ITEM 11. EXECUTIVE COMPENSATION
Compensation Discussion and Analysis

This Compensation Discussion and Analysis is designed to provide our stockholders with an understanding of our executive compensation philosophy, objectives, program and process, as well as the compensation paid to our named executive officers in fiscal 2015 and the changes the Compensation Committee has implemented for the year ending December 31, 2016, or fiscal 2016. For fiscal 2015, our named executive officers were:

John W. Casella, our Chief Executive Officer and Chairman of our Board;

Edmond R. Coletta, our Senior Vice President and Chief Financial Officer;

Edwin D. Johnson, our President and Chief Operating Officer;

David L. Schmitt, our Senior Vice President and General Counsel; and

Christopher B. Heald, our Vice President of Finance and Chief Accounting Officer.

Objectives and Philosophy of Our Executive Compensation Program

The Compensation Committee seeks to achieve the following broad objectives in connection with our executive compensation program:

Attract, retain and incentivize qualified and talented executives by providing compensation opportunities comparable to those offered by other companies with which we compete for business and talent;

Reward achievement of our short-term and long-term business objectives, while discouraging excessive risk-taking behavior;

Ensure that executive compensation is aligned with our corporate strategies, business objectives and the long-term interests of our stockholders; and

Closely align the long-term interests of our executives with those of our stockholders by providing equity incentives that link a portion of the executives' compensation with the future performance of our Class A common stock.

Roles of Our Compensation Committee and Compensation Committee Consultant

The Compensation Committee is responsible for overseeing our executive compensation program. In this capacity, the Compensation Committee designs, implements, reviews and approves annually all compensation for our named executive officers. In the performance of its duties, the Compensation Committee periodically reviews the total compensation, including the base salary, annual incentive compensation opportunities, long-term incentive award opportunities and other benefits for each of our named executive officers. In the first quarter of each year, the Compensation Committee meets to determine base salary increases, if any, for our named executive officers; confirm the results of our performance for purposes of the annual incentive compensation awards; approve strategic and business objectives, which include the performance measures and goals for the annual incentive compensation plan; review the annual incentive compensation targets for the current year; and approve the form, amount, dollar value and vesting criteria for equity awards.

The Compensation Committee has the authority to retain compensation consultants and other outside advisors to assist in the evaluation of executive officer compensation. During fiscal 2015, the Compensation Committee retained an independent compensation consultant, Arthur J. Gallagher & Co.'s Compensation Consulting Practice, or Gallagher Compensation Consulting. Gallagher Compensation Consulting was retained to assist the Compensation Committee with its review of the fiscal 2015 executive compensation program and recommendations for the fiscal 2016 executive compensation program and reports directly to the Compensation Committee. During fiscal 2015, Gallagher Compensation Consulting advised the Compensation Committee on a variety of subjects, including compensation plan design and trends, pay-for-performance analytics, peer group benchmarking and other related matters. During fiscal 2015, we retained Gallagher Benefit Services, Inc., a subsidiary of Arthur J. Gallagher & Co., to provide us with insurance brokerage and benefit plan advisory services. The primary representative of Gallagher Compensation Consulting that advised the Compensation Committee in fiscal 2015 did not participate in the provision of these other services performed by Gallagher Benefit Services, Inc. Management directly engaged Gallagher Benefit Services, Inc., and the Compensation Committee had no role in selecting or approving them for the services performed.

Table of Contents

In making executive compensation decisions for fiscal 2015 and fiscal 2016, the Compensation Committee analyzed a number of factors, including the compensation data provided by Gallagher Compensation Consulting from independent commercially available salary surveys published by Towers Watson and Mercer LLC and other sources, which included publicly available compensation information from our industry and other industries. Data was generally gathered from this independent market data based on the size of the organization (measured in revenue) and type of organization, and where possible, the data was targeted to our revenue level using regression analysis. The Compensation Committee also reviewed compensation programs of a peer group of publicly traded companies in the waste management industry, as provided by Gallagher Compensation Consulting. While we do not consider their compensation programs to be directly comparable to ours due to the larger size of those companies, we do review their programs to understand how relevant peers in our industry align performance-based compensation to key operating and financial metrics. This peer group, which is periodically reviewed and updated by the Compensation Committee after consultation with Gallagher Compensation Consulting, consists of Covanta Holding Corporation, Progressive Waste Solutions Ltd., Republic Services, Inc., Waste Connections, Inc. and Waste Management, Inc. The Compensation Committee also relies on various other factors, including our long-term plan, existing compensation paid to executive officers, experience level of the individual, market factors, general economic conditions, corporate performance and cost of living in the areas where our executive officers live.

Say-on-Pay Feedback from Stockholders

The Compensation Committee carefully considers feedback received from shareholders on compensation for our named executive officers. At our 2015 Annual Meeting of Stockholders, or 2015 Annual Meeting, we submitted our executive compensation program to an advisory vote of our stockholders and it received the support of 97% of the total votes cast. Annually, the Compensation Committee intends to review the results of the advisory vote and will consider this feedback as it completes its annual review of each pay element and the total compensation packages for our named executive officers with respect to the next fiscal year.

Components of our Executive Compensation Program

Fiscal 2015 Executive Compensation Program

In fiscal 2015, the primary elements of our executive compensation program were:

base salary;

annual cash incentive compensation;

discretionary bonuses;

long-term incentives; and

severance and change-of-control benefits.

Base Salary

On an annual basis, our Compensation Committee reviews and evaluates for adjustment the base salaries of our named executive officers based on the scope of each executive's responsibilities, individual contribution, prior experience and sustained performance. Base salaries are also reviewed and adjusted, as deemed appropriate, in the case of promotions or other significant changes in responsibility. No formulaic base salary increases are provided to our named executive officers, and none of our named executive officers is currently party to an employment agreement that provides for automatic or scheduled increases in base salary. In making decisions regarding salary increases, the Compensation Committee may also draw on the experiences of members of our Board with other companies and the peer group compensation data reviewed by the Compensation Committee. After taking into consideration such factors, the Compensation Committee approved a 2.0% increase the annual base salaries of our named executive officers for fiscal 2015.

Table of Contents

The following table sets forth the annual base salaries of our named executive officers for fiscal 2015 and the transition period from May 1, 2014 to December 31, 2014, or transition period 2014:

Name and Principal Position(s)	Annual Base Salary for Fiscal 2015	Annual Base Salary for Transition Period 2014
John W. Casella <i>Chairman and Chief Executive Officer</i>	\$ 459,000	\$ 450,000
Edmond R. Coletta <i>Senior Vice President and Chief Financial Officer</i>	\$ 302,650	\$ 296,715
Edwin D. Johnson <i>President and Chief Operating Officer</i>	\$ 387,600	\$ 380,000

Christopher B. Heald <i>Vice President of Finance and Chief Accounting Officer</i>	\$ 188,700	\$ 185,000

Annual Cash Incentives*Fiscal 2015 Annual Cash Incentive Compensation*

In January 2015, the Compensation Committee approved the annual incentive compensation plan for fiscal 2015, pursuant to which our named executive officers were eligible to receive incentive compensation with respect to fiscal 2015, payable in cash or equity, as determined by our Compensation Committee, based upon the improvement of EVA in fiscal 2015 compared to EVA in the twelve months ended December 31, 2014, or calendar 2014. EVA is calculated as operating income, adjusted for certain items, less a cost of capital charge, with the cost of capital charge calculated as our weighted average cost of capital applied to our consolidated net fixed assets. As defined by the plan, the Compensation Committee would allocate positive year-over-year EVA improvement to the annual incentive pool for our named executive officers as follows: 7.5% of such positive year-over-year improvement that is less than or equal to \$5.6 million if EVA increases year-over-year for fiscal 2015 as compared to calendar 2014; 15% of such incremental positive year-over-year EVA improvement that is greater than \$5.6 million but less than or equal to \$9.1 million if EVA increases over \$5.6 million year-over-year; and 30% of such incremental positive year-over-year EVA improvement that is greater than \$9.1 million if EVA increases over \$9.1 million year-over-year. If EVA decreases year-over-year, then no EVA improvement would be allocated to the annual incentive pool. If we were not in compliance with financial covenants under our senior secured asset-based revolving credit facility before or after accruing for bonus awards as determined by the fiscal 2015 bonus plan, then the Board would have the discretion to reduce the annual incentive compensation payouts to ensure compliance with such financial covenants.

Amounts payable under the annual incentive compensation plan to the named executive officers were calculated as a percentage, from zero to 100%, of a maximum bonus amount, which is based on a percentage of the applicable executive's base salary. The following table shows the fiscal 2015 maximum annual incentive bonus amount calculated as a percentage of the annual base salary for which each of Messrs. John Casella, Coletta, Johnson, Schmitt and Heald

was eligible.

Name and Principal Position(s)	Fiscal 2015 Maximum Bonus Amount Percentage	Fiscal 2015 Maximum Annual Incentive Bonus Amount
John W. Casella <i>Chairman and Chief Executive Officer</i>	120%	\$ 550,800
Edmond R. Coletta <i>Senior Vice President and Chief Financial Officer</i>	75%	\$ 226,987
Edwin D. Johnson <i>President and Chief Operating Officer</i>	85%	\$ 329,460
David L. Schmitt <i>Senior Vice President and General Counsel</i>	60%	\$ 165,702
Christopher B. Heald <i>Vice President of Finance and Chief Accounting Officer</i>	50%	\$ 94,350

Table of Contents

In March 2016, the Compensation Committee approved the payout of annual incentive compensation to our named executive officers under the fiscal 2015 incentive compensation plan based upon the achievement of increased EVA when compared to calendar 2014. The period-over-period increase in EVA for calendar 2014 to fiscal 2015 was \$9,315,247. As defined by the plan, the Compensation Committee allocated 10.8% of such positive year-over-year EVA improvement to the annual incentive bonus pool for our named executive officers. Based on such allocation, the annual cash incentive compensation awarded under the fiscal 2015 incentive compensation plan was calculated at 73.8% of the fiscal 2015 maximum annual incentive compensation amount for each named executive officer and awarded by the Compensation Committee as follows: \$406,695 for Mr. John Casella, \$167,601 for Mr. Coletta, \$243,264 for Mr. Johnson, \$122,350 for Mr. Schmitt and \$69,665 for Mr. Heald.

Discretionary Bonuses

In October 2014, the Compensation Committee approved a special bonus plan for members of our finance team, including Messrs. Coletta and Heald, relating to certain proposed financing transactions, including the refinancing of our senior secured credit facility. Pursuant to such bonus plan, Mr. Coletta was eligible to receive a bonus payment upon the closing of each of four specified financing transactions for a total bonus payout of \$202,055 and Mr. Heald was eligible to receive a bonus payment upon the closing of each of two specified financing transactions for a total bonus payout of \$85,250. Two of the transactions closed during transition period 2014, and the remaining other two transactions closed in fiscal 2015. Mr. Coletta received a bonus payout of \$202,055, of which \$44,100 was earned during transition period 2014 and \$157,955 was earned during fiscal 2015. Mr. Heald received a bonus payout of \$85,250, all of which was earned in fiscal 2015.

Long-Term Incentives

Our named executive officers are also eligible to receive equity awards under our stock incentive plans. We typically make equity awards to our officers and employees as an incentive to enhance long-term shareholder value. Equity awards are typically granted when the person is first hired, receives a promotion or other significant change in responsibility, and thereafter once annually as a part of our broader equity incentive program at a regularly scheduled Compensation Committee meeting early in the commencement of the respective fiscal year.

In fiscal 2015, we granted restricted stock units, or RSUs, each of which represents the right to receive a share of our Class A common stock, to our named executive officers that vest based on continued employment in three equal annual installments beginning on the first anniversary of the date of grant. The RSUs will vest in full upon a change of control of the Company.

Changes Implemented in 2016 to Further Align Pay with Performance

In March 2016, the Compensation Committee implemented several changes to our executive compensation program for fiscal 2016, including the adoption by the Compensation Committee of the Non-Equity Incentive Plan as described further below. As part of its comprehensive annual review process, the Compensation Committee considered feedback received from stockholders, data provided by the Compensation Committee's independent compensation consultant, and alignment of the executive compensation program to our fiscal 2016 operating plan and budget, or Fiscal 2016 Operating Plan, and our financial plan for the fiscal year ending December 31, 2018, or Fiscal 2018 Plan.

In implementing such changes to the executive compensation program for fiscal 2016, the goal of the Compensation Committee was to further align the compensation of our executive officers with stockholders' interests, to directly link compensation to the achievement of company performance goals and to appropriately balance fixed and performance-based compensation. Further, while the percentage of the total compensation of each executive officer

that is comprised of each component of our executive compensation program is not specifically fixed, the Compensation Committee has targeted total target cash compensation (base salary and annual cash incentive compensation) of our executive officers closer to the 50th percentile of the market data provided by the Compensation Committee's independent compensation consultant by increasing the total target annual cash incentive compensation for certain executive officers.

Table of Contents

While the Compensation Committee approved the majority of its planned changes to our executive compensation program in March 2016, the planned updates to long-term incentive compensation for our executive officers will only be implemented after we receive stockholder approval for our new stock incentive plan at our 2016 Annual Meeting of Stockholders. The Compensation Committee plans to shift long-term incentive compensation from the current program that only includes time-vested RSUs, to a new program that includes up to 75% in the form of performance-based stock units, or PSUs, and 25% of long-term incentive compensation in the form of time-vested RSUs. PSUs are expected to be granted to our executive officers if stockholder approval of our new stock incentive plan is obtained, and such PSUs are expected to vest based upon our achievement of Free Cash Flow and Adjusted EBITDA targets that will be established based on the Fiscal 2018 Plan. Further, we intend to use Relative Total Shareholder Returns, or RTSR, as a multiplier to scale achievement of the PSU targets based upon the relative returns of our stock performance in relation to the Russell 2000 Index.

Non-Equity Incentive Plan and Fiscal 2016 Annual Cash Incentive Compensation

The Non-Equity Incentive Plan formalizes our annual incentive compensation program for our executive officers and provides for the payment of incentive compensation to executive officers for their contributions to the Company based on achievement of pre-determined corporate performance goals. The Non-Equity Incentive Plan provides for awards payable in cash or, to the extent permissible under a shareholder-approved stock plan of the Company, stock-based awards to our executive officers. Pursuant to the terms of the Non-Equity Incentive Plan, participants are granted awards that are earned at the end of a specified performance period, subject to the achievement of performance goals established by the Compensation Committee that are based on any one or more of the performance measures set forth in the plan, subject to certain adjustments as specified by the Compensation Committee pursuant to the plan.

Annual incentive compensation for fiscal 2016 will be paid to our executive officers pursuant to the Non-Equity Incentive Plan. The Compensation Committee determined that each of the Company's executive officers will have an opportunity to earn annual incentive compensation for fiscal 2016 based on a percentage of annual base salary. In order to bring total target cash compensation (base salary and annual cash incentive compensation) of our named executive officers closer to the 50th percentile of the market data provided by the Compensation Committee's independent compensation consultant, the Compensation Committee approved increases to the target annual cash incentive compensation opportunity for our named executive officers. After giving effect to said increases, the target annual cash incentive compensation opportunity of each named executive officer, which such target amounts are based upon the following percentage of the respective officer's annual base salary, are as follows: Mr. Casella: 150%; Mr. Johnson: 85%; Mr. Coletta: 85%; Mr. Schmitt: 75%; and Mr. Heald: 50%.

The Compensation Committee established performance measures and specific performance goals pursuant to the Non-Equity Incentive Plan that are based on the Fiscal 2016 Operating Plan. Annual incentive compensation will be paid based on the degree of achievement against the specific performance goals following the end of fiscal 2016. All of our named executive officers were assigned the same performance measures and weightings in recognition of their shared responsibility for overall corporate financial performance.

The performance measures and weighting for the fiscal 2016 annual incentive compensation are as follows:

	Fiscal 2016 Performance Measures and Weightings	
	Adjusted Operating Income	Free Cash Flow
For All Executive Officers	50%	50%

The Compensation Committee evaluated key financial measures and identified Adjusted Operating Income and Free Cash Flow, both non-GAAP measures, as appropriate drivers of performance under the Non-Equity Incentive Plan for fiscal 2016. Adjusted Operating Income is calculated as earnings before interest, taxes, adjusted for gains or losses on assets sales or divestiture transactions; development project charge write-offs; legal, contract or tax settlement costs; bargain purchase gains; asset or goodwill impairment charges; environmental remediation charges; severance and reorganization costs; expenses from divestiture, acquisition and financing transactions; gains on the settlement of acquisition related contingent consideration; fiscal year-end transition costs; proxy contest costs; losses on the abandonment or the closure and discontinuation of operations, subject to certain adjustments as specified by the Compensation Committee pursuant to the Non-Equity Incentive Plan. Free Cash Flow is calculated as net cash provided by operating activities, less capital expenditures (excluding acquisition and rail infrastructure related capital expenditures), less payments on landfill operating lease contracts, plus proceeds from divestiture transactions, plus proceeds from the sale of property and equipment, plus proceeds from property insurance settlement, less contributions from (distributions to) noncontrolling interest holders, subject to certain adjustments as specified by the Compensation Committee pursuant to the Non-Equity Incentive Plan.

Table of Contents

Each performance goal has a performance range built around it, with a commensurate increase or decrease in the associated annual incentive compensation opportunity. The range of performance goals and associated incentive compensation opportunities under the Non-Equity Incentive Plan for fiscal 2016 is expressed in the form of minimum, threshold, target and maximum achievement levels. For fiscal 2016, subject to Free Cash Flow exceeding a certain threshold amount, if the minimum achievement level of a performance measure is not met, no incentive compensation payment will be paid to an executive officer with respect to such performance measure component; if the threshold achievement level is met for a performance measure, 50% of the executive officer's target incentive compensation amount will be multiplied against the 50% weighting of such performance measure component; if the target achievement level is met for a performance measure, 100% of the executive officer's target incentive compensation amount will be multiplied against the 50% weighting of such performance measure component; and if the maximum achievement level is met for a performance measure, 200% of the executive officer's target incentive compensation amount will be multiplied against the 50% weighting of such performance measure component. Between each of the achievement levels, results will be interpolated within each achievement level to calculate specific annual incentive compensation award percentages.

If Free Cash Flow for fiscal 2016 does not exceed a certain threshold amount, no annual incentive compensation will be paid to the executive officers under the Non-Equity Incentive Plan for fiscal 2016 even if achievement of the Adjusted Operating Income performance goal would have resulted in payment of the annual incentive compensation.

Benefits and Other Compensation

We maintain broad based benefits that are provided to all employees, including health and dental insurance, life and disability insurance and a 401(k) plan. Our executive officers are eligible to participate in all of our employee benefit plans, in each case, on the same basis as other employees.

Severance and Change-of-Control Benefits

Pursuant to employment agreements we have entered into with our named executive officers, each such named executive officer is entitled to specified benefits in the event of the termination of his employment under specified circumstances, including termination following a change of control of the Company. We have provided more detailed information about these benefits, along with estimates of their value under various circumstances, under the caption *Potential Payments Upon Termination or Change of Control* below.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, generally disallows a tax deduction for compensation in excess of \$1.0 million paid to a company's chief executive officer and its three other officers (other than the chief financial officer) whose compensation is required to be reported to our stockholders pursuant to the Exchange Act by reason of being among our most highly paid executive officers. Certain compensation, including qualified performance based compensation, is not subject to the deduction limitation if certain requirements are met. The Compensation Committee reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be in excess of the limit when it believes such payments are appropriate and in the best interests of our stockholders, after taking into consideration changing business conditions and the performance of our employees.

Each of Messrs. John Casella's and Johnson's employment agreement has an initial term of three years and is automatically renewable for additional one-year terms thereafter unless terminated by either party pursuant to the terms of the agreement. Each of Messrs. Coletta's, Schmitt's and Heald's employment agreement has an initial term of one year and is automatically renewable for additional one-year terms thereafter unless terminated by either party pursuant to the terms of the agreement. For purposes of each agreement discussed above, *cause* means the discharge of the employee resulting from (a) a conviction of a crime involving us; (b) an act or omission which has a material adverse effect on us; (c) fraud, misappropriation or embezzlement; or (d) the breach in any material respect of the material terms and provisions of the agreement.

The severance benefits described above were extended to Messrs. John Casella, Coletta and Heald as an inducement to their decisions to continue to remain employed by us and, in the case of Messrs. Johnson and Schmitt, as an inducement to accept employment with us. At the time each of such agreements was entered into, our Board considered a number of factors, including severance arrangements offered by comparable companies, the importance of the respective employee to our ongoing success and the benefits of receiving a non-competition and non-solicitation covenant from the respective employee in exchange for the agreed severance. The Compensation Committee considers the severance benefits to be separate from the compensation payable to employees for their ongoing services and accordingly does not consider the value of the severance package when setting current compensation.

Equity Award Agreements

Under the terms of each named executive officer's restricted stock unit agreements (other than Mr. Heald's restricted stock unit agreements for RSUs granted to him prior to 2016), if the named executive officer's employment is terminated as a result of a change in control (as defined in the applicable restricted stock unit agreement), the officer's

death or disability, or by the Company without cause, then all unvested RSUs will vest immediately.

Summary of Potential Payments Upon Termination or Change of Control as of December 31, 2015

The following table quantifies the amounts that would be payable to our named executive officers upon termination of their employment under the circumstances described above under Employment Agreements and a change of control of the Company. We calculated the amounts shown based upon each such named executive officer's employment agreement, if applicable, described above and upon the hypothetical assumption that we terminated each named executive officer effective December 31, 2015. Mr. Heald was not party to an employment agreement in 2015 and entered into his employment agreement on March 1, 2016.

Director Compensation

We compensate our directors who are not our employees or employees of our subsidiaries. Accordingly, Mr. John Casella, who serves as our Chief Executive Officer, and Mr. Douglas Casella, who serves as President of Casella Waste Management, Inc., our wholly-owned subsidiary, do not receive any additional compensation for their service as directors.

The Compensation Committee periodically reviews the compensation of our non-employee directors. We seek to attract exceptional talent to our Board and therefore, our policy is to compensate our directors competitively relative to comparable companies. Our Board believes that it is appropriate for the chairs and members of the committees of our Board to receive additional compensation for their services in those positions.

Table of Contents**Cash Compensation**

Each incumbent non-employee director, other than non-employee directors who were initially elected to our Board at any time after the prior year's annual meeting of stockholders, receives at each annual meeting of stockholders an additional grant of shares of restricted Class A common stock having a value on the date of grant of approximately \$50,000, which vests in three equal annual installments beginning on the first anniversary of the date of grant. Our Board adopted stock ownership guidelines for its non-employee directors that require each non-employee director to attain a share ownership level of our Class A common stock equal to \$100,000. Each non-employee director is required to attain such ownership levels by the third annual meeting of stockholders following the first annual meeting of stockholders at which such non-employee director is elected to our Board.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.

Certain Relationships and Related Person Transactions

We have adopted a written policy and have established procedures regarding approval of transactions between us and any employee, officer, director and other related persons, including those required to be reported under Item 404 of Regulation S-K. The policy requires that all related person transactions are reviewed by the Audit Committee and approved by our Board.

With respect to bidding projects in excess of \$500,000 in which a related person, including Casella Construction, Inc. is a bidder, the Audit Committee has established a specific procedure. This procedure requires us to solicit a minimum of three qualified bids. The bid package is required to be sufficiently detailed to allow for direct comparisons of costs between responsive bidders. Bids for work on which Casella Construction, Inc. or any other related person is bidding are required to be directed to a third party engineer for opening, compilation and tabulation. The bids are then evaluated by the project team based on price, performance references, qualifications, experience, alternate bid items, proposed schedule, subcontractors qualifications/references, technical compliance and other bid information that is in the best interest of the project. In the event that a construction contract is successfully bid by a related person, bids and recommendations are required to be submitted to our Chief Financial Officer and our President and Chief Operating Officer for submission to the Audit Committee for review and to our Board for approval. With respect to sole source bids (i.e. those less than \$500,000), the Audit Committee is required to be provided with documentation describing the reason for the work, a comparison of market or historical prices to the bid price, and approval by our Chief Financial Officer or our President and Chief Operating Officer. Change orders relating to contracts with related parties are required to be forwarded to our Chief Financial Officer for submission to the Audit Committee for review and to our Board for approval before the change order is approved; provided that change orders to existing contracts with related parties may be approved by our Chief Financial Officer and our President and Chief Operating Officer (executive officers who are not affiliated with the related parties), as long as the total value of such change orders does not exceed 10% of the value of the contract, up to a maximum of \$500,000, and subject to ratification of the change order by our Board. Transactions not exceeding \$75,000 individually or \$300,000 in the aggregate in any fiscal year may, for administrative purposes, be approved by our President and Chief Operating Officer or our Chief Financial Officer, subject to ratification and approval by the Audit Committee and our Board.

The loan and security agreement for our senior secured asset-based revolving credit facility provides that, subject to certain exceptions, we may not enter into any transaction with any affiliate of ours, whether or not in the ordinary course of business, unless our Board determines in good faith that such transaction is on fair and reasonable terms substantially as favorable as would be obtainable by us at the time in a comparable arm's length transaction.

With respect to related person transactions involving aggregate consideration in excess of \$10.0 million, or in excess of \$5.0 million if such transaction is not approved by a majority of disinterested directors, subject to certain exceptions, we are required by the terms of our debt instruments to obtain an opinion as to the fairness of such transactions from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing.

Our related person transaction policy also provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.

We engage Casella Construction, Inc., a company owned by John W. Casella, our Chief Executive Officer and the Chairman of our Board, and Douglas R. Casella, the Vice Chairman of our Board, to provide construction services for us, including construction, closure and capping activities at our landfills. Total purchased services from Casella

Construction, Inc. charged to operations or capitalized to landfills for fiscal 2015 was \$1,340,629, of which \$27,625 was outstanding and included in either accounts payable or other current liabilities at December 31, 2015. In addition, we have approved ongoing contracts with Casella Construction, Inc., which we expect will result in additional payments by us to Casella Construction, Inc. In 2015, Casella Construction, Inc. contributed \$350,000 in cash and \$390,000 in non-compensable services for work performed at our Southbridge landfill to assist in the remediation of the site as a part of our settlement with the Massachusetts Office of the Attorney General.

We are also party to two real estate leases with Casella Associates, LLP, a Vermont limited liability company owned by Messrs. John Casella and Douglas Casella. These leases relate to our corporate headquarters in Rutland, Vermont and our Montpelier, Vermont facility, and provide for aggregate monthly payments by us of \$27,375, subject to an annual escalation provision based on increases in the consumer price index, through their expiration in April 2018. These leases include a five year lessee renewal option with terms consistent with the current leases.

From 1977 to 1992, we operated an unlined landfill located in Whitehall, New York owned by Bola, Inc., a corporation owned by Messrs. John Casella and Douglas Casella, which operated as a single-purpose real estate holding company. We paid the cost of closing this landfill in 1992, and have agreed to pay all post-closure obligations. In fiscal 2015, we paid an aggregate of \$9,230 pursuant to this arrangement. As of December 31, 2015, we had accrued \$74,615 for costs related to those post-closure obligations.

Table of Contents

In fiscal 2015, we granted Mr. Douglas Casella a restricted stock unit award with a grant date fair value of \$120,618 and paid \$6,965 for life insurance premiums in connection with Mr. Douglas Casella's service as President of Casella Waste Management, Inc., our wholly-owned subsidiary.

Michael Casella, the son of Mr. John Casella, is employed by the Company as a general manager. From January 1, 2015 through December 31, 2015, Mr. Michael Casella earned \$132,070 as salary, bonus, and other benefits related to his employment and received a restricted stock unit award with a grant date fair value of \$8,001.

Elizabeth Casella, the daughter of Mr. John Casella, is employed by the Company as Director, Solutions Development & Coordination. From January 1, 2015 through December 31, 2015, Ms. Casella earned \$115,557 as salary, bonus, grant date fair value of restricted stock units and other benefits related to her employment and received a restricted stock unit award with a grant date fair value of \$5,998.

We have entered into employment agreements with certain of our officers. See Item 11. Executive Compensation Potential Payments Upon Termination or Change of Control Employment Agreements.

Board Determination of Independence

Our Second Amended and Restated Certificate of Incorporation and our By-Laws provide for the classification of our Board into three classes, each having as nearly an equal number of directors as possible. The terms of service of the three classes are staggered so that the term of one class expires each year. At each annual meeting of stockholders, directors are elected for a full term of three years to continue or succeed those directors whose terms are expiring.

Our Board currently consists of nine directors. Class I consists of James F. Callahan, Jr., Douglas R. Casella and Michael K. Burke, each with a term ending at the 2016 Annual Meeting of Stockholders. Class II consists of Gregory B. Peters, Joseph G. Doody and Emily Nagle Green, each with a term ending at the 2017 Annual Meeting of Stockholders. Class III consists of John W. Casella, William P. Hulligan and James E. O'Connor, each with a term ending at the 2018 Annual Meeting of Stockholders.

Under the applicable rules of the NASDAQ Stock Market, a director will only qualify as an independent director if, in the opinion of our Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board determined that none of Ms. Nagle Green or Messrs. Burke, Callahan, Doody, Hulligan, O'Connor and Peters has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 5605(a)(2) of the NASDAQ Marketplace Rules. The Board also determined that Mr. Chapple, a former director, was an independent director prior to his retirement from our Board on July 7, 2015 and that Mr. McManus, a former director, was an independent director prior to his retirement from our Board on August 31, 2015.

Our Board has established three standing committees Audit, Compensation and Nominations and Governance each of which operates under a charter that was approved by our Board.

Table of Contents

Our Board determined that all of the members of each of its three committees are independent as defined under the rules of NASDAQ, including, in the case of all members of the Audit Committee, the independence requirements under Rule 10A-3 under the Exchange Act, and, in the case of all members of the Compensation Committee, the independence requirements under Rule 10C-1 under the Exchange Act. Our current non-employee directors serve on the committees of our Board as follows:

This policy generally provides that we will not engage an independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee.

The Audit Committee pre-approved 100% of the audit and non-audit services performed by our independent auditors in fiscal 2015, transition period 2014 and fiscal 2014. No services were approved pursuant to the de minimis exception to the Audit Committee pre-approval requirements.
