Dear Shareholder:

You are invited to attend our annual meeting of shareholders to be held on Thursday, May 7, 2015 at 9:00 a.m., Eastern Daylight Time, in the Gallatin Conference Room at The Jefferson Hotel, 1200 16th Street, NW, Washington, DC 20036. Enclosed is our 2014 Annual Report for your review.

The Notice of Annual Meeting of Shareholders and the Proxy Statement describe the items of business to be considered at the meeting. Please consider the items presented and vote your shares as promptly as possible.

We are pleased this year to take advantage of a Securities and Exchange Commission rule that permits us to furnish proxy materials to shareholders over the Internet. We have mailed to our shareholders a Notice of Internet Availability of Proxy Materials, which indicates how to access our proxy materials on the Internet. By furnishing this Notice in lieu of mailing our proxy materials, we are lowering the costs and reducing the environmental impact of our annual meeting. If you prefer a paper copy of the proxy materials, you may request one by following the procedure set forth in the Notice of Internet Availability of Proxy Materials.

Your vote is important. Whether or not you plan to attend the annual meeting, please vote your shares by proxy via Internet, telephone or mail to ensure that your vote is counted. If you hold your shares through an account with a broker, bank or other nominee, please follow the instructions you receive from that nominee to vote your shares.

Thank you for your continued support of U.S. Silica.

Sincerely,

U.S. Silica Holdings, Inc. Proxy Statement

QUESTIONS & ANSWERS ON VOTING PROCEDURES

Who is entitled to vote at the annual meeting, and how many votes do they have?

Holders of record of our common stock who owned shares as of the close of business on March 9, 2015 (the Record Date) may vote at the meeting. Each share is entitled to one vote. There were 53,352,248 shares of common stock outstanding on the Record Date.

When were the enclosed solicitation materials first given to shareholders?

The enclosed Annual Report and proxy card, together with the Notice of Annual Meeting and Proxy Statement, were first made available over the Internet to shareholders on or about March 27, 2015. A Notice of Internet Availability of Proxy Materials, indicating how to access our proxy materials over the Internet, was first sent, or given, to shareholders on or about March 27, 2015.

Why were the proxy materials made available to shareholders over the Internet?

We are taking advantage of a rule adopted by the Securities and Exchange Commission that permits us to furnish proxy materials to shareholders over the Internet. On or about March 27, 2015, we mailed to our shareholders a Notice of Internet Availability of Proxy Materials, which indicates how to access our proxy materials on the Internet. By furnishing this Notice in lieu of mailing our proxy materials, we are lowering the costs and reducing the environmental impact of our annual meeting. You may request to receive a paper copy of the proxy materials by following procedures set forth in the Notice of Internet Availability of Proxy Materials. If a paper copy is requested, shareholders should expect to receive it within several days.

The Notice of Internet Availability of Proxy Materials directs shareholders to the website where you will log in using your unique control number. On this website, you will be able to view our Proxy Statement and Annual Report. You may also cast your vote in a secure manner on the same website.

Who can attend the annual meeting?

All shareholders as of the Record Date may attend the annual meeting. **Please check the box on your proxy card if you plan to attend the annual meeting.**

You will need an admission ticket or proof of ownership of our common stock to enter the annual meeting. If you hold shares directly in your name as a shareholder of record, you must present any of the following in order to gain admission to the meeting:

the Notice of Internet Availability of Proxy Materials;

if you voted using a paper proxy card, the portion of your proxy card that you keep and do not submit when you vote; or

Edgar Filing: U.S. SILICA HOLDINGS, INC. - Form PRE 14A

if you received an email indicating that the proxy materials are available on the Internet, you may print the email containing your control number.

If your shares are registered or held in the name of your broker or bank or other nominee, your shares are held in street name. Please note that if you hold your shares in street name, you will need to bring proof of your ownership of our common stock as of the Record Date, such as a copy of a bank or brokerage statement, and check in at the registration desk at the meeting.

Please note that you also may be asked to present valid picture identification, such as a driver's license or passport.

Table of Contents

Because seating is limited, admission to the meeting will be on a first-come, first-served basis. For the safety of attendees, all boxes, handbags and briefcases are subject to inspection. Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices are not permitted at the meeting.

What is a quorum of shareholders?

A quorum is the presence at the annual meeting, in person or by proxy, of holders of a majority of the shares of our common stock entitled to vote, including abstentions and broker non-votes (see below). Because there were 53,352,248 shares of our common stock outstanding on the Record Date, the presence of holders of 26,676,125 shares is a quorum. We must have a quorum to conduct the meeting.

What is a proxy?

A proxy is another person that you authorize to vote on your behalf. We ask shareholders to instruct the proxy how to vote so that all common shares may be voted at the annual meeting even if the holders do not attend the meeting.

An abstention occurs when a shareholder affirmatively chooses not to vote on a proposal. A broker non-vote occurs when a broker, bank or other nominee who holds shares for another person has not received voting instructions from the owner of the shares, and under New York Stock Exchange (NYSE) rules, does not have discretionary authority to vote on a matter. The matter covered by Proposal No. 2 (ratification of independent registered public accounting firm) is considered a routine matter under the rules of the NYSE for which broker discretionary voting is allowed. Therefore, if you do not vote on this proposal, your broker, bank or other nominee may choose to vote for you or leave

your shares unvoted on that proposal. New York Stock Exchange rules, however, do not permit brokerage firms to vote their clients' unvoted shares in certain other matters, such as the matters set forth in Proposal Nos. 1, 3, 4, 5 and 6. Therefore, if you do not vote on Proposal Nos. 1, 3, 4, 5 or 6, your shares will remain unvoted on those proposals.

If your shares are held by a broker, bank or other nominee, you will receive from that nominee a Notice of Internet Availability of Proxy Materials instructing you on how to vote your shares or, if you have elected to receive the proxy materials in paper, a full meeting package including a voting instructions form to vote your shares. Your broker, bank or other nominee may permit you to provide voting instructions by telephone or by the Internet.

Unless you give other instructions when you vote, the persons named as proxies, Bryan A. Shinn and Christine C. Marshall, will vote in accordance with the Board's recommendations. We do not expect any other

business to properly come before the Annual Meeting; however, if any other business should properly come before the Annual Meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

How do I vote if I am a shareholder of record?

You must be present, or represented by proxy, at the annual meeting in order to vote your shares. Since many of our shareholders are unable to attend the meeting in person, you may vote your shares in the following ways:

- By Internet*** To access your online proxy card, please visit the website listed on your Notice of Internet Availability of Proxy Materials, or the paper proxy card if you received one, and follow the on-screen instructions. You will need the control number included on your Notice of Internet Availability of Proxy Materials or proxy card. If you vote by Internet, you do not need to mail your proxy card.
- By Telephone*** To vote your shares by proxy by telephone, please call the phone number listed on your Notice of Internet Availability of Proxy Materials, or the paper proxy card if you received one, and follow the instructions. You will need the control number included on your Notice of Internet Availability of Proxy Materials or proxy card. If you vote by telephone, you do not need to mail your proxy card.
- By Mail*** If you received a paper proxy card, to vote your shares by mail, please follow the instructions on the proxy card. If you vote your shares by mail, please sign and date your proxy card and mail it in the pre-addressed, postage-paid envelope. **If you do not sign your proxy card, your votes cannot be counted.**
- In Person*** To ensure your shares are represented, we ask that you vote your proxy by telephone, Internet or mail, even if you plan to attend the meeting. **Please check the box on your proxy card if you plan to attend the annual meeting.**

If you plan to attend the annual meeting in person and need directions to the meeting site, please contact Investor Relations (phone: 301-682-0304).

Can I vote by proxy even if I plan to attend the annual meeting?

Yes. If you vote by proxy and decide to attend the annual meeting, you do not need to fill out a ballot at the meeting, unless you want to change your vote.

Why might I receive more than one Notice of Internet Availability of Proxy Materials or proxy card? Should I vote on each Notice and proxy card I receive?

First, you may have various accounts with us that are registered differently, perhaps in different names or with different social security or federal tax identification numbers. Second, you may also own shares indirectly through your broker. Your broker will send you a voting instructions form for these shares. You should vote on each Notice, proxy card or voting instructions form you receive in accordance with the instructions set forth in those documents.

Can I receive future proxy materials electronically?

Yes, to receive future proxy materials via the Internet please visit our transfer agent, Broadridge Corporate Issuer Solutions, Inc., at www.proxyvote.com and follow the instructions to consent to the electronic delivery of materials. If you hold your shares in street name, please check the information provided by your broker, bank or other nominee concerning the availability of this service.

Table of Contents

How do I change my vote or revoke my proxy?

If you are a shareholder of record, you may change your vote or revoke your proxy at any time before the annual meeting by:

notifying Christine C. Marshall, Corporate Secretary, in writing at 8490 Progress Drive, Suite 300, Frederick, MD 21701 that you are changing your vote;

providing subsequent Internet or telephone voting instructions;

completing and sending in another proxy card with a later date; or

attending the annual meeting and voting in person.

If you hold your shares through a broker, bank or other nominee, you should contact your broker, bank or other nominee for instructions on how to change your vote or revoke your proxy.

Who is soliciting my proxy, how is it being solicited, and who pays the cost?

U.S. Silica, on behalf of the Board, through its directors, officers and employees, is soliciting proxies. Proxies may be solicited in person, or by mail, Internet, telephone or facsimile. We pay the cost of soliciting proxies.

While at ConocoPhillips, he also served as Vice President of Global Gas LNG, as President of Gas and Power and as President of Energy Solutions in addition to other roles in ConocoPhillips midstream business units. Mr. Stice received a Bachelor of Science degree in Chemical Engineering from the University of Oklahoma in 1981, a Master of Science degree in Business from Stanford University in 1995 and a Doctorate of Education degree from George Washington University in 2011. As a result of these professional experiences, Mr. Stice brings extensive breadth, depth and expertise in the oil and natural gas services sector of the energy industry.

DETERMINATION OF INDEPENDENCE

The Board assesses the independence of its members under the NYSE listing standards. For a director to be considered independent, the Board must affirmatively determine that such director has no material relationship with us. When assessing the materiality of a director's relationship with us, the Board considers the issue from both the standpoint of the director and from that of persons and organizations with whom or with which the director has an affiliation. The Board reviews the standards adopted by the NYSE to assist it in determining if a director is independent. A director shall be deemed to have a material relationship with us and shall not be deemed to be an independent director if:

the director is or has been our employee or an employee of any of our affiliated entities at any time since January 1, 2012, or an immediate family member of the director is or has been an executive officer of us or any of our affiliated entities at any time since January 1, 2012; provided that employment of a director as our interim chairman of the Board or chief executive officer or other executive officer shall not disqualify such director from being considered independent following termination of that employment;

the director or an immediate family member is a current partner of a firm that is our internal or external auditor;

the director is a current employee of a firm that is our internal or external auditor;

the director has an immediate family member who is a current employee of a firm that is our internal or external auditor and personally works on our audit;

the director or an immediate family member was at any time since January 1, 2012 (but is no longer) a partner or employee of a firm that is our internal or external auditor and personally worked on our audit within that time;

the director or an immediate family member, is, or has been at any time since January 1, 2012, employed as an executive officer of another company where any of our present executive officers at the same time serves or served on that company's compensation committee;

the director is a current executive officer or employee, or an immediate family member is a current executive officer, of another company that has made payments to, or received payments from (other than contributions to tax exempt organizations), us for property or services in an amount which, in any of the other company's last three fiscal years, exceeds the greater of \$1.0 million or 2% of such other company's consolidated gross revenues; or

the director has received, or has an immediate family member who has received, during any twelve-month period since January 1, 2012, more than \$120,000 in direct compensation from us, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent in any way on continued service); provided, however, that (i) compensation received by a director for former service as an interim chairman or chief executive officer or other executive officer need not be considered and (ii) compensation received by an immediate family member for service as our employee (other than an executive officer) need not be considered.

The Board has determined that each of Messrs. Avramovich, Bernard, Kacal, Shaver and Stice, a majority of the members of our current Board, has no material relationship with us and is independent under NYSE listing standards. With respect to Mr. Shaver, the Board considered the following relationships with Golden Gate Capital, which had been our controlling shareholder but ceased to be a shareholder in December 2013, which it determined were immaterial and did not impair Mr. Shaver's independence:

Mr. Shaver provided consulting services to Golden Gate Capital until 2012 on matters unrelated to U.S. Silica; and

Mr. Shaver held passive, non-controlling limited partner interests in certain Golden Gate Capital funds.

Table of Contents

There were no transactions, employment or other relationships, voting or other agreements or any other arrangements in the last three years that the Board had to consider with respect to the independence determinations for Messrs. Avramovich, Bernard, Kacal and Stice.

Mr. Shinn, who is our President and Chief Executive Officer, is not independent. None of the other individuals who served as a director during 2014, Rajeev Amara, Prescott Ashe and Brian Slobodow, who each served as a director until January 2, 2014, was independent. Messrs. Amara and Ashe are managing directors of Golden Gate Capital and Mr. Slobodow had served as an executive officer of U.S. Silica from March 2011 to October 2012.

CORPORATE GOVERNANCE

Board Composition

Our Board consists of six members. The affirmative vote of our Board is required to change the size of our Board or to fill any vacancies. The term of office for each director is until his or her successor is elected at our annual meeting or his or her death, resignation or removal, whichever is earliest to occur. Shareholders elect directors each year at our annual meeting.

The Board met nine times in 2014. Directors are expected to attend all or substantially all meetings of the Board and meetings of committees on which they serve, and each of the directors nominated for reelection attended at least 83% of the meetings of the Board and of any committees on which the director served in 2014.

The Board has adopted a policy that encourages each director to attend the annual meeting of shareholders. All of the six directors in office as of the date of the 2014 annual meeting of shareholders attended the meeting.

Compensation Committee Interlocks and Insider Participation

No interlocking relationships exist between the members of our Compensation Committee and the board of directors or compensation committee of any other company.

Role of Board of Directors in Risk Oversight

The Board, through the Audit Committee, is responsible for risk oversight of our activities. The Audit Committee periodically discusses with management our policies governing the process by which risk assessment and risk management is undertaken and our major risk exposures and the steps management has taken to monitor and control such exposures. In addition, the Compensation Committee reviews the risks arising from U.S. Silica's compensation policies and practices to determine whether those risks are reasonably likely to have a material adverse effect on U.S. Silica. The Board believes that our current Board leadership structure, as discussed below, takes into account the Board's role in risk management oversight including the appropriate delegation of risk management oversight responsibilities to the various committees of the Board.

Leadership Structure of Board of Directors

With respect to the roles of Chairman of the Board and Chief Executive Officer, our Corporate Governance Guidelines provide that the roles may be separated or combined, and the Board exercises its discretion in combining or separating these positions as it deems appropriate in light of prevailing circumstances. The Board believes that the combination or separation of these positions should continue to be considered as part of the succession planning process. Currently the roles are separated, with Mr. Shaver serving as independent Chairman. The Board believes that this structure best serves the interests of shareholders because it allows our Chief Executive Officer to focus primarily on our business strategy and operations and most effectively leverages the experience of the Chairman. It also enhances the Board's independent oversight of our senior management

Table of Contents

team and enables better communications and relations between the Board, the Chief Executive Officer and other senior management. In that regard, our independent Chairman presides over the executive sessions of the non-management and independent directors of the Board. Our Corporate Governance Guidelines provide the flexibility for our Board to modify our leadership structure in the future as appropriate. We believe that we, like many U.S. companies, are well served by this flexible leadership structure.

NOMINATIONS FOR DIRECTOR

The Board seeks nominees with a broad diversity of experience, professions, viewpoints, skills and backgrounds that will enable them to make a significant contribution to the Board, U.S. Silica and U.S. Silica's shareholders. The Board believes that the backgrounds and qualifications of the current director nominees, considered as a group, provide a broad diversity of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. We discuss each nominee's specific experience, qualifications, attributes and skills in *Director Nominees*.

The Nominating and Governance Committee annually reviews the qualifications and backgrounds of the directors, as well as the overall composition of the Board, and recommends to the full Board the slate of director candidates to be nominated for election at the next annual meeting of shareholders. This review considers the following criteria, which are set forth in our Corporate Governance Guidelines, a copy of which is maintained on our website, www.ussilica.com:

independence;

diversity, age, skills and experience;

ability to represent all shareholders without a conflict of interest;

ability to work in and promote a productive environment;

whether the candidate has sufficient time and willingness to fulfill the substantial duties and responsibilities of a director;

whether the candidate has demonstrated the high level of character and integrity expected by us;

whether the candidate possesses the broad professional and leadership experience and skills necessary to effectively respond to the complex issues encountered by a publicly-traded company; and

ability to apply sound and independent business judgment.

As set forth in the charter of the Nominating and Governance Committee, if a shareholder were to recommend a director candidate, the Nominating and Governance Committee would consider such candidate using the same process

and criteria used for candidates recommended by management or the Board. From time to time, the Nominating and Governance Committee may retain third-party search firms to assist the Board in identifying and evaluating potential nominees to serve on the Board.

COMMUNICATIONS WITH BOARD OF DIRECTORS

The Board has adopted a policy whereby any communications from our shareholders or other interested parties to the Board shall be directed to our Corporate Secretary, who will forward all such communications to Mr. Shaver as the Board's designated director. Mr. Shaver will determine whether any of such communications should be forwarded to other members of the Board. Any communication addressed to a particular director, the Chairman of a particular Board committee or the non-employee directors as a group will be forwarded directly to those individuals.

Table of Contents

Communications that do not directly relate to the directors' duties and responsibilities will be excluded from distribution. Such excluded items may include spam, advertisements, mass mailings, form letters and e-mail campaigns that involve unduly large numbers of similar communications, solicitations for goods, services, employment or contributions, surveys and individual product inquiries or complaints. Additionally, communications that appear to be unduly hostile, intimidating, threatening, illegal or similarly inappropriate will be screened for omission. Any omitted or deleted communications will be made available to any director upon request.

Any shareholder or other interested party who wishes to communicate with the Board may submit such communication in writing to the Corporate Secretary, U.S. Silica Holdings, Inc., 8490 Progress Drive, Suite 300, Frederick, Maryland 21701.

TRANSACTIONS WITH RELATED PERSONS

Policies for Approval of Related Person Transactions

We have adopted a written policy with respect to related party transactions. Under our related person transaction policy, a Related Person Transaction is any transaction, arrangement or relationship between us or any of our subsidiaries and a Related Person not including any transactions involving \$120,000 or less when aggregated with all similar transactions. A Related Person is any of our executive officers, directors or director nominees, any stockholder beneficially owning in excess of 5% of our stock or securities exchangeable for our stock, any immediate family member of any of the foregoing persons, and any firm, corporation or other entity in which any of the foregoing persons is an executive officer, a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest in such entity.

Pursuant to our Related Person Transaction policy, any Related Person Transaction must be approved or ratified by a majority of the disinterested directors on the Board or a designated committee thereof consisting solely of disinterested directors. In approving any Related Person Transaction, the Board or the committee must determine that the transaction is on terms no less favorable to us in the aggregate than those generally available to an unaffiliated third party under similar circumstances.

Transactions with Related Persons, though not classified as Related Person Transactions by our policy and thus not subject to its review and approval requirements, may still need to be disclosed if required by the applicable securities laws, rules and regulations.

Other than compensation agreements and other arrangements that are described under *Executive and Director Compensation*, since January 1, 2014, there has not been, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party in which the amount involved exceeded or will exceed \$120,000 and in which any of our directors, executive officers, holders of more than 5% of any class of our voting securities or any member of the immediate family of the foregoing persons had or will have a direct or indirect material interest.

REPORT OF THE AUDIT COMMITTEE

The role of the Audit Committee is to assist the Board in its oversight of our responsibility relating to: (i) the integrity of our financial statements; (ii) compliance with legal and regulatory requirements; (iii) the independent registered public accounting firm's qualifications and independence; and (iv) the performance of our internal auditors and independent registered public accounting firm. The Audit Committee operates pursuant to a charter, a current copy of which is available on our website at www.ussilica.com. Management is responsible for the preparation, presentation

and integrity of our financial statements, accounting and financial reporting principles, and internal controls and procedures designed to assure compliance with accounting standards and

applicable laws and regulations. The independent registered public accounting firm is responsible for auditing our financial statements in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB) and expressing an opinion as to their conformity with accounting principles generally accepted in the United States. The independent registered public accounting firm has free access to the Audit Committee to discuss any matters they deem appropriate.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent registered public accounting firm. The Audit Committee also has discussed with management and the independent registered public accounting firm management's assessment of, and the independent registered public accounting firm's audit of, the effectiveness of our internal control over financial reporting. The Audit Committee relies without independent verification on the information provided to us and on the representations made by management and the independent registered public accounting firm. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16, Communication with Audit Committees, as currently in effect. Finally, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, as currently in effect, and has considered whether the provision of non-audit services by the independent registered public accounting firm is compatible with maintaining the independent registered public accounting firm's independence and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence.

Based upon the reports and discussions described in this report, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2014 for filing with the SEC.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

In this compensation discussion and analysis, we explain our general compensation philosophy for the executives named in the *Summary Compensation Table*, our named executive officers, as well as provide an overview and analysis of the different material elements of compensation that we provide our named executive officers. We have organized our discussion and analysis as follows:

First, we provide a summary of our 2014 performance.

Second, we discuss our compensation objectives, philosophy and practices.

Then, we discuss our use of compensation consultants and our approach to benchmarking the compensation for each of the named executive officers.

Finally, we describe each material element of compensation that we pay to our named executive officers, how we selected the various elements and amounts of compensation, and how decisions we make about one element of compensation fit into our overall compensation program and affect decisions regarding other elements of compensation.

Named Executive Officers

Our named executive officers for 2014 are as follows:

Name	Title
Bryan A. Shinn	President and Chief Executive Officer
Donald A. Merrill	Vice President and Chief Financial Officer
Bradford B. Casper	Vice President of Strategic Planning
Don D. Weinheimer	Vice President and General Manager, Oil & Gas
Michael L. Winkler	Vice President and Chief Operating Officer

U.S. Silica 2014 Performance

In 2014:

Revenue, adjusted EBITDA, total assets and total volume sold increased as compared to 2013 as follows:

Adjusted EBITDA of \$246.2 million was above the guidance we provided to investors at the beginning of 2014 of \$180 million to \$200 million and was also above the revised guidance provided to investors in the third quarter of 2014 of \$230 million to \$240 million. Adjusted EBITDA is a non-GAAP measure, and we discuss our use of Adjusted EBITDA below in *Performance-Based Cash Incentives*

Table of Contents

and in *How We Evaluate Our Business* in the *Management's Discussion and Analysis of Financial Condition and Results of Operations* section of our 2014 Annual Report on Form 10-K.

We completed our acquisition of Cadre Services, Inc. in July 2014, which owns a frac sand mine and plant in Voca, Texas, with an annual capacity of approximately 800,000 tons per year.

Our new mine and processing facility in Utica, Illinois became operational in the third quarter of 2014.

We continued to expand our supply chain network, including constructing our unit-train receiving transload facility in Odessa, Texas that we expect will become fully operational in early 2015, and now have 34 transload facilities located in or near all of the major shale basins in the United States.

We began development on a new mine and processing facility in Fairchild, Wisconsin, which, subject to market conditions, could become operational as early as late 2015.

We improved our financial strength and flexibility by upsizing our senior secured credit facility by an additional \$135 million to a total of approximately \$500 million.

Total shareholder return (assuming reinvestment of dividends) was -23.7%, which was better than the -29.2% return for the S&P 600 Oil & Gas Equipment and Services Index but below the 12.6% return for the Russell 3000 Index.

Executive Compensation Objectives and Philosophy

The key objectives of our executive compensation programs are (1) to attract, motivate, reward and retain superior executive officers with the skills necessary to successfully lead and manage our business, (2) to achieve accountability for performance by linking annual cash incentive compensation to the achievement of measurable performance objectives, and (3) to align the interests of the executive officers and our shareholders through short- and long-term incentive compensation programs. For our named executive officers, these short- and long-term incentives are designed to accomplish these objectives by providing a significant financial correlation between our financial results and their total compensation.

At our 2014 annual meeting, we received very strong support from our shareholders for our 2013 executive compensation program with over 98% of the votes cast in favor of the say-on-pay proposal. We believe the voting results demonstrated strong support for the overall design and results of our compensation program in 2013, which included strong alignment between pay and performance. For 2014, the overall design of our executive compensation program remained largely unchanged.

In 2014, as reflected in the charts on the next page, a significant portion of the compensation of our Chief Executive Officer and other named executive officers consisted of cash and equity incentive compensation contingent upon the achievement of financial performance, business unit and/or individual performance goals. Performance-based compensation aligns the interests of our Chief Executive Officer and other named executive officers with the interests of our shareholders because the amount of compensation ultimately received will vary with our company's financial

performance. Additionally, equity compensation derives its value from our equity value, which is likely to fluctuate based on our financial performance.

Table of Contents

We seek to apply a consistent philosophy to compensation for all executive officers. Our compensation philosophy is based on the following core principles:

To Pay for Performance

Individuals in leadership roles are compensated based on a combination of total company, business unit and individual performance factors. Total company performance is evaluated in part based on the degree to which pre-established financial objectives are met. Business unit and individual performance are evaluated based upon several individualized objectives. The Chief Executive Officer assessment process is managed by the Chairman of the Compensation Committee with input from all Board members. The Chairman solicits input from the Board via a Chief Executive Officer review form which captures the key objectives for the year. Each Board member is invited to provide feedback on the Chief Executive Officer's performance. The Chairman gathers this feedback and synthesizes it into a clear, balanced view of actual results as compared to the objectives. With guidance from the compensation consultant, the Chairman provides a pay recommendation to the Compensation Committee consistent with the feedback he has received from the Board.

The other management team members, including our named executive officers, provide objectives to the Board at the beginning of the year. The Chief Executive Officer assesses each management team member against those objectives and reports back to the Compensation Committee at mid-year and at the beginning of the following year. With guidance from the compensation consultant, the Chief Executive Officer provides pay recommendations for the management team members to the Compensation Committee consistent with his assessment of the executives performance.

The objectives and results for 2014 for our named executive officers are discussed in more detail below in *Material Elements of Compensation*.

To Pay Competitively

We are committed to providing a total compensation program designed to retain our high-caliber performers and attract superior leaders to our company. To achieve this goal, we compare our pay practices and overall pay levels with oil and gas, industrial and mineral organizations as discussed below in *Use of Compensation Consultants and Benchmarking*.

To Pay Equitably

We believe that it is important to apply generally consistent guidelines for all executive officer compensation programs. In order to deliver equitable pay levels, the Compensation Committee considers depth and scope of accountability, complexity of responsibility, qualifications and executive performance, both individually and collectively as a team.

Executive Compensation Practices

In addition to establishing a pay-for-performance culture, U.S. Silica has instituted the following executive compensation practices:

What We Do

The Compensation Committee has adopted a clawback policy that applies to all executive officers with respect to short-term and long-term performance-based incentive compensation as more fully described in *Clawback Policy* below.

Stock ownership requirements for U.S. Silica's executive officers create alignment with shareholder interests and require a significant ownership level as described in *Stock Ownership Requirements* below.

Table of Contents

Perquisites provided to executives are limited and reviewed annually by the Compensation Committee.

The Compensation Committee retains its own independent compensation consultant.

What We Don't Do

U.S. Silica does not provide tax gross-ups on perquisites received by our executive officers, except for tax gross-up on relocation benefits, which is provided to all employees.

U.S. Silica's insider trading policy prohibits all employees, including the named executive officers, from using company stock in any hedging activities. Employees may not pledge company stock as collateral or hold it in a margin account without obtaining approval from the General Counsel or Chief Compliance Officer.

The proposed Amended and Restated 2011 Incentive Compensation Plan does not allow the repricing or cash buyouts of stock options or stock appreciation rights, reload provisions in stock option grants or the payment of dividends on unvested performance shares and requires all awards to have at least a one-year vesting period.

Use of Compensation Consultants and Benchmarking

Overview

U.S. Silica administers compensation changes for all employees, including our named executive officers, on an annual basis. Each February, after performance results for the prior year are finalized, incentive payouts for the prior performance period are determined and performance metrics for the current year's annual and long-term incentive grants are approved by the Compensation Committee. This administration schedule permits compensation decisions to be made within a reasonable time after finalizing U.S. Silica's financial and operational results, so that an assessment of business and individual contributions to corporate performance can provide alignment of pay with performance. This schedule also facilitates the establishment of performance metrics that are consistent with U.S. Silica's business plan objectives communicated to shareholders at the beginning of the year.

Use of Compensation Consultants

Our Compensation Committee retains a compensation consultant to assist the Committee in determining both the mix of compensation that we make available to our named executive officers and the amount of each element, taking into account the general goals of our compensation program. The compensation consultant also provides research and market data to the Compensation Committee and generally advises the Compensation Committee on matters relating to its executive compensation decision making. A representative of the compensation consultant generally attends meetings of the Compensation Committee at which executive compensation matters are discussed and also communicates directly with the Compensation Committee Chair.

Since 2013, the Compensation Committee has retained Exequity LLP (Exequity) as the executive compensation consultant to the Compensation Committee. The Compensation Committee has determined that the work of Exequity did not raise any conflicts of interest in 2014. In making this assessment, the Compensation Committee considered the

independence factors enumerated in Rule 10C-1(b) under the Exchange Act, including the fact that Exequity does not provide any other services to the Company, the level of fees received from the Company as a percentage of Exequity's total revenue, policies and procedures employed by Exequity to prevent conflicts of interest, and whether the individual Exequity advisers to the Compensation Committee own any of the Company's stock or have any business or personal relationships with members of the Compensation Committee or our executive officers.

Table of Contents**Benchmarking**

With assistance from Exequity, our Compensation Committee established the following peer group for 2014 (the 2014 proxy peer group) to benchmark the components of the total direct compensation of our named executive officers:

AMCOL International Corporation	Eagle Materials, Inc.	PDC Energy Inc.
C&J Energy Services, Inc.*	EPL Oil & Gas Inc.	Pioneer Energy Services Corp.*
CARBO Ceramics Inc.	GulfMark Offshore, Inc.*	Resolute Energy Corporation
Clayton Williams Energy, Inc.	Intrepid Potash, Inc.	TETRA Technologies, Inc.*
Comstock Resources, Inc.	ION Geophysical Corporation*	Texas Industries, Inc.*

* New to peer group for 2014

These companies represented companies that were of similar size to U.S. Silica in terms of revenues and market capitalization and operated in the same industries as U.S. Silica, namely oil and gas and minerals. Certain companies were removed from the peer group used in 2013 because the Compensation Committee deemed them to be either too large or too small in terms of revenues or market capitalization as compared to U.S. Silica. The Compensation Committee also reviewed a group of 18 companies in the energy, construction, mining and manufacturing industries that participated in Equilar's survey of compensation for key executive positions (the 2014 survey peer group).

Exequity provided market compensation data using the above-referenced peer groups established by the Compensation Committee. For the 2014 survey peer group, Exequity size-adjusted the compensation data using a regression analysis consistent with standard practice to reflect the pay levels the survey peer group companies were expected to pay if they were U.S. Silica's revenue size. Exequity then analyzed the benchmark data and provided advice and insight to the Committee regarding competitive pay levels for the named executive officers. In the first quarter of 2014, the Compensation Committee reviewed the benchmark data from the 2014 proxy peer group and 2014 survey peer group for the Chief Executive Officer, and the Committee and the Chief Executive Officer reviewed the benchmark data from those peer groups for the other named executive officers, at the 25th, 50th and 75th percentiles as a reference for determining the 2014 base salary, 2014 cash incentive target awards and 2014 long-term incentive target awards for U.S. Silica's named executive officers.

In July 2014, with assistance from Exequity, our Compensation Committee established the following peer group for 2015 (the 2015 proxy peer group) to benchmark the components of the total direct compensation of our named executive officers:

C&J Energy Services, Inc.	Dril-Quip Inc.*	Minerals Technologies Inc.*
CARBO Ceramics Inc.	Eagle Materials, Inc.	Oasis Petroleum Inc.*
Clayton Williams Energy, Inc.	Energy XXI*	PDC Energy Inc.
Compass Minerals International Inc.*	GulfMark Offshore, Inc.	Pioneer Energy Services Corp.
Comstock Resources, Inc.	Intrepid Potash, Inc.	Rosetta Resources Inc.*

* New to peer group for 2015

These companies continue to represent companies that are of similar size to U.S. Silica in terms of revenues and market capitalization and operate in the same industries as U.S. Silica, namely oil and gas and minerals. Certain companies were removed from the peer group used in 2014 because they were acquired during 2014 (AMCOL International, EPL Oil & Gas and Texas Industries) or the Compensation Committee deemed them to be too small in terms of market capitalization as compared to U.S. Silica as a result of U.S. Silica's growth in 2014 (ION Geophysical, Resolute Energy and TETRA Technologies). Specifically, at the time the peer group review was conducted in July 2014, U.S. Silica's market capitalization was approximately \$3.0 billion (positioned at the 90th percentile relative to the 2014 proxy peer group, which had a median market capitalization

Table of Contents

of \$1.5 billion), while the market capitalizations for ION Geophysical, Resolute Energy, and Tetra Technologies were approximately \$690 million, \$580 million and \$890 million, respectively. The companies that replaced the six companies removed from the 2014 proxy peer group to form the 2015 proxy peer group had approximate market capitalizations as of July 2014 as follows:

Compass Minerals International Inc. (\$3.2 billion)

Dril-Quip, Inc. (\$4.4 billion)

Energy XXI Limited (\$1.6 billion)

Minerals Technologies Inc. (\$2.3 billion)

Oasis Petroleum Inc. (\$5.8 billion)

Rosetta Resources, Inc. (\$3.3 billion)

As a result of the changes made in July 2014, the median market capitalization and most recently reported fiscal year revenues for the 2015 proxy peer group were approximately \$2.2 billion and \$814 million, respectively. As of July 2014, the market capitalization and most recently reported fiscal year revenues for U.S. Silica were \$3.0 billion (68th percentile relative to the 2015 proxy peer group) and \$546 million (32nd percentile relative to the 2015 proxy peer group), respectively. As discussed below in *Material Elements of Compensation – Base Salary and Long-Term Incentive Program*, the Compensation Committee reviewed the updated benchmarking data from the 2015 proxy peer group in approving base salary increases and stock option awards for our executive officers in November 2014.

It is the Compensation Committee’s intent to provide target total compensation opportunities for U.S. Silica executives that are generally comparable to median target total compensation opportunities among relevant peer executives and are calibrated such that actual total compensation realized would (a) exceed peer median pay opportunities in the event that U.S. Silica and individual performance is strong, and (b) be below median pay opportunities in the event that U.S. Silica and individual performance is not strong.

Material Elements of Compensation

The elements of our compensation program in 2014 were:

base salary;

performance-based cash incentives;

equity-based incentives; and

certain additional executive benefits and perquisites.

The Compensation Committee will seek to consider each of these elements of compensation at the same time to enable the Compensation Committee to consider their impact on total compensation and the extent to which the determinations made will reflect the principles of our compensation philosophy and related guidelines with respect to allocation of compensation among certain of these elements and total compensation. We strive to achieve an appropriate mix between the various elements of our compensation program to meet our compensation objectives and philosophy; however, we do not apply any rigid allocation formula in setting our executive compensation, and we may make adjustments to this approach for various positions after giving due consideration to prevailing circumstances.

Table of Contents*Base Salary*

We provide a base salary to our executive officers to compensate them for their services during the year and to provide them with a stable source of income. The base salaries for our named executive officers in 2014 were established at the beginning of 2014 by our Compensation Committee, based in large part on the salaries established for persons holding similar positions with similar companies and by the Committee's review of other factors, including:

the individual's performance, results, qualifications and tenure;

the job's responsibilities, pay mix (base salary, annual cash incentives and other executive benefits) and similar companies' compensation practices; and

our ability to replace the individual.

In November 2014, following the creation of the 2015 proxy peer group, the Compensation Committee, with the assistance of Exequity, evaluated the benchmark data and determined to increase the base salaries of our executive officers. As a result of these base salary increases, our executive officers did not receive a base salary increase at the beginning of 2015.

The 2014 base salaries in effect for each of our named executive officers before and after the November 2014 increase were as follows:

Name	Annual Salary before			
	November 2014 (\$)	Annual Salary as of November 2014 (\$)	Dollar increase (\$)	Percentage Increase
Bryan A. Shinn	550,000	650,000	100,000	18%
Donald A. Merrill	345,000	356,150	11,150	3%
Bradford B. Casper	275,000	310,000	35,000	13%
Don D. Weinheimer	350,000	406,000	56,000	16%
Michael L. Winkler	325,000	408,000	83,000	26%

In the future, we expect that salaries for executive officers will continue to be reviewed and benchmarked against the relevant peer group annually, as well as at the time of a promotion or other change in level of responsibilities, or when competitive circumstances or business needs may require.

Performance-Based Cash Incentives

We pay performance-based cash incentives in order to align the compensation of our employees, including our named executive officers, with our short-term operational and performance goals and to provide near-term rewards for employees to meet these goals. Our short-term, performance-based cash incentive plan for executives provides for incentive payments for each fiscal year. For 2014, these incentive payments were based on the attainment of pre-established objective financial goals, business unit performance objectives and individual personal performance objectives. The following table shows each named executive officer's performance-based cash incentive minimum,

threshold, target and maximum payouts as a percentage of base salary for 2014 as of December 31, 2014, which were established by the Compensation Committee in February 2014.

Name	Percentage of Base Salary			
	Minimum Payout	Threshold Payout	Target Payout	Maximum Payout
Bryan A. Shinn	0%	50%	100%	200%
Donald A. Merrill	0%	25%	50%	100%
Bradford B. Casper	0%	25%	50%	100%
Don D. Weinheimer	0%	25%	50%	100%
Michael L. Winkler	0%	32.5%	65%	130%

Table of Contents

The financial goal for 2014 was achievement of an Adjusted EBITDA target, as may be adjusted to take into consideration the following: (i) restructurings, discontinued operations, extraordinary items or events (including acquisitions and divestitures), and other unusual or non-recurring charges (including expenses incurred with acquisitions and divestitures), (ii) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management, (iii) losses incurred as a result of any goodwill impairment, or (iv) a change in tax law or accounting standards required by U.S. generally accepted accounting principles. After eliminating for these effects, target Adjusted EBITDA for 2014 was \$190 million, which was at the mid-point of the Adjusted EBITDA guidance range that management communicated to investors at the beginning of 2014. Adjusted EBITDA was used because it is a key metric used by management and the Board to assess our operating performance. Upon attaining 2014 Adjusted EBITDA of at least \$190 million, an award pool is created from which each participant in the performance-based cash incentive plan is eligible to receive a payout. The actual amount of the payout is determined by reference to actual 2014 Adjusted EBITDA as well as achievement of the following business unit and personal performance objectives designed to coincide with the achievement of our overall short-term operational and performance goals:

development of a strategic plan to achieve EBITDA growth targets;

achievement of business unit performance goals;

completion of projects to increase capacity including a facility in Utica, Illinois and a transload in Odessa, Texas;

achieving 2014 budget and delivering budgeted savings under U.S. Silica's cost improvement program;

development and maintenance of a high quality mergers and acquisitions pipeline and execution on strategic transactions;

development of a best-in-class investor relations function;

continued improvement in financial reporting, budgeting, analysis and operating processes;

improvement in supply chain and information technology processes and systems;

hiring key personnel and enhancing the capabilities of existing personnel to meet growth targets;

continued enhancement of relationships with key customers including developing and executing an effective customer contracting strategy; and

meeting environmental, health and safety performance goals.

To receive the threshold payout under the 2014 annual incentive program, U.S. Silica would need to achieve Adjusted EBITDA equal to at least 90% of targeted Adjusted EBITDA. In order for executives to receive the maximum payout under the 2014 annual incentive program, U.S. Silica would need to achieve Adjusted EBITDA equal to 120% of targeted Adjusted EBITDA and executives would have to significantly exceed expectations on the business unit and individual objectives.

At the Compensation Committee meeting in February 2015, the determination of the 2014 performance-based cash incentive award payouts to the named executive officers took into account the following material factors:

Adjusted EBITDA for the year ended December 31, 2014 as compared to threshold, target and maximum performance under the 2014 annual incentive program:

Adjusted EBITDA in millions				
Threshold				
(90% of target)	Target	Maximum (120% of target)	Actual	Payout Achieved ⁽¹⁾
\$171	\$190	\$228	\$246.2	200%

⁽¹⁾ Before taking into account business unit and personal performance as discussed below.

For a calculation of 2014 Adjusted EBITDA, see Item 7, *Management's Discussion and Analysis of Financial Condition and Results of Operations - How We Evaluate Our Business* in U.S. Silica's 2014 Form 10-K.

The Chief Executive Officer presented to the Committee his proposed performance-based cash incentive payouts for the other named executive officers.

The Committee reviewed the benchmarking data discussed above in *Benchmarking*.

The Committee considered and agreed with the individual performance assessments that the Chief Executive Officer presented to the Committee for each other named executive officer as well as the Chief Executive Officer's self-assessment. The Committee members also discussed their own assessment of each named executive officer's performance including the Chief Executive Officer assessment managed by the Chairman of the Board.

The Committee discussed the relative compensation and organizational roles and responsibilities of the named executive officers.

The Committee considered the following business unit and personal performance achievements:

executed on a strategic plan that achieved EBITDA growth targets;

realized 2014 oil and gas business volume, revenue and contribution margin targets;

achieved full operation of the Utica, Illinois facility and mine and initiated process to develop a facility and mine in Fairchild, Wisconsin;

completed the acquisition of Cadre Services, Inc. and developed an M&A pipeline to enable U.S. Silica to continuously evaluate strategic transactions;

executed on the budgeted capital expenditure plan and realized budgeted savings under the cost improvement program;

improved supply chain performance by developing and implementing transload strategy and management processes and increasing transload network capacity and railcars under lease;

developed and began implementation of an information technology strategy to ensure information technology meets U.S. Silica's growth needs;

enhanced financial reporting, budgeting and analysis, including streamlining the periodic reports filed with the SEC, ensuring the consistency and timeliness of monthly reporting and adding to the capabilities of the budgeting and forecasting system;

ensured a successful audit of U.S. Silica's internal control over financial reporting in which no material weaknesses or significant deficiencies were identified and initiated operational audits;

increased the number of long-term investors and investment analysts covering the company and continued to strengthen relationships with analysts and investors including through increasing the number of interactions with investors and hosting an investor day;

ensured top talent is in place by hiring key personnel in the finance, internal audit and supply chain functions, adding sales personnel and enhancing the technical team;

initiated a new safety audit program and reduced greenhouse gas emissions by approximately 16% year over year; and

continued to develop relationships with senior executives at key customers.

The Committee determined that the performance-based cash incentive award payouts it approved for the named executive officers were reasonable after reviewing the foregoing material factors. The Committee considered that the resulting total direct compensation for each named executive officer was reasonable in relation to the market data discussed above in *Benchmarking*, taking into consideration company performance during 2014.

Table of Contents

Based on the foregoing factors, the named executive officers received payouts equal to a percentage of the target award as set forth below:

Name	Payout (\$)	Payout as % of Target Award
Bryan A. Shinn	1,133,334	200
Donald A. Merrill	327,781	189
Bradford B. Casper	280,833	200
Don D. Weinheimer	344,960	192
Michael L. Winkler	414,054	188

The performance-based cash incentive awards for 2014 approved by the Committee are reflected in the *Non-Equity Incentive Plan Compensation* column in the *Summary Compensation Table* below.

Long-Term Incentive Program

Our equity award program is the primary vehicle for offering long-term incentives to our named executive officers. In the first quarter of 2014, the Committee reviewed with Exequity the long-term incentive program for certain of the company's employees, including the named executive officers, that had been developed in 2013 and made no changes to the structure of the program or the mix of equity awards made under the program. Under the program, each of our named executive officers has been provided equity grants consisting of the following performance-based component and retention-oriented, time-vested component:

65% of the total grant value in the form of performance share units that are tied to U.S. Silica's Adjusted EBITDA, and

35% of the total grant value in the form of restricted stock units that vest ratably over three years. The ultimate number of performance share units to be earned by the named executive officers will be based on U.S. Silica's cumulative Adjusted EBITDA over the period from January 1, 2014 through December 31, 2016. The performance share units vest at the end of the performance period and will be paid out in shares of U.S. Silica common stock. Performance goals have been established as follows:

Performance Goal	Performance Share Units Earned
Threshold	50%
Target	100%
Maximum	200%

No performance share units will be earned if the threshold goal is not met. To the extent that actual cumulative Adjusted EBITDA for the performance period is between goals the number of performance share units to become vested will be determined on a pro rata basis using straight line interpolation.

For purposes of determining the number of performance share units earned, Adjusted EBITDA will be calculated as U.S. Silica's consolidated earnings before interest, taxes, depreciation and amortization, as audited, and may be adjusted to take into consideration the following: (i) restructurings, discontinued operations, extraordinary items or events (including acquisitions and divestitures), and other unusual or non-recurring charges (including expenses incurred with acquisitions and divestitures), (ii) an event either not directly related to the operations of U.S. Silica or not within the reasonable control of U.S. Silica's management, (iii) losses incurred as a result of any goodwill impairment, or (iv) a change in tax law or accounting standards required by U.S. generally accepted accounting principles.

Since the components of cumulative Adjusted EBITDA for the performance period contain highly sensitive data, we do not disclose specific threshold, target and maximum goals because we believe that such disclosure would result in serious competitive harm and be detrimental to our operating performance. Our

Table of Contents

performance share unit cumulative Adjusted EBITDA goals are intended to be realistic and reasonable, but challenging, in order to drive performance. The goals are expected to be consistent with any annual Adjusted EBITDA forecasts that we provide to investors publicly during the performance period based on the information available to the Board and management at the time the goals are established and the equity grant is made. Adjusted EBITDA derived from mergers and acquisitions activity during the performance period may be used in determining achievement of the goals but the Compensation Committee has the discretion to exclude such Adjusted EBITDA.

We believe our long-term incentive program aligns the interests of our named executive officers with our shareholders, provides our named executive officers with incentives linked to long-term performance and creates an ownership culture. In addition, the vesting feature of our long-term incentive program contributes to executive retention because this feature provides an incentive to our named executive officers to remain in our employ during the vesting period.

In determining individual target award opportunities under the long-term incentive program, the Board of Directors and the Compensation Committee exercised its judgment and discretion, in consultation with our Chief Executive Officer and the Committee's compensation consultant, and considered, among other things, the role and responsibility of the named executive officer, competitive factors including a review of market data as discussed in *Benchmarking*, the amount of stock-based equity compensation already held by the named executive officer, and the cash-based compensation received by the named executive officer to determine the long-term incentive program opportunity that was approved.

In November 2014, following the creation of the 2015 proxy peer group, the Compensation Committee, with the assistance of Exequity, evaluated the benchmark data and determined to increase the aggregate grant date fair value of the 2014 long-term incentive award to our executive officers by granting them off-cycle, market adjustment awards in the form of stock options that vest ratably over four years and have an exercise price equal to 110% of the closing price of a share of our common stock on the day prior to the grant date.

The restricted stock unit, performance share unit and stock option awards approved by the Board of Directors and the Committee in 2014 are reflected in the *Grants of Plan-Based Awards Table* below.

Acknowledging that the stock option awards granted in November 2014 were intended to be incremental in nature for the purposes of an off-cycle, market adjustment, the Compensation Committee continued to emphasize performance-based long-term incentives for 2015. Specifically, long-term incentive awards in February 2015 were conveyed such that the grant date fair value of such awards were delivered according to the following target value mix:

55% in performance share units with specific financial performance targets measured over 3 years,

25% in stock options with strike prices equal to the closing price on the date of grant and a 3-year vesting period, and

20% in restricted stock units that vest ratably over 3 years.

Additional Executive Benefits and Perquisites

We provide our executive officers with executive benefits and perquisites that the Board believes are reasonable and in the best interests of the company and its shareholders. Consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our executive officers, including retirement plans, health and welfare benefits and life insurance and long-term disability insurance described below. The Compensation Committee, in its discretion, may revise, amend or add to an officer's executive benefits if it deems it advisable. We believe these benefits are generally equivalent to benefits provided by comparable companies. We have no current plans to change the levels of benefits provided thereunder.

Table of Contents

Retirement Plan Benefits. We sponsor a 401(k) plan covering substantially all eligible employees. Employee contributions to the 401(k) plan are voluntary. We contribute an amount equal to 25% of a covered employee's eligible contribution up to 8% of a participant's salary. We also contribute from 0% to 75% of a covered employee's eligible contribution up to 8%, if applicable, based on our profits from the previous fiscal year as an incentive to encourage our employees to participate in the 401(k) plan. The contributions based on our profits are paid during the Spring of the following fiscal year. In the case of both the matching program and the profit sharing program, our contributions vest over a period of five years. Finally, we also provide a 4% defined contribution of monthly basic income into a participant's 401(k) account if that participant does not participate in our defined pension plan. These contributions vest each year. Contributions by participants are limited to their annual tax deferred contribution limit as allowed by the Internal Revenue Service.

None of our named executive officers participate in or have account balances in any qualified or nonqualified defined benefit plans sponsored by us. Either our Board or our Compensation Committee may elect to adopt qualified or nonqualified benefit plans in the future if it determines that doing so is in our best interest.

Health and Welfare Benefits. We offer health, dental and vision coverage for all employees, including our named executive officers, and pay a portion of the premiums for our named executive officers on the same basis as for our other salaried employees.

Life Insurance and Long-Term Disability Insurance. As of December 31, 2014, we offer life insurance up to five times each employee's annual salary up to a maximum of \$600,000. We offer long-term disability insurance equal to 66.67% of an employee's annual salary, up to a maximum of \$10,000 per month. We pay life insurance premiums on behalf of our named executive officers and all other salaried employees equal to one times annual salary. Additional amounts up to the maximum amount are paid by the employee. We pay the premium for long term disability for 60% of salary (up to the \$10,000 per month maximum) for all employees, including our named executive officers. The premium for the additional 6.67% is paid for by the employee.

Deferred Compensation. None of our named executive officers participate in or have account balances in our unfunded, deferred compensation plan.

Perquisites. Executive perquisites are discussed in the footnotes to the *Summary Compensation Table*. We believe that the executive perquisites we provide are de minimis in amount and consistent in form to those offered to executives of our peers listed in *Benchmarking*. We do not provide tax gross-up on perquisites that are provided to our executive officers, other than tax gross-ups on relocation benefits. We provide tax gross-up to all employees who receive relocation benefits, which is a prevalent market practice.

Employment and Other Agreements

Bryan A. Shinn

In March 2012, we entered into an employment agreement with Mr. Shinn, our President and Chief Executive Officer. Pursuant to the terms of the employment agreement, Mr. Shinn was entitled to an annual base salary of \$400,000, which was adjusted by the Board of Directors in 2014 to \$650,000 as discussed above. Mr. Shinn is also eligible to earn a short-term, performance-based cash incentive payment for each year under the annual bonus incentive program in which our other executive officers participate. His target annual incentive has been established by the Board of Directors at 100% of his annual base salary.

Mr. Shinn is also entitled to receive benefits in accordance with the health and welfare plans we provide to other members of our senior management. Mr. Shinn is also entitled to up to 25 days of paid time off and reimbursement for all reasonable business expenses that he incurs in the course of performing his duties and responsibilities which are consistent with our policies in effect from time to time with respect to travel, entertainment and other business expenses, subject to our requirements with respect to reporting and documentation of such expenses.

Table of Contents

Mr. Shinn's employment continues until the earlier of his resignation (with or without good reason), death or disability or termination by us (with or without cause). If we terminate Mr. Shinn's employment without cause or Mr. Shinn resigns for good reason, Mr. Shinn is entitled to receive severance equal to his annual base salary payable in regular installments from the date of termination through the later of (i) the twelve-month anniversary of this agreement and (ii) the twelve-month anniversary of the date of termination if Mr. Shinn has executed and delivered a general release of any and all claims arising out of or related to his employment with us and the termination of his employment. Mr. Shinn is also entitled to receive reimbursement of the then-prevailing monthly premium for COBRA healthcare coverage if he so elects.

Mr. Shinn has also agreed to customary restrictions with respect to the use of our confidential information and has agreed that all intellectual property developed or conceived by him while he is employed by us which relates to our business is our property. During the term of Mr. Shinn's employment with us and during the twelve-month period immediately thereafter, Mr. Shinn has agreed not to (i) participate (whether as an officer, director, employee or otherwise) in any businesses that compete with us, (ii) solicit or hire any of our employees and (iii) induce or attempt to induce any customer, supplier, licensee, licensor, franchisee, distributor or other business relation of ours to cease doing business with us or in any way interfere with our relationship with such person or entity. During any period in which Mr. Shinn has breached the above restrictions, we have no obligation to pay Mr. Shinn any severance described above.

In July 2014, the Compensation Committee, with the assistance of Exequity, reviewed the treatment of Mr. Shinn's equity awards in the event of his termination or a change in control. As a result of this review, the Board, upon the recommendation of the Compensation Committee, approved amendments to the existing equity award agreements of Mr. Shinn. Mr. Shinn's restricted stock award agreement dated November 6, 2012, which provided for no accelerated vesting, was amended to provide for pro rata vesting of the award in the event of his termination without cause and for full vesting in the event of his termination without cause following a change in control, which are the same vesting terms contained in the equity awards granted to Mr. Shinn in 2013 and 2014. In addition, each of Mr. Shinn's equity award agreements was amended to provide that a voluntary termination for good reason be treated the same as a termination without cause. The treatment of Mr. Shinn's equity awards in the event of his termination or a change in control are discussed in more detail below in *Potential Payments Upon Employment Termination or Change in Control*.

Other Named Executive Officers

None of our other named executive officers have an employment or change in control agreement. All other named executive officers are eligible for severance benefits under the same severance plan as our other salaried employees as described below.

Executive Compensation Policies

Stock Ownership Guidelines

To more closely align the interests of our executive officers, including our named executive officers, with our shareholders, in February 2014, the Committee adopted stock ownership guidelines to require our executive officers to acquire and hold U.S. Silica common stock with a value equal to the following multiples of base salary:

Chief Executive Officer

4x base salary

Chief Financial Officer	2x base salary
Chief Operating Officer	2x base salary
Other executive officers	1.5x base salary

Equity that counts towards meeting the stock ownership requirements includes shares owned directly and indirectly and time-vested restricted stock and restricted stock units. Unexercised stock options and unearned

Table of Contents

performance share units are not counted toward meeting the requirements. Executive officers are required to achieve their stock ownership requirement within five years of becoming subject to the guidelines. The Committee, in its sole discretion, may require an executive officer to retain up to 100% of the shares acquired upon stock option exercises (after payment of the exercise cost and taxes) or issued upon the vesting of restricted stock, restricted stock units or performance share units (after the payment of taxes) if such officer has failed to meet the stock ownership requirement by the five year deadline.

The table below shows the value of U.S. Silica common stock held by each of our named executive officers as compared to the stock ownership requirement such officer must meet by February 2019 based on such officer's base salary as of December 31, 2014. The value of each named executive officer's stock holdings was based on the average closing price of a share of U.S. Silica's common stock over the ninety trading days ending December 31, 2014, which was \$47.59.

Donald A. Merrill	408,179	712,300
Bradford B. Casper	566,178	465,000

Hedging and Pledging Policy

Under our Insider Trading Policy, employees including named executive officers are prohibited from selling securities of U.S. Silica short and from transacting in publicly-traded options, warrants, puts and calls or similar instruments on U.S. Silica's securities. Employees, including our named executive officers, also are prohibited from holding U.S. Silica stock in a margin account or pledging U.S. Silica stock as collateral for a loan without obtaining approval from the General Counsel or Chief Compliance Officer. An exception to the prohibition against pledging may be granted when the employee clearly demonstrates the financial capacity to repay the loan without resort to any pledged securities. None of our named executive officers have pledged U.S. Silica stock.

Clawback Policy

To further deter excessive risk taking, the Compensation Committee adopted a clawback policy in February 2014 that applies to all executive officers' annual cash-based performance awards beginning with the 2013 award paid in 2014 and all long-term performance-based awards beginning with those granted in 2014. If any of U.S. Silica's financial results are materially restated and an executive officer is determined to have been knowingly engaged in misconduct or grossly negligent in failing to prevent misconduct directly related to such restatement, the Committee may seek recoupment from such officer of the portion of any performance-based compensation that was greater than that which would have been awarded or earned had such compensation been calculated on the basis of the restated financial results. The determination as to whether the criteria for a claw back has been met will be made by the Compensation Committee.

Tax and Accounting Policies

In determining which elements of compensation are to be paid, and how they are weighted, we also take into account whether a particular form of compensation will be deductible under Section 162(m) of the Internal Revenue Code. Section 162(m) generally limits the deductibility of compensation paid to our named executive officers to \$1.0 million during any fiscal year unless such compensation is performance-based under Section 162(m). However, we have been relying on a Section 162(m) transition rule for compensation plans or

Table of Contents

agreements of corporations which are privately held and which become publicly held in an initial public offering, pursuant to which compensation paid under a plan or agreement that existed prior to the initial public offering will not be subject to Section 162(m) until the earlier of (1) the expiration of the plan or agreement, (2) a material modification of the plan or agreement, (3) the issuance of all employer stock and other compensation that has been allocated under the plan, or (4) the first meeting of shareholders at which directors are to be elected that occurs after the close of the third calendar year following the year of the initial public offering, the transition date. This transition period is expiring with this annual meeting of shareholders. After the transition date, rights or awards granted, vested or paid under the plan, other than options and stock appreciation rights, will not qualify as performance-based compensation for purposes of Section 162(m) unless such rights or awards are granted, vested or paid upon pre-established objective performance goals, the material terms of which are disclosed to and approved by our shareholders. Proposal No. 4 requests our shareholders to approve the Section 162(m) performance goals under our Amended and Restated 2011 Incentive Compensation Plan.

Our executive compensation program is intended to maximize the deductibility of the compensation paid to our named executive officers but it is not the sole objective when designing the executive compensation program. In certain circumstances, the Compensation Committee may authorize compensation arrangements that are not fully tax deductible, but that promote other important objectives, such as attracting and retaining executives who can drive financial and strategic growth objectives that maximize long-term shareholder value.

Our compensation and benefit plans and arrangements are intended to comply and are administered in a manner that is intended to comply with Internal Revenue Code Section 409A.

Many other Internal Revenue Code provisions, SEC regulations and accounting rules affect the payment of executive compensation and are generally taken into consideration as programs are developed.

In the case of both the matching program and the profit sharing program, our contributions vest over a period of five years. Finally, we also provide a 4% defined contribution of monthly basic income into a participant's 401(k) account if that participant does not participate in our defined pension plan. Director Compensation

We did not pay Mr. Shinn, who also is our Chief Executive Officer, for his service as a director. In addition, Messrs. Amara, Ashe and Slobodow, who served on our Board until January 2, 2014, did not receive any compensation from us for their service as directors.

In January 2014, the Compensation Committee (then the Compensation and Governance Committee), with the assistance of management and Exequity, benchmarked our non-employee directors' mix of compensation and amount of each element of compensation to the outside director compensation reported by the following peer companies, which were the same as the 2014 proxy peer group used for executive compensation benchmarking purposes:

AMCOL International Corporation
C&J Energy Services, Inc.

reviewed the compensation of our non-employee directors against the outside director compensation reported by the peer companies as well as in survey data. Following this review, the Compensation Committee recommended to the Board, and the Board approved, an annual retainer of \$15,000 and a restricted stock unit award in the amount of \$15,000 to the Chairmen of the Compensation Committee, Nominating and Governance Committee and Executive Committee.

**PROPOSAL NO. 3: ADVISORY VOTE ON COMPENSATION OF NAMED
EXECUTIVE OFFICERS**

Executive Compensation Philosophy

The key objectives of our executive compensation programs are (1) to attract, motivate, reward and retain superior executive officers with the skills necessary to successfully lead and manage our business, (2) to achieve accountability for performance by linking annual cash incentive compensation to the achievement of measurable performance objectives, and (3) to align the interests of the executive officers and our shareholders through short- and long-term incentive compensation programs. For our named executive officers, these short- and long-term incentives are designed to accomplish these objectives by providing a significant financial correlation between our financial results and their total compensation.

At our 2014 annual meeting, we received very strong support from our shareholders for our 2013 executive compensation program with over 98% of the votes cast in favor of the say-on-pay proposal. We believe the voting results demonstrated strong support for the overall design and results of our compensation program in 2013, which included strong alignment between pay and performance. For 2014, the overall design of our executive compensation program remained largely unchanged.

In 2014, a significant portion of the compensation of our Chief Executive Officer and other named executive officers consisted of cash and equity incentive compensation contingent upon the achievement of financial performance, as measured by Adjusted EBITDA, business unit and/or individual performance goals. Performance-based compensation aligns the interests of our Chief Executive Officer and other named executive officers with the interests of our shareholders because the amount of compensation ultimately received will vary with our company's financial performance. Additionally, our equity compensation, in the form of stock options, performance share units and restricted stock units, derives its value from our equity value, which is likely to fluctuate based on our financial performance.

We believe that the 2014 compensation of U.S. Silica's named executive officers was appropriate and aligned with U.S. Silica's 2014 strategic objectives and performance. We encourage you to read the *Compensation Discussion and Analysis* section of this Proxy Statement beginning on page 19, which describes in more detail U.S. Silica's compensation philosophy and the policies and procedures that have been designed to achieve our compensation objectives, as well as the *Summary Compensation Table* and other related compensation tables, notes and narrative, beginning on page 35 of this Proxy Statement, which provide detailed information on the compensation of U.S. Silica's named executive officers.

Vote Required; Recommendation of the Board of Directors

We are requesting shareholders to approve the following non-binding, advisory resolution at the 2015 annual meeting of shareholders:

RESOLVED, that the shareholders of U.S. Silica provide their advisory approval of the compensation of U.S. Silica's named executive officers disclosed in the Compensation Discussion and Analysis, the compensation tables and related notes and narrative contained in the Proxy Statement for U.S. Silica's 2015 Annual Meeting of Shareholders.

Approval of this advisory proposal requires the affirmative vote of a majority of the votes cast by holders of shares of U.S. Silica common stock present in person or by proxy at the meeting and entitled to vote, assuming a quorum is

present. Abstentions will have the same effect as a vote against the proposal and broker non-votes will not have any effect on the results of the vote.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers as described in this Proxy Statement. This vote is advisory and

therefore not binding on U.S. Silica or its Board of Directors. The Board of Directors, however, will review the outcome of this vote and will take it into account in making determinations concerning the compensation of our executive officers in the future.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE *FOR* APPROVAL OF THIS PROPOSAL. IF NOT OTHERWISE SPECIFIED, PROXIES WILL BE VOTED *FOR* APPROVAL OF THIS PROPOSAL.

Vote Required; Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE *FOR* THE APPROVAL OF THE AMENDED AND RESTATED U.S. SILICA HOLDINGS, INC. 2011 INCENTIVE COMPENSATION PLAN. IF NOT OTHERWISE SPECIFIED, PROXIES WILL BE VOTED *FOR* APPROVAL OF THIS PROPOSAL.

Overview

The Company maintains the U.S. Silica Holdings, Inc. 2011 Incentive Compensation Plan for the benefit of eligible directors, officers, employees and certain other service providers of the Company and the Company's subsidiaries. The Company's shareholders are being asked to approve an amendment and restatement of the 2011 Incentive Compensation (which we refer to in this Proposal as the "Plan"), which was approved by the Board of Directors on February 12, 2015 and will become effective as of May 7, 2015, subject to shareholder approval. The Company is not seeking an increase in the number of shares available under the Plan. As discussed below, the Plan's annual automatic increase provision is being eliminated. As a result of that provision, there were approximately 6,360,000 shares available for issuance under the Plan as of March 9, 2015. After the amendment and restatement, the aggregate number of shares of common stock which may be issued or used for reference purposes under the Plan or with respect to which awards may be granted will be fixed at 6,300,000 shares.

The amendment and restatement of the Plan incorporates the provisions of the Plan as currently in effect and includes the following items that require shareholder approval:

extension of the term of the Plan through May 7, 2025 (currently the Plan is scheduled to expire on July 7, 2021);

the Section 162(m) performance goals under the Plan (as described in further detail below in the section captioned "Performance Goals");

the Section 162(m) annual grant limitations applicable to grants of each type of award under the Plan to individual plan participants (as described in further detail below in the section captioned "Available Shares"); and

the annual grant limitation applicable to grants of awards under the Plan to non-employee directors (as described in further detail below in the section captioned Available Shares).

Approval of the Section 162(m) items described above will allow certain incentive awards granted under the Plan to executive officers of the Company to qualify as exempt performance-based compensation under Section 162(m) of the Internal Revenue Code, which otherwise generally disallows the corporate tax deduction for certain compensation paid in excess of \$1,000,000 annually to the principal executive officer and to certain of the other most highly compensated executive officers of publicly held companies. Section 162(m) of the Internal Revenue Code generally requires such performance goals to be approved by stockholders every five years. The Company previously relied on an exemption under Section 162(m) of the Internal Revenue Code applicable to publicly held companies during a transition period following their initial public offerings. During this transition

Table of Contents

period, the Company was exempt from the limitations of Section 162(m) of the Internal Revenue Code to the extent that compensation was paid pursuant to the Plan. However, the transition period under Section 162(m) of the Internal Revenue Code is expiring, and the Company is now required to have the performance goals under the Plan approved by the Company's shareholders.

The Board of Directors has also adopted the following other modifications to the Plan, which do not require shareholder approval:

Elimination of the annual automatic increase of the aggregate share reserve under the Plan (which previously provided for annual increases in the Plan share reserve equal to the lesser of (1) 2% of the shares of common stock outstanding on the last day of the immediately preceding fiscal year, and (2) such lesser number of shares as determined by the Compensation Committee);

Deletion of the share recycling provision under the Plan, which allowed shares of the Company's common stock that were delivered or exchanged by a participant as full or partial payment to the Company for payment of the exercise price or for payment of withholding taxes to again be available for issuance pursuant to awards granted under the Plan;

Addition of express language prohibiting the repricing of stock options and stock appreciation rights granted under the Plan without the consent of shareholders;

Elimination of provision allowing for the reload of stock options and the exercise of stock options prior to vesting in exchange for restricted stock;

Addition of express language to provide that awards granted under the Plan will have a minimum vesting period of one year following the date of grant;

Addition of express language to provide that awards under the Plan will be subject to any recoupment policy that the Company may have in place or any obligation that the Company may have regarding the clawback of incentive-based compensation under the Securities Exchange Act of 1934 or under any applicable rules and regulations promulgated by the Securities and Exchange Commission; and

Certain other minor clarifying amendments to the Plan to reflect developments in applicable law and equity compensation market practices.

If the requisite shareholder approval is not obtained, the Plan (as amended and restated) will not take effect to the extent shareholder approval is required, but the Company may continue to grant awards under the Plan in accordance with the current terms and conditions of the Plan.

The following is a summary of the material terms of the Plan (as amended and restated). Such description is qualified by reference to the full text of the Plan (as amended and restated), which is appended hereto as Annex A.

Description of the 2011 Incentive Compensation Plan (as amended and restated)

Purpose

The Plan provides for grants of stock options, stock appreciation rights, restricted stock and other incentive-based awards. Independent directors, officers and other employees of the Company and the Company's subsidiaries, as well as others performing consulting or advisory services for the Company, will be eligible for grants under the Plan. The purpose of the Plan is to provide incentives that will attract, retain and motivate high performing officers, directors, employees and consultants by providing them with appropriate incentives and rewards either through a proprietary interest in the Company's long-term success or compensation based on their performance in fulfilling their personal responsibilities.

Table of Contents

Administration

The Plan is administered by the Compensation Committee of the Company's Board of Directors. Among the committee's powers are the power to determine the form, amount and other terms and conditions of awards, clarify, construe or resolve any ambiguity in any provision of the Plan or any award agreement, amend the terms of outstanding awards, and adopt such rules, forms, instruments and guidelines for administering the Plan as it deems necessary or proper. All actions, interpretations and determinations by the committee are final and binding.

The Compensation Committee will have full authority to administer and interpret the Plan, to grant discretionary awards under the Plan, to determine the persons to whom awards will be granted, to determine the types of awards to be granted, to determine the terms and conditions of each award, to determine the number of shares of common stock to be covered by each award and to make all other determinations in connection with the Plan and the awards thereunder as the Compensation Committee, in its sole discretion, deems necessary or desirable.

Available Shares

The aggregate number of shares of common stock which may be issued or used for reference purposes under the Plan or with respect to which awards may be granted is 6,300,000 shares. The shares may be either authorized and unissued shares of the Company's common stock or shares of common stock held in or acquired for the Company's treasury. Each share of common stock issued pursuant to awards of stock options and stock appreciation rights under the Plan will reduce the aggregate share reserve under the Plan by one share. Each share of common stock issued pursuant to awards other than stock options and stock appreciation rights under the Plan will reduce the aggregate share reserve under the Plan by 1.35 shares. In general, if awards under the Plan are for any reason cancelled or expire or terminate unexercised, the shares covered by such awards will again be available for the grant of awards under the Plan.

The maximum number of shares of the Company's common stock with respect to which any stock option, stock appreciation right, shares of restricted stock or other stock-based awards that are subject to the attainment of specified performance goals and intended to satisfy Section 162(m) of the Internal Revenue Code and may be granted under the Plan during any fiscal year to any eligible individual is 1,500,000 shares (per type of award). The total number of shares of the Company's common stock with respect to all awards that may be granted under the Plan during any fiscal year to any eligible individual is 1,500,000 shares. There are no annual limits on the number of shares of the Company's common stock with respect to an award of restricted stock that are not subject to the attainment of specified performance goals to eligible individuals. The maximum number of shares of the Company's common stock subject to any performance award which may be granted under the Plan during any fiscal year to any eligible individual is 1,500,000 shares. The maximum value of a cash payment made under a performance award which may be granted under the Plan during any fiscal year to any eligible individual is \$7,500,000. The aggregate grant date fair value (computed as of the date of grant in accordance with applicable financial accounting rules) of all types of awards granted under the Plan to any individual non-employee director in any fiscal year (excluding awards made pursuant to deferred compensation arrangements in lieu of all or a portion of cash retainers and any stock dividends payable in respect of outstanding awards) may not exceed \$500,000.

Eligibility for Participation; Minimum Vesting

Independent members of the Company's Board of Directors, as well as employees of, and consultants to, the Company or any of the Company's subsidiaries and affiliates are eligible to receive awards under the Plan. The selection of participants is within the sole discretion of the Compensation Committee. As of March 9, 2015, approximately 1,100 employees and independent members of the Company's Board of Directors were eligible to receive awards under the Plan. Awards granted under the Plan generally will have a minimum vesting period of one year following the date of

grant.

Table of Contents

Award Agreement

Awards granted under the Plan will be evidenced by award agreements, which need not be identical, that provide additional terms, conditions, restrictions and/or limitations covering the grant of the award, including, without limitation, additional terms providing for the acceleration of exercisability or vesting of awards in the event of a change of control or conditions regarding the participant's employment, as determined by the Compensation Committee in its sole discretion.

Stock Options

The Compensation Committee may grant nonqualified stock options and incentive stock options to purchase shares of the Company's common stock to eligible participants. The Compensation Committee will determine the number of shares of common stock subject to each option, the term of each option, which may not exceed ten years, or five years in the case of an incentive stock option granted to a 10% shareholder, the exercise price, the vesting schedule, if any, and the other material terms of each option. No incentive stock option or nonqualified stock option may have an exercise price less than the fair market value of a share of common stock at the time of grant or, in the case of an incentive stock option granted to a 10% shareholder, 110% of such share's fair market value. Options will be exercisable at such time or times and subject to such terms and conditions as determined by the Compensation Committee at grant and the exercisability of such options may be accelerated by the committee in its discretion.

Stock Appreciation Rights

The Compensation Committee may grant stock appreciation rights (which we refer to as SARs), either with a stock option, which may be exercised only at such times and to the extent the related option is exercisable (which we refer to as a Tandem SAR), or independent of a stock option (which we refer to as a Non-Tandem SAR). A SAR is a right to receive a payment in shares of our common stock or cash, as determined by the Compensation Committee, equal in value to the excess of the fair market value of one share of common stock on the date of exercise over the exercise price per share established in connection with the grant of the SAR. The term of each SAR may not exceed ten years. The exercise price per share covered by an SAR will be the exercise price per share of the related option in the case of a Tandem SAR and will be the fair market value of the Company's common stock on the date of grant in the case of a Non-Tandem SAR. The Compensation Committee may also grant limited SARs, either as Tandem SARs or Non-Tandem SARs, which may become exercisable only upon the occurrence of a change in control, as defined in the Plan, or such other event as the Compensation Committee may, in its sole discretion, designate at the time of grant or thereafter.

Restricted Stock

The Compensation Committee may award shares of restricted stock. Except as otherwise provided by the Compensation Committee upon the award of restricted stock, the recipient generally has the rights of a stockholder with respect to the shares, including the right to receive dividends, the right to vote the shares of restricted stock and, conditioned upon full vesting of shares of restricted stock, the right to tender such shares, subject to the conditions and restrictions generally applicable to restricted stock or specifically set forth in the recipient's restricted stock agreement. The Compensation and Governance may determine at the time of award that the payment of dividends, if any, will be deferred until the expiration of the applicable restriction period.

Recipients of restricted stock are required to enter into a restricted stock agreement with the Company that states the restrictions to which the shares are subject, which may include satisfaction of pre-established performance goals, and the criteria or date or dates on which such restrictions will lapse.

If the grant of restricted stock or the lapse of the relevant restrictions is based on the attainment of performance goals, the Compensation Committee will establish for each recipient the applicable performance goals, formulae or standards and the applicable vesting percentages with reference to the attainment of such goals or satisfaction of such formulae or standards while the outcome of the performance goals are substantially uncertain. Such performance goals may incorporate provisions for disregarding, or adjusting for, changes in

Table of Contents

accounting methods, corporate transactions, including, without limitation, dispositions and acquisitions, and other similar events or circumstances. Section 162(m) of the Internal Revenue Code requires that performance awards be based upon objective performance measures. The performance goals for performance-based restricted stock will be based on one or more of the objective criteria set forth on Exhibit A to the Plan and are discussed in general below.

Other Stock-Based Awards

The Compensation Committee may, subject to limitations under applicable law, make a grant of such other stock-based awards, including, without limitation, performance units, dividend equivalent units, stock equivalent units, restricted stock units and deferred stock units under the Plan that are payable in cash or denominated or payable in or valued by shares of common stock or factors that influence the value of such shares. The Compensation Committee will determine the terms and conditions of any such other awards, which may include the achievement of certain minimum performance goals for purposes of compliance with Section 162(m) of the Internal Revenue Code and/or a minimum vesting period. The performance goals for performance-based other stock-based awards will be based on one or more of the objective criteria set forth on Exhibit A to the Plan and discussed in general below.

Other Cash-Based Awards

The Compensation Committee may grant awards payable in cash. Cash-based awards will be in such form, and dependent on such conditions, as the Compensation Committee will determine, including, without limitation, being subject to the satisfaction of vesting conditions or awarded purely as a bonus and not subject to restrictions or conditions. If a cash-based award is subject to vesting conditions, the Compensation Committee may accelerate the vesting of such award in its discretion.

Performance Awards

The Compensation Committee may grant a performance award to a participant payable upon the attainment of specific performance goals. The Compensation Committee may grant performance awards that are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code as well as performance awards that are not intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. Based on service, performance and/or such other factors or criteria, if any, as the Compensation Committee may determine, the Compensation Committee may, at or after grant, accelerate the vesting of all or any part of any performance award.

Performance Goals

The Compensation Committee may grant awards of restricted stock, performance awards, and other stock-based awards that are intended to qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code. These awards may be granted, vest and be paid based on attainment of specified performance goals established by the Compensation Committee. These performance goals will be based on the attainment of a certain target level of, or a specified increase or decrease in, one or more of the following measures selected by the Compensation Committee: (1) earnings per share; (2) operating income; (3) gross income; (4) net income (before or after taxes); (5) cash flow; (6) gross profit; (7) gross profit return on investment; (8) gross margin return on investment; (9) gross margin; (10) operating margin; (11) working capital; (12) earnings before interest and taxes; (13) earnings before interest, tax, depreciation and amortization; (14) return on equity; (15) return on assets; (16) return on capital; (17) return on invested capital; (18) net revenues; (19) gross revenues; (20) revenue growth; (21) net revenues by segment; (22) revenue growth by segment; (23) overall contribution margin; (24) contribution margin growth; (25) contribution margin by segment; (26) sales or market share; (27) total shareholder return;

(28) economic value added; (29) specified objectives with regard to limiting the level of increase in all or a portion of our bank debt or other long-term or short-term public or private debt or other similar financial obligations, which may be calculated net of cash

balances and/or other offsets and adjustments as may be established by the committee in its sole discretion; (30) the fair market value of a share of common stock; (31) the growth in the value of an investment in the common stock assuming the reinvestment of dividends; (32) reduction in operating expenses; (33) volume growth by segment; (34) overall volume growth; (35) price growth by segment; (36) overall price growth; (37) reduction in variable costs; (38) reduction in fixed costs; (39) asset productivity; (40) cost per ton; (41) output per employee; (42) logistics efficiency; or (43) customer acquisitions.

To the extent permitted by law, the Compensation Committee may also exclude the impact of an event or occurrence which the Compensation Committee determines should be appropriately excluded, including: (1) restructurings, discontinued operations, extraordinary items and other unusual or non-recurring charges; (2) an event either not directly related to the Company's operations or not within the reasonable control of management; or (3) a change in accounting standards required by generally accepted accounting principles.

Performance goals may also be based on an individual participant's performance goals, as determined by the Compensation Committee, in its sole discretion.

In addition, all performance goals may be based upon the attainment of specified levels of the Company's performance, or the performance of a subsidiary, division or other operational unit, under one or more of the measures described above relative to the performance of other corporations. The Compensation Committee may designate additional business criteria on which the performance goals may be based or adjust, modify or amend those criteria.

Change in Control

In connection with a change in control, as defined in the Plan, the Compensation Committee may accelerate vesting of outstanding awards under the Plan. In addition, such awards may be, in the discretion of the Compensation Committee, (1) assumed and continued or substituted in accordance with applicable law, (2) purchased by the Company for an amount equal to the excess of the price of a share of common stock paid in the change in control over the exercise price of the award(s), or (3) cancelled if the price of a share of common stock paid in a change in control is less than the exercise price of the award.

Stockholder Rights

Except as otherwise provided in the applicable award agreement, and with respect to an award of restricted stock a participant has no rights as a stockholder with respect to shares of our common stock covered by any award until the participant becomes the record holder of such shares.

Amendment and Termination

Notwithstanding any other provision of the Plan, the Company's Board of Directors may at any time amend any or all of the provisions of the Plan, or suspend or terminate it entirely, retroactively or otherwise; provided, however, that, unless otherwise required by law or specifically provided in the Plan, the rights of a participant with respect to awards granted prior to such amendment, suspension or termination may not be adversely affected without the consent of such participant.

Transferability

Awards granted under the Plan are generally nontransferable (other than by will or the laws of descent and distribution), except that the committee may provide for the transferability of nonqualified stock options at the time of

grant or thereafter to certain family members.

Effective Date; Term

The Plan will be effective as of May 7, 2015, subject to shareholder approval. No award will be granted under the Plan on or after May 7, 2025.

Table of Contents**Certain U.S. Federal Income Tax Consequences**

The rules concerning the federal income tax consequences with respect to options granted and to be granted pursuant to the Plan are quite technical. Moreover, the applicable statutory provisions are subject to change, as are their interpretations and applications, which may vary in individual circumstances. Therefore, the following is designed to provide a general understanding of the U.S. federal income tax consequences with respect to such grants. In addition, the following discussion does not set forth any gift, estate, social security or state or local tax consequences that may be applicable and is limited to the U.S. federal income tax consequences to individuals who are citizens or residents of the United States, other than those individuals who are taxed on a residence basis in a foreign country.

Incentive Stock Options. In general, an employee will not realize taxable income upon either the grant or the exercise of an incentive stock option and the Company will not realize an income tax deduction at either of such times. In general, however, for purposes of the alternative minimum tax, the excess of the fair market value of the shares of common stock acquired upon exercise of an incentive stock option (determined at the time of exercise) over the exercise price of the incentive stock option will be considered income. If the recipient was continuously employed from the date of grant until the date three months prior to the date of exercise and such recipient does not sell the shares of common stock received pursuant to the exercise of the incentive stock option within either (i) two years after the date of the grant of the incentive stock option, or (ii) one year after the date of exercise, a subsequent sale of such shares of common stock will result in long-term capital gain or loss to the recipient and will not result in a tax deduction to the Company.

If the recipient is not continuously employed from the date of grant until the date three months prior to the date of exercise or such recipient disposes of the shares of common stock acquired upon exercise of the incentive stock option within either of the time periods described in the immediately preceding paragraph, the recipient will generally realize as ordinary income an amount equal to the lesser of (i) the fair market value of such shares of common stock on the date of exercise over the exercise price, and (ii) the amount realized upon disposition over the exercise price. In such event, subject to the limitations under Sections 162(m) and 280G of the Internal Revenue Code (as described below), the Company generally will be entitled to an income tax deduction equal to the amount recognized as ordinary income. Any gain in excess of such amount realized by the recipient as ordinary income would be taxed at the rates applicable to short-term or long-term capital gains (depending on the holding period).

Nonqualified Stock Options. A recipient will not realize any taxable income upon the grant of a nonqualified stock option and the Company will not receive a deduction at the time of such grant unless such option has a readily ascertainable fair market value (as determined under applicable tax law) at the time of grant. Upon exercise of a nonqualified stock option, the recipient generally will realize ordinary income in an amount equal to the excess of the fair market value of the shares of common stock on the date of exercise over the exercise price. Upon a subsequent sale of such shares of common stock by the recipient, the recipient will recognize short-term or long-term capital gain or loss depending upon his or her holding period of such shares of common stock. Subject to the limitations under Sections 162(m) and 280G of the Code (as described below), the Company will generally be allowed a deduction equal to the amount recognized by the recipient as ordinary income.

Certain Other Tax Issues. In addition to the matters described above, (i) any entitlement to a tax deduction on the part of the Company is subject to applicable federal tax rules (including, without limitation, Section 162(m) of the Internal Revenue Code regarding the \$1,000,000 limitation on deductible compensation), (ii) the exercise of an incentive stock option may have implications in the computation of alternative minimum taxable income, (iii) certain awards under the Plan may be subject to the requirements of Section 409A of the Internal Revenue Code (regarding nonqualified deferred compensation), and (iv) if the exercisability or vesting of any option or other award is accelerated because of a change in control, such option or other award (or a portion thereof), either alone or together with certain other

payments, may constitute parachute payments under Section 280G of the Internal Revenue Code, which excess amounts may be subject to excise taxes. Officers and

Table of Contents

directors of the Company subject to Section 16(b) of the Securities Exchange Act of 1934, as amended, may be subject to special tax rules regarding the income tax consequences concerning their options and other awards.

The Plan is not subject to any of the requirements of the Employee Retirement Income Security Act of 1974, as amended. The Plan is not, nor is it intended to be, qualified under Section 401(a) of the Internal Revenue Code.

- (1) For purposes of qualifying payouts under the 2015 annual bonus incentive program for executive officers as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code of 1986, the Compensation Committee established the performance metric for the 2015 annual bonus incentive program under the Plan of net income after taxes, as audited and determined in accordance with U.S. generally accepted accounting principles, for the year ended December 31, 2015 of at least \$25 million, subject to shareholder approval of the Plan. Upon attainment of this performance metric, participants in the executive annual bonus incentive program may be entitled to receive up to 200% of their target award, subject to the discretion of the Compensation Committee to reduce such payout based on other company performance metrics, business unit performance and individual performance during 2015. As a result, the actual payouts pursuant to these awards are not currently determinable.

Future Plan Awards. The terms and number of options or other awards to be granted in the future under the Plan are to be determined in the discretion of the Compensation Committee. Since no such determinations regarding awards or grants have yet been made, the benefits or amounts that will be received by or allocated to the Company's executive officers or other eligible employees or non-employee directors cannot be determined at this time.

As of March 9, 2015, the closing price on the New York Stock Exchange of the Company's common stock was \$31.87 per share.

PROPOSAL NO. 5: APPROVAL OF AMENDMENT TO SECOND AMENDED AND
RESTATED CERTIFICATE OF INCORPORATION TO REMOVE THE REQUIREMENT
OF PLURALITY VOTING FOR DIRECTORS

Vote Required; Recommendation of the Board of Directors

Approval of the amendment to the Second Amended and Restated Certificate of Incorporation to remove the requirement of plurality voting for directors requires the affirmative vote of at least 66 2/3% of the voting power of all outstanding shares of common stock as of the Record Date. Abstentions and broker non-votes will have the same effect as a vote against the proposal.

THE BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE *FOR* APPROVAL OF THIS PROPOSAL. IF NOT OTHERWISE SPECIFIED, PROXIES WILL BE VOTED *FOR* APPROVAL OF THIS PROPOSAL.

Overview

The Nominating and Governance Committee and the Board have carefully considered the advantages and disadvantages of electing directors by a majority vote standard and have determined that it is appropriate to implement majority voting for uncontested director elections through amendments to our Certificate of Incorporation, Bylaws and Corporate Governance Guidelines.

Currently, Section 3 of ARTICLE SIX of our Second Amended and Restated Certificate of Incorporation sets forth the voting standard applicable to the election of directors. It requires that directors be elected by a plurality vote. In plurality voting, the nominees for available directorships who receive the highest number of affirmative votes cast are elected, whether or not such for votes constitute a majority of all votes (including those withheld). Conversely, under a majority voting standard, a director nominee is only elected if the number of votes cast for the nominee's election is greater than the number of votes cast against that director nominee. Abstentions are not considered votes cast for or against the nominee. Under such a system, a director nominee in a contested election (one in which the number of director nominees exceeds the number of directors to be elected) would continue to be elected by a plurality of the votes cast.

The Board has approved an amendment to Section 8 of ARTICLE II of the Company's Bylaws, which would only become effective upon the effectiveness of this amendment to the Certificate of Incorporation. The Bylaw amendment provides for a majority vote standard in uncontested director elections, while retaining a plurality vote standard in the event of a contested election. If the proposed amendment to the Certificate of Incorporation becomes effective, the Bylaw amendment would apply to the election of directors at the Company's 2016 annual meeting of shareholders. The Board will also amend our Corporate Governance Guidelines to adopt a director resignation policy that requires an incumbent director who is not re-elected to tender his or her resignation for the Board's consideration, to become effective upon the effectiveness of this amendment to the Certificate of Incorporation and the amendment to the Bylaws.

The text of revised Section 3 of ARTICLE SIX of our Second Amended and Restated Certificate of Incorporation, and the proposed deletions indicated by strike-out, are set forth in Annex B to this proxy statement. If approved, this amendment will become effective upon filing of a certificate of amendment of our Second Amended and Restated Certificate of Incorporation, or a Third Amended and Restated Certificate of Incorporation if Proposal No. 6 also is

approved by shareholders, with the Secretary of State of the State of Delaware. We expect to make such a filing promptly after the annual meeting.

PROPOSAL NO. 6: APPROVAL OF AMENDMENTS TO SECOND AMENDED AND
RESTATED CERTIFICATE OF INCORPORATION TO REMOVE CERTAIN
PROVISIONS RELATING TO OWNERSHIP OF STOCK BY OUR FORMER
CONTROLLING SHAREHOLDER

Vote Required; Recommendation of the Board of Directors

Approval of amendments to the Second Amended and Restated Certificate of Incorporation to repeal provisions relating to the ownership of our stock by our former controlling shareholder that are no longer necessary require the affirmative vote of at least 66 2/3% of the voting power of all outstanding shares of common stock as of the Record Date for all other amendments. Abstentions and broker non-votes will have the same effect as a vote against the proposal.

THE BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE *FOR* APPROVAL OF THIS PROPOSAL. IF NOT OTHERWISE SPECIFIED, PROXIES WILL BE VOTED *FOR* APPROVAL OF THIS PROPOSAL.

Overview

The Board recommends that our Second Amended and Restated Certificate of Incorporation be amended to repeal certain provisions relating to the ownership of our stock by our former controlling shareholder, Golden Gate Private Equity, Inc. and its affiliates (Golden Gate Capital). These provisions provided for certain approval rights and rights relating to the calling of special shareholder meetings and acting by written consent so long as Golden Gate Capital owned at least 35% of our outstanding shares of common stock and excluded Golden Gate Capital from provisions governing transactions with interested shareholders. Golden Gate Capital ceased to be a shareholder in December 2013, and as a result, the Board believes that these provisions are no longer necessary.

The text of the revisions to our Second Amended and Restated Certificate of Incorporation, and the proposed deletions indicated by strike-out, are set forth in Annex C to this proxy statement. If approved, these amendments will become effective upon filing of a Third Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware. We expect to make such a filing promptly after the annual meeting.

If it is later determined that one or more members of the Committee do not so qualify, actions taken by the Committee prior to such determination shall be valid despite such failure to qualify. In the event that any member of the Committee does not qualify as a non-employee director for purposes of Section 16 of the Exchange Act, then all compensation that is intended to be exempt from Section 16 will also be approved by the Board or a subcommittee made up of members of the Board who qualify as non-employee directors. In the event that any member of the Committee does not qualify as an outside director for purposes of Section 162(m) of the Code, then all compensation that is intended to be exempt from Section 162(m) of the Code will also be approved by a subcommittee made up of members of the Board who qualify as outside directors.

- (i) to modify, extend or renew an Award, subject to Article XII and Section 6.4(l), provided, however, that such action does not subject the Award to Section 409A of the Code without the consent of the Participant; and
- (j) solely to the extent permitted by applicable law, to determine whether, to what extent and under what circumstances to provide loans (which may be on a recourse basis and shall bear interest at the rate the Committee shall provide) to Participants in order to exercise Options under the Plan.

3.3 Guidelines. Subject to Article XII hereof, the Committee shall have the authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the Plan and perform all acts, including the delegation of its responsibilities (to the extent permitted by applicable law and applicable stock exchange rules), as it shall, from time to time, deem advisable; to construe and interpret the terms and provisions of the Plan and any Award issued under the Plan (and any agreements relating thereto); and to otherwise supervise the administration of the Plan. The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or in any agreement relating thereto in the manner and to the extent it shall deem necessary to effectuate the purpose and intent of the Plan. The Committee may adopt special guidelines and provisions for persons who are residing in or employed in, or subject to, the taxes of, any domestic or foreign jurisdictions to comply with applicable tax and securities laws of such domestic or foreign jurisdictions. Notwithstanding the foregoing, no action of the Committee under this Section 3.3 shall impair the rights of any Participant without the Participant's consent. To the extent applicable, this Plan is intended to comply with the applicable requirements of Rule 16b-3, and with respect to Awards intended to be performance-based, the applicable provisions of Section 162(m) of the Code, and the Plan shall be limited, construed and interpreted in a manner so as to comply therewith.

(a) The Committee may designate employees of the Company and professional advisors to assist the Committee in the administration of the Plan and (to the extent permitted by applicable law and applicable exchange rules) may grant authority to officers to grant Awards and/or execute agreements or other documents on behalf of the Committee.

Expenses incurred by the Committee or the Board in the engagement of any such counsel, consultant or agent shall be paid by the Company. The Committee, its members and any person designated pursuant to sub-section (a) above shall not be liable for any action or determination made in good faith with respect to the Plan. ARTICLE IV

SHARE LIMITATION

4.1 Shares. (a) Subject to any increase or decrease pursuant to Section 4.2, the aggregate number of shares of Common Stock that may be issued or used for reference purposes or with respect to which Awards may be granted under the Plan shall not exceed 6,300,000 shares (the Share Authorization). The shares may be either authorized and unissued Common Stock or Common Stock held in or acquired for the treasury of the Company or both. The full number of Stock Appreciation Rights granted that are to be settled in Common Stock shall be counted against the number of shares of Common Stock available for award under the Plan, regardless of the number of shares of Common Stock actually issued upon settlement of such Stock Appreciation Rights. If any Option, Stock Appreciation Right or Other Stock-Based Award granted under the Plan expires, terminates or is canceled for any reason without having been exercised in full, the number of shares of Common Stock underlying any unexercised Award shall again be available for the purpose of Awards under the Plan. If any shares of Restricted Stock, Performance Awards or Other Stock-Based Awards denominated in shares of Common Stock awarded under the Plan to a Participant are forfeited for any reason, the number of forfeited shares of Restricted Stock, Performance Awards or Other Stock-Based Awards denominated in shares of Common Stock shall again be available for purposes of Awards under the Plan. If a Tandem Stock Appreciation Right or a Limited Stock Appreciation Right is granted in tandem with an Option, such grant shall only apply once against the maximum number of shares of Common Stock which may be issued under the Plan. Any Award under the Plan settled in cash shall not be counted against the foregoing maximum share limitations. Any shares of Common Stock tendered or withheld to satisfy tax withholding obligations on an Award issued under the Plan, shares of Common Stock tendered or withheld to pay the exercise price of an Award under the Plan, and shares of Common Stock repurchased on the open market with the proceeds of an Option exercise will no longer be eligible to be again available for grant under this Plan.

(b) Limit on Full Value Awards. To the extent that a share of Common Stock is issued pursuant to the grant or exercise of a Full Value Award, it shall reduce the Share Authorization by 1.35 shares of Common

Stock; and, to the extent that a share of Common Stock is issued pursuant to the grant or exercise of an Award other than a Full Value Award, it shall reduce the Share Authorization by one (1) share of Common Stock.

(c) **Individual Participant Limitations.** To the extent required by Section 162(m) of the Code for Awards under the Plan to qualify as performance-based compensation, the following individual Participant limitations shall apply:

(i) The maximum number of shares of Common Stock subject to any Award of Stock Options, or Stock Appreciation Rights, or shares of Restricted Stock, or Other Stock-Based Awards for which the grant of such Award or the lapse of the relevant Restriction Period is subject to the attainment of Performance Goals in accordance with Section 8.3(a)(ii) which may be granted under the Plan during any fiscal year of the Company to any Participant shall be one million five hundred thousand (1,500,000) shares per type of Award (which shall be subject to any further increase or decrease pursuant to Section 4.2), provided that the maximum number of shares of Common Stock for all types of Awards does not exceed one million five hundred thousand (1,500,000) shares (which shall be subject to any further increase or decrease pursuant to Section 4.2) during any fiscal year of the Company. If a Tandem Stock Appreciation Right is granted or a Limited Stock Appreciation Right is granted in tandem with a Stock Option, it shall apply against the Participant's individual share limitations for both Stock Appreciation Rights and Stock Options.

(ii) There are no annual individual share limitations applicable to Participants on Restricted Stock or Other Stock-Based Awards for which the grant, vesting or payment (as applicable) of any such Award is not subject to the attainment of Performance Goals.

(iii) The maximum number of shares of Common Stock subject to any Performance Award which may be granted under the Plan during any fiscal year of the Company to any Participant shall be one million five hundred thousand (1,500,000) shares (which shall be subject to any further increase or decrease pursuant to Section 4.2) with respect to any fiscal year of the Company.

(iv) The maximum value of a cash payment made under a Performance Award which may be granted under the Plan with respect to any fiscal year of the Company to any Participant shall be seven million five hundred thousand dollars (\$7,500,000).

(v) The individual Participant limitations set forth in this Section 4.1(c) (other than Section 4.1(c)(iii)) shall be cumulative; that is, to the extent that shares of Common Stock for which Awards are permitted to be granted to a Participant during a fiscal year are not covered by an Award to such Participant in a fiscal year, the number of shares of Common Stock available for Awards to such Participant shall automatically increase in the subsequent fiscal years during the term of the Plan until used.

(d) **Annual Non-Employee Director Award Limitation.** The aggregate grant date fair value (computed as of the date of grant in accordance with applicable financial accounting rules) of all Awards granted under the Plan to any individual Non-Employee Director in any fiscal year of the Company (excluding Awards made pursuant to deferred compensation arrangements in lieu of all or a portion of cash retainers and any stock dividends payable in respect of outstanding Awards) shall not exceed \$500,000.

4.2 Changes.

(a) The existence of the Plan and the Awards granted hereunder shall not affect in any way the right or power of the Board or the stockholders of the Company to make or authorize (i) any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, (ii) any merger or consolidation of the Company or any Affiliate, (iii) any issuance of bonds, debentures, preferred or prior preference stock ahead of or affecting the Common

Stock, (iv) the dissolution or liquidation of the Company or any Affiliate, (v) any sale or transfer of all or part of the assets or business of the Company or any Affiliate or (vi) any other corporate act or proceeding.

(b) Subject to the provisions of Section 4.2(d), in the event of a dividend or other distribution (whether in the form of cash, Common Stock, other securities, or other property) other than regular cash dividends, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, Change in Control or exchange of Common Stock or other securities of the Company, or other corporate transaction or event affects the Common Stock such that an adjustment is necessary or appropriate in order to prevent dilution or enlargement of benefits or potential benefits intended to be made available under the Plan (a Section 4.2 Event), the Committee shall equitably adjust (i) the number of shares of Common Stock or other securities of the Company (or number and kind of other securities or property) with respect to which Awards may be granted under the Plan, (ii) the maximum share limitation applicable to each type of Award that may be granted to any individual participant in any calendar year, (iii) the number of shares of Common Stock or other securities of the Company (or number and kind of other securities or property) subject to outstanding Awards, and (iv) the exercise price with respect to any Stock Option or any Stock Appreciation Right. Any such adjustment determined by the Committee shall be final, binding and conclusive on the Company and all Participants and their respective heirs, executors, administrators, successors and permitted assigns. If the Company enters into or is involved in any merger, reorganization, Change in Control or other business combination with any person or entity (a Merger Event), the Committee may, prior to such Merger Event and effective upon such Merger Event, take such action as it deems appropriate, including, but not limited to, replacing Awards with substitute Awards in respect of the shares, other securities or other property of the surviving corporation or any affiliate of the surviving corporation on such terms and conditions, as to the number of shares, pricing and otherwise, which shall substantially preserve the value, rights and benefits of any affected Awards granted hereunder as of the date of the consummation of the Merger Event. Upon receipt by any affected Participant of any such substitute Award (or payment) as a result of any such Merger Event, such Participant's affected Awards for which such substitute Awards (or payment) were received shall be thereupon cancelled without the need for obtaining the consent of any such affected Participant. In addition, subject to Section 4.2(d), if there shall occur any change in the capital structure or the business of the Company that is not a Section 4.2 Event or Merger Event (an Other Extraordinary Event), then the Committee, in its sole discretion, may adjust any Award and make such other adjustments to the Plan. Except as expressly provided in this Section 4.2 or in the applicable Award Agreement, a Participant shall have no rights by reason of any Section 4.2 Event, Merger Event, or any Other Extraordinary Event.

(c) Fractional shares of Common Stock resulting from any adjustment in Awards pursuant to Section 4.2(a) or 4.2(b) shall be aggregated until, and eliminated at, the time of exercise by rounding-down for fractions less than one-half and rounding-up for fractions equal to or greater than one-half. No cash settlements shall be made with respect to fractional shares eliminated by rounding. Notice of any adjustment shall be given by the Committee to each Participant whose Award has been adjusted and such adjustment (whether or not such notice is given) shall be effective and binding for all purposes of the Plan.

(d) In the event of a Merger Event in which the Company is not the surviving entity or in the event of any transaction that results in the acquisition of substantially all of the Company's outstanding Common Stock by a single person or entity or by a group of persons and/or entities acting in concert, or in the event of the sale or transfer of all or substantially all of the Company's assets (all of the foregoing being referred to as an Acquisition Event), then the Committee may, in its sole discretion, terminate all outstanding and unexercised Stock Options, Stock Appreciation Rights, or any Other Stock-Based Awards that provide for a Participant elected exercise, effective as of the date of the Acquisition Event, by delivering notice of termination to each Participant at least 10 days prior to the date of consummation of the Acquisition Event, in which case during the period from the date on which such notice of termination is delivered to the consummation of the Acquisition Event, each such Participant shall have the right to exercise in full all of his or her Awards that are then outstanding and vested as of such exercised date, but any such exercise may be indicated as contingent on the occurrence of the Acquisition Event, and, provided that, if the Acquisition Event does not take place within a specified period after giving such notice for any reason whatsoever, any such notice and contingent exercise pursuant thereto shall be null and void.

A-10

6.2 Grants. The Committee shall have the authority to grant to any Eligible Employee one or more Incentive Stock Options, Non-Qualified Stock Options, or both types of Stock Options. The Committee shall have the authority to grant any Consultant or Non-Employee Director one or more Non-Qualified Stock Options. To the extent that any Stock Option does not qualify as an Incentive Stock Option (whether because of its provisions or the time or manner of its exercise or otherwise), such Stock Option or the portion thereof which does not so qualify shall constitute a separate Non-Qualified Stock Option.

6.3 Incentive Stock Options. Notwithstanding anything in the Plan to the contrary, no term of the Plan relating to Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to disqualify the Plan under Section 422 of the Code, or, without the consent of the Participants affected, to disqualify any Incentive Stock Option under such Section 422.

6.4 Terms of Options. Options granted under the Plan shall be subject to the following terms and conditions and shall be in such form and contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable:

(a) Exercise Price. The exercise price per share of Common Stock subject to a Stock Option shall be determined by the Committee at the time of grant, provided that the per share exercise price of an Incentive Stock Option shall be at least equal to 100% (or, in the case of a Ten Percent Stockholder, 110%) of the Fair Market

Value of the Common Stock at the time of grant. To the extent that a Stock Option is granted with an exercise price that is less than 100% of the Fair Market Value of the Common Stock at the time of grant, such Stock Option will be intended to comply with the requirements of Section 409A of the Code, and the Committee shall take such requirements into account when approving any such grant.

(b) Stock Option Term. The term of each Stock Option shall be fixed by the Committee, provided that no Stock Option shall be exercisable more than 10 years after the date the Option is granted; and provided further that the term of an Incentive Stock Option granted to a Ten Percent Stockholder shall not exceed five years.

(c) Exercisability. Unless otherwise provided by the Committee in accordance with the provisions of this Section 6.4, and subject to Section 5.4, Stock Options granted under the Plan shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at the time of grant. If the Committee provides, in its discretion, that any Stock Option is exercisable subject to certain limitations (including, without limitation, that such Stock Option is exercisable only in installments or within certain time periods), the Committee may waive such limitations on the exercisability at any time at or after the time of grant in whole or in part (including, without limitation, waiver of the installment exercise provisions or acceleration of the time at which such Stock Option may be exercised). Unless otherwise determined by the Committee at the time of grant, the Option agreement shall provide that (i) in the event that the Participant engages in Detrimental Activity prior to any exercise of the Stock Option (whether vested or unvested), all Stock Options held by the Participant shall thereupon terminate and expire, (ii) as a condition of the exercise of a Stock Option, the Participant shall be required to certify (or shall be deemed to have certified) at the time of exercise in a manner acceptable to the Company that the Participant is in compliance with the terms and conditions of the Plan and that the Participant has not engaged in, and does not intend to engage in, any Detrimental Activity, and (iii) in the event that the Participant engages in Detrimental Activity during the one-year period commencing on the date that the Stock Option is exercised or becomes vested, the Company shall be entitled to recover from the Participant at any time within one year after such exercise or vesting, and the Participant shall pay over to the Company, an amount equal to any gain realized as a result of the exercise (whether at the time of exercise or thereafter).

(d) Method of Exercise. Subject to whatever installment exercise and waiting period provisions apply under Section 6.4(c), to the extent vested, Stock Options may be exercised in whole or in part at any time during the Option term, by giving written notice of exercise to the Company specifying the number of shares of Common Stock to be purchased. Such notice shall be accompanied by payment in full of the purchase price as follows: (i) in cash or by check, bank draft or money order payable to the order of the Company; (ii) solely to the extent permitted by applicable law, if the Common Stock is traded on a national securities exchange, and the Committee authorizes, through a procedure whereby the Participant delivers irrevocable instructions to a broker reasonably acceptable to the Committee to deliver promptly to the Company an amount equal to the purchase price; or (iii) on such other terms and conditions as may be acceptable to the Committee (including, without limitation, having the Company withhold shares of Common Stock issuable upon exercise of the Stock Options or by payment in full or in part in the form of Common Stock owned by the Participant based on the Fair Market Value of the Common Stock on the payment date as determined by the Committee). No shares of Common Stock shall be issued until payment therefore, as provided herein, has been made or provided for.

(e) Non-Transferability of Options. No Stock Option shall be Transferable by the Participant otherwise than by will or by the laws of descent and distribution, and all Stock Options shall be exercisable, during the Participant's lifetime, only by the Participant. Notwithstanding the foregoing, the Committee may determine, in its sole discretion, at the time of grant or thereafter that a Non-Qualified Stock Option that is otherwise not Transferable pursuant to this Section is Transferable to a Family Member in whole or in part and in such circumstances, and under such conditions, as specified by the Committee. A Non-Qualified Stock Option that is Transferred to a Family Member pursuant to the

preceding sentence (i) may not be subsequently Transferred otherwise than by will or by the laws of descent and distribution and (ii) remains subject to the terms of this Plan

and the applicable Award Agreement. Any shares of Common Stock acquired upon the exercise of a Non-Qualified Stock Option by a permissible transferee of a Non-Qualified Stock Option or a permissible transferee pursuant to a Transfer after the exercise of the Non-Qualified Stock Option shall be subject to the terms of this Plan and the applicable Award Agreement.

(f) Termination by Death or Disability. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination is by reason of death or Disability, all Stock Options that are held by such Participant that are vested and exercisable at the time of the Participant's Termination may be exercised by the Participant at any time within a period of one year from the date of such Termination (or in the case of death, by the legal representative of the Participant's estate), but in no event beyond the expiration of the stated term of such Stock Options; provided, however, that, in the case of a Termination due to Disability, if the Participant dies within such exercise period, all unexercised Stock Options held by such Participant shall thereafter be exercisable, to the extent to which they were exercisable at the time of death, for a period of one year from the date of such death, but in no event beyond the expiration of the stated term of such Stock Options.

(g) Involuntary Termination Without Cause. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination is by involuntary termination without Cause, all Stock Options that are held by such Participant that are vested and exercisable at the time of the Participant's Termination may be exercised by the Participant at any time within a period of 90 days from the date of such Termination, but in no event beyond the expiration of the stated term of such Stock Options.

(h) Voluntary Termination. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination is voluntary (other than a voluntary termination described in Section 6.4(i)(y) hereof), all Stock Options that are held by such Participant that are vested and exercisable at the time of the Participant's Termination may be exercised by the Participant at any time within a period of 90 days from the date of such Termination, but in no event beyond the expiration of the stated term of such Stock Options.

(i) Termination for Cause. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, if a Participant's Termination (x) is for Cause or (y) is a voluntary Termination (as provided in Section 6.4(h)) after the occurrence of an event that would be grounds for a Termination for Cause, all Stock Options, whether vested or not vested, that are held by such Participant shall thereupon terminate and expire as of the date of such Termination.

(j) Unvested Stock Options. Unless otherwise determined by the Committee at the time of grant, or if no rights of the Participant are reduced, thereafter, Stock Options that are not vested as of the date of a Participant's Termination for any reason shall terminate and expire as of the date of such Termination.

(k) Incentive Stock Option Limitations. To the extent that the aggregate Fair Market Value (determined as of the time of grant) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by an Eligible Employee during any calendar year under this Plan and/or any other stock option plan of the Company, any Subsidiary or any Parent exceeds \$100,000, such Options shall be treated as Non-Qualified Stock Options. In addition, if an Eligible Employee does not remain employed by the Company, any Subsidiary or any Parent at all times from the time an Incentive Stock Option is granted until three months prior to the date of exercise thereof (or such other period as required by applicable law), such Stock Option shall be treated as a Non-Qualified Stock Option. Should any provision of this Plan not be necessary in order for the Stock Options to qualify as Incentive Stock Options, or should any additional provisions be required, the Committee may amend this Plan accordingly, without the necessity of obtaining the approval of the stockholders of the Company.

(l) **Form, Modification, Extension and Renewal of Stock Options.** Subject to the terms and conditions and within the limitations of the Plan, Stock Options shall be evidenced by such form of agreement or grant as is approved by the Committee, and the Committee may (i) modify, extend or renew outstanding Stock Options granted under the Plan (provided that the rights of a Participant are not reduced without his or her consent and provided further that such action does not subject the Stock Options to Section 409A of the Code without the consent of the Participant), and (ii) accept the surrender of outstanding Stock Options (up to the extent not theretofore exercised) and authorize the granting of new Stock Options in substitution therefor (to the extent not theretofore exercised). Notwithstanding the foregoing, an outstanding Option may not be modified to reduce the exercise price thereof nor may a new Option at a lower price be substituted for a surrendered Option (other than adjustments or substitutions in accordance with Section 4.2) nor may any cash payment be made for a surrendered Option, unless such action is approved by the stockholders of the Company.

(m) **Deferred Delivery of Common Stock.** The Committee may in its discretion permit Participants to defer delivery of Common Stock acquired pursuant to a Participant's exercise of an Option in accordance with the terms and conditions established by the Committee in the applicable Award Agreement, which shall be intended to comply with the requirements of Section 409A of the Code.

(n) **Other Terms and Conditions.** The Committee may include a provision in an Award Agreement providing for the automatic exercise of a Non-Qualified Stock Option on a cashless basis on the last day of the term of such Option if the Participant has failed to exercise the Non-Qualified Stock Option as of such date, with respect to which the Fair Market Value of the shares of Common Stock underlying the Non-Qualified Stock Option exceeds the exercise price of such Non-Qualified Stock Option on the date of expiration of such Option, subject to Section 14.4. Stock Options may contain such other provisions, which shall not be inconsistent with any of the terms of the Plan, as the Committee shall deem appropriate.

ARTICLE VII

STOCK APPRECIATION RIGHTS

7.1 Tandem Stock Appreciation Rights. Stock Appreciation Rights may be granted in conjunction with all or part of any Stock Option (a Reference Stock Option) granted under the Plan (Tandem Stock Appreciation Rights). In the case of a Non-Qualified Stock Option, such rights may be granted either at or after the time of the grant of such Reference Stock Option. In the case of an Incentive Stock Option, such rights may be granted only at the time of the grant of such Reference Stock Option.

7.2 Terms and Conditions of Tandem Stock Appreciation Rights. Tandem Stock Appreciation Rights granted hereunder shall be subject to such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, and the following:

(a) **Exercise Price.** The exercise price per share of Common Stock subject to a Tandem Stock Appreciation Right shall be determined by the Committee at the time of grant. To the extent that a Stock Appreciation Right is granted with an exercise price that is less than 100% of the Fair Market Value of the Common Stock at the time of grant, such Stock Appreciation Right will be intended to comply with the requirements of Section 409A of the Code, and the Committee shall take such requirements into account when approving any such grant.

(b) **Term.** A Tandem Stock Appreciation Right or applicable portion thereof granted with respect to a Reference Stock Option shall terminate and no longer be exercisable upon the termination or exercise of the Reference Stock Option, except that, unless otherwise determined by the Committee, in its sole discretion, at the time of grant, a Tandem Stock

Appreciation Right granted with respect to less than the full number of shares covered by the Reference Stock Option shall not be reduced until and then only to the extent that the exercise or termination of the Reference Stock Option causes the number of shares covered by the Tandem Stock Appreciation Right to exceed the number of shares remaining available and unexercised under the Reference Stock Option.

A-14

Table of Contents

(c) **Exercisability.** Tandem Stock Appreciation Rights shall be exercisable only at such time or times and to the extent that the Reference Stock Options to which they relate shall be exercisable in accordance with the provisions of Article VI, and shall be subject to the provisions of Section 6.4(c).

(d) **Method of Exercise.** A Tandem Stock Appreciation Right may be exercised by the Participant by surrendering the applicable portion of the Reference Stock Option. Upon such exercise and surrender, the Participant shall be entitled to receive an amount determined in the manner prescribed in this Section 7.2. Stock Options which have been so surrendered, in whole or in part, shall no longer be exercisable to the extent that the related Tandem Stock Appreciation Rights have been exercised.

(e) **Payment.** Upon the exercise of a Tandem Stock Appreciation Right, a Participant shall be entitled to receive up to, but no more than, an amount in cash and/or Common Stock (as chosen by the Committee in its sole discretion) equal in value to the excess of the Fair Market Value of one share of Common Stock over the Option exercise price per share specified in the Reference Stock Option agreement multiplied by the number of shares of Common Stock in respect of which the Tandem Stock Appreciation Right shall have been exercised, with the Committee having the right to determine the form of payment.

(f) **Deemed Exercise of Reference Stock Option.** Upon the exercise of a Tandem Stock Appreciation Right, the Reference Stock Option or part thereof to which such Stock Appreciation Right is related shall be deemed to have been exercised for the purpose of the limitation set forth in Article IV of the Plan on the number of shares of Common Stock to be issued under the Plan.

(g) **Non-Transferability.** Tandem Stock Appreciation Rights shall be Transferable only when and to the extent that the underlying Stock Option would be Transferable under Section 6.4(e) of the Plan.

7.3 Non-Tandem Stock Appreciation Rights. Non-Tandem Stock Appreciation Rights may also be granted without reference to any Stock Options granted under the Plan.

7.4 Terms and Conditions of Non-Tandem Stock Appreciation Rights. Non-Tandem Stock Appreciation Rights granted hereunder shall be subject to such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, and the following:

(a) **Exercise Price.** The exercise price per share of Common Stock subject to a Non-Tandem Stock Appreciation Right shall be determined by the Committee at the time of grant, provided that the per share exercise price of a Non-Tandem Stock Appreciation Right shall not be less than 100% of the Fair Market Value of the Common Stock at the time of grant.

(b) **Term.** The term of each Non-Tandem Stock Appreciation Right shall be fixed by the Committee, but shall not be greater than 10 years after the date the right is granted.

(c) **Exercisability.** Unless otherwise provided by the Committee in accordance with the provisions of this Section 7.4, and subject to Section 5.4, Non-Tandem Stock Appreciation Rights granted under the Plan shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at the time of grant. If the Committee provides, in its discretion, that any such right is exercisable subject to certain limitations (including, without limitation, that it is exercisable only in installments or within certain time periods), the Committee may waive such limitations on the exercisability at any time at or after grant in whole or in part (including, without limitation, waiver of the installment exercise provisions or acceleration of the time at which such right may be exercised).

Unless otherwise determined by the Committee at grant, the Award Agreement shall provide that (i) in the event that the Participant engages in Detrimental Activity prior to any exercise of the Non-Tandem Stock Appreciation Right, all Non-Tandem Stock Appreciation Rights held by the Participant shall thereupon terminate

A-15

Table of Contents

and expire, (ii) as a condition of the exercise of a Non-Tandem Stock Appreciation Right, the Participant shall be required to certify (or shall be deemed to have certified) at the time of exercise in a manner acceptable to the Company that the Participant is in compliance with the terms and conditions of the Plan and that the Participant has not engaged in, and does not intend to engage in, any Detrimental Activity, and (iii) in the event that the Participant engages in Detrimental Activity during the one-year period commencing on the date the Non-Tandem Stock Appreciation Right is exercised or becomes vested, the Company shall be entitled to recover from the Participant at any time within one year after such exercise or vesting, and the Participant shall pay over to the Company, an amount equal to any gain realized as a result of the exercise (whether at the time of exercise or thereafter).

(d) **Method of Exercise.** Subject to whatever installment exercise and waiting period provisions apply under Section 7.4(c), Non-Tandem Stock Appreciation Rights may be exercised in whole or in part at any time in accordance with the applicable Award Agreement, by giving written notice of exercise to the Company specifying the number of Non-Tandem Stock Appreciation Rights to be exercised.

(e) **Payment.** Upon the exercise of a Non-Tandem Stock Appreciation Right a Participant shall be entitled to receive, for each right exercised, up to, but no more than, an amount in cash and/or Common Stock (as chosen by the Committee in its sole discretion) equal in value to the excess of the Fair Market Value of one share of Common Stock on the date that the right is exercised over the Fair Market Value of one share of Common Stock on the date that the right was awarded to the Participant.

(f) **Termination.** Unless otherwise determined by the Committee at grant or, if no rights of the Participant are reduced, thereafter, subject to the provisions of the applicable Award Agreement and the Plan, upon a Participant's Termination for any reason, Non-Tandem Stock Appreciation Rights will remain exercisable following a Participant's Termination on the same basis as Stock Options would be exercisable following a Participant's Termination in accordance with the provisions of Sections 6.4(f) through 6.4(j).

(g) **Non-Transferability.** No Non-Tandem Stock Appreciation Rights shall be Transferable by the Participant otherwise than by will or by the laws of descent and distribution, and all such rights shall be exercisable, during the Participant's lifetime, only by the Participant.

7.5 Limited Stock Appreciation Rights. The Committee may, in its sole discretion, grant Tandem and Non-Tandem Stock Appreciation Rights either as a general Stock Appreciation Right or as a Limited Stock Appreciation Right. Limited Stock Appreciation Rights may be exercised only upon the occurrence of a Change in Control or such other event as the Committee may, in its sole discretion, designate at the time of grant or thereafter. Upon the exercise of Limited Stock Appreciation Rights, except as otherwise provided in an Award Agreement, the Participant shall receive in cash and/or Common Stock, as determined by the Committee, an amount equal to the amount (i) set forth in Section 7.2(e) with respect to Tandem Stock Appreciation Rights, or (ii) set forth in Section 7.4(e) with respect to Non-Tandem Stock Appreciation Rights.

7.6 No Repricings or Cash Buyouts of Stock Appreciation Rights. Notwithstanding the foregoing, an outstanding Stock Appreciation Right may not be modified to reduce the exercise price thereof nor may a new Stock Appreciation Right at a lower price be substituted for a surrendered Stock Appreciation Right (other than adjustments or substitutions in accordance with Section 4.2) nor may any cash payment be made for a surrendered Stock Appreciation Right, unless such action is approved by the stockholders of the Company.

ARTICLE VIII

RESTRICTED STOCK

8.1 Awards of Restricted Stock. Shares of Restricted Stock may be issued either alone or in addition to other Awards granted under the Plan. The Committee shall determine the Eligible Individuals, to whom, and the time or times at which, grants of Restricted Stock shall be made, the number of shares to be awarded, the price (if

A-16

any) to be paid by the Participant (subject to Section 8.2), the time or times within which such Awards may be subject to forfeiture, the vesting schedule (subject to Section 5.4) and rights to acceleration thereof, and all other terms and conditions of the Awards.

Unless otherwise determined by the Committee at grant, each Award of Restricted Stock shall provide that in the event that the Participant engages in Detrimental Activity prior to, or during the one-year period after, any vesting of Restricted Stock, the Committee may direct that all unvested Restricted Stock shall be immediately forfeited to the Company and that the Participant shall pay over to the Company an amount equal to the Fair Market Value at the time of vesting of any Restricted Stock which had vested in the period referred to above.

The Committee may condition the grant or vesting of Restricted Stock upon the attainment of specified performance targets (including, the Performance Goals) or such other factor as the Committee may determine in its sole discretion, including to comply with the requirements of Section 162(m) of the Code.

8.2 Awards and Certificates. Eligible Individuals selected to receive Restricted Stock shall not have any right with respect to such Award, unless and until such Participant has delivered a fully executed copy of the agreement evidencing the Award to the Company and has otherwise complied with the applicable terms and conditions of such Award. Further, such Award shall be subject to the following conditions:

(a) **Purchase Price.** The purchase price of Restricted Stock shall be fixed by the Committee. Subject to Section 4.3, the purchase price for shares of Restricted Stock may be zero to the extent permitted by applicable law, and, to the extent not so permitted, such purchase price may not be less than par value.

(b) **Acceptance.** Awards of Restricted Stock must be accepted within a period of 60 days (or such shorter period as the Committee may specify at grant) after the grant date, by executing a Restricted Stock agreement and by paying whatever price (if any) the Committee has designated thereunder.

(c) **Legend.** Each Participant receiving Restricted Stock shall be issued a stock certificate in respect of such shares of Restricted Stock, unless the Committee elects to use another system, such as book entries by the transfer agent, as evidencing ownership of shares of Restricted Stock. Such certificate shall be registered in the name of such Participant, and shall, in addition to such legends required by applicable securities laws, bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award, substantially in the following form:

The anticipation, alienation, attachment, sale, transfer, assignment, pledge, encumbrance or charge of the shares of stock represented hereby are subject to the terms and conditions (including forfeiture) of the Amended and Restated U.S. Silica Holdings, Inc. (the Company) 2011 Incentive Compensation Plan (the Plan) and an Agreement entered into between the registered owner and the Company dated . Copies of such Plan and Agreement are on file at the principal office of the Company.

(d) **Custody.** If stock certificates are issued in respect of shares of Restricted Stock, the Committee may require that any stock certificates evidencing such shares be held in custody by the Company until the restrictions thereon shall have lapsed, and that, as a condition of any grant of Restricted Stock, the Participant shall have delivered a duly signed stock power or other instruments of assignment (including a power of attorney), each endorsed in blank with a guarantee of signature if deemed necessary or appropriate by the Company, which would permit transfer to the Company of all or a portion of the shares subject to the Restricted Stock Award in the event that such Award is forfeited in whole or part.

8.3 Restrictions and Conditions. The shares of Restricted Stock awarded pursuant to the Plan shall be subject to the following restrictions and conditions:

(a) Restriction Period. (i) The Participant shall not be permitted to Transfer shares of Restricted Stock awarded under the Plan during the period or periods set by the Committee (the Restriction Period)

A-17

Table of Contents

commencing on the date of such Award, as set forth in the Restricted Stock Award Agreement and such agreement shall set forth a vesting schedule and any event that would accelerate vesting of the shares of Restricted Stock. Within these limits, based on service, attainment of Performance Goals pursuant to Section 8.3(a)(ii) and/or such other factors or criteria as the Committee may determine in its sole discretion, the Committee may condition the grant or provide for the lapse of such restrictions in installments in whole or in part, or may accelerate the vesting of all or any part of any Restricted Stock Award and/or waive the deferral limitations for all or any part of any Restricted Stock Award.

(ii) If the grant of shares of Restricted Stock or the lapse of restrictions is based on the attainment of Performance Goals, the Committee shall establish the objective Performance Goals and the applicable vesting percentage of the Restricted Stock applicable to each Participant or class of Participants in writing prior to the beginning of the applicable fiscal year or at such later date as otherwise determined by the Committee and while the outcome of the Performance Goals are substantially uncertain. Such Performance Goals may incorporate provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or circumstances. With regard to a Restricted Stock Award that is intended to comply with Section 162(m) of the Code, to the extent that any such provision would create impermissible discretion under Section 162(m) of the Code or otherwise violate Section 162(m) of the Code, such provision shall be of no force or effect.

(b) **Rights as a Stockholder.** Except as provided in Section 8.3(a) and this Section 8.3(b) and as otherwise determined by the Committee, the Participant shall have, with respect to the shares of Restricted Stock, all of the rights of a holder of shares of Common Stock of the Company including, without limitation, the right to vote such shares, subject to and conditioned upon the full vesting of shares of Restricted Stock, the right to tender such shares, and the right to receive all dividends and other distributions paid with respect to the Restricted Stock, provided that such dividends or other distributions will be subject to the same vesting requirements as the underlying Restricted Stock and shall be paid at the time the Restricted Stock becomes vested. If dividends or distributions are paid in shares of Common Stock, such shares shall be deposited with the Company and shall be subject to the same restrictions on transferability and forfeitability as the Restricted Stock with respect to which they were paid. The Committee may, in its sole discretion, determine at the time of grant that the payment of dividends shall be deferred until, and conditioned upon, the expiration of the applicable Restriction Period.

(c) **Termination.** Unless otherwise determined by the Committee at grant or, if no rights of the Participant are reduced, thereafter, subject to the applicable provisions of the Award Agreement and the Plan, upon a Participant's Termination for any reason during the relevant Restriction Period, all Restricted Stock still subject to restriction will be forfeited in accordance with the terms and conditions established by the Committee at grant or thereafter.

(d) **Lapse of Restrictions.** If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock, the certificates for such shares, if any, shall be delivered to the Participant, unless the Committee elects to use another system, such as book entries by the transfer agent. All legends shall be removed from said certificates at the time of delivery to the Participant, except as otherwise required by applicable law or other limitations imposed by the Committee.

ARTICLE IX

PERFORMANCE AWARDS

9.1 Performance Awards. The Committee may grant a Performance Award to a Participant payable upon the attainment of specific Performance Goals. The Committee may grant Performance Awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code, as well as Performance Awards that are not

intended to qualify as performance-based compensation under Section 162(m) of the Code. If the Performance Award is payable in shares of Restricted Stock, such shares shall be transferable to the

A-18

Participant only upon attainment of the relevant Performance Goal in accordance with Article VIII. If the Performance Award is payable in cash, it may be paid upon the attainment of the relevant Performance Goals either in cash or in shares of Restricted Stock (based on the then current Fair Market Value of such shares), as determined by the Committee, in its sole and absolute discretion. Each Performance Award shall be evidenced by an Award Agreement in such form that is not inconsistent with the Plan and that the Committee may from time to time approve.

Unless otherwise determined by the Committee at grant, each Performance Award shall provide that in the event the Participant engages in Detrimental Activity prior to, or during the one-year period after, any vesting of the Performance Award, the Committee may direct (at any time within one year thereafter) that all of the unvested portion of the Performance Award shall be immediately forfeited to the Company and that the Participant shall pay over to the Company an amount equal to any gain that the Participant realized from any Performance Award that had vested in the period referred to above.

With respect to Performance Awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee shall condition the right to payment of any Performance Award upon the attainment of objective Performance Goals established pursuant to Section 9.2(c).

9.2 Terms and Conditions. Performance Awards awarded pursuant to this Article IX shall be subject to the following terms and conditions:

(a) **Earning of Performance Award.** At the expiration of the applicable Performance Period, the Committee shall determine the extent to which the Performance Goals established pursuant to Section 9.2(c) are achieved and the percentage of each Performance Award that has been earned.

(b) **Non-Transferability.** Subject to the applicable provisions of the Award Agreement and the Plan, Performance Awards may not be Transferred during the Performance Period.

(c) **Objective Performance Goals, Formulae or Standards.** With respect to Performance Awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee shall establish the objective Performance Goals for the earning of Performance Awards based on a Performance Period applicable to each Participant or class of Participants in writing prior to the beginning of the applicable Performance Period or at such later date as permitted under Section 162(m) of the Code and while the outcome of the Performance Goals are substantially uncertain. Such Performance Goals may incorporate, if and only to the extent permitted under Section 162(m) of the Code, provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or circumstances. To the extent that any such provision would create impermissible discretion under Section 162(m) of the Code or otherwise violate Section 162(m) of the Code, such provision shall be of no force or effect, with respect to Performance Awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code.

(d) **Dividends.** Unless otherwise determined by the Committee at the time of grant, amounts equal to dividends declared during the Performance Period with respect to the number of shares of Common Stock covered by a Performance Award will not be paid to the Participant.

(e) **Payment.** Following the Committee's determination in accordance with Section 9.2(a), the Company shall settle Performance Awards, in such form (including, without limitation, in shares of Common Stock or in cash) as determined by the Committee, in an amount equal to such Participant's earned Performance Awards. Notwithstanding the foregoing, the Committee may, in its sole discretion, award an amount less than the earned Performance Awards

and/or subject the payment of all or part of any Performance Award to additional vesting, forfeiture and deferral conditions as it deems appropriate.

A-19

Table of Contents

(f) **Termination.** Subject to the applicable provisions of the Award Agreement and the Plan, upon a Participant's Termination for any reason during the Performance Period for a given Performance Award, the Performance Award in question will vest or be forfeited in accordance with the terms and conditions established by the Committee at grant.

(g) **Accelerated Vesting.** Based on service, performance and/or such other factors or criteria, if any, as the Committee may determine, the Committee may, at or after grant, accelerate the vesting of all or any part of any Performance Award.

ARTICLE X

OTHER STOCK-BASED AND CASH-BASED AWARDS

10.1 Other Stock-Based Awards. The Committee is authorized to grant to Eligible Individuals Other Stock-Based Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to shares of Common Stock, including but not limited to, shares of Common Stock awarded purely as a bonus and not subject to restrictions or conditions, shares of Common Stock in payment of the amounts due under an incentive or performance plan sponsored or maintained by the Company or an Affiliate, stock equivalent units, restricted stock units, and Awards valued by reference to book value of shares of Common Stock. Other Stock-Based Awards may be granted either alone or in addition to or in tandem with other Awards granted under the Plan.

Subject to the provisions of the Plan, the Committee shall have authority to determine the Eligible Individuals, to whom, and the time or times at which, such Awards shall be made, the number of shares of Common Stock to be awarded pursuant to such Awards, and all other conditions of the Awards. The Committee may also provide for the grant of Common Stock under such Awards upon the completion of a specified Performance Period.

The Committee may condition the grant or vesting of Other Stock-Based Awards upon the attainment of specified Performance Goals as the Committee may determine, in its sole discretion; provided that to the extent that such Other Stock-Based Awards are intended to comply with Section 162(m) of the Code, the Committee shall establish the objective Performance Goals for the grant or vesting of such Other Stock-Based Awards based on a Performance Period applicable to each Participant or class of Participants in writing prior to the beginning of the applicable Performance Period or at such later date as permitted under Section 162(m) of the Code and while the outcome of the Performance Goals are substantially uncertain. Such Performance Goals may incorporate, if and only to the extent permitted under Section 162(m) of the Code, provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or circumstances. To the extent that any such provision would create impermissible discretion under Section 162(m) of the Code or otherwise violate Section 162(m) of the Code, such provision shall be of no force or effect, with respect to Performance Awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code.

10.2 Terms and Conditions. Other Stock-Based Awards made pursuant to this Article X shall be subject to the following terms and conditions:

(a) **Non-Transferability.** Subject to the applicable provisions of the Award Agreement and the Plan, shares of Common Stock subject to Awards made under this Article X may not be Transferred prior to the date on which the shares are issued, or, if later, the date on which any applicable restriction, performance or deferral period lapses.

(b) The Committee, in its sole discretion, may provide for the purchase of any Awards by the Company or an Affiliate for an amount of cash equal to the excess (if any) of the Change in Control Price (as defined below) of the shares of Common Stock covered by such Awards, over the aggregate exercise price of such Awards. For purposes of this Section 11.1, Change in Control Price shall mean the highest price per share of Common Stock paid in any transaction related to a Change in Control of the Company.

(c) Notwithstanding any other provision herein to the contrary, the Committee may, in its sole discretion, provide for accelerated vesting or lapse of restrictions, of an Award in connection with a Change of Control of the Company.

Notwithstanding anything herein to the contrary, the Board may amend the Plan or any Award Agreement at any time without a Participant's consent to comply with applicable law including Section 409A of the Code.

The Committee may amend the terms of any Award theretofore granted, prospectively or retroactively, but, subject to Article IV or as otherwise specifically provided herein, no such amendment or other action by the Committee shall impair the rights of any holder without the holder's consent.

14.2 Other Plans. Nothing contained in the Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required, and such arrangements may be either generally applicable or applicable only in specific cases.

14.3 No Right to Employment/Directorship/Consultancy. Neither the Plan nor the grant of any Option or other Award hereunder shall give any Participant or other employee, Consultant or Non-Employee Director any right with respect to continuance of employment, consultancy or directorship by the Company or any Affiliate, nor shall there be a limitation in any way on the right of the Company or any Affiliate by which an employee is employed or a Consultant or Non-Employee Director is retained to terminate his or her employment, consultancy or directorship at any time.

Any fraction of a share of Common Stock required to satisfy such tax obligations shall be disregarded and the amount due shall be paid instead in cash by the Participant.

The Company shall have no obligation to issue such shares unless and until such shares are so listed, and the right to exercise any Option or other Award with respect to such shares shall be suspended until such listing has been effected.

(b) If at any time counsel to the Company shall be of the opinion that any sale or delivery of shares of Common Stock pursuant to an Option or other Award is or may in the circumstances be unlawful or result in the imposition of excise taxes on the Company under the statutes, rules or regulations of any applicable jurisdiction, the Company shall have no obligation to make such sale or delivery, or to make any application or to effect or to maintain any qualification or registration under the Securities Act or otherwise, with respect to shares of Common Stock or Awards, and the right to exercise any Option or other Award shall be suspended until, in the opinion of said counsel, such sale or delivery shall be lawful or will not result in the imposition of excise taxes on the Company.

Notwithstanding anything herein to the contrary, as a condition to the receipt of shares of Common Stock pursuant to an Award under the Plan, to the extent required by the Committee, the Participant shall execute and deliver a stockholder's agreement or such other documentation that shall set forth certain restrictions on transferability of the shares of Common Stock acquired upon exercise or purchase, and such other terms as the Board or Committee shall from time to time establish. Such stockholder's agreement or other documentation shall apply to the Common Stock acquired under the Plan and covered by such stockholder's agreement or other documentation. In that context, and without limiting the generality of the foregoing, the Company and each Participant shall irrevocably and unconditionally (a) submit in any proceeding relating to the Plan or any Award Agreement, or for the recognition and enforcement of any judgment in respect thereof (a Proceeding), to the exclusive jurisdiction of the courts of the State of Delaware, the court of the United States of America for the District of Delaware, and appellate courts having jurisdiction of appeals from any of the foregoing, and agree that all claims in respect of any such Proceeding shall be heard and determined in such Delaware State court or, to the extent permitted by law, in such federal court, (b) consent that any such Proceeding may and shall be brought in such courts and waives any objection that the Company and each Participant may now or thereafter have to the venue or jurisdiction of any such Proceeding in any such court or that such Proceeding was brought in an inconvenient court and agree not to plead or claim the same, (c) waive all right to trial by jury in any Proceeding (whether based on contract, tort or otherwise) arising out of or relating to the Plan or any Award Agreement, (d) agree that service of process in any such Proceeding may be effected by mailing a copy of such process by registered or certified mail (or any substantially similar form of mail), postage prepaid, to such party, in the case of a Participant, at the Participant's address shown in the books and records of the Company or, in the case of the Company, at the Company's principal offices, attention General Counsel, and (e) agree that nothing in the Plan shall affect the right to effect service of process in any other manner permitted by the laws of the State of Delaware.
