Board of Directors held four regularly scheduled meetings and no special meetings during calendar year 2014. During this period each Board member who served as a director during 2014 participated in at least 75% of the aggregate of the meetings of the Board and the committees on which the director served. In addition, all of the current Board members, excluding Thomas J. Longe, who was appointed to the Board in October 2014, attended the Company's Annual Meeting in 2014. Our Director Attendance Policy is published on our website at www.homebancshares.com under the caption "Investor Relations / Corporate Profile / Governance Documents."

Our Board of Directors has four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Asset/Liability Committee. Committee members are elected annually by the Board and serve until their successors are elected and qualified or until their earlier resignation or removal.

The following table discloses the Board members who serve on each of the Board's committees and the number of meetings held by each committee during calendar year 2014.

Audit Committee

The Audit Committee assists the Board in fulfilling its oversight responsibility relating to the integrity of our accounting and financial reporting processes and our financial statements, our compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, and the performance of our internal audit function and our independent auditors. In fulfilling its duties, the Audit Committee, among other things:

prepares the Audit Committee report for inclusion in the annual proxy statement;

appoints, compensates, retains and oversees the independent auditors;

pre-approves all auditing and appropriate non-auditing services performed by the independent auditor;

discusses with the internal and independent auditors the scope and plans for their respective audits;

reviews the results of each quarterly review and annual audit by the independent auditors;

reviews the Company's financial statements and related disclosures in the Company's quarterly and annual reports prior to filing with the SEC;

reviews the Company's policies with respect to risk assessment and risk management;

reviews the Company's internal controls, the results of the internal audit program, and the Company's disclosure controls and procedures and quarterly assessment of such controls and procedures;

establishes procedures for handling complaints regarding accounting, internal accounting controls, and auditing matters, including procedures for confidential, anonymous submission of concerns by employees regarding such matters; and

reviews the Company's legal and regulatory compliance programs.

The Board of Directors has adopted a written charter for the Audit Committee that meets the applicable standards of the SEC and NASDAQ. A copy of the Audit Committee Charter is published on our website at www.homebancshares.com under the caption "Investor Relations / Corporate Profile / Governance Documents."

The Audit Committee is comprised of Jack E. Engelkes, Chairman, Milburn Adams, Robert H. Adcock, Jr., James G. Hinkle, Thomas J. Longe and Alex R. Lieblong. The Board has determined that each member of the Committee satisfies the independence requirements of the NASDAQ listing standards, that each member of the Committee is financially literate, knowledgeable and qualified to review financial statements, and that Mr. Engelkes has the attributes of an "audit committee financial expert" as defined by the regulations of the SEC.

Compensation Committee

The Compensation Committee aids the Board in discharging its responsibility with respect to the compensation of our executive officers and directors. The Compensation Committee is responsible for evaluating and approving the Company's compensation plans and policies and for communicating the Company's compensation policies to shareholders in our annual proxy statement. In fulfilling its duties, the Compensation Committee, among other things:

reviews and approves corporate goals and objectives relevant to the compensation of our CEO;

evaluates the performance and determines the annual compensation of the CEO in accordance with these goals and objectives;

reviews and approves the amounts and terms of the annual compensation for our other executive officers;

reviews and approves employment agreements, severance agreements or arrangements, retirement arrangements, change in control agreements/provisions and special supplemental benefits for the executive officers;

reviews and makes recommendations to the Board with respect to incentive based compensation plans and equity based plans, and establishes criteria for and grants awards to participants under such plans;

reviews and recommends to the Board the compensation for our directors; and

reviews and recommends to the Board that the Compensation Discussion and Analysis be included in the annual proxy statement and Form 10-K annual report.

The Board of Directors has adopted a written charter for the Compensation Committee that meets the applicable standards of the SEC and NASDAQ. The Compensation Committee Charter is published on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents.

The Compensation Committee is comprised of Dale A. Bruns, Chairman, Milburn Adams, Richard H. Ashley, Richard A. Buckheim and Jack E. Engelkes. The Board has determined that each member of the Committee satisfies the independence requirements of the NASDAQ listing standards and Section 162(m) of the Internal Revenue Code of 1986, as amended.

The Compensation Committee charter authorizes the Committee to delegate to subcommittees of the Committee any responsibility the Committee deems necessary or appropriate. The Committee shall not, however, delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the Committee as a whole.

The Chairman, after consulting with executive officers and others, makes recommendations to the Committee regarding the form and amount of compensation paid to each executive officer. Additionally, the Chairman, the CEO and our Chief Financial Officer (CFO) attend the Committee meetings and answer questions and provide information to the Committee as requested. This normally includes a history of the primary compensation components for each executive officer, including an internal pay equity analysis. The Committee then considers the recommendations of the Chairman, the information provided by the CEO and CFO, historical compensation of each executive, and other factors. Based on this information, the Committee sets the compensation for the executive officers, except for the Chairman, CEO and CFO, which it recommends to the Board of Directors. The executive officers do not make any recommendations with regard to director compensation. Although the executive officers are involved in the process of evaluating compensation, including their own, the final decision is made by the Committee or the Board. The Committee understands the inherent conflict in obtaining information from the Chairman and executive officers, but believes that this information is valuable in determining the appropriate compensation. The CEO is not present during the Committee's deliberations or voting regarding his compensation.

Historically, the Committee meets subsequent to year end to finalize discussion regarding the Company's performance goals for the previous and current year with respect to performance-based compensation to be paid to executive officers and to approve its report for the annual proxy statement. These goals are approved within 90 days of the beginning of the year. Each year in December and/or January, the Committee generally discusses any new compensation issues, the compensation, bonus and incentive plan award analyses and the engagement of a compensation consultant for annual executive and director compensation. The Committee also meets in December and/or January to:

1. review and discuss the recommendations made by the Chairman;
2. review the performance of the Company and the individual officers;
3. review the level to which the Company's performance goals were attained and approve short-term cash bonus and long-term incentive awards; and
4. determine the executive officers' base salaries for the following year.

Management also advises the full Board, including the Committee members, throughout the year of new issues and developments regarding executive compensation.

Compensation Committee Interlocks And Insider Participation

During 2014, Messrs. Bruns, Adams, Ashley, Buckheim and Engelkes served as members of the Compensation Committee. None of these five directors during 2014 or at any previous time served as an officer or employee of Home BancShares or our bank subsidiary. During 2014, none of our executive officers served as a director or member of the compensation committee (or group performing equivalent functions) of any other entity for which any of our independent directors served as an executive officer. See CERTAIN RELATIONSHIPS AND RELATED

TRANSACTIONS for information concerning transactions during 2014 involving Mr. Ashley.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee develops and maintains the corporate governance policies of the Company. The Committee's responsibilities include, among other things:

developing and maintaining the Company's corporate governance policies;

identifying, screening and recruiting qualified individuals to become Board members;

making recommendations regarding the composition of the Board and its committees;

assisting the Board in assessing the Board's effectiveness;

assisting management in preparing the disclosures regarding the Committee's operation to be included in the Company's annual proxy statement; and

reviewing and approving all related party transactions required to be disclosed in our annual proxy statement.

The Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee that meets the applicable standards of the SEC and NASDAQ. The Nominating and Corporate Governance Committee Charter is published on our website at www.homebancshares.com under the caption "Investor Relations / Corporate Profile / Governance Documents."

The Nominating and Corporate Governance Committee is comprised of Alex R. Lieblong, Chairman, Robert H. Adcock, Jr., Dale A. Bruns and Thomas J. Longe. The Board has determined that all members of the Committee satisfy independence requirements of the NASDAQ listing standards. The Nominating and Corporate Governance Committee met on January 16, 2015, to select director nominees to be voted on at the Annual Meeting.

Director Candidate Qualifications

The Nominating and Corporate Governance Committee Directorship Guidelines and Selection Policy outlines the qualifications the Committee looks for in a director nominee. Generally, the candidate should possess:

relevant business and financial expertise and experience, including an understanding of fundamental financial statements;

the highest character and integrity and a reputation for working constructively with others;

sufficient time to devote to meetings and consultation on Board matters; and

freedom from conflicts of interest that would interfere with performance as a director.

More specifically, the Nominating Committee seeks candidates who possess various qualifications, skills, or other factors it deems appropriate. These factors may include leadership experience in business or other relevant fields, knowledge of the Company and the financial services industry, experience in serving as a director of another financial institution or public company generally, education, wisdom, integrity, analytical ability, familiarity with and participation in the communities served by the Company and its subsidiaries, commitment to and availability for services as a director, and any other factors the Committee deems relevant.

Director Nominations Process

After assessing and considering prevailing business conditions of the Company, legal and listing standard requirements for Board composition, the size and composition of the current Board, and the skills and experience of current Board members, any of the Chairman, the Nominating Committee or any Board member may identify the need to add a Board member or to fill a vacancy on the Board. The Committee identifies qualified director nominees from among persons known to the members of the Committee, by reputation or otherwise, and through referrals from trusted sources, including senior management, existing Board members, shareholders and independent consultants hired for such purpose. The Committee may request that senior officers of the Company assist the Committee in identifying and assessing prospective candidates who meet the criteria established by the Board. The Committee will consider director candidates recommended by shareholders in accordance with the procedures set forth in the Company's policy regarding director recommendations by shareholders. This policy is

described above under the caption "Can a Shareholder Nominate a Director?" and is published on our website at www.homebancshares.com under the caption "Investor Relations / Corporate Profile / Governance Documents." The Committee intends to evaluate any candidate recommended by a shareholder in the same manner in which it evaluates candidates recommended by other sources, according to the criteria described below.

The Nominating Committee evaluates candidates based upon the candidate's qualifications, recommendations, or other relevant information, including a personal interview. The Nominating Committee has determined that the Board as a whole must have the right diversity, mix of characteristics and skills for the optimal functioning of the Board in its oversight of the Company. The Board believes it should be comprised of persons with skills in areas such as banking, finance, accounting, sales and marketing, law, strategic planning and leadership of large, complex organizations. The Nominating Committee prefers a mix of background and experience among the Board's members but does not follow any ratio or formula to determine the appropriate mix. Rather, it uses its judgment to identify nominees whose backgrounds, attributes and experiences, taken as a whole, will contribute to the high standards of Board service to the Company.

In addition to the targeted skill areas, the Nominating Committee looks for a strong record of achievement in key knowledge areas that it believes are critical for directors to add value to a Board including:

Strategy – knowledge of the Company's business model, the formulation of corporate strategies, knowledge of key competitors and banking markets;

Leadership – skills in coaching senior executives and the ability to assist in their development;

Organizational issues – understanding of strategy implementation, management processes, group effectiveness and organizational design;

Relationships – understanding how to interact with investors, regulatory bodies, and communities in which the Company operates;

Functional – understanding of finance matters, financial statements and auditing procedures, technical expertise, legal issues, information technology and marketing; and

Ethics – the ability to identify and raise key ethical issues concerning the activities of the Company and senior management as they affect the business community and society.

The Committee meets to consider and approve the candidates to be presented to the Board. The Committee then presents its proposed nominees to the full Board. The Board considers the recommendations of the Committee and approves candidates for nomination.

The Nominating and Corporate Governance Committee Directorship Guidelines and Selection Policy is published on our website at www.homebancshares.com under the caption "Investor Relations / Corporate Profile / Governance Documents."

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Banking Transactions. Most of our directors and officers, as well as the firms and businesses with which they or members of their immediate families are associated, are customers of our bank subsidiary. Our bank subsidiary and former bank subsidiaries have engaged in a variety of loan transactions in the ordinary course of business with individuals and their families and businesses, and it is anticipated that such transactions will occur in the future. In the case of all such related party transactions in 2014, each transaction was approved by either the Audit Committee, the Nominating and Corporate Governance Committee, the Board of Directors or the bank subsidiary's board of directors. These loans were made in the ordinary course of business on substantially the same terms, including interest rates and collateral requirements, as those prevailing at the time for comparable loans with persons not related to us. In the opinion of our management, those loan transactions do not involve more than a normal risk of collectability or present other unfavorable features.

We believe that all extensions of credit by our bank subsidiary to its directors and officers and to directors and officers of the Company, either directly or as guarantors, were made in conformity with the requirements of Federal Reserve Board Regulation O. As of December 31, 2014, the aggregate amount outstanding on these loans, including available borrowings, was approximately \$28.0 million, of which approximately \$18.5 million was attributable to the largest borrowing relationship. None of these loans are nonaccrual, past due 90 days or more, restructured or potential problems.

Real Estate Transactions. We lease certain of our properties from persons who are affiliated with us. The property used by our Marketing and Sales Department in Conway, Arkansas, is leased from First Real Estate LTD Partnership LLLP, which includes one of our directors, Robert H. Adcock, Jr. Additionally, we lease the land for a banking office in Lakewood Village Shopping Center in North Little Rock, Arkansas, from Conservative Development Company, a corporation controlled, through common ownership, by Richard H. Ashley, who is one of our directors. During 2014, the aggregate payments we made, directly or indirectly, to each of the named persons for the various leases described above were less than \$120,000.

Other Transactions. In June 2013, we and an unaffiliated third party purchased an airplane owned by Capital Buyers, a company owned by our Chairman, John W. Allison. In connection with the purchase, we and the third party each agreed to contribute \$50,000 annually, and Mr. Allison agreed to contribute \$25,000 annually, toward the fixed cost of the plane. Each of us, the third party and Mr. Allison share an aggregate time allotment for use of the plane, split 40%, 40% and 20%, respectively. Any user that goes over its or his time allotment will be billed at a rate of \$600 per hour. We also entered into a lease agreement with Mr. Allison in June 2013 to lease a hangar for the airplane for an aggregate annual rent of \$9,000. During 2014, the aggregate payments we made toward the cost of the plane and for the lease of the hangar described above were less than \$120,000.

We believe the terms of each of the agreements above are no less favorable to us than we could have obtained from an unaffiliated third party. We expect we will continue to engage in similar banking and business transactions in the ordinary course of business with our directors, executive officers, principal shareholders and their associates. All proposed related party transactions are presented to the Nominating and Corporate Governance Committee of our Board of Directors for consideration and approval. The Committee approved each of the transactions described above. The Committee does not currently have any formal policies or procedures with respect to its review, approval, or ratification of related party transactions, but considers each related party transaction or proposed related party transaction on a case-by-case basis. According to its charter, the Committee follows the definition of related party transaction provided in the SEC's regulations under the Securities Act of 1933.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities and Exchange Act of 1934, as amended, requires each director, officer, and any individual beneficially owning more than 10 percent of the Company's common stock to file reports on Forms 3, 4, and 5 disclosing beneficial ownership and changes in beneficial ownership of the common stock of the Company with the SEC within specified time frames. These specified time frames require the Form 3's to be filed on or before the effective date of the issuer's registration statement or within 10 days after the person becomes a reporting person. Changes in ownership must be filed on Form 4 within two business days of the transaction. Based solely on information provided to the Company by individual directors and officers, we believe that all our Section 16 filers complied with the filing requirements during the fiscal year, except as follows: One Form 4 reporting one acquisition of 530 shares of common stock by our Controller was not filed timely, and a series of 11 acquisitions of an aggregate of 6,875 shares of common stock by our Chairman through his 401(k) plan in a prior year were inadvertently not reported and subsequently reported on one Form 4 during 2014 upon discovery of the error.

PRINCIPAL SHAREHOLDERS OF THE COMPANY

The following table sets forth certain information as of January 31, 2015, concerning the number and percentage of shares of our common stock beneficially owned by our directors, our named executive officers, and all of our directors and executive officers as a group, and by each person known to us who beneficially owned more than 5% of the outstanding shares of our common stock.

Information in this table is based upon beneficial ownership concepts described in the rules issued under the Securities Exchange Act of 1934. Under these rules, a person is deemed to be a beneficial owner of any shares of our common stock if that person has or shares voting power, which includes the power to vote or direct the voting of the shares, or investment power, which includes the right to dispose or direct the disposition of the shares. Thus, under the rules, more than one person may be deemed to be a beneficial owner of the same shares. A person is also deemed to be a beneficial owner of any shares as to which that person has the right to acquire beneficial ownership within 60 days from January 31, 2015.

Except as otherwise indicated, all shares are owned directly, and the named person possesses sole voting and investment power with respect to his shares. The address for each of our directors and named executive officers is c/o Home BancShares, Inc., 719 Harkrider Street, Suite 100, Conway, Arkansas 72032.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The following Compensation Discussion and Analysis provides information regarding the Company's compensation program for our named executive officers. Our named executive officers are our CEO, our CFO and our three other most highly-compensated executive officers, which for 2014 consisted of our Chairman and two regional presidents of our bank subsidiary, one of whom became Chief Executive Officer and President of our bank subsidiary in January 2015. Specific information regarding the compensation paid to each named executive officer during each of the past three years is disclosed in the Summary Compensation Table on page 31 of this proxy statement. The following information includes an overview of our compensation philosophy and guiding principles, the components of our executive compensation, and a more detailed discussion of the compensation of our Chairman and our CEO.

Our compensation program is designed to attract and retain key management for the Company and our bank subsidiary, motivate high performance with a view toward long-term growth and success of the Company, and align management with the interests of our shareholders. Our executive compensation consists of base salary, short-term incentives in the form of annual cash bonus awards, long-term incentives in the form of equity awards under the Company's Amended and Restated 2006 Stock Option and Performance Incentive Plan, retirement and insurance benefit plans and certain perquisites. The short-term incentive awards are closely linked to the Company's or our bank subsidiary's financial performance compared with the Company's or the bank's strategic goals for each year or to the executive's contributions to other operational achievements during the year. Our long-term incentive awards, which may be granted on a fixed basis or a performance basis tied to annual and/or multi-year cumulative performance goals of the Company or our bank subsidiary, encourage the alignment of senior management's goals with those of our shareholders, with the ultimate goal of increasing overall shareholder value. The opportunity to earn annual cash bonus awards and long-term equity awards provides a mix of variable compensation that integrates the Company's short-term and long-term goals, as well as helps to attract and retain executive officers.

Salary payments to our named executive officers during 2014 ranged from \$275,000 to \$390,000, an increase of 8% to 11% over 2013 base pay for each named executive except our Chairman, John W. Allison, whose salary was unchanged from the prior year. For 2014, we paid annual cash bonuses to each of the named executive officers ranging from 36% to 50% of the executive's 2014 base salary, which represented at or near the maximum annual bonus amount for which each executive was eligible. The 2014 cash bonus awards were based primarily on the officers' contributions to our record earnings during 2014 and the completion of our acquisitions of Florida Traditions Bank (Traditions) and Broward Financial Holdings, Inc. (Broward).

The Compensation Committee historically has granted restricted stock and stock options under the Company's Amended and Restated 2006 Stock Option and Performance Incentive Plan to our executive officers in the form of regular and performance-based awards as a means of rewarding the executives for past performance, providing a long-term incentive for future performance and aligning management with the interests of our shareholders. On January 17, 2014, the Committee awarded 40,000 restricted shares of our common stock to Mr. Allison in recognition of his contributions toward our acquisition of Liberty Bancshares, Inc. and 3,000 restricted shares of our common stock to a regional president of our bank subsidiary, Tracy M. French, who was recently appointed CEO and President of our bank subsidiary, for his continued efforts related to our FDIC-assisted acquisitions and our acquisitions of Vision Bank and Premier Bank in 2012. On January 16, 2015, the Committee awarded 60,000 restricted shares of our common stock to Mr. Allison in recognition of his leadership in connection with the Company's financial performance in 2014 and the acquisitions of Traditions and Broward. The Committee also awarded stock options representing 50,000 shares of our common stock to Mr. French for his contributions related to our recent acquisitions and in connection with his elevation to CEO and President of our bank subsidiary. The Committee believes these awards provide a long-term performance incentive and further align the interests of these executive officers with those of our shareholders.

Overview of Compensation Philosophy and Program

The Compensation Committee, composed entirely of independent directors, administers the Company's executive compensation program. The role of the Committee is to oversee the Company's compensation and benefit plans and policies, administer its stock plans, and review and approve annually all compensation decisions related to the named executive officers and our Board members. The Committee submits its decisions with regard to the Chairman, CEO and CFO to the Board for their ratification.

The Committee recognizes the importance of compensation and performance and seeks to reward performance with cost-effective compensation that aligns employee efforts with the business strategy of the Company and with the interest of the shareholders. The Committee also recognizes that the compensation should assist the Company in attracting and retaining key executives critical to its long-term success.

The following principles guide the Committee:

Compensation levels should be sufficiently competitive to attract and retain key management for the bank and holding company. The Company hires experienced bank executives that have a track record in the market. Competition is strong for these talented and experienced people. The compensation package must be strong and competitive in that market.

Compensation should relate directly to performance and responsibility. Compensation should vary with the performance and responsibility of the individual. It should always be proportional to the contribution to the Company's success.

Short-term incentive compensation should motivate high performance. The Company uses the cash bonus plan to motivate individuals with roles and responsibilities that give them the ability to directly impact the Company's performance and strategic direction. The incentive compensation should not cause the individual to take excessive and unnecessary risks that would threaten the institution.

The Company's Stock Option and Performance Incentive Plan should align management with shareholders' interests. Awards of stock options, restricted stock or other forms of long-term compensation should encourage management to focus on the long-term growth and success of the Company. It should provide management with a meaningful stake in the Company and the prospects of a long-term career.

The Committee receives regular updates on our business results from management and reviews the quarterly financial statements and projections to assess whether executive compensation continues to be properly balanced with and supportive of our business objectives. The Committee may also review information, including reported revenue, profit levels, market capitalization and disclosed governance practices, regarding comparably-sized bank holding companies in a peer group to assess our comparative performance and organizational structure. The Committee uses management updates and peer information as tools to evaluate the connection between executive compensation and our performance as a business. This information is reviewed in a subjective manner. There is no implied direct or formulaic linkage between peer information and our compensation decisions. The Committee takes the view that a close connection between compensation and performance objectives encourages our executives to make decisions that will result in significant positive short-term and long-term returns for our business and our shareholders without providing an incentive either to take unnecessary risks or to avoid opportunities to achieve long-term benefits even

though they may reduce short-term benefits for the named executive officers, the business or our shareholders.

Based on these reports and assessments, the Committee annually evaluates both the short-term and long-term performance compensation for the named executive officers to ensure alignment with our business objectives. The Committee also works closely with management regarding long-term equity incentives, including performance based equity awards, which emphasize shareholder returns while providing enhanced retention value for key executives.

Benchmarking Against A Peer Group

The Committee in the past has compared total compensation levels for the executive officers to the compensation paid to executives in a peer group. The Committee annually considers the need for a peer analysis and reviews peer compensation as the Committee deems necessary. The Committee did not perform a peer compensation review or engage a compensation consultant during 2014 to advise the Committee on setting the compensation of our executive officers. For 2014, the Committee evaluated and considered the overall performance and achievements of the Company and, for our regional bank presidents, the performance of the bank in each designated region, as well as each executive's individual performance and the Chairman's recommendation for such executive (other than himself).

Consideration of Shareholder Advisory Say-on-Pay Vote

At our Annual Meeting in 2014, the shareholders approved, on an advisory basis, the compensation of our named executive officers for 2013, as disclosed in last year's proxy statement (99.8% of votes cast). We value this endorsement by our shareholders of our executive compensation policies. The Committee has considered the results of this advisory vote on executive compensation, and we have followed the same philosophy in determining our current executive compensation of maintaining competitive executive pay that rewards performance and encourages management to focus on the long-term growth and success of the Company by providing them an equity stake in the Company that aligns their interests with our shareholders. The Company has included in this Proxy Statement a similar proposal providing for an advisory vote to approve the compensation of our executives in accordance with the shareholders' recommendation. See PROPOSAL TWO ADVISORY (NON-BINDING) VOTE APPROVING EXECUTIVE COMPENSATION.

Components of Compensation

The key elements of the Company's executive compensation program are:

Base salary

Short-term incentives (bonuses)

Long-term incentive compensation (options/restricted stock)

Retirement and insurance benefit plans

Certain defined perquisites

The Company tries to determine the proper mix of base, short-term and long-term incentive compensation. In our markets there are a number of national, regional and community banks. The competition for experienced executives in banking is strong. The Committee understands that being a public company that can offer equity incentives and a community banking philosophy puts the Company in a competitive position for strong management. The public market for the stock and its easily accessible value is a positive factor in aligning management's interest with that of the shareholders and making them meaningful stakeholders.

Base Salary

Base salaries historically have been targeted at comparable levels for peer companies and adjusted to recognize varying levels of responsibility, individual performance, individual banking region performance if appropriate and internal equity issues. The Committee reviews the base salaries of the executive officers annually. This base salary provides the foundation for a total compensation package that is required to attract, retain and motivate the officers. Generally, base salaries are not directly related to specific measures of performance, but are determined by experience, the scope and complexity of the position, current job responsibilities, and salaries of competing banks. The Committee did not use benchmarking in 2014. In January 2014, the Committee approved base salary increases for 2014 of \$25,000 to \$30,000, or 8% to 11% of 2012 base

salary, for each of our named executives, except Mr. Allison. The Committee granted restricted stock to Mr. Allison partially in lieu of a salary increase for 2014. *See* Compensation of the Chairman for more information regarding the equity awards to Mr. Allison. In January 2015, the Committee approved base salary increases for 2015 of 3% to 16% for our Chairman and the two named executives that serve as executive officers of our bank subsidiary. Mr. French received the largest increase in his base salary in connection with his promotion to CEO and President of the bank, while the Committee reduced the salary of the CEO of the Company to reflect his no longer serving as CEO and President of the bank. The base salary for 2015 for our CFO is unchanged from his 2014 base salary. The salaries to our Chairman, CEO and CFO were approved by the Board.

Short-term Incentives

An annual cash bonus plan is intended to reward individual performance for that year. The Compensation Committee evaluates a number of performance criteria for the Company or the bank and considers the overall profitability of the Company before determining the awards. Specifically, the Committee reviews the individual performance of the officer, and if he or she is in charge of a banking region, the performance of that region. In evaluating a regional bank president, the Committee reviews the goals for that banking region, including return on assets, growth in assets, asset quality, return on equity, gross margin, net income, operating income, net cash flow and regulatory examination results. In evaluating an executive officer of the parent, the Committee reviews the goals of the parent company including shareholder return, earnings per share, and the other criteria noted above. The final consideration is the overall profitability of the Company. The Committee then determines the amount of the awards. In each case, the Committee makes the determination at their discretion as to the issuance and amount of any award.

The Committee awarded annual cash bonuses for 2014 to each of our named executive officers, except our Chairman, in an amount equal to 50% of the executive's 2014 base salary. The Chairman was awarded a cash bonus equal to 36% of his 2014 base salary. These amounts were at or near the maximum bonus award for which each executive was eligible. The awards were based primarily on each executive's contribution to the completion of our acquisitions of Traditions and Broward and the Company's financial performance during 2014, which included record net income and an increase in diluted earnings per share (excluding merger expenses) of \$0.43 per share, or 32.3%, for the year ended 2014 when compared to the previous year.

Long-term Incentives

Consistent with the Company's philosophy that favors compensation based upon performance, long-term incentives comprise a significant component of total compensation. In 2012, the Board of Directors adopted and the shareholders approved the Amended and Restated 2006 Stock Option and Performance Incentive Plan (the Plan). The purpose of the Plan is to attract and retain highly qualified officers, directors, and key employees, and to encourage those employees to improve our business results. The Plan is administered by our Compensation Committee. Subject to the terms of the Plan, the Committee may select participants to receive awards, determine the types, terms and conditions of awards and interpret provisions of the Plan.

It is the policy of the Committee to award grants with an exercise price set at the fair market value on the date of the grant. The Company does not have a practice of timing option or restricted stock grants to coordinate with the release of material non-public information. The Committee evaluates opportunities under the Plan along with the annual setting of salaries and awarding bonuses. The Committee will also consider awards under the Plan if appropriate in recruiting a new employee.

The Committee uses one or more of the following business criteria, on a consolidated basis and/or with respect to specified banking regions (except with respect to the total shareholder return and earnings per share criteria), in establishing performance goals for awards intended to comply with Section 162(m) of the Internal Revenue Code granted to covered employees:

shareholder return;

return on assets;

growth in assets;

asset quality;

return on equity;

earnings per share;

net income; and

operating income.

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the compensation that publicly held corporations may deduct in any one year with respect to each of its five most highly paid executive officers. There is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements. Annual cash incentive compensation and stock option awards are generally performance-based meeting those requirements and, as such, are deductible. The Compensation Committee has not adopted a policy with regard to this issue. The Amended and Restated 2006 Stock Option and Performance Incentive Plan contains certain provisions which are intended to further the Company's eligibility to deduct future performance-based compensation in accordance with Section 162(m).

Historically, the Committee has granted both regular and performance-based nonqualified stock options. Awards granted on a regular (or fixed) basis carry a set vesting schedule based on a certain time period as determined by the Committee. Performance-based awards are payable in recognition of achievement of certain annual and/or cumulative performance goals of the Company or our bank subsidiary based on one or more of the criteria described above over a period of time longer than one year. Under the Amended and Restated 2006 Stock Option and Performance Incentive Plan, the Committee must certify in writing that all of the performance goals and other material terms of a performance-based award have been met before the named executive officer may receive payment for such award. The Committee may confer with the Audit Committee as necessary when confirming achievement of performance goals. The equity awards (both fixed and performance-based) typically have been based on a vesting period of three to five years.

The Committee may also grant restricted stock under the Plan based on the criteria described above. The restricted period for such shares may be subject to the satisfaction of Company or individual performance objectives but may not be less than one year. If the restricted shares are not subject to any such performance objectives, the restricted period may not be less than three years.

The Committee most recently granted performance-based equity awards in August 2012, when the Committee awarded an aggregate of 208,000 restricted shares of our common stock to our executive officers and certain other employees pursuant to the Plan, including 86,000 shares subject to time vesting (Restricted Shares) and 122,000 shares subject to performance-based vesting (Performance Shares). These grants included a total of 32,000 shares awarded to our named executive officers except our Chairman, half of which are Restricted Shares and half of which are Performance Shares. The purpose of these awards was to further align the interests of our named executives and key employees with the interests of our shareholders, to enhance the ability of the Company to attract and retain the best available talent and to encourage the highest level of performance by, and provide additional incentive to, our executives and key employees. The shares awarded had a fair market value on the date of grant of \$14.78 per share.

The performance goal for the Performance Shares consisted of a targeted average of \$0.3125 diluted earnings per share or cumulative \$1.25 diluted earnings per share over a four consecutive quarter period. The Company met this performance goal as of September 30, 2013. In accordance with the terms of the Performance Share awards, these shares will now cliff vest on September 30, 2016, subject to the officer s or employee s continued employment with the Company. The Restricted Shares will cliff vest on August 2, 2015 (the third

anniversary of the grant date), subject to the officer's or employee's continued employment with the Company. The shares will become fully vested upon death or disability or upon a change in control of the Company, provided that, in the case of the Performance Shares, the market price of the Company's common stock at the time of the change of control is over \$15.00 per share. If, upon a change in control, the market price of the Company's common stock is \$15.00 per share or below, vesting of the Performance Shares will be at the Committee's discretion.

On January 17, 2014, the Committee awarded 40,000 restricted shares of our common stock to our Chairman, Mr. Allison, in recognition of his contributions toward our acquisition of Liberty Bancshares, Inc. and 3,000 restricted shares of our common stock to Mr. French for his continued leadership in connection with the integration of our seven FDIC-assisted acquisitions since 2010 as well as our Vision Bank and Premier Bank acquisitions in 2012. The restricted shares to Mr. Allison vest in three equal annual installments beginning on January 17, 2015. The restricted shares to Mr. French will cliff vest on January 17, 2017.

On January 16, 2015, the Committee awarded 60,000 restricted shares of our common stock to Mr. Allison in recognition of his leadership in connection with the Company's financial performance in 2014 and the Company's acquisitions of Traditions and Broward. The Committee also awarded stock options to purchase 50,000 shares of our common stock to Mr. French for his contributions related to our recent acquisitions and in connection with his elevation to CEO and President of our bank subsidiary. The restricted shares to Mr. Allison will cliff vest on January 16, 2018. The stock options to Mr. French will vest in five equal annual installments beginning on January 16, 2016.

Retirement and Insurance Benefits

Post-Termination Benefits. We do not have any employment, salary continuation, or severance agreements currently in effect for any of our executive officers.

Chairman's Retirement Plan. In 2007, our Board of Directors, based on a recommendation by the Compensation Committee, approved a Chairman's Retirement Plan for our Chairman, John W. Allison. The Chairman's Retirement Plan provides a supplemental retirement benefit to Mr. Allison of \$250,000 per year for 10 consecutive years or until Mr. Allison's death, whichever occurs later.

The benefits under the plan became 100% vested and commenced on Mr. Allison reaching age 65 in 2011. The vested benefits are payable over 10 years or Mr. Allison's life, whichever is greater. If Mr. Allison dies during the 10 year guaranteed benefit period, his beneficiary will receive the remaining payments due during the guaranteed period. If he dies after the guaranteed benefit period, no further benefits will be paid. The annual benefit will be paid in monthly installments.

Supplemental Executive Retirement Plan. Prior to our acquisition of Community Bank, the bank purchased life insurance policies on its President and Chief Executive Officer, Tracy M. French. The policies offset benefit expenses associated with a supplemental annual retirement benefit that grows on a tax-deferred basis. A portion of the benefit is determined by an indexed formula. The balance of the benefit is determined by crediting interest on the accrued balances. The calculation for the benefit expense accrual is: insurance policy income minus opportunity cost plus interest. The opportunity cost is determined by the bank and is equal to the five year average of the one year Treasury Bill rate. The bank (now Centennial Bank) retains the opportunity cost. Prior to Mr. French's retirement, any earnings in excess of the opportunity costs are accrued to a liability reserve account for his benefit. At retirement, this liability reserve account is amortized with interest and paid out over a period of 15 years. If Mr. French dies while there is a balance in his account, this balance will be paid in a lump sum to Mr. French's beneficiaries.

The life insurance benefit for Mr. French is being provided by an endorsement split dollar life plan. Upon the death of the executive, the death benefit payable is equal to 70% of the net at-risk life insurance portion (total

benefit less cash value) of the policies insuring the life of Mr. French. The bank has all ownership rights in the death benefits and surrender values of the insurance policy on Mr. French. Its obligations under the retirement benefit portion of this policy are unfunded; however, the bank has purchased life insurance policies on Mr. French that are actuarially designed to offset the annual expenses associated with the benefit portion of the policy and will, given reasonable actuarial assumptions, offset all of the cost during Mr. French's lifetime and provide a complete recovery of costs at death.

401(k) Plan. All our full- and part-time employees over the age of 21 are eligible to participate in our 401(k) Plan immediately. We contribute a matching contribution equal to 50% of the participants' first 6% of deferred compensation contribution. In addition, we may make a discretionary contribution. No discretionary contributions were made during 2014.

Health and Insurance Benefits. Our full-time officers and employees are provided hospitalization and major medical insurance. We pay a substantial part of the premiums for these coverages. All insurance coverage under these plans is provided under group plans on generally the same basis to all of our full-time employees. Also, we provide other basic insurance coverage including dental, life, and long-term disability insurance.

In 2004, First State Bank (now Centennial Bank) adopted an endorsement split-dollar life insurance plan which provides for the purchase of life insurance policies insuring the life of Mr. Allison. Both the bank and Mr. Allison have an interest in each of the policies, and therefore, this is classified as an endorsement split-dollar plan. Mr. Allison's beneficiaries will be entitled to an amount equal to 50% of the net at-risk insurance portion of the total proceeds. The net at-risk portion is the total proceeds less the cash value of the policy. Mr. Allison recognizes the economic value of this death benefit each year on his individual income tax return. The beneficiaries of the policies are named by Mr. Allison and the bank will receive the remainder of the death benefit. The bank has all ownership rights in the death benefits and surrender values of the policies. The premium paid on June 4, 2004, for the policies was \$4.8 million. Effective December 22, 2006, the death benefits payable under these policies split between the bank and Mr. Allison's beneficiaries. If the death benefits were paid in 2015, approximately \$8.7 million would be paid to the bank and approximately \$2.1 million would be paid to Mr. Allison's beneficiaries.

Perquisites

The Company provided certain perquisites to executive management in 2014. These perquisites included:

401(k) contributions

Country club dues

Gasoline for personal car

Car allowance

Use of company owned car

During 2013, the Company purchased a 50% ownership interest in an airplane owned by Mr. Allison's company, Capital Buyers. We share the use and the annual fixed cost of the airplane with an unaffiliated third party, which owns

the remaining 50% interest in the airplane, and Mr. Allison through a specified time allotment and cost sharing arrangement. In addition, the Company from time-to-time uses a separate airplane owned by Capital Buyers. An employee of the Company is a pilot and flies the airplanes. Mr. Allison also uses the airplanes and the pilot for personal travel which may or may not occur during working hours. When the Company uses the Capital Buyers plane, Capital Buyers charges the Company for out of pocket expenses and other expenses attributable to use and maintenance of the aircraft.

Compensation of the Chairman

Salary and Short-Term Incentive Compensation. During 2014, Mr. Allison received \$275,000 as salary from the Company, representing no change from his 2013 salary. For 2015, Mr. Allison's salary was increased to \$300,000. Mr. Allison received a discretionary cash bonus of \$100,000 for 2014 in recognition of his leadership during 2014 in which the Company completed two acquisitions and achieved another year of record financial performance. In January 2014, the Compensation Committee granted restricted shares to Mr. Allison partially in lieu of a salary increase for 2014. Mr. Allison's equity awards are discussed below under Long-Term Incentive Compensation.

Long-Term Incentive Compensation. Mr. Allison has in the past received awards of both fixed and performance-based stock options as well as awards of restricted stock under the Plan. On January 17, 2014, the Committee awarded Mr. Allison 40,000 restricted shares of our common stock with a fair market value on the date of grant of \$1.4 million, or \$34.14 per share, in recognition of his leadership and significant contributions in our acquisition of Liberty Bancshares, Inc. These restricted shares vest in three equal annual installments beginning on January 17, 2015. Mr. Allison did not receive any additional equity compensation awards during 2014. During 2014, Mr. Allison exercised a total of 22,979 previously vested stock options for a total value received on exercise of \$595,401. Also, a total of 3,095 restricted shares previously granted to Mr. Allison vested during 2014 for a total value received on vesting of \$97,651.

On January 16, 2015, the Committee awarded Mr. Allison 60,000 restricted shares of our common stock with a fair market value on the date of grant of \$1.8 million, or \$29.42 per share, in recognition of his leadership and significant contributions to the Company. These restricted shares will cliff vest on January 16, 2018, the third anniversary of the grant date.

Chairman's Retirement Plan. In April 2007, our Board of Directors, based on a recommendation by the Compensation Committee, approved a Chairman's Retirement Plan for Mr. Allison, which provides him a supplemental retirement benefit of \$250,000 per year for 10 consecutive years or until Mr. Allison's death, whichever occurs later. The benefits under the plan became 100% vested and benefit payments began upon Mr. Allison reaching age of 65 in 2011. The vested benefits will be paid in monthly installments. If Mr. Allison dies during the 10 year guaranteed benefit period, his beneficiary will receive any remaining payments due. If he dies after the guaranteed benefit period, no further benefits will be paid. During 2014, Mr. Allison received payments totaling \$250,000 under the plan. *See*

In addition, Mr. Allison is Chairman of the board of directors of the Company's subsidiary bank and serves on each regional board of directors of the bank. He receives a fee for his service on the board of directors and each regional board of the bank. The fees for his service on each board are set by the respective boards of the bank. Mr. Allison earned a total of \$70,099 in fees for his service on the Board of Directors of the Company and the board of directors and regional boards of the bank during 2014, including fees for his service on committees of the Company and bank boards.

Compensation of the Chief Executive Officer

Salary and Short-Term Incentive Compensation. During 2014, Mr. Sims received \$390,000 as salary from the Company, an increase of approximately 8% from his 2013 salary of \$360,000. Mr. Sims continues to be

eligible for an annual discretionary cash bonus based on the previously described criteria. The Compensation Committee awarded Mr. Sims a discretionary cash bonus of approximately 50% of his base salary for his services during 2014. This award was based on his stewardship as CEO in the achievement of the Company's acquisitions of Traditions and Broward and the Company's financial performance during 2014, which included record net income and an increase in diluted earnings per share (excluding merger expenses) of \$0.43 per share, or 32.3%, for the year ended 2014 when compared to the previous year. On January 6, 2015, as part of the Company's succession planning, Mr. Sims resigned as Chief Executive Officer and President of our bank subsidiary to focus exclusively on his position with the holding company. In connection with this change, the Compensation Committee recommended and the Board approved a salary \$275,000 for Mr. Sims for 2015.

Long-Term Incentive Compensation. Mr. Sims has in the past received awards of both fixed and performance-based stock options as well as awards of restricted stock under the Plan. No long-term incentive awards were granted to Mr. Sims during 2014. However, as of September 30, 2013, the Company achieved the performance goals for the Performance Shares awarded in August 2012 to certain named executive officers and employees, including 4,000 shares to Mr. Sims with a fair market value on the date of grant of \$59,120, or \$14.78 per share. These shares will now cliff vest on September 30, 2016. An additional 4,000 Restricted Shares of our common stock granted to Mr. Sims in August 2012, will cliff vest on August 2, 2015, the third annual anniversary of the grant date. These shares also had a fair market value on the date of grant of \$59,120, or \$14.78 per share. In addition, during 2014, a total 3,014 of restricted shares previously granted to Mr. Sims vested for a total value received on vesting of \$92,952.

Perquisites. Mr. Sims annually receives certain perquisites from the Company. Perquisites provided to Mr. Sims during 2014 included payments for gasoline for Mr. Sims' personal car, personal use of a Company car, payment of country club dues and discretionary executive gifts. The amounts of these perquisites are disclosed below under EXECUTIVE COMPENSATION Summary Compensation Table.

Compensation Risk Assessment

The Compensation Committee and management conducted an assessment of the risks associated with our compensation policies and practices during 2014, including our compensation arrangements for both executives and non-executive employees. That assessment included a review of policies and procedures relating to the components of our compensation program, a review of incentive-based equity and cash compensation features, identification of any compensation design features that could potentially encourage excessive or imprudent risk taking, and consideration of the presence or absence of controls, oversight or other factors that mitigate potential risk.

During the review, the Committee and management concluded that several factors and controls relating to our compensation policies and practices mitigate against the potential for risks that could materially and adversely affect the Company. These factors and controls include:

the Company's lack of involvement in activities regarded as having significant inherent risk, such as mortgage-backed securities and proprietary trading;

management's review of compensation arrangements of employees of the Company or our bank subsidiary having compliance, risk, credit quality, quality assurance and finance roles;

oversight of incentive compensation by the Compensation Committee, which is made up of independent directors;

effective internal controls over financial reporting for the Company;

appropriate segregation of duties; and

restrictions on awards that align the interests of the employee with the interests of the shareholders.

Based upon this assessment, we do not believe that our employee compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the Company.

PROPOSAL TWO ADVISORY (NON-BINDING) VOTE

APPROVING EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with SEC rules. This vote is commonly known as a say-on-pay vote. At our Annual Meeting in 2012, our shareholders voted to recommend that the Company hold future say-on-pay votes annually until the Company is next required to hold an advisory vote on the frequency with which the Company will hold future say-on-pay votes, which will be in 2018. Accordingly, the Company presents the resolution set forth below for approval by the shareholders in accordance with the Dodd-Frank Act and Section 14A of the Securities Exchange Act of 1934.

At our Annual Meeting in 2014, our shareholders approved, on an advisory basis, the compensation of our named executive officers for 2013, as disclosed in last year's proxy statement. We value the endorsement by our shareholders of our executive compensation policies. We believe that our compensation policies and procedures are competitive, are focused on pay for performance principles and are strongly aligned with the long-term interests of our shareholders. The Compensation Committee, which is comprised entirely of independent directors, oversees our executive compensation program and monitors our policies to ensure they continue to emphasize programs that reward executives for results that are consistent with shareholder interests.

We encourage you to closely review our Compensation Discussion and Analysis and the tabular disclosure which follows it, including the footnotes and narratives which accompany each table, as they describe our compensation policies and procedures and the components and amounts comprising the compensation paid to our named executive officers.

The following resolution gives you as a shareholder the opportunity to endorse or not endorse the compensation we pay to our named executive officers by voting to approve or not approve such compensation as described in this Proxy Statement:

RESOLVED, that the shareholders of Home BancShares, Inc. (the Company) approve the compensation of the Company's executives named in the Summary Compensation Table of the Company's Proxy Statement for the 2015 Annual Meeting of Shareholders, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Executive Compensation tables and the related disclosure contained in the Proxy Statement.

Because your vote is advisory, it will not be binding upon the Board of Directors and may not be construed as overruling any decision by the Board. However, the Compensation Committee may, in its sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements.

Our Board of Directors and our Compensation Committee believe that our commitment to responsible compensation practices as described in this Proxy Statement justifies a vote by shareholders FOR the resolution approving the compensation of our executives as disclosed in this Proxy Statement.

**PROPOSAL THREE RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our consolidated financial statements as of and for the fiscal year ended December 31, 2014, were audited by BKD, LLP, an independent registered public accounting firm. In 2014, the Audit Committee of the Board of Directors and our shareholders approved the engagement of BKD, LLP to be our independent registered accounting firm for fiscal year 2014. The Audit Committee intends to approve the re-engagement of BKD, LLP to be our independent registered public accounting firm for the fiscal year ending December 31, 2015, subject to the ratification of the appointment by our shareholders at the Annual Meeting and our formal acceptance of an engagement letter from BKD, LLP after the Annual Meeting.

Shareholders' ratification of the selection of BKD, LLP to be our independent registered public accounting firm for fiscal year 2015 is not required by our Bylaws or otherwise. However, the Board is submitting the selection of the independent registered public accounting firm to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection of BKD, LLP, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee may, at its discretion, direct the appointment of a different independent registered accounting firm at any time during the year if it determines that such change is in the best interests of the Company and our shareholders.

Representatives of BKD, LLP are expected to attend the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

**REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

In accordance with its written charter, which was re-approved in its current form by the Board of Directors on January 16, 2015, the Audit Committee assists the Board in, among other things, oversight of our accounting and financial reporting processes, our compliance with legal regulatory requirements, the qualifications and independence of the independent auditors and the performance of the internal and independent auditors. A copy of the Audit Committee charter is published on the Company's website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents.

Our Board of Directors has determined that all six members of the Committee are independent based upon the independence requirements of the SEC and NASDAQ, and that our Chairman, Mr. Engelkes, satisfies the criteria of an audit committee financial expert as defined by the regulations of the SEC.

Management is responsible for the preparation, presentation, and integrity of our financial statements, for the appropriateness of our accounting principles and reporting policies and for implementing and maintaining internal control over financial reporting. Our independent auditors are responsible for auditing the financial statements and internal controls over financial reporting and for reviewing our unaudited interim financial statements. The Audit Committee's responsibility is to monitor and review these processes and procedures. Except for our Chairman, Mr. Engelkes, the members of the Audit Committee are not engaged in the practice of accounting or auditing and are not professionals in those fields. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management that the financial statements have been prepared with integrity and objectivity and on the representations of management and the opinion of the independent auditors that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States.

During 2014, the Audit Committee held five regularly scheduled meetings. The Audit Committee's regular meetings were conducted in order to encourage communication among the members of the Audit Committee, management, the internal auditors, and our independent auditors, BKD, LLP. Among other things, the Audit Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee separately met with each of the internal and independent auditors, with and without management, to discuss the results of their examinations and their observations and recommendations regarding our internal controls. The Audit Committee also discussed with our independent auditors all matters required by auditing standards generally accepted in the United States of America, including those described in Public Company Accounting Oversight Board Auditing Standard No. 16, Communication with Audit Committees.

The Audit Committee reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2014, with management, the internal auditors, and our independent auditors. Management's discussions with the Audit Committee included a review of critical accounting policies.

The Audit Committee obtained from the independent auditors a formal written statement describing all relationships between us and our auditors that might bear on the auditors' independence consistent with Public Company Accounting Oversight Board Rule 3526, Communication with Audit Committees Concerning Independence. The Audit Committee discussed with the auditors any relationships that may have an impact on their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee has reviewed and approved the amount of fees paid to BKD, LLP for audit and non-audit services. The Audit Committee concluded that the provision of services by BKD, LLP is compatible with the maintenance of BKD's independence.

Based on the above-mentioned review and discussions with management, the internal auditors, and the independent auditors, and subject to the limitations on our role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the calendar year ended December 31, 2014, for filing with the SEC.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee has the responsibility of appointing, setting compensation for and overseeing the work of the independent auditor, and has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

- (1) **Audit** services include audit work performed in the preparation of our consolidated financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services, and consultation regarding financial accounting and/or reporting standards.
- (2) **Audit-related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
- (3) **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the consolidated financial statements, and includes fees in

the areas of tax compliance, tax planning and tax advice.

- (4) **Other fees** are those associated with services not captured in the other categories. Other than the services for the third-party administration of the Company's defined contribution plan, we generally do not request such services from the independent auditor.

Prior to the engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees

versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The members to whom such authority is delegated must report, for informational purposes only, the pre-approval decisions to the Audit Committee at its next scheduled meeting.
