This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or SEC, as a well-known seasoned issuer as defined in Rule 405 under the Securities Act of 1933, as amended, or the Securities Act, using a shelf registration process. Under this shelf registration process, we may, from time to time, sell shares of the securities described in this prospectus in one or more transactions. This prospectus provides a general description of the securities that may be sold by us. Each time we sell the securities described in this prospectus, we are required to provide you with this prospectus and an accompanying prospectus supplement containing specific information about us and the terms of the securities being sold. Any prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with additional information described under the headings Incorporation of Certain Information by Reference and Where You Can Find More Information.

You should rely only on the information contained or incorporated by reference in this prospectus and any accompanying prospectus supplement. We have not authorized anyone to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer to sell securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information in this prospectus and any accompanying prospectus supplement is accurate as of the date of the prospectus and any accompanying prospectus supplement. Our business, financial position, results of operations and prospects may have changed since those dates.

All shares of class A common stock acquired by a Visa member, as defined in our sixth amended and restated certificate of incorporation (our Certificate of Incorporation), or any person that is an operator, member or licensee of any general purpose payment card system that competes with us, or in each case any affiliate of such a person, in each case to the extent acting as a principal investor, will be converted automatically into class C common stock. Such automatic conversion will not apply to any shares of class A common stock acquired or held by the above-listed persons in connection with its brokerage, market making, custody, investment management or similar operations or acquired by any investment fund managed by such persons. Under the terms of our Certificate of Incorporation, class C common stock will be convertible into class A common stock only if transferred to a person that is neither a Visa member nor a person that is an operator, member or licensee of any general purpose payment card system that competes with us, nor in each case any affiliate of such a person. Upon such transfer, each share of class C common stock will convert into one share of class A common stock.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus, any applicable prospectus supplement and the documents incorporated by reference herein and therein contain forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements generally are identified by words such as believes, estimates, expects, intends, projects, could, should, will, will continue and other similar expressions. Examples of forward-looking statements include, but are not limited to, statements we make about our revenue, client incentives, operating margin, tax rate, earnings per share, free cash flow, and the growth of those items.

By their nature, forward-looking statements: (i) speak only as of the date they are made; (ii) are not statements of historical fact or guarantees of future performance; and (iii) are subject to risks, uncertainties, assumptions or changes in circumstances that are difficult to predict or quantify. Therefore, actual results could differ materially and adversely from our forward-looking statements due to a variety of factors, including the following:

the impact of laws, regulations and marketplace barriers, including:

rules capping debit interchange reimbursement rates and expanding financial institutions and merchants choices among debit payments networks promulgated under the Dodd-Frank Wall Street Reform and Consumer Protection Act;

increased regulation in jurisdictions outside of the United States and in other product categories;

increased government support of national payments networks outside the United States; and

increased regulation of consumer privacy, data use and security;

developments in litigation and government enforcement, including those affecting interchange reimbursement fees, antitrust and tax;

new lawsuits, investigations or proceedings, or changes to our potential exposure in connection with pending lawsuits, investigations or proceedings;

economic factors, such as:

economic fragility in the Eurozone and in the United States;

general economic, political and social conditions in mature and emerging markets globally;

general stock market fluctuations which may impact consumer spending;

material changes in cross-border activity, foreign exchange controls and fluctuations in currency exchange rates;

volatility in market prices for oil and natural gas; and

material changes in our financial institution clients' performance compared to our estimates;

industry developments, such as competitive pressure, rapid technological developments and disintermediation from our payments network;

system developments, such as:

disruption of our transaction processing systems or the inability to process transactions efficiently;

account data breaches or increased fraudulent or other illegal activities involving Visa-branded cards or payment products; and

failure to maintain systems interoperability with Visa Europe;

Table of Contents

any prospective transaction with Visa Europe may not be agreed to or implemented;

costs arising if we become obligated to purchase all of Visa Europe's outstanding capital stock;

the loss of organizational effectiveness or key employees;

the failure to integrate acquisitions successfully or to effectively develop new products and businesses;

natural disasters, terrorist attacks, military or political conflicts, and public health emergencies; and

various other factors included or incorporated by reference in this prospectus, including, but not limited to, those discussed under the heading "Risk Factors" and elsewhere in this prospectus.

You should not place undue reliance on such statements. Except as required by law, we do not intend to update or revise any forward-looking statements as a result of new information, future developments or otherwise.

RISK FACTORS

Investing in our securities involves a high degree of risk. You should carefully consider the risks described in our periodic reports filed with the SEC, which are incorporated herein by reference, the risk factors described under the caption "Risk Factors" in any applicable prospectus supplement and any risk factors set forth in our subsequent filings with the SEC, pursuant to Sections 13(a), 13(c), 14, or 15(d) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, before making an investment decision. See "Incorporation of Certain Information by Reference" and "Where You Can Find More Information." Our financial condition, revenues, results of operations, prospects for future growth or overall business could be adversely affected by any of these risks or by additional risks and uncertainties not currently known to us or that we currently consider immaterial.

THE COMPANY

Visa is a global payments technology company that connects consumers, businesses, financial institutions and governments in more than 200 countries and territories to fast, secure and reliable electronic payments. We operate one of the world's most advanced processing networks VisaNet which facilitates authorization, clearing and settlement of payment transactions worldwide. It also offers fraud protection for account holders and rapid payment for merchants. Visa is not a bank and does not issue cards, extend credit or set rates and fees for account holders on Visa-branded cards and payment products. In most cases, account holder and merchant relationships belong to, and are managed by, our financial institution clients.

You should read this prospectus and any prospectus supplement together with the additional information contained under the headings "Incorporation of Certain Information by Reference" and "Where You Can Find More Information."

We are incorporated under the laws of the State of Delaware. Our principal executive offices are located at P.O. Box 8999, San Francisco, California 94128-8999, and our telephone number is (650) 432-3200. Our website address is www.visa.com. This is a textual reference only. The information on, or accessible through, our website is not part of this prospectus and should not be relied upon in connection with making any investment decision with respect to the offered securities.

USE OF PROCEEDS

Except as otherwise described in any prospectus supplement, we intend to use the proceeds from the sale of the securities for general corporate purposes, including the financing of our operations and possible business acquisitions.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table shows our historical ratios of earnings to fixed charges for the periods indicated:

	Nine Months Ended June 30,		Year Ended September 30,			
	2015	2014	2013	2012	2011	2010
Ratio of earnings to fixed charges ⁽¹⁾	2,508.7	926.6	1,880.7	(75.9) ⁽²⁾	175.5	65.5

(1) Figures in the table may not recalculate exactly due to rounding. Earnings to fixed charges ratios are calculated based on unrounded numbers.

(2) During fiscal 2012, we reversed all previously recorded tax reserves and accrued interest associated with uncertainties related to the deductibility of covered litigation expense recorded in fiscal 2007 through fiscal 2011. See *Overview in Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations* of our Annual Report on Form 10-K for the fiscal year ended September 30, 2014, incorporated by reference in this registration statement.

In computing the ratio of earnings to fixed charges, earnings consist of income before income taxes including non-controlling interest, fixed charges and other adjustments.

For purposes of computing earnings, other adjustments include subtracting the equity in earnings of unconsolidated affiliates, interest capitalized and the non-controlling interest of subsidiaries that have not incurred fixed charges.

Fixed charges include interest expense, which primarily consists of accretion on litigation matters, interest expense related to uncertain tax positions and interest expense on outstanding debt.

As of the date of this prospectus, we have no preferred stock outstanding, and, accordingly, the ratio of earnings to fixed charges and preferred stock dividends is equal to the ratio of earnings to fixed charges and is not disclosed separately.

DESCRIPTION OF SECURITIES

This prospectus contains summary descriptions of the class A common stock, preferred stock, depositary shares, debt securities and warrants that we may offer and sell from time to time. These summary descriptions are not meant to be complete descriptions of each security. However, at the time of an offering and sale, this prospectus together with the accompanying prospectus supplement will contain the material terms of the securities being offered.

DESCRIPTION OF CAPITAL STOCK

The following summary describes the material terms of our capital stock and is not complete. This summary is qualified in its entirety by reference to applicable Delaware law, our Certificate of Incorporation and our amended and restated bylaws (our Bylaws). For a complete description of our capital stock, we refer you to our Certificate of Incorporation and Bylaws, which have been filed with the SEC and are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part.

Authorized Capitalization

Our authorized capital stock consists of:

2,001,622,245,209 shares of class A common stock, par value \$0.0001 per share;

622,245,209 shares of class B common stock, par value \$0.0001 per share;

1,097,165,602 shares of class C common stock, par value \$0.0001 per share; and

25,000,000 shares of preferred stock, par value \$0.0001 per share.

The number of authorized shares of any preferred stock, class A common stock, class B common stock or class C common stock may be increased or decreased (but not below the number of shares of that class then outstanding) by the affirmative vote of the holders of a majority in voting power of our stock entitled to vote thereon, and no vote or action by the holders of any of the preferred stock, class A common stock, class B common stock or class C common stock, voting separately as a class, is required for any such increase or decrease.

Description of Common Stock

Voting Rights. Each holder of class A common stock has the right to cast one vote for each share of class A common stock held of record by such holder on all matters on which our stockholders generally are entitled to vote.

Each holder of class B common stock and each holder of class C common stock has no right to vote on any matters on which stockholders generally are entitled to vote. However, in addition to any other vote required by law, for so long as any shares of class B common stock or class C common stock remain issued and outstanding:

the affirmative vote of the holders of a majority of the voting power of the class B common stock and class C common stock, voting together as a single class (in which vote the class A common stock will not participate) separate from all other classes or series of our capital stock, on an as-converted basis as described in the following paragraph, is required for the approval of any consolidation, merger, combination or other transaction in which shares of class A common stock are exchanged for, converted into or changed into other stock or securities, or the right to receive cash or other property, unless the shares of class B common stock and the shares of class C common stock will be exchanged for or changed into the same per share amount of stock, securities, cash or any other property, as the case may be, for which or into which each share of class A common stock is exchanged, converted or changed; and

Table of Contents

the affirmative vote of the holders of at least 80% of the voting power of the common stock of all classes and series, voting together as a single class separate from all other classes or series of our capital stock, shall be required to authorize us to exit our core payments business (i.e., to no longer operate a consumer debit/credit payments business).

For purposes of the prior paragraph, *as-converted basis* means, with respect to each share of class B common stock or class C common stock entitled to vote on any matter, a number of votes equal to the aggregate number of shares of class A common stock into which each share of class B common stock or class C common stock owned by such holder would be converted, assuming the conversion at the applicable conversion rate in effect on the record date for such vote.

Conversion. In the event that any outstanding share of our class B common stock or class C common stock is transferred to a person other than a Visa member or an affiliate of a Visa member, as defined in our Certificate of Incorporation, such share will, automatically and without further action on our part or on the part of any holder of class B common stock or class C common stock, as applicable, immediately prior to the transfer, be converted into shares of class A common stock based upon the applicable conversion rate in effect on the date of that transfer. However, in no event shall any share of class B common stock or class C common stock, as applicable, be converted into any shares of class A common stock except in connection with (i) a sale of such shares on a securities exchange on which shares of class A common stock are listed by means of a *brokers transaction* within the meaning of paragraph (g) of Rule 144 under the Securities Act or (ii) a private placement of such shares to a person who is not a Visa member or an affiliate of a Visa member. In addition, no such conversion shall be effected until the expiration of all applicable restrictions on transfer of such shares described under *Transfer Restrictions*, although our board of directors may make exceptions to such transfer restrictions. Shares of class B common stock or class C common stock so converted will cease to be outstanding and shall no longer be issuable by us. Shares of class B common stock and class C common stock are convertible into shares of class A common stock only in connection with a transfer described above, and no holder of any shares of class B common stock or class C common stock has the right to convert, or to require us to convert, such shares into shares of class A common stock at any time.

As of June 30, 2015, the conversion rate applicable to our shares of class B common stock was 1.6483-to-one, subject to adjustments for stock splits, recapitalizations and similar transactions. This conversion rate will automatically be adjusted upon the issuance of any shares of our class A common stock which are designated as loss shares, the net proceeds of which are to be deposited in the escrow account to satisfy any settlements or judgments in respect of any covered litigation and upon the deposit of funds designated as *loss funds* by our board of directors, into the escrow account in accordance with the terms of the escrow agreement and our Certificate of Incorporation. The applicable conversion rate will also be adjusted upon the final resolution of the covered litigation and the release of funds then remaining on deposit in the escrow account. These adjustments will be made automatically, such that one share of class B common stock is convertible into a number of shares of class A common stock determined based upon the following formulae:

$1.0 \times (A - B - D)$, during the period between March 25, 2008 and the final resolution of the covered litigation;
and

$1.0 \times (A - B - D + C)$, after the final resolution of all of the covered litigation.

For purposes of these formulae:

A will be equal to 0.7142888829.

B will be a fraction:

the numerator of which is the number of loss shares that have been issued; and

the denominator of which is 982,053,540, which we refer to as the class B number.

Table of Contents

C will be a fraction:

the numerator of which is the quotient obtained by dividing the aggregate portion of any funds disbursed to us from the escrow account after the final resolution of the covered litigation (other than certain tax distributions and reimbursements related to the loss sharing agreement) by the greater of \$0.04 or the volume-weighted average price per share of our class A common stock during the 90 trading day period ending on the third trading day immediately preceding the date on which the covered litigation is finally resolved; and

the denominator of which is the class B number.

D will be a fraction:

the numerator of which is the sum of what we call the loss funds share equivalents (described below) in respect of all deposits of loss funds into the escrow account; and

the denominator of which is the class B number.

The loss funds share equivalent in respect of a deposit of loss funds into the escrow account made after January 1, 2009, is the quotient obtained by dividing the amount of those deposited loss funds by an amount we call the loss funds cost per share applicable to such deposit. The loss funds cost per share applicable to a deposit of loss funds into the escrow account is the weighted average of each day's volume-weighted average price per share (which we refer to as the daily VWAP) of our class A common stock over a period that begins on the date our board of directors approves the deposit of those loss funds (which we refer to as the funding decision date) and lasts for a certain number of trading days. That number of trading days that any such period lasts is equal to a quotient obtained by dividing:

another quotient, obtained by dividing the amount of those loss funds by the volume-weighted average of the daily VWAP of our class A common stock over the five trading days immediately preceding the funding decision date, by

15% of the average daily trading volume of the class A common stock over the four calendar weeks prior to the week of the funding decision date (or such other percentage as set by our board of directors and consented to by members of the litigation committee).

For deposits made in calendar year 2008, the loss funds share equivalent is the quotient obtained by dividing the amount of such loss funds deposit by the weighted average of the daily VWAP during the 15 trading days most closely preceding and including December 19, 2008.

After the date on which all of the covered litigation has been finally resolved, any amounts remaining on deposit in the escrow account with respect to the covered litigation will be released to us and the conversion rate applicable to any transfer of shares of our class B common stock will automatically be adjusted in favor of the holders of our class B common stock (i.e., such that a lesser number of shares of class B common stock are required in order to convert into

a single share of class A common stock), to the extent of the aggregate amount released to us from the escrow account, taking into account the weighted average trading price of our class A common stock at such time, as described above.

The conversion rate applicable to any transfer of shares of our class C common stock shall always be four-to-one (i.e., one share of class C common stock will, upon transfer, be converted into four shares of class A common stock), subject to adjustments for stock splits, recapitalizations and similar transactions.

If any shares of our class A common stock are acquired by a Visa member, as defined in our Certificate of Incorporation, or any person that is an operator, member or licensee of a general purpose payment card system that competes with us, or in each case any affiliate of such person, such shares will automatically be converted, at the inverse of the conversion rate applicable for shares of our class C common stock on the date of such conversion, into shares of our class C common stock. Such converted class A common stock will cease to be outstanding and will no longer be issuable by us.

Table of Contents

However, such automatic conversion will not apply with respect to any shares of class A common stock acquired by a Visa member other than shares of class A common stock acquired by such Visa member for its own account as a principal investor or for the account of an affiliate of such Visa member that is acting as a principal investor. Without limiting the foregoing, such automatic conversion shall not apply to any shares of class A common stock acquired or held by a Visa member, a similar person or any of their respective affiliates in connection with its brokerage, market making, custody, investment management or similar operations or acquired by any investment fund managed by a Visa member, a similar person or any of their respective affiliates.

Preemptive Rights. In general, no holders of any shares of our common stock will be entitled to preemptive rights to subscribe for any shares of any class or series of our capital stock, except as may be provided in any resolution or resolutions providing for the issuance of a series of stock adopted by our board of directors or any agreement between us and our stockholders. We have no current plans to grant preemptive rights by a resolution of our board of directors or through any agreement with our stockholders.

Fractional Shares. We will not issue any fractional shares of any class of common stock upon conversion of any shares of any other class of common stock into shares of such class. In lieu of fractional shares, we will pay cash equal to such fractional amount multiplied by the fair market value, as determined by or in accordance with procedures established by our board of directors, in good faith and in its sole discretion, per share of the applicable class of common stock into which such shares are being converted, at the conversion date.

Dividend and Distribution Rights. Subject to any limitations contained in the Delaware General Corporation Law, or DGCL, our Certificate of Incorporation and any rights of the holders of any outstanding series of preferred stock or any class or series of stock having a preference over or the right to participate with the common stock with respect to the payment of dividends or distributions, dividends or distributions may be declared and paid on the common stock out of our assets that are by law available therefor at such times and in such amounts as our board may determine. Other than with respect to certain dividends or distributions of class A common stock, the holders of shares of class A common stock, class B common stock and class C common stock are entitled to share ratably (on an as-converted basis as described below in the case of the holders of the class B common stock or class C common stock) in dividends or distributions paid on the common stock, and no dividend or distribution may be declared or paid on any class or series of common stock unless an equivalent dividend or distribution is contemporaneously declared and paid (on an as-converted basis as described below in the case of the holders of the class B common stock or class C common stock) on each other class and series of common stock. Dividends or distributions payable in shares of class A common stock may be paid on the class A common stock without also paying a corresponding dividend or distribution on each other class or series of common stock, subject to certain adjustments to the conversion rates applicable to the class B and class C common stock.

Liquidation Rights. Upon our voluntary or involuntary liquidation, dissolution or winding up, holders of our common stock are entitled to share ratably on an as-converted basis in the net assets available for distribution to stockholders after the payment of our debts and other liabilities, subject to the prior rights of any issued preferred shares. Neither the voluntary sale, conveyance, exchange or transfer for cash, shares of stock, securities or other consideration of all or substantially all of our property or assets nor our consolidation or merger with or into one or more other corporations will be deemed to be a liquidation, dissolution or winding-up, voluntary or involuntary, unless such voluntary sale, conveyance, exchange or transfer will be in connection with a dissolution or winding-up of our business.

Mergers, Consolidation, Etc. If we enter into any consolidation, merger, combination or other transaction in which shares of common stock are exchanged for, converted into, or otherwise changed into other stock or securities, or the right to receive cash or any other property, such shares of common stock will be exchanged for or changed into the

same per-share amount of stock, securities, cash or any other property, as the case may be, into which or for which each share of any other class of common stock is exchanged or changed, on an as-converted basis.

Table of Contents

Use of the Term As-Converted . For purposes of the paragraphs entitled Dividend and Distribution Rights, Liquidation Rights and Mergers, Consolidation, Etc., as-converted means that each holder of class B common stock, or each holder of class C common stock, other than with respect to any dividend or distribution payable in shares of class A common stock, will be entitled to its ratable portion of: (x) any dividend or distribution in case of dividend rights; (y) any assets available for distribution in case of liquidation rights; or (z) any stock, securities, cash or other consideration in a consolidation, merger, combination or other transaction, as the case may be, in each case based upon the number of shares of class A common stock into which the shares of class B common stock or class C common stock, as applicable, beneficially owned by such holder would be converted, assuming the conversion of all outstanding shares of class B common stock and class C common stock into class A common stock, based on the applicable conversion rate then in effect, on the record date for such distribution or dividend, or immediately prior to such vote on such liquidation, dissolution or winding up, or the consummation of such consolidation, merger, combination or other transaction, as applicable.

Transfer Restrictions. Shares of our class B common stock are not transferable until the escrow termination date. The above described limitation on transfer is, however, subject to the following exceptions:

any transfer by us to the initial holders of any class B common stock;

any transfer by us to any person or entity or by the holders thereof to us;

any transfer of any shares of class B common stock to any other holder of class B common stock or its affiliate;

any transfer of any shares of any class B common stock to an affiliate of such holder;

any transfer of shares of common stock pursuant to the terms of the loss sharing agreement (as defined in our Certificate of Incorporation);

any transfer of any shares of class B common stock by any person that is a group member (as defined in the bylaws of Visa International) of Visa International to any person that is a stockholder, member or other equity holder of such group member, provided that such transfer is made in accordance with applicable securities laws and is made to each transferee ratably in accordance with their respective entitlements to dividends or other distributions from such group member, in accordance with the applicable constituent documents of such group member;

any transfer by a holder of class B common stock to any person that succeeds to all or substantially all of the assets of such holder, whether by merger, consolidation, amalgamation, sale of substantially all assets or other similar transactions;

any transfer by a holder of class B common stock to any person that acquires from such holder all or substantially all of the Visa-branded payments products portfolio of such holder;

any transfer of any shares of common stock by any non-equity member of Visa International in the principal category of membership to any non-equity member of Visa International with membership in Visa International that is sponsored by such principal non-equity member; and

any transfer of any shares of common stock by any non-equity member of Visa International in the principal category of membership to any person that participates in the Visa payment system as an issuer and which person is sponsored by such non-equity member, by an associate member of Visa International sponsored by such non-equity member (if such non-equity member is a group member) or by a constituent member of such non-equity member.

Our board of directors may approve exceptions to the limitation on transfers of our class B common stock, provided that such exception applies to all holders of class B common stock equally on a ratable basis or, if such exception does not apply on an equal and ratable basis, such exception is also approved by at least a majority of our independent directors.

Table of Contents

Our board of directors may, by resolution adopted by a majority of the board of directors, extend the three-year component of the transfer restriction periods with respect to any portion of the outstanding shares of our class B common stock for a period of not more than one year after the date on which such period would otherwise terminate provided that:

contemporaneously with any such extension with respect to any portion of such shares of class B common stock, our board of directors has approved one or more reductions to the transfer restriction period with respect to another portion of such shares of class B common stock, such that at all times the weighted average period of the transfer restriction period with respect to all outstanding shares of class B common stock is not more than three years; and

such extension is also approved by at least a majority of our independent directors.

Description of Preferred Stock

We are authorized to issue up to 25,000,000 shares of preferred stock. Our Certificate of Incorporation authorizes our board of directors, without further stockholder approval, to issue these shares in one or more series; to establish from time to time the number of shares to be included in each series; and to fix the designation, voting power, preferences and rights of the shares of each such series and any of its qualifications, limitations or restrictions. Unless otherwise provided in the certificate of designation with respect to any preferred stock, our board of directors may increase or decrease the number of shares of any series, but not below the number of shares of that series then outstanding. Our board of directors may not authorize the issuance of preferred stock that adversely and disproportionately affects the rights or privileges of any class or series of common stock in relation to any other class or series of common stock. Our board may not authorize the issuance of preferred stock that is convertible into class B common stock or class C common stock.

The particular terms of any series of preferred stock that we offer under this prospectus will be described in the applicable prospectus supplement relating to that series of preferred stock. Those terms may include:

the title and liquidation preference per share of the preferred stock and the number of shares offered;

the purchase price of the preferred stock;

the dividend amount or rate (or method of calculation), the dates on which dividends will be paid, whether dividends shall be cumulative or noncumulative;

any redemption or sinking fund rights of the preferred stock;

the amounts payable on, and the preferences, if any, of the preferred stock if we liquidate, dissolve or wind up our affairs;

any conversion, redemption or exchange provisions of the preferred stock;

the voting rights, if any, of the preferred stock; and

any other powers, preferences and relative, participating, option or other special rights of each series of preferred stock, and any qualifications and limitations of, and restrictions on, the preferred stock as are permitted by law.

You should also refer to the certificate of designations establishing a particular series of preferred stock, which will be filed with the Secretary of State of the State of Delaware and the SEC in connection with the offering of such series of preferred stock.

Each prospectus supplement may describe certain U.S. federal income tax considerations applicable to the purchase, holding and disposition of the preferred stock that the prospectus supplement covers.

Table of Contents

In general no holders of any shares of our preferred stock will be entitled to preemptive rights to subscribe for any shares of any class or series of our capital stock, except as may be provided in any preferred stock designation or any agreement between us and our stockholders. We have no current plans to grant preemptive rights through any agreement with our stockholders.

Limitations on Further Issuances of Capital Stock

Our Certificate of Incorporation and the litigation management agreement provide that, until the date of the final resolution of the covered litigation, and except as expressly contemplated by a global restructuring agreement to which we are a party, neither we nor any of our subsidiaries shall issue any shares of capital stock to any person without the prior written consent of a majority of the members of the litigation committee, other than any issuance of:

shares of common stock (or other applicable equity interests in the case of any of our subsidiaries) on or before December 16, 2008;

shares of common stock (or other applicable equity interests in the case of any of our subsidiaries) after December 16, 2008, pursuant to the terms of the global restructuring agreement or any other of the documents entered into in connection with our reorganization, including any loss shares and any securities issued upon the conversion or exchange of any shares of common stock issued pursuant to the terms of the global restructuring agreement or our Certificate of Incorporation that are convertible into or exchangeable for shares of common stock;

shares of common stock (or other applicable equity interests in the case of any of our subsidiaries) issued pursuant to any option plan or other employee incentive plan approved by our board of directors, including shares issued upon the direct or indirect conversion of any options or convertible securities;

shares of common stock issued in payment of the option exercise price following an exercise of the put option or the call option under our put-call option agreement with Visa Europe;

shares of class A common stock in connection with any public offering of class A common stock that our board of directors determines in good faith is desirable in order to reduce the percentage ownership of common stock represented by the holders of class B common stock and class C common stock, in the aggregate, to less than 50%;

shares of class A common stock (whether or not such shares constitute loss shares) sold in a public offering, the proceeds of which are to be used, as determined in good faith by our board of directors, to fund operating losses or other extraordinary losses or liabilities, or in other exigent circumstances as determined in good faith by our board of directors;

Edgar Filing: VISA INC. - Form S-3ASR

shares of common stock or preferred stock (or other applicable equity interests in the case of any of our subsidiaries) issued as consideration in any merger or recapitalization or issued as consideration in an acquisition of any person by us;

shares of common stock or preferred stock (or other applicable equity interests in the case of any of our subsidiaries) issued to any person in an aggregate number of shares, with respect to each such person, not to exceed (immediately after giving effect to such issuance) 10% of our outstanding capital stock of all classes and series, if such issuance is to a person as to which our board of directors has determined that a relationship with such person would result in a material strategic benefit to us;

shares of common stock or preferred stock (or other applicable equity interests in the case of any of our subsidiaries) in an aggregate number of shares not to exceed (immediately after giving effect to such issuance) 3% of our outstanding capital stock of all classes and series, issued as part of any financing transaction approved by our board of directors, so long as such securities are not a material component of such financing transaction; and

shares of common stock (or other applicable equity interests in the case of any of our subsidiaries) issued in connection with any subdivision, reclassification, split or combination of our securities to all

holders of such securities on a pro rata basis or shares of class A common stock issued in connection with any subdivision, reclassification, split, combination, dividend or distribution to all holders of class A common stock on a per share basis (so long as the conversion rates applicable to the class B common stock and class C common stock are adjusted appropriately).

Limitations on a Change of Control

We summarize below several provisions of our Certificate of Incorporation and Bylaws and the DGCL. These provisions could have the effect of delaying, deferring or preventing a change in our control or deterring potential acquirers from making an offer to our stockholders. This could be the case even though a majority of our stockholders might benefit from such a change in control or offer. These descriptions are not complete and we refer you to the full text of our Certificate of Incorporation and our Bylaws, both of which were filed with the SEC, and to the DGCL.

Board of Directors. The number of directors comprising our board is fixed by an affirmative vote of a majority of our directors; provided, however, that at least 58% of our directors must be independent.

Our directors, except for those in uncontested elections and those appointed to fill vacancies or newly created seats, are elected by the vote of a plurality of the votes cast by the holders of shares of common stock present in person or represented by proxy at the meeting and entitled to vote on the election of such directors. A majority of the votes cast is required in the case of uncontested elections. Vacancies and newly created seats on our board of directors may be filled only by our board of directors subject to the provisions of our Certificate of Incorporation. In addition, generally, a director may be removed, with or without cause, only by the affirmative vote of at least 80% in voting power of all the then outstanding shares of our stock entitled to vote for the election of directors voting together as a single class.

Our use of plurality voting except in connection with uncontested elections of directors, the inability of stockholders to fill vacancies or newly created seats on our board, the supermajority vote required for stockholders to remove a director, and the inability of stockholders to set the number of directors comprising our board make it more difficult to change the composition of our board of directors. These provisions could have the effect of delaying, deferring or preventing a change in our control or deterring potential acquirers from making an offer to our stockholders.

Advance Notice Requirements. Our Bylaws establish advance notice procedures with regard to stockholders' proposals relating to the nomination of candidates for election as directors or other business to be considered at a stockholders' meeting. These procedures provide that notice of such stockholders' proposals must be timely given in writing to our corporate secretary prior to the meeting at which the matter is to be considered. Generally, to be timely, notice must be received at our principal executive offices not less than 90 days or more than 120 days prior to the date of the stockholders' meeting. The notice must contain certain information specified in our Bylaws.

Special Meetings of Stockholders. Our Certificate of Incorporation and Bylaws provide that special meetings of stockholders may be called by our board of directors, the chairman of the board (or, as the Certificate of Incorporation provides, the co-chairman, if any) or the chief executive officer.

Ownership Limitations. Unless otherwise approved in advance by our board of directors, no person may:

beneficially own more than 15% of the aggregate outstanding shares or voting power of our class A common stock; or

beneficially own shares of class A common stock and common stock other than the class A common stock, which we refer to as other common stock, representing, together and on an as-converted basis, more than 15% of the class A common stock outstanding, assuming the conversion of all other common stock then outstanding.

Table of Contents

In addition, no person (or an affiliate of such person) that is an operator of any general payment card system that competes with us may beneficially own more than 5% of the aggregate outstanding shares of class A common stock, assuming the conversion of all other common stock then outstanding.

If any transfer is purportedly effected which would result in a violation of either of these limitations, the intended transferee will acquire no rights in respect of the shares in excess of the applicable limitation, and the purported transfer of such number of excess shares will be null and void as of the date of that purported transfer.

In addition, if our board of directors determines in good faith that a transfer or other event has purportedly taken place, that, if effected, would result in violation of the foregoing ownership limitations or that a person intends or attempted to acquire beneficial ownership of shares in violation of the ownership limitations, such shares of class A common stock or other common stock will be redeemable for cash, property or other shares of our capital stock, as may be determined by our board of directors. Further, our board of directors may take such action it deems advisable to refuse to give effect or to prevent any transfer or other event that would result in violation of the foregoing ownership limitations, including redeeming the shares or instituting proceedings to enjoin such transfer or other event.

Notwithstanding the foregoing ownership limitations:

no Visa member will be deemed in violation of this ownership limitation as a result of the number of shares received in the reorganization;

no Visa Europe transferee will be deemed in violation of this limitation as a result of owning the number of shares of class C common stock immediately after the first transfer of any shares of class C common stock by Visa Europe to such initial Visa Europe transferee;

no Visa member will be deemed in violation of this limitation by virtue of a repurchase of common stock or other actions by us; and

any underwriter that participates in a public offering or as principal or initial purchaser in a placement of our class A common stock or other voting stock (or securities convertible into or exchangeable for such securities) may beneficially own securities to the extent necessary to facilitate such public offering or placement.

Amendment of the Certificate of Incorporation and Bylaws. In addition to certain class voting rights, our Certificate of Incorporation also requires an affirmative vote of not less than a majority of the voting power of the holders of the shares of class A common stock, class B common stock and class C common stock, each voting separately as a class (and together with no other class), for any amendment to the Certificate of Incorporation that would adversely affect the powers, preferences or special rights of such class or series of common stock. These amendment requirements make it more difficult to alter the anti-takeover provisions of our Certificate of Incorporation. Our Certificate of Incorporation and Bylaws also authorize our board of directors to amend our Bylaws at any time without stockholder action, except that any amendment by our board of directors of any provision of our Bylaws that was adopted by our stockholders will not become effective earlier than 365 days after the date on which the stockholders adopted such provision.

Preferred Stock. Since our board of directors may issue shares of preferred stock and set the voting powers, designations, preferences and other rights related to that preferred stock, any designation of preferred stock and issuance of shares of preferred stock may delay or prevent a change of control.

Delaware Anti-Takeover Statute. We are subject to Section 203 of the DGCL. Subject to specific exceptions, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the time the person became an interested stockholder, unless:

the business combination, or the transaction in which the stockholder became an interested stockholder, is approved by our board of directors prior to the time the interested stockholder attained that status;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding those shares owned by persons who are directors and also officers and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

at or after the time a person became an interested stockholder, the business combination is approved by our board of directors and authorized at an annual or special meeting of stockholders by the affirmative vote of at least two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

Business combinations include mergers, asset sales and other transactions resulting in a financial benefit to the interested stockholder. Subject to various exceptions, in general an interested stockholder is a person that, together with his or her affiliates and associates, owns, or within three years did own, 15% or more of our outstanding voting stock.

DESCRIPTION OF DEPOSITARY SHARES

This section describes the general terms and provisions of a depositary agreement and the related depositary receipts. The applicable prospectus supplement will describe the terms of any depositary agreement and the related depositary receipts issuable thereunder. If any particular terms of the depositary agreements and the related depositary receipts described in the prospectus supplement differ from any of the terms described herein, then the terms described herein will be deemed superseded by that prospectus supplement.

General

We may offer fractional shares of preferred stock, rather than full shares of preferred stock. If we do so, we may issue receipts for depositary shares that each represent a fraction of a share of a particular series of preferred stock. The prospectus supplement will indicate that fraction. The shares of preferred stock represented by depositary shares will be deposited under a depositary agreement between us and a bank or trust company that meets certain requirements and is selected by us (the Bank Depositary). Each owner of a depositary share will be entitled to all the rights and preferences of the preferred stock represented by the depositary share. The depositary shares will be evidenced by depositary receipts issued pursuant to the depositary agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of preferred stock in accordance with the terms of the offering.

We will file a copy of the forms of the depositary agreement and the depositary receipts relating to any particular issue of depositary shares with the SEC each time we issue depositary shares, and these depositary agreements and depositary receipts will be incorporated by reference into the registration statement of which this prospectus is a part. You should read those documents for provisions that may be important to you.

Dividends and Other Distributions

If we pay a cash distribution or dividend on a series of preferred stock represented by depositary shares, the Bank Depositary will distribute such dividends to the record holders of such depositary shares. If the distributions are in property other than cash, the Bank Depositary will distribute the property to the record holders of the depositary shares. However, if the Bank Depositary determines that it is not feasible to make the distribution of property, the Bank Depositary may, with our approval, sell such property and distribute the net proceeds from such sale to the record holders of the depositary shares.

Redemption of Depositary Shares

If we redeem a series of preferred stock represented by depositary shares, the Bank Depositary will redeem the depositary shares from the proceeds received by the Bank Depositary in connection with the redemption. The redemption price per depositary share will equal the applicable fraction of the redemption price per share of the preferred stock. If fewer than all the depositary shares are redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as the Bank Depositary may determine.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock represented by depositary shares are entitled to vote, the Bank Depositary will mail the notice to the record holders of the depositary shares relating to such preferred stock. Each record holder of these depositary shares on the record date, which will be the same date as the record date for the preferred stock, may instruct the Bank Depositary as to how to vote the preferred stock represented by such holder's depositary shares. The Bank Depositary will endeavor, insofar as practicable, to vote the amount of

the preferred stock represented by such depositary shares in accordance with such instructions, and we will take all action that the Bank Depositary deems necessary in order to enable the Bank Depositary to do so. The Bank Depositary will abstain from voting shares of the preferred stock to the extent it does not receive specific instructions from the holders of depositary shares representing such preferred stock.

Table of Contents

Amendment and Termination of the Depositary Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the depositary agreement may be amended by agreement between the Bank Depositary and us. However, any amendment that materially and adversely alters the rights of the holders of depositary shares will not be effective unless such amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. The depositary agreement may be terminated by the Bank Depositary or us only if (1) all outstanding depositary shares have been redeemed or (2) there has been a final distribution in respect of the preferred stock in connection with any liquidation, dissolution or winding up of our company and such distribution has been distributed to the holders of depositary receipts.

Charges of Bank Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the Bank Depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary receipts will pay other transfer and other taxes and governmental charges and any other charges, including a fee for the withdrawal of shares of preferred stock upon surrender of depositary receipts, as are expressly provided in the depositary agreement to be for their accounts.

Withdrawal of Preferred Stock

Except as may be provided otherwise in the applicable prospectus supplement, upon surrender of depositary receipts at the principal office of the Bank Depositary, subject to the terms of the depositary agreement, the owner of the depositary shares may demand delivery of the number of whole shares of preferred stock and all money and other property, if any, represented by those depositary shares. Partial shares of preferred stock will not be issued. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the Bank Depositary will deliver to such holder at the same time a new depositary receipt evidencing the excess number of depositary shares. Holders of preferred stock thus withdrawn may not thereafter deposit those shares under the depositary agreement or receive depositary receipts evidencing depositary shares therefor.

Miscellaneous

The Bank Depositary will forward to holders of depositary receipts all reports and communications from us that are delivered to the Bank Depositary and that we are required to furnish to the holders of the preferred stock.

Neither the Bank Depositary nor we will be liable if we are prevented or delayed by law or any circumstance beyond our control in performing our obligations under the depositary agreement. The obligations of the Bank Depositary and us under the depositary agreement will be limited to performance in good faith of our duties thereunder, and we will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We may rely upon written advice of counsel or accountants, or upon information provided by persons presenting preferred stock for deposit, holders of depositary receipts or other persons believed to be competent and on documents believed to be genuine.

Resignation and Removal of Bank Depositary

The Bank Depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the Bank Depositary. Any such resignation or removal will take effect upon the appointment of a successor Bank Depositary and its acceptance of such appointment. The successor Bank Depositary must be appointed within 60

days after delivery of the notice of resignation or removal and must be a bank or trust company meeting the requirements of the depositary agreement.

DESCRIPTION OF DEBT SECURITIES

The following descriptions of the debt securities do not purport to be complete and are subject to and qualified in their entirety by reference to the indenture, a form of which has been filed with the SEC as an exhibit to the registration statement of which this prospectus is a part. Any future supplemental indenture or similar document also will be so filed. You should read the indenture and any supplemental indenture or similar document because they, and not this description, define your rights as holder of our debt securities. All capitalized terms have the meanings specified in the indenture.

As used in this prospectus, debt securities means the debentures, notes, bonds and other evidences of indebtedness that we may issue separately or upon exercise of a debt warrant from time to time. The debt securities may either be senior debt securities or subordinated debt securities. The debt securities we offer will be issued under an indenture between us and a trustee to be named therein. Debt securities, whether senior or subordinated, may be issued as convertible debt securities or exchangeable debt securities.

As used in this Description of Debt Securities, the terms Visa, we, our, and us refer to Visa Inc. and do not, unless otherwise specified, include our subsidiaries.

General Terms of the Indenture

The debt securities will be our direct unsecured obligations. The senior debt securities will rank equally with all of our other senior unsecured and unsubordinated debt. The subordinated debt securities will be subordinate and junior in right of payment to all of our present and future senior indebtedness to the extent and in the manner described in the prospectus supplement and, if applicable, in a pricing supplement, and as set forth in the supplemental indenture, board resolution or officers' certificate relating to such offering.

The indenture does not limit the amount of debt securities that we may issue. It provides that we may issue debt securities up to the principal amount that we may authorize and may be in any currency or currency unit designated by us. Except for the limitations on consolidation, merger and sale of all or substantially all of our assets contained in the indenture, the terms of the indenture do not contain any covenants or other provisions designed to afford holders of any debt securities protection with respect to our operations, financial condition or transactions involving us.

We may issue the debt securities issued under the indenture as discount securities, which means they may be sold at a discount below their stated principal amount. These debt securities, as well as other debt securities that are not issued at a discount, may, for U.S. federal income tax purposes, be treated as if they were issued with original issue discount, because of interest payment and other characteristics. Special U.S. federal income tax considerations applicable to debt securities issued with original issue discount will be described in more detail in any applicable prospectus supplement or pricing supplement, if any.

The applicable prospectus supplement for a series of debt securities that we issue, together with a pricing supplement, if any, will describe, among other things, the following terms of the offered debt securities:

the title;

the aggregate principal amount;

whether issued in fully registered form without coupons or in a form registered as to principal only with coupons or in bearer form with coupons;

whether issued in the form of one or more global securities and whether all or a portion of the principal amount of the debt securities is represented thereby;

the price or prices at which the debt securities will be issued;

the date or dates on which principal is payable;

Table of Contents

the place or places where and the manner in which principal, premium or interest will be payable and the place or places where the debt securities may be presented for transfer and, if applicable, conversion or exchange;

interest rates, and the dates from which interest, if any, will accrue, and the dates when interest is payable;

the right, if any, to extend the interest payment periods and the duration of the extensions;

our rights or obligations to redeem or purchase the debt securities, including sinking fund or partial redemption payments;

conversion or exchange provisions, if any, including conversion or exchange prices or rates and adjustments thereto;

the currency or currencies of payment of principal or interest;

the terms applicable to any debt securities issued at a discount from their stated principal amount;

the terms, if any, pursuant to which any debt securities will be subordinate to any of our other debt;

if the amount of payments of principal or interest is to be determined by reference to an index or formula, or based on a coin or currency other than that in which the debt securities are stated to be payable, the manner in which these amounts are determined and the calculation agent, if any, with respect thereto;

if other than the entire principal amount of the debt securities when issued, the portion of the principal amount payable upon acceleration of maturity as a result of a default on our obligations;

any provisions for the remarketing of the debt securities;

if applicable, covenants affording holders of debt protection with respect to our operations, financial condition or transactions involving us; and

any other specific terms of any debt securities.

The applicable prospectus supplement or pricing supplement, if any, will set forth certain U.S. federal income tax considerations for holders of any debt securities and the securities exchange or quotation system on which any debt securities are listed or quoted, if any.

Debt securities issued by us will be structurally subordinated to all indebtedness and other liabilities of our subsidiaries.

Unless otherwise provided in the applicable prospectus supplement, all securities of any one series need not be issued at the same time and may be issued from time to time without consent of any holder.

Subordination

The prospectus supplement or pricing supplement, if any, relating to any offering of subordinated debt securities will describe the specific subordination provisions, including the extent of subordination of payments by us of the principal of, premium, if any, and interest on such subordinated debt securities.

Conversion or Exchange Rights

Debt securities may be convertible into or exchangeable for our other securities or property. The terms and conditions of conversion or exchange will be set forth in the applicable prospectus supplement or pricing supplement, if any. The terms will include, among others, the following:

the conversion or exchange price;

the conversion or exchange period;

Table of Contents

provisions regarding the ability of us or the holder to convert or exchange the debt securities;

events requiring adjustment to the conversion or exchange price; and

provisions affecting conversion or exchange in the event of our redemption of the debt securities.

Consolidation, Merger or Sale

We cannot consolidate with or merge into, or convey, transfer or lease all or substantially all of our properties and assets to, any person unless (1) we will be the continuing corporation or (2) the successor corporation or person to which our assets are conveyed, transferred or leased is a corporation, partnership, trust or other entity organized and validly existing under the laws of the United States, any state of the United States or the District of Columbia and it expressly assumes our obligations on the debt securities and under the indenture. In addition, we cannot effect such a transaction unless immediately after giving effect to such transaction, no default or event of default under the indenture shall have occurred and be continuing. Subject to certain exceptions, when the person to whom our assets are transferred or leased has assumed our obligations under the debt securities and the indenture, we shall be discharged from all our obligations under the debt securities and the indenture, except in limited circumstances.

This covenant would not apply to any recapitalization transaction, a change of control of us or a highly leveraged transaction, unless the transaction or change of control were structured to include a merger or consolidation or transfer or lease of all or substantially all of our assets.

Events of Default

Unless otherwise indicated, the term Event of Default, when used in the indenture, means any of the following:

failure to pay interest for 30 days after the date payment is due and payable; provided that, an extension of an interest payment period in accordance with the terms of the debt securities shall not constitute a failure to pay interest;

failure to pay principal or premium, if any, on any debt security when due, either at maturity, upon any redemption, by declaration or otherwise;

failure to make sinking fund payments when due;

failure to perform any other covenant for 90 days after notice that performance was required;

certain events relating to bankruptcy, insolvency or reorganization; or

any other Event of Default provided in the applicable resolution of our board of directors or the officers certificate or supplemental indenture under which we issue series of debt securities.

An Event of Default for a particular series of debt securities does not necessarily constitute an Event of Default for any other series of debt securities issued under the indenture. If an Event of Default relating to the payment of interest, principal or any sinking fund installment involving any series of debt securities has occurred and is continuing, the trustee or the holders of not less than 25% in aggregate principal amount of the debt securities of each affected series may declare the entire principal of all the debt securities of that series to be due and payable immediately.

If an Event of Default relating to the performance of other covenants has occurred and is continuing for a period of 90 days after notice of such, or involves all of the series of senior debt securities, then the trustee or the holders of not less than 25% in aggregate principal amount of all of the series of senior debt securities may declare the entire principal amount of all of the series of senior debt securities due and payable immediately.

Table of Contents

Similarly, if an Event of Default relating to the performance of other covenants has occurred and is continuing for a period of 90 days after notice of such, or involves all of the series of subordinated debt securities, then the trustee or the holders of not less than 25% in aggregate principal amount of all of the series of subordinated debt securities may declare the entire principal amount of all of the series of subordinated debt securities due and payable immediately.

If, however, the Event of Default relating to the performance of other covenants or any other Event of Default that has occurred and is continuing is for less than all of the series of senior debt securities or subordinated debt securities, as the case may be, then, the trustee or the holders of not less than 25% in aggregate principal amount of each affected series of the senior debt securities or the subordinated debt securities, as the case may be, may declare the entire principal amount of all debt securities of such affected series due and payable immediately. The holders of not less than a majority in aggregate principal amount of the debt securities of a series may, after satisfying conditions, rescind and annul any of the above-described declarations and consequences involving the series.

If an Event of Default relating to events in bankruptcy, insolvency or reorganization occurs and is continuing, then the principal amount of all of the debt securities outstanding, and any accrued interest, will automatically become due and payable immediately, without any declaration or other act by the trustee or any holder.

The indenture provides that the trustee shall within 90 days after the occurrence of default (or 30 days after it is known by the trustee) with respect to a particular series of debt securities, give the holders of the debt securities of such series notice of such default known to it; provided that, except in the case of a default or Event of Default in payment of the principal, premium, if any, of, or interest on, any debt security of such series or in the payment of any redemption obligation, the trustee may withhold the notice if, and so long as, it in good faith determines that withholding the notice is in the interests of the holders of debt securities of that series.

The indenture imposes limitations on suits brought by holders of debt securities against us. Except as provided below, no holder of debt securities of any series may institute any action against us under the indenture unless:

the holder has previously given to the trustee written notice of default and continuance of that default;

the holders of at least 25% in principal amount of the outstanding debt securities of the affected series have requested that the trustee institute the action;

the requesting holders have offered the trustee reasonable security or indemnity satisfactory to it for expenses and liabilities that may be incurred by bringing the action;

the trustee has not instituted the action within 60 days of the request; and

the trustee has not received inconsistent direction by the holders of a majority in principal amount of the outstanding debt securities of the series.

Notwithstanding the foregoing, each holder of debt securities of any series has the right, which is absolute and unconditional, to receive payment of the principal of and premium and interest, if any, on such debt securities when due and to institute suit for the enforcement of any such payment, and such rights may not be impaired without the

consent of that holder of debt securities.

We will be required to file annually with the trustee a certificate, signed by one of our officers, stating whether or not the officer knows of any default by us in compliance with any condition or covenant of the indenture.

Registered Global Securities

We may issue the debt securities of a series in whole or in part in the form of one or more fully registered global securities that we will deposit with a depository or with a nominee for a depository identified in the

Table of Contents

applicable prospectus supplement or pricing supplement, if any, and registered in the name of such depositary or nominee. In such case, we will issue one or more registered global securities denominated in an amount equal to the aggregate principal amount of all of the debt securities of the series to be issued and represented by such registered global security or securities.

Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a registered global security may not be transferred except as a whole:

by the depositary for such registered global security to its nominee;

by a nominee of the depositary to the depositary or another nominee of the depositary; or

by the depositary or its nominee to a successor of the depositary or a nominee of the successor.

The prospectus supplement or pricing supplement, if any, relating to a series of debt securities will describe the specific terms of the depositary arrangement with respect to any portion of such series represented by a registered global security. We anticipate that the following provisions will apply to all depositary arrangements for debt securities:

ownership of beneficial interests in a registered global security will be limited to persons that have accounts with the depositary for the registered global security, those persons being referred to as participants, or persons that may hold interests through participants;

upon the issuance of a registered global security, the depositary for the registered global security will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal amounts of the debt securities represented by the registered global security beneficially owned by the participants;

any dealers, underwriters, or agents participating in the distribution of the debt securities will designate the accounts to be credited; and

ownership of any beneficial interest in the registered global security will be shown on, and the transfer of any ownership interest will be effected only through, records maintained by the depositary for the registered global security (with respect to interests of participants) and on the records of participants (with respect to interests of persons holding through participants).

The laws of some states may require that certain purchasers of securities take physical delivery of the securities in definitive form. These laws may limit the ability of those persons to own, transfer or pledge beneficial interests in registered global securities.

So long as the depository for a registered global security, or its nominee, is the registered owner of the registered global security, the depository or the nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by the registered global security for all purposes under the indenture. Except as set forth below, owners of beneficial interests in a registered global security:

will not be entitled to have the debt securities represented by a registered global security registered in their names;

will not receive or be entitled to receive physical delivery of the debt securities in the definitive form; and

will not be considered the owners or holders of the debt securities under the indenture.

Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depository for the registered global security and, if the person is not a participant, on the procedures of a participant through which the person owns its interest, to exercise any rights of a holder under the indenture.

Table of Contents

We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the indenture, the depository for the registered global security would authorize the participants holding the relevant beneficial interests to give or take the action, and those participants would authorize beneficial owners owning through those participants to give or take the action or would otherwise act upon the instructions of beneficial owners holding through them.

We will make payments of principal and premium, if any, and interest, if any, on debt securities represented by a registered global security registered in the name of a depository or its nominee to the depository or its nominee, as the case may be, as the registered owners of the registered global security. None of Visa, the trustee or any other agent of Visa or the trustee will be responsible or liable for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to the beneficial ownership interests.

We expect that the depository for any debt securities represented by a registered global security, upon receipt of any payments of principal and premium, if any, and interest, if any, in respect of the registered global security, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the registered global security as shown on the records of the depository. We also expect that standing customer instructions and customary practices will govern payments by participants to owners of beneficial interests in the registered global security held through the participants, as is now the case with the securities held for the accounts of customers in bearer form or registered in street name. We also expect that any of these payments will be the responsibility of the participants.

If the depository for any debt securities represented by a registered global security is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act, we will appoint an eligible successor depository. If we fail to appoint an eligible successor depository within 90 days, we will issue the debt securities in definitive form in exchange for the registered global security. In addition, we may at any time and in our sole discretion decide not to have any of the debt securities of a series represented by one or more registered global securities. In such event, we will issue debt securities of that series in a definitive form in exchange for all of the registered global securities representing the debt securities. The trustee will register any debt securities issued in definitive form in exchange for a registered global security in such name or names as the depository, based upon instructions from its participants, shall instruct the trustee.

We may also issue bearer debt securities of a series in the form of one or more global securities, referred to as bearer global securities. We will deposit these bearer global securities with a common depository for Euroclear Bank S.A./N.V., as operator of the Euroclear System, known as Euroclear and Clearstream Banking, société anonyme, Luxembourg, known as Clearstream, or with a nominee for the depository identified in the prospectus supplement or pricing supplement, if any, relating to that series. The prospectus supplement or pricing supplement, if any, relating to a series of debt securities represented by a bearer global security will describe the specific terms and procedures, including the specific terms of the depository arrangement and any specific procedures for the issuance of debt securities in definitive form in exchange for a bearer global security, with respect to the portion of the series represented by a bearer global security.

Discharge, Defeasance and Covenant Defeasance

We can discharge or defease our obligations under the indenture as set forth below. Unless otherwise set forth in the applicable prospectus supplement or pricing supplement, if any, the subordination provisions applicable to any subordinated debt securities will be expressly made subject to the discharge and defeasance provisions of the

indenture.

We may discharge our obligations to holders of any series of debt securities that have not already been delivered to the trustee for cancellation and that have either become due and payable or are by their terms to become due and payable within one year (or are scheduled for redemption within one year). We may effect a

discharge by irrevocably depositing with the trustee cash or U.S. government obligations or foreign government obligations, as applicable, as trust funds, in an amount certified to be sufficient to pay when due, whether at maturity, upon redemption or otherwise, the principal of, premium, if any, and interest on the debt securities and any mandatory sinking fund payments.

Unless otherwise provided in the applicable prospectus supplement or pricing supplement, if any, we may also discharge any and all of our obligations to holders of any series of debt securities at any time (legal defeasance). We also may be released from the obligations imposed by any covenants of any outstanding series of debt securities and provisions of the indenture, and we may omit to comply with those covenants without creating an Event of Default (covenant defeasance). We may effect legal defeasance and covenant defeasance only if, among other things:

we irrevocably deposit with the trustee cash or U.S. government obligations or foreign government obligations, as applicable, as trust funds, in an amount certified to be sufficient to pay at maturity (or upon redemption) the principal, premium, if any, and interest on all outstanding debt securities of the series; and

we deliver to the trustee an opinion of counsel from a nationally recognized law firm to the effect that the holders of the series of debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the legal defeasance or covenant defeasance and that legal defeasance or covenant defeasance will not otherwise alter the holders' U.S. federal income tax treatment of principal, premium, if any, and interest payments on the series of debt securities, which opinion, in the case of legal defeasance, must be based on a ruling of the Internal Revenue Service issued, or a change in U.S. federal income tax law.

Although we may discharge or defease our obligations under the indenture as described in the two preceding paragraphs, we may not avoid, among other things, our duty to register the transfer or exchange of any series of debt securities, to replace any temporary, mutilated, destroyed, lost or stolen series of debt securities or to maintain an office or agency in respect of any series of debt securities.

Modification of the Indenture

The indenture provides that we and the trustee may enter into supplemental indentures without the consent of the holders of debt securities to:

secure any debt securities;

evidence the assumption by a successor corporation of our obligations;

add covenants for the protection of the holders of debt securities;

add one or more guarantees for the benefit of holders of debt securities;

cure any ambiguity or correct any inconsistency in the indenture;

establish the forms or terms of debt securities of any series;

conform any provision of the indenture to this description of debt securities, the description of the notes included in the applicable prospectus supplement or any other relevant section of the applicable prospectus supplement describing the terms of the debt securities;

evidence and provide for the acceptance of appointment by a successor trustee;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

make any change that does not materially adversely affect the right of any holder; and

comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act of 1939, as amended.

Table of Contents

The indenture also provides that we and the trustee may, with the consent of the holders of not less than a majority in aggregate principal amount of debt securities of all series of senior debt securities or subordinated debt securities, as the case may be, then outstanding and affected (voting as one class), add any provisions to, or change in any manner, eliminate or modify in any way the provisions of, the indenture or modify in any manner the rights of the holders of the debt securities.

We and the trustee may not, however, without the consent of the holder of each outstanding debt security affected thereby:

extend the final maturity of any debt security;

reduce the principal amount or premium, if any;

reduce the rate or extend the time of payment of interest;

reduce any amount payable on redemption;

change the currency in which the principal (other than as may be provided otherwise with respect to a series), premium, if any, or interest is payable;

reduce the amount of the principal of any debt security issued with an original issue discount that is payable upon acceleration or provable in bankruptcy;

modify any of the subordination provisions or the definition of senior indebtedness applicable to any subordinated debt securities in a manner adverse to the holders of those securities;

alter provisions of the indenture relating to the debt securities not denominated in U.S. dollars;

impair the right to institute suit for the enforcement of any payment on any debt security when due;

reduce the percentage of holders of debt securities of any series whose consent is required for any modification of the indenture, or the consent of whose holders is required for any waiver (of compliance with certain provisions of the indenture or certain defaults thereunder and their consequences) provided for in the indenture; or

modify any provisions set forth in this paragraph.

Concerning the Trustee

The indenture provides that there may be more than one trustee under the indenture, each with respect to one or more series of debt securities. If there are different trustees for different series of debt securities, each trustee will be a trustee of a trust under the indenture separate and apart from the trust administered by any other trustee under the indenture. Except as otherwise indicated in this prospectus or any prospectus supplement, any action permitted to be taken by a trustee may be taken by such trustee only with respect to the one or more series of debt securities for which it is the trustee under the indenture. Any trustee under the indenture may resign or be removed with respect to one or more series of debt securities. All payments of principal of, premium, if any, and interest on, and all registration, transfer, exchange, authentication and delivery (including authentication and delivery on original issuance of the debt securities) of, the debt securities of a series will be effected by the trustee with respect to that series at an office designated by the trustee in New York, New York.

The indenture contains limitations on the right of the trustee, should it become a creditor of Visa, to obtain payment of claims in some cases or to realize on certain property received in respect of any such claim as security or otherwise. The trustee may engage in other transactions. If it acquires any conflicting interest relating to any duties with respect to the debt securities, however, it must eliminate the conflict or resign as trustee.

The holders of a majority in aggregate principal amount of any series of debt securities then outstanding will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee with respect to such series of debt securities, provided that, the direction would not

conflict with any rule of law or with the indenture, would not be unduly prejudicial to the rights of another holder of the debt securities, and would not involve any trustee in personal liability. The indenture provides that in case an Event of Default shall occur and be known to any trustee and not be cured, the trustee must use the same degree of care as a prudent person would use in the conduct of his or her own affairs in the exercise of the trustee's power. Subject to these provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any of the holders of the debt securities, unless they shall have offered to the trustee security and indemnity satisfactory to the trustee.

No Individual Liability of Incorporators, Stockholders, Officers or Directors

The indenture provides that no incorporator and no past, present or future stockholder, officer or director, of us or any successor corporation in their capacity as such shall have any individual liability for any of our obligations, covenants or agreements under the debt securities or the indenture.

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York, including, without limitation, Sections 5-1401 and 5-1402 of the New York General Obligations Law and New York Civil Practice Law and Rules 327(b).

DESCRIPTION OF WARRANTS

This section describes the general terms and provisions of our warrants to acquire our securities that we may issue from time to time. The applicable prospectus supplement will describe the terms of any warrant agreements and the warrants issuable thereunder. If any particular terms of the warrants described in the prospectus supplement differ from any of the terms described herein, then the terms described herein will be deemed superseded by that prospectus supplement.

General

We may issue warrants for the purchase of our debt securities, common stock, preferred stock, depositary shares or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. We may issue warrants independently or together with other securities, and they may be attached to or separate from the other securities. Each series of warrants will be issued under a separate warrant agreement that we will enter into with a bank or trust company, as warrant agent, as detailed in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation, or agency or trust relationship, with you. We will file a copy of the warrant and warrant agreement with the SEC each time we issue a series of warrants, and these warrants and warrant agreements will be incorporated by reference into the registration statement of which this prospectus is a part. A holder of our warrants should refer to the provisions of the applicable warrant agreement and prospectus supplement for more specific information.

The prospectus supplement relating to a particular issue of warrants will describe the terms of those warrants, including, when applicable:

the offering price;

the currency or currencies, including composite currencies, in which the price of the warrants may be payable;

the number of warrants offered;

the securities underlying the warrants, including the securities of third parties or other rights, if any, to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing, purchasable upon exercise of the warrants;

the exercise price and the amount of securities you will receive upon exercise;

the procedure for exercise of the warrants and the circumstances, if any, that will cause the warrants to be automatically exercised;

the rights, if any, we have to redeem the warrants;

the date on which the right to exercise the warrants will commence and the date on which the warrants will expire;

the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security;

the date on and after which the warrants and the related securities will be separately transferable;

U.S. federal income tax consequences;

the name of the warrant agent; and

any other material terms of the warrants.

Table of Contents

After your warrants expire they will become void. All warrants will be issued in registered form. The prospectus supplement may provide for the adjustment of the exercise price of the warrants.

Warrants may be exercised at the appropriate office of the warrant agent or any other office indicated in the applicable prospectus supplement. Before the exercise of warrants, holders will not have any of the rights of holders of the securities purchasable upon exercise and will not be entitled to payments made to holders of those securities.

The applicable warrant agreement may be amended or supplemented without the consent of the holders of the warrants to which it applies to effect changes that are not inconsistent with the provisions of the warrants and that do not materially and adversely affect the interests of the holders of the warrants. However, any amendment that materially and adversely alters the rights of the holders of warrants will not be effective unless the holders of at least a majority of the applicable warrants then outstanding approve the amendment. Every holder of an outstanding warrant at the time any amendment becomes effective, by continuing to hold the warrant, will be bound by the applicable warrant agreement as amended. The prospectus supplement applicable to a particular series of warrants may provide that certain provisions of the warrants, including the securities for which they may be exercisable, the exercise price and the expiration date, may not be altered without the consent of the holder of each warrant.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts for the purchase or sale of:

debt or equity securities issued by us or securities of third parties, a basket of such securities, an index or indices of such securities or any combination of the above as specified in the applicable prospectus supplement;

currencies; or

commodities.

Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase, on specified dates, such securities, currencies or commodities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the property otherwise deliverable or, in the case of purchase contracts on underlying currencies, by delivering the underlying currencies, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, currencies or commodities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract.

The purchase contracts may require us to make periodic payments to the holders thereof or vice versa, which payments may be deferred to the extent set forth in the applicable prospectus supplement, and those payments may be unsecured or prefunded on some basis. The purchase contracts may require the holders thereof to secure their obligations in a specified manner to be described in the applicable prospectus supplement. Alternatively, purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Our obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness.

Accordingly, pre-paid purchase contracts will be issued under either the senior indenture or the subordinated indenture.

PLAN OF DISTRIBUTION

We may sell the securities under this prospectus from time to time. We may sell the securities in one or more of the following ways from time to time:

to or through one or more underwriters or dealers;

in short or long transactions;

directly to investors;

through agents; or

through a combination of any of these methods of sale.

If we use underwriters or dealers in the sale, the securities will be acquired by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions, including:

in privately negotiated transactions;

in one or more transactions at a fixed price or prices, which may be changed from time to time;

in at the market offerings, within the meaning of Rule 415(a)(4) of the Securities Act, to or through a market maker or into an existing trading market, on an exchange or otherwise;

at prices related to those prevailing market prices; or

at negotiated prices.

We, and our underwriters, dealers or agents, reserve the right to accept or reject all or part of any proposed purchase of the securities. We will set forth in a prospectus supplement and pricing supplement, if any, the terms and offering of securities, including:

the names of any underwriters, dealers or agents;

any agency fees or underwriting discounts or commissions and other items constituting agents' or underwriters' compensation;

any discounts or concessions allowed or reallocated or paid to dealers;

details regarding over-allotment options under which underwriters may purchase additional securities from us, if any;

the purchase price of the securities being offered and the proceeds we will receive from the sale;

the public offering price; and

the securities exchanges on which such securities may be listed, if any.

We may enter into derivative transactions with third parties or sell securities not covered by this prospectus to third parties in privately negotiated transactions from time to time. If the applicable prospectus supplement or pricing supplement, if any, indicates, in connection with those derivative transactions, such third parties (or affiliates of such third parties) may sell securities covered by this prospectus, the applicable prospectus supplement and pricing supplement, if any, including in short sale transactions. If so, such third parties (or affiliates of such third parties) may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of securities, and may use securities received from us in settlement of those derivative transactions to close out any related open borrowings of securities. The third parties (or affiliates of such third parties) in such sale transactions will be underwriters and will be identified in an applicable prospectus supplement (or a post-effective amendment).

We may loan or pledge securities to a financial institution or other third party that in turn may sell the securities using this prospectus, an applicable prospectus supplement and an applicable pricing supplement, if

Table of Contents

any. Such financial institution or third party may transfer its economic short position to investors in our securities or in connection with a simultaneous offering of other securities offered by this prospectus.

Underwriters, Agents and Dealers. If underwriters are used in the sale of our securities, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions described above. The securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by underwriters. Generally, the underwriters' obligations to purchase the securities will be subject to conditions precedent and the underwriters will be obligated to purchase all of the securities if they purchase any of the securities. We may use underwriters with which we have a material relationship. We will describe in the prospectus supplement, naming the underwriter, the nature of any such relationship.

We may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase our securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

Underwriters, dealers and agents may contract for or otherwise be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments made by the underwriters, dealers or agents, under agreements between us and the underwriters, dealers and agents.

We may grant underwriters who participate in the distribution of our securities an option to purchase additional securities to cover over-allotments, if any, in connection with the distribution.

Underwriters, dealers or agents may receive compensation in the form of discounts, concessions or commissions from us or our purchasers, as their agents in connection with the sale of our securities. These underwriters, dealers or agents may be considered to be underwriters under the Securities Act. As a result, discounts, commissions or profits on resale received by the underwriters, dealers or agents may be treated as underwriting discounts and commissions. The prospectus supplement will identify any such underwriter, dealer or agent and describe any compensation received by them from us. Any public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may be changed from time to time.

Any underwriter may engage in over-allotment transactions, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Short-covering transactions involve purchases of our securities in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time. We make no representation or prediction as to the direction or magnitude of any effect these transactions may have on the price of our securities. For a description of these activities, see the information under the heading "Underwriting" in the applicable prospectus supplement.

Underwriters, broker-dealers or agents who may become involved in the sale of our securities may engage in transactions with and perform other services for us for which they receive compensation.

Direct Sales. We may also sell securities directly to one or more purchasers without using underwriters or agents. In this case, no agents, underwriters or dealers would be involved. We may sell securities upon the exercise of rights that we may issue to our securityholders. We may also sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities.

Trading Market and Listing of Securities. Any shares of our class A common stock sold pursuant to a prospectus supplement will be listed on the New York Stock Exchange. The securities other than our class A common stock may or may not be listed on a national exchange. It is possible that one or more underwriters may make a market in the a class or series of securities, but the underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot give any assurance as to the liquidity of the trading market for any of the securities.

The following summary is qualified in its entirety by reference to the complete text of any statutes referred to below and the Certificate of Incorporation and the Bylaws of Visa Inc., a Delaware corporation (the Company). Article VIII of the Company's Certificate of Incorporation provides that the Company shall indemnify, to the fullest extent permitted by the Delaware General Corporation Law (the DGCL), as now or hereafter in effect, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit, arbitration, alternative dispute resolution mechanism, inquiry, administrative or legal hearing or proceeding, whether civil, criminal, administrative or investigative (a Proceeding) by reason of the fact that such person (or the legal representative of such person) is or was a director or officer of the Company or any predecessor of the Company, or is or was a director or officer of the Company serving at the request of the Company as a director or officer, employee, trustee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such Proceeding. In addition, Article VIII of the Company's Certificate of Incorporation provides that, to the fullest extent permitted by the DGCL, as now or hereafter in effect, expenses (including attorney's fees) incurred by a person who is or was a director or officer of the Company or a member of the Company's litigation committee in connection with any Proceeding shall be paid promptly by the Company in advance of the final disposition of such Proceeding; provided, however, that if the DGCL requires, an advance of expenses

incurred by any director or officer of the Company or a member of the Company's litigation committee in his or her capacity as such (and not in any other capacity in which service was or is rendered by the indemnitee, including, without limitation, service to an employee benefit plan) shall be made only upon receipt of an undertaking by or on behalf of such person to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified for such expenses by the Company. Moreover, the indemnification and advancement of expenses provided by or granted pursuant to Article VIII shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled, both as to action in such person's official capacity and as to action in another capacity while holding such office, it being the policy of the Company that indemnification of the persons specified above shall be made to the fullest extent permitted by law. In addition, the Company has entered into separate indemnification agreements with each of its executive

officers and directors, which require the Company, among other things, to indemnify such executive officers and directors against certain liabilities that may arise by reason of their status or service (other than liabilities arising from acts or omissions not in good faith or from willful misconduct). These indemnification provisions and the indemnification agreements between the Company and its executive officers and directors may be sufficiently broad to permit indemnification of the Company's executive officers and directors for liabilities, including reimbursement of expenses incurred, arising under the Securities Act.

Section 145 of the DGCL provides that a corporation may indemnify any persons, including officers and directors, who were, are, or are threatened to be made, parties to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was a director, officer, employee or agent of such corporation or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such director, officer, employee or agent acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe that the person's conduct was unlawful. A Delaware corporation may indemnify officers and directors in an action by or in the right of the corporation under the same conditions, except that no indemnification is permitted without judicial approval if the officer or director is adjudged to be liable to the corporation. Where an officer or director is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him against the expenses that such officer or director actually and reasonably incurred. Section 145 of the DGCL also provides that expenses (including attorneys' fees) incurred by an officer or director of the corporation in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the corporation.

The indemnification permitted under the DGCL is not exclusive, and pursuant to Section 145 of the DGCL, a corporation is empowered to purchase and maintain insurance against liabilities whether or not indemnification would be permitted by Section 145 of the DGCL. Article VIII of the Company's Certificate of Incorporation provides that, to the fullest extent permitted by the DGCL or any other applicable law, the Company may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the Company, or is or was a director, officer, employee or agent of the Company serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the Company would have the power or the obligation to indemnify such person against such liability under the provisions of Article VIII. The Company maintains standard policies of insurance under which coverage is provided, subject to the terms and conditions of such policies: (1) to the Company's directors and officers against loss arising from claims made by reason of breach of duty or other wrongful act; and (2) to the Company with respect to payments that may be made by the Company to such officers and directors pursuant to the above indemnification provisions or otherwise as a matter of law.

Section 102(b)(7) of the DGCL allows a Delaware corporation to eliminate or limit the personal liability of directors to a corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase or redemption in violation of Delaware corporate law or obtained an improper personal benefit.

Pursuant to Section 102(b)(7) of the DGCL, Article VII of the Company's Certificate of Incorporation provides that no director of the Company will have any personal liability to the Company or its stockholders for

monetary damages for any breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same exists or hereafter may be amended.

At present, there is no pending litigation or proceeding involving any of the Company's directors, officers, employees or agents in which indemnification by the Company is sought, nor is the Company aware of any threatened litigation or proceeding that may result in a claim for indemnification.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made of the securities registered hereby, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining any liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the undersigned registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in

the registration statement; and

- (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a

Table of Contents

purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining any liability of the undersigned registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for the purpose of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

- (d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act (Act) in accordance with the rules and regulations prescribed by the Commission under section 305(b)2 of the Act.
